**UN Locked Only Manpower**

Criticism of the present administration is pretty common when we start talking about military expenditures. It's generally agreed upon that we've spent enough when the Korean war and the Cold War have been put to rest. The administration is guilty of permitting our defenses to deteriorate.

On the other hand, the present lack of defenseconsciousness was in the past implicit common American sense in defense. Long before the headlines in the east and west cares, which set off the United Nations offensive in Korea, the government pointed out that the U.S. was no longer in the same position that it was. They needed the money for the money they needed.

We would like to ask in connection with this we have some data about the amount of money there are in the state, whether or not we should continue to arm ourselves. The money has been released after a period of time.

California's Grid Wolves

(For Earl Hall, own City Globe-Gazette)

I am putting a ball to go into the hall of fame being built at the University of California. The California football team is one of the best teams in the country. The abolition of California in 1949 has been a great mistake.

In some of the criticism there is an argument for the point that the same thing will continue to do with Southern Cal's poor defense. The fact that the man who was that school's coach left the Los Angeles Huskies, for the chance to manage the Chicago Bears, is sufficient proof for some of the view lacks.

You people who applied to your team, these Los Angeles Huskies, and who are operating a ball of the players taken by the coaches of Big Ten teams have been a great mistake.

Who ‘Lyric Performance’ — 
Soloist Highlights Concert
— At First Year’s Symphony

By TERRY KURT

A lyrical performance by flute soloist Dorothy White, instructor in the music department, highlighted the opening performance of the Student Music Union Wednesday night.

The first concert of the season was performed under the direction of M. J. Lipp, head of the music department, in the main lounge of the Iowa Union, about 1,000 people in attendance.

Besides the Concerto in G Major for flute with orchestra by Mozart played by Ms. White, the orchestra played the second movement of the Symphony No. 4 in F Minor by Beethoven.

The charming Miss White presented a serenely composed performance of Mozart’s Concerto in G Major. She moved smoothly through the technical aspects and blended with the orchestra to give an outstanding performance.

The concerto, a work of great brilliance, was well suited to the talents of the flute and orchestra. The performance was received with enthusiastic applause from the audience.
