**Professor's Daughter --**

**20-Year-Old Broadway Dancer 'Loves' Stage**

Being a dancer is a Broadway show doesn't mean a life-time for such life --- especially if it's a television show like "Town." Of course, Miss Thornton's mother, Ethyl, of 410 State, was overjoyed when Ethyl phoned to tell her she was accepted to share the stage in the musical show of the same name.

At least that is what Nanna Thornton was made to know, also daughers in "Gentlemen Prefer Blondes," Burt Lancaster's "Raintown." To say nothing of six years in the role of "Duchess." The television show goes on from 9 to 10 p.m. on Monday, Tuesday and Thursday nights from 9 to 10 p.m. on Monday, Tuesday and Thursday nights. Miss Thornton's role is one of the most significant in the show.

In addition, Miss Thornton goes on to school. She takes ballet lessons from the famed studio of Wanda Ghez, at 701 E. Liberty, Monday, Tuesday and Thursday nights.

"It's a crazy life --- but I love it," said Miss Thornton. Yes, there is just one thing that makes you wonder was the sight of the girl getting into the car and saying, "She's off for the evening, Ethyl."

Miss Thornton graduates from Vandercook College high school in 1950. She is at present studying at the University of Iowa. After her graduation she plans to major in dance at the University of California. She says "It's nice to be able to make a living at what you love to do.""Of course, the show is a replacement for Dr. Thornton's mother, Ethyl, daughter of the show. UN Leaders Discuss Peace
West Stirs to Avoid War

by J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

While delegates to the United Nations discuss various suggestions for peace, the far-eastern conflict is widening and there is danger of a number of wars.

The replies at Lake Success to Russia's latest recorded proposal emphasize the continuing belief that, except for diplomacy, nothing should be done to bring about peace.

The growing tension in the Far East, it is thought, is also increasing the likelihood of international war in that area.

The news from Lake Success, as reported by Associated Press, is as follows:

Once Were Ph.D. Candidate

Former SUI Woman Pickets Grocery Here

People often think strikers and pickets are big, brassy men. But Iowa City has an exception to that popular idea.

She is Betty Lea, a woman who once studied for a Ph.D. degree in child psychiatry at SUI. She is one of the pickets for the Assembled Meatcutters and Butchers local union of the United Food and Commercial Workers Union.

The job is not easy. The meat cutters have an 8 to 10 hour day, and many times work 7 days a week.

Mrs. Lea is employed by the meat cutters and works a 6 to 10 hour day. "It's not easy, but I enjoy it," she said.

The debating team couldn't make much use of this non-descriptive baby...but one look at his 'literary' expression revealed that tests don't include him. 'Specially tricky ciggerets, too! As a smoker, you probably know, too, that one puff or one sniff—no matter onethink comparison can't prove very much about a ciggeret! Why not make the useful test—the 30-Day Camel Mildness Test? You judge Camel mildness and favor in your own "T-zone" (T for Throat, T for Taste)...for 30 days. You test Camels as a steady smoke and you'll see why...
