The Weather

Mostly cloudy and somewhat warmer today. Cloudy Friday. High today, 28; low, 23. High Wednesday, 22; low, 8.

Army Says Attacking Chinese Used Type of Gas Grenades

HUNGNAM BEACHHEAD, KOREA (VIA COURIER) (Dec. 17) - The Chinese Communists used a type of gas grenade against the Puerto Rican 65th regiment during probing attacks north of Hungnam while the 65th was guarding the withdrawal route, Third division intelligence sources said today.

From the Wire Services TOKYO (THURSDAY)—White-robed North Korean snow fighters probed the U.S. ring of steel and gunfire around Hungnam, but the Red troops, at the point of greatest menace to the UN beachhead, were forced to retreat Wednesday.

Devastating around-the-clock firepower - planes, warships, artillery - not only protected the Allies' last toehold in north-east Korea but even improved it on the critical east flank.

The censorship and the long delays in the transmission of dispatches from Hungnam over the strained communications lines cloaked full developments in the Allied beachhead.

As of the early morning hours today, the latest news dispatches from the beachhead were filed 18 hours earlier.

A field dispatch said North Korean Reds on the east flank had to withdraw to ridges well back from the American positions.

"Our artillery and air chewed up at least one and possibly two North Korean battalions," said an American regimental intelligence officer.

UN tanks and self-propelled guns joined in the ground defense, adding to the hail of steel against the Reds.

In western Korea, there was only "light and scattered contact yesterday along the UN defense line" north of Seoul, a U.S. Eighth army briefing officer said today.

Ohio Congressman Indicted for Taking Illegal Contributions

WASHINGTON (AP) - An Ohio dentist who served in the infantry during World War II and is now a congressman was indicted Wednesday on a charge of illegally taking political contributions from two former employees, one of them a 75-year-old widow.

He is Rep. Walter E. Brehm, 58-year-old Republican, who was elected last November 7 to his fifth consecutive term in the house.

The seven - count indictment returned by a federal grand jury here accused Brehm of illegally taking \$1,380 in political contributions from two women clerks in his office during 1947 and 1948.

Returning of the indictment does not affect Brehm's tenure in congress; only house action could oust him.

Through his office here, the congressman issued this statement on learning of his indictment: "Now maybe we can get the facts on the records. This is the only way I know to clear the good name of all concerned. I have never at any time or any place or under any circumstances committed a criminal act."

Brehm was indicted under a law which bars any member of congress from soliciting or receiving a political contribution from any federal employee.

The law provides for a maximum penalty on each count, upon conviction, of three years in prison, a \$5,000 fine, or both. The maximum is seldom imposed, however.

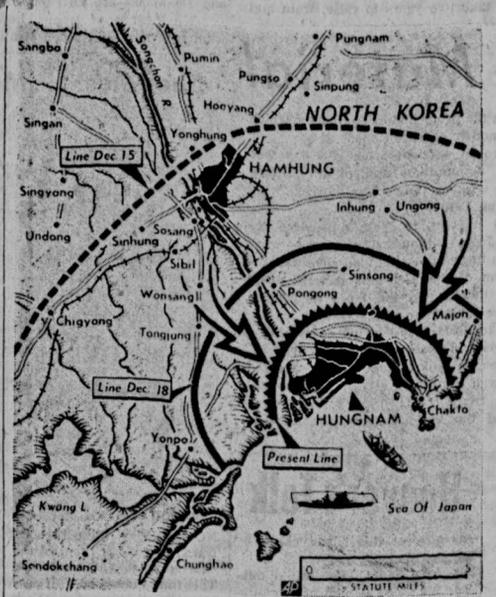

Hoover said the prime responsibility for defending western continental Europe rested upon the nations of Europe.

The UN has been defeated in Korea, he said, by the aggression of Communist China, and there are no world forces adequate to repel the Chinese.

Hoover's pronouncement came only a day after President Truman pledged more American troops would be sent to Europe to aid the West European defense set-up headed by American Gen. Dwight D. Eisenhower.

Members of congress split sharply on Mr. Hoover's speech. For example, Sen. Robert E. Taft (R-Ohio) said he agreed with "many of the general principles" Hoover stated, while Sen. Herbert Lehman (D-NY) objected that the speech was "a plea for a return to complete isolationism."

There was no immediate comment from the White House or other administration officials.

Beachhead Becomes Precarious Toehold

SHRINKING HUNGNAM BEACHHEAD has now decreased in size until naval units pour their fire into Communist lines only a few hundred yards from the beach. Ferocious assaults by Chinese and North Koreans against the tiny area have been met with stiff resistance from Allied ground troops and by machine gun and rocket fire from naval planes. The sawtooth line indicates most recently reported Allied defense perimeter.

Pay Raise Authorized For Employees of City

City employees in Iowa City received a Christmas present Wednesday night.

The city council, on unanimous approval of the four members present, granted a \$10 a month wage increase to its 80 salaried workers and a 5 cent an hour raise to its 15 day laborers.

The pay increases will become effective Jan. 1, 1951.

At the same time, the council voted a \$10 a month salary increase to the mayor, city treasurer and police judge.

These pay boosts become effective April 1, 1951, since salaries of elected officials cannot be increased during a term of office.

The three wage boosts, granted because of the increased cost of living, will cost the city about \$12,000, depending on the number of part-time workers hired.

Day laborers more than a month ago petitioned the council for a general pay increase of 25 cents an hour.

At the same time, the police and fire departments asked a 15 to 25 percent raise, according to the ranks of their men.

In presenting the resolution Wednesday night, Alderman C. F. Mighell, chairman of the finance committee, pointed out that the wage scale for city employees in Iowa City is lower than in many Iowa cities of comparable size.

According to Mighell, since the end of World War II, Iowa City has voted pay increases about twice a year. The last raise, July 1 totaled about \$11,000.

The committee has sent a request to the Red Chinese government in Peiping for a talk on cease-fire conditions. No reply has been received.

It was expected here that the cease-fire group would give the Chinese Communists a chance to reply over the holidays and then, if nothing is heard, the committee would go to the 60-member group representing the UN and admit failure.

Local 838 of the United Auto Workers (CIO) ratified the contract although the local expressed some dissatisfaction with terms of the contract.

Carl Dahl, president of the local, said members objected to the terms because it did not provide "security for piece workers." He said about 75 percent of the employees of the Waterloo plant are piece work employees.

The contract does provide one of the best pension systems of any union contract in the country, Dahl said.

TOKYO (THURSDAY) - Communist shock troops captured a vital height commanding the heart of the Hungnam beachhead and held it for one tense hour until counter-attacking Americans retook it, Korean front dispatches disclosed today.

The beachhead into which the U.S. 10th corps was driven by the Chinese Communists has been compressed into an area less than five miles across, reports from Hungnam revealed.

"The nearest this beachhead has come to real trouble" and the size to which it had shrunk by Wednesday evening were reported by United Press Correspondent Jack Burby. His dispatches, at least one of them only a fragment, were many hours in transmission on the overtaxed com-

Acheson Due Home Today to Report on West's New Army

From the Wire Services WASHINGTON - Secretary of State Dean Acheson flew home-ward from Brussels last night to report to President Truman and congress on the agreement of the Atlantic powers to create a million-man international army by 1954 for defense of Western Europe.

Mr. Truman had hoped to go to the airport to greet Acheson as a further demonstration of his support for the secretary of state, who has been under GOP fire.

But bad weather delayed Acheson's plane.

Agreement Completed The international army agreement was completed Tuesday at Brussels by the Atlantic Treaty nations. Gen. Dwight D. Eisenhower has been named supreme commander and will begin his duties early next year.

Acheson was expected to report fully to Mr. Truman at the earliest possible moment. Administration officials said that he undoubtedly would also go before a closed-door session of senate and house foreign affairs committees.

Meanwhile, leaders of the Western Union nations - Britain, France, Belgium, The Netherlands and Luxembourg - met to approve the merger of their military headquarters at Fontainebleau, France.

Eisenhower Has Faith In Denver, where he and his wife were visiting relatives, Eisenhower decried partisan criticism of the administration's handling of the international situation, but said he had faith in the Americans' ability to meet that situation.

He added that there was greater unity than existed in the U.S. prior to World War II.

UN Cease-Fire Group Not Expected to Stop Korean War

LAKE SUCCESS (AP) - Unless the Chinese Communists have an unexpected change of heart, the UN cease-fire committee is expected to report after the New Year holiday that it cannot arrange to stop the fighting in Korea.

This forecast on the committee's final report was made in UN assembly circles as the three-man committee sat back to wait for Peiping to show some reaction to its efforts.

The committee was set up by the general assembly with instructions to see if there is any basis on which a cease-fire in Korea can be worked out.

The committee has sent a request to the Red Chinese government in Peiping for a talk on cease-fire conditions. No reply has been received.

It was expected here that the cease-fire group would give the Chinese Communists a chance to reply over the holidays and then, if nothing is heard, the committee would go to the 60-member group representing the UN and admit failure.

WASHINGTON - Secretary of State Dean Acheson expected home early today. Congress rushes action on a \$20-billion defense bill, but balks at reviving President's sweeping World War II powers.

UNITED NATIONS - UN cease-fire committee sends second cable to Peiping, seeking to assure Chinese Communists they are wrong in viewing UN's peace move as trick.

MOSCOW - No word except that Prime Minister Stalin will celebrate 71st birthday today.

VERSATILE BOOTLEGGERS ATLANTA (AP) - Internal revenue agents caught Georgia moonshiners peddling their product during November from 45 autos, four trucks, a tractor, a saddle horse and a bicycle.

NBC Planning Contract With Margaret Truman NEW YORK (AP) - The National Broadcasting company said Wednesday it is negotiating a long-term exclusive contract with Margaret Truman.

NBC Vice - President Charles Barry said the contract would cover radio and television appearances but details of the appearances and figures had not been decided upon.

Yanks Rally North Korean forces knocked the U.S. Third division defenders off a hill overlooking the Hungnam harbor early Tuesday, Burby reported. The Yanks rallied, recaptured the height and saved a menacing situation, he added.

A section of another dispatch from Burby, the beginning of which had not been transmitted, told of the enemy planting a machine gun on a ridge line "which would give the enemy a clean sweep of the American nerve center." The height apparently was the same in both cases.

Capt. Corbin Davis of Plattsmouth, Neb., pointed to the ridge line on a map, Burby reported, and said: "They got up there right be-

Congress Rushes Defense Bill, Balks At Giving War Powers

They Meet to Iron Out a Knotty Problem

ATTEMPTING TO SOLVE auto industry wage problems, representatives of the CIO Auto Workers union, the manufacturers "big three," and the government met Wednesday in Washington. Their purpose was to discuss wage stabilization problems in the auto industry. Left to right: (seated) J. Ward Keener, Chairman Cyrus Ching and Elmer Walker of the federal wage stabilization board; (standing) John Livingston and Emil Mazy of the auto workers, John Bugas of Ford, Harry Anderson of GM and Robert Conder of Chrysler.

World Situation at a Glance

BRUSSELS, BELGIUM - U.S. Secretary of State Dean Acheson says Atlantic Pact decision to build 1-million man army is "peace plan" to save Europe from communism.

KOREAN FRONT - American troops hold off North Korean and Chinese Communist attacks with tanks and self-propelled guns on shrinking Hungnam beachhead. Fighting flares-up along western front where South Korean, American and other UN infantrymen have been waiting south of 38th parallel.

TOKYO - MacArthur's headquarters orders all Korean military dispatches submitted for official clearance before being sent to newspapers abroad.

FRANKFURT, GERMANY - West Germans indicate they are against service in Gen. Dwight D. Eisenhower's new European army unless the North Atlantic Pact Allies grant them full equality.

WASHINGTON - Secretary of State Dean Acheson expected home early today. Congress rushes action on a \$20-billion defense bill, but balks at reviving President's sweeping World War II powers.

UNITED NATIONS - UN cease-fire committee sends second cable to Peiping, seeking to assure Chinese Communists they are wrong in viewing UN's peace move as trick.

Price Raise Notices Asked by Government

WASHINGTON (AP) - The government asked 250 large companies outside the auto industry Wednesday night to give it at least seven days' advance notice before raising prices on any major products.

Ft. Madison Fire Destroys Building

FT. MADISON - A \$120,000 fire in a three-story downtown building was brought under control here Wednesday evening about three hours after it started with an explosion in the basement.

William Carr and Henry Weiler were burned in the fire, but hospital attendants said their conditions were not serious. The men, gas company employees, were working on a furnace in the basement when an explosion blew out the front of the building.

The building, owned by Joseph Jones, housed the Ed Cantril hardware and Fred Ervin appliance store, and an apartment hotel.

The next-door Graham Department store was threatened for a time, but was damaged only by smoke and water. Firemen from Burlington and the nearby Iowa Ordnance plant helped fight the flames.

WASHINGTON - Secretary of State Dean Acheson expected home early today. Congress rushes action on a \$20-billion defense bill, but balks at reviving President's sweeping World War II powers.

UNITED NATIONS - UN cease-fire committee sends second cable to Peiping, seeking to assure Chinese Communists they are wrong in viewing UN's peace move as trick.

Continue Efforts to Settle Rail Dispute

WASHINGTON - Government mediators put on last minute pressure for a settlement of the rail dispute Wednesday night amid reports that negotiations will be adjourned for the holidays if no agreement is reached by tonight.

Negotiators indicated the end was in sight, perhaps tonight or early tomorrow morning.

Representatives of the carriers and four operating railroad brotherhoods went back into session with presidential assistant John R. Steelman and the three-member national mediation board Wednesday night. They already had conferred a total of nine hours.

A union spokesman said they planned to stay "till daybreak" if necessary to crack the lengthy deadlock.

ALASKAN BLACKOUT ANCHORAGE, ALASKA - Alaskan coastal military bases took on a wartime look Wednesday night as "practice blackouts" were ordered, but military officials said it was only part of "precautionary maneuvers."

WASHINGTON (AP) - The census bureau announced Wednesday there are now 477 U.S. cities with populations above 25,000, compared with the 412 total 10 years ago.

The midwest leads the four major regions with 152 cities in this class, the 1950 census showed. The northwest has 137, the south 124 and the west 64.

The 477 cities had a combined population of 61,425,669 on April 1, when the U.S. population totaled 150,897,391.

40.6% of Population In 477 U.S. Cities

Groza Has Shoe Problem

THE LATEST SHOE FASHIONS are bothering Lou (The Top) Groza, tackle and star placekicker for the Cleveland Browns. Groza's trusty toe figures to help decide this Sunday's National Professional football championship. If the turf is frozen in Cleveland an ordinary football shoe will be too slippery. So Groza will wear a special shoe on his kicking foot and a tennis shoe.

Hawks Gear for UCLA Speed; Put 48 Game Mark on Line

Shooting and defensive work are dominating the practice sessions of Iowa's basketball squad this week as the Hawks get ready for the invasion of speedy UCLA Saturday night.

The UCLA contest will be the fifth non-conference game of the season for the Hawkeyes and they will be seeking to go one up on their current 2-2 record. It'll be another stiff test for that 48 game win streak against non-conference foes on the field-house court.

That string goes back over eight seasons, but the fast-breaking Bruins could put plenty of pressure on it. Notre Dame strained it almost to the breaking point Monday before falling to Iowa, 63-60.

Iowa Coach Rollie Williams is searching for that scoring punch from around the free throw circle. Getting the heavy work along these lines are Herb Thompson, Bob Clifton, Fred Ruck, Skip Greene, Wayne Ryan, Lee Eskilson, Ev Cochrane and Whitey Diehl.

The Uclans have speed and scoring punch. They gave Bradley all they wanted Tuesday night before bowing 79-74. Bradley is at present ranked as the second best team in the nation. Going into the Bradley game, UCLA was ranked ninth.

The Hawks gathered some information on UCLA from Assistant Coach Bucky O'Connor who scouted the Bradley-Bruin game Tuesday. Stars of the West Coast club are Eddie Sheldrake, 5-foot, 9-inch speedster and Dan Ridgeway, an aggressive guard.

Ridgeway worried Bradley 21 points worth Tuesday night. Sheldrake is one of the sharpest cutting forwards in the nation with a tricky over-the-head shot.

Statistics for four games show the Hawks are still behind opponents in shooting percentages, Iowa is shooting at a .268 clip while their foes have averaged .334.

Iowa center Chuck Darling leads the scorers with a 21.5 average and a shot percentage of .371. Frank Calsbeek is next with 26 and Thompson is third with 33.

The scoring:
 Chuck Darling 30 14 35
 Frank Calsbeek 11 14 36
 Herb Thompson 14 5 33
 Bob Clifton 9 11 29
 Skip Greene 7 5 22
 Wayne Ryan 4 1 9
 Ev Cochrane 3 0 6
 Fred Ruck 2 1 3

Cravath Out As USC Coach

By BOB MYERS
 LOS ANGELES (AP) — The nine-year-old coaching regime of Jeff Cravath sank at the University of Southern California Wednesday, torpedoed by powerful "win or else" alumni sharpshooters.

Cravath abandoned the stricken ship, effective Jan. 1, climaxing an anti-Cravath, old grad offensive that mounted with intensity as the Trojan grid fortunes wallowed and pitched during the past season.

Cravath, senior coach in point of service in the Pacific Coast conference, stepped down with nothing but good words for the university, athletic officials and his players.

As salvage, he will be paid an estimated \$30,000 which the wealthy alumni agreed to dig up to buy off the two years remaining on his contract.

Cravath, 47, made no direct mention of the pressure brought against him by the alumni, but it is no secret that a series of secret sessions ended with Tuesday night in which it was agreed to demand the coach's resignation and buy up his contract.

Athletic Director Willis Hunter, obviously surprised at the swiftness of the final oust-the-coach crusade, said no thought was being given to a successor.

Cravath took over at USC in 1942. He guided USC to four Pacific Coast conference championships and into four Rose Bowl games. He won the first two but lost the last pair, to Alabama and Michigan.

All-Star Strategy Underway

PUTTING THEIR HEADS together during Wednesday's drill were the "brains" of the West football squad. In the center Head Coach Marche Schwartz of Stanford speaks to his two quarterbacks, Fran Nagle (left) of Nebraska and Bill Weeks of Iowa State. The West All-Stars meet the East team in the annual Shrine charity game Dec. 30.

East-West Grid Players Visit Shriners Hospital

SAN FRANCISCO — Big Bill Trautwein stands six feet, four inches and weighs 237 pounds. He was a bruising tackle on the Ohio State football team this season, a team man who'd throw a block on a truck if it meant stopping a play.

You should have seen big Bill Wednesday as he sat on the edge of little Frankie's bed, later arms. At first he gulped, something caught in his throat, then a smile came over his face, as he carried his tiny charge around for all to see.

In another room, little Edith looked wistfully at Bruce Van Alstyne, the fine Stanford end, who knelt before her bed while Fran Nagle, Nebraska quarterback, looked on.

These and similarly touching scenes took place Wednesday at the Shriners Crippled Children's hospital. Two busloads of stalwart football players, big hety fellows who made college gridirons ring with their feats this year, drove up to the hospital.

They are the stars who will battle it out here Dec. 30 in the 26th annual East-West charity game. Just why they have been invited to display their talents was driven home in force for the first time. Their efforts, individually and collectively, will contribute another \$100,000 or more, toward the great cause of making crippled children happy and possibly whole again.

This yearly visit of the stars to the little cripples is what has helped make the East-West game one of the real classics of football. Small wonder that the college seniors fight their hearts out before the 60,000 capacity crowd. They'll do it for sure, come Dec. 30, at Kezar Stadium.

Both squads held workouts Wednesday afternoon. The West squad was completed with the arrival of Kyle Rote, backfield ace from Southern Methodist. Two eastern players, Jerry Groom, center, and Bill Gay, halfback, both from Notre Dame, were due in Wednesday night. They were held up by final examinations.

Today the squads will go to their permanent training camps, the East to Santa Clara and the West to Stanford university.

Bob Sueppel's 24 Sparks Ramblers to 63-33 Win

St. Mary's High of Iowa City exploded into a 63-33 win over St. Patrick's of Cedar Rapids here Wednesday night. It was the sixth win in 11 starts for the Ramblers.

St. Mary's jumped into a 12-1 first period lead and left the floor at halftime on top by 27-10 and then coasted in. Forward Bob Sueppel led the way with 24 points and Guard Dave Cahill hit 11.

The Ramblers meet the very tough Loras of Dubuque quintet here Jan. 3.

Dodger Infielders Gain New Laurels

NEW YORK (AP) — The Brooklyn Dodgers dominated the National League's all-star fielding team for 1950, placing first baseman Gil Hodges, second baseman Jackie Robinson and third baseman Billy Cox on the "dream" defensive nine.

In addition to coming up with three individual leaders, Brooklyn was tops in team fielding with a .979 percentage.

The individual leaders:
 1B—Hodges, Brooklyn, .994
 2B—Cox, Brooklyn, .987
 SS—Marty Marion, St. Louis, .978
 OF—Wally Westlake, Pittsburgh, .991;
 Sig Gordon, Boston, .990, and
 Richie Ashburn, Philadelphia, .988
 C—Wes Westrum, New York, .999
 P—Gerald Staley, St. Louis, 1.000.

Lions Sign Buddy Parker as Head Coach

DETROIT (AP)—Raymond (Buddy) Parker, who started his National Football league career as a player with the Detroit Lions in 1935, was named Wednesday their head coach.

The 37-year-old Texan was elevated from his backfield coach's job with the Lions to succeed Alvin "Bo" McMillin, who resigned Tuesday as head coach and general manager.

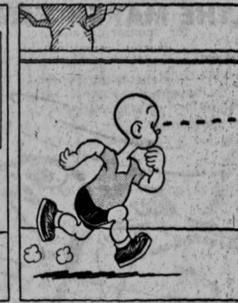

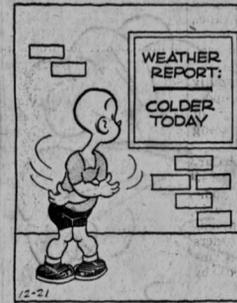

The Lions' front office announced that End Coach Geroge Wilson and Line Coach Aldo Forte, who rounded out the Lions' staff last season, also signed one-year

contracts Wednesday. W. Nicholas Kerbaway, publicity director and assistant to former general manager McMillin, was named business manager under the new setup.

Lions President Edwin Anderson said, "We confirmed Parker's appointment in a telephone conversation with him at his home in Kemp, Texas. He was signed for one year."

Salary terms were not disclosed, but a usually reliable source said that Parker signed for considerably less than the \$30,000-a-year McMillin was getting.
