

# Red Army Must Quit Kaesong: UN

Flood Does Not Stop Fire

STORAGE TANK BURNS in North Topeka above the flood waters which engulfed the area when the Kansas river broke through the levy Thursday. At least 12 persons have died as a result of the rising waters. Emergency squads were evacuating 10,000, bringing to 20,000 the number of persons made homeless by the river.

## 12 Killed, Thousands Homeless As Flood Waters Ravage Kansas

TOPEKA (AP) — Emergency squads were feverishly evacuating another 10,000 persons in this state capital Thursday night as gigantic floods ravaged eastern Kansas, bringing death to at least 12 persons and dealing misery and suffering to thousands.

This hurried exodus, when completed, will make about 20,000 persons move out of their homes in this city of almost 100,000 population.

The air rescue service in Washington said Thursday all available aircraft are being rushed to Topeka to aid in the rescue of flood victims.

The service said an emergency advance base has been set up at Forbes air force base near Topeka. Amphibious aircraft, as well as helicopters and large cargo ships are being sent to the scene.

Amphibious planes of the air rescue service from Westover air force base, Mass.; Lowry base, Denver; March base, Calif.; and Ellington base near Houston, Texas, have been sent and more are going today.

The strategic air command has diverted large cargo ships to transport air rescue service helicopters from various points.

The amphibians are being sent to Kansas loaded with emergency rations, medical equipment, and other emergency supplies requested by strategic air command and the Red Cross.

Ten of the flood deaths were in Kansas, two in Kansas City, Mo.

Torrents already were pouring through many of the Kansas principal cities.

The Kansas river, the Neosho, the Cottonwood, the Marais des Cygnes, the Verdigris and the Smoky Hill all were creating havoc, and the weather bureau said the Little Arkansas would be out of its banks this morning flooding part of Wichita's north riverside residential district.

Hardest hit were the cities along the Kansas river, including Topeka, the state capital; Lawrence, home of the state university, and Manhattan. Salina, Abilene, Ottawa, Marion, Strong City, Florence, Feloit and other central and eastern Kansas cities were in almost as bad shape.

Four persons were drowned when current from the overflowing Verdigris river swept their automobile from U.S. highway 54 near Toronto, Kans.

Through rail and highway travel were at a standstill. Local travel was possible if one kept to the ridges and hilltops.

Dozens of trains, carrying more than 1000 passengers, were stalled. The fortunate passengers were those stalled at terminal points.

The Chicago-Los Angeles deluxe coach train, El Capitan, has been stranded at Cedar Point for more than 40 hours by the flooding Cottonwood river.

## 3 Killed in Explosion At Munitions Plant In Western Illinois

SENECA, ILL. (AP) — Three and possibly four men were reported killed Thursday night in an explosion in the No. 2 building of the Du Pont powder plant near Seneca.

Capt. W. H. Morris of the Illinois state police gave the report on the casualties.

Ambulances were rushed to the plant from several nearby communities.

The blast was reported heard as far away as Pontiac, 50 miles to the south. Streator residents, some 30 miles away reported the explosion rattled windows in their homes.

The plant is located one and one-half miles southeast of Seneca. It manufactures explosive powders and dynamite.

All available state police from district headquarters at Joliet and Pontiac were ordered to the scene as well as all sheriff's deputies from La Salle and Grundy counties.

Officials at the plant were not available for comment. A spokesman said they would have a statement today.

No further details were available.

Yep, It's Friday the 13th

"IT'S EITHER HIM OR ME," screamed Cecil E. Spatcher, G. 604 Finkbine, as he flailed into battle position with a somewhat sleepy "Friday-the-Thirteenth fly" this morning. Spatcher, who insisted he wouldn't crawl out of bed until midnight, set up camp in one end of his embattled bed and was "just waiting for something to happen when this germ fly came along." He explained the food cache with a cripic, "no cooking—no fire—might blow up." Screaming Cecil became violent when reminded that he might be allergic to DDT fly spray.

## State Department Suspends 2 Top Level Far East Experts

WASHINGTON (UP) — The state department disclosed Thursday that it has suspended two of its top Far East experts pending investigations on security charges.

The officials are O. Edmund Clubb, director of the department's office of Chinese affairs, and John Patton Davies Jr., a member of the department's high-level foreign policy planning staff, who has spent many years on diplomatic missions in China and Russia.

The terse announcement revealed that both men were suspended June 27, but did not indicate the nature of the charges against them. They are the highest officials suspended by the state department during the current loyalty check.

Clubb said he was caught by surprise at the announcement and had "no comment at this time." He indicated acquaintance with Davies.

Sen. Joseph R. McCarthy (R-Wis.) who brought the charges of disloyalty in the state department last year, said of the department's action:

"This is one of the first healthy indications that the state department is getting ahead of the McCarran (senate internal security subcommittee) committee and is ready to start cleaning house."

Davies, 43, has been in the diplomatic service for 20 years. His wife is the former Patricia Grady, daughter of U.S. ambassador to Iran Henry F. Grady.

Clubb, 50, has been with the department 23 years, and has served most of that time in China. He was the last U.S. consul general at Peking before the Chinese Communists forced withdrawal of all U.S. diplomats last year.

The state department took pains to emphasize that neither man has yet been found guilty of anything.

It said they were suspended on recommendation of the department's security board pending hearings on their cases. Such suspensions are required by law whenever the security board decides that the charges against any official are sufficiently grave to warrant hearings.

The board will hold a hearing on Davies' case July 23, and on Clubb's case July 31.

The official announcement said the purpose of the hearings is to get "the complete facts" for the protection of the government as well as the two men concerned.

## Iran Premier Asks Okay on U.S. Funds

TEHRAN (AP) — Premier Mohammed Mossadeqh moved Thursday to raise money for awaiting the arrival of W. Averell Harriman to discuss the oil dispute.

The aged and ailing premier appeared before the majlis (parliament) to ask approval for a \$25 million loan from the United States import-export bank. Mossadeqh also proposed a bond issue of 2 billion rials (about \$62.5 million) to go for government spending.

The two finance bills would raise funds to take the place of royalty payments cut off by the British-owned Anglo-Iranian Oil company since Iran nationalized AIOC property.

Mossadeqh accepted President Truman's offer Wednesday to send Harriman, his diplomatic trouble shooter, from Washington.

Harriman expects to leave Washington Friday afternoon or Saturday morning to see if there is any possibility of compromise at this late date.

He conferred Thursday with the President and Secretary of State Dean Acheson in Washington and Saturday later met Iranian Ambassador Nasrollah Entezam. The Iranian government is operating on a skimpy budget after the billion-dollar AIOC stopped paying oil royalties several weeks ago. Britain used the royalties cutoff to try to get Mossadeqh to back down on the law nationalizing the oil industry.

## SUI to Break Earth Monday For New Center

Informal ground breaking ceremonies for unit one of the SUI communications building will be held at 11:30 a.m. Monday, Prof. Leslie G. Moeller, director of the school of journalism, said Thursday.

The 50 to 60 room building will be located on the northeast corner of the intersection of College and Madison sts.

Immediately following the ceremonies a luncheon will be held at the Iowa Memorial Union with an informal program. Provost Harvey Davis will be a speaker at the luncheon.

Journalism faculty members, members of the SUI administrative staff, the communications council and students from the school of journalism are expected to attend.

The \$525,000 building will be the first part of the plans of the SUI communications council to bring together all communications agencies on campus.

Administrative offices for the school of journalism, classrooms and space for a research center will be included in the unit.

## Allied Troops Meet Heavy Resistance On Central Front

U.S. EIGHTH ARMY HEADQUARTERS, KOREA (FRIDAY) (AP)—Communists used every weapon at their disposal Thursday in an effort to halt advancing United Nations forces southeast of Kumsong, Red base on the east-central front.

Allied troops attacking enemy positions there were lightly engaged at first, but soon met bitter resistance. The battle raged on several hours later.

Two Allied patrols in the former iron triangle on the west-central front were fired on by Chinese Communists, but most of the Red force stayed out of sight.

On the eastern front, Allied patrols ran into only scattered resistance as they pushed as much as three miles into Red territory.

On the western front, no fighting was reported near Kaesong, which had been the scene of cease-fire talks. Slightly to the west, however, Communists threw mortar shells at eighth army troops near Korangpo.

Allied fighters continued to pound the Reds across the peninsula and warships bombarded coastal positions.

## Ridgway Asks For Press Place In Truce Area

TOKYO (FRIDAY) (AP) — Gen. Matthew B. Ridgway demanded today that Communist troops be removed from Kaesong and the surrounding area five miles in radius and that Allied newsmen be admitted to the neutral zone before the United Nations will resume the Korean truce talks.

The supreme UN commander broadcast a series of stern demands to the North Korean and Chinese Communist high commands as conditions for resuming the talks disrupted Thursday when Red soldiers halted a UN convoy.

Ridgway's conditions were:

1. A new meeting place in the center of Kaesong with a neutral zone to extend outward five miles in all directions. (The Communists now occupy this area.)
2. Both sides refrain from any hostile act within this zone during the entire conference period.
3. That this area and all roads leading to it be completely free of armed personnel.
4. That total personnel in the neutral zone be limited to 150 for each side.
5. That the composition of each delegation's party be subject solely to the determination of each delegation. (Ridgway earlier referred to the UN newsmen as an "integral" part of his party.)
6. That the persons who are in the actual chamber where the talks occur be determined only upon agreement of both sides.

Ridgway said he believed the conference could be resumed "without delay and with some expectation of progress."

He reminded the Chinese and North Korean generals that he had offered their Kaesong delegation the use of a radio telephone for quick and easy communication.

And he guaranteed safety "during daylight" to any liaison officers the Red delegation wished to send to him through the lines with the Communist reply to today's message.

Ridgway disclosed that the armed Communist guards in Kaesong had at times delayed the UN party's progress toward the conference building.

He laid the blame for the present rupture of cease-fire talks squarely in the Communists' laps.

Ridgway told the enemy commanders that should they insist that the presence of Red armed forces is necessary for the safety of conference personnel he would propose that the talks be moved to another locality.

Ridgway's offer was broadcast over all facilities of the armed services radio and was addressed to North Korean General Namil and to the Chinese commander in Korea, Gen. Peng Teh-Huai.

The supreme commander bypassed the actual Communist negotiators at Kaesong who had not yet replied to demands from him and Vice Adm. C. Turner Joy, the No. 1 Allied negotiator, that there be no more interference with Allied convoys.

His demands were made only a few hours after the U.S. radio had accused the U.S. of States of using "bluff and pretexts" to halt the cease-fire talks but had called the bluff a "temporary suspension of justice negotiations."

Peiping radio used harsh language in accusing the Americans of "violating the principle of mutual agreement" to keep newsmen away from Kaesong.

Ridgway, in a 10-minute broadcast message to the Communist leaders, said restrictions had been placed on his delegates by the Communist delegation since the start of the conference.

He said the assurances he asked were simple and few. They included complete freedom of movement inside the neutral zone and complete freedom for selection of personnel, including press representatives.

A United Nations convoy Thursday was turned back nine miles from Kaesong by the Communists because it contained a truck bearing 20 persons whom Ridgway said he considered an "integral" part of the Allied cease-fire team.

"The extension of the present recess is only due to unreasonable and unnecessary restrictions against which my representatives repeatedly protested," Ridgway said.

## Farm Bureau Chief to Speak Here Tonight

Kline Speaks Here Tonight

Allan B. Kline, president of the American Farm Bureau federation, will speak on "The Farm Problem" at 8 p.m. today in the bandshell south of the Iowa Memorial Union.

His talk, part of the SUI summer lecture series, will be given in Macbride hall in case of rain. Kline is expected to outline the alternative solutions to the farm problem in the United States and various proposals for price support.

He will arrive in Iowa City late today, after speaking in West Branch this afternoon at that town's 100th anniversary celebration.

Kline, whose home is in Vinton, Iowa, has served as president of the federation since 1947. Before that, he served as director and vice-president.

Active for many years in farm affairs, Kline has advocated higher taxes instead of price controls to combat inflation.

He testified this week before the senate finance committee, which is holding hearings on a house-approved \$7.2 billion tax increase.

## Mrs. Edna Lawrence Does Not Have Polio

Mrs. Edna C. Lawrence, 45, Ottumwa, former Iowa legislator admitted to the polio ward of the University hospitals Wednesday, definitely does not have polio, hospital officials said Thursday.

Her condition was reported as "excellent."

Mrs. Lawrence served in the 1947 and 1949 sessions of the Iowa legislature as the Republican representative from Wapello county. She resigned from that position in 1949 to serve as safety commissioner of Ottumwa.

She has been active in club work and community affairs and was president of the Ottumwa board of education in 1945.

## 4,000 Union Shops Ousted by Ruling

WASHINGTON (AP)—The National Labor Relations board handed down a unanimous decision Thursday that in effect invalidates some 4,000 CIO union shop agreements and casts doubt on the legality of thousands of bargaining elections.

The board held that a United Auto Workers (CIO) union shop agreement with the Ford Motor Co. is illegal because CIO national officers had not signed non-Communist affidavits at the time it was made.

The NLRB followed a recent supreme court decision upsetting a policy the board had followed for years. The court said the Hart-Hartley law's affidavit requirement applies to officers of parent federations as well as affiliated unions.

Although UAW officials had filed when the board conducted the forge division election in October, 1949, CIO national officers did not comply until Dec. 22, 1949. The law went into effect Aug. 22, 1946.

AFL top leaders signed affidavits in November, 1947, and the board conducted only 30 union shop elections won by AFL affiliates during the three-month period. However, CIO affiliates had won 4,670 union shop votes before the parent organization complied.

The exact number of agreements affected by Thursday's ruling is uncertain because a union shop must be negotiated with management after employees vote for it. Under this type contract, a worker must become a union member within 30 days after he is hired.

## Expect Ruling Today In Hospital Strike

MINNEAPOLIS (AP) — A hearing in a labor dispute between non-professional employees and 10 Minneapolis hospitals adjourned late Thursday until today when a ruling is expected on a permanent injunction forbidding a strike by the hospital workers.

Three hours of arguments from union and hospital lawyers were concluded before District Judge D. E. La Belle when he adjourned court until today.

# The Daily Iowan

FRIDAY, JULY 13, 1951

Published daily except Sunday and Monday and legal holidays by Student Publications, Inc., 126 Iowa Ave., Iowa City, Iowa. Entered as second class mail matter at the postoffice at Iowa City, under the act of congress of March 2, 1879.

**MEMBER AUDIT BUREAU OF CIRCULATIONS**

Two leased wire services. (AP) and (UP)

MEMBER OF THE ASSOCIATED PRESS The Associated Press is entitled exclusively to the use for republication of all the local news printed in this newspaper as well as all AP news dispatches.

CALL 4191 from noon to midnight to report news items, women's page items, or announcements to The Daily Iowan. Editorial offices are in the basement of East Hall, north entrance.

Call 8-2151 if you do not receive your Daily Iowan by 7:00 a.m. Make-order service is given on all service errors reported by 9:30 a.m. The Daily Iowan Circulation Department is in the rear of Old Journalism Building.

## official daily BULLETIN

FRIDAY, JULY 13, 1951 VOL. XXVII, NO. 234

### UNIVERSITY CALENDAR

UNIVERSITY CALENDAR items are scheduled in the President's office, Old Capitol

**Friday, July 13**  
8:00 p.m. — Summer session lecture, Allan B. Kline, president, American Farm Bureau federation, "The Farm Problem," South Union campus.  
8:00 p.m. — University play, "Two Blind Mice," Theatre.  
**Saturday, July 14**  
8:00 p.m. — University play, "Two Blind Mice," Theatre.  
**Sunday, July 15**  
7:00 p.m. — Sunday vespers.

"Dives and Lazarus," Dr. C. F. Littell, west approach to Old Capitol (in case of rain, Congregational church).

**Monday, July 16**  
7:30 to 10:00 p.m. — Square and folk dancing, roof deck, Iowa Union.

**Tuesday, July 17**  
8:30 p.m. — University club, potluck supper and partner bridge, husbands are guests, Iowa Union.

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

### GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

**GEOGRAPHY DEPARTMENT** has moved from temporary quarters in the annex of the old library to offices on the third floor of the west wing of the new library. The telephone number remains the same, ext. 2400. The graduate study room, however, is still located in the temporary annex, and graduate students may be reached by telephoning ext. 2560.

**CHANGE IN LIBRARY HOURS**, effective July 1: 8:30 a.m. to 10 p.m. Monday through Friday; 8:30 to 5 on Saturday; 2 to 5 on Sunday.

**EXHIBITION** of sixth century of master drawings in the main gallery of the art building will be open to the public until further notice Monday through Friday from 11-12 a.m., 2-5 p.m.; 8-10 p.m., and Sunday 2-5 p.m.

**SUI DAMES CLUB** will have no regular meeting of its Hobby club in June, July, August and September. First meeting of the group will be in October.

**GERMAN PH.D. READING EXAMINATIONS** will be held on Thursday, Aug. 2 in room 104, Schaeffer hall from 1 to 3 p.m. Please register in room 101, Schaeffer hall by noon, Wednesday, Aug. 1.

**WSUI MORNING CHAPEL** speaker this week is the Rev. Norman Hobbs of the Iowa City Mennonite church. "Jesus Christ, The Same Yesterday, Today and Forever" will be his topic.

**FREE MOVIES** on the Iowa Union roof deck will be shown at 8 p.m. on July 25. They are "Naughty Marietta" starring Jeanette MacDonald and Nelson Eddie, and "Wings to Bermuda," a sight-seeing trip to that island.

**PH.D. FRENCH TEST** will be held Friday, July 27, from 7 to 9 a.m., room 224, Schaeffer hall. No one will be admitted to the examination unless application has been made by signing, before Tuesday, July 24, the sheet posted outside room 307, Schaeffer hall. The next examination will be given in October.

**SUI DAMES Bridge club** will meet Monday evening at 8 p.m. in conference room 1, Iowa Memorial Union.

**POOL** at the women's gymnasium will be open to all women students from 4 to 5:30 p.m. on all of the odd-numbered dates in July, and the even-numbered dates in August, Monday through Friday of each week. Suits and towels will be provided, but swimmers must provide their own bathing caps.

**LUTHERAN STUDENT** association will meet Sunday at 2 p.m. to leave for recreation and picnic at West Liberty. Make reservations by Friday noon by calling 8-0320.

**A TOUR** through the exhibit of master drawings in the art building will be conducted by Schubert E. Jonas today at 8 p.m.

**NEWMAN CLUB** meeting will be held at 7:30 p.m. Tuesday at the Catholic Student Center. Father F. J. Marlin will give the talk. Meeting will be followed by a social hour.

**WAFFLE BREAKFAST** will be held at the Catholic Student Center after the 9 a.m. mass at St. Thomas More chapel. Catherine Welter will be in charge of a committee composed of Mary Rita Bushman, Mary Pat Mulaney, Joe Warnell and George Degenfelder.

**Dubbed "Moonfaced"**  
ST. PAUL — Lt. Gov. C. Elmer Anderson of Minnesota, successor to Gov. Luther W. Youngdahl who has accepted a federal court judge appointment, was called "moonfaced" by Time magazine Thursday.  
Anderson outside of the capitol halls is a business man at Brainerd, Minn. He is a wholesale magazine and newspaper distributor — and helps peddle Time magazine.

**Women Walk Out**  
MARINETTE, WIS. — Some 220 workers, chiefly women, walked out Thursday at the Marinette knitting mills here.  
About 100 workers were picketing the plant. Several employees who tried to cross the picket lines were jeered, but office and supervisory personnel stayed on their jobs.  
Extra police were on duty around the plant, but no violence was reported.

# Ambassador Dulles Endorses Pacific Treaty

WASHINGTON (AP) — The United States, Australia and New Zealand agreed Thursday in a three-way treaty to regard an armed attack on any one of these nations in the Pacific area as "dangerous" to the safety of all.  
The treaty pledges that each of the three nations in event of attack will "act to meet the common danger in accordance with its constitutional processes."  
The agreement was initiated at the state department by U.S. Ambassador John Foster Dulles and envoys of Australia and New Zealand.  
Part of a general Pacific settlement, it is expected to be formally signed at San Francisco in early September when the Japanese peace treaty is scheduled to be signed by some 50 nations.  
The three-way agreement follows the general pattern of the 12-nation Atlantic treaty but differs in wording. The North Atlantic

compact states that all the 12 nations agree that an armed attack against any one of them in Europe or North America "shall be considered an attack against them all."  
The Pacific security agreement was worked out as a first step toward a "more comprehensive system of regional security in the Pacific area."  
The Pacific and Japanese treaties require senate ratification the same as other U.S. treaties with foreign powers.  
The preamble of the 1,200-word Pacific draft notes the arrangements the U.S. already has with the Philippines, the plans to retain armed forces in or near Japan to prevent aggression after the peace treaty becomes effective and the existing obligations of Australia and New Zealand as members of the British commonwealth of nations.  
The treaty itself — and state-

ments by Dulles, Australian Ambassador Percy Spender and Sir Carl Berendsen, New Zealand envoy — stressed that the treaty is within the framework of the United Nations and is based on UN principles.  
Article three calls for consultation in the event of a security threat in the Pacific. Article four contains the pledge to recognize an armed attack on any one as dangerous to the others.  
A council is provided for in article seven to consider matters concerning carrying out the treaty. It is to consist of the foreign ministers or their deputies.  
Dulles in his statement said it is expected that "in due course" the "initial steps" now being taken to safeguard peace in the Pacific will be followed by others.  
Ultimately, officials envision a Pacific pact including probably the Philippines and Japan and possibly China, covering the major

nations of Asia in the same way the North Atlantic pact embraces the U.S., Canada and Western Europe. The U.S. has a separate regional agreement of the same kind covering the American republics.  
The U.S. and Britain formally proposed Thursday a Japanese treaty settlement restoring Japan to a position of "sovereign equality" in the free world but stripped of overseas territories.  
The two governments as co-sponsors published the revised draft of a treaty they expect some 50 nations, Soviet Russia excepted, to sign in September at San Francisco.  
Russia already has assailed the Japanese settlement but Ambassador Dulles expressed hope that Moscow after all would decide to sign.  
The treaty terms were made known in detail earlier this week when an advance copy was made available to The Associated Press.

PROF. RALPH OJEMANN of the Iowa child welfare research station takes an optimistic view of people's chances of getting along together — if they learn the principles of human behavior. According to Ojemann, mastery of these principles is not beyond human capability. The professor points to the fact that it was once thought the average adult could never understand mathematical concepts. But now they can. Ojemann asks, why can't people learn the laws of mental health and emotional maturity?

## Chairman Accused Of Blocking Ballot On Seaway Project

WASHINGTON (AP) — An irate opponent of the St. Lawrence seaway project Wednesday charged chairman Charles A. Buckley of the house public works committee with blocking a vote on the project until the administration "can stack the committee."  
After a stormy closed session of the committee, Rep. Tom Pickett, (D-Tex.) asserted that opponents had the votes to kill legislation to authorize the \$567 million project but the chairman refused to allow a ballot.  
Buckley (D-N.Y.) said later he was "unimpressed" by Pickett's accusations. He said he would call another meeting of the committee in the "very near future." He declined to say when.  
"In my judgment," Pickett told newsmen, "the chairman will never call another meeting until he's ready and that's when they can stack this committee and get the measure voted out."  
Other sources said several members of the committee who are opposed to the project plan have been planning to leave the committee. Pickett said opponents could defeat the measure now by at least a one-vote margin. Whether they could later would depend on the position of members named to replace those who leave.  
Rep. Frank E. Smith, (D-Mass.) said it was "the sorriest mess I ever saw." Rep. George A. Dondero, of Michigan, senior Republican on the committee and a supporter of the program told reporters, "We're all mad."  
Pickett said he will do everything he can to force the committee to meet again and act on the legislation. "I'll throw the rule book at them," he said.  
According to Pickett, Buckley and those who favor the project stalled for time on a move to kill it past the 11 a.m. EDT meeting time of the house. Under house rules committees cannot take a legal action when the house is in session unless they have special permission.

## Senate Refuses Cut In Project Funds

WASHINGTON (UP) — The senate defeated an attempt Thursday to cut back appropriations for going reclamation projects after refusing to vote money and their ultimate costs would have totaled \$295,467,000.  
The projects and their first year costs (total estimated cost in parentheses) include:  
Missouri River Basin projects: Lower Marias unit, Montana, \$2,500,000 (\$84,065,000) Sargent unit, Neb., \$1,227,000 (\$10,671,000) Jamestown unit, N. Dak., \$875,000 (\$10,749,000)  
The Douglas cut would have applied to five projects — All American Canal, Cachuema and Central Valley in California; the Columbia Basin project in Washington, and phases of the Missouri Basin project in various states.  
Douglas said he wanted the cuts to apply to irrigation rather than power features of the projects.  
In turning down Hayden's amendments, the senate upheld a "no new start" policy on reclamation projects announced by President Truman which the house went along with in earlier votes.  
The proposal would have allowed starts on one project each in California, Idaho, Utah, Washington, Wyoming, Montana, Nebraska and North Dakota.  
Although it was supported by a number of republicans including GOP leader Kenneth S. Wherry, (R-Neb.) the amendment was called a "logrolling, backscratching" proposal by Sen. Homer Ferguson, (R-Mich.).  
Ferguson said he wasn't opposed to any specific project in the amendment, but complained that they were being offered in a package.  
Sen. Everett Dirksen, (R-Ill.) asked, "why talk about economy, why talk about controls" if the new projects were to be started.  
Wherry said he was supporting the proposal because "for eight and a half years I have told the people at Sargent, Nebraska, I would support this irrigation project of ours."  
Wherry also said he was informed that \$300 million had been spent from Marshall Plan funds in Italy in the past four years on reclamation projects. He said it was "time to look out for our own country."  
The projects had been recommended by an appropriations subcommittee headed by Hayden, but were turned down by the full committee.  
First year costs of the projects would have totaled \$12,026,450.

## Committee Approves 8.4% Raise in Pay Of Federal Workers

WASHINGTON (AP) — President Truman Wednesday asked a prompt seven per cent general pay raise for 2,000,000 government workers. But a senate committee went him one better and okayed increases averaging 8.4 per cent and totaling some half a billion dollars.  
The senate's post office and civil service committee acted less than three hours after the President's request but there was no direct connection.  
President Truman asked congress to approve promptly the flat seven per cent pay boost "so the government may continue to attract and retain skilled employees of the highest competence." He said the "present emergency" demands such action.  
But the house was in an economy mood. It stood pat on a federal job-cutting plan which would fill only one out of four vacancies during the fiscal year which began July 1.  
The house, by a 222-169 vote, sent back to a senate-house conference the \$2,510,000,000 labor department-federal security appropriation bill with instructions to conferees to write the job-cutting plan back into the bill.  
The conference committee yesterday junked the plan along with a senate proposal to trim all payroll funds ten per cent.  
The bill to finance the labor department and federal security agency was the first regular appropriations measure to get through the senate-house conference. Wednesday's house vote indicated it may insist on cutting jobs in all government departments.  
Some 500,000 postal service employees and 1.5 million classified civil service workers would get their first general pay raise in nearly two years under the action of the senate post office and civil service committee.  
They got pay raises averaging \$140.50 late in 1949.  
Federal workers now receive from \$2,800 a year to \$14,000 with the average running around \$5,000.  
Mr. Truman sent identical letters to chairmen of the senate and house post office and civil service committees urging the seven per cent pay boost.

## Chapple May Run

ASHLAND JULY 12 (AP) — John Chapple, editor of the Ashland Press, said Thursday he will run for congress if congressman Alvin O'Konski (R-Wis.) decides not to run for re-election.  
William T. Evjue, editor of the Madison Capital Times, has said O'Konski told him he would retire from public life to devote more time to his radio interests.

## Contracts Awarded For Super Carrier

WASHINGTON (AP) — The navy Thursday announced award of a \$218 million contract for construction of a new 59,000-ton, 1,040-foot super aircraft carrier.  
The contract went to the Newport News (Va.) Shipbuilding and Drydock Co.  
The navy said the carrier is expected to be completed in three years.  
It will have a retractable "island" on an elevator to permit making a flush flight deck to facilitate handling large atomic bombers and night operations.  
With an extreme width of 252 feet, the navy said, the new carrier will be able to accommodate the larger, heavier planes now in the designed stage of development.  
The navy also announced award of a \$15 million contract to the Bath (Me.) Iron Works for a 1,450-ton destroyer escort especially designed for anti-submarine work.  
The navy also will ask private shipyards soon for private estimates on construction of 17 mine sweepers, 30 smaller mine sweeping boats, and 32 utility landing ships.

## Railroad 'Blameless' In Death of Four

NORTHWOOD, IA. (AP) — The death of four persons in a train car crash was ruled accidental Thursday by a coroner's jury, but the jury said the Rock Island railroad should install automatic warning signals.  
The jury said the Rock Island crew was "blameless in any way," but Coroner R. C. Bride said the jury felt "the railroad had been negligent in not providing adequate warning signals for an exceptionally dangerous crossing."  
Three witnesses testified at the hearing, and they described a shot of flame that enveloped the crash scene for moment. They expressed belief the auto gasoline tank exploded as the train hit the car.  
Killed outright in the crash Tuesday night were Mr. and Mrs. Ove Jacobson and two of their five children. Their car was hit by a Rock Island passenger train running four hours and 25 minutes behind schedule because of flood areas in Missouri and Kansas.  
Witnesses were George Meilke, a Northwood mail carrier; Engineer Pen Lake and fireman Leo Hines, both of Manley.

## Soldiers Fire While Envoys Talk

WASHINGTON (AP) — A charge that Communists led the 1932 soldier's bonus march on the nation's capital is due for public airing here today.  
The house un-American activities committee will hear testimony from John T. Pace, Centerville, Tenn., an ex-Communist, who reportedly told an earlier closed committee session that 100 Communist agitators led the bonus march.  
Thousands of World War I veterans swarmed into Washington in the depression year of 1932 to demand immediate payment of a congress-approved soldier bonus. One marcher was killed and others injured in clashes with police before regular troops were ordered to disperse them and restore order.  
Pace was scheduled to take the witness stand Thursday but was late in reaching Washington. He had asked for a chance to repeat his earlier testimony in public committee session.  
The public hearing apparently stemmed from a Republican charge last month that Democrats had suppressed Pace's closed-door testimony because it reflected credit on Gen. Douglas MacArthur's handling of the bonus riots.  
MacArthur was army chief of staff at the time and called out regular troops on orders from President Hoover.

## Grants for Road Projects Vetoed

SPRINGFIELD, Ill. (AP) — Governor Stevenson Thursday vetoed appropriations totalling \$3,475,000 for two bridges and two special road projects.  
The vetoed items included \$1 million for a bridge over the Vermillion river at Danville, \$225,000 for approaches to a Mississippi river bridge in western Illinois, \$2 million for a road between Mitchellville and Dixon Springs in southern Illinois, and \$220,000 for a road connecting a bridge over the Rock river between Sterling and Rock Falls.  
The vetoes were in line with Stevenson's policy of not approving bills appropriating state funds for special bridge or road projects.

UNITED NATIONS and Communist negotiators talk peace at Kaesong, Korea, but ground and air forces continue limited activity. Four men of a U.S. mortar crew hold their ears as they blast away at the enemy in nearby hills.

## Prof. Ojemann Says — Children, Machines Similar — Both Complicated

BY NORMA SEXTON  
Children are like complicated machines and the parent or teacher acting as the operator can easily press the wrong button if they do not understand the mechanism.  
That is one of the ways in which Prof. Ralph Ojemann of the Iowa child welfare research station explains the theory behind his research project in preventive psychiatry which has been highly praised by an organization of leading U. S. and Canadian psychiatrists.  
The commendation came from a committee on preventive psychiatry of the Group for the Advancement of Psychiatry.  
The goal of Ojemann's research is to teach principles of human behavior to students and to supervise practice in their use of the principles.  
"The point is to help teachers and children learn a few simple principles of human behavior," Ojemann explained.  
He added that maybe it is because we have grown up and are trying to be closer together in such a small world, that such a problem exists and needs correcting.  
The conference committee yesterday junked the plan along with a senate proposal to trim all payroll funds ten per cent.  
The bill to finance the labor department and federal security agency was the first regular appropriations measure to get through the senate-house conference. Wednesday's house vote indicated it may insist on cutting jobs in all government departments.  
Some 500,000 postal service employees and 1.5 million classified civil service workers would get their first general pay raise in nearly two years under the action of the senate post office and civil service committee.  
They got pay raises averaging \$140.50 late in 1949.  
Federal workers now receive from \$2,800 a year to \$14,000 with the average running around \$5,000.  
Mr. Truman sent identical letters to chairmen of the senate and house post office and civil service committees urging the seven per cent pay boost.

## Interpreting the News — Controls Question Seen As Hazy to Everyone

BY J. M. ROBERTS JR.  
Associated Press News Analyst  
So congress is wondering why the stockholders—meaning the folks back home—don't write in to say what they want done about economic controls.  
Well, this is by no means intended as a definitive answer. It is composed from some personal impressions and from discussion with 15 people whom I asked about it between 8 p.m. Wednesday—when the Associated Press reported an unusual lack of mail on such a controversial subject—and 1 p.m. Thursday. Hardly a reliable poll, but producing one thing which seems to be striking.  
Every person questioned voluntarily injected, amid the pros and cons of controls, some expression of doubt that the government was capable of doing anything worthwhile about it.  
For some time I had been thinking of writing a column about the control argument. But I haven't been able to get my own thoughts to jell.  
I think that same feeling must have a strong bearing on the congressional mail situation. We elected a congress to handle these things for us because they claimed to know how. It now seems fairly obvious that they don't, or are unwilling. But what to do? We don't know where to get anybody who does. All is futility. That seems to me to be a growing attitude among people whose vote represents their only participation in politics.  
My wife says if we don't have controls, prices are going up, and if we do have controls, there will be black markets and prices will go up.  
Two other women, questioned separately, said much the same. One thought production and public refusal to be gyped would take care of the situation. The other said controls meant black markets, and that she was sorry she hadn't written her congressman, and intended to do so. "Not that it will do any good," she added.  
The men, asked why they didn't write, were unanimous in saying "What's the use?" They didn't think the government knew what it was doing — either the proponents or opponents of controls. Most of them didn't think the government knew what it was doing about anything.  
This is not an attempt to prove anything. It was just a little quickie inquiry among people I happened to talk to. In a different neighborhood it might have turned out differently. I just thought I'd better write my congressman and tell him what little I found.

## Cool, Green Dessert for Summer Dining

IN MAKING FROZEN LIME PIE the first step is to press the crust mixture of graham cracker crumbs, sugar and butter evenly and firmly on bottom and side of a pie plate.

POUR LIME PIE FILLING into one or two ice trays and place in refrigerator — on shelf of freezing compartment — to freeze until firm. Set temperature control at coldest point.

AFTER THE FROZEN PIE FILLING has been beaten smooth, poured into the graham cracker pie shell and returned to the refrigerated shelf of the freezing compartment to freeze until firm, here is the result — a cool and delicious party dessert.

## Frozen Lime Pie — Makes Hot Weather 'Natural'

There's no color quite as cool as green — and no dessert more popular than pie, which makes frozen lime pie a "natural" as the dessert choice for your next hot weather dinner party.

It has a refreshing flavor and is the colorful climax to a summer meal.

**Frozen Lime Pie**  
 1 1/2 cups fine graham cracker crumbs  
 2 tablespoons sugar  
 1/3 cup melted butter or margarine  
 2 eggs  
 1/2 cup sugar  
 1/2 cup light corn sirup  
 1/3 cup fresh lime juice  
 2 cups light cream  
 Green food coloring  
 1 envelope unflavored gelatin (1 tablespoon)  
 1/4 cup water

Mix graham cracker crumbs and sugar. Add butter; blend thoroughly. Press mixture evenly and firmly on bottom and side of 9-inch pie plate.

Beat eggs until thick and lemon colored; gradually add sugar and

corn sirup, beating constantly. Add lime juice and cream; blend. **Add Food Coloring** Add food coloring to tint delicate green. Soften gelatin in water 5 minutes in saucepan. Heat on low heat, stirring until gelatin is dissolved; remove from unit.

Add egg mixture and blend. Pour into 1 or 2 ice trays and place in refrigerator on refrigerated shelf of freezing compartment. Set temperature control at coldest point; freeze until firm.

Place frozen mixture in chilled bowl; beat smooth. Pour into graham cracker pie shell. Place on refrigerated shelf of freezing compartment; freeze until firm. Makes one 9-inch pie.

## Scone Makes Pretty Shortcake Base

There's nothing like strawberry shortcake to make your family happy.

Buy fluffy unfrosted cake from your baker's, or make quick biscuit or scone shortcakes. A scone dough is handled just like biscuit dough. In the scone, sugar and eggs have been added for extra richness.

Today's handsome scone ring is made from a "drop" scone batter. After stirring liquid into flour mixture only until flour is moistened, spread batter in 9-inch ring mold.

If you do not have a ring mold, bake batter in round cake pan, then split and serve shortcake style. Use the scone batter as a shortcake base for other fruits or berries in season.

Enriched flour in biscuit or scone supplies essential B-vitamins and food iron, the eggs, milk and fruit topping other important

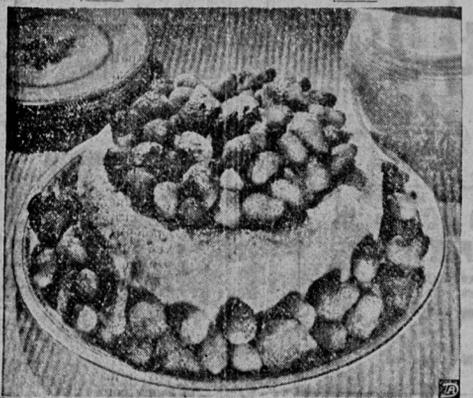

food values.

**Strawberries in Scone Ring**  
 3 cups sifted enriched flour  
 4 1/2 teaspoons baking powder  
 1 1/2 teaspoons salt  
 4 1/2 teaspoons sugar  
 6 tablespoons shortening  
 2 eggs  
 1 1/2 cups milk

Sugar for strawberries. Sift together flour, baking powder, salt and sugar. Cut or rub in shortening. Beat eggs. Add milk to beaten eggs and add all to flour mixture, stirring only until flour is moistened. Pour batter into greased 9-inch ring mold.

Bake in moderately hot oven (400 degrees F.) 20 to 25 minutes.

When baked, unmold and fill center with sugared crushed strawberries. Garnish top and sides with whole berries. Makes one 9-inch ring.

IT'S A GREAT DAY for the family when the dessert course features sugared strawberries heaped high in shortcake scone ring. Pour thick cream over individual servings.

## Ice Cream's Good And Good for You

Because ice cream tastes so good, it's hard to realize it is so good for one. Happily, there's no catch—ice cream really is a most nutritious food.

It contains all the health giving substances found in milk. That means protein to develop muscle and build red blood corpuscles, calcium and phosphorus to build strong bones and teeth, vitamin A to keep the eyes in good condition and restore tissues, riboflavin to furnish vitality, and thiamine to build appetites and growth.

Contrary to the belief of many, ice cream is not a rich food. It contains 200 calories for a serving of a third of a pint. It has 54 less calories than a baked apple, 100 calories less than a slice of angel cake and nearly 150 calories less than a piece of lemon pie.

**SERVE ON PEARS** Raspberry sauce, although traditionally served with peaches and vanilla ice cream as in Peach Melba, is equally delicious on pears.

**EAT MORE MEAT IN 1950** The average American was estimated to have eaten 146 pounds of meat in 1950, compared with an average of 126.2 pounds during the 1935-39 period.

New officers will be elected at the July 22 picnic.

## 5th Square Dance Scheduled Monday For Union Deck

The regular Monday night informal square dance will be held on the roof deck of the Iowa Memorial Union from 7:30 to 9:15 p.m. This will be the fifth dance in a series of seven.

Mickey Thomas, Iowa City, will do the calling at the free event. Decorations will include colored lights and tables with beach umbrellas.

Live music is provided by the cooperation of local No. 450 of the American Federation of Musicians, through a grant from the music performance trust fund of the recording industry.

The last two dances will be held Monday, July 23, in the Union river room, and Saturday, July 28, in the river room and on the south Union campus.

In case of rain Monday's dance will be in the river room. All students are invited.

## Legion, Auxiliary Will Hold Picnic

Johnson county American Legion and Auxiliary will hold a family picnic Sunday at the Big Ranch, Cou Falls.

Each family is requested to bring a meat dish and one covered dish (vegetable or salad), and table service. Coffee, pop and ice cream will be furnished.

Entertainment will consist of games, races and contests, and locomotive rides for the children. H. M. Sutton, Legion county commander, said the picnic will be held, regardless of weather.

## Academy Reunion To Be Sunday in City Park

The fourth annual reunion of Iowa City Academy will be held Sunday, July 22, instead of July 15 as previously scheduled, at the lower shelter in City Park.

Graduates, former instructors and all those connected with the Academy, which closed in 1915, are invited to bring their families and friends, according to Miss Mary Sunier, secretary of the group.

New officers will be elected at the July 22 picnic.

## Band Director Workshop To Open at SUI Monday

Problems related to the organization, teaching, direction, and use of high school and college bands will be dealt with in the workshop in music education opening Monday at SUI.

About 20 persons are expected to enroll in the workshop, which will run through Aug. 3.

The course is designed for band directors and teachers of wind and percussion instruments and for those preparing for a career in those fields.

It will cover all phases of band work and the emphasis will be placed on practical rather than theoretical considerations.

Those enrolled in the course will be encouraged to present specific problems for discussion in each of the various laboratory groups. Opportunity will be given for teachers to exchange ideas with others engaged in the same field of activity.

It is expected that those taking the workshop will be active participants, playing either a major or minor instrument in the workshop band, learning new instruments in method classes, and participating in conducting demonstrations and marching band seminars.

Classes include instrumental techniques and woodwind and brass group instruction.

A band problems class daily at 1 p.m. will be devoted to the treatment of miscellaneous subjects, including care of band library and equipment, planning of marching band routines, program planning, promotional activities and band administration.

Workshop band rehearsal will be held daily from 3 to 5 p.m. These rehearsals will include practice conducting, band teaching methods, analysis of material, and general interpretation.

Other classes planned are baton twirling, percussion seminar, problems in reed making and individual conferences.

Three hours of credit are given for taking the course. The workshop course is the first of a proposed series which will include choral music, orchestra, music, and elementary and intermediate school music methods.

These are designed as refresher courses for teachers in each of the special areas and for those who teach in more than one field of music education.

## 42 End Discussions Of Remedial Reading In SUI Workshop

Forty-two members of the remedial reading workshop at SUI ended their discussions today and returned to their homes throughout Iowa.

During the week's sessions they examined common reading difficulties of pupils in their respective schools and worked on the uphill task of discovering, preventing and remedying the problems of retarded readers.

Proposed remedial programs at the local school level were described today by Virginia Biggy, lecturer in education at SUI. Final session this afternoon will be devoted to a summary and evaluation of the workshop activities.

SUI Prof. Ernest Horn, nationally-known expert in the field of reading, addressed participants Thursday on reading materials which can be prepared jointly by teacher and pupil.

Earlier in the day Prof. Margaret Lee Keyser, director of the reading clinic, discussed individual differences in reading, and Marion Jennings, graduate assistant in the clinic, demonstrated methods of caring for these differences.

Workshop members also planned individual projects for use in their schools and gained experience in such remedial techniques as diagnostic testing, improving teacher-made materials and selection and better use of commercial materials.

Approximately 15 members of a summer workshop on elementary education at Cornell college, Mount Vernon, attended the noon luncheon Thursday to hear Horn's address.

## Mrs. Hope, 89, Dies At Mercy Hospital

Mrs. Catherine Hope, 89, 423 Grant st., former president of the Mary O. Coldren home, died Thursday at Mercy hospital.

She served for several years on the board of managers and the board of trustees of the home.

Mrs. Hope was born April 4, 1862, in Iowa City. On October 16, 1889 she was married to Enoch W. Hope, who died in October, 1924. The couple lived on a farm in Graham township until Mr. Hope's death, at which time Mrs. Hope moved to Iowa City.

She was a member of the I.F.E. and Rundell clubs. Surviving is one sister, Matilda Adams. Mrs. Hope was preceded, in death by three brothers and one sister, as well as her husband.

Funeral services will be at the Oathout funeral chapel at 2 p.m. Friday, with burial in Morris cemetery.

**SUMMER DESSERT** For a summer dessert for children at lunch or supper serve applesauce with a small scoop of vanilla ice cream.

## Big Deadline Set For New Church

August 7 has been set as the deadline for receiving bids for the new \$80,000 First Baptist church, Prof. Roscoe Hughes, chairman of the church committee, said Thursday.

Bids are to be submitted to Charles B. Zalesky, Cedar Rapids architect. Contracts are expected to be awarded after the opening of the bids, with work beginning within 10 days thereafter.

These bids will cover construction of the church building. They will not cover the interior of the structure.

The new church will be located at the northeast corner of the intersection of Fairchild and Clinton sts.

## SUI Graduates Engaged

MR. AND MRS. EVERETT G. TRIPP of Mapleton announce the engagement of their youngest daughter, Joan Louise, Mount Vernon, N. Y., to Richard A. Dice, Bridgeport, Conn., son of Mr. and Mrs. Arling J. Dice of Marion. Miss Tripp, an SUI graduate, has served as Teen-age program director for the YWCA in Mount Vernon the last year. Dice, also an SUI graduate, is employed by the General Electric company in Bridgeport. The wedding is planned for Sunday, Sept. 2, in Mapleton.

MR. AND MRS. MALCOM M. ROGERS of Sumner announce the engagement of their daughter, Charlotte Ann, to Lowell Dean Baxter of Bedford. Miss Rogers was graduated from SUI in June. Baxter will be a senior in the college of medicine. The wedding is planned for Aug. 12 in Iowa City.

## L. C. Wood Appointed to Merit System Council

DES MOINES, IA. (AP) — L. Curtis Wood, 38, Cedar Rapids, President of the Cedar Rapids Federation of Labor, Thursday was named to the Merit System council for a two-year term. The appointment was made by Gov. William S. Beardsley.

**CORRECTION**  
 Because of an error in handling, the wrong caption was run with Miss Rogers' engagement picture in Thursday's Iowan. The Daily Iowan regrets that this error occurred.

**IOWA'S WOOL**  
 Iowa produces 2.3 per cent of the wool in the United States.

# Reynolds Pitches No-Hitter

CLEVELAND (AP)—Indian Allie Reynolds, throwing with bone chips in his elbow and grim determination in his heart, pitched a no-hit, no-run victory over Bobby Feller Thursday night as the Yankees beat the Indians, 1-0.

Feller, who pitched the third no-hit game of his career only two weeks ago, gave only four of them Thursday night—and none before the sixth inning. But the peerless performance was that of Reynolds, a snub-nosed, gold-toothed, part-Greek Indian who has been with the Yanks since 1947 when he joined the club on the recommendation of Joe DiMaggio.

This was the first no-hitter of Reynolds' career, and his 10th victory against five defeats this season.

Reynolds, who walked only three men, retired in order the last 17 men he faced. The only other Indian to reach first was Bob Avila who got there in the first frame when Phil Rizzuto fumbled his grounder.

The only run of the game was a homerun by Gene Woodling in the seventh inning. Before that Mickey Mantle had doubled against Feller in the sixth inning and Gil McDougald singled after Woodling's homer in the seventh.

## Red Sox Take 2

CHICAGO — The Boston Red Sox swept into first place in the tight American league pennant race with a double victory over the former frontrunning White Sox, 3-2 and 5-4 in 17 innings.

In both games it was the home-run power of the Red Sox that decided the outcome of the game. In the first encounter it was Clyde Vollmer's four-bagger that provided the two runs necessary to victory.

The Comiskey's almost won the first game when they rallied for two runs in the ninth and had the tying run on third before Dillinger supplied the third out.

The second game was the longest night game in American league history.

Ellis Kinder, who pitched 10 scoreless innings for the Red Sox was credited with the win, his fifth against no defeats. Saul Rogovin went the entire route for the White Sox to absorb his fifth defeat against as many wins.

## Tigers 5, Nats 4

DETROIT (AP) — Hoot Evers slammed his sixth homer of the season to give the Detroit Tigers a 5-4 win over the Washington Senators Thursday — but the generosity of two Washington pitchers provided two big Tiger runs.

Starting pitcher Bob Cain recorded his eighth win against six losses. He was aided when Senator pitcher Fred Sanford, the loser, and Mickey Harris, twice walked batters with the bases loaded to force in runs.

George Kell, Vic Wertz, and Evers with two hits each, paced the 10-hit blast against four Senator hurlers.

# Larsen, Flam Win In Claycourt Tennis

CHICAGO (AP) — Top-seeded favorites, headed by National Singles champion Arthur Larsen of San Leandro, Calif., moved into the quarter-finals of the 41st National Claycourt tennis championships at the River Forest tennis club Thursday afternoon.

Larsen had little trouble defeating Fred Hagist of Sacramento, Calif., 6-3, 6-3.

Herb Flam of Beverly Hills, Calif., defeated 37-year-old Charles Hare of Chicago, 6-3, 7-5. Joining Flam and Larsen in the upper-bracket quarter-finals was Hamilton Richardson of Baton Rouge, La., National Junior champion, who ousted Hugh Stewart of Los Angeles, half of the national intercollegiate doubles champs, 6-2, 7-5.

Tony Trabert of Cincinnati, intercollegiate singles champion and favorite to sweep through this tourney's lower bracket, gained a quarter-final berth by whipping Conway Catton of San Francisco, 6-2, 6-4.

# DiSalle May Be Baseball Czar

WASHINGTON (AP) — Price administrator Michael V. DiSalle was reported Thursday to be a top candidate for baseball's high commissioner, but the colorful lawyer-politician was noncommittal on the subject.

Some big league owners are eyeing the former mayor of Toledo as a successor to the outgoing A. B. (Happy) Chandler, who is resigning by request next Sunday.

DiSalle's name will be con-sidered when the big league club choose the new baseball czar. The post pays \$85,000 a year.

DiSalle smiled cryptically when asked if he would take the high commissioner's job.

"No one in baseball has talked to me about it," he said. "It looks like I'll still be catching here for a while."

# Fazio Shoots Record 63 in Davenport Golf

DAVENPORT (AP) — George Fazio, an unassuming 36-year-old professional from Pine Valley, N.Y., shot a record-smashing 63 Thursday to take the 18-hole lead in the Western Open golf tournament.

It was the lowest score in the 48 years of Western Golf competition and smashed the Davenport country club course by a single stroke.

Fazio, sinking an eight foot putt on the 18th green, slipped seven strokes below par to establish his two marks.

Ralph Guldahl of Chicago originally set the record here in 1938 when he finished with a 64 to take the first of his three straight championships.

Dr. Cary Middlecoff of Memphis, Tenn., the former National Open king playing with Fazio, zoomed into second place with a 66. He had 34-32 compared with Fazio's 32-31.

Sam Sneed, the defending champion, found himself seven strokes off the pace at the quarter-mark of the 72-hole test.

# Cards 2, Giants 0

NEW YORK (AP) — Gerry Staley blanked the New York Giants, 2-0, on four hits Thursday as the St. Louis Cardinals slipped past the losers into second place in the National league by one percentage point.

Losier Larry Jansen gave up only three hits but one was a two-run homer by Billy Johnson in the fifth inning. Any chance the Giants had against the righthanded slants of Staley were cut short by four St. Louis doubleplays.

Staley allowed only singles in winning his 12th game against eight losses. Jansen, replaced by Monte Kennedy in the ninth inning, suffered his eighth setback against 11 wins.

St. Louis ... 000 020 000-2 3 0  
New York ... 000 000 000-0 4 0  
Staley (12-8) and Rice; Jansen, Kennedy (8th) and Westrum. LP-Jansen. HR: St. Johnson.

# Sollazzo Pleads Guilty on 28 Counts

NEW YORK (AP) — College basketball's master fixer, Salvatore T. Sollazzo, 46, pleaded guilty to 28 counts of bribery and conspiracy Thursday.

He could receive a maximum sentence of 271 years imprisonment and \$270,500 in fines.

Oct. 4 was the date set for sentencing by general sessions judge Saul S. Streit. Sollazzo, who has failed to raise bail, was remanded to jail pending sentence.

He pleaded guilty to 27 counts of bribery—for which he could be sentenced to from five to ten years each—and one count of conspiracy, which carries a one year term. He could be fined \$10,000 on each of the bribery counts and \$500 on the conspiracy counts.

Sollazzo pleaded innocent to two bribery counts of the 30-count indictment.

# Objections To Negro Family Bring Riots, National Guard

CHICAGO (AP)—Steel-helmeted national guardsmen—rushed in by trucks—used rifle butts Thursday night to drive back a mob that smashed into police lines guarding an apartment building in suburban Cicero where a Negro family has rented a flat.

At least six persons, including three national guardsmen, were injured and taken to McNeal memorial hospital in suburban Berwyn.

The crowd peppered the guardsmen, policemen and the apartment building with bricks, stones and firecrackers. Several police cars were damaged by hurled bricks.

There were no floodlights at the scene and the melee took place in the dark.

The guardsmen were ordered into Cicero late Thursday by Gov. Adlai E. Stevenson—to prevent rioting in the apartment area. A Cicero policeman was seriously injured Wednesday night when struck by a brick. Many windows in the 20-apartment building have been smashed and furniture dumped out of the windows.

The guardsmen arrived at the apartment soon after the mob rushed police lines. Cicero policeman and sheriff's police had used clubs to hold back the crowd.

The guardsmen leaped from

# 'Public Enemy' Tait Nabbed in Florida

MIAMI, FLA. (AP)—Ernest Tait, lispng gunman listed as one of the FBI's 10 most wanted public enemies, was arrested Thursday while he was having his new car tuned up to continue his flight from the law.

The slim, scar-faced Tait, who whistles through his nose when he talks, was added just Wednesday to the 10 most wanted list. He surrendered to federal officers without a struggle. He was in his shirtsleeves and unarmed when the officers nabbed him.

"I'm glad it's over," chief FBI Agent R. W. Wall quoted the 36-foot bandit as saying.

Wall said two loaded .45 caliber automatic pistols and a collection of burglar tools were found in the glove compartment of Tait's new tan Oldsmobile.

# Blast Kills 7, Destroys Section of Jet Plant

INDIANAPOLIS, Ind. (AP) — A shattering explosion killed seven employees in a closely-guarded experimental building of the Allison jet aircraft engine plant Thursday, but military authorities announced that no sabotage was involved.

Another workman, final member of an eight-man skeleton night crew, was injured seriously.

Maj. Harold E. Wilber, air force commander at the sprawling 75-acre plant, blamed leaking gas for the blast and said there was "positively no sabotage involved."

"It was just an industrial accident," Wilber said. The explosion and a following fire destroyed test cells of experimental plant No. 3 at Allison, a division of General Motors corporation and one of the nation's largest producers of jet engines for military planes.

The company said its engines power the F-80 Shooting Star, F-84 Thunderjet, F-89 Scorpion, F-9-F Panther, XB47C Stratojet bomber, and others.

Guards of military police were thrown around the plant and pictures snapped by news photographers were seized. The air force later said this was a precaution and that the pictures were developed, screened for security and returned to the photographers.

Wilber said 20 test cells of the building, which handled overflow from the main experimental plant No. 2, were destroyed. Each was 20 by 50 feet in size with concrete partitions in between.

The inside of the building, including partitions, was wrecked and only the 12-inch concrete outside walls were left standing. The blast showered debris over a six-block area of suburban Speedway City, where the plant is located.

The dead were identified as Robert E. Cunningham, 24; Leonard R. Nyman, 23; John D. Glass, 25, and Keys H. McConaghy, 30, all of Indianapolis; Glenn I.

SEVEN MEN WERE KILLED Thursday in an explosion that left General Motor's jet engine plant in Indianapolis a mass of tangled wreckage. The blast demolished the interior of the reinforced concrete building. Roscoe McKinney, Indianapolis fire chief, is shown dragging a hose used in putting out a fire following the blast while an unidentified workman looks over the wreckage.

Naugle, 26, Pittsboro, Ind.; Harry Clark Jr., 32, Danville, Ind., and Harry C. Welborn, 43, Maxwell, Ind. McConaghy was the night foreman.

Carl R. Gardner, 33, a mechanic, was taken to a hospital with serious injuries. Officials said he was blown through a door by the blast.

Five bodies of the dead were recovered and those of the others awaited lifting of tons of rubble.

The air force said a preliminary investigation indicated that accidental ignition of leaking gas caused the blast, but did not elaborate. It was not announced whether engines were being tested at the time.

Earlier it was reported that Welborn, a plant fireman, was called to investigate a leak. He was said to have been talking on the telephone, reporting the leak, when the blast occurred.

Allison officials said that casualties could have been much greater if the explosion had occurred a few hours later when 100 to 150 dayshift workers were present.

COTTON GREW WILD Cotton once grew wild in many lands. The Greeks called it "tree wool" but used little of it.

# Four Tavern Owners Face Loss of Class 'B' State Beer Permits

DES MOINES (AP) — Possible revocation of three or four class "B" beer permits will be discussed at a state beer permit board meeting next week, Mel Synhorst, secretary of state and board chairman, said Thursday.

Synhorst said he had received complaints from sheriffs about the operation of four taverns, and had asked the attorney general if the complaints were sufficient basis for revocation of the permits.

Synhorst said he was advised that the beer permit board should make its own investigation.

He said he had complaints from Sheriff Howard Reppert regarding Critelli's Stage-Sho bar in Des Moines, and from Sheriff A. S. Christopher of Fremont county about taverns operated by Tom Skahill and John Jacob at Imogene. He said a fourth complaint was received, but did not disclose the name of the operator nor the location of the tavern.

# 2-Month-Old Baby Dies After Bottle Feeding

COUNCIL BLUFFS, Ia. (AP) — A two-month-old boy died in his crib here Thursday only a few minutes after his mother had given him a bottle feeding.

The cause of death was not immediately determined. Coroner Henry Meyer identified him as Randall A. Sloderbeck, son of Mr. and Mrs. Darl Sloderbeck of Council Bluffs.

# 900 Beasts In Strike-Bound Zoo Cry for Food

PITTSBURGH (AP) — More than 900 hungry, caged animals set off a bedlam of noise at strike-bound Highland Park Zoo Thursday and attendants warned that many of them were "potentially dangerous."

The jungle beasts were without food for more than 24 hours. A handful of supervisory employees worked feverishly to feed the restless lions, tigers and other meat-eating animals before they became crazed with hunger.

The strike, first in the 50-year history of the zoo, broke out without warning this morning when 23 CIO utility workers reported for work as usual but refused to prepare food, carry water or clean out cages.

The customary 9 a. m. feeding was omitted. Superintendent E. J. House promptly ordered the idle workers home and closed the zoo gates to protect visitors from possible harm.

"Most of the animals don't have to be fed everyday," he said. "But some of the cats get hungry awful quick."

The cry for food from the cages reached a terrifying pitch by midday. Two huge elephants trumpeted and smashed their shoulders against the cage doors. A hyena with a new-born baby paced wildly and the polar bears rattled cage bars with a force heard blocks away.

# Brazilian Airliner Crashes in River; 32 Reported Killed

RIO DE JANEIRO, Brazil (AP) — A Brazilian airliner crashed into the Sal river in northeastern Brazil Thursday, carrying 32 persons to their deaths.

The two-engined DC-3, operated by the Paulista air lines, left Recife (Pernambuco) early Thursday on a flight to Rio de Janeiro. It made a safe landing en route in the provincial capital of Maceio, despite heavy rain-squalls.

Soon after taking off from Maceio, the plane crashed into the river near Aracaju, a provincial capital 875 miles north-northeast of here. The cause of the crash was not immediately determined.

The air line's office here reported that everyone aboard the plane perished in the crash—four crewmen and 28 passengers, including three children less than two years ago.

The news agency Meridional reported that Gov. Dixsept Rosado of Rio Grande do Norte state was aboard the plane. The air line could neither confirm nor deny the report, because complete passenger lists had not yet been received here.

The Brazilian chamber of deputies adjourned at 3:30 p. m. Thursday in token of official mourning for the crash victims.

# President Okays Controversial Bill

WASHINGTON (AP) — President Truman Thursday signed the highly controversial "wetback bill," authorizing the recruitment of Mexican farm laborers.

The bill had been urgently supported by southwestern farm interests and opposed by the AFL and CIO.

The white house said the president expects to send congress a message about the bill today, presumably outlining steps to halt the illegal immigration of Mexicans across the Rio Grande. These are the "wetbacks," who get the nickname from the fact that many of them swim across the river to the United States.

# Okoboji Boaters Challenge Ruling

SPRIT LAKE (AP) — Two charter boat operators from Lake Okoboji went to court Thursday to challenge a state law which would require them to get concession permits from the state conservation commission.

Frank J. Spotts, water taxi operator, and G. K. Halverson, a steamboat operator, both of Arnold's Park, filed the test suit Thursday in Dickinson district court here.

# Coupee's Air Ban To Be Discussed

FORT DODGE (AP) — The Iowa High School Athletic association's board of control and a committee of radio broadcasters will meet at Newton July 25 to discuss the IHSAA ban on Al Coupee, sports director for radio station KRZY, Des Moines.

Ed Breen, president of station KVFD and chairman of the radio broadcasters committee, said he received an answer Thursday to his request for a meeting.

The ban on Coupee was disclosed at the state high school track meet at Ames. WOI-TV said it was told by Lyle Quinn, executive secretary of the IHSAA, that it could not televise the program if Coupee participated in the broadcast.

# Local American Legion Elects Gies Commander

Alfred H. Gies, 108 S. Linn st., has been elected commander of Roy L. Chopek Post No. 17 of the American Legion.

Other officers elected at a meeting this week were Marc Sutton, first vice-commander; Donald Schmidt, second vice-commander; George Leonard, finance officer; Lou E. Clark, historian, and Richard Clinie, chaplain.

Harry Graham and Graham Marshall, SU1 fraternity counselor, were named to the executive committee.
