# Sigma Phi Epsilon Suspended; Beer Found In House

Sigma Phi Epsilon social fraternity Thursday was ordered to suspend "all fraternity activities," after SUI officials said beer was found in the chapter house.

The suspension will remain in effect pending a hearing before the faculty committee on student life, Dean of Students L. Dale Faunce said in a prepared statement.

Prof. J. W. Howe, committee chairman, has called a meeting of his group for next Thursday.

Consumption of intoxicants on the fraternity house premises "is not involved" in the reported infraction of SUI regulations, Faunce emphasized.

He said inspection of the fraternity house, 702 N. Dubuque st., and discovery of a three-gallon milk can containing beer was made, "after receiving rumors that beer had been brought on to the premises."

Joe Campbell, president of Sigma Phi Epsilon fraternity, accompanied the dean of students in his inspection.

Graham E. Marshall, fraternity counselor, said Thursday night that the university's ruling means curtailment of chapter social events, inter-fraternity sports competition and pledge program until the faculty committee hearing.

"Suspension includes practically every chapter activity, except living, eating and sleeping as a group," Marshall said.

Faunce said that if any further action is to be taken, it will be done after the faculty committee submits its recommendations.

Purpose of the hearing, Faunce pointed out, is "to enable all the facts to be presented."

It is the policy of the office of student affairs, the dean of students added, to investigate all rumors concerning possession of intoxicating beverages by students or student groups.

SUI regulations prohibit "possession or consumption of beer, wine or other intoxicating beverages by any student on the campus or within a dormitory, chapter house or rented room."

Violation of the rule is cause for dismissal from the university.

Fraternity groups are informed when their charter is granted at SUI that they are to be "held responsible collectively" for violation of university regulations subject to a student life committee hearing, Faunce said.

Suspension of the Sigma Phi Epsilon fraternity here Thursday was the second in less than two years.

The previous time was Dec. 15, 1949, after Margaret Jackson, SUI student from Burlington, was found dead in a rooming house in Iowa City.

It was reported that she and Robert Bednasek, former SUI student from Cedar Rapids, had been to a party at the fraternity house shortly before she was found dead.

SUI officials found a bar at the chapter house that time.

Bednasek was tried and acquitted of murder in connection with Miss Jackson's death.

## Giles to Head National League

CINCINNATI (AP) — Warren C. Giles will become president of the National league Oct. 16 and will establish headquarters in Cincinnati.

That was determined Thursday when Giles, president and general manager of the Cincinnati Reds, accepted the invitation of other clubs in the circuit to take the post.

He will succeed Ford Frick, who last week was elected baseball commissioner. It was understood Giles' salary will be $55,000 a year, although he declined to comment on that subject.

## 1 Active Polio Case At University Hospitals

Only one active patient was reported in University hospitals Thursday, as one new case was admitted, another discharged and two transferred to the inactive list.

Admited was Douglas Naylor, 7, Keswick, who was reported in "fair" condition.

Discharged was Bruce Haach, 13, Clinton, and transferred to the inactive list, Lee Peterson, 6, Ottumwa, and Sigrin Thorsen, 8, Waterloo.

## 12 Years to Gross For Police Graft, Policeman Bribes

NEW YORK (AP)—Boss Bookie Harry Gross was sentenced to 12 years in prison Thursday, partly for wrecking Brooklyn's big graft case against 18 policemen.

A three-man special sessions court penalized him as operator of a $20 million gambling ring that paid $1 million a year bribes to police.

But presiding Justice William B. Northrup made it plain the sentence also was based on Gross' dramatic refusal last week to testify against the cops.

Michael Kern, attorney for the dapper, 35-year-old bookie, said the sentence would be appealed at once.

Gross apparently took it without batting an eye. He showed no emotion as he was hustled off to jail.

He could have gotten 68 years and nearly $34,000 in fines on 66 counts of gambling and conspiracy. Even the state didn't hope for that much, however.

District Attorney Miles F. McDonald was shooting for a sentence of about eight or at the most 12 years, plus a fine.

There was no fine.

The special sessions court, instead, gave Gross one year on each of 12 counts and suspended sentence on the rest. The bookie was ordered to serve the one year sentences one after another.

Gross, married and with two small children, faces an added prison term for contempt of court, growing out of his trial-wrecking tactics.

Brooklyn Judge Samuel S. Leibowitz gave him five years and a $15,000 fine from the bench. An indictment for criminal contempt which superceded this carries a 10 year maximum and a $10,000 fine if Gross is convicted on trial.

## Hays Tells Congress Beardsley Tax Case Should Be Watched

WASHINGTON (UP) — Rep. Wayne L. Hays, (D. - Ohio) said Thursday congress should keep a watchful eye on the income tax case involving Gov. William S. Beardsley of Iowa.

Beardsley sent a $13,000 check to the bureau of internal revenue to pay back income taxes, fines and assessments, Hays told the house.

"This is certainly a matter which we should watch closely and even consider for possible criminal investigation," he said.

He said he understood the Beardsley case "is a rather fantastic story."

"Perhaps the most fantastic thing of all is the governor's statement as quoted in the Des Moines Register for Sept. 13, in which he admits that he has offered to settle his income tax case for $13,000, and he says that it is a purely personal matter.

"Since when is the integrity of the governor of a great state purely a personal matter?"

## Freedom Crusade Will Arrive in IC To Raise Money

A Crusade for Freedom motorcade is scheduled to arrive in Iowa City at noon today, as part of an Iowa tour to raise funds to help fight communism.

The motorcade will present a demonstration at 12:30 p.m. on E. Washington st. just west of City hall.

Included in the demonstration will be the release of a helium-filled balloon to show one method of sending information into Soviet-dominated countries.

Members of the Iowa City American Legion will assist the motorcade and will distribute coin-collection boxes. Those contributing to the Crusade for Freedom will be given a button signifying their help in the campaign.

Mayor William J. Holland and members of the city council will attend the demonstration.

Otherwise, he is subject to penalties including fines, and may be intercepted by fighter aircraft.**

## Royal Family Named Council of State By King George

LONDON (UP)—King George VI Thursday appointed five members of the royal family to serve on a council of state which will transact royal business while the king recuperates from a serious lung operation.

The members of the council are the king's wife, Queen Elizabeth; their daughters, Princess Elizabeth and Margaret; his younger brother, the Duke of Glouchester, and his only sister, Mary, the princess royal.

An announcement made public at Buckingham Palace said the king, despite his illness, had signed the order creating the council.

Court sources said the appointment of the counsellors did not indicate any particular development in the king's illness. There was no doubt, however, that it meant that it would be some time before the king could resume his regular duties.

Similar groups of counsellors —known unofficially as councils of state—have been appointed three times in the past 15 years, during the last illness of King George V in 1936 and during George VI's absence from the country on trips to the United States in 1939 and to South Africa in 1947.

Such a council has full royal powers, with two exceptions—it cannot dissolve parliament without express instructions from the king, and it cannot create new members of the nobility.

Tuesday's medical bulletin said the king is "stronger," and hope that he would soon be out of immediate danger was seen in an announcement that Princess Elizabeth plans to start her postponed Canadian tour Oct. 9.

## Prof. Kennedy Elected Chairman Of SUI Council

Prof. Frank R. Kennedy, college of law, has been elected chairman of SUI's University council, it was announced Thursday.

Kennedy succeeds Prof. Allen T. Craig, mathematics department.

Named secretary of council was Prof. Jerry J. Kollros, zoology department.

New members elected to membership on the council were Prof. Robert M. Featherstone, pharmacology department; Prof. William R. Irwin, English department, and Dr. Robert C. Hardin, associate professor of internal medicine and assistant dean in charge of veterans administration affairs.

Profs. Lloyd A. Knowler, mathematics department, and Louis C. Zopf, college of pharmacy, were reelected to the council.

The University council, composed of 16 faculty members, considers and discusses university policy with Presirent Hancher, facilitates communications between faculty and the President and designates faculty committees to study various problems.

Selected by the faculty for staggered three-year terms, council members elect their own officers.

## Homecoming Monument Contest Opens at SUI

Rules for the design contest for the 1951 Homecoming monument were announced Thursday by the Associated Students of Engineering.

The contest, open to all SUI students and the general public, will continue through Oct. 5. Homecoming is the weekend of Oct. 20.

All designs for this year's monument are to be submitted to the office of the dean of engineering on the first floor of the Engineering building by 5 p.m. Oct. 5.

The cash prize for the winning design will be $20.

Those submitting designs are asked to attach their names and addresses in such a manner that they may be easily removed.

This identification is to be removed and all design entries numbered so the identity of the contestants will be unknown to the judging committee.

Designs will be judged on the basis of originality, ease of construction, pleasing appearance and appropriateness to the occasion.

The size must be limited to 10 feet wide, 15 feet long and 15 feet high. Either a model or drawings (front and side view) constitute an entry in the contest.

The engineering association, builder of the monument, urged applicants to incorporate corn in their designs if possible. Homecoming monuments in the past few years, with the exception of last year, have been built without Iowa's chief product.

This year the monument will be mounted on wheels and become a part of the Homecoming parade the night of Oct. 19.

**IOWAN TO HEAD SESSION**

DES MOINES (AP) — Mrs. Hiram Cole Houghton, Red Oak, president of the general federation of women's clubs, will serve as chairman of the afternoon session next Thursday of the annual convention of the National Society for Crippled Children and Adults in Chicago.

## Entries Available Today for Floats

Entry blanks to enter floats in the Iowa City 1951 Homecoming parade will be available at 9 a.m. today at the Veterans Service office, University hall.

These entry blanks must be completed and returned to the Veterans Service office between 9 a.m. and 4 p.m. Tuesday. Entries will not be accepted after that time.

A formal theme was not selected for this year's parade, the third such annual affair. Since the parade is an intregal part of the entire Homecoming celebration, the general ideas, events and traditions surrounding Homecoming weekend are expected to provide ideas for floats.

Prizes will be awarded in three general classifications of competition. These are single groups, multiple groups (more than one group working cooperatively upon the design and execution of a float) and non-university groups. The average age of the members of the non-university group must be less than 18 years.

Any single group or combination group submitting a float may have its float sponsored by an Iowa City merchant if the group so desires.

The parade committee this year has placed a financial limit of $50 on the construction of floats, with the expectation that all university groups will abide by a "gentleman's agreement." Merchants who will sponsor floats have agreed to limit their contribution to a maximum of $50.

A sketch and detailed description of all floats must be submitted to the Veterans service office on or before Oct. 12. Failure to do so may cancel an entry.

# OPS Information Order Revoked By Truman

## Iranians Lock Out British Oil Workers

TEHRAIN, IRAN (UP)—Iranian soldiers took over the giant Abadan refinery of the nationalized Anglo-Iranian oil company Thursday in a swift move which locked British technicians oustide the refinery gates.

Only 10 key Britons of the more than 300 technicians who have been told to get out of Iran by Oct. 4, were given passes to the refinery by the Iranians who effected the seizure at dawn.

All the others, including refinery manager B. K. Ross, Britain's top oil technician, found their way barred by the bayonets of stoney-faced soldiers when they came to work.

Their armed guards were put on power stations and water-pumping stations, and it was explained they were watching against possible sabotage.

Anglo Iranian chief representative Alick Mason, was one of the Britons informed their services would not be required after Thursday, said:

"There was no cooperation on our side in this take-over."

Manager Boss and works manager Ben Cauthrey, after making protests, were given permits to enter the refinery and watch the seizure which took only a few hours.

"It was a bit tough not being able to enter our own refinery," Ross said. "But we were met at the gates by a posse of soldiers and you can't argue with blokes with bayonets."

In Tehran, meanwhile, Premier Mahammed Mossadegh, pledged Iran would "struggle" against Britain for its rights, as a crowd outside parliament wept and shouted "let us kill—death to them."

## Communists Loose Rash of New Attacks In Central Korea

U.S. EIGHTH ARMY HEADQUARTERS, KOREA (FRIDAY) (AP) — Communist troops loosed attacks up to regimental strength in central and eastern Korea Thursday, touching off battles that still raged today.

American and French infantrymen, however, kept up the pressure on Red-held "Heartbreak Ridge" in eastern Korea. They renewed assaults only yards from the top of the highest peak.

The rash of Comunist attacks began Thursday and stretched from the Iron Triangle area of central Korea eastward to the punchbowl in the mountainous east.

An eighth army staff officer said several pitched battles raged past midnight.

As fighting on the ground intensified, far east air forces warplanes stepped up their campaign against Communist supplies with more than 1,000 flights.

## Truman Asks Law Exposing Top Incomes

WASHINGTON (AP) — President Tuman, taking note of charges that graft is "running rampant", asked congress Thursday for swift passage of a law to expose the total income of all top U.S. officials each year — including the lawmakers.

In a dramatic and unheralded move, the President said it should be spread on the public record exactly how much money, gifts or loans are received by those responsible for running the nation.

He said the list should include members of congress themselves as well as cabinet members, generals, admirals, judges, all high-salaried government employes and bigwigs of both major political parties.

Mr. Truman urged the lawmakers in a special message to enact the legislation promptly as an important step to prevent "improper conduct" and guard against "unfounded suspicions."

Mr. Truman said the truth should be known, partly because there has been "a deliberate effort to discredit the government service."

The President sent the message to the capitol even as his own party chairman, William M. Boyle Jr., took the witness stand as the central figure in the latest of a long series of congressional investigations into charges of tricky deals in high places.

Boyle appeared before a senate inquiry committee which is looking into published reports that he used his influence as chairman of the Democratic national committee to sway big government loans. He denied them.

Also Thursday, Mr. Truman disclosed he had suspended the collector of internal revenue at San Francisco on grounds of "incompetency" and the revenue bureau announced the suspension of eight others in the same office, one of them accused of embezzlement and one charged with juggling accounts.

Mr. Truman, in his proposal, suggested violations be punished on the same basis as violations of the income-tax laws.

## Book Exchange To Be Converted Into Study Lounge

A total of 183 books, and $122 have still not been claimed at the SUI book exchange it was reported at a meeting of the student council Thursday evening.

The council plans to send post cards to those students who have not claimed their books.

It was also announced that the book exchange, which has been located on the first floor of Schaeffer hall, will be converted into a student study lounge soon.

The lounge, a council member said, will contain tables, chairs and other furnishings as well as newspapers and magazines.

The study lounge will be open from 8 a.m. to 5 p.m.

It was also announced that the deadline for the applications for a Campus Chest chairmanship have been extended until 5 p.m. tonight. All applications should be turned in to the Office of Student Affairs.

A report on the 4th U.S. National Student association USSA) congress was given by two council members who attended a meeting held this summer in Minneapolis, Minn.

Upon the basis of the delegates' reports the council voted down SUI affiliation with the USNSA for the current school year.

**FRIVOL ON SALE SATURDAY**

The October issue of Frivol will be on sale at the Iowa stadium Saturday, Editor Cecile Rinehart, said Thursday.

The issue, which was sold to students during registration, will cost 25 cents.

## Ends Storm Of Protests By Congress

WASHINGTON (AP)— President Truman Thursday night ordered the office of price stabilization to withdraw instructions it had issued to its employes not to make public any information that "might cause embarrassment to the OPS."

Presidential Secretary Joseph Short announced that by direction of Mr. Truman, the OPS is withdrawing the controversial order immediately. It had been disclosed earlier Thursday.

Short said Mr. Truman felt the order "might be misconstrued" in connction with his own order of Tuesday setting up uniform standards for release of security information.

In Chicago, Michael Di Salle, OPS head who was returning from speaking tours in the west, said "If I'd been there (in Washington) we wouldn't have needed a request from the president."

He said he thought the directive was "poorly conceived."

"If we were going to prevent embarrassment to the OPS we might even stop issuing some regulations," Di Salle added. He did not comment further on this last statement.

The OPS order touched off a storm of protest in the senate, where it was denounced Thursday night as "a blow at liberty" and as "dictatorship."

Several lawmakers shouted angrily that the edict stemmed from Mr. Truman's order.

Sen. John W. Bricker (R.-Ohio) demanded a congressional investigation. Sens. Burnet R. S. Maybank (D.-S.C.) and Homer Ferguson (R-Mich.) said congres should forbid the price agency to spend a cent of its appropriation to put such an order into effect.

Thursday night's White House statement said:

"Although assured by the agency that it had no intention of classifying its operations as 'security information,' the President determines that the bulletin was so broad that it might be misconstrued in violation of his executive order, issued on Tuesday, requiring certain safeguards for 'security information' and limiting use of these safeguards to bona fide security information."

Short said he had just talked to price director Michael V. Di Salle in Chicago and that Di Salle told him he knew nothing of the OPS order.

The White House statement recalled that Mr. Truman had stressed that his own security order was not to be "used to withhold non-security information or to cover up mistakes made by any official or employee of the government."

It continued:

"In the work of the OPS, it is frequently necessary to obtain confidential information from businessmn which naturally cannot be divulged to competitors or others.

"OPS will prepare a new bulletin to clarify this problem."

The OPS bulletin to its staff was issued over the name of Richard F. Cook, assistant director for management."

Cook issued a statement immediately after the White House order, saying he was "glad to withdraw the staff bulletin."

"It was in no way intended to place any restriction whatsoever on the dissemination of legitimate information on the agency's activitis, decisions. or policies which have been formulated or adopted." Cook said.

## Commissioner Suggests Hunters Kill Skunks

BISMARCK, N.D. (UP)—North Dakota's game and fish commissioner suggested Thursday that hunters who start going afield today in the first of this year's upland gamebird seasons kill skunks along with grouse and Hungarian partridges.

H. R. (Bud) Morgan said it would be a good idea for hunters to shoot any skunks they might encounter while hunting for gamebirds. Skunks have been blamed for an outbreak of rabies in North Dakota animals this year.

Morgan points out that the season on skunks is open the year around.

# WCTU Group Asks Aid to 'Deglamorize' Drinking on TV

REEDSBURG, WIS. (UP) — The Wisconsin Woman's Christian Temperance Union has appealed to radio, movie and television leaders to eliminate liquor drinking scenes, "especially those that glamorize the use of alcoholic beverages."

The resoultion was among a number the group passed unanimously before re-electing its officers in its final session.

The WCTU also voted to support:

A program to rehabilitate alcoholics through medical and spiritual aid, and to campaign for total abstinence in liquor.

# Review Parking Rules Governing Student Autos

For the benefit of all new SUI students The Daily Iowan is reprinting the parking regulations governing SUI students and faculty members.

**A. Identification**

It is required that any student or member of the faculty or staff of the university, operating a motor vehicle within the vicinity of the campus must display an identification on the motor vehicle where it can be plainly seen without entering the vehicle.

(1) For "Iowa" licensed cars, operated by the owner, the license certificate shall suffice. Such certificate shall be displayed so that the owner's name can be plainly seen without entering the vehicle, as required by the Iowa Code.

(2) For all other motor vehicles, including out of state licensed motor vehicles and "Iowa" licensed motor vehicles operated by a person other than the individual in whose name the vehicle is registered, a typewritten gummed label shall be affixed in a location that can be easily read without entering the motor vehicle. Such label shall carry the name of the operator of the motor vehicle—if a student, the "student number."

**B. Parking Regulations**

(1) All restricted parking areas shall be adequately marked by suitable signs, painted curbs or other standard means. Restricted parking areas will in general be: vicinity of fire hydrants, fire lanes, fire escapes and fire exits, service drives, loading zones, narrow streets and parking lots reserved for special parking purposes.

(2) Unauthorized motor vehicles shall not be parked in any such restricted areas.

(3) Motor vehicles shall not be parked on lawns or other areas not normally available for parking purposes.

(4) Motor vehicles shall not be parked in such manner as to block sidewalks, cross walks, driveway, roadway or parking areas.

(5) Motor vehicles shall be driven and parked in a safe and orderly manner in all parking areas.

(6) All city ordinances and state laws which are applicable to parking and traffic are applicable on all city streets and alleys within the general campus area.

**C. Penalties and Violations**

Charges as listed below shall be assessed against the operator of the motor vehicle for each violation: each one-half day shall constitute a separate violation. These charges shall be automatically applied against the individual's account in the business office.

(1) For failure to properly display identification of operator as provided in section A.

First offense $5.00; Second offense $5.00 and disciplinary action.

(2) For all parking violations as provided in section B. In any one university year Sept. 1 to Aug. 31.

First offense $1.00; Second offense $2.00; Third offense $4.00 andn disciplinary action.

(3) Appeals may be made by students to the dean of students, by faculty to the provost and by others to the business manager. Excuses for violations shall not constitute a basis for appeal. Appeals shall be made in writing, stating succinctly but fully the grounds on which the appeal rests.

**D. Reserved Faculty Parking**

Any member of the faculty or staff, desiring the privilege of the use of parking areas reserved for faculty and staff may apply at the office of the Superintendent of the Physical Plant who has the authority to issue an identification insignia providing parking space is available. This identification insignia shall be displayed on the rear window of the car at all times.

# Ulcers for You, Too

## Little Frustrations Can Breed Big Ulcers, According to Female Psychiatrist

**By Central Press**

WESTON, CONN. — Although members of the communications fraternity are inclined to the belief that ulcers are an occupational hazard which afflict them almost exclusively, this just isn't so. In fact, the plumber in Grand Rapids or the pharmacist in Little Rock is just as likely to wind up with an ugly ulcer as is the editor of a newspaper.

The authority for this statement —which no doubt will be denied fiercely by every "huckster" in Manhattan—is an eminent psychiatrist—and a female one, at that. She is Dr. Frances Bush of Weston, Conn., who has devoted a great deal of her professional time in recent years to the study of frustrations.

Dr. Bush has found the study so fascinating that she has decided — you've guessed it! — to write a book on the subject. However, hers will be no weighty tome of sesquipedalian words that can be understood only by the doubledomes. Rather, it will be a semi-humorous book.

With publication for late autumn now being arranged, it will be titled "Don't Do It Now . . . Wait!! . . . And Get Ulcers!! It will depict, via text and cartoons, a number of familiar "I'll-put-it-off-for-the - moment -but-take-care-of-it-later" situations.

Generally speaking, Dr. Bush reveals, the little frustrations are the breeders of those big, bad ulcers.

The husband doesn't thing it such a heinous crime that he forgot to stop at the bakery near his office to bring home a dozen of those delicious blueberry muffins that "you simply can't get in Suburbia."

To the wife, though, such carelessness is only a step removed from forgetting her birthday or their anniversary. And, bing! She gets an ulcer; he gets a nagging wife.

On the other hand, the wife doesn't blame herself unduly for forgetting to put the anti-freeze in the family car, Oh, yes, he did remind her, then, the girls were coming in that afternoon, and she simply had to rush home and "pick up" the living room. When the garage sends in its $260 bill for repairing a cracked cylinder block, husband and wife have something in common; Ulcers!

Just as she exploded the theory that frustrations—and ulcers—are the exclusive property of members of the creative arts profession. Dr. Bush holds no particular brief for women as such. She is perfectly willing to admit that some women are better fitted for the factory than for the home.

"There is no scientific basis for the generally-accepted theory that all women are natural housewives," she insists. "Most people take it for granted that wives love to cook and clean house; to plan meals for their families, and to entertain, but it isn't so.

"As a matter of actual fact, many women are wretched housekeepers; neglect their duties in the home, and can never seem to remember to perform such routine chores as the restocking of staple items, replacing burned out light bulbs or sending clothes to the cleaner.

"It is particularly unfortunate—sometimes nearly tragic—when a procrastinating woman marries a methodical man, or vice versa."

While such procrastinations as failing to put the anti-freeze in the family automobile can be expensive as well as ulcer-producing, others, although less serious financially, are just as likely to prove physically injurious, according to Dr. Bush.

Offhand, she mentioned scores of put-it-off habits which may well lead to the growth of an ulcer, including delay in making the appointment with the dentist; failure to buy the children's back-to-school togs soon enough; forgetting to sew that button on Father's best blue suit until just before he must rush to catch his train; delaying the purchase of Christmas presents; putting off "thank you" notes, and so on ad infinitum.

Her forthcoming book, Dr. Bush admits readily, will change neither the nature of the procrastinating wife or husband not the methodical one's dislike of his partner's weakness in this respect.

However, she hopes it will make them both laugh. That, in itself, is the best known antidote for ulcers.

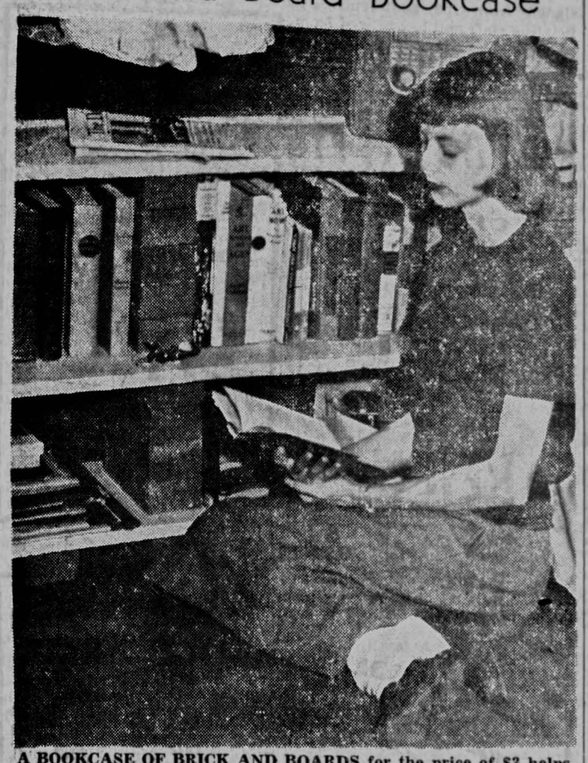
## Brick and Board Bookcase



A BOOKCASE OF BRICK AND BOARDS for the price of $3 helps to make a dormitory room more like home. Margaret Artley, A3, Hampton, who lives in Currier hall women's dormitory bought the materials from a local lumber company and finds that as well as making her room more attractive, the shelves are extremely practical. There is ample room for books, magazines, radio and knick-knacks of the type that grace every girl's room at college.

## Journalism Faculty Members to Speak

Four faculty members of the SUI School of Journalism will speak at the Iowa High School Press association convention Oct. 5-6 at Iowa State college.

Prof. Walter A. Steigleman, head of the editorial sequence, will lead a discussion on news writing.

Prof. Edward F. Mason, head of the pictorial journalism sequence, will speak on layout and makeup high school publications.

James Morrison, head of the newspaper production laboratory, wil lspeak on layout and makeup of high school papers.

### Panhellenic Scholarship Dinner, October 1

Womens' Panhellenic Association wil hold its 13th Panhellenic Scholarship Dinner on Monday, October 1st at 6:00 p.m. in the Main Lounge of Iowa Union. Dean L. Dale Faunce will be the speaker. Connie Menard, A3, Sergeant Bluffs, Iowa, is in charge of arrangements and Margaret McRoberts, A4, Des Moines, Iowa, is in charge of the program.

Each year Panhellenic sponsors a scholarship dinner which is attended by all sorority members and housemothers. On this occasion the Panhellenic Scholarship Cup is awarded to the Chapter maintaining the highest grade average in the preceding school year. The cup is a traveling award and must be won three consecutive years to remain in the permanent possession of a chapter.

## "Herky" Welcomes Students to Party

"HERKY" IS BUSY WELCOMING STUDENTS to "Herky's" Housewarming at the Iowa Union tonight, from 8-12 p.m. in the Union. Sponsored by the central party and entertainment committee, the dance will feature the music of Bobby Beers and his orchestra. Students shown with Herky are (left to right) Paul Sjulin, A1, Hamburg; Harriet Whitesel, A2, Cedar Rapids; Gene Feyen, C2, Davenport and Delores Horn, N1, Fort Dodge. Herky is, in reality, Dick Myers, A2, Des Moines.

## Players Needed For University Bands

Additional players of woodwind instruments, French horns, and drums are needed to complete the balance of the Fall Concert Band and the Football Band. Flutes, oboes, and clarinets are especially needed for the Concert Band.

Profesor C. B. Righter, Director of Bands, has requested available players of these or other instruments to call at the Band Office, Room 15, Music Studio building. Auditions to fill vacancies will be continued for at least another week. Some instruments are available without cost to qualified players.

### TOWN WOMEN MEET

Independent town women will hold their first mass meeting on Monday, Oct. 1 at 7:30 p.m. in conference room 2 of the Iowa Union.

## Eyes Need As Much Care As Rest of You

Important beauty assets. But often

The eyes are perhaps our most we do not care for them in the fashion such important glamour equipment deserves. Girls who wouldn't dream of going without their morning shower or relaxing sudsy bath, often forget that the eyes need a daily bath as much or more than the other parts of the body, especially when living in a smoky dusty city.

In the old days Grandma filled a basin with cool, clear spring water, ducked her face into it and opened her eyes. Nowadays there are good eyewash solutions on the market—or we can make our own at home with boracic acid powder and water.

"Never rub the eyes but with the elbow" goes an old saying and a good one. When you rub your eyes it not only irritates them but also stretches and sags the delicate skin surrounding them. When reading or sewing, it is advisable to look up once in a while to avoid eye-strain. Bad light, particularly dim artificial light is likely to cause weak eyes.

The care of your eye-framework —the skin around the eyes, eyebrows and lashes—is important. When we take our daily soap and water facial it is important to use the warm sudsy cloth to cleanse the skin surrounding the eye and also to soap-massage the eyebrows thoroughly, as they are dirt collectors.

For the last few years eyebrows have been coming into their own and now we find that the thin, arched line is no longer fashionable. Eyebrows once again are a complement to the eyes. Most girls find it necessary to pluck the eyebrows, as stray hairs must be removed and the space between the brows kept clean for the glamorous look.

Every girl should own a good tweezer—one that will pluck one hair at a time if necessary. A good tweezer wil clean out little stray hairs under and around the brows, without disturbing the natural growth of the eyebrow hairs. It is good to use a magnifying mirror when plucking the eyebrows. That, and a pan of hot sudsy water, a soft cloth and a good light are necessary equipment.

Keep in mind two important points if you have ideas about reshaping your brows: The highest point of your eyebrow arch should be directly over the pupil of the eye when you look straight ahead, and the eyebrow should start at a point directly above the outer edge of the nostril for best facial balance. You can find this point exactly by taking a pencil and holding it at the edge of the nostril, straight up to the brow. Mark the point where it crosses your eyebrows and clear out all hairs from there across the nose.

### EASTLAWN OPEN HOUSE

There is to be an Eastlawn Open House for graduates Saturday, September 29, from 8 to 12 p.m. in the Eastlawn Recreation Room

## *Shrimp Newburg, Friday Night Buffet*

Who said Shrmip Newburg is limited to restaurant menus. Granted it's an extra-special dish which seems to call for an extra-special occasion. But did you kow that this main dish is one which the homemaker-chef can manage, too?

If you look at the recipe in the next column, you may be surprised and happy to note how easy Shrimp Newburg is to make. It's merely a matter of combining the pink, meaty goodness of cooked shrimp with cream sauce.

For something really special serve Shrimp Newburg over crisp noodles. They're another easy-to-make, but professional loking food. Fry uncooked fine noodles in hot fat for about a minute and sprinkle with salt. The noodles are important budget news too, for they serve as a thrifty extender for the shrimp. You'll like to cook an extra amount and use them as the foundation for other creamed dishes.

A tomatoe-lettuce salad with Thousand Island dresing and enriched French bread with parsley-trimmed butter completes this admirable main course. You will enjoy serving this dinner buffet style because it's so easy to manage.

SHRIMP NEWBURG

1 egg
1 tablespoon enriched flour
½ teaspoon salt
Dash nutmeg
Dash paprika
¾ cup milk
1 cup cooked shrimp
Crisp noodles

Beat egg in top of double boiler. Add flour, salt, nutmeg and paprika and beat until smooth. Stir in milk. Cook over boiling water until thickened, stirring constantly. Add shrimp and heat thoroughly. Serve over crisp noodles.

## Profile Preview

(Daily Iowan Photo.)

A BROWN PLAID WESKIT suit, worn by Pat Brown, A1, Iowa City, is one of the outfits to be shown in the Profile Preview style show on Oct. 11. Sponsored by the University Women's association, the show will be high-lighted by the selection of Miss Perfect Profile. Pat chose a cotton blouse and brown suede shoes to complete her costume.

## *Beethoven Feature On Music Hour*

The first in a series of Wednesday evening music hours will be presented in Studio E of radio station WSUI-KSUI on Oct. 3 at 8 p.m.

Soloists will be Imre Waldbauer, violin and John Simms, piano, who will present the first of four recitals of the Becthoven violin sonatas.

They will play the Sonata in D major, Opus 12, No. 1, Sonata in A minor, Opus 23 and Sonata in G major, Opus 96.

## Crusade for Freedom Motorcade Here Friday

American Legionnaires will assist the Crusade for Freedom motorcade, scheduled to arrive in Iowa City at 12:30 p.m. Friday.

The releasing of a Freedom balloon, from a point in the business district, will be featured in the event, the balloon being similar to those now used in Europe to send messages of truth behind the Iron Curtain.

Attending the event will be Iowa City Mayor William J. Holland, members of the city council, and City Manager Peter F. Roan. The Crusade for Freedom motorcade is touring through Iowa, raising funds for the 135-000-watt radio station "Radio Free Europe," which went on the air in Munich, Germany, on May 1 this year. The balloon to be launched symbolizes the freedom balloon barrage which was sent over Czechoslovakia.

The motorcade will come to Iowa City from Marion, the balloon demonstration to be held after 12:30 p.m. Friday.

## Engaged

MR. AND MRS. CHRISTY McClatchey, Mapleton, announce the engagement of their daughter, Audria to William Hamilton, son of Mrs. Luany Hamilton, Iowa Falls. Miss McClatchey was graduated from the SUI college of nursing last year and is working at University hospitals. Mr. Hamilton, also an SUI graduate, was affiliated with Phi Kappa Sigma social fraternity. The wedding will be Nov. 25.

# Brooks Lose; Lead Cut To Half Game

## Braves' Rookie Hurls 4-3 Win

BOSTON (AP) — Rookie Chet Nichols pitched the aroused Boston Braves to a dramatic 4-3 victory over Brooklyn Thursday to slice the Dodgers' first-place national league lead to a half-game over the pressing New York Giants. The Giants weren't scheduled Thursday.

The Braves, still smarting over what they termed Brooklyn's "rubbing it in" tactics Wednesday, pushed over the winning run in the eighth inning on singles by Bob Addis and Sam Jethroe, and an infield grounder by Earl Torgeson.

So heatedly did the Dodgers protest plate Umpire Frank Dascoli's decision on the winning run that it resulted in the ejection of Catcher Roy Campanella and Coach Lavagetto and the exile of the entire Dodger bench with the exception of Manager Charlie Dressen and Coach Jake Pitler.

Campanella's eviction was to prove costly to the Dodgers' hopes of gaining a tie in the ninth. With Pee Wee Reese on third and only one out, Wayne Terwilliger came to bat in Campy's cleanup spot. The latter bounced out without advancing Reese. Nichols then squashed the dazed Dodgers' last hopes by fanning Andy Pafko.

Nichols, a 20-year-old freshman southpaw from Pawtucket, R. I., hurled a six-hitter as he outdueled Preacher Roe, the 33-year-old ace of the Dodgers' mound corps.

The defeat was disastrous for Roe, who was solved for 10 hits. Not only did he go down to his third defeat of the season against 22 triumphs, but he saw his hopes of bettering Fred Fitzsimmons' national league pitching record blasted.

## Red Sox Eliminated From Title Race, 8-6

WASHINGTON (AP) — Washington erased the Boston Red Sox from American league pennant contention Thursday, blasting Chuck Stobbs, Harry Taylor and Williard Nixon for 11 hits and an 8-6 victory.

The defeat virtually assured Cleveland of second place, for the only way Boston could tie for the runner-up spot would be to sweep a five-game series with the league-leading New York Yankees while the Indians split their remaining two games with Detroit.

Boston had a flicker of hope in the ninth inning when, trailing by two runs, Johnny Pesky walked with one out. But Ted Williams hit a double-play grounder to Cass Michaels at second base and once again the Red Sox were frustrated in a pennant bid.

### Tigers 7, Browns 4

ST. LOUIS (AP) — Bill Veek's St. Louis Browns, striving for home attendance, drew a meager paid crowd of 560 at Sportsmans Park Thursday as they romped over the Detroit Tigers, 7-4, in a loose contest ending Detroit's 1951 appearance here.

The winner was rookie Duke Markell, just up from Oklahoma City, who registered his first major league triumph. The right-hander started one game earlier and lost.

# Turner, Denning Captain Iowa

Guard Austin Turner and Linebacker Chuck Denning Thursday were named Iowa co-captains for Saturday's football opener against Kansas State.

Both Turner and Denning are senior lettermen. Turner is expected to be used on both offense and defense while Denning will be used principally as a linebacker although the Boone player has been drilling on offense in practice.

Iowa completed all contact drills Thursday with routine defensive practice against Kansas State plays, kick-off practice and signal practice.

Kansas State plays, were run by a reserve unit and had greater success than before. Several reverses run off the single wing set runners free for long gains although for the most part the top defensive team stopped the offense for no gain or for a loss.

The squad will go through light loosening-up practice today in game uniforms.

The Hawkeyes enter Saturday's opener in near perfect physical shape. Only one player, sophomore tackle Bill Lindquist from Orion, Ill., has an injury and that isn't serious. Lindquist has a strained chest muscle which shouldn't keep him from playing.

Kansas State is scheduled to arrive in Iowa City by plane at 8:50 p.m. today. The squad will spend the night here instead of going to Cedar Rapids as most teams have in the past.

Iowa, favored by as many as 40 points, won't show rival team scouts any more in the way of plays than is necessary to win. The Hawks open their Big Ten season a week from Saturday against Purdue at Lafayette, Ind.

Coach Leonard Raffensperger hasn't publically made a choice between Burt Britzmann and Jim Sangster at quarterback and Bob "Chug" Wilson and Don Commack at right halfback.

Raffensperger has indicated veteran Bernard Bennett will be the starting left halfback with Bill Reichardt at fullback.

Ticket Manager Frank Havlicek expects a crowd slightly in excess of 30,000 Saturday despite the 34-0 licking handed Kansas State last Saturday by Cincinnati.

**SUCCEEDS GILES**

CINCINNATI (AP)— Gabe Paul Thursday night was appointed general manager of the Cincinnati baseball club of the National league, succeeding Warren Giles. Paul immediately announced the retention of Luke Sewell as manager of the Reds for 1952.

## Little Hawks Play Davenport Tonight In Important Game

City high and Davenport meet tonight in an early season Mississippi Valley conference football game which will go a long way in deciding this year's championship.

The game, to be played at Davenport, has at least two important factors. One is that Iowa City will be defending its Mississippi Valley title against the chief challenger. The second is the intense rivalry between the schools which makes almost anything possible when they play.

City High Coach Frank Bates may have to substitute Gordon Chalk for all-stater Jim Freeman at left end tonight. Freeman received a broken nose last Friday in the 0-0 battle with Oskaloosa.

Bates is hoping for a dry, fast field tonight which will allow his small backs plenty of oportunity to scamper.

### U-High Plays . . .

University high plays at West Branch tonight in a game which could extend the Bluehawks two-season victory streak to 12 games and their unbeaten string to 14 games.

U-high opened the season here last Friday with a 26-0 victory Wapello.

*Lead Hawkeyes In Opener*

Coach Bob Weber is expected to start the same lineup he used last week. Guard Maynard Hebl has been named U-high captain for tonight's game.

West Branch walloped Columbus Junction 32-0 in its first game and lost last week to Wilton Junction in the rain, 6-0.

Game time is 7:30.

# Bradley, Bohlen En Route to Study Korean Situation

WASHINGTON (AP)—Gen. Omar Bradley, chairman of the joint chiefs of staff, and Charles Bohlen, a top state department expert on Russia, are en route to Japan and Korea.

Bradley will survey "all aspects of the situation" with Gen. Matthew B. Ridgway, United Nations commander, the defense department said Tuesday in announcing the trip.

The two officials left Washington at 8:30 p.m. (CST) Wednesday night. Bradley is expected back at the Pentagon in a week or 10 days.

There was no official elaboration, but a full survey would include both military phases of the Korean fighting and touchy aspects of the suspended cease-fire negotiations.

President Truman said at his news conference Thursday that Bradley's forthcoming interviews with Ridgway marked a customary procedure that has been followed all along.

But Bradley has not been in Korea or the UN headquarters in Japan since the start of hostilities.

Bohlen's presence on the current trip pointed to the possibility that the reasons why the Communists asked for armistice talks, and then apparently disrupted them deliberately, would be studied fully.

# Tone Changes Mind, Won't File Charges Against Tom Neal

LOS ANGELES (AP)—Franchot Tone changed his mind Thursday and told the district attorney he will not file criminal charges against Tom Neal for the beating he took over Barbara Payton.

Flanked by his attorneys, the 46-year-old actor gave this statement to reporters:

"I have reconsidered this matter thoroughly and I feel that the best interests of my family, my friends and my profession dictate my decision against prosecution."

District Attorney S. Ernest Roll, said brusquely: "Mr. Tone does not want us to issue a complaint —so what can we do?"

When Tone visited the D.A.'s office earlier this week, it seemed a foregone conclusion he would swear out a complaint charging Neal with felonious assault. Thursday not even a word was said about civil action. Tone is understood to be covered fully by insurance for the rearrangement his face received.

On behalf of the other combatant, Attorney Milton Golden made this statement:

"Neal and I are glad it's over. We always felt that everything would be all right when all the facts came out."

## Parking Ban Removed

The parking ban on parts of Dubuque st. was removed Thursday, as highway 6 west of Iowa City was opened to traffic.

Police Chief E. J. Ruppert said parking will be allowed only in sections where there are parking meters between Iowa ave. and Burlington st. and in residential areas south of Burlington st.

Parking will not be permitted anywhere on Dubuque st. north of Iowa ave., according to a recent city council ruling.

# Scholarships Awarded 2 SUI Engineers

Two SUI engineering students have been named winners of $600 scholarships, awarded by the National Association of Master Plumbers in conjunction with the university.

The scholarships, granted for four years (on condition of continued satisfactory academic standing) were won by Donald B. Hickok, Lancaster, Wis., and Eugene G. Shifrin, St. Louis, Mo.

At present, four other SUI engineering students are holders of similar scholarships. They are Richard E. Larew, E3, Iowa City, Donald A. Gvorog, E2, Marysville, Wash., Robert R. Evans, E2, Salt Lake City, Utah, and Donald E. Foley, E2, Kansas City, Mo.

Only those students who are studying phases of engineering aplicable to the plumbing and heating industries, and who are sons of active members of the plumbing association, are eligible for the awards.

# Truckers Asked To Help Relieve Traffic Problem

Iowa truck operators are being asked to cooperate again this fall in relieving traffic congestion in the Iowa City area on Saturdays when SUI plays home football games.

S. N. Jaspersen, state highway patrol chief, and L. E. Crowley, executive scretary of the Iowa Motor Truck association, urged truckers Thursday to keep heavy vehicles off Highways 218 and 6 for a distance of 25 miles from Iowa City during the peak traffic hours on football days.

"Between 11:30 a.m. and 1 p.m., and between 3:30 and 5 p.m, on home game days, we are asking that these stretches of highway be kept free of traffic to the greatest possible extent," Jesperson and Crowley said

"This request is made in the interest of public safety at times whn main highways in and out of Iowa City will be extrmely congsted. Truck operators have given excellent co-operation in this respect in past seasons, and we are sure they will do so again this fall."

# Schoenbohm Heads Chicago Institute On Crippled Children

W. B. Schoenbohm, director of the Iowa Hospital School for Severely Handicapped Children, will serve as chairman of an instructional institute for parents of cerebral palsied children, at the annual convention of the National Society for Crippled Children and Adults.

It will be held Oct. 3 to 5 in Chicago's Palmer House.

Shoenbohm will lead a panel discussion in which three other nationally-known authorities will discuss the role of the parent in rehabilitating the cerebral palsied. Their panel will be one of a series of instructional seminars featured on the cerebral palsy day program.

More than 2,000 professional and voluntary workers serving the nation's crippled are expected to attend the convention, which will have as its theme, "Voluntary Effort—National Strength."

Authorities in both work with the handicapped and national defense, will take part in the three day session, stressing the role of the crippled in the national defense effort. The convention will mark the society's 30th year of services to the crippled.

# Former Instructor Accepts Nursing Post in Maryland

Gwen Tudor, formerly superintendent of nurses at SUI's Psychopathic hospital, has accepted a position as associate director of nursing for the psychiatric service of the Clinical center, National Institute of Health, Bethesda, Md.

Miss Tudor recently received her MA degree in advanced psychiatric nursing and supervision, at Columbia university's teachers college, New York city. She was on a year's leave of absence from her duties at Psychopathic hospital.

She is currently engaged in a year of study at Chestnut Lodge, a private psychiatric sanatarium at Rockville, Md., before assuming her duties at Bethseda.

Miss Tudor graduated from nursing at the University of Iowa in 1941 and took postgraduate work at Psychopathic hospital in 1942. She was assistant superintendent of nurses from 1942 to 1943, at which time she was also named an instructor.

# Claypool Is Chosen Law Group Treasurer

Robert Claypool, L4, Williamsburg, Thursday was named treasurer of the Law Students associationn at the group's first meeting of the year.

Claypool succeeds Dan Sullivan, law student who was called into service before the opening of classes.

Other officers of the group, elected last spring, are George Pappadackis, C4, Storm Lake, president; Justin Talman, L4, Iowa City, vice-president, and Maureen Holand, L3, Sioux City, secretary.

The association Thursday set Oct. 27 for the staging of its annual dance, the "Barrister's Ball," and agreed that men students should wear business suits and women students, formals, to the dance.

The "A" stands for "Activities"—and he's in a lot of them. Plays first-string basketball. Writes for the school paper. Represents his class on the student council.

And on top of that, he's a good student.

Telephone people are like that, too. Besides giving good, friendly, courteous telephone service, they take part in numerous extracurricular activities.

That's why you'll find telephone men and women working on charity drives, joining service clubs, leading Scout troops.

The same spirit of friendliness and helpfulness which lies behind the fine telephone service this country receives, makes telephone people A-people in their communities.
