

# Davenport, Dinsdale, Roland, Keokuk Advance To Semifinals

## Widseth's 30, Dinsdale Tilt Are Highlights

By JACK JORDAN  
Sports Editor

The state high school basketball tournament field was trimmed to four Thursday night as defending champion Davenport, Dinsdale, Roland and Keokuk advanced to tonight's semifinals.

The thriller of the day had nearly 16,000 fans breathless as little Glenwood missed the boat by the margin of one free throw after time had run out.

Glenwood had battled Dinsdale on even ground the whole game, and after trailing 23-21 at the half, had pulled to a 37-34 advantage at the end of the third quarter. With a minute and 48 seconds to go in the game and the score tied 40-40, the fireworks started.

### A Picture Window

Between them, the teams shot seven times before the end of the game, and all were good. Four of them went to Dinsdale and they led by two points. As Glenwood forward Stan Davis went in for the shot to tie the game in the last second, he was fouled and the shot went wild. He was awarded two free shots after time had run out. He missed the first and made the second, and Glenwood's trip to the finals was cut short.

Center Carl Widseth of Davenport turned in his outstanding performance of tournament competition this year as he scored 30 points in leading his team to a 64-47 win over Ames.

In the first half, the Little Cyclones gave the Blue Devils as much as they took, and trailed only 31-28 at the rest period. But Ames' luck with its long shots cooled off in the second half and Davenport completely controlled both baskets to remain undefeated by an Iowa team since 1950.

### Key to Victory

The Imps' zone defense and offensive rebounding combined to give coach Paul Moon his key to victory. Added to Widseth's performance was the fine play of forward Frank Sebott, who got 15 points and many rebounds.

Bill Logan solved Marion's defensive puzzle in an afternoon game and scored 26 points to lead his Keokuk team past the Indians, 55-39. Marion's scoring star, Hugh Lefingwell, was bottled up as was the Indians' fast break and he got only 14 markers.

Roland's Rockets earned the right to meet the Chiefs in tonight's semifinals by following Gary Thompson over Spencer, 46-33. The outstanding player in last year's tourney, Thompson again stole the spotlight with a good rebounding game attached to 17 points.

Roland's man-to-man defense was successful in holding big Bob Carpenter to 11 points. He had scored 32 against Wales-Lincoln in the first round.

## High School Players Injured in Collision

Two carloads of Chelsea high school basketball players on their way to the state tournament here Thursday were slightly injured in a three-car collision nine miles west of Iowa City.

Highway Patrolman Joe Smith said the injuries were minor cuts and bruises.

The patrolman said that cars driven by Phillip Fetter and A. J. Behounek, both of Chelsea, collided and Fetter's car was pushed into the path of a car driven by D. R. Fessler, R.R. 1, Iowa City.

Fessler's infant son suffered a cut and bump on the head and was taken to a doctor for treatment.

Six other boys were riding in the Behounek car and five others in the Fetter car, in addition to the drivers.

Damages were estimated at \$1,500 to the three cars.

## There Must Be a Way Out of This

DINSDALE'S LANKY RED SNOW LOOKS FOR a way out of the ring of Glenwood Rams surrounding him. Snow led the tiny class B school to their second tournament win, a close 48-47 thriller over Glenwood, in last night's action at the field house. Closing in on Snow are Duane Brustle (12), Ron Vrba (13), Garth Collier (with

glasses), and Stan Davis (14). Davis almost, but not quite, pulled it out of the fire for Glenwood, but made good on only one of his two last-second free throws to eliminate the Rams and advance Dinsdale to the semi-finals.

## 2 Publications Board Candidates Rejected; Applications Faulty

Two candidates for positions on the Student Board of Publications were disqualified Thursday for failure to meet application requirements.

The two applications were filed by Don Kallenberg, C3, Des Moines, and Barbara Boyd, A3, Cedar Rapids. Both had sought one-year terms on the board.

The disqualification of the two now leaves 10 candidates for posts on the board in the all-campus elections April 2. This includes five for one-year terms and five for two-year terms. There are two two-year terms and one one-year term open.

The slates of candidates is now as follows:

For one-year terms: Richard B. Swank, A3, Ames; Mary Ellen Barba, A3, Bristol; Frances L. Swartz, A3, Iowa Falls; Carl B. Zimmerman, A2, Waterloo, and Ted M. Seldin, A3, Council Bluffs.

For two-year terms: Constance Hastings, A2, Iowa City; Robert F. Doerr, A2, Sioux City; Harold R. Winston, A2, Griswold; Robert H. Ballantyne, A2, Iowa City, and John Stewart, A2, Cedar Rapids.

The opposition argued that when Japan regains sovereignty she may open trade relations with Red China. They also argued that the treaty should be shelved on the ground that many of America's World War II Allies in the Pacific fear a resurgent Japan.

Administration supporters described the pact as a "treaty of re-

conciliation" designed to re-admit Japan to the family of nations.

## Senate Rejects 2 Motions

The senate voted 63 to 11 to reject a motion to put off action on the treaty indefinitely.

The chamber also beat down, 54 to 27, a motion to specify that in ratifying the treaty the senate did not approve any of the controversial Potsdam agreements affecting former Japanese islands now occupied by Soviet Russia.

The ratification resolution adopted by the senate specifically states that senate approval of the treaty does not imply recognition of any provisions of the Yalta agreement in favor of Russia, but does not mention the Potsdam agreement.

The Potsdam pact was signed in Aug. 1945. The Yalta agreement, signed six months earlier, handed over South Sakhalin island and the Kurile islands lying just north of Japan to Russia.

Soviet troops now occupy the islands, which are regarded by U.S. military authorities as a potential threat to Japan and strategically important as possible Red submarine bases.

## 2 Ousted Officials Accepted Gifts; Deny Wrongdoings

WASHINGTON (AP) — Two ousted department of agriculture officials acknowledged Thursday they had accepted many small gifts from private citizens, but they denied any wrongdoing and said what they did was general practice among department employees.

Latham White, former manager of the department's office at Dallas, Tex., said the gifts he accepted were of small value and there was "no thought of a bribe being connected with them — there was no favor considered or given."

Harry J. Solomon, who was White's assistant before both were fired for alleged inefficiency by Secretary Brannan, testified "I didn't feel that I had done anything wrong or dishonorable."

Before the senate agriculture committee, which heard this testimony, recessed its hearings until next week, two of its members, Sens. Ellender (D-La.) and Young (R-N. D.), said they constantly get gifts from constituents.

## Senate Approves, 66-10, Japanese Peace Treaty

WASHINGTON (AP) — The senate ratified the Japanese peace treaty Thursday six and one-half years after the end of World War II. The vote was 66 to 10.

The treaty formally ends the war and recognizes Japan's full sovereignty over her home islands.

By voice vote, the senate also ratified two security pacts — one with the Philippines and one with Australia and New Zealand.

After some debate, the chamber later voted 58 to 9 to ratify a security treaty with Japan granting

WASHINGTON (AP) — Iowa's senators voted with the majority Thursday when the senate ratified the Japanese peace treaty by a 66 to 10 vote. The Iowans are Bourke B. Hickenlooper (R) and Guy M. Gillette (D).

The United States the right to post military forces in and around Japan for the maintenance of peace anywhere in the Far East, including Korea.

Five of the 13 nations involved in the war against Japan have already ratified the peace treaty. One more is required before it goes into effect.

The opposition argued that when Japan regains sovereignty she may open trade relations with Red China. They also argued that the treaty should be shelved on the ground that many of America's World War II Allies in the Pacific fear a resurgent Japan.

Administration supporters described the pact as a "treaty of re-

## Drawing by Interlandi Selected As Official Cancer Drive Cartoon

A cartoon drawn by Frank Interlandi, A4, Elmhurst, Ill., cartoonist for The Daily Iowan, has been selected as the official 1952 Iowa Cancer Crusade editorial cartoon.

The cartoon was chosen for release to Iowa newspaper outlets for possible use during April, which has been designated "Cancer Control Month" by both President Truman and Gov. William S. Beardsley.

A cartoon by Robert Artley, former Daily Iowan cartoonist, was selected for this purpose last year.

Iowa cancer chairman, Marshall Blake, Mason City, said Iowa Cancer Crusade cartoons have been used more widely the past three years than any other material released by the American Cancer society.

## Loveless Asserts Candidates Should Face the Issues

Herschel Loveless, candidate for the Democratic nomination for Iowa governor, said here Thursday night that candidates should drop a "politics as usual" attitude and face the issues.

The issues, he said, are the present liquor law, the highway system, the increased central control of the state government and the many boards, councils and committees of the executive branch.

Loveless, in his second term as mayor of Ottumwa, expressed these views in an address before SUI Young Democrats in Schaeffer hall.

Loveless reaffirmed his stand for liquor-by-the-drink in Iowa, and said this should be limited by the issuance of licenses. This licensing should be done by each city, he said.

Loveless said a system of interstate highways will solve the growing problem of highway maintenance, and that new building materials and methods need to be considered.

The state government should attempt to better realize the problems of cities, towns and communities, Loveless said, and cooperate with them in solving them without intruding upon traditional home rule.

Loveless said the present system of state boards, committees, and councils were appointed to assume executive duties, but he claimed they only use revenue while contributing nothing of value.

Margaret McGivern, L3, Marcus, president of Young Democrats, said that a delegation of the organization will represent SUI at the Jefferson-Jackson day dinner in Des Moines Monday.

## Board Reveals Dates For Naming Editors

The Student Board of Publications Thursday set April 15 as the date for the annual selection of editor and business manager of Hawkeye yearbook and editor and business manager of SUI's new humor magazine.

The Daily Iowan editor will be selected May 6.

Dates for filing applications for these positions will be announced later.

# Taft Steps Up Campaign For Wisconsin Primary

## Ike Considers Return to U.S. For Campaign

PARIS (AP) — Pleased and astonished by primary returns, Gen. Dwight Eisenhower now is considering giving up his European command and returning home before the Republican convention to campaign actively for the presidential nomination.

"The mounting numbers of my fellow citizens who are voting to make me the Republican nominee are forcing me to re-examine my personal position and past decision," the general said Thursday.

His statement came from the Supreme Headquarters, Allied Powers in Europe. Just a little earlier there were two developments in the United States bearing on his bid for the presidency:

1. The withdrawal of Sen. Robert A. Taft from the New Jersey preferential primary, in which Eisenhower has the blessing of the state's Republican governor, Alfred E. Driscoll.

2. President Truman's statement in Key West that Eisenhower is at liberty to return to the United States any time he deems it safe and proper.

Eisenhower's statement was directed to reporters who had asked him whether the shower of write-in votes he got in the Minnesota primary, coming on top of his victory in New Hampshire, did not amount to the "clear-cut call to political duty."

Eisenhower gained 14 delegates and a 10,000-vote margin over Taft in New Hampshire. He piled up more than 106,000 write-in votes in Minnesota to run second only to former Gov. Harold E. Stassen.

"You gentlemen probably realize how astonished I was by the results of the Minnesota primary," he said.

"The mounting numbers of my fellow citizens who are voting to make me the Republican nominee are forcing me to re-examine my personal position and past decision."

"An American in Paris" scored one of the biggest upsets in Oscar history by being named the best picture of 1951 and winning seven other honors.

U.S. fifth air force said three and possibly five more Russian-made MIG-15s were damaged in the 40-minute battle. The longest previous battle lasted about 30 minutes. Earlier in the day American Sabrejets destroyed five MIGs and damaged five others.

If the U.S. pilots' five remaining claims are confirmed by gun camera film, the day's total bag of Red planes would be five destroyed and 13 damaged.

## Korea Won't Affect His Decision to Run, Truman Tells Nation

KEY WEST FLA. (AP) — President Truman slapped down his own party chairman in virtually unprecedented fashion Thursday, saying the Korean war has nothing at all to do with his decision whether to run again.

Only Wednesday, Chairman Frank E. McKinney of the Democratic national committee had told reporters here that in three days of conferences he had gotten the impression from Truman that the president may not "chase to run" if a satisfactory peace is arranged in Korea.

Truman was asked at his news conference Thursday whether that statement accurately reflects his views.

Korea enters not into the politics of this country at all, Truman replied. And he repeated: Korea does not enter into the politics of this country at all. It has no bearing whatever on what he may decide to do, Truman said.

This reuff, coming less than 10 days after Truman's defeat in the New Hampshire primary, raised considerable doubt whether McKinney would be Democratic chairman much longer. He took over last October from William M. Boyle Jr., who resigned.

McKinney had endorsed the New Hampshire Democratic organization's request that Truman allow his name to stay on the primary ballot there, after he had once said it would be withdrawn. Truman lost the popularity primary to Sen. Estes Kefauver of Tennessee, and Kefauver won all the state's delegates.

This had been said before by leaders of the delegation but never by the slate as a whole. Warren himself has said he would release his delegates to vote "as their conscience dictates" if he couldn't make it.

Secretary of State Fred R. Zimmerman, former governor and a member of the Warren slate, urged Eisenhower supporters to vote for Warren. Presidential candidates in Wisconsin must give written consent for the use of their name. Ike's name won't appear on the ballot.

"Under Wisconsin law the write-in vote for Eisenhower or any other candidate is illegal," Zimmerman said, pointing out that ballots on which Eisenhower write-ins are written in would be voided.

Stassen said he viewed Taft's withdrawal from New Jersey "as a confession of the weakness of his candidacy when it is submitted to the will of the people."

## Longest Jet Battle Lasts 40 Minutes

SEOUL, Korea (Friday) (AP) — Allied and Communist warplanes fought history's longest jet battle in the early evening skies over North Korea Thursday.

U.S. fifth air force said three and possibly five more Russian-made MIG-15s were damaged in the 40-minute battle. The longest previous battle lasted about 30 minutes. Earlier in the day American Sabrejets destroyed five MIGs and damaged five others.

If the U.S. pilots' five remaining claims are confirmed by gun camera film, the day's total bag of Red planes would be five destroyed and 13 damaged.

## But Withdraws From Election In New Jersey

ASHLAND, WIS. (AP) — Senator Robert Taft intensified his campaign in Wisconsin Thursday after announcing his withdrawal from the New Jersey presidential preference primary.

Meanwhile, backers of both of his opponents, Gov. Earl Warren of California and Harold E. Stassen stepped up efforts to profit from the midwest boom for Gen. Dwight D. Eisenhower which was demonstrated in the Minnesota primary Tuesday.

Taft told a reporter here that he "pulled out for the purpose of devoting full-time to campaigning in Wisconsin." The Wisconsin primary is April 1.

Taft Gives Reason

In an announcement made from his Washington office, the Ohio senator said he was withdrawing from New Jersey because Gov. Alfred Driscoll "has broken his word" in endorsing Gen. Eisenhower for the GOP presidential nomination, and has obviously taken steps to corrupt the intent of the preference primary.

As the Eisenhower bandwagon rolled into high gear, the entire slate of 30 delegates pledged to Gov. Warren in Wisconsin issued a public statement declaring they will "cast their votes for Ike Eisenhower" if Warren cannot win the nomination.

This had been said before by leaders of the delegation but never by the slate as a whole. Warren himself has said he would release his delegates to vote "as their conscience dictates" if he couldn't make it.

Secretary of State Fred R. Zimmerman, former governor and a member of the Warren slate, urged Eisenhower supporters to vote for Warren. Presidential candidates in Wisconsin must give written consent for the use of their name. Ike's name won't appear on the ballot.

"Under Wisconsin law the write-in vote for Eisenhower or any other candidate is illegal," Zimmerman said, pointing out that ballots on which Eisenhower write-ins are written in would be voided.

Stassen said he viewed Taft's withdrawal from New Jersey "as a confession of the weakness of his candidacy when it is submitted to the will of the people."

## WSB Recommends 17.5 Cent Increase For Steelworkers

WASHINGTON (AP) — The government recommended Thursday night a three-installment pay raise totaling 17½ cents an hour for CIO steelworkers, plus other contract improvements worth at least 5 cents an hour.

The pay raise was voted by the public and labor members of the wage stabilization board (WSB) with industry members vigorously dissenting.

The same public-labor minority also outvoted industry members to approve the union shop arrangement — which would compel all workers to belong to the union.

A strike has been called for Sunday midnight by the CIO steelworkers union which Philip Murray heads. The government has appealed to the union to delay it at least until April 8.

## Tests Fail To Show Evidence of Horsemeat

DES MOINES (AP) — Analysis by state chemists of some 200 Iowa samples of meat has failed to detect any traces of horsemeat, Secretary of Agriculture Clyde Spry said Thursday.

The 200 samples constitute about one-third of those from retail stores which 22 state dairy and food inspectors were ordered to collect two weeks ago.

Spry said that R. W. Borgeson, department chief chemist, and Isadore Levin, departmental food chemist, are using the new serum test method and are able to complete about 15 samples a day. The new serum method of testing, Spry said, will reveal any trace of adulteration whatever.

Meanwhile, L. B. Liddy, chief of the department's dairy and food division, and Lloyd Van Patten, assistant secretary of agriculture, returned Thursday from a two day inspection of retail stores in Davenport, Muscatine and other southeast Iowa cities. Liddy reported that he and Van Patten found "some evidence of horsemeat in ground beef that had been purchased by individual housewives in nearby Illinois points. Libby said there was no trace of horsemeat sales found in Iowa.

Prof. Earl E. English, former SUI journalism instructor, was appointed dean of the University of Missouri school of journalism.

SUI baseball team won its first game of the season by defeating Southwestern Louisiana Institute in the 11th inning, 12-7.

William W. Voelkers was named the 1950 outstanding freshman engineering student at SUI.

## Metal Allocations On Yearly Basis Seen

WASHINGTON (AP) — With the "stretch-out" in the arms program from three to four years, there's some talk of giving certain industries their metal allocations on a yearly instead of a three-months basis.

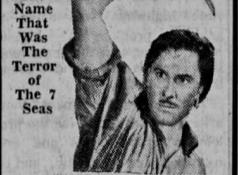

This would be a boon to these industries, saving them vast amounts of paper work in computing, filing and justifying quotas of steel, copper and aluminum.

## Engineer's Exhibit Shows Hair-Raising Experiment

JIM MADISON, E3, CORRECTIONVILLE (left) is having his hair straightened by a Vandegraaf generator as Del Lanphier, E4, Reasnor, measures the length of the hair. This generator is a model of one used for collecting high voltage static electrical charges in atomic energy laboratories. The round ball on the top of the column collects and transmits the charge. The apparatus is similar to a condenser. The generator is being exhibited as part of the display housed in the electrical engineering building and is included in the college of engineering's open house which begins today. Hours for the open house, which will continue through Saturday, are 8 a. m. to 5 p. m. There is no admission charge and the public is invited to attend.

## Mrs. Ford Has Hobby Of Creating Center-Pieces

MRS. FRANCES FORD, HOUSEMOTHER of Gamma Phi Beta sorority, shows one of her "conversation piece" table decorations which have become one of her favorite hobbies.

Creating unusual table decorations for the Gamma Phi Beta dining room has become a special hobby of Mrs. Frances Ford, housemother of the sorority.

Mrs. Ford has found that her decorations have added a delightful source of "table talk" for the sorority women and their guests. Mrs. Ford made her first table decorations during the football season. The decorations, one for each of the four tables, consisted of a small football field complete with goal posts and scoreboard.

A jigsaw, given to Mrs. Ford by a father of one of the girls is the only technical aid she uses to make a table decoration.

Mrs. Ford, who says she loves everything about her job, especially enjoys looking for recipes that will "almost make the girls want to crawl into the dish after the food."

She uses recipes that she used when she was a homemaker and finds in a weekly search through food magazines.

Mrs. Irma Kauffman, has cooked for Gamma Phi Beta for two years. She makes this dessert which is one of the favorite dishes of the women of Gamma Phi Beta.

### Music Professors Plan Future Iowa Symphony

(Daily Iowan Photo)

PROF. ROBERT THOMSON (standing) discusses an arrangement of Rachmaninoff's Piano Concerto No. 3 with Prof. John Simms, an instructor of piano in SU's music department. Thomson will be conductor of the future Iowa Symphony Orchestra and has recorded a talk about the symphony which will be broadcast in the near future.

## SUI Alumnus Organizes An All-Iowa Orchestra

A recorded speech by Robert Thomson calculated to boost the Iowa Symphony orchestra, will be given soon, probably during the intermission of the SUI symphony chorus concert on April 2 in the Iowa Memorial Union. Thomson will be conductor of the 60-piece group which will tour Iowa's larger cities for 20 weeks beginning in October this year. His talk concerns the orchestra's organization, education, background and plans for its future as well as Thomson's own background in the musical field. **Gets SUI Degrees** He received his M. A. degree in conducting in 1949 and his M.F.A.

degree in 1950, both from SUI. Thomson was the first student to conduct a public concert in the Iowa Memorial Union. In October, 1950, he went to London to study orchestral problems in production and techniques for a year. He returned last year to organize the Iowa Symphony orchestra. Behind the orchestra, which is still in the planning stage, is the Iowa Symphony society, Inc., a non-profit organization formed to promote and sponsor it. Iowans may join the group by contributions from \$25 for ordinary membership to \$1,000 for life membership. Thomson says, "One of the big problems is convincing

people to contribute to something about which they have inadequate information," and that is one of the problems he has set about to minimize with the recorded speech.

#### Called Unique

The orchestra has been called a "unique" idea by Dr. Earl E. Harper, director of the SUI school of fine arts — an idea which will bring "joy to our people and honor to our state."

Both Dr. Harper and Prof. Philip G. Clapp, head of the SUI department of music, have expressed high regard for Thomson's ability to present good programs in such a way that a mixed public will enjoy them.

Twelve prominent Iowans, from various parts of the state, comprise a board of directors for the symphony group.

### Wrote First Musical —

## Barrett Plays for Panacea

Larry Barrett, whose orchestra is now playing for "Shy Guy," has a personal interest in the musical

#### TICKETS AVAILABLE

Tickets are still available for the 1952 Panacea show, "Shy Guy," which will be shown through Saturday night in Macbride auditorium. All seats are unreserved, and tickets may be purchased for 75 cents at the Iowa Memorial Union desk and Whetstone's.

because he wrote SUI's first Panacea production.

Barrett, with Herb Kanzell and Don Schuffman, all SUI graduates, wrote the first show, "The Dove and the Duck" in 1947.

The production, a burlesque of veterans returning from the army to a post-war campus, was such a success that Barrett and Kanzell collaborated on the second, "The Elegant Mr. Emperor," in 1948.

The second, a take-off on Hans Christian Andersen's fairy tale "The Emperor's Magic Clothes," was taken to Cedar Rapids after its run at SUI. Barrett's wife, singer Bobby Cotter who now has a campus combo of her own, was starred in both.

The comedy "lead" in "The Elegant Mr. Emperor," Joe Smith, is now a graduate student in the psychology department.

Kanzell's younger sister, Betty, has one of the leading roles in this year's "Shy Guy."

Besides his previous work with

BARRETT

#### Back for 1952 Show

Panacea and arranging the musical score for "Shy Guy," Barrett has done original music and arrangements for several Kampus Kapers and Dolphin shows.

### 3 from Iowa City To Be in Army Maneuver

Two former SUI students and an Iowa City resident arrived in Fort Hood, Texas, this week to take part in the largest army maneuver since World War II. The former students are Sfc. John L. Byers and Sfc. Kenneth P. Saylor. M/Sgt. William S. Strong is the Iowa City resident. Both Strong and Byers are members of the 82d airborne division.

Saylor, who entered the army in 1941, is now serving as an operations and training sergeant in the 321st army medical depot. The maneuver, involving more than 115,000 airmen and soldiers, is scheduled for March 25 to April 11. It is called the "Longhorn Operation" and is supposed to be the largest maneuver attempted since World War II.

### 3 to Receive Awards For Careful Driving

Three Iowa City men will receive safety awards tonight at Melody Mill in Coralville for one or more years of accident-free driving with the Coralville terminal of Ruan Transport Corp. Vincent Lekin, 930 E. Jefferson st., has driven four years without an accident; M. L. TenEick, 314 S. Gilbert st., and Carl Headlee, 320 S. Linn st., have each driven three years without mishap.

### Friends Give 46 Miniature Elephants to Republican

ATTY. WILLIAM F. MORRISON, chairman of the Johnson county Republican organization, holds an elephant-shaped flower pot, one of 46 miniature elephants in his collection. They are made of wood, steel, ivory, glass, cast iron, rubber and celluloid.

### Centerpiece Starts Hobby

Attorney Collects Miniature Elephants; Found First One at Demo Dinner

At the local 1948 Lincoln day dinner, the Johnson county Republican chairman picked up the centerpiece of the speakers' table, thinking the white, elephant-shaped flower pot would look good on his office bookcase.

Today this same man, Atty. William Morrison, owns 46 miniature elephants that have come from as far away as Germany and Japan.

The entire collection was unintentional. It all started when Mrs. V. A. Gaunette, secretary of Johnson county Republicans, saw the flower pot in Morrison's office and thought it looked lonely. She added a gray celluloid elephant, and since that day, friends have contributed all types of miniature elephants.

All Gifts Morrison has never added any himself. He says that more than half of the collection came from Democrats.

A mechanical wind-up "I Like Ike" elephant is the latest addition to the collection.

LT. James Schneider, a former SUI student now aboard the USS Essex, sent it to Morrison from Japan. The attorney says Schneider never had been in his office, and Morrison wonders how he knew of the collection.

Rubber Elephant One mother brought Morrison a squeeze rubber elephant so her boy wouldn't touch the other elephants. Now Morrison gives it to children who visit his office, and they don't touch the collection.

The 46 elephants are made of wood, ivory, glass, steel, cast iron, rubber and celluloid. They're blue, green, red, orange, white, black, and gray.

Morrison says he has received elephants from Japan, Oak Ridge, Tenn., Illinois, New York, Pennsylvania, and Germany. One of his favorites, a blue elephant family, came from Schenectady, N. Y., a gift from his mother-in-law.

Collector's Coins Help Authorities To Discover Theft

U.S. coins more than 100 years old which have begun circulating in Swisher and Shueville have led Johnson county authorities to the discovery of thefts from an old house in Shueville which has been standing vacant for seven years.

A week-long investigation has been carried on by County Sheriff Albert J. Murphy. Murphy said the house, now owned by Mrs. John Lenicsek of Fairfax, had been untouched since the death of its previous owner, a man by the name of Dowes, who was a coin and gun collector.

Murphy said it is hard to tell when the old home was entered or how many items have been taken from it. So far two guns and two old coins, an 1842 penny and an 1847 half-dollar, have been recovered.

### 7 Given Internships In Army Hospitals

Seven advanced army ROTC medical students have been accepted by the army to take their internships in army hospitals.

Each of the group will be stationed in an army hospital of their own choosing.

They are James G. Carter, M4, Chappell, Neb.; Lowell J. Peck, M4, Garner; William D. Carter, M4, Des Moines; Roger A. Simpson, M4, Iowa City; Wayne C. Mercer, M4, Charles City; Stuart B. McConkie, M4, Cedar Rapids, and Jay A. Moeller, M4, Des Moines.

Peck, W. Carter, Simpson, and Mercer will go to Tripler army hospital, Hawaii. J. Carter will go to Fitzsimmons army hospital in Denver, Colo., and McConkie will be stationed in El Paso at the Beaumont army hospital.

The total is exceptionally large, because more than 50 schools teach medical ROTC and only 150 internships are accepted each year, said Capt. R. H. Bickford, head of the medical ROTC students at SUI.

Bickford also pointed out that all persons from SUI who requested internship were accepted.

The seven students will spend a year of internship in the army hospitals as 1st lieutenants and will receive regular army pay.

Upon completion of their internship they will serve one more year in service under the program. While in medical ROTC they have been under the guidance of Bickford and Sgt. O. L. Kegin.

### Unemployment Rates Paid in February Are Iowa's Highest

DES MOINES (AP) — The average benefit check paid to unemployed Iowans last month set a record high of \$20.72, the Iowa Employment Security commission reported Thursday.

Benefits, based on previous earnings of the 9,610 persons to whom the checks were paid, totaled \$700,221.

This is a substantial increase compared with the \$456,940 in benefits paid to 6,699 persons in February of 1951, the commission pointed out.

The amount paid last month represents 33,801 weeks of unemployment.

Forty-two per cent of the total weeks paid for was to workers in the manufacturing industry whose benefit checks averaged \$19.56.

Among the reasons for their layoffs were shortages of materials, lack of orders in machinery, inventory layoffs, and a general post season business slump, the commission said.

Thirty-four per cent of the total weeks paid for was to construction workers whose average benefit check was \$23.28. The rise in unemployment compensation for these workers was attributable to seasonal layoffs in construction, poor weather for building in February, and to completion of jobs with few others being started before spring.

### Former SUI Teacher To Talk on India

James C. Manry, an alumnus and former member of the faculty at SUI, will speak on India at 4 p.m. next Wednesday in the senate chamber of Old Capitol.

Manry has been a teacher for the last several years in Lahore, Pakistan. The title of the speech will be "Pangs of Partition: the Birth of Pakistan."

The lecture is under the auspices of the graduate college, the department of philosophy and the school of religion.

### Detector Test Fails To Implicate Welder In Illinois Murders

Ernest Beasley Accused in Deaths of Three

ROCK ISLAND, ILL. (AP) — A lie detector test given Ernest R. Beasley has failed to implicate the London Mills welder in the May 13 slaying of a Galesburg gasoline station operator, Knox county officials said Thursday.

Meanwhile, state's attorney Bernard J. Moran of Rock Island county has refused to divulge the results of similar tests reportedly made in connection with the murders of Shirley S. Poston, Moline, and Don Hocker, Colona, Ill.

The lie detector test was made at the Rock Island county jail Wednesday. At the conclusion of the examination, it was made known Beasley did not show reaction which would indicate guilt in the Galesburg slaying.

Public defender Joseph Carpenter of East Moline was appointed by the court to serve as counsel for Beasley. He said he had consulted the defendant in the jail Thursday, but would make no announcement of his plan of defense until he has obtained the full background of the cases against Beasley.

### 7 Get Certificates From Red Cross

Seven Johnson county residents have completed a class for first aid instructors and have received their Red Cross instructor certificates.

The course, taught by David Brockway, Red Cross field representative, featured the new arm lift method of artificial respiration.

Those receiving awards were Mrs. Hugh Carson, executive director of the Iowa City Girl Scouts; Edwin J. Ruppert, Joe Dolezal, Laurence Ham, Mike A. Moore, Harland F. Sprinkle, and Oliver A. White, all of the Iowa City police department.

### SUI Musicians to Give Recital

Four student recitals and one by faculty members will be presented this weekend by SUI's music department.

Bassoonist J. Wesley Bolin, A4, Cedar Rapids, will play Dunhill's "Lyric Suite, Opus 96" and selections by Pierre and Grovez in North Music hall at 7:30 p.m. today. He will be accompanied by pianist Betty Welter, A2, Iowa City.

Prof. Imre Waldbauer, violin, and John Simms, piano, will present the final recital in a series comprising all the Beethoven violin sonatas on station WSUI today.

Arthur Lambert, G, Iowa City, pianist, will play selections by Ball and Brahms on the "Recital Hall" broadcast by WSUI at 11:30 a.m. Saturday.

Contralto Joan Charlson, A4, Seymour, will present a recital of selections by Strauss, Debussy, and five other composers at 4 p.m. Sunday. She will be accompanied by Betty Jane Pauls, G, Newton.

Pianist Elaine Bruce, G, Burlington, will play two sonatas by Schubert and Hindemith at 7:30 p.m. Sunday.

### County To Receive \$162,187 Exemptions

The Iowa Tax commission announced Thursday that Johnson county will receive \$162,187 in semi-annual homestead tax exemptions for the first half of 1952.

The commission certified \$10,799,481 for credits to the states county treasurers.

County treasurers were also certified \$1,119,589 in semi-annual credits against military service tax exemptions by the state treasurer's office.

The certifications by the treasurer come from state liquor control commission profits and represent a payment to taxing districts for the first half of 1952 revenue lost from military service tax exemptions.

### Coleman's 2 Books Among 'Fifty Best' In Chicago Display

Two books designed and printed by Carroll Coleman associate professor of journalism and typographer with the department of publications, will go on display in Chicago today among the "Fifty Books of the Year."

Selected by the American Institute of Graphic Arts from about 800 entries, the annual fifty book display is based on typographical merit.

Coleman's entries were "American Sampler," an anthology of modern poetry, and "The North Sea," a book of poems written by Heinrich Heine and translated from the German by Vernon Watkins.

The books mark Coleman's seventh and eighth entries to be honored by inclusion among "Fifty Books."

Coleman set type for the books by hand and printed them, two pages at a time, at his Prairie Press. For "The North Sea," he printed each poem as it was originally written in German script, then printed its English translation on the facing page.

### 2 Damage Suits Ask \$580 Total

Two auto accident damage suits totalling \$580 were filed in Johnson county district court Thursday.

John Spofforth seeks \$280 and costs from C. W. Dvorak for damage allegedly done to his auto by the defendant's truck in an accident Oct. 20, 1951.

In the other suit Motorola, Inc. is asking \$300.65 damages from Mr. and Mrs. Louis M. Schmidt.

The plaintiff's auto, driven by Joseph G. Suor, was hit from behind by Schmidt March 1, 1950, when both cars were going west on highway 6, the petition states.

An unidentified woman in the Miner car was slightly injured and taken to Mercy hospital for treatment, they said.

Miner estimated \$250 damages to his car and Larkin \$75 to his car.

### Professor Debates Utility Regulation In Iowa Digest

Advocates of state utility regulation cannot depend upon likely savings in utility rates as the main basis of their case, for comparisons do not prove conclusively that Iowa's non-regulated utility rates are unduly higher than those in surrounding states with public service commissions.

However, there are many important utility problems which might benefit from decisions by an official body. Furthermore, the need for Iowa to join the integrated pattern of utility regulation in the United States also argues in favor of establishing such a commission.

These are the conclusions of Prof. C. Woody Thompson of the college of commerce in "Can State Regulation of Public Utilities Be Effective?"

Thompson's article, his third and final one in a series on utility regulation, appears in the March issue of the Iowa Business Digest, published by the university's bureau of business and economic research.

Thompson mentions service standards, extensions, security issues, depreciation practices, and corporate mergers among subjects which could be handled by an official body, rather than by agreements between utilities and customers.

### Demo Convention To Be Held Monday

Johnson county Democrats will hold their county presidential convention at 7:30 p.m. Monday in the court house to select 34 delegates to the state presidential convention in Des Moines May 28.

County chairman Edward W. Lucas said that 255 delegates, who were named earlier at precinct caucuses, will attend the convention. No keynote speaker has yet been named, he said.

Atty. Edward L. O'Connor is drawing up resolutions to present to the convention.

Johnson county Republicans met March 14 to select their delegates to the Republican state presidential convention in Des Moines April 4.

### Broker Discusses Wise Investments

Careful selection of companies, diversification of investment and constant reevaluation of stocks and bonds owned were the three fundamentals of wise investment cited by John W. Donnelly, an investment broker.

Donnelly, of the Investment Securities company, Cedar Rapids, addressed the Rotary club on "Making the Most of Your Savings."

Donnelly said too many people consider investment as buying 25 shares of good stock and putting it away. That is not enough, he asserted. The shares should be checked constantly, and if good profit can be realized, they should be sold and the money reinvested.

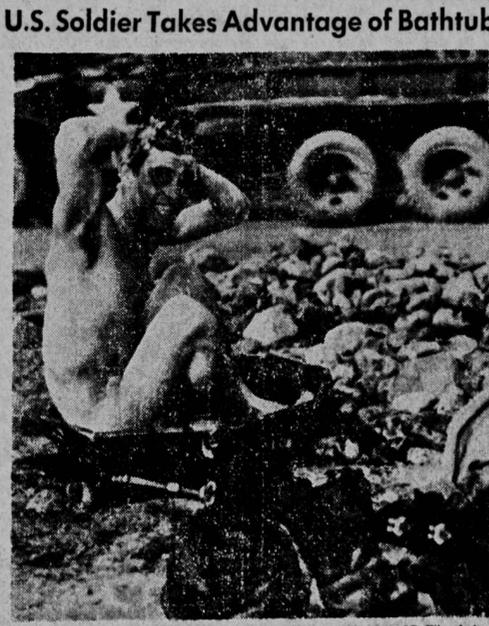

The wise investor buys fluctuating stocks when they are "down" and sells them when they gain in value; reinvesting the return in other stocks, Donnelly said.

### Today is Last Day For 1951 Licenses

Highway patrolmen warned Iowa motorists Thursday that today is the last day for 1951 license plates on cars.

Summons will be issued to all those who still have 1951 plates on after today.

Only one plate is being issued for each car this year, instead of two as in previous years, patrolmen said. They also advised that the 1951 plate should be removed from the front end of the car.

WITH HIS MIND MORE ON CLEANLINESS than on convention, Pfc. Ted C. Spagnuolo, Detroit, Mich., takes a bath in a wooden tub somewhere in Korea. With helmet, gun and boots nearby, Spagnuolo soaps up and pays no attention to the traffic on the road behind him. He is serving with the 279th infantry regiment of the 45th division.
