## Medical Society Denies VA Criticism

The Iowa State Medical society denied early this morning that it had adopted a resolution asking the American Medical association to consider a statement that the SUI college of medicine is being hurt by demand made upon it by the Veterans hospital here.

Dr. Donald L. Taylor, field secretary of the society, said in Des Moines that a reporter apparently misunderstood remarks made outside the society's meeting that criticism of the Veterans administration would be included in one of a number of resolutions to be presented to the AMA.

### 'Vets Deserve the Best'

Taylor said there was a resolution passed which emphasized that veterans are entitled to the best medical care and that any steps taken should be consistent with this objective.

But he said that as far as the resolution went, adding that there seemed to be a mixup both by the reporter and the society.

A press conference to clarify the resolution has been scheduled for today.

Earlier in the day, it had been reported that the society at the final sessions of its convention in Des Moines had approved a Polk county society resolution contending that the college of medicine is being hurt by demands of the Veterans hospital for the time and services of faculty members.

This brought a denial from Dr. Willis M. Fowler, chairman of the college of medicine's executive committee, who at the same time questioned whether such a resolution had been adopted.

### Strengthens College

"We at the college of medicine feel that our relationships with the Veterans hospital have been and will continue to be such as to materially strengthen the college and its operations," he said.

Fowler, who was at the convention, added that "to the best of our knowledge, no such resolution was acted upon by the Iowa State Medical society."

Linking the Veterans hospital to the university is a college of medicine dean's committee, of which Fowler is a member.

The dean's committee, made up

### BUDGET CUT REJECTED

WASHINGTON (AP) — By a tie vote of 45-45 the house rejected Wednesday the first Republican-backed attempt to cut the 1953 agriculture department budget.

## Red Alibi for Attack On French Aircraft Rejected by Allies

BERLIN (AP) — The western allies rejected Wednesday night a Soviet alibi for the Russian fighter attack on an Air France commercial liner and repeated that the act was "unwarranted and brutal."

The Berlin commanders sent a new note to Soviet Gen. Vasily Chuikov declaring they wanted the fliers punished, the wounded recompensed and the plane damage paid for.

In the new communication, the Allies told Chuikov they have proof the airliner was proceeding properly on its flight from Frankfurt to Berlin Tuesday, and that two jet fighters fired on it, wounding two passengers. They called the incident a violation of civilized behavior.

The note observed that a Soviet deputy official had tried to maintain that the airliner was off course and that only warning shots were fired by the fighters.

Despite their attitude, the Russians appeared somewhat concerned by the cannon and machinegun attack which wounded two German passengers, nicked two French crewmen and barely failed to shoot the ship down in flames.

Allied airmen said the Russians probably would sharply curtail their fighter activities for some days until the tension resulting from the incident relaxed.

## Magazine X Sales Hit 2,100 Mark

Sales of Magazine X hit the 2,100 mark Wednesday in its second appearance on the SUI campus.

The May issue of the new campus humor magazine will continue on sale today at newsstands and in front of Old Capitol on Clinton St. Copies are 10 cents.

Marilyn Larson, NI, Mt. Vernon, N.Y., was named winner of the "name the magazine" contest with a suggestion that the present name be kept. A permanent name will not be chosen until it is approved by the Board of Publications.

The June issue is scheduled to appear May 20 or 21.

Workers Set Up Picket Lines

STEEL UNION PICKETS BLOCK an entrance at the U.S. Steel corporation plant in Pittsburgh, Pa. Wednesday as the strike entered its second day. The United States circuit court of appeals in Washington Wednesday returned the once seized steel mills to the government but the strike continued. No attempt was made to pass the picket lines.

### Time Changed, But Pancho Didn't

UPLAND, CALIF. (AP) — There it was Wednesday, and Pancho was still on standard time.

Pancho is a little fox terrier who makes the rounds with mailman Charlie Deverets every day. Pancho was an hour late Monday, but after search of the mail room he took off and caught Charlie well on his way.

The same thing happened since. But postoffice workers are confident Pancho will get used to the time switch in a few more days.

Pancho isn't Charlie's dog. Charlie's dog, Skippy, walked the route for 16 years, but died last fall of old age. Pancho, Skippy's son, now owned by Mrs. Neva Johnson, took over.

## Delegates Agree on Appointive Position for Education Chief

Delegates to the governor's lay leadership conference on education Wednesday agreed that the position of state superintendent of public instruction should be removed from the ballot and be made appointive.

They reached this decision after hearing reports from 10 special groups which had studied various school problems during the two-day forum on "Better Education for Iowa."

The delegates felt that the superintendent should be named by and from the members of a state board of public instruction.

### Agree on Advisory Groups

They also agreed that:

1. Lay advisory committees in each community could improve relations between school and community and aid in the understanding of education.

2. The state's financial responsibility in education should be increased to help meet the ever-growing problems facing education.

3. The teaching profession should be made more attractive to young men and women entering college.

Community Work Urged

Following the committee reports, Cecil Hartung, regional director of the National Citizens Commission for the public schools, urged the delegates to carry out the work in their communities through special workshops and through their organizations.

Earlier in the day, William G. Carr, associate secretary of the National Education association, told the delegates that good schools would pay for themselves by increasing the productivity of the people and the prosperity of the community.

He said partisan politics should be kept out of the schools. Carr advised delegates to "get all of the relevant facts about the community's school practices before criti-

cizing them, and work with the community's teachers."

### Carr Reviews Post War Period

Carr reviewed the years following World War I, when the nation suffered from severe teacher shortages.

Results of this period showed up dramatically by World War II, he said, when more than 500,000 men were rejected from military service for educational deficiencies and more than 300,000 had to be taught to write simple sentences.

"We can take no pride in this record," Carr said.

He said a similar situation exists today with regard to the teacher shortage. He cited the necessity for private citizens to become concerned about this and other school problems, and to work for their improvement.

### Beardsley On Speaker List

Other speakers at the conference were Gov. William S. Beardsley, who sponsored the session; Jessie Parker, state superintendent of public instruction; Samuel S. Gale, vice-president of General Mills Inc. and a member of the National Citizens Commission for the Public Schools, and SUI President Virgil M. Hancher.

Nearly 200 Iowans from 70 organizations attended the conference.

### REMAINS CRITICAL

Ralph Lumpa, 22, R.R. 5, remained in "critical" condition Wednesday night at Mercy hospital. He was shot in a mishap one week ago by a cousin with whom he was hunting.

## Bill to Stop Strikes In Vital Industries Introduced in House

WASHINGTON (AP) — A new and tough bill to prevent strikes in defense industries was introduced in the house Wednesday as congress reacted swiftly to the walkout of CIO steelworkers.

Offered by Rep. Howard Smith (D-Va.) and reportedly backed by some influential Republicans, the bill would give congress power to obtain injunctions in strikes during national emergencies and would assure indefinite operation of strike threatened industries during labor-management negotiations. Smith was co-author of the Smith-Connally wartime law which provided for plant seizure and other stop strike measures.

The measure was slated for prompt consideration by the house armed services committee.

The strike followed a federal district court ruling that President Truman acted illegally in seizing the steel industry to avert a walk-

## Decision on Continuing Strike Expected Today

PITTSBURGH (AP) — The strike of 650,000 steel workers shrank giant vital defense production to pygmy proportions Wednesday but an appellate court ruling placing the mills back in government hands plunged the industry into new confusion.

The next move is up to Philip Murray, president of the CIO United Steelworkers, to whom the thousands of idle men looked for the sign to return to their jobs or remain on strike.

Murray himself said he will have no comment until today on the ruling of the U.S. circuit court of appeals in Washington restoring the government's seizure of the mills.

In one crisp — "I will have nothing to say tonight" — Murray heightened the suspense attending the steel dispute.

That crisis was provoked by a federal court's voiding of the government seizure and Murray's immediate call for a strike.

The return of the mills to government control is only temporary, pending an appeal of the whole complex issue to the supreme court. That in itself added to the bewilderment on both sides.

On the whole, the reaction from the steel workers is "We'll stick to our guns until we have good reason to do otherwise."

John Murray, director of district 16 of the steel workers union and a cousin of President Murray, said:

"Where we go from here depends on the activities of the national president, Philip Murray."

"The mills will continue to stay down unless we are otherwise notified by the international office."

District 16 takes in two big Jones and Laughlin steel plants in Pittsburgh and 15 other steel mills in this region.

## Oil Strike Curtails Gas Supply

DENVER (AP) — An often-postponed strike of oil workers swept across the nation Wednesday. It closed some refineries, curtailed pipeline operations and started motorists lining up for gasoline.

Nearly 90,000 men — about half those who run the pipelines, refineries and distribution plants — walked out as facilities were closed down in orderly fashion.

CIO, AFL and independent unions worked together. Socony-Vacuum's East St. Louis refinery was shut down when CIO and AFL members walked out together.

The Denver unions are demanding a 25 cent an hour wage increase, a differential of 6 in 24 instead of 4 cents for the 4 p.m. to midnight shift and a differential of 12 instead of the present 6 cents for the midnight to dawn shift. Present wages run about \$2 to \$2.10 an hour.

California workers were ordered by union officials to stay on the job to avoid cutting critical supplies for the Korean war, but negotiations continued.

Officials at headquarters of the Oil Workers International Union, CIO, in Denver said the talks in San Francisco between their representatives and the Shell Oil company are "the most promising."

The walkouts began at one minute after midnight. Some will not be complete until midnight Saturday to allow time to properly shut down refineries.

Union officials estimate 44 per

cent of the nation's daily refinery capacity—2,850,000 of the 6,500,000 barrels — is affected by the strike. The cut could go deeper as the movement of crude oil is reduced by pipeline strikes.

## Rioters Mar Tokyo May Day Celebration

TOKYO (THURSDAY) (AP) — An orderly May Day celebration turned into a screaming melee shortly before noon today. A band of Japanese and Korean Communists stormed the speaker's platform in Meiji park in downtown Tokyo, just before U.S. Socialist Norman Thomas was to speak.

About 50 Reds, waving Communist banners and singing the "Internationale," broke through police lines and began breaking tables and chairs on the speaker's platform.

The riot was quelled within 30 minutes, but scheduled speeches were cancelled for the day.

A shirt-sleeved, milling crowd of about 300,000 had been peacefully observing Japan's first post-occupation May Day, with speeches and soft drinks when the Communists began their disturbance.

The back-to-work shutdown of the mills broke all records for speed.

The nation's all-important steel mills were darkly silent less than 24 hours after Murray ordered his U.S. members to stop work in nearly 100 basic steel companies.

Flying over the vast reaches of the steel capital Wednesday, one got the impression of industry derelict and desolate.

Here and there across the nation, a steel plant still is winding up the laborious process required to prevent damage to fantastically expensive equipment.

But steel production in 24 hours slipped from around 290,000 tons to an estimated 10,000 tons.

In the past it has taken two or three days to shut down the industry. This time, the walkout was virtually complete overnight.

For all its haste, the strike generally was orderly and peaceful.

Stoppage Erupts

The work stoppage erupted spontaneously in many plants as soon as the steelworkers heard a federal court judge had voided government seizure of the steel industry. In other plants unionists waited for Murray's cease work order to reach them via local headquarters.

Rank and file steelworkers, now earning an average of around \$1.95 an hour, are determined to hold out for a steel wage settlement based on the 26 cent raise recommended by the wage stabilization board. They are after their sixth postwar wage boost.

Republic Steel Corp., the third largest steel producer, was the first big company to wind up its shutdown.

In Cleveland, company officials said the firm's plants were placed in a standby condition by noon.

### Stays Order Until Friday

The circuit court, in a 5-4 decision, stayed until Friday afternoon the effectiveness of an anti-seizure order issued by Federal District Judge David A. Pine.

Judge Pine, ruling that President Truman acted illegally and unconstitutionally in seizing the vast industry to head off a strike, issued an injunction declaring the mills must be returned to their owners.

The circuit court made its stay effective only until 2:30 p.m. (CST) Friday. After that time it will be up to the highest court to say whether there shall be another stay.

In the 5-4 decision of the circuit court, Chief Judge Harold M. Stephens and Judges Bennett Champ Clark, Wilbur K. Miller and James M. Proctor dissented.

"We are of the opinion that the government has made no showing whatever which would justify this court in staying Judge Pine's order," Chief Judge Stephens said in behalf of the minority.

The judges who voted for granting the brief stay are Charles Fahy, Henry W. Edgerton, David L. Bazelon, E. Barrett Prettyman and George T. Washington.

DR. CLYDE A. HENRY, 78, of Farson Wednesday received the Iowa State Medical society's 1952 outstanding practitioner award. The presentation was made at the closing session of the society's annual convention. Dr. Henry is a fifth-generation descendant of Patrick Henry. He has been a country doctor for 55 years.

## 'Tough Guy' Robinson Testifies

EDWARD G. ROBINSON, MOVIE TOUGH GUY, tells the house un-American activities committee Wednesday that he has been "duped and used" by Communists. Robinson declared that he had never knowingly aided communism or any Communist cause. The actor appeared at his own request, saying that he wanted to clear his name of any charges of Communist leanings.

## I Will Die of Cancer While You Read This

The average student on any average day attends his classes, maybe has a date, perhaps goes to a movie, and hits his studies for a while. He is a realist. He knows that his work here is going to help make his future brighter. On an equally average day, 11 Iowans die of cancer; 600 die in the United States during that same 24 hours. Somewhere in the nation, one person will die of cancer while you read this editorial! 12 will die while the average reader scans THE DAILY IOWAN. We base this on an American Cancer Society report that one American dies of cancer approximately every two and one-half minutes. The ACS goes on to say that during World War II, only one-third as many Iowans were killed as died from cancer during that same period. Stop and think those statistics over! Think over this one too: One out of every five Americans now living will develop cancer if the present rate continues. The battle being waged by the ACS is one of the greatest.

Through their programs of research, education and improved services for cancer patients, the society is endeavoring to trim this killer down to where mankind can handle him. This is everyone's fight! And it cannot be won unless everyone chips in. College students generally are far from flush financially, except, perhaps, for the first two days of the month. No one expects a student to give more than he can "afford to." The question is, can we afford not to give SOMETHING? Look at the future for which you are preparing. Tomorrow belongs to the students of today. By your aid in the fight now, groups such as the American Cancer Society can carry on this fight against cancer. The goal being to learn all they can about cancer, to reduce cancer deaths, and eventually conquer cancer. You can help by sending your gift to CANCER, care of POST OFFICE, IOWA CITY, IOWA.

## Judge Pine Explains Court Decision

### Rules Action Had No Basis

(Editor's note: Following are excerpts from the text of Federal Judge David A. Pine in his ruling against the seizure of steel mills by President Truman.)

There is no express grant of power in the constitution authorizing the President to direct this seizure. There is no grant of power from which it reasonably can be implied. There is no enactment of congress authorizing it. On what, then, does defendant (the U.S. government) rely to sustain his acts? According to his brief, reiterated in oral argument, he relies upon the President's "broad residuum of power" sometimes referred to as "inherent" power under the constitution, which, as I understand his counsel, is not to be confused with "implied" powers as that term is generally understood, namely, those which are reasonably appropriate to the exercise of a granted power.

Nothing that could be submitted as such trial on the facts would alter the legal conclusion I have reached. But assuming I am required to balance the equities, what is the situation in which I find this case? I am told by defendant of the disastrous effects on our defense efforts and economy if an injunction should be granted, because it would automatically be followed by a crippling strike; and I am asked to weigh that damage against the incalculable and irreparable injuries to plaintiffs' multibillion-dollar industry, if I should refuse to issue it.

Assumes a Strike  
Assuming the disastrous effects on the defense effort envisioned by the defendant, that can come about only in case of a strike, and that presupposes that the United Steelworkers will strike notwithstanding the damage it will cause our defense effort.

Asked to Weigh Disastrous Effects  
As to the necessity for weighing the respective injuries and balancing the equities, I am not sure that this conventional requirement for the issuance of a preliminary injunction is applicable to a case where the court comes to a fixed conclusion, as I do, that defendant's acts are illegal.

Can Stand Stress  
I am unwilling to indulge in that assumption, because I believe that our procedures under the constitution can stand the stress and strain of an emergency today as they have in the past.

1—This contention requires a discussion of basic fundamental principles of constitutional government, which I have always understood are immutable, absent a change in the framework of the constitution itself in the manner provided therein.

Acts Must Be Granted  
The true view of the executive function is, as I conceive it, that the President can exercise no power which cannot be fairly and reasonably traced to some specific grant of power or justly implied and included within such express grant as proper and necessary to its exercise.

Former Seizures Not a Precedent  
He (counsel for defendant) next refers to seizures by former presidents, some during war and several shortly preceding a war, without the authority of statute, but it is difficult to follow his argument that several prior acts apparently unauthorized by law, but never questioned in the courts, by repetition clothe a later unauthorized act with the cloak of legality.

# Ted's Homer Wins His Farewell Game

Williams Near Tears in Farewell

HOLDING BACK TEARS as he says goodbye to Fenway park fans Wednesday is Ted Williams, all-time great slugger for the Boston Red Sox who has been recalled to active duty in the marines. In pre-game ceremonies honoring the left fielder, Williams was showered with gifts from Boston fans and teammates. At left is first baseman Wally Dropo.

## Beats Tigers, 5-3, Before Return to Duty

BOSTON (AP) — Ted Williams said his second baseball farewell in 10 years with a game-winning two-run homer Wednesday to give the Boston Red Sox a 5-3 victory over the Detroit Tigers.

Williams' first 1952 four-bagger, the 324th of his major league career, strengthened the Red Sox' hold on first place as he left them to rejoin the U. S. marines for a 17-month tour of duty as a flyer.

Making his first appearance in the starting lineup since the opening game in Washington, during which he pulled a leg muscle, Williams homered into the right field stand against Dizzy Trout with Don DiMaggio on base in the seventh inning to break a 3-3 tie.

The Red Sox had pulled away to a 3-1 lead at the expense of starter Virgil Trucks in the fifth frame, and Mel Parnell, seeking his third straight win of the season, appeared to have it clinched.

Parnell had given the Tigers a fifth inning run when Johnny Lipon singled and George Kell doubled. In the seventh, after Kell drew a base on balls and was forced by Steve Souchock, Vic Wertz made Parnell the victim of his third homer of the season to deadlock matters.

That mightily bow upset Parnell. With two out Don Kolloway and Batts connected safely and rookie righthander Ivan Delock was rushed to the Boston mound. The youngster retired the last seven Tigers in order, striking out three, to gain credit for his second win in relief.

## Williams Lists Hit As 1 of 2 Greatest Thrills in Career

BOSTON (AP) — A solemn Ted Williams paused as, for the second time in 10 years, he swapped his Boston Red Sox uniform for that of a U. S. marine flier. He had been asked to name the biggest thrill of his twice-interrupted career as one of the American league's outstanding batters.

"I've had two," Williams replied. "The two-on homer I hit against Claude Passeau in the 1941 all-star game and this one I got today. Just now, I can't separate them. Perhaps I will be able to later."

Both Decided Games Williams' 1941 thrill decided a game, as did Wednesday's, a two-run affair that broke a 3-3 tie with the Detroit Tigers.

During his 10 and a fraction seasons with the Red Sox, Williams has homered 346 times in 1,427 games. They ceased to excite him long ago, but Wednesday's blow, which might well be his last one, drew some of his expert consideration.

"I hit one of Dizzy Trout's good curves and I hit it good," Williams explained. "I'm really proud of it."

346 Lifetime Average Before singing his second baseball swan song, Williams, who bows out with a .346 lifetime batting average, was honored as no other Boston player in history.

During pre-game ceremonies, suggested only last Saturday by Mayor John B. Hynes of Boston, Williams was showered with gifts from well-wishers. Among them was a spanking new Cadillac sedan, presented by a group of close friends.

Williams did something he has persistently refused to do — he doffed his cap to the cheering crowd as he responded to the praises.

## White Sox Win Twin Bill over Nats, 7-3, 4-3

WASHINGTON (AP) — Eddie Robinson's home run off 43-year-old Bobo Newsom with two out in the 11th inning presented the Chicago White Sox a 4-3 victory over Washington in the second game of a two-night-night double-header after the White Sox also won the opener, 7-3.

The White Sox, who won 11 straight games on their first eastern trip last year, thus started their initial eastern excursion this season on a happy note.

Robinson's belt over the right-field wall with none aboard gave left-handed Bill Kennedy, Chicago's fourth pitcher, the second game decision.

Chicago vaulted into a 6-0 lead in the opener and got 4th-inning from Billy Pierce and Harry Dorish. The Senators scored all their runs in the sixth inning when Sam Mele doubled with the bases loaded. After Pierce gave up successive singles with none out in the seventh, Dorish relieved him and pitched no-hit ball.

## Bucs Finally Win, Drop Braves, 11-5

PITTSBURGH (AP) — The Pittsburgh Pirates broke their 10-game losing streak with an 11-5 victory over the Boston Braves Wednesday.

Murry Dickson won his first victory after three setbacks. He held the Braves to two hits going into the eighth when a five-hit attack routed him in favor of Ted Wilks.

Every player in the Buc starting lineup got a hit except catcher Joe Garagiola. George Metkovich had a three-run homer in the seventh inning.

## Stanky, Cardinals Smash Bums, 14-2

ST. LOUIS (AP) — Manager Eddie Stanky made his home debut as a player with the St. Louis Cardinals Wednesday night, drawing three walks and belting a two-run double in a lineup shakeup that produced a 14-2 victory over Brooklyn, breaking a three-game Dodgers' winning streak and a similar string of successive Redbird defeats.

Gerry Staley became the first major league pitcher to win four games this season. His seven-hit triumph, his ninth straight since last August, was made easy by a six-run St. Louis outburst in the first inning against lefthander Chris Van Cuyk and righthander Carl Erskine.

The Cardinals then went on to club four Brooklyn hurlers for 14 hits, including a grand-slam homer by Red Schoendienst, a double and two singles by Peanuts Lowrey, who has had 10 blows in 15 trips this season, and a pair of two-baggers by Stan Musial.

In manager Stanky's shakeup of his lineup, the little scrapper went to second base, Schoendienst shifted to third, Wally Westlake played center field and third baseman Billy Johnson and right fielder Enos Slaughter were benched. Every player in the revised batting order collected at least one hit.

Big 1st Inning After batting around in the big first inning in which Stanky led off with a walk and later doubled, the Cardinals sufficed Erskine for three runs in the fourth and Bud Podbielniak for five in the fifth. The Dodgers collected their two tallies in the sixth off Staley's first two passes, two singles and Jackie Robinson, the league's

## Clyde Smith Named Head Grid Coach At Arizona State

TEMPE, ARIZ. (AP) — Clyde Smith, football coach at Indiana university from 1948 to 1951, was named head grid mentor at Arizona State college at Tempe Wednesday.

The 46-year-old proponent of the T-formation will succeed Larry Stiemering who resigned in the wake of a scandal over use of an ineligible football player all last season.

Ironically, the player involved was Joe Matesic who played varsity football under Smith at Indiana in 1950. He registered at Arizona State last season as a freshman under the name of his brother, Edward.

No Details Given No details of the agreement between Smith and the college were announced other than he would take over his duties here today.

"I have been greatly impressed by the spirit and enthusiasm of those I met on the Arizona State college campus today," Smith said. "I'm convinced that the college has a bright future and I want to grow with it and be a part of it."

Smith, a native of New Eagle, Pa., played football under Bo McMillin at Geneva college, Pa., from 1926 to 1928.

Wide Background He coached in prep schools for five years and went to Indiana in 1934 as line coach under McMillin. He stayed there four years and then became head coach at State College, La Crosse, Wis.

He went back to Indiana in 1948. It had appeared until Wednesday that Don Campora, Arizona State assistant, was first in line for the position.

## Jansen, Williams Put Giants Over Reds, 4-1

CINCINNATI (AP) — Veteran Larry Jansen and young Davey Williams combined Wednesday to give the New York Giants a 4-1 victory over the Cincinnati Reds.

Jansen shackled the Reds with an impressive three-hit job for his second straight win of the young season while Williams rapped out four straight hits to figure in the Giants' three run-scoring innings.

The Giants scored once in the third, twice in the fifth and once in the sixth.

The 31-year old New York righthander doled out the hits to the Reds one at a time. Their lone run came in the fifth on Hank Edwards' second homer of the year, over the right centerfield fence near the 390-foot mark. Jansen now has beaten the Reds 16 times against two losses to them.

Starter Harry Perkowski was handed his first defeat against one win. He was replaced in the sixth by Frank Smith.

## Yankees Split 2 with Browns, Lose Coleman

NEW YORK (AP) — Allie Reynolds won his first game of the season Wednesday as he pitched the New York Yankees to a 4-1 four-hit victory over the St. Louis Browns in the second game of a doubleheader. Reynolds fanned eight and drove in two runs.

The Browns won the first game, 9-4, behind Bobby Cain and Satchel Paige.

Reynolds fanned eight as he registered his first triumph of the campaign. He lost his bid for a shutout in the sixth when Jimmy Delsing walked and raced all the way home on a double to left by Jim Rivera.

Mickey Mantle and Gerry Coleman, the latter playing his last game before taking over his duties as a captain in the marines, were the big Yankee guns. Mantle rapped out five hits, including a first-game homer and batted in three runs.

Coleman, with a pair of hits in each game, bowed out hitting a league leading high of .405. The second baseman was presented with a silver service set by his teammates as a farewell present in between games.

Reynolds, himself, had a hand in the scoring, driving in two runs with a single and a walk with the bases loaded.

## 200 Honor Schroeder, Howard At Dinner Marking Retirement

E. G. (Dad) Schroeder and Mike Howard, who have served the University of Iowa a total of 77 years, were honored Wednesday night at a testimonial dinner attended by 200 friends and admirers.

Schroeder, former athletic director, and wrestling coach Howard will retire at the end of this school year.

In addition to those present at Iowa Memorial Union, the two received greetings from 275 persons who were unable to attend. The letters came in the form of two volumes of letters compiled by the athletic department.

Both were awarded honorary I club sweaters, and are only the fourth and fifth men to be so honored. They also each received a large suitcase.

In an opening speech, Athletic Director Paul Brecher said, "I have needed advice, and Dad Schroeder gave me that; I have needed a smile and a pat on the back and Mike Howard gave me those. I hope that Dad and Mike

# Allies Alert in Korea For May Day Tricks

SEOUL, Korea (THURSDAY) (AP) — Artillery fire roared along the western Korean battlefield today and Allied ground forces were alert for any Communist May Day tricks.

U.S. Sabre jet pilots reported shooting down six Russian-built jets and damaging three in air battles earlier Wednesday in far northwest Korea. A marine fighter was damaged another.

May Day is a special day for the Reds, and Gen. James A. Van Fleet with heavy artillery fire let them know his U.S. eighth army was ready.

Artillery duels broke out Wednesday night and raged on early today.

Then followed brisk skirmishes at various points along the twisting 150-mile battle line. Flashes of the big guns could be seen from Munsan, the Allied advance army camp in western Korea.

Communist planes stepped up on the east-central front in the Munsan valley area.

The U.S. fifth air force reported its Sabres outnumbered the MIGs for a change in Wednesday's three dogfights. The Sabre jet flights totaled 64 planes against 33 MIGs.

The air force said two of the jet jets were destroyed east of Simulju, south of the Yalu river, when 35 Sabres jumped 10 MIGs trying to reach Allied fighter-bombers farther south.

Planes said three of the eight remaining MIGs were hit.

In two other dogfights later in the day, 29 Sabres knocked down four of 23 MIGs, the air force reported.

# Foreign Veterinarians To Visit Local Farms

Veterinarians from four European countries will visit dairy and sheep farms in the Iowa City area May 12 and 13.

The 14 veterinarians, who came to the United States from Italy, Yugoslavia, Austria and Iraq, are now taking a short course in animal disease control at Iowa State college in Ames. Their visit here and in other sections of Iowa will be in connection with this course.

The veterinarians are all technical leaders of their governments. They were brought to the United States through the U.S. department of agriculture and the mutual security administration.

QUEEN MARY, who has been suffering from a cold and cough for three weeks, was described Wednesday as making good progress. The queen mother, who will be 85 on May 26, is still confined to Marlborough House.

# Korean Vet Named ROTC Instructor

Sfc. Alby Godfrey, Dayton, Ky., has been appointed as an engineer instructor in the SUI military department.

Godfrey, a Korean and World War II veteran, was sent to Korea in 1950 with the 91st engineer water supply company. He served 17 months in charge of the eighth army's laboratory which made tests of all water used on the Korean peninsula by U.S. forces.

Previous to his arrival in Korea, he was assigned to the naval radiological school at Pearl Harbor. For 18 months he was stationed at the atomic proving grounds on Eniwetok atoll in the Pacific.

# 11 Students to Give Joint Music Recital

Eleven SUI music students will perform in a recital in North Music hall at 4:10 p.m. today.

Vocalists will be Margaret Herndon, Council Bluffs, Vionne Longstreth, A3, Elma, Dorothy Walker, A4, Aurora, Ill., Kathryn McNamara, A3, Anamosa, and soprano and Walter D. Koerner, A2, Dubuque, tenor.

Instrumentalists will be Jack Colson, A1, Marengo, trumpet; Marvin McCoy, A1, West Des Moines, horn; Bill Betterton, A2, Knoxville, trombone; Paul Benjamin, A4, Iowa City, oboe; Joan Borg, A1, Victor, piano, and Evangelina Thomas, A2, Cedar Rapids, violin.

# Hospital School Plans Parents Meeting

Invitations have been mailed to the parents of more than 750 handicapped Iowa children to attend a statewide meeting of parents of handicapped children at SUI Monday.

Principal speaker at the meeting will be Dr. Leslie B. Hohman, professor of psychiatry at Duke University. Hohman will discuss the emotional implications of cerebral palsy.

Another feature of the day-long meeting will be a round-table discussion of ways in which parents can help their handicapped child grow up, with Hohman and several parents of handicapped children participating.

A showing of motion pictures on the problems of handicapped children and a tour of the Iowa Hospital-School's present and future facilities will round out the day's program.

Officials of the meet said overnight accommodations are being readied for those parents who want to make the trip to Iowa City on Sunday.

## 3 Seek 2 Campus Publications Posts

THESE THREE STUDENTS are seeking two posts on campus publications for the 1952-53 school year. Maurie Rosen (left) A3, Davenport, and Jack Bender (center) A3, Waterloo, are candidates for the editorship of The Daily Iowan. Sally Bailey (right) A3, Ottumwa, is the only candidate for the job of business manager of Hawkeye yearbook. Donald Wallace, A3, Veneta, Penn., has previously submitted his bid for the editorship of Hawkeye. He is also the only candidate for that post. The four appointments are scheduled to be made May 6 by the Board of Publications.

## Army, Air ROTC To Be Reviewed By Gov. Beardsley

Gov. William S. Beardsley will be guest of honor at the 68th annual Governor's day review of the SUI ROTC cadets May 9.

Approximately 1,800 university cadets will be reviewed by the governor before he presents marksmanship, drill and other awards to individual ROTC students.

The review will take place at a parade of the cadets scheduled to begin at 10:30 a.m. at the drill field behind the field house.

Following the parade, the governor will attend a luncheon with senior ROTC cadets and university officials and will address the group at 1:15 p.m. His talk will be carried over station WSUI.

A governor's open house for the public will then be held in the senate chamber in the Old Capitol beginning at 2 p.m.

## Professor to Attend 4 Nursing Meetings

Prof. Amy Frances Brown of the college of nursing will participate in four meetings and institutes during the first two weeks in May.

Today, Miss Brown will preside as chairman of the headquarters policies committee of the Iowa State Nurses association in Des Moines. She is secretary of the association.

Following the committee session Friday and Saturday, Miss Brown will meet with the association's board of directors.

Beginning next Tuesday, at the invitation of the California board of nurse examiners, Miss Brown will serve as leader at two west coast nursing institutes on the evaluation of clinical experience and instruction.

The first institute will be May 6-8 at Cedars of Lebanon hospital, Los Angeles, and the second will be May 13-15 at the St. Joseph college of nursing, San Francisco.

## Short Course Planned For Circulation Men

C. K. Jefferson, assistant circulation director of the Des Moines Register and Tribune, will be moderator for panel discussions at the SUI school of journalism's third annual short course on newspaper circulation May 24 and 25.

Circulation men from throughout the Midwest have been invited to attend. Two panels are on the program, one on "Newspaper Carriers," and the other on "The Business Management Side of Circulation."

The program includes: "Newspaper Pricing," M. E. Fisher, circulation director, Minneapolis Star and Tribune. "Mail Subscription Selling Techniques," John M. Canny, assistant circulation director, Madison Newspapers, Inc. "Carrier Selling Promotion," R. E. McLellan, circulation director, Rock Island Argus.

"A Carrier Program That Works," William F. Lester, circulation director Peoria News, papers, Inc.

"Functions of a Carrier Counselor," Donn Lang, carrier counselor, Cedar Rapids Gazette.

SUI President Virgil M. Hatcher will give the closing address. Short course registration will take place May 24. The fee is \$5 for both days or \$3 for one day.
