Red Prisoners Removed from Riot Area

UN PRISONERS OF WAR, described as former South Korean soldiers captured by Communists and then impressed into the Red Army, are moved to Koje island to a new POW camp at Masan. Note the American flag made of burlap and home-made South Korean flags. More than 3,000 prisoners were moved to break up trouble spots at Koje where there have been two riots. The army says these prisoners have denounced Communism.

Sen. McMahon Enters Wide-Open Demo Race

By The Associated Press

Sen. Brien McMahon tossed his hat into the ring Thursday—getting a pat on the back from President Truman—as the fifth entry in the wide-open race for the Democratic presidential nomination.

The Connecticut senator, chairman of the senate-house atomic energy committee, is one of the first Roman Catholics to seek the presidency since the defeat of the late Al Smith in 1928.

In much the same vein as he has spoken about other party candidates, Truman told his news conference that McMahon is qualified for the presidency. And he added this comment: "It looks like we are going to get some good candidates."

As for himself, Truman nailed down his March 29 announcement that he wouldn't run again. If nominated, he said, he would say no.

McMahon announced his candidacy as a "Liberal Democrat" and indicated that generally he favors the Roosevelt-Truman domestic and foreign policies.

Meanwhile, Gen. Dwight D. Eisenhower edged ahead of Sen. Robert A. Taft for the first time in their nation-wide race for delegates to the Republican nominating convention which meets in Chicago on July 7.

Eisenhower picked up eight new delegates in Republican district conventions in Missouri, and passed Taft by a slim four-vote margin in Associated Press tabulations.

Reds Reject Allied Program For Armistice

MUNSAN, Korea (FRIDAY)

(AP)—The Communists today rejected an Allied compromise proposal for settling the last three issues blocking a Korean armistice but agreed to meet again Saturday.

They turned down the Allied plan—which involved prisoner exchange, military airfield rebuilding and Russian participation in post-armistice Korea—in a 78 minute, off-the-record meeting. The meeting was considered critical in the nearly 10 months old Korean armistice talks.

The two delegations convened at their full strength of eight generals and two admirals. The Communists have insisted they will never budge from their stand on any of these issues. It was believed, however, the secret session was ordered because the Communists might be ready to change their minds.

Guard Unit Returns From Flood Duty

The 34th reconnaissance group, one of two Iowa City units of the national guard, arrived here Thursday night after almost two weeks of emergency flood duty at Muscatine.

The unit was one of the first to leave the Muscatine area. The complete withdrawal of all guard troops was expected to be completed by Saturday night "if the good weather continues," Brig. Gen. Fred Tandy, head of the Iowa guard, said Thursday.

Other units which have been on duty at Muscatine included those from Davenport, Keokuk, Fairfield and Muscatine.

PIEGORS ELECTED

Irma Piegors, dietician at University hospitals, was elected secretary of the Iowa Dietetic association at its meeting in Des Moines Thursday.

Crusading Newsman Will Give Lecture On Campus May 15

Kenneth L. Dixon, Louisiana newspaperman acquitted last month of defamation charges growing out of a crusade against gambling, will give the Don R. Mellett Memorial lecture in Iowa City May 15.

Dixon will discuss freedom of information in a public lecture at 8 p.m. in the Shambaugh lecture room of University library.

Communist Nations Ruled Out of Bounds For U.S. Travelers

WASHINGTON (AP)—The United States Thursday put all of the Iron Curtain countries out of bounds for American travelers except for trips specifically approved by the state department.

To prevent "sneak visits" and protect venturesome individuals from risking travel to Communist-run areas, the department started stamping all new passports:

"This passport is not valid for travel to Albania, Bulgaria, China, Czechoslovakia, Hungary, Poland, Romania or the Union of Soviet Socialist Republics (Russia) unless specifically endorsed under authority of the department of state as being valid for such travel."

Travel to three of these—Bulgaria, Czechoslovakia and Hungary—already was prohibited and a system of military permits has kept Americans out of China since the Communists took over and started jailing some U.S. citizens already in the country.

The effect of the new order is to tighten restrictions on visits to Russia and the other satellite countries. It went into force near the start of the tourist season which promises to break all records for foreign travel. In the first three months of this year, just short of 100,000 passports have been issued compared with 60,000 in the same months of 1951.

Gas Supply Dwindles In Boston and Chicago

DENVER (AP)—Forced hoarding of petroleum supplies was ordered Thursday in the face of spreading gasoline shortages and a continuing deadlock in negotiations aimed at breaking a nation-wide oil strike.

President Truman, asked at his news conference if he had any intention of seizing the oil industry as he had the steel industry, said the question had not been put to him. The President said he understood an agreement was near in the oil walkout.

Industry, rail and air transport, and natural gas supplies still were largely unaffected by the wage walkout. But filling station pumps were running dry in the Chicago-Gary area. Other dealers, such as those around Boston, were restricting gasoline sales to regular customers.

Aviation Gasoline Cut
Secretary of the interior Chapman in Washington said strikes now underway in the oil industry will cut aviation gasoline production by about 30 per cent and it already "is in short supply."

He said an order limiting use of aviation gasoline probably will be issued soon. About half of the entire domestic output of aviation gasoline is used for military purposes, Chapman said.

"Unless the strike is settled quickly," he added, "the use of aviation gasoline will have to be restricted."

Negotiations Were Hopeful

Headquarters spokesmen here for the CIO Oil Workers International, largest of the 22 unions participating, had called negotiations between an independent union and Standard of Indiana at the Sugar Creek, Mo., refinery "the most hopeful" of the day.

But these talks broke down in mid-afternoon and workers struck immediately. Maynard Sands, vice chairman of Local 101, Central States Petroleum, said that "there is a wall between us that no one could get over."

San Francisco Talk Fails

The negotiations between Shell oil company and the CIO union in San Francisco also were broken off temporarily after hopeful signs earlier in the day. It had been expected a pattern for settlement throughout the industry might emerge there.

Original union demands, first voiced last fall, were for a 25 cent increase in the average \$2 to \$2.10 hourly wage and a boost in shift differentials. There are now 4 cents from 4 p.m. to midnight and 6 cents from midnight to 8 a.m. Raises sought are 6 cents and 12 cents.

Czechs Allow U.S. Official To See Oatis

WASHINGTON (AP)—The state department disclosed Thursday that Czech authorities, after more than a year of refusals, have permitted the American ambassador to see William N. Oatis, the Associated Press correspondent imprisoned in Prague.

Ellis O. Briggs, U. S. ambassador to Czechoslovakia, talked with Oatis Wednesday at the Prague police headquarters and found him in good health, state department officials reported.

They hastened to add that the interview could not be taken as a sign that Oatis is about to be released. Nor does it mean he is not going to be released, they said.

The 36-year-old correspondent was seized by secret police April 23, 1951. All efforts by American embassy officials to see him since that time were unsuccessful until Wednesday.

President Truman commented on the interview at his news conference late Thursday and declared the United States is going to do everything it can to get Oatis out of jail.

Last July 4, after a trial which the United States government denounced as "a ludicrous travesty of justice," Oatis was sentenced to 10 years imprisonment for "spying out state secrets" and reporting "slanders and lies."

Government Wins Steel Victory

SOLICITOR GENERAL PHILIP PEARLMAN (right) is seen smiling Thursday as he and Asst. Atty. Gen. Holmes Baldrige leave court with a point win in the legal battles over the steel labor dispute. The U.S. court of appeals by a 5-4 vote refused to bar the government from raising wages of steel workers while it holds the seized mills.

Doubt Rule Change On Married Housing

The student council was told Thursday night that "it is highly improbable" that a university rule requiring married students to be enrolled for five semester hours during the summer session to maintain residence in SUJ housing can be changed this year.

William Skaife, A3, Dubuque, chairman of a special council committee studying the rule, said applications for summer housing must be filed by May 5, which is too soon for action to be taken on the rule this summer.

At a student council meeting one week ago, two married students appeared before the council and criticized the rule. They felt it prevented them from taking full time summer jobs to earn money to remain in school.

The council empowered the committee to continue with the study. In another action, the new council named committee chairman and membership for the coming year.

Named to council committees were:

Public relations: Joseph Venaglia, C3, Missouri Valley, chairman; Dale Harworth, A2, Champaign, Ill.; Connie Hastings, A2, Iowa City; William Isenberger, A1, Sioux City.

Book exchange: Nancy Ladd, A2, Iowa City; Lue Crumblitt, L3, Ottumwa; Richard Gleichman, P1, Rockford, Ill.; Virgil M. Hancher Jr., A3, Iowa City; Audrey Belle, A1, Iowa City; Dale Razez, C3, Harlan. (Chairman to be chosen later).

Reading room: Isenberger, chairman. Other members will be named later.

Social: Marjorie A. Livenood, A3, Des Moines and Virgil M. Hancher Jr., co-chairmen; Violet Gordonier, N3, Postville; Barbara Hoffman, N1, Monticello; William Skaife, A3, Dubuque, and Crumblitt.

Campus chest: Haworth, chairman; Mrs. Barbara Gibson, A4, Iowa City; Willard J. Holcomb, A2, Swoa City, and Razez.

International relations: Jewel Limar, G, Alexandria, La., and Jim Turk, A3, Waukegan, Ill., co-chairmen; Jon Sidlinger, A3, Cedar Rapids, Mrs. Gibson and two members to be elected by the international club.

Student organizations: David Stanley, L3, Iowa City, chairman; Kent Forney, A2, Sibley, and Pettwell.

Council members named to university committees were: student trip—Belle; library—Holcomb, and calendar—Eleanor Glick, A4, Creston and Pettwell.

SUGGEST RELEASES

SAN ANTONIO, TEX. (AP)—Honorable discharges have been recommended for two of the six officers of Randolph air force base recently charged in court martial proceedings for refusing to fly.

What a Night!

TORONTO (AP)—Boy, oh boy, those girls in the Boyer family! Linda Boyer, 4, got her foot caught in a sewer vent pipe Wednesday night.

At the same time, sister Barbara, 6, got a washer stuck on her finger.

Baby Janice, seven months, hit herself on the head with a bottle.

The fire department got Linda's foot out of the sewer and the washer off Barbara's finger. The baby had to soothe herself.

"What a night," sighed the mother, Mrs. Andrew Boyer.

Union Leader Delays Decision Until Today

WASHINGTON (AP)—President Truman Thursday night asked Philip Murray, head of the CIO steelworkers, to call off the nationwide steel strike but Murray ignored the request and said he would take no action until today.

The President made his request to Murray in a telegram Thursday night but the steelworkers' president told newsmen he had not received any official word of the request Thursday and would stand pat on his strike order at least until today.

Truman appealed to the union members, and also to the heads of six big steel companies, as loyal Americans "to do everything you can" to restore production of the steel "we must have for our national safety."

Truman Calls Meeting

The President also invited Murray and the heads of six steel companies to meet with him at 10 o'clock Saturday morning to confer on the issues involved in an effort to reach an immediate settlement.

In making his request the President told Murray and the steel heads the United States court of appeals has granted an order halting the district court order which had blocked the operation of the steel mills by the government.

"Thus the government is now in a position to continue the operation of the steel mills in the national interest," Truman said.

The court of appeals here, by a split 5 to 4 vote, refused Thursday to forbid the government to raise wages in the industry.

No Wage Boost Planned

However, Secretary of Commerce Sawyer, who is in control of the industry for the government, said no immediate wage boost was planned.

Sawyer also called for new peace talks in the strike-crippled industry and asked congress for legislation empowering the government to deal with "titanic" struggles between industry and labor.

Late in the day, President Truman told his news conference he has no ambition to be a dictator and will abide by any supreme court decision on his seizure of the multi-billion-dollar steel industry.

The President said he will take every possible action to get the steel strike settled, but gave no clue of what steps he might have in mind.

Truman May Issue Order

Earlier, in a day of multiple developments bearing on the great controversy, there had been speculation that Truman might issue a back-to-work call now that the steel mills are once more back under government control.

But the President was silent on that subject. In a rapid-fire sequence of events:

1. Sawyer told a news conference immediately following a White House talk with the President that "the important thing" now is for the nation's steel companies and CIO President Philip Murray's United Steel Workers to get together and reach an agreement.

2. John A. Stephens, chief industry negotiator, declined to comment immediately on Sawyer's invitation for new company-union peace talks.

"We'll have to see where we stand," Stephens said.

3. Within 30 minutes after Sawyer promised not to take "abrupt" action on hiking wages, the court of appeals refused to grant an industry plea for an order barring the government from raising wages while the government holds the seized mills.

The court split on the issue with the same lineup which voted Wednesday to put the steel mills back into government possession pending an appeal of the whole tangled case to the supreme court.

Industry lawyers pleaded that the steel companies would have "no remedy" and would be "helpless" if the government went ahead and raised wages pending the outcome of an appeal to the supreme court.

The government has until 2:30 p.m. today to file briefs with the supreme court arguing the legality of Truman's seizure order.

Drinking Charges Irk House

WASHINGTON (AP)—Angry house members jumped on Rep. Edwin A. Hall (R-N. Y.) Thursday for saying some congressmen get "genuinely plastered" at Washington cocktail parties.

There were demands that Hall be summoned before the house to explain remarks he has been making in campaign talks.

One Republican colleague suggested that Hall was no gentleman for asking if "tippling congressmen" might have leaked atomic secrets to "Russian stooges."

Rep. Clare Hoffman (R-Mich.) told the house Hall had been quoted as saying, in a speech Wednesday night, that Rep. W. Sterling Cole (R-N. Y.), his primary opponent, was "the chief drink mixer for the New York congressional delegation."

"I think it is better for a man to take an occasional drink than it is for a man to spread malicious gossip about a colleague," Hoffman said.

"If I may call the gentleman from New York (Hall) a gentleman" Rep. Carl Hinshaw (R-Calif.) said, "his own future, if he has one in the house is materially diminished."

Hall and Cole are GOP primary opponents by virtue of a redistricting law which puts both of them in the state's new 37th district. Both are long-time house members—Cole since 1935, Hall since 1939.

Civic Music Group Makes Special Offer

The Iowa City Civic Music association has thrown its doors open to new members this week. And for students — a reduced rate.

This association offers memberships to students and townspeople only once during the year — this is that time.

Tickets sell regularly for \$6. Students, internes, residents and their wives will be able to purchase tickets for half that price — only \$3.

The group hopes to sponsor four programs this year; this would mean that at the student rate each program would cost only 75 cents.

Last year such artists as Astrid Varnay, soprano; Franz Rupp, pianist, and the Griller string quartet were on the program.

Through this organization, groups and individuals may add happiness to patients of Veterans, Mercy, University hospitals and Oakdale sanitarium.

Their plan enables anyone to buy a membership for patients in these institutions for only \$3.

Last year 60 seats were given to patients through this plan.

After the season Dr. W. R. Miller, director of the Psychopathic hospital, said, "The patients enjoyed the concerts more than any other outside event."

"They gave them a great feeling of acceptance by the people of the community."

Similarly, Dr. L. E. Stilwell, manager of the Veterans hospital, has said, "A project of this type will be without question most welcome and valuable. It will not only provide the individual patient with much enjoyment but will definitely assist in the treatment program."

We know there are many people at SUI who are eager to help a worthy cause. To us this cause is worthy.

The association, which was formed here in 1947, sees in the coming season, prospects for one of its best series of programs.

Checks should be mailed to Iowa City Civic Music association, Hotel Jefferson, Iowa City, Iowa. Tickets may be purchased this week in the lobby of the hotel. No tickets will be sold at the concerts.

Roan Outlines Problems Facing City

Sees Progress In Government

(Editor's note: Following are excerpts from the speech delivered by Peter F. Roan, city manager of Iowa City, before the council manager's association in the Jefferson hotel Monday, April 21, in which he reviewed the first year of council-manager operation in Iowa City.)

Peter F. Roan
"Many Problems Remain"

There is an old adage about life that says the first hundred years are the hardest. I think we might scale that down and say that the first year is the hardest in the changing from one form of local government to another.

While we have actually only been under council manager operation some nine months, I feel that considerable progress has been made on a number of problems, but we certainly have no intention of resting on our laurels at this date. Many problems remain.

Since the major costs of the operation of a municipality are personnel costs, the major problems of administration are in the personnel field.

I would like to tell you about our accounting methods and how changes in it have effected our personnel costs, changes that will result over a period of time in very considerable savings.

Furnishes Data

The major function of an accounting system in business or industry is to furnish data for the uses of management.

Under our former system it required 24 to 30 man hours to process a bi-monthly payroll. Under our present system the payroll is now processed in a matter of 3 1/2 to 4 hours.

But more important than the time saved is that we have information available when it is needed. Under our former system, all sick leave, days-off, vacation, etc., were records that we kept by the individual departments. That record keeping is now all integrated into the payroll system.

Savings Expected

Designed with the accounting system and an integral part of

versity, the state patrol and the FBI have been conducting a training school for the members of the police department.

Each member of the police and fire department holds at least an advance first aid certificate in the police department and in the fire department hold instructors ratings. Sometimes your life depends on that.

Big Police Force Not Necessary

Last fall the National Safety Council made a survey of our traffic accident records.

Several recommendations were made, a number of which have and are being put into effect. The recommendations that probably evoked more interest than any other was the size of our local police department.

There has been a growing tendency to use national averages, and upper quartiles, in the measurement of how large a local police or fire department should be.

A metropolitan satellite community would normally require a much larger number of policemen and firemen, or an industrial community would require a larger personnel than we would require here.

Problem Is Smaller

You can easily see that 7,000 to 10,000 students are much less of a problem than a like number of industrial workers that might like to celebrate on pay day.

The National Safety Council recommended an additional 19 men or almost double the size of our present force.

We have need for additional policemen and firemen, but certainly not in those numbers. Six additional members on each department would bring us, in my opinion, to adequate strength. Each additional policeman or fireman costs the city approximately

Last fall the Junior Chamber of Commerce sponsored the sending of one of our men to the traffic institute at Northwestern university. It cost \$100 for tuition and \$150 for the man's expenses. It has paid off a dozen times.

Red Cross members of the uni-

\$4,000 per year, considering pension costs, sick leave and other provisions.

More Training Needed

Large numbers in personnel isn't the answer to these problems. The answer is to make the personnel more effective and the only way they can be made more effective is through training and more training.

Police Department Needs More Room

One of our most critical problems other than that of manpower is housing for police, fire and street departments. The present facilities were probably very adequate when built in 1881 — 71 years ago — but they can't meet the needs of today.

As for the police department, we are working the radio station, telephone stations and the violation desk out of one office some 15 feet square. From 100 to 150 people a day transact business at the desk, plus the radio calls, phone calls and routine going and coming of other police activities.

Our fingerprint room is a converted cell, our photography room was formerly an unused room in the basement.

FIRE STATION

The situation in the fire station is almost as critical. The structure was never designed to withstand the loads that modern fire equipment places on the floors. The concrete floors have been twice propped up to withstand the load and are right now in an unsafe condition.

REFUSE COLLECTION

Studies of the refuse collection and disposal problem are being made and while it is too early to make definite recommendations to the council, some conclusions have been made.

Our present contract with approximately one year to run calls for the pick-up of garbage

on a twice a week basis for some nine months of the year and one a week for the balance. I don't think it is necessary for me to tell you that we have never obtained that service. We are paying some \$22,000 each year for the service and in the last calendar year we have had 1,764 complaints.

CITY DUMP

The operation of the city dump is another pressing problem and sooner or later we will have more than just the threats of lawsuits. We presently have under consideration a plan to operate the area as a sanitary fill.

We are presently spending about \$8,000 to maintain (the dump) and it is estimated that it would cost approximately \$12-13,000 to maintain it as a sanitary fill.

BUS AND WATER

Many of you, I know, are interested in the bus and water franchises. I am sorry that I cannot report any progress toward a solution to these problems.

The operation of the Iowa City bus company or the operation of a bus company in any city of this size is not a profitable venture. Operating revenues of bus companies have failed to keep pace with the increasing costs.

It would cost approximately \$100,000 to provide new equipment for the bus lines in Iowa City. A normal depreciation would be five years — or approximately \$20,000 per year. The revenues wouldn't even come close to standing that.

I would like to express my appreciation to the city employees who have made this progress possible, to all the people who have so wholeheartedly cooperated, to the members of the university faculty who have assisted in our training program, and to the university officials who have so willingly cooperated on our mutual problems.

Tiny Ballet Dancer Makes Debut at University Club

GISELA LEDERER, 8, DAUGHTER OF MR. AND MRS. CARL Lederer, 105 Stadium park, danced for the University club Thursday morning. She has taken dancing lessons for only a little more than a year.

A tiny eight-year-old ballet dancer made her debut Thursday morning at the May breakfast of the University club.

Gisela Lederer, daughter of Mr. and Mrs. Carl Lederer of 105 Stadium park, danced to the music of "Swan Lake" in a white tutu and ballet dress.

Gisela is in the second grade at Roosevelt grade school and takes ballet lessons every Saturday from Edna Dieman of Cedar Rapids.

Miss Dieman also taught Norma Thornton Andrews, daughter of Prof. and Mrs. H. J. Thornton, who is now dancing in Broadway shows.

Although she has been taking lessons for only a little more than a year, Gisela's teacher feels her leg muscles will be strong enough for her to dance in toe shoes next fall instead of the ballet slippers she wears now.

Before moving to Iowa City last fall, the Lederer's lived in Denver, Colo., where Gisela took ballet lessons at the Cushing's ballet school. Mrs. Lederer teaches violin at SUI.

Gisela was born in Germany where her family lived until three years ago when they came to the United States.

Lincoln School Plans Round-Up Today

Lincoln grade school will have a round-up at 2 p.m. today of all children who will be entering kindergarten there next fall.

Speakers will include A. D. Hensleigh, principal of the school, Mrs. Scott Reger, kindergarten teacher, Mrs. John Wilson, school nurse, and Mrs. Roy Koza, Parent-Teachers' association president.

Mothers of children who will be five years old before Nov. 15 have been invited to attend.

The round-up planning committee includes Mrs. Ben Sumnerwill, Mrs. Arthur Allison, Mrs. Harry Crosby, Mrs. R. E. Kallio, and Mrs. R. G. Carney.

Students Attend Meeting Of Future Teachers

A group of five SUI students participated in a southeastern Iowa regional meeting of the Iowa Future Teachers association at Mount Saint Clare college, Clinton, Monday.

Neil Jacobsen, A4, Readlyn, was moderator of a discussion group considering the topic, "Teaching for What," and Joan Mochal, A4, Tama, was discussion leader for "What for the Student."

Others who attended the meeting were Mary Haroff, A4, Hastings, Norman Severinsen, A4, Marion, and John Witmer, A4, Moscow.

Fellowship Plans Picnic

The United Student fellowship has planned a picnic at Macbride State park Sunday afternoon. The group will leave from the Congregational church at 4 p.m.

Nancy France is in charge of arrangements for the picnic supper. Glenda Berryhill, N1, Buffalo Center, will conduct the campfire worship.

Spain, Moscow, or New York."

Witwer won first prize in both the painting and pencil drawing divisions of the show, while Miss Ludins was first in sculpturing, and Gross first in the print area.

In preparation for the Costume ball, students in the art department have gone back to the artist Goya's era for inspiration for their costumes. They have also used Hogarth's water colors, comic-strip characters, and "French court" clothing from the Marie Antoinette period as ideas for masquerade-apparel.

Some of the costumes now being made include guests coming as the Dauphin, Medusa, Charles Addam's cartoon "witch," and a "Knight" dressed in black, wearing an eight foot head-piece, and carried in a sedan chair by a group of "Nubian slaves."

Les Burford's dixieland combo will play for the ball. Burford also teaches Beginning Painting and Drawing as an assistant professor in the art department.

Cornell Professor to Talk at Wesley House

The International club banquet to be held Saturday evening at 8 at Wesley house will formally terminate the club's activities for this year.

The Bose and Seashore awards will be presented to the two students that have contributed most to world understanding. The first is presented to a foreign student and the latter to an American student.

Dr. Eric Kollman, professor of history at Cornell college will speak on the topic "World Understanding in Action."

Dr. Kollman came to this country as a foreign student from Austria. He is now a naturalized citizen.

John Sequeira, G. Karachi Pakistan, will be master of ceremonies.

on the Sports scene

with Jack Jordan

While Forest Evashevski and his 70 spring hopefuls are sweating away the hours on the practice field, other Big Ten schools are, or have been, doing the same thing, but their outlook is generally brighter than is the Hawkeyes'.

We are all well aware of the fact that Iowa has suffered great losses of personnel and face the difficulty of adapting to new coaches. And there are those who will be surprised if the Hawks win one home game this season.

Evy and his competent aides face the task of rebuilding a unit that lost all but about 15 of last year's 41 lettermen. Of course, there are several stars remaining, good football players such as Dusty Rice, Bert Britzman and Bill Fenton, but much of the material is untried and unknown.

A Minor Miracle

The changeover in techniques might also be a temporary handicap, but in spring practice the Hawks have shown that they may adapt themselves sooner than expected. At any rate, it will be a minor miracle if Iowa improves last season's 2-5-2 record.

The powerhouse again should be Illinois with a large majority of its lettermen from last year's championship team once more in the fold. Coach Ray Elliot is optimistic over the 24 men returning, including three-fourths of the offensive backfield and eight of the defensive unit. Quarterback Tommy O'Connell has established himself as a star, and Bill Tate's success at fullback has been astonishing.

Adding to that passing and power combination the overall speed of the Illinois, and one should come up with a pretty good winning team.

Crimmins Has Goods

Bernie Crimmins, new mentor at Indiana, also has a wealth of material returning. His potential offensive crew includes the entire 1951 regular backfield and both tackles. The system Crimmins will employ is much the same as that used by Clyde Smith last year, a T combined with a split T. During spring workouts, the Hoosiers have been concentrating on the development of fast offensive linemen.

Michigan, who had a disastrous season in 1951 with four wins and five losses, has the letterman back but not the offensive lettermen.

Bennie Oosterbaan is looking for a hard-running versatile tailback and a quarterback for his system to augment the threat of end Lowell Perry. He is fortunate, however, in having almost an entire platoon of defensive men returning.

It's Giel - - Again

Iowa fans of last season will remember Paul Giel of Minnesota, who, until he tired, was beating the Hawkeyes almost single-handed. Needless to say, the Gopher attack styled by Wes Fesler will be built around Giel, who also broke Big Ten records in all-around offense. What was a young team a year ago may be tough to whip this year, despite obvious weaknesses at tackle.

Woody Hayes, at Ohio State, gets 25 lettermen back, but one of them isn't Vic Janowicz. The entire defensive line will also be missing, and despite the return of versatile back Tony Curullo, the Buckeyes should be in for some dark afternoons.

Wisconsin, as usual, should be very tough. Although the Badgers haven't won a championship since shortly after the turn of the century, they are perennially rough, and stand a chance of taking the title if they can get replacements in passing and defense.

Badgers Rough

With the most potent running attack in the conference still intact with the presence of fullback Alan Ameche and Jerry Witt at halfback, the Badgers should produce a lot of points over their strong offensive line. The problem is to fill Johnny Coatta's shoes and those of several missing linemen.

Prospects are very bright on the Purdue scene as 30 veterans come back to take up where the 1951 unit left off — and that team left off just short of the title. Included in the returning regular backfield is Dale Samuels, one of the best passers in the country. Principle losses are all-American Leo Sugar and Pete Brewster, both ends.

Spartans by a Mile

Northwestern stands to improve its winning record of last year with a strong nucleus on both offense and defense returning. Chief offensive weapon employed by coach Bob Voigts should be Chuck Hren, a driving fullback.

Last on the list is Michigan State, but certainly not because it's anywhere nearly the weakest. The Spartans will not be counted in the conference standings until 1953, and Big Ten opponents are thankful for it. Biggie Munn's boys went through last season undefeated in nine games, and were probably the best team in the country.

Cubs Totter Dodgers, 7-2; Browns Dump Boston, 6-1

Chi 1/2 Game Out

CHICAGO (AP) — The Chicago Cubs, 1951 tail-enders, nearly reached the top of the National League Thursday, with a 7-2 spanking of first place Brooklyn as Johnny Klippstein weathered late-inning pressure to win his first start of the season.

Although a half game ahead of the Dodgers on a won-lost basis, the Cubs still trail second on a percentage basis .727 to .714. Brooklyn has an 8-3 record and the Cubs 10-4.

A ladies' day throng of 25,588 saw big Hank Sauer, the league's RBI leader, put the skids under Dodger starter Ralph Branca with a three-run double in the very first inning. Sauer now has 20 RBIs for the season.

The Cubs' 10-hit attack off Branca and his three successors also included triples by Bob Ramazzotti and Toby Atwell and a two-bagger by Roy Smalley. Branca was yanked in the fourth to suffer his first defeat.

Despite their nine hit effort, Manager Charley Dressen ordered the Dodgers onto the field for a post game batting drill.

Giants Rout Bucs

PITTSBURGH (AP) — Jim Hearn allowed four hits and one run in the first five innings and coasted home Thursday while his New York Giant teammates blasted five Pittsburgh Pirate hurlers for 14 hits and a 13-5 triumph.

The Giants tallied twice in the first inning then piled up seven more in the third on a home run, three singles, two walks and an error to set up the contest. The homer was Wes Westrum's third of the season, and scored two men ahead of him. Henry Thompson also homered for the Giants in the fourth, his second of the year, with the sacks empty.

Chisox Beat A's

PHILADELPHIA (AP) — Joe Dobson, Chicago White Sox veteran righthander, held the Philadelphia Athletics hitless for seven and a third innings Thursday night and then went on to turn in a two-hit 3-0 victory. Skeeter Kell, the A's speedster, beat out a slow roller for Philadelphia's first safety, while Dave Philley came through with the second, a ninth inning single.

Detroit Wins, 5-4

NEW YORK (AP) — Dizzy Trout stifled a New York Yankee rally with a spectacular ninth inning relief job Thursday night as Detroit saved a 5-4 win for Art Houtteman. Successive two-run homers by Vic Wertz in the fourth and fifth innings built up an early Detroit cushion.

Trout came to the rescue of Houtteman after singles by Bobby Brown, Bob Cerv and pinch hitter Johnny Mize cut the Tiger lead to one run. With the tying run on third, winning run on first and none out, the bespectacled veteran cut down the Yanks one-two-three.

Nats Defeat Tribe

WASHINGTON (AP) — Gil Coan's double and Frank Campos' single in the 13th inning broke up a pitchers' duel between Bob Lemon and Sid Hudson, giving Washington a 2-1 win over Cleveland Thursday night. Coan started the Senators' 13th with a double, and after Irv Noren popped out, Campos singled to score Coan.

Phils Top Cards

ST. LOUIS (AP) — Successive home runs by Nippy Jones and Connie Ryan, in the sixth inning, wiped out a St. Louis Cardinal lead and sent the Philadelphia Phillies on to a 6-3 victory here Thursday night. Robin Roberts kept eight Cardinal hits scattered in getting his third victory of the season.

Boston Eyes Lead

BOSTON (AP) — Righthander Duane Pillette threw a five-hitter against the Boston Red Sox and batted in three runs Thursday to give the St. Louis Browns a 6-1 victory that moved them to within a game of the American League's top-place.

Pillette held the Red Sox, playing without Ted Williams, scoreless until the eighth inning when he walked to Gene Stephens, Junior Stephens' single to left and Walt Droppo's grounder provided the lone Boston run.

The surprising Browns, who totaled 10 hits off three Red Sox hurlers, knicked starter Walt Masterson for single tallies in the second and fourth innings and then shelled him out of action with a three-run explosion in the fifth.

The Browns added their sixth run in the seventh against Bill Wright.

Gene Stephens filled in for the departed Williams.

Reds Nip Boston, 7-6 After Precarious 9th

CINCINNATI (AP) — Herman Wehmeier had to have help in the ninth inning for the second straight time and Frank Smith again put out the fire as the Cincinnati Reds took a 7 to 6 victory over the Boston Braves Thursday.

Wehmeier, who had to be pulled out of a game in the ninth Saturday when he walked four men, yielded doubles to Sam Jethroe and Earl Torgeson with two out in the ninth.

Torgeson represented the tying run when Smith came in to force Sid Gordon to fly out and give Wehmeier his third straight pitching triumph.

The Reds had scored what proved to be the winning runs in the seventh on a double by Ted Kluszewski, a walk to Dick Sisler and a single by Dick Sisler and a wild pitch by relief hurler Lew Burdette.

Big Weekend for — 3 Teams Face Competition

— Golf, Tennis, Track

By LEE CANNING

Iowa's spring sports season will swing into high gear this weekend as the Hawkeyes' golf, tennis and track teams play one quadrangular and two dual meets, all of them expected to be tough.

Coach Don Klotz's undefeated tennis squad will make its last home showing of the 1952 season Friday at 2 p.m. against a strong Bradley team.

The track team will go away for a dual meet against the Wisconsin Badgers at Madison, Wis., Saturday and Coach Bucky O'Connor's golfers will close the weekend schedule with a quadrangular meet at Lafayette, Ind., on the same day.

The Hawkeye golfers will meet Purdue, Northwestern and Ohio State in Saturday's matches.

Iowa Co't Scratched From Roses Race

LOUISVILLE (AP) — Gift Silver, nominated for Saturday's \$100,000 Kentucky Derby despite his lack of experience in any race, has a cut on his right foreleg which has not healed sufficiently to permit him to race.

That was the explanation given Thursday by the owners, Odie Newell, an Ottumwa railroad engineer and his wife, who fed Gift Silver by bottle after the colt's mother died.

The withdrawal of Gift Silver sent a sigh of relief through some 16 owners and trainers planning to run their expensive thoroughbreds in the Derby.

Gift Silver collided with Essie M. a filly, in a workout Thursday morning. This incident so alarmed the other horsemen that they immediately began suggesting Gift Silver's removal.

They were fearful that the horse's inexperience might disrupt the running of the Derby.

Mrs. Newell, who broke into tears after the accident, joined her husband in saying after the withdrawal: "This is not the end. We'll be back to race in a Derby some day."

AAU Cage Probe To Check Spending Of Olympic Funds

NEW YORK (AP) — A twofold investigation of the 1948 and 1952 Olympic basketball teams was started Thursday in the wake of Judge Saul Streit's castigation of the University of Kentucky, which furnished half the 1948 team, and of published reports the 1952 squad was tinged with professionalism.

The Amateur Athletic union appointed a five-man committee to investigate published newspaper reports that one or more members of the team chosen to play at Helsinki this summer had violated amateur rules.

Former Hawk Pitcher Chalks Up No-Hitter

Former Hawk mound ace Jack Bruner pitched a no-hit game for the Western League's Wichita Indians, Wednesday night, as he and his teammates trounced the Lincoln Athletics, 7-0.

This was the second no-hit, no-run game for the league, once known as definitely a slugger's circuit, in the 1952 season.

Bruner's no-hitter paced Wichita to its seventh straight win in a sparkling comeback since the Indians dropped their first five games.

Hawkeyes Meet Wolverines in Crucial Game

Iowa's baseball Hawkeyes will return to Big Ten play today at 3:30 p.m. when Coach Otto Vogel's team plays host to Michigan, conference co-leader.

The Hawkeyes stepped out of conference play Tuesday to defeat Western Illinois, 7-0, but need a win in today's game to stay in the conference race.

Wolves, Wildcats Top

Minnesota beat the Hawkeyes two out of three games last weekend. Those two losses put Iowa in the dangerous spot of falling far behind the conference leaders, Michigan and Northwestern. Both Michigan and Northwestern have 3-0 records.

Vogel has picked Al Lenski, veteran right-hander, as Iowa's starting pitcher.

His last start was against Minnesota when the Gophers reached him for six hits, including two home runs, and took a 6-0 decision.

Lenski's task in today's game will be to stop the best hitting team in the Big Ten. Michigan opened its conference schedule last Friday with a 20-7 victory over Illinois. The following day, the Wolverines topped Ohio State's defending champions, 15-3 and 3-0.

Michigan got 21 hits in the Ohio State series.

Wolverine coach Ray Fisher can use any one of three outstanding pitchers against Iowa. Jack Corbett, a right-hander, hurled two shutouts during Michigan's spring trip and might get the call.

Lindsey's 400 Bat

Marv Wisniewski and Dick Yirkosky, a pair of lefties, also have looked good this season and might be named as Michigan's starter.

The Iowa lineup will be led by left-fielder Ed Lindsey. Lindsey raised his batting average to a sensational .400 with four hits in Tuesday's victory over Western Illinois.

Be Happy-Go LUCKY!

In a cigarette, taste makes the difference — and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellower, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are made to taste better... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

Say L.S. if you're ever asked what cigarette to buy — And M.F.T.'s the answer when they ask the reason why!

Finals To Start May 27

Final examinations for the second semester begin at 8 a.m. May 27 and continue until 5 p.m. June 4 for the colleges of commerce, education, engineering, liberal arts and the graduate college.

Only one evening examination period has been scheduled (7-9) this semester, and all examinations will begin on the hour.

No examination period has been scheduled for classes which meet at 11:30 a.m. or later than 3:10 p.m., or which do not meet for the first time during a regular academic week on either Monday or Tuesday.

Examinations for these classes may be scheduled by the instructor at any period during the examination week, but in case of student conflicts the instructor must arrange for a make-up examination.

Examinations in courses where sections are to be combined for the examination are listed by department and course number. Examinations in all other courses having their first weekly meeting on Monday or Tuesday are listed by the day and hour of the first weekly lecture or recitation period.

If an undergraduate student has (1) two examinations scheduled for the same period or (2) more than three examinations scheduled for the same day, he should file a request for a change of schedule at the Registrar's office. Request for changes in schedule must be filed by 4 p.m. May 19. Where two courses in different departments conflict, the department with the lower number has precedence. The course with the

lowest number has precedence where two courses in the same department conflict.

Instructors will inform students where the examination will be held.

Plan Steamboat Trips For Historical Society

The 1952 Mississippi river, steamboat excursions sponsored by the State Historical Society of Iowa will be 60-mile round trips from Clinton to Bellevue.

The dates for the all-day trips are Saturday, June 28; Sunday, June 29; Friday, July 4; Saturday, July 5; Sunday, July 6; Saturday, July 12, and Sunday, July 13.

All excursions are taken aboard the steamboat Rob Roy III. The trips are under the supervision of Prof. William J. Petersen, history department and superintendent of the State Historical Society of Iowa, and O. D. Collis, owner of the boat.

The Mississippi cruise has won the award of the American Association of State and Local History as the outstanding event of its kind sponsored by any society in the United States.

Attendance last year totaled 575. Petersen expects from 600 to 800 persons to participate in the 1952 trips.

The following rules for the cruise will be observed: only two persons can be taken on a membership, the member and his or her husband or wife; children under 18 are not eligible to make the trip; a limit of 90 has been set for each day and reservations will be filled in the order in which they are received.

A superintendent of schools is eligible to come on an institutional membership; a librarian must be a member and cannot come on an official depository membership.

Ralph Lumpa Dies After Hunting Mishap

Funeral services for Ralph Lumpa, 22, victim of a hunting mishap, will be held at 2 p.m. Saturday at the Oathout funeral chapel.

He died at 10 a.m. Thursday in Mercy hospital. Despite 13 blood transfusions and additional injections of blood plasma, he had been in critical condition during almost all of his stay in the hospital.

Sheriff Albert J. (Pat) Murphy, after investigating the incident which proved fatal to Lumpa, said the latter apparently was shot in the back with a .22 rifle by his cousin, Wayne Lumpa, 16, while the pair was hunting squirrels on a farm near Oas.

He had been engaged in farming with his father and a brother, Harold, R.R. 7, both of whom survive. His mother died in 1944.

W. H. Nicholas To Address Young GOP's

William H. Nicholas, lieutenant governor of Iowa and aspiring gubernatorial candidate, will address the SUI Young Republicans at a meeting Tuesday night.

His record of public service includes his present membership in the 52nd general assembly, five years as a teacher in the public schools, and Butler county recorder from 1916 to 1924.

Nicholas served in the U.S. navy during World War I. He is a 32nd degree Mason and has been a turkey farmer and businessman for 25 years.

He has a daughter at SUI, Bonnie Nicholas, A2, Mason City.

The regular business meeting in 321A Schaeffer hall at 7:30 will include election of officers. Voting will be from a slate of candidates presented by the executive council at the last meeting.

The slate is as follows: for chairman, Bill Ebert, L1, Mt. Pleasant; and John Willison, C3, Davenport; for vice-chairman, Bob Klaus, A2, Charles City; and Virginia Vavra, A3, Cedar Rapids; for secretary, Jane Thomas, A3, Ames; and Adele Gockshoet, A2, Atlantic; for treasurer, Ralph Fretty, A3, Des Moines; and Tom Brown, A3, Iowa City.

SUI Band To Present 71st Spring Concert

Featured compositions on the University band's seventy-first annual spring concert next Wednesday at the Iowa Memorial Union will be transcriptions by members of the band staff.

Included will be three transcriptions by Prof. C. B. Righter, band director, and one major work by Albert V. English, assistant director.

All of these works were originally composed for orchestra. Righter's transcriptions will be a Faust Overture by Wagner, Cortege de Bacchus from Sylvia Ballet by Delibes and the orchestral accompaniment of the Grieg Piano Concerto for which the soloist will be James L. Taggart, A2, Des Moines.

The fourth movement and Epilogue of Vaughn William's London Symphony, in the band transcription by English, was performed once previously by the university band in 1949.

Also to be played by the band on next Wednesday's concert will be works by Bach, Cowell, Milhaud, Gould, and Khatchaturian.

The alumni "I" club will present service award keys to 12 students for three years of band service. The keys are in recognition of the band's contribution to athletics and other student activities.

Receiving "I" club keys will be Ronald D. Rogers, Ainsworth; J. Wesley Bolin, Cedar Rapids; James L. Rice, Des Moines; Diane Longstreth, Elma; Donald G. Tweed, Ft. Madison; John A. Ruttan, Hawarden; Donald Brice-

JAMES L. TAGGART, A2, Des Moines, will appear as soloist with the SUI concert band Wednesday in the Iowa Memorial Union. Taggart will play the first movement of the Grieg Piano Concerto in an arrangement for band by Prof. C. B. Righter, director. Taggart is a student of Prof. John Simms.

Free tickets are available at the Iowa Memorial Union, Whetstone's and the university band office. Any Iowa high school student may reserve tickets in advance by mail.

Criticism of VA By Medical Group Labelled Mistake

DES MOINES (AP) — The Iowa State Medical society Thursday clarified two actions which had been reported as one, in connection with its reported criticism of the Veterans hospital in Iowa City.

The confusion developed, officials said, because the public stenographer who had the only available copies of the resolutions had left and society officers gave the press a summary of the matter, which also had been read only by title.

One resolution, presented by the society's fifth district, asked the American Medical association to "demand rigid enforcement" in connection with "the statement of medical indigency (inability to pay) required before a veteran is admitted for non-service connected disability care in the Veterans Facility hospitals." It stated that this requirement "has not been enforced."

The other, adopted on recommendation of the committee on medical education and hospitals and a committee of four named by the house in 1950 to confer with the state board of education, said:

"We view with alarm the potential encroachment by the Veterans Administration on the private practice of medicine. We are further concerned with the drain of teaching personnel from the University (of Iowa) to these institutions to the detriment of our medical students."

Psychiatric Nursing Program To Be Initiated in September

A program designed to prepare nurses to work with Iowa's mentally-ill patients will be inaugurated at the college of nursing with the beginning of the fall semester next September.

The new program will lead to the bachelor of science degree in nursing with a major in psychiatric nursing. Students completing the program will be better prepared to deal with the problems of individual mental patients and will be ready to assume head nursing and ward teaching positions in the state's psychiatric hospitals.

Emphasizing the importance of the new move, Dean Myrtle E. Kitchell pointed out Thursday that Iowa's approximately 9,000 hospitalized mental patients are currently being cared for by some 100 registered nurses — an av-

erage of one for every 90 psychiatric patients.

This situation, she adds, is not common to Iowa alone, but is a nationwide problem. She emphasized that the responsibility for training nurses to work with mental patients "is real and immediate, and a concerted effort must be made to balance the badly proportioned nurse-patient ratio."
