## Senate-House Conferees Near Controls Truce

WASHINGTON (AP) — Senate-House conferees early today were reported near agreement on a compromise economic controls bill extending wage and price controls for another eight months to a year.

Earlier, administration forces won back lost ground in the battle over economic controls when the senate-house conferees abandoned a house provision which would have dropped price controls over all commodities not rationed or allocated.

The provision, sponsored by Rep. Henry Talle (R-Iowa), would virtually have torpedoed price controls because nothing is now rationed and only a few scarce metals are allocated.

**Maybank Confirms Reports**  
Sen. Maybank (D-S.C.), chairman of the Senate Banking committee, confirmed earlier reports that the provision had been jettisoned from proposed compromise legislation extending controls another year.

In lieu of the Talle proposal, conferees agreed to accept a Senate-passed statement of Congressional policy favoring termination of wage and price controls "as rapidly as possible consistent with the policies and purposes" of the controls law.

The Senate provision further says it is the policy of congress that the President, pending termination of controls, should suspend price and wage regulations where goods sell below ceilings and wage pressures ease off.

**Back Into Session**  
Conferees went back into session Friday night in a determined effort to complete a compromise of senate and house versions for possible final action by congress today.

## Commissary Raided In Kentucky Prison; Rioters Suppressed

EDDYVILLE, KY. (AP) — An uneasy quiet descended on the state prison Friday night after the third rebellion among prisoners in two days was suppressed without casualties.

Thirty youthful felons staged three raids on the prison commissary Friday in the latest display of contempt for authority. Guards armed with machine guns stepped in and hustled them to their cells.

Only Thursday night state troopers and prison personnel ended a day-long riot in which eight prisoners were wounded by gunfire and a guard was injured.

Rehearsals Near End; Play to Open Monday

"I MET A GREENWICH VILLAGE ARTIST who asked me to have a drink with him... but I explained that I never drink before lunch because it always ruins my appetite," explains Joan Donnelly, A3, Lake Forest, Ill. (second from left) to an amused group of listeners consisting of (left to right) James Hatch, G. Monticello; Miss Donnelly; Richard Gillespie, G. Ellicott City, Md.; James Rukes, G. Storm Lake, and Nancy Burnam, A4, Medina, N.Y. The scene is from the University theater production of "Second Threshold," which will open Monday night at 8 p.m.

## 1st SUI Summer Play To Open Monday Night

The University theatre's first production of the summer season, Philip Barry's "Second Threshold," will open Monday at 8 p.m. in the SUI dramatic arts auditorium.

The play will run through July 3, with performances every night. Students may obtain reserved seats by presentation of their I.D. cards at room 8A Schaeffer hall, or at the theatre box office on one of the performance nights. General admission tickets are also on sale to the public.

The cast, under the direction of Prof. Gregory Foley of the SUI dramatic arts department, will combine faces both new and familiar to SUI theatre-goers. Foley, who directed "Death of a Salesman" last season, has chosen James Rukes, G. Storm Lake, and Nancy Burnam, A4, Medina, N.Y., to portray the leading characters.

**Rukes, Miss Burnam Featured**  
Rukes is an instructor at Buena Vista college, Storm Lake, where he is a member of the "B.V. Players" and has taken roles in "The Doll's House," "I Remember Mama," and "Mr. Pim Passes By."

This will be a change-of-pace for Miss Burnam, already a recognized "leading lady" to SUI audiences. Playing "mother" parts in both "The Winslow Boy" and "Death of a Salesman," Miss Burnam will make her initial appearance before SUI audiences Monday night in the role of a young woman.

**Son Played by Hatch**  
An ungrateful and calloused son will be played by James Hatch, a graduate of Iowa State Teachers college, now teaching at the Monticello high school and community theater.

Supplying "love interest" to Miss Burnam will be Richard Gillespie, G. Ellicott City, Md., in the role of a sympathetic young doctor. Gillespie was in last season's "The Great God Brown" and "Streets of New York."

Joan Donnelly, G. Cedar Rapids, will make her debut on the SUI campus in the vivacious teenager role which established actress Betsy Von Furstenberg's fame on Broadway. Miss Donnelly has attended Barat College in Lake Forest, Ill.

Completing the cast list is Jerry Tobias, G. Miami Beach, Fla., as "Malloy," the butler. Tobias appeared in every show produced last summer, including "The Rivals" and "The Adding Machine." He has also worked with the Ring theater at the University of Miami, Coral Gables, Fla.

**Berlin Reds Cut Off Big Mittelland Canal In War of Nerves**  
BONN, Germany (AP) — The Communists stirred up another headache for isolated Berlin Friday.

They announced the big Mittelland canal — main water link between that divided city and the west — will be closed to barge traffic between July 1 and July 18.

Barge captains were told that Soviet zone officials had ordered the closing for "repairs" and that the canal would again be open for normally heavy barge traffic on July 18.

Interior Minister Robert Lehr said his agents have obtained secret Red orders from the East zone directing West German Communists to organize resistance movements aimed at touching off strikes and unrest in an effort to block ratification of the West German peace contract and the treaty bringing West German troops into the European army.

**Stevens Named To Union Position**  
Appointment of George F. Stevens as assistant director of the Iowa Memorial Union has been announced by Pres. Virgil M. Hancher.

Stevens will succeed Frank R. Burge, who has been named director of the Memorial Union at the University of Kansas.

Stevens, formerly of Manchester, was a student member of the Iowa Union staff for three years while he was earning his bachelor of arts degree in liberal arts, granted in 1950. For the past two years he has served as full-time supervisor of food service.

## Allies Repulse Three Strong Red Attacks

SEOUL, Saturday (AP) — Allied troops fighting in the pre-dawn darkness today repulsed three strong Red assaults against a peak in the hotly-contested hill sector west of Chorwon.

The Communists attacked with a reinforced battalion of possibly 1,000 troops. Allied artillery, mortar and small arms fire cut them down as they worked up the slopes.

Division officers estimated 50 to 75 Red dead and 10 to 150 wounded. The hill is west of T-Bone hill but east of the two peaks where fighting raged yesterday.

Allied troops on a nearby hill beat off a Red assault last night in 20 minutes of close quarters fighting with hand grenades.

United Nations planes pounded front line and North Korean rear area targets Friday. B-29 superforts last night bombed two rail bridges in northwest Korea, at Sinhung and Kogunhyong. They flew through moderate flak.

**UN Truce Negotiators Call 3-Day Recess**  
MUNSAN, Saturday (AP) — Korean truce teams today started a three-day recess called by United Nations negotiators, who walked out on a Communist tirade.

The walkout Friday was the third this month by Maj. Gen. William K. Harrison, UN top negotiator, and his staff. In each case the Reds angrily objected to the recess.

**Taft Urges Repudiation of Yalta Pact**  
CHARLOTTESVILLE, VA. (AP) — Senator Robert A. Taft called the closing for the repudiation of the Yalta agreement as the first of several steps to contain the drive of communism in the world.

In a speech before approximately 5,000 persons at the University of Virginia, Taft said: "The first step we must take is to repudiate the agreements we made at Yalta. The Russians have not kept them. We should formulate a resolution stating that these pacts are no longer binding."

Taft said the next two steps were "propaganda and infiltration."

He called, as he has before on numerous occasions in the campaign, for giving top priority to the American air force. He said he did not believe the theory of a large land army.

He defined what he said were the two main principles of a foreign policy. These are, the senator said, to assure the liberty of the American people and their peace.

While he said that the Marshall plan was justified and that he agreed with the Point Four program, he said: "But today I don't think there is any justification for any further economic assistance to other nations. The day for that kind of an assistance has come to an end."

**Ford to Shut Down For Lack of Steel**  
DETROIT (AP) — The steel strike struck its first sledgehammer blow at auto production Friday when the Ford Motor Co. announced a series of mass shutdowns and layoffs within the next few days.

Ford, one of the industry's big three producers, said it will close all its 14 Ford assembly plants from Massachusetts to California and three of its four Lincoln-Mercury assembly plants at the close of work Monday. This will idle 27,200 employees.

Starting Tuesday, the company said, manufacturing operations in the huge Dearborn Rouge plant will be brought to a gradual halt, with most of them shut down by the fourth of July weekend.

## Union Spokesman Calls Pact 'Important Break'

PITTSBURGH (AP) — The CIO United Steelworkers and Pittsburgh Steel company signed an agreement Friday giving 10,500 employees a 12 1/2 cent hourly pay boost, a modified union shop and other benefits.

Avery C. Adams, president of Pittsburgh Steel, and CIO President Philip Murray signed the contract at union headquarters after an all-day conference.

A union spokesman said the signing of Pittsburgh Steel is "An important break in the solid front put up by basic steel."

Pittsburgh Steel, with five plants, is the biggest basic producer yet to come to terms since Murray's 650,000 steelworkers walked off the job June 2.

A union spokesman said the new contract substantially follows the government's retroactive to April 1.

In addition to the wage increase and the modified union shop, the agreement calls for six paid holidays, three weeks' vacation after 15 years instead of 25 years, and increases in shift differentials from four to six cents an hour on the second shift and six to nine cents on the third shift.

Under the modified union shop, new employees must join the union but have the option of withdrawing anytime during the 20th to 30th day of employment. There is no such option under the straight union shop.

**House Tentatively Approves Atomic Expansion Fund**  
WASHINGTON (AP) — The house gave tentative approval Friday to an atomic energy expansion fund of \$1,485,000,000, a reduction of about one-half from the amount President Truman asked.

The decision, subject to a possible rollcall vote later, came as the house began voting on a bill carrying about \$10 billion to maintain a variety of government operations in the fiscal year which starts next Tuesday.

The biggest item in the bill is \$6,275,940,750 for the foreign aid program. Although the house appropriations committee, in sending the bill to the floor Wednesday, made an overall cut of about 25 per cent, foreign aid escaped with a relatively minor reduction — about a quarter of a million dollars.

## Atomic Head Visits President, Hints Important Developments

WASHINGTON (AP) — One of the nation's top atomic scientists hinted Friday at mysterious new developments in the field of atomic energy — so important they were laid directly before President Truman.

Dr. J. Robert Oppenheimer, chairman of the atomic energy commission's general advisory committee, told newsmen after a White House visit:

"There have been such great developments in atomic energy we felt we should report on these directly to the president. We wish we could say what was in the report, but we cannot."

Dr. Oppenheimer, one of the key figures in developing the atomic bomb, was accompanied by AEC chairman Gordon Dean in calling on the President.

He said the advisory group of scientific experiments recently Truman a "progress report" setting forth developments in the multi-million-dollar program to build more, new and better atomic weapons.

Dr. Oppenheimer's guarded comment on "great developments" immediately touched off speculation that the quest for a formula to produce the so-called hydrogen "hell bomb" may have been crowned with success.

There has been some talk, wholly unofficial, that the first H-bomb might be tried out at the forthcoming Eniwetok tests in mid-Pacific, probably this fall.

Taft Addresses Virginia Group

SEN. ROBERT A. TAIT spoke to about 5,000 persons at the University of Virginia Friday night. He gave his views on foreign policy, saying that the two main principles are to assure the liberty of the American people and to assure peace.

Davenport Girl Crowned Queen

TOY CHAFFIN, (CENTER) 15-year-old high school junior from Davenport, was crowned queen of SUI's all-state music camp Friday night following the camp's public concert in the Iowa Memorial Union. Her attendants are (left to right) Dorothy Hubacker, Monona; Julia Peterson, Burlington; Miss Chaffin; Mary Beth Taylor, Davenport, and Gladeane Goodie, Bloomfield.

## Toy Chaffin Is Crowned Queen of Music Camp

Toy Chaffin, 15-year-old high school junior from Davenport, was crowned queen of the SUI All-State Music Camp Friday night following the camp's public concert in the Iowa Memorial Union.

Miss Chaffin and her four attendants were nominated and by the camp's 214 members this week, and were presented at a camp party in the Union following the concert. Miss Chaffin played bassoon in the camp's symphony orchestra, and in two of the three bands that were included on the program.

**Queen Gets Scholarship**  
In conjunction with the queen award, she received a full scholarship to next year's camp.

Members of the queen's court were Gladeane Good, Bloomfield; Dorothy Hubacker, Monona; Julia Peterson, Burlington; and Mary Beth Taylor, Davenport.

The performances of the orchestra and the three bands, given after the students had rehearsed only two weeks, were well received by the enthusiastic audience of more than a thousand persons.

**F. V. Bodegraven, Conductor**  
The music was under the direction of Paul Van Bodegraven. The orchestra began the concert with Gluck's "Don Juan Overture," following with Hanson's "Nordic Symphony" and a series of three 17th Century Dutch tunes.

After the opening four numbers, the orchestra divided into three bands.

The first, the "White band," gave their interpretation of Grundman's "Fantasy on American Sailing Songs" and Brahms-Tolmache's "Hymn of Freedom." A medley of songs from Richard Rodgers' musical comedy "State Fair" was climaxed by "It Might As Well Be Spring."

**Bands Exhibit Versatility**  
The second division, the "Red band" opened with Prokofiev's "March, Opus 99," followed by

**President Dismisses Grant, U.S. Marshal**  
WASHINGTON (AP) — President Truman Friday fired Robert Grant as U.S. Marshal for the southern district of Illinois, effective at once, and Attorney General Joseph McGranery said Grant had been mixed up in irregularities.

McGranery carried a dismissal notice to the White House for Truman's signature and came out carrying it in his hand.

"It looks to me as if Mr. Grant was involved in something that, to say the least, would be irregular," the Attorney General told newsmen. He gave no details other than to say that Grant appeared to have been involved with "a gentleman charged with a mail fraud."

He said he was directing the federal bureau of investigation (FBI) to make a full inquiry.

**Cortimiglia to Play For Tonight's Dance**  
A dance will be held at the Iowa Memorial Union tonight from 8 to 11:30 p.m.

Leo Cortimiglia's band will play in the river room. A jam session has been planned for the intermission.

There will be various types of entertainment, such as movies, bridge and TV.

All students are invited. There will be no admission charge.

## World News Briefs

A Condensation of Late Developments

**SEATTLE (AP) —** A specially-called federal grand jury Friday indicted a Seattle travel agency executive, Harry A. Jarvinen, 32, on a charge of falsely reporting that Owen Lattimore planned a trip to Russia. Lattimore, Johns Hopkins university professor and Far Eastern expert, has been a target of Sen. Joe McCarthy's (R-Wis.) accusations of Communist influence within the state department. Jarvinen's attorney said shortly afterward at a news conference that remarks made at a social occasion where there was excessive drinking was the "kernel" of the case.

**MOSCOW (AP) —** The Russians have made it clear that American bombing of the Yalu river power plants may have an adverse effect on the Korean truce talks. One headline in a Soviet newspaper called the bombing a "barbaric act of the American aggressors." Tass, the official Soviet news agency, said it was a "provocative bombing."

**WASHINGTON (AP) —** A complete overhaul of the nation's immigration and naturalization laws was put on the statute books by congress Friday over the veto of President Truman, who had contended the measure would sap U.S. leadership for peace. Among other things the measure retains the present system of immigration based on national origins, and increases only slightly the permissible number of immigrants.

**NEW YORK (AP) —** Police said a firebug Friday confessed—with a grin—firing a Brooklyn tenement to an inferno in which seven persons died last week. "I've been setting fires for years," officers quoted 27-year-old Irving Greene, an undersized Negro porter. "I like the excitement. I get an urge to set a fire. Afterwards, I feel very sorry."

**CHEYENNE (AP) —** Averell Harriman, Democratic presidential nomination hopeful, declared Friday house action on price controls was "the most irresponsible action by congress in a long time." Making a one-day visit to Wyoming, the New Yorker told 15 of the state's 20 delegates to the national Democratic convention next month that elimination of price and rent controls would be playing into Russia's hands.

## GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN AND SIGNED BY a responsible person.

**ALL UNIVERSITY PARTY AT** the Iowa Memorial Union, Saturday, June 28. Social dancing to the music of Leo Cortimiglia, entertainment, movies, and refreshments.

**THE LUTHERAN STUDENT** association will meet at the Lutheran student house, 122 E. Church at 2:30 Sunday. The group will go to West Liberty for an afternoon of swimming, tennis, softball, and a picnic supper. Devotions and meditations are planned. Married students are urged to come and bring their families. A late car will leave at 4:30 for those unable to come at 2:30.

**PH.D. FRENCH READING EX-**amination will be given Wednesday, July 30, 1952, from 7 to 9 a.m. in room 321 Schaeffer hall. Only those who have signed the sheet posted outside 307 Schaeffer hall will be admitted to the examination. Please sign by Monday, July 28. No other examination will be given until the middle of October.

**ALL WOMEN IN EDUCATION** are invited to attend a tea given by Phi Lambda Theta, July 1 from 3:00-5:00 in the Union River room. Phi Lambda Theta meeting, 12:00, June 27th in the P.D.K. lounge in East Hall. Brink sack lunch. Names will be presented for membership.

**JUDGE HAROLD C. KESSINGER**, municipal judge of Ridge-wood, New Jersey, will deliver the third lecture of the summer session series on Monday, June 30th, at 8 p.m., on the South Union Campus (or Maebride hall, in case of rain). His subject will be "How We Elect Our Presidents."

**IOWA MOUNTAINEERS.** Devils Lake outing (camping, climbing, swimming and hiking) July 3-6. Leave clubhouse at 7 p.m. July 3. Fee is \$5 payable in advance. Register by 8 p.m. Wednesday, July 2 with John Ebert, 30 Prospect Place, Phone 7418.

**THE UNIVERSITY LIBRARY** will be closed July 4th. Regular hours will be resumed on Saturday, July 5th.

**DR. P. HEWISON POLLOCK**, minister of the Presbyterian church, will speak on "The Beginning of Wisdom" at the Summer Vespers 7:15 this Sunday evening, June 29, on the west approach to Old Capitol.

Special music will be provided by Toni Blankers, contralto, and Leah Lunan, organist.

Noyal Tucker of the Congregational student group will be the worship leader, and ushers will be Dean Thompson and Bernie Oyas of the Westminster Foundation.

All university and townspeople are invited to attend this period of outdoor worship. In case of rain the service will be held in the Congregational church.

This is the third in a series sponsored by the Advisory Committee of the Student Christian Council.

**DR. P. HEWISON POLLOCK** will speak on "The Beginning of Wisdom" at the Summer Vespers 7:15 Sunday evening, June 29, on the west approach to Old Capitol. All university and townspeople are cordially invited to attend this period of outdoor worship. In case of rain, the service will be held in the Congregational church.

## 5 Men Seek Mexico's Presidency In Election Scheduled For July 6

**By Central Press**  
A political firecracker may explode south of the border July 6 when Mexico elects its new president. There are five men in the field for the job that pays \$250 a week for six years. Under Mexican law, no president can succeed himself. As a result President Miguel Aleman will not be able to run for office again. His term expires at the end of this year. To many, the winner is already a shoo-in. He's Adolfo Ruiz Cortines, the candidate for the Party of the Revolutionary Institutions, commonly called PRI.

**ADOLFO RUIZ CORTINES** (bow tie), one of the five candidates for the Mexican presidency, receives a bouquet from a youthful admirer at a political rally. Cortines, considered top contender for the office is a member of the Revolutionary Institutions party. Despite the power of the PRI party, some Mexicans believe that this election shows prospects of being an upset in favor of the Federation of People's Parties.

## Policemen Study Defense Methods For Atom Attack

**WASHINGTON (AP)** — Thirty thousand policemen went back to school Thursday in classrooms from Milwaukee to Boston to study up on what to do if an atom bomb should hit. All the instructors were in Washington, teaching "school for survival" on television. Police in 10 cities — New York, Boston, Philadelphia, Baltimore, Detroit, Pittsburgh, Cleveland, Toledo, Milwaukee and Chicago — sat in theatres equipped for television while federal civil defense administration officials lectured. Gunnar Back, a news commentator, showed pictures of an atom bomb explosion over Nevada superimposed on a picture of New York city. A direct hit, he said, would mean casualties could run as high as 500,000 if no warning were given. If a warning was given, the casualties could be cut in half, he said. Arthur E. Kimberling, former police chief at Louisville, told cops how they could help in emergencies. He said peacetime training would help but (a picture of an atom bomb explosion was flashed on the screen) "nothing has prepared us for one of these babies." After 45 minutes of lecturing, something new in television was tried. The audience asked questions. Mostly they were of a technical nature. Fellow in Evanston, Ill., wondered about his authority to go to the aid of another town hit by a bomb.

## Pekin to Have 122nd July 4th Celebration

**PEKIN, IND. (CP)** — The Fourth of July is more than just a day off for the 800 residents of Pekin — it's a day for remembering God and country. This year, as on 121 previous Fourth's, Pekinites will stand silent and respectful as the Constitution is read aloud in the picnic grounds at the oldest annual Fourth of July celebration in the land. Pekin will be proudly patriotic on the Fourth, and not the least bit ashamed of it. The celebration has changed but little since the first one in 1830. Of course, nowadays there are more people under the oaks in Gill's Grove (about 17,000 are expected to attend this year) and they come in cars instead of spring wagons. **Lemonade and Chicken** On Pekin's Fourth there are still old-fashioned lemonade and fried chicken, a strong-voiced orator in the afternoon, fireworks at night and "The Star Spangled Banner" all day long. Pekin, a tiny agricultural town set among the "knobs" a few miles north of the Ohio river, was cautious at first about claiming unequalled antiquity for its celebration. It discovered, however, that though a few other towns had celebrated the Fourth before 1830, none could challenge its claim of unbroken continuity for so many years. **Important Speakers** Many a fine speaker has stood on the circular bunting-draped bandstand through the years: besides several senators, governors and congressmen, there have been Abraham Lincoln's vice-president John Hay, sent by the President to deliver a fiery abolitionist address, and a wartime emissary from the White House who came to read greetings from Franklin D. Roosevelt. Today's sought-after speakers are men whose oratorical style is in the tradition of William Jennings Bryan. **Lasts 12 Hours** The celebration always lasts 12 hours. In the morning there is a long parade down Main street. The Grange and Community bands play, the floats draw ap-

## Ingalls, Lodge Predict Win At Convention

**By The Associated Press**  
Sen. Robert A. Taft's camp, scoffing at rival claims that "the jig is up" for Taft, said Thursday the Ohio senator now lacks only three delegates votes to win the Republican presidential nomination in Chicago. Taft's campaign manager, David S. Ingalls, said the senator has 601 delegates compared with 361 for Gen. Dwight D. Eisenhower. The latest Associated Press tabulation — based on delegates pledged, instructed, conceded or willing to express a first-ballot choice — shows Taft with 484, Eisenhower 407, GOP nomination requires 604. Ingalls posted the claim as if in answer to a statement by Sen. Henry Cabot Lodge, Jr., Eisenhower's campaign manager, that an important shift in delegate opinion has made it certain that the five-star general will capture the nomination. Lodge disclosed that Eisenhower will shift his headquarters from Denver to Chicago next week to take personal charge of his forces in the convention fight. The convention opens July 7. Lodge predicted Eisenhower will be nominated on the second or third ballot. At a news conference in Washington, Taft dismissed Lodge's claims as just so much political whistling in the dark, without justification. Once again, Taft hit out at what he termed New York Gov. Thomas E. Dewey's strategy-banking management of the Eisenhower campaign. Obviously referring to contentions that "me-too" tactics scuttled Dewey in 1948, Taft said, "I am afraid that Eisenhower's backers would urge him to conduct the kind of campaign that Dewey conducted." In other political developments: Mississippi's Gov. Hugh White raised a new threat of a southern revolt if the Democratic national convention, which meets July 21 in Chicago, adopts an "anti-south" platform on explosive civil rights issues. Addressing the Democratic state convention, White said if the national convention goes too strong on civil rights bills for the south's taste, the states' rights Democrats should walk out and put up their own candidate. In Washington, political strategists pondered the latest comment by Gov. Adlai Stevenson of Illinois on the question of whether he would yield to a possible draft for the Democratic presidential nomination. Up to now, Stevenson has insisted over and over again that he is only a candidate for re-election as governor and "could not accept" the presidential nomination. His latest answer on the draft question: "That remains to be seen."

## Eidophor, A New Large-Screen Live Color Television Process, Will Soon Make Its Official Introduction to Theater Owners as a Means of Combining Film Fare with TV Presentations.

screen live color television process, will soon make its official introduction to theater owners as a means of combining film fare with TV presentations. Preview audiences will see a live show of top theatrical talent, telecast over a closed circuit hook-up from a newly-organized studio. **A PROJECTION METHOD FOR** color TV. Eidophor can be installed in theaters for live showings of specialized entertainment to supplement regular film fare—in other words, it will be used in place of those god-forsaken "B" pictures. The idea is that new events can be telecast onto theater screens, in color, yet, as they take place—the TV would act as a supplement to the "A" film. **EIDOPHOR IS MAKING ITS** U.S. debut following 12 years of research at the Swiss Institute of Technology. Public figures who viewed an earlier demonstration last year believe that Eidophor will take its place, along with the invention of "talkies," in overhauling the entire entertainment industry. **INCIDENTALLY, WEBSTER** tells me that "eidophor" is a word taken from the Greek meaning "image bearer."

**MAGAZINE "X,"** SUI's VERY fine campus magazine which made its debut last spring, has awarded its staff and contributors with shiny, new pennies engraved with a small "X." Enclosed with the token of gratitude is a note reminding all receivers "not to spend the award because it has been defaced." **"THE RIVER" IS A FILM** made by Americans in India and directed by Jean Renoir. It is distinguished for its striking tropical detail and its script, based on a novel by Rumer Godden. The plot concerns the problems and frustrations of adolescent love as experienced by three young women. A compelling and artistic film free from all traces of Hollywood propaganda. **OF INTEREST TO FOLLOW-**ers of the Art Guild will be the news that its officers have decided to engage a single film for SUI exhibition this summer. The idea has never before been attempted—the guild's film series is usually confined to winter-audience consumption — but if their past record can be used as a basis of judgment, the plan should prove a success.

## official daily BULLETIN

SATURDAY, JUNE 28, 1952 VOL. XXVIII, NO. 190

**UNIVERSITY CALENDAR** items are scheduled in the President's office, Old Capitol  
**Saturday, June 28**  
8:00 p.m. — All University Party, Iowa Union.  
**Monday, June 30**  
8:00 p.m. — Summer Session Lecture: Judge Harold C. Kessinger, "How We Get Our President," South Union Campus.  
8:00 p.m. — University Play, "Second Threshold," Theatre.  
**Tuesday, July 1**  
8:00 p.m. — University Play, "Second Threshold," Theatre.

8:00 p.m. — Summer Session Lecture by Harrison Wood, "The Changing World," south Union campus.  
**(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)**

## Try and Stop Me

**By BENNETT CERF**  
**GENE FOWLER**, reminiscing at Toots Shor's chop house on the days when he was sports editor of the old New York Telegram (the joy ride ended when the owner came home from a vacation trip to Europe) recalls that he had so many prize fighters on the payroll that every time he rang a bell on his desk to summon a copy boy, the whole staff automatically began shadow-boxing. "One thing I never permitted," maintains Gene. "Nobody ever padded an expense account. Besides, we all knew there was no money in the till. And we had a strictly-observed code of manners, too. Nobody ever hit a lady with his hat on." Gene once called up the city editor to report his discovery of a murder. "What's become of the body?" asked the excited editor. "Nothing," said Gene. "I'm sitting on it." A gathering of police officials in Toronto was informed that there are six distinguishable stages of intoxication: dry and decent; delighted and devilish; dizzy and delirious; dazed and dejected; dead drunk; and dead.

## He's for Ike

**EIGHTH ARMY COMMANDER** under Gen. Douglas MacArthur during the Japanese occupation, Lt. Gen. Robert L. Elcheberger has announced his support of Gen. Dwight D. Eisenhower for the Republican presidential nomination. MacArthur is a supporter of Sen. Robert Taft.

## Guzman Is Contender

The top contender is Henriquez Guzman, a former army officer who turned contractor and is said to be one of the richest men in Mexico with a fortune of more than \$50 million. Only 53 years old, he has been campaigning against corruption in government and the high cost of living. He, too, is friendly to the United States. Gonzalez Luna, an attorney, was nominated by his party after Manuel Gomez Martin, party founder and leader, declined the nomination. One year younger than Henriquez Guzman, the head of the Conservative National Action party is described as "a friend of the United States."

## Same Balloting

Balloting is done in much the same style as in this country, with those unable to read being given assistance in the booth. In the last election, in 1946, Aleman won by 1,785,901 to 443,357 for Ezequiel Padilla, the former foreign minister. Many experts are saying when the ballots are tabulated, Adolfo Ruiz Cortines will win by as many votes.

## Important Speakers

Many a fine speaker has stood on the circular bunting-draped bandstand through the years: besides several senators, governors and congressmen, there have been Abraham Lincoln's vice-president John Hay, sent by the President to deliver a fiery abolitionist address, and a wartime emissary from the White House who came to read greetings from Franklin D. Roosevelt. Today's sought-after speakers are men whose oratorical style is in the tradition of William Jennings Bryan. Lasts 12 Hours The celebration always lasts 12 hours. In the morning there is a long parade down Main street. The Grange and Community bands play, the floats draw ap-

**SHOWN ABOVE IS AN** example of how the more than a thousand residents of Pekin, Ind., and the surrounding area turn out to celebrate the Fourth of July. Next week's annual observance will be Pekin's 122d, making it the oldest annual Fourth of July celebration in the land.

## Estate Owners Worried

Privately, however, the Misses Gill are worried. Settlement of the Gill estate among several heirs may force the sale of the 18-acre grove, now valuable building property. "And we don't know what will happen to the Fourth then," says Miss Eunice. "Wouldn't seem right to have it any place else," says Miss Loretta. It seems likely, however, that the grove, like many other American landmarks threatened with sale and oblivion, will be saved by public subscription. After all, Miss Loretta is right — it wouldn't do to have the celebration any place else.

## ENLISTS IN AIR FORCE

Bill Hedges, 19, son of Mr. and Mrs. Irving W. Hedges, 730 Third Ave., has enlisted in the U.S. Air Force. Hedges left Thursday for Chicago where he will receive further assignment. He attended SUI and was majoring in engineering. He was working for the Bendix Aviation corporation in Davenport until his enlistment.

# 35,000 Children to Undergo Big Texas Polio Experiment

HOUSTON, TEX. (AP) — An estimated 35,000 children will be used here in a test medical authorities hope will prevent paralysis from polio.

The children, aged one to six, will take part in the biggest inoculation of a command blood fraction (gamma globulin) ever attempted as a means of fighting paralysis.

Announcement of the inoculation, which begins next Wednesday, came as this Texas city was gripped by a polio epidemic.

Six new city polio cases, five county and three non-resident cases were brought up for treatment Friday.

These cases raised the total so far this year to 149 city cases with 8 deaths, 96 county cases with 4 deaths and 94 non-resident cases with 6 deaths.

The National Foundation of Infantile Paralysis, which is financing the gamma globulin research, regards 20 cases per 100,000 population as a polio epidemic. The city of Houston has an estimated 600,000 population and the county, which will also be included in the inoculation, has 200,000.

Dr. William Hammon of the University of Pittsburgh will direct the inoculation, the second ever attempted but the first on such a huge scale. He said the pilot test last year at Provo, Utah, was tried on only 5,768 children, not enough to make a conclusive answer.

Will Combat Paralysis However, the researchers at Pittsburgh university who have tested the blood fraction on mice and monkeys for two years said they were convinced that while it couldn't prevent polio it could be used successfully on humans to combat paralysis.

Hammon emphasized that the blood fraction, which has been used to treat measles, could cause no harm to children.

## SUI Professor's Son Heads Hi-Y Congress

Nick Johnson, a spring graduate of University high school, is presiding over a section of the First National Youth and Government assembly now being held in Washington, D.C.

Johnson, son of Prof. and Mrs. Wendell Johnson of Iowa City, is serving as president of the Sixth National Hi-Y Congress. His father is a professor of psychology and speech at SUI and director of the university's speech clinic.

### Young Heroes Receive Medals

TWO BOYS AND ONE GIRL receive medals from President Truman at the White House for bravery and outstanding service during 1951. Receiving medals are (from left) Stuart W. Ober, 17, Millihocket, Me., for outstanding service to his school, town and country; Parker E. Strait, 10, Coral Gables, Fla., for risking his life to save a 9-year-old girl, Gerry Gustafson, who was attacked by a huge alligator; and Margaret Galassi, 16, Springfield, Ill., for saving the lives of seven young children when the home where she was baby-sitting burned to the ground.

## Iowa Citizen to Train With Air Force Unit

Stan C. Kaiser, 2d Lt. U.S. air force, has left for Atterbury air force base, Ind., to be processed. From there he will proceed to Hondo, Tex., for pilot training with the 3304th training squadron.

Kaiser, who is the son of C. J. Kaiser, 1621 Wilson st., attended SUI for four years and is a graduate of Iowa City high school. He is a member of the Iowa Flying club, Iowa Mountaineers, the Arnold Air society and the Elks club.

## U.S. Civil Service Needs Investigator

The U.S. civil service commission announced Friday that it still has openings for investigators, according to N. J. Organovic, director of the eighth civil service region.

The jobs, which pay salaries of \$4,205 or \$5,060, will be filled through a competitive examination which is open now.

Organovic said that not enough people had yet applied for the examination to fill all the jobs. The need for additional investigators with the civil service is the result of the commission taking over certain investigative work formerly performed by the federal bureau of investigation.

# Johnson County Republicans, Democrats, Hold Conventions

Democrat and Republican party members of Johnson county got together in Iowa City Friday for their respective county conventions. The Democrats met in the courthouse and elected Donald E. Borchart, Iowa City attorney, as their county chairman for the next two years. The Republicans met in the Community building, decided to back Dwight Eisenhower for presidential nominee, and adopted resolutions urging the state delegation to do the same.

## Larson Emphasizes Importance of Unity

Atty. Gen. Robert L. Larson, of Iowa City, delivered the keynote address to the GOP's. He said the support given by Iowans to his crusade against gambling was proof that the people of the state would support a good cause.

He said the Republican party must "sweep the incompetents" out of office. In calling for unity within the party, Larson urged party members to adopt the slogan, "Taft or Ike Will Do It Alike."

Larson told the 150 delegates and on-lookers that Republicans should "wake up to the fact that they are a minority party and go to work on that basis."

Elwin K. Shain, of Iowa City, introduced the resolution to back Eisenhower. A 74 to 45 vote favoring Eisenhower over Taft followed.

## Corruption Is Theme Of Demo's Address

At the Democratic convention in the courthouse Attorney Borchart won the county chairman election by a one vote margin over John O'Connor, Jr., in an 11 to 10 count.

Borchart succeeds Atty. Edward W. Lucas who did not run for re-election. O'Connor, in delivering the keynote address charged that neither party "has the corner on honesty."

He said corruption in government would probably be the main issue no matter whom the Republicans nominate as their choice for president.

The 130 persons gathered at the courthouse heard charges of corruption in government in the report of the resolutions committee also.

There was some praise for Sen. Estes Kefauver "for exposing and cleaning up corruption in Democratic ranks and elsewhere."

## 2 Soldiers Receive Medals of Honor

WASHINGTON (AP) — At the White House Friday President Truman awarded two Medals of Honor for heroism in Korea.

The winners: Corp. Jerry K. Crump of Forest City, N.C., one of a family of eight, and Corp. Ronald E. Rosser of Crooksville, Ohio, one of a family of 14.

Truman stood in the White House rose garden and read off the citations for bravery far and away above the call of duty.

Crump's mother and father, Mr. and Mrs. Harold L. Crump, listened closely while the President recounted how Jerry saved his comrade by falling on, and smothering, an enemy grenade. Miraculously, he survived.

And all the Rosser family looked proud as Truman recalled how Ronald had killed 13 of the enemy in single-handed assaults.

# Maytag Sales Manager Defends Profit Making

The idea that earning substantial profits is a vice of some sort for which the businessman owes an apology was attacked by V. R. Martin, general sales manager of the Maytag company, Newton, at SUI's third annual Workshop on Economic Education Thursday evening.

Martin declared that it's the firm with aggressive, sales-promoting, profit-producing policies that is able to pour more and more funds into expansion and improvement of its facilities, and thus create more jobs and greater benefits for everyone associated with it.

He also pointed out that the owners of a business who provide

the capital ("the cumulative result of somebody's effort") for its operations may go for years without receiving dividends, while their firm is building up its position or is attempting to continue to function under adverse circumstances.

Taxes are among the strongest dampers on business expansion, especially in the case of the small-businessman who may not have past earnings to fall back upon, Martin said.

"The greatest contribution government can make to job perpetuity is to make government more economical and thus relieve the tax load," he added.

# Records Fall in U.S. Olympic Tryouts

By TED SMITS

LOS ANGELES (AP) — Art Bragg of Morgan State won the blue ribbon 100 meter dash of the final Olympic team tryouts Friday in 10.5 seconds as a powerful American squad shaped up for the games in Helsinki amid a series of record breaking performances.

Six meet records were set in eight events, with Mal Whitfield's time of 1:48.6 in the 800 meters one of the brightest. This tied the American record held by another Olympic great, John Woodruff of Pittsburgh.

Whitfield is defending Olympic champion at 800 meters and will also try for the 400-meter title. Only in the broad jump and the 100 meter dash did the 1952 performers fail to exceed the best tryout marks ever made by Americans.

Upsets were the order of the day. Milton Engel of New York university and the Pioneer club surprised with the best hammer throw of his life, 182 feet, 5 inches, beating Sam Felton, who had 182.

Then Darrow Hooper of Texas A. & M. threw the shot two feet further than he had ever done before to win at 57-1 3/4, with Parry O'Brien of Southern California second at 57-1/2, and the world record holder, Jim Fuchs, ex-Yale, barely qualifying at 56-11 1/2.

Curtis Stone, already a team member at 10,000 meters, defeated Wes Santee, the highly regarded Kansan, in the 5,000 meters with a new American record of 14:27.0.

The first three men in each event of the tryouts automatically qualify for the team. A crowd of 15,000 was on hand. Tomorrow the balance of the finals will be run off.

The quality of performances here far exceeded anything known in previous Olympic team tryouts. In the shot put, Bernie Meyer, formerly of New York university, failed to make the team although he

did 56-7 3/4—better than the Olympic record of 56-2 set in the 1948 games by Wilbur Thompson of the U.S.A. Thompson Friday did 54-5 1/2 and finished fifth.

In the javelin Bill Miller of the Navy Olympics hit 235-8 3/4 for first place, closely pressed by Cy Young of the Los Angeles A. C. with 234-1 3/4. Franklin (Bud) Held, formerly of Stanford, was third with 224-2 1/4. In the last games T. Rautavaara of Finland won the event with 228-10 3/4.

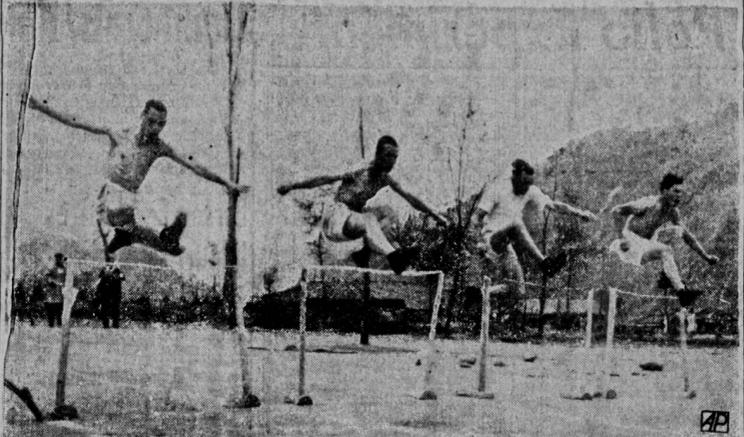

Meredith Gourdin, Cornell, won the broad jump with 25-4 1/2, followed by Jerome Biffle, U.S. army, 25-2, and George Brown, U.C.L.A., 25-1 1/2. Although he made the team, this was Brown's first defeat after 41 straight victories.

The 100 meter dash was a sizzler. In the first heat came the first serious casualty of the day. Jim Golliday of Northwestern, the collegiate champion and a prime favorite to win at Helsinki, pulled up lame and finished last.

In the finals, Bill Mathis was away fast and led at the half way point. Bragg and Lindy Remigino of Manhattan charged up and Bragg came home a winner with barely a yard to spare on Remigino. After a long huddle and much consultation of pictures it was announced that Jim Gathers of the U.S. air force would be taken to Helsinki. He and Dean Smith of Texas U. tied for third place. Customarily the first three finishers in the 100 run in the open event in the game and the fourth place man is used in the 400 meter relay.

Charles Moore, formerly Cornell, set another American record when he won the 400 meter hurdles in the sparkling time of :50.7, only one-tenth of a second lower than the world record. Lee Yoder of Arkansas was second, and Ronald Blackman of the U.S. army took third place from Bob Devinyne of Kansas, one of the favorites, who collapsed as he crossed the finish line.

## Athletic Meet at POW Camp in North Korea

ALLIED PRISONERS-OF-WAR clear hurdles during a 100-meter hurdle event at an athletic meet in Camp No. 1, somewhere in North Korea. Left to right: Sgt. James Alt, Petersburg, W. Va.; Pvt. James A. Lord, Manchester, England; Pfc. Charles R. Boyd, Preston, Ky., and Pvt. Anthony Paul Eagles, Gloucester, England, who won the race. This picture was taken by Frank Noel, an Associated Press photographer who is a POW himself, and was released by U.S. army censors after Red censors had released the negative. Allied authorities have often noted that Communist censors pass such pictures because of their evident propaganda value.

## Steve O'Neill New Manager At Phils' Camp

PHILADELPHIA (AP) — The Philadelphia Phillies announced Friday night that manager Eddie Sawyer has been replaced by Steve O'Neill.

Announcement of Sawyer's dismissal was made after a special meeting at the Phillies' clubhouse in Shibe park following Friday night's 6-0 win over the New York Giants.

The replacement of the quiet, scholarly Sawyer in his fifth year as manager of the team he built into a National league pennant winner in 1950 came as a surprise, although his replacement had been subject of rumors since the Phillies failed to turn into a winner this season.

George Fletcher, secretary of the club, said that Sawyer would continue in a special scouting assignment for owner Bob Carpenter.

Fletcher said that Carpenter telephoned O'Neill Friday at Louisville, where the new Philadelphia manager was on a scouting assignment for the Boston Red Sox and that O'Neill arranged to come to Philadelphia immediately. O'Neill will be on hand to pilot the club in its game with the New York Giants tonight.

The club secretary said that Carpenter and Sawyer had been discussing the change for the "past several days," and that it was decided a change would be for "the best of the club."

# White Sox Move To 4th Place

## Cubs Shut Out Cincinnati, 6-0

CINCINNATI (AP) — Lefty Paul Miner rang up his seventh win for the Chicago Cubs Friday night, shutting out the Cincinnati Reds, 6 to 0, on six hits while smacking two doubles and a single himself. Roy Smalley put the game beyond recall when he whacked a three-run homer in the ninth.

The only solace the Reds got from the contest was their triple play against Chicago in the sixth, the second such play this season.

## Yankees 10, A's 0

NEW YORK (AP) — Eddie Lopat blanked Philadelphia on four singles for eight innings Friday as the New York Yankees crushed the Athletics, 10-0. Lopat left after eight innings because his shoulder stiffened and Tom Morgan finished up. Mickey Mantle launched the New York scoring with a two-run homer in the fourth.

Mantle's sock into the lower right field stands was his seventh of the year and third as a left-handed batter.

## Prospect

TWENTY-two-month-old Jimmie Mason demonstrates the pitching form that makes him the talk of local playground league in Mobile, Ala. Weighing 34 pounds, including diapers, Jim clutches the ball like a big leaguer and also bats with perfect coordination and timing. His dad, a railway conductor, started teaching him to throw a baseball when he was 14 months old.

## Browns 2, Tigers 1

ST. LOUIS (AP) — Lefty Hal Newhouse of the Detroit Tigers held the Browns to three hits Friday night, but two throwing errors gave St. Louis a 2-1 victory. Bob Cain and Satchel Paige allowed Detroit only five hits, all singles.

Newhouse, making his first start since May 11, set up the first Brownie run in the third with a wild throw. Joe Demaestri led off with a walk. Cain, attempting to sacrifice, popped to Newhouse who threw wild past first base, permitting Demaestri to go all the way to third. Bob Young bounced out, but Cass Michaels singled Demaestri home.

In the fourth Newhouse walked Bob Nieman and Jim Dyck. Then Jim Delsing flied to Don Lenhardt in left. Second baseman Gerry Priddy took the relay, but threw into the Tigers' dugout, Nieman scoring.

Pittsburgh at Cincinnati — Satchel Paige vs. Satchel Paige

Today's Results  
Philadelphia 6, Giants 0

Today's Pitchers  
Philadelphia at New York — Curt Simmons, the National league top pitcher on the earned-run list, limited the New York Giants to three scattered safeties, Friday night as the Philadelphia Phillies downed the New Yorkers 6-0.

The loss cracked the Giants' six-game winning streak.

## Pierce Winner Over Indians

CHICAGO (AP) — The Chicago White Sox Friday night nudged back into a fourth place tie with Cleveland by defeating the Indians, 5 to 1 behind the four hit pitching of lefty Billy Pierce before a jubilant crowd of 39,968. Pierce fanned 10 to equal his season's strike out record. The Sox belted Bob Feller for nine hits.

The White Sox didn't have to do much more than stand around to score two runs in the first inning. Nellie Fox launched the inning with a single to center and went to third when Ray Boone made a wild throw to second on Minnie Minoso's fielder's choice.

A walk to Eddie Robinson filled the bases and then the two runs scored when Ray Coleman drew a pass and Sherm Lollar was hit by a pitched ball.

Cleveland's first hit off Pierce in the third inning developed into a major threat, but it failed. With one out, Jim Hegan singled off Pierce's glove and Feller bunted, but Pierce threw badly to second trying for a forceout. Both runners were safe. Harry Simpson forced Feller, but Bobby Avila walked to fill the bases. Pierce then extricated himself by fanning Larry Doby.

## Senators 5, BoSox 3

BOSTON (AP) — Eddie Yost homered and Pete Runnels clouted a pair of three-baggers Friday night as the Washington Senators supported Conrado Marrero with a nine-hit attack that defeated the Boston Red Sox, 5-3. Billy Goodman homered for the third Boston run in the eighth inning.

The Senators pounded former teammate Sid Hudson for seven of their hits and all but one of their runs before he was replaced by Ray Scarborough starting the eighth.

## Scotsman Is Guest — Dodgers Woo New Fan

— Date Arranged

ABERDEEN, Scotland (AP) — The Brooklyn Dodgers wooed and won Scotland's hottest baseball fan Friday with a free trip to Brooklyn and a date with a lady Dodger fan.

He is 23-year-old Alistair Forbes of Balmogrove Crescent, Bridge of Don, Aberdeen. He's leaving by plane for Brooklyn Sunday wearing, naturally, kilts.

Forbes, a grain plant operator, has never seen a baseball game. But he picked up a re-broadcast

from the American forces radio in Germany two years ago and he's been a red hot fan by radio ever since.

Not understanding some of the technical terms of the game — baseball being virtually unknown in Scotland — he wrote to the Brooklyn Dodgers and promptly was sent a set of rules and a baseball year book.

Friday, Forbes got a cable from the Dodgers inviting him to spend a week as their guest in Brooklyn, all expenses paid. And just to be sure he wouldn't wander over to see the New York Giants play, a date with Dodger fan Ellen Carmen Bey, was arranged.

## Favorites Win At Wimbledon

WIMBLEDON, England (AP) — The eight men who were supposed to reach the quarterfinals of the men's singles in the all-England lawn tennis championships finally made it Friday.

While more than 100 persons fainted from the heat — hot weather is so rare in Britain they faint at 90 degrees — top-seeded Frank Sedgman of Australia disposed of fellow countryman Don Candy without working up a good sweat.

Seventh-seeded Eric Sturgess of South Africa, who meets Sedgman in the next round, defeated Grant Golden, of Northwestern university.

The winners were the seeded players from 1 to 8 — Sedgman, Jaroslav Drobný of Egypt, Vic Seixas of Philadelphia; Dick Savitt, the defending champion from Orange, N. J.; Ken McGregor of Australia, Herbie Flam of Beverly Hills, Calif.; Sturgess and Mervyn Rose of Australia.

The Americans almost lost their national champion in the women's singles. Maureen Connolly, the 17-year-old titleholder from San Diego, Calif., squeezed past Susan Partridge of England, 6-3, 5-7, 7-5 to move into the quarterfinals. But she rarely looked like a champion.
