### Iowa Officials Map Plans to Fight Polio

DES MOINES (AP) — Iowa health authorities met Friday to prepare against a heavier onslaught of polio than had been anticipated in Iowa.

Dr. Ralph Heeren, director of the division of preventable diseases for the state department of health, described the Sioux City situation at a meeting of the state polio planning committee.

The committee is composed of hospital, medical, nursing and polio preventive officials.

"Until early in June, we had figured it would be a light year for polio in Iowa," Dr. Heeren said.

Dr. Heeren said 16 Monona county cases were reported before June 30, and four in the first week of July—an epidemic rate for that county.

#### Peak Passed

The peak has passed there, but polio has spread into other western areas, he commented.

Dr. Heeren told the group he has been a little puzzled at the occurrence of another wave of polio along the Missouri river because immunity might have been expected there after the waves of previous years.

"This may be another strain," he said.

He explained that there are three known strains of polio virus, one of which may not give immunity to the attack of another.

"Now we think we can expect polio in quite large numbers this year," Dr. Heeren said.

#### To Organize Facilities

John McCarthy, state representative for the National Foundation for Infantile Paralysis said the committee will canvass and organize the state's facilities to meet a polio emergency if one should come.

The principal shortage, he said, is in nursing services.

Hospitals are not as crowded as usual at this time of year, and there is equipment available such as respirators, hot-pack machines and suction machines, to meet the apparent demand, he said.

Meanwhile, plans were being completed in Sioux City for the use of gamma globulin blood fraction in an attempt to determine whether the blood fraction can prevent paralysis in polio cases.

#### Patient Total Soars

The number of polio patients in Sioux City hospitals soared to 119 Friday. There were 23 persons hospitalized in Des Moines and 15 at Council Bluffs. No new deaths were reported.

The gamma globulin test which will begin Monday at Sioux City is the second such test in the nation this year.

It is being directed by Dr. William Hammon of the University of Pittsburgh, who earlier directed a similar test at Houston, Tex.

The plan calls for inoculation of 16,500 children between the ages of one and eleven. Half the children will receive an injection of gamma globulin. The other half will be inoculated with a harmless gelatin substance.

### World News Briefs

#### A Condensation of Late Developments

VIENNA (AP) — Over the protests of international Jewish leaders, the Austrian parliament Friday passed three laws restoring property and civil rights to 34,000 former Nazis. The laws can be vetoed by only one of the four occupation powers. Jewish leaders said they hoped the U.S. high commission would step in to disallow them.

DENVER (AP) — Gen. Dwight D. Eisenhower, the Republican presidential nominee, will make a major speech at the national convention of the American Legion at Madison Square Garden in New York Aug. 25. Although the general's formal campaign for the presidency won't get underway until after Labor day, his address to the Legion "will deal with the issues which are of interest to the American people."

MUNSAN, Korea (SATURDAY) (AP) — The latest effort to reach an armistice in Korea through secret negotiations appeared to be nearing an end today after more than two weeks of maneuvering. Allied and Communist delegates arranged to meet at Pannmunjom at 11 a.m. (9 p.m., Friday, CDT), for the twelfth closed-door session devoted to the bitter dispute over prisoner repatriation—the only barrier to an armistice.

NEW YORK (AP) — The erect little skipper of the liner United States Friday proclaimed his deep love for the sea's newest queen. "I'd rather be master of the United States than its president," Commodore Harry Manning told a city hall welcoming throng after a ticker tape parade up Broadway. "May she always ride the waters in peace. She's the finest ship afloat, the most beautiful thing I've ever seen—far more beautiful than any woman I've ever known."

COURT LADIES AND BARMAIDS from the cast of Mozart's "Così fan tutte" rehearse at SUI where the opera will be presented July 22-24 as a feature of the SUI's 14th annual fine arts festival. The opera is sponsored by the school of fine arts and co-produced by the departments of music and dramatic art. William Rice, graduate music student, conducts (left to right): Mrs. John Shadie, Boone; Jean Gressley, Bonaparte; Florene Hale, McPherson, Kan.; Pauline Gladstein, Muscatine; Rolanda Ringo, and Annette Watson, both from Iowa City.

### Costuming Completed for Mozart Opera

"I started working on designs just as soon as I found out it was my job at the beginning of the summer session."

Speaking was Mrs. Frances Umland of Hampton, an instructor in dramatic art at SUI and costumer for "Così fan tutte," the Mozart opera which will be presented at the university Tuesday-Thursday, July 22-24 in Macbride auditorium.

The opera is sponsored by the school of fine arts as a feature of SUI's 14th annual fine arts festival. Cooperating on the project are the departments of music and dramatic art, with Professor Herald I. Stark of music faculty conducting and assistant professor of dramatic art Lewin Goff in charge of acting.

"We've been working on the costumes for about six weeks," Mrs. Umland stated. During that time she and her crew designed and created the 16 women's costumes which will be seen in the opera, as well as two male disguise costumes.

The opera takes place in Italy in the mid-1700's. Frances did research on the project, although the specific designs are her own.

### Kai-Shek Claims Right to Assistance In China Struggle

TAIPEH, Formosa (AP) — President Chiang Kai-Shek of Nationalist China said Friday he does not think a positive step against Red China such as a blockade of the Chinese coast would provoke another world war.

The Nationalists do not need foreign manpower to recover China from the Reds, Chiang said. But he added that his forces need and are entitled to claim "other necessary assistance."

Chiang made these and other points in answers to questions submitted him by the Associated Press.

"The free world should relinquish whatever illusions they might have regarding the Communist regime," Chiang said. "Effective and prompt steps should be taken so that the free world may achieve unity of purpose and action in the Far East."

### Iowa Doctor Hit By Patient, Dies

PROVO, UTAH (AP) — An Iowa doctor at Utah state hospital died Friday after struggling with a woman mental patient who struck him in the abdomen.

Preliminary investigation indicated that Dr. Harold I. Gosline may have died as the result of a heart attack.

A woman attendant witnessed the struggle and managed to quiet the patient, according to Dr. Owen P. Heninger, superintendent of the hospital.

### Social Security Budget Expanded \$540 Million

WASHINGTON (AP) — President Truman Friday signed legislation providing for a \$540 million a year expansion of social security benefits.

Truman called the measure "an important landmark in the progress of our social security system."

The President, however, expressed deep regret at what he called "one drawback" — congressional failure to "take proper action to preserve the old-age and survivors insurance rights of persons who become permanently and totally disabled."

The new program provides:

1. About 4½ million retired persons will have their monthly social security payments increased by \$5 or 12½ per cent, whichever is greater, effective after September 1.

2. Almost 3½ million recipients of public assistance — the aged, blind, totally disabled and dependent children — will share in a \$300 million boost in the federal government's grants to the states for such programs.

The act calls for a \$5 boost in monthly payments to persons who go on the retired rolls in the future will reflect at least a \$5 a month increase.

## GENERAL NOTICES

**GENERAL NOTICES** should be deposited with the city editor of The Daily Iowan in the newsroom in East hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN AND SIGNED by a responsible person.

**GERMAN PH.D. EXAMINATION** will be given Friday, Aug. 1, at 1 p.m., in room 104, Schaeffer hall. Register in Room 101, Schaeffer hall, by noon, Thursday, July 31, if you wish to take examination.

**EDUCATION WIVES CLUB** invites all members of the faculty of the College of Education and their families and all graduate students in education and their families to a picnic Monday, July 21, at 5 p.m., in the lower pavilion, City Park. Each family is to bring a salad or a hot dish, their own sandwiches, and their table service. Dessert and beverages will be furnished.

**CATHOLIC STUDENTS** — don't forget the Newman picnic Sunday, July 20, at Lake McBride. Fun for all with swimming, boating, and softball. If you haven't signed up yet, be sure to do so. Contact Jean McNamara, Phone 6954, or Mary Beth Hogan 80257.

**ATTENTION GRADUATING SENIORS:** Orders are now being taken at Campus Stores for August graduation announcements. The announcements must be paid for when they are ordered and are \$10 apiece. Orders for announcements for graduating seniors will be taken at the college of nursing.

**THE SUMMER HOURS FOR** the Main library will be:

Monday-Friday 8:30 a.m.-10:00 p.m.

Saturday 8:30 a.m. - 5:00 p.m. The departmental libraries will have their hours posted in their library.

**FHD. FRENCH READING EXAMINATION** will be given Wednesday, July 30, 1952, from 7 to 9 p.m.

**official daily BULLETIN**

SATURDAY, JULY 19, 1952

UNIVERSITY CALENDAR items are scheduled  
in the President's office, Old Capitol

Monday, July 21  
8:00 p.m. — Summer Session Lecture Series, Nelson and Neal, Piano Duet, South Union Campus.

Tuesday, July 22  
8:00 p.m. — Fine Arts Festival Opera, "Così fan tutte," Macbride Auditorium.

Wednesday, July 23  
8:00 p.m. — Fine Arts Festival Opera, "Così fan tutte," Macbride Auditorium.

Thursday, July 24  
9:00 a.m. — University Club, Coffee Hour, Union.

8:00 p.m. — University Play, "A Doll's House," Theatre.

Wednesday, July 30  
8:00 p.m. — University Play, "A Doll's House," Theatre.

8:00 p.m. — Music Hour, John Simms, piano, WSUI (Studio E).

Friday, August 1  
8:00 p.m. — University Play, "A Doll's House," Theatre.

Monday, July 23  
8:00 p.m. — Graduate College

(For information regarding dates beyond this schedule,  
see reservations in the office of the President, Old Capitol.)

## Chicago Official Denies Convention Fire Danger

**CHICAGO** (AP) — There is "very little" danger of a serious fire at the International Amphitheatre during next week's Democratic national convention — if the crowds don't get panicky.

Anthony J. Mullaney, assistant commissioner of the Chicago fire department, made the statement Thursday in a letter of reply to B. M. McKelway, editor of the Washington (D.C.) Evening Star.

McKelway had written a Chicago newspaper that "luck alone" prevented a "disaster far worse than the Cocoanut Grove fire" at last week's Republican national convention. The Cocoanut Grove night club in Boston was destroyed Nov. 28, 1942, killing 491 persons.

Mullaney said in his letter 57 firemen were stationed in the convention hall during all sessions of the GOP meeting. A fire engine company is located some two

blocks away, he said. There are also eight standpipes with connections in the amphitheatre and 42 fire extinguishers.

He said that if a small fire was noticed, nothing could happen if an usher, fireman or policeman was first called. But if "the people lose their heads that, of course, might be different," Mullaney added.

He said there were two small fires at the convention hall last week. One was in a cafeteria grease chute, and the second in the press stand which McKelway and another man extinguished. Neither fire was publicly noted at the time.

So far as the decorations are concerned, "all the bunting, paint and wooden installations have been treated with fire-resistant chemicals," the fire department official said.

## Interlude

## with Interlandi

"He keeps muttering something about a Ph. D., Ph. D., Ph.D. — sounds subversive!"

## Analyzer Helps Police Nab Speed Law Violators

**WARNING: SPEED ANALYZER** in use is what the little black and yellow signs says that causes many a local motorist to release some of the pressure on his right foot.

The analyzer is a mechanical device used by law enforcement officers to determine if motorists have violated the speed limit. It allows the patrolman to park ahead of the testing area and nab speed violators as they drive toward him.

It is a portable unit packed in a metal box. In the box are two rubber tubes, a relay box, an amber light and a set of connecting wires.

### Chain Reaction Set-Up

Here's how the analyzer sets up a chain reaction that frequently ends up with the motorist unwillingly making a \$12.50 contribution to the city funds.

The city police take the analyzer to the place to be checked and stretch the two rubber tubes across the road, the distance between them depending on the rate of speed to be checked.

The tubes are attached to the relay box and an amber light is attached to a pole just ahead of the checking area.

### Motorist Crosses Tube

When the oncoming motorist crosses the first air-filled tube, a relay in the control box is activated and a condenser is discharged. It remains discharged for one-half second. If the second tube is crossed during this half second, the circuit is completed to the amber light on the pole. When this lights up the awaiting patrolman knows he has a violator.

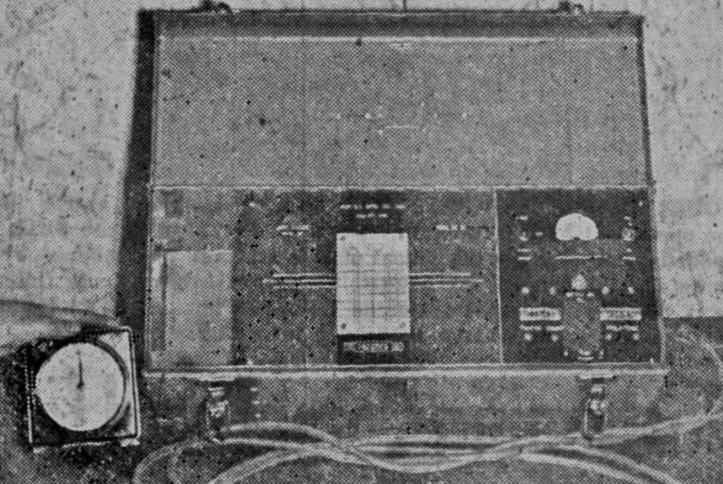

Iowa City's speed analyzer cost \$295 and has been in use since last August.

SUI's Ted Hunter, the man who builds those reaction-timing gadgets for the psychology department, is also interested in the analyzer.

### Built in 1951

Hunter built his speed analyzer last year, built 12 of them this year and is now turning out 25 more of them.

He says some speed analyzers operate by radar. He has not experimented with radar thus far, but is now building an analyzer that will work from wires instead of rubber tubes, and will key a signal through a radio transmitter that may be picked up by a

**THE SPEED ANALYZER NOW BEING USED** by the Iowa City police department is like the one above (left) except the clock at the left is built into the instrument panel encased in the metal box. The unit pictured is an improved model designed by Ted Hunter of the SUI psychology department. The clock speed-indicator may be attached to the main unit by wires or may be connected by radio. The chart on the main unit tells the patrolman how far apart to place the tubes for checking various speeds. The speedometer-like counters register traffic count and number of violations and the meter tells the condition of the battery used to operate the relays. Pictured at the right is Cletus Stummel, Iowa City patrolman, carrying the analyzer to a spot on Court st. where he will set up the speed clock in operation.

special radio receiver located in an awaiting patrol car.

The patrol car receiver will operate a speed indicator on the instrument panel designed to show the speed of the car being clocked.

Iowa City Police Chief E. J. Ruppert says the analyzers have "definitely decreased speeding in Iowa City."

### 92 Tickets a Month

The city has issued as many as 20 tickets in a day and 92 in a month with the help of the instrument.

Other towns in the state using analyzers are Ottumwa, Oelwein, Bloomfield, Muscatine, Wapello, Strawberry Point, Oskaloosa, Mt. Pleasant, Washington, Burlington, Davenport and Dubuque.

The city of Ottumwa recently issued 90 tickets within two hours when checking speed at the bottom of a hill near the edge of the city.

Analyzers are becoming increasingly popular throughout the nation, because of their effect on the driving habits of the people and because of their potential to increase city funds via speed checks.

They have been instrumental in convincing many a motorist that it pays to drive safely — or at least more slowly.

Parity is a price for farm products determined by a legal formula to be fair to farmers in relation to prices of things they buy.

"The principle of the sliding scale," Truman said in a statement issued when he signed the bill, "is that the volume of farm production can and should be adjusted downward by dropping the level of support provided farmers.

"As I have stated repeatedly, this is neither a workable method of adjustment nor a fair one. It would provide farmers with the least protection when protection is most needed."

The new law also delays for two

## Truman Signs Agricultural Bill Guaranteeing Price Supports

**WASHINGTON** (AP) — Government support of cotton, wheat, corn, rice, tobacco and peanut prices at 90 per cent of parity through 1954 was guaranteed Friday when President Truman signed a controversial agricultural bill.

more years the shift from the old method of computing parity to the new method insofar as corn, wheat, cotton and peanuts are concerned. It provides that parity for all six of the basic crops may be determined through 1955 by whichever of the two methods gives the higher price.

Only four crops are affected at this time because the new formula gives a higher price for rice and tobacco.

The new law provides price support for extra long staple cotton on a specified basis comparable to that provided for upland cotton. This will apply up to a level of 30,000 bales a year or 30 per cent of domestic consumption, whichever is larger.

Despite the small percentage figures, army doctors have so effectively dominated other diseases among the troops that Manchurian fever constitutes one of their biggest problems. Malaria has been whiplashed, and intestinal disorders, numerically the biggest problem outside battle casualties, are second only.

Medical authorities are putting everything, including study teams from the United States, into combatting the fever under a program set up by the eighth army surgeon, Col. L. Holmes Cinn.

The intensive study, treatment, and handling of fever patients from the front have resulted in 96 per cent of the victims being returned to duty with no ill effects. Studies so far

have shown that the fever either kills or the patient recovers completely.

Ginn said he does not doubt that the Communist armies in Korea are more troubled with the fever than the Allied troops. But so far this year no prisoner taken at the front has developed the disease.

As a preventive aid, soldiers are being instructed in how to disinfect the clothing, and a drive on against rats and other rodents.

# Northern Demos Dare South To Fight

## Confident of Strong Civil Rights Plank

CHICAGO (AP) — Northern Democrats Friday claimed enough votes at this Democratic national civil rights plank and dared southern Democrats to start a floor fight or walk out.

Sen. Hubert Humphrey of Minnesota, who led the bitter convention floor battle over the racial relations plank four years ago, said:

"If there is any minority report and floor battle this time it will come from the Dixiecrats rather than the regular Democrats."

Humphrey is a member of the convention platform committee again this time and he said he is certain "the committee majority will write a good strong civil rights plank."

### Humphrey Led Battle

Four years ago at Philadelphia, Humphrey headed a platform minority that carried the battle to the convention floor.

They won, but a large group of southern delegates walked out in a protest that echoed in the final election by loss of four southern states.

Apparently expecting another floor battle, Humphrey said, "Some of the delegates to this convention came here but left the door wide open to walk out."

### Will Support Majority

"If they need the exercise, then let them walk," he added. "I came here as a pledged delegate and I will support the party majority on its platform and its candidate."

"I'm not just shopping around to insist upon a platform or a candidate that suits Minnesota."

Shortly before Humphrey's comments, Francis Biddle, chairman of Americans for Democratic Action, said a poll of delegates outside the south and border states, showed 654 votes, or a safe majority, against a weakened civil rights plank if a floor fight results.

Biddle also said that any floor fight this time must come from the Dixiecrats.

### Strong Plank Predicted

Biddle predicted that the platform committee would bring out a plank at least as strong as the 1948 model which opposed job discrimination, segregation, lynching, and poll taxes and promised federal action in this field.

This time the civil rights group also is demanding that the na-

## Columbia Slayer Has No Regrets, Given Sanity Check Friday

NEW YORK (AP) — A crackpot on eternal life was reported not the least bit sorry Friday for his vengeful slaying of a young girl he didn't even know.

"To my deep sadness and regret, he expressed no remorse," his court-appointed lawyer said of 29-year-old Bayard Peakes, a frustrated dabbler in the science of electronics.

Peakes was whisked off to Bellevue hospital for a sanity checkup after he muttered and mumbled his way through a felony court homicide hearing. He was led away in handcuffs.

He has admitted shooting 18-year-old Eileen Fahey, a pretty blue-eyed blonde stenographer.

This project of the Women's club is part of a plan to beautify Iowa City by encouraging residents to plant flowers.

Reservations for the luncheon should be made by July 21 with Mrs. E. F. Wickham or Mrs. Loyd Busdorff.

MRS. DWIGHT D. EISENHOWER BLINKS to hold back her tears as she and General Eisenhower bid a constrained farewell to their son, John (left), an army major on his way to war in Korea. The family held a brief reunion Thursday at Denver Municipal airport when the major's Seattle-bound plane stopped there.

## Specialist Gets Residency

### Yugoslav Who Claims New Cancer Treatment Gets Truman's Permission to Stay in U. S.

WASHINGTON (AP) — Dr. Stefan Durovic, who claims to have turned up a drug that helps in the treatment of cancer, may take up permanent residence in this country under a bill signed by President Truman.

Durovic left his native Yugoslavia during World War II and came here in 1949. He conducted much of his research in the United States.

The drug in question, kreblozen, has set off a storm in medical circles. The American Medical Association said it was not shown to have any beneficial effects on cancer sufferers and also criticized Durovic for failing to disclose the formula for making the drug.

**Douglas' Legislation**

The legislation was sponsored by Sen. Paul Douglas (D-Ill.). It grants permanent residence to Durovic, his brother, Marko Durovic; the brother's wife, Olga, and their six-year-old son, Stefan M.

The tour will begin at 9 a.m. in the Community building. It will include various points of interest as the Moravec display, 607 S. Gilbert st.; a personal experimental plot of A. J. De Haan's, 249 Woolf ave.; the Iowa Memorial Union garden; City park; and the Moose Parking lot; and many individual homes.

The petunia judging will be concluded on July 29 after which the prizes will be distributed to the winners. The judges are Robert L. Gage, secretary of chamber of commerce; A. J. De Haan, plant foreman of the SUI botany department, and Don Sinck, a landscape architect.

The judging will be based upon color combination, adaption, quality, cleanliness of the plant, arrangement, artist's ability, and general appearance and care.

This project of the Women's club is part of a plan to beautify Iowa City by encouraging residents to plant flowers.

Reservations for the luncheon should be made by July 21 with Mrs. E. F. Wickham or Mrs. Loyd Busdorff.

## 27 SUI Students In Liberal Arts Earn 'A' Averages

Twenty-seven SUI liberal arts students earned straight "A" averages in their class work in the spring semester and have received commendatory letters from Dewey B. Stuit, dean of the college of liberal arts.

Stuit pointed out that college grades bear a direct relation to the types of jobs held after graduation and to financial success in those jobs.

"But most of all, scholarship is its own reward," Stuit noted in his congratulatory letters to the straight "A" students and their parents. "The satisfaction of a job well done, of a concept mastered or a new idea contributed cannot be measured in any material way, but to the true student, these are the important rewards of high scholarship."

Eleven of the students also had straight "A" records during the fall semester. They included Jo Ann Johnson, Ackley; Adele Cockshoot, Atlantic; Virginia Wise, Cherokee; June Marken, Des Moines; John Fenton and Mary Ladd, Iowa City; Maxine Wolf, Sheffield; Sally Sackett, Spencer; Patricia Thomas, Traer; Geraldine Garlick, Solon; and Phyllis Bullerman, Clarendon Hills, Ill.

**Securities Agency To Study Utilities**

ANN ARBOR, MICH. (AP) — Chairman Donald C. Cook said Thursday the securities and exchange commission may soon begin studies of the entire electric and gas industries to determine whether they may be utilized more effectively for the benefit of the people.

Cook said the law directs the commission to make such studies and issue public recommendations concerning utility systems.

In an address prepared for the University of Michigan public utility executive program, Cook suggested there might be a wider interchange of power, increased investment in generating facilities, and greater development of hydroelectric facilities.

BAYARD P. PEAKES (above), a frustrated electronics student, told New York police Thursday that he killed Eileen Fahey, stenographer at Columbia university, just because his theories were ignored. Police said the 29-year-old man was gunning for the physicists who had scorned his book "How to Live Forever," but killed Miss Fahey.

## Truman Names Connelly to Fill McCloy's Post

WASHINGTON (AP) — President Truman Friday accepted with "sincere regret" the resignation of John J. McCloy and named career diplomat Walter J. Connelly to succeed him as United States high commissioner for Germany.

Llewellyn E. Thompson, likewise a career foreign service officer, was named to take Donnelly's place as ambassador and high commissioner for Austria.

McCloy, former president of the International bank, is retiring to private life after three years service climaxed by the new peace contract and other agreements which wind up the occupation and put West Germany in the western defense camp. The changeover is expected about Aug. 1.

Truman used the announcement for a plea to Bonn to ratify the peace contract, which congress already has approved. He said that "the federal republic of Germany now has a great opportunity to join the other nations of free Europe in safeguarding the peace and progress of the world."

Donnelly is expected to become the first post-war American ambassador to Germany when the peace contract with the Western occupation zones comes into effect. He has been at Vienna for the past two years and has been groomed for the transfer to Germany ever since McCloy's intention to resign was made known months ago.

A 56-year-old veteran of three decades of government and diplomatic service, he is a native of New Haven, Conn. His experience has been largely in Latin America. He was ambassador to Costa Rica and then to Venezuela before Truman appointed him to the Vienna post.

Thompson will transfer from a tour where he has been embassy counselor for the past two years. He is 47 and a native of Los Angeles, Colo.

## SUI's TV Show At 12:30 Sunday

SUI's "University Hour" television program over station WOCT, Davenport, will begin at 12:30 p.m. Sunday instead of 2 p.m. as originally scheduled.

Entitled "Learning Never Stops," the program will feature a review of the college of engineering's Summer Management conference. Prof. Wayne Deegan, director of the conference, and Robert Parden, graduate student from Iowa City, will participate.

The show will be produced by Prof. John Ross Winnie of the department of speech and dramatic arts under the supervision of John H. Ulrich, graduate student. Larry Warick, graduate student, will direct the program.

## City Record

### DEATHS

William Bragg, 74, 940 E. Bloomington st., Thursday at local hospital.

Mrs. Malcolm Ean, 59, 706 E. College st., Friday at Mercy hospital.

### BIRTHS

A boy for Mr. and Mrs. Walter Steigleman, 316 Fourth ave., Thursday at Mercy hospital.

A girl for Mr. and Mrs. Richard Myers, 32 Lincoln ave., Friday at Mercy hospital.

A girl for Mr. and Mrs. Edward Engstrom, 230 Quonset Park, Friday at Mercy hospital.

### WORKSHOPS PLANNED IN PUBLIC RELATIONS

Iowa school administrators will open a two-week workshop in school-public relations on the SUI campus Monday.

Coming from small and medium-sized communities, the educators will discuss and work out means of interpreting their school programs to local citizens.

Daily meetings are scheduled for analysis, discussion and planning of public relations programs for the schools represented.

The workshop will be sponsored by the college of education and extension division.

### CHIC YOUNG

## VESPERS END SUNDAY

"The Faith We Sing," a hymn service under the leadership of the Rev. Robert Sanks, minister to students in the Methodist church, will conclude the summer vesper series this Sunday evening, July 20, at 7:15 on the west approach

to Old Capitol. Dr. William Clegg will be the organist, and Miss Sharla Kvidera, the song leader. Aurzella Boewe, Dorothy Grapp and Owen Nickels will usher. All university and townspeople are most cordially invited to share in this period of outdoor worship.

In case of rain, the service will be held in the Congregational church.

# Yanks Maintain League Lead With 6-3 Win Over Chisox

New York (AP) — The New York Yankees made only six hits Friday, but two of them were home runs by Hank Bauer and Gene Woodling and that was enough to hand the Chicago White Sox their fifth straight setback, 6-3.

## BoSox Defeat Indians, Extend 2d Place Lead

BOSTON (AP) — The Boston Red Sox extended their second-place lead over Cleveland Tuesday night by blasting the Indians for a 9-2 victory with a 13-hit attack. Lefty Lou Brissie, who made his first pitching start in 13 months, was the victim of most of the Red Sox's solid slugging.

Manager Al Lopez had planned to start Sam Jones in the opener of the three-game Fenway series that drew a packed 34,477 crowd. But just before game time, baseball commissioner Ford Frick ruled that Jones was ineligible for American league competition until 12:15 p.m. (CST) today.

The Indians had transferred Jones to their Indianapolis farm club roster Thursday when they called up first baseman Jim Glynn from the Sacramento Pacific Coast league club. Earlier Friday the Indians returned Jones to their roster after sending outfielder Dave Poppe to Indianapolis to meet the 25-player requirement.

Brissie was the victim of three-

Bauer, who also had a single and a double for a perfect day, slammed a three-run homer in the third inning off loser Chuck Stobbs. Then, in the fourth inning, Woodling sewed up the game

This long-distance clouting gave Tom Gorman his second big league victory. The bespectacled righthander, recalled from Kansas City earlier in the week, was given his first start. He gave up 10 hits and was replaced by veteran Johnny Sain in the eighth inning.

Sain insured Gorman's second triumph by yielding only one hit in the last two innings.

Charlie Silvera, replacing Yogi Berra behind the plate for the Yankees, opened the third inning with a single to center. Phil Rizzuto walked and, with two out, Bauer hammered one into the lower left field stands.

In the next inning, a walk to Gil McDougald preceded Woodling's wallop — a drive into the lower right field stands. It was his seventh of the season. For Bauer, it was his 10th.

The Sox, who lost their eighth game in nine starts, had taken a 1-0 lead in the third on singles by Willie Miranda, Nelson Fox and Eddie Robinson.

Singles by Ray Coleman and Bud Sheely, plus Hec Rodriguez's long fly, produced the Chisox' second tally in the seventh.

When Minnie Minoso opened the eighth with a triple to right and Robinson followed with his third hit, a single to right, Sain was brought on to replace Gorman.

The veteran righthander gave up a single to Coleman in the eighth but put down the Sox in 1-2-3 order in the ninth.

Boston at St. Louis (night) — Wilson (8-7) vs. Chambers (4-2) or Braze (6-21).

#### Phillies 7, Reds 5

CINCINNATI (AP) — The Philadelphia Phillies blew a four-run first inning lead, but came steaming back with three runs in the ninth to deal the groggy Cincinnati Reds their fifth straight setback, 7-5. Both starters, Harry Perkowski of the Reds and Howie Fox of the Phils, failed to survive the free-swinging first frame.

Russ Meyer, the fourth Philadelphia hurler, came on in the ninth after the Reds pushed over one run and had two men on with one out. He got Bobby Adams to ground into a game-ending double play.

## Browns Lose; Use 22 Players

WASHINGTON (AP) — Manager Marty Marion of the St. Louis Browns used 22 players in a losing game Friday night as Washington defeated the Browns, 6-5, on a 15-hit attack.

The Browns' use of 22 players was just two short of the major league record.

St. Louis scored twice in the eighth inning to slice Washington's advantage to one run and Al Zarilla opened the ninth with a double. He was stranded, though, as Gordon Goldsberry, Cass Michaels and Darrell Johnson flew out.

Randy Gumpert, who yielded 11 of the Browns' 13 hits, captured his third decision as Stubby Overmire lost his third game in a futile quest for his first victory.

Jackie Jensen led the Senators' assault with three singles, while Zarilla smashed three doubles for the Browns.

## Cards 7, Braves 2

ST. LOUIS (AP) — Billy Johnson's first 1952 home run, a grand-slam smash in the fifth inning, enabled Harry (The Cat) Brecheen to coach to his fifth straight victory Friday night as the St. Louis Cardinals trimmed the Boston Braves, 7-2.

The Cardinals' 11-hit attack off Max Surkert and southpaw Bob Chipman included three straight singles by Stan Musial, who walked his other time at bat; a pair of doubles by Hal Rice, and a single and triple by Enos Slaughter, who drove in two runs.

## 2 Brooklyn Players Fined for Bickering

PITTSBURGH (AP) — Lee Scott, traveling secretary of the Brooklyn Dodgers, said Friday Jackie Robinson and Billy Cox have been fined for demonstrations in Thursday night's game at Cincinnati.

Scott said Robinson was fined \$50 and Cox \$25. The Brooklyn players were advised of the fines by telegrams from National League President Warren Giles.

Robinson was ejected from the game after he protested a play in which Eddie Pellagrini was called safe while stealing second base. Robinson kicked his glove high into the air.

Cox replaced Robinson at second and a short time later he began arguing with base umpire Augie Guglielmo and was ejected. There was no official announcement as to why Cox was arguing with Guglielmo. It was believed he took up Robinson's protest.

Brooklyn won the game 2-1.

## Los Angeles Ram Star Given 2-Year Contract

LOS ANGELES (AP) — Capt. Bob Waterfield signed an unprecedented contract for two years as quarterback of the champion Los Angeles Rams Friday at a salary that makes him one of the highest paid players in the National Football League.

Terms of the contract, a departure from the usual one-year deal by the Rams, were not divulged.

Reliable sources say that Waterfield collected \$16,500 last year and in view of his great season of 1951 in leading the club to its second championship, it stands to reason that he earned a nice boost in pay. How much is anyone's guess.

It took Waterfield and Daniel F. Reeves, president of the Rams, just 15 minutes to come to terms. Preliminary negotiations had been in process for days, however.

The 32-year-old former UCLA star volunteered no details of the pact.

## Dodgers Win Over Pirates

PITTSBURGH (AP) — Brooklyn's first place Dodgers defeated the last place Pittsburgh Pirates, 6-2, Friday night to run their consecutive winning streak over the tailenders to 11 games. Billy Loes, although relieved in the ninth when the Bucs scored their second run, received credit for his eighth win against four defeats.

Ralph Kiner accounted for the Pirates' first run in the fourth with a homer, his 18th.

Loes gave up only three hits until the ninth when he allowed three singles. With one run in, the bases loaded and only one man out Joe Black came in to snuff the rally. He struck out Clyde McCullough and forced relief pitcher Harry Fisher to ground out.

The win increased the Dodgers' lead over the rained out New York Giants to 6½ games.

Bobby Friend, who gave up 10 hits before being relieved in the ninth by Fisher, was charged with his 14th defeat against four victories.

## Iowa City Pair Wins Tennis Doubles Title

AMES (AP) — Art Andrews and Bill Voxman of Iowa City won the title in the Missouri Valley tennis tournament Friday by defeating Earl Buchholz and Neil Drury, St. Louis, 6-3, 6-1, in the boys' doubles.

Andrews also will meet Buchholz for the boys' singles title.

Most of Friday's play was in doubles competition with no men's or women's singles.

Alex George, Kansas City, and Len Prosser, Mission, Kan., a pair of veterans, will meet Paul Hurley and Buddy McCune, Tulsa, Okla., for the men's doubles crown.

Nora Prosser and Lucille Davidson, Lee's Summit, Mo., rank as favorites over Bonnie Hejna, St. Louis, and Phyllis Vance, Omaha, in the women's doubles final.

An all-Shawnee, Okla., final in the junior boys' singles was set between Dale Anderson and John Been.

The two finalists turned in convincing victories in Friday's semifinal round. Anderson defeated Dave Snyder, Winfield, Kas., 6-4, 6-2. Been was extended to four sets before beating fellow Sooner, Gene Land, Oklahoma City, 6-4, 6-3, 0-6, 6-3.

In other action Friday, top-

## Tigers Edge A's On Dropo's Homer

PHILADELPHIA (AP) — A fourth inning homer by big Walt Dropo offset an eighth inning four-base blow by Eddie Joost Friday night as the Detroit Tigers edged the Philadelphia Athletics 2-1 despite a five-hit pitching performance by starter Harry Byrd and reliever Johnny Kubac.

The victory went to righthander Art Hartmann — his first win since last May 24. Since that date he had been charged with nine straight defeats.

Before the game, 16-game winner Bobby Shantz of Philadelphia was presented with an automobile in a ceremony at home plate.
