# Stevenson Drive Gains Momentum

## Polio Deaths Climb to 15 At Sioux City

SIoux CITY, IA. (AP) — While more than 3,000 children were being inoculated Tuesday during the second day of a large scale field test of a possible new weapon against infantile paralysis, a 16-month-old Sioux City girl died here — the 15th polio victim of the year.

Deborah Pashan, daughter of Virgil Pashan, admitted to a hospital last Saturday, was the

### 14 Cases Here

University hospitals here Tuesday listed 14 patients hospitalized with polio. One patient was said to be in "serious" condition.

He was John Lee, 16, of Dubuque, hospitalized Monday along with three others: David Kuethe, 5, Tripoli; Nancy Rausch, 4, Chickasaw county, and Don Huber, 12, Clarksville.

James Reuss, 26, of West Liberty was discharged Monday after being treated for polio.

third polio fatality in the last three days. She was the youngest victim here this year.

A total of 7,470 children had been inoculated through Tuesday in the five clinics being operated here to test the possible benefits of the blood fraction gamma globulin in preventing paralysis from polio.

Eight new polio cases were hospitalized Tuesday and seven patients were dismissed, raising the total under treatment here to 140. In Des Moines, one new polio case in this area was reported Tuesday afternoon by Des Moines hospitals bringing to 50 the total since June 30.

## Eisenhower to Start Campaign Speeches By Early August

By The Associated Press  
Dwight D. Eisenhower got set Tuesday to plunge full-tilt into the presidential race far in advance of the traditional mid-September opening of the home stretch drive.

Although still fishing in the Colorado Rockies, Eisenhower let it be known that he will start swinging in his role as the Republican presidential nominee with a major speech at the Veterans of Foreign Wars convention beginning August 3 in Los Angeles.

Eisenhower also:  
1. Named Gov. Sherman Adams of New Hampshire as a sort of chief of staff for the coming campaign.

2. Arranged to discuss campaign strategy on Sunday with his 39-year-old vice-presidential running mate, Sen. Richard M. Nixon of California.

## Interlude

## with Interlandi

"You'd better recognize the delegates from Iowa!"

## Compromise on Loyalty Issue Stops Major Democratic Split

CHICAGO (AP) — One major threat of a great split in the Democratic party seemed to be fading away Tuesday night when leaders worked out a compromise of a north-south scrap over a pledge of loyalty to the national ticket.

The compromise was worked out in the office of party chairman Frank E. McKinney. Sen. Blair Moody of Michigan said representatives of all the presidential candidates took part.

The new proposal still required action by the credentials committee and the full convention, and there was always the possibility that opposition to it would break out there, but that appeared to be slim.

Rep. Franklin D. Roosevelt Jr. predicted it would prevent a party split. Roosevelt and Moody, chairman of the convention rules committee, took leading roles in forcing through the convention early this morning a loyalty pledge at which the southerners gagged.

The pledge, forced through on a voice vote over the objections of most southern delegations, would have required that no delegate should be seated until he promised to do his best to have the convention's nominees placed on his home state ballot.

Several southern states decided

formally, in caucuses, they would refuse to sign the pledge.

Then the compromisers got together behind closed doors and finally came up with this plan: a proviso would be added to the loyalty pledge saying that no delegate should be required to sign a pledge if that action contravened any provision of state law or state party rules.

## State Auditors Rap SUI for Method Of Keeping Accounts

DES MOINES (AP) — The state auditor's office found fault Tuesday with SUI bookkeeping methods in two instances, one of which it said it had criticized before.

The report criticized a surplus fund and a "revolving advance" fund.

The audit first related that the university had \$1,648,551 in government bonds on June 30, 1951 from current surplus funds — part of the "stores, services and revolving fund."

This compared with \$1,700,000 in the previous year.

On this report commented: "We again wish to call attention to our opinion that this is misleading in that these surplus funds so invested are derived from several funds such as 'agency funds, current restricted funds, student loan funds, etc.'"

"We have from time to time discussed this matter with university officials and recommended that it be handled in a different manner."

## 60 Allied Planes Blister Old Baldy

SEOUL (WEDNESDAY) (AP) — Sixty Allied warplanes fire-bombed and strafed Chinese troops dug in again on the crest of "Old Baldy," shell-stripped prize of a sea-saw battle on the western Korean front.

"Both sides are still on the hill," a United Nations briefing officer said Tuesday night, "but they're keeping in their holes and dodging shells."

AP correspondent George McArthur reported from the front that a short valley leading to the hill has become the "valley of the shadow of death" because of streams of Allied wounded and the hazards in providing supplies and reinforcements.

## Big Ovation

### 15-Minute Demonstration For Mrs. FDR

CONVENTION HALL, CHICAGO (AP) — Mrs. Franklin D. Roosevelt Tuesday night got by far the biggest demonstration anyone has received so far in the Democratic national convention.

A tremendous cheer went up when she was spotted coming down the runway to the speaker's rostrum.

And before it had finished 15 minutes later, an old-fashioned political parade was in progress.

Whether it was because of the late president, whether it was for a woman who has gained international fame in her own right, or whether it was just that magic name Roosevelt, no one could say.

Mrs. Roosevelt tried repeatedly, waving her hands, to quiet the uproar, but it refused to be hushed. The former first lady smiled. Her eyes narrowed, her head bowed, as if she were trying to hide tears.

Nothing like this sort of spontaneous demonstration had been seen at either national convention except, ironically, the one at the GOP convention for Herbert Hoover, defeated by Franklin D. Roosevelt for the presidency in 1932.

As Mrs. Roosevelt spoke, two of her sons, James and Franklin D. Jr., beamed from boxes at the rear of the platform.

## Today's Convention

CHICAGO (AP) — The Democratic national committee Tuesday night issued this revised program for today's sessions of the party's national convention.

Morning session: 11 a.m. (CST).  
Report of credentials committee.  
Report of the rules committee.  
Report of the committee on permanent organization.

Election of permanent officers.  
Night session: 7 p.m. (CST).  
Installation of the permanent chairman, speaker of the house Sam Rayburn of Texas.  
Address by Rayburn (originally scheduled for the Tuesday night session).  
Report of the committee on platform and resolutions.

## Barkley Added to List Of Convention Speakers

CONVENTION HALL Chicago (AP) — Vice-President Alben W. Barkley, ex-candidate for the presidential nomination, Tuesday night was added to the list of speakers for the Democratic national convention. His address will be tonight.

National chairman Frank E. McKinney announced to a cheering convention that Barkley had consented to make the address.

## Reports Say Governor Will Accept If Drafted

CONVENTION HALL, CHICAGO (AP) — The drive to push the presidential nomination into the hands of Adlai Stevenson rolled on Tuesday night while party wheelers worked toward a grand show of harmony at the Democratic national convention.

The campaign for Stevenson picked up steam from new evidences of support in New Jersey in the east, Kansas, North Dakota and Iowa in the midwest, New Mexico, Montana, and Wyoming in the far west.

## Anti-Truman Delegates Win

CHICAGO (AP) — The Democratic convention credentials committee Tuesday night voted to seat anti-administration delegations from Texas and Mississippi.

The vote on Texas was 36 to 13 and on Mississippi 33 to 17. Texas delegates have 52 convention votes, Mississippi 18. This makes a total of 70, out of the 1,230 votes at the convention.

The same arguments were made substantially in both cases.

On the one hand the anti-administration factions — dubbed "Dixiecrats" by their rivals — claimed they represented heavy majorities of Democrats in the two states.

On the other hand, the "loyalist" or pro-Truman factions claimed that while they may be in the minority in their states they were loyal administration followers and did not bolt the party as did the anti-Truman Democrats in the south four years ago.

## Truman Hints Change Of Candidate Support

CHICAGO (AP) — President Truman sent word to Missouri delegates Tuesday he might have something to tell them today about his choice for the Democratic presidential nominee.

Sen. Thomas C. Hennings Jr., told Missouri delegates at a caucus that he had talked with President by telephone after being unable to reach Truman's alternate delegate, Thomas J. Gavin of Kansas City.

Hennings said the President told him that a letter carried by Gavin, supposed to contain the President's instructions for voting on the first roll call, "no longer has any force or binding effect."

## Platform Favors Collective Security

CHICAGO (AP) — A tentative Democratic foreign policy platform made public Tuesday night planks the party to staunch support of the policy of collective security, of the United Nations, and of programs designed to prevent World War III.

The plan is the product of a drafting subcommittee and will go before the full resolutions group today.

## Suffers Quake's Greatest Loss

PETE QUINTANA, who left his job in New Mexico just a short time ago to visit his brother in quake-ravaged Tehachapi, Calif., stands unhearing and oblivious of comforting words of a nurse and sympathetic victims of the trembler. Of his nine children who accompanied him on his visit, four died in the earthquake that shook California early Monday morning.

## Mozart's 'Cosi fan tutte' Opens

THE FIRST PERFORMANCE of "Cosi fan tutte" was given in Macbride auditorium Tuesday night. Above is the Cafe scene from the first act showing Ferrando (Stephen Hobson), Fiordiligi (Marilyn Horstman), Guglielmo (Harry Morrison), and Dorabella (Dorothy Krebill) engaging in musical conversation. The opera, presented by the SUI school of fine arts, will be repeated tonight and Thursday night at 8 p.m. in Macbride auditorium. (Review on page 3).

## State Insurance Plan To Be Discussed Here

A meeting of all state employees interested in Old Age Survivor's Insurance will be held Tuesday, July 29, at 7:30 p.m. in the Iowa City Community building.

The meeting was arranged by State Representative G. M. Ludwig after "being approached from many sources for information concerning the rather uncertain status of the state old age insurance program."

State Sen. Herman Lord of Muscatine will meet with the group. Senator Lord is the chairman of the special committee created by the 54th general assembly to make a study of the operations of the Iowa old age insurance system and to investigate into the proposal of uniting the Iowa old age and survivors system with the federal social security system.

The group will report its findings to the governor. The meeting has been called for

the purpose of having an informal discussion on the matter.

All state employees, including those at SUI (academic and non-academic), those at Oakdale sanatorium, all school teachers (city and rural), highway employees, (city and county) and everybody effected by OASI is invited to attend.

## Mossadegh Regains Iranian Premiership; Wins Hague Decision

TEHRAN, Iran (AP) — Dr. Mohammed Mossadegh won a legal victory over Britain and a political victory over his Iranian foes Tuesday.

After a week-end of strikes, riots and bloodshed, the lower house of parliament voted 61-0 for the emotional arch priest of Iranian nationalism to resume the premiership he resigned in a huff last Wednesday.

At the same time, the International Court of Justice at the Hague upheld 9-5 Mossadegh's contention that the court lacked jurisdiction to rule on Britain's suit over nationalization of the Anglo-Iranian Oil company's Iranian properties. Britain wanted compensation and damages. A British judge voted the majority. The dissenting opinions included that of the judge representing the United States.

The exit from the premiership Monday of Ahmed Qavam, advocate of a friendly settlement with Britain, paved the way for Mossadegh's return to power.

After day-long demonstrations in which from 12 to 25 persons were killed here in clashes with troops and police, Qavam submitted his resignation to Shah Mohammed Reza Pahlavi and dropped out of sight.

Mossadegh himself had resigned, after the monarch, who is commander-in-chief of Iran's armed forces, rejected Mossadegh's plan to take over the war ministry personally.

## Hiss Fails in Bid To Get 3d Trial

NEW YORK (AP) — Alger Hiss, imprisoned after two trials in which the government depicted him as the greatest American traitor of the century, Tuesday lost his bid for a third trial and possible vindication.

The one-time brilliant state department aide has claimed for more than two years that he was a victim of "forgery by typewriter."

In denying another new trial, Federal Judge Henry W. Goddard called this "only conjecture with absolutely no evidence to support it."

Hiss, a right hand man to the late President Franklin D. Roosevelt at the Yalta conference, is doing five years in federal prison for perjury.

## World News Briefs

### A Condensation of Late Developments

TEHACHAPI, CALIF. (AP) — Damage estimates mounted into the millions throughout southern California Tuesday as the 3,000 inhabitants of quake-shattered Tehachapi completed their sorrowful clean-up. Electric and gas services were restored to most homes, but there was still only one telephone line reconnected to the outside world.

MUNSAN, Korea (WEDNESDAY) (AP) — Bitter charges and counter-charges on the heels of a brief meeting indicated today Korean truce talks may be headed for another break-down. Nevertheless another executive session was scheduled for 11 a.m. today (8 p.m. Tuesday CST). Negotiators met for only five minutes at Panmunjom Tuesday. It was the shortest of 15 closed meetings on the deadlocked issue of war prisoner exchange.

BOSTON (AP) — Fifty prisoners, led by two life-term killers, rioted at Massachusetts state prison Tuesday—and some eight hours later 20 were still holding out behind strong barricades with two guard-hostages in their custody. The only casualty was a prisoner reported stabbed by another inmate. Thirty of the rioters surrendered by late afternoon under a barrage of tear gas which sent them streaming back to their cells.

MOMBASA, Kenya (AP) — A herd of 300 thirsty elephants trekking to the coast from drought areas were reported Tuesday causing havoc in villages 30 miles north of Mombasa. Game wardens were forced to shoot six of the marauders to scare off the main herd from one village.

SALONIKA, Greece (AP) — NATO Commander Gen. Matthew B. Ridgway came to this city 50 miles from the Iron Curtain Tuesday to plan its defense against any Communist invasion. After receiving a rousing welcome from the citizens, Ridgway went into conference with top Greek military men on the question.

### Candy, Not Medicine

Culture.

Most people don't know exactly what culture is, but they feel it's something college students should have. Many college students are a little vague on the subject too. Frequently they think culture is largely a racket created by Emily Post — and something which demands a natural addiction for symphonies and poems and pictures.

But is this culture and is that how people get it?

Webster defines culture as "the enlightenment and refinement of taste acquired by intellectual and aesthetic training."

SUI students owe the school of fine arts a hearty pat on the back for providing this "training" for them through the annual fine arts festival. That the festival's training can be a delightful experience was graphically proved Tuesday night at Macbride auditorium by the open-

ing performance of Mozart's comic opera, "Così fan tutte."

The splendid variety and high quality of the other offerings this summer are more reasons for praising the festival. And for students there is surely culture training aplenty in the exhibit of art in Iowa on display in the art building and the Union . . . the series of Monday evening lectures by distinguished personalities on current political and philosophical thought . . . the plays by the dramatic art department . . . the SUI symphony orchestra concert . . . the all-state music camp band and orchestra concert . . . the Wednesday night music hours over WSUI.

Thanks to the 14th annual festival of fine arts, the rudiments of culture are here at SUI for the taking — and it tastes like candy, not medicine.

### GENERAL NOTICES

**GENERAL NOTICES** should be deposited with the city editor of The Daily Iowan in the newsroom in East hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

**GERMAN PH.D GERMAN EXAMINATION** will be given Friday, Aug. 1, at 1 p.m., in room 104, Schaeffer hall. Register in Room 101, Schaeffer hall by noon, Thursday, July 31, if you wish to take examination.

**THE SUMMER HOURS FOR** the Main library will be:  
Monday-Friday 8:30 a.m.-10:00 p.m.  
Saturday 8:30 a.m. - 5:00 p.m.  
The departmental libraries will have their hours posted in their library.

**PHI DELTA KAPPA WILL** have its last noon luncheon of the summer in the Pine room at Reich's on Thursday, July 24. All members who plan to attend, please sign the roster in the lounge at East hall or phone extension 2420 by noon Wednesday,

### Newsman Says —

## He Watched Flying Saucer

By SAUL PETT

RIVER EDGE, N. J. (AP) — I saw a flying saucer myself Saturday night about the same time some unidentified objects were picked up on radar over Washington.

From now on you can't convince me there is no such animal. And after 12 years as a newspaperman — almost six of them with the Associated Press in New York — I don't jump to conclusions.

It was like this:

I was sitting on my back porch alone. The night was clear and star-lit. There was no wind.

Idly, I saw a tiny orange ball draw into view from the northwest. At first I thought it was a plane.

Then as it drew closer, so distant that it appeared to be about the size of a quarter, I had two thoughts that hit me with quite an impact.

Planes have two lights that flicker on and off. This object had only one constant light.

Planes make noise. This object was silent as death.

Though my neighborhood — seven miles from New York — is very quiet, I couldn't hear a sound from above.

Later when a plane did come by I could see its lights distinctly — and they looked much different from the other light. Its engines were very audible.

The object flew to the southeast. I saw it for about a minute to a minute and a half.

I called my wife. She watched it and thought it looked like a Japanese lantern.

Could it have been a shooting star or a meteor?

Well, they sort of shoot down and fade away. But not this thing — its intense glow stayed constant. It didn't get lost.

Could it have been the reflection of a search light on a cloud? The sky was cloudless. Furthermore, the object left no trail of light as a beam would have done. And it was moving too fast and too evenly to be a balloon.

I wasn't frightened at all, because the thing looked so peaceful and so serene. There wasn't any appearance of menace.

## official daily BULLETIN

WEDNESDAY, JULY 23, 1952 VOL. XXVIII, NO. 205

**UNIVERSITY CALENDAR items are scheduled in the President's office, Old Capitol**

**Wednesday, July 23**

### Convention Newsmen Set New Copy Record of 1,626,786 Words

CHICAGO (AP) — Before the Democratic convention was called to order Tuesday, newsmen covering the show already had telegraphed nearly a million words of copy to publications throughout the world.

Western Union reported the pre-convention score of 1,626,786 words of news sent over its wires before the previous record of 1,235,000 sent prior to the Republican convention earlier this month.

### Platform Group Hears Farm Leader

PRELIMINARY PLATFORM DRAFTING committee for the Democratic convention hears Hershel Newsom (foreground), National Grange master, in Chicago. Committee members (at table from left) are Gov. Lawrence W. Wetherby, Kentucky; Sen. Herbert Lehman, New York; Sen. John J. Sparkman, Alabama; House Majority Leader John W. McCormack, Massachusetts, chairman; Sen. Theodore Green, Rhode Island. Man at right is unidentified.

## Bitter Civil Rights Battle Faces 19-Member Platform Committee

CHICAGO (AP) — A 19-member group was named Tuesday to draft the Democratic campaign platform — a tough and thankless task which seemed destined to wind up in another bitter battle over the "civil rights" issue.

Rep. John W. McCormack of Massachusetts, who presided at five days of public hearings, will head the group assigned to rough out the proposed planks.

He said the drafters will hold continuous day and night sessions in hopes of having a platform ready for the full resolutions committee by 8:30 a.m. (CST) today.

**108 Must Approve**

That full group, which includes 108 members, must approve the document before it is presented, probably later that day, to the whole convention.

Walter Reuther, CIO leader, and other top labor organization spokesmen issued a vigorous demand at final hearings Tuesday not only for a strong civil rights program but also "an anti-filibuster plank."

What they want is a party declaration in favor of a change of the senate's rules to make it easier to shut off filibusters — endless debate which southern senators have employed in the past to defeat the civil rights legislation which President Truman urges.

Truman Proposal Opposed

They oppose with particular bitterness the Truman proposal for a fair employment practices commission (FEPC) with authority to enforce its decision against racial discrimination in the hiring of workers.

It is the insistence upon a stand for change in rules of the senate that seems most likely to touch off another Democratic convention battle — although some leaders hoped to head off such a fight.

Four years ago at Philadelphia a similar fight, to strengthen the civil rights plank, caused some Dixie delegates to walk out.

**Platform Drafters**

Those appointed with McCormack to settle the first-round civil rights battle and shape the entire platform include Sen. Blair Moody of Michigan, Rep. William L. Dawson of Illinois, a Negro, former Sen. Scott W. Lucas of Illinois, and W. H. Lee of Illinois.

Democrat Farm Plank Proposes Permanent High Price Supports

CHICAGO (AP) — Democrat platform drafters put finishing touches Tuesday on a proposed farm plank pledging the party to carry on President Truman's drive to get rigid, high farm price supports set up on a permanent basis.

The plank, however, made no mention of a controversial proposal advanced by Truman's secretary of agriculture, Charles A. Brannan. This would use government subsidies on a broad scale to support a large group of perishable products. The Brannan plan has run into sharp criticism from some farm groups and members of congress.

The farm plank is being prepared by the platform committee for presentation to the Democratic national convention.

**Legislation Signed**

Truman last week signed legislation which requires the government to support prices of wheat, corn, cotton, rice, tobacco and peanuts at not less than 90 per cent of parity through 1954.

Parity is a legal standard for measuring farm prices designed to be equally fair to farmers and those who buy their products.

This legislation, adopted as one of the final acts of congress, had the effect of postponing until 1954 — unless there is a change in the law before that time — operation of flexible price supports endorsed by both major parties in 1948 and incorporated into law since then.

**Incentive Offered**

Under the flexible system, supports for the basic crops could be reduced to 75 per cent of parity when crops were large and raised to 90 per cent when supplies were small. The idea was to offer farmers an incentive to produce when shortages threatened and to discourage production when surpluses developed.

The Republican farm plank, adopted at a national convention here week before last, made no specific commitment as to a price support level. It promised to provide supports at "whatever level may be necessary to maintain balanced" farm production.

The GOP platform drafters rejected a proposal that the party endorse rigid supports at not less than 90 per cent of parity. They felt such supports would result eventually in surpluses and strict government production controls.

### Philanthropist, 74, Divides \$4 Million, Then Goes Fishing

CLEVELAND (AP) — Claud H. Foster, 79-year-old inventor and philanthropist, Tuesday gave away nearly \$4 million.

He plans to retire to a four-room cottage on Sandusky Bay, where the duck hunting is good.

Except for a little more than 13 per cent share to Western Reserve university, the money will go to 15 hospitals and orphanages in Cleveland, divided as carefully as possible among Protestant, Jewish and Catholic.

Foster is a Protestant.

"I don't believe in one religion over another," he said. "Many roads lead to God."

A thrifty bachelor, he already had given away more than \$5 million to local institutions, particularly the YMCA, Fenn college and the Salvation Army.

The amount of his gifts Tuesday, announced at a dinner, was \$3,879,680.79, nearly equal to the \$4 million he received 27 years ago when he sold the Gabriel Manufacturing Co. Its principal products were an automobile shock absorber and a horn.

### Quake Kills 11

THE LITTLE TOWN of Tehachapi, Calif. (1), where 11 persons died as a result of the second largest earthquake in California's history, was leveled and scores of other cities and towns, ranging from Santa Rosa (2) to San Diego (3) recorded damage. The quake's largest tremor was centered in the Mojave desert (4).

## Douglas Aims War Blame At Republican Leaders

By J. M. ROBERTS JR.  
Associated Press News Analyst

The speech of Sen. Paul H. Douglas at the opening of the Chicago convention suggested strongly that the Democrats expect the Republicans to make the Korean war one of the chief issues of the presidential campaign.

But the senator from Illinois and the program arrangers apparently considered Korea of sufficient import to warrant an immediate reply to the numerous shots taken at it by the Republicans.

The Republicans, of course, have been hitting at the administration's most vulnerable spot in the matter. Taking the tack so widely taken by objective observers that withdrawal of American troops from Korea before the war, and Secretary Acheson's failure to include it within a Pacific defense line in a subsequent speech, actually had in-

Well, said the senator, it was all done with advice from some of the biggest shots of the recent Republican convention, Eisenhower, MacArthur and Dulles.

Eisenhower was the army chief of staff, Douglas points out, when the joint chiefs of staff advised the President in 1949 that the U.S. had small strategic interest in Korea. MacArthur was the supreme commander in the Far East who advised it was safest to withdraw. Dulles put before the United Nations the resolution requiring both Russia and the U.S. to withdraw. (Dulles acted as a state department agent.)

It was Republicans, Douglas said, who killed administration proposals in congress between 1947 and 1950 for both economic and military aid to make the South Korean Republic a stable entity.

As for who is responsible for this or that, the argument boils down to the fact that there was no general evaluation in this country of the true relationship of Korea to either the interests of the United States in Japan and the Pacific, or to the world-wide Communist containment program.

# Beckwith's Mother Pleads for Son As Beardsley Hears Case Reviewed

DES MOINES (AP) — Gov. William S. Beardsley took under advisement late Tuesday a mother's tearful plea that he spare her son from being hanged.

The mother was Mrs. Nancy Beckwith, whose son Edward J. (Buddy) Beckwith, 29, Waterloo factory worker, is scheduled to be executed at the Fort Madison penitentiary August 4. He has been in death row there for months.

The only assurance the government gave for the present was that if he has not reached a decision by the time preparations must begin for hanging, he will issue a stay of execution.

Beckwith was convicted and sentenced twice for the mutilation slaying of Mrs. Irma Jean Stahlhut, 22, in the walk-in cooler of her husband's tavern at Morrison, June 22, 1949. The Iowa supreme court reversed the first conviction but affirmed the second one.

## Hearing Closed

The hour and a half hearing was closed to reporters, at the request of Mrs. Beckwith. Attending were Beckwith's two court-appointed attorneys, his mother, the Protestant chaplain at the prison, and an assistant attorney general.

After the hearing, one of Beckwith's attorneys, Glenn E. Beers of Waterloo, reviewed for reporters what had been told the governor, Beers said:

"The boy (Beckwith) was insane at the time, and intoxicated. He was driven into what he did by the actions of the woman (Mrs. Stahlhut)."

"She was coquettish and flirtatious. She egged him on. He was in love with her. He had no intent to kill her. She was the one and only friend he had in the world — except his mother. She (Mrs. Stahlhut) befriended him and led him on."

## Appeal Has 3 Points

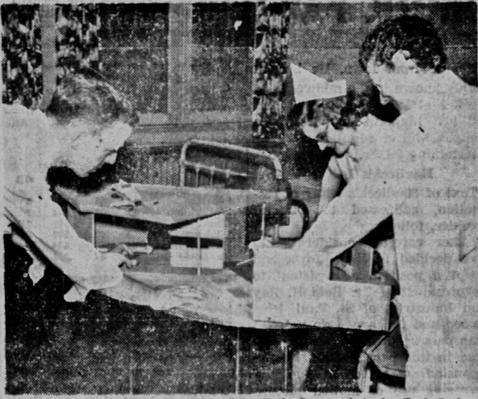

Beers, with the assent of W. Louis Beecher of Waterloo, Beckwith's other attorney, said there were three main points in their arguments to the governor:

1. There was a lack of intent to kill in the case. Intent must be present to have a first degree murder conviction, such as Beckwith's.

2. The jury recognized the defense contention of temporary insanity, but the conviction was on the ground that you shouldn't let a mad dog run loose;

3. Buddy didn't get a fair trial."

## Doll House Built for Toy Library

(Daily Iowan photo by Fred Graham)

WOMEN PATIENTS IN SUIT'S PSYCHOPATHIC HOSPITAL are getting plenty of fun out of furnishing a model doll house. The idea of providing them with this means of diversion was conceived by Rosemary Hansen, N3 (center) student nurse in the hospital. The house was designed and built by Floyd Starr, A4 (left) an architecture major. On the right is Florence McAninch, instructor in psychiatric nursing.

# Nurses, Patients Build Doll House for Children

By MARJORIE BREHM

When the instructor goes on vacation, what do the students do? Student nurses taught by Florence McAninch, instructor in psychiatric nursing at SUI, didn't remain idle while she went on a two-week vacation.

They each chose a project on which to work. One of these projects — a model doll-house of ranch-house design with furnishings finished by the patients — has caused considerable interest in the women's wards of the psychopathic hospital.

Rosemary Hansen, N3, Sac City, conceived the idea after she decided the women in her ward needed something "different" for recreational activities.

Floyd Starr, A4, Fort Madison, an attendant at the psychopathic

hospital majoring in architecture, gave the plan a big boost by building the house framework from a design he developed as a sideline to his industrial design course.

He also did some of the basic painting and built the furniture which the patients have finished.

The women also share in planning the interiors.

"They have big discussions on 'textiles for furniture coverings, on colors of rooms and designs in bedspreads and drapes," Miss McAninch said. They are also developing a decided preference for either modern or traditional style houses, she added.

Starr believes his model house is something unique in architectural design. The units of the house, which are of trapezoid shape, can be put together to make 20 different shapes. Additional units may be added to the house, Starr said.

Causing added interest in the work are the plans of the patients for the house after it has been completed. The ranch house will be given to the toy library of SUI's children's hospital and units of it will be assigned to children who request them.

The sophisticated doll-house has a natural finish outside and gray interior walls.

Bedroom colors, chosen by the women, are gray and red with black furniture. The living room unit's colors are lavender and green — which is not exactly according to plans, Starr said. The original idea called for mahogany and yellow color scheme but the mahogany shade of paint applied to the floor turned out a lavender shade.

"The white of the plywood came through," Starr explained. The women, with their love for pretty colors, are rather pleased with the results, Starr added.

## Iowa City Sailor On Training Cruise

Among the almost 3,600 U. S. naval academy and naval reserve officer training students taking part in the first of the navy's three summer training cruises is naval academy midshipman Chauncey E. Schmidt, USN, son of Mr. and Mrs. W. F. Schmidt of 6 Wolf st., Iowa City, in the mine-layer USS Harry F. Bauer.

# Important Health Needs Outlined to Nurses Group

Dr. M. F. Barnes stressed three important health needs of the community at the third annual meeting of the Iowa City Visiting Nurses association.

First, Barnes discussed the modern view of public health with an emphasis on time as an important element in the spread and control of disease. Next he pointed out the facilities we already have to control health needs as food control, mental hygiene, insecticides, etc. Lastly, he talked about the projects and needs for the future.

Barnes suggested that to meet the needs a survey of existing agencies already functioning should be organized. These agencies should meet regularly and air the problems. Out of these meetings a clear picture of community resources would be noted and where there are existing gaps.

A close co-operation between city and county should be stressed in order to meet existing health needs.

New board members for the 1952-53 terms were elected at the meeting. The Rev. John Craig was re-elected for a three-year term; Clark Houghton was elected for a three-year term, and Mrs. Charles Pittinger was elected for a two-year term.

New committee chairmen are Sister Mary Brigit, nursing; Dr. Albert Souchek, finance; Dr. M. L. Mosher, medical advisory; William Nusser, publicity; Mrs. Horace Korn, nominating; and Miss Marie Neuschaefer, education.

The budget for the coming year was accepted as presented to the group. The budget includes the salary for one more full-time nurse.

# Comedy, Romance in — Mozart's 'Cosi fan tutte' — Delight SUI Audience

By JIM GOLTZ

Mozart's "Cosi fan tutte," as presented by the departments of music and dramatic arts, is a grand opera in the most literal sense.

Its eight scenes contain enough grandeur and magnificence to make it a production of which any opera company would be envious, but its appeal is not limited to classical enthusiasts. The entire cast exhibits such a deft knack for comedy with the plot's modernistically-romantic complications that it becomes an evening of enjoyment for any theater-goer.

It is impossible to select any one of the six leading players as being outstanding, but Marilyn Horstman and Dorothy Krebill, as two Italian ladies of the 18th century, are both superb.

## Both Are Competent

Miss Horstman, wearing a blonde wig, displays the same flawless soprano which entertained audiences at "The Beggar's Opera" last winter. Her charming accomplice in romantic intrigues, Dorothy Krebill, has an equally lovely voice, both girls' voices blending beautifully in the duets. Miss Horstman, who poses and assumes quaint mannerisms with a professional air, seems a superior actress. Both are very competent.

Harry Morrison and Stephen Hobson, as the girls' "betrothed" who test their fiancées' loyalty, are excellent while singing or clowning. Both have resonant voices and a flair for comic pantomime.

In the part of the maid "Despina," which brought new laurels to Patrice Munsel of the "Met," Marilyn Hungen is captivating. Although her vocal ability is rather overshadowed by Miss Horstman and Miss Krebill, her mannerisms and affectations display an adeptness at scene-stealing.

## Variety of Character

Whether assuming a nasal voice while absurdly-disguised as a doctor or magistrate, or offering advice in a second-act solo, on women's wiles in winning a man, she is coquettish and delightful.

Charles Davis is excellent as the cynical bachelor "Don Alfonso" who instigates the romantic complications. He is particularly fine in an aria describing the faithlessness of women.

One of the opera's best scenes is the one in which Despina and Don Alfonso act as intermediaries for the shy ladies and fear-

ful suitors in professing mutual admiration.

## Costumes Are Colorful

The opera is made resplendent with Frances Umland's costumes. The two women are dressed in hoop-skirted gowns of lace and silk, while the suitors, disguised as Albanians, wear fantastic Arabian Nightish costumes of brocade silk, with plumed turbans and pointed slippers.

The six settings are symbolized with bits of fragmentary scenery. The music is courtly and lilting. The orchestra, particularly good in the "finale," captures both the sprightliness and mock melancholy of Mozart. The players are under the skilled direction of Profs. Stark and Goff. Only the combined talents of two such departments could produce so happy a result as "Cosi fan tutte."

# Auto Dealer Knetzer Surrenders to Police To End FBI Manhunt

MILWAUKEE, WIS. (AP) — Robert L. Knetzer, bankrupt auto dealer who was spirited away from the Springfield, Ill., city jail June 17, gave himself up Tuesday and claimed he had been kidnaped.

The former Edwardsville, Ill., dealer who went bankrupt with debts of 2½ million dollars, had been the object of a nation-wide FBI search.

He was seized by deputy U.S. marshals and Milwaukee detectives in the Schroeder hotel after the Chicago Herald-American reported that he had surrendered to one of its reporters Monday.

Knetzer was taken to the city jail in handcuffs where the marshal's office said he would be held pending instructions from Washington.

Knetzer is under an indefinite jail sentence for contempt of court for failure to account for some \$250,000 in assets.

The former auto dealer was released when a man posing as a deputy U.S. marshal came to the Springfield city jail and said he was taking Knetzer to Peoria.

Knetzer told newsmen that the phony marshal led him to an automobile containing three men and that they drove him around and then beat him up.

# Machine Gun Fire Quells Red Mutiny

NAPLES, Italy (AP) — The Italian news agency Informazione said Tuesday a mutiny aboard a Russian freighter was quelled when the Red skipper ordered the rioters cut down with machine gun fire.

The agency said the mutiny occurred while the ship was en route from Piraeus to Naples. It said the captain ordered the mutineers gunned and their bodies thrown overboard. It did not say how many were slain.

# City Record

**DEATHS**

# Florida Crash Kills 4 Fliers, Burns 2 Children to Death

MARIANNA, FLA. (AP) — A B-47, one of the newest and fastest jet bombers of the U. S. air force exploded and crashed in a residential area here Tuesday, killing its four crewmen and starting a fire that burned two children to death.

It was the second fatal crash of a B-47 six-engine Stratojet in Florida this month, and resulted in the commandant of MacDill air force base at Tampa calling in all planes from training flights and grounding them pending an investigation.

Flames shot out and burned Peggy Diane Williams, 5, and her 3-year-old brother, Rufus, who were playing in the yard of their parents' home next door. They died almost simultaneously a few hours later.

Bodies of the four airmen were found in a section of the plane's fuselage about 200 yards from the Baptist minister's burned house.

The MacDill public information office said the airmen included Maj. Frederick E. Ewing, 31, pilot, son of Mr. and Mrs. Frank L. Ewing, Parker, Ind.; and Capt. Richard E. Francis, 28, observer, son of Mr. and Mrs. Cleo Francis, Clay City, Ind.

The B-47 is considered the world's fastest medium bomber, with a speed rating of more than 600 miles an hour.

# Doctors Average \$12,518 Net Income

WASHINGTON (AP) — American doctors averaged a net income of \$12,518 last year, the commerce department reported Tuesday. Lawyers averaged \$9,375 and dentists \$7,743.

According to a department survey, doctors also scored the biggest gain in earnings during 1951 — an increase of \$980 over 1950. Lawyers averaged a 1951 earnings increase of \$303, dentists a gain of \$450.

In 1951, the average income of salaried doctors was \$9,522 against \$13,375 for the non-salaried. Salaried lawyers averaged \$9,936 against \$9,375 for others. No separation of this kind was available for dentists.

# Nationalists Again In Control of Egypt

ALEXANDRIA, Egypt (AP) — Premier Ahmed Naguib Hilaly Pasha's new cabinet was sworn in Tuesday, and he pledged again to force British troops from the Suez and unify the Sudan under the Egyptian crown.

Most members of the cabinet served in Hilaly Pasha's government which fell July 2 after four months in office. Its downfall resulted from failure to achieve Egypt's two big goals: removal of British soldiers from the canal zone and complete Egyptian control over the Anglo-Egyptian Sudan.

King Farouk I asked Hilaly Pasha Monday to try his hand again. His new government is Egypt's fifth in six months of recurring cabinet crisis.

# Americans Break 2 More Olympic Records

## Still Another Tied As U.S. Sets Pace

**By TED SMITH**  
**HELSINKI (AP)** — The Rev. Bob Richards and big Sim Iness smashed Olympic records and Mal Whitfield tied another Tuesday to lead the United States to victory in three more Olympic track and field championships.

A third Olympic record was broken and a second equaled by athletes from Germany and Australia.

The pole vault ended in sheer drama. Richards and Don Laz of the United States, Ragnar Lundberg of Sweden and Pete Denisenko of Russia all broke the Olympic record by clearing 14 feet 5.23 inches.

**All 4 Miss**  
 The bar went to 14 feet 9.17 inches. All four missed it on their first attempt. Then Laz and Richards cleared it on their second try.

When the Swede and the Russian failed thrice the United States was assured of the gold medal.

The bar then went to 14 feet 11.14 inches. Laz failed three times. Richards, pale and tense, made it on his final try. The crowd of 55,000 that stayed on until 7:30 p.m. (11:40 a.m. CST) in the bright northern evening went wild.

In track central sport of these games, the United States is dominant with 115 points against 44 for its arch-rival, Russia. Taking in all final events, Russia leads with 136 1/2 points to 115 for the U.S.A. Out of Russia's total 92 1/2 were scored in gymnastics.

**U. S. Has 8 Medals**  
 The United States, which won 11 gold medals in track and field at the 1948 games in London, now has won eight out of 12 events in three days of the blue ribbon Olympic sport with five more days to go.

One of the American victories was an upset. Iness, the 240-pound, 6 foot 6 University of Southern California student, took the discus crown as well as the Olympic record away from Adolfo Consolini of Italy with a mighty toss of 55.03 meters (180 feet, 5.85 inches).

Consolini, second with 176 feet 5.37 inches, and Jim Dillon of Upper Sandusky, Ohio, third with 174 feet, 9.69 inches, also exceeded Consolini's old Olympic mark of 52.78 meters (173 feet 2 inches). Fortune Gordien of Minneapolis was fourth at 172 feet, 9.27 inches.

Iness' defeat of Consolini must be rated as an upset because Iness, who went great guns early this spring, slid off considerably, and Consolini has been noted for his steady performances. But Tuesday Iness was a marvel of consistency. Every one of his six throws in the finals exceeded the Olympic record.

Whitfield tied his own Olympic record of 1:49.2 in the 800 when he again beat Arthur Wint of Jamaica with a smooth as silk sprint around the last curve and down the home stretch.

Whitfield, who runs with effortless grace, finished with plenty to spare — saving himself for the 400 meters, on which he has set his heart on winning.

A new woman sprint champion flashed across the Olympic track. She is Marjorie Jackson, 21-year-old typist from Australia. She won the 100 meters final in :11.5 which tied the Olympic and the accepted world record.

## Braves Whip Cubs Despite Fondy's Hit

**BOSTON (AP)** — The Boston Braves spotted the Chicago Cubs Dee Fondy's grand-slam homer and battled from behind to get Vern Bickford a 6-4 victory Tuesday night as they opened a 21-game home stand. The Braves made lefty Paul Minner, who was seeking his 10th win, their pitching victim for the third time this season.

Cubs Manager Phil Cavarretta was ejected for protesting a tying run-scoring balk against Minner in the sixth inning and after a 10-minute argument, notified Umpire-in-Chief Lon Warneke, a former Cub teammate, that the game would be protested.

The Braves rallied for three runs in the sixth to pull into a 5-4 lead. After Minner's balk and the fifth run scored Turk Lowm replaced Minner.

Olympic Jumpers Receive Plaudits

**WALT DAVIS** (center), former Texas A. and M. athlete, **L. Ken Wiesner** of the navy, both representing the United States, and **Jose Telles De Conceicao** (right) of Brazil, stand on the victor's podium at Helsinki as they receive the acclaim of the crowd after placing first, second, and third respectively in the high jump event. Davis set a new Olympic record with a jump of 6 feet, 3.2 inches.

# Yankees Hang Double Defeat on Fading Indians

**CLEVELAND (AP)** — The New York Yankees opened their western excursion Tuesday night by sweeping a two-night double header from the sagging Cleveland Indians 7-3, and 8-1 before 57,666 fans.

The twin defeat dealt a mighty blow to the Tribesmen's fast-fading pennant hopes and left them 7 1/2 games behind the world champions.

Vic Raschi delivered his ninth straight victory in winning the opener as the Yanks banged out 17 hits, but he injured his right knee when he singled in the sixth inning.

Johnny Sain went in to preserve Raschi's victory and held the Indians to two hits in the last four innings. Bob Feller, who allowed 12 hits in five innings, was the loser.

Allie Reynolds recorded his 12th victory in winning the nightcap. He gave up eight blows and was relieved by Tom Morgan in the eighth when Cleveland loaded the bases. Morgan halted the rally without allowing a single run to score.

## Dodgers Nip Reds, 7-6, in 10 Innings

**BROOKLYN (AP)** — The Brooklyn Dodgers roared back with five runs in the last of the 10th inning, after Cincinnati had tallied four in the top of the inning, to eke out a 7-6 victory Tuesday night. Ken Raffensberger, third Redleg pitcher of the inning, hit Rube Walker with a pitched ball to force in the winning run.

Preacher Roe, gunning for his eighth triumph without a defeat, had a 2-0 lead going into the ninth but Ted Kluszewski tied the score for the Reds with a two-run triple.

Kluszewski batted in two more in the top of the 10th with a single, his fourth hit of the game, to put the Reds in front 4-2. A double by Andy Seminick and a single by Roy McMillan made it 6-2 as the Dodgers came to bat.

**TO TEACH FOOTBALL**  
**AMES, IA. (AP)** — Chuck Mather, coach at Massillon, Ohio, high school, will teach football at the annual Iowa High School Athletic Association Coaching School Aug. 18-21 at Iowa State college.

In his four years at Massillon, Mather-coached teams have won 37 games and lost 3.

## Originated Idea of 'Herky'—

# Havlicek Resigns SUI Athletic Post

Frank J. Havlicek, business manager of athletics at SUI for five years, has resigned to enter the motion picture film industry. It was announced Tuesday morning by Director Paul Brechler that Havlicek would leave the university about mid-August. He has accepted a position as assistant to the president of the Reid H. Ray Film Industries of St. Paul, Hollywood and Chicago.

In his letter of resignation, Havlicek said, "I cannot pass up the opportunity offered in this new position by the expansion of television and increasing use of motion picture films by industry."

**Came in 1946**  
 Havlicek came to the university in 1946 as instructor in physical education and assistant swimming coach. He was appointed business manager of athletics July 1, 1947, succeeding Paul Brechler who moved to the athletic directorship.

"For five years, Frank has been one of the most important members of our staff, often doing the work of two men and doing it well."

"It is with greatest regret that I see him leave and yet I am happy for his opportunity in a field where there is so much potential advancement. We wish him the very best of luck and success in his new position," Director Brechler said.

**Originated Sports Symbol**  
 At Iowa, Havlicek originated the idea of a sports symbol and held a contest in which "Herky" was named. He also started an annual sports film, released in

Frank Havlicek Turns in Resignation

August, to promote football and he installed a complete new and faster system of handling football and basketball ticket applications. "I regret leaving the department of athletics at the time when it will reach new heights in intercollegiate sports. My relations with the entire staff always have been enjoyable," Havlicek said.

Havlicek has worked with Reid Ray, an Iowa graduate, in producing the sports films for the Hawkeye athletic department during the last four years. The 1952 film will be shown in August and September in some 500 Iowa theaters.

Now 34 years old, Havlicek has

a degree from Iowa. He became widely known in the midwest as a speaker at luncheons and dinners and his humorous stories have brought him a reputation as an entertaining talker.

### Havlicek's Letter

Text of Havlicek's letter of resignation, addressed to Director Brechler, follows:

"After careful consideration I have decided to leave Iowa and accept a position as assistant to the president of the Reid H. Ray Film Industries of St. Paul, Hollywood and Chicago. I do not feel I can pass up the opportunities offered in this new position by the expansion of television and the increasing use of motion picture films by industry."

"Please accept my sincere thanks for the fine consideration both you and the Board in Control of Athletics have given me. I fully realize that without the experience I have gained through my position at Iowa this opportunity would not have been offered me."

### Regrets Leaving

"I regret leaving the athletic department at a time when it will reach new heights in intercollegiate sports. My relations with the staff have been very enjoyable and I had nothing but the utmost cooperation from everyone in the department. I know the enthusiasm and ability of the coaches will make Iowa athletics continue to rise in national prominence."

"I can never thank you enough personally for your help and guidance. I don't know what I would have done without your understanding and sense of humor when things piled up. I know it is the opinion of most of the Big Ten administrators that I worked for one of the best and finest athletic directors in the conference — and believe me — I knew it. "Please accept this letter as my resignation."

## Shantz Wins No. 17 As A's Beat Browns With Run in 9th, 3-2

**ST. LOUIS (AP)**—Bobby Shantz, the little man with a big chance of winning 30 games this season, added his 17th victory Tuesday night as the Philadelphia Athletics scored a tie-breaking run in the ninth inning to defeat the St. Louis Browns, 3-2.

It was Shantz' eighth consecutive victory over the Browns and brought him within three triumphs of the magic "20" circle with only three defeats on his 1952 record.

The run that carried the A's and Shantz over the hump was put together in the top half of the ninth when Keith Thomas opened with a walk and Billy Hitchcock, batting against relief pitcher Satchel Paige, drove home the winning tally with a single.

## Phillies Win Twice

**PHILADELPHIA (AP)** — Karl Drews, who became a father early Tuesday for the third time, racked up his seventh win of the season Tuesday night as the Philadelphia Phillies trounced the Pittsburgh Pirates 8-1 to sweep both ends of a two-night twin bill. The Phillies won the opener 14-4 in a wild batting spree, scoring 11 of their tallies in the first three innings off rookie Calvin Hogue.

## Thompson's Homer Gives Giants Win

**NEW YORK (AP)**—Hank Thompson homered with a man on base in the sixth inning to give the New York Giants a 3-2 victory over the St. Louis Cardinals Tuesday night. Rookie Jim Rhodes, making his Polo grounds debut, cracked a home run in his first time at bat to account for the first Giant run. Dave Koslo went the distance for the Giants, winning his seventh game this season. Gerry Staley dropped his ninth game.

## Detroit Clips Nats As Yost Spoils Trucks' No-Hitter

**DETROIT (AP)** — Virgil (No-Hit) Trucks gave up just one hit, a single by Eddie Yost, in hurling the last-place Detroit Tigers to a 1-0 victory over the Washington Senators Tuesday night.

Yost's hit came on Trucks' first pitch of the game.

After that, the 33-year-old right-hander, who on May 15 defeated the same team on his no-hitter by an identical 1-0 score, cut the Washington batsmen down in methodical fashion.

## Lower Clubs Help — Bums Set Fast Pace

**NEW YORK (AP)**—Natives of the wild of Brooklyn refer to their ball players as bums, but there is a caress in the voices, even when, on rare occasions, they perform like bums.

But they reserve this familiarity for themselves, much as a proud parent reserves the right to cuff around his beloved offspring. And they resent any intrusion by outsiders. An alien had better not poke his nose in the borough and start calling the ball players bums. Or even start calling the bums ball players.

If he should, the loyal Dodger fans would start hitting him over the head with statistics and percentages until he was dizzy, and leave him babbling about the "best National league club since 1946."

**Had .763 Average**  
 That was the year Chicago finished the season with a .763 average, tops in either major league since the turn of the century.

The current Dodgers, exclusive of Tuesday's game, were clipping along at a .728 pace, and to get an idea of that performance you have only to consider the 1927 Yankees, rated by many the best team ever put together. They finished with .714.

There is no money-back guar-

## Lower Clubs Help — Bums Set Fast Pace

antee that the Dodgers will finish the campaign with a .728 average, but they have a reasonable chance in that the season is more than half over, and their three whipping boys still are in the league.

**Only 1 of 39 Games**  
 The whipping boys have been the Braves, Reds and Pirates, who among them have won a grand total of one game out of 39 with the league leading Brooklyn.

In case anyone brings up the argument that the er, bums, are showing up so well in the percentage table because they are bullies slapping down the weaklings, it might be pointed out that the three clubs that have ganged up on them to win just one have taken nine from the second-place Giants and 14 from the third-place Cards.

So maybe the Dodgers deserve a little credit. If the league is a little unbalanced, they themselves aren't unbalanced enough to ease up when they meet the clubs which are giving them practically a free ticket to the World Series.
