Iowa City, Iowa, Saturday, Sept. 13, 1952 — Vol. 86, No. 242

## The Weather

Partly cloudy and continued warm today. Little cooler Sunday. High today, 88; low, 60. High Friday, 93; low, 54.

## Pennsylvania Presses Hunt For 3 Bandits

HAMBURG, Pa. (AP) — Police mobilized Pennsylvania's biggest manhunt in many years Friday against three shotgun-toting jailbreakers who held a family captive in its home for 19 hours, then sped 65 miles to rob a roadside diner and a little later raced past a police roadblock on a main highway to New York city.

Hundreds of state and local officers, and a swarm of FBI agents, joined in the search. They were cautioned by FBI circulars that the convicted bank robbers are "desperate and vicious."

### Carry Stolen Shotguns

The hunted men were carrying six shotguns and seven boxes of ammunition stolen from a West Reading, Pa., sporting goods store 24 hours after they fled the federal penitentiary at Lewisburg in the foggy pre-dawn hours of Wednesday.

In 48 hours of freedom they had ranged 120 miles east almost to Philadelphia, had stolen at least three cars and stabbed a private-duty policeman they feared had become suspicious.

And police working on the case said it was not unlikely the trio had decided to hole up again, possibly by capturing another family and taking refuge in its home.

### 2 Are Brothers

The fugitives are two brothers from Harlan county, Ky., Joseph Wayne Nolen, 26, and Ballard French Nolen, 22, along with slender, tattooed Elmer Schuer, 21, of Chicago.

The Nolen brothers were serving 25-year terms for a Cincinnati, O. bank robbery in 1950. Schuer, who has the word "Lucky" tattooed over a horseshoe on his right arm and the motto "Death or Glory" over a dagger on his left arm, was serving 13 years for the 1950 robbery of a Chicago bank.

### Robbed Diner

Their most sensational escapade came Friday. About 5 a.m., two men with shotguns walked into the Donald Heckman diner on Route 22 in this quiet border town 35 miles north of Harrisburg. They lined up two employees and 4 patrons, scooped \$135 from the cash drawer and about \$105 more from the customers' wallets and quietly walked away, warning the six to lie on the floor.

A third man was waiting in the getaway car, which raced north-east toward Allentown on the main Harrisburg-New York route. Forty-five minutes later police manning a roadblock near Allentown saw a two-tone Pontiac sedan speed by, and the search swung north to that area.

### Telephones Police

Hours later, James Hill, sales manager of a hosiery plant at Lansdale, near Philadelphia, walked to a neighbor's home and telephoned police that he, his wife and five children had been held captive by the fugitives at gunpoint for 19 hours in their home. Hill, who lives in the well-to-do Whitmarsh Valley suburban area just north of Philadelphia, said the men appeared at his house early Thursday, strode in and told Mrs. Hill, alone at the time with three young sons, that they would not be hurt if no effort was made to inform police.

## Stevenson Gets Gold—Ike Gets Assistant

BEWHISKERED BILL COLLINS, 77-year-old prospector, presents Adlai Stevenson, Democratic presidential nominee, with a small vial of gold worth \$8 which he has just panned. The presentation was made Thursday aboard the Stevenson whistle stop train in Merced, Calif. Collins had previously given Stevenson a vial of gold at the Chicago Railroad fair in 1949 and promised him another if he ever came to California.

TAKING A JOB with the Eisenhower-Nixon team as special assistant to the Republican national committee's director of organization is Bernard Katzen (right), prominent New York Jewish leader. Katzen, who was assistant to national committeeman Herbert Brownell during the '48 campaign, is welcomed to GOP headquarters in Washington by vice-presidential nominee Sen. Richard Nixon of California.

## Political Maneuvering Continues as Taft Pledges to Back Ike, Truman Sets Tour

By The Associated Press

Sen. Robert A. Taft of Ohio pledged full support to Gen. Dwight D. Eisenhower Friday, urging all Americans "who have confidence in my judgment" to vote the Republican ticket.

And President Truman said he will lend the Democrats a hand with a whistle stop trip across the nation and back, traveling 8,500 miles and delivering at least six major addresses.

Eisenhower and Taft, the man he defeated for the GOP presidential nomination, came to terms over the breakfast table in New York. Afterward Taft told a news conference his endorsement held "no qualifications at all."

"No Differences" — "There are no differences between us that will make any great argument against Republican unity," the Ohio leader reported.

Gov. Adlai E. Stevenson, the Democratic presidential nominee, had this comment on the Taft-Eisenhower accord.

"And now we have the spectacle of the candidate who won the nomination seeking out his defeated rival and begging for a kind word," Stevenson told an audience in Phoenix, Ariz., where he was campaigning.

"I am beginning to wonder who won at Chicago, anyway, and who my opponent really is."

The White House announced that Truman will start his big swing across the country Sept. 27 and campaign vigorously until Oct. 12. The President will travel through 24 states.

He will dedicate Hungry Horse Dam near Kalispell, Mont., Oct. 1, and make other important speeches at Seattle Oct. 2, San Francisco Oct. 4, Buffalo, N.Y., Oct. 9 and New York, Oct. 11.

Since the President's trip will be purely political, the Democratic national committee will foot the bill.

Taft Does Talking — Eisenhower stayed in the back-

ground and let Taft do all the talking after their New York meeting. And Taft spoke at length on the statement of principles which was, in effect, Taft's asking price for his support in the campaign.

Taft said he did not agree in every respect with Eisenhower's views, particularly on foreign policy, but the differences were largely a matter of degree.

Taft called Stevenson "a representative of the left-wingers, if not a left-winger himself."

McCarthy Not Discussed — He said he did not discuss with the Republican nominee the question of supporting Sen. Joseph R. McCarthy of Wisconsin for reelection.

Commenting on the Eisenhower-Taft conference, Stephen A. Mitchell, Democratic national chairman, said "General Eisenhower was able to win on the battlefield, but he has completely surrendered in the political arena."

Stevenson was scheduled to speak in Tucson, Ariz., and Albuquerque, N.M., before winding up his eight-day western swing and

## Dulles Accuses Demos Of Being Defeatists In Dealing with Reds

WASHINGTON (AP)—John Foster Dulles, Republican foreign policy strategist, Friday accused the Democrats of evading fear and of following a course of defeatism in the policies they have adopted against communism.

He said they were unwilling to use even peaceful methods to check the Communist threat.

At the same time Dulles declared the Republicans never have advocated liberating the Communist satellite nations by force — Gov. Adlai E. Stevenson and President Truman to the contrary.

Dulles issued a statement through the GOP national campaign headquarters here which he said was an answer to recent declarations of Stevenson and Secretary of State Dean Acheson. He formerly served as an adviser to Acheson.

The statement said that "to renounce violence as a method of aiding captive nations does not, however, mean inaction, as Secretary Acheson assumes."

"Realistic terrorists," Dulles said, "are ruthlessly stamping out love of God, love of country and the sense of personal dignity among 800 million people and fashioning them into an unthinking, unbelieving obedient mass animated only by fanatic hatred of the United States."

"It is the course of defeatism to sit idly by while this goes on and to renounce even peaceful methods to check it."

### HANCHER TO SPEAK

President Virgil M. Hancher of SUI will speak at a meeting of the Iowa Federation of Women's clubs' fourth district in Newton Oct. 2. Approximately 300 women from the 14 counties comprising the district are expected to attend the meeting.

heading home to Springfield, Ill., Saturday.

Cites 'Hopeless Disunity' — In his Phoenix speech he glibly at what he called hopeless disunity within the Republican party.

"What it all gets back to, of course, is the simple and indisputable fact that there is no longer one Republican party," he said. "There are two Republican parties. "It is an ancient political vehi-

cle, held together by soft soap and hunger for government jobs, with front seat drivers and back seat drivers contradicting each other in a bedlam of voices shouting . . . at the same time."

Stevenson was endorsed yesterday by the AFL International Association of Machinists, which invited him to address its Kansas City convention before it closes next Friday.

## Iowa Polio Death Toll Climbs As State Marks 101st Fatality

By The Associated Press

Polio continued to write its tragic record in Iowa Friday with the listing of three more deaths which brought the state's 1952 fatality toll up to 101.

Iowa has been rated by the National Foundation for Infantile Paralysis as second only to Nebraska among the hardest hit states. And at Mapleton, a family may have established a record for the number of polio cases in one family group. Eleven of the 14 children of Mr. and Mrs. Joe Thiel of Mapleton have had polio since July.

At Sioux City, officers of the National Foundation are awaiting results of the polio field test made among 16,000 children in the Sioux City area this summer. Records of youngsters inoculated with a new blood fraction — gamma globulin — will be opened Oct. 1 at the University of Pittsburgh where they are being kept.

Records Hold Answer — Dr. J. H. Humphrey, chairman of the Sioux City chapter of the foundation, said it will not be known until the records are checked whether the serum is of any benefit in fighting the disease.

Jim Freeman, former Iowa City high school athlete, was admitted to an Iowa City hospital Friday with a mild case of polio. Freeman was an all-state football end and an outstanding track star.

Iowa's death toll from polio is now well past the record of 90 set in 1949. According to the national foundation the state this year has had 76 polio cases for each 100,000 of population, second only to Nebraska, which had 82.2.

Mapleton Family Scared — At Mapleton, Mrs. Joe Thiel spoke Friday of the fear which has struck her family.

"If the kids even say they have a headache, we get scared," she explained. But she added she

## Ex-Brewer Indicted For Evading Taxes

INDIANAPOLIS (AP)—Lawrence P. Bardin, former Indianapolis brewer, was indicted Friday on a charge of trying to evade income taxes which were the subject of a recent discussion in congress.

The 51-year-old Bardin, who lives in Houston, Tex., was accused of concealing \$231,000 of 1946 income on his income tax return. He was charged with paying only \$246,382 of the \$639,841 which the revenue bureau claims he owed.

In his letter to O'Conner, Lincoln politely declined an invitation to speak in Muscatine in behalf of John C. Fremont, the first Republican candidate for the presidency.

Lincoln wrote: "Yours, inviting me to attend a

mass meeting on the 23rd inst. is received — It would be very pleasant to strike hands with the Fremonters of Iowa, who have led the van so splendidly, in this grand charge which we hope and believe will end in a most glorious victory — All thanks, all honor to Iowa!"

"But Iowa is out of all danger, and it is not time for us, when the battle still rages, to pay holiday visits to Iowa — I am sure you will excuse me for remaining in Illinois, where much hard work is still to be done."

Walton pointed out that the letter is one of less than a dozen written by Lincoln which mention Iowa. The remainder are in the possession of institutions and out of circulation.

He pointed out also that the

## Chemists to Study Papers Written By SUI Professor

Prof. Karl Kammermeyer, head of the SUI chemical engineering department, is the co-author of two papers that will be presented at the American Institute of Chemical Engineers' national meeting this week in Chicago.

The papers entitled "Plate Effluent Column," and "Graphical Interpretation in Ternary Distillation" were done in collaboration with Dr. K. T. Lee, now with the Chemical Construction Corp. of New York. The papers deal with technical discoveries in the field of distillation of chemicals.

Kammermeyer has been at SUI since 1949.

## Ladd Sends Invitations

Dean Mason Ladd of the law college has been sending letters to those attorneys who graduated at the time Judge Goodrich was on the faculty inviting them to make the institute a reunion.

Judge Goodrich's talk is the second of a series of lectures provided for by the John F. Murray fund. The fund provides that the colleges of law, commerce and the school of journalism alternate in bringing lecturers to the campus.

Journalism Sponsored Canham — Last year the school of journalism sponsored a talk by Edwin

Fraternities, Sororities To Begin Rush Week — Fraternity and sorority rushing at SUI will begin Sunday with tours of the 19 fraternity chapter houses and open houses in the 13 sororities.

Registration for fraternity rushing is taking place today. Visits to fraternity and sorority houses by rushees will continue through Wednesday, with pledging ceremonies next Thursday evening climaxing the activities.

Orientation for all new students in the colleges of liberal arts and nursing begins Thursday, and for all other students Sept. 22. Registration also begins Sept. 22, with classes for the new school year opening Sept. 25.

## Rare Document Exhibit to Open October 3

A copy of a letter written by Abraham Lincoln to Muscatine Atty. Henry O'Conner, dated Sept. 14, 1856, will be given to each visitor attending the "Great Americans" document exhibit at the SUI library, Oct. 3-13.

The announcement was made Friday by Clyde Walton, SUI rare books curator, who will be in charge of the \$100,000 exhibit.

The exhibit, part of the Foreman Lebold collection, will contain 125 historical documents written by great Americans during periods of great stress in American history.

In his letter to O'Conner, Lincoln politely declined an invitation to speak in Muscatine in behalf of John C. Fremont, the first Republican candidate for the presidency.

Lincoln wrote: "Yours, inviting me to attend a

mass meeting on the 23rd inst. is received — It would be very pleasant to strike hands with the Fremonters of Iowa, who have led the van so splendidly, in this grand charge which we hope and believe will end in a most glorious victory — All thanks, all honor to Iowa!"

"But Iowa is out of all danger, and it is not time for us, when the battle still rages, to pay holiday visits to Iowa — I am sure you will excuse me for remaining in Illinois, where much hard work is still to be done."

Walton pointed out that the letter is one of less than a dozen written by Lincoln which mention Iowa. The remainder are in the possession of institutions and out of circulation.

He pointed out also that the

phrase "strike hands with" is a characteristic Lincolnian expression adding to the value of the document.

The letter was obtained at auction from Lincoln collector Henry M. Leland of Detroit, Mich., in May of this year, and has been added to the university's Bollinger-Lincoln collection.

Because of the educational value of the Lebold collection, which covers a span of almost 400 years in American history, SUI is sending special invitations to the school children of the state through their principals and superintendents, Walton said. Units of the American Legion, and Daughters of the American Revolution throughout Iowa are being asked to provide transportation for those youngsters desiring to see the exhibit.

## Red Power Plant Hit By Superforts

## Law College Schedules Regional Legal Institute

A one-day regional legal institute will be held here Oct. 9 by the SUI college of law.

The main speaker of the conference will be U.S. Judge Herber F. Goodrich, of the court of appeals from Philadelphia, Pa.

Judge Goodrich was a member of the SUI college of law faculty from 1914 to 1922 and was acting dean in 1922.

Attorneys from all over Iowa, mainly the eastern part of the state, are expected to attend the institute.

### Program Includes Panel

The conference is scheduled to begin at 1:30 p.m. with an estate planning roundtable.

An attorney, a trust officer, and an insurance man will participate in the panel. The attorney will be David Bleakly of Cedar Rapids, the insurance man, W. B. Strife of Des Moines and the trust officer, Clyde Doolittle also of Des Moines.

At 3:30 a pre-trial conference will be held. District Judge G. B. Richter of Waukon, Atty. Robert Buckmaster of Waterloo and E. Marshall Thomas of Dubuque will participate in the conference.

Afternoon Sessions in Library — Both of the afternoon programs will be held in the Shambaugh memorial auditorium in the SUI library.

A social hour is scheduled for 5 p.m. in the Jefferson hotel. It is to be sponsored by the Johnson County Bar association.

A dinner will be held at 6:30 p.m. in the River room of the Iowa Memorial Union. After the dinner Judge Goodrich will speak on the subject "Apologia Legis Viae" (Apologies for the Ways of the Law).

Ladd Sends Invitations — Dean Mason Ladd of the law college has been sending letters to those attorneys who graduated at the time Judge Goodrich was on the faculty inviting them to make the institute a reunion.

Judge Goodrich's talk is the second of a series of lectures provided for by the John F. Murray fund. The fund provides that the colleges of law, commerce and the school of journalism alternate in bringing lecturers to the campus.

Journalism Sponsored Canham — Last year the school of journalism sponsored a talk by Edwin

Fraternities, Sororities To Begin Rush Week — Fraternity and sorority rushing at SUI will begin Sunday with tours of the 19 fraternity chapter houses and open houses in the 13 sororities.

Registration for fraternity rushing is taking place today. Visits to fraternity and sorority houses by rushees will continue through Wednesday, with pledging ceremonies next Thursday evening climaxing the activities.

Orientation for all new students in the colleges of liberal arts and nursing begins Thursday, and for all other students Sept. 22. Registration also begins Sept. 22, with classes for the new school year opening Sept. 25.

## November Draft To Call 47,000 For Army Service

WASHINGTON (AP) — A November draft call for 47,000 young men, all of them for the army, was announced Friday by the defense department.

The quota, the same as that for October, compares with 80,000 being drafted for the army this month.

Since the draft was reactivated in September, 1950, several months after the start of war in Korea, draft calls have totalled 1,107,430, all but about 80,000 of them for the army.

The marines employed the draft for some months, but dropped it in May. The air force and navy have relied wholly upon volunteers and re-enlistments.

## Bombs Explode Near Border Of Manchuria

SEOUL (SATURDAY) (AP) — Giant B-29 Superforts blasted the vital Red power plant at Suihuo, the largest in Asia and only a few hundred feet from Manchuria—with more than 300 tons of high explosives Friday night and early Saturday.

More than 35 Superforts, making their deepest penetration yet of North Korea, roared over the target for two hours and 40 minutes.

Crewmen reported "good results." Suihuo supplies power to all of North Korea and parts of Manchuria, the industrial heart of China. It is the fourth largest power plant in the world and includes a 1,400 foot long row of transformers and other equipment.

Plant Hit in June — The plant was first attacked by more than 500 air force, marine and navy fighter-bombers last June 23. That raid turned the installation into "a pile of junk," the fifth air force said.

The B-29 raid was scheduled after observation planes reported the Reds were trying desperately to get at least one shattered transformer back into operation.

The air force said the Superforts bombed with "improved electronic aiming techniques which permit precision bombing in darkness."

Reds Drop Flares — Unidentified Communist planes dropped bright orange-white parachute flares ahead of the bombers to light them up for Red anti-aircraft guns on the ground. The ground fire ranged from "moderate to intense," the air force said.

Some MIG-15 jets were also spotted in the area, but they made no firing passes at the big bombers.

The massive dam across the Yalu river, which backs up the water supply for the Suihuo turbines, was not attacked. It was also left untouched in the massive June raid.

Ground Action Steps Up — On the ground front, there was a new flurry of action on the flaming central front. North Korean troops hurled back a Communist battalion attack on Captol Hill and bitter fighting raged for nearby Finger Ridge.

Early reports said Allied troops recaptured Finger Ridge, but these appeared premature. An Allied officer said the issue was still in doubt.

Allied Tanks Pull Raid — In a pre-dawn raid Friday morning South Korean tank-infantry teams rammed into Red positions on the central front and pulled back after a stiff four-hour battle against two Red companies.

The raiding force was made up of elements from the ROK 9th division, newly identified by the U.S. eighth army as on the central front above Chorwon.

## SUI to Play Host To Iowa High School Journalism Students

Iowa high school journalism students will meet on the SUI campus Oct. 31 and Nov. 1 for the annual convention of the Iowa State High School Press association, Leslie G. Moeller, director of the university school of journalism, announced Friday.

The program will stress discussion of problems encountered in the publication of high school newspapers and yearbooks. Discussion leaders will be advisers on outstanding high school publications. Topics will include mimeograph methods, offset production, use of pictures, sports coverage, editorial pages, devices for economy in yearbook production, copy editing and newspaper makeup.

Among discussion leaders will be Mrs. Mary Wessels, Iowa City; H. Arthur Lee, Council Bluffs; Clair Culver, Fort Dodge; Mrs. Mogene Chechak, Cedar Rapids; Miss Hildegarde Stolteben, Dubuque; Donald F. Haley, Des Moines; Sister Ann Maria, Marshalltown; Miss Mabel McCallin, Ft. Madison; Richard Carey, West Waterloo; Walter Barnett, Des Moines; Vernon Schlattman, Newton; and Harry Heath, Ames.

Also on the program will be Dr. Walter A. Steigleman and Charles E. Barnum, both of the Iowa school of journalism faculty; Robert Bliss, professor of journalism at Drake university; Rodney Fox of Iowa State college, and E. I. Widseth, Kayenay Engraving company.

## Lewis Calls Meeting On Possible Strike

WASHINGTON (AP) — John L. Lewis Friday called his 200-man miners union policy committee to Washington for a meeting Monday to plan for a possible coal strike Sept. 22.

Lewis is in the midst of bargaining on new contracts with both the soft coal and the hard coal industry.

But it is touch and go whether Lewis and the mine owners can get together in time to avoid a strike.

Under expiring agreements Lewis can pull out his soft coal miners in northern mines beginning Sept. 22 and in southern soft coal mines and Pennsylvania anthracite pits on Oct. 1.

The United Mineworkers policy committee usually is called in session to review the status of negotiations and prepare for the strike threat which the union often exerts to wring contract concessions from the industry.

## World News Briefs

A Condensation of Late Developments

MUNSAN (SATURDAY) (AP)—Korean armistice negotiations entered another week-long recess Friday after a bitter session at Panmunjom which failed to break the prolonged deadlock on prisoner exchange. Lt. Gen. William K. Harrison, senior Allied delegate, demanded the recess during Friday's 32-minute meeting in the newly-erected "permanent" conference building. It is the seventh successive recess.

COPENHAGEN, DENMARK (AP)—The head of the Burmeister and Wain Shipyard said Friday a keel will be laid before the end of this month for a 13,000-ton tanker ordered by the Soviet Union under a 1948 trade pact. The United States protested the delivery of the first tanker, saying it was a violation of the Battle Act which makes ineligible for further U.S. mutual security aid any country which knowingly permits export of strategic materials to Communist bloc nations.

HANOI, INDOCHINA (AP)—French war planes ripped gaps Friday in a highway that feeds supplies from Red China to the Communist-led Vietnam. Fire bombs, high explosives and strafing tactics were used by nine American-built B-26 bombers and 45 fighters in an attack concentrated on Colonial Route No. 1 about 18 miles southwest of Langson, itself 10 miles from the frontier. Among the rebel-held installations destroyed were a bridge and a big transport garage.

LOS ANGELES (AP)—Producer Walter Wanger, who spent the last 102 days at the sheriff's honor farm at nearby Castaic, was returned to county jail Friday preparatory to his release Saturday. The greying moviemaker, convicted of the jealousy shooting of his screen star wife's agent, declined to comment on the possibility of a reconciliation with actress Joan Bennett.

## Meetings Banned in Polio Fight

HARTINGTON, Neb. (AP) — For the next 2½ weeks there'll be no school for the kids in northeast Nebraska's Cedar county.

There'll be no going to church, to the movies, to dance halls, to bowling alleys. Football games are out.

The order shutting down all public gathering and gathering places was issued Tuesday by the county's board of health in an attempt to curb a polio outbreak in the county. Effective at once, the ban is to last until Sept. 29.

There have been no deaths but 39 polio cases have been reported in the county this year, six of them since last Sunday. The county has some 13,000 residents. Its towns include Hartington, Laurel, Beldon, Randolph Magnet, Cole-ridge, Fordyce, Wynot, Obert and St. Helena.

Thursday's order here was the first of its kind in the state. The National Foundation for Infantile Paralysis has reported Nebraska's polio incidence highest in the nation.

Dr. E. A. Rogers, state health director, said in Lincoln the county had authority to issue the order but added: "If they had asked us, we would have told them it is probably unnecessary and probably won't have any detectable effect in preventing spread of the disease."

## Wounded Vet Met by Celebrities

WOUNDED PFC. FRANK R. YOKUM, 29, of Allentown, Pa., receives a royal welcome on his arrival at Travis air force base, Calif., where he became the 50,000th casualty to be flown home from Korea by the Military Air Transport service. He was wounded by shell fragments in the right leg in action at "Tombs Hill." Greeting him are actress Frances Langford and her husband, actor Jon Hall.

## GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

**FULBRIGHT AWARDS FOR** the academic year 1953-54 in Europe, the Near East, Japan, Pakistan, and the Union of South Africa have been announced by the Conference Board of Associated Research Councils, Committee on International Exchange of Persons, 2101 Constitution Ave. N. W., Washington 25, D.C. Applications may be obtained from the above address and must be mailed no later than October 11. A Fulbright Agreement was signed with Germany on July 18, and it is possible that awards will be offered for the coming year.

## Refugees Jam Hong Kong in Flight from Red China

By CENTRAL PRESS

The British Crown colony of Hong Kong is bulging today with more than a million refugees who have fled from the terror and chaos in Red China.

The problem of housing and feeding these destitute becomes increasingly alarming. The authorities, however, cannot bring themselves to deny access to their island haven, regardless of the cost or consequences.

This exodus from Red China has catapulted the sleepy little police station at Lo Wu into a major international border post where thousands daily are screened amidst scenes of general confusion.

### Police Use Hut

The Lo Wu police station normally consists of a single two-room hut with a sentry box at the Shumchun Railway bridge near by. The Shumchun river forms the border between Red China and the British Crown colony of Hong Kong.

The Communists recently threw a barrier across their end of the bridge. Freight-bearing trains still pass through without much difficulty. (Red China badly needs imports from the outside world.) Passengers, however, are herded into barbed wire pens where they must await processing before being permitted to leave Red China.

### No Shelters Provided

No shelter is provided in these pens. The travelers — rich and poor alike — must stand for hours in the broiling sun or pelting rain of the sub-tropics.

Hawkers walk up and down the line doing a roaring business selling hot tea, cold drinks, peanuts, rice-cakes and cigarettes.

After close scrutiny by Red commissars, the passengers are passed along to a customs shed where their persons and baggage are thoroughly searched.

Half a day or more may be spent in this processing before the refugee is finally permitted to pass through the barbed wire barrier to cross the Shumchun bridge into British-controlled territory on the mainland adjacent to Hong Kong island.

### Refugees Processed

Here the refugee is again processed by British customs and funnelled to a medical tent where he is vaccinated for small pox and inoculated for cholera.

Finally, he is permitted to move on to a tiny station window where he may buy a ticket for the waiting train to take him the remaining 20-odd miles to Hong Kong.

The Communists have set up a loudspeaker on their side of the bridge-border over which all refugees are sternly warned not to smuggle hoarded monies or treasures out of Red China. The man on the microphone frequently pads these warnings with diatribes against "foreign imperialists" — particularly Americans.

### Some Refused

In the very center of the bridge is a special barbed wire enclosure which might be described as something of a limbo. In here are placed those luckless ones who have been passed by the Reds but refused entry by the British.

They can go neither forward nor backward. Usually, they stay there until the seven o'clock curfew, when a compromise is worked out

## Problem in Addition

## Refugees Jam Hong Kong in Flight from Red China

By CENTRAL PRESS

The British Crown colony of Hong Kong is bulging today with more than a million refugees who have fled from the terror and chaos in Red China.

The problem of housing and feeding these destitute becomes increasingly alarming. The authorities, however, cannot bring themselves to deny access to their island haven, regardless of the cost or consequences.

This exodus from Red China has catapulted the sleepy little police station at Lo Wu into a major international border post where thousands daily are screened amidst scenes of general confusion.

### Police Use Hut

The Lo Wu police station normally consists of a single two-room hut with a sentry box at the Shumchun Railway bridge near by. The Shumchun river forms the border between Red China and the British Crown colony of Hong Kong.

The Communists recently threw a barrier across their end of the bridge. Freight-bearing trains still pass through without much difficulty. (Red China badly needs imports from the outside world.) Passengers, however, are herded into barbed wire pens where they must await processing before being permitted to leave Red China.

### No Shelters Provided

No shelter is provided in these pens. The travelers — rich and poor alike — must stand for hours in the broiling sun or pelting rain of the sub-tropics.

Hawkers walk up and down the line doing a roaring business selling hot tea, cold drinks, peanuts, rice-cakes and cigarettes.

After close scrutiny by Red commissars, the passengers are passed along to a customs shed where their persons and baggage are thoroughly searched.

Half a day or more may be spent in this processing before the refugee is finally permitted to pass through the barbed wire barrier to cross the Shumchun bridge into British-controlled territory on the mainland adjacent to Hong Kong island.

### Refugees Processed

Here the refugee is again processed by British customs and funnelled to a medical tent where he is vaccinated for small pox and inoculated for cholera.

Finally, he is permitted to move on to a tiny station window where he may buy a ticket for the waiting train to take him the remaining 20-odd miles to Hong Kong.

The Communists have set up a loudspeaker on their side of the bridge-border over which all refugees are sternly warned not to smuggle hoarded monies or treasures out of Red China. The man on the microphone frequently pads these warnings with diatribes against "foreign imperialists" — particularly Americans.

### Some Refused

In the very center of the bridge is a special barbed wire enclosure which might be described as something of a limbo. In here are placed those luckless ones who have been passed by the Reds but refused entry by the British.

They can go neither forward nor backward. Usually, they stay there until the seven o'clock curfew, when a compromise is worked out

## Interpreting the News — Election Has Little Effect On U.S. Foreign Policy

By J. M. ROBERTS JR.  
Associated Press News Analyst

Europeans are beginning to say about the United States what Americans say so habitually about Britain, that the result of elections makes little difference in foreign policy.

Amid the distortions and over-emphasis of superficial angles common to political campaigning, there is one thing that still seems to stand out as an historical truth.

A nation's foreign policy is only in small part a product of the men who handle it, but rather is the result of the pressures under which that nation lives.

Ignorance of what these pressures actually are, especially on the part of the general public in a democracy, sometimes produces delayed or temporarily incorrect reactions.

**Totalitarian States Different**  
In totalitarian states the lodgment of power in the hands of a single individual, or a few, sometimes results in subversion of the national interest to the ambitions of the rulers. But in the democracies the public eventually catches up, and if dictators go wrong for long, as Mussolini and Hitler, they are eliminated.

The truth of this premise, that foreign policies are produced by the times, by national positions in the world, is being demonstrated in the U.S. today by the lack of really important differences between politicians on the subject.

Politicians are trained to outbid

one another. When their appeals run, generally, along similar lines, when their programs are not fundamentally different, it is a strong indication that the major matters are hardly debatable, and that they sense a common basis of thinking among the people.

**Invent Appeals**  
That does not, of course, prevent them from inventing certain fringe appeals, in an effort to make it appear their party will do better things, or do things better.

Nor does it prevent them from dreaming out loud about things that everyone knows should be done, but nobody knows how to do.

The main factors about foreign policy are how good is your intelligence service, how well do you evaluate the facts of life here realistic is your weighing of your own powers, your own intentions, against the power and intent of other nations, and how well do you implement the program thus produced.

Whether you call it containment, establishment of a balance of power or what not, America's national interest demands a facing up to Communist aggressiveness with whatever means can be grasped on any sector of the front, and that's the way it's going to be.

## Minister Convicted On Contempt Charge For Critical Sermon

ARLINGTON, Va. (AP) — A minister was convicted Friday of contempt of court for a sermon in which he criticized a circuit court judge.

The Rev. Ross Allen Weston, pastor of the Arlington Unitarian church, was given a suspended fine of \$100 by Judge J. Hume Taylor of Norfolk.

Taylor heard the case after the criticized judge, Walter T. McCarthy of Arlington, disqualified himself.

The charge was based on a sermon in which the minister criticized McCarthy's ruling that under Virginia law, federal employees could not hold state or local offices. The judge's decision was upheld by the Virginia Supreme Court of Appeals Wednesday.

The sermon said McCarthy's ruling coincided with the interests of the state Democratic organization, and that the organization controlled the legislature which appointed McCarthy to the bench.

Judge Taylor had said when arguments were completed in June that Weston had a right to disagree with the court's decision and to criticize the judge who made it. He added, however, the question was "whether you have a right to say that a judge is motivated by anything other than a desire to carry out justice."

It said the states hit hardest, and their number of cases per 100,000 population, include: Nebraska, 82.8; Iowa, 76.0; Minnesota, 47.1; South Dakota, 42.9; Wisconsin, 27.4.

## Jail Inmates Freed For Lack of Food

HUNTINGTON, W. Va. (AP) — All but one of the 38 short-term prisoners in the city jail got out Thursday because a gas main broke.

There wasn't any way to cook their meals. The jailers didn't want to give them cold food. Neither did they want to stand the expense of sending out to a restaurant for meals.

So they just turned the 37 loose. The 38th? She was being held for climbing on the roof of a building and kicking out the skylights. The jailers decided they would have to keep her until she sobered up.

## '52 Fast Becoming Worst Polio Year

NEW YORK (AP) — The National Foundation for Infantile Paralysis said Thursday that 1952 is building up toward the worst polio year in United States history.

By the end of last week, the number of cases this year had climbed to 27,359, the highest ever reached by this time.

The foundation said the incidence rate so far was 76 per cent above last year, and 4 per cent above that for the same period in 1949, when this country had its worst polio epidemic on record.

During last week, the foundation said it sent out 186 iron lungs, bringing the total for the year to 1,077 — more than in any previous full year. Ninety-eight nurses, recruited by the Red Cross, also were assigned to polio duty in various areas during the week, the foundation said.

It said the states hit hardest, and their number of cases per 100,000 population, include: Nebraska, 82.8; Iowa, 76.0; Minnesota, 47.1; South Dakota, 42.9; Wisconsin, 27.4.

## Stevenson Comment Helps Ease Situation

LOS ANGELES (AP) — Gov. Adlai Stevenson was in the midst of his luncheon speech here Thursday when a photographer, maneuvering for a better position, tripped over a cord on the floor and stumbled against the piano. It gave out with a deep bass discord.

In the silence, Stevenson paused. "Thank you," he said with a smile. "It was beginning to get a bit bored with this myself."

The remark set off a roar of laughter and applause.

## GOP Ticket Placed On Texas Ballot Under New Name

AUSTON, Tex. (AP) — Gen. Dwight Eisenhower and Sen. Richard Nixon Thursday were placed on the Texas ballot under a Democratic party label.

Secretary of State Jack Ross said he had accepted the filing of a new party, the "Texas Democratic party," with presidential electors identical with those named by the Republican state convention.

This means there will be two columns on the ballot labeled "Democratic party" and one labeled "Republican party."

One Democratic column will carry the names of Gov. Adlai Stevenson and Sen. John Sparkman.

The state Democratic convention earlier this week refused to sanction two Democratic columns — one bearing names of the Republican nominees and the other names of the Democratic nominees.

Ross said Thursday's filing was done by four men who said a convention of the Texas Democratic party was held in Dallas Wednesday.

Texas voters will have three choices. One is to vote for Eisenhower and Nixon under the Republican party column. Another is to vote for them under a "Texas Democratic party" column. The third choice is to vote for Stevenson and Sparkman under the regular Democratic party label.

## TRAIN DERAILED

McCLELLAND, Ia. (AP) — Five cars out of the center of a 100-car east-bound Chicago Great Western freight train were derailed Thursday about three miles west of McClelland. The conductor, J. L. Henley, Clarion, Ia., was treated for a shoulder injury. Cause of the derailment was not determined.

## Lighthouse Hit by Ship

THE LIVINGSTON CHANNEL lighthouse, long a navigational marker for lake shipping, rests at an angle in the water near Amherstburg, Ont., Thursday, after the structure was hit by a freighter. The keeper, Everett McGuire, of Windsor, was knocked into the water and had to swim for his life. He was picked up by a small boat. Vessel in the background is a tender. Ontario police said the ship that hit the marker was the E. J. Koolis of the Wilson line.

# Threat of Nazi Comeback Explodes As German Reich Party Disbands

HANNOVER, Germany (AP) — The biggest threat of a Nazi political comeback in West Germany exploded Friday with the breakup of the Socialist Reich party (SRP).

This ultra-nationalistic group, whose ex-Nazi leaders preached many of Hitler's doctrines, dissolved itself voluntarily without waiting for the outcome of a government suit to outlaw it.

The SRP secretary general, Fritz Heller, announced the dissolution was ordered to protect "the lives and limbs of party members from Communist secret police" of East Germany.

But many West German and Allied authorities suspected there might be something more behind the party's strange suicide. They suggested that the party might "go underground" to escape the threat of being outlawed by the West German supreme court, or that some of its leaders might try to sidestep the feared court ruling by forming a new party.

The Socialist Reich party burst on the West German political scene in 1950 with a Nazi-like platform, storm trooper trappings and successes in state elections that alarmed both Allied authorities and Chancellor Konrad Adenauer's conservative government.

No Election Since Then There has been no national election since then, however, and the party has been confined to secondary roles in state parliaments.

It was not immediately clear what will happen to the suit pending against the SRP. Arguments have been completed and it only remains for the court to hand down its verdict on the government charge that the SRP is a threat to constitutional government.

It was never made clear in the SRP announcement how party leaders expected East German secret police to reach party members to harm them in West Germany.

McCarthy's interest in the organization which the bench ruled in June that he was not to be involved in the case, the question of whether than a justice."

## Stork Halts Divorce

SANTA MONICA, Calif. (AP)—Mrs. Bruce Cabot hastily halted her divorce from the actor Friday because she's about to have a baby.

Her attorney, Jerry Giesler, explained that since she obtained an interlocutory decree last Nov. 27 she and Cabot had attempted a reconciliation and that, as a result, a child will be born to her "even perhaps today."

Giesler won his motion which will permit him to file an amended complaint. The proceedings prevent the decree from becoming final as it could have next Dec. 1. Giesler said it will be necessary to amend the original pleading so as to obtain a court order requiring Cabot to provide support for the child.

Mrs. Cabot, 21, the former Francesca de Sacaffa, Venezuelan-born beauty, and Cabot, 49, were married in Santa Barbara, Calif., Sept. 17, 1950. They separated seven months later.

## California Minister Held In \$23,000 Swindle

AUBURN, Calif. (AP) — A prominent Presbyterian minister was named by Dist. Atty. A. B. Broyer Friday as the confessed master mind in a fantastic \$23,000 swindle in which, he said, the pastor posed as a woman.

Broyer said that the Rev. William C. McCalmont, minister of the First Presbyterian church of Roseville, and Harry Daniels, Southern Pacific trainmaster at Roseville, had admitted bilking the operators of a fruit stand of their life savings on Aug. 24.

The two men, arrested Thursday, were held in the Placer county jail on formal complaints charging grand theft. The Rev. McCalmont is moderator of the Sacramento Presbytery.

Had Intended Violence Sheriff Charles Ward quoted the minister as saying he had made three trips to the home of the victims, Mr. and Mrs. Joseph Lemos of Loomis, "with the intention of taking the money by violence" but had decided against it.

Broyer related this story: The Rev. McCalmont and Daniels went to the Lemos home on the night of Aug. 24 — after the minister had delivered his Sunday sermon. McCalmont was dressed as a woman, wearing a wig.

The pair represented themselves as federal agents. They told Mrs. Lemos they had learned the couple kept a large sum of money in their house and the treasury department was prepared to investigate.

The visitors advised the woman to get the money out of the house, or else Lemos would get 10 years if it was found. She accepted the offer to take the money on the assurance that it would be returned the following night.

Sheriff Ward said: Belmont, Calif., said he had voted for 10 American presidents but might not be able to vote this year because he lost his citizenship papers when he moved from Sioux City to Belmont a year ago.

Unless he can produce the citizenship papers or a certificate that he was a registered voter in Sioux City, Hall said, he can't vote in November.

District court records here showed that second naturalization papers were issued Oct. 30, 1890, to an Andrew Hall, a carpenter.

Foster Thompson, the clerk, said Hall could obtain a certificate that the naturalization information was on file in the Sioux City court. But he added that a photostatic copy of the papers could be obtained only from United States immigration authorities in Washington. That would take about three months, Thompson said.

Volunteer Group Meetings to Start Meetings of the Iowa City Veteran's hospital voluntary service advisory committee will be resumed Wednesday, L. E. Hunn, chairman of voluntary services, announced Friday.

The first meeting will be held at 7:30 p.m. in room 3S-63 of the hospital. Representatives of service and welfare organizations are expected to attend the meeting.

Other organizations interested in serving the hospital and who are not represented at the present time are invited to send representatives to the meeting. Plans for the coming holiday season will be discussed together with other business.

Law Group to Give Citizenship Awards The Iowa State Bar association and Iowa State Bar foundation will again in 1953 award a scroll and a bronze medal to members of graduating classes of participating Iowa high schools.

This award will be made to the students, who in the opinion of the faculties of their respective high schools, have demonstrated their knowledge of the principles of American citizenship and possess outstanding qualities of citizenship.

The school must file notice of intention to participate in the award program with a member of the American Citizenship committee of the Iowa State Bar association before Feb. 1, 1953.

## Truman Invited to Regatta

PRESIDENT TRUMAN receives an invitation to the President's cup regatta from Regatta Queen Suzanna Johnson in the White House Thursday. The regatta, held annually in Chesapeake bay, is the nation's top sailing event of the year.

## E. E. Beaver Named to Head United Fund Drive in County

E. E. Beaver, 1715 E. St., has been named to head the Johnson county drive for the United Fund of Iowa. The announcement was made by E. W. McNeil of Montezuma, president of the organization.

The Iowa group is the state's authorized collection agency for the national United Defense Fund. The state goal has been set at \$286,312.

Most of the money collected goes directly to the United Service organizations, the main agency of the UDF. It receives nearly 80 per cent, which will be used to expand USO operations in this country and overseas.

Other Agencies Included The other agencies of the fund are the American Social Hygiene association, the National Recreation association, the United Seaman's service, the United Community Defense services and the American Relief for Korea.

The various organizations provide many and varied services for the services and institutions connected with them.

Service men and their families will benefit from the recreation programs set up by the National Recreation association. The American Social Hygiene association carries on an education program designed to protect young servicemen from vice and disease.

Five overseas service centers will be established in ports where heavy defense shipping has caused serious congestion by the United Seaman's service.

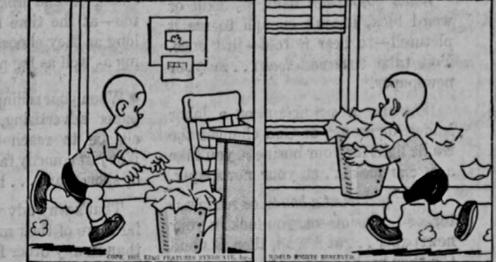

Beaver said that plans and dates for the county drive will be announced later. The UDF is one of the agencies under the Community Chest.

## Ousted Premier Visits Naguib

ALY MAHER (right) seems in good humor as he pays a congratulatory call on Gen. Mohammed Naguib in Cairo. Naguib, Egypt's "strong man," ousted Maher as premier and accused Maher of being slow in ferreting out government corruption, then took the premiership himself. Maher's visit was to congratulate Naguib on the successful formation of a new cabinet.

## Scottish Woman Assured of Title by Legal Change to Male Status

ABERDEEN, Scotland (AP)—The 40-year-old sister of a British baron announced in a newspaper advertisement Friday that she would be known henceforth as a male.

The announced legal change of sex could put the former Dr. Elizabeth Forbes-Sempill in line for 58-year-old Baron Sempill's title.

"Dr. E. Forbes-Sempill wishes to intimate that in future he will be known as Dr. Ewan Forbes-Sempill," said the advertisement in the Aberdeen Press and Journal.

"All legal formalities have been completed." Debrett's Peerage, the Bible of British titles, lists Elizabeth as sister of the present baron. The baron has four daughters and his baronetcy would pass out of the immediate family if unclaimed by a male successor.

Debrett's editor, C. F. J. Han- kinson, said the new situation would make a difference in the line of succession.

"The facts are as stated," Dr. Forbes-Sempill said. "I was known as Elizabeth but am now known as Ewan."

By the will of the 18th baron, father of Dr. Forbes-Sempill, additional prizes that go with the baronetcy are the family castle at Craigievar in Aberdeenshire and its jewels and portraits. The will specified that they go to the nearest direct male relative.

# Bums, Yanks Retain Leads

**BROOKLYN (AP)** — Brooklyn boosted its National League edge over the New York Giants to four games Friday night as handy Andy Pafko drove home five runs on a pair of homers and a single to spark the Dodgers to an 8-5 victory over the St. Louis Cardinals.

Durable Joe Black, making his 50th appearance of the season, gained credit for his 14th victory compared to three defeats. Black had only one bad inning, the eighth, when Stan Musial and Hal Rice homered to put the Cards back in the game.

## Giants, Reds Split

**NEW YORK (AP)** — The lowly Cincinnati Reds impeded New York's National League pennant drive Friday by taking the second game of a doubleheader from the Giants, 8-7, after the New Yorkers had won the opener, 4-2. Bobby Adams doubled home winning pitcher Frank Smith with the payoff run in the ninth.

Al Corwin, Max Lanier and bull pen specialist Hoyt Wilhelm teamed up to pitch the Giants to victory in the first game.

## 2 Dittmer Homers

**BOSTON (AP)** — The Boston Braves overwhelmed the Pittsburgh Pirates, 16-0, Friday night to split a doubleheader with the National League's last-place club. Ralph Kiner clouted his 35th and 36th homers of the season while sparking the Pirates to an 8-1 triumph in the twilight opener.

Jack Dittmer homered in each game for the Braves and Jack Daniels provided a two-run Boston homer in the nightcap.

## Cubs Sweep Phils

**PHILADELPHIA (AP)** — The Chicago Cubs made right hander Bob Miller's return to the big leagues a losing one Friday night as they scored a 7-0 victory over the Philadelphia Phillies in the second game of a two-night doubleheader behind the three hit pitching of Bob Kelly. The Cubs won the twilight game 5-1 with Paul Minner picking up his 13th win and Karl Drews suffering his 14th defeat.

The Cubs trampled four pitch-

ers in the second game, collecting 13 hits including a two-run homer by Frankie Baumholtz in the fifth.

## Yanks 6, ChiSox 4

**CHICAGO (AP)** — Little Billy Martin homered and tripled across three runs as the determined New York Yankees Friday night bested the Chicago White Sox 6-4 to stay a half-game ahead of Cleveland's Indians in their torrid pennant duel.

Martin's third homer of the season, after Gil McDougald's single, broke up a 3-3 tie in the fourth.

## Wynn Blanks BoSox

**CLEVELAND (AP)** — Cleveland's Early Wynn shut out the Boston Red Sox Friday night, 5-0, as the Indians won their ninth straight game in a drive to overtake the front-running New York Yankees.

Wynn gave up only three hits in his 21st pitching victory and was in serious trouble only in the third.

## A's Rally, 7-6

**DETROIT (AP)** — The Philadelphia Athletics rallied for three runs in each of the seventh and eighth innings to whip the Detroit Tigers Friday, 7-6. The A's win snapped the Tigers' winning streak at four straight, their longest this season.

Rookie Marion Fricano's fine relief pitching stopped the Tigers, who held a 5-4 lead when he took over from veteran Carl Scheib in the seventh.

## Browns Win in 10

**ST. LOUIS (AP)** — Freddie Marsh, who had crossed the plate with the tying run in the ninth, singled home Ray Coleman with the winning tally in the 10th to give the St. Louis Browns a 5-4 victory over the Washington Senators Friday night.

## City High Defense Men Close in

(Daily Iowan Photo by Fred Graham)

**EAST MOLINE HALFBACK** Jerry Jamison (44) ducks his head and drives into City high defensive backs Ken Mellicker (48) and Fred Nosek (34), who stopped him after a short gain in the first quarter of Friday night's high school opener at East Moline, Ill. The Little Hawk closing in the background is Grant Grimm (56). Panthers at the left who evidently missed their blocking assignments are Gehrig Dergo (61) and Bud Blair (51). The game ended in a 6-6 deadlock.

# City High Ties East Moline, 6-6

By DICK MAU  
Daily Iowan Sports Writer

**EAST MOLINE, ILL.** — City high pounced on a fumble by East Moline star fullback Tom Williams with only two minutes playing time remaining and turned it into a score to tie the highly-rated Panthers, 6-6, here Friday night.

Williams fumbled on his own 34-yard line and the Little Hawks scored 30 seconds later. City high made five yards on the first play from scrimmage, then a screen pass play from Fred Nosek to Don Hedges covered 25 yards and put the ball on the East Moline four.

Bob Frantz made three yards then Charlie Sample went the remaining distance on an end-around play.

Bob Shain's place kick attempt for the extra point was low. East Moline had the ball for four downs after that, but City high held and took possession of the ball just as the gun sounded.

East Moline controlled the ball about three-fourths of the time, but the sailing punts of Don Hedges sent the home team back into their own territory time after time. Hedges averaged 50 yards, including one of 65 yards in the air and another of 60.

The Panthers scored their touchdown on a sustained drive with four minutes left in the first half. Halfback Jerry Jamison's 25-yard run to the Iowa City 39 set up the touchdown play — a pass from Williams to halfback Ron

Nolan on a fake end around play. John Julius and John Larew blocked the extra-point try.

The Panthers had threatened earlier in the period, driving from their own 19 to the Iowa City 12, but the tough City high line held. The Hawklets were ineffective in three plays but Hedges got off a 60-yard punt to the East Moline 23, from where the home team began its touchdown drive.

The teams fought to a standstill in the first quarter.

City high received the kickoff in the third quarter but were forced to kick. East Moline took the ball from their own 45 to the 19 before losing it on downs.

The Hawklets fumbled on their second play from scrimmage with the Panthers recovering on the 28.

The Illinois power drove to the four but City high held again.

East Moline controlled the ball for most of the fourth quarter but lost it twice on fumbles. The Panthers once drove to the Iowa City nine only to be stopped on downs. Hedges' 65-yard punt put them back on the East Moline 30 yard line and in this series of downs East Moline fumbled to set up the City high score.

Larew, Shain, Nosek and Charlie Warren led the savage Little Hawk defense. Offensively, the team never was able to get going.

East Moline's all-state candidate, Williams, completely lived up to advance notices.

# Stearnes Out to Prove — Small Gridders Can Be Stars

— In 1st Season as Regular

Good football players usually come high, wide and heavy, but every so often one of the guys in the near-midlet class pops out of a backfield with the ball and is gone off tackle or around end before the heavyweights can find him.

Bobby Stearnes, Iowa's abbreviated right halfback, may prove once again that you don't have to be big to be good.

Stearnes, at 5-feet 7-inches, is one of the shortest backs in the Big Ten.

Began as JV Player

As a freshman in 1951, Stearnes began as a junior varsity player. Within a few weeks, he was promoted to the varsity and played as a spot runner in five games.

Then last spring, he made his bid with the new coaches right from the start, working hard, improving fast and topping off spring drills with a fine showing in the intra-squad game.

Bobby is a threat either by land or by air. He can run or throw — or do both at the same time. His specialty is a wide left end sweep with a jumping left-handed pass thrown on the run. His ability to get downfield in a hurry also makes him useful as an occasional pass-receiver.

Indiana All-State Griddler

Stearnes had good schooling for

the run, jump and throw brand of offense. At Roosevelt high of Gary, Ind., he captained the basketball team, starred as a broad jumper and ran on the state champion half mile relay team. He was an all-state football selection.

Bobby likes to recall the game in which he threw the two TD passes which enabled his team to upset South Bend Central. And a peeve is associated with South Bend, too, for the public address announcer mispronounced his name during the Notre Dame game there last fall, calling him "Stearn-ness."

He has two years of football eligibility after 1952. After graduation, he would like to try professional ball but hopes eventually to become a coach.

# Hard Workout For Hawks Despite 93° Temperature

Iowa City's 90-degree temperature made little difference to Hawk Coach Forest Evashevski as he ran his squad through contact work most of the day.

Evy used his first offensive team more Thursday than at any other time during the week, although defense was still the emphasis.

In the afternoon drill, the Iowans first worked on the important punting department. Burt Britzmann did the kicking and generally got off some satisfactory boots. The first team was doing his blocking and turned in some rocking tackles when the second string safety men tried running the kicks back.

Later the squad went through a long scrimmage with the first team starting on offense and working for about 45 minutes. Then the No. 1 team worked on defense against a third-string defensive lineup.

The tentative Hawk lineups for the regular season are beginning to take shape and it's apparent how greatly Evy must depend on players up from the 1951 JV team.

Fourteen of the 33 men on the present three-deep offensive line-

ups were junior varsity players last fall.

On the current No. 1 offensive 11 are Dan McBride and Bill Fenton, ends; Don Chelf and Cameron Cummins or Joe Paulson, tackles; Jerry Clark and Charles Boothe, guards; Warren Lawson, center; Britzmann, quarter; "Dusty" Rice and Bob Stearnes, halfbacks, and Binkey Broeder or Bernie Bennett, fullbacks.

All of these backs possess varsity experience but only Chelf and Fenton in the line played on the varsity team last year.

Defensively, the Iowans have about the same degree of experienced men, in fact some of them must go both ways. The No. 1 outfit now has Ed Lindsey and Fenton, ends; Sawyer and Chelf, tackles; Ellis and Boothe, guards; John Hall and Louis Matykiewicz, linebackers; Bennett and Broeder, halfbacks; and Rice at safety.

this fall, is in Iowa City's Mercy hospital for post-polio physiotherapy treatment.

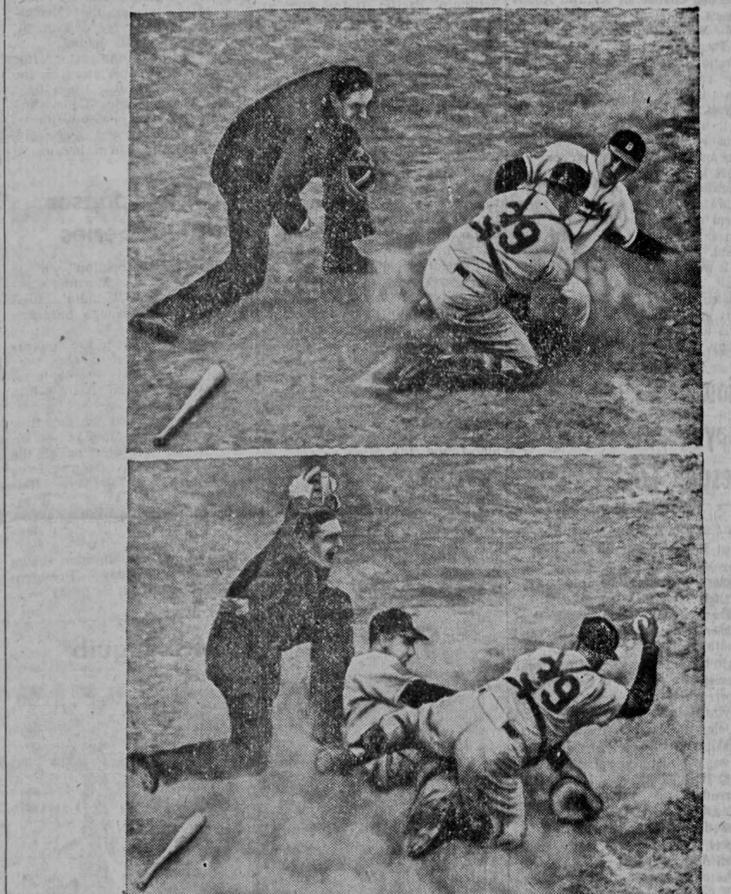

Hospital authorities said that if he responds sufficiently the 6-foot 3-inch, 235-pound griddler will suffer no ill effects. Freeman's right leg and foot were the only parts of his body affected by the mild case of paralysis.

Wednesday afternoon, following a workout with City high's football squad, Jim's right foot became numb, and Thursday morning the family doctor diagnosed the case as polio.

*You always want a second look*

HOW MANY TIMES a day do you take a second look at something? If you have a chance—you do it every time something new comes along.

When your team wins, by skill or weird luck, it isn't enough to see it pictured—to hear it told—just once. You take a second look... in your newspaper.

Whenever a politician, or a labor leader, or an act of God changes the traffic light for your business, you take a second look... at your newspaper.

When you want a house, or refrigerator, or television set, you look in your newspaper... at A's ad, then B's and C's, then back to A's. You take a second look.

Everybody wants a chance for a second look—on the things that interest him most. That's why practically everybody reads the newspaper—every day.

Just as you read the paper now, your customers and prospects read the paper too—at the time they choose, for as long as they choose—for the advertising as well as for news or for fun.

When your selling is backed by newspaper advertising, your story has a chance to reach almost everybody. Not just comedy fans, or mystery fans, or sports fans... but everybody.

That's why advertisers today invest far more of their money in newspapers than in any other form of advertising.

Only the newspaper is first with the most news... first with the most people... first with the most advertisers!

The newspaper is always "first with the most"
