Est. 1868 — AP Leased Wire — Five Cents Iowa City, Iowa, Tuesday, Sept. 16, 1952 — Vol. 86, No. 243

Dr. Merle L. Hale Dr. Franklin H. Top Professor Henry Bull Dr. Charles D. May

4 Department Heads Named

Four new department heads assumed duties at SUI this summer in the departments of biochemistry, oral surgery and anesthesia, pediatrics and hygiene and preventive medicine.

Dr. Charles D. May became professor and head of the SUI college of medicine's department of pediatrics July 1. The new professor and head of oral surgery and anesthesia in the college of dentistry is Dr. Merle L. Hale who also took office on July 1.

Henry B. Bull was named professor and head of biochemistry this summer, and Dr. Franklin H. Top was appointed professor and head of hygiene and preventive medicine in the state bacteriological laboratory.

Was on Minnesota Staff
May was a member of the faculty of the University of Minnesota before coming to SUI. He was associate professor of pediatrics there from 1947 until recently.

From 1936 until 1947 he held the successive positions of assistant, instructor, associate and assistant professor of pediatrics at Harvard where he received his M.D. degree in 1935.

He was also physician at the Children's hospital and Infant's hospital, in Boston, Mass. He was a lieutenant colonel in the army medical corps from 1943-46.

Comes From Northwestern
Bull came to SUI from Northwestern university where he was professor of chemistry at the medical school there. He received his B.S. degree from the University of South Carolina in 1927 and his M.S. and Ph.D. degrees from the University of Minnesota in 1928 and 1930.

From 1930-36 Bull held positions of instructor and assistant professor in biochemistry at the University of Minnesota before going to Northwestern in 1936 as an assistant professor of chemistry. He was named associate professor there in 1939 and professor in 1944.

Had Agreed to Leave
Under Russian-Chinese agreements signed in Moscow, Feb. 14, 1950, Russia agreed to get out of Port Arthur and turn the Changchung Railway over to China by the end of 1952.

The Chinese delegation, in a note to the Russians, said they were asking that Russia's lease on Port Arthur be prolonged because Japan has no peace treaty with China and the USSR and apparently wants none. The Chinese note added:

Meets Resistance At Council Hearing
Twenty-five men, two women and a small boy, most of whose livelihood depends on the trash pick-up business were on hand to hear a proposed trash collection system discussed at a public hearing before the city council Monday night.

Atty. Jack White, representing 14 of the trash haulers said the proposed trash pick-up by the city would throw his clients out of work and asked that the council take this into serious consideration before any public-operated program is worked out.

He said some of his clients had been in business from 8 to 10 years and had purchased trucks and equipment to carry on their businesses.

Reds Launch Hate Campaign
WASHINGTON (AP)—Radio Moscow has launched a new series of bitterly anti-American broadcasts saying, among other things, that 13 million Americans are fully or partially unemployed.

The Soviet broadcast, entitled "So This Is the American Way of Life," made these assertions:

1. More than 50,000 workers have been fired at the Ford Motor company and another 200,000 are to be discharged at General Motors as "unfit to work" at a speedup pace.
2. Young steelworkers are so afraid to work in unsafe American steel plants that a popular saying is: "If you are not killed in Korea, you are killed at the works."
3. Crowds of cripples gather at the gates of the Republic Steel plant in Cleveland each payday begging for money.

The new Russian broadcasts follow up a series which purported to show that corruption, graft, crime and thievery were rampant in nearly all major American cities.

City Manager Peter Roan said the most important consideration relative to trash collection was "the public health problem."

The council passed a resolution to go ahead with the purchase of equipment to be used in a sanitary "land fill" system.

Chinese Leaders Sign
The Chinese request regarding Port Arthur was signed by Premier Chou En-lai, head of the Peiping delegation here. The Russian reply was by Soviet Foreign Minister Andrei Y. Vishinsky. The communique quoted Chou as saying the request to extend Russia's stay in Port Arthur was to "preserve peace." It added that Vishinsky in reply had expressed Russian agreement with the Chinese proposal.

Tass said political and economic questions affecting Russia and Red China also had been discussed. No details were disclosed.

World News Briefs

A Condensation of Late Developments

SEOUL (AP)—Sabre jet pilots reported Monday they shot down eight Communist MIG jets and lured a ninth to destruction while fighter-bombers destroyed three North Korean war plants on the doorstep of Manchuria. The fifth air force announced that eight confirmed kills raised the September total bag for its pilots to 40—only four less than the record of 44 MIGs destroyed last April.

BELGRADE, YUGOSLAVIA (AP)—U.S. Vice Adm. J. H. Cassidy has asked Premier Marshal Tito for permission to base U.S. war planes in Yugoslavia, a responsible source said Monday. The informant said the request was made informally during a meeting aboard the giant U.S. aircraft carrier Coral Sea last week. Cassidy—commander in chief of the Mediterranean sixth fleet—also asked Tito for greater co-operation in the joint defense of southeastern Europe.

LOS ANGELES (AP)—A second crippling strike hit U.S. war plane production Monday as workers at the nearby El Segundo plant of the Douglas Aircraft company, walked out in a fight for higher wages. With the strike at Lockheed in Burbank continuing into its second week, the new walkout leaves approximately 40,000 aircraft workers idle in southern California.

TUCSON, ARIZ. (AP)—Two federal prisoners shot and killed a U.S. marshal late Tuesday afternoon as he delivered them to a dentist's office for treatment. Edmond L. Schweppe died in the seventh-floor office of Dr. Arch G. Fee in the Valley National bank building in the heart of downtown Tucson. The Pima county sheriff's office identified the prisoners as Arthur Eugene Fuller, 27, born in Illinois and held for removal, and Tommy W. Abbott, 20, born in Ohio and held on a bench warrant.

Russians to Stay in Manchuria Under New Soviet-China Pact

MOSCOW (AP)—The Soviet Union and China announced agreement early today to prolong Russia's lease on Port Arthur in Manchuria until the two countries sign peace treaties with Japan.

The texts of Russian and Chinese notes which ended top-level talks here between Moscow and Peiping that had been under way since Aug. 17 were issued by Tass.

The two countries also agreed that Russia would turn over to China full administration of the Changchung Railway in Manchuria by the end of this year.

Had Agreed to Leave
Under Russian-Chinese agreements signed in Moscow, Feb. 14, 1950, Russia agreed to get out of Port Arthur and turn the Changchung Railway over to China by the end of 1952.

The Chinese delegation, in a note to the Russians, said they were asking that Russia's lease on Port Arthur be prolonged because Japan has no peace treaty with China and the USSR and apparently wants none. The Chinese note added:

"And conditions have been created which are dangerous to the cause of peace and favorable to a repetition of Japanese aggression."

Chinese Leaders Sign
The Chinese request regarding Port Arthur was signed by Premier Chou En-lai, head of the Peiping delegation here. The Russian reply was by Soviet Foreign Minister Andrei Y. Vishinsky. The communique quoted Chou as saying the request to extend Russia's stay in Port Arthur was to "preserve peace." It added that Vishinsky in reply had expressed Russian agreement with the Chinese proposal.

Tass said political and economic questions affecting Russia and Red China also had been discussed. No details were disclosed.

To Set Up Commission
The communique said the two countries had agreed to set up a mixed commission to implement the agreement for Russia to hand over to China without compensation the administration of the Changchung Railway. This administration has been carried on jointly by the two countries. The railway joins Russian Siberia and Chinese Manchuria.

The two countries "agreed to begin measures" for turning the railway over to China.

The Democratic nominee also told a news conference:

1. He will not give blanket endorsement to all Democratic nominees for congress, as Eisenhower has done regarding Republican nominees.
2. He believes that as President he would not propose appointment of a U.S. ambassador to the Vatican, as President Truman did. But said he does not see "any great disadvantage" in sending a special representative to Rome.
3. He believes it should be possible to cut taxes during the fiscal year starting July 1, 1954. It might be possible to reduce federal spending somewhat sooner, the governor said.
4. The renomination of Sen. Joseph R. McCarthy, controversial Wisconsin Republican, was no surprise to him (Stevenson).
5. He has received "very kind letters from Truman" expressing his satisfaction and approval of his campaign.
6. He is "not in the least" worried about defections from the Democratic ticket in the south.

Big Coal Walkout Looms As Wage Talks Hit Snag

Minnesota Man Named to Head Dental College

Dr. William John Simon has been named dean of the SUI college of dentistry by the state board of education, Pres. Virgil M. Hancher announced Monday.

Now professor and chairman of the division of operative dentistry at the University of Minnesota, Dr. Simon will assume his duties on the Iowa campus in January. Alvin W. Bryan, dean of the college since 1932, will continue to serve as dean until that time.

Simon received his primary and secondary education in the Minneapolis public schools and earned the B.A., D.D.S. and M.S.D. degrees at the University of Minnesota. He was in private practice for eight years in Minneapolis and served in the dental corps of the U.S. army. In addition to his present position on the Minnesota faculty he serves as consultant to the veterans administration hospital at Ft. Snelling.

Simon is married and the father of two children. Among the professional and honorary societies in which he holds membership are the National Honor society, Omicron Kappa Upsilon, Sigma Xi, American Dental association, International Association for Dental Research and the American Association for the Advancement of Science. He is the author of more than 50 publications.

Dean Bryan was originally appointed to the SUI dental faculty in 1912 as an instructor, having earned his D.D.S. degree here in 1911. He is a past president of the Iowa State Dental society, the American Academy of Periodontology, American College of Dentists and the American Association of Dental Schools. He was eligible for retirement from the deanship on July 1 but has remained in the position pending the arrival of his successor.

Curtis Family Starts Trip

TIM CURTIS SMILES as a stewardess for Pacific Southwest Airlines straps him in his seat for a trip to Acapulco, Mex. Tim is the son of SUI Prof. and Mrs. James Curtis of the speech department. Curtis won the trip to Acapulco for catching the largest fish during the 1952 San Diego Yellowtail derby sponsored by the junior chamber of commerce there. The Curtis' will have 10 days in the Mexican resort city—all expenses paid. Curtis' yellowtail weighed 54 pounds, six ounces.

UMW Contract With Owners Ends Saturday

WASHINGTON (AP)—John L. Lewis grimly reported Monday night an impasse in his talks with major coal producers, suggesting prospects for a strike of approximately 300,000 of his United Mine workers.

Lewis pledged that his union would not walk out in the Pennsylvania hard coal industry, employing about 75,000, or in most of the soft coal mines west of Ohio, where he estimated an additional 70,000 work.

But as for the remainder of the vital coal industry, Lewis' first public report on a month of hush-hush negotiations was pessimistic.

Contract Expires Saturday
The UMW contract with northern soft coal producers expires on Saturday, leaving them free to stay away from the pits next Monday under the traditional Lewis policy of "no contract, no work."

The mine workers' chief told newsmen he had reached a tentative agreement last Monday with Harry M. Moses, negotiator representing the Northern soft coal producers, but this accord was rejected at a meeting of mine operators in Pittsburgh last Wednesday.

Lewis has been meeting separately with three groups: Southern soft coal, Northern soft coal, and Pennsylvania anthracite hard coal.

No Early Hardship Expected
If the mine workers do quit work, no early consumer hardship is anticipated, since there is now above the ground a supply of coal for about 85 days.

Contracts with the Southern producers and hard coal producers expire Sept. 30.

Lewis said the mine workers already have decided there will be no work stoppage in all mines west of Ohio which are not members of the Bituminous Coal Operators' association, which represents most Northern soft coal producers.

Iowa Mines to Operate
Lewis said this decision means that most mines will continue to operate in Montana, Wyoming, Washington, Utah, Colorado, New Mexico, Arkansas, Oklahoma, Kansas, Missouri and Iowa. About half of the mines in Illinois, Indiana and Western Kentucky also are not members of the association and thus would not be hit by a strike.

Lewis said these non-member mines will be permitted to continue operations and that any agreement with the member mines would be applied at the same time to non-members.

Lewis said he would not disclose now the terms of the tentative agreement he negotiated with Moses, who represents the Bituminous Producers association, because to do so might disturb further talks.

Refuses Comment On Raise
Lewis did not disavow reports that the mine workers are seeking a raise in basic daily wages from the present \$16.35 standards to about \$18.

Nor did he comment on reports that the union also is seeking a larger contribution by industry to the welfare fund for miners' pensions and other benefits. The operators now chip in 30 cents for each ton of coal produced.

Before settling down to contract talks with his union leaders, Lewis made a new bid for unity in the divided labor movement.

Proposes Labor Unity
In a telegram to President William Green of the American Federation of Labor, Lewis proposed that the AFL invite leaders from all unions to a meeting to try to work out a formula for a single organization embracing all the 16 million members of the organized labor.

The AFL, CIO and other labor organizations have talked repeatedly in recent years of getting together but have made little progress.

Lewis said immediate unity is necessary so that labor may throw its full strength in the forthcoming election.

Research Associate Receives Award Of Radio Engineers

Ted Hunter, research associate in the SUI psychology department, has been named a fellow by the Institute of Radio Engineers.

Hunter was one of 49 leading radio engineers and scientists named by the institute's board of directors at a meeting held in New York city on September 10.

The Institute of Radio Engineers, which is an international body with over 30,000 members, annually bestows the award of fellow, its highest membership grade, on those who have made outstanding contributions to the radio engineering or allied fields.

Although the institute hasn't informed Hunter yet as to what contribution his award was based upon, he believes it may be some radio oscillating equipment he has recently developed.

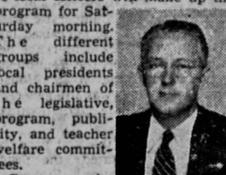

Education Group to Hold Workshop Here Friday

The Iowa State Education association will sponsor a local association officers workshop at the Iowa Memorial Union Friday and Saturday. A training session for conference leaders will be held Friday at 1 p.m. The opening general session is scheduled for 7 that evening. It will be followed by a series of group workshops.

Special clinics on the problems of local officers will make up the program for Saturday morning.

The different groups include local presidents and chairmen of the legislative, program, publicity, and teacher welfare committees.

Group work—

DAVIES
WITH EISENHOWER IN ILLINOIS (AP)—Dwight D. Eisenhower carried his presidential campaign into his Democratic rival's home state of Illinois Monday with blasts at quips and communism.

Ike Ridicules Quips, Blasts Communism In Indiana Speech

WITH EISENHOWER IN ILLINOIS (AP)—Dwight D. Eisenhower carried his presidential campaign into his Democratic rival's home state of Illinois Monday with blasts at quips and communism.

Eisenhower's 18-car special train pulled into Englewood, a South Side Chicago district, and he switched to an automobile for a four county Illinois tour before reboarding it.

The GOP presidential nominee arrived in Illinois after seven "whistle stops" in Indiana—highlighted by a turnout of scores of thousands in South Bend.

Hits Stevenson Quips
Obviously referring to quips by Democratic presidential nominee Gov. Adlai E. Stevenson of Illinois, Eisenhower said the times and the issues were too serious for amusing treatment.

The usually jovial general was unsmiling as he declared Korea, corruption and communism were "not funny."

In attacking communism, inside and outside United States borders, Eisenhower referred to an expression once used by President Truman. He told an audience against a backdrop of steel furnaces at Gary:

Get 'Red Herring' Cry
"When we find that there have been Communists in government, and we get the answer 'red herring,' ladies and gentlemen, it is time to clean them out—not only the Communists . . . but . . . the people that put them there."

Combined estimates for all the Eisenhower stops in Indiana put the total crowds at about 150,000.

Government Lifts Housing Credit Controls

WASHINGTON (AP)—The government Monday lifted emergency controls over housing credit, freeing purchasers of new homes and commercial property to make the best bargains they can find.

Home buyers got their bargaining liberty back when the Federal Reserve board suspended its regulation X, effective at midnight.

Since October, 1950, this defense emergency regulation has prescribed the size of the down payment in new house or commercial purchases. Houses selling for \$7,000 or less required at least a 5 per cent down payment.

40 Per Cent Payment
On houses selling for \$25,000 or more it ran up to 40 per cent. Regulation X required a 50 per cent down payment in all commercial building purchases. And regulation X forbade second mortgages.

The Housing and Home Finance Agency (HHFA)—which supervises government housing programs—followed the Federal Reserve announcement by relaxing down payment requirements where the government makes the loan or backs it.

This applies to housing under the Federal Housing Administration, the Veterans Administration and the Department of Agriculture.

Foley Not Happy
But Housing Administrator Raymond M. Foley indicated he was not too happy about loosening the curbs on housing credit. He also indicated that he thinks regulation X might soon be back.

HHFA was keeping all the controls it could, Foley said.

The Federal Reserve and the housing agency acted under the terms of amendments made by congress last spring in the defense production act. The amendments required that regulation X should be lifted when the number of new houses started in any three consecutive months fell below 1,200,000 units a year on a seasonally adjusted basis. If housing starts to go over that figure in any three months the regulation may be reimposed.

Down Payments Required
Suspension of regulation X does not mean down payments are no longer required in house or commercial property purchase. It means that, outside the field of government-backed housing, the purchaser and seller are free to make their own deal, without government supervision. All the ordinary restraints still apply.

TUESDAY, SEPT. 16, 1952 VOL. XXVIII, NO. 243

UNIVERSITY CALENDAR

Thursday, Sept. 18
8:00 a.m. — Beginning of Orientation for new students in liberal arts and nursing.
7:30 p.m. — "First Nighter" program for new students, Iowa Union.
Friday, Sept. 19
8:00 a.m. — Beginning of Orientation for all other new students.
7:30 p.m. — Play night for all new students, field house.
Saturday, Sept. 20
8:00 p.m. — Open house for all new students, Iowa Union.
Monday, Sept. 22
8:00 a.m.-5:00 p.m. — Registration, field house.
7:00 p.m. — All new women students meet in Macbride prior to going to selected faculty homes for social hour.
(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

MEETING FOR ALL MENS' orientation group leaders will be held Wednesday at 10:30 a.m. in Shambaugh lecture room in the main library. Orientation kits will be distributed and group leaders will be briefed on program.

FULBRIGHT AWARDS FOR the academic year 1953-54 in Europe, the Near East, Japan, Pakistan, and the Union of South Africa have been announced by the Conference Board of Associated Research Councils, Committee on International Exchange of Persons, 2101 Constitution Ave. N. W., Washington 25, D.C. Applications may be obtained from the above address and must be mailed no later than October 11. A Fulbright Agreement was signed with Germany on July 18, and it is possible that awards will be offered for the coming year.

ORIENTATION GROUP meetings for transfers and freshmen will be held Thursday at 9:30 and 10:30 a.m. respectively. Meeting rooms will be assigned.

FIRST NIGHTER PROGRAM will be held at the Iowa Memorial Union for all new students Thursday from 7:30 to 8:30 p.m.

SPORTS AND PLAY NIGHT for all new students will be held Friday from 7:30 to 12:00 p.m. at the field house.

New Miracle Drug?

Newsman OK Controlled Football TV

NEW YORK (AP) — By an overwhelming margin, the nation's sports writers and broadcasters have indicated that they think the 1952 National Collegiate A. A. plan for controlled football television is a step in the right direction.

But their reasons for holding this belief are, on the whole, as confused and obscure as most of the arguments pro and con that have been advanced since TV became a controversial factor in collegiate football.

A few remained on the fence and a few more refrained from voting because they are outside the TV area.

U.S. Trailer Population Nears 2 Million Mark

CHICAGO (AP) — Trailer coaches are "home" to nearly two million Americans today, and the nation's trailer population is still growing.

Approximately 37,400 trailers were manufactured during the first half of 1952 — about 5,400 more units than during the corresponding period of last year.

U.S. Aid to Turkey Helps Grain Supply

WASHINGTON (AP) — U. S. officials are pleased with the way Marshall Plan agricultural aid to Turkey has worked out and expect that this year Turkey will be able to offer as much bread grains for sale in Western Europe as does the Soviet bloc.

This doesn't necessarily mean that Turkish grain will ever replace Eastern European grain in the Western market unless there's a major war.

Problem of Stabilizing Farm Prices Still Facing Government

WASHINGTON (AP) — The administration which takes over next January will find a long existing farm problem still unsolved despite 20 years of governmental grappling with it.

This farm problem is the task of gaining and maintaining stable prices and income for the nation's farmers.

Until the advent of the Roosevelt New Deal administration in 1933, farm prices and income were determined largely by non-governmental influences and factors.

Depressed largely by declining foreign markets for World War I, agriculture turned to the federal government in the late 20's for help in stabilizing prices and markets.

29 Million Not Registered

Even more disheartening is the fact that more than 29 million American citizens were not even registered to vote as of Jan. 1, 1952.

Despite these cold statistics on the disinterestedness of so many of our 95 million eligible voters, the Register and Vote Campaign has set itself the ambitious task of stirring millions to the more active citizenship the nation needs.

Red Hunt Expected In Nation's Schools

WASHINGTON (AP) — A search for Communists in the nation's schools and for any Communist slant to school textbooks apparently is to be the next big job tackled by the senate internal security subcommittee.

Rioters Wreck Colombian Paper

BURNT WRECKAGE and broken windows litter the entranceway to the liberal Bogota, Colombia, newspaper, El Espectador, after it was fired and wrecked last week by demonstrators. It was destroyed during a short-lived outbreak following the funerals of five policemen killed by guerrillas.

Register-Vote Drive Hits Stride Following Non-Partisan Appeal

(EDITOR'S NOTE: This is the first of a series on the 1952 drive by private and business organizations to awaken Americans to the need of voting of Nov. 4.)

By Central Press
The presidential elections of Nov. 4 offer American men and women voters an opportunity to redress what has become a national shame in failure to exercise democratic franchise.

More than three score private and commercial organizations across the country have pledged themselves to support the National Non-Partisan Register and Vote campaign. Sparking the drive is the American Heritage foundation, whose headquarters are in New York.

Stress is laid on the fact that none of us would sell our right to vote in secret and have that vote honestly counted. However, figures prove that about 80 per cent of Americans have been throwing away that right to cast a ballot.

Here is the sad picture the rest of the world gets of Americans who have shed blood and spent billions to carry our democratic heritage across the seas:

In 1880, 78.4 per cent of eligible Americans voted. In 1900, 73.5 per cent. When women voted for the first time in 1920, the total national ballot dropped to 49.3 per cent. In 1940, it rose to 53.4 per cent, but in 1948 it fell once more to 51 per cent.

Votes cast in that national election of 1948 were 48,880,416 (the largest total ever) but at that time only 51 per cent of all eligible American men and women. When it comes to local elections, our national average for recent municipal, county, state and congressional elections is a puny 20 per cent.

29 Million Not Registered
Even more disheartening is the fact that more than 29 million American citizens were not even registered to vote as of Jan. 1, 1952.

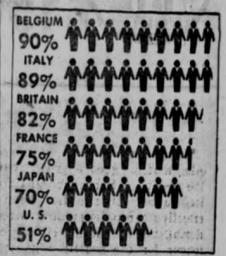

Despite these cold statistics on the disinterestedness of so many of our 95 million eligible voters, the Register and Vote Campaign has set itself the ambitious task of stirring millions to the more active citizenship the nation needs.

Every effort of personal appeal, commercial advertising and radio and television is beamed to getting the nearly 30 million citizens not registered onto the voting lists. The goal of 63 million voters on Nov. 4 is set.

Mark Still Far Short
While this would represent 15 million more votes than ever before in United States history, it would still fall below the 78.4 per cent of eligibles voting in 1880, when our record for active citizenship began its dangerous decline.

Compared with our 51 per cent vote in 1948, here are contemporary percentages from abroad: Belgium (March, 1950), 90 per cent; Italy (April, 1948), 89 per cent; England (October, 1951), 83 per cent; Canada (June, 1949), 75 per cent; Sweden (September, 1951), 80 per cent; France (October, 1945), 75 per cent; Israel (July, 1951), 72 per cent, and Japan, (June, 1951), 71 per cent.

As a lesson to the Americans who abuse their precious franchise, that 89 per cent Italian vote in a crucial election paid well in successfully stopping the Communist bid for power.

Safety Officials Check Statistics On Accidents

DES MOINES (AP) — Iowa's steadily increasing traffic fatality toll is causing serious concern among those whose job it is to promote safety.

However, a check of several sets of statistics Saturday makes the traffic fatality figures look both not too bad and yet not so good.

In 1950 there were 587 lives lost from motor vehicle mishaps on the state's streets and highways. Last year the toll rose to 609. Up to mid-week this week the 1952 total had come close to 375, compared with about 410 for the same time last year.

1,779 Accidental Deaths
Also in 1950, there were 1,779 deaths in Iowa from accidents. This means that traffic fatalities made up only about a third of the accidental death total. Falls alone took 570 lives in 1950, compared with the 587 from traffic accidents.

In 1951, accidents took the lives of 1,703 Iowans. Again, this means that not much more than a third of the total represented traffic fatalities. Also, falls alone claimed 479 lives in 1950, compared with the 608 traffic deaths.

Of the 479 deaths from falls in 1951, no less than 335 of them occurred in homes. Most of the 335 victims were persons past 60 years old.

218 Korean Casualties
Another set of statistics show that 218 Iowans lost their lives in 1951 in the Korean war. That compares with the 608 traffic deaths in the state in the same year. Thus the Korean casualties were about a third as many as the traffic fatalities.

The Korean war began late in June of 1950. Eighty-four Iowans lost their lives in the battling during the remainder of 1950. Up to early this month the 1952 toll was 66.

Thus the Iowa casualties in the Korean war covering a little more than two years totaled 368, not much more than half the traffic fatality total for 1951 alone.

Vocational Education Expansion Planned At State Institutions

DES MOINES (AP) — The Iowa Board of Control plans to ask the 1953 legislature for funds to finance a considerable expansion in vocational education programs at several state institutions.

Board Chairman Robert Lappen said Saturday the amount to be asked has not yet been decided definitely. He explained further that the total for each institution would vary because "There will be no definite pattern for the requests."

Several types of courses are being offered at the Eldora State Training School for Boys, the Mitchellville State Training School for Girls, the Toledo Juvenile Home, and the Glenwood State School. Some classes are available at others of the board's institutions.

As examples of the work offered, homemaking courses are conducted at Toledo and Mitchellville, and agricultural training is available at Eldora.

Letters to the Editor

TO THE EDITOR:

Permit me to thank Miss Marilyn Peterson for her wonderful success on her tea drinking mission to Europe. Those of us from foreign countries have been trying in the times past to point out to Americans how visitors from this country fabricate stories about other peoples on their return. Miss Peterson put it in a very refined way when she said, "I was just telling the funny things that happened." Curiously enough people tell only the funny things nowadays.

wears his butch trim so that they may go home and start to give Scottish ladies the same hair cut to satisfy Marilyn's taste. Without bitterness I think that this will straighten things out when Miss Peterson does go back to her Scottish friends.

I congratulate the six Highlanders who spoke the truth and this clearly shows that all people are not narrow minded. Such vindictive characters of which Marilyn is a fine example are no credit to this country. By all means let us learn to respect other people's feelings. Then friendship which the world badly needs would be won.

Grand Jury Says Lack of Evidence In Liquor Probe

FORT DODGE (AP) — The Webster County Grand Jury reported today that in its one-week session it heard no evidence on which any indictments on liquor charges could be handed down.

The group was called together to look into the liquor situation here after complaints were made by some Fort Dodge residents. Assistant Attorney General Clarence A. Kading and an unidentified state agent appeared before the jury.

Kading presented about 20 affidavits from the residents, claiming knowledge of illegal sales and relating that they made purchases at various places. Several other witnesses also were called. The grand jury recessed a week ago, but made its report Monday.

Servicemen Allowed To Request Ballot From Home State

WASHINGTON (AP) — Monday every serviceman in the U.S. will be handed a small buff card which will offer him the opportunity to vote on whether he wants a general or president.

It's a printed postcard form on which he can ask for an absentee ballot to vote in his home state in the Nov. 4 general election starring Gen. Adlai Stevenson and Gen. Dwight D. Eisenhower.

Federal law says each serviceman must be handed the card personally. The armed forces chose Monday as "postcard day" for men in the U.S. For men overseas it was Aug. 15.

Of the present 3 1/2 million servicemen, more than 2 1/2 million are eligible to vote Nov. 4.

The defense department has been working hard since last November to turn out the maximum service vote. It has been following congress' orders to give every man overseas or in the U.S.—information on how he can vote.

Whether a serviceman does vote depends to a degree on his home state's absentee voting laws. Each state controls its own voting procedure.

Although President Truman pleaded earlier this year with congress and the states to make absentee voting laws uniform, little was done.

JACK BENDER'S COLUMN - Sport-Log

Iowa Coach Forest Evashevski began the last week of twice-daily workouts with two closed sessions Monday. The team drilled in the Iowa stadium instead of the usual practice field.

It was so secret, in fact, that even Walter Johns of the Cleveland Central Press, making his swing through the Big Ten, was not admitted.

One of Evy's current worries is the status of Dusty Rice, counted on for the No. 1 left halfback spot this year. He turned in a mediocre showing in Saturday's scrimmage.

His knee, which was operated on last June to correct an injury suffered in spring practice, has failed to improve at the expected rate. "Rice can't move normally at all. That knee will have to get better fast if Rice is going to be valuable," Evy said Monday.

He added that Rice not only might not be able to help in the Pittsburgh game, but might be hampered seriously all season.

Dusty is currently exercising his knee under a 28-pound tension weight.

Clyde Kitchen, an offensive left halfback from Oskaloosa, has been shifted to offensive left end. Kitchen has fair speed and it is hoped that he will develop as a pass-catcher.

End Ed Lindsey, who was withheld from Saturday's scrimmage because his right eye was practically closed — the result of contact work Thursday — came up with an infection in his arm Monday. He had only a light workout in sweat clothes, it was reported.

The Hawks still have their line troubles, but these were expected because of the shortage of experienced players.

For example, the No. 1 offensive guards, Chuck Boothe and Jerry Clark are without major game experience. Boothe also is expected to play defensive guard. Likewise, the current first team offensive right tackle, Cameron Cummins, son of the Cedar Rapids radio broadcaster, never has played in a varsity game. Neither have defensive left tackle Emmett Sawyer and defensive left guard Tom Ellis.

Bump Elliott said Monday that the staff was fairly satisfied with the progress of the backfield, with the exception of their ball handling. The men are fumbling too much. One of the brighter spots in Saturday's scrimmage was the smart and vicious linebacking of John Hall, who's only a sophomore.

The aforementioned Elliott, incidentally, Monday was named an assistant basketball coach at SUI. This gives Bump an additional \$7,000-8,000 a year pay boost, the Associated Press announced.

A former SUI tennis player, Pvt. Mel Sinton, took two first in a recent first infantry division tennis tournament in Darmstadt, Germany. He won the singles title and was on the winning doubles team.

In 1948, he was top man in the qualifications for the National Junior championship, representing the state of Illinois. He is from Chicago.

Coaches Emphasize Defense —

Big Ten Grid Briefs

LAFAYETTE, Ind. (AP) — Purdue's football squad shifted Monday from general drills to specific problems, particularly Penn State's galloping Bob Pollard and pass catcher Jesse Arnelte.

BLOOMINGTON, Ind. (AP) — With six men sidelined by injuries, Coach Bernie Crimmins of Indiana canceled a morning workout Monday but held an afternoon practice session. Most of the injuries were bruises from Saturday's long scrimmage.

CHAMPAIGN, Ill. (AP) — Three defensive regular linemen and a quarterback were placed on Illinois' second offensive unit Monday following Saturday's long scrimmage. Included were ends Cliff Waldbeser and Andy Wadzak, guards Don Ernst and Bob Lenzi and quarterback Elyr Falkenstein, whose passing was exceptionally effective.

EVANSTON, Ill. (AP) — Sanford Sacks, a mid-term 230-pound freshman from Cleveland Heights, O., was assigned the regular left

defensive end position Monday at Northwestern's first practice drill. Fullback Chuck Hren had a cast removed from his right foot but will be unable to practice for another week.

Order Investigation After Horses Die In Racetrack Fire

NEW YORK (AP) — A thorough probe was ordered Monday after 25 thoroughbreds and a stable pony, valued at \$120,000, perished in a 15-minute flash fire at the swank Belmont Park racetrack Sunday night.

George Clough, Nassau county fire marshal, directed an investigation into what he termed "flagrant abuses of ordinary fire prevention."

The blaze broke out shortly before 7 p.m. (EST) in the huge, wooden barn where half a hundred race horses, some of them scheduled to run in Monday's opening fall card, were quartered.

Slaughter Sets Sights On Select Hitting Circle

By JACK HAND, NEW YORK (AP) — Enos Slaughter, the ever-hustling country "boy" of 36, is aiming at that 2,000-hit circle. Stan Musial made the grade last week, and now Slaughter is thumping down the last 100 hits.

Last spring they said "Slaughter is all through." Although he was in fine condition, they shook their heads wisely and said "wait until August. He won't play 75 games."

Well, here it is Sept. 15 and Mr. Slaughter played his 131st game Monday. And batting at a .300 clip, seventh in the league. His major league career showed 1,911 hits through Sunday.

"I still play this game the only way I know how," he said before Monday's game with the New York Giants.

"Years ago in the minors Eddie Dyer, ex-Card manager, watched me run in from the outfield and then stop when I got to the base line. He asked me why I stopped. Ever since that day I've run every step of the way when I'm on the ball field."

"Sure the old legs and muscles ache a little now and then. I have to give them as much rest as I can. There's plenty of life in the old boy yet."

It's hard to believe Slaughter has been around the majors since 1938. That was the year Stan Musial was breaking in as a left-handed pitcher down in the Mountain States league.

At the age when most players are looking for a rest, Slaughter continues to throw his weight against National league pitching.

Iowa State Loses Letterman Guard

AMES (AP) — Letterman right guard Clyde Titus will be lost to the Iowa State college football squad for the season Coach Abe Stuber learned Monday. A medical check showed Titus suffered a broken foot bone, presumably in Saturday's inter-squad scrimmage.

Last week Ron Swanson, a letterman winner at the same position, was sidelined with a similar injury.

Giants Erupt, 12-1; Bums Win

BROOKLYN (AP) — The Brooklyn Dodgers lashed out five home runs, two each by Jackie Robinson and Duke Snider, Monday to rout the Cincinnati Reds, 11-5, and protect their three-game lead over the pursuing New York Giants.

A crowd of only 2,612 turned out to watch the Dodgers give one of the season's most spectacular slugging displays. It was the smallest Ebbets Field attendance since the gloomy days of 1934.

Robinson uncorked his 18th home run of the season in the first inning, scoring Carl Furillo and Snider ahead of him, then in the eighth, he sent a shot into the leftfield stands for No. 19.

Snider also raised his season's home run output to 19 with round trip blasts in the third and fifth, both times with the bases unoccupied.

The fifth home run was produced by Gil Hodges in the fourth. Home runs also accounted for four of Cincinnati's runs. Jim Greenglass, the rookie outfielder whose grand slammer felled the Dodgers Monday, delivered with two men on base in the seventh. Bobby Adams hit for the circuit in the sixth.

The other Cincinnati run was a gift of the Dodgers' starting pitcher, Carl Erskine, who walked Greenglass with the bases loaded in the first inning.

Erskine left the game for a pinch-hitter in the seventh after yielding seven hits but received credit for his 13th victory of the year.

Erskine was replaced by Brooklyn's relief ace, Joe Black, who easily retired the last six Cincinnati batters in order.

They continued their assault on Willard Schmidt.

Backed by this robust attack, Sal Maglie coasted to his 17th victory against seven defeats. The 35-year-old righthander had a

shutout until the seventh when Enos Slaughter led off with a drive to right that went for a three-bagger when Don Mueller got a late start for the ball, and Hal Rice scored him with a long fly to center.

Chicago (AP) — Rookie third baseman, Rocky Krsnich, who Sunday broke up a 17-inning game the same way, belted a bases-loaded single in the eighth for two runs and a 4-2 Chicago

White Sox win over the Boston Red Sox Monday.

Kretlow yielded six hits, two of them homers by Al Zarilla and Parnell, and held Boston scoreless after the fifth for his fourth decision against three losses.

Only 1,239 fans saw relief pitcher Hal Newhouse win his 199th game in the major leagues. Newhouse cooled off a Senator rally in the eighth.

Politicians' Wives Must Have Humor, Says Mrs. Sparkman

WASHINGTON (CP) — Mrs. John Sparkman, wife of the Democratic nominee for vice president of the United States, passes along some good advice to wives who are newcomers on the political stage.

"Try to have a sense of humor and keep close ties with the church," she says.

To the trim young Huntsville, Ala., matron goes a great deal of the credit for her husband's political career for she has been an effective campaigner and worker during her husband's rise to contender for the second highest office of the nation can offer.

Worked Since War

"I have worked in my husband's office since my only child (now Mrs. Tazewell Shepard) left for college nine years ago," says Mrs. Sparkman. "This was during the war when his secretary returned to Alabama to take a defense job.

"I liked the work so well, I've been there ever since. I serve as a receptionist, greet constituents, make appointments, help get out the mail, answer it, and assist generally."

"I do very little entertaining," she continued, "but I do enjoy small dinners of six or eight close friends in our home. Sometimes I give large luncheons for the ladies at the Congressional club or some similar place."

The Sparkmans still own their home in Huntsville, but since they are seldom in Alabama, they do not maintain it, preferring to stay at the hotel. Here they live on Upton street.

"My home is furnished in traditional and antique furniture," she says. "I love interior decorating and have done my home in my favorite shades of blues and grays. Recently I repainted the kitchen myself and did it in apple pink. I made the window shades in the kitchen of pink chintz."

Mrs. Sparkman said she collected, in addition to antiques, hand-painted plates and blue hobnail glass. Her hobbies are sewing and needlepoint. "I have made four seat covers for my dining room chairs and I hope to complete the set."

Works With Flowers

"I try to keep cut flowers in the garden, mostly roses, zinnias and snapdragons. Every spring I have azaleas, jonquils and tulips. In the back yard I have both purple and white lilacs and pink and white dogwood. I have four flower boxes I plant with petunias every year. Camellias are my favorite flowers to wear."

"She prefers the simple line in clothes and wears mostly Navy or black. Her favorite colors are all shades of blue, especially powder blue and all shades of pink."

The former Ivor Hall, of Albertville, Ala., Mrs. Sparkman was a co-ed at the University of Alabama where she met her husband.

Fashion Designers Select Quilted Cotton As Winter Fabric

The crisp feel of fall in the air once meant that it was time for women to shed their cotton frocks until spring came round again. Not so, today! Top fashion designers report that women may shed their lightweight summer cottons, but at the same time the girls will be stepping into a new wardrobe of cottons designed especially for winter wear.

Fashionists say that winter cottons are one of the most significant style trends of the season. Development of a wide variety of heavy-weight cottons ideal for winter clothing has brought about a new conception of cold weather fashions. Corduroys and velveteens, new menswear type cotton suitings, quilted cotton satins, flannelette, and cotton tweeds are among the noteworthy fabrics that play an important part in 1951-52 fall and winter designs.

Emily Wilkens, a foremost New York designer, features corduroy prominently in her new costumes. Crompton's pin wale corduroy, long a sportswear favorite, gets the full glamor treatment in one of her date dresses. Simplicity keys this design, a striking off-shoulder style with a tight waist and full skirt flared out by a cotton net petticoat. A tiny rhinestone cluster sparkles at one shoulder as an accent to the soft corduroy fabric.

Corduroy is used for a distinctive tailored dress by Laura Lee of St. Louis in beige, one of the popular muted colors in fall fashions. This is the type of dress that proves adaptable in the wardrobe of coed or career girl, for it can be dressed up or down as the occasion arises. It is cut on shirtwaist lines with three-quarter length sleeves, with the shirt gently and becomingly gathered at the waistline. A gold belt and buttons trim the beige corduroy.

Mrs. John Sparkman

Lampe Declares Des Moines Rabbi 'Tower of Strength'

The SUI school of religion "has lost a tower of strength upon which it has relied from the beginning," Dr. M. Willard Lampe declared upon learning of the recent death of Rabbi Eugene Mannheimer of Des Moines.

Dr. Lampe, director of the school, continued, "Rabbi Mannheimer helped to bring the school into being. He was a charter member of its board of trustees. He has served continuously on the board, and in recent years has been its first vice-president."

"But far beyond all formal relationships with the school, in the philosophy and purpose of which he deeply believed, he brought to it a personality of warm heartedness and radiant cheer which of itself was a tonic and a solvent for problems."

"That the school could claim the untiring devotion of this leader and prince among men is a factor of prime historical significance in accounting for the growth of the school, and will remain a perpetual challenge and benediction to those who knew him and who remain in its service."

SUI Summer Program Busiest in 50 Years

As SUI this week made preparations for the beginning of the 1952-53 academic year, it looked back on its busiest summer program in more than a half-century.

Approximately 6,800 persons participated in the program. Of this number, 3,774 were enrolled in regular summer session courses.

The eight-week session registration totaled 3,601, while a four-week independent study unit following the summer session was attended by 173 persons. The unit was open only to graduate students desiring to do individual study.

In addition, some 30 short courses, clinics, workshops, and conferences attracted more than 3,000 registrants to the campus during the summer.

Visiting Nurse Group Resigns At Sioux City

SIoux CITY (AP)—The Visiting Nurses' association of Sioux City, which for 43 years has served the city in a public health nursing program, Monday announced that it has resigned "in protest," effective Sept. 30.

However, the association's board of directors reserved the right to reorganize in the future.

The resignation was submitted to the Woodbury board of supervisors and various city and welfare agencies as a protest against the county's plan to cut off funds in the future and against Dr. John H. Lynch, city sanitarian. The group's directors accused Dr. Lynch of attempting to take control of the organization.

The supervisors have told the nurses they would not continue payments after Sept. 30 unless they heard from the attorney general's office on the legality of the allocations.

Board Chairman Ivan C. Eckhart of Correctionville declared that he could not understand why the attorney general in Des Moines needed so much time to submit an opinion. A ruling had been asked several months ago.

The board of directors of the nurses charged that the denial of the funds by the supervisors "arose out of our refusal to surrender our independence."

"We declined to yield the control of our director and our nursing staff to an administrative committee which would be politically dominated," they asserted.

Attack City Sanitarian They then attacked Dr. Lynch, asserting that "it was becoming apparent that the administrative functions and control were being delegated to a single individual who is not a physician. Our nurses have made it plain they will not serve in public health nursing under a veterinarian."

Dr. Lynch, reached at home, called the charges "utterly ridiculous."

In Des Moines, the attorney general's office said an unusually large amount of research is required before it can supply the opinion requested, and that it is not certain when the ruling can be handed down.

Cigaret, Hat Check Girl 'Adopted' by Small Town

BAYARD, Neb. (CP) — When a Los Angeles disk jockey told about a midwestern town with a population of two persons one early morning, a San Diego cigarette and hat-check girl's curiosity created a chain of unexpected events.

Carol Kinney, the hat-check and cigarette girl, was sitting in her apartment on Mission Beach early one morning last May. She was counting her checks from the evening's stand, when a Los Angeles radio disc jockey, Ben Hunter, told about a midwestern town named Bayard, Neb., which, he said, had a total population of two persons.

The 21-year-old blonde just couldn't imagine how just two persons could live in an incorporated town. Her curiosity got the better of her, so she sat down in the midst of her hat checks and wrote two letters addressed "Dear People, Bayard, Neb."

Bayard, naturally, was quite aroused by the news that some folks thought its population was a mere two persons. The town's population exceeds 2,200 inhabitants.

Within a week's time the San Diego girl's mail box was stuffed with answers to her letters from Bayard's "two persons." Amazed, she wrote replies trying to answer all of the correspondence.

Soon Carol was receiving letters from Maynard's servicemen on duty in Korea and elsewhere.

Then, one day, the town wrote a letter to Miss Kinney stating that Bayard would like to adopt her. She answered, "Fine, adopt me."

Miss Kinney invited When Bayard began plans for its annual 1952 Fall Festival, Miss Kinney received a special invitation to be official "Trophy Girl" and an honored guest at the festival. Miss Kinney accepted and a radio station in nearby Scottsbluff, Neb., made arrangements for her transportation to Nebraska and the festival.

Carol Kinney

Ex-Iowan Has 106th Birthday

OMAHA (AP)—"Heck, the cake don't look like it is 106 years old to me," quipped white bearded Wayland M. Newell Monday as he eyed the mountainous birthday cake decked with 106 candles.

And the consensus of those gathered to congratulate Newell on his 106th birthday was that he doesn't look like he's 106 years old either.

He still reads without glasses, displays crackling wit and still grumbles now and then because they made him quit gardening at 104.

When he was 92 and living in Des Moines, Newell planted a couple of hundred walnut and butternut tree seeds, much to the consternation of his friends. But three years later he sold 50 of the trees to the Des Moines waterworks for landscaping purposes.

Newell's daughter, Mrs. A. C. Rice, 73, who with her husband lives with Newell at the Jones Baptist home here, said Newell is the oldest living charter member of the Forest Avenue Baptist church in Des Moines, which is celebrating its 65th anniversary this week. Newell doubts it.

Last year Newell started a new hobby. He is now turning out baskets he weaves for friends.

A son, R. W. Newell, lives in Des Moines.

14 GIs ARRESTED

HOF, Germany (AP) — Bavaria state police Monday said 14 American soldiers were arrested by a squad of U. S. military police Sunday night after 30 Germans were injured in a free-for-all in a nearby village bar.

AFL Leaders Lean Toward Democrats

Convention Keynoters Blast Taft-Hartley Act; Lewis Proposes Unity

NEW YORK (AP) — AFL leaders keynoted their eight-million members Monday toward all-out political support of the Democratic party — and the first presidential endorsement in their history.

Their goal, outlined to the 71st AFL convention, is repeat of the Taft-Hartley law. AFL President William Green bitterly labeled it that "obnoxious, dirty Taft-Hartley law."

Green foresaw labor as "a very deciding factor" in the November election.

Blasts T-H Supporters

And the approximately 800 convention delegates were told they would be "strike breaking at the ballot box" if they backed supporters of Taft-Hartley — who are chiefly Republicans.

Never before has the AFL convention given all-out endorsement to a presidential candidate. But the temper Monday was such that Gov. Thomas E. Dewey — a Republican — wondered in a welcoming speech if this convention wasn't just "a Democratic clam-bake."

An endorsement of Gov. Adlai E. Stevenson for president is expected next week, after he and his Republican rival, Dwight Eisenhower, have addressed the convention.

He Speaks Wednesday

Eisenhower, whom Dewey is backing heavily, speaks Wednesday, Stevenson next Monday.

Meanwhile in Washington, John L. Lewis proposed a meeting of all union labor leaders to work out a formula for immediate labor unity. Lewis wired Green of "the necessity of labor exercising its strength in the forthcoming national election."

Green had no comment until he had a chance to study the wire. Only a few hours earlier, at the AFL convention, Green had scored Lewis for splitting labor and urged him to return to the AFL.

Green Hits T-H Law

Preceding the 79-year-old Green on the speaking platform, Martin T. Lacey told the convention the GOP platform makers rejected repeal of the five-year-old Taft-Hartley law. He said the Democratic party sponsored repeal in "almost identical language of the AFL representatives."

The Taft-Hartley law was sponsored by Republicans of the 80th Congress.

Said Lacey, president of the AFL Central Trades and Labor council here: "I do not see how any trade unionist can support a party and candidates who support Taft-Hartley."

Eisenhower wants to retain the basic Taft-Hartley law with amendments. Stevenson wants to scrap it and write a new law.

Blood Tests Entered In Court Record Of Paternity Suit

SIoux CITY (AP) — Blood tests made in connection with a paternity case were made a part of the district court record Monday. Judge L. B. Forsling then asked that briefs be filed by today, and said he would decide the case soon after that.

Two men both claim to be the father of a five-year-old boy whose mother, Mrs. Violet Phillips, 24, was killed in an automobile accident last month. The men are Wilbur Johnson, her divorced husband, and Glenn H. Phillips, her husband at the time of her death.

Johnson and Phillips both claim to be the boy's father and want his custody. Blood tests taken last Saturday proved inconclusive. City Bacteriologist Thomas Carothers said either man could have been the father, if the mother had type "A" blood. Attempts to find a record of her blood type have been unsuccessful.

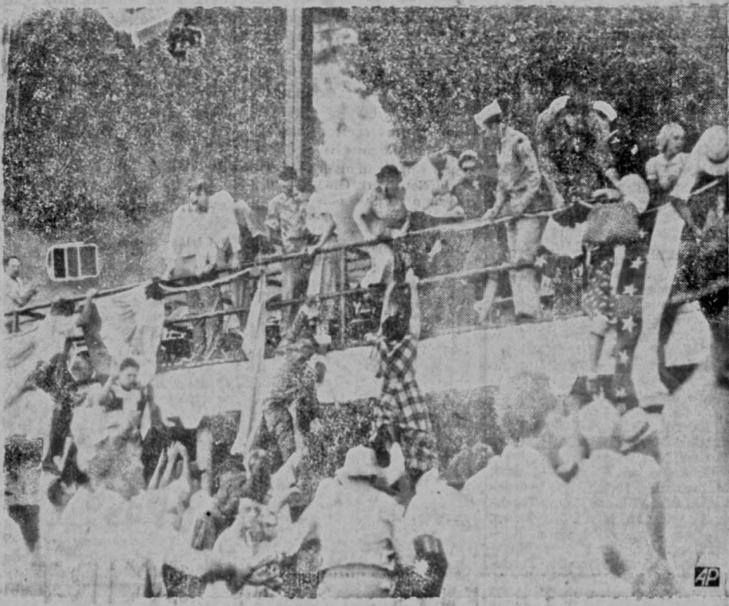

Iowa Falls City Manager Drowns on Fishing Trip

IOWA FALLS (AP) — The body of Forrest Dougan, Iowa Falls city manager since 1944, was found Monday in the Lake of the Woods in Ontario, Canada, where he had gone on a fishing trip. He drowned Sunday.

The body will be brought to Iowa Falls for burial. He is survived by his widow, two daughters and a son.

Dougan was a past president of the Iowa Municipal Accounting Officers' association, a former member of the Iowa Falls police force, was with the State Bureau of Criminal Investigation several years, and was a past commander of the Iowa Falls American Legion post.

Fire Routs Kentucky Fair Visitors

SPECTATORS AT THE KENTUCKY state fair at Louisville, flock to the grandstand guard rail and jump or are assisted to the ground Thursday as fire (in background) suddenly broke out in the south section of the grandstand. Despite the confusion caused by the fire, only one person was injured. Damage was estimated at \$100,000. Flames, shooting into the air, added a gruesome spectacle to this year's attractions.

Protestant Church Closed Up in Italy

ROME (AP) — The Church of Christ was ordered by the Italian government Monday to shut up all its 22 Protestant branches in this Catholic country until it gets official permission to operate. Italian officials said such permission might take years to obtain.

The order drew quick fire from a Church of Christ spokesman who said the American-sponsored denomination will fight the ban in the courts as unconstitutional.

The state department in Washington said it has asked the U.S. embassy here for a full report on the action of Italian police in barring the Church of Christ from holding regular Sunday services.

Informed sources here said they believed the difficulties of the church, which has gained about 1,000 converts in Italy since the war, sprang from its aggressive

evangelism in winning of Catholics.

Sunday, police prevented services at the Rome Church of Christ and two Sundays ago they closed the church at Alessandria, northern Italy. Other Protestant denominations in Italy have been holding services as usual.

"Pending a decision of the Ministry of Interior all the church's churches will have to remain closed," Dr. Roberto Poppi, chief of cabinet for the Rome police prefecture, said Monday night.

Poppi said that Cline R. Paden, of Brownfield, Tex., head of the Church of Christ in Italy, earlier Monday applied for authority to operate the churches.

"Naturally some time will elapse before the Ministry of Interior, which is competent in the matter, can decide whether the

cult which had developed around the meeting place can hold meetings in Italy," he said.

Carl Mitchell of Los Angeles, a Church of Christ representative, said Poppi told a church delegation that granting of permission "is a very involved process — it might take years."

"We asked for tolerance until our applications are acted upon," Mitchell said. "He told us he could not reply officially but that the answer certainly would be negative."

The Church of Christ previously had said that it applied last week for authorization to hold services. Dr. Poppi said that application was only for Church of Christ ministers of a cult, not for services.

All religions other than the Roman Catholic faith are officially classified as cults in Catholic Italy.

PCA Official Found Guilty In Theft Case

CEDAR RAPIDS (AP) — Claude H. McDonough, 43, former secretary-treasurer of the Mason City Production Credit association, was sentenced to 18 months Monday on a federal embezzlement charge.

McDonough's sentence was pronounced by Federal Judge Henry N. Graven who also heard pleas in several other cases including two farmers who admitted converting commodity credit corporation grain to their own use.

McDonough was an official of the Mason City association from 1947 to December, 1951. The government claimed that during a portion of that time he converted \$5,000 to his own use.

While McDonough was in court his attorney said that of approximately \$21,000 shown as missing by the association's books, McDonough had made full restitution. The attorney, urging probation, said McDonough even sold his personal belongings to help make restitution. McDonough has been farming near Kirksville, Ia. the last year.

The institution in which McDonough will serve his term was not specified.

Sentencing of two farmers who pleaded guilty to grain conversion charges was deferred until Oct. 6 in order to permit completion of pre-sentencing investigation.

The two, both of whom pleaded guilty, were John Martensen of near Anamosa and Charles Conrad of Iowa county. Martensen is accused of converting to his own use 3,000 bushels of corn and 1,300 bushels of oats, all mortgaged to the commodity credit corporation. Conrad is accused of converting 350 bushels of corn similarly mortgaged.

Free Book on Arthritis And Rheumatism

How to avoid crippling deformities. An amazing newly enlarged 44-page book entitled "Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical, non-medical treatment which has proven successful for the past 33 years.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept 1428, Excelsior Springs, Missouri.

Russians Now Claim They Originated Baseball

MOSCOW (AP) — The Soviet youth magazine, Smena, told young Soviet readers that "beizbol" is not American in origin but just an American distortion of the Russian village sport of Lapta which was played in the Russian countryside hundreds of years before there was any America on the map.

The Russians also claim to have discovered or invented, among other things, the radio, the electric light, penicillin, the airplane, the

helicopter, the telephone, the parachute, jet planes, the first oil well and sound movies.

American "beizbol," the magazine said, is a "beastly battle, a bloody fight with mayhem and murder."

Smena is the organ of the central committee of the Komsomol Young Communist League.

"Beizbol" players in the United States, said the magazine, are

slaves who are bought and sold like sheep. Then when they are worn out and usually crippled as a result of injuries suffered on the playing fields, they are thrown out on the street to die of starvation, Smena said.

The article, entitled "Beizbol — Big Ketch," and written by A. Kuleshov and M. Kremnev, gave Soviet readers some "real inside details" of the American game.

159 Appointees To Assume New Posts

The appointment of 159 new members to the SUI faculty for the 1952-53 school year was announced Monday by the personnel service.

Among the new appointees were four department heads, two visiting professors, six associate professors, 29 assistant professors, and 67 instructors.

Following is a list of the new faculty members:

Irene Elmore Harms, Visiting Professor, Child Welfare; Howard V. Meredith, Professor, Child Welfare; Melvin L. Beiterley, Associate Professor, Eng. Drawing; James Thomas Bradbury, Associate Professor, Obstetrics and Gyn.; G. Edgar Folk, Assoc. Professor, Physiology; Lt. Col. Robert W. Fritz, Assoc. Professor, Mil-

itary Sci. & Tactics; John Armes Gius, Assoc. Professor, Surgery; Dave McCuskey, Assoc. Professor & Head Wrestling Coach, Phys. Education-Men.

Reinhold Benesch, Assistant Professor, Biochemistry; Allan G. Bogue, Assistant Professor, History; Nathan R. Callaghan, Assistant Professor, Dentistry; Cleo P. Casady, Assistant Professor (1 yr.), Office Management & Business Education; Alfred Castaneda, Assistant Professor, Child Welfare; Robert Stewart Duff, Research Assistant Professor, Internal Medicine; Robert Edward Flynn, Assistant Professor (1 yr.), Radiology.

Herbert M. Greenburg, Assistant Professor, Child Welfare; James Rodgers Heffern, Assistant Professor, Operative Dentistry & Dental Anatomy; Richard A. Hoppin, Assistant Professor, Geology; Maj. Wayne F. Kirchoff, Assistant Professor, Military Sci. & Tactics; Irwin Jay Knopf, Assistant Professor, Clinical Psychology; Psychopathic Hospital; William D. Lampard, Assistant Professor, Child Welfare; Eugene E. Levitt, Research Assistant Professor, Child Welfare.

Roger I. Lienke, Assistant Professor, Pediatrics; William H. Martin, Assistant Professor, Economics; Chester A. Morgan, Assistant Professor (1 yr.), Labor & Industrial Management; John Russell Napier, Visiting Assistant Professor (1 yr.), Anatomy; George S. Peck, Assistant Professor (1 yr.), General Business; Christian Radcliffe, Assistant Professor, Dermatology & Syphilology.

Maj. Emilio P. Ratti, Assistant Professor, Air Science & Tactics; Peter Rieser, Research Assistant

Professor (1 yr.), Ophthalmology & Physiology; Clayton L. Ringenberg, Assistant Professor & Research Specialist, Inst. of Public Affairs; Arlene Schlegel, Assistant Professor & Head of Reference and Bibliography, Library Education, University Library.

Gordon W. Searle, Assistant Professor, Physiology; Charles C. Spiker, Assistant Professor, Child Welfare; Daniel L. Swenney, Assistant Professor, Accounting; Sherwood D. Tuttle, Assistant Professor, Geology; Robert A. Utterback, Assistant Professor, Neurology; Chia Siuen Yih, Assistant Professor & Research Engineer, Mechanics and Hydraulics Institute of Hyd. Research; Thomas A. Ayers, Lecturer, Music; Jean M. Homeewood, Visiting Lecturer, Phys. Education-Women.

Thomas Mabry, Lecturer, English; Karl Shapiro, Lecturer (1/2 time), English; Joseph A. Buckwalter, Associate, Surgery; John C. Hook, Associate (1/2 time), Geography; Charles B. Pittinger, Associate, Pharmacology and Surgery.

Thomas Bernard Summers, Associate, Physiology and Neurology; Vera Brisco Toran, Associate (1/2 time) (Temporary), Bureau of Bus. & Econ. Research; R. Margaria Torchiana, Associate, Child Welfare; Victor H. Baptist, Research Associate (1 yr.), Biochemistry; Francis R. Hama, Research Associate & Instructor, Institute of Hydraulic Research; Sjoerd L. Bonting, Research Associate (1 yr.), Physiology.

Robert Allen, Instructor, Physical Education-Men; Frank W. Anderson, Instructor (1/2 time), Mathematics and Astronomy; Truman Anderson, Instructor, Dental Surgery and Anesthesia; Herman Baehr, Instructor (1/2 time), General Business; Betty Bang, Instructor (Temporary), Music; James W. Beck, Instructor (1/2 time), Economics.

George N. Bedell, Instructor, Internal Medicine; William A. Brown, Instructor (1/2 time), Mathematics and Astronomy; Janice Clark, Instructor (1/2 time), History; Ronnie Lewis Clark, Instructor (Temporary), Philosophy; 1st Lt. Robert E. Cooper, Instructor, Military Sci. & Tactics; James D. K. Dawes, Instructor, Otolaryngology; Allie Lou Dunlevy, Instructor, Nursing; John Blaise Ellery, Instructor, Speech.

Margaret Emmons, Instructor, Surgery; Kathleen Fox, Instructor & Supervisor of Physical Education for Girls, Physical Education-Women, University High School; Edward Cain Froning, Instructor, Orthopedic Surgery; Wayne Lee Garner, Instructor (1st semester), Communication Skills; Writing; Claude S. George, Instructor (1/2 time), General Business.

Francis Giles, Instructor, Urology; William F. Gustafson, Instructor (1/2 time) Physical Education-Men; Forrest Dale Higgins, Instructor (1/2 time), Accounting; Stephen G. Hobson, Instructor (Temporary), Music; Robert E. Hodges, Instructor, Internal Medicine; John H. Hogeland II, Instructor, Operative Dentistry & Dental Anatomy; Albert E. Holcomb, Instructor (Reappointment), Oral Diagnosis, Roentgen-

ology & Infirmary Practice; Dwight W. Hoover, Instructor (1/2 time), History; Bennett A. Joiner, Instructor, Surgery.

John Paul Jones, Instructor (Temporary), Art; Norman H. Jones, Instructor (1/2 time), Economics; George Kelly, Instructor, Communication Skills; Writing; Archie Kodros, Assistant Football Coach, Athletics; Nell Kuhn, Instructor (Temporary) Internal Medicine.

Elson Lowell Matson, Instructor (Temporary), Speech; Wallace McAllister, Instructor, Psychology; Campbell McConnell, Instructor (1/2 time) Economics; Thomas B. McPartland, Instructor, Sociology and Anthropology; Robert S. Moth, Instructor (1/2 time), History (Here 1950-51); Richard C. Munroe, Instructor (Temporary), Art; Charles Norman, Instructor (1/2 time), Zoology; W. L. Pinkston, Instructor (1/2 time), General Business; Henry W. Piro, Instructor & Assistant Football Coach, Athletics; George F. Ponge, Instructor (1/2 time), History; Ralph Rea, Instructor, Music (Also at UHS); Rodney A. Rogers, Instructor (1/2 time), Zoology; Arnold A. Rogov, Instructor, Political Science; John Max Rosenfield, Instructor, Art (Reappointment).

Nancy Rupp, Instructor (Temporary), Phys. Education-Women; Ruth Salzman, Instructor, College of Nursing; James Arthur Schineller, Instructor, Art and UHS (Art); Paul J. Schneider, Instructor (Temporary) Mechanical Engineering; Robert Schulz, Instructor & Assistant Football Coach, Athletics; Harold Shiffler, Instructor, Communication Skills; Speech; F. Fl. Dodge Residents File Recall Petition

FT. DODGE (AP) — Petitions asking a recall election to remove the present three members of the city council were filed Monday with the city clerk's office by the Committee for Good Government.

Individual petitions were filed naming Mayor Bruce D. McMahon, Safety Commissioner Frank Burns, and Streets Commissioner Walter W. Williams. Elected in 1951, they are serving their first terms.

The committee said each petition contained about 2,000 signatures.

Clerk Robert Clelland has 10 days to see whether they contain the required signatures of 25 percent of those who voted in the last city election, the one in 1951.

If the petitions are sufficient, they must be submitted to the council, which has 30 to 40 days to call a special election. Members of the council would automatically be candidates for reelection.

The committee is headed by Dr. R. W. Kruger, dentist and chairman; Howard N. Larson, secretary; and the Rev. Warren S. Paige, treasurer.

The committee circulated post-card ballots last June, asking recipients whether they favor or oppose a recall move. The committee said a substantial majority of those answering favored recall. Circulation of the petitions began soon afterward.

Everybody's Market Place — The Classified Page

You've got something to sell, but you don't know where to find a buyer. Your answer? The classified page, of course! That's where people with money to spend and a yen to buy are looking.

In Iowa City the University Market cannot be overlooked. Students and faculty alike are potential room and apartment renters, used furniture buyers, and job seekers. The best way to reach these folks is through their newspaper, The Daily Iowan.

Daily Iowan want ads get results! In a short time and for a nominal sum of money you can earn some ready cash for yourself. Try it. You'll be amazed!

LARGEST SELLING CIGARETTE in AMERICA'S COLLEGES

Buy CHESTERFIELD. Much Milder

BOTH regular and king-size Chesterfields are premium quality cigarettes and come in the smart white pack. **BOTH** contain only those proven ingredients that make Chesterfields the best possible smoke: the world's best tobaccos, pure, more costly moistening agents (to keep them tasty and fresh), the best cigarette paper that money can buy — nothing else. **BOTH** are much milder with an extraordinarily good taste and, from the report of a well-known research organization — no unpleasant after-taste. **BOTH** are exactly the same in all respects. There is absolutely no difference except that king-size Chesterfield is larger — contains considerably more of the same tobacco — enough more to give you a 21% longer smoke, yet costs very little more.
