Honeymooners Found Dead In Plush Hotel

LAS VEGAS Nev. (AP) — Puzzled police sought an answer Tuesday to the murder and suicide of an apparently happy pair of honeymooners.

The nude bodies of Adrian Lionel Grodnick, 19, and Betty M. Baron, 25, were found sprawled across a bed behind the chain-barred door of a plush penthouse in the Flamingo Hotel Monday.

After a day's investigation, sheriff's deputies admitted they had found no motive.

Wore Wedding Ring

The girl wore a wedding ring, but officers could find no record of their marriage. She was the daughter of William Baron, a Los Angeles apartment house manager. She was a UCLA graduate in 1949.

The youth was the son of Manuel Grodnick. First reports said he was a wealthy New York clothing manufacturer, but these could not be confirmed. Sheriff's deputies said at one stage Grodnick had told them he planned to give the pair a new home, new Cadillac and a month in the Virgin Islands as a wedding present. Later no deputy could be found who had actually talked with Grodnick.

Seemed Happy

The younger Grodnick and Miss Baron drove here in a car rented in Los Angeles. Their \$35-a-day suite was paid for until the night they died. They had last been seen Sunday night, seemingly happy.

Grodnick and Miss Baron had been shot in the head, Miss Baron twice. One of her wounds was superficial, near the hairline. Grodnick was shot behind the right ear. A .22 caliber pistol lay near his right hand.

Mysterious Aspects

Officers said the affair presented a number of mysterious aspects. No notes were found. The

Africa Will Head Journalism School Printing Laboratory

Henry Africa, lecturer in journalism, has been named head of the newspaper production laboratory in the SUI school of journalism. Leslie G. Moeller, director, announced Tuesday.

Africa has been on the faculty of the school since 1948 as a staff member in the laboratory. At the time of his appointment he was editor and publisher of the Rockwell Tribune. He had become owner of the paper in 1940. Before going to Rockwell he had worked on newspapers in Iowa and Colorado for more than 20 years.

A column by Africa on mechanical and backshop problems appears each month in National Publisher, magazine of the National Editorial association, with more than seven thousand weekly newspaper publishers as members.

Africa will also teach the newspaper production course in the school of journalism. In his new post Africa will replace James Morrison, who has accepted a position at the University of Nebraska.

World News Briefs

A Condensation of Late Developments

SEOUL (AP) — More than 200 persons were injured Wednesday when a locomotive blew up and three coaches were derailed in a Seoul suburb. First reports made no mention of any dead. Eighth army headquarters said 10 amputations were performed at the scene. The train was crowded with Korean workers and children. It was not reported immediately whether any U.S. or Allied personnel were among the casualties.

BRIDLINGTON, ENG. (AP) — Bouncing wreckage from a plane crash Tuesday killed Mark Harrison as he worked in a field—the same way his father died a few years ago. The pilot, also killed, was flying officer Anthony Ellwood, 29, son of Royal Air Force Air Marshal Sir Aubrey Ellwood. The plane, a jet fighter, struck the ground and was torn to pieces while Ellwood was making a low level run over the countryside.

WASHINGTON (AP) — The state department Tuesday denied a report that an American admiral asked Marshal Tito to let U.S. war planes use Yugoslav air bases. Press officer Michael J. McDermott told a news conference that George Allen, American ambassador to Yugoslavia, has cabled the state department: "There was no discussion of the use of Yugoslav bases."

AN AIRFIELD IN KOREA (Delayed by censor) (AP) — Six Marine Panther jets, returning from a combat mission in heavy overcast, smashed into neighboring peaks in South Korea at dusk last Thursday while attempting to find a friendly air force field. All six pilots were killed, air force officers said. The dead included 2d Lt. Richard Lee Roth, 21, Lockridge, Ia.

ROTC Soundproofs Classrooms

THE AIR FORCE UNIT OF THE SUI ROTC detachment has been soundproofing several of their classrooms and offices in the field house armory this summer. Originally the university awarded them a sum of money to take care of just a few rooms. But SUI air force personnel have economized by doing the work by themselves. Col. G. W. Bosch, (right) professor of air science and tactics at SUI, estimated that by doing the work themselves, they saved the university one-third of the cost and were able to soundproof several more rooms than originally planned. Pictured above working on one of the rooms are (left to right) Lt. Col. R. W. Arrowood, associate professor of air science and tactics; M. Sgt. Joe Tamok, air science assistant, and Colonel Bosch.

Allied Pilots Destroy 4 MIGs To Set Record Total of 46

SEOUL (AP) — Sabre jet pilots, possibly equipped with a deadly new combat device, shot down Tuesday 45 Communist MIGs Tuesday eclipsing all records for enemy planes destroyed in a single month.

U. S. fifth air force headquarters announced its pilots had blasted 45 Russian-built jets in confirmed kills thus far this month. A carrier-based marine pilot added one to make the total 46. Four other pilot claims are pending. The old record was 44 in April.

Other confirmed claims for the month included three MIGs probably destroyed and 37 damaged for a grand total of 86 MIGs destroyed or damaged.

Belle Plaine Club To Hear Speeches By SUI Faculty

Four faculty members from the SUI school of journalism and the department of marketing in the college of commerce will appear at the annual meeting of the Belle Plaine Commerce club Thursday.

They will present a program on merchandising and trade development. Speakers will include Prof. Leslie G. Moeller, head of the school of journalism, as moderator, and Prof. Ellis H. Newsome of the school and the department of marketing, who will discuss advertising from the standpoint of the individual merchant and of community promotion.

Jean Purnoy of the marketing faculty will talk about trade area development, and about surveys by the SUI bureau of business and economic research. Prof. William A. Knoke, also of the department of marketing, will speak on "The Role of the Retailer." He will stress the economic place of the retailer and the importance of the physical environment in which he operates.

To Announce U. S. Losses

Allied losses for the week will be announced Saturday. For the first 12 days of September, however, the air force announced two Sabre jets and three slower F-84 Thunderjets shot down in combat and six others lost by other causes.

An additional six marine Panther jets crashed into two mist-shrouded South Korean mountains Sept. 11 while returning from a combat mission. U. S. officers disclosed Wednesday.

2 SUI Graduates Get Officer's Wings After Jet Training

Two SUI graduates completed jet pilot training at Bryan air force base, Bryan, Tex., Saturday. Lts. Donald F. Fryauf, son of Mr. and Mrs. Frank Fryauf, Iowa City, and Robert D. Robertson of Boone, both received their wings at the ceremonies.

SUI to Inaugurate Television Series

SUI will inaugurate a new series of 36 weekly half-hour shows over station WOC-TV, Davenport, on Oct. 5, John Ross Winnie, university chief of television production, announced Tuesday.

The university series, to be presented on Sunday afternoons, will include dramatic and musical productions, and discussions on topical and social matters. The programs will illustrate the work of SUI and of the state, Winnie said.

Quicker Test For Drunkenness Discovered

ATLANTIC CITY (AP) — Development of a new and rapid blood test for drunkenness was announced to the American Chemical society Tuesday.

A check on alcohol concentration in the blood can be run in about 25 minutes compared with longer periods ranging up to several hours under older methods, reported Dr. Irving Sunshine and chemist Robert Nenad of Western Reserve university, Cleveland, O.

Aid to Officers — They told the society's 122d national meeting the new test not only offers aid to law enforcement agencies and hospitals in cases of alcohol in the sample is determined by studying the green solution with an "electric eye" device — or comparing its color with

Ike Prepares For AFL Speech After Big Midwest Reception

McCarthy Foe Asks Support Of Stevenson

SPRINGFIELD, ILL. (AP) — Gov. Adlai E. Stevenson questioned Tuesday night whether anyone has true freedom of speech "when not only his views but his very reputation are subjected to irresponsible, distorted attack by others."

The Democratic presidential nominee raised the point in a Constitution day statement shortly after he had conferred with Thomas Fairchild, Democratic opponent of Republican Sen. Joseph McCarthy in Wisconsin's U.S. senate race.

Has Good Chance

After the conference, Fairchild told newsmen he has "a very good fighting chance" to win in November over McCarthy, who has kicked up a national controversy with his charges that Communists and Red sympathizers have worked their way into government jobs.

Fairchild declined to say whether Stevenson shares his optimism about winning over McCarthy in November. He said the Illinois governor would have to speak for himself on that.

In his statement issued in connection with the observance of Constitution day today, Stevenson named no names in denouncing "irresponsible, distorted" attacks on character and reputation.

Invited Stevenson

Fairchild told a news conference he had invited Stevenson to campaign in Wisconsin.

Did that mean, a reporter asked, that Fairchild came away hopeful that Stevenson would go into the state.

"That is a good interpretation," he replied with a grin.

Fairchild said the total on "non-McCarthy" votes in last Tuesday's primary — votes cast for McCarthy's Republican opposition as well as the votes for Democratic candidates — was 44 per cent of the grand total cast in the primary.

2 SUI Graduates Get Officer's Wings After Jet Training

Two SUI graduates completed jet pilot training at Bryan air force base, Bryan, Tex., Saturday.

Lts. Donald F. Fryauf, son of Mr. and Mrs. Frank Fryauf, Iowa City, and Robert D. Robertson of Boone, both received their wings at the ceremonies.

Fryauf is now in Iowa visiting his parents in Iowa City.

He was called to duty after graduation in 1951 and applied for pilot training. Then he received primary flight training at Greenville air force base, Greenville, N.C., and then went to Bryan air force base, where he learned to fly jets.

After his 30-day leave he will report to the American defense command base at Valdosta, Ga. where he will enter all-weather night fighter jet training.

Robertson entered flight training 13 months ago. After completing his primary schooling, he was assigned to Bryan last April.

A 1950 SUI graduate, Robertson was also granted a 30-day leave before reporting to Moody air force base, Ga. for instrument training.

He Ain't What He Used to Be

LIMA, O. (AP) — Open letter to a near-sighted squirrel hunter:

Dear Sir: Old Grover is a horse, not a squirrel. He is a quiet animal that likes nothing better than to graze on the farm of J. A. Mawhour, southeast of Lima.

Squirrels are little animals. Old Grover is a big animal. In your near-sightedness Monday, sir, you confused Old Grover with a squirrel. First you unloaded some No. 6 shot into Old Grover's left front quarter.

This convinced Old Grover that you came with no good intentions. So, he started to get out of there faster than he's moved for years. The only trouble was, he couldn't move as fast as a squirrel, so you unloaded another dose of No. 6 shot into Old Grover's east end. Old Grover was moving west at the time.

You sort of got Old Grover coming and going, as it were, making him the hunting season's first casualty.

Northern Coal Mine Shutdown May Increase South's Output

WASHINGTON (AP) — Industry sources said Tuesday a big spurt in southern coal production can be expected beginning next week if John L. Lewis goes ahead with his threatened shutdown of northern mines next Monday.

The Dixie mines, operating now only two or three days a week, probably will go to a full five-day week's production if the northern mines are shut down.

Lewis has staggered the contract expiration dates of his United Mine Workers union so that the agreements end next Saturday for members of the Bituminous Coal Operators association, representing the bulk of the northern mines, while pacts with the Southern Coal Producers association end 10 days later, on Sept. 30.

Take Advantage

Members of the southern association, it was reported Tuesday, generally plan to take advantage of the situation to make money while they can.

The southern group, however, expects a strike on Oct. 1 if no agreement can be reached with union leader Lewis by then, or if no agreement has been reached between the union and the northern operators.

It is traditional in the industry that when one large group of mine owners signs up with Lewis, the other operators quickly come to the same terms, because each group fears losing its customers to a rival.

Turn Down Demands

The northern operators have turned down demands from Lewis which, according to reliable industry sources, call for a \$1.80 daily pay boost for miners, a 10 cent increase in the royalty for the union's welfare fund, and a 15-minute cut in the work day.

The miners now get a \$18.35 basic daily wage, a 30 cent royal-

200,000 Greet GOP Nominee In Twin Cities

NEW YORK (AP) — Gen. Dwight D. Eisenhower flew back to New York Tuesday night, in preparation for Wednesday's address to the AFL convention. In doing so he interrupted a 12-day tour which Tuesday brought him a triumphal ticker-tape reception in St. Paul and Minneapolis.

His chartered plane landed at La Guardia airport at 7:20 p.m. (Iowa time).

Blizzards of ticker tape and confetti showered upon Eisenhower during his visit to the Twin Cities. 200,000 Line Streets

Police estimated more than 200,000 persons lined the streets and hung out of windows to see the tan suit-clad general, waving and smiling, get one of the biggest receptions a Republican ever received in the normally Democratic Twin Cities.

The Republican presidential nominee wound up two days of whistle stop campaigning in Indiana, Illinois and Minnesota by telling a crowd of 12,000 persons at the state capitol in St. Paul that he is convinced that people want a change in administrations in Washington.

Eisenhower told the applauding Capitol Plaza crowd he had found administration "fumbling" on foreign affairs the chief concern of the people he met at the "whistle stops." He accused the Democratic administration of "frittering away" the peace gained on the battlefields.

School Children Chant "We want Ike" at strategic points on the route from St. Paul to the Twin Cities airport. Kids paced his slowly moving car, pelting the general with streamers and multi-colored confetti.

The general's party made a brief stop at the University of Minnesota, where Eisenhower met members of the Minnesota football team and chatted with Athletic Director Ike Armstrong and head coach Wes Fesler.

The GOP presidential nominee spoke from steps under the capitol dome just before boarding a plane to fly back to New York.

He will rejoin his 18-car train Wednesday night in Davenport, after winging back from New York.

Eisenhower hit St. Paul after making 17 speeches across Indiana, Illinois and Minnesota in the first two days of his attempt to return the midwest to the Republican fold.

Eisenhower's wife, Mamie, was given as big a cheer as her famed husband when she was introduced to the crowd here. From the railroad station to the capitol, the general and his wife were greeted by confetti and applause from crowds lining the streets and peering from office windows.

Cities Need for Change — The general told the crowd at the capitol that reaction to his "whistle stop" talks convinced him the American people believe it is time for "change of leadership" in Washington.

A crowd of 9,000 college students packing nearly every seat of the stadium gave Eisenhower a vociferous welcome led by cheer leaders.

New Texas Party Fails to Place Ike On November Slate

AUSTIN, Tex. (AP) — Use of the Democratic label or any variation of it for Dwight Eisenhower on the Texas general election ballot was prohibited by Dist. Judge Jack Roberts Tuesday.

He granted a temporary injunction forbidding the secretary of state to certify Eisenhower's name as the presidential candidate for the recently-formed "Texas Democratic party."

The party was organized in an effort to give Texas Democrats who oppose Democratic nominee Adlai Stevenson a chance to vote for the Republican nominee in some kind of Democratic column.

Airman Loses Custody Suit

PRINCIPALS IN THE CUSTODY and fatherhood court dispute over 5-year-old Richard Luverne Phillips (right center) appear at the city laboratory at Sioux City for blood tests to determine which of the two men could have been the father of the child. Tuesday afternoon the court awarded the boy to Glenn Phillips (right), bottling company employe at Sioux City, after he and Wilmer Johnson (second from left) Omaha airman, agreed to let the court decide who should have the custody of the child.

UNIVERSITY CALENDAR

UNIVERSITY CALENDAR items are scheduled in the President's office, Old Capitol

Thursday, Sept. 18
8:00 a.m. — Beginning of Orientation for new students in liberal arts and nursing.
7:30 p.m. — "First Nighter" program for new students, Iowa Union.
Friday, Sept. 19
8:00 a.m. — Beginning of Orientation for all other new students.
7:30 p.m. — Play night for all new students, field house.
Saturday, Sept. 20
8:00 p.m. — Open house for all new students, Iowa Union.
Monday, Sept. 22
8:00 a.m.-5:00 p.m. — Registration, field house.
7:00 p.m. — All new women students meet in Macbride prior to going to selected faculty homes for social hour.
7:15 p.m. — Coaches "Greeting Meeting" for all new MEN students, Iowa Union.
Tuesday, Sept. 23
8:00 a.m.-5:00 p.m. — Registration, field house.
7:30 p.m.-10:30 — President's reception for all new students, President's home.
Wednesday, Sept. 24
8:00 a.m.-12:00 — Registration, field house.
2:00 p.m.-5:00 p.m. — Informal dance, for all new students, Iowa Union.
7:30 p.m.-10:30 — President's reception for all new students, President's home.
Thursday, Sept. 25
7:30 a.m. — Opening of classes
8:20 a.m. — University induction day ceremony, west approach to Old Capitol.

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

MEETING FOR ALL MEN'S orientation group leaders will be held Wednesday at 10:30 a.m. in Shambaugh lecture room in the main library. Orientation kits will be distributed and group leaders will be briefed on program.

FULBRIGHT AWARDS FOR the academic year 1953-54 in Europe, the Near East, Japan, Pakistan, and the Union of South Africa have been announced by the Conference Board of Associated Research Councils, Committee on International Exchange of Persons, 2101 Constitution Ave. N. W., Washington 25, D.C. Applications may be obtained from the above address and must be mailed no later than October 11. A Fulbright Agreement was signed with Germany on July 16, and it is possible that awards will be offered for the coming year.

ORIENTATION GROUP meetings for transfers and freshmen will be held Thursday at 9:30 and 10:30 a.m. respectively. Meeting rooms will be assigned.

FIRST NIGHTER PROGRAM will be held at the Iowa Memorial Union for all new students Thursday from 7:30 to 8:30 p.m.

SPORTS AND PLAY NIGHT for all new students will be held Friday from 7:30 to 12:00 p.m. at the field house.

AUDITIONS FOR MEMBER-ship in football and concert bands will be held in room 15, Music Studio building daily from 9 a.m. to 5 p.m.

THE MR. AND MRS. CLUB of the First Presbyterian church will have its first potluck supper Friday at 6:15 at the church. All interested couples are invited to attend. Bring a dish to share and your own table service. Be sure to bring the children.

THERE WILL BE A GENERAL meeting for all persons interested in all phases of radio Tuesday, Sept. 23 and Thursday, Sept. 25 at 7:30 p.m. in Studio E of WSUI (Engineering building).

Tax Man Indicted

DANIEL A. BOLICH, former No. 2 man in the U.S. Internal Revenue Bureau, who resigned during a congressional inquiry under 20 years of service, is under indictment in New York on charges of evading his own income taxes. The indictment says he reported \$54,771 income for years 1946-50, but actually had an income of \$83,314. Bolich is the man who lived in a \$20-a-day Washington hotel suite 18 months with the bill being paid by Henry Grunewald.

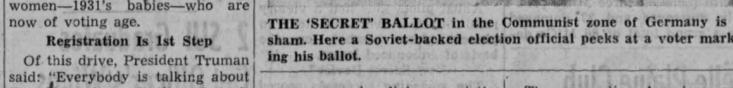

Texas Panhandle

GOP, Demos Endorse Nationwide Non-Partisan Register-Vote Drive

(EDITOR'S NOTE: This is the second of a series on the 1952 drive by private and business organizations to awaken Americans to the need of voting on Nov. 4.)

By Central Press
For the first time in history, the Republican and Democratic national committees have united in approval of a non-partisan drive to bring out voters on a national scale.
This campaign is spearheaded by the American Heritage foundation in New York City. The announced goal is first to get some 30 million missing eligible voters on the registration lists. Secondly, the drive aims at a national vote of 63 million out of a possible 95 million.
An important segment of Americans in this registration appeal is the two million men and women—1931's babies—who are now of voting age.
Registration is 1st Step
Of this drive, President Truman said: "Everybody is talking about the November election, but it seems to me they are putting the cart before the horse. The first order of business is registration. This is something that all Americans ought to think about right away."
By materially raising the 51 per cent vote of the 1948 elections, it is emphasized that individual Americans can do their part in showing the world that the enemies and critics of freedom are wrong in their favorite argument—that democracy is a failure because the hard-won right to self-government is not highly valued and regularly used in the nation which claims to have "government of, by and for the people."
Boy Scouts to Help
The merit of the 1952 non-partisan campaign to get out the voters is attested by the organizations pledged to help. Boy Scouts have plans to distribute 30 million doorknob vote reminders.
"Pledge-to-vote" cards will be circulated by the American Legion. Veterans of World War II will hand out sample ballots. Veterans of Foreign Wars have their own campaign set. Jewish War Veterans will hold high school essay contests on the need to register and vote.
The General Federation of Women's Clubs is suggesting to 11 million members that they launch non-partisan discussion groups of election issues. Fraternal organizations, service clubs, chambers of

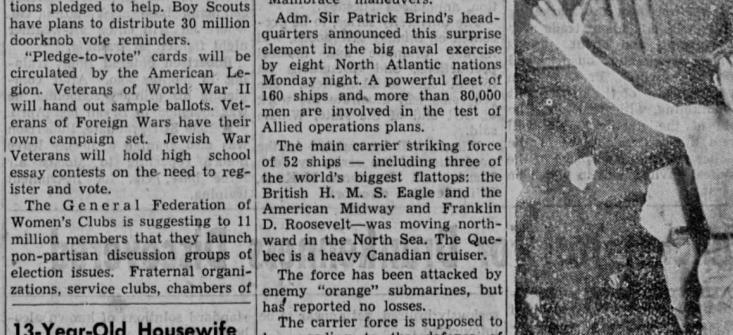

THE 'SECRET' BALLOT in the Communist zone of Germany is a sham. Here a Soviet-backed election official pecks at a voter marking his ballot.

commerce and religious societies are stressing other phases of the duty to register and vote.
Voting Right Is Treasure
"The privilege of voting," said President Truman, "is one of the most treasured rights on earth, as those who live in totalitarian countries can testify. But we cannot have a big vote in this country without a big registration."
The non-voting American, who figures that nothing can happen to his personal liberty, has but to remember that in 1932 pre-Hitler Germany, 80 per cent of an eligible electorate cast a free vote. Despite that showing (America's in that year was less than 50 per cent), Nazi totalitarianism swiftly put an end to the unfettered franchise.

Maneuvers Begin in North Sea

OSLO, Norway (AP) — The "enemy" raider Quebec has broken into the open sea from the Norwegian port of Narvik and is searching for an international task force of aircraft carriers steaming toward the Arctic, in NATO's "Mainbrace" maneuvers.
Adm. Sir Patrick Brind's headquarters announced this surprise element in the big naval exercise by eight North Atlantic nations Monday night. A powerful fleet of 160 ships and more than 80,000 men are involved in the test of Allied operations plans.
The main carrier striking force of 52 ships — including three of the world's biggest flattops: the British H. M. S. Eagle and the American Midway and Franklin D. Roosevelt — was moving northward in the North Sea. The Quebec is a heavy Canadian cruiser.
The force has been attacked by enemy "orange" submarines, but has reported no losses.
The carrier force is supposed to be speeding to the defense of NATO's northernmost member, Norway, as well as to the aid of Denmark "menaced" by an enemy who theoretically has conquered much of continental Europe in a month.

BLINDED BY TEAR GAS, Charles Marshall, 23, emerges from a public garage where he and two companions fought it out with police in Hollywood, Calif. The trio had been chased there after a wild car ride through central Hollywood. In the right background one of the trio, Eileen Wilde, 20, is grabbed by police. The three were booked on suspicion of armed robbery.

Sioux City Withdraws Funds of Nurses' Group

SIoux CITY (AP) — The Woodbury county board of supervisors and the city council Monday evening sentenced the 43-year-old Visiting Nurses association (VNA) of Sioux City to death.
The two groups, meeting behind closed doors, decided to withdraw all financial support from the organization effective Sept. 30 and to set up a "city-county health unit" with substantially the same functions as that of the VNA.
They placed Dr. Charles P. McHugh, city health physician in control. Mayor Ralph Henderson said the doctor would be "requested to supervise the unit upon his return from out of town."
Follows VNA Resignation
The announcement by the two groups came less than seven hours after the board of directors and officers of the VNA announced they would resign "in protest" effective Sept. 30.
The mass resignation of the VNA was submitted to county and city officials Monday morning. As a protest against the county's plan to cut off future funds and against John Lynch, city sanitarian, who the directors of the VNA claimed had attempted to take control of the organization.
Sign Own "Death Warrant"
Despite the fact that they reserved the right to reorganize in the future, the VNA by its resignation apparently had signed its own "death warrant."
The county supervisors had told

Episcopal Bishops Warn Churchmen On Catholic Law

BOSTON (AP) — Protestant Episcopal bishops cautioned church members Monday against agreeing to the Roman Catholic law requiring children of a "mixed marriage" to be brought up as Catholics.
But the House of Bishops failed to approve an amendment to Episcopal church law calling on Episcopalians as a matter of duty to refuse to enter into any such premarital agreement.
The bishops referred the amendment to a committee headed by Bishop Stephen F. Bayne Jr. of Olympia, Wash. He reported the committee was against the proposed addition to Episcopal marriage law.
However, he called attention of all Episcopalians to a resolution adopted by the House of Bishops and the House of Deputies at the last general convention three years ago.
That measure warned "against contracting marriages with Roman Catholics under the conditions imposed by modern Roman canon law, especially as these conditions involve a promise to have their children brought up in a religious system which they cannot themselves accept."

Horse Meat Trials Scheduled to Open in Illinois Sept. 29

ROCK ISLAND, ILL. (AP) — States Atty. Bernard J. Moran said here Monday that the horse meat conspiracy trials of four men will head the docket for the court term scheduled to open here Sept. 29.
Moran said arraignments of Matt Klaersch, Oak Park, Ill., and Robert J. Klotz, Charles Koeman and Meyer Ditlov, all of Chicago, would be completed probably by tonight.
Moran said Oct. 13 has been set as the tentative trial date for Frank and Morris Balkan, operators of the Balkan Packing company of East Moline who have pleaded innocent to conspiracy charges and waived jury trial.
He also said no trial date has been set for Joseph Siciliano and Russell Menna, both of whom pleaded innocent to conspiracy but did not waive jury trial.
All of the cases grew out of the Illinois "horse meat scandals."

2 Officials Indicted in Attempted Fraud

WASHINGTON (AP) — A former agriculture department official and an Egyptian cotton importer were indicted Monday on charges of conspiracy to defraud the United States.
The two are:
Clovis D. Walker, who resigned last May 5 as director of the cotton branch of the agriculture department's production and marketing administration.
Loutfy Mansour, cotton importer now reported to be at his home in Egypt.
The federal grand jury indictment charged there was a conspiracy for Walker to furnish secret and confidential information to Mansour relating to the purchase of Egyptian long staple cotton by the United States government.

3 Ex-Iowa Bandits Captured After Gun Battle in Hollywood

HOLLYWOOD (AP) — Two snarling Iowa bandits and their girl companion were captured Monday by police who fired 10 tear gas shells and 30 rounds of ammunition at the trio, trapped in a cavernous auto storage garage in the center of Hollywood.
Police said the trio admitted stealing the garishly painted green and white taxi in which they were riding when officers attempted to question them. They were identified as:
Cab Stolen in Nevada
Floyd Cadwell, Jr., 25, George Marshall, 23, and Miss Eileen Wilde, 19. The cab was reported stolen in Las Vegas, Nev., by three persons who slugged and robbed the driver.
Police said Cadwell was recently released in Iowa after serving five years for auto theft. The investigators said Marshall also has a criminal record in Iowa.
The chase here sped along a twisting route through Hollywood

England May Oppose Attempt to Unify Europe

By J. M. ROBERTS JR.
Associated Press News Analyst
There is considerable doubt among the men who are pushing plans for a confederation of Western Europe that they are going to have complete British cooperation.
Some of them see Anthony Eden's effort to tie the Schuman plan and the European defense community into the European consultative assembly as weakening their own drive toward political union.
They fear Britain really wants to continue her traditional policy of making herself the fulcrum in the European balance of power. The assembly action in approving the Eden idea in principle has little bearing on the ultimate outcome of this fear.
No Ties to Schuman Plan
Britain is not a member of the coal and steel community established under the six-nation Schuman plan, nor of the European defense community, the unified army plan which now awaits parliamentary ratification by the same six powers.
She is a member of the Consultative Assembly, and thus would gain some voice if that organization became the parent body of the regional military and economic arrangements.
Instead, the six nations — Belgium, France, Italy, Germany, Holland and Luxembourg — have voted to go ahead on their own toward an entirely new parliament of Europe, under which, eventually, political as well as military and economic interests may be unified.
Have Formed Constitution
Toward this end, they have formed a constitutional committee out of members of the coal and steel authority, with instructions to report back in March with a charter for confederation.
It seems inevitable that, as this movement progresses, the need for the consultative assembly will diminish insofar as Europe is concerned. The assembly has been valuable in defining European issues and in securing eventual joint government actions as the movement for union has been taking form.
Once that form is taken, Britain and the United States will be dealing with Europe as an entity and not merely with a group of states bound together, since the war, merely by mutual fears of Soviet Russia. Where Britain now has a full voice in the consultative assembly, if it is dissolved into a real parliament her formal connection will be reduced to a military one through joint membership, along with the EDC, in the North Atlantic Treaty organization.

Congressmen Ask Shorter Duty Tours For Isolated Soldiers

WASHINGTON (AP) — A house armed services subcommittee, just back from inspection of 30 Pacific and Alaskan military and naval bases, Monday recommended shorter tours of duty for servicemen at isolated posts.
Rep. Clark Fisher (D-Tex.), acting chairman of the 11-member group which returned late Sunday from Japan, issued a report generally commending the military forces but criticizing rotation practices.
Tours Too Long
"The tours of duty by servicemen, particularly in some of the more isolated posts, appear to the committee to be too long," said the Fisher report.
The committee made mention of economy moves of the armed services.
"We found an increasing amount of cost consciousness in connection with the vast construction program," said the report.
Asian Record Good
"In Korea, Okinawa and Japan a noteworthy record is being made in the rebuilding and rehabilitation of worn and damaged material and equipment."
The committee expressed gratification to find in Korea and the Far East that "the alleged shortages of ammunition were by no means as critical as have been rumored."

13-Year-Old Housewife Has 8-Pound Daughter

NASHVILLE, Tenn. (AP) — A 13-year-old Nashville housewife gave birth Sunday night to an 8-pound 2-ounce daughter at St. Thomas hospital where technically she is too young even to visit the maternity ward.
Mrs. Eugene King became the youngest mother in the hospital's history.
"I'm happy, but I don't want any others real soon," said the young mother, who last year quit the seventh grade to marry an 18-year-old filling station attendant after a year's courtship.

MAGAZINE EDITOR RESIGNS

DES MOINES (AP) — Hugh Curtis has been named editor of Better Homes and Gardens magazine, Ed Meredith, vice-president and general manager of the Meredith Publishing company, said Monday.
Curtis replaces J. E. Rather who resigned to take a position with a Minneapolis advertising agency. Curtis has been with the Meredith Publishing company since 1931. He is a graduate of Grinnell college.

World Back Britain

Students of the long range effects of the campaign for European union have always foreseen that eventually it would begin to run counter to traditional Brit-

Raging Typhoon Lashes Wake Island

Installations Levelled As 160 Mile Winds Rip Air Force Base

HONOLULU (AP)—A great typhoon with gusts up to 160 miles an hour hit Wake suddenly Monday driving churning seas across the whole island and smashing nearly every building there.

About 750 persons on the stepping stone for the Korean airlift fled the storm's fury by taking refuge in underground shelters the Japanese built during the war. They escaped with but two injuries reported.

The weather bureau at Los Angeles said it had received reports that Wake was hit by gusts up to 243 miles an hour. It said, if true, that probably would be a record.

Still Raining Tuesday
Last reports said torrential rains still beat down Tuesday. Wake's limited water supply was ruined when the seas rose over the island. All but 60 persons will have to be taken off by ship and plane.

The first relief plane, a Stratofreighter, took off from Hickam field heavily laden with drinking water, food and tents. Three others were following from Honolulu, another plane left Tokyo for the 12-hour flight to Wake.

When the winds subsided and the seas retreated, the 750 came out from underground and huddled in parked planes or in four steel and concrete buildings—all that remained standing after the typhoon, riding 140-mile winds, screamed out to sea.

4 Buildings Remain
The four buildings, scene of the war talks between President Truman and Gen. MacArthur in 1950, stood firm while the temporary buildings of war days were flattened by winds and 30-foot waves. The island, 2,300 miles west of Honolulu, rises only 15 feet above sea level. It was no match for the sea when the typhoon howled in from the southeast.

All afternoon the storm battered the tiny atoll. Communications went down.

Mechanic Sends Word
First word of the storm came from Jay D. Eubanks, Los Angeles, an airplane maintenance man on Wake. He revved up the generator of a grounded Pan American plane, restored its radio to life and sent a message to the navy in Honolulu.

All trans-Pacific commercial planes were temporarily halted at Honolulu, Guam and Tokyo until landing facilities were restored.

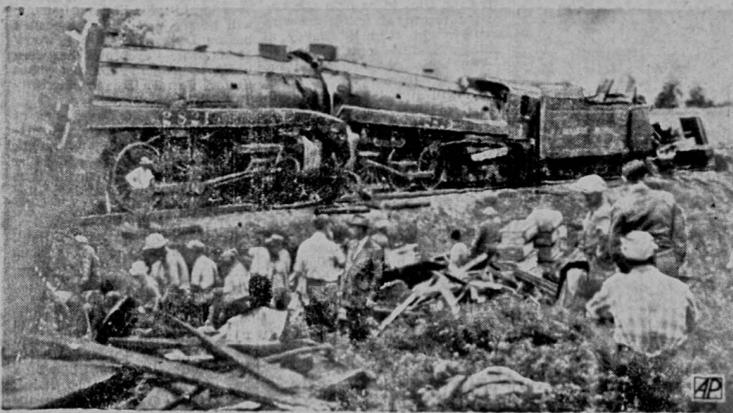

Military airlift planes were re-routed through Kwajalein, farther to the southwest.

Air Reserve Squadron Will Meet at Armory
Flight B, 9688th volunteer air reserve training squadron will hold a regular meeting tonight at 7 in the SUI ROTC armory.

Lt. Donald Mohr, manager of the Iowa City airport, will speak on airport management, and CAA flight instructor and flight rules.

Graham E. Marshall, commanding officer, announced that all air reservists in this area will be called before a personnel inventory team in Cedar Rapids between Jan. 19 and 28, 1953.

Crack Canadian Trains Collide

TWO ENGINES of transcontinental trains are telescoped after they collided on the Canadian Pacific Railway's main line at Mattawa, Ont., Monday. The west-bound train, which was due to take a siding, slammed head-on into the waiting east-bound train. Four of the crew and about 100 passengers were injured.

16-Year-Old Elopers Will End Honeymoon If Parents Desire

OMAHA (AP)—The concern of a 16-year-old bridegroom for the welfare of his bride, also 16, brought the pair of honeymooners to the attention of police here Tuesday.

The couple marked time while police awaited word from their parents.

"It is up to what the parents want," said Detective Inspector Harry Green. "If they say okay, we will let the kids finish their honeymoon."

The couple identified themselves as Dale Anderson, son of a Norman, Ill., advertising executive, and the former Patricia Hays, Bloomington, Ill. They said they fell in love during high school summer school and on Aug. 6 they ran away "to prove we could get along on our own."

Dale said they were married Aug. 8 in Epworth, Ia., and then came to Omaha where both have worked.

But Patricia said she quit last Friday.

Dale explained: "I think I am going to be a father."

They came to police attention when Dale complained to police that a couple at whose home Patricia had visited had served her a drink. "I did not think that was the right thing to do," Dale said.

John Morgan, against whom Dale made the complaint, denied it, but he was fined \$50 and costs on a technical vagrancy charge.

Notwithstanding the police station interlude, the couple claimed it all had been worth it. "We have proved that we could get along on our own without help from our folks," said Dale. "We are still very much in love. We are ready to go back home now."

City Plans More Parking Meters

Three sections of three Iowa City streets will have parking meters installed on them when an ordinance, voted on by the city council Monday night, is drawn up.

The areas are Iowa avenue between Linn and Gilbert streets, South Clinton street between Burlington and Court streets, and South Linn street for about one-half block south of Iowa avenue.

A girl was born to Mr. and Mrs. Edmund Bolk, Oxford, Tuesday at Mercy hospital.

REFUSE PILES UP

SANTIAGO, Chile (AP)—Women lifted their skirts Tuesday to step over piles of refuse which accumulated here during a five-day strike of transport workers.

Council Bluffs Official Offers 'Quickie' Court

COUNCIL BLUFFS (AP)—A "quickie" court for traffic violators who wish to plead guilty was proposed Tuesday by City Atty. David Stuart.

Its primary purpose is to cut down on the extensive and time-consuming morning docket in municipal court; to save man-hours for the judges, prosecutors and police and to alleviate the morning "jam and rush."

Stuart offered a plan where offenders arrested during the week-end business hours could "plead" immediately. The procedure would be as follows:

Pay Fine at Once
When a traffic arrest is made and a ticket issued the defendant reporting to the police station would be informed that he could dispose of the matter immediately if he wishes to plead guilty. The defendant would then be sent to the city attorney's office, where an information would then be made out and filed with a judge, the plea entered and the fine paid at once.

The procedure could only apply to daytime hours. Arrests made at night along with defendants who did not wish to plead guilty, would be handled in the usual way.

Be Convenience

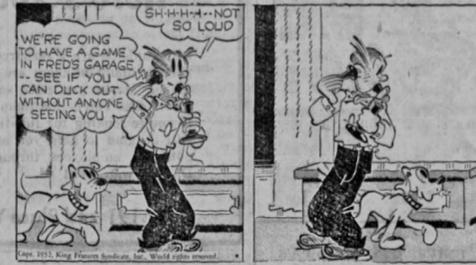

The plan would also serve as a convenience for tourists or salesmen driving through the city. At present they are required to post bond and in many cases wait overnight or return on a later date for hearing. With the exception of Sundays and holidays court opens at 9 a.m., and often lasts for two or more hours. The proposal is also the first step in a long discussed plan of municipal judges to separate traffic court hearings from the morning lineup of drunks and others charged with misdemeanors.

Stuart said Tuesday he has the approval of municipal Judge Allan Ardell and would consult with Police Chief Earl Miller.

GREATEST EXPLOSION EVER

CHAPEL HILL, N. C. (AP)—Rep. Carl Durham (D-N. C.) said Tuesday the greatest explosion in history will take place at the Eniwetok atomic weapons tests this fall if they are successful. The acting chairman of the joint congressional atomic energy committee declined to say whether the tests would involve the first hydrogen bomb.

BLONDIE

CHIC YOUNG

Government Says Farm Taxes Have Increased 5.4 Per Cent

WASHINGTON (AP)—The agriculture department reported Tuesday that farmers are paying a record of \$775 million in farm real estate taxes this year, or 5.4 per cent more than last year.

This was said to be the seventh annual increase in farm realty taxes since the end of World War II.

These taxes are levied by state and local governments.

The department said the increases reflect a need by these government agencies for more funds to meet mounting costs.

Higher prices for the things that local governments must buy, increased salaries and wages, and in some cases new undertakings were said to have contributed materially toward higher costs of operation.

A need for additional facilities to accommodate a growing population also has been reflected in larger budgets. Schools have been the biggest item in building programs. Roads have required considerable funds for upkeep and improvements.

Local Observance Of Revised Bible Planned by Group

Iowa City will hold ceremonies to celebrate the publication of the revised standard version of the Holy Bible during Christian Education week September 28 to October 5.

The Iowa City program, one of 150 planned in Iowa, will climax Tuesday evening, September 30, with an address by Dr. Paul E. Davies, professor of New Testament literature at the McCormick Theological seminary, Chicago.

The Iowa City ministers' association with the assistance of a committee made up of representatives of various educational groups will sponsor the local observance.

Lose Spanjers For Pitt Game

Coach Forest Evashevski emphasized both passing and pass defense in the Iowa football drills Tuesday afternoon. The morning practice was closed, making three straight secret sessions before Evy opened the gates to onlookers.

The Hawks spent most of their time running through passing plays. The No. 1 defensive team worked against passes in a light-contact scrimmage.

The day's heavy work was done in the morning.

Tuesday morning Evy said that Pete Spanjers, a senior defensive guard who was a regular at tackle the last two years, will miss the

Pete Spanjers
Added to Injured List

Pittsburgh game September 27 and possibly the entire season.

Bothered by a bad knee during the 1951 season and in the 1952 spring drill, Spanjers is undergoing a thorough examination at University hospitals.

The 225-pounder has been unable to function normally in fall drills because of the knee and was not being counted upon for duty in the starting lineup.

Evy has made several shifts in the defensive lineup following Saturday's scrimmage. Emmett Sawyer has shifted to left guard from left tackle with George Palmer now at left tackle and Phil Hayman at left the No. 1

right guard. This drops Cameron Cummins, left tackle; Tom Ellis, left guard, and Chuck Boothe, right guard, to the No. 2 lineup.

Several Lettermen To Play Full Time Says New Pitt Coach

PITTSBURGH — Now in the third week of practice, new head coach Red Dawson has indicated that several veterans will probably have to serve on both offense and defense.

Graduation losses, while not numerous, hurt the Panthers in key spots. Among the 11 letter-winners missing are passer Bob Bestwick and end Chris Warriner, who rewrote the Pitt aerial records last year.

However, Dawson is fairly confident that his backfield is adequate, with better running to offset any drop-off in the passing.

Mattoli Transfer

In the backfield, Rudy Mattoli and Pete Neft are running one-two at the T-quarterback spot. Mattoli spent six weeks at Kentucky in the summer of 1951, then entered Pitt. The sojourn at Lexington kept him out of varsity competition last year, but he looked good in spring drills. He has a strong throwing arm. Neft has shown good promise at running the team, can handle the ball well and is a good ball-carrier.

At left halfback is Bill Hoffman, a 190-pound sophomore, and Bill Reynolds is at right halfback. Reynolds also weighs 190 and is a third year regular. Bobby Epps, who gained 316 yards in 116 tries last year, is the fullback. He is only 5-foot, 8-inches tall, but he weighs 195.

Dick Detrick, who caught 24 passes last fall for 251 yards, is a fixture as an offensive end, but may also be used to spell off line-backer Paul Blanda. Bill Adams and Glen Dillon are battling at the other wing. Two Joes, Bozek and Zombek, currently have the defensive positions clinched.

Sophomores Top Tackles

Sophomores El Kraemer and Lou Palatella, lead the offensive tackles with transfers Bill Cessar and Dom Manzini as the top defensive candidates.

Merle DeLuca and Captain Joe Schmidt are the defensive guards with Tony Romantino and Al Smalara, who is replacing Bill Priatko temporarily sidelined with an ailing back, operating offensively. DeLuca may do double duty. Gabe Gembarosky and Stu Kline are alternating at offensive center.

Schmidt will be the middle line-backer with Blanda or Detrick functioning at his right and Ray Ferguson or George Glagola at his left.

In the defensive backfield Chet Rice and Bob Wrabley will be stationed at left and right half-back, respectively, and Henry (Model T) Ford will be at safety.

Back on the Beam Again

THIS TRIO OF DODGER sluggers grins as they pose in the Ebbets field dressing room in Brooklyn Monday after an 11-5 win over Cincinnati. (Left to right): outfielder Duke Snider, who hit two homers; first baseman Gil Hodges, who collected his 31st homer, and second baseman Jackie Robinson, who belted two homers. Tuesday night Brooklyn beat Pittsburgh, 4-2, to increase their lead to four games over New York. In that game Hodges hit his 32d homer and raised his RBI total to 102. Snider added his 20th round-tripper.

Dodgers Win, 4-2, Lead By 4 As Cubs Trim Giants, 9-0

BROOKLYN (AP) — Stout relief pitching by rookie Jim Hughes, and Joe Black featured the Brooklyn Dodgers' 4-2 triumph over the Pittsburgh Pirates Tuesday night which increased their first place margin over the New York Giants to four games.

Gil Hodges walloped his 32d home run and Duke Snider hit his 20th to pace the Dodgers' attack on loser Murry Dickson.

Hughes replaced starter Billy Loes in the fourth inning and pitched shutout ball until the ninth. With Brooklyn leading, 4-2, and the tying runs on base, Manager Charlie Dressen summoned Black from the bullpen and the brilliant fireman struck out rookie Frank Thomas to end the game.

Hughes did some masterful pitching of his own. In the fourth, the Pirates, trailing 2-0 on Hodges' second inning circuit clout with a mate aboard, had put together two singles and two walks to score one run and load the bases with nobody out.

Johnny Berardino, first batter to face Hughes, rapped to third baseman Billy Cox, who started a double play with a throw to the plate. Rube Walker took the throw and fired to first to double up Berardino. Hughes then disposed of Dickson on a fly to Snider.

Hughes allowed only two hits through the next four innings.

Hacker Chills Giants

NEW YORK (AP)—Leo Durocher gambled and lost Tuesday, and Chicago's sharpshooting Warren Hacker chilled the New York Yankees' pennant hopes by pitching the Cubs to a three-hit 9-0 victory at the Polo Grounds.

Durocher looked past his regular pitching staff and called upon a rookie southpaw, Jack Harshman, to start the important conflict.

Before the third inning had run its course, the Cubs had pushed over six runs, three of them coming on Harry Chitt's home run blast against the leftfield scoreboard.

Double disaster struck the Giants because their inspirational Negro outfielder, Monte Irvin, re-injured his right leg while fielding a hit by Bill Serena in the seventh inning.

Hacker, a control specialist, was in complete command of the situation as he confused Giant batters with an assortment of knucklers and teasing curves.

25th for Roberts

PHILADELPHIA (AP) — Robin Roberts won his 25th victory of the ebbing National league season Tuesday night as the Philadelphia Phillies gained a 4-2 decision over the Cincinnati Reds. A sixth inning triple by first baseman Eddie Waitkus with two on base was the payoff blow for the Phillies.

Roberts, who has lost only seven this year, held the Reds to five hits as he went the distance. No other National league hurler has won 25 since 1939.

Cards Sweep Braves

BOSTON (AP) — The St. Louis Cardinals pounded out six home runs, two of them consecutively by Solly Hemus, Tuesday night while sweeping a two-night doubleheader from the Boston Braves by 8-6 and 5-1 margins.

Both of the Hemus blows came in the first game as did four-baggers by Stan Musial and Larry Miggins. Dick Sisker and Hal Rice hit for the circuit in the nightcap.

Harry Brecheen limited the Braves to six hits in the afterpiece and never was in danger after the fourth inning.

Yanks Blank Tigers

DETROIT (AP) — Lefthander Bill Miller, a rookie with the poise of some of the New York Yankees' great clutch players, boosted the Yankees' pennant potential Tuesday by shutting out the last place Detroit Tigers, 7-0. He gave up three singles.

Miller, who had the 8,223 fans squirming with a hitless pitching performance until the sixth, got help from Joe Collins' and Hank Bauer's homers, each good for two runs.

Indians Keep Pace

CLEVELAND (AP) — A double by Larry Doby with two out in the 10th scored the winning run for the Cleveland Indians Tuesday night as they beat Washington 4-3 to stay within 2½ games of the

league leading New York Yankees. Mike Garcia, who pitched the full game for his 21st victory against 10 defeats, led off the Tribe half of the 10th with a single, but was erased on a double play grounder by Dale Mitchell. Bob Avila then singled to deep short, and crossed the plate with the winning marker on Doby's two-bagger.

ChiSox, A's Split

CHICAGO (AP)—A two-run homer by Eddie Robinson, a pair of doubles by rookie Rocco Krsnich and a cluster of three hits by Sherm Lollar helped the Chicago White Sox to a 7-1 closing triumph over Philadelphia Tuesday night after the Athletics had won the doubleheader opener 2-1. The split kept Chicago in third place by a 1½ game margin.

Dave Philley, a former White Sox outfielder, homered in the seventh for the second hit off Billy Pierce to touch off the A's opening victory.

Krsnich's homer in the eighth accounted for the Sox only run.

Boston Tips Browns

ST. LOUIS (AP) — Reliever Ellis Kinder protected a fast-fading seven-run lead Tuesday night to give Boston's Red Sox a 11-7 victory over the St. Louis Browns that moved the Sox into an undisputed fifth-place position in the American league.

May Hand Ex-Collegian 1st Pro Defeat— Favor Graziano Over Davey

CHICAGO (AP) — It'll be a war-club against a rapier as former middleweight champion Rocky Graziano tries to bash in the unbeaten record of will-o-the-wisp welterweight Chuck Davey at Chicago Stadium tonight.

The nationally televised and broadcast 10-rounder (8 p.m., CST) will attract upwards of 12,000 lured by the first test of clever southpaw Davey against a real slugger in 37 pro fights.

At 149, Davey will spot Graziano 10 or 12 pounds. The Rock must weigh in at 158, but figures to be 160 or over in the ring.

Rocky Favorite
Graziano, who floored Sugar Ray Robinson but then was knocked cold by the middleweight champ in the same arena last April 16, was an 8½ to 5 betting favorite.

Graziano hasn't fought since that third-round knockout by a

furious Robinson. At 30, Graziano is regarded by some experts as over the hill. Finding out how far will be the problem of the slick boxing Davey, who has a worry of his own — eyebrows that were badly lashed in his last bout against Carmen Basilio here July 16.

The 26-year-old Davey, one of the best boxers in collegiate history for Michigan State, caught Ike Williams on the way out last March 26 and battered the once great lightweight champ into utter helplessness.

32d Pro Fight
That was Davey's 32d pro fight, but only his first against a name

opponent. Graziano's attack plan is simple. "He can't hide and I'll catch up with him and knock him out within five," predicts Rocky.

A victory over Graziano would line up a shot for Davey against welterweight king Kid Gavilan. The sandy-haired ex-collegian never has been knocked off his feet.

"I don't think Graziano can send me down," said Davey. After all, you can't hurt what you can't hit."

Yankees' Reynolds Top Pitchers in ERA

NEW YORK (AP) — Relief specialist Hoyt Wilhelm of the New York Giants, who has not started a game all season, and dependable Allie Reynolds of the Yankees, who has hurled 22 complete games, boast the most impressive earned run averages in the major leagues Tuesday.

Statistics compiled by The Associated Press show that Wilhelm, a rookie knuckle-ball artist, has allowed 40 earned runs in 148 innings to lead the National league with a 2.43 ERA.

Reynolds, a veteran right-hander, tops the American league in earned run effectiveness with a 2.15 mark, having permitted 54 earned runs in 226 innings. Figures include Monday's games.

Warren Hacker of the Chicago Cubs is runnerup to Wilhelm with a 2.48 average. The Cubs' right-hander has given up 45 earned runs in 163 innings.

Karl Drews of the Phils ranks third with a 2.59 ERA.
