Demo Official Rips Proposed GOP Campaign

SPRINGFIELD, Ill. (AP)—George Ball, national executive director of the Volunteers for Stevenson, said Wednesday the Republicans are planning a \$2 million "political soap suds" campaign on television and radio to elect Gen. Dwight D. Eisenhower.

Ball said the campaign will be based on a document, "prepared for the Republican high command," stating that Eisenhower, the GOP presidential nominee, can count on only 30 "sure" electoral votes. That is 236 short of the 266 needed to win in November.

The document Ball made public also states: "According to the best current data available, the Democrats lead the Republicans in potential electoral strength by 180. If they take New York, they have an excellent chance to get the necessary 267 basic votes to clinch the election."

Ball spoke at a luncheon rally of Volunteers for Stevenson workers from 29 states. The volunteer organization's efforts are being directed mainly toward winning independent voters to the support of Gov. Adlai E. Stevenson, the Democratic presidential candidate.

Ball told his audience the Republicans are planning a "blitz" TV-radio campaign during the three weeks before the election. It will be concentrated, he added, in 49 key counties in 12 states and will cost \$2 million.

"The air will be thick with political soap suds and goopy with tasteless bubble gum," Ball declared, touching off a roar of laughter. He said further:

Not Usual Campaign
"They have conceived not an election campaign in the usual sense, but a super colossal, multi-million dollar production designed to sell an inadequate ticket to the American people in precisely the way they sell soap, ammoniated toothpaste, hair tonic or bubble gum."

Ball distributed to his listeners what he called "an actual 50-page description of the campaign prepared for the GOP high command and to be executed by three big advertising agencies."

In his speech, Ball said nothing about who prepared the document or how he obtained a copy of it. And the volunteers had several shifting accounts of how they got hold of it.

Includes 3 Agencies
The text of Ball's speech, distributed to newsmen in advance, said the document had been prepared for the GOP high command by three advertising agencies.

Porter McKeever, publicity man for the volunteers, told newsmen shortly before Ball spoke that this was wrong — that it was prepared by a New York advertising man as a "labor of love" for Eisenhower. Still later, McKeever said he had been in touch with the advertising man by telephone and had been authorized to announce his name—Michael Levin.

In New York, Levin acknowledged being author of the document—he called it a memorandum and a political study—and said it was not written as a partisan document.

Sees 62 Critical Areas
He said the study reaches the conclusion that whichever party wins 62 critical counties in a dozen key states will win the election. The document released here mentions only 49 counties, and there was no immediate reconciliation of the figures.

In his speech, Ball said the Stevenson volunteers organization is flat broke—and that it managed just in nick of time to get together \$55,000 to pay for a nationwide radio and television speech which Stevenson made from Chicago Monday night.

Interlude

"I think I could live on a senator's salary, don't you, professor?"

Acheson Tells Probe Of 15 Attending Red 'Peace' Conference

WASHINGTON (AP)—Secretary of State Acheson said Wednesday the state department is investigating some 15 Americans attending the Communist-sponsored Asia "peace" conference at Peiping, which he termed an "obvious propaganda operation."

Any who may have obtained passports by fraud or misused these documents is subject, he noted, to stiff fines and prison terms.

The conference, which opened Thursday, was expected to make the United States a target of propaganda attacks. Acheson told his news conference that it would deceive nobody.

Since last May 1, all passports authorizing travel abroad have been stamped "not valid for travel in China." State department records indicate that several of the 15 American delegates thus far identified stated in asking passports that they planned only tourist travel to Western Europe or Japan. Statutes carry penalties of up to \$2,000 in fines and five years in prison for persons making false statements on applications, or misusing passports.

Acheson refrained from any specific threat of prosecution.

Judge Rules out Dances In California Cemetery

OJAI, Calif. (AP)—The Cemetery Drag had brief popularity but it gave way Wednesday to the Superior Court Lowdown.

Judge Walter J. Fount told 23 teen-agers and 15 parents that dancing in the moonlight in the cemetery must cease.

The youngsters, rounded up by police, said they went in for tombstone tangos and some beer drinking just as a lark.

The judge said he'd help improve recreation facilities in town, but "a repetition of this incident is strictly out."

FUND DRIVE PLANNED

WATERLOO (AP) — Democratic county leaders from Iowa's first four congressional districts will meet here today to lay plans for a fund raising campaign designed to obtain \$5 from small contributors.

Make It Legal

SHERMAN, TEX. (AP) — A certificate recording Dwight Eisenhower's birth in Denison on Oct. 14, 1890, was filed Wednesday in the Grayson county clerk's office.

Nobody had bothered to make out a certificate when the Republican presidential candidate was born in nearby Denison.

A copy of the certificate filed Wednesday was mailed to Mrs. Eisenhower in Denver. Eisenhower's elder brother, Arthur, signed the certificate. It was also signed by Grayson county Judge J. N. Dickson and attested by county clerk J. C. Buchanan.

2 Meat Packing Unions Continue Chicago Talks

CHICAGO (AP) — Two meat packing unions continued negotiations Wednesday in Chicago with representatives of the Cudahy Packing company and Armour & Company. One of the labor groups signed an extension of contract, stalling a possible strike.

A spokesman for Armour said an extension of an old contract with the AFL Meat Cutters union was signed Wednesday, pending further negotiations. The AFL union's old contract expired Aug. 11.

The Meat Cutters had notified its members employed by Armour they would strike Wednesday, unless an extension was signed.

The union claims 5,000 employe-members in 12 Armour plants. It says major issues in the bargaining are premium pay for Saturday work and an insurance program which includes hospitalization and medical care.

Meanwhile, Federal Conciliator Charles A. Alsip said negotiations were in session between Cudahy and the CIO United Packinghouse Workers.

The Cudahy-UPW contract also expired Aug. 11. Negotiations between the firm and the packinghouse workers have been held periodically since then.

The UPW is seeking a wage boost of about 30 cents an hour, plus other concessions. The union has said its common laborers, making up one-third of an employe force, average \$1.41 an hour, and that the hourly wage for all its workers is about \$1.68.

A spokesman for Wilson & Company, one of the other "big four" packers, said his firm has not met with either the CIO or AFL union in the last month. No spokesman for Swift & Company was available immediately for comment. Contracts between the unions and the two companies expired on Aug. 11.

Report McGrath Thwarted Probe

WASHINGTON (AP) — A congressional committee said Wednesday that J. Howard McGrath appeared to have tried to thwart its investigation of the justice department when he was attorney general.

In a report, the house judiciary subcommittee also said McGrath exhibited "a deplorable lack of knowledge of the department he was supposed to administer."

McGrath, former governor of Rhode Island and once a Democratic senator from that state, was attorney general from August, 1949, until last spring. President Truman fired him April 3.

Informed of the subcommittee's latest blast, McGrath told a reporter he had "no intention of engaging in a cross fire of discussion on each of the committee's interim reports."

Horse Meat Ruling To Be Contested By State's Attorney

ROCK ISLAND, Ill. (AP)—State Attorney Bernard J. Moran announced Wednesday he will appeal a circuit court ruling dismissing four conspiracy indictments against eight men in the Illinois horse meat racket.

The appeal will be filed in the appellate court at Ottawa as soon as possible. Moran will contend that the absence of a horse meat label is a violation of state sanitary laws and therefore injurious to public health because, without the label, the state cannot control the slaughter and distribution of horse meat.

Circuit Judge A. J. Scheinman Tuesday tossed out indictments charging eight defendants with conspiracy to injure the public health by the sale of horse meat not labeled as such. Scheinman held that the mere absence of a horse meat label did not constitute an act injurious to the public health.

The four quashed indictments name Joseph Siciliano, Robert Klotz, Russell Minnea and Charles Kocmond, all of Chicago; Matt Klaersch, Oak Park; Meyer Dilllove, Danville, and Morris and Frank Balkan of East Moline.

Nine indictments against the Balkans still are pending in Rock Island county.

NEW TV FIRM

DES MOINES (AP) — The Great Plains Television Properties, Inc., of Chicago filed articles of incorporation with the secretary of state's office Thursday. The firm did not disclose where in Iowa it intends to operate. The company's purpose is to operate television and radio broadcasting stations. It has a capital of \$100,000, and paid a fee of \$100.

Interpreting the News — 'Simple Soviet Toilers' Learn New Techniques

By WILLIAM L. RYAN
AP Foreign News Analyst

Here is a story about a handful of what Pravda calls "simple Soviet toilers, searching and steadfastly mastering new techniques."

Among these "simple Soviet toilers" are S. N. Kruglov, I. A. Serov, N. K. Bogdanov, V. S. Ryssmol, B. P. Obruchnikov, S. S. Mamulov, V. A. Barabanov, S. Y. Zhuk, Y. F. Gornastayev and Y. D. Rapaport.

On Sept. 13, Pravda, Moscow's official Communist party newspaper, published the obituary of Col. Gen. Vasily Vasilevich Chernyschov, 56, a deputy minister of internal affairs and thus a high-ranking official of the Soviet secret police.

Officials Sign Obituaries
For some reason — perhaps to persuade the popular that natural death is possible among Soviet bigshots — their obituaries often are signed by high-ranking members of their department. This was the case with Chernyschov, who headed the central MVD apparatus responsible for the security of war industry and defense construction.

The second chapter of this tale is carried in Pravda of exactly one week later, Sept. 20. Pravda announced a decree awarding the title of Hero of Socialist Labor to "builders of the Volga-Don navigational canal named for V. I. Lenin."

Now, among the signers of the MVD general's obituary were Kruglov, Serov, Bogdanov, etc. This means all are high members of the MVD, which is the secret police apparatus.

Pop Up as Heroes
And a week later, who should pop up as heroes of Socialist labor but Kruglov, Serov, Bogdanov and the rest of the 10.

The list of awards is a long one. In almost every case, the titles are given — excavators, "bulldozer" bull-dozers operators and so on. But Kruglov, Serov, Bogdanov, etc. are listed without any titles at all.

At any rate, Pravda seems proud of the secret policeman. In its editorial column next to the list of awards, Pravda mentions a number of these men by name — but not by title, naturally — as among those "honored with the high title of Hero of Socialist Labor," and it calls them outstanding.

GOP 'Snollygosters' Have Taken Charge Of Ike, Truman Says

SPOKANE, Wash. (AP) — President Truman charged Wednesday night that Republican "snollygosters" have taken charge of Gen. Dwight D. Eisenhower and are running him in a campaign right down the Kremlin's alley.

Truman's speech, climaxing his lay of whistle-stop attacks on the GOP presidential nominee, brought cheers from a crowd that overflowed Spokane's armory.

Crowds also lined the streets of this northwestern city. Police Chief Clyde Phelps estimated the street crowd at more than 10,000. Phelps said that about 4,000 packed the armory for Truman's speech with another 1,000 standing outside unable to get in.

The President said Eisenhower once was willing to acknowledge the progress made toward prosperity for all Americans under the Democratic administrations but:

"Now that the snollygosters have taken over, we are hearing other kinds of talk."

He has explained previously that a snollygoster is a man who spreads untruths for his own political benefit.

Picturing himself as "one of those old-fashioned fellows" who believes in a balanced budget, the President took sharp issue with Republicans who say "taxes are so high that they are destroying us — that we can't afford our defense program."

"If we really want to destroy ourselves," he said, "the way to do it is to encourage the aggressors to think that we cannot afford what it takes to stop them."

Taft Sees Interest As Sign of Victory

CLEVELAND (AP)—Sen. Robert A. Taft said Wednesday night he thinks it a sign of Republican victory next month that "people are more interested in politics than they ever have in the past."

Record voters registration in Ohio and many other places are results, said Taft, of "a determination on the part of our people to rise up and eliminate from our government the socialization the people resent from the bottom of their hearts."

Speaking to about 650 members of the Ripon club, an organization of Greater Cleveland Young Republicans, Taft said the GOP "can win the election—reports are encouraging."

GOP to Make \$2 Million Radio, TV Drive, Advertiser Says

NEW YORK (AP)—A young advertising executive said Wednesday the Republicans plan a \$2 million radio and TV campaign—the most concentrated in history—to swing 12 key states and win the election for Gen. Dwight D. Eisenhower.

The executive, Michael Levin, 31, told a news conference the campaign was based on a study he completed last Aug. 18.

He added that the campaign was scheduled to begin Oct. 20 in 62 counties in the 12 states. The plan calls for four or five TV spots and 15 to 20 radio spots a day over local stations during the final two weeks of the campaign.

The TV spots, he said, would be 20 seconds to one minute in length. The radio spots were made from the sound track of the TV programs.

Ike Has Approved Plan
Levin said the campaign was being sponsored by the Citizens for Eisenhower committees, that Eisenhower had approved it and already has made 40 of the TV programs for distribution to local stations.

Levin said the 12 states are Connecticut, Maryland, New Jersey, New York, Pennsylvania, Ohio, Indiana, Michigan, Illinois, Wisconsin, Iowa and California.

In addition, Levin said he had prepared an annex covering 13 counties in Texas. He said he thought a similar campaign might be made in them.

Levin, who strongly indicated he is a supporter of Gov. Adlai Stevenson, the Democratic presidential nominee, said he wrote the plan as a "labor of love of my interest in politics and for a friend."

Reeves Is Friend
He said the friend was Rosser Reeves, an executive of the Ted Bates Advertising agency.

Levin said Reeves had suggested the TV and radio spot campaign during talks with millionaire John Hay Whitney, James Stanton, Texas oil man, and Henry Ford II. Levin said they had gone to Reeves seeking a way to counteract the Democratic slogan of "You've Never Had It So Good."

Reeves then asked Levin to make a study of critical areas and

Levin went to work. Levin said he spent 30 hours in research reading and then eight more in writing the study.

"It was a Friday night to Sunday night job," he said.

Show Possible Win
The base of his study, he stated, was to show that by changing from 2 to 4 per cent of the voters in the 62 critical counties, Eisenhower could win.

"It is a tremendously potent plan," said Levin.

He said the citizens committees for Eisenhower already have persuaded some large advertisers to permit local radio stations to pre-empt the time for the TV and radio spots.

Levin was named as author of the plan at Springfield, Ill., earlier Thursday by Porter McKeever, publicity director for Volunteers for Stevenson.

Makes Copy Public
Earlier George Ball, executive director of the volunteer group, made public what he said was a copy of the campaign. McKeever said he got a copy from a Chicago

advertising man.

Yanks Even Series, 7-1, Behind Raschi 40 Gridders Leave for Indiana After 3d Secret Drill of Week

BROOKLYN (AP)—One-round Billy Martin and Vic Raschi restored the pride of the Yankees Thursday as Brooklyn pitching buckled under a five-run sixth inning to let the New York Yankees square the 1952 World Series with a 7-1 victory in the second game.

Martin, the fiery second baseman who retired as unbeaten midweight champ of the American league after two spring ball park brawls, singled pitcher Carl Erskine and reliever Billy Loes with a tie-breaking single and a three-run homer to drive home four big runs.

Out on the mound, the 33-year-old Raschi coolly and carefully strong-armed his way to a three-hit triumph, his fourth in series competition dating back to 1947.

Brooks Bunch Singles
Only in the third inning, when the Brooks bunched singles by Pee Wee Reese, Duke Snider and Roy Campanella for their lone run did the veteran righthander allow a hit.

He zoomed down the stretch with six no-hit innings. From the third to the seventh, Big Vic blazed that fast ball and slider past the bewildered Dodgers, retiring 12 men in a row. Nine Dodgers were struck out victims of Raschi's powerful pitching including Snider, Wednesday's hero, three times.

Many of the 33,792 fans left the park early for the comfort of their homes or nearby watering spots while Raschi mastered their heroes.

Tense for 5 Frames
For five innings it was a tense ball game as tight as Wednesday's duel between Joe Black and Allie Reynolds. Suddenly the Yanks exploded in the sixth to turn their 2-1 lead into a lopsided 7-1 rout.

Erskine, wobbling because of poor control, got his lumps in the sixth. This time there was no brilliant Dodger defense to save him. First baseman Gil Hodges floundered on two key plays that paved the way for Martin's home run puke into the lower left field seats.

Erskine Showers Early
But before Hodges messed up matters, Erskine was in the show-ers, leaving a no-out, bases-loaded situation for the 22-year-old Loes. Mickey Mantle's bunt single, his second of three hits for a .358 series average, started Erskine on the way out in the big inning. Gene Woodling's shotgun single to right center kept it going. When Yogi Berra walked on a 3-2 pitch to fill 'em up, Erskine was derick-er for Loes.

Loes made Joe Collins rap a double play bouncer to Jackie Robinson who tagged Berra in the baseline. But Hodges let Robinson's easy throw squirm out of his glove for a costly error, Mantle scoring.

Hodges Holds Bunt
Gil McDougald dunked a bunt toward first that Hodges picked up and held, without making a play, as Woodling crossed the plate.

Up stepped Martin, playing his first series as a regular since Gerry Coleman marched off to war. Brooklyn took the lead in the third where it concentrated its entire "attack" on Raschi. With one out, Reese lined a 3-2 pitch into left-center for the first hit.

Snider's perfect bunt single trickled down the third base line to McDougald who had no chance for a play. Robinson forced Snider but the Duke cut down Rizzuto, breaking up any chance for a double play. That permitted Reese to reach third.

Campanella grounded a single through the hole — between McDougald and Rizzuto — to score Reese with the Dodgers' first — and last — run.

The scene shifts to the big Yankee Stadium for today's third game with two lefthanders — Yankee Ed Lopat (10-5) and Dodger Preacher Roe (11-2) — slated to work. The teams will continue play at the stadium Saturday and Sunday, moving back to Brooklyn Monday and Tuesday if nobody has won four by that time.

Fans Jam Ebbets Field for World Series Games

ANOTHER GOOD CROWD OF 33,792 packed Ebbets field at Brooklyn for the second game of the series Thursday. The Yankees won, 7-1, to even the count. Wednesday, before a crowd of 34,861, a record for the Brooklyn stadium, the Dodgers had won, 4-2. In the foreground are Dodger outfielders Andy Pafko and Duke Snider.

Casey Offered Raise to Vic — Dodgers Praise Raschi, Rebuke 'Selves

BROOKLYN (AP) — "I just told him to be a good boy and get 'em out and I'd get him a raise." That, said Yankee Manager Casey Stengel with a mischievous grin, is what he told Vic Raschi when the big hurler got in a jam in the second inning.

The Brooks had loaded the bases—all on walks—when Stengel walked out to the mound to talk with the veteran hurler.

Retired Erskine
"Just get 'em out, and I'll get you a raise," Casey told Raschi.

ODDS NOW 2-1
NEW YORK (AP) — Odds on the New York Yankees to win their fourth straight World Series shifted to 2 to 1 Thursday following a 7-1 defeat of the Brooklyn Dodgers in the second game of the post-season baseball classic. The Yanks also were quoted at 8½ to 5 to win today's game — the first of three to be played at the Yankee Stadium.

And the Yankee ace retired pitcher Carl Erskine on the first pitch. Raschi was dripping sweat when he reached his locker. "Sure was hot out there," he said.

Walked 3 in 1 Inning
"Me in trouble? All I did was walk three men in one inning, but none of them scored. It's when they score that you're in trouble."

Here's What You Missed on TV

TELEVISION NETWORK TROUBLE muffed this great play of Wednesday's opening series game. Joe Black, the Dodgers' pitcher, hits the dirt at first after taking a veg from second baseman Jackie Robinson to retire Yogi Berra of the Yankees. Berra had grounded to first baseman Gil Hodges and when the ball skidded off his glove, Robinson picked the ball up and barely made the play.

Carl sometimes gets deathly sick when he hits his knee like that," said Dessen. "I started to start Billy Loes, who relieved in the sixth, but Erskine told me he was okay, and he looked sharp in the warmup, so I started him."

"I put the first man on base in each of the six innings I worked. I don't think I threw a single strike on a change-of-pace ball."

"On the one day I should have had control I couldn't hit a barn door. But we have days like that, and I hope I get another chance."

Manager Charley Dessen disclosed that Erskine had a locker room accident just before the game which may have contributed to his lack of effectiveness.

The lean righthander fell off a small ladder while looking out of a window and reinjured an old football knee. He also banged his head.

"I pity guys that have to play day baseball in this park," said shortstop Phil Rizzuto. "After the fifth inning you can't even see the ball. Night ball may be all right."

BROOKLYN (AP) — The Brooklyn Dodgers had nothing but praise for Vic Raschi and rebuke for themselves Thursday after losing the second game of the World Series to the New York

City High Blanks Thunderbolts, 14-0

By DICK MAU
Daily Iowan Sports Writer

City high extended its winning ways on the gridiron Thursday night when the Little Hawks scored a 14-0 win over Franklin of Cedar Rapids in that city's beautiful new Kingston stadium. Despite the fact that the Hawklets did not complete a pass, had four fumbles intercepted and lost three fumbles to the Thunderbolts they mustered two scoring drives which netted the victory. Behind the brilliant offensive play of Bobby Frantz, right halfback, and the defense of end John Julius the Hawklets came up with scoring drives of 82 and 43 yards in the second and fourth periods respectively.

Intercepts 3 Passes

Don Peterson, Franklin quarterback, intercepted three Iowa City passes. Coupled with Peterson's

alertness on defense the running and punting of fullback John Rosenberg let the home team keep most of the play in the first and third quarters in City high territory.

First quarter action saw the 'Bolts move deep into Iowa City territory. A pass interception by Peterson on the Little Hawks' 29 yard line put Franklin in position for one of its two scoring drives during the game.

A series of short gains put the Thunderbolts on the Iowa City 12 yard stripe, but City high's line held here and snuffed Franklin's bid for a score. This drive was the only action of any consequence in a rather dull first quarter.

Get Ball on 18

Iowa City gained possession of the ball early in the second quarter on their own 18 yard line. From this point a series of 14 plays developed into the Hawklets' initial score.

Of the 82 yards covered in this drive Frantz gained 50 with one 23 yard jaunt to Franklin's 12 and then his nine-yard off-tackle slant for the score. Paul Davis, City high left halfback, also figured greatly in this score as his running gains netted 23 yards.

Bob Shain converted following Frantz' score put the count at 7-0 with 3:54 remaining in the first half. The ball exchanged hands twice before the end of the half with neither team threatening.

Franklin Has Chance

An Iowa City fumble on its own 33-yard line after receiving the kickoff in the second half presented Franklin with a perfect scoring opportunity. A series of downs following this Iowa City miscue took the ball to the City high one yard line. At this point the Hawklet line tightened and stopped Rosenberg's fourth down plunge just one yard short of the goal line.

City high then seemingly a rejuvenated team ran the ball out to the 31 yard line from where the winners were forced to punt. Don Hedges' punt traveled to the Franklin 32 yard marker.

Third quarter play ended with Rosenberg driving for a 21-yard gain which put the ball in Iowa City territory. With the hosts on the City high 35-yard line and driving deeper into Hawklet ground defensive end Julius displayed some brilliant wing play.

He first dropped Rosenberg for a seven yard loss, and on the next play broke up a Franklin pitch-out play, retrieved the ball and carried it to the Thunderbolt 43.

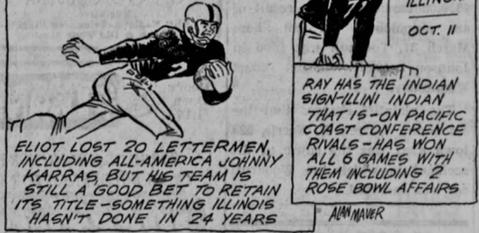

Frantz and Davis then spearheaded the Hawklet offense to its second score. Frantz gained 27 yards in this drive in four carries, and Davis, who scored the touchdown on a plunge from the two, gained 10 yards in three attempts. Only 5 minutes remained in the game following Shain's second conversion which brought the score to the winning margin, 14-0.

By WILL GRIMSLEY

NEW YORK (AP) — We bloodied our nose a bit last week — they should have called the Michigan game after the first quarter but we still have a season's record of 67 hits against 21 misses for .762.

Another whirl: Texas over Notre Dame — The Fighting Irish are not yet the team of other years. The Longhorns have too many good backs.

Wisconsin over Illinois — This is the Badgers' year in a nip-and-tuck rivalry. Illinois can't go to the Rose Bowl, Wisconsin can.

George Tech over Southern Methodist — This could go either way but Tech is getting stronger as it goes along.

Tennessee over Duke — One of the South's traditional headliners. The Blue Devils probably favored but a vote for the Vols.

Michigan State over Oregon State — Perhaps the Spartans' toughest test. Too many horses on the nation's No. 1 team.

Stanford over Michigan — Both

teams let down after last week's major tests. The Indians are rolling.

Southern California over Army — The Trojans have too much for the bounce-back Cadets.

Maryland over Clemson — The Terrapins have had two close squeaks. Jack Scarbath may have to save another one.

Oklahoma over Pittsburgh — Billy Vessels leads the Sooners back to the winning path.

In the Midwest — California over Minnesota, Indiana over Iowa, Nebraska over Iowa State, Ohio State over Purdue, Kansas over Colorado, Missouri over Kansas State, Northwestern over Vanderbilt, Boston U. over Marquette.

Rivera's Lawyer Says Jim Proved Innocent by Test

CHICAGO (AP) — Centerfielder Jim Rivera of the Chicago White Sox took a private lie detector test Thursday and his lawyer said the test proved the baseball star did not rape a 22-year-old married woman.

Rivera, 31-year-old major league rookie, has been held to the grand jury on a charge of raping Mrs. Janet Gater, wife of a soldier. He previously served a five-year penitentiary term on a similar charge.

Rivera's lawyer, Robert Romano said a test conducted in the offices of John E. Reid & Associates, a private lie detector machine firm, showed Rivera was telling the truth when he said he did not rape the woman.

that Schoenfelder has high blood pressure. He had been handicapped by an injured knee all fall. A final doctor's approval will be needed before Mike is ready for action.

Heavy contact work has been the order of business in the Bluehawk camp this week. Tackling practice and several long scrimmages were aimed to sharpen the Bluehawk attack.

From his team's performance in the first two games, Coach Don Hartness feels that perhaps the Bluehawks are trying to live on the reputation of the good U-high clubs of the past two years. "We have a good chance of winning the game if we decide to play the football that we are capable of playing," Hartness added.

Winfield, coached by Herbert (Skippy) Van Arx, tied West Liberty 13-13, then lost to Columbus Junction 18-2, and Wilton Junction, 38-7.

Van Arx's men are also bothered by injuries. With six lettermen back, Shenk, a fullback, and Matthews, a lineman, are on the ailing list.

Operating with three sophomores in the backfield, inexperienced Winfield led Columbus Junction 2-0 in the third quarter, before dropping behind. Dee Phillips, a transfer from Des Moines, paces the Winfield T and single wing attack, and is rated as a very good halfback. Everett Christinger, left tackle, is termed rugged on defense and offense.

AP Declared Backbone Of Political Campaign

COUNCIL BLUFFS (AP) — Press associations like the Associated Press are the backbone of news coverage in Washington, D. C., and especially so now during the national political campaign, Cliff Sandahl, editor of the North Platte, Neb., Daily Telegraph-Bulletin, told Nebraska and Iowa members of Sigma Delta Chi, national professional journalistic society, here Thursday night.

Speaking at a dinner held in connection with the Iowa-Nebraska press association, Sandahl based his observations both on his experience as a newsman in the nation's capitol and as a "grass roots" editor.

Newsprint Production From Sugar Cane Seen

WASHINGTON (AP) — Production of satisfactory newsprint from sugar cane wastes has been proved feasible, Secretary of Commerce Sawyer reported to congress Thursday.

Sawyer said that it had been "clearly demonstrated that we can manufacture from whole bagasse sugar cane waste a paper satisfactory in all important respects and superior in some to newsprint now currently in use."

campaign they still have to depend on the news that comes over the wires from the three major associations.

"Usually, correspondents of the respective newspapers are out looking for angles in line with their newspapers' policies. Therefore, they cannot be expected to cover every conceivable angle and bit of news happening every day. The result is that the newspapers have to fall back on the wire services in order to present a comprehensive news report in their columns.

SUI Astronomers Request Information About Meteor Fall

The SUI astronomy department is asking all Iowa Citizens who saw Saturday's meteor, and remember where they were at the time, to report the information to Prof. C. C. Wylie.

Seventy-five Iowa Citizens saw the brightest meteor to be seen this year in this part of the country. Prof. Wylie said Thursday that 300 reports of the meteor had been turned in to him.

The meteor reflected an intensity of brightness, most people commented. A man in Nebraska reported that shadows cast by the meteor were suddenly reversed.

Prof. Wylie said that if Sioux City were used as an approximate measuring point, the meteor was seen for a 300 mile radius.

500 Rioting Red Prisoners Foiled In Breakout Attempt

CHEJU ISLAND, Korea (AP) — A riot Wednesday in which 56 prisoners died was to have been the trigger for a mass break by 5,884 tough Chinese Red prisoners, U. S. officials said Thursday.

U. S. infantry moved in so swiftly and sternly on 500 rioting prisoners in one compound that Chinese Communists in nearby compounds called the whole thing off and even hauled down their defiant flags, officers reported.

American authorities got wind of the escape plot in August and were able to move quickly when the decisive hour arrived.

Eighty U. S. infantrymen stormed into a compound of rioting Reds and fatally shot or bayoneted 56 and wounded at least 100 others in a bloody, 15-minute battle. Two U. S. soldiers were injured slightly.

Escape Plans Learned

Maj. Gen. Thomas W. Herren, commander of the Korean Communications zone, told correspondents here Thursday that 5,884 Reds in 10 compounds had planned to use the riot—in Compound Seven—as a signal for a mass break.

Col. Richard D. Boerem said prisoner of war command headquarters learned Aug. 24 that the Reds planned the mass escape for Oct. 1, third anniversary of the founding of the Communist Chinese government.

The Communists planned to join guerrillas in the hills of Cheju, a big island south of Pusan.

Boerem told newspapermen that Reds in Compound Seven were supposed to throw rocks at American guards as a signal for Reds in the nine other compounds to break out.

Prisoners Hurl Stones

He emphasized that the American troops were cautioned not to open fire unless attacked and that they did not begin shooting until the rioters hurled two barages of stones.

In the battle between the Americans and Chinese, the Reds used clubs, tent pole spears and barbed wire flails.

DIES OF POLIO

SIoux CITY (AP) — Wayne R. Hoyt, 20, of Sioux City, a student at Morningside college, died of bulbar-type polio at a hospital here Thursday night. Hoyt, admitted to the hospital a few hours earlier, is this city's 45th polio fatality of the year and the state's 130th.

FIFTY-SIX prisoners killed and more than 100 wounded in the toll of rioting of POWs on Cheju island (arrow) off the southern coast of Korea. Two Americans were wounded in the new uprising. Last spring 80 Communists were killed in the rioting on Koje, to the northeast.

Friday but they wore white carnations made of toilet paper in their jackets—in memory of their dead comrades.

Guards searched all compounds without resistance and seized "several hundred" improvised weapons.

As was expected, the Communist armistice delegation protested in a message handed liaison officers at Panmunjom, saying "your side will have to bear full responsibility" for "this grave incident."

Prisoners were sullenly obedient.
