'Outstanding' Greeks Receive Winning Trophies

PETER VAN OOSTERHOUT, (right) LI, Orange City, named "man of the year" by SUI fraternities Monday received the award from Graham Marshall, Inter-Fraternity council adviser. Van Oosterhout, a member of Sigma Chi fraternity, is president of Omicron Delta Kappa, national honorary society, a member of the Inter-Fraternity council and the SUI student council.

SUE STARMAN, (left) A4, CEDAR RAPIDS, elected "woman of the year" Monday night receives the award at ceremonies in MacBride hall. Miss Starman was selected from candidates named by the 13 SUI sororities. She is president of the Pan-Hellenic council and the Delta Delta Delta sorority. Helen Reich, Pan-Hellenic adviser, presented the trophy. (Daily Iowan Photos)

SUI Hospitals Get \$39,570 In Cancer Research Bestowal

University hospitals have been awarded a grant of \$39,570 for cancer research by the Iowa division of the American Cancer Society, it was announced at the close of the division's annual meeting Sunday in Des Moines.

Iowa State College received a grant of \$5,000. A total sum of \$125,268 was allotted to the national research program by the Iowa division.

Dr. H. D. Kerr, head of the SUI radiology department, was named a director at large of the Iowa division.

Named as Johnson county delegates at large were Edward E. Wieben, SUI resident assistant and statistician of tumor regulation; M. L. Huit, SUI men's counselor, and Mrs. C. M. Mickey, SUI assistant professor of sociology and anthropology.

Dr. L. V. Ackerman, professor of surgical pathology at Washington university, St. Louis, was main speaker at the meeting, attended by 250 persons. He told the group that Iowa has the best statewide program of cancer control he has observed in this country.

Float Entries Extended

The deadline for float entries for the Homecoming parade Friday evening, Oct. 24 has been extended to Friday, Oct. 17, Fred Doderer, chairman of the float committee, announced Monday.

Doderer said many organizations were unable to meet and consider an entry prior to the original deadline of today.

A public drawing will be held Wednesday at 7:30 p.m. in room 200, Old Dental building to pair campus organizations with sponsors of floats for the Homecoming parade.

Any organization that wants a sponsor should send a representative to the meeting.

Thirty floats have been entered in the parade to date, Doderer said.

The Campaign Parade — Ike Repeats Vote Bid in South; Wyatt Predicts Demo Landslide

NEW ORLEANS (AP) — Dwight D. Eisenhower, making a supreme bid for the southern vote, said Monday night that, for the South-easterners, the Truman administration has been "the shoddy deal."

While the speech was directed at the south, one point — the question of ownership of tidal-water land — was aimed at the whole country.

Great Lakes Included
"If they take the Louisiana, Texas and California tidelands, then what about the Great Lakes?" he asked. "They have been held to be open sea. A good part of Chicago has been built on land once submerged by Lake Michigan."

"What of the inland lakes, rivers and streams in Oklahoma, Iowa, Illinois and Kansas?"

"What about the iron ore under navigable waters of Minnesota and the coal under the waters of Pennsylvania, West Virginia and other states?"

Riasanovsky said the utopian socialists thought Fourier's ideas were "the true and correct answer to everything man can ask." They called him "the regenerator of mankind" and "the genius of geniuses."

Riasanovsky's talk, "Utopian Socialism in Russia," was the year's first presentation by the SUI humanities society.

In France, England, and the U.S. small but significant movements started, unhindered by governmental repression, he said. However, under the autocratic regime in Russia, utopian socialism was quickly snuffed out, although it had not reached a revolutionary stage, Riasanovsky pointed out.

The socialist group was small, having 30 or 40 members. Most of these were well-read intellectuals who devoured the works of Fourier and similar books. They did not gain importance in Russia because of their lack of political unity, he added.

Riasanovsky said utopian socialism expresses a naive and simple view of human behavior. Its followers were intellectuals, but not until the introduction of psychology did even the intellectuals gain a reliable insight into human nature, he added.

Duffy Surrenders; Held for Murder

CEDAR RAPIDS (AP)—Held on a charge of slaying his successful rival for the hand and heart of an 18-year-old girl, George Duffy, 21, told Monday of the shock of losing her love.

Duffy surrendered at Waukon in northeast Iowa at about 12:30 a.m. Monday after his mother had toured countryside and pleaded by loud speaker that he give himself up.

His surrender climaxed one of the area's greatest manhunts. The search began after the body of James P. Hackman, 18, was found here last Thursday night. Hackman was slain as he sat in his car waiting to meet Miss Shirley Arnold, 18.

He was brought into justice court for arraignment on a charge of murder but did not enter a plea. He was returned to jail without bond pending preliminary hearing tentatively set for Thursday.

SPRINGFIELD, Ill. (AP)—Gov. Adlai E. Stevenson's campaign manager Monday predicted a landslide victory for the Democratic presidential nominee in the Nov. 4 election.

"But we are still running a completely scared campaign and expect to right up to election day," said the Stevenson manager, Wilson W. Wyatt.

Wyatt's rosy forecast was the strongest victory claim so far from the top echelon of the Stevenson camp. Specifically, he said the Democrats expect to carry such key states as New York, Pennsylvania, California, Michigan, Illinois, and Ohio.

Wyatt Has Doubts

Asked at a news conference whether there were any states he doesn't look for Stevenson to carry, Wyatt replied "we must frankly admit there are two or three states on which we have some doubts."

He grinned and added that he had not expressed any optimism about Maine and Vermont — the only two states the late President Franklin D. Roosevelt failed to carry in his 1936 landslide victory.

It was learned, meanwhile, however, that the Stevenson high command is concerned about the outcome in such states as Colorado and Nevada.

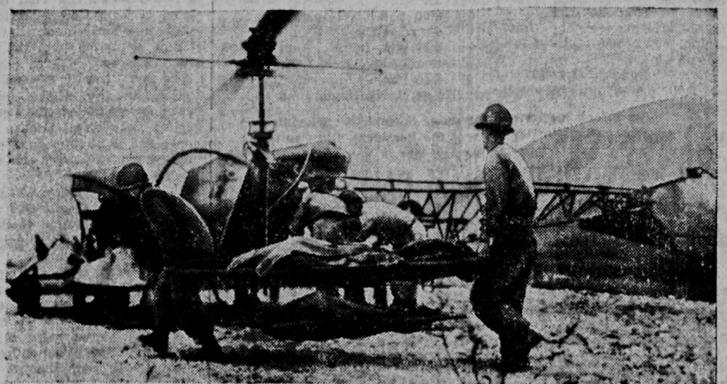

Democratic States Enumerated
At his news conference, Wyatt ticked off one state after another which he said, the Democrats are counting as in the bag.

Truman Will Make 30 Speeches in 3 Days

WASHINGTON (AP)—New stress on labor and civil rights issues was forecast Monday as President Truman prepared to renew his campaign edgeling against Republicans on a three-day foray into the northeast.

The train and motorcade itinerary, announced Monday, calls for more than 30 speeches, starting Thursday, in heavily industrialized areas of New York, Connecticut, Massachusetts, New Hampshire and Rhode Island.

Wounded Flown from White Horse Peak

SERIOUSLY WOUNDED UNITED NATIONS SOLDIERS are shown being loaded on a helicopter near White Horse peak in central Korea for removal to a rear line medical center. The hill has changed hands more than 20 times in the last four days.

Biggest Drive In Year's Time Gets Underway

SEOUL (AP) — Allied infantrymen opened a smashing new attack at dawn Tuesday on the Korean central front 17 miles east of White Horse mountain under a blazing artillery and tank barrage, front reports said.

The attack is believed the heaviest Allied assault since Heartbreak Ridge, one year ago.

First waves of the Allied attackers stormed to the summit of "Triangle Hill," a strong Red position in the Iron Triangle area. Then the Reds, putting up bitter resistance, rallied and hurled back the attackers.

Allies Pinned Down
Allied troops moved quickly in the pre-dawn mist across a valley to get in position for the ridge ascent. After 3½ hours of fighting, a frontline officer reported, the Allies were pinned down on the mountain slope by grenades and mortar fire.

The following letter was received by The Daily Iowan from a soldier fighting above the 38th parallel in North Korea where UN troops are now engaged in bitter hand-to-hand fighting with determined Red forces.

Dear Editors:
At times things over here get a little dull. We would like to hear more from the people at home. A couple of my buddies and I are hoping you will publish this letter in hopes that some Iowa cossies might write to us.

Thank you,
PFC. John O'Franky

An officer reporting from a division command post said the Allied big guns, mortars and tanks unleashed "terrific" fire on the Chinese.

At White Horse mountain victorious South Korean troops cut down Red suicide squad attackers, then pounded the Reds' last foothold on that bloody hill mass.

Chinese Assault Stopped
Chinese soldiers were stopped short in four assaults on the crest of White Horse during the night. South Koreans counterattacked at dawn.

The ROKs hit the Chinese on the "Three Sisters," three knobs along the northwest ridge line which the Communists continued to hold after seven days of battle. Fighting raged into its eighth day on the key height overlooking the Chorwon Valley route to Seoul.

In eight nights and seven days of almost constant fighting high Allied officers said the re-trained South Korean Ninth Division had inflicted a staggering defeat on the Chinese Communist 38th Army Corps, regarded as one of the Red Army's best.

10,000 Red Casualties
Estimates of Red casualties ran as high as 10,000 killed and wounded. Probably three Chinese divisions, numbering 23,000, were crippled in the week-long battle.

Court Denies 2 Rosenbergs Case Review

WASHINGTON (AP) — Death in Sing Sing's electric chair moved a step nearer Monday for Julius and Ethel Rosenberg, husband and wife convicted as atomic spies for Russia.

The supreme court, by an 8 to 1 vote, turned down their plea for a review of their conviction and death sentence.

The Rosenbergs have 15 days in which to petition the high court to reconsider its action — a step the court rarely takes. Their only other chance of escaping the electric chair rests with President Truman. He could reduce their sentences.

A brief formal order projecting the plea for a review noted that Justice Black felt the court should hear the case.

In a prepared statement, the Rosenbergs, now in Sing Sing Prison's death house at Ossining, N.Y., reassured "our complete innocence of the charge" and said they believed "our fellow Americans will save us."

David Greenglass, Mrs. Rosenberg's brother, was a key government witness in the New York federal court trial of the Rosenbergs last year. Greenglass confessed his part in an atomic spying plot in behalf of Russia. He got a 15-year sentence.

Sale of Directories Postponed Until Friday

Student and faculty directories will go on sale Friday, instead of today as originally planned, C. V. King, Campus Stores manager, announced Monday.

He said mechanical difficulties in the printing plant caused the delay.

Van Oosterhout, Sue Starman 'Man, Woman of the Year'

Peter Van Oosterhout, LI, Orange City, and Susan Starman, A4, Cedar Rapids, received trophies as "man and woman of the year" by SUI's 32 fraternities and sororities at an assembly Monday night climaxing Greek Week activities on campus.

More than 700 fraternity and sorority members and guests attended the assembly in MacBride auditorium.

Other awards went to: Phi Epsilon Pi, Inter-Fraternity scholarship traveling trophy, for a high 2.471 scholarship average among fraternities;

Gamma Phi Beta, Women's Pan-Hellenic scholarship award, for the second consecutive year, with a 2.79 average;

Acacia, Greek Men's scholarship

pledge trophy; Theta Xi, Inter-Fraternity council scholarship improvement trophy;

Phi Kappa Psi, Sigma Phi Epsilon and Phi Kappa Sigma, for first, second and third places respectively in fraternity athletic competition;

Chi Omega, Gamma Phi Beta and Alpha Xi Delta, for first, second and third places respectively in sorority athletic competition.

Miss Starman, "woman of the year," is president of the Pan-Hellenic council and Delta Delta Delta sorority. She received her trophy from Helen Reich, Pan-Hellenic advisor.

Mary Ladd, A4, Iowa City and Sally Irish, A4, Forest City, received honorable mention for scholastic achievement.

Van Oosterhout, "man of the year," is a first year law student. A member of Sigma Chi fraternity, he is president of Omicron Delta Kappa, honorary society for, and is a member of the Inter-Fraternity council and student council. Gordon Marshall, Inter-

Fraternity council advisor, presented him with the award.

Delta Gamma sorority, with a scholarship average of 2.77, received second place in the Pan-Hellenic scholarship competition. Third place went to Delta Delta Delta sorority with a 2.65 average.

L. Dale Faunce, dean of students, said that 15 fraternities had a higher scholastic average than the All-Men's average of 2.312.

Faunce, who presented the Inter-Fraternity scholarship trophy, said it was given to SUI for presentation by the national Sigma Chi foundation. Ed Halback, A4, Clinton, presented the award to Acacia, and Bob Martin, Inter-Fraternity council advisor, gave Theta Xi its trophy.

Principal speaker at the assembly was George Walters, dean of students at Lawrence college, Appleton, Wis.

Greek Week is a recently developed program to promote better relations with the state, union, community, and among the social organizations themselves.

Utah Professor Talks On Creative Writing

Prof. Brewster Ghiselin, head of the creative writing department at the University of Utah, spoke Monday afternoon on the topic, "The Creative Process."

Ghiselin stressed the importance of inspiration, fresh insight, spontaneity and instinct in governing the creative process.

He pointed out that problems may be solved by labor, but intentions are the result of the expansion of insight. The creative process, he said, is determined by instinct and not by intellect alone.

Ghiselin is on a leave of absence from the University of Utah on a Ford Foundation fellowship. He has chosen SUI as one of the three American universities where he will examine teaching methods of the arts.

His appearance was sponsored by the Writer's Workshop.

Campaigns Start — 'X' Needs 200 Salesgirls

"Magazine X" is campaigning for 200 salesgirls, editor Mary Donai, A3, Des Moines, announced Monday.

A large sales staff is needed to distribute the eight issues of the magazine which will be published during the year, she said.

Girls living in Russell, Howard, Farchild house and sororities will be contacted tonight as recruiting gets underway. A short skit will be presented at dinner time at these housing units.

Participating in the skit will be Sue Stokley, A3, Perry; Nancy Oyass, A4, Clinton; Barbara Meyer, A2, Dows; Paula Bartunek, A2, Knoxville; Louise Larimore, A2, Des Moines and Lora Jane Jackson, A2, Clinton.

Bob Doerr, A2, Sioux City, and Jim Beer, P3, Centerville, will be the masters of ceremonies.

Independent Town Women will be asked to sell at a meeting Monday, Oct. 20. Tentative plans will call for the salesgirls to make door-to-door sales.

A room to room canvass is currently being conducted at Currier hall.

The first issue of "Magazine X" will go on sale Oct. 22.

Herky the Hawk To Appear on '52 Homecoming Pins

After several years of Homecoming badges bearing campus photographs, the 1952 badge will present a drawing of Herky the Hawk in the act of tossing the pigskin 60 yards into Ohio State's end zone, badge chairman E. K. Jones has announced.

Homecoming at the university this year extends from the first Dolphin aquatic show Thursday evening, Oct. 23, through the last strains of the Homecoming dance at midnight Saturday, Oct. 25.

Badge chairman Jones says that seven organizations will attempt to exceed the best previous sales record of 33,000, set in 1949 by Tailfeathers, student pep organization. These include Baptist fellowship, Young Men's Christian association, United Students fellowship, Hillel foundation, Canterbury club, Bethany fellowship, and Women's Recreation association.

Put on sale Oct. 23 at 10 cents each, the badges will finance the parade, the open house at Iowa Memorial Union, and the Homecoming corn monument, all supported originally by donations. From their headquarters in the student union salesmen will fan out from the campus — even boarding incoming special trains at Marengo and West Liberty.

A Condensation of Late Developments

TOKYO (AP) — Far East air forces headquarters Monday denied Russian charges that a U.S. B-29 bomber fired at Soviet fighters before it disappeared with an eight-man crew last Tuesday off northern Japan. An air force spokesman said flatly the missing Superfort "carried no guns and no gunners." A Soviet note to the U.S., protesting an alleged violation of Russian territory in the Far East, said Soviet pilots fired back at an American bomber before it "disappeared in the direction of the sea."

WASHINGTON (AP) — The marine corps commandant Monday called the air force interdiction program in Korea a "fizzle" and said it had failed to keep the Communists from bringing up more guns than ever before in the Korean fighting. Gen. Lemuel C. Shepherd, leatherneck chief, described the air force's "Operation Strangle" in sally terms at a news conference called on his return from an inspection tour in Korea and the Pacific.

TEHRAN (AP) — Foreign correspondents received a warning Monday from the ministry of posts, telegraphs and telephones that their messages may be refused transmission if they contain anything considered false news which "may have undesirable reaction inside or outside" Iran.

LONDON (AP) — Turkish leaders arrived here Monday night for top-level talks designed to bolster Western defenses in southeast Europe and the middle east. Prime Minister Adnan Menderes and Foreign Minister Fuad Koprulu came on a five-day courtesy visit to Britain to strengthen the two countries' friendship which, with some interruptions, goes back 150 years.

Records Show Iowa's 5 Penal Institutions Have High Population

DES MOINES (AP)—The population of state penal institutions is holding quite steadily to a rather high total for a period of widespread employment possibilities, Iowa Board of Control records showed Saturday.

The total of the five institutions on Oct. 1 was 2,413. That represented a decline of 86 from six months previously and a decrease of nine compared with the same late last year.

The Oct. 1 total is several hundred below the figure for the middle thirties. Sociological studies have shown that the figures go up when employment is scarce, and down when jobs are plentiful. But although employment possibilities have been good for many months, the institution totals are not being reduced accordingly, the most recent figures show.

These statistics place the populations of two of the five institutions at lower levels than either six months ago or a year ago. Two others have more inmates than either six months previously or a year before. The other has fewer inmates than six months ago, but more than a year ago.

Sales Tax Net Nearly Reaches All-Time High

DES MOINES (AP)—The second largest number of retail sales tax returns ever received in a single quarter were processed by the Iowa tax commission in the last three months.

However, Ray Johnson, a commission member, said Saturday there was no particular significance in this. Each retailer who does business in Iowa must have a permit and file a return.

The number of returns received in the July-September period was 75,528. The record number is 76,237, established in the October-December quarter of 1950.

3 Factors Involved

Johnson attributed the high figure to three factors: 1. Fluctuation from quarter to quarter in the total; 2. many returns from itinerant permit-holders from whom immediate collections were made in the fair and carnival season, and 3. perhaps a larger than usual number of collections in the July-September period from delinquents.

In the corresponding quarter of 1951 the number of returns filed was 75,198, and in the same period of 1950 it was 75,083.

Generally, the July-September total for this year was considerably higher than the figure for any quarter since the October-December quarter of 1950.

Fluctuation Cited

Thus the fluctuation in the number of returns filed is sizable. Each itinerant concessionaire holds his own permit.

At the State Fair, for instance, commission inspectors stationed on the grounds made three or four collections each from the concessionaires in the 10-day fair period.

Johnson said the number of delinquents averages about 3,500 per quarter. He said also, possibly a fourth factor in the large number of returns in July-September was that there is a big turnover every quarter. That is, many quit business and many start in each quarter.

Collections Made

Although collections were made from the second-largest number of returns in July-September, the total revenue received in that period was about \$100,000 less than in the quarter of record returns. The total received in July-September was \$13,158,827.

Commission records showed that between the time that the 2 per cent sales tax went into effect in 1934 and the end of the last fiscal year last June 30, this levy had produced a total of nearly half a billion dollars—\$495,044,073 in the 18-year period.

Lake City Driver Dies of Injuries After Truck Crash

LAKE CITY (AP)—Carl Rodewald, 56, of Rockwell City, died Monday in a Lake City hospital soon after his arrival for treatment of injuries suffered in a truck collision.

The mishap occurred 4 1/2 miles southwest of Farnhamville. Deputy Sheriff Loyd Collicott of Calhoun county said the other truck was driven by Carl Jurgenson, 18, of Farnhamville, who was only slightly injured.

Rodewald, survived by his widow and several children, was driving a Calhoun county gravel truck. Jurgenson was hauling shelled corn.

State Fire Marshal Urges Continuation Of Fire Prevention

DES MOINES (AP)—There should be no let-up in fire prevention work anywhere in Iowa despite the state's good record this year, State Fire Marshal Zack T. Cook said.

He called attention to the fact that "Fire Prevention Week" in Iowa ended Sunday and praised fire chiefs, community fire departments and statewide fire prevention groups for their year-around programs.

"But no one feels there should be any let-up in fire prevention work anywhere in the state, Cook commented. He said state and local fire safety groups are bent on making a good record better.

Cook gave these statistics: For the first six months of this year there were 37 lives lost from fires, compared with 39 for the corresponding period last year, a reduction of almost 50 per cent.

Property damage in the first nine months of 1952 amounted to \$5,743,326, as against \$6,804,143 for the same time in 1951, a decline of about 15 per cent.

The fire marshal's office has mailed during the last month about 257,000 pieces of fire prevention literature to schools, local fire departments and business associations in preparation for fire prevention week.

The Iowa Safety Council, Iowa State Fire Prevention association, Iowa State college and the National Fire Protection association are cooperating with the state department of public safety in fire safety promotion.

Identical Life Pattern

LONDON (AP)—Edwin and Fred were identical twins. At an early age they were put into orphanages, then adopted and brought up in separate homes. The twins lost touch with one another, but:

Both became telephone repair men. Both married—unknown to each other—in the same year. Both had baby sons.

Both had a fox-terrier named Trixie. Prof. Dame Hilda Lloyd, instructor of obstetrics and gynecology at Britain's Birmingham university, reported the strange case history in a lecture at a nurses' conference here Monday.

Gasoline Tax Collections Indicate Record Mileage

DES MOINES (AP)—Iowa motorists are traveling the state's highways and streets in record mileage proportions this year.

This was shown Saturday by state gasoline tax collection reports by the state treasurer's office.

The mileage traveled in the first nine months of this year figures out to be approximately 250 million miles more than in the corresponding period last year.

The total mileage for that period this year is about 8 billion, 560 million miles. The fact that this is more miles than for the same time last year means record mileage proportions this year. That is because the total for all of 1951 set a record.

The total for all of 1951 was about 11 billion, 200 million miles. That amounts to about 2 billion, 645 miles more travel than in the first nine months of this year.

The mileage figures must remain approximate. That is because of the way the totals are reached. It is done in this way: It is notable that this mileage was traveled by fewer vehicles this year than last year, with the total 1,160,377 this year.

The gasoline tax collections by the state totaled \$29,645,499.57 in the first nine months of this year, \$28,387,371.79 in the same period last year, and \$38,311,543.86 for all of 1951. Refunds amounted to 22 per cent of collections last year, and 23 per cent of the revenue in the first nine months of this year.

Vehicle Fees Set New Record

DES MOINES (AP)—Now that the bulk of Iowa's 1952 motor vehicle registrations and license fee collections are in, two things stand out.

The state department of public safety said Saturday collections have established the sixth consecutive annual record, and three more months of revenue are still to come.

Registrations are falling farther and farther behind, with apparently little chance of equalling last year's record, the fifth in a row.

The license year begins Dec. 1. As of the close of August, 1952 collections amounted to \$31,973,369. This was an increase of \$1,639,200 over the corresponding period last year, and a boost of almost exactly a million dollars over the final total for 1951.

Registrations during the first nine months totaled 1,160,377. This was a decrease of 12,176 compared with the corresponding period of last year, and about 53,000 from the final total for 1951.

The department's motor vehicle registration division said the 12-176 reduction in registrations this year was due greatly to fewer automobiles being licensed. The decline in car numbers in the first nine months was 11,425. Trucks were off only by 405 units.

A division representative attributed the decline in automobile registrations to three factors: 1. lower production because of the summer strike; 2. no 1953 models on the market yet, and 3. the sale price of new cars.

The license fees go into the state road use fund, and are apportioned for primary, secondary and farm to market roads, and for municipal streets.

Canada's Defense Seen Necessary To Future Security Of U.S.

EDITOR'S NOTE: This is the last in a series of six articles.

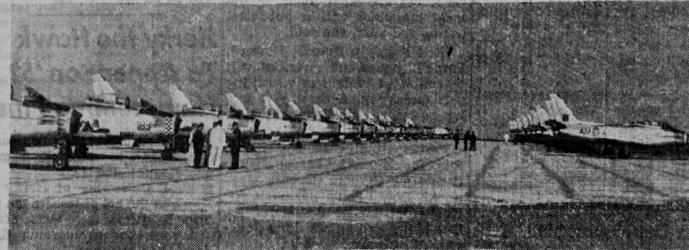

OTTAWA (CP) Canada has two big neighbors: the United States on the south and the Soviet Union across regions of the Arctic.

No single fact is more important for the future security of the United States than the friendship between the Canadian and American peoples and the close cooperation of Canadian and United States armed forces and defense production officials in planning the joint defense of North America, and their partnership and active participation in the North Atlantic Treaty organization.

When you visit Canada today and study its defense developments, its unprecedented industrial prosperity, and its increasingly important role in international affairs, you reach certain basic conclusions.

Contributions Listed

One of them is that Canada's greatest contributions to the defense of the free world are likely to be:

Canadian Sabre fighters, like those shown here in England, are part of Western force.

expanses of land in the north that offers locations for radar observers and northern air bases.

5—Its people's deep-seated democracy and basic belief in free enterprise.

Defense Important

Defense production is an important part behind most of Canada's present industrial prosperity. Industries that are making the most notable development are those which serve the best interests of a peacetime society with high standards of living, but also those that would be most vital in the event of war.

"Canadians in all parts of the country have demonstrated their determination to do their full share in preventing the forces of aggression from overrunning the free world," C. D. Howe, Canada's minister of defense production, has asserted. Canada's expansion of its manufacturing capacity, according to Howe, is justified only if it takes parallel steps to develop its forest, mineral and hydroelectric potentials.

"Our allies are looking to us," in Howe's opinion, "not only for the military goods, which we can produce but, even more, for those vital raw materials which are in short supply throughout the free world today."

Defense Arms

Canada's own defense organization consists of its Royal Canadian Air Force, army, navy and defense research. All four arms of defense are concerned not only with the immediate defense of Canadian territory, but also with the situation in Korea, the armed strength of Europe through NATO, and joint defense of North America with the United States.

Early in 1951 Canada launched a three-year defense program estimated to cost \$5 billion. Already

it is believed that expenditures will exceed this estimate. This program set a manpower target of 115,000 men and women in the active armed forces.

Since Korea, Canada's armed forces have more than doubled. By last spring they totaled 95,394 men and women, with 13,505 in the navy, 49,278 in the army and 32,611 in the air force. These figures do not include reserves or cadets in training.

Destroyers in Korea

Since early in the Korean war, Canada has kept a brigade and three destroyers in Korea, and a RCAF transport squadron operating between the North American west coast and the Far East.

In Europe Canada has another brigade of ground troops and several squadrons of an ultimate RCAF air division. These squadrons will move from Great Britain to continental Europe as soon

Red Cold War Moves Expected In U.N. Session

By WILLIAM L. RYAN AP Foreign News Analyst

The new session of the United Nations General Assembly opens next week. The Soviet Union likely to try turning it once again into a propaganda circus.

The congress of the Soviet Communist party was timed to end before this new UN session opens, and thus there is a breathing spell between Russian propaganda blasts.

"The Soviet government," Comrade Malenkov told the Communist congress, "attaches great importance to the UN, considering this organization could be an important means of maintaining peace."

With this preamble, Malenkov went on to say the U. S. returned the UN into an "organ of the dictatorial policy of the U. S. in the fight against peace, and uses it for disguising its aggressive activities." This sets the scene.

The Soviet Union will make proposals. When the UN turns them down, it will be because the "dictatorial policies of the U. S. A."

Proposals which the USSR probably make have a familiar sound. The Soviet delegation, headed by Andrei Vishinsky, can be expected to demand again: ban on atom weapons and biological warfare, reduction of armed forces of the great powers, withdrawal of occupation forces from Germany and reunification of that country — all on Soviet terms.

We will be in for another round of accusations that the U. S. is using germ warfare in Korea, that the U. S. is an illegal occupier of Japan, that only the U. S. stands in the way of German unity. A. these proposals will be routine. They are to be expected.

The move to watch will concern Korea. Interesting hints with regard to the Korean situation have been popping up in the Soviet press. It would be no surprise if the USSR came up with some concrete proposal for ending the Korean stalemate.

An armistice, with American troops still pinned down in Korea against possible repetition of the whole story, may suit Soviet purposes now.

Remember, the Moscow congress stressed the idea that the only factor shoring up American economy was the arms production by the Korean war. If the USSR is to hasten the American economic crisis it hopes for, it would be logical for them to put brake on Korea.

Edward Cohn, A1, Waterloo is president of the Phi Epsilon Pi pledge class; Jack Stern, A1, Perry, treasurer, and Alan Waxenburg, A1, Moline, Ill., secretary.

Gordon Felper, A1, Grinnell, is president of the Alpha Tau Omega pledge class; Bryce Calburn, A1, Des Moines, vice-president; Dick Beisel, A2, Des Moines, secretary, and Dave Christiansen, A2, Elkader, social chairman and treasurer.

The other fraternities were not elected as yet but their elections will be published when their officers are elected.

Freshman YW To Meet Today

Freshmen YWCA members will meet at 4:10 today in the Y office in the Iowa Memorial Union.

The group will make plans for the annual mum sale during Homecoming. A chairman will be elected to organize the sale.

Carla Heller, president, will be introduced to the group.

Inquirer's Meeting Tuesday at St. Mary's

Rt. Rev. Msgr. Carl Meinberg has announced the opening of his Inquirer's meetings for all those interested in facts on the Catholic church. These lectures will be held every Tuesday evening in St. Mary's church at 7:30 p.m.

The talks are primarily for those curious about Catholicism, but all are invited to come. Those contemplating mixed marriage are urged to come and also any Catholics who wish to know more concerning their own religion.

Questions will be welcome, either verbal or written. More information may be acquired through Monsignor Meinberg at the rectory of St. Mary's, phone 4314.

Marketing Club Schedules Trip

Iowa's Student Marketing club has scheduled a field trip to Des Moines, Thursday Oct. 16.

The club will tour the Register and Tribune offices to acquaint themselves with the general idea of just how the various departments are run. They will also have a discussion conference with the heads of the departments as to their policy and operation. The

purpose of the trip is to help the club members to understand the management of such a concern as the Register and Tribune.

The time of leaving is set for 7:30 a.m. More information may be had by calling Vern Ross, president of the Student Marketing club, at his residence, 8-2146.

Stengel Signs For \$100,000

NEW YORK (AP)—Casey Stengel signed a new two-year contract to manage the New York Yankees Monday and, with a sly wink, hinted that his salary will hit \$100,000 a year.

This would make him the highest paid pilot in the history of baseball.

Neither the Yankees nor Stengel announced flatly how much money the wrinkled diamond genius would make but Casey let the cat out of the bag in a lengthy press conference following the ceremonies.

'\$75,000 Low Guess'
"If you guess \$75,000 you're low," the 62-year-old pilot said under heated questioning.

"Will it be \$100,000 counting bonuses and any other arrangement?" a reporter asked.

"Well," said Casey, his face breaking into a wide grin. "It shouldn't miss."

Salary Increased Yearly
Stengel disclosed that he made more than \$50,000 his first year as manager of the Yankees in 1949 and he had received an increase every year since.

"I've signed three two-year contracts, counting this one," Stengel said. "I can say that every year I made more than the contract called for."

"It wasn't a bonus paid on attendance or anything. If the bosses thought I did a good job, I just got an extra hunk of money, that's all."

Stengel Signs New Papers
Stengel, who recently led the Yankees to their fourth straight World championship to share that record feat with Joe McCarthy, signed the new papers at special ceremonies in the club's swank Fifth Avenue offices.

He was flanked by co-owner Dan Topping, and general manager George Weiss.

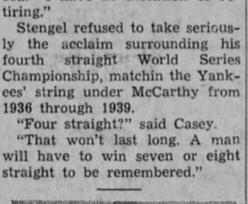

Under the terms of the last agreement, Stengel received \$60,000 a year.

Casey Spikes Rumors
Because of his age and health, there had been rumors the busy little master of the hunch might call it quits after this year. But Casey quickly spiked such talk after beating the Brooklyn Dodgers in the seventh game of the World Series last week.

"My boys didn't quit on me and I won't quit on them," he announced. "I have no intention of retiring."

Stengel refused to take seriously the acclaim surrounding his fourth straight World Series Championship, match the Yankees' string under McCarthy from 1936 through 1939.

"Four straight?" said Casey. "That won't last long. A man will have to win seven or eight straight to be remembered."

Casey Stengel Highest Paid Manager

"Jones was a windfall for us," he said. "We were after two other boys down there — two fellows Ohio State did not seem to want. The two came and brought Jones with them."

The "finding" of Jack Hess was about the only thing on the credit side of the Purdue game. Jack, a former all-state back at Dowling high of Des Moines, saw his first action of the season, playing quarterback when Burt Britzmann began playing sub-par ball.

As the people who saw the game have told me, Jack turned out to be a smart play-caller, a good passer and a fine, spirited runner when his receivers failed to materialize.

He threw nine passes, completing four for 95 yards and a touchdown, and ran nine times for 38 more yards. The only trouble with the whole uncovering, however, is that Jack, like Burt, is a senior and is playing his last season for the Hawks.

Iowa Falls, 27-28, In Cross Country Despite New Mark

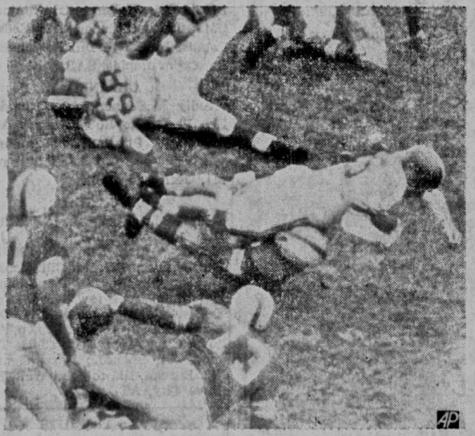

MARQUETTE, Wis. — Iowa's cross-country team fell by a point to Marquette, 27-28, here Saturday. The Hawks' Rich Ferguson won the race in 14:25, establishing a new course record. Bob Allen and Ted Barrs of Marquette finished second and third.

Fourth was Iowa's Ted Wheeler and fifth was Walt Robinson of the winners. Virgil von Ahsen, Herb Morch and Leroy Ebert finished sixth, seventh and tenth to account for the Iowa points.

One of the more reliable point-getters, Art Fudge, was ill but ran anyhow, finishing last.

Coach Francis Cretzmeyer announced Tuesday that von Ahsen had been elected captain for the rest of the year by his teammates.

Ameche Wasn't Enough

ALAN (THE HORSE) AMECHE, Wisconsin fullback, cracked the Ohio State line in usual fashion for two yards in this play during the first period of the Big Ten upset of the week at Columbus, O. The State tackler was Bob Roberts, guard. Upended (68) is Arthur Prchlik, Wisconsin tackle. (90) and (73) for Ohio State are Dick Thomas, end, and George Jacoby, tackle. Ohio State won, 23 to 14, despite Ameche's efforts.

Only 4 Pro Football Teams 'In Black' Says Commissioner

NEW YORK (AP)—The cost of running a professional football club has gone up 400 to 500 per cent in the last 10 years and only four of the 12 National Football League teams are making ends meet, Commissioner Bert Bell said Monday.

"This is no longer a sport, it's a rugged business," the squat, husky-voiced NFL head told the New York Football writers. "A man doesn't get in this for the fun of it any more. It's sweat and tears."

"If you get into this business and don't work at it, you can lose \$150,000 or \$200,000 a year, not just \$25,000. And you can't write it all off on income taxes, either."

Bell Won't Name 4
Bell declined to name the four teams which he referred to as "in the black."

A good guess is that the four are among the New York Giants, Chicago Bears, Washington Redskins, Green Bay Packers, and Cleveland Browns.

"We have given out 43 franchises in this league," Bell continued. "Thirty-one of these have been broken. So you can see what a tough business it is."

Dallas New Member
"The Dallas Texans are our newest member. They may have thought they could come in and everything would be rosy. They found it is necessary to build up the game with television and radio promotion and a lot of drum-

Andrews Brothers Take Top Honors In Tennis Meet

Play in the university-sponsored open tennis tournament was completed last weekend with Iowa City's Andrews brothers taking the honors in the top division, Iowa tennis coach Don Klotz announced Monday.

In the Men's Class A division singles Jamie Andrews defeated Bob Regan of the University of Wisconsin, 6-6, 6-2, 7-5. Andrews had defeated Jack Vincent, also of Wisconsin, 6-4, 7-5. Regan had dropped Norm Barnes of Cedar Rapids and SUL, 6-1, 3-6, 6-4.

In the Class A doubles, Jamie and Art Andrews edged John Channer of Oelwein and Joe Martin of Keokuk, 6-4, 3-6, 6-4. In the doubles the Andrews beat Vincent and Regan, 6-1, 8-6. Channer and Martin beat Roger Kroth of Iowa City and Barnes, 6-4, 3-6, 6-4, to gain the finals.

Channer won the Class B singles title, whipping R. L. Coberly of Graceland college, 6-3, 6-4. Bill Seline, also of Graceland, teamed with Coberly to beat Jim Marcovis of Des Moines and Boo Ogesson of Iowa City, 9-7, 3-6, 6-4, to win the Class B doubles crown.

Badgers Show Little Spark In Scrimmage

MADISON, Wis. (AP) — While those who saw action against Ohio State rested, Coach Ivy Williamson put his reserves through a long scrimmage at Wisconsin Monday. There wasn't much spark displayed. The Badgers apparently still were feeling their upset loss to the Buckeyes Saturday.

LAFAYETTE, Ind. (AP) — Jack Houston, senior guard, and Don Pobjewski, reserve fullback, were sidelined Monday with injuries from Purdue's victory over Iowa.

Coach Stu Holcomb indicated sophomore Don Rushin or senior Tom Roggema would draw the offensive guard job if Houston fails to recover from a bruised side by next Saturday's game with Notre Dame.

MINNEAPOLIS (AP) — The University of Minnesota football squad went through a light workout Monday after scoring its first victory of the season over Northwestern, 27-26.

Jim Boo, first string offensive tackle who sprained his ankle Saturday, was listed as a doubtful starter for the Illinois game. Fullback John Baumgartner suffered a broken nose but is expected to be ready.

CHAMPAIGN (AP) — Illinois began preparations for Minnesota Monday with the good news that all its players will be ready for the Gophers with the possible exception of Stan Wallace.

SOUTH BEND, Ind. (AP) — Paul Matz, defensive right end, and Menil Mavrides, right guard on offense, were on Notre Dame's casualty list Monday but are expected to be in shape for the Purdue game.

Keefe, Fenton Set for Badgers; Evy Says Coast, Big Ten Even

Iowa's Coach Forest Evashevski welcomed the return of fullback Bob Keefe to his manpower-shy football squad Monday and said captain and end Bill Fenton should be ready for full-time duty against Wisconsin here Saturday.

Keefe suffered a ruptured spleen early this fall and was thought lost to the team for the season. Fenton has been nursing a sprained ankle for a week and did not play against Purdue last Saturday.

Evashevski dismissed his sweat-soaked regulars after a short signal drill Monday and scrimmaged his reserves against a freshman squad.

The Wisconsin game will be the first time in seven games that the Hawks have played at home. The last time Iowa played at home was Nov. 3 of last year, against Minnesota. That game finished in a 20-20 tie.

Saturday's game is the 30th with the Badgers. The Hawks trail in the series, nine wins to 20, and have not beaten Wisconsin since 1948 at Iowa City.

A crowd of 40,000-45,000 is expected, exceeding the total attendance of the Pitt and Indiana road games. Despite a good advance sale, tickets are likely to be ready.

CHICAGO (AP) — Iowa Football Coach Forest Evashevski gave the Pacific Coast conference a pat on the back for "catching up" with the Big Ten.

Evashevski, who tutored two years at Washington State before taking over at Iowa this season, told the weekly Quarterback Luncheon of the Herald American:

"Perhaps the Pacific Coast conference has caught up with the Big Ten this year and might even be going ahead. I've always thought the Big Ten is stronger as a conference, but not particularly so on individual team strength of the top contenders."

Evashevski explained that the Big Ten packed more power from top to bottom and that a team going through a schedule of difficult games each week is better prepared by Rose bowl time.

"By the time California, or USC or UCLA, go through their schedule they are not prepared for the Rose bowl — the quality of opposition is not there every a Saturday," he said.

Andrews Brothers Take Top Honors In Tennis Meet

Play in the university-sponsored open tennis tournament was completed last weekend with Iowa City's Andrews brothers taking the honors in the top division, Iowa tennis coach Don Klotz announced Monday.

In the Men's Class A division singles Jamie Andrews defeated Bob Regan of the University of Wisconsin, 6-6, 6-2, 7-5. Andrews had defeated Jack Vincent, also of Wisconsin, 6-4, 7-5. Regan had dropped Norm Barnes of Cedar Rapids and SUL, 6-1, 3-6, 6-4.

In the Class A doubles, Jamie and Art Andrews edged John Channer of Oelwein and Joe Martin of Keokuk, 6-4, 3-6, 6-4. In the doubles the Andrews beat Vincent and Regan, 6-1, 8-6. Channer and Martin beat Roger Kroth of Iowa City and Barnes, 6-4, 3-6, 6-4, to gain the finals.

Channer won the Class B singles title, whipping R. L. Coberly of Graceland college, 6-3, 6-4. Bill Seline, also of Graceland, teamed with Coberly to beat Jim Marcovis of Des Moines and Boo Ogesson of Iowa City, 9-7, 3-6, 6-4, to win the Class B doubles crown.

Lie To Support UN Truce Demand

UNITED NATIONS N.Y. (AP)—Secretary-General Trygve Lie said Monday night any appeal by the UN general assembly for Red China and North Korea to accept a truce would have his "blessing."

He made his comment on the eve of the opening of the seventh UN general assembly which is expected to endorse a reported American demand that the Communists accept a truce.

Lie's views were recorded on the television program "United — or Not?" put on by the United Nations Correspondents association and the American Broadcasting company.

Acheson Confers

During the afternoon, Secretary of State Dean Acheson conferred with the full United States delegation on what UN delegates speculated would be an American demand that the Communists agree to the truce on UN terms or face stronger UN action.

Informed quarters also disclosed that the United States has decided to support an Asian-African move to give the Tunisian and Moroccan complaints against France a full airing in the assembly. This means the U. S. will split with France and Britain on the issue of putting the subject on the agenda. The U.S. has not decided, these quarters said, how it will vote after the issue has been debated.

Follow Arab Demands

Arab-Asian countries are demanding that the assembly consider fully questions of independence and human rights affecting Tunisia and Morocco.

Acheson outsmarted the Russians again this year and listed his name on the speaker's roll ahead of Soviet Foreign Minister Andrei Y. Vishinsky, who arrived Monday to head the strongest delegation the Soviet Union has yet sent to the assembly.

Vishinsky Hasn't Indicated

Vishinsky has not indicated his stand on the major issues but delegates expect he will support to the fullest the Communist Korean truce terms laid down at Pannunjom.

He is expected to get little support from the majority. While the delegates are not inclined to endorse the unified command position fully without a long and detailed explanation, there is no sign that the Communists have picked up any support.

Arriving delegates speculated this assembly may be the most critical in UN history. They agreed with Canadian Foreign Secretary Lester B. Pearson, who said that Korea undoubtedly will be the top problem this time.

\$5,000 in Prizes Offered for Essays On School Freedom

The National Council of Jewish Women has announced a \$5,000 essay contest on "The Meaning of Academic Freedom." Dewey B. Stuit, dean of the SUI college of liberal arts, announced Tuesday.

The contest is open to all college seniors. First prize will be \$2,500, with a \$1,000 second prize and three \$500 prizes. The essays should not exceed 2,500 words and the deadline is midnight, Dec. 31. Winners will be announced around April 15 of next year, Dean Stuit said.

Judges for the contest are U. S. Supreme Court Justice William O. Douglas; Ralph Bunche, director of the Trusteeship division of the United Nations and winner of Nobel Peace Prize in 1950; Mrs. Douglas Horton, former president of Wellesley college; Abram L. Sachar, president of Brandeis University and Thurman W. Arnold, former associate justice of the U. S. Court of Appeals.

More information on the contest can be obtained in the college of liberal arts office, room 108, Schaeffer hall.

Payments to Begin To Jobless Vets

Unemployment compensation for eligible Iowa veterans under the new Korean GI bill begins Wednesday, the Iowa employment security commission has announced.

An estimated 29,000 Korean war veterans are potential beneficiaries under the law which allows \$26 a week for a maximum of 26 weeks to unemployed veterans who have served on or after June 27, 1950 and whose discharge is not dishonorable.

The commission pointed out that newly discharged unemployed veterans receiving mustering out pay must wait 30 days from date of discharge for each \$100 they receive after Oct. 15, before they are eligible for unemployment benefits.

The commission explained that the unemployment compensation section in the Korean GI bill is actually a supplement for veterans to state jobless pay programs.

In order to be eligible for benefits under the Iowa law, the commission said, the veteran must be unemployed through no fault of his own, must not be drawing training subsistence in any form nor have any other income, must register for work at an Iowa state employment service office, be available for work, and seeking a job on his own.

2 Are Hospitalized Following Collision Between Car, Train

Mrs. Robert K. Diltz, 23, of 7 Cherry Lane, and Helen Henderson, 13, of 1609 Broadway, were reported in good condition at Mercy hospital Monday following a collision between the automobile and a switch engine Sunday morning.

The car, driven by Mrs. Diltz's husband, collided with the engine at the Benton st. crossing of the Rock Island tracks.

The car was demolished by the collision and the engine suffered slight damage. Neither seemed to be going fast, police said, the auto was dragged almost 90 feet from where the initial impact took place.

The three persons in the car were taken to Mercy hospital. Diltz, suffering only slight facial lacerations, was released Sunday. The others, still hospitalized are reported to be suffering from only minor injuries.

Diltz has been charged with driving without a valid driver's license at the time of the accident.

Gillette Backs Demo Talk Warning Farmer Against GOP Policies

WASHINGTON (AP)—U.S. Sen. Guy M. Gillette (D-Ia.) said in a statement Monday that Gov. Adlai E. Stevenson has "put his finger squarely on the point where Republican policies are most dangerous to the American farmer."

The senator said he was referring to the speech in New Orleans last Friday of Gov. Stevenson, the Democratic presidential nominee. The point, Gillette continued, is: "The GOP's high tariff protectionism that can once again destroy our farm export markets."

Then he continued: "Since the solvency of our agriculture, especially in farm industries like cotton, wheat, soybeans, tobacco, dairy products and meat by-products, depends on our ability to dispose through export of from 25 to 40 per cent of the annual output, anything that prevents other countries from earning dollars in the U. S. to pay for our exportable farm surpluses is simply a way to strangle the farm economy and bring on another depression."

"Farmers remember what happened to them when their overseas markets dried up and I hope the Governor keeps pounding on this again and again."

Iranians Smash Planned Coup

Army General Among 4 Being Held in Plot

TEHRAN, Iran (AP) — The Iranian government announced Monday it had quashed a foreign-aided plot against Premier Mohammed Mossadegh and his leftist regime with the arrest of four men, one a retired general.

The government put a police guard around the home of Gen. Fazollah Zahedi, an outstanding army officer and now a member of the Iranian senate. Unofficial reports said he was the plotters' choice to replace Mossadegh in a planned coup d'etat. As a senator, Zahedi is immune from arrest.

Suspect Foreign Backing
In a communique, the government charged that the arrested men schemed with certain unnamed members of Parliament "in the interests of a certain foreign embassy." There was no amplification as to the total number of plotters or which embassy was meant, but such references by the Mossadegh government usually means British.

In London, an official source said the British government, with expected American backing, had decided to reject Iran's demand for an immediate down payment of 20 million pounds — 56 million dollars — as a first step toward an oil settlement demanded by Mossadegh.

Payment Due Tuesday

The aged Iranian Premier asked that the down payment be made by Tuesday on disputed oil royalties before he would do business with a new British negotiating team. British officials said a reply to Mossadegh's latest note might be delivered in Tehran Tuesday.

Iran's new foreign minister, Hossein Fatemi, made the announcement of the alleged plot at a news conference. Those arrested included Gen. Mohammed Abdolhossein Hejazi, head of the National Military Academy until Mossadegh retired him last month; Assadullak Rashidian, a wealthy Tehran merchant; and two of the latter's brothers.

Phi Beta Kappa To Give Awards To 3 High Schools

The SUI chapter of Phi Beta Kappa will honor three Iowa high schools this week for the scholastic achievement of their graduates as 1951-52 freshmen students in the university.

President Virgil M. Hancher will present the annual walnut plaque Thursday morning to Abraham Lincoln high school of Des Moines, whose graduates attained highest university scholastic standing in Class AA (enrollment of 400 or more).

Loren Hickerson, director of the university's alumni service, will present the award Wednesday afternoon to New Hampton high school, highest in Class A (100 to 399).

Friday morning Dean Dewey B. Stuit, college of liberal arts, will honor Casey high school, leading Class B schools (100 or under). Now in their third year, the scholarship awards will remain in the possession of the winning schools for the duration of the school year.

Founded in 1776, Phi Beta Kappa is the oldest of all societies bearing Greek letter names.

10,000 SEE EXHIBIT

An estimated 10,000 Iowans visited a display of 121 American historical documents during the 10 days they were exhibited in SUI libraries, Clyde C. Walton, curator of rare books at the libraries, said Monday.

Students Set Plans for Pep Rally

PLANS FOR SUI'S FIRST PEP RALLY of 1952 were discussed Monday at a meeting of four representatives from three campus organizations. Left to right are, Hank Weinberg, A3, New York, N.Y., president of Tailfeathers; Rosemary Goetzman, A3, Muscatine, member of Central Party committee, and Reed Hartsook, C4, Des Moines and Ann Kensing, A3, Tama, cheerleaders. The rally, sponsored by student council, is scheduled for 7 p.m. Friday at the band shell south of Iowa Memorial Union. Bill Skaffe, A4, Dubuque (not pictured) is chairman of the student council pep rally committee.

Public Health Field Practice Begins for 9 Senior Nurses

Seniors in SUI's college of nursing's four-year degree program will begin eight-week tours of field practice in public health nursing today, Dean Myrtle E. Kitchell announced.

Nine students will report today for field practice in six public health agencies in Iowa. Upon completion of the eight-week period, they will return to the campus, and another group of nine will begin their practice. This will continue until all 35 seniors in the degree program have had eight weeks of field practice, Dean Kitchell said.

Marie Neuschaeffer, assistant professor of community nursing and coordinator of the public health nursing program, said the eight-week period is now a permanent part of the senior curriculum in the degree program. It does not, she emphasized, prolong the period of study for the four-year students.

This is the first time nursing students at Iowa have been offered actual field experience in public health nursing. Objectives of the program for the student, she added, are (1) to develop skills as family health workers in giving and planning bedside care, in teaching patient and family, in observation and evaluation of family health needs; (2) to understand the economic, social and political factors which determine the content of community nursing service, and (3) to increase the understanding of participation in a community program for health protection.

Development of the program, Miss Neuschaeffer pointed out, was done in cooperation with field agency representatives under whom the students will serve. It was felt, she added, that such a program would help the student nurse to round out her general nursing experience and education, at the same time offering her the opportunity to view first-hand the activities of the public health nurse.

Field practice will be accom-

plished this year in the Davenport, Des Moines, Cedar Rapids and Iowa City visiting nurse services, and the Des Moines and Washington county public health nursing services.

Football Game, Dance, Parade To Top Homecoming Events

Now less than two weeks away, Homecoming at SUI will provide a number of festive events for the thousands of Iowa friends and alumni who are expected to return to the campus Oct. 24 and 25.

Student engineers will raise a rocket-shaped Corn monument to a height of more than 30 feet west of Old Capitol, whose new protective plasticized coat will be ready for the two-day weekend which features Ohio State's first football invasion in 25 years.

The evening of Friday, Oct. 24, thousands of badge-wearing spectators will watch the fourth annual parade of this 41st Iowa Homecoming. Committee members estimate that at least 40 floats, 15 bands and other marching units like Iowa's well-traveled Scottish Highlanders will take part in the parade.

Following the parade will be a

pep rally. Then the Dolphin show in the fieldhouse pool will present the university's most accomplished and graceful swimmers in water ballet and acrobatics. In all, the Dolphins will present three shows during the weekend.

Completing Friday evening, the Iowa Memorial union lounge will become an "open house" with exhibits, refreshments and informal atmosphere designed to help old friends meet old friends and new.

Besides the Hawkeye-Buckeye contest in the stadium Saturday, there will be a field hockey game and another "open house" in the morning when alumni visit their former teachers and organizations. The Dolphins will present their last show Saturday evening, while many couples will find their way to the annual Homecoming dance, last event of the two-day fete.
