

University Christian Mission To Feature 9 Out-of-State Speakers

To Conduct 21 Meetings On Sunday

Nine out-of-state speakers will make 129 appearances at the University Christian Mission on the SUI campus, beginning Sunday and extending through Thursday. The speakers will include Dr. Gabriel Nahas, former French medical officer, now from the department of physiology of the University of Minnesota medical school; Harry Philipott, dean of religious life at Stephens college, Columbia, Mo.; Arthur McGiffert, president of Chicago Theological seminary; Martin Harvey, dean of students at Southern university, Baton Rouge, La.; Paul Johnson, professor of the psychology of religion at Boston Lutheran seminary at Maywood; the Rev. Carl Wolf, army chaplain in the reserves; P. K. Houdek, executive secretary of the Kansas City Social Hygiene society; and Harry Gossard, dean of Eastern New Mexico college.

Council Sponsors Mission
The Christian Mission is sponsored locally by the Student Christian council, and nationally by the Federal Council of the Churches of Christ in America. It facilitates a united Christian approach to the colleges of America.

The Federal Council of Churches represents the major Protestant denominations in the U. S. It serves 29 denominations and has a membership of 31,000,000 persons. The United Student Christian council coordinates the work of 14 student Christian groups.

SUI First to Conduct
SUI was one of the first 16 schools in 1938 to conduct the mission. The program is similar to the religion in life week previously held on the campus.

The nine mission speakers will conduct a series of 21 meetings Sunday in nine Iowa City churches. The churches participating are the Baptist, Presbyterian, Methodist, Christian, Congregational, Episcopal, Zion Lutheran, St. Paul's Lutheran and First English Lutheran.

West Branch Site for Retreat
A mid-day retreat will be held at Scattergood school, near West Branch, for mission leaders and committee members. The Rev. David Berger, professor of Bible at the University of Dubuque, will lead the Sunday meeting at Scattergood school.

A total of 38 engagements Monday will include 10 lectures by the visiting speakers in university classes, a medical college and nursing college assembly, the first of three meetings for the general university faculty, and 15 informal discussions in residence groups. There will be 33 sessions Tuesday.

SPEAKERS TO MAKE . . .

World News Briefs

A Condensation of Late Developments

FAIRBANKS, ALASKA (AP)—A big air force plane, one of 40 which flew to Alaska last week for "Exercise Warmwind" Arctic maneuvers, disappeared Friday with 19 men aboard. Flying from Elmendorf Field at Anchorage on Cook Inlet to the interior, the C-119 "Flying Packet" gave a last radio report over Summit, Alaska, on the Alaska railroad. The weather was fair with good visibility and the plane was cleared to fly on to Nenana on a planned hop to Big Delta, 100 miles south of here.

SEOUL (Saturday) (AP)—Massed Chinese Communist guns on the central front were falling silent Friday in a storm of Allied counter-battery fire unmatched in violence in the whole Korean war. Allied artillery reasserted the mastery it had lost in the three-weeks battle of Triangle Hill and Sniper Ridge as the bruised and battered infantry of both sides crouched in the cover of the bunkers.

CHICAGO (AP)—For the second time in 48 hours, officials of the International Harvester company, walked out Friday on talks aimed at ending an 11-week strike of some 25,000 union workers at eight Harvester plants. This time, William J. Reilly, Harvester labor relations manager, indicated the walk-out was permanent or until the position of the independent Farm Equipment-United Electrical Workers union, which claims to represent a majority of the striking workers, was modified considerably.

HAMBURG, GERMANY (AP)—Western Europe counted 18 dead Friday in the wake of a storm which raged from Britain to Greece. Winds up to 94 miles an hour drove shipping to cover in the English Channel and Irish sea, grounded ships in the North sea off Germany and Holland, blew down bomb-damaged buildings in Berlin and sank two motorships. Ten crewmen died in the sinking of the Maria Antonietta off Sicily. A German motorship sank in the Rhine river near Worms and a sailor was lost.

The Weather

Warmer today with little change in humidity. Partly cloudy and colder Sunday with strong northwesterly winds. High today, 65; low, 29. High Friday, 54; low, 21.

Hawks Face High-Riding Illinois

Glockler Presented with Award

PROF. GEORGE GLOCKLER (left), head of the department of chemistry, receives the 1952 award of the American Chemical Society at a banquet given in his honor at the Iowa Union Friday night. Prof. Clarence P. Berg, of the department of chemistry, presents the award, which is made annually to the outstanding Iowa chemist in research, teaching or industry. Glockler, on a leave of absence, came here from Duke university, where he is director of army ordnance research.

Glockler Receives Iowa Award From U.S. Chemical Society

Prof. George Glockler, head of the department of chemistry, was presented the 1952 Iowa award of the American Chemical Society Friday night at a banquet held in his honor in the Iowa Memorial Union. The medal is awarded for meritorious achievement by a chemist or chemical engineer in research, teaching or industry. This is the second time in the award's history that an SUI professor has been the recipient: Prof. Henry A. Mattill, retired head of the department of biochemistry was the winner in 1950.

Berg Presents Award
Prof. Clarence P. Berg, biochemistry, chairman of the Iowa award committee, made the presentation. Dean Emeritus S. C. Lind of the University of Minnesota Institute of Technology introduced Glockler. Prof. John P. Hummel, biochemistry, chairman of the Iowa section of the society, opened the program.

Glockler's Iowa award address, "Bond and Resonance Energies," completed the program. He discussed the nature of forces that holds atoms and molecules together.

About 150 faculty members and students attended the banquet in the River room.

Guests Include Daughter
Guests from out of town included Glockler's daughter and son-

in-law, Prof. and Mrs. Richard E. Hein of Kansas State college, last year's winner, Prof. and Mrs. Henry Gilman, of Iowa State college and Charles A. Goetz, head of the Iowa State college chemistry department.

Glockler is on leave of absence from SUI this year. He is serving as director of army ordnance research at Duke university, Durham, S.C. He will return to SUI next fall.

A reception in the seminar room of the Chemistry building followed the dinner.

Iowa Ad-Men Urged to Play Friendly Role

Iowa advertisers Friday were urged to drop the roles of "stuffed shirts" and to assume the parts of "good neighbors."

Nearly 100 advertising representatives from newspapers, radio stations, agencies, industry and retail business were given the advice by Clyde Bedell, Park Ridge, Ill., president of Clyde Bedell, Inc., and former advertising manager for Marshall Field and company, Chicago, at the fall advertising conference here.

Bedell said, "It is the job of the merchant to instill confidence in the mind of the buyer. The merchant must be a good neighbor who will disseminate factual information about his wares."

Outlines 4 Weaknesses
He outlined the four "creative weaknesses which blight most newspaper advertising" as "weak headlines, dull writing, inadequate writing and faulty communication through poor layouts and art."

"Advertising must be made interesting, constructive and persuasive to produce the best results," he said. "Good advertising is extremely potent as a leverage for business."

At the conference dinner Friday night in the Rose room of the Jefferson hotel, the conferees heard Robert J. Keith, vice-president in charge of advertising and merchandising for Pillsbury Mills, Inc., Minneapolis.

Ads Need Ideas
He explained his topic, "What We Expect From Our Advertising Program," with one word — ideas. "The idea is the one basic necessity of advertising," he said. As far as ideas are concerned, Keith likened 146 of the 150 million people in the United States to blotters. "Then there are 3,800,000 who are conveyors of ideas," he said, "and fewer than 200,000 who actually create them."

Eisenhower's Liaison Men To Be Named

AUGUSTA, Ga. (AP) President-elect Dwight D. Eisenhower, in response to a "top secret" message from the White House, Friday assured President Truman he will act promptly to name personal representatives to the State and Defense departments.

Eisenhower's press secretary, James C. Hagerty, told newsmen that was the substance of the general's reply to Truman's message, which was delivered at Eisenhower's vacation headquarters personally by a presidential courier.

Document Arrived Thursday
The "top secret" document arrived here Thursday in the care of Air Force Col. Albert L. Cox, who flew from Washington. The President-elect's reply was carried back to the White House Friday by an Eisenhower aide.

Meanwhile, Truman Friday made public a statement saying he had called on Eisenhower to send representatives to the Defense and State departments and the Budget Bureau "at the earliest possible moment."

Similar Message Cited
Hagerty said a similar request was included in the "top secret" message received Thursday, but that the message dealt too with "foreign matters" having to do with the United Nations.

Hagerty declined to elaborate on those aspects. He said, in reply to a question, that he assumed the foreign matters mentioned were the reason for the top secrecy label.

No Immediate Indication
There was no immediate indication as to why Truman was placing so much urgency on appointment of Eisenhower representatives to the key government departments during the interim between now and inauguration day, Jan. 20.

At United Nations headquarters in New York delegates made no secret of their satisfaction with the decision. They have hesitated to make important policy decisions here on such subjects as Korea, Tunis and Morocco.

Hancher Will Attend Meeting in New York

President Virgil M. Hancher will meet in New York city this weekend with the American Council on Education's committee on institutional research policy, of which he is chairman.

He will leave Iowa City this afternoon and will spend Sunday and Monday in session with the committee. The purpose of the ACE committee is to study policies, both of educational institutions and of the government, with respect to research grants to institutions of higher education.

Retired Faculty Honored at Dinner

FIVE RECENTLY RETIRED FACULTY MEMBERS of the SUI school of dentistry were honored at a banquet Friday night as part of the 35th annual convention of the SUI Dental Alumni association. Dr. Frank Coles, president of the association, presents certificates to the professors as SUI President Virgil M. Hancher (center) looks on. Left to right are: Coles, Dr. Arthur O. Klaffenbach, Dr. Earle S. Smith, Hancher, Dr. Alvin W. Bryan, Dr. Ralph A. Fenton, and Dr. Jay D. Wells.

'Dad' Accepts Picture of Old Capitol

DR. G. A. SYWASSINK, MUSCATINE, (LEFT) was named "Alumni Dad of 1952," Friday night at the Iowa Union. Presenting Dr. Sywassink with a framed picture of Old Capitol is Ralph Fretty, A4, Des Moines, Omicron Delta Kappa Dad's day chairman. George Sywassink Jr. (center) will attend SUI upon graduation from high school. Janet (second from right), A3, nominated her father for "Alumni Dad." Mrs. L. D. Gatzke, 308 N. Clinton st., another daughter, was a '49 SUI graduate.

Dr. Sywassink of Muscatine Named 'Alumni Dad of 1952'

Dr. G. A. Sywassink, Muscatine, was named "Alumni Dad of 1952" and was presented with a framed picture of Old Capitol, Friday evening at the Iowa Union.

Throughout the weekend Sywassink will be the guest of Omicron Delta Kappa, men's leadership society which sponsors Dad's day and he will be introduced during the half-time of the Illinois-Iowa football game today.

Graduated in 1924
Sywassink, who received his medical degree from SUI in 1924, was nominated for "alumni dad" by his daughter Janet, A3. He is the father of two SUI graduates, Mrs. L. D. Gatzke, 308 N. Clinton st., and Mrs. K. H. McKay, Lansing, Mich. A son, George Jr., plans to enter SUI upon graduation from high school.

Both Sywassink's sons-in-law hold degrees from SUI, and one is now a student in the college of medicine.

The SUI father of the year was a member of Alpha Omega Alpha, medical honor society, at SUI.

Boosts SUI
He is a member of the Iowa Alumni association and a member of the recently organized alumni council of the association. An active member of the "T" club, which boosts SUI's athletic program, he is well known in the Muscatine area as a supporter of SUI.

Sywassink is the president of Bellevue hospital in Muscatine, and chairman of the planning and construction committee for the new county hospital there.

He is also one of the founders of the Muscatine club, and organization of businessmen which initiates and supports community service projects.

Open Houses Scheduled
Today's Dad's day program will begin with open houses in the housing units, SUI colleges, schools and departments, and the Iowa Memorial Union.

Dads and families will register from 9 to 12 a.m. and from 5 to 10 p.m. in the Iowa Union main lounge. Several pairs of hand-inscribed SUI bookends will be given as registration prizes.

A Union open house party from 8:30 to 11:30 p.m. for students, parents and alumni will climax Dad's day festivities.

Music by Peerson
Dance music will be provided by Paul Peerson and his orchestra. Intermission entertainment will feature Bill Caplan, A1, Des Moines, comedian; France Walker, N2, LaGrange, Ill., tapdancer, and Ronald Rogers, A4, Ainsworth, who will lead a vocal quartet.

The program also will include movies of the recent Iowa-Ohio State football game. Coffee and cookies will be served to parents and alumni in the Union private dining room and all facilities of the Union will be available for use.

Dad's day weekend is sponsored by Omicron Delta Kappa and the Union board.

Iowa Dentists Will Conclude 35th Annual Alumni Meeting

Approximately 150 Iowa dentists will wind up the 35th annual two-day convention of the SUI Dental Alumni association here today.

This morning Dr. E. E. Locher will speak on "Just a Few Highlights on Surgery and Prosthetics," and Dr. R. E. Conwell will speak on "The Surgical Removal of the End of a Tooth Root."

Friday members heard technical speeches on dentistry by Dr. William J. Simon and Dr. Douglas H. Yock of the University of Minnesota's school of dentistry and participated in discussions on dentistry.

A banquet honoring five recently retired faculty members of the SUI school of dentistry was given Friday evening in the Mayflower Inn. Those honored were:

Dr. Ralph A. Fenton, SUI, '13, who has been head of the department of dental surgery since 1919 and is a contributor to the development of oral surgery;

Dr. Arthur O. Klaffenbach, SUI, '07, who has been head of the department of clinical crown and bridge dentistry since 1923 and has published articles in dental journals in this country and abroad;

Dr. Earle S. Smith, SUI, '14, who has been head of the department of clinical prosthetic dentistry since 1923. During World War II he was a consultant in this specialty to the U.S. army, and has aided in the development of motion pictures on prosthetics.

Dr. J. D. Wells, SUI, '23, who was a demonstrator in clinical

operative dentistry until 1949 when he was appointed assistant professor in this field; and

Dr. Alvin W. Bryan, SUI, '11, who has been head of the department of dental pathology, therapeutics and periodontics since 1923, and dean of the college of dentistry since 1932.

New officers were announced during a business meeting Friday afternoon. They are: Dr. Cecil Bliss, Sioux City, president; Dr. Earle Eaton, Cedar Rapids, vice-president; Dr. Joseph Schoen, Blairtown, secretary, and Dr. Thomas Raymond, Des Moines, treasurer.

AFL Says Stassen Slated for Labor Post
WASHINGTON (AP)—The AFL said Friday Harold E. Stassen is "slated" to become secretary of labor in the new Eisenhower administration.

The labor group's weekly newspaper, the AFL News-Reporter, said that Stassen seems to be the choice for the cabinet post "unless Eisenhower decides to appoint some one from labor's ranks."

"Stassen played a key role in the stop Taft drive and in the campaign for Eisenhower's nomination and election," the labor paper said.

A former governor of Minnesota, Stassen is president of the University of Pennsylvania. The Minnesota delegation to the GOP convention insured Eisenhower's nomination by switching from Stassen at the close of the first ballot.

Evashevski's 'Underdogs' Ignore Odds

By JACK BENDER
Daily Iowan Sports Editor
The Fighting Illini take on our fighting Hawks in the Dad's Day game here today at 1:30 p.m. As usual, Iowa is the underdog but, also as usual, the odds mean nothing to Coach Forest Evashevski's men.

Illinois is fresh from knocking one of the Big Ten leaders, Michigan, from its top post and it will

Tickets for today's game will be on sale up to game-time, Francis Graham, business manager of athletics, announced late Friday. High school pupils will be admitted in the knothole section.

be out to make the experts who picked them to win the conference look a little better again this week.

Iowa had Minnesota down, 7-0, last week but a late rally let the Gophers win, 17-7. If the Hawks can be mentally "up" after such a sudden defeat, then a great game

Democrats Lead In Doubtful Races For House Seats

WASHINGTON (AP)—Democrats still led Friday night in four of the five undecided contests for election to the house of representatives.

Final, official tallies in some of the races may not be decided for weeks.

Latest returns showed the Republicans in headline control of the house with 220 GOP candidates elected against 209 Democrats. Control requires 218.

Meanwhile late returns from Eisenhower's landslide victory in the presidential election still rolled in — with nearly complete figures showing a record-breaking total vote of almost 60 million ballots. The latest Associated press tally showed Eisenhower with a grand total of 33,029,304 votes against 26,584,334 for his Democratic opponent, Gov. Adlai Stevenson of Illinois.

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN AND SIGNED by a responsible person.

TOWN MEN'S ASSOCIATION will elect officers at an election to be held Wednesday, Nov. 12. Balloting will take place from 8 a.m. to 5 p.m. at the office of student affairs, room 111 University hall.

APPLICATIONS FOR UNIVERSITY Women's Association's Orientation Council are now available at the UWA desk in the office of student affairs. Orientation group leaders and assistants will be chosen in the spring. Council applications are due at the UWA desk in the office of student affairs Nov. 12, 5 p.m.

THE HUMANITIES SOCIETY and the graduate college present Prof. Joseph L. Cobitz, of the SUI department of philosophy. He will talk on "Metaphysics and Language" on Monday, Nov. 10 at 8 p.m. in the senate chamber of Old Capitol.

BRIDGE CLUB OPEN TO ALL SUI students interested in playing bridge. Sunday, November 9 at 2:30 p.m., sunporch, Iowa Memorial Union.

DR. C. UMHAU WOLF FROM the Chicago Lutheran seminary at Maywood will speak at 6 p.m. Sunday, Nov. 9 at Zion Lutheran church. Cost supper at 5 p.m.

THE LEAGUE OF WOMEN Voters is sponsoring a panel discussion on the "United Nations and the Critical World Situation," to be held in the Shambaugh lecture room of the University library at 8 p.m., Nov. 10.

THE HOME ECONOMICS club will hold its next meeting on Wednesday, Nov. 12 at 4 p.m. in the home economics dining room in MacBride hall. Theme of the meeting will be candlemaking.

CLASSICS DEPARTMENT Coffee Hour. Slide talk by Professor Nybakken on "Roman Prose" in 110 Schaeffer hall at 3:10 p.m., Tuesday, Nov. 11. Followed by general coffee hour at 3:45. Anyone interested welcome to lecture or coffee hour or both.

THE IOWA STUDENT CHAPTER of the Society for the Advancement of Management will hold its initial organizational meeting of the year at 7 p.m., Nov. 12, in room 214 University hall. Students in any field of management are urged to attend the initial meet-

ing to help complete plans for the 1952-53 year.

DR. MARTIN HARVEY OF Southern University, will lead the Sunday morning Bible study at the Lutheran student house at 9 a.m. Nov. 9. Breakfast at 8:30.

CATHOLIC STUDENT CENTER will have another regular meeting Sunday evening, Nov. 9, at 5. Hot supper included.

A REPRESENTATIVE of North American Aviation, Inc., will be on campus Thursday, Nov. 20, to interview winter engineering graduates for positions at the company's Los Angeles, Calif., plant.

THE ANNUAL HILLEL STUDENT-faculty tea will be held this Sunday, Nov. 9 from 3 to 5 p.m. at the Hillel foundation, 122 E. Market st.

ASPECTS OF GENERAL EDUCATION and Language Training in Germany will be the subject of a talk by Karl Hecht, Fulbright fellow from Munich, Germany. The talk is sponsored by Delta Phi Alpha, honorary German fraternity and will be given on Thursday, Nov. 13 at 8 p.m. in room 122 Schaeffer hall.

THE HOME ECONOMICS club will hold its next meeting on Wednesday, Nov. 12 at 4 p.m. in the home economics dining room in MacBride hall. Theme of the meeting will be candlemaking.

CLASSICS DEPARTMENT Coffee Hour. Slide talk by Professor Nybakken on "Roman Prose" in 110 Schaeffer hall at 3:10 p.m., Tuesday, Nov. 11. Followed by general coffee hour at 3:45. Anyone interested welcome to lecture or coffee hour or both.

TRINITY CHURCH COMMUNION breakfast for Episcopal students will be held at 8:30 on Sunday morning in the Parish hall following the early service. Bishop Smith will be the celebrant.

A JAPANESE DINNER IS BEING planned by UWA foreign student committee and Japanese students for Saturday, Nov. 15, at 6 p.m. to be held in Wesley house. Tickets are \$.75 and reservations must be made at the office of student affairs Thursday by 4 p.m.

Highlights of the evening will be entertainment by the Japanese students on campus. All Japanese students are urged to wear their native costumes. UWA foreign student committee welcomes all university students to the dinner.

STUDENTS AND TOWNS PEOPLE wishing to join with the University chorus to sing "The Messiah," please call or see Prof. Stark, x2278. Rehearsals are Tuesday and Thursday evenings from 7:15 to 9:15.

THE CHAPERONES' CLUB will meet at the Iowa Memorial Union at 12:15 p.m., Tuesday, Nov. 11.

THE TUESDAY, NOV. 11, luncheon at Wesley House will have Dr. Martin Harvey of Southern University as its speaker. He will lead a discussion on Christianity and Current Social Problems. The luncheon is at 12:20 p.m. and reservations should be made by Monday night. The cost is 25 cents.

ORDER OF ARTUS WILL meet Nov. 11 at 12 p.m. at the D & L Grill. Dr. C. R. Davies, SUI economics professor, will speak about the topic, "Realistic Economic Theory." Reservations may be made by calling x2213 or by signing in room 104 of University hall.

SIGMA NU FRATERNITY IS holding its annual fall party this Saturday, Nov. 8, from 8 to 12 p.m.

SIGMA DELTA CHI MEETING and smoker for prospective pledges is Saturday at 9 a.m. in The Daily Iowan newsroom. All activities should attend.

THE UNIVERSITY ORCHESTRA, under the direction of Dr. P. G. Clapp, will present its second concert of the 1952-53 season on Wednesday, Nov. 12, in the Iowa Memorial Union lounge at 8 p.m. Free tickets are now available at the information desk at the Union.

THE FUND FOR THE ADVANCEMENT of Education is offering approximately 250 Faculty Fellowships for the academic year 1953-54 to teachers who wish to broaden their qualifications for teaching their respective fields. Fellowships are available in the humanities, the social sciences and the natural sciences. Further information may be obtained at the graduate college office and application forms (which must be submitted by Jan. 10, 1953), may be obtained by writing Committee on Faculty Fellowships, the Fund for the Advancement of Education, 575 Madison ave., New York 22, N.Y.

UCM GUEST LEADERS AT the Westminster Fellowship, First Presbyterian church, will be Dr. P. K. Houdek at the student discussion class, 9:30 a.m. Sunday morning, and Dr. Martin L. Harvey, dean of students at Southern University, at Student Vespers, 5 p.m. Sunday. There will be two UCM coffee hours at the church at 4 p.m. on Monday and Tuesday, and at noon on Thursday there will be a UCM luncheon at the church.

FOREIGN STUDIES PROGRAM—Students registered or interested in this program should report to Prof. Erich Funke (106 Schaeffer hall) before Nov. 20.

Ike Already Is Shaping Future Plans

WASHINGTON (AP) — Gen. Dwight D. Eisenhower already is shaping up an orderly plan for taking over the immense power and responsibility that his record-breaking vote for president called on him to assume.

The idea seems to be that Eisenhower friends — men who would help him with his administration — should sit in with the Democratic officials now running the government and thus "know the ropes" by the time the new Republican administration officially takes over on Jan. 20.

The outline of this plan stands out from the messages already exchanged between President Truman and the President-elect in the 48 hours since Eisenhower's election landslide buried Democratic nominee Adlai Stevenson and swept the Republican party into slim control of congress.

Truman Cracked the Door
Truman himself cracked the door for such a procedure Wednesday when he invited Eisenhower to send a representative to work with the budget director on the new government budget.

Eisenhower followed it up Thursday by suggesting that he propose "other individuals for indoctrination in several of the other departments." For himself, he accepted an invitation to meet with Truman and suggested early in the week of Nov. 17 as the time.

The transition from one administration to another figures at best to be a difficult time. With a new set of policy-makers taking over, uncertainty descends through the army of lesser officials and clerks who carry out the little tasks which get the immense business of government accomplished.

Good Starting Place
If there is to be a plan such as the Truman-Eisenhower exchange point to, the budget bureau is a good place to start as Truman suggested. The budget now being made up is for government operations in the 12 months between next July 1 and June 30, 1954 — that is, for a fiscal year beginning nearly six months after Eisenhower will take office.

Yet, by law, Truman is required to prepare this budget and it is to be submitted to congress in January. The messages already exchanged assure that Eisenhower's man will sit in on the framing of it.

Catholic Publication Says Other Planets Could Have 'Beings'

ROME (AP) — An authoritative Catholic publication said Thursday there could be reasoning beings on other planets subject neither to illness nor death.

Such beings, said Civita Cattolica, fortnightly review of the Society of Jesus (Jesuits), would not be part of the human family which has its head in Adam.

But, added Civita Cattolica, there could also be reasoning beings who, like Adam and Eve, failed in a test set them by the Creator.

Foreign Election Interest Attests U.S. World Role

By J. M. ROBERTS JR., Associated Press News Analyst
Few things so attest America's position of leadership in world affairs as foreign interest in the recent campaign and election.

Reaction has been about what you would expect, a cautious watchfulness over a change from an administration which has been very internationally-minded to a party which many foreigners believe contains an isolationist faction.

First fearful reaction in Europe, however, began to abate somewhat when returns in the close house and senate races indicated Eisenhower's personal popularity had been a prime factor, rather than any ideological shift to conservatism.

Europe to the Orient. They were well aware that the coalition of Republicans and southern Democrats in congress would continue their insistence on more attention to Far Eastern policy and revision of aid to Europe.

They were reassured somewhat, however, by Eisenhower's long interest in European affairs, and by the post-election assurance from John Foster Dulles, a prospective secretary of state, that friendly nations had nothing to fear.

Only when the new administration gets down to work, and congress has expressed itself on the first appropriation bills, will the uncertainty be resolved.

2 Internal Revenue Agents Arrested at Council Bluffs

COUNCIL BLUFFS, Ia. (AP) — Two agents of the federal bureau of internal revenue were arrested here and charged with breaking and entering.

The two, Edward Kelley, 28, of Omaha, and Fred A. Nimitz, 46, Council Bluffs, were arrested on a complaint signed by Robert Friel of Council Bluffs. The two agents were released in custody of Glenn F. Thummel, agent in charge of the internal revenue office here.

Friel told a reporter he filed the complaint after the two agents entered the Friel home Thursday to see his father, Fergus Friel, who was in bed under a doctor's orders.

Mother Blocks Door
The younger Friel said his mother, who was in the backyard at the time, came in and blocked the bedroom door.

Robert Friel was cited six weeks ago by the internal revenue bureau in a lien claiming \$42,274 in taxes due for the 1947-1951 period.

Fergus Friel was cited a few days later in a lien for \$118.04.

The complaint said the two agents entered the home "with intent to commit a public offense."

Friel several weeks ago claimed records pertinent to his case had disappeared.

WHEN THE U.S. SENATE convenes next year it will have 48 Republicans, 47 Democrats and one independent (Wayne Morse, Oregon), as shown by donkey and elephant symbols on map above.

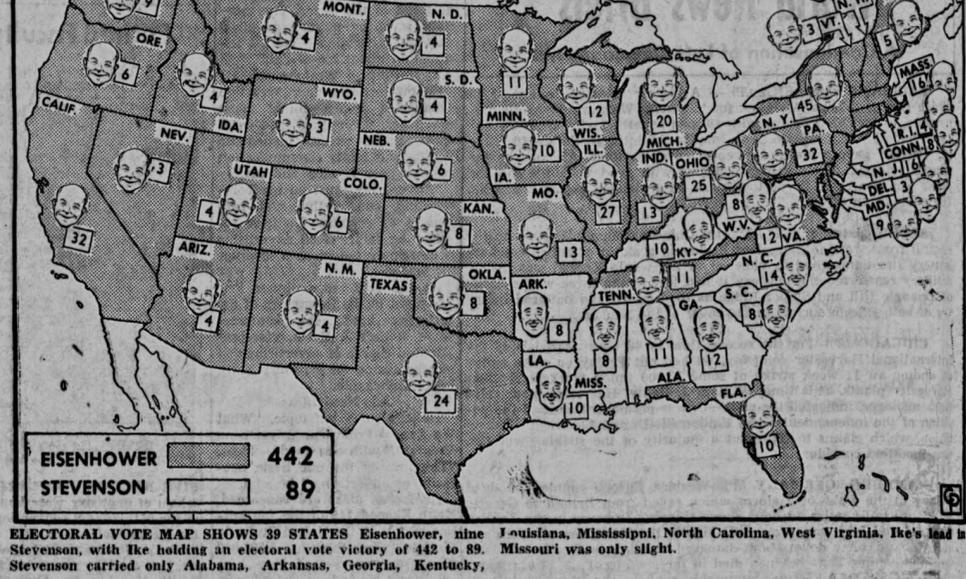

Stevenson to Meet With Demo Leaders To Discuss Future

SPRINGFIELD, Ill. (AP) — Gov. Adlai E. Stevenson and two top Democratic party leaders will meet here Saturday to discuss the party's future and its high command.

An aide to Stevenson, Democratic presidential candidate defeated by Republican Dwight D. Eisenhower, said Thursday night Stevenson will confer with Wilson Wyatt and Stephen Mitchell, Wyatt was Stevenson's campaign manager, Mitchell is Democratic national chairman.

The spokesman said they will discuss the future of the Democratic National Committee "which during the next four years become the focal point of the party."

Ike Smothers Stevenson in Electoral College Vote

ELECTORAL VOTE MAP SHOWS 39 STATES Eisenhower, nine Louisiana, Mississippi, North Carolina, West Virginia, Ike's lead in Stevenson, with Ike holding an electoral vote victory of 442 to 89. Missouri was only slight. Stevenson carried only Alabama, Arkansas, Georgia, Kentucky,

School Official Lauds 'Great Profession'

DES MOINES (AP) — The president of the Iowa State Education association told fellow teachers Thursday night theirs is a great profession and that he hoped the current wave of criticism that agitates the schools does not weaken your sense of values.

The speaker was W. F. Johnson, superintendent of schools at Spencer. He was addressing the opening session of the association's annual convention.

"I think we should recognize Johnson said, "that beyond certain selfish and malicious attacks a general criticism is just a part of the tension that exists in a crisis that face today's world."

Face Criticisms
"When the irresponsible in your town take shots at the school system face them with the calm that comes from knowing that while we do not for a minute presume to be perfect or beyond any criticism, we do know that there is much that is right in American education in today's world."

"Tell those who would belittle our schools that they have served millions of young people who under another system would have been cast off untrained, confused and bewildered only to join the peasant class."

Break Down Class Barriers
"Tell them that our educational policies have tended to break down class barriers, thus bring our country from the fratricidal wars of other countries."

"Remind them that our schools have done a good job in Americanizing millions of foreign born to the extent that we have kept our nation free of the troubles and fate of the Balkanized lands."

Johnson described a proposed minimum foundation program for financing public schools as "a step in the right direction." It would guarantee the schools \$200 per pupil per year, about half the financing to come from the state and the remainder from a uniform tax levy.

Interested in Standards
He said he knew the teachers are interested in the association's legislative program to improve the standards of the profession. He said the program included removing the state superintendent of schools from politics, putting the qualifications of elementary teachers on a level with the secondary teachers, improving certification standards generally, and obtaining a sound retirement program.

official daily BULLETIN UNIVERSITY CALENDAR
SATURDAY, NOVEMBER 8, 1952 VOL. XXIX, NO. 33
UNIVERSITY CALENDAR items are scheduled in the President's office, Old Capitol

Saturday, November 8
8:00 p.m. — University Play "Harvey," Theatre.

Wednesday, November 12
4:30 p.m. — University Christian Mission for Faculty, Dean Martin

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

Dad's Day Credit Due to Omicron Delta Kappa

Omicron Delta Kappa, national honor society for senior men, is primarily responsible for the planning of Dad's day and other university projects. Little is known about the O.D.K. organization, but the work that it accomplishes is a benefit to all students.

O.D.K. was established here on the SUI campus in 1947 as a successor to "All for Iowa" circle, which was founded in 1915, as a senior men's honor society.

During the war years, following 1943, A.F.I. became inactive and to fill the gap, a group of student leaders and faculty members in 1948 organized a men's group known as the Century club. In the spring of 1947, President Virgil M. Haner, as an alumnus president of A.F.I., named the 11 members of the Century club to membership in A.F.I. These members sought affiliation with the national society, Omicron Delta Kappa. On May 10, 1947, the members of A.F.I. were installed as members of the A.F.I. Circle of O.D.K.

a cumulative grade point average of 2.6.

Omicron Delta Kappa selects its members on achievement in five major phases of campus life; scholarship, athletics, social and religious affairs, student publications, and speech, music and dramatic arts.

At present 20 active members are included in the Iowa O.D.K. circle, and eight faculty members.

The officers of O.D.K. are: Peter Van Oosterhout, LI, Orange City, president; James A. Bullard, MI, Jefferson, vice-president; M. L. Huit, counselor to men, secretary; John M. Hays, C4, Iowa City, treasurer, and Frank R. Kennedy, professor of law, faculty adviser.

O.D.K. Dad's day committee was headed by Ralph Fretty, A4, Des Moines. His assistants were: Sam Syverud, E4, Bettendorf; William Stanford, MI, Cedar Rapids, and James Sherman, C4, Sioux City.

O.D.K., since its establishment on this campus, has sponsored such activities as the annual Dad's day weekend, the Dad's day dance, parliamentary law forums, an annual reunion breakfast for the alumni, the all-university musical "Panacea," and the all-campus carnival.

Membership in O.D.K. is awarded to junior and senior men and to faculty and alumni members on the basis of character and specified eligibility. In selecting the new members, an honor-point system is used to determine the qualifications of the individuals. Scholarships, the candidates must rank in the upper 33 per cent of their class, and must have

Theta Xi Pledges 16 Men Informally

Theta Xi social fraternity announced the pledging of 16 men during informal rushing period.

They are: William A. Omera, A3, Sioux City; Frederick Lucas, A1, Aukland, New Zealand; Robert Olesen, A1, Hawkeye; David Wik, A2, Sioux City; Gene Lundahl, A2, Sioux City; Don Willmot, A1, Sioux City.

Gordon Seeser, A1, Clinton; Robert Steele, A1, Shenandoah; Don Schweneker, A2, Dubuque; Howard Hill, A3, Iowa City; John Seeser, A3, Clinton; Wayne Jeffrey, E3, Marion; Bud Higgins, A3, Clinton; Tom Phillips, A1, Davenport; and Herbert Wilson, C4, Sioux City.

Phi Delta Theta Announces Pledges

Phi Delta Theta social fraternity has announced the pledging of five men during the period of informal rushing.

The five new pledges are: Tom Pletcher, A1, Emmetsburg; Jim Freeman, A1, Iowa City; Bob Christian, A2, Des Moines; Boyel Green, A1, Omaha, Neb.; and Al Porter, C3, Oelwein.

Bill Fenton Presents His Number

ALL THE DADS OF THE IOWA FOOTBALL TEAM will be the guests of honor this afternoon at the Iowa-Illinois game. The dads will wear the jersey number of their son and sit in a special section reserved for them. Presenting the well-known "88" to his dad is Bill Fenton, captain of the football team. Receiving it with pride is Dr. R. A. Fenton.

30 Football Dads To Wear Son's Number at Game

Thirty football dads will be wearing their son's number today while attending the Iowa-Illinois game.

They are Charles A. Boothe Sr., Galesburg, Ill., father of Charles Boothe Jr.; Herbert C. Britzmann, Hawarden, father of Burt Britzmann; Otto P. Broeder Sr., Richmond Hts., Mo., father of Binky and Bunny Broeder.

William Chelf, West Liberty, father of Donald Chelf; Clarence Clark, Independence, father of Jerry Clark; Tait Cummins, Cedar Rapids, father of Cameron Cummins; Israel Dubansky, Des Moines, father of Harlan Dubansky.

Richard Ellis, Dubuque, father of Thomas Ellis; Dr. R. A. Fenton, Iowa City, father of William Fenton; Alden Frymire, Davenport, father of Richard Frymire; Clyde Gardner Sr., Newton, father of Clyde Gardner Jr.; John W. Hall Sr., Chicago, Ill., father of John W. Hall Jr.; Phillip Hayman Sr., St. Louis, Mo., father of Phillip Hayman Jr.; M. L. Hess, Des Moines, father of Jack Hess.

Walter Hilgenberg, Wilton Junction, father of Jerry Hilgenberg; Monrad A. Houg, St. Ansgar, father of Andy Houg; Lyle Houser, Griswold, father of Forrest Houser; Jess Ramert, Fort Dodge, father-in-law of Roy Hutchinson; Henry Kemp, Waterloo, father of Paul Kemp.

Vernon Lawson, Fairfield, father of Warren Lawson; J. B. Leinbaugh, Holstein, father of Lyle Leinbaugh; Edwin Lindsey Sr., Davenport, father of Edwin Lindsey Jr.; Louis Matykiewicz, Chicago, Ill., father of Louis Matykiewicz; Leo McBride, Burlington, father of Dan McBride.

George Milani, Centerville, father of James Milani; R. D. Palmer, Marion, father of George Palmer; G. L. Phillips, Cedar Rapids, father of Robert Phillips; R. J. Reister, Sioux City, father of Harold Reister; Aubrey White, Iowa City, father of Jerry White; Larry Wilke, Charles City, father of Richard Wilke.

Zeta Tau Alpha Plans Hayrack Ride

Zeta Tau Alpha social sorority is giving a hayrack ride for chapter members and their dates this evening after the game.

The hayrack ride will be followed by an informal dance at the chapter house, 815 E. Bloomington st.

3 MINUTE INTERLUDE

BINGHAMTON, N.Y. (AP) — A three-minute parking zone has been set up here on Collier st.

In passing the ordinance, the City Council did not say what you were supposed to do with the three minutes, but it will cost you one cent in the parking meter.

Sigma Phi Epsilon To Have Informal Tea

Sigma Phi Epsilon social fraternity will hold an informal tea from 3 to 5 p.m. at the chapter house, Sunday, Nov. 9, in honor of their new housemother, Mrs. B. B. Bagley.

Don Christensen, A1, Harlan, and James Vickery, A4, Des Moines, are in charge of the preparations for the tea.

Social Briefs

Since today is Dad's day, most of the honors will go to the dads. Various activities are planned for the fathers of all SUI students.

The fraternities, sororities and the independent housing units are sponsoring open houses for the visiting dads.

Acacia—Open house from 9-12 noon.

Alpha Tau Omega—Open house, morning.

DARS Sponsor New Radio Series Of Iowa Composers

The Daughters of the American Revolution will again sponsor a radio series entitled, "Original Compositions of Iowa Composers."

The broadcast will begin at 11:30 this morning over station WSUL. The broadcasts are arranged by Mrs. Paul D. Shaw, a member of the Pilgrim chapter of the Daughters of the American Revolution.

The two compositions featured on this week's broadcast are: "Sonata for Brass Choir," by Merrill E. Hogg and "Sonata for Piano," by Robert Tyndall.

"Sonata for Brass Choir," by Hogg, is done in three movements. The first movement is with brilliancy, the second movement is slow and the third movement is scherzo.

The instruments used in "Sonata for Brass Choir" are trumpets, French horns, trombones, bass trombones, baritones, and a tuba. The sonata is played on record by the Cincinnati Conservatory Brass Choir, and is conducted by Prof. Ernest M. Glover.

The second composition by Tyndall, "Sonata for Piano," will be played by John Simms, an instructor in the SUI music department.

Hogg is a graduate of the university department and Tyndall is an instructor in the music department at SUI.

Union Open House Honors Dads of SUI Students

The Iowa Memorial Union will hold an open house tonight following the Iowa-Illinois game, honoring all the Dad's of SUI students, from 8:30 to 11:30 p.m.

Entertainment provided for the open house will feature a movie of the Iowa-Ohio State victory.

In the main lounge, Paul Pearson's band will play for the Dad's Day dance. Other entertainment is planned for the intermission.

Donuts and coffee will be served in the north dining room for the Dads and students.

Co-chairmen for the planning of

the Union open house are: Shirley Smith, A4, Whitten, and Ted Hutchison, A3, Algona. Committee members are: Gordon Campbell, C3, Waterloo, Mary Jane Anson, A3, Keosauqua, Jeanne Hotz, N2, Ft. Dodge, Martha Beebe, A2, Bedford, James Cooney, A2, Yoko-homa, Japan, Paul Bartlett, A2, Bedford.

Positively "ONLY" Iowa City Showing This Year!

Illini Edged Top Michigan Last Saturday

(Continued from Page 1)

Michigan last Saturday for a 22-13 win which knocked the Wolverines out of a share of first place. Iowa lost its first three league games, then upset Ohio State and last week lost to Minnesota, despite dominating most of the statistics.

They outgained the Gophers, 309 yards to 157 and held them to 49 yards by rushing, but two fumbles set up Gopher touchdowns and another probably cost Iowa a counter.

The Hawks will bank heavily on the running game which went for 194 yards against Ohio State and 295 against Minnesota. Heartened by the return to form of Dusty Rice and the running of right half-back Don Inman, the Iowans hope they can move on the ground.

Other Top Gainers

Other top yard-gainers include Jim Milani, who has missed the last three games, 137; Binky Broeder, 134; Inman, 126, and Bobby Stearnes, 107.

But Iowa has no passer like Tommy O'Connell who has completed 59 per cent of his throws. His chief receivers have been Rocky Ryan and Rex Smith. Ryan now has been shifted to right halfback and is used as a target on spread plays. Ken Miller surprised with his fullback play in replacing the injured Bill Tate, the Rose Bowl star.

It may develop into a battle of strong defenses. Iowa's defense play in the last two games has been sensational, holding foes to a total of 91 yards by rushing. Illinois line, after being pushed around by other conference teams, came to life after some personnel revisions and cut down the Wolverine ground attack to 123 yards.

9 Iowa Wins

Iowa has won nine of the series games, as compared with Illinois' 21, with two ties. Minnesota is the only conference team which has a longer winning streak over Iowa in a series, 12, as compared with Illinois' ten.

Hawks have come close several times, but that was all. So Illinois enters the game here today with the second-longest winning streak over Iowa of any team and a 21-9-2 lead in the series.

Although there is nothing for Iowans to cheer about in the record of the past decade, we at least can contemplate some triumphs of the past.

Won in 1941

In 1941, Iowa won 21-0 when Tom Farmer threw two TD passes to Bill Parker, ran for a third and kicked all extra points on a field made soft by snow flurries at Champaign.

In 1940, Iowa rambled for 208 yards by rushing to Illinois' 49 at Iowa City, and won 18-7. Bus Mertes scored two TDs and Farmer made another.

Ozzie Simmons had one of his greatest days, racing 71 yards for the first score, then setting up two other TDs with his wild slithering running in 1935 as the Hawks won 19-0.

The one old timers tell about is the 12-10 Iowa win in 1925. Red Grange took the first kickoff back 80 yards for a score but Nick Kutsch, Iowa sophomore, kicked two field goals and scored the winning touchdown with three minutes to play.

In 1929, the Iowa stadium was dedicated as the teams tied, 7-7, in the rain. Bill Glassgow staged a 78-yarder on the second play but Doug Mills, now Illini athletic director, talked on a "mixed signals" play when his own team mates did not know what happened until they saw Mills in the end zone.

Today's game is the last home conference game for the Hawkeyes, who were at Minnesota Saturday, while Illinois was at Michigan. Iowa closes its Big Ten series at Northwestern there Nov. 15, then ends the season against Notre Dame here Nov. 22.

AFTER 4TH TITLE

CHICAGO (AP)—Lawrence, pursuing its fourth straight title, and Carleton are expected to trot it out for the Midwest Conference cross-country championship at Washington Park course this morning. Other contenders include Cornell, Ia., Grinnell, Monmouth, Ripon and St. Olaf. Carleton beat Lawrence in a dual meet this season, 22 to 35.

Dodgers Smash City High, 19-0

By STAFF WRITER

Fort Dodge had little trouble Friday night repelling a somewhat desperate attempt by City high's football team to recover from the loss of four regular players as the Dodgers easily downed Coach Frank Bates' crew 19-0 at Fort Dodge.

The Dodgers have been rated high among the state's high school teams during the season, and had obviously been pointing toward this intersectional tiff. Fort Dodge finished the season with a 6-2-1 record which is an exact duplicate of City high's finish.

The Hawkleys, until last week when they lost four regulars via the juvenile delinquency route, were headed for an undefeated season, but as a consequence of the dire need for experience the Little Hawks were stopped by Roosevelt of Cedar Rapids and now by Fort Dodge.

King Scores

Fort Dodge slashed into the lead Friday night when the Dodgers' ace fullback, Gary King, ran over his own right tackle on a 30-yard scoring jaunt. The score came with two minutes remaining in the first period. The conversion was missed by King and the score stood at 6-0 as the second quarter opened.

Midway in the second period City high punted. The Dodgers could manage a runback to only their own 30-yard line. From this point the eventual victors began the longest, and incidentally, the only scoring drive of the game.

Left halfback Larry Gilpin's plunge from the three yard stripe climaxed the 70-yard drive. During the drive King made several lengthy gains to help the Dodge cause once more. At halftime Iowa City trailed, 12-0.

Hawkle Drive

Although there was no scoring during the third quarter the Little Hawks mustered their only drive of the game. Led by the running of left halfback Bob Davis the Hawkleys drove to the Fort Dodge 30 to relinquish the ball at that point by a fumble.

Gary King again took the spotlight with only two minutes remaining when the 190-pound Dodge slipped away on a 53-yard scoring jaunt. He again missed the conversion, and the contest assumed its final score, 19-0.

City high's once mighty offensive machine never caught fire Friday night, and was held to under 100 yards net gain by the strong Fort Dodge defense which was led by the play of left guard, Mervin Habemicht.

Purdue Risks Clean Slate at Minnesota

CHICAGO (AP) — Pace-setting Purdue risks its unbeaten Big Ten record Saturday at Minneapolis against a Minnesota team still a dangerous title contender in the feature contest of a three-game conference football program.

The only other league games booked sends Northwestern 1-3, to Wisconsin 2-1, and Illinois 1-3, to Iowa 1-4.

In non-conference action, Indiana must play host to the nation's No. 1 team, Michigan State, and Michigan entertains Cornell which has won only one game this season, and Ohio State hosts Pittsburgh.

Gophers Lose One

Purdue's Boilermakers have won all three of their Big Ten starts and are tabbed a 14-point favorite over the Gophers, tied with Michigan for second place at 3-1. Minnesota bowed to Michigan 21-0, but brushed past Illinois, Northwestern and Iowa.

A single setback may force Purdue to share the title and throw the Rose Bowl selection into a big guessing game.

The Boilermakers lost to Michigan State last Saturday, 14-7, but had the Spartans laboring. In conference play, Purdue has beaten Ohio State 21-14; Iowa 41-14; and Illinois 40-12.

Top Illinois Pass Receivers

THESE TWO ILLINOIS BACKFIELD ACES, John "Rocky" Ryan and Pete Bachouris, have been lauded as the prime targets of Illini passing attack which is led by quarterback Tommy O'Connell, and on the basis of their showing at Michigan last weekend should give the Hawkeye aerial defense "fits" today.

Newton Continues to Lead Poll As Prep Grid Campaign Ends

By DICK MAU

Daily Iowan Staff Writer

Time again for polling — this time the survey is to determine the ranking of Iowa prep grid teams which for the most part, concluded the 1952 campaign Friday night, and today begin licking battle scars as they sum up the ifs and buts of the past season.

As the state's prep grid fans look back upon the past season they can undoubtedly boast of this year as being one of the best in Iowa's history for high school football. The season can be looked upon with the summation that the entire slate of games was marked with upsets and conference races resembling that of the present confusion in the Big Ten.

Many Upsets

Comparatively few teams were able to push an unmarred slate through the obstacle laden campaign. Teams such as North of Des Moines, Iowa City, Cherokee, and Fairfield, which in pre-season predictions were to emerge all-victorious, faltered before weaker teams late in the season.

Newton remains at the helm of the Corn state's football fold with very little opposition being provided the Cardinals for the top place. Coach Oley Eidahl's clan has submerged all opposition with its great array of both line and backfield talent, and is said to be one of the finest teams ever produced in the state.

Second position proves to be a tight race between Jefferson and Spencer. Jefferson, which has boasted undefeated, unscorered upon record all season, gets the nod for second place in the state.

Spencer 3rd

Spencer has wrapped up the Lakes conference title and stopped a 25 game winning streak of Cherokee's during the season. The Cardinals have slipped through the season with an 8-0 record scoring 278 points to 44 for rivals, which is good enough to give them third position.

Red Oak, which has yet to be beaten, ended the season Friday in a battle for the Southwest-Iowa loop title with once beaten Shenandoah. With that unmarred slate

and the vision of another conference championship in sight, the Red Oak aggregation was the favorite. It's Red Oak in fourth place.

Although North Des Moines was upset last week the Bears look good enough for fifth place in the state.

Here comes a pick which might cause controversy, but for the sixth spot, Sioux City Central, which has been lauded as "just as good as anything in western Iowa," gains this choice.

Mohawk Seventh

Mason City which is reportedly the best in northeast Iowa has had an erratic season. The Mohawks ended the season with a 6-2 record and is the "popular" choice for seventh position.

The next two places in the ratings prove to be more or less "up in the air." Iowa City, which won the Mississippi Valley crown, and Charles City which is Northeast conference champ, are the two most likely for the position. However, on the basis of previous play the Little Hawks deserve eighth position with the Comets following closely in ninth.

East, Shenandoah Tie

East Des Moines and Shenandoah carry similar records at this point although the former has played a somewhat more difficult schedule. Tenth position looks to be a tossup between the Scarlet and Shenandoah. Therefore that position is given to both teams.

Final rankings of the state's top prep elevens along with the "mythical" state champ for the 1952 campaign will appear in the Iowan Thursday, Nov. 13.

JUST the SPOT for SUNDAY SUPPER DOUG'S DINER 630 Iowa Ave.

Frick Is Frigid To Card Protest

NEW YORK (AP)—Baseball Commissioner Ford Frick Friday ruled there was no tampering involved when the St. Louis Browns signed Harry "The Cat" Brecheen last week after the Cardinals had asked for and received waivers on the veteran southpaw.

President Fred Saigh of the Cards had filed tampering charges against the Browns last week, declaring the Browns had signed Brecheen, who, he claimed, had never been given his unconditional release.

Brecheen had contended that as a player-coach in the majors, he automatically became a free agent when waivers had been received from the other clubs. Brecheen insisted the Browns had not contacted him until after the waiver period had expired.

Saigh, in St. Louis, said he was going ahead with the protest despite Frick's ruling. He will ask for an open hearing with all parties involved "across the table" to air it out.

Brecheen reportedly signed a two-year pact with the Browns, calling for a salary of \$20,000 as a player-coach the first year and \$14,500 as a coach the second year. Saigh said the Cards had obtained waivers on Brecheen in a move to place him as a coach with the Redbirds at a \$10,000 salary.

Saigh's action in asking for an open hearing was based on a verbal agreement he said he had with the pitcher that Brecheen would not sign with any other club after obtaining his release as a player. Saigh said he felt the verbal agreement was the same as a written contract.

Grid Star Matson Gets Draft Notice

SAN FRANCISCO (AP) — Ollie Matson, Chicago Cardinal backfield star and former grid sensation of the University of San Francisco, has received his military service draft papers.

His mother, Mrs. Gertrude Gumbus said that her son called her Thursday from Chicago. He said he didn't know exactly when he was expected to report but had written his draft board trying to get a delay.

'Big Test' For Oklahoma, Irish In Nation's Gridiron Headliner

NEW YORK (AP) — The Oklahoma football team, which has been drawing rave notices from the fans in its own territory, and up-and-coming Notre Dame are ready to give each other — and the NCAA television program — the big test Saturday.

By any sort of standards, it's the big game on the collegiate football program, and for the first time the "big" game is the one selected before the season to be televised nationally.

Television won't affect the attendance at Atlanta where bowl-bound Georgia Tech takes on Army. The lure of Army's first visit to the south made this an early sellout.

'Breather for Spartans'

Some other naturals that ought to draw huge crowds are Southern California-Stanford, California-Washington and Nebraska-Kansas. Two of them involve teams of top-tier ranking, USC and Kansas against respectably strong opposition.

There isn't much trouble in sight for the other high ranking teams. Michigan State, which held the lead in spite of a squeaker against Purdue, faces battered Indiana. Maryland has a day off; fifth-rated UCLA should have an easy time against Oregon State while Tennessee and Purdue, ranked eighth and ninth, figure to win handily from Louisiana State and Minnesota.

Ivy Rivalry

The list of important intersectional tussles includes Georgia at Pennsylvania, Clemson at Fordham, Navy at Duke, Mississippi at Houston, Wake Forest at Texas Christian, bowl-conscious Villanova at Tulsa, Cornell at Michigan, Wyoming at Kansas State and, if you draw the sectional lines sharply, Pitt at Ohio State.

For those who like their football decorated with ivy, Harvard and Princeton, both with good records clash in their 75th anniversary game; Wesleyan and Williams resume the ancient "Little

Three" series and Virginia and North Carolina play the 57th game in one of the south's oldest rivalries.

Other games of special interest include Columbia-Dartmouth and Temple-Boston U. among the leading eastern independents. Iowa plays Illinois and Northwestern meets Wisconsin in a pair of Big Ten tussles and Missouri, the Big Seven leader, takes on Colorado, the team that tied Oklahoma at the start of the season.

Southwest 'Barn-Burners'

The tangled Southwest conference race may be straightened out a bit by the Texas-Baylor, Rice-

Arkansas, and Texas A and M Southern Methodist games. The south has Kentucky-Tulane, Mississippi State-Auburn, Chattanooga, Alabama, West Virginia-VMI, William and Mary-Virginia Tech, Richmond-Davidson, North Carolina State-Washington and Louisiana State-Citadel.

Farther west its Colorado A & M vs. Utah in an important Skyline conference contest and Arizona State (Tempe) in the Border conference with New Mexico, Denver, Montana-Idaho, and Washington State-Oregon among the secondary games.

Hygiene Society Secretary

Harry M. Philpott
Dean at Stephens College

Robert Fischer
Church History Professor

Speakers to Make 129 Appearances in 5-Day Affair

(Continued from page 1)

day, 23 on Wednesday and 13 on Thursday.

Local Men to Speak

Local men who will also speak at the residence groups during the week are: Dale Faunce, dean of students; M. L. Huit, counselor for men; Prof. Cyrus Pangborn, assistant professor of religion; Rev. Robert Sanks, minister Methodist church; Dr. Sjoerd L. Bonting, research associate, physiology; Prof. Nicholas Rissanovsky, assistant professor of history.

Dr. Henry Lampe, pastor Coralville Bible church; Dr. M. Willard Lampe, director campus religious activities; Monsignor J. D. Conway, pastor St. Thomas More chapel; Dr. P. Hewison Pollock, pastor Presbyterian church; and Prof. T. Z. Koo, professor Oriental studies. Rev. Elmer Dierks, pastor First Baptist church and Prof. Robert S. Hoyt, associate professor of history.

Mission To Close Thursday

The mission will close with an assembly in MacBride auditorium Thursday night.

The lecturer who will start the University Christian Mission Sunday is Carl Wolf, army chaplain in the reserves.

Wolf will deliver the first address of the program at the Zion Lutheran church at 8 a.m. A Lutheran pastor, who has been active in teaching and lecturing at youth camps, he has served on several Christian Mission teams that have carried his talks over the nation.

During World War II, he was in the first lieutenant chaplain corps in the African campaign.

Pastor Educated at John Hopkins

He was educated at John Hopkins, Baltimore, Md., where he received a B. A. in 1934. Later he received a Ph.D. at Hartford Theological seminary.

Wolf is the author of several books and articles dealing with the Lutheran church. He also contributes occasionally to the American Journal of Sociology.

McGiffert Educated at Harvard

He was educated at Harvard university and received his M. A. from Columbia university. He spent two years in graduate study at the University of Zurich before receiving a Litt. D. from the Pacific School of Religion, Berkeley, Calif., and an LL.D. from the College of the Pacific.

McGiffert was president of the Pacific School of Religion from 1940 to 1946.

In 1917, he was ordained as a Congregational minister. He served as a chaplain in World War I.

McGiffert's Writings Include 'Jonathan Edwards' and 'Young Emerson Speaks'

Music, Religion Combined

The Rev. Robert Fischer, professor of church history at Chicago Lutheran seminary at Maywood, firmly believes that music should be a part of religious work.

He directs the Chicago Lutheran seminary choir and accompanies the Maywood Veterans' chorus.

While at Gettysburg college, where he received a B. A. in 1939, he was active in student pastoral work, music and sports. Fischer did graduate work in historical theology at Yale university and received a Ph.D. in 1947.

The 34-year-old Pennsylvania, who has been active in boys' club work, was ordained to the Lutheran ministry in 1948.

Mental Health Affects Religion

Paul Johnson, professor of the psychology of religion at Boston university, will give the University Christian Mission an insight to the affects of personality and mental health on religion.

Johnson has developed programs in training to learn how personalities affect face relationships and how to educate groups of psychosomatic and psychoneurotic patients.

He is the author of several books, including "Psychiatry and Religion" and "A Twenty Year Experiment in Group Therapy." Johnson was educated at Cornell college, where he received a B.A. He received a degree in theology

Martin Harvey
Student Dean in Louisiana

Harry Gossard
New Mexico College Dean

The Rev. Carl Wolf
Army Reserve Chaplain

at Boston university and did graduate work at the University of Chicago, Brown university and Harvard university.

Johnson Teaches Courses

Besides his work in psychology of religion, Johnson has also taught courses in ethics, sociology and philosophy.

Before he assumed his position at Boston university, he taught courses at West China Union university, Hamlin university and Morningside college.

Martin Harvey, dean of students, Southern university, Baton Rouge, La., has been engaged in youth work since his college days.

Harvey Active in Council

After receiving B.S. and M.A. degrees from New York university in religious education and personnel administration, Harvey began taking an active part in the New York State youth council. He became president of the Christian Youth council of North America and began 10 years of work as national director of youth work for the A.M.E. Zion church.

In 1938, Harvey made a trip around the world to study youth movements in more than 60 countries and to speak in various national student conferences.

Harry Philpott, dean of religious life, Stephens college, Columbia, Mo., is one of five lecturers taking part in the University Christian Mission whose background is in the teaching of religion.

During World War II, the 45-year-old native Virginian served as a chaplain in the U. S. navy and participated in the occupation of Japan.

Minister Teaches at Stephens

An ordained minister in the Baptist church, Dr. Philpott was a professor of religion at the University of Florida for five years before assuming his present position at Stephens in January.

He was awarded a Ph.D. degree in the field of religion in higher education at Yale Divinity school in 1947.

Primarily a teacher since 1913, Harry Gossard, dean of Eastern New Mexico college adds to the mission a versatile background of teaching in five different fields of education.

Gossard has taught courses in

astronomy, mathematics, education, sociology and economics since he received a Ph.D. from Johns Hopkins, Baltimore, Md., in 1913.

His abilities in these fields have given him an opportunity to teach in six different colleges since that time.

During those years, he served as executive secretary for the National Student YMCA for 10 southern states for three years.

He has spent 10 summers as a special lecturer at various YMCA and YWCA student conferences throughout the nation.

Besides being a leader in New Mexico boy scout work, Gossard is president of the state association for the Advancement of Science, the State Social Hygiene association and the State Board of Education.

YMCA Board Member

Now a member of the Southwestern YMCA board, Gossard is listed in "Who's Who in America" and "Leaders in Education" because of his outstanding work in many fields.

Dr. Gabriel Nahas, former French medical officer now affiliated with the department of physiology at the University of Minnesota medical school, brings to the mission a personality that has come in contact with people throughout Europe, Canada and the U. S.

An agent of the French underground forces for three years during World War II, the 32-year-old physiologist has received many decorations and citations from four different countries for his work as a medical officer and leader.

Won the French Croix de Guerre

He is the winner of the French Croix de Guerre, the American Medal of Freedom with a gold palm, a member of the Order of the British Empire and an officer of the Order of Orange-Nassau of the Netherlands.

Following World War II, Dr. Nahas took part in nine different student services as a member of the executive committee of the French Student Christian movement.

Noted not only for his leadership in World War II and his participation in Student Christian work,

but also for research at Rockefeller and Mayo foundations in the U. S., Dr. Nahas is the author of several technical writings in physiology.

The Christian Mission, with lecturers who are active in business and the professions, will also provide a speaker whose talks are devoted to marriage, family life and sex education in relation to religion.

He is P. K. Houdek, executive secretary of the Kansas City Social Hygiene society.

Houdek, who has a M.S. degree from the University of Chicago, has done marriage counseling and has lectured on college campuses over the country.

He is active in civic work in his present capacity, taking part in Kiwanis and other social group meetings, in addition to YMCA service.

He has been a delegate to the National Conference on Family Life and the National Conference of Church Leaders in Family Life.

Truman Expresses Opinion of Victory For Eisenhower

WASHINGTON (AP)—President Truman believes the Democrats "might have been a little better organized" for the presidential campaign—but that Gen. Dwight Eisenhower would have won anyway.

Sen. Benton (D-Conn.) relayed to reporters the President's afterthoughts on the campaign, after a half-hour talk with Truman.

"The President pointed out that Gov. Adlai Stevenson polled more votes than he, Henry Wallace and J. Strom Thurmond got in 1948 combined," Benton said.

The Connecticut senator himself was defeated although he drew 54,000 more votes than in his winning campaign two years ago.

STARS RESEMBLE TUBE

According to Hugo Gernsback, scientific writer and authority, the sun and the stars in our universes bear a close resemblance to an electron tube in their emission of electrons and transmission of radio energy.

Sophomore Submits Prize-Winning Poster Advertising Mission

Jan Haberly, A2, New Hampton, has submitted the prize winning poster in a contest to advertise the University Christian Mission. She received a \$10 prize.

Second and third place posters were made by Frank Deitch, A4, Kirkville, and Elaine Nunnally, G, Iowa City.

Ten posters were entered in the contest by students of the advertising design class under the direction of Prof. Dale Ballantyne, art department.

Each student could choose his own symbolism to represent the Christian Mission theme, "What Think Ye of Christ?"

The posters with Miss Haberly's design have been placed at various points on campus to supplement printed posters.

The Christian Mission programs have been distributed to faculty and residence groups.

The design for the program's cover was drawn by Ballantyne.

McGiffert to Speak At Joint Meeting Of Town Students

Dr. Arthur Cushman McGiffert Jr., president of the Chicago Theological Seminary since 1946, will speak to the SUI Independent Town Women and Town Men Monday, at 7:30 p.m. in the home of Dr. Clarence P. Berg, SUI professor of biochemistry, at 528 N. Duquesne st.

The event will be part of University Christian Week, Nov. 9-13. McGiffert was president of the Pacific School of Religion in Berkeley, Calif., for six years, and served on the faculty of the Chicago Theological Seminary for 13 years before becoming its president in 1946.

He authored a book on Jonathan Edwards and edited "Christianity as History and Faith" and "Young Emerson Speaks." His field of specialization is the history of American religious thought.

McGiffert has degrees from Harvard, Columbia, the Chicago Theological Seminary, the Pacific School of Religion, and from the College of the Pacific. He also attended the University of Zurich, Zurich, Switzerland.

State Education Group Hears SUI Professor

Prof. Wendell Johnson, director of the SUI speech clinic, spoke Friday to two groups at the annual meeting of the State Education association in Des Moines.

Addressing the noon luncheon of the speech section, he spoke on teaching methods suited to school children who have special speech difficulties. At the dinner meeting of the special education section his topic was, "The Immorality of Doing Nothing About Handicapped Children."

2-Day Schedule Listed

Talks by Religious Leaders to Open Mission

SUNDAY, NOV. 9

8:00 a.m. and 10:30 a.m. Zion Lutheran church, Dr. C. U. Wolf.

'Harvey' Begins Theater Season

ABOVE IS A SCENE FROM "HARVEY," the first play of the 1952-53 season at the SUI theater. Pictured from left to right are, John Harkins, A4, St. Louis, Mo., as Dr. Chumley and Dorothy Colonius, G. Alton, Ill., as Veta Louise Simmons. The play, which opened Friday night, will run through Nov. 15. Curtain time is 8 p.m. Tickets are available at room 8A Schaeffer hall or the theater box office.

Play Convinces Audience Of 'Harvey's' Existence

By JIM GOLTZ

An audience of some 200 SUI theater-goers left the University theater Friday night firmly convinced of the existence of a six-foot rabbit named "Harvey."

Their state of mind was a natural result, not only because of the convincing portrayals turned in by a cast of 12 refreshing players, but largely because of the charm and philosophical sagacity of Mary Chase's three-act comedy.

The success of the University theater production cannot be chalked-up only to the script, for without near-perfect performances and timing it might well fall flat on its whimsical face. But its essential delight for the young and the old stems from the childish belief which it expresses. The belief might be summed up as "We would all be a little better off if we were all a bit looney."

Without bothering to question Harvey's gender, Elwood befriends him. Losing neither his trust of man nor his insight into human nature, Elwood goes on to eventually convince his family, his friends, a number of psychiatrists, and all present of Harvey's existence — the "all present" including the audience.

A great deal of philosophy and wisdom lies behind the plays' apparently-nonsensical theme. It expresses a belief that if man is endowed with a faith and love of his fellow human-creatures, he is entitled to almost any idiosyncrasies or beliefs.

Harvey might have been conceived as an 8-foot centipede or a 12-foot mongoose rather than a 6-foot rabbit. It is the simple faith and trust which he represents that is the play's important point.

Harold Marston, as "Elwood," is as amiable and warm-hearted as the script demands, giving the role an elfish twist.

The female lead, Dorothy Colonius, G. Alton, Ill., as Elwood's sister "Veta Louise," is near-perfect as a fluttery, whiny spinster. Her performance arouses vague images of Josephine Hull and Agnes Morehead. Miss Colonius' entrances on stage are bombastic and effective, and her ability provides the show with some of its best moments.

Supporting them with force is Ellen Goen, A3, Manchester, whose part as a graceless "ugly duckling" is hilarious. Two players who can be listed as "outstanding" are Louise Knox, A3, Sioux City, whose bit part as a society dowager is the evening's first "show-stopper," and Carmen Bonacii, A3, Pittsburgh, Pa., who takes the pivotal role of the cab-driver who first supports Elwood's philosophy.

An extra line of credit must be awarded to Prof. A. S. Gillette's dramatic art department sets. There are two of them due to the theater's revolving stage and a clever system of fold-back scenery. The first, a Victorian living-room, is as staid as possible, while the second, an ultra-modern doctor's office, is handsome in design and ingenuity.

Johnson county's board of supervisors could really do a great service for the people if they would start right now on a project to have voting machines in service for the next election.

We propose that sufficient machines be purchased to take care of all of the Iowa City precincts first. It is in Iowa City where the need is greatest. We propose further that the supervisors consider getting in touch with the city of Iowa City on the machines. Perhaps a joint program could be worked out so that the cost in Iowa City could be mutually shared by both the county and the city. The machines could be used

for city elections as well as general elections. Voting machines cost money, but they would cut the cost of elections by one-third to one-half and would eventually pay for themselves.

The further splitting of voting precincts in Iowa City would not solve the problem here. To add more precincts would only increase the cost of elections and make it difficult even to find centrally located polling places, a problem already encountered.

Johnson county is 25 years behind the times in providing for elections. Isn't it about time we catch up with most other Iowa counties by using voting machines?

With about 4,000 polling places still to be counted, an unofficial tabulation showed a combined total of 59,545,569 votes for Dwight D. Eisenhower and Adlai E. Stevenson.

Counting minor party candidates and the remaining precincts, the total outpouring of ballots might reach 60 million.

WASHINGTON (AP) — About 61 per cent of the adult population turned out to vote in Tuesday's election — the biggest percentage in history — a survey indicated Friday.

With about 4,000 polling places still to be counted, an unofficial tabulation showed a combined total of 59,545,569 votes for Dwight D. Eisenhower and Adlai E. Stevenson.

Counting minor party candidates and the remaining precincts, the total outpouring of ballots might reach 60 million.

The percentage of registered or eligible voters who went to the polls apparently broke no record, however. Estimates by state and party officials and political writers added up to an unofficial figure of 75,579,785 eligible voters. About 79 per cent of that number actually voted.

The massive vote produced a paradox in Utah, where no official registration total is kept. Estimates by experienced political writers had put the total eligible list at about 325,000. The actual vote was about 328,000.

Our progressive neighbors next door in Iowa county have 22 precincts in their county. Their supervisors have provided the voters with 28 voting machines. In Tuesday's presidential election, Iowa county completed all of its counting and had their totals for ALL 22 PRECINCTS AT 10:15 P.M. THE SAME NIGHT, Iowa county has been using machines for many years.

The fact that Johnson county continues to vote only by paper ballot and to count by hand is about as progressive as a farmer who would still use oxen to cultivate his land. We in no manner mean to blame the dozens of loyal workers at the polling places. The antiquated system is no product of theirs. Most of the workers counting ballots went home so weary that they didn't care if they ever saw another election. And it was inhuman to have to stay on the counting boards until the afternoon of the second day, let alone until 3 o'clock this morning as the group did at the Longfellow school precinct.

At Tuesday's election, a record-breaking number of ballots had to be counted, but even with an average number of ballots, Iowa City has a reputation of being one of the last places in the state to finish its vote counting. Fortunately for the public, there were no close races in Johnson county, or the outcomes could have been in doubt until today.

Press-Citizen Urges County To Purchase Voting Machines

(Editor's note: The following editorial appeared in the Iowa City Press-Citizen Thursday evening. The Daily Iowan believes that it is of sufficient interest to our readers to be reprinted in its columns.)

We called attention Tuesday to the possibility of Iowa City being one of the last places in the state of Iowa to report complete unofficial election returns. We made that statement because of the fact that Johnson county has no voting machines.

At noon Wednesday, 2,419 of 2,481 precincts in Iowa had finished their vote counting. That left 62 out of the 2,481 that were still counting votes. Three of the 62 in the state were in Iowa City. Two of the three in Iowa City finished their work about 4:30 p.m. Wednesday. One of the three completed its vote counting job at 3 o'clock this morning (Thursday).

The long felt need for voting machines in Iowa City never was shown so clearly as in Tuesday's election. Not a single Iowa City precinct was completed until about 7 a.m. on Wednesday. Scores of Iowa cities and towns had their entire vote counted by 9 or 10 p.m. on election night.

Our progressive neighbors next door in Iowa county have 22 precincts in their county. Their supervisors have provided the voters with 28 voting machines. In Tuesday's presidential election, Iowa county completed all of its counting and had their totals for ALL 22 PRECINCTS AT 10:15 P.M. THE SAME NIGHT, Iowa county has been using machines for many years.

The fact that Johnson county continues to vote only by paper ballot and to count by hand is about as progressive as a farmer who would still use oxen to cultivate his land. We in no manner mean to blame the dozens of loyal workers at the polling places. The antiquated system is no product of theirs. Most of the workers counting ballots went home so weary that they didn't care if they ever saw another election. And it was inhuman to have to stay on the counting boards until the afternoon of the second day, let alone until 3 o'clock this morning as the group did at the Longfellow school precinct.

Iowan Publisher Presents Advertising Award

PROF. FRED POWNALL, Daily Iowan publisher, left, presents the award for advertising salesman of the month to Mel Lewis, C4, Burlington, while Bill Jenner, A4, Wilton Junction, receives the second place award from John Tatman, A3, Danbury. Lewis sold 749 inches of advertising during October while Jenner sold 710. The first place award was a pen and pencil set, donated by the Parker Pen company of Janesville, Wis. The prize for second place was a carton of cigarettes donated by Chesterfields. Tatman is campus representative of Chesterfields. Both winners are members of Alpha Delta Sigma, professional advertising fraternity, and do the work as a part of a laboratory course in advertising sales and promotion. Prof. Ellis H. Newsome is adviser to the class.

Huge Aged Population Prompts SUI Meeting

The fact that Iowa has the third largest share of the nation's 13 million citizens over 65 years of age underscores the importance of the forthcoming meeting at SUI of state leaders and national experts on problems of aging and old age, says Provost Harvey H. Davis.

With 10.4 per cent of Iowans 65 or over, only New Hampshire and Vermont have larger shares of senior citizens, according to Davis, chairman of the committee for the Iowa conference on gerontology, Nov. 18 and 19.

Contrary to the popular notion that most older people go to California, the Golden Gate state is 22d on the list, with 8.5 per cent, just above the national average of 8.1.

Details on employment and other economic problems of these older citizens will be interpreted to the Iowa conference on gerontology by Helen H. Ringe, specialist in the federal security agency. Editor of a recent FSA bulletin entitled "Employment and Eco-

nomie Status of Older Men and Women," Miss Ringe had a background in retail and manufacturing personnel work before her appointment to the department of labor. She has held a traveling fellowship in personnel and vocational guidance under a grant of the Rockefeller foundation and has spent two years as director of personnel and training service for the Young Women's Christian association.

Wilma Donahue, chairman of the institute for human adjustment of the University of Michigan is another featured speaker at the conference.

Following the presentation of the national pictures by such visiting experts as Miss Ringe and Miss Donahue, Iowa business, labor, and government leaders will define Iowa's problem areas.

Members of the university's medicine, education and social work faculties will present their points of view on how to assure

our elder citizens a more pleasant later life.

On the theme "Adding Life to Years," Ralph Shannon, publisher of the Washington Journal; Edward Wieland, state department of welfare; and professors Stevyn Horvath and James Stroud of the colleges of medicine and education will stress how older people can be helped to live happier, healthier, and more active lives.

Following the presentation of the national pictures by such visiting experts as Miss Ringe and Miss Donahue, Iowa business, labor, and government leaders will define Iowa's problem areas.

Members of the university's medicine, education and social work faculties will present their points of view on how to assure

our elder citizens a more pleasant later life.

On the theme "Adding Life to Years," Ralph Shannon, publisher of the Washington Journal; Edward Wieland, state department of welfare; and professors Stevyn Horvath and James Stroud of the colleges of medicine and education will stress how older people can be helped to live happier, healthier, and more active lives.

Other speakers

Wilma Donahue, chairman of the institute for human adjustment of the University of Michigan is another featured speaker at the conference.

Following the presentation of the national pictures by such visiting experts as Miss Ringe and Miss Donahue, Iowa business, labor, and government leaders will define Iowa's problem areas.

Members of the university's medicine, education and social work faculties will present their points of view on how to assure

9 to Attend Geology Meet

Professors J. J. Runner, Allen C. Tester and S. D. Tuttle, all of the geology department, will attend the annual meeting of the Geological Society of America in Boston, Mass., Nov. 13 through 15. Tester and Runner will participate in a pre-convention field trip in the Appalachian mountains, while Tuttle will present a paper on the glacial geology of southeastern New Hampshire.

Three students doing graduate work in geology also will attend the meeting. They are: David T. Gleim, Arlington; Charles E. Graham, Iowa City; and Walter C. Sweet, Denver, Colo.

Others from SUI attending the meeting are: H. G. Hershey, state Geological Survey; C. R. Murray, assistant district geologist; and R. M. Jeffords. They are all associated with the U. S. Geological Survey.

Police Disperse Early Bird Artists

An SUI night watchman reported to police early Friday morning that "seven SUI students had started a pep club of their own and were creating a disturbance."

The watchman said that the students, all men, used lime and water to paint "Number 7" on the grass around the campus. They also painted other slogans, he said.

Police, who responded to the watchman's call with three squad cars, sent the students home to bed. No damage was done nor were charges filed.

The officers report that they now have two sacks of lime in the back room of the police station.

Porter is which since monthly public can the SUI fact the author articles and "Bacterialology."
