

## UN Command Charges Reds Killed Medic

MUNSAN, Korea, Saturday (AP) — The United Nations command charged Friday that a Communist bullet killed a U.S. Navy medical sergeant on neutral soil near Panmunjom, and Red officers angrily broke off an inquiry after the Allies refused to produce the body.

The United Nations command had lodged a serious protest with the Communists for a "wanton violation" of the neutrality agreement covering the Korean armistice conference site of Panmunjom and roads leading to it.

The UN charges the unarmed sergeant was killed inside a tent by a Communist sniper on Wednesday. The tent was 100 yards from the Panmunjom-Munsan road. A "no fire" corridor extends for 220 yards on each side of the road.

**Bullet Examined by Reds**

Red investigators, headed by Col. Chang Chun San, a North Korean, examined the Communist-type bullet that killed the corpsman.

They heard the testimony of Marine Tech. Sgt. Jesse W. Condon of Newport, R.I., who was standing beside the victim when the shot was fired.

Chang demanded more "material evidence" including a view of the victim's body and clothing. Allies said the body had been buried and the clothing was not available.

**Limit Red Investigation**

Chang also wanted to roam freely behind Allied lines for the investigation. But a circle of U.S. marines barred his way. Col. Charles W. McCarthy, Chevy Chase, Md., senior UN liaison officer, limited the investigation to the immediate area.

Chang angrily terminated the investigation, declaring "your side failed to produce the material evidence and failed to allow our side to conduct the investigation the way we wanted."

Hospitalman 2c James A. Miller of Carmi, Ill., and Cmdr. William W. Ayers, a navy doctor of New Orleans both testified on details of the death.

The corpsman was not identified.

## White House Hints Topics of Truman, Eisenhower Talks

WASHINGTON (AP)—The White House gave a tip-off Friday that vital foreign policy, defense and money matters will dominate next Tuesday's White House talks between President Truman and President-elect Dwight D. Eisenhower.

This was indicated in the announcement of the key figures who will sit in on the talks after Truman and Eisenhower first meet alone.

On the administration side, the list includes Secretary of State Acheson, Secretary of Defense Lovett, Secretary of the Treasury Snyder, and Mutual Security Administrator W. Averell Harriman.

At Eisenhower's side will be Sen. Henry Cabot Lodge Jr. of Massachusetts and Detroit banker Joseph M. Dodge.

## World News Briefs

A Condensation of Late Developments

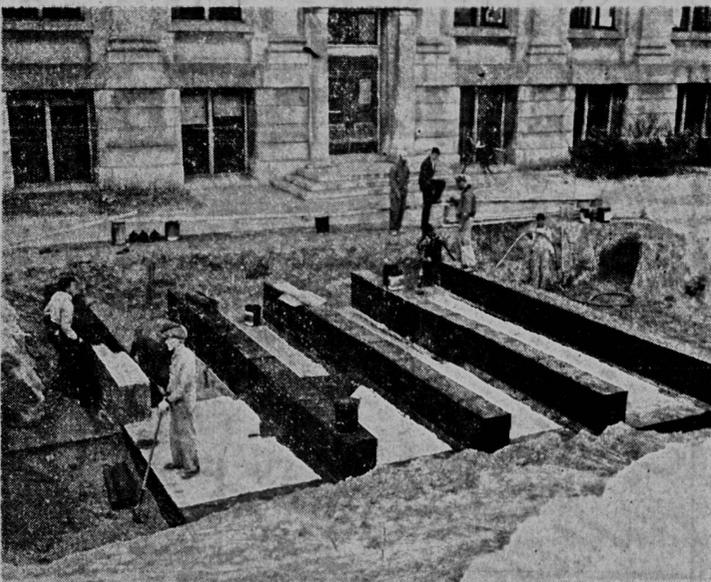

**BONN, GERMANY (AP)** — U.S. authorities in Germany Friday made the red-faced admission that they had spent over 200,000 marks (\$47,600) financing publication of a world history textbook written by a Communist and heavily loaded with Red propaganda. The damage was discovered after 9,200 copies had been delivered to the U.S. High Commission and 1,100 of these distributed to American-sponsored public reading rooms throughout West Germany. The discovery was made by a German government official who, after reading the book, wired U.S. authorities: "What's going on here?"

**SEOUL, KOREA (SATURDAY)** (AP) — Indomitable South Korean infantrymen early Saturday won back the crest of Sniper ridge on the central Korean front for the 15th time. Front reports said the sturdy Republic of Korea soldiers fought through the night and regained the crest—Pinpoint hill—at dawn. Details were lacking. The long and bloody fight began at 4 a.m. Friday. It raged through the murky day and pitch dark night on the slopes of Pinpoint.

**ANCHORAGE, ALASKA (AP)** — Planes took to the air again Friday in the hope of getting photographs by which wreckage 12,000 feet up Mt. Silverthorne can be identified positively. The air force has presumed it to be the wreckage of a C-119 from the 435th troop carrier wing, Miami, Fla. The plane vanished on a northward flight a week ago with 19 men aboard, including Capt. Walter B. Baumeister, whose father, David L. Baumeister, lives at Waterloo.

**UNITED NATIONS, N.Y. (AP)** — India was reported Friday working on a resolution calling for a four-power protective group to handle repatriation of prisoners in Korea. The resolution, to be sponsored by India alone, is expected to be put before the UN formally next week. India's deputy delegate, V. K. Krishna Menon, has been holding conferences behind the scenes with delegations concerning the resolution that India will present.

## Construction Nears Completion

(Daily Iowan Photos)

CONSTRUCTION DESIGNED TO allow more room for an atom smasher at SUI Physics building is nearing completion. The room in which the smasher has been in operation for several years, is being extended 30 feet in the direction of Schaeffer hall to provide more space around the target end of the smasher. Workmen are shown coating steel roof girders with tar and filling in the pit dug for the room. The room will be underground and will aid in reduction of the back scattering of nuclear radiation thrown off by the target.

## Insurance Company Offers Reward for Stolen Jewelry

A reward has been offered of 10 per cent of the total value of the jewelry stolen from a room in the Hotel Jefferson Thursday night. The company which insured the jewelry is offering the reward, local police reported Friday. The name of the insurance company was not disclosed.

The jewelry, consisting mostly of rings, lapel pins and earrings valued between \$30,000 and \$35,000, was stolen from a seventh-floor room of David H. Ruvelson, 60, St. Paul, Minn. Ruvelson, a salesman for his brother's wholesale jewelry firm, Phil G. Ruvelson, Inc., of St. Paul, told police officers that he was planning to retire next week and this was his last business trip.

**Believed Largest Robbery**

The burglary, which is believed to be the largest ever to occur in Iowa City, took place between 3:45 and 6:30 p.m. Thursday. Entry into the room was made by pushing in a large wood panel in the center of the door.

The jewelry was in 10 small jewelry trays which were found, along with the suitcase they were carried away in, at 9:30 p.m. in a creek one-fourth mile west of Cou Falls. They were found by Buster Davies, of Cedar Rapids, who was trapping in the area. Sheriff Albert J. (Pat) Murphy said. In the cases were two wedding rings.

Ruvelson said that there were approximately 1,300 rings, 48 without stones, a few pins and earrings in the trays.

**Trip to Cedar Rapids**

Ruvelson told police that he had made three calls in Cedar Rapids Thursday and displayed his jewelry at only one of the places, a department store.

He checked into the hotel here at 5:30 p.m. and was given a third-floor room. Ruvelson asked for another room, however, when he noticed that it had a window that appeared to be easily accessible from the outside and that the jewelry trays were in view of the window.

At 5:40 p.m. a bellboy helped him move to room 705 and he left at 5:45, leaving the jewel cases in that room. When he returned after eating and moving his car, he found the panel of the door removed and the jewelry missing. Ruvelson had inserted a "plug" in the door, which prevents a key from being inserted in the lock.

**Door Panel Removed**

The panel of the door, which measured 22 by 64 inches, was pushed in without causing much damage to the moulding holding the panel. The plywood panel was found on the bed in the room. Detective Harland Sprinkle said.

Police are puzzled by how it was possible to push in the door panel without attracting attention. There are no definite clues on the case yet, they said. Because the jewelry cases were in water, there are no fingerprints on them.

It has not been definitely determined whether anyone was seen at the time of the robbery leaving the hotel with a suitcase similar to the one in which the jewelry was carried.

One theory advanced by police regarding the theft is that Ruvelson had been followed by someone intending to rob him.

**Heavy Damage Reported**

Unofficial reports indicated heavy damage to military bases, including the big naval base at Tsuying. The extent probably will be cloaked for security reasons.

The defense ministry's supply chief, Sung Ta, flew south by special plane to assess the damage and organize relief.

Air and shipping links with the outside world were temporarily crippled.

**Rail Traffic Disrupted**

Torrential rains disrupted rail traffic on the island's east coast. Washouts and landslides blocked road beds.

Many points in southern Formosa could not be reached by telephone. Many trees were uprooted and telephone poles flattened.

At least five fishing boats were reported sunk.

**Kaohsiung, one of Formosa's two main ports, and neighboring**

**'An Afternoon of Jazz' To Be TV Presentation**

"An afternoon of Jazz" will be presented by the SUI television department Sunday at 1 p.m. over WOC-TV, Davenport.

Featured on the program will be Leo Cortimiglia and his modern musical combination, comprised of Bob Green, P3, Iowa City, bass; Jim Bowermaster, A4, Fairfield, drums; Wayne Lage, Hubbard, A4, Clarinet; Jackie Perkins, A2, I of Moines, vocalist; and Cortimiglia, an SUI graduate, piano.

Jim Mergon, A4, Fennimore, Wis., will introduce and discuss the numbers, explaining their place in the history of jazz.

**Bach, Rossini Records To Be Heard at Church**

Recorded music of Rossini and Bach will be featured at a public music program Sunday at 4 p.m. in the Unitarian church, 10 S. Gilbert st.

To be heard are Rossini's "Stabat Mater," played and sung by the Vienna State Opera orchestra and vocalists, and Bach's "Tocatta in F Major," with E. Power Biggs at the console of the St. Paul chapel organ at Columbia university.

Total circulation for the November issue of Magazine X reached 3,600 Thursday, said James A. Bowermaster, A4, Fairfield, business manager.

A newly appointed staff was also announced for the December issue which is to be published just before the Christmas holidays.

**Magazine 'X' Sells 3,600 November Issues**

stated that the themes of the articles turned in should be on Christmas, basketball and cold weather.

The new magazine X staff is as follows: editor, Connie Hastings; managing editor, Candy Kane, A4, Des Moines; circulation, C. A. Andrews, E4, Sheldon; assistant circulation, Joan Evans, A3, Bloomfield; advisor, John Ford, G, Iowa City; assistant advisor, Ross Jensen, G, Iowa City; and business manager, James Bowermaster, A4, Fairfield.

# Lie Asks Lawyers' Advice On McCarran Red Probe

## No-Cut Rule Is Suspended For Vacation

The no-cut rule has been suspended for the Thanksgiving vacation which begins officially at 12:20 p.m. Wednesday, Nov. 26. This is the fourth time that the rule has been suspended on a trial basis.

The suspension carries the stipulation that the student council do all in its power to encourage attendance before and after the vacation, Dean Dewey B. Stuit, college of liberal arts said. The no-cut rule will remain in a trial period for the rest of the year if cutting is not excessive.

The university has decided to make this year another trial period for the rule because of the inconclusive results obtained from last year's suspensions at Thanksgiving, Christmas and Easter.

The no-cut rule on classes presently is in effect in the colleges of liberal arts, commerce, engineering and nursing.

Faculty members of these colleges will keep attendance records during the periods immediately preceding and following the Thanksgiving vacation in order to determine the success of this fourth trial suspension.

The no-cut rule requires class attendance 24 hours before and after regularly-scheduled holidays. Penalty for failure to comply with the rule heretofore has been the addition of one hour per cut to the student's graduation requirements.

## Baltimore Student Authors 2d Play In Experiment Series

"Roughshod Up the Mountain," a new play by Arthur Clifton Lamb, G, Baltimore, Md., will be presented Nov. 21 and 22 at 8 p.m. as the second student experimental play of the season at SUI.

The play, which is the first all-Negro university theater production in several years, concerns a Negro preacher who, starting from a "storefront" mission, has worked his way up to the pastorate of one of the finest Negro churches in his city, his dream of success.

But the social pressures of "refining" his religion to appeal to the more educated, cultured and wealthy of his race soon force him to turn from his simple, passionate faith to a more sterile, intellectual religion.

The story of how he loses his temporal dream but regains his faith, constitutes the main theme of the play.

Lamb, who is studying for his doctorate at the university, also took his master's degree at SUI. At present he is on leave of absence as director of drama and consultant in radio and television at Morgan State college in Baltimore, Md.

The cast includes: John Winston Smith, Des Moines; Betty Tate, G, Iowa City; Helen Lemme, Iowa City; LeRoy Hester, Iowa City; Lamb; John Barr, G, Cades, S.C.; Robert Ellis, G, Kansas City, Mo.; Harold Roddy, A4, Indianapolis, Ind.; Jewel Limar, G, Alexandria, La., and William Coffey, A3, Council Bluffs.

The play is a project in the play-writing seminar conducted by Prof. Edward C. Mabie, head of speech and dramatic arts, and Lowell Matson, dramatic arts department, will direct the play.

## American 'Gives' Grenade to Red

WITH THE U.S. THIRD DIVISION, Korea (Saturday) (AP)—Pfc. Edward McClintock, Potstow, Pa., generously gave an American hand grenade to a Chinese Communist but he'll never be court-martialed for it.

McClintock was returning from a patrol. On a hilly path he met a surprised Chinese soldier face to face.

"He was as surprised as I was," McClintock said.

"Faster than thinking about it, I pulled the pin out of my grenade and threw it out to him. He grabbed it."

McClintock dove down the slope. The surprised Chinese soldier dropped the grenade and it went off at his feet.

McClintock returned to tell the story. The Chinese didn't.

## Hysteria Is Communism Danger Moeller Tells Editorial Group

CHICAGO (AP)—One of the dangers of communism is the "American hysteria" which it is causing, Prof. Leslie G. Moeller, director of SUI's school of journalism, told 350 editors attending the fall conference of the National Editorial association in Chicago Friday.

This hysteria prevents a complete examination of the weaknesses of communism, he added.

"We seem to fear communism as if there were some black magic about it," Moeller said. "Certainly communism is dangerous and we ought to oppose it vigorously. But do we oppose it best by acting as if the doctrine had some magical power, or as if Communists were supernatural beings?"

**Censures Prevention Means**

"We act as if communism is so wonderful that we can protect ourselves against it only by preventing the spread of any material urging communist doctrines. Actually, communism is a doctrine of reaction which denies many of the basic rights of man and which does indeed go back to the dark ages. Brought into the open, the arguments of communism defeat themselves."

Because people aren't told of the weaknesses of communism, Moeller said, "thousands and millions of Americans must feel that communism has a lot on the ball or we wouldn't act as if we were so afraid of it."

**Moeller Explains 'Hysteria'**

The "hysteria about communism" Moeller said, "is cheating millions of our young people of this important knowledge, knowledge which will protect them and protect us—that is, of knowing our enemies well."

"They are cheated of this knowledge because thousands of school teachers, knowing the hysteria

## City High Senior Gets Contest Prize

Danise Allen, a senior at Iowa City high school, placed first in the "Voice of Democracy" contest Friday evening at the KXIC studio. The speeches will be broadcast at 4 p.m. Sunday, Nov. 16.

The contest, sponsored by the Iowa City Junior Chamber of Commerce, has made it possible for a large number of high school students to examine seriously, and speak in behalf of the advantages of living under a democratic system of government.

Elinor Huber, City high, placed second and Robert Handv Sr., Mary's high school, placed third. The prizes, a \$50 government savings bond for first, a \$25 government savings bond for second place and a pen and pencil set for third place, will be awarded at a banquet Nov. 18 for the contestants and their parents.

The judges were: Mayor William Holland; George Nagel, president of the Iowa City Chamber of Commerce; and Dr. Leiland Stillwell, manager of the Veterans Administration hospital.

## Smear Tactics Criticized

"This fear arises because of the smear tactics used so quickly and so freely by many groups who regard themselves as opponents of communism. In this way, we have drawn our own iron curtain around our children, and have kept essential protective knowledge from them."

The association membership consists largely of editors of weekly and small town newspapers. The convention is to end today.

## Foreign Students To Spend Holiday As Guests in Osage

For the third straight year foreign students at SUI have been invited to spend Thanksgiving as guests of the citizens of Osage.

The event, which received national attention last year, has now become an annual occasion, according to W. Wallace Maner, foreign student advisor.

This year some 55 to 60 students from 28 different countries will accept the Osage invitation, making it the largest group yet to attend.

**Student Began Program**

The first International Thanksgiving was the result of a suggestion by an SUI Osage student, Joyce Horton, who made an appeal through the Osage Press-News, asking townspersons to invite the foreign students to be their guests over the Thanksgiving week-end.

Plans were quickly completed by Miss Horton and Richard Sweitzer, then foreign student advisor, and 12 foreign students were entertained.

Last year the Osage Rotary club took up the program as a club project. Encouraged by the success of the previous year, a total of 43 students from 18 countries made the trip last year.

**Open Forum Held**

One of the highlights of last year's festival was an open forum, held after the banquet in the Methodist church auditorium.

During this program representatives from each of the 18 countries spoke to the people of Osage, telling them of their native lands and clearing up common misunderstandings.

Dewey himself declined to discuss what went on at the conference at Eisenhower's vacation retreat, except to say they had "a very interesting discussion of a great many problems."

The governor had said in advance of the meeting that they would talk over the general's forth-coming trip to Korea.

Dewey also declared before the conference that there was "no possibility" he would take a cabinet post.

While there was no confirmation, the wording of Eisenhower's statement indicated he may have been planning to ask Dewey to take a place in the cabinet.

## Nurse Found Dead In Room Here

Loretta Jean Dusatko, 25, Brainard, Neb., was found dead in her room at 620½ S. Dubuque st., Friday evening.

Miss Dusatko, daughter of Raymond Dusatko of Brainard, was a full-time nurse at the Iowa City Veterans hospital. Police said she apparently took an overdose of sleeping pills.

Police report that Miss Dusatko left the hospital last Monday night at midnight and did not show up for work the following day. Her body was discovered Friday afternoon at 4:30 p.m.

Although Miss Dusatko was employed at the Veterans hospital in the nursing service, she was enrolled in a part time course of study at SUI. Her classification was listed as Ni.

UNITED NATIONS, N. Y. (AP) — UN Secretary General Trygve Lie met Friday with three noted lawyers to get advice on how to deal with the McCarran committee probe into some of his employees' possible Red connections.

The four gathered in Lie's 38th floor suite at UN headquarters just a day after his chief legal aide, Abraham H. Feller, committed suicide by jumping from a 12th floor window in his home.

Lie blamed Feller's death on the strain of countering "indiscriminate smears and exaggerated charges" by the U. S. senate subcommittee headed by Sen. Pat McCarran (D-Nev.).

**Lawyers from 3 Countries**

The three lawyers are William Dewitt Mitchell of New York, U.S. attorney general under President Herbert Hoover and chief counsel of the congressional committee which delved into the Pearl Harbor disaster; Sir Edwin Herbert of Britain, wartime director of postal and telegraph censorship; and Prof. Paul Veldekens of Belgium, leading member of that country's supreme court bar.

Feller had been scheduled to represent Lie in sessions with the international jurists as part of Feller's job of handling the Red probe issue for the secretary general.

**Decide Law and UN Policy**

The specific task assigned to the UN policy require of UN employees men is to decide what the law and what position the UN itself has with respect to official inquiries by member governments.

There has been considerable controversy here as to privileges and immunities claimed by UN employees against various investigations and uncertainty as to the UN's own rights as an international organization with headquarters on American soil.

Feller was the author of a memorandum telling UN aides they must appear before the committee when summoned and must answer all questions other than those specifically involving their official duties. He also advised Lie to fire those employees who refused to testify. Lie acted on this advice in three instances.

**Not Available For Cabinet, Dewey Says**

AUGUSTA, Ga. (AP)—President-elect Dwight D. Eisenhower said Friday that Gov. Thomas E. Dewey had "emphatically reaffirmed" at a policy conference that he is not available for a cabinet post in the new Republican administration.

Eisenhower said in a statement after a four-hour meeting with Dewey that the New York governor had agreed, however, to be "available whenever necessary for consultation and advice and for any future work of an emergency or temporary character."

Dewey himself declined to discuss what went on at the conference at Eisenhower's vacation retreat, except to say they had "a very interesting discussion of a great many problems."

The governor had said in advance of the meeting that they would talk over the general's forth-coming trip to Korea.

Dewey also declared before the conference that there was "no possibility" he would take a cabinet post.

While there was no confirmation, the wording of Eisenhower's statement indicated he may have been planning to ask Dewey to take a place in the cabinet.

## Finds Saleslady!

Sears, Roebuck & Co. reports a quick response to their ad seeking a woman for full or part time sales work. They hired not one, but three salesladies, all of whom had seen the ad in The Daily Iowan. The advertisement ran only one day at a cost of only \$1.92.

Perhaps you are in need of full or part time help. University students are ambitious and hard working. Student wives are able to handle full time work. Contact these people with a thrifty, result-getting Daily Iowan Want Ad.

## GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

**LUTHERAN STUDENTS WILL** see a movie at LSA on Sunday, Nov. 16 entitled "Salt of the Earth." Supper begins at 5 and the devotional and movie at 6. Arrangements are in charge of Lila Gilman and Jack Hussman.

**PI LAMBDA THETA WILL** meet on November 20 at 7:30 in room 332 of the university elementary school. Dr. Margaret Fox will speak on "Education in England."

**THE IOWA CHILD WELFARE** Research Station extends an invitation to an open house on Sunday, Nov. 16, 2 to 5 p.m. at its recently remodeled preschool and research quarters at Dean house, 230 N. Capitol.

**THIS SUNDAY AT WESLEY** house the single students will see "A Sketch from Skid Row," the impressions of SUI students regarding the work of the Church in under-privileged and crowded areas in Chicago. This is at 5 p.m. The married students will have a discussion entitled: "How You Can Be Effective in Politics." Alec MacKenzie, Young Republicans, and Peter Van Metre, Young Democrats, will lead the group. This is also at 5 p.m. and fellowship suppers will follow both meetings at 6. A nursery is provided for married students' children.

**INTERNATIONAL CLUB INVITES** foreign students, faculty, and all others interested to its social meeting Saturday, Nov. 15 at 8 p.m. in the River room of the Union. Egyptian students headed by Aziz Fouad will center the program around aspects of life in Egypt. Informal dancing to recorded music follows.

**STUDENT AFFILIATE MEMBERS** will be received into the fellowship of the Congregational church at the worship service Sunday morning at 10:45. Any student desiring to affiliate with the church in this way are urged to call 4301 for further information.

**IOWA MOUNTAINEERS** — Hike, Sunday, Nov. 16. Leave Union at 1:30 p.m. Small fee for food. No registration necessary.

**LT. ZELDA CAROL OF THE WAVES** will speak in the conference room at the office of student affairs at 4:10 p.m. on Monday, Nov. 17, about WAVE duty and answer any questions regarding the WAVES.

**DISCIPLES STUDENT FELLOWSHIP** will meet at 5 p.m. this Sunday for those who are unable to attend the Older Young People's conference in Des Moines. There will be a cost supper at 5:30. Rev.

William D. Hall of the United Christian Missionary society will speak on "There is Only One Name."

**UNITED WORLD FEDERALISTS** will hold their first chapter meeting Sunday, Nov. 16, at the First Methodist church student house, 120 N. Dubuque at 2:30 p.m. Election of a chapter president and secretary will take place. Committees for the 1952 and '53 school years will also be organized. Those who are interested in joining as well as members are urged to attend.

**EDUCATION WIVES WILL** meet Monday, Nov. 17, at 7:45 p.m. at the Wesley House annex. Wives of graduate students in education are invited to attend.

**FOREIGN STUDIES PROGRAM**—Students registered or interested in this program should report to Prof. Erich Funke (106 Schaeffer hall) before Nov. 20.

**INDEPENDENT TOWN WOMEN** will hold a regular meeting Monday, Nov. 17 at 7:30 p.m. The meeting will be held at 214 S. Van Buren, next door behind the Beckman funeral home. Town women are urged to attend and join in the plans for all town girls.

**A STUDENT-FACULTY COFFEE** hour will be held in the library smoker Tuesday, Nov. 18 from 4 to 5 p.m. The coffee hour will honor the core course instructors.

**PHARMACY WIVES WILL** meet Nov. 18 at 8 p.m. in the club room of the Iowa-Illinois Gas and Electric Co.

**TRINITY EPISCOPAL CHURCH** will hold a Holy Communion service at 8 a.m. on Nov. 16. After a breakfast, college students will meet for group discussion. Dinner for the Canterbury club will follow evening prayer at 5 p.m. Father McGee will give a lecture on Christian marriage.

**CHARTER CLUB MEETING** Tuesday, Nov. 18 at 2:30 p.m. at the home of Mrs. Dewey Stuit, 220 Koser ave. Mrs. James Stroud is acting as co-hostess for this meeting.

**CLASSICS DEPARTMENT COFFEE** hour postponed from Tuesday, Nov. 11, will be held in 110 Schaeffer hall from 3:45 to 5 Tuesday, Nov. 18. Preceded by illustrated talk on "Roman Provinces" at 3:10, by Prof. Nybakken. Everybody welcome.

**THE ZOOLOGY CLUB WILL** meet Monday evening, Nov. 17, in room 204 ZB. Mr. Howard Weinstein will speak on "Acclimatiza-

tion of Animals to Heat." All graduate students, faculty and undergraduates are invited.

**THERE WILL BE A SUNDAY** night supper this Sunday at the Hillel house, 122 E. Market, at 6 Leon Warshawsky of Rockford, Ill., will show a part of his collection of comic and old-time movies following the supper.

**SUI PRESIDENT VIRGIL HANCHER** will address the Westminster Fellowship Sunday at 5 p.m. at the First Presbyterian church. The public is invited.

**AN EGYPTIAN GALA SPONSORED** by the International Club will be given in the River Room of the Iowa Memorial Union on Saturday, Nov. 15 at 8:00 p.m. All faculty members and students are invited.

**A REPRESENTATIVE** of North American Aviation, Inc., will be on campus Thursday, Nov. 20, to interview winter engineering graduates for positions at the company's Los Angeles, Calif., plant.

**APPLICATIONS FOR THE UWA** Profile Preview committee are available at the UWA desk in the office of student affairs. The applications are due Nov. 19 at 5 p.m. in the office of student affairs.

**A JAPANESE DINNER IS BEING** planned by UWA foreign student committee and Japanese students for Saturday, Nov. 15, at 6 p.m. to be held in Wesley house. Tickets are \$.75 and reservations must be made at the office of student affairs Thursday by 4 p.m.

**BRIDGE CLUB — OPEN TO** all interested in playing duplicate bridge, Sunday, Nov. 16, 2:30 p.m. on the sunporch of the Iowa Memorial Union.

**THE IOWA CHAPTER OF SIGMA XI**, national honorary scientific society, is sponsoring an address by Dr. Lee E. Farr, of Brookhaven National Laboratory entitled, "The Impact of Nuclear Science on Medicine." Dr. Farr will speak in the Shambaugh lecture hall of the main library at 8 p.m. Tuesday, Nov. 25, 1952. Anyone interested is cordially invited to attend.

**THE WESTMINSTER FELLOWSHIP** will meet for Vespers at 5 p.m. Sunday in the chapel of the Presbyterian church. President Virgil Hancher will speak. Kathie Brookhart is in charge of the worship and Jane Woodburn is the chief cook for the supper which follows the Vesper service.

## FBI to Probe Wire Closing Ricca Case

WASHINGTON (AP) — Atty. Gen. McGranery Thursday called on the FBI to find out how a telegram — since repudiated by McGranery — was sent to Chicago directing the U. S. attorney there to stop trying to put gangster Paul (The Walter) Ricca behind bars.

Ricca is a former associate of gangland chief Al Capone. The justice department has been trying to get a court order sending him back to prison to complete a 10-year term for extortion.

Last week, a telegram was sent from the justice department to the U. S. attorney at Chicago, Otto Kerner Jr., telling him to drop further proceedings against Ricca. McGranery, declaring the wire was sent without his knowledge, countermanded it Wednesday and ordered Kerner to continue his efforts.

**FBI Chief Gets Request** Thursday, in a statement, the department said McGranery has asked FBI director J. Edgar Hoover to assemble all the facts about the telegram. The department mentioned several persons, but placed no responsibility for sending the wire to Kerner.

Ricca and three other men were convicted in 1944 of conspiring to extort money from the motion picture industry. They were paroled in 1947, but following criticism from congressmen and others, the paroles were revoked in 1948.

Ricca took his case to the U. S. district court in Chicago, and in August won a ruling from Judge Michael L. Igoe that the parole revocation was illegal because Ricca had not been given a hearing.

**McGranery Directed Appeal** McGranery has directed Kerner to appeal this ruling to the U. S. court of appeals, if it is not too late. Some justice department officials said the time for filing an appeal may have expired last Saturday.

McGranery has also ordered an investigation into the circumstances of the paroles which Ricca and the three other men obtained in 1947.

## Defense Department Rejects Suggestion For Production Czar

WASHINGTON (AP) — The Defense Department hit back Thursday at a Senate committee suggestion that a production czar be named to direct this nation's defense buildup. The department said pointedly that such a czar "is neither required nor recommended."

In a memorandum made public by Secretary Lovett, the department took a series of swipes at this and other recommendations set forth by the Senate preparedness subcommittee, headed by Sen. Lyndon B. Johnson (D-Tex.). The Johnson "watchdog" committee had proposed that the President or the defense secretary appoint a full-time production czar who would have the power to fix priorities and freeze the design of weapons.

Lovett said in his memorandum to Johnson that the Joint Chiefs of Staff see no need for any czar and that the services determine their own priorities on the basis of requirements of strategic plans worked out by the joint chiefs.

And, said Lovett: "We could not make a greater military mistake than to freeze designs of aircraft at this time."

The memorandum was prepared by officials of the armed forces, munitions board, the joint chiefs and other agencies. Lovett gave his personal endorsement to each of the individual statements by the agencies.

## Dodge Just 'Looking, Listening'

EMPHASIZING THAT HE will act only as an "observer," Joseph M. Dodge (left), President-elect Eisenhower's budget representative, dodges his Washington conferences with budget director Fredrick Lawton. The Detroit financier told newsmen he would offer no suggestions on the reported \$85 billion spending program now in preparation, that his job is to "look, listen and find out."

## After 'Math' of the Election

## OPS Director Says Reduction Of Meat Prices 'Probable'

DES MOINES (AP) — A reduction in meat prices is "highly probable" within the next two weeks, Tighe E. Woods, national director for the office of price stabilization, told an Iowa "town hall" meeting here Thursday.

He assured more than 100 housewives and other consumers in a discussion session that OPS at the moment is making a full study of the meat price situation — the decline of livestock prices and the continuation of high market prices.

"Any price reductions that may come, he said, would have their greatest effects on the choice cuts of meats—steaks, roasts and tenderloins — which are currently "pushing" the ceilings set by OPS.

**Forecasts Extensions** Woods also forecast: 1. An extension of OPS controls beyond next April 30, although he doesn't expect to remain as director when the Republican administration takes over.

2. Further price controls in the next six months will mean only a two or three-point rise in the cost of living index, whereas lifting of controls might lead to a five or six-point advance.

3. More items and groups of items will be removed from controls by OPS order because their current prices are "soft" and below ceilings imposed after the outbreak of the Korean war.

**Housewives Question Woods** Housewives questioning Woods showed particular interest in meat prices, a recent one-cent increase in bread prices, the variation in prices found at the small corner grocery and the supermarket and whether congress might be urged into rolling back prices in the future.

Representatives of organized labor also took an active part in the town hall discussion of controls. Ray Mills, president of the Iowa state federation of labor, sent a message to the meeting, because

he is convalescing from polio. In his statement, he urged a strong enforcement of the control law and said he and his labor associates "deplored" loopholes in the act. He contended price regulation can and will prevent "runaway inflation."

**Speaks for Des Moines** Edgar C. Hartzler, speaking for the Des Moines trades and labor assembly (AFL), read a resolution passed by his group endorsing further strict observance of the stabilization law to protect the working man.

Woods told the meeting that OPS felt "somebody is taking a wide margin" in handling meats

at present. "Livestock prices are down, so we know the farmer is not responsible. The retailer is not increasing his prices. We are checking now to see what is going on in between."

**Accountants at Work** "We have had our accountants at work four weeks," said Woods, "finding out where this margin exists. We should know in a very few days—perhaps 10 days or two weeks—and if we find prices can be reduced they will be reduced, at the retail level."

Woods predicted that the next congress may consider rent controls again—if there are general increases in areas where such controls have been dropped.

## Army Doctor Accuses Provoov Of Abusing U.S. Prisoners

NEW YORK (AP) — An army doctor testified Thursday that John David Provoov, former American army sergeant accused of treason, slapped and berated fellow American prisoners captured by the Japanese on Corregidor Island in World War II.

The 35-year-old Provoov, formerly of San Francisco, is on trial in federal court. Previous witnesses said he offered his services to the Japanese immediately after they took the island.

Lt. Col. William N. Donovan, a physician among the war prisoners, said he saw Provoov abuse a work detail recruited from the prisoners' ranks.

**'Pushed and Shoved Men'** He said Provoov "pushed and shoved the men around and slapped them."

He quoted Provoov as telling them: "You Americans are prisoners. You are not the bosses any longer. You'll take orders now."

Additional testimony was offered that Provoov bragged, after the Japanese execution of army Capt. Burton C. Thomson of Swa City, Ia., that he had turned Thomson over to the enemy for punishment for refusing to give up American hospital food for use by Japanese officers.

**Requested Supplies** Army Chief Warrant Officer Maynard E. Lee said Provoov told him: "I went to Capt. Thomson sev-

eral times for coffee, cream and sugar and other things for the Japanese officers. He refused to give me these things. I did not feel he was co-operating and I felt he deserved punishment, so I turned him over to the Japanese authorities for punishment."

Thomson was in charge of supplies in the American hospital on Corregidor.

Donovan said he had eaten rice with Thomson about 10 days after Corregidor fell and never saw him again.

He described Thomson as "a very tall individual, about 6 feet 4 inches tall — a nice-looking fellow."

## Free Nations Are Plagued By Disunity

By J. M. ROBERTS JR. Associated Press News Analyst

The United Nations is not the only one area where the free nations are working in an atmosphere of disunity and failure, even though the latter be only momentary.

For one thing, military preparedness within the North Atlantic Treaty organization goes forward much more slowly than had been hoped, and politically the program is virtually stalled.

Part of this is due to the "pending" position of the American administrative situation, part is due to uncertainty among the European members over what they can do about defense in the immediate future because of economic problems, and it seems very likely that part is due to psychological factors involving wishful thinking about Russian war intentions.

**Hesitation On Agreements** French and German hesitations over political and military agreements, whose ratification are required if the program is to go forward, are a factor. So is British hesitation to do anything which might even seem to put European commitments ahead of Commonwealth traditions and obligations. Washington already has been told that France is unable to bear her share of NATO preparations without greater economic aid, at a time when the American congress is growing more and more critical of the long-extended aid program. And in the wings is the fear that France may soon be asking for American manpower as well as arms in Indo-China.

**Feeling of Hopelessness** The feeling of hopelessness about accomplishing anything of the moment has been emphasized by suggestions that the NATO meeting scheduled for December be postponed. Apparently it will be held anyway, but participants realize they can hardly do more than mark time until the Eisenhower administration gets its feet on the ground.

These are not problems which can be solved overnight through criticism of European political and economic practices, any more than Roosevelt and Hull could persuade the American public out of its paralytic isolationism overnight. They are not even problems where experience has left any well-defined guideposts for action.

## GOP Floor Leader Would Keep Post To Avoid 'Fight'

WASHINGTON (AP) — Sen. Styles Bridges of New Hampshire, the present Republican floor leader in the senate, said Thursday he would be willing to take the job in the next congress only to avoid a "rough and tumble" party fight.

He told reporters it looks like Bridges became Republican floor leader last year, after the death of Sen. Kenneth Wherry of Nebraska, to avert a gathering storm of controversy between the supporters of Gen. Dwight D. Eisenhower and Sen. Robert A. Taft of Ohio.

Signs of a similar contest have cropped up since Eisenhower's election as president, with about half a dozen senators being mentioned for the post. The new Republican-controlled senate will convene Jan. 3.

Among those who have been mentioned in addition to Bridges are Senators Saltonstall of Massachusetts, Knowland of California, Dirksen of Illinois, Ferguson of Michigan, Capehart of Indiana and Hickenlooper of Iowa.

## Plane Wreckage, 4 Bodies Found In Navy Disaster

SHELTON, Wash. (AP) — The scattered wreckage of a four-engined navy plane and the broken and burned bodies of four of the 11 men aboard were found by searchers in the rugged Olympic peninsula foothills late Thursday.

The other seven men are presumed to have died in the crash and explosion of the privateer which splattered against the forested hillside Wednesday night with a thunderous roar and blinding flash.

Search parties had been working all day toward the spot where loggers and residents of the remote area 15 miles northwest of here said they had seen and heard the plane crash.

Lt. Cmdr. H. E. Sanders, coast guard officer in charge of the search, said the plane rammed into the forested area at an altitude of about 1,800 feet. He estimated it was 400 feet below the crest of the hill.

A navy crew was dispatched immediately to the scene to bring out the bodies.

## Coal Wage Hike Hearing Set

WASHINGTON (AP) — Economic Stabilizer Roger Putnam Thursday notified John L. Lewis and the soft coal industry that he will hold a public hearing Monday on their appeal for approval of a full \$1.90 daily wage boost for 375,000 miners.

Some observers saw in Putnam's action a prelude to a possible change in the government's approach to the wage and price controls program. Whether it meant sweeping changes in the program — possibly the scrapping

or loosening of some controls — remained to be determined.

The immediate issue is whether Putnam should approve or reject the \$1.90 wage boost which the Wage Stabilization board trimmed to \$1.50 three weeks ago on grounds that any more would be destabilizing.

Neither Lewis nor Harry M. Moses, president of the Bituminous Coal Operators' association, was available for comment on next Monday's hearing.

# Injury-Ridden Hawkeyes Battle Wildcats To Escape Cellar Today

## Tight Big Ten Race Reaches Semi-Finals

CHICAGO (AP)—The tight Big Ten football race moves into its semi-final round today with a clash between pace-setting Purdue 3-1-0.

Another conference tussle with bearing on the title sends Wisconsin, deadlocked for second time, with Michigan also with a 3-1-0 record, against Indiana 1-3-0 at Bloomington, Ind.

Two other loop contests are more for honor than glory. Defending champion Illinois, 2-3, is host to Ohio State, 3-2, with the Buckeyes still nursing a feeble hope for a title tie.

A battle of the cellar brings Iowa, 1-5-0, to Northwestern, 1-4-0.

**Gophers Face Nebraska.** Minnesota, still a championship possibility with a 3-1-1 record, faces a brisk non-conference scrap at Nebraska.

Purdue's difficulty in handling Minnesota's single-wing while scrapping a 14-14 tie with the Gophers last Saturday has made Michigan, a fancy proponent of the single wing, a slight favorite over the Boilermakers.

Quarterback Dale Samuels, a fine passer, is Purdue's main counter to Michigan's smooth ground attack, although the Boilermakers have a hard-running fullback in Max Schmalling.

Purdue never has won a football game at Ann Arbor and the Wolverines figure to keep it that way behind the prancing of tailback Ted Kress and the Big Ten's top defense against rushing.

**Could Tie for 1st** If Michigan triumphs and Wisconsin, a 13-point favorite, beats Indiana, the Wolverines and Badgers would be tied for first, each with 4-1. In next week's closing round, Michigan is at Ohio State, Minnesota visits Wisconsin and Purdue is host to Indiana.

Ohio State's invasion of Illinois brings together two aerial acts, quarterbacks Tommy O'Connell and Johnny Borton, whose sharpshooting has placed the Illini and Buckeyes second and third respectively in national passing.

Northwestern is a 13-point favorite over injury-plagued Iowa. It's the conference finale for the Hawkeyes, who can clinch the cellar title by losing.

## College Presidents Disband De-Emphasis Of Athletics Board

WASHINGTON (AP)—The group of college presidents who set a broad sports de-emphasis program in motion a year ago formally disbanded Friday. A spokesman said the committee was "highly encouraged" by the response to its proposals.

"You couldn't say the reaction has been sensational," the committee secretary, Raymond F. Howes, told a reporter. "But we have made a lot of small gains and the total gain is very impressive."

The committee is a special division of the American Council on Education. It was organized last November to make a study of the role of college presidents in shaping the athletic fortunes of their schools.

The 11 presidents named to the committee decided there was too much emphasis on sports in institutions of higher learning and listed ways of toning it down. The full council later adopted the committee program.

The committee's major objective, Howes said, was to get college presidents to play a bigger part in the athletic programs of the nation's colleges.

## Class B Three I's Declare 126-Game Schedule in 1953

CHICAGO (AP)—The class B Three I baseball league Friday voted to play again a 126-game schedule in 1953, opening on April 30 and closing Labor day, Sept. 7.

League officials, closing their annual meeting, re-elected Hal Totten of Cedar Rapids, Ia., former major league baseball announcer, as president with a slight pay boost. Vern McMillan of Terre Haute, Ind., former league president, was re-elected vice-president.

The league next year again will follow its regular season with a roughness playoff.

The schedule will be drafted for eight cities, although the fate of Quad Cities, Davenport, Ia. as a hold-over member is uncertain. The club has 12 days to raise \$25,000 or forfeit its franchise. Other members include Evansville and Terre Haute, Ind., Quincy, Ill., and Keokuk, Burlington, Waterloo and Cedar Rapids, Ia.

Totten reported the league for the fourth year voted down a proposal to have home teams share gate receipts with visiting teams.

## HANDY-ANDY OF VOLTS - By Alan Maver

ANDY KOZAR, TENNESSEE FULLBACK, WINDS UP HIS CAREER THIS SEASON BUT HE'LL ALWAYS BE REMEMBERED AS ONE OF THE HARDEST RUNNERS OF ALL VOL BACKS.

ANY DEFENDER HIT BY ANDY WOULD FIND IT HARD TO BELIEVE THEY'VE NEVER WALKED AGAIN AFTER BEING STRUCK WITH MENINGITIS!

THAT LOSS TO DUKE MIGHT HAVE BEEN AVERTED IF HE HADN'T BEEN RULED OFF FOR OVERENTHUSIASM IN THE 1ST HALF!

Distributed by King Features Syndicate

## Notre Dame Takes Shot At No. 1 Michigan State

NEW YORK (AP)—Notre Dame, the one-time proud champion now just a spoiler of championship hopes, takes a shot at Michigan State's No. 1 ranking and 22-game winning streak today in college football's outstanding attraction.

The game will be played at East Lansing, Mich., before a sellout crowd of 52,000, all wondering if the once-beaten and once-tied fighting Irish, upset conquerors of Oklahoma a week ago, can produce their second upheaval in eight days.

The odds appear heavy against it and the Spartans, who can deploy three offensive platoons of almost equal strength, are solid 13-point favorites.

**Pit 1st, 6th Teams** The midwest battle, pitting the first and sixth rated teams in the weekly Associated Press poll, eclipses a first-rate national program which will give television fans their first look at mighty Georgia Tech and which should clarify several bowl situations.

The Cotton Bowl at Dallas decided there was no use waiting, however, and quickly snatched up seventh-ranked Tennessee this morning as a foe against possibly the winner of the Texas-Texas Christian game at Ft. Worth.

This took some of the pressure off the Volunteers' engagement with formidable Florida Saturday in Knoxville.

**Georgia Tech for Sure** The only other team definitely chosen for one of the big post-season assignments is Georgia Tech, Sugar Bowl bound, the nation's No. 2 eleven which defends a two-year unbeaten streak against big and tough Alabama at Atlanta. The game will be telecast nationally over the National Broadcasting company network, beginning at 1:15 p.m. (CST).

The Big Ten's Rose Bowl representative probably will be determined at Ann Arbor, Mich., where tenth-ranked Purdue engages the Michigan Wolverines. Purdue has a 3-0 league record and Michigan, a slight favorite over the Boilermakers, is 3-1.

Wisconsin is still a robust contender for the Pasadena assignment, and goes after its fourth league win in five starts against Indiana at Bloomington.

**Pacific Coast Waits** The Pacific Coast end of the axis won't be nailed down until the far west's two unbeaten powers, Southern California and UCLA, bang heads next week. UCLA, No. 4, is idle.

Washington, with Army-bound Don Heinrich throwing passes, could prove troublesome for the Trojans.

Ninth-ranked Texas can clinch the host spot in Dallas' Cotton Bowl by taking the measure of Texas Christian at Ft. Worth.

Mississippi, undefeated but tied by Vanderbilt and Kentucky, could prove troublesome for the by upsetting Maryland's unbeaten and third-ranked Terrapins, at Oxford, Miss.

The Oklahoma Sooners run into a possible Hornet's nest when they tangle with Missouri at Norman, Okla.

Enthusiasm is running high at

## End Big Ten War at Evanston Before Clash with Notre Dame

By JACK BENDER Daily Iowan Sports Editor

EVANSTON, Ill. — Iowa ends its Big Ten season here today, clashing with a fast-improving but non-winning Northwestern team. The Hawks, of course, face Notre Dame in Iowa City next weekend.

Kickoff time for the game at Dyche stadium is 1:30 p.m. Iowa stations carrying the game include, WSUI, KXIC, WHO, KRNT, KSO, WMT and KCRG.

The last time the Hawks met Northwestern was in 1949 when Iowa turned in a brilliant 28-21 win at Iowa City.

**Win in 4th Quarter** The score was tied twice and the winning touchdown came in the fourth quarter on a 63-yard pass play from Fred Ruck to Jack Dittmer. Jerry Faske, Iowa halfback, set an Iowa single game record with 183 yards by rushing for a nine-yard average.

Iowa hasn't played Northwestern here in Evanston since 1939, when the teams battled to a 7-7 tie. And the circumstances surrounding today's encounter are considered altered from those that prevailed then.

The Iron Men were in the thick of the fighting for the Big Ten crown and the deadlock at the hands of Wildcats deprived them of a tie for the title.

**Fight to Escape Cellar** However, in today's game instead of a championship hanging upon the result — the teams will be fighting to escape last place in the standings.

The Hawks are heavily hit by injuries to key players and are rated a one-touchdown underdog. Northwestern has come along fast and has dropped three close ones to the strong Minnesota, Ohio State and Wisconsin outfits in the last few weeks.

Iowa has a 1-5 conference record, while Northwestern, who has two more games to play, has a 1-4 mark.

**30,000 Expected** Only 30,000 persons are expected to see history's 26th Iowa-Northwestern game. The Hawks lead in the series, 14 wins, to 8, with three ties.

Three of Northwestern's four 1952 defeats were decided by kicks — two field goals and two points after touchdowns. The Wildcats bowed to Minnesota, 27-26, and lost to Ohio State and Wisconsin by respective scores of 24-21 and 24-20. Northwestern beat Indiana, 28-13, for their only conference win.

**Cats Use Airways** Northwestern will bank heavily on its aerial game. In Dick Thomas, the Wildcats possess one of the top flight passers in the conference, his mark of 51 completions out of 98 attempts placing him in third place. The tow-headed junior from Rock Island has thrown six touchdown passes to date.

Thomas' favorite receiver has been his high school teammate, end Joe Collier, who tops the Big Ten pass catchers with 27 for 533 yards. His yardage total has already broken the Big Ten record of 394 yards set by Don Stonesifer of Northwestern in 1950, and he needs but two more pass receptions to break Stonesifer's record of 28 for the 1950 season.

The Wildcats are also hopeful that their running attack, spearheaded by Bob Lauter, halfback, and Chuck Hren, fullback, will unlimber against the Hawkeyes. Lauter topped the Wildcat ball-

## Bucceroni Gets Decision In Round 10

NEW YORK (AP) — Ranga Dan Bucceroni blasted swarming Danny Nardico with chopping, inside lefts and rattling rights, dropping the Tampa, Fla., gamester for a nine-count in the 10th and last round to win a unanimous decision Friday in a grueling battle.

Bucceroni weighed 185, Nardico 175 1/2.

The Philadelphia heavyweight, with height, weight and reach on his swarming opponent, controlled the head-to-head battling through the early rounds. Although he tired in the late rounds against his ever-onward foe, Bucceroni almost ended the fight with a smashing right over Nardico's ear in the tenth.

Nardico, dazed and hurt, bounced up quickly but backed against the ropes and looked idly around. Referee Ruby Goldstein gave him the automatic eight-count and one more before he let the fight continue. Nardico kept yelling to the referee, "I'm all right" as he rallied in a desperation attack.

**Place: Dyche stadium, Evanston, Ill. Kickoff time: 1:30 p.m.**

## St. Patrick's Tops Cosgrove, 65 to 43

St. Patrick's high school basketball team overpowered Cosgrove high in a loosely played game Friday night, 65-43, in the Irish gymnasium.

Using a fast break offense to good advantage, the Irish broke away to an early lead which they never lost. With Art Cano leading the way with an 11-point barrage in the first quarter, the outcome was never in doubt.

Cosgrove had only one scoring threat in an otherwise impotent offense. He was Gene Rohret who led all scorers for the evening with 21 points.

St. Pat's had four men who scored 11 points or more, led by Cano with 15.

## SUI's Ferguson Takes Title In Illinois Cross Country Till

CHICAGO (AP)—The state of Iowa produced the two individual champions in Friday's Big Ten and Central Collegiate conference cross country double-header at Washington Park.

The Big Ten title went to SUI's Rich Ferguson in 19 minutes, 40 seconds, while Drake's Bob Solt won the CCC event in 20:20.9.

Ferguson is competing for his last year on the Hawkeye cross country team. He is from Canada.

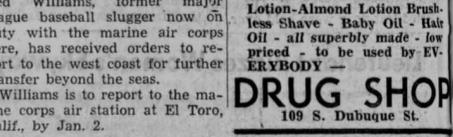

**Michigan State Repeats** Michigan State retained its Big Ten team crown, sweeping second, fifth, sixth, seventh and eighth places, for a 28-point total. The far outstripped second-place Indiana which had 49. Iowa scored 55 points and Wisconsin next with 90. Minnesota entered only two men and did not figure in scoring while Illinois, Michigan, Ohio State, Northwestern and Purdue did not enter.

**Wins by 25 Yards** Ferguson won by 25 yards over Michigan State's Jim Keplord. Solt had a nip and tuck CCC race with Drake teammate, Ray McConnell, before spurting to win by a few yards. Their one-year effort helped Drake dethrone Notre Dame as team champ with a 31-point total. Second with 47 was Marquette, followed by Notre Dame with 48 and Western Michigan with 103.

**Williams Receives Orders For Overseas Assignment** CHERRY POINT, N. C. (AP) — Ted Williams, former major league baseball slugger now on duty with the marine air corps here, has received orders to report to the west coast for further transfer beyond the seas.

Williams is to report to the marine corps air station at El Toro, Calif., by Jan. 2.

## Request to Televisize Michigan State-Irish Game Turned Down

EAST LANSING, Mich. (AP) — Michigan State's request for permission to televisize the Michigan State-Notre Dame game over a Lansing station Saturday was turned down Friday by the NCAA.

Athletic Director Ralph Young had urged the NCAA television committee to okay the telecast locally since the game had been sold out since last spring.

The committee reply, signed by Asa Bushnell, said a telecast of the MSC-Notre Dame game "would cause appreciable damage to attendance at three other games being played in the same general area."

Bushnell's telegram did not list the three games, but presumably one was the Michigan-Purdue clash at Ann Arbor today. Indications are that about two-third of 97,269 seats in Michigan stadium will be filled.

Young's suggestion was that an okay be given to air the Michigan State-Notre Dame game over WJIM-TV in place of the scheduled showing of the Georgia Tech-Alabama game.

Northwestern will bank heavily on its aerial game. In Dick Thomas, the Wildcats possess one of the top flight passers in the conference, his mark of 51 completions out of 98 attempts placing him in third place. The tow-headed junior from Rock Island has thrown six touchdown passes to date.

Thomas' favorite receiver has been his high school teammate, end Joe Collier, who tops the Big Ten pass catchers with 27 for 533 yards. His yardage total has already broken the Big Ten record of 394 yards set by Don Stonesifer of Northwestern in 1950, and he needs but two more pass receptions to break Stonesifer's record of 28 for the 1950 season.

The Wildcats are also hopeful that their running attack, spearheaded by Bob Lauter, halfback, and Chuck Hren, fullback, will unlimber against the Hawkeyes. Lauter topped the Wildcat ball-

## What's after "Once-upon-a-time"?

There'll come a time when fairy tales aren't real. Her doll won't be her playmate any more...

Her first day of school, first date, first prom—they'll live only in her memory book.

Before you know it, she'll grow up—daughter still in your home, but mistress in her own.

Will she have found the faith to meet the grown-up problems of her life? The courage and the inner strength to match the trials maturity will bring? Will she have serenity of spirit to convey to children of her own?

Faith is the heritage it is your privilege to bestow.

Show them the way... this week

The Daily Iowan

# OPS Authorizes Coal Price Boosts

WASHINGTON (AP)—The government Friday authorized ceiling price hikes ranging as high as 75 cents per ton on bituminous coal and \$1.35 per ton on Pennsylvania anthracite to cover increased labor costs.

The office of price stabilization said the increases for both bituminous coal and anthracite are based on the recent boost of \$1.50 per day in miners' wages. This amount was approved by the wage stabilization board for bituminous diggers.

OPS officials said that in event John L. Lewis is granted the full \$1.90 per day pay hike for his union mine workers, an additional boost in coal ceilings may be necessary.

Lewis has negotiated contracts with both bituminous and anthracite operators at the \$1.90 per day rate. The wage board limited the increase for bituminous coal miners to \$1.50, but this has been appealed to Economic Stabilizer Roger L. Putman.

Putman has scheduled hearings Monday on the appeal. Lewis and Harry Moses, president of the bituminous coal operators association, have agreed to attend.

In the event the government decides not to grant the full amount Lewis negotiated, a strike in the mines is considered inevitable.

The anthracite wage increase has been submitted to the wage boards, but no decision has been reached. Price officials said they expect this decision probably will follow the line of the bituminous agreement.

The OPS order permits ceiling price increases ranging from 40 cents to \$1.35 on anthracite coal effective Nov. 16. This is the date the higher wages for anthracite miners become effective.

The OPS said the new ceilings for standard Pennsylvania anthracite at the mine will range from \$5.45 per ton for buckwheat No. 4 and smaller to \$16.25 for stove sizes.

OPS said ceiling prices on bituminous coal vary widely, ranging from \$3 to \$12 per ton at the mines. Officials said various factors, such as cost of production, figure in these ranges.

OPS said if the miners get the full \$1.90 daily pay hike the cost increase will run from 39 to 42 cents a ton.

Retail dealers will automatically be allowed to pass along their increased costs to consumers.

(See earlier story on page 2)

## City Record

### BIRTHS

To Mr. and Mrs. David Villauer, 423 Center st., a girl at Mercy hospital Friday.

To Mr. and Mrs. Charles M. Grimm, 119 1/2 S. Dubuque st., a girl at Mercy hospital Friday.

### DEATHS

Lorena Snyder, 54, Larchwood, Thursday at University hospitals.

John Kelly, 50, Sperry, Friday at University hospitals.

### MARRIAGE LICENSES

John C. White, 18, Iowa City, and Norma Jean Smith, 20, Iowa City.

Fred Breigel, 35, Davenport, and Rosemary Scherz, 25, Davenport.

### BUILDING PERMITS

J. Harvey Croy, \$18,000, to build an addition on home at 306 Fairview.

Lilla S. Dean, \$4,000, to build an addition on home at 30 Rocky Shore drive.

Merle S. Fowler, \$1,500, to build an addition on home at 1611 E. Court.

Louis Vopariel, \$9,500, to build a home on lot 7, block 2, in east Iowa City.

Kenneth W. Price, \$9,700, to build a home at 1302 Ash st.

Gordon Webster, \$16,000 to build a home at 315 Court st. place.

## 3 Music Students To Give Recitals

Two student music recitals have been scheduled Sunday in the North Music hall of SU.

At 4 p.m. Jean Gressley, G. Bonaparte, will present a contralto vocal recital which consists of 14 selections. Included in the recital will be songs by Handel, Schubert, Schumann, Brahms and Strauss.

Raymond Clift, G. Alden, will accompany Miss Gressley.

At 7:30 p.m. Elaine Bruce, G. Burlington and Lynn Belville, A3, Winona, Minn., will present a recital for two pianos.

Selections include "Concerto in C Major" by Bach, a sonata by Poulenc, and "Suite No. 2, opus 17," by Rachmaninoff.

CAREER DIPLOMATS SOUGHT KARACHI, Pakistan (AP)—Pakistan will switch from politicians to career diplomats in filling future ambassadorial posts abroad. An official gazette announced creation of the new Pakistan foreign service designed to build a permanent corps of overseas representatives. Out of 20 ambassadors now serving Pakistan in foreign countries, only three are classed as career men.

## Gas Company Does Downtown Repair Work

(Daily Iowan Photo) THE REPAIR WORK UNDERWAY ON DUBUQUE ST., east of the Jefferson hotel, is being done by a construction unit of the Iowa-Illinois Gas and Electric company. The purpose of the work is to install leak clamps on the bell housings of the company gas main that is located from four to five feet below the surface of the road bed. The installation of the leak clamps is a precautionary measure and is a part of routine maintenance work.

## Students Find Writing Workshop Profitable

By JIM GOLTZ

In a quonset hut, next to the Iowa Union, one of SUI's most widely-celebrated classes, the Writers' workshop of the English department can be found.

SUI's creative writing workshop is known nationally as the finest of its kind. More than 40 books written by SUI students, including novels, collections of short stories, and poetry have been published by such firms as Random House, Houghton-Mifflin, and Macmillan.

Students enrolled in the workshop have had stories published in such magazines as the Atlantic Monthly, Harpers, Yale Review, the Saturday Review of Literature, Accent Harper's Bazaar, Mademoiselle, Botteghe Oscuro of Italy, New Story of Paris, Epoch, the Saturday Evening Post, and Colliers.

Students vie with professionals. Short stories from these magazines written by SUI students have been selected for publication in two annual collections — the Best Short Stories collection and the O. Henry prize stories.

Students annually compete with professional writers from all parts of the country. The Western Review, a national literary magazine, is published by members of the staff of the workshop.

Director of the writing program for the workshop is Prof. Ray West, assisted by Profs. Hansford Martin and Thomas Mabry. Head of the poetry workshop is Prof. Karl Shapiro, who commutes weekly from Chicago, where he is editor of the nationally-famous "Poetry" magazine.

Several well-known authors visit the class every year to discuss their work for the benefit of the students.

Class members are assigned to one of the instructors and submit their material to him. Each week, several stories or poems are mimeographed and copies are given to each student for criticism on such points as inadequacy of language and indecisiveness of structure and characterization.

One of the department's greatest achievements last year was the winning of the Knopf-Furioso short story contest by a graduate student in the workshop. The student's story was subsequently selected to appear in the volume of "The Best Short Stories of 1951."

SUI is the only university in the United States that permits fiction and poetry to be submitted for degrees. In this regard, the writers' workshop has served as a "guiding light" in fostering creative talent.

**MANAGER TRAINEE**

Due to the rapid expansion of a company that has risen to fourth largest of its kind in the last six years, we are in need of agents and managers to represent this company in Iowa City and surrounding counties. This offer presents an excellent opportunity for ambitious men who are underpaid in their present employment and who wish a permanent position with a fast growing national organization. Experience is unnecessary. We will train you here in Iowa City. All we require is that you own a car, be of neat appearance and have the ambition to do yourself as well as this company's best justice. If you qualify you will earn \$100 to \$125 per week and have a wonderful chance of becoming a manager in a very short time with an income of \$500 to \$600 per month. Don't delay.

See Mr. Henry at 21 Schneider Bldg., from 9:00 A.M. to 11:30 A.M. either Monday, Tuesday or Wednesday

### Truman Meets Chinese Officials

PRESIDENT TRUMAN AND NATIONALIST China officials, Ambassador Wellington Koo, standing, and Foreign Minister Dr. George K. C. Yeh, confer in the White House. Afterwards Yeh told reporters that because of Korean truce negotiations, this is not the time to send Chinese troops from Formosa to join the Korean conflict.

## 5 Soldiers Killed When Ships Collide in Atlantic

NORFOLK, Va. (AP)—The sharp bow of a 10,000-ton tanker sliced the skin-thin side of a 1,800-ton navy transport Friday and killed five soldiers asleep in their bunks.

Six other soldiers were injured, three critically, when the fast-attack transport Ruchamkin and the Texas company tanker Washington collided in the dark Atlantic 60 miles east of Cape Henry.

Twenty-four members of the Ruchamkin's crew sustained minor burns in the collision, which tore a 20-foot hole in the side of the converted destroyer, flooded one engine room and left her dead in the water.

#### Bow Caved In 15 Feet

There were no casualties aboard the tanker, which continued to Philadelphia with 15 feet of her bow caved in. Two navy tugs took the transport in tow and headed for Norfolk.

Naval spokesmen said the tanker rammed the little transport's port side about amidship. This part of the ship contained the sleeping quarters of the 41-man intelligence and reconnaissance platoon of the 278th infantry regimental combat team from Ft. Devens, Mass., a former Tennessee National Guard outfit.

The Ruchamkin was one of 26 Naval vessels engaged in operation sea-scape, a two week amphibious warfare training exercise which was to have been concluded today with an assault landing at Virginia Beach.

Casualties Taken To Norfolk

The dead and injured soldiers had gone ashore in rubber boats Thursday to reconnoiter the landing beach. The Ruchamkin had taken them aboard and was proceeding toward the other transports and assault ships when the collision occurred.

The destroyer O'Hare transferred the casualties from the Ruchamkin to the transport Fremont, which larded them at Norfolk. Ambulances waiting at the Naval base piers sped the injured to the Portsmouth Naval hospital.

## Polio Prevention Injections Encouraging, Dr. Top Says

By SALLY ADAMS

"Results of experiments with gamma globulin injections in polio prevention are encouraging, but it is not likely to be the final answer to the problem," reports Dr. Franklin Top, head of hygiene and preventive medicine at SUI.

In an interview Friday, he warned against taking results of the test as conclusive on the grounds that too few cases were involved.

"The substance won't be readily available until next summer and probably will be used only where the disease is of epidemic proportions," Top added.

During the summers of 1951 and '52, about 55,000 children in Iowa, Texas and Utah participated in an experiment to help determine the protective value of gamma globulin. Half were in-

jected with GG and the rest with a harmless gelatin.

#### Figures Encouraging

From this group, 90 cases of paralytic polio developed; 24 among those treated with gamma globulin and 64 in the control group which received shots of the harmless gelatin. Paralysis was less severe in the children treated with GG, Top said.

The results for each of the three states, as well as the cumulative results, were similar. Those who participated in the tests were not told which of the two substances they had received.

Top stressed several facts that must be considered in evaluating the results of the tests. Only about one in a hundred polio cases are recognized. The rest are milder and pass undetected. Of those

diagnosed, about half are paralytic.

#### Only Paralytic Considered

Only paralytic cases were considered in evaluating the test, so the conclusions are based on a very small number of cases. There is no way of knowing which of the 55,000 children who participated in the test were infected with the virus, he said.

Top added that even if the tests had proved that gamma globulin gave absolute protection against polio, it would be almost an impossible feat to get enough to protect the 30 million children in this country.

Gamma globulin is obtained from the serum portion of the blood of adults who have built up a natural immunity to the disease.

It takes one pint of blood to produce a dose of the average size used in the tests. Since GG protection lasts about five weeks, from two to four shots would be needed to protect a child during the polio season.

Gamma globulin is not the only hope in protecting against polio, Top said. Several vaccines which would provide long-term immunity are in the experimental stage, but considerable work must be done with them to assure their safety and determine proper dosage.

Gamma globulin tests have indicated that small amounts of anti-body would probably be effective for polio immunization. It appears to give greater promise as far as the value of a vaccine is concerned, Top said.

## Pre-School Plans Open House For Public Sunday Afternoon

The new preschool of the SUI Iowa child welfare research station welcomes the public to an open house Sunday afternoon, said Boyd McCandless, director of the station.

Visitors will see furniture and fixtures at small-tot levels in a large colorful play area which curves around a horseshoe-shaped room with one-way vision for observing the children without disturbing them.

Originally the home of the late Dr. Lee W. Dean, at Capitol and Bloomington sts., the building was used as a girls' cooperative dormitory until the research station began remodeling it a year ago.

Faculty and graduate students jotted down their ideas for the child-centered structure as they worked with children and noted the youngsters' needs and wishes, McCandless pointed out. Then university architects George Palmer and Edward Healey prepared blue-prints.

In a two-level enclosure in the center of the first floor observers may comfortably watch part of the play area. By ascending a circular staircase, they can look out and down into the other half of the area.

Through the one-way vision screen, research associates and other students of the growth and activities of normal children will look into specialized play areas opening into the large play space.

A waterplay and art room has low sinks, continuous cabinets, and floor drains set in waterproof tiling. Here the youngsters may experiment, says McCandless, with water, clay, soapuds, and other "messy" materials dear to most young children. Another area is designed for story telling.

The upstairs has five small rooms, each with one-way observation booths for research and training purposes.

For easy identification, McCandless explained, different colors mark doors leading to various

sections. Children enter the building through a green door, observers through a blue door. Observation booths have red doors.

Station Has Many Buildings

Dean house is one of several buildings now housing the Iowa child welfare research station, which since 1917 has served children in three principal ways: through investigation of the best scientific methods of conserving and developing the normal child, through the dissemination of information acquired by such investigations, and through the training of students for work in such fields.

Sixty-five children are presently enrolled in three preschool groups, one each in the morning and afternoon in Dean house and one in the morning at 10 E. Market st. Normal children are enrolled in order of application, according to McCandless.

Advertising Fraternity Initiates 3 Members

Alpha Delta Sigma, the Phillip Ward Burton chapter of the SUI professional advertising fraternity, initiated three new members into the organization Thursday night at a meeting in Old Capitol.

The new members are: Craig Rominger, A4, Orion, Ill.; Chuck Wheeler, A4, Des Moines, and Charles Goeldner, A3, Earlham.

Foreign Students Plan Reception, Open House

The officers of the International center will be hosts at a reception at the center Sunday between 3:30 and 5 p.m. for SUI President Virgil M. Hancher, Provost Harvey H. Davis, the deans of the colleges, their wives and other foreign students.

Monday through Friday from 2:30 until 4:30 p.m. the foreign students and the advisory committee will hold open house for the faculty and staff.

Wallace Maner, of the SUI office of student affairs, is foreign students' advisor on the campus. Maner and his wife occupy the second floor of the center. Mrs. Maner acts as hostess and advisor to the students.

Building Takes 3 Years

The opening of the center climaxes three years of work by the foreign students and SUI officials. The idea was proposed by Richard Sweitzer, then advisor to for-

## CIO Board to Let Convention Choose Murray Successor

PITTSBURGH (AP)—The CIO's top policy making group Friday left to the organization's December convention the task of selecting a new president to succeed the late Philip Murray.

The CIO executive board took no action on filling the presidency at a meeting called to ratify plans for shifting the convention from Los Angeles to Atlantic City and delaying it from next Monday until Monday, Dec. 1.

These plans, recommended by the CIO's nine vice presidents and executive officers at a meeting here Wednesday, got speedy approval in an hour-long meeting of the executive board.

Before scattering to their homes, executive board members decided to convene the nine CIO vice presidents and executive vice president Allan S. Haywood at a pre-convention meeting in Atlantic City on Friday, Nov. 28. A day later the executive board will meet.

The CIO's affairs will be managed by Haywood and James B. Carey, the secretary treasurer and also head of the CIO Electrical Workers, until a new president is selected.

## Local Draft Board To Punish Students Who Register Late

Donald W. Randall, state coordinator of selective service, announced Friday that the Johnson county draft board would prosecute SUI students who failed to register within the required time limit.

Randall said that students "have been very negligent" in reporting to the draft board within five days of their 18th birthday, and that the draft board will no longer be lenient in such instances, but will handle them as delinquents.

Randall warned that in such cases, violators are subject to immediate induction, and, in extreme cases, to prosecution under the laws covering draft-dodgers.

He explained that some students do not deliberately fail to register. Many believe that they must register with their local boards instead of with the Johnson county board. So they wait until their next visit home to register.

However, the law requires that on their 18th birthday students must register with the nearest draft board. Johnson county will not determine their status, but will send the registration notice to the applicant's home board, he said.

CAT MUMMIES EXHIBITED

NEW YORK (AP)—Two mummified cats about 4,000 years old were put on display recently at an exhibit on pets, reports the Hobby Advisory Council of America. The cat mummies, said to have come from the tomb of one of the Pharaohs, are in a fair state of preservation. The embalmed cats were loaned to the exhibit by Gabriel G. Hakim, Egyptian art dealer, who estimated their worth at \$30,000.

FOREIGN STUDENTS AT SUI NOW HAVE THEIR OWN HOME AWAY FROM HOME. This is the new International center located on the corner of Market and Capitol. The house does not contain living quarters for the students but will serve as a meeting place for study or for pleasure. Formerly known as the Chesley house, it has been renovated and redecorated to provide a foreign student center.
