## Last Exam of Year — Deadline Set For Requests Of Draft Tests

National headquarters of the selective service Monday reminded college students that applications for the April 23 selective service qualification test must be postmarked not later than midnight March 9.

The deadline is necessary to allow the administrators of the test, the Educational Testing Service of Princeton, N.J., time to process the applications and assign each applicant to the testing center requested by the student or to the closest possible alternative center. This will be the last test given during the academic year.

Application blanks may be obtained by students from the nearest local board. They do not have to return home to the local board which has jurisdiction over them.

### Applicant Must Be Student

To be eligible for the selective service qualification test, an applicant, on the testing date, must be a selective service registrant who intends to request deferment as a student; must be satisfactorily pursuing a full-time college course as an undergraduate — leading to a degree and must not previously have taken the test.

Major General Lewis B. Hershey, director of selective service, has stated on a number of occasions that new regulations, which will substantially lighten the deferment criteria by raising the standards, are in the process of formulation. The limited manpower supply no longer justifies deferment of so many students and veterans are now returning in sufficient numbers to take the places of college students drafted.

### G.I. Bill Provides Assistance

The G.I. Bill of Rights provides generous financial assistance to veterans just entering college or who had their college careers interrupted by service in the armed forces and who re-enter after completion of their active duty obligations. Regulations are issued by executive order of the President.

The present criteria for consideration for deferment as a student are either a score of 70 or better on the selective service qualification test, or class standing among the male members in the upper half of the freshman class, upper two-thirds of the sophomore class or upper three-fourths of the junior class.

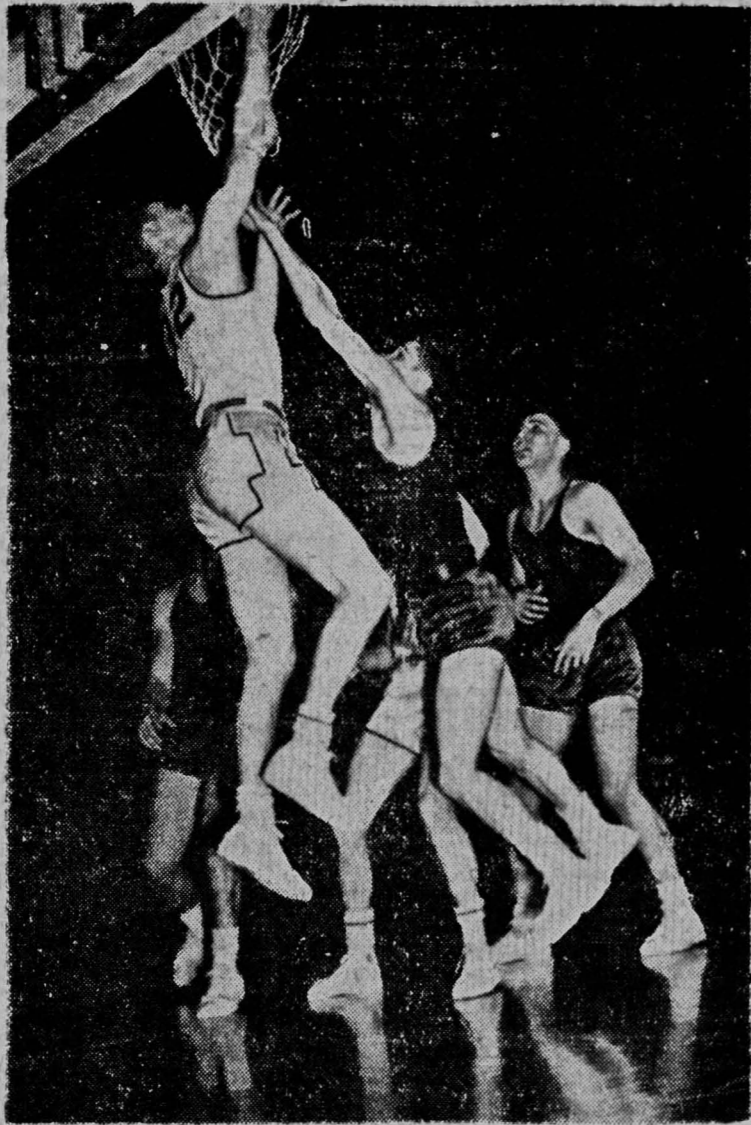

### Seniors Must Satisfy Criteria

Seniors accepted for admission to a graduate school satisfy the criteria if they are among the upper half of the male members of their senior class, or they make a score of 75 or better. Students already enrolled in graduate schools may be considered for deferment so long as they remain in good standing. Presumably, these criteria will be tightened "all up and down the line."

The criteria are guides for the local boards. The boards are under no compulsion to follow them but any board classification is subject to appeal. The appeal must be filed in writing with the

## Righter to Conduct SUI Concert Band In Union Program

The SUI concert band, conducted by Prof. Charles B. Righter, will present a concert at the Iowa Memorial Union Wednesday at 8 p.m.

The program will include: "Prelude," by Jarnefelt; "Prelude and Fugue in E Minor," by Bach; "Overture and Allegro," from "La Sultane," by Couperin-Milhaud; "Serenade for the Doll," from "The Children's Corner Suite," by Debussy; "Elsa's Procession to the Cathedral," from "Lohengrin," by Wagner; "Oxford Street March," from "London Again Suite," by Coates; "Love Scene from Boris Godunov," by Moussorgsky; "Three Dances," from "Gayne Ballet," by Khachaturian; "Simona Serenade," by Curzon; "Mood Mauve," by Howland; "Polka and Fugue," from "Schwanda," by Winberger. The concert will conclude with "Victory Chant" and "Iowa Fight Song."

Free tickets may be obtained at the Union desk or Whetstones.

A Condensation of Late Developments

**CALCUTTA, India (AP)** — A Communist mob burned President Eisenhower in effigy Monday as four U.S. destroyers lay in Calcutta harbor. Carrying the flaming effigy to the waterfront, some 2,000 Reds shouted at the ships: "American destroyers quit India; Hands off Korea; Yanks go home." The demonstration apparently was sparked by the mistaken belief that the destroyers were Korean-bound. Actually the ships—the McGowan, McNair, Hailey and Bickox of the U.S. seventh fleet—are homeward bound from Far Eastern waters.

**BERLIN (AP)** — The stream of Soviet zone refugees to West Berlin reached a new high in the past 48 hours, officials announced Monday night. About 5,000 persons were registered during the first two days of this month. The total number during February reached a record 40,015. Since the beginning of the year, 65,000 East Germans have fled the Communist Soviet zone.

**TOKYO (AP)** — Prime Minister Shigeru Yoshida fired three balky cabinet ministers Monday and threatened to dissolve the Japanese Diet as his opponents joined forces in a show of strength against his shaky government. A veteran of other crises, the resourceful 74-year-old leader called two emergency meetings of the cabinet to cope with a Diet parliament apparently set on censuring him for calling another lawmaker "stupid idiot" during a budget committee meeting.

**SEOUL (AP)** — Chinese Communist forces called off an attempt to crack the main Allied line at Little Gibraltar on the rain-soaked Korean western front Monday after one-third of the Red attack force was killed or wounded in close-quarter battle. The eighth army said the front quieted after more than 200 Chinese were mowed down by U.S., French and Thai infantrymen and British Commonwealth gunners.

## 17 Foreign Lawyers Plan Visit to SUI

Seventeen lawyers from four countries will be guests of the SUI college of law for an international law conference to be held here March 16 and 17.

The foreign jurists, 14 from Germany, one from Italy, one from Japan, and one from Denmark, are taking graduate courses at the University of Chicago law school under the provisions of the Smith-Mundt act which provides funds for this purpose.

A part of their program of studies is to visit selected schools of law to enable them to obtain a picture of the place of law in a democratic society.

### Program Outlined

A two-day program has been outlined for the lawyers while they are at SUI, including attendance at regular law classes, a discussion conference with SUI law students, a general tour of the campus and a visit to nearby farms.

Dean Mason Ladd, SUI college of law, has arranged a full week of activities for the group in addition to the program at SUI. On Wednesday, the group will travel to Des Moines to meet Gov. William S. Beardsley, visit the Iowa legislature in session, see the judges of the Iowa Supreme Court, and inspect the workings of various state offices. While in Des Moines, the lawyers will be under the direction of Attorney General Leo Hoegh.

### Lawyers to Visit Ames

Arrangements have been made with officials of Iowa State college, Ames, for the 17 lawyers to observe the agricultural development of the school on Thursday.

During two days, March 20 and 21, the group will be divided into smaller units and will visit with lawyers in selected county seats throughout the state. In these county seats, conferences will be held for the interchange of ideas in respect to the practice of law.

According to Ladd, the program is designed to enable these young lawyers, who will ultimately return to their own countries, to observe American life in the middle west, and also to acquaint them with legal education and practice of law in smaller American communities. Thus far, their contacts have been primarily with large cities.

### Purpose to be Served

Ladd said that these conferences should serve a real purpose in establishing and promoting international good will and better understanding. It will also help this group to see how people of America live, and how government actually works in a representative state of the middle west. The 17 lawyers will be entertained at Ladd's home on the Sunday evening prior to the conference.

## Cullen Completes Indian Assignment

Prof. Stuart C. Cullen, chairman of the SUI medical college surgery department, arrived in New York Monday by plane from India, according to an Associated Press release.

Discussing India's need for U.S. financial aid and medical school equipment, he told reporters who met him at International airport: "I don't believe the people in India want any aid, although they could use much new equipment. They have the ability to make their own medical equipment and they should be urged to do so."

Cullen went to India a month ago to teach new cardiac and chest operation techniques under the sponsorship of the Unitarian Service committee and the World Health Organization.

He left by plane for Chicago, from where he is coming by train to Iowa City.

## 'Mecca Queen' Finalists Selected by Engineers

Fifteen finalists for the title of "Mecca Queen" have been selected by SUI engineering students.

Besides selecting a queen, senior engineering students will devote time during the traditional Mecca week, which begins March 9, to hunt for the "Blarney Stone" hidden by last year's seniors.

Clues to the location of the stone are found by solving engineering problems concocted by last year's seniors. The search will begin Monday.

Observance of the coming celebration occurred earlier this semester when engineering students began nurturing beards for annual whisker contests. Beards will be judged March 12.

### Skits Planned

At that time the queen will be chosen from 15 contestants, scholarship awards will be made and faculty and student skits will be presented.

The most popular engineering student will make his appearance this year as St. Patrick. He is to be elected by fellow students and will also be displayed during the Mecca ball on March 13.

To culminate the week's ceremonies, the college of engineering will hold its engineering exposition open house on March 20 and 21 when engineering achievements will be displayed. Exhibits, presented by Iowa industrial firms, will also be displayed during the exposition.

### Tradition Behind 'Mecca'

"Mecca" is the traditional term for the branches of engineering

taught here. These branches are mechanical, electrical, civil, chemical, and aeronautical. This term also signifies the annual spring event.

Mecca queen candidates are: Beverly Bloes, A2, Algona; Phyllis Apland, A4, Cedar Rapids; Cynthia Johnson, N1, Cedar Rapids; Harriet Whitesel, A3, Cedar Rapids; Marcine Ringette, A1, Clinton; Leah Thorpe, P1, DeWitt; JoAnne Carr, A1, Ft. Dodge; Jeanne Hotz, N2, Ft. Dodge; Alice Mencke, A3, Hartley; Carolyn Gee, A1, Independence; Jane Hertz, A1, Mason City; Shirley Loecker, N1, Ottumwa; Delcena Kahler, A1, Oxford; Louise C. Knox, A3, Sioux City and Janice Serbousek, A1, Swisher.

## To Conduct at Coe

Director of Music at SUI

## Clapp to Lead Orchestra at Coe Concert

Prof. Philip G. Clapp, director of the SUI music department, will conduct the Cedar Rapids Symphony orchestra in a concert Wednesday, March 11 at Coe college auditorium in Cedar Rapids.

Holder of the Bruckner and Mahler medals of honor, received in 1940 and 1942, Clapp has headed the SUI music department since 1919.

Noted as a composer, he has written 12 symphonies, numerous tone poems, chamber music compositions, three operas and other works for chorus and orchestra. His works have been performed by the Boston Symphony orchestra, the New York Philharmonic, the St. Louis Symphony orchestra, the Cleveland Philharmonic, the Eastman-Rochester Symphony and the Minneapolis Symphony orchestra.

The program of the Cedar Rapids concert will include Franck's "Symphony in D Minor," Tschalkowski's "Romeo and Juliet" overture, eight Russian folk tunes by Liadov, and Elgar's "Pomp and Circumstance."

## Tehran Mobs Stone U.S. Homes, Autos

Tehran, Iran (AP) — Roaming mobs, swinging to the support of Premier Mohammed Mossadeq, shouted anti-American slogans and stoned American homes and cars in Tehran Monday.

The aged but durable premier seemed to be regaining the upper hand after a riotous weekend precipitated by gangs of street demonstrators who rallied to the defense of young Shah Mohammed Reza Pahlevi when it appeared he was about to be forced to leave the country.

The premier's police rounded up 70 retired and active army officers, some of whom were accused of haranguing the mobs that shouted for the "Shah or death."

Until further developments it appeared that the weekend troubles were a standoff—the Shah's departure from the country was prevented or delayed, and Mossadeq, who at one stage was chased out of his house in his pajamas by a mob, was still premier. But the big question still was unsettled: whether Mossadeq or the 33-year-old Shah was real master.

## Humphrey Loses In Bid to Publicize War Agreements

WASHINGTON (AP) — Angrily protesting that secrecy is merely garbling history, Sen. Humphrey (D-Minn.) demanded in vain Monday that the senate let the public in on its inquiry into once-secret World War II agreements between U.S. and Russia.

Humphrey stomped out of a closed session of the senate foreign relations committee at mid-day to tell reporters he would ask the committee to open its doors that afternoon. But when the questioning of Charles (Chip) Bohlen, nominated for ambassador to Russia, resumed the hearing remained closed.

Humphrey declared Bohlen was reviewing "a very critical period in American and world history," and said:

"What Bohlen is testifying ought to be made public. I am disgusted with this secrecy."

## Hardware Discussions Go into 2d Session

Participants in the five-day hardware school, sponsored by the college of commerce and the Iowa Retail Hardware Association, will continue their studies today in the school's second session in the Iowa Continuation Center.

Prof. William Knoke of the marketing department, in general charge of the school, said that accountability, salesmanship, retailing, business law, merchandising and product knowledge will be studied.

Wednesday the group will go to Ames to tour the Ames Refrigeration company. The tour will end with a banquet at Bill Zuber's restaurant. Graduation ceremonies are planned at the end of the school Friday night.

## Iowa Athletes Get Scholarship Trophies

(Daily Iowan Photo)

TEN SCHOLARSHIP TROPHIES for freshman year excellence were made to SUI athletes between halves of Monday night's Iowa-Minnesota game. The awards went to the high-ranking numeral winner in each sport. Winners, shown left to right, are: Streeter Shining, Waterloo, wrestling; Clyde Kitchen, Oskaloosa, basketball; Paul Leshey, Independence, baseball; James Fisher, Clinton, fencing; Dale Kniss, Waterloo, golf; Michael Korns, Iowa City, football; Norman Barnes, Cedar Rapids, tennis; Alvin Rowe, Dubuque, swimming; James Milani, Centerville, track, and Neil Gruber, Waterloo, cross country.

## Admits Russia Helps China Under Treaty

UNITED NATIONS, N.Y. (AP) — Andrei Y. Vishinsky lashed at the U.S. Republican party and its Asian policies Monday with the direct charge that it is not pursuing a policy for the strengthening of peace but rather the reverse. He said the Eisenhower administration wants to use the Asians as "cannon fodder."

The Soviet foreign minister told the UN political committee that the only way to end the Korean conflict is to accept the Communist terms for an armistice. U.S. delegate Henry Cabot Lodge Jr. promptly rejected Vishinsky's proposal.

### Lodge's Reply Is Brief

In his brief seven minute reply to Vishinsky's one hour and 33 minute speech, Lodge did not refer specifically to Vishinsky's attack on the Republican party. Vishinsky's blast was in fact the first Soviet assault in the UN on the foreign policies of the Eisenhower administration.

Vishinsky took the floor to answer 10 charges laid down by Lodge last week to the effect that the Russians instigated the Korean war and are sending arms and equipment to the Communists. He said that Lodge "doubtless does not take his own words seriously and added:

### Attacks Republican Party

"The Republican party, as has been proved again and again, pursues not the policy of peace but rather the reverse."

He said the administration has taken a number of measures designed to expand the war in the Far East.

Vishinsky acknowledged that the Russians are selling arms to Red China and said this was in accord with the treaty of mutual friendship between Moscow and Peking.

### Lodge Calls It 'Admission'

Lodge said this is an admission that the Kremlin is helping a party that the UN has ruled is an aggressor.

Vishinsky's peace plan called for:

1. An immediate end to the hostilities on land and sea and in the air.
2. Convening of a conference of 11 nations, including some of those involved in the conflict and neutrals, for a settlement, with decisions to be taken by a two-thirds vote. This is the obstacle Lodge indicated.

### Hits Ike, GOP

Vishinsky spent a good part of his speech hitting at the "ruling circles" of the United States, a term which he made clear refers to the Republican party and the Eisenhower administration.

He said that 10 charges laid down last week by Lodge that the Russians are aiding the Communists and instigated the Korean war are "reckless allegations."

Lodge said last week that the Russians could end the war when they wanted to and Vishinsky "knew it. Vishinsky replied Monday that this is "sheer nonsense." He said the USSR had initiated repeated moves to end the war and the U.S. frustrated them.

## Nationalists Report Raid by Guerrillas

TAIPEH, Formosa (AP) — The Nationalists Monday reported a big guerrilla raid in South China on the landward approach to strategic Hainan island.

Authorities professed ignorance, however, of reports from Rangoon that Chinese Nationalist troops, trained in secret in Southwest China, were steaming across the border to join other Nationalist forces in Burma.

The raid was said to have taken place at the town of Onpo Feb. 8 with 40 Reds killed and 10 more captured.

Onpo is on the Luichow Peninsula about 150 miles north of Hainan Island, where the Communists have air and naval bases.

## Demo Action Backing Ike Called Typical

WASHINGTON (AP)—Although Democrats have rallied behind President Eisenhower in congress to save him from embarrassment on such matters as the reorganization bill, few people on Capitol Hill think they're actually out to take him under their wing. Nevertheless, the administration is trying to eliminate some of the annoying backlashes in communications between the White House and congress that might tend to leave the impression that perhaps Ike and the Democrats aren't so far apart.

Sen. Bourke B. Hickenlooper (R-Iowa) described the Democrats' operations as "typical opposition tactics." But he added he was not aware of or concerned about any effort by the minority group to "take him over."

Rep. John W. McCormack (D-Mass.), house Democratic whip, said, "All that we Democrats are trying to do is act constructively in the best interests of the nation."  
One of the latest White House-Capitol mixups involved the council of economic advisers. House members thought Eisenhower wanted only \$25,000 in a money bill to keep one adviser on the job. Then Sherman Adams, chief of the White House staff, wrote chairman Styles Bridges (R-N.H.) of the senate appropriations committee asking enough funds to keep a three-man team going after all.

**No Mixup in Social Security**  
There apparently was no such mixup, however, when a house committee shelved the social security expansion on which the President asked action in his State of the Union message. And the President's well-known stand for balancing the budget before reducing taxes hasn't quited tax-cut advocates in the house.  
Hickenlooper said lots of Republicans take the same stand as Democrats on taxes — that the budget must be balanced before taxes can be cut.  
"That's just being realistic," he said.

McCormack pointed out that not only he but house minority leader Sam Rayburn and other leading Democrats have said repeatedly they will keep on cooperating with Eisenhower whenever they think he is right.  
Senate Democrats, beat Republicans with endorsement of Eisenhower's proposed resolution condemning Russian violations of treaties.

Awright, awright—so I'll buy you a hairdryer!

## Violence Along Israel Border Daily Occurrence Since '49

JERUSALEM (AP) — Shooting affrays, infiltration, smuggling, mine-laying, kidnappings and brawls over land ownership are almost daily occurrences along the armistice demarcation line. This is an imaginary line traced along the Jordan river, dividing the Holy Land into Jewish-controlled Israel and the Arab-held west bank of the Jordan. It stretches on about 400 miles and is heavily guarded on both sides by Israeli and Arab Legion soldiers.  
The demarcation line, ever since its creation in 1949 when embattled Arabs and Jews were talked into signing an armistice in Rhodes, has been one of the hottest spots in the Middle East.

**Trouble Faced**  
A United Nations armistice commission has assumed the responsibility for maintaining order along the line and ironing out continuous bickering. If it has been unable to prevent smaller incidents the commission so far has succeeded in averting major clashes which might start off the war anew.

**State Governments Still 'In Red,' Survey Reveals**  
State governments as a whole kept up their "operation red ink" in fiscal 1952 and dropped about 9 per cent deeper into debt.

A survey of annual debt reports by Commerce Clearing House, national reporting authority on tax and business law, showed these startling facts:  
Total state debt made the greatest increase of the several taxing groups, and rose from \$8.4 billion to \$7 billion in 1952. It was \$2.4 billion in 1946.  
A wide variation existed in per capita state debt. Nebraska owes only 61 cents per person. Delaware \$283 per person. The average was \$45 per person.  
Other governments, which as a whole joined the states in the red ink operations, were: federal, public debt increased \$3.9 billion, or approximately 1.5 per cent, and local governments, debt increase \$1.9 billion, or slightly less than 1 per cent.

**CRITELLI CONVICTED**  
DES MOINES (AP) — John W. Critelli, 41, widely known former Des Moines night club operator, Monday pleaded guilty in district court to a charge of violating the liquor control act. He was fined \$1,000 and sentenced to six months in the county jail.

**Federal Drug Law Backed by Editor**  
DES MOINES (AP)—A new federal law regulating the sale of drugs is designed to protect both the public and the drug profession, Wallace Werble, Washington, D.C., drug publication editor, told nearly 700 druggists at the Iowa Pharmaceutical association convention here Monday.  
Werble said that starting in 1936 with discovery of the early sulfa drugs the United States began to take over world leadership in the field of medicine.  
Werble explained that new drugs can be of great benefit if used properly, but of great harm if used improperly.  
He said a new regulatory law, known as the Durham-Humphrey law, became effective in April, 1952, and has just about completed its "transition era."  
Werble said the law, stated simply, divides drugs into two classes — those which can be sold only by prescription and those which may be sold "over the counter" without a prescription.  
Werble said the law prohibits the refilling of a prescription without specific instructions from a doctor, either on the original prescription or in subsequent orders.

## Interpreting the News

By J. M. ROBERTS JR.  
Associated Press  
News Analyst

The American congress began making formal expression of its attitude on all sorts of general subjects on July 4, 1776, when it outlined its views on the equality of men and the purposes for which governments are, or should be, formed.

It has been going on ever since, in one form or another. Sometimes it is done by executive statement, sometimes by congressional resolutions such as those now pending explaining America's attitudes about enslavement of peoples and persecution of minorities, the latter in connection with Russia's stepped-up anti-Semitic campaign.

Sometimes these expressions approach the force of treaties, binding the U. S. formally to certain action as in the case of the Monroe Doctrine.

**Lay the Groundwork**  
Sometimes they merely lay the groundwork for subsequent concrete action, as in the case of the congressional expression of opinion, the "Vandenberg Resolution," which virtually called upon the administration to submit what later became known as the Marshall Plan.

When the expression takes the form of a congressional resolution it carries a weight which cannot be approached through the procedural processes of any other government.

When Britain and France, for instance, wish to express themselves on various affairs, it is done through arranged statements in parliament by government officials.

**Congress Is Voice of People**  
The U. S., of course, does that, too. But when congress passes a resolution it stands before the world as the voice of the American people. It is a nation, not a government, speaking.

Sometimes it is an expression of conscience to which the nation itself does not entirely live up. America has not eliminated all persecution of minorities. But America has shown an overwhelming conscience that she would like to, and that she will not condone it officially, as a nation.

When Secretary of State John Foster Dulles compared the possible results of the pending anti-enslavement of "Repudiation of Yalta" resolution with the Declaration of Independence and the Monroe Doctrine he was covering some pretty theoretical ground.

## New Demo Group To Discuss Aims

OTTUMWA (AP) — Herschel C. Loveless, Democratic nominee for governor in 1952, said Monday the new Iowa Democrats organization—Active Iowa Democrats—would meet in Des Moines Wednesday to discuss aims and purposes.

Loveless, mayor of Ottumwa, said no invitations had been issued to the forthcoming session, but he urged that all interested Democrats attend. He said the principal business will be reports of the AID resolutions and organization committees.

The resolutions committee will present its recommendations as to the aims and purposes. The meeting will be in the Ft. Des Moines hotel at 1:30 p.m. The organization was formed about two weeks ago, by those of the party interested in getting started now on the 1954 campaign.

### The Wrong Approach

The present house probe of American universities and high schools has again brought into the headlines the much debated subject of academic freedom.

At least three of the numerous educators who have appeared before the house un-American activities committee investigating communism in the schools have refused to testify on the grounds that they might incriminate themselves.

But after the three stepped outside of the capitol building their defense was of a vastly different nature. They maintained that they were only doing their part in defending the American tradition of academic freedom.

The most notable of the group, Barrows Dunham, professor of philosophy at Temple university, Philadelphia, minced no words in voicing his opposition to the investigation. He termed the probe "a medieval inquisition."

Dunham defended his action before the house committee last Friday and added that "no act of

mine could have better displayed my loyalty to this country and its traditions than the course I followed."

Monday, Dunham was fired from his Temple university position—and we believe rightly so for, in the words of the university's president, Robert L. Johnson, "deliberately creating a doubt as to your loyalty . . ."

Whether or not Dunham is or has been a Communist has not been determined. If he is, he has, by refusing to testify, followed the same procedure of many known Communists who have preceded him to the various congressional witness stands.

If he isn't, then Dunham, by freely answering the questions of the congressmen as to his loyalty, would have been far more convincing in his arguments against the investigation and for academic freedom.

It seems to us that IF Professor Durham is not disloyal he has made the wrong approach in attempting to sustain his innocence.

## State Governments Still 'In Red,' Survey Reveals

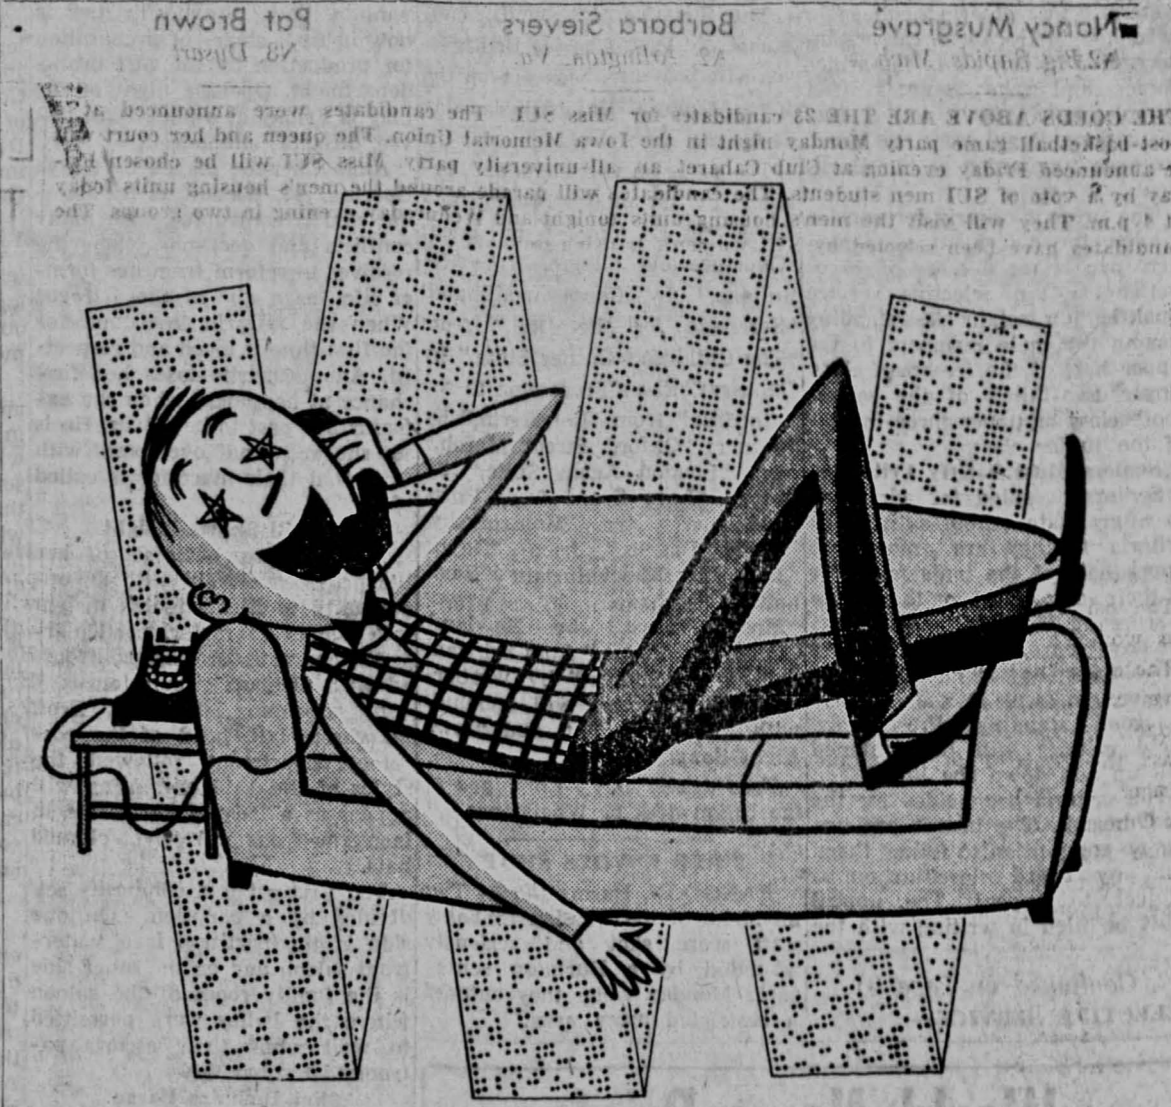

State governments as a whole kept up their "operation red ink" in fiscal 1952 and dropped about 9 per cent deeper into debt.

A survey of annual debt reports by Commerce Clearing House, national reporting authority on tax and business law, showed these startling facts:  
Total state debt made the greatest increase of the several taxing groups, and rose from \$8.4 billion to \$7 billion in 1952. It was \$2.4 billion in 1946.

**CRITELLI CONVICTED**  
DES MOINES (AP) — John W. Critelli, 41, widely known former Des Moines night club operator, Monday pleaded guilty in district court to a charge of violating the liquor control act. He was fined \$1,000 and sentenced to six months in the county jail.

When Grover talks to his dreamboat—something clicks

A call from Dreamboat always clicks with Grover. And an Automatic Message Accounting machine has been clicking too—down in the telephone office—busily punching impressions on a paper tape.

You may be interested in what this ingenious recorder does. It keeps track of what telephone number you called, how long you talked, and records this information in such a way that another machine can automatically prepare a monthly bill.

The development of this new automatic accounting machine is the result of team-

work by Bell Telephone Laboratories, Western Electric and the telephone companies. Telephone people working on this and other interesting and important projects were in college just a short time ago. Perhaps you'd like to join them.

Your Placement Officer can give you details about employment opportunities in the Bell System. Or write to American Telephone & Telegraph Company, College Relations Section, 195 Broadway, New York 7, N. Y., for a copy of the booklet, "Looking Ahead."

# Iowa Wins On Free Throws Hawks Set Accuracy Record

By JACK BENDER  
Daily Iowan Sports Editor

Minnesota's roughness cost it a ballgame as Iowa took its fifth straight win, 81-79, in an overtime in the field house Monday night.

Iowa has now won eight of its last 11 games against Minnesota on the Hawk home court and has a current Big Ten record of 8-8. Minnesota's mark is 10-7.

The game was tight all the way with Iowa having to work harder for its goals than usual because of the Gophers' strong defense. Neither team got too far ahead with the 44-33 Minnesota lead in the second quarter the largest spread of the game.

### Gophers Rough

Minnesota's roughness under its own basket led Iowa win on free tosses. In the overtime, after Capt. Herb Thompson gave Iowa the initial advantage with one of his favorite jump shots from the rear of the free throw circle, nine free throws put the Hawks in the win column.

Iowa got a quick five-point lead in the extra period and Minnesota never could catch up.

Chuck Jarnagin tied the game up with two free throws and cashed in on five more in a row in the overtime for the difference. Minnesota got three goals and five gifts in the overtime but got no closer than the final 81-79 score.

### Thompson, Jarnagin Get 20

Thompson and Jarnagin each got 20 points to pace Iowa with Bob Mau chipping in for 16, 13 in the first half. Gene Hettrick had 12 before fouling out late in the game.

Chuck Bennett's 21 topped the Gophers, followed by Chuck Mencil's 19 and Ed Kalafat's 15.

### Hawks Trail at Half

Iowa dropped behind, 44-38, at halftime after leading most of the first quarter and one-half.

After a hot first quarter in which the Hawks scored 23 points to the Gophers' 20, Iowa could do only 15 points in the second stanza. In the meantime Minnesota, with its cuts and blocks and deadly outside set shooting, canned 24 points in that period.

Hettrick got a short to start the second half, pulling the Hawks to 44-40. Dave Weiss countered with a side set shot but Deacon Davis got a hook to keep pace.

### Teams Can't Hit

Neither team hit a field goal in the next three minutes, Iowa getting four free tosses in the time and Minnesota three.

Jarnagin hit one from the side and Davis added a free throw to knot the count at 49-41 with 3:36 left in the quarter. The Hawks' Neither team could touch the hoop after that either, with Minnesota getting a goal by Bennett and three one-pointers while Iowa was getting a goal apiece from Mau and Jarnagin.

### Lead at Quarter

Minnesota still led at the quarter, 54-53.

The Gophers pulled to a two point advantage on a goal by Bob Gelle and two free throws to a short by Hettrick and Jarnagin's free toss.

Thompson tied it up with a jump shot from just outside the free throw circle and Hettrick got two gift tosses for a 60-58 Iowa lead.

### Hit Shorts

Kalafat and Bennett got shorts for the Gophers while Hettrick got one for Iowa as the score knotted once more. Iowa got six free throws in the remaining 4:29 while Minnesota got two goals and two free tosses.

After Jarnagin's two gifts to tie the score, Mencil took the ball down for the Gophers and dribbled almost in the same spot for the last 1:14 of the game.

He went unchallenged by Iowa and members of both teams stood nearly motionless until Mencil made a final break for the goal in the last seconds. His jump shot was no good just before the final overtime.

Then came the foul-infested overtime.

## Hoosiers Squeeze by 'Cats, Illini Top Spartans, 66-53

BLOOMINGTON, Ind. (AP)—Paul Poff's skyscraping fielder from near the center of the floor gave Indiana University's Hoosiers, ranked No. 1 nationally, a 90-88 overtime basketball victory over Northwestern Monday night.

Poff hit with only seconds left in the extra session.

Indiana ran up a 22-10 margin at the end of the first quarter. Herby Grant, the star guard, shot 11 of 15, including eight of 10 from the field in the second quarter. Indiana led only 59-56 at the half.

Northwestern pulled into a 58-54 lead in the third quarter, with Frank Petranek hitting three of four field goal attempts and John Biever doing a sharp job of floor generalship.

Northwestern ran its lead to 66-61 with 5 1/2 minutes left to play. It went into a possession game, taking only 10 shots in the final quarter, but Indiana gradually pulled even. Schlundt's two free throws tied it up at 79-79 with 15 seconds left in the regulation playing time. The Hoosier star got 24 points, 14 of them free throws.

CHAMPAIGN, Ill. (AP)—Illinois' basketball team, cut out of any title chance by Indiana Saturday, assured itself of at least a tie for the Big Ten runnerup spot with a 66-53 victory over Michigan State Monday night.

The win upped the Illini record for Big Ten play to 12 victories and four defeats.

Michigan State, for whom a victory over the Illini would have meant a second-place tie, lost its sixth game in 16 Big Ten outings. Michigan State made a battle of the contest, for three and one-half quarters but fell apart in the final five minutes.

Illinois led 35-32 at halftime and 50-45 going into the fourth period. The Spartans pulled up to 53-50 with half the final stanza gone but at this point the Illini went safely ahead with a 12-point burst while Michigan could score only one free throw.

Forwards Keith Stackhouse and Al Ferrari led the Spartans with 13 points each. Forwards Max Hooper and Clive Follmer got 17 and 16, respectively, for the Illini.

ANN ARBOR, Mich. (AP)—Michigan clawed its way out of the Big Ten cellar and pushed Purdue into it Monday night by trimming the Boilermakers, 99-81, in a Western Conference basketball game.

The Wolverines, closing their home season, broke a string of six straight losses in winning their third conference game in 16 starts. It was Purdue's 14th loss in 17 league games.

Michigan fought on even terms with the Boilermakers until shortly before the halftime intermission, then stepped out to a 45-37 edge and moved away easily.

Purdue's forward Jack Runyan had the individual scoring honors with 24 points on five baskets and 14 of 29 free throws.

## Indiana Takes No. 1 Position In Cage Poll

NEW YORK (AP)—Indiana's Big Ten champions replaced Seton Hall as the nation's No. 1 basketball team this week in The Associated Press poll of sports writers and broadcasters.

After shadowing the Pirates in second place for six straight weeks, the Hoosiers finally made it to the top on the strength of their conference championship victory at Seton Hall.

The South Orange, N.J., club, riding a 27-game winning streak until it fell, 71-65, to the lightly regarded University of Dayton Sunday night, skidded to third place—one point beneath LaSalle.

This week's voting virtually was a runaway for Indiana, which won its first undisputed Big Ten title Saturday night with a 91-79 conquest of Illinois. The Hoosiers, with a 17-2 record, polled 639 votes to 459 for LaSalle and 458 for Seton Hall. Indiana rated 25 first place ballots to six for LaSalle and 15 for Seton Hall.

Although there are no new faces in this week's top 10 most of the clubs shifted positions. LaSalle vaulted from fourth to second by whipping LaFayette and Youngstown.

The top 10 teams with points scored on a 10-9-8 etc. basis first place votes and season records in parentheses:

1. Indiana (25) (17-2)	638
2. LaSalle (6) (24-2)	458
3. Seton Hall (15) (27-1)	458
4. Washington (4) (25-2)	438
5. Louisiana State (3) (21-1)	285
6. Kansas (13-5)	223
7. Okla. A&M (3) (19-6)	201
8. Kansas State (13-4)	185
9. West. Kentucky (3) (24-3)	179
10. Illinois (15-4)	118

Iowa's cagers, swimmers and wrestlers pulled through with weekend wins while the trackmen and fencers fell.

Coach Bucky O'Connor's basketball team set a conference field goal shooting percentage of .576 against Northwestern in beating it, 93-78, in Evanston.

The old mark was set by Purdue against Minnesota on Feb. 19, 1951, with .507.

Herb Thompson came within one miss of tying the individual field goal per cent when he hit on 9 of 13 shots for a 69.3 mark. The present record is 9 of 12 made by Pinky Clifton of Iowa in 1951 and Dick Means of Minnesota in 1950.

In the first half Iowa hit 19 of 31 tries, headed by Bob Miller's four of five.

Thompson and Deacon Davis each got 21 points, Miller 16, Chuck Jarnagin 12, Gene Hettrick 11 and Jim Stenger 10.

The Hawks led 43-35 at halftime and 65-46 at the end of the third quarter.

Iowa's swimmers captured eight of 10 first places in the field house Saturday to swamp Illinois in a dual meet, 63-28.

Dick Pennington, Hawk sprinter, splashed through the 50-yard free style in 22.9 seconds to cut a tenth of a second off the Iowa pool record set by Purdue's Keith Carter in 1949. Pennington's best previous mark and the former Iowa team record was :23.2 set last week.

Bunny Broeder, who has been out of competition following an auto-accident, returned Saturday to beat Dave Mersbach on the low board, 279.8-170.2.

Illinois' powerful track team collected 70 1/2 points to take a quadrangular indoor meet from Purdue, Iowa, and Northwestern in the Illinois armory Saturday afternoon.

Purdue took second with 31 1/2 points, Iowa third with 27 and Northwestern last with 12. Iowa was handicapped without the services of star distance runner Rich Ferguson who was in the University hospital with a strep throat.

One of the outstanding events of the meet was the mile relay where Iowa finished in first place with a time of 3:19.0, just seven-tenths of a second off the conference record set last year by the Hawks. Bob Clark led off, followed by Stan Levenson, LeRoy Ebert and Gary Scott. The last

Iowa won the last three matches, including George Myers' fall at 177 pounds, to edge Purdue, 14-12, in a Big Ten wrestling meet in Iowa City Saturday night.

I closed the Hawkeyes' first dual meet season under new coach Dave McCuskey with three victories and a draw in eight meets, all against Big Ten opposition.

Myers' second period fall was his eighth straight victory of the season without a loss.

# Roland Leads B Prep Picks

By DICK MAU  
Assistant Sports Editor

As the B teams go in the Iowa state boys high school basketball tournament, so go the fans — this situation has caused the downfall of more than one of the state's A and AA powers.

The "little guys", of which there will be six, in the state tourney annually have a strong backing in their games with the larger school.

For instance, remember the Dinsdale-Davenport game last year and the Roland-Davenport game in 1951 meet. These are good examples of what has happened, and, for the most part, it is what we may expect in the tournament this month.

Too many fans discount the B teams as championship contenders, but it is well to remember that they always have the fans with them. Very rarely does a state tourney go by when at least one and sometimes two of the small schools don't have representatives in the semi-finals of the meet.

With this short prelude well in mind we shall attempt to give you a valid picture of which six class B teams to expect in the state tourney.

The spotlight in the state's class B cage circles has once more been trained on Roland's powerful outfit. This small central Iowa community has once more turned out an unbeaten basketball team.

Sparked by the all-around play of Gary Thompson, two-time all-stater, Roland has waded through a 26 game slate without a defeat.

Roland won its sectional easily and opened its district play Monday night against Jordan (20-3) at Ames. Roland is the first choice in the B ranks for a state tourney berth.

In the southwest portion of the state a major battle looms between Wales-Lincoln and Iowa School for the Deaf in the Council Bluffs district meet. Both of these teams have received high ratings in AP polls this season.

Wales-Lincoln has suffered one defeat during the campaign as has the School for the Deaf. The nod here goes to Wales-Lincoln by a hair in a close district race.

Although sub-state pairing in the eastern part of the state may not follow suit we find Wellman as the top contender in the south-east.

The Wildcats have been defeated only once in any athletic contest this year. That defeat came in an early season case race test.

Wellman wrapped up the Ke-Wash conference championship and cruised through its sectional tournament. Wellman is the choice in the B ranks from this section.

Another district meet in which two of the state's top B teams meet is at Clinton. Sabina with a 24-0 record and Clarence, which has a 22-0 state meet Monday in a district opener.

Clarence won 33-31, and should make it through to the state finals.

Jumping over to north central

Cresco and Newton also got two champions while West Waterloo, Mason City, Teachers high of Cedar Falls and Iowa Falls got one each.

Garnaville—without a senior on its club—won the girls' state prep cage title in Des Moines Saturday night, topping New Sharon, 67-60.

Sandy Fiete, a 15-year-old sophomore, scored 39 points for the new champs, who succeeded Reinbeck, also from northeast Iowa.

They started the season with two losses — to Ankeny and Sacred Heart of Monticello — and never lost another one.

Three wrestling matches are scheduled for tonight at 8:30 at the Roller Rink. Included are a men's match, a ladies' match and an Australian tag team match.

Rich Ferguson, Iowa's star distance runner, will be definitely out of the Big Ten championship meet this coming weekend in Champaign, Ill. The throat ailment which kept him out of last week's meet will keep him out of competition until the outdoor season.

The nation's top-ranking college basketball team, Seton Hall, finally suffered its first loss, Dayton, beaten 13 times in 27 games this season, knocked off the Pirates, 71-65, Sunday night.

WSU has announced that it will cover about every sport occurring in Iowa City in the next three weeks. Sports director Jim Mergen, along with Bob Zenner and Dave Etzels, will handle the broadcasts.

Included are the Iowa boys prep district, sub-state and state tourneys, the Big Ten swimming championships and the Iowa basketball games, as usual.

## The Daily Iowan SPORTS

Iowa a problem arises as to when is the best in that section. Dinsdale has been in the state meet for the past three seasons, but without center Curt Hoepfner, who was injured earlier, Dinsdale has not been too effective.

Earlville, in that same section, has a 19-1 record along with Keystone (28-1) and Fertile (25-1). All have shown attacks impressive enough to carry them to the state meet.

Dinsdale has the tournament experience though, and on a

hunch pick we'll take Dinsdale for a return trip with the others being definite threats to the prediction.

Two good bets in northwest Iowa's class B race are Livermore and Gillett Grove. Ware, another B team in that section, has a 20-0.

Gillett Grove has won 27 consecutive games without a loss, and

Livermore, playing several class A teams, has dropped only one contest this season.

The choice in this section is Livermore with Gillett Grove and Ware being the darkhorses in the northwest.

This wraps up the state tourney predictions, and here is a quick run-down on the prediction in the three classes: Class AA — Clinton, Dubuque, Ames, Roosevelt of Des Moines, and Oskaloosa. Class A — Oelwein, Manning, Red Oak, Albia and Marion. Class B — Livermore, Dinsdale, Roland, Clarence, Wales-Lincoln and Wellman.

# Bradley Cites Risks, Lists 4 Ways To Handle Korea

PALM BEACH, Fla. (AP)—Gen. Omar Bradley, chairman of the joint chiefs of staff, Monday outlined four courses of action the United States can take in Korea and warned that some of them carry the risk of starting all-out war with the Chinese Reds or even World War III.

Bradley said he was committed neither for nor against them and added that the decision is not his to make. He spoke at the Palm Beach round table, a cultural organization which hears experts and authorities lecture on various subjects.

Sticking to his prepared text, Bradley said these are our alternatives:

### Americans Favor Staying

1. Get out of Korea — an action "which I believe the American people and their allies would not condone" because, he added, it would jeopardize UN authority and give Communism free rein in Asia.

2. Continue the war as is — keeping up pressure, keeping down UN casualties, inflicting the maximum possible casualties on Red battlefront forces.

3. Continue the pressure in Korea — but be ready "to take the additional military steps, from time to time, where military advantage might accrue." He did not say whether this might mean a UN offensive.

### Pushing War Brings Risks

4. Take any one or any combination of military steps to get a decision in Korea which "even while we realize it, might eventually involve us in all-out war with Communist China."

Bradley said broadening of the war in this manner "might pin down the bulk of our military power on the continent of Asia and could eventually develop into World War III."

### Treaty Ties Russia

"We would have to be prepared for the counter measures the Communists could take and the counter measures that eventually the Soviet Union might take because of the Sino-Russian treaty—the pact between the Peiping Red government and Moscow."

Bradley said he thought the UN and particularly the U. S. would have to make long term foreign policy decisions on future relations in the Far East "before anything was done."

### HOLCOMB ELECTED

Prof. Richard L. Holcomb, chief of the bureau of police science in the SUI institute of public affairs, has been elected to a three year term on the executive board of the Academy of Forensic Sciences.

## Fire Delivered to Firemen

A fire was delivered to Iowa City firemen Monday at 9 a.m. when Rex Schrader, 106 S. Gilbert st., drove in front of the station with the back seat cushion of his car aflame.

The fire was extinguished with little damage, firemen reported. Schrader believed that a cigarette had started the fire.

### Again This Year —

## Educational Cruises Planned

A series of cruises to Europe for students and teachers this summer have been announced by the National Council on Student Travel.

The council has reserved space on the S.S. Arosa Kullm from May through September and bookings are now being made on all its sailings during this period. One-way fares on the Arosa Kullm are \$150 for space in dormitories for 1 to 14 passengers and \$160-165 for space in cabins for two, three or four.

As in past years the council will sponsor an educational and recreational program for student travelers. The educational program on the eastbound voyage is directed toward orienting students to Europe. It includes language classes, discussions on European history, politics, art and culture. On the return voyage students will discuss and evaluate their summer experiences.

The council furnishes a library, a collection of both classical and popular records, sports equipment and a selection of movies. In addition to the traditional chess, ping-pong, bridge and shuffleboard, there will be dancing, talent shows, and many other special programs.

The Council on Student Travel is composed of 37 national educational and religious organizations. Its purpose is to encourage and facilitate international student travel.

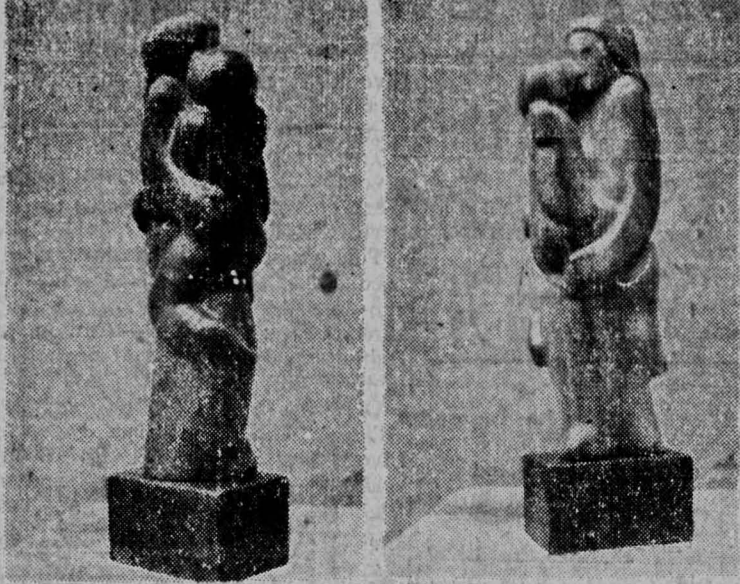

Since 1947 the council has provided special transportation to Europe for students and teachers during the summer when low cost accommodations of regular transportation are not available.
