Ike Cites Executive Blows At Communism

Numbers Red Convictions, Deportations

WASHINGTON (AP) — President Eisenhower, asserting the supremacy of the executive branch in fighting communism, said Wednesday the administration has rolled up an impressive record in that field—“quietly and relentlessly” and “under due process of law.”

Barring questions about Sen. Joseph McCarthy, Eisenhower issued at a crowded news conference a 16-month record of the blows executive agencies have aimed at communism. These included convictions and indictments of Red leaders, deportations, and expansion of the list of subversive organizations.

McCarthy later commented, during the televised McCarthy-Army hearings, that the presidential statement “lists some very excellent accomplishments,” and added that “this administration has been headed in the right direction so far as the removal of Communists is concerned.”

Questions Speed
But he said he has some question about how fast the administration has moved against the Reds and repeated he is not bound by any presidential order “which would make it impossible” for his investigations subcommittee to get information about wrongdoing in the executive branch.

The President reaffirmed his backing of Atty. Gen. Herbert Brownell's statement of last week which accused McCarthy of trying to “set himself above the laws of our land” in inviting secret data from government workers.

But Eisenhower ruled out newsmen's questions about the conflict between the administration and McCarthy.

Has One Aim
Henceforth, he said, he will have just one aim and idea: To win enactment of the administration's legislative program, which he has called progressive and “dynamic” but parts of which have hit snags in congress.

When a newsmen came back with the question whether McCarthy was “hurting” the program, a look of annoyance overcame the President's face and he snapped: Next question.

Otherwise Eisenhower spoke readily on a variety of issues, saying that he:

1. Has reached no decision on such proposals as a request to congress for a resolution authorizing direct American intervention in Southeast Asia, menaced by Communist aggression.

Reserves Comment
2. Would reserve comment on the 2-1 recommendation of a security board that atomic scientist J. Robert Oppenheimer be denied access to atomic secrets. The President again mentioned his great admiration for Oppenheimer's achievements, but said the White House should not intervene until the quasi-judicial

process is complete. The Atomic Energy commission has yet to make its decision on the case.

3. Positively will not compromise the principles of his flexible farm price support program, despite some reports from Capitol Hill that a compromise appears inevitable. Eisenhower said, however, that he does not consider all the details of his program sacrosanct.

4. Thinks it's all right for anybody who supports his program to ride on his coattails, including Democratic members of congress who seek reelection. Presidential Counsel Bernard Shanley last week accused the Democrats of coattail-riding while obstructing the President's program.

Says Door Closed
5. Considers that Russia has closed the door, for the immediate future, to the establishment of an international atomic pool for peaceful exploitation of atomic energy.

6. Still believes that 18-year-olds should have the right to vote and considers that the issues of states' rights—which helped beat the proposed constitutional amendment in Congress—was mistakenly injected into the debate.

Eisenhower opened the conference by announcing that Atty. Gen. Brownell had prepared, at his request, a summary of the administration's achievements in battling subversion, treason and espionage. It is, the President said, an impressive list of accomplishments.

Asserts Executive Rights
“The department of justice and the Federal Bureau of Investigation are the principal agents of the government in dealing with subversives,” said the opening sentence of the statement. Having thus reasserted the preeminence of the executive in the field in which

McCarthy's investigations subcommittee has attracted much attention, the statement went on:

“The constant surveillance of Communists in this country is a 24-hour, seven-days-a-week, 52-weeks-a-year job. “It is carried out by the appropriate federal agencies, in conformance with due process of law.”

Working Quietly
“It is being done quietly and relentlessly, and those who best know its effectiveness are the Communists themselves.”

The report said the justice department has convicted 41 Communist party leaders, indicted 20 more, ordered 62 new organizations added to the list of subversive groups for a total of 255 and deported 84 alien subversives.

Turning from this topic, the President announced he will devote his every speech and every meeting from now on to winning enactment by congress of his legislative program.

This, he declared, includes his farm program, reform of the tax structure, foreign trade legislation, the new housing bill and the broadening and improvement of the social security system.

PRESIDENT EISENHOWER WAS POSING with the prime minister of Turkey at the White House Wednesday when he had to “bend an ear” to hear a photographer's request. It was the beginning of a busy morning for the President. Following this appointment was the regular news conference and then a visit with 37 former war correspondents, ready to leave for France for the 10th anniversary invasion ceremonies.

3 Injured As Car Hits Light Pole

Three youths, two of them SUI students, were injured Wednesday night when a car in which they were riding crashed into a light pole at the corner of Melrose and Riverview above the intersection of highway 218 south.

Police reported that Richard Palmer, 20, PI, Marshalltown, driver of the car, apparently lost control of the wheel before turning the corner and slid on the wet pavement into the pole.

The youths were taken to University hospitals where they were all reported in good condition late Wednesday night. Palmer suffered a bruised knee. Others injured were Jane Metzler, 18, Coral Trailer Park, who received a cut lip, and Dewey Geary, 17, El, Stanley, who suffered a broken ankle.

Five other passengers in the car were uninjured. There were two passengers in the front seat and six in the back seat, police said.

The light pole split about three feet from the ground, causing lights in residences for a several block radius to be off for over two hours. An emergency crew of six men from the Iowa-Illinois Gas and Electric company repaired the damaged wires and temporarily reinforced the pole, which will be taken down and replaced today.

The car could not be moved until repairs had fastened the pole so that there could be no danger of it falling. The front of the car was badly damaged.

No charges have been filed pending further investigation, police stated.

(See Picture Below)

McCarthy Refuses To Give Names Of 130 Alleged Reds

Kay Taylor Named Photo Queen Finalist

KAY TAYLOR, NI, TULSA, OKLA., center, was named one of three finalists Wednesday in the Iowa Press Photographers' Queen contest. The finalists will be judged and the queen announced Saturday during the annual Press Photographers' short course at SUI. Miss Taylor's photo was entered by Maurie Rosen, A4, Davenport, and the finalists were picked by the Patricia Vance School of Modeling, Chicago. Other finalists are Audrey Reggentin, Cedar Rapids, left, and Gail Zettler, Cedar Rapids. Members of the IPPA will vote by ballot on the candidates.

Exhibit Includes 221 News Photos

A display of 141 news photographs entered in the 10th annual competition of news photos conducted by the National Press Photographers and Encyclopedia Britannica is now on exhibit in the hallways of the Communications Center.

Also on exhibit is a collection of 80 news photographs taken over the past 15 years by Joseph Costa, chairman of the board of the National Press Photographers association, and editor of the National Press Photographer.

The pictures are on display in conjunction with the news photography short course which begins Friday.

Prof. Edward F. Mason, director of the short course stated that the public is welcomed to view the display any time until June 14.

The pictures from the news photo competition were on display at the Smithsonian Institute during August and September of last year, and are now on tour.

They include a wide variety of subjects including picture stories, portraits, sports, spot news and

feature shots.

The Costa photos include such shots as Franklin D. Roosevelt in his early years in the White House as well as pictures taken during Roosevelt's and Wilkie's campaign tours.

The competition photos include two by Don Ultang, an SUI graduate who is now assistant chief photographer for the Des Moines Register and Tribune. The two are entitled: “Blizzard at Midnight,” and “Marauding Missouri,” an air photo.

McCarthy retorted this wouldn't do any good. He made it plain that, as chairman of the regular senate investigations body, he would not be bound by Wednesday's vote.

The Wisconsin senator said he will provide any information the defense department wants if Secretary Wilson will send somebody after it. But he emphasized that the real way to tackle the matter is through public hearings by the subcommittee headed by him.

The FBI has all the information he has, and more too, he said, but is powerless to fire subversives from defense plants.

Cohn Names Cities
During the hot row, Cohn at the demand of Welch read off a list of cities in which the plants alleged to be infiltrated are located. They included Syracuse, Rome, Schenectady, Dunkirk and Buffalo, N.Y., and Quincy, Cambridge, New Bedford, Boston, Lynn, Fitchburg and Pittsfield, Mass.

Welch took off his velvet glove Wednesday and aimed a series of bare knuckle Sunday punches at the G. David Schine case and, in particular, at the 27-year-old Cohn, who at times had trouble curbing his admittedly hot temper.

With sharp-edged irony, and often with hammering insistence, he bombarded Cohn with questions.

Denies Schine at Root
Before the defense plant side-issue came up, Cohn denied that the G. David Schine case is at the root of the McCarthy camp's collision with the army. He said the trouble would have come up anyway because the army officials were determined to stop their loyalty-security board members from being subpoenaed by the McCarthy investigators.

And he predicted trouble will start again—maybe ending in a whole new investigation like the present one—when the subcommittee resumes its efforts to question those board members. Cohn said these efforts definitely will be made once the present inquiry ends.

Welch wound up his cross-examination in a plain effort to show McCarthy is serving his own purposes—and is not really concerned about getting quick action—in his frequent references to 130 Communists in vital defense plants.

Calls for Quick End
McCarthy has called repeatedly for a quick end to the present hearings so he can start a full investigation of the 130.

Welch, in beseeching tones, asked Cohn to take action “with extreme suddenness.”

“Will you not,” he asked Cohn, who was all but speechless under the elderly lawyer's torrent of words, “before the sun goes down give those names to the FBI so that the individuals may at least be put under surveillance?”

Cohn had an answer: He said it's not enough for the FBI to report the existence of subversives—the defense department can't force defense plants to fire suspected workers, and the plants themselves won't fire such employes until hearings

HEARINGS—
(Continued on Page 2)

Final Exams

Final exams continue today from 8 a.m. until 9 p.m.

Here is today's schedule:

8 a.m.: All sections commerce 6E-3, 6G-148; skills 10-11, 12; Spanish 35-4.

10:00 a.m.: Classes which meet first on Tuesday at 3:10; all sections ME 58-21.

1:00 p.m.: Classes which meet first on Tuesday at 11:30; all sections mechanics and hydraulics 59-43.

3:00 p.m.: Commerce 6G-117; all sections skills 10-21, 22, 31, 32; core 11-1; sociology 34-3; mechanics and hydraulics 59-49.

7:00 p.m.: Classes which meet first on Monday at 9:30.

Navy Demonstrates New Fighter Plane

MOFFETT FIELD, Calif. (AP)—An airplane took off vertically from the floor of a huge dirigible hangar and flew straight up Wednesday in the first public demonstration of a strange new aircraft fostered by the navy.

With a veteran test pilot at the controls and lying on his back, the powerful craft swayed and maneuvered in the canyon-like building for about 12 minutes.

This craft is the navy's Convair XFV1. This was its 19th flight. The others have been made privately.

Explosion in Sub Kills 2, Injures 4; Investigators Meet

PORTSMOUTH, N.H. (AP)—Overhaul of the submarine Sirago continued Wednesday despite a pre-dawn explosion in her main ballast tank which killed two civilian painters and seriously burned a sailor.

A board of inquiry convened Wednesday afternoon headed by Rear Adm. Charles B. Monson, commandant of 1st Naval district.

The civilians were spraying the interior of the vessel's main ballast tank with a plastic substance when the blast occurred.

Three other civilian workers were treated for minor eye injuries and were released.

The flash explosion was the second to strike a naval vessel in a week. A court of inquiry at Quonset Point, R. I., currently is conducting an investigation in the wake of an explosion and fire which claimed 101 lives on the carrier Bennington.

No Red Infiltration In CIA, Says Chief

WASHINGTON (AP)—Sen. Joseph McCarthy (R-Wis.) said Wednesday Communists have infiltrated the elite Central Intelligence agency. CIA Chief Allen W. Dulles promptly declared the charge is “false.”

The CIA is the nation's main counter-espionage unit and a clearing house for intelligence reports from all branches of the armed service and the FBI.

McCarthy also stated publicly that he had discussed with members of his senate investigations subcommittee “the question of Communist infiltration of atomic and hydrogen bomb plants.”

Not Fully Convinced
At a meeting with White House officials and others a year ago, McCarthy told reporters later, he was persuaded — “but not fully convinced” — that it would not be in the public interest to air the reports about the plants at a public hearing.

The atomic energy commission, which controls the operations of the plants, had no immediate comment.

White House Press Secretary James C. Hagerty said he would have no comment on McCarthy's statements.

McCarthy tossed his remarks into the records of Wednesday's McCarthy-army hearings.

Calls Reports Alarming
The senator said “Communist infiltration of the CIA . . . disturbs me beyond words.” He called the reports about the atomic and hydrogen bomb plants “alarming.”

Both situations, he said, are “much more serious” than his subcommittee's investigation of alleged subversives in the army's radar research center at Ft. Monmouth, N. J. The Ft. Monmouth inquiry has figured prominently in the army hearings.

The CIA director, a brother of Secretary of State John Foster Dulles, issued this statement:

Says Charge False
“McCarthy's charge that the CIA is penetrated by Communists is false.

“Last summer a McCarthy report charged that an alleged Communist in the government printing office had access to CIA classified material. That charge also was false. I wrote McCarthy on Oct. 22, 1953, to give me any information he might have on CIA personnel. Since that time I have not had a word from him on the subject.”

Asked for comment on the Dulles' statement, McCarthy told reporters “It will be extremely difficult, but not impossible, for us to go into the question of Communist infiltration of the CIA.”

Senate Must Decide
He said “It will be difficult because Dulles has ordered his people not to testify.” McCarthy added it would be up to the senate to decide whether the CIA is exempt from answering committee questions.

“We have received a lot of evidence which would seem to indicate Communist infiltration of the CIA,” McCarthy stated.

The senator told the public hearing that his subcommittee was about to launch an investigation of the super-secret CIA when the fuss with the army began.

Ike Says Undecided About Intervention In Indochina War

WASHINGTON (AP) — President Eisenhower said firmly Wednesday he has by no means decided whether to ask congress for authority to intervene in Red-threatened southeast Asia.

He disclosed at a news conference, however, that his top advisers occasionally have discussed the possibility of a White House resolution asking congress to permit such action.

Top diplomatic officials said this possibility was being seriously considered but a final decision must await pledges by Britain and other friendly governments to join the United States in a “united front” to save Indochina.

Eisenhower spoke out about the possibility of American intervention amid these other developments:

1. Military chiefs of staff from Britain, France, Australia, and New Zealand began arriving for high level military talks about the Indochina war with an American delegation headed by Adm. Robert Carney, chief of naval operations.

2. The United States began to pull out some 200 air force technicians flown to Indochina on an emergency basis nearly three months ago to help service French warplanes blasting advancing Red armies.

Eisenhower said the five-power Pentagon military conference today will discuss what could and should be done to support the foreign policies laid down by Secretary of State John Foster Dulles.

Diplomatic informants who reported the start of the evacuation of American air force technicians stressed that this should not be interpreted in any way as a sign the U.S. is less interested in the future of this critical southeast Asian region.

Car Carrying 8 Crashes Into Light Pole

POLICE OFFICER MARVIN ETHEREDGE investigates this car which plowed into a light pole Wednesday night as it was rounding the curve on Melrose ave. above the intersection of highway 218 south. Three persons were injured in the mishap, and five more riding in the car were unhurt. The crash caused light failure in homes for a radius of several blocks, and Iowa-Illinois servicemen were called out to make temporary repairs.

World News Briefs

A Condensation of Late Developments

Davenport Adopts Daylight Savings Time

DAVENPORT (AP) — The Davenport city council Wednesday night adopted daylight savings time for the city, effective at 2 a.m. Sunday. The council had voted two weeks ago to put the early time into effect here if the other Quad Cities would go along with it. It had been believed that daylight time was dead for this year in the Quad Cities after the Moline city council defeated a proposal to put it into effect there. There were no restrictions on the resolution passed by the council Wednesday night.

Young Gets 800,000 Votes in Railroad Battle

NEW YORK (AP) — Robert R. Young Wednesday won a key 800,000 votes in his battle for control of the New York Central railroad system. Election inspectors tallying proxies in Albany rejected a management challenge of the validity of the huge block of shares cast by supporters of Young. At Albany, a spokesman for Young cheered the decision, declaring that for “all practical purposes” the election was “over and done with.” But Central President William White promptly declared management will continue its legal fight to block the counting of the shares.

French Air Attacks Destroy Rebel Bases

HANOI, Indochina (AP) — Massive air attacks Wednesday destroyed an entire string of rebel bases only 12 miles from Hanoi used as springboards for slashing the vital rail-highway link with the seaport city of Haiphong. This was announced by the French high command, which said 30 fighters and 20 bombers blew up huge arms depots hidden by the Communist-led Vietminh in villages they occupied near the highway.

editorial Student Apathy—A Problem

A very real problem of students being apathetic toward their universities and colleges is currently facing many educational institutions throughout the country.

When SUI's dean of students, L. Dale Faunce recently returned from a six month study of California schools, he said, "California student personnel officials are as worried as we are about the student's lack of interest in his own affairs."

Faunce explained that, "Like SUI, other universities and colleges are searching for a new means to get a greater number of students interested in extracurricular activities."

This lack of interest in student functions is unfortunately very evident at SUI.

A review of student cooperation in this past semester illustrates the problem.

Only 1,200 students voted in the all-campus elections March 24. Nearly 7,500 were eligible.

Following the election of the current Student Council the new officers requested that students interested in working on council committees fill out questionnaires denoting their interests.

This approach failed to acquire more than 10 applicants so the council members very wisely visited each individual housing unit and finally gained the necessary number of applicants.

It is our contention that following the election of the Student Council, SUI students should have responded at once to their council's requests for personnel.

This is not a new problem for the Student Council.

At a February meeting of the council their secretary reported that "Student interest in the council was definitely lacking."

She explained that 300 questionnaires had been sent to students asking them to work on council committees. Only 11 were returned, she said. "Of the eleven, six were personal friends of mine whom I had contacted," the secretary explained.

In an April address to the SUI Young Republicans, Prof. Robert Ray, director of the institute of public affairs, discussed the problem of student apathy.

Ironically only nine of the youthful GOP attended the meeting.

There is no doubt that there has been some response to student activities, but considering the size of SUI's student body the response has been very light.

With the semester nearly complete students should be thinking about next year.

A major reason for the lack of student support, we believe, is that the students are not fully aware of the many activities available to them.

Student interest in their own affairs could be stimulated if they will take the time to investigate the possibilities of the many extracurricular activities offered them.

We hope that the students will think about it this summer and come fall they will look into these opportunities.

D.S.

Judge Orders Owner To Dispose of Refuse

Charles Alberhasky, 1030 E. Jefferson st., said Wednesday that if the weather clears up he will be able to clean the refuse, cans and bottles off his land by June 8.

Charges of illegal dumping and allowing refuse to accumulate were filed Tuesday against Alberhasky by Charles Schindler, city health inspector.

Later Tuesday Police Judge Emil G. Trott agreed to dismiss the charge if the area were cleaned up in seven days. Alberhasky pointed to the weather Wednesday afternoon and said it must stop raining before he can begin cleaning up the lot.

Charges against the 74-year-old tavern owner pertain to an area about 200 feet southeast of the intersection of Clapp st. and Holtz ave. The intersection is about seven blocks west of City high school.

"I can remember when the place was an old frog pond and a breeding place for mosquitos," said Alberhasky. "I've been filling it for years by letting people put old bricks, cinders, and broken concrete and the like in there," Alberhasky said.

"I've never let anyone put any foul matter that would be a health problem down there," Alberhasky continued. "I found a dead chicken in there once and I buried it."

Schindler said that a strip of ground on the south side of the land presented an unsightly view to a neighbor in a near-by house.

Schindler added that the area is much improved since he asked Alberhasky to clean it up last April, but that part of it is still littered with cans and bottles.

"It looks like I'm being persecuted," Alberhasky replied. He

said that cans are thrown in the area by other persons and that he is unable to watch the place all the time to keep them out.

"It's not my fault," Alberhasky declared. "I've done the best I could to keep people from dumping there."

Alberhasky estimated that it would take him approximately 15 hours to clean up the area.

Trott said that under the section of the code containing provisions for the charges filed against Alberhasky, it was immaterial how the refuse came to be on the land. It should not be allowed to remain there, he said.

Trott recessed the hearing Tuesday and made a personal inspection of the area accompanied by Alberhasky and Schindler. He then ruled that if the land was cleaned up in seven days he would dismiss the charges.

Japanese Pass Bill To Create Army, Navy

TOKYO (AP) — Two defense bills cleared the Diet Wednesday and leaders of the two main Conservative parties urged Japan to amend its no-war constitution and rearm.

The two measures permit Japan to convert its present land and sea "safety forces" into an army and a navy. They also would create an air force.

The two bills establish a defense board and provide the law for a "Self Defense Force." They go into effect July 1.

With U.S. military aid, Japan will increase ground forces from 111,000 to 140,000 men. The navy, which will lease some small warships from the United States, will go from 16,800 men up to 22,285.

Agriculture Secretary Visits Iowa Farm

THE PAUL BAKLEY FAMILY had as a visitor to their farm three and one-half miles west of Oden, Iowa, Wednesday, Secretary of Agriculture Ezra Taft Benson (second from right). He visited six central Iowa farms during the day. Shown chatting with Benson are Jolene, 13; Mrs. Bakley; David, 11; Bakley, and T. N. Nelson, Boone county extension agent.

Council Orders Study Of Local Zoning Laws

The Iowa City planning and zoning commission has been directed by the city council to undertake a thorough study of zoning laws as they now exist in Iowa City.

The decision for the study resulted from a public hearing Tuesday night on a proposal to alter the existing class B residential zoning statute to allow the construction of professional office buildings within such zones.

By ordering the study of all zoning, the council delayed any action on the matter of office buildings in class B zones.

Recommends Alteration
The planning and zoning commission had originally recommended to the council that the class B ordinance be altered to include professional office buildings.

SUI, represented by Atty. Arthur Leff, presented objection to allowing professional offices in class B areas.

Leff said the university is afraid that office buildings may be constructed in class B zones adjoining university buildings west of the Iowa river if the zoning law is changed.

Mentions Specific Site
He mentioned such specific sites as at River st. and Riverside drive, where it was recently proposed to construct a professional office building for physicians and dentists. That proposition touched off the current controversy regarding such buildings in class B areas.

Leff also said the university would object to office buildings in class B areas west of Veterans hospital and on Grand ave.

Has Followed Agreement
The university has lived up to an agreement made with the city 20 years ago, Leff said, which provided for the university to contain its development on the west side of the river, but retain what property it already had east of the river.

He added that the university

said that cans are thrown in the area by other persons and that he is unable to watch the place all the time to keep them out.

"It's not my fault," Alberhasky declared. "I've done the best I could to keep people from dumping there."

Alberhasky estimated that it would take him approximately 15 hours to clean up the area.

Trott said that under the section of the code containing provisions for the charges filed against Alberhasky, it was immaterial how the refuse came to be on the land. It should not be allowed to remain there, he said.

Trott recessed the hearing Tuesday and made a personal inspection of the area accompanied by Alberhasky and Schindler. He then ruled that if the land was cleaned up in seven days he would dismiss the charges.

Athletic Building Bidding Opened

Bids for the construction of an athletic office and classroom building at SUI will be accepted up to 1:30 p.m. June 22, according to George L. Horner, superintendent of planning and construction.

Sealed proposals for the construction to be financed from athletic department receipts will be opened in Old Capitol at 2 p.m., June 22. No state funds will be used, Horner says.

Plans and specifications for the two-story and basement structure to be erected near the Iowa field house may be obtained from the architect, Charles Altfillisch, of Decatur, Horner said.

TO ATTEND CONFERENCE

Frederick Sederholm, program assistant with WSUI, will attend the five-day national association of educational broadcasters in-school writers seminar to begin Monday at St. Louis, Mo. Radio writers from educational institutions throughout the U.S. are expected to attend the conference.

REDS MAKE CHARGES

MOSCOW (AP) — Red Star charged Wednesday that men of the U.S. military forces are being "turned into professional murderers and marauders, deprived of the most elemental moral and human principles."

Edward S. Rose Says

June is here — that means sun-shiny days and the out-of-doors and vacations. One needs creams and lotions — first-aid kits and numerous toilet items — drop into our Shop — let us serve you — and of course allow us to fill YOUR Prescription.

Council Delays Move On Daylight Saving Pending Discussion

No action on petitions and communications claiming 1,371 names favoring and 128 opposing daylight saving time in Iowa City has been taken by the City Council, but Mayor Leroy S. Mercer said Tuesday that the matter will be discussed by the council June 14.

The mayor added that if a special council meeting should be called before June 14, daylight saving time would be discussed at that time.

Robert Yetter, local merchant who had petitions blanks in his store for customers to sign, presented a petition signed by 929 people.

Yetter addressed the council in person Tuesday night. He pointed out that Cedar Rapids is adopting the plan for moving the clock ahead one hour this summer, and that many persons live in Iowa City and work in Cedar Rapids. Adoption of the plan for Iowa City would relieve a great deal of confusion, he said.

The petition submitted by Yetter stated that those signing it wished to see the plan adopted here beginning at 2 a.m. Sunday and continuing until Sept. 25, as it will in Cedar Rapids.

Two other petitions, one containing 22 names and one 145 names, were submitted favoring the plan. A petition with 47 names of persons opposing the plan was also submitted.

A letter claiming that 275 persons had expressed favor and 81 opposition to daylight saving time was also presented to the council by radio station KXIC.

Hearings—

(Continued from Page 1)

have been held and the workers have incriminated themselves or refused to testify.

'Double Talk' Results
Cohn said at one point experience has shown that not much besides "double talk" results when the defense department gets information on which it should act.

Sen. Stuart Symington (D-Mo.), a wealthy industrialist and secretary of the air force before he became a senator, declared it was "incredible" that Defense Secretary Wilson—former head of General Motors—wouldn't or couldn't get rid of known security risks in a hurry.

Symington made a formal motion that the names of the 130 be turned over to Wilson at once.

McCarthy Makes Proposal
McCarthy blocked that, though. He is chairman of the regular investigating subcommittee. He has the names. And he proposed instead that the regular group start hearings evenings and Saturdays while the special committee is holding sessions during the day.

McCarthy declared he was "not impressed with this great sudden show of interest in Communist infiltration." And he says it comes very oddly from the lips of those who only Tuesday were proposing jail for those who give him confidential information.

Symington and other Democrats have blasted McCarthy for accepting information classified as secret by the FBI or other agencies.

REDS MAKE CHARGES
MOSCOW (AP) — Red Star charged Wednesday that men of the U.S. military forces are being "turned into professional murderers and marauders, deprived of the most elemental moral and human principles."

Air Force To Give Commissions to 48 Commencement Day

Forty-eight air force ROTC cadets will receive commissions as second lieutenants in the air force reserve during special ceremonies at 8 a.m. on Commencement day, June 11.

Col. George A. Bosch, professor and head of air science at SUI, will administer the oath of office and present the commissions to the men. The ceremony will be held in the north gymnasium of the field house and is open to the public.

Following the ceremony, a close relative or friend will perform the traditional pinning of the gold second lieutenant's bars on the shoulders of each man commissioned.

Cadets who will receive commissions are: Larry Douglas, C4, Algona; Roger McLain, A4, Brooklyn; Robert Phillips, C4, Cedar Rapids; Richard Jordan, C4, Cedar Rapids; James Kelly, C4, Charles City; Richard Thomson, A4, Charles City; James McEleney, C4, Clinton; David Holleran, C4, Clinton.

James Agan, C4, Des Moines; Donald Challed, C4, Des Moines; Larry Phillips, C4, Des Moines; Don Fair, A4, Durant; John Tarr, C4, Ft. Dodge; Richard Graalman, C4, Ft. Dodge; Thomas Stanton, A4, Greene; Jacques Larson, A4, Harlan; Thomas Tilgner, C4, Hawarden; Paul Flannery, C4, Iowa City; Robert J. Fry, C4, Iowa City.

Phillip Leff, L1, Iowa City; William Wade, C4, Iowa City; Robert Ballantyne, A4, Iowa City; Elwin Bartholomew, C4, Iowa City; David Darrah, C4, Knoxville; Ryland Dreilbelis, A4, Martelle; Donald Gyorog, E4, Marysville; Donn Campbell, C4, Newton; George Rice, C4, Osceola; Harold Marquis, L1, Osceola; Billy Paschall, A4, Osceola.

Verdis Fiddelke, A4, Paulina; Alan Matthias, C4, Sac City; George Willen, C4, Sioux City; George Inman, G, Tama; Clark Benning, C4, Waterloo; Robert Walden, C4, Waterloo; Gleason McMichael, G, Waverly; William Youngman, C4, Winfield; William Nelson, C4, Palos Heights, Ill.; Martin Rich, C4, Rock Island, Ill.; Robert Besco, A4, Chicago; David Brady, C4, Rock Island, Ill.

Herbert Faintich, A4, University City, Mo.; Orlando Glassman, C4, Detroit, Mich.; Robert Heppenthal, A4, Canton, Ill.; James Taggart, A4, Peru, Neb.; Robert Gordon, E4, Moline, Ill.; and Charles Haworth, A4, Champaign, Ill.

100 ARRESTED
Dacca, Pakistan (AP) — The newly installed East Pakistan government said Wednesday it had arrested 100 more persons accused of being Communists and other subversives within the last 24 hours. This brought to 424 the arrests since Sunday when the central government at Karachi ousted the Communist-supported government of Chief Minister Abdul Kasem Fazlul Huq.

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in the Communications Center. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person.

CANDIDATES FOR DEGREES in June: Commencement announcements have arrived. Those who placed orders may pick them up at the Alumni house, 130 N. Madison st., across from the Iowa Memorial Union.

STUDENTS DESIRING TO make application for scholarship assistance should check with the office of student affairs for information and blanks. All applications must be received by June 4.

THE UNIVERSITY COOPERATIVE baby-sitting league book will be in charge of Mrs. S. Irley Palermo until June 8. Telephone her at 8-2612 if a sitter or information about joining the group is desired.

SIGMA DELTA CHI, MEN'S professional journalistic fraternity, will conduct initiation ceremonies Friday at 5 p.m. in the copyreading room in the Communications Center. All actives are required to be present.

APPLICATIONS MUST BE filed in the office of student affairs for university merit awards by June 4. This award is available to students who have maintained a 3.0 or higher average during the 1953-54 school year and who have made a significant contribution in worthwhile extra-curricular activities.

THE UNIVERSITY CONCERT band will present a Commencement concert Wednesday, June 9 on the west approach lawn to Old Capitol, at 7:30 p.m. No tickets are required for this.

ALL FIELD HOUSE LOCKERS must be checked in by June 12th. After the 12th locks will be removed and all contents destroyed.

Girl Scout Camp Registrations Due; 278 Requests In

Registrations for all Girl Scout summer camps must be in the Girl Scout office by Friday, Mrs. Hugh Carson, executive director of the Cardinal council, has announced. Registrations to date include 278 Girl Scouts.

June is camping month for the Scouts. Brownie and Intermediate day camps are scheduled and established camp will open June 22. A short trip camp and a three-day troop camp are also planned. Any Intermediate Girl Scout troop may camp at Camp Cardinal west of Iowa City.

Girl Scouts who earned pioneer badges within the last year are eligible to attend trip camp. The group is scheduled to spend June 14-16 at the Davenport Girl Scout camp.

Plan Day Camps

Day camps will be held at the Iowa City park. The final day of Intermediate day camp will be at Camp Cardinal on June 17. The last evening will be family campfire night. Families of the Girl Scouts are invited to attend the evening program.

Intermediate Scouts will meet at the park June 9, 11 and 16 to start the daytime camping program. Brownies will meet for day camp June 10, 11, 14, 15, 17 and 18. Day camp programs will include outdoor cooking, nature study, games, music and dramatics.

Established camp at Camp Cardinal will be open for five one-week sessions beginning June 22. Scouts will live in tents for the week. The Girl Scout lodge and craft house at Camp Cardinal will be used on rainy days.

To Direct Camp

Mrs. Carson will direct the camp. Mrs. Robert Snyder is chairman of the Cardinal council camp committee responsible for planning the Girl Scouts' camping program.

Committee members include Mrs. George Krohn; Mrs. Stephen Ware; Mrs. William Gray; Mrs. D. C. Kerr; Mrs. L. B. Housel; Mrs. R. D. Michener; Hugh Carson; Dale Slaymaker; Francis Wheeler; Dr. T. T. Bozek; Donald Seavy; Mrs. V. H. Barnum and Mrs. A. M. Keppeler; Kalonia; Mr. and Mrs. William Coffman, North English.

Metropolitan Star To Open '54-'55 Concert Course

George London, bass-baritone of the Metropolitan Opera association, will headline the 1954-1955 university concert course, Prof. C. B. Righter, manager of the course, announced Wednesday.

The world-renowned musician, whose services have been sought for 3 years by the local committee, will open the university series on Oct. 24.

Other attractions scheduled in the concert series will be the famous de Paur Infantry Chorus, Nov. 17, the duo-pianists, Vronsky and Babin, Feb. 9, and the Minneapolis symphony orchestra in two concerts, April 19.

Prof. Earl E. Harper, director of SUI's school of fine arts is chairman of the university concert course committee. Other members are Himie Voxman, C. B. Righter and Herald I. Stark, professors of music; Prof. Erich Funke, head of the German department; and Prof. Samuel M. Fahr, of the law school.

City Begins Census Of School Children

A biennial project, counting the number of Iowa City school children, began Tuesday and will be completed about June 18. Required by state law to be taken even numbered years, it is designed to provide information on future school enrollments.

Sterling Goplerud, who will be principal of the new Herbert Hoover school next fall, and Miss Margaret Schindhelm, Henry Sabin school principal, are in charge of the census. Teachers and parents are serving under them, helping to count Iowa City children and youths under 21.

Information obtained from the census will be necessary for the redistricting of school boundary lines east of the Iowa river. The redistricting is necessary because of the construction of two new elementary schools in that area.

Thompson To Present 15 Lectures In Idaho

C. Woody Thompson, director of the bureau of business and economic research, has been invited to give a series of 15 lectures on public utility regulation at the University of Idaho, June 21-July 17.

Co-author of the book "Public Utility Economics" and a former member of the national resources planning board, Thompson will be one of nine specialists from different parts of the nation scheduled to instruct a group of management men from western public utility companies.

Ex-Marine Wins Nomination

(AP Wirephoto) **JOE FOSS, ACE MARINE** pilot of World War II, and his wife smile easily as they check tabulated results in Tuesday's South Dakota primary. Foss, who won the GOP nomination for governor, polled more votes than his two opponents combined. Foss, a congressional medal of honor winner, meets Democrat nominee Ed C. Martin, Chamberlain, S.D. rancher, in the fall election.

Back To Speak At Central States Education Meet

Prof. Marcus Bach of the school of religion will address officials of 13 state departments of education in Des Moines Sunday evening, at the central states' education department conference.

Prof. John McAdam of the college of education will also attend the conference as a consultant for workshop sessions.

States participating in the conference on "tangible means of improving education" include Iowa, Illinois, Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin.

Vernon L. Nickell, Illinois superintendent, will give the keynote address Monday morning.

Prof. Guy Wagner, Iowa State Teachers college, Prof. Wayne Reed, assistant commissioner, U.S. office of education, C. C. Byerly, Illinois department of education and Stanley Hawley, Nebraska department of public instruction will be at the meeting as consultants for conference workshop sessions.

The conference will begin Sunday and close June 10.

Young GOP Takes Anti-McCarthy Stand

DES MOINES (P) — Iowa Republican headquarters said Wednesday the Iowa Young Republicans last March passed a resolution urging that Sen. Joseph McCarthy (R-Wis.) "be not asked to speak for the Republican party in Iowa."

Headquarters said also that Clarend Rogers of Davenport, Young Republican chairman, has endorsed the recent statement by GOP State Chairman Don Pierson supporting President Eisenhower and opposing McCarthy.

The position of the Young Republicans as stated in the resolutions had not previously been made public. The resolution said the Young Republicans also oppose "the inference that McCarthy is in any manner a spokesman for the true sentiment of the Republican party." It added: "The interests of our party would be infinitely better served by drawing the attention of the public to the sound principles of republicanism and away from the personal inclinations of the junior senator from Wisconsin."

Paving Hearing Set for June 18

June 18 has been set as a special date for public hearing by the city council on proposed paving of Dearborn st. between Jackson ave. and the Rock Island railroad tracks.

The hearing, to be held at 7 p.m., was set early so that if paving of the area is approved bids can be sought in July with bidding for a number of other Iowa City street paving projects.

City Engineer Fred E. Gartzke estimates the cost of the proposed Dearborn st. paving at \$6,115.70. The cost would be assessed against owners of property bordering on the area to be paved. The area is more than a block in length.

Library Hours Set for Interim

University library hours for the interim between the spring semester and summer school are as follows, according to Ralph E. Ellsworth, director of libraries:

Wednesday through Saturday, June 8-12, and Monday and Tuesday, June 14-15, 8:30 a.m. to 4:30 p.m.; Wednesday, June 16, 8:30 a.m. to 9:30 p.m.

The library will be closed Sunday, June 13.

Ellsworth said that interim hours will be posted on the door of each departmental library.

Hoover To Visit Iowa City School On 80th Birthday

Herbert Hoover, former president of the U.S., will dedicate two schools named after him and celebrate his 80th birthday during a visit to West Branch and Iowa City August 10.

Hoover will arrive in Iowa City to dedicate the new Herbert Hoover elementary school in the late afternoon after a state-wide celebration of his birthday in West Branch, his birthplace.

William B. Anderson, chairman of the committee arranging the observance of Hoover's 80th birthday, said that plans are being made for the attendance of 100,000 people at the West Branch celebration, which will center in the Hoover birthplace park. While at his birthplace Hoover will dedicate the new Herbert Hoover school at West Branch.

A concurrent resolution of the Iowa general assembly in 1953 invited the former president and native Iowan to help his state celebrate his 80th birthday. SUI President Virgil M. Hancher is on the executive committee for the observance.

Legislators from this area serving on the special legislative committee are State Sen. D. C. Nolan, Iowa City, and Rep. G. M. Ludwig, Tiffin.

City Record

BIRTHS

To Mr. and Mrs. Harold Williams, West Branch, a girl Tuesday at Mercy hospital.

To Mr. and Mrs. Dean G. Raudabush, 103 1/2 S. Clinton st., a boy Wednesday at Mercy hospital.

To Mr. and Mrs. Robert L. Soukup, Oxford, a boy Wednesday at Mercy hospital.

To Mr. and Mrs. Arie Kroeze, 502 N. Dodge st., a girl Wednesday at Mercy hospital.

To Mr. and Mrs. Don Gatens, 340 Ellis ave., a boy Wednesday at Mercy hospital.

POLICE COURT

Leonard D. Goodstein, 715 North Linn st., pleaded guilty to a charge of speeding and fined \$17.50.

Patrick E. Fountain, 1104 E. Burlington st., pleaded guilty to a charge of speeding in a restricted zone. Judge Emil G. Trott recommended that his drivers license be suspended for 30 days.

AEPi Sweetheart

PHYLLIS FISCHER, A2, Egin, Ill., has been crowned Alpha Epsilon Pi sweetheart. Her attendants were Shirley Lipkowitz, A1, Rock Island, and Eleanor Green, A2, Omaha, Neb. Miss Fischer and Mrs. Rose Deutsch, house-mother, were presented with the fraternity's national sweetheart pin.

COFFEE SERVER FOUND

The Alpha Chi Omega's have their copper coffee server safely back in their house, 828 E. Washington st., after it was found in the yard of the house Wednesday morning. The server was reported stolen Saturday night and apparently returned sometime Tuesday night, police said.

\$67,500 Damages Sought by Schwab

A \$67,500 damage suit was filed by Charles J. Schwab, 916 Second ave., in Johnson county district court Tuesday as the result of a traffic accident near North Liberty March 27.

Schwab brought the case against William A. Arildsen, Waterloo, charging that the mishap resulted from the negligence of the defendant.

According to the petition, the plaintiff has been hospitalized and under medical and nursing care since the accident when he suffered fractures of both legs, his right hip and right arm in addition to cuts, abrasions and lacerations on his body, face and head.

The petition indicates that the accident occurred about 3:30 p.m. approximately two miles north of North Liberty on Highway 218 and that Schwab was driving south and Arildsen was traveling north at the time. Damage to the Schwab car is listed at \$2,500.

Attorneys for the plaintiff are D. C. Nolan and William M. Tucker.

Paint Store To Hold Official Opening Friday

A new Sherwin-Williams paint and wallpaper store at 116 S. Dubuque st. will have an official opening Friday and Saturday.

The new store is to be managed by Clifford Rittenmeyer, who is now equipment manager in the SUI athletic department.

Anthony De Roma, 12 1/2 S. Dubuque st., formerly of the Iowa Geological Survey, is to be credit manager of the store.

The interior of the building has been remodeled and redecorated for the new business.

STAMP CLUB TO MEET

Members of the Iowa City stamp club will hold a stamp auction at their meeting tonight at 8 in the Community building.

Iowa Teams Won 42, Lost 35 This Year

The greatest total of dual meet victories ever scored over Big Ten opponents and the second-largest number of wins during the entire year are marks of Iowa athletic teams in 1953-54. Against conference opponents, Iowans won 42, lost 35 and tied 1 for .545. The over-all record was 70 victories, 49 defeats and 3 ties for .586. Largest previous number of conference wins was 39 in 1951-52 and the entire year's total for all opponents is 75, also in that year.

Eight of the eleven teams finished at least with an even break. The only unbeaten one was track, which had five dual meet wins. Basketball had a 17-5 mark; gymnastics, 9-3; tennis, 9-4; football, 5-3-1; fencing, 6-6; wrestling, 4-4; golf, 3-3-1; baseball, 10-15-1; swimming, 2-4; and cross country, 0-2.

Basketball contributed the most Big Ten wins, eleven, followed by five in baseball and gymnastics and four in track and wrestling.

In eight sports, Hawkeye teams finished in the first division of the conference standings. Best rankings were basketball and golf, each second; and tennis and wrestling, each fourth.

Others were gymnastics, fencing and outdoor track, fifth; football, tie for fifth; indoor track, sixth; baseball, seventh; and swimming eighth.

LaMotta Quits Ring For Good; Says He's Done with Excuses

MIAMI, Fla. (AP)—Former middleweight champion Jake LaMotta abandoned his comeback effort and quit the ring Wednesday because "I'm tired and I'm through making excuses to myself."

"It's time to quit and nobody knows it better than I do," he said.

LaMotta had been scheduled to meet Ernie Durando in a nationally televised fight here next Wednesday night. Billy Kilgore of Miami was signed to replace LaMotta.

In his last fight here April 14, LaMotta dropped a split decision to Kilgore.

LaMotta won the middleweight title in 1949 from Marcel Cerdan and lost it in 1951 to Sugar Ray Robinson. On Dec. 31, 1952, he was knocked down for the first time in his career by Danny Narciso, who scored a technical knockout over the "Bronx Bull" in Miami.

LaMotta retired after that fight, but later decided to try a comeback. He is 31.

No Hogan, Snead In Western Open

CINCINNATI (AP)—The top men of big time golf will get a chance here during the next four days to win a tournament without the threats of Ben Hogan and Sam Snead hanging over them.

A field of 131 is scheduled to tee off today at the Kenwood Country club in the \$15,000 Western Open. The 72-hole event will run through Sunday.

Snead and Hogan didn't enter but virtually all of the top pros will be on hand to try their luck over a 6,800-yard, par 71, layout.

Yanks 'Spring' Burglar For Baseball Tryout

McALESTER, Okla. (AP)—Prison gates opened on a bright new world Wednesday for a convicted Negro burglar whose behind-the-walls baseball feats landed him an early parole and a chance at the big leagues, thanks to the New York Yankees.

Billy Joe Moore, 24-year-old first baseman from Clinton, Okla., was on his way to Grand Forks, N. D., in the Northern league with a new suit of clothes—paid for by the Yankees—and a \$250-a-month contract in his pocket.

Moore's incredible change of fortune was engineered by New York scouts Joe McDermott and Tom Greenwald, who spotted centerfielder Mickey Mantle; the Oklahoma Parole and Pardon board; his prison coaches and Warden Jerome J. Waters Jr. The Yanks' front office said he was not signed with their farm system, although they did arrange for his Grand Forks assignment.

The 24-year-old, 6-foot-2, 220-pound slugger, committed to prison for burglary in 1948, was still blinking in amazement when he left for his shot at the big time.

His prison athletic record was so phenomenal in boxing, football and basketball as well as baseball, Yankee scouts promoted a tryout that ended here Tuesday.

Wes Santee Hopes To Improve Time

COMPTON, Calif. (AP)—Kansas' Wes Santee sent word Wednesday that he hopes to improve on his most recent red-hot time in the mile run—4:01.3 at Kansas City last Saturday—when he runs in the Compton Invitational Track and Field meet Friday night.

Santee, in a recorded long distance talk with meet officials, said:

"I was bothered slightly last week by a muscle strain in my left leg, but I am sure now it will be all right."

Main competition Friday night will come from Sweden's Ingvar Ericsson, who ran a 4:03.6 mile in 1952. Santee beat him in three races in Europe last summer.

Several experts have predicted Santee would threaten the 3:59.4 registered by England's Roger Bannister May 6.

ALL-STAR TICKETS READY CLEVELAND (AP)—Ticket sales for the major league All-Star game to be played here July 13 will go on sale Sunday, the Cleveland Indians announced Wednesday.

Board To Decide Substitution System For All-Star Game

CHICAGO (AP)—A board of arbitration will decide whether the 1954 All-Star Football game should be played under collegiate limited or professional "two platoon" substitution rules at Soldier Field the night of Friday, Aug. 13.

The game sends the Detroit Lions against the College All-Stars.

Arch Ward, sports editor of the sponsoring Chicago Tribune, Wednesday disclosed he had requested the three-man arbitration under terms of the game contract after a stalemate on the subject with Bert Bell, commissioner of the National Football league. Either party may request arbitrations of a dispute under the contract between the NFL and the Tribune.

The hassle developed early last month when coach Buddy Parker of the NFL champion Lions insisted the professional free substitution rule be used in the game.

Never Say Die, 33-1, Wins Epsom Derby

EPSOM, England (AP)—Never Say Die, a 33-1 longshot from Kentucky, scored a stunning upset victory Wednesday in the Epsom Derby to become the first American-bred colt to win England's great 3-year-old classic since 1881.

The magnificent chestnut owned by Robert Sterling Clark of New York and Upperville, Va., romped home a two-length winner. Clark is in New York and didn't see the race.

Washington Coasts To Victory; Boston, Baltimore Win

WASHINGTON (AP)—Washington shelled Steve Gromek for six runs in the first four innings and coasted to a 7-2 victory over Detroit Wednesday night behind the six-hit pitching of rookie Dean Stone. Pete Runnels pounded a three-run homer in the fourth inning.

Eddie Yost of the Senators played his 700th consecutive game, the longest streak of appearances since the late Lou Gehrig of the New York Yankees set his record. Yost has played steadily since July 5, 1949. Gehrig played in 2,130 consecutive games.

Stone, who posted his third triumph without a loss, didn't allow a hit until Al Kaline singled to open the fifth inning.

He was clipped for two runs in the seventh after Kaline and Bob Miller singled. Charles Kress ran for Kaline and the runners advanced on Red Wilson's grounder. Don Lutz singled them across.

Red Sox Triumph BOSTON (AP)—Fine clutch pitching by Frank Sullivan and reliever Ellis Kinder stemmed Chicago's late inning comeback bids Wednesday night as Boston defeated the White Sox 5-2.

When Chico Carrasquel led off Chicago's eighth with his sixth home run into the left field screen on a 0-1 pitch and Sullivan worked the count to 3-1 on Nellie Fox, Kinder came on to

save the rangy kid's second victory of the season.

Jackie Jensen's two-run triple was the feature blow of a four run first inning that got Boston underway but it took a lot of pitching and brilliant defensive play to hand Chicago its third loss in its last 12 games.

In that crucial eighth inning Kinder finished walking Fox but threw a third strike past the always-dangerous Minnie Minoso, got Ferris Fain on a fly ball to center and George Kell singled, forced Matt Batts to ground out to Ted Lepcio.

Carter, Ex-Champ, Knocks Out Riley

ST. LOUIS (AP)—Former lightweight champion Jimmy Carter of New York floored veteran Charley Riley of St. Louis twice in the second round of their scheduled 10-round bout Wednesday night, the last time for a knockout at 2:39.

Carter fired three jarring rights before landing a fourth on Charley's jaw which sent him sprawling for an eight-count.

Riley no sooner got to his feet than Carter planted a jolting left hook to the jaw. Riley toppled backward. The small crowd rose to its feet with the realization the fight was over.

Giants Rained Out ST. LOUIS (AP)—Rain washed out the New York Giants-St. Louis Cardinal game here Wednesday night at the end of one-half inning of play with the Giants leading, 3-0.

Cleveland Edges Yanks NEW YORK (AP)—Al Smith homered into the left field seats in the 10th inning Wednesday night for the winning run as the league leading Cleveland Indians overcame a seven run first inning deficit and whipped the New York Yankees 8-7.

Baltimore Wins PHILADELPHIA (AP)—Baltimore righthander Joe Coleman, traded by the Philadelphia Athletics last year, defeated his old club 9-1 Wednesday night with the help of a six-run eighth inning in which Clint Courtney poked a three-run homer.

The Orioles and A's were tied for the American League cellar spot going into the game. Philadelphia's loss "won" them sole possession of last place.

It was Coleman's fifth victory of the season and his second in a row over his former teammates. He blanked them 2-0 last time out.

Phillies Beat Redlegs CINCINNATI (AP)—Curt Simmons Wednesday night pitched the Philadelphia Phils to a 7-0 shutout over the Cincinnati Redlegs. Three unearned Phil runs in the sixth inning made it easy for Simmons to record his fifth triumph as against four defeats.

Brooklyn Leads MILWAUKEE (AP)—The Brooklyn Dodgers and Milwaukee Braves resumed play in the bottom half of the third inning Wednesday night after rain halted the contest one hour and 31 minutes with the Dodgers leading 2-1. No inning can start after 12:55 a.m. CST.

Major Scoreboard

AMERICAN LEAGUE				NATIONAL LEAGUE			
Team	W	L	Pct.	Team	W	L	Pct.
