SUI Dormitories Filled To Capacity For 1954-55

Anti-Red Bill Goes To President

WASHINGTON (AP) — Congress passed a bill Thursday outlawing the Communist party as "an instrumentality of a conspiracy to overthrow the government of the United States."

The senate approved the measure 79-0 after it was redrafted in a senate-house conference committee to remove a section, offered by Sen. Hubert H. Humphrey (D-Minn.), making membership in the Communist party itself a criminal act.

House approval came on a 265-2 vote a short time later, and the bill was then sent to the White House for President Eisenhower's signature.

Knowland Confident
Sen. William F. Knowland of California, GOP leader in the senate, expressed confidence that Eisenhower would sign it to strike a new blow at Reds in this country.

The legislation declares that the Communist party shall not be entitled to "any of the rights, privileges and immunities attendant upon legal bodies."

This means the party will be ostracized in the United States, stripped of all legal rights, including that of being listed on a voting ballot.

In deference to administration objections, the senate-house conferees eliminated a section making it illegal to be a member of the Communist party and establishing penalties up to five years in jail and a \$10,000 fine.

Brownell Opposed Section
Atty. Gen. Herbert Brownell and other law enforcement officials said this section would impede enforcement of the Internal Security act and serve to drive the Reds deeper underground.

In addition to outlawing the Communist party, the bill provides that any labor organization found by the government to be Red-infiltrated shall be stripped of all its rights and privileges under the National Labor Relations act.

That means, among other things, that it could not be certified as a collective bargaining agent for workers.

Members Face Penalties
While membership in the Communist party is not declared illegal, the bill declares that a person who is a member of a Communist-action group shall be subject to penalties set forth in the 1950 Internal Security act.

The 1950 law, sponsored by Sen. Pat McCarran (D-Nev.), provides that members of Communist-action groups shall be barred from defense plants, from employment by the federal government and from obtaining a passport.

Such groups are also required to register with the Justice department, subject to five years' imprisonment and a \$10,000 fine for failure to do so. An attempt to make the Communist party register under the McCarran act is now being fought out in the courts.

Will 'Reinforce' Act
Sen. John M. Butler (R-Md.), floor manager of the bill in the senate, said it "will not render ineffective any section of the Internal Security act but rather will reinforce that act."

Humphrey said the compromise bill did not go as far as he would like, but was still a good bill. In conjunction with existing acts, he said, it would "close all the doors" on the Communists.

"The Reds are not going to get out of this trap," he said. Sen. Estes Kefauver (D-Tenn.), in a lengthy speech, said the efforts of some Republicans to portray the Democrats as a party of traitors, leftwingers and Communists "had a very unfortunate effect on the two-party system."

Provide 'Emotional Excuse'
The Republican attacks, he said, provided "considerable emotional excuse for the legislation brought out by the Democrats in an effort to show they can be harder on the Communists than the Republicans."

Kefauver voted for the compromise bill, though with "great misgivings." Kefauver said the punitive sections applied not only to the Communist party but also to other groups and that he feared some future attorney general might decide to prosecute the Farmers union or even the Republican or Democratic parties.

County Safety Drive Could Benefit Both Driver, Pedestrian

Some Iowa Citizens will be in for a pleasant surprise today, Ralph Boldt, chairman of the Johnson county traffic safety committee said Thursday.

Although declining to make public any details of a traffic safety campaign which will begin in Iowa City today, Boldt indicated that the drive which will be conducted with the help of the police force, might pay off in dividends for both pedestrians and drivers. He said that "the element of surprise" will have much to do with the success of the campaign.

Boldt was recently appointed chairman of the committee by Gov. William S. Beardsley, who has authorized State Safety Commissioner Pearl W. McMurry to organize traffic safety action committees throughout the state.

McMurry said Thursday that committees have been set up in 81 of Iowa's 99 counties, according to the Associated Press. He added that the present number of county committees represents "the largest local safety organization Iowa has ever had."

The local safety committee was organized by the Chamber of Commerce. Members of the committee include Robert Lee, 319 E. Washington st., Gene Claussen, 308 Melrose st., Walter Donohue, 319 N. Dodge st., Judge Emil G. Trotter, 331 S. Summit st., Robert Roth, 804 S. Clinton st., and Lou Hagerdon, 214 E. Church st.

Ike Greeted by Thousands in Illinois

(AP Wirephoto)

PRESIDENT EISENHOWER STANDS IN NEW limousine waving to the crowd as he passes the entrance to the Illinois state fair Thursday. A crowd estimated at 100,000 greeted the President at Springfield before he flew to Evanston to speak before about 20,000 visitors and delegates at the World Council of Churches. Before the church group, Ike urged the peoples of the world to pray for peace.

Ike Plugs for GOP, Peace In Whirlwind Tour of Illinois

EVANSTON, Ill. (AP) — President Eisenhower, in a whirlwind visit to Illinois Thursday, plugged for a Republican victory in this fall's congressional elections and urged the peoples of the world to pray for peace.

The President's first stop was at Springfield, where his speech at the Illinois State fair's Republican day celebration, Thursday morning carried a distinctly political flavor.

Then he flew to Evanston in the afternoon to tell delegates and visitors at the World Council of Churches that "hundreds upon hundreds of millions" should pray "simultaneously and fervently for the devotion, wisdom and stamina to work unceasingly for a just and lasting peace."

20,000 Hear Talk
Eighteen to twenty thousand—as estimated by Cook County Sheriff John Babb—gathered on the Northwestern university campus in Evanston as the President delivered his second address of the day.

"The cause of peace needs God," he said, adding: "I believe that even if this goal seems for the moment far beyond our reach, there is nevertheless much that each of us, you and I, can do to help attain it."

In his earlier address at Springfield, Eisenhower flailed away at "economic prophets of doom" and "crooked fence economic policies."

Referred To Democrats
Though he mentioned no names, the President obviously referred to Democrats who have contended the administration has been leading the nation into depression.

The address before listeners estimated by the fairgrounds manager, Strother Jones, at 100,000 was the first in a planned cross-country drive in which Eisenhower will plead for the election of GOP candidates to both the house and the senate.

The President recalled a story about a farmer building a fence so crooked that every time a mole bored under it "he found himself on the same side of the fence that he started," adding:

Built 'Crooked Fence'
"Now, these economic prophets of doom have been building up a lot of fences of what they called economic statistics, but they have built the fence so crooked that every time they bore through them, they still find themselves on the side of pessimism and depression."

"It seems to me lately that they would like to forget the whole thing, and I think all of us are getting rather tired of crooked fence economic policies."

In a summary of foreign affairs developments during his administration, the President mentioned that the Korean war

had ended; that a settlement had been made in Indochina.

Says Outlook Brighter
He said the outlook is brighter in the Suez region, Iran and Guatemala and "we are moving with our allies" toward formation of a Southeast Asia Treaty organization.

He said the domestic scene was brightened by congressional approval of his farm program substituting flexible price supports for rigid supports, by reductions provided in the tax revision bill he signed last week and by a \$10 billion cut in federal spending.

Eisenhower flew to Springfield from Washington Thursday morning and, before his appearance at the fairgrounds, placed a wreath on the tomb of Abraham Lincoln.

Lunched With Meek
He also lunched, at the home of Gov. William G. Stratton, with Joseph T. Meek, Republican candidate for the senate seat now held by Democrat Paul Douglas.

The "prophet of doom" remark in the president's speech apparently was aimed primarily at Douglas, who, in an address at the same fair Wednesday, challenged Eisenhower's optimistic appraisal of the nation's economy and said farmers face "their worst adversity in years."

The President left for Washington in his special plane shortly after his Evanston speech.

Congress Hurries Legislation As Adjournment Approaches

WASHINGTON (AP) — Congress sped anti-Communist legislation and a \$5,243,575,795 foreign aid bill to President Eisenhower Thursday and all but cleared its decks of major controversies.

Leaders predicted congress would adjourn today.

The only big stumbling block remaining was a measure to expand and liberalize old age pensions under social security. Senate-house conferees planned to meet Friday morning to try anew to iron out differences.

The major issue on this bill is whether to bring 3,600,000 farm operators and 500,000 professional people into the system, as asked by the administration. The house voted largely to go along with the administration but the senate declined.

Passed Benefits Bill
The senate, working at night as it has done for some time, passed along to the White House a bill to raise retirement and unemployment benefits of railroad workers by an estimated \$82 million a year.

During the day, there had been some talk congress might wind up Thursday night. But the house recessed at 6:02 p.m. EDT (4:02 p.m. CST) when it became clear that the senate could not perform all its chores Thursday evening.

Through busy hours Thursday the house and senate had gotten a lot of things out of the way, including some of the major barriers to adjournment.

Adjournment In Doubt
However, even before the house gave up on any hope of quitting Thursday night, Sen. William F. Knowland (R-Calif.) said it was "overly optimistic" to figure on final adjournment be-

fore today.

What had threatened to be a big hurdle — how to write an anti-Communist bill acceptable to nearly everybody — was settled with comparative ease.

Nothing remained of the foreign aid controversy except for a senate vote on a compromise which sailed through the house 188-77.

Stress Military Aid
The bill would provide \$5,243,575,795 to bolster non-Communist nations, with emphasis on military rather than economic aid. The total includes \$2,781,499,816 in new money, the rest being leftover funds from previous years.

There were reports of progress, but nothing positive in the way of action on the third of the last three big items for this session.

This was the question of expanding social security coverage to farm operators and professional people.

Other Developments
Along with major legislative achievements Thursday, there were these other developments: The house completed congressional action on a bill to strip U.S. nationality from Americans convicted of advocating overthrow of the government by force.

The house dispatched to the White House a bill to put reserve officers in the military services on the same promotion basis as regulars.

Must Accept Changes Or No EDC—Mendes

BRUSSELS, Belgium (AP) — The wartime enemies, Germany and France, clashed Thursday over plans of France's Premier to change the European army pact to guard the peace.

Pierre Mendes-France of France was reported to have told the six-nation foreign ministers parley here their project as it stands for pooling their forces in a one-uniform European Defense Community was as good as dead in his country.

He was said by official German sources to have confronted the meeting with a choice between his plan for far-reaching amendments or no EDC at all.

Might Mean Crisis
And he was said to have warned that a turn-down of his plan might precipitate a crisis for the whole Atlantic alliance by propelling into office a French government sympathetic to Russia.

This German-reported outline of Mendes - France's statement was described later by a French delegation spokesman as "incomplete and inexact." But the French spokesman refused to give any details of the Premier's statement or elaborate on his comment that the German report was faulty.

At any rate, 78-year-old Chancellor Konrad Adenauer rejected the French proposals for turning EDC into a looser military coalition. He urged quick action to implement EDC and said pointedly that "further delays cannot be tolerated."

Urge Speeding EDC
The foreign ministers of Italy, Belgium, the Netherlands and Luxembourg, the other signers of the pact, all joined Adenauer in turning down the Mendes-France plan and in urging that the present EDC pact be speedily turned into a marching

reality. At the end of the day of hard exchanges, Belgian Foreign Minister Paul-Henri Spaak came up with a compromise plan. His idea:

Compromise Plan Told
1. The ministers would separate Mendes-France's proposals into two lists, one containing amendments which would require ratification anew by parliaments which already have approved the pact, and the other containing points which are regarded merely as interpreting the pact.

2. The ministers would then sign a declaration of intention to consider the amendments after EDC comes into force.

3. The ministers or their deputies would try to agree on the points of interpretation before the pact goes into effect.

Has Proposed Pledge
Spaak also was reported to have up his sleeve a proposed pledge by the ministers to make no move that would hold up implementation of EDC.

But on these three basic conditions the Dutch, Belgians, Luxembourgers and Germans appeared determined not to yield:

1. There must be no discrimination against the Germans in the treaty.

2. Any changes accepted must not require ratification by the parliaments of the four countries which already have approved EDC.

3. The European or supranational structure of EDC must be because it gives each member nation a veto right in major issues.

U.S. Charges DeGasperi, Former Italian Premier, 73, Dies of Heart Attack

WASHINGTON (AP) — The United States Thursday for the first time announced that 15 American airmen missing in the Korean war are known to be alive and charged that they are being held as "political prisoners" by the Chinese Communists.

The formal charge was coupled with a renewed demand that the Reds render an accounting for a total of 526 missing Americans, including the 15 airmen, and their return dead or alive.

Many months ago Communist propagandists referred to the capture of 12 members of the crew of a B-29 bomber, reported by the U.S. command to have been shot down in northwestern Korea but alleged by the Reds to have been brought down in Manchuria, north of the Yalu river.

Accepted Red Claims
Only Thursday the Defense department formally accepted the Chinese propaganda claims as fact. It cited statements made to that effect by the Chinese negotiators at the recent Geneva conference and supporting information obtained from Americans who were once prisoners of the Communists in the Far East but have since been exchanged.

The other three airmen alleged to be held as political prisoners were air force officers who were lost on missing single-seater aircraft.

Early this week the UN command representative at Panmunjon demanded an accounting from the Communists for all of the 526 Americans included among 2,840 allied soldiers who were believed to have fallen into enemy hands.

Many 'Presumed' Dead
Lacking any positive information about all but 15 of the 526 Americans, the United States military services have been forced to comply with laws which require a finding of "presumptive" death for most of them.

The fact that all but a score of the men who are on the unaccounted for list have been presumed dead does not mean they have been written off of the books of men who may still be alive.

So far the Communists have steadfastly refused to give any information about the great majority of these missing.

Among those held by the Chinese Reds is Capt. Harold Fischer Jr., double jet ace from Swea City, Iowa.

Alcide De Gasperi Dies of Heart Attack

SELLA VAL SUGANA, Italy (AP)—Villagers mourned side by side with national leaders Thursday at the death of former Premier Alcide De Gasperi, the anti-Communist battler who led Italy out of post-war chaos.

The gaunt body of the 73-year-old Christian Democrat leader lay in a simple wooden bed in the pine-surrounded chalet in his native Tyrolean hills where a heart attack struck him early Thursday.

City Housing For Students Running Low

With SUI enrollment expected to go over the 8,000 mark this coming school year, university officials announced Tuesday that they "are bending every effort to avert what promises to be an acute housing shortage."

All dormitory space has been filled for both men and women students, T. M. Rehder, director of the dormitory and dining service, said. Space is provided in the dormitory system for a combined total of 2,350 students, which includes 1,376 men students and 973 coeds. This figure is an increase of about 100 over the 1953-54 total due to the addition of extra houses and cottages.

University married student housing, with a capacity of 704 couples, has also been completely assigned, it was announced.

Dormitories Hold 4,100
A total of approximately 4,100 students can be placed in either dormitories, married student housing, fraternities or sororities. Capacity of the university's 19 fraternities is about 600 and 450 is capacity for the 13 sororities on campus.

James Jordan, director of university relations, pointed out that in the past university accommodations have usually been available for about half of the students on campus.

At present, housing in approved student rooming houses and private homes in Iowa City is very difficult to locate for women but still available for men students, university officials stated. Housing for married students in the city is still available, but diminishing rapidly.

Enrollment Follows Trend
The 1954-55 enrollment hike of at least 500 students over the last school year's enrollment follows the upward trend since 1952. SUI's peak enrollment year was in 1948 when 10,886 students registered. It dropped to 7,213 by 1952 and then climbed to 7,686 in 1953.

Jordan pointed out Thursday that there is no connection between admittance to the university and rooming accommodations. Students will not be denied admission to SUI because of rooming shortages, he said.

Rehder said that all temporary room space that can be created will be offered to girls whose names are on current waiting lists. Women's temporary accommodations will include main dormitory space which will become available as students drop out, several large residences in the vicinity of Currier hall, five converted barracks cottage buildings, and the ground floor recreation halls of both Currier hall and Eastlawn dormitories.

Men's Temporary Housing
Men's temporary accommodations will be, as in past years, in the ground floor of South Quadrangle dormitory.

"Our shortage of dormitory space is much more acute than it was last year," Rehder said. SUI President Virgil M. Hancher Thursday expressed the university's main concern as being that deserving students might "be denied the opportunity to study at the university because of the lack of a suitable place in which to live."

Trying To Prepare
He pointed out that the university has been trying to prepare for the influx of students and that university officials "have completed plans and have authorization to build one 600-woman dormitory and one 250-man dormitory."

"Construction, however, awaits the completion of financing arrangements both for these units and for those that we know we must build to meet future demands as enrollments increase," he said.

All dormitories are operated on a self-liquidating basis and are built with funds borrowed from private sources, Hancher explained.

Canvasses Conducted
In the office of student affairs, Dean L. Dale Faunce and his staff have been conducting canvasses of various parts of Iowa City in an effort to find more accommodations in approvable student rooming houses and private homes.

SUI DORMITORIES—

World News Briefs

A Condensation of Late Developments

Red China Accuses U.S. of 'Armed Provocation'

TAIPEI, Formosa (Friday) (AP)—Four U.S. 7th fleet destroyers visited the Tachen islands within 14 miles of the Red China coast Thursday. Thursday night Red China accused the United States of "armed provocation" with a show of air and naval strength. The locale of what the Reds called American "intrusion" was the Nationalist-held Tachen islands within sight of the China coast where U.S. Adm. Felix B. Stumo visited recently. The U.S. embassy here announced a stopover there by four destroyers as a routine visit.

2d, 25th Divisions First To Leave Korea

TOKYO (Friday) (AP) — The army announced today that the first two of four U.S. divisions to be withdrawn from Korea will be the 25th and 2nd infantry divisions. The 25th will be sent to Hawaii and the 2nd to the United States, the army said. The announcement said the move will come "in the immediate future." Gen. John E. Hull, U.S. Far East commander, said selection of the other divisions to be moved will be made soon.

Irish Nationalists Stage Demonstration for Hero

POMERY, Northern Ireland (AP) — Irish nationalists clashed with police Thursday night during a big demonstration for their anti-British hero who was coming home from jail. Bonfires blazed from the surrounding mountains to welcome home Liam Kelly, 32, a nationalist who has the distinction of holding seats in both the Northern Ireland and Irish Republic parliaments at the same time. He had just been released from a Belfast jail after serving a year for making seditious remarks about Britain's Queen Elizabeth II while he was running for office in the Northern Ireland government.

West Germany Headed For Booming Economy

By BRACK CURRY
BONN, Germany (AP) — West Germany's booming economy appears headed for further expansion.

After five years of spectacular economic upsweeps there is no talk of depression among the bustling Germans.

This nation of 49 million people is now the leading economic force on the European continent, and its economy is still on the climb.

Employment Growing
Foreign trade is expanding. Industrial production is rising. Employment is growing. West Germany's currency is one of the strongest in the world, and gold and dollar reserves are increasing.

German government, business and banking officials base their hopes for further expansion of the economy of such factors as these:

1. West Germany's foreign trade has not yet regained what the Germans call their full share in the world market.
2. More than two million houses and apartments must be built during the next four years to replace war-damaged dwellings.
3. Agricultural production can be expanded.
4. Germany's shipbuilding industry is lagging behind the capacity of the economy.
5. Air transport and possibly airplane production will soon be revived for the first time since the war.

Already the German economic boom is setting new records.

Total industrial production stands at 178 per cent of the 1936 level. This is 12.5 per cent higher than at the same time last year.

New business booked by manufacturers during the first six months this year was 20 per cent higher than for the comparable period in 1953.

In foreign trade, the record is equally impressive.

Has Trade Surplus
The nation had a billion-dollar-a-year trade deficit only five years ago. In 1953 it recorded a surplus.

Volume of exports rose 17 per cent last year to 18½ billion marks (\$4,403,000,000). Imports totaled 16 billion marks (\$3,808,000,000).

With this dynamic trade comeback, West Germany now ranks third as a trade power behind the United States and Britain. It has replaced Britain as Europe's leading exporter to Latin America.

Britain Runs Deficit
In the European Payments union which acts as a clearing house for settlement of West European foreign trade accounts,

West Germany is the biggest creditor while Britain runs a deficit. Germany's surplus in the EPU passed the one-billion-dollar mark in June.

During the first five months of this year West German industries sold \$2 billion worth of goods to foreign countries — 22 per cent more than a year ago. Imports also set a new record of \$1,699,000,000 but left a comfortable trade surplus.

The German government is moving swiftly to liberalize trade in a bid to stimulate both exports and imports. New tariff reductions will become effective Sept. 1.

Exports Increase
The association for the promotion of German-American trade predicts that West German sales in the U.S. this year will top the 1953 postwar period of \$300 million. German exports to the U.S. have increased five-fold since 1949.

Chief products sold in the U.S. are precision instruments, optical equipment, fertilizer, scrap metals, steel pipes and machine tools. The Germans buy American wheat, hard coal, tobacco and cotton.

One of the most significant indicators of West Germany's economic health is the gross national product — the sum of all goods and services produced by the people and machines. The gross national product increased in 1953 to \$31,892,000,000—up 6.1 per cent from 1952.

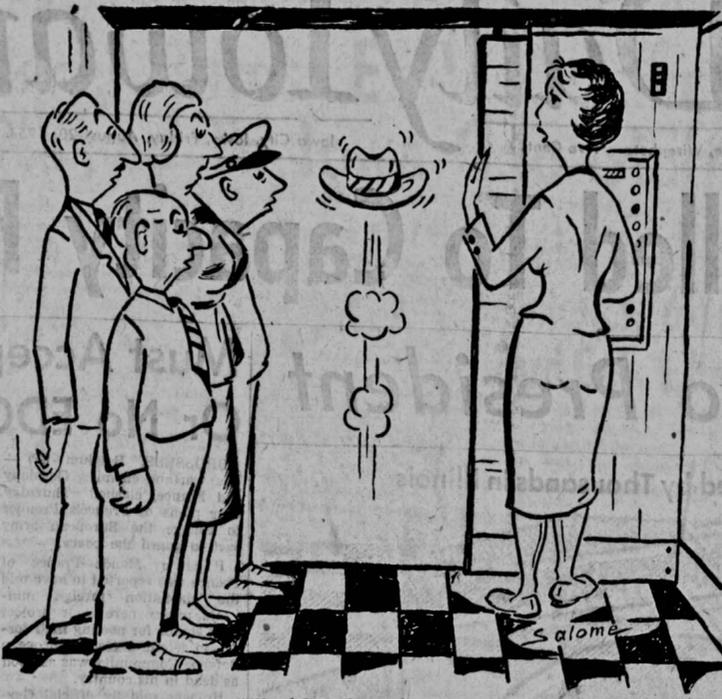

Employment Up
Employment has just passed the 16-million mark. One year ago, 15½ million Germans were employed compared with 14½ million in 1952 and 13½ million in 1949.

Of the German industries which have bounced back since the war, motor vehicles, chemicals, electric power, opticals, steel and machinery are in the vanguard.

The automobile industry turned out 490,000 vehicles in 1953 to put West Germany in third place in Europe behind Britain and France. Production this year has outdistanced France. The Germans hope to overtake Britain and become the world's biggest motor car producers outside the U.S.

West Germany has recaptured the leading position in the world market in precision instruments and optical equipment. It has become Europe's leading exporter of machine tools to the U.S.

And an amazing comeback has taken place in other industries, notably flat glass, nonferrous metal semifinished products, oil refining, ceramics, hollow glass, nonferrous light metal production, pulp and paper, and potash and salt mining.

Community Chest To Judge Merits of Charity Campaigns

The Community Chest will evaluate all city-wide fund raising campaigns, both Chest and non-Chest, this fall.

The local Community Chest board has appointed a 6-member campaign review committee to find the answers to such questions as these:

1. Will a proper share of the money stay in the community?
2. Will it be used for something the community really needs?
3. Is the amount reasonable?
4. Is some other group already doing some of the things this agency plans to do?
5. Are there other community needs which should be met first?
6. Does this agency use good business practices so that its overhead is not too high?

Board Has Six Members
The evaluating committee consists of five representatives who are not on the Chest board, plus one board member. They are:

Allen Dakin, SUI's administrative dean; Mrs. Jessie Gordon; Ray Bywater; Louis Loria, plant foreman of SUI's printing services; Prof. Richard Seaman of the school of social work at SUI; and Mrs. Ed Rate, serving from the Chest board.

All meetings of the committee will be open to the public and its findings will be reported to the community.

Starting Check
The committee is beginning now to check the requirements of the agencies that want to be included in the United Chest campaign to be held October 11-23.

Many other cities have adopted the practice of evaluating charity fund drives as a means of making certain that contributions are well spent. The local evaluating committee was suggested at the annual meeting of the 50 member groups of the Iowa City Community Chest in April.

Members of the local campaign review committee will have reports from the Community Chests and councils of America and from United Fund organizations in other cities. The committee

will, in addition to evaluating the programs of agencies included in the October 11-23 Red Feather drive, continue to study the needs of other agencies wishing to raise funds in Iowa City.

Judge on 12 Points
The committee is using a 12-point "yardstick" developed at Sioux City, where an evaluating committee has operated for nine years, in determining the effectiveness of agency programs.

1. Generally speaking, the project must be administered by a local responsible board or committee.

2. Fund-raising appeals conducted by churches, clubs, fraternal organizations, and trade groups, primarily benefiting their own membership, and confined exclusively to such membership, shall not require approval.

3. All financial transactions of the petitioning agency shall be subject to an annual audit.

4. Campaign costs shall not be in excess of 10 per cent of the amount sought.

5. Soliciting personnel must be recruited solely on a voluntary, non-remunerative basis.

Must Be Covered
6. All officers and administrative personnel of the petitioning agency shall be adequately covered by a fidelity bond.

7. Definite assurance must be given that aid or assistance can and will be transmitted for whom and for what the funds are to be raised.

8. In most instances, all appeals of national or international origin shall have the endorsement of the National Budget Committee of the Community

Chests and Councils of America, Inc.

Must Be Urgent
9. Definite evidence must be submitted that the project is not only worthy, but also presents a reasonably urgent need.

10. Definite assurance must be given that the project contemplated does not duplicate the work of any governmental or non-governmental agency.

11. Reasonable evidence must be given that the project is of such a nature that it cannot be handled through or merged with existing campaigns.

12. The amount proposed to be raised must be consistent with the type and volume of service contemplated.

TO FACE COURT MARTIAL
COL. SHERIDAN, Ill. (AP) — Lt. Col. Harry Fleming of Racine, Wis., Friday will face a general court martial on charges that he "wrongfully collaborated with the enemy and committed acts detrimental to fellow prisoners of war." 5th army headquarters announced Thursday.

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in the Communications Center. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person.

THE UNIVERSITY COOPERATIVE baby-sitting league book will be in the charge of Mrs. Beatrice Schultz from August 3 to August 17. Telephone her at 8-1719 if a sitter or information about joining the group is desired.

HOURS FOR THE INTERIM period of the main library are: Thursday, August 12 through Wednesday, September 22: Monday through Friday, 8:30 a.m. to 4 p.m. Saturday, 8:30 a.m. to 12 noon Sunday, closed. All libraries closed Monday, September 6, Labor Day. Departmental libraries will have their hours posted on the doors.

Proposed Gas Storage Explained by Geologist

DES MOINES (AP) — The chief geologist of a gas company proposing an underground gas storage reservoir in Iowa was questioned Thursday about a reservoir of the same type in Illinois which leaked.

Northern Natural Gas Co. of Omaha is seeking approval of the Iowa State Commerce commission on plans to store a 50-billion cubic foot bubble of gas under 9,600 acres of Dallas county near Redfield.

A. R. Erickson, the geologist, was cross-examined at length Thursday in the second day of a hearing before the commerce commission. The hearing will be continued Sept. 13.

Erickson was questioned by attorneys for 18 farmers and landowners who have filed objections to the project.

Heard of Trouble
Erickson said he had been told about trouble with property owners near an underground gas storage area at Herscher, Ill., about 50 miles southwest of Chicago.

There, as proposed near Redfield, gas was pumped down a well to a storage place underneath a dome-shaped natural rock formation.

The trouble at Herscher, Erickson testified, was an inadequate rock dome and the gas leaked up through it. The rock dome in the Redfield area is believed to be much better, he said.

The geologist testified that "we have much better cap-rock rock dome conditions at Redfield."

David B. Long, commerce commission chairman, said after the hearing session, he would

ask officials of the Illinois State Commerce commission about the Herscher storage area.

Asked About Dangers
E. V. Martinson, the gas company's project engineer at Redfield, was questioned about the chance of the underground reservoir blowing up.

Matthew Heartney Jr., Des Moines attorney representing objectors, asked, "What if this gas became ignited through accident or an atomic bomb or something like that?"

"It would be impossible," said Martinson. "There would be no explosive mixture above ground or in the reservoir."

The proposed Redfield storage area is some 2,000 feet beneath the surface.

The hearing was continued at the request of objectors' attorneys who said they needed more time to study the situation and file further written objections.

Government To Ask For New Indictment Against Lattimore

WASHINGTON (AP) — The government prosecutor of Owen Lattimore said Thursday he will seek another perjury indictment, submitting additional evidence in an effort to show Lattimore lied when he testified he never promoted Communist causes.

The courts have thrown out, as too vague, the key charge that the Far East specialist and one-time state department consultant lied when he swore he never was a sympathizer or promoter of communism. Five counts of perjury described as trivia by Lattimore's lawyers — are still pending.

U. S. Atty. Leo A. Rover, in announcing he would try for another indictment Sept. 13, said that whether he gets it or not he still will go to trial.

Rover said he hoped the trial would begin early next year. That would be three years since Lattimore gave the testimony that brought him into the courts.

For 12 uproarious days in 1952, Lattimore clashed with the senate internal security subcommittee. It was investigating the Institute of Pacific Relations and its "Pacific Affairs" publication when Lattimore edited.

The subcommittee said he had lied under oath and was "a conscious, articulate instrument of the Soviet conspiracy." Lattimore denied the charges, on and off the stand.

Interpreting the News

By J.M. ROBERTS JR.
Foreign Staff
Associated Press

There is a vast difference between Red Chinese talk about taking Formosa and the prospect for any immediate action.

The experts seem pretty well agreed that the Reds cannot stage an invasion as long as the United States fleet stands between the island and the mainland.

The importance of the talk, therefore, must be sought in the current political situation.

Chinese Made Statements
The Chinese leaders made their statements about intending to take Formosa on the eve of a visit to Peiping by former Premier Atlee, left-winger Aneurin Bevan and a group of other members of the minority British Labor party.

The Red statements made no reference to Hong Kong, the British crown colony which China, under the Nationalists as well as under the Communists, has always claimed must be returned.

As the picture shapes up, then, Peiping is primarily carrying on the campaign to split the United States and Britain. Chou wants Britain to work against the American intention to defend Formosa if necessary in the meantime, by omitting mention of Hong Kong, raising British hopes of coexistence and commercial cooperation with the Red regime.

Chinese Objective?
It would be very dangerous, however, to accept this as the ultimate Red Chinese objective. They do intend to take Formosa, and Hong Kong too, when the time is ripe.

Nor is it safe to accept the theory, which seems to be growing in the United States, that Peiping is too afraid of starting a big war.

They may be, but it should be remembered that when Red China warned in 1950 that she would not stand idly by while United Nations troops approached her frontier with Korea, she made the warning good.

Iowa Adventists Told Of Aid to Non-Members

NEVADA (AP) — Iowa Adventists gave more than \$100 thousand in aid to Iowans not of their own faith during the first six months of 1954, a speaker at the Seventh-day Adventist campmeeting here, said Thursday.

Butter Exhibit Prepared for Fair

(AP Wirephoto) — THIS SCENE OF A FARMER milking a cow while his wife operates an old-fashioned churn nearby, will be the traditional molded butter exhibit at the Iowa State fair this year. J. E. Wallace, of Deland, Fla., puts finishing touches to butter sculpture which took him and his wife three days to complete.

4 New Polio Cases Admitted to Hospital

The total number of polio patients admitted to University hospitals this year has been raised to 94 with the admission of four new cases since Monday.

None of the four is an Iowa City resident. Sherrill K. Miller, 11 of Route 3, first Iowa City polio patient to be admitted to University hospitals this year (on August 15) is still reported to be in serious condition.

An emergency March of Dimes fund campaign opened Monday with more than a million volunteer workers in the U. S. taking part in the drive. Regularly scheduled for January, the emergency dimes drive is being held now because funds have been used up to pay for the care of polio patients, vaccine tests and gamma globulin.

Only 59 polio cases were reported at University hospitals last year at this time, although in 1952 a total of 165 had been recorded.

Iowa Bank President, Vice-President Resign

DES MOINES (AP) — Raymond B. Mulder has resigned as president of the First Federal State bank of Des Moines and William F. Haakinson has resigned as vice-president and cashier.

Mulder and Haakinson have pleaded innocent to a federal indictment charging that they and others conspired to fraudulently use federal home improvement loans in connection with auto purchase financing.

PET TROUBLE

NEW ORLEANS (AP) — The neighborhood around the 500 block of First Street in New Orleans has pet trouble. It began, neighborhood historians say, 20 years ago when one man moved to another part of the city and left his pet alligator behind. Neighbors report the 'gator, grown to be 15 feet long, has been getting fat on neighborhood dogs and cats ever since they tore down a brick wall that enclosed the property.

Mother Has Twins, Expects Another Soon

MRS. BOYD BRAXTON, 28, Detroit, holds her twin girls, Betty Jean (left) and Barbara Joy, and expects to return to the hospital in a few days for the birth of a third child. Doctors say Mrs. Braxton has a double uterus which they termed unusual. They described pregnancy in both sides as "very unusual" and twins on one side as "extremely unusual." Dr. Thomas Y. Hum, who delivered the babies, said there was no positive indication of when the third baby will be born. Mrs. Braxton's husband is an auto worker. They have six other children.

Young 'Bachelor' Seals Best for Fur Coats

By CENTRAL PRESS

When the cold winds blow, seal skin furs will keep milder in luxury and warmth. These valuable pelts are now being gathered and processed far to the north on the Pribilof islands in the Bering sea.

Today one of these islands, where the United States government manages and protects the fabulous seal herd, natives are rounding up immature male "bachelor" seals. These young ones have coats of maximum value which bring handsome

financial returns to the United States.

After the animals are killed, under the direction of the Fish and Wildlife service, the skins are removed, washed, blubbered and given a thorough curing in salt for at least 10 days. They are then packed, 80 to 100 skins to the barrel, and are readied for shipment to Seattle, Wash., then on to St. Louis to a fur company there.

In St. Louis the pelts undergo a process involving more than 125 operations which result in

durable furs with a softness and pliability designed to catch the fancy of the most discriminating women. The skins are graded and all the excess grease and dirt removed. Dry heat is then applied which loosens the guard hair protecting the silky underfur.

The pelts are treated with oils until they compare in texture to the finest-type chamois glove. The dyeing process straightens out the curly hairs and gives the fur a lustrous glow.

Music Helps Ease Tensions According to Report

Don't hoot if one of your friends who is past 30 or 40 has started learning to play the piano or some other musical instrument. He's probably smarter than you think in realizing what the sense of mastery of that instrument will do for him.

Making music of your own brings a creative satisfaction which helps to release the daily tensions threatening to get you off the beam emotionally, according to authorities quoted in a doctoral dissertation completed this summer at SUI by Allen Myers, music teacher in the Iowa hospital-school for severely handicapped children.

Most of us need to re-discover this creative satisfaction in a

day when television, radio and record player provide passive recreation at the flick of a switch, Myers points out.

The hospital-school teacher summarized in his study the findings of authorities in special education concerning the therapeutic values of music in work with the handicapped. Pointing out that crippled children often are very healthy aside from their crippling conditions, Myers explains that they have the same needs for physical exercise and satisfying experiences as other people do.

Since their physical incapacity limits their everyday social experiences as well as their ability to get around, crippled chil-

dren need both the stimulation of succeeding at something they can do, and the feeling of "belonging" which they get from being in music and other groups. When handicapped children become part of a rhythm band or music listening group, they lose the sense of isolation and loneliness which frequently plagues them, Myers points out.

One study of 200 cerebral palsied adults which he mentions found that 75 per cent showed emotional maladjustment to such a degree that they could not be placed in jobs. Another concluded that emotional disturbances handicap the cerebral palsied person more than does his physical handicap.

Children who cannot be reached in any other way often respond to music, Myers said, sometimes becoming completely unconscious of their handicaps. Music not only expands their interests but also helps them learn to follow directions.

In addition to its value in promoting emotional adjustment for the handicapped, music has other important therapeutic effects, with both physical and occupational therapists finding it very helpful in their work, Myers reports.

Slow, rhythmic music may help the crippled child relax as he does physical exercises.

House Gets Tigers' 1st Run

(AP Wirephoto)

FRANK HOUSE, DETROIT TIGERS catcher, slides home safely with the club's first run in the Tigers' game Thursday with the Cleveland Indians at Cleveland. The run came in the fifth inning when he singled and then came home as Ned Garver bunted and third baseman Al Rosen threw wildly to first. Catcher Jim Hegan is fielding the ball. The Indians finally won, 4-3, with Bob Feller getting credit for his 11th win.

Indians, Tigers Split; Yanks Down A's, 8-5

CLEVELAND (AP) — Detroit's troublesome Tigers split a doubleheader with the league-leading Cleveland Indians Thursday, slugging 14 hits off three Cleveland pitchers in the second game to win 8-2 after losing the first game 4-3. The Detroit victory snapped the Tribe's winning streak at nine games.

Al Aber, a former member of the Tribe, nipped the streak with a six-hit victory marred only by a run-producing single by Sam Dente in the second inning and a home run by Vic Wertz in the fourth.

The Tigers' 14 hits were off Mike Garcia, Don Mossi and Bob Hooper, and included a three-run homer in the seventh inning by Bob Nieman, his seventh.

The Tigers chased Garcia in the fifth after taking the lead with three runs in the fourth. Bob Feller posted his 11th victory against two defeats in the opener with the help of Ray Narleski, who came in and struck out the side in the ninth. The Tigers made eight hits off Feller, including Ray Boone's 18th homer.

Circuit wallops by Dave Pope and Wertz accounted for three of the Indians' four runs off Ned Garver in the opener, Pope connecting with a man aboard in the second and Wertz with the sacks clear in the third. Dente drove in a run in the sixth.

First Game:
Detroit 000 011 010—3 8 1
Cleveland 021 001 00X—4 8 1

Second Game:
Detroit 000 310 301—8 14 0
Cleveland 010 100 000—2 6 1

Fisherman, Dancer To Race Saturday At Saratoga Track

SARATOGA SPRINGS, N.Y. (AP) — Ancient Saratoga race course may come up with one of the best horse races of the year Saturday — a duel between the great 4-year-old Native Dancer and Fisherman, one of the top 3-year-old colts of the season.

Owner C. V. Whitney said Tuesday Fisherman would skip the \$100,000 American derby at Chicago Saturday and stay here for the mile and one-quarter Whitney, richest stakes of the Saratoga meeting.

Fisherman has been assigned 121 pounds, three over scale for a 3-year-old, while the Dancer with 136 pounds is 10 above standard, being a 4-year-old.

Native Dancer, who suffered a foot bruise three months ago, won a seven-furlong race Monday, easily carry 137 pounds.

The Whitney, named for William Collins Whitney, the grandfather of Fisherman's owner, will be televised (CBS) nationally, 3-3:30 p.m. CST, and broadcast (ABC) 3:15-3:30 p.m. CST.

Bosox Drop Nats To 6th Place, 11-6

WASHINGTON (AP) — Ted Williams broke his long batting slump with a single and double Thursday as Boston defeated Washington 11-6. Williams, who had gone hitless 17 straight times, also walked four times as the Red Sox pounded four pitchers for 16 hits to supplant the Senators in sixth place.

Boston 302 004 020—11 16 0
Wash'lon 100 002 201—6 12 3

FELLER BOONE

S. D. Sets 23-Day Elk, Deer Season

PIERRE, S. D. (AP) — South Dakota will have a 23-day deer and elk season and up to 30 days of pheasant hunting in some counties this fall.

Deer and elk hunting runs from Nov. 6 to 28, inclusive, in most western areas open to shooting. Pheasant hunting opens Oct. 23.

New Hawkeye Grid Assistant

(AP Wirephoto)

THIS IS JERRY BURNS, successful high school coach from Detroit, Mich., who also held two college jobs, and who was named Wednesday to Iowa's football coaching staff as an assistant. Burns will work on special assignments, both with the varsity and freshman squads, and also will assist with the scouting.

Cardinals Edge Braves, 2-1, in 10 Innings Before Record Crowd in County Stadium

MILWAUKEE (AP) — Rookie Gordon Jones, a major leaguer for only two weeks, throttled the pennant-hungry Milwaukee Braves with eight hits Thursday and posted a 2-1 triumph for the St. Louis Cardinals on Solly Hemus' sacrifice fly behind Wally Moon's triple in the 10th inning.

The largest County stadium crowd in history, 48,057, saw the Braves ruin the youngster's shut-out bid on Johnny Logan's single which tied the score with two out in the ninth. But Dave Jolly, who had relieved Lew Burdette, was nicked for Moon's triple leading off the 10th and Hemus' long fly to left sent Moon home with the winning run.

St. Louis 010 000 000 1—2 10 0
Milw'kee 000 000 001 0—1 8 0

Giants Win, 5-0; Dodgers Subdue Pirates, 7-5

NEW YORK (AP) — Dave Williams' leadoff home run was all Ruben Gomez needed Thursday as he shut out the Philadelphia Phillies with seven hits while the New York Giants were running up a winning streak of three straight with a 5-0 victory.

Ray Katt and Bobby Hofman also homered as the Giants swept the three-game series to protect their two-game edge over the Brooklyn Dodgers.

Gomez began shakily, yielding five hits in the first three innings, but the Phils proved inept with men on the bases, leaving nine stranded—seven in the first five innings. Richie Ashburn, who rapped three singles, was picked off base twice.

The Giants weren't exactly terrors in the clutch, either. They rapped starter Murray Dickson for six hits and drew three walks in the first four innings, but scored only twice, on Williams' leadoff homer and on Hofman's sacrifice fly in the third.

Philadelphia 000 000 000—0 7 2
New York 101 001 02X—5 11 1

Redlegs Rap Cubs Twice, Tie for 4th

CHICAGO (AP) — The Cincinnati Redlegs moved into a fourth place tie with Philadelphia by sweeping a doubleheader 7-0 and 6-3 from the Chicago Cubs Thursday.

Karl Drews, pitching the distance for the first time this season, limited the Cubs to six scattered singles in the opener and Art Fowler got his 10th win in the nightcap by taming the bruins a fourth straight time on nine hits.

Cincinnati was in a slugging mood, getting 13 hits in the opener and 11 more in the second. Ted Kluszewski used his 36th homer to give Fowler a 2-0 edge in the first inning of the nightcap.

Although Gus Bell and Jimmy Greengrass got three hits apiece in the opener, third baseman Bobby Adams proved to be the hitting hero of the day with five hits in nine trips, two of them second game triples.

First Game:
Cincinnati 200 021 200—7 13 0
Chicago 000 000 000—0 6 0

Second Game:
Cincinnati 220 000 300—6 11 0
Chicago 200 001 000—3 9 0

Rule Shoots 74 In Jaycee Meet

ALBUQUERQUE (AP) — Jack Rule, Waterloo, Ia., carded a 74 Thursday to go with his opening round 75 to latch on to third place at the half-way point in the annual International Jaycee Junior golf tournament.

Allen Geiberger, Santa Barbara, Calif., who wears No. 13, went around the 7,250-yard New Mexico university course in 37-35-par 72. With his opening round 73, he had 145 — good enough for first place.

Fellow Californian Phil Rodgers of San Diego fell to 78 Thursday to go with a previous 70 for second place.

White Sox Snub Oriole Rally, Stay in Race with 4-3 Win

BALTIMORE (AP) — The Chicago White Sox edged the Baltimore Orioles 4-3 Thursday when an Oriole rally in the rain-interrupted ninth inning sputtered to an end with Clint Courtney's strikeout.

A thunderstorm stopped the game for 67 minutes after the Orioles had put runners on first and second, with two out. Courtney's strikeout, after play resumed, was only his third this year.

Nellie Fox, with three singles and a double, had a perfect day at bat as he led the nine-hit Chicago attack. Fox's fourth hit drove in the winning run.

The third-place Sox, battling to stay in the pennant race, pushed across two runs on four singles in the first inning, and came from behind for two more tallies in the eighth.

All the Baltimore runs were scored in the fifth.

Chicago 200 000 020—4 9 1
Baltimore 000 030 000—3 8 1

Coaching School Ends With Lecture by Evy

AMES (AP) — The 14th annual IHSAA coaching school ended here Thursday with final lectures by Forest Evashevski, SU1 football coach, Vince DiFrancesca, Iowa State college football coach, and Bill Strannigan, Iowa State basketball coach.

More than 400 high school coaches and officials attended the school.

WHITNEY MARTIN'S
Sports Trail

NEW YORK (AP) — If Bobo Olson starts as slowly as he usually does and Rocky Castellani reverts to his old stab-and-grab tactics the fans will be chanting "bring on the cows" at the San Francisco Cow palace tonight.

We have an idea, though, that this middleweight championship fight will turn out to be a pretty lively affair as long as it lasts, which we believe will be until Olson wears his frisky rival down to a nubbin and knocks him out.

Olson, not a particularly colorful performer, although tough and capable, will be appearing in a title defense in his adopted city, and naturally wants to make a favorable impression. Castellani, we are told, is a new, more aggressive battler, with plenty of bounce.

He always had plenty of bounce, but in his earlier fights it too often was off the floor. It was practically routine for him to get knocked down in an early round, but he nearly always got up.

A nice-looking, gentlemanly fellow is the lad from Luzerne, Pa., who now calls Cleveland his home. He's fast and shifty, but his chief drawback from the standpoint of being an entertaining fighter has been, as mentioned, a tendency to jab at his opponent and then fall into an affectionate embrace.

It is doubtful if he would have much luck if he did try to cling to Olson, as the champion is a tough man to tie up for 15 rounds.

A busy fellow in there, is Olson. Not spectacular, not a tremendous puncher. But everlastingly pumping his arms, delivering short, punishing jolts that wear his opponent down and so weaken him he is vulnerable to a knockout.

U.S. Golfers Enter Canadian Semifinals

LONDON, Ont. (AP) — Only a parttime salmon fisherman, who took up the game of golf on a bet, kept the United States from making a clean sweep into the semifinals of the 50th Canadian Amateur golf championship Thursday.

Three players from the U.S. shot their way through two rounds of eliminations at the London Hunt and Country club and qualified for today's 36-hole semifinals.

The U.S. team is composed of Bill Campbell of Huntington, W. Va., Harvie Ward of San Francisco and a former Pennsylvania state amateur champion, Harry Haverstick of Lancaster, Pa.

The 21-year-old Canadian, Lyle Crawford, a 140-pounder who catches salmon when not chasing birdies, prevented an American sweep by winning his two matches over the rolling, par 70, 6,480-yard layout.

'Little Mo' Files Suit for Damages

SAN DIEGO, Calif. (AP) — A suit asking \$165,000 damages for injuries received by tennis queen Maureen Connolly, 19, in a horse-truck accident July 20 was filed in superior court here Thursday.

The suit said Miss Connolly received a brain concussion, internal injuries and a leg fracture.

It added that the concrete truck bumped into her horse, causing it to throw her.

PITTSBURGH (AP) — Gil Hodges' 32d home run and Walt Morry's triple with the bases loaded featured an 11-hit attack that gave the Brooklyn Dodgers a 7-5 victory over Pittsburgh Thursday despite three Pirate homers.

The Dodgers still remain two games behind the first-place New York Giants who beat the Philadelphia Phillies 5-0 Thursday.

Brooklyn got two runs in the second inning on Hodges' homer and Roy Campanella's single which drove in Jackie Robinson. The Dodgers added five runs in the third frame, highlighted by Morry's triple which brought in three runs.

The Pirates gained their five runs in the sixth, seventh and ninth frames.

Brooklyn 025 000 000—7 11 0
Pittsburgh 000 001 301—5 14 0

Milwaukee at Chicago — Conley (12-5) vs. Rauh (7-11)
Cincinnati at St. Louis (night game) — Nuxhall (6-3) vs. Beard (6-2)

Olson, Castellani Settle Row Over Weigh-In; Fight Tonight

Carl (Bobo) Olson Fights Castellani Tonight

Medalist Beaten In Caddie Meet

COLUMBUS, Ohio (AP) — Rino Della Flora, a 17-year-old Columbus youth, fashioned the big upset of the ninth annual National Caddie tournament Thursday as he trounced Dick Huff, Chicago medalist, 4 and 3 in the quarterfinals.

Della Flora was five up at the turn over the Persian-born war orphan and took it easy down the stretch.

In other matches Dick Burgoon of Harrisburg, Pa., triumphed 2 and 1 over Dave Daniels of Columbus; Eugene Borek of Yankers, N.Y., won 1 up over Walter Thomas of Kansas City and Gene Card of Columbus, came back to eliminate John Chimenti of Harrisburg, Pa., 1 up in 19 holes.

All four semifinalists are 17-year-olds, and they'll be battling for college scholarships ranging from \$1,500 down to \$500 the next two days.

SAN FRANCISCO (AP) — An angry row over the weigh-in time was settled late Thursday and the Olson-Castellani middleweight title fight will be held tonight as scheduled.

The bitter argument — possibly involving champion Carl (Bobo) Olson's weight — ended when Rocky Castellani's manager gave in.

"Let them weigh in at 10 a.m. tomorrow, for the good of the

fight game," said Al Naiman, Castellani's manager.

Naiman had held out for a weigh-in at 11 a.m. PDT, (8 a.m. CST), while Sid Flaherty, Olson's manager, wanted 10 a.m.

Fight followers said the earlier weigh-in would give Olson a chance to gain back some weight, if necessary, before fight time.

The fighters should weigh 160 pounds — or under — at 10 a.m. Friday.

The nationally televised 15-round fight is scheduled to start at the Cow palace shortly after 7 p.m. PDT.

The odds are 4-1 the champ will retain his crown.

The pattern the battle will follow appears pretty well established. Olson, 26, drives in all the time. He is a devastating body puncher.

Castellani, 27, a native of Luzerne, Pa., but now living in Cleveland, has a darting left jab. He moves in and out from side to side, with exceptional speed.

DES MOINES (AP) — The 704 member schools of the Iowa Girls High School athletic union were urged Thursday to seek "some regulation and public auditing" of the union's affairs.

The comment was made by Jessie Parker, superintendent of the Iowa Department of Public Instruction, who added:

"It always has been interpreted that the girls union, and other similar voluntary organizations, are outside the jurisdiction of the Public Instruction department."

Meanwhile, an investigation begun Thursday by Polk County Attorney Clyde E. Herring resulted in "full cooperation" by union officials, Herring reported.
