Senate To Convene Again After Election

Watkins Committee Report on McCarthy To Be Considered

WASHINGTON (AP)—The senate will come back to Washington Nov. 8 to consider, in the comparative quiet of an after-election session, whether to censure Sen. Joseph McCarthy (R-Wis.).

The date, which is six days after the Nov. 2 election, was announced by Sen. William F. Knowland, (R-Calif.) at his home in Oakland. The senate's majority leader disclosed it after conferring with Sen. Lyndon Johnson of Texas, the senate Democratic leader.

Vice-President Richard M. Nixon endorsed the choice of a post-election date.

There had been some agitation to hold the special session earlier, but a number of senators protested that it would interfere with political campaigns if candidates for reelection had to drop everything and return to Washington before Nov. 2. Some were not eager to go on record on the McCarthy issue before balloting day.

Report Completed

Meanwhile, the special committee which held public hearings on the censure charges announced completion of its report and said it will be made public Monday.

Chairman Arthur V. Watkins (R-Utah) said it had been approved unanimously by the six-member committee.

Earlier in the day Johnson said at Austin, Tex., that he had conferred with a large number of Democratic senators and "we are ready to meet the issue as soon as the report is submitted."

To Telegraph Clearance

J. Mark Trice, secretary of the senate, said Knowland had telephoned him and told him that Johnson would telegraph the Democratic clearance for the Nov. 8 date.

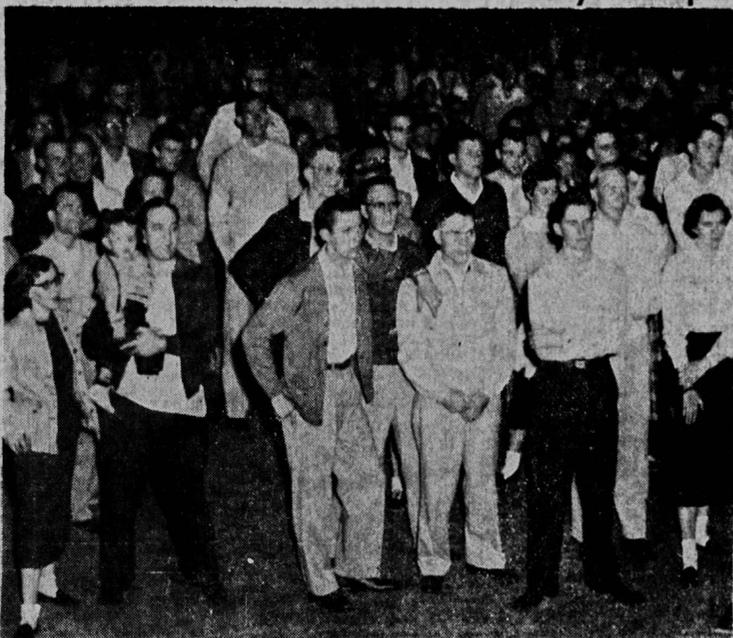

Watkins said the committee report will be one that could serve as the basis for a definite showdown vote by the senate, but he refused in advance to say whether it contained recommendations for censure or non-censure.

Covers Charges

The report covers, among other things, nine days of public hearings on five groups of charges filed by Sens. Ralph E. Flanders (R-Vt.), J. W. Fulbright (D-Ark.) and Wayne Morse (Ind-Ore.).

These charges allege that McCarthy (1) was contemptuous of the senate, (2) abused Brig. Gen. Ralph W. Zwicker, (3) cast slurs at fellow senators, (4) illegally received and used a secret FBI document, and (5) "incited" government employees to give him more secret documents.

3,000 Students Cheer Hawkeyes at Pep Rally

APPROXIMATELY 3,000 STUDENTS GATHERED on the west approach of Old Capitol Friday night to cheer the Iowa Hawkeyes before their season's opener with Michigan State this afternoon. The crowd, partly shown above, listens attentively as George

(Binky) Broeder, captain of the football team, speaks to it. The entire football squad was called to the terrace steps and received a large ovation from the students. Prof. Frederick Ebbs led the university band in a new football song "Roll Along, Iowa."

Russia Votes For Peaceful Use of Atom

UNITED NATIONS, N.Y.

(AP)—With Russia insisting on recording a unanimous vote, the UN steering committee recommended Friday full general assembly consideration of the new United States proposals for peaceful uses of atomic energy.

With obvious heat Soviet First Deputy Foreign Minister Andrei Y. Vishinsky told the 15-member committee that Moscow has not

rejected the proposals originally laid down by President Eisenhower last Dec. 8 contrary to a statement of Secretary of State John Foster Dulles that it had.

He read from a Soviet note dated Sept. 22 stating the Russians are ready to continue conversations. Vishinsky also said the Soviet Union favored sending the American item to the assembly. When the assembly president, Elcoo N. Van Kieffens, of the Netherlands, said there was no opposition to that move, Vishinsky demanded that the record show a unanimous vote to present future misunderstandings.

The first debate will be held later this fall in the assembly's political committee. Diplomats familiar with Russian policy moves speculated that the Russians eventually might try to bring the American proposals within the scope of the United Nations. This would permit them a voice in the operations of such a plan.

Some diplomats also professed to believe that the Russians eventually will find a way to join the scheme, especially since they have learned the U.S. and some of its friends are going ahead with developing the plan regardless of what the Soviet Union does.

Vishinsky said he would state the Soviet position later.

Two early bird gunmen waited out the time mechanism of a bank vault Friday, then stole \$100,000.

2 Gunmen Wait Out Bank's Time Lock, Steal \$100,000

MOUNT VERNON, N. Y. (AP)—

It took them nearly 30 minutes — with the enforced help of arriving employees — to open the double-combination vault. But they engineered the morning robbery of the Fulton Avenue drive-in branch of the County Trust Co. with extreme calmness. One of them even left the bank in the midst of the robbery to get twine to bind employees.

The bandits described themselves as "wanted men."

The pair threatened employees with a gun, tied up manager Edmund Tichenor and three of his tellers, but did not actually harm anyone.

The two bandits were waiting when Tichenor arrived at the rear door of the bank at 7:30 a.m. — half an hour before opening time.

Tichenor knew only one of the dual combinations to the cash vault. Mrs. Jean Beebe, a teller, walked in about 10 minutes later and the robbers forced her to release her combination on the vault. About 15 minutes later the mechanism automatically went into action and swung the vault open.

Police Detective Thomas Rezza, left, checks for fingerprints in an attempt to solve Friday's \$100,000 bank robbery in Mt. Vernon. Mrs. Jean Beebe, right, teller at the bank, is questioned by police in connection with the robbery.

Three special trains will arrive in Iowa City today bringing spectators to the Iowa-Michigan State football game, railroad officials have announced.

Scheduled to arrive at 9 a.m. Saturday is a student special from East Lansing carrying the Michigan State marching band. The train will depart on the return trip at 6 p.m. from the stadium siding.

A special from Des Moines is due at the stadium at 1 p.m. and one from the Quad-Cities arrives at 1:35 p.m. Each will leave as soon as it is loaded after the game.

German police said the camera had been found near one of the victims, a French engineer, who took pictures of a fire-fighting demonstration that preceded the blast. Police said the engineer, M. Jarty, was taking pictures a few seconds before the explosion.

Both German and French authorities appeared satisfied the blast was set off accidentally and was not the result of sabotage.

Smith, a 171-pound junior from Gary, Ind., has worked into the first team left halfback spot, overcoming the handicap of missing spring drill when he was a champion broad jumper on the track team.

Terry Shuck, a 200-pound junior from Des Moines, will be the only non-veteran in the starting lineup this afternoon. Shuck took over for veteran Cameron Cummins at right tackle after Cummins injured his knee. Cummins is expected to see some action this afternoon.

Otherwise, it's an all-veteran line that will be facing the Spartans today. Led by all-American Calvin Jones, the starting line averages 211. Only man under 200 is left end Frank Gilliam who hits 178.

Jim Freeman, the largest man on the squad at 234, will be manning the right end post. Freeman handles the kickoff and most of the extra point chores for the Hawkeyes. Last year, he racked up eight PAT's in 12 tries.

Gilliam, at left end, is Iowa's top pass receiver. He counted for 12 passes last year good enough for 71 yards and two touchdowns.

Rodger Swedberg will be Shuck's running mate at the remaining tackle position. Swedberg is a 217-pound junior from Sycamore, Ill.

With Jones, a 223-pound junior from Steubenville, O., at

Because thousands of autos are expected to converge on Iowa City for today's football game, Iowa City police have asked SUU students and other local persons to park their cars at home and walk to the game. See story page two.

Also, the halfbacks — Earl Smith and Eddie Vincent — have shown more speed and polish. At right halfback, Vincent of Steubenville, O., was a fine player as a sophomore in 1953 and usually somewhat underrated. He has speed, tremendous desire to accomplish things and is elusive and alert, close to a 173-pound counterpart of Michigan State's great 163-pound Leroy Bolden.

Vincent last year had a 6.3 average on 59 carries and caught five passes. He was second to Capt. Binky Broeder in yards gained and his defensive value meant a lot to the team's performance.

Missed Spring Drills

Smith, a 171-pound junior from Gary, Ind., has worked into the first team left halfback spot, overcoming the handicap of missing spring drill when he was a champion broad jumper on the track team.

Delaware School To Reopen Without Racial Segregation

MILFORD, Del. (AP) — Gov. J. Caleb Boggs Friday issued a call for citizens' cooperation in reopening Milford high school Monday to both Negro and white children, warning that "law and order will be preserved."

The governor spoke out in a taut situation in this southeastern Delaware community over the first admittance of Negro pupils to the town's only high school.

"I must insist that no disorders, threats or violence take place," Boggs said in a statement issued at the state capitol in nearby Dover.

Boggs issued his statement following a decision by the state board of education to operate Milford schools, starting Monday, without racial segregation. The state board acted after the Milford school directors resigned en masse Thursday night.

An attempt by the local board to open the former all-white high school, in this town of 5,700 population, to both Negroes and white pupils was halted earlier this week after threats of violence were made.

Hughes Denies Ike Planning Too Many Slashes in Budget

WASHINGTON (AP) — Budget Director Rowland H. Hughes denied Friday that the Eisenhower administration plans to swing its economy ax too vigorously in the fiscal year beginning next July 1.

Hughes wrote Sen. Styles Bridges (R-N.H.) that "criticism that we are using the ax too heavily on expenditures" may have resulted from "misconceptions or misinterpretations of financial statements."

He added that President Eisenhower's instructions were to plan spending in line with "fiscal soundness, military and economic strength and the increased welfare of the country."

Bridges, chairman of the senate appropriations committee and a candidate for reelection, had written Hughes that he was "somewhat disturbed to see varying but critical" news on the recently revised budget for the current fiscal year, which began July 1.

Red Ink

These upped the red ink estimates for the current fiscal year by \$1½ billion to a total deficit of 4½ billion and also lowered estimates on government receipts.

Bridges said some had interpreted this as an administration decision for more nondefense spending, especially on a "housing program designed to keep the whole industry booming."

He also asked about published reports that the budget bureau "had sent out one of the toughest letters" in history through a "secret directive" to all cabinet officials asking them to "apply a heavy ax" on spending in the next fiscal year.

Defends Jump

In his reply, Hughes defended the jump of nearly \$2 billion in the estimate for this year's deficit, saying:

"I feel that we have a wonderful record of accomplishment. We have adopted a sound fiscal policy which is showing results."

And Hughes confirmed that it may be several years before federal income and outgo are balanced adding:

"It is going to take some time to obtain a completely balanced budget because of the situation that we inherited."

He said Eisenhower's directive to cabinet officials to cut spending plans for the 1956 fiscal year,

"differed very little from a year ago."

"We cannot obtain economies without going after them energetically," the budget director noted.

Ike Promises To Stop T-H Union-Busting

LOS ANGELES (AP) — President Eisenhower promised anew Friday that his administration will remove "union-busting" provisions from the Taft-Hartley law and he will give sympathetic consideration to all organized labor's views.

Eisenhower received a politely warm reception from delegates at the American Federation of Labor's annual convention and was interrupted a half dozen times by applause.

The President left immediately after his speech to return to his vacation headquarters at Denver, his plane landing there at 2 p.m., (MST). This was 48 hours after he left on a speech-making trip through the north-west and in southern California.

Democrats Responsible

While conceding that his administration has so far failed to carry out its pledge to change the Taft-Hartley labor law, Eisenhower said "a solid Democratic vote in the senate" had been responsible for defeating his amendment proposals.

The President, continuing his campaign to retain Republican control over congress in this fall's elections, made no direct appeal for AFL support but asked the delegates to carry his "very best wishes" to their union members.

Ike Realizes

Eisenhower said he realized the AFL, which supported Democratic nominee Adlai Stevenson against him in the 1952 presidential election, disagreed with him on certain policies but he continues to feel friendly toward the working man.

"Now, there is nothing sacrosanct about any views that I hold and I have never so stated," the President said.

AEC Prepares for New Atomic Tests in Nevada

WASHINGTON (AP) — Preparations are under way for a 1955 spring series of atomic explosions at the Nevada proving grounds, presumably to test out improved and possibly entirely new designs of nuclear weapons for battlefield use. The Atomic Energy commission started sending out warnings Friday to officials, stockmen and others in southern Nevada and southwestern Utah. They were notified that there will be a series of tests conducted at the continental atomic proving ground, in the area west of Las Vegas, beginning probably about mid-February. While the announcement made no reference to types of atomic materials to be tested the expectation is that they will be nuclear fission rather than the powerful fusion or H-bomb types.

Reds Will Take More Islands Near China: Koo

WASHINGTON (AP) — Chinese Nationalist Ambassador Wellington Koo said Friday that Communist China probably will make a serious attempt this fall to seize 37 Nationalist-held island close to the Red mainland for use as stepping stones to Formosa. He said the test may come "at any time." Commenting in an interview on Red Premier Chou En-lai's latest call Thursday for "liberation" of Formosa, Koo declared it should not be dismissed as mere propaganda.

Peiping Says 34,000 Red Soldiers Leave Korea

TOKYO (Saturday) (AP) — Peiping radio said today that approximately 34,000 Red Chinese soldiers had been pulled out of North Korea along with their tanks, artillery and other weapons. Peiping recently announced it would pull out seven divisions, which could be anywhere from 50,000 to 70,000 men.

Hawks Start Down Long Road—

Iowa's 1954 football season opens today — a football season that could go down in the books as the best in the history of the school. Or it could go down as just a mediocre one — one which soon will be forgotten.

How it turns out depends upon many things. The coach, the team, the schedule, the weather, the band, the alumni, the people of Iowa, the SUI student body and many others have a role to play in a successful season.

First of all, Forest Evashevski is one of the nation's most highly respected coaches. He has made a tremendous name for himself and his teams since coming to Iowa.

Next, the team. Although it lacks depth at many positions, many say it's the best team Iowa has had since the Ironmen of 1939.

About all we can do about the weather is pray.

The band, under the direction of Frederick Ebbs, will be doing its share in keeping spirits high.

The alumni have backed us through the lean years and we know they'll back us now.

The people of Iowa have always been proud of their state university. They'll be behind us 100 per cent.

However, it's the spectators, including the student body, that really count. When the chips are down — fourth down and two yards to go for a touchdown — the team may need a nudge.

It's the student body that counts when the breaks are bad — and footballs are known to take some bad bounces. A football team always has support when the going is good, but the loyal student body is the one which sticks with the team no matter what happens.

The going won't be easy for the Hawkeys this fall. Any team that opens its season against last year's Rose Bowl champion and winds up against Notre Dame is bound to run into some trouble.

We have no doubt that they will win a good many games this fall. Win or lose, Iowa's Hawkeys are our team. Let them know that they are your team, too.

Columnist Questions Motives Of Russia Entering Atom Pool

By J. M. ROBERTS
AP News Analyst

Observers were speculating Friday night whether Soviet Russia intended to join President Eisenhower's international atomic pool, or whether she just wanted to bring it into the United Nations where she might have a voice in the whole matter.

There was a possibility that bringing the matter before the General Assembly might give her an opportunity to get it set up more to her liking than at present, since it has been virtually organized already, putting her in the position, if she does want to get in, of having to join something devised entirely by others.

Since he wanted the vote placing the pool on the assembly agenda made unanimous, Vishinsky may also have had in the back of his mind that such action would make it very difficult for the United States to go ahead with the organization outside the U. N. as she has been doing, despite Secretary Dulles' suggestion Thursday that the world organization sponsor a conference on the subject soon.

The United States has expressed the fear that if the pool were affiliated with the U. N., Russia would manage to interfere with its operations. This was when officials considered Russian membership much more remote than it appears today.

The fact is, however, that the assembly can set up such special agencies in any manner it wishes. It can require reports or it can bypass them. It can accept the association of agencies already formed — as it did in the case of the Postal Union and many others — or it can organize them itself.

To have Russia come in should fit American policy regardless of whether she goes so with the intent of cooperation or obstruction. There need be no votes, since the pool will not deal with atomic matters involving national security, but only with peaceful uses.

If Russia should come in merely for the purpose of obstructing a program which has as a chief objective the development of atomic power for undeveloped nations, she would merely be cutting her own propaganda throat.

If on the other hand, she dis-

LETTERS TO THE EDITOR

Professor To Attend N.Y. Nursing Meeting

Prof. Amy Frances Brown, of the department of medical nursing at SUI will attend a meeting of the committee on functions, standards and qualifications for practice of the Educational Administrators, Consultants and Teachers section of the American Nurses' association Sept. 20 and Oct. 1 and 2 in New York City.

The EACT section is one of seven occupational groups of the American Nurses' association. Similar committees in each group are developing lists of functions, standards and qualifications for practice for nurses in their respective fields in order to make possible more adequate nursing service.

Mr. Paul Brechler, Director of Athletics, State University of Iowa, Iowa City, Iowa.

Dear Mr. Brechler:

This letter is written in protest of the unfair handling of the 1954 football ticket sales. I arrived in Iowa City on July 1st and inquired at the athletic department ticket office as to when I should apply for tickets. I was told that we could not apply until Sept. 1 for tickets. We were promised season tickets at that time. Now we have been given tickets to only three games — the three games which were not sold out.

We were not given the opportunity to apply for tickets that were available to the public. Most of us — the other new staff members at the SUI hospitals in the same situation — would be glad to pay \$3.60 per game to see these games, yet we were not allowed to apply for these tickets.

We should have been warned that we would not be given seats if they were not available so that we could make other arrangements to secure them.

The need for funds cannot be used as an excuse for this handling of ticket sales. We were never given the opportunity to purchase tickets at the usual price.

Many of us completed part or all of our undergraduate work here at Iowa. This is not the sort of treatment that will encourage our support of the University.

J. W. Morrison, M. D. University Hospitals Iowa City, Iowa

Besides each school furnishing chaperones, Mrs. Holly Tracy is in charge of the club, Mrs. Robert Bowers, is in charge of the game room activities; Mrs. Bernard Dautremont, in charge of the snack bar; Mr. Merton Petersen, in charge of roller skating and other sports, and George Buck, in charge of checking membership cards.

New System

After consideration by the Recreation commission, the staff, and the Youth Center council, the Paper Doll club is going to try a system known as "no pass out" which is used by the majority of Recreation centers of this kind throughout the country. Once a person enters the club and leaves he may not enter again that evening.

The reason is that the club is a place to spend the evening and not just a place to come in and out of whenever one wishes, authorities said. It is expected that this might prevent some of the wandering around town and in cars during weekend evenings.

Council Members

Members of the Youth Center council who served last year and who will also be on the council this year are: John Cahill, St. Mary's; Virginia Calwell, City High; Donna Dee, St. Mary's; Art Dunlap, City High; Richard Hinkel, City High; Dave Maher, St. Mary's; Harold Rogers, City High; John Neubauer, St. Patrick's; Jim Suplee, St. Mary's; and Joan Dicker, City High.

An election will be held the week of Sept. 27 to elect six new members to this council.

Soldier, Asleep, Crashes Car into 2 Patrol Cars

WILLIAMSBURG, Va. (AP)—State police and local officers checked a speeding car by radar and advised two cars down the road to apprehend the motorist.

The speeding car ignored their signals and crashed into two police cars on the side of the highway, seriously injuring a deputy sheriff. The driver of the car, a soldier, told officers he was asleep.

To Visit Faulkner

Among the other places that Van der Veen will visit are the cities of Cincinnati, Pittsburgh, and Washington, D. C. The schools on his list include the University of Alabama, Chicago university, the University of Michigan, Yale, and Princeton. He also expects to spend some time with William Faulkner, Nobel prize winning author, in Oxford, Miss.

"I marvelled at the terrific vastness of the land," Van der Veen said of the midwest. "For the first time I comprehend that America and Russia, as compared to Europe, are the two decisive factors in determining the fate of the world," he added.

About Iowa City, Van der Veen said, "I was struck by the quiet dignity of the town and at the same time, the sprightliness and intellectual stimulation of the university."

Dutch Author Visits Iowa, Sees Schools

Adriaan Van der Veen, noted Dutch author, lecturer, and editor, recently arrived in Iowa City to visit SUI and the Iowa City high school.

The United States state department is sponsoring Van der Veen's visit to important American universities. After his return to his home in the Hague, he will write and lecture about American literature.

At SUI, Van der Veen plans to visit the departments of English, art, television and the school of journalism. He is also attending a tea given by Mrs. Joseph E. Baker and the Iowa-Michigan State football game. It will be the first time he has seen a football game.

Literary Editor

Van der Veen is literary editor of the New Rotterdam Courant of Rotterdam. In 1950 that paper received the University of Missouri's award for "distinguished service in journalism." His novel, "Het Wilde Feest," a story of the refugee problem in New York, was awarded the annual literary prize of the Dutch Academy of Letters.

He has also published several short stories and three novels. "The Secret Language," an article about the problems of Dutch literature, appeared in the April issue of the Atlantic Monthly. Van der Veen has also contributed to the London Times literary supplement.

Lectures Widely

During the war, Van der Veen lived in New York and was associated with the Knickerbocker Weekly. He has traveled extensively, attending the International Writer's congress, held annually in European capitals, and lecturing widely in England and Holland.

Robert Lowell, celebrated poet who lectured at SUI during the last academic year, was the person who told Van der Veen about SUI's literary excellence and recommended that the Dutchman add SUI to his itinerary.

To Visit Faulkner

Among the other places that Van der Veen will visit are the cities of Cincinnati, Pittsburgh, and Washington, D. C. The schools on his list include the University of Alabama, Chicago university, the University of Michigan, Yale, and Princeton. He also expects to spend some time with William Faulkner, Nobel prize winning author, in Oxford, Miss.

Combine the Old and New

A CONTEMPORARY ROOM for guests or lounging gains extra charm when decorative accessories from our Colonial past are combined with a sleek and efficient studio couch. An old clock, a captain's chair, some pressed glass, all lend a touch of warmth to the room, and never go out of fashion. The studio couch is comfortable for sitting or for curling up with a good book, and opens up conveniently to sleep an overnight guest.

Grammar Changed To Suit Communists

VIENNA (AP)—Romania has remodeled its grammar after the "Soviet pattern" and broken away from the "out-dated Latin tradition," Bucharest newspapers revealed.

The idea, said the papers, is to rid the Romanian language of "cosmopolitanism and idealism and introduce the teaching of Marxism."

Earlier this year, Romanian spelling was revamped to make it simpler and eliminate more than 10,000 French and Latin-sounding words.

About The Servicemen

Marine second Lt. James A. Dunlap, son of Hugh A. Dunlap of Route 5, Iowa City, has been awarded the "Wings of Gold" of a naval aviator and his commission. Lt. Dunlap attended SUI prior to entering the naval aviation cadet program through the U. S. naval air station, Glenview, Ill. Along with other navy and marine corps student pilots he completed nearly 20 months of intensive flight training to earn his wings.

Pfc. Edward L. Duncan, son of Mr. and Mrs. S. Lysle Duncan, 1201 Ginter ave., was recently named soldier of the month for the V Corps' 1279th engineer combat battalion in Frankfurt, Germany. Duncan, a supply clerk in headquarters and service company, was selected for his knowledge of duties, soldierly appearance and military courtesy.

Duncan, who earlier this month represented V Corps in the U. S. army Europe tennis tournament, has been in Europe since April of this year. Before entering the army in Sept., 1953, Duncan attended Iowa State College, where he was a member of Phi Eta Sigma, Tau Beta Pi, Alpha Tau Omega and Alpha Chi Sigma fraternities.

Scout Leaders Set Dates For Fall Program

Dates of training courses for leaders of Girl Scout troops in the Cardinal Council area were set up at a meeting for all new leaders Wednesday afternoon. Leaders of intermediate troops will meet Tuesday at 8 p.m., and Brownie leaders at 2 p.m. Oct. 6.

New leaders in both Intermediates and Brownies will meet Wednesday and Oct. 13 at 2 p.m., with a crafts display scheduled for the latter session.

Leaders of senior Girl Scouts will hear reports at a meeting at 2 p.m. Thursday by Cardinal Council officials who attended a training course at Mason City.

Discussing the training course will be Mrs. Hugh Carson, executive director of Cardinal Council; Mrs. William Stickford, training chairman; Mrs. Doyle O'Rear, senior leader, Iowa City; and Frances Walker, senior leader, Kalona.

Mrs. Stickford is in charge of the meetings for new leaders. She and Mrs. Carson have just completed giving training courses in Marengo for leaders of seven new troops there.

Troop leaders are asked to have all troop registrations in by Oct. 15, Mrs. Carson said. Cardinal Council will send 12 delegates to the regional Girl Scout convention to be held in Des Moines Oct. 14 and 15.

Senior Girl Scouts who have been chosen to represent their troops on the local senior planning board include Jan Schwank, Betsy Funke, Karen Herrick, and Dixie Lee Kerr, all of Iowa City high school, and Carmela Loria and Jane Sladek, of St. Patrick's high school.

The senior planning board meets the first Wednesday of each month.

Horse and Buggy Days Over in Pittsburgh

PITTSBURGH (AP)—The horse and buggy days in Pittsburgh have ended—officially.

Just before Labor day city officials decreed the last remaining horse watering trough in the midtown section be dismantled.

The decision came nearly nine months after the city disbanded its mounted police horse troop as an economy measure.

Officials said since the police horses have gone there aren't enough horses around to justify the expense of keeping the water trough in operation.

"Great Americans" The religion of great Americans like Ralph Waldo Emerson, Horace Mann, Benjamin Franklin, Nathaniel Hawthorne and Thomas Jefferson had to have strong moral fibre and resilient intellectual sinews to match their needs. In choosing to be Unitarians these men followed the foremost dictates of their hearts and minds.

Unitarians for centuries have emphasized REASON IN RELIGION and stressed SERVICE TO HUMANITY as man's holiest effort. Today Americans are still choosing to be Unitarians. Maybe you would too, if you knew more about the Unitarian movement. Visit the Unitarian church . . . Sunday, 10:45 a.m.

Hawkeyes, Spartans Rated Even In Today's Vital Big Ten Battle

Title Possibilities At Stake In TV 'Game Of The Week'

CHICAGO (AP) — A Big Ten season opener with title significance, co-champion Michigan State vs. Iowa, tops an eight-game program which launches the 1954 conference football campaign Saturday.

A second league contest takes Indiana to Ohio State, while six other Big Ten teams have non-conference engagements.

With exception of Michigan which invades Seattle to play Washington, the inaugural round is entirely confined to the Midwest. The other defending champion, Illinois, is host to Penn State. Missouri is at Purdue, Nebraska at Minnesota, Marquette at Wisconsin and Iowa State at Northwestern.

The nationally televised Michigan State at Iowa game appears a key battle in the conference race which doesn't end until Nov. 20. Iowa, although thin in reserves, has been mentioned as a title contender for the first time since 1939. Michigan State, with its usual phalanx of speedy backs, generally is conceded the team to beat.

The scrap at Iowa City is rated a toss-up.

Ohio State is considered two touchdowns better than Indiana which hopes to deal some conference surprises with a heralded soph back, Milt Campbell, Olympic decathlete star.

Although the Michigan State-Iowa battle has the TV spotlight, national interest also runs high in Notre Dame's first start under 26-year-old Terry Brennan against Texas at South Bend, Ind.

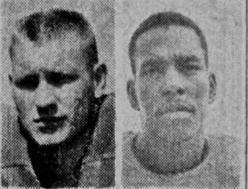

The Longhorns, opening with a 20-6 victory over Louisiana State last Saturday, will try to inflict the first Irish defeat in a season opener since 1934 when Texas spoiled Elmer Layden's Notre Dame debut, 7-6.

The odds-makers have established Illinois, sparked by its

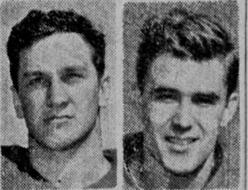

fastest backfield in history, a 14-point choice over Penn State. Other favorites are Purdue by 6, Wisconsin by 13, Minnesota and Michigan by 14 and Northwestern by 21.

Braves Win Twice Off Different Foes; Make NL History

MILWAUKEE (AP) — Another first in Milwaukee's fabulous major league history—two victories over two different teams on the same day—went into the National league record books Friday.

First, the Braves nipped the Cincinnati Redlegs 4-3 in the resumption of their protested game of last Wednesday. Then they beat the St. Louis Cardinals 4-2 in a regular nine-inning game. The unique "doubleheader" was ordered by National league President Warren Giles.

The protested game was resumed with two on and two out in the Cincinnati half of the ninth inning. The Redlegs tied the score at 3-3 when Johnny Temple lashed a single through the middle on the first pitch by reliever Dave Jolly, but George

Metkovich saved the day in the Braves' turn with a long single scoring Jim Pendleton from second.

3 Teams on Field
All three teams took hitting practice before the first "game" started. The Redlegs and Cardinals shared the visitors' dugout, although the Cincinnati team dressed at a downtown hotel with St. Louis using the clubhouse.

The Braves jumped to an early lead over the Cardinals, scoring twice in the first inning and were never headed.

The Braves had "won" the game originally 3-1, but the contest was resumed with two outs in the top of the ninth inning after league president Giles overruled his umpires' decision on an interference penalty play.

Johnny Temple of the Redlegs singled on the first pitch by Dave Jolly, who relieved Warren Spahn when play resumed Friday to score both Gus Bell and Nino Escalera, running for Wally Post, when Billy Bruton fumbled the ball, to tie the score.

Win in 9th
The Braves won it in their half of the ninth when Jim Pendleton beat out a lead-off single off Roy McMillan's glove and was sacrificed to second. Danny O'Connell was walked intentionally and Metkovich then blasted his long single for the winning run.

Wednesday's game ended abruptly with considerable confusion after the Redlegs apparently had scored two runs to tie the game at 3-3 off Warren Spahn, who had come in at the start of the ninth.

Bell and Post were on second and first with one out when Bob Borkowski batting for Lloyd Marriman, struck out on a wild pitch. Borkowski started running for first illegally and Bell took off for third with Post holding up. Milwaukee catcher Del Crandall retrieved the ball and threw to Eddie Mathews at third in a vain try to catch Bell. Mathews' throw across the infield, drawn by Borkowski's run, hit Bob in the back and bounced into right field with both Bell and Post crossing the plate.

Wrong Decision
The umpires, after an 18-minute conference, ruled that Borkowski's illegal running was in violation of rule 7:09 (E) and penalized the Redlegs by calling Bell out to retire the side and end the game.

Giles overruled the decision after Manager Birdie Tebbetts protested, and ordered the game to resume with runners on second and third and two outs.

Manager Charlie Grimm replaced Wednesday's pitcher, Warren Spahn with Dave Jolly Friday.

BOSTON (AP) — The Washington Nationals, told by Bucky Harris he was through as manager as of the end of the season, went out and swept a doubleheader from the Boston Red Sox 1-0 in 11 innings and 6-4 Friday to keep alive their hopes for fourth place and a share of the World Series money.

The double loss dropped the Red Sox into a fourth place tie with Detroit Tigers, with the Nats just one game back. Boston and Washington wind up the season Saturday and Sunday, while Detroit is playing the champion Cleveland Indians.

CITY HIGH'S end Jeff Langston is being hauled down by Davenport's fullback Bob Hebler in Friday night's game at City high stadium. Langston caught one pass for a touchdown in the second period, only to have it called back because of a penalty on his team. Running his interference—only a little too far ahead—is end Jim Frantz. The Little Hawks defeated Davenport, 13-0, to take over the No. 1 position in the state.

Frosh Coaches, Brennan, Daugherty Face Tough Openers Optimistically

By HUGH FULLERTON JR.
Associated Press Sports Writer

Two young head coaches, facing terrific assignments at the beginning of their new careers, stand out like islands of optimism in the customary sea of tears today as the big-time college football opened on all fronts.

Terence Patrick Brennan, the smiling 26-year-old who succeeded Frank Leahy as Notre Dame's head coach, and Hugh Duffy Daugherty, trying to fill the shoes of Biggie Munn at Michigan State, refused to bow to convention and predict disastrous seasons for their teams.

Daugherty Optimistic
They realized that disaster could strike in today's opening games, with Notre Dame meeting a mighty Texas team and Michigan State facing potent, upset-minded Iowa. But, confining themselves to general statements, Brennan has said he expects to have what Leahy used to call a "representative" meaning winning—Notre Dame team and Daugherty is on record as believing Michigan State's successes will continue.

The Irish are a 10-point choice to conquer the visiting Texans, who beat LSU, 20-6, in their opener last week. Iowa and Michigan State are figured all even in their battle at Iowa City.

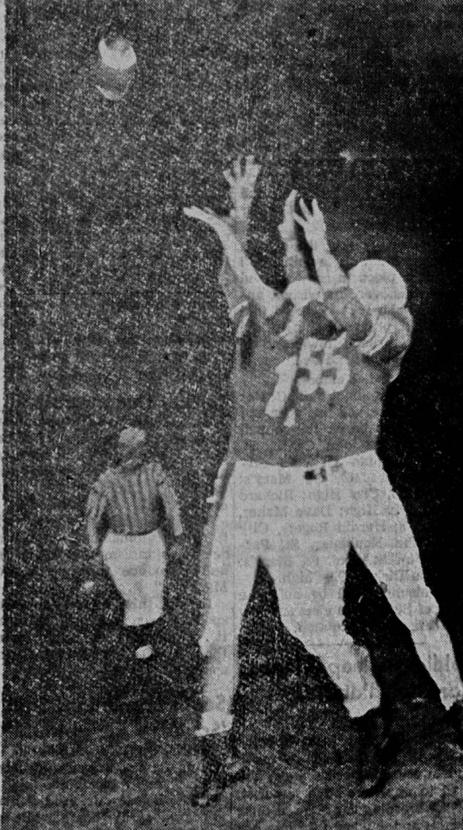

The top games are Michigan State-Iowa, television's game of the week, and Texas-Notre Dame. Only a step or two behind them came Penn State-Illinois, Missouri-Purdue, Texas Christian-Oklahoma, Michigan-Washington and Stanford-Oregon.

Oklahoma Favored
Oklahoma, accorded the No. 1 spot in The Associated Press pre-season ranking poll, was listed as an 18-point favorite over TCU but the Horned Frogs looked pretty good in walloping Kansas last week.

Illinois, co-champion of the Big Ten last season, and Purdue were strongly favored over Penn State and Missouri, both of whom are rated near the top in their own sections.

Midwest-Indiana-Ohio State, Nebraska-Minnesota, Iowa State-Northwestern, Marquette-Wisconsin, UCLA-Kansas.

LANGSTON GOES HIGH into the air in an attempt to nab one of Jim Kelley's passes during the Davenport game Friday night. Doing his best to intercept it is Hebler, who did a fine job of pass defense for the Blue Devils.

Iowa City's Little Hawks pulled a mild upset Friday night, capitalizing on eight Davenport fumbles, for a 13-0 Mississippi Valley victory over the Blue Devils.

For Davenport, it was the first defeat of the season after winning a hard-fought game against St. Ambrose, 10-0, and soundly trouncing McKinley of Cedar Rapids, 48-0.

Iowa City had beaten Franklin of Cedar Rapids and Fairfield of the Little Six conference before winning Friday night.

It looked for a while like Iowa City would lose the game on their own intercepted passes and they had two touchdowns called back because of penalties. At the time, they were leading 7-0.

Iowa City got its first real break during the closing minutes of the first half as halfback Don Coulter punted to the Blue Devil 11 yard line and Davenport fumbled. Johnny Gambrell recovered for the Little Hawks on the Blue Devil 11 yard line.

Steve Bauserman then shot through the center of the line for a gain of eight yards to the three yard line. But on the next play the Little Hawks were shoved to the 18 yard line and it was 2d and 15. Then quarterback Jim Kelley took it on a sneak play through the line for a 3-yard gain. Kelley then flipped an 11-yard pass to Jeff Langston and then on one of the top plays of the game, Kelley pitched out to Dave Bradberry who spotted Steve Bauserman in the end zone and Bauserman hauled it down for a touchdown. Bauserman added the extra point.

The Little Hawks scored their final touchdown in the opening minutes of the second half. On the first play of the period, Bob Hebler fumbled on his own 23 and Langston recovered. It took the Little Hawks just six plays to make the score read 13-0.

Mikan Quits Lakers To Finish an Era
MINNEAPOLIS (AP) — George Mikan, the fabulous giant whose scoring exploits made the Minneapolis Lakers the greatest team in professional basketball, announced his retirement Friday.

Laker General Manager Max Winter said the 30-year-old center, holder of almost all of pro basketball's major scoring records, had decided to give up basketball to devote full time to his law practice here.

"I want to leave basketball while Mikan is still Mikan," Winter said the towering center told him.

Cyclones Seek Win At Old Triumph Site
EVANSTON, Ill. (AP) — The Iowa State Cyclones, a team which received its nickname by walloping Northwestern 36-0 in 1895, today will be gunning for their first victory over the Wildcats since that historic date 59 years ago.

Iowa State has lost five games to Northwestern since their 1895 win including a 35-0 thumping last year.

Although the Wildcats failed to win a single Big Ten conference game last season, they are heavily favored to ruin Coach Vince Di Francesco's debut.

Hoegh Says GOP Congress Needed To Save President

Atty. Gen. Leo Hoegh, Republican candidate for governor, Friday night outlined his program for building a better Iowa if he is elected by building better schools, better roads, bringing more industry into Iowa, utilizing our resources and by clean government.

Hoegh also called for the election of a Republican congress. He said, "Do not let us destroy a great American (Pres. Eisenhower), by not giving him a Republican congress."

Tells War Experience

He said that during World War II, when he was in Germany, an officer went over a battle plan with him and when he finished the officer said:

"Yes we want to take the objective, but with a minimum of men, with a minimum cost of human lives."

Hoegh said this man was Eisenhower, then a four-star general and from that time on, "he was my candidate for president."

Outlining Progress

In outlining the Republican's progress he cited the ending of the Korean war, and the riding of the government of Communists, reds, pinks, and red herrings.

"You can sustain Ike by electing Fred Schwegel to congress, and Thomas Martin to the senate," said Hoegh.

Hoegh praised SUI as one of the finest universities in the Midwest.

He stressed the need for educational opportunities for young people by saying, "The destiny of the community, state and nation is in the hands of young people."

The greatest asset Iowa has is its young people."

St. Luke's Hospital Cleared of Damages

CEDAR RAPIDS (P)—A federal court jury has returned a verdict in favor of St. Luke's hospital here in a \$100,000 damage suit against it.

The verdict, returned Thursday night, held that the hospital was not negligent in the care of Ruth Evelyn of Arlington Heights, Ill., two years ago.

Mrs. Evelyn had charged that the hospital exercised improper care of her when she was a patient at the hospital Sept. 6, 1952.

Her petition alleged that she was given shock treatments and then put to bed, and that she fell from the bed, injuring her spine. She argued that the hospital should have taken precautions to prevent her from falling from the bed.

Congested City Parking Problems Told Here

The main factor which limits the size of downtown parking facilities is the congestion of the streets approaching the parking space, a speaker stressed at the Conference of City Managers of Iowa Friday.

Addressing the conference's banquet meeting at SUI, George A. Devlin of National Garages, Inc., Detroit, contributed "A Critical Appraisal of the Municipal Operation of Parking Facilities."

Because of approach limitations, Devlin noted that a private garage in Minneapolis only half as large as the San Francisco municipal underground garage accommodates as many cars as the California structure.

Costs Run Higher

Costs of municipal garages per car space have generally run twice as much as private ones, he said. But he found "no reasons why a city should not be able to buy parking as cheaply as private enterprises if city administrators could successfully resist political pressures and the tremendous demand for tax-exempt securities in the form of municipal operations."

Commenting on the need for revamping cities to the auto-

mobile age, he said that we can no longer afford to build solidly in the center of the city.

A downtown store now needs to buy a piece of land equal in size to the store site to provide parking space for customers and workers, Devlin pointed out. And since parking is not so productive a use of land as retailing, the addition of downtown parking space inevitably dilutes land values, he said.

'Growing Pain' Mistakes

The speaker stressed that "growing pains" mistakes in the public creation of parking facilities in recent years sometimes results in monumental and over-size municipal garages. And "if a store finds it must pay more taxes because it got the parking it wanted but didn't receive enough benefits because of congested streets, it might still move outside the city," Devlin observed.

In an earlier discussion the city managers considered means of providing more recreational opportunities for the community's older citizens. The consensus was that city administrations and school systems might together work out plans which would bring more year-round recreation for adults as well as juveniles.

More caution in extending city services beyond corporate limits and in granting other concessions to attract incoming industries was also stressed by Iowa's city managers Friday.

Annexation Difficulties

They observed that offering water, sewage and other services outside the city limits can add to the difficulties of future annexation of areas adjacent to the city, for in annexation proceedings city administrations must show that the areas would receive further benefits — usually, extension of such services — if annexed to the city.

Another point of view expressed by the group was that "if an industry can't come in and pay its fair share of municipal service costs, it may not be a good risk as far as long-run contributions to the community are concerned."

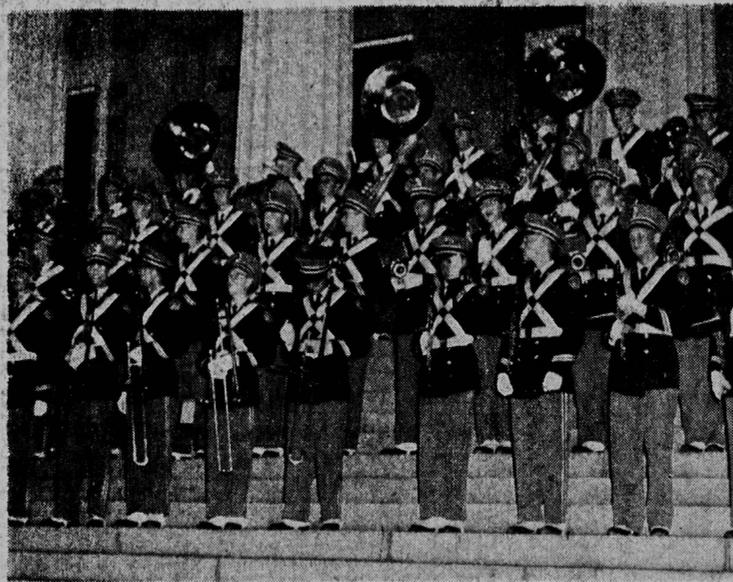

Reputable industries, it was pointed out, are much more interested in the availability of markets, raw materials and labor than they are in receiving lower tax rates than are already levied against the community's established industries.

The question was asked whether lavish generosity to a new industry wasn't "asking established residents to foot the bill for the profit of those benefiting from incoming industries."

Marching Band Performs at Pep Rally

APPEARANCE OF THE MARCHING BAND during halftime at today's Iowa-Michigan State football game will climax a week of practice under the direction of new band director Frederick Ebbs. In the above picture the band stands on the west steps of Old Capitol at Friday night's pep rally. Theme of today's performance will be "Four Hats."

SUI Marching Band Schedules New Drills For Today's Game

"Dum, dum, dum. Now on that third beat, SNAP! Okay now, let's try it again." That's the voice of SUI's band director Frederick Ebbs, coaching the bandmen and twirlers into shape.

Since last Saturday the band has been practicing from 1 to 5 p.m. and three evenings a week in feverish drill for today's Michigan State game.

Ebbs and his assistant, John Whitlock, have devised a half-time program with the theme "Four Hats" — the bean, mortar board, helmet and conference crown. A script has been prepared on this theme, to be read to the field by Jim Wehr, assistant program director for WSUI.

The SUI band has been hampered by lack of complete attendance at practice and drill sessions. Many members had to take tests or register during the first week, and were unable to be at all the sessions. The Michigan State band started two rehearsals a day, Most Big Ten bands do something similar to this, Ebbs said he hopes "Iowa will be able to do this someday."

"In talking to a number of people who are interested in the Iowa band, I have been led to believe that the football crowd here want to see a snappy show band," Ebbs said. "In introducing this type of marching band to Iowa I have gotten excellent cooperation from the bandmen, but want to remind the audience that it is impossible to learn these lessons in a few days or even weeks," Ebbs said.

Two band has two rehearsals scheduled today, one just prior to game time.

10 Plead Innocent At Arraignment In District Court

Trial will begin Oct. 14 for 10 men arraigned in Johnson county district court Friday by Judge James P. Gaffney.

All 10 pleaded innocent. Bonds of \$2,000 and \$1,000 were set in cases arising from a July 28 robbery.

George Abbott, 25, Iowa City, sealed indictments handed down by the grand jury Wednesday. He pleaded innocent to a charge of robbery with the alleged slugging and rolling of Theodore Helms, Iowa City, for \$23. Bond was set at \$1,000.

Paul Akers, 24, R. R. 7, was put under \$2,000 bond on the same charge. He pleaded innocent.

guard will be John Hall. Hall is a 215-pound senior from Chicago.

Lawson at Center

Warren (Bud) Lawson has taken over the center spot and the expected 50,000 fans today will probably also get a good look at Don Suchy, a 205-pound sophomore from Belle Plaine. Lawson is a 208-pound senior from Fairfield. Lawson is a good offensive man while Suchy will probably be used as a linebacker.

With no chance to scout the Spartans, Coach Forest Evaskevski can only assume that the offense will be similar to the 1953 variety, even though Biggie Munn has retired from coaching to assume the athletic directorship. The new coach, Duffy Daugherty, moved up from an assistant's role.

Daugherty's main headache this year has been the backfield. Only one regular from last year's Rose Bowl winners is among the 22 backs. He's a pretty fair country ball player by the name of Leroy Bolden, but he'll need help.

4 Other Lettermen

Four other lettermen also are around, but only two of them can boast as much as one quarter per game playing time in 1953. These two are right halfback Bert Zagers and fullback Jerry Planutis. The other letter-winning backs are quarterback Earl Morrall and quarterback-halfback John Matsock.

Morrall has been bothered by a sore throat this last week but is expected to be in tip-top shape for this afternoon's game. Bolden, at left half is the key performer, a tremendous all-round player who figures to be one of the top backs of the year nationally and who already has established himself as one of MSC's all-time great players.

The Flint Firecracker plays the game like he invented it. Among other things, he's the squad's best short yardage and distance running threat, a crack blocker, fine pass receiver and deluxe safety man.

Morrall, understudy to Tom Yewic last season as a sophomore, has captured the No. 1 quarterback position, but he has a capable replacement in Johnny Matsock. Both have proven abilities at the position, Morrall in passing and field generalship and

U.S. Sends Jap Widow Regrets, Cash

TOKYO (Saturday) (AP)—The United States Friday sent a check and a note of regret to the widow of a fisherman burned accidentally in the U.S. H-bomb test, but resentment among the Japanese still ran high.

The widow of 40-year-old Aikichi Kuboyama received a check for \$2,700 from U.S. Ambassador John M. Allison with a note saying:

"While no sum of money can compensate for your loss it is the desire of the government of the United States that something be done to make life easier for you and your children in the future."

Japanese newspapers and radio stations blamed the U.S. for Kuboyama's death Thursday. Japanese doctors said he died of radiation sickness. U.S. doctors thought other factors might be involved.

Kuboyama was 1 of 23 fishermen aboard the Lucky Dragon when radioactive ashes from an H-bomb blast showered over them off Bikini March 1. The other fishermen still are under treatment.

About 1,000 members of the powerful General Council of Trade Unions paraded before Prime Minister Shigeru Yoshida's residence Friday bearing placards demanding a stronger stand in negotiations with the U.S. over H-bomb damages.

Other demonstrations were reported in the making. The U.S. has offered \$1 million in damages for the Lucky Dragon incident but the Japanese government is reported holding out for several million.

One chief point of criticism from the Japanese is the charge that the U.S. has shown too little concern for the 23 fishermen.

Post-Game Dance Slated for Tonight

A post-ball game record dance will be held in the River room of the Iowa Memorial Union tonight at 8 p.m.

The dance, sponsored by Union Board, student governing body of the student union, is part of the regular entertainment series sponsored by the student group.

Paul Bartlett, C4, Bedford, president of Union Board, said the dance would be an informal, come as you like, party.

Police Ask Students To Help In Game Parking Problem

Near-capacity crowds are expected to arrive today to see the Hawks' opening football game against Michigan State college.

The thousands of autos expected to converge on Iowa City today will further complicate the city's already acute parking problem.

To cope with this problem, Iowa City Police Chief Oliver A. White asks students to park their cars at home and walk or use public transportation to and from the game.

Facilities Available
Parking facilities will be available on the east side of the Iowa river on the old Iowa field, formerly Hawkeye Village.

Motorists using this lot should use entrances off Iowa avenue and Burlington street to go into the area, and leave via the center exit, proceeding past the library onto Washington street.

Other parking lots available are the tennis courts south of the field house and parking area 32 south of the stadium. Plans also are being considered on making the area west of the stadium available for parking, if it doesn't rain.

Lot 31 between the tennis courts and the field house is reserved for "I" club members and cars with parking permit 31.

Local Police To Assist
Approximately 40 Iowa highway patrolmen and the entire Iowa City police force — 22 men — will assist 50 university policemen in controlling the flow of traffic and parking.

Grand avenue will be closed to all traffic except taxicabs and buses, which will unload at the

field house.
No parking will be permitted on either side of Melrose avenue or Melrose court. Other areas will be posted.

Efforts will be made this year to route traffic on less-heavily traveled streets to and from Iowa stadium. To call attention to these routes, signs have been placed in strategic areas which are easy to read and follow.

Danforth Services To Begin Monday

Daily devotional services in Danforth chapel will begin Monday at 8 a.m., Johnny Rankin, A3, Tracy, announced today.

The chapel services are sponsored by the Student Christian council. The Iowa Christian fellowship will have charge of the first week of services. Those participating will be Sam Ling, G, Taipei, Formosa; Bill Malam, A3, Cedar Falls; Normajan Cochran, N2, Waterloo; Howard Anderson, A3, Des Moines, and Bill Howell, Iowa City.

DOCTOR'S MEETING ENDS

Physicians from all parts of Iowa joined with doctors from other states and from eight foreign countries in a scientific meeting on the eye which ended Friday at SUI. The program included participants from Sweden, Italy, Austria, England, Switzerland, the Netherlands, Germany and Belgium.

No Neglect Found In Fatal Accident

A Henry county coroner's jury Thursday night cleared all involved of blame in an auto accident September 12 in which four persons were killed including 2 Iowa City residents.

The three-man jury, meeting at Mt. Pleasant, found death to have been caused by the accident, and that there was no criminal negligence involved.

Killed in the accident were Mrs. Sarah McBroom, 49, and her son Tim, 14, both of Iowa City, her sister, Mrs. Irmil Youell, of Ft. Madison, and Mrs. Robert Myers of Donnellson.

A car driven by Milton Becker, 37, Mt. Pleasant, reportedly collided with the rear end of the vehicle in which the McBrooms and Mrs. Youell were riding. This collision reportedly knocked the McBroom car into the path of one driven by Mrs. Myers.

Injured in the collision were Myers and his two sons. Becker was uninjured.
