## \$1 Million SUI Appropriations Increase Asked

### Polish Escapee Tells Of Satellite Unrest

Talks to Newsmen After 8-Month Delay In Washington, D.C.

WASHINGTON (AP)—An escapee from behind the Iron Curtain, a top ranking Polish security officer, turned up in Washington Tuesday. He declared that resistance to Communist regimes is widespread throughout the Soviet satellite countries.

The official is Jozef Swiatlo, who was No. 2 man in Communist Poland's security program. The U.S. government had kept him secretly in Washington for eight months, and lifted the veil of secrecy only Tuesday. No one explained the delay.

The story brought into the open an account of the mysterious European disappearance five years ago of Noel and Hermann Field, American brothers, and Noel's wife, Herta.

Swiatlo, a stocky, ruddy-faced man of 39, spoke with newsmen at a far-ranging press conference at which he said:

1. Active revolt against the Communists in Iron Curtain countries is a virtual impossibility now because "the Red army is everywhere." But the United States "should do everything it can to bolster the spirit of resistance."

2. "There is a great movement for resistance" against the Moscow-directed Red leaders in Poland. This resistance shows up "among all classes." He said it was likely that a central body was organizing the resistance.

3. He fled Poland because of his "great ideological disappointments" with communism.

He answered questions freely through an interpreter, Jules A. Nowotny, of the library of congress. Much of the questioning was concentrated on the case of the Fields.

Noel Field, who worked for the State Department from 1926 to 1936, went to Czechoslovakia in May of 1949, subsequently disappearing from sight. His German-born wife, Herta, followed him, presumably to search for him. She, too, vanished.

Three months later, Hermann, a Cleveland architect, went to Poland hunting for his brother. He was last heard of when he went to the airport in Warsaw Aug. 12, 1949, preparing to fly to Prague.

The Field brothers were accused of spying for the United States. They denied it. Swiatlo said Tuesday that he thought they were Communist sympathizers but didn't know if they were party members.

At any rate, Swiatlo said they had told him they were not American intelligence agents. The former Red Polish leader said they helped Communist and non-Communist refugees to escape from Czechoslovakia through Germany into the Western world.

### Car in Which West Liberty Youth Died

THE CAR IN WHICH Charles Leroy Stewart, 19-year-old West Liberty youth, was killed Tuesday night, sits in front of an Iowa City garage following the accident. The car struck a telephone pole on the driver's side, caving in the door. Stewart was alone in the car. He was to be married Oct. 16.

### Swiatlo Discloses How Chief's Spree Let Him Escape

WASHINGTON (AP)—Jozef Swiatlo Tuesday credited his escape from Communist Poland to the fact that his security chief got so wrapped up in Western luxury items he forgot to keep an eye on him.

Swiatlo, former No. 2 man in Poland's security setup, related the fantastic set of circumstances that enabled him to escape last Dec. 5.

Swiatlo said he and his chief, Col. Anatol Fajgin, went to Berlin to discuss a certain document with the Russians. Swiatlo had been anxious to escape for some time, he said, but hadn't had any opportunity.

After making his report, Swiatlo said, he and Fajgin got on a subway and "landed accidentally in West Berlin."

"We didn't know we were in West Berlin," he said, "but we were intrigued by the beautiful stores stocked with so much merchandise."

When they went into the stores to make some purchases, they learned their Eastern marks were no good. "That's when I knew we were in West Germany."

Returned Next Day They went back to West Berlin the next day, "I intending to flee, he intending to buy the things he wanted."

Swiatlo said he walked into a booth and exchanged Eastern marks for Western marks.

"When Fajgin went in to change his marks, I fled." He went to Western military authorities seeking asylum.

"That," said Swiatlo, "is where I owe Col. Fajgin a debt of gratitude. For his liking of Western luxuries enabled me to flee."

### West Liberty Youth Killed In Car Crash East of City

Charles Leroy Stewart, 19, of West Liberty, was killed when his car left highway 6 east of Iowa City Tuesday night, 18 days before he was to be married.

The accident happened three miles east of the city limits about 7 p.m. Stewart was alone in the car.

Stewart's car reportedly shot off the left side of the slippery highway, went through a ditch, hit a telephone pole and ricocheted across the highway again, coming to rest in a ditch.

Stewart was traveling downhill at the time. Five highway deaths have occurred since 1948 within 500 feet of where the Stewart accident took place.

The fatality was the eighth auto death in Johnson county this year. Seven persons were killed in auto accidents in the county during 1953.

Stewart probably was killed outright, highway patrolmen said. He incurred multiple fractures and a head injury.

He was to be married to Miss Pat Theobald, Iowa City, Oct. 16. She is the daughter of Mr. and Mrs. William Theobald, 326 S. Johnson st.

Stewart was an employee of the State University of Iowa power plant.

He was born Dec. 13, 1934, the son of Mr. and Mrs. Samuel Stewart. The parents, three brothers and two sisters survive.

Funeral services are pending at Beckman's funeral home.

### French Fight For German Arms Limits

LONDON (AP)—France and her Western allies disagreed Tuesday night on how to prevent any runaway German rearmament. The question emerged as the key issue before the nine-power conference meeting to free and rearm West Germany in the Atlantic alliance.

French Premier Pierre Mendès-France called for a seven-nation European armaments authority to control the production and supply of weapons in West Germany, France, Holland, Belgium, Luxembourg and Italy. Britain would be an uncontrolled seventh partner.

German Chancellor Konrad Adenauer proposed instead that controls be exercised by the North Atlantic Treaty Organization over all of its continental European members. West Germany would become NATO's 15th member nation.

Dulles Backs Proposals Secretary of State John Foster Dulles and British Foreign Secretary Anthony Eden backed Adenauer's proposal. It appeared that support also would come from the other nations participating—Italy, Canada, Belgium, Holland and Luxembourg.

Although difficulties arose, key delegations voiced a cautious optimism that agreements in principle of freeing and rearming the West Germans would be reached this week.

Adenauer suggested giving NATO more powers to insure effective controls.

Conference informants said the French, invaded three times in three generations by German hordes, want the new German military buildup so strictly controlled that a superauthority would decide even where new German arms factories could be built.

A second French proposal threatened to snag the conference. Mendes-France said the French-German dispute over the Saar should be settled as part of a "package deal" that would include an agreement on arming West Germany. The rich coal and steel producing territory, German before World War II, has been a bone of contention between the two countries for generations.

Adenauer Tuesday offered the conference his own plan, calling for an end to nearly 10 years of occupation of his country by U.S., British, and French troops. He renewed the Bonn government's offer to join NATO and an enlarged Brussels alliance in order to contribute to Western defenses.

### Czechs Face Ouster From Money Fund

WASHINGTON (AP)—The 57-nation international monetary fund Tuesday provisionally expelled Czechoslovakia, its only Soviet bloc member, because the Czechs refuse to give the free world a peek behind the Iron Curtain.

The Czechs have already been suspended from the monetary fund's sister organization, the World Bank, for failure to pay the required portion of its capital subscription.

Secretary George M. Humphrey, who is U.S. governor on the boards of both the bank and the fund, sparked the ouster action, and was responsible for throwing the record open to the public Tuesday.

The fund's governors put the Czechs on the skids Tuesday by approving a resolution of the fund's executive directors to oust the Czechs from the fund unless, by Dec. 31, they supply information required of all members on their national income, foreign trade, and similar economic data.

The Czechs have refused to open this informational window through the Iron Curtain, where economic statistics are closely guarded secrets.

Dec. 31 is also the deadline for the Czechs to pay up in the bank, or be finally expelled.

The Red nation will therefore be automatically ousted from both institutions on Jan. 1 unless it reverses its position in the next three months.

### Hearing Scheduled On Sewer Project

The city council will hold a public hearing tonight on \$30,138 worth of proposed storm sewer improvements in Iowa City additions.

The improvements have been proposed for four additions.

The additions and project costs: College court and Adrian addition, \$11,260.05; Sunnyside addition, \$8,174.80; C. R. Regan addition, \$6,949.60, and Bel-Air addition, \$3,753.55.

The council also will set a date for bids on resurfacing materials for two city street projects.

The projects and estimated costs: Iowa avenue-highway 6 intersection, \$7,000, and Church street project, \$2,000.

The meeting will begin at 7 p.m. in the city council chambers.

### LIFE SPAN INCREASED

The average length of life for U. S. industrial workers reached an all time high of 68.9 years in 1953.

### Board of Education Requests \$8.2 Million for 1955-57

The state board of education Tuesday filed with the state comptroller the budget report for SUI indicating that the board would request an annual appropriation of \$8,214,038 for support of the educational programs of the university for the 1955-57 biennium.

This figure is \$279,975 higher than a similar request made by Iowa State college last week.

The recommended appropriation would be larger by \$1,027,038 than the current appropriation for educational programs, representing about a 14.3 per cent increase. The annual appropriation for the 1954-55 biennium for educational programs was \$7,187,000.

The appropriation recommended by the state board of education would constitute the chief support for an annual operating budget for SUI's educational programs of \$9,888,838, as compared with the annual budget for the current year (1954-55) of \$8,776,004 for this purpose. Income, other than from the appropriations, which will also support the educational programs will be derived from tuitions and fees—\$1,584,800 (includes \$445,200 to be realized from increases in tuitions and fees effective in the fall of 1955 and from increased enrollment); U.S. government contracts overhead—\$40,000; and other income—\$50,000. The above income figures are estimated annual averages.

Added Mortuary Science Approximately \$23,500 of the recommended increase will be devoted to the establishment of a new program to meet an urgent demand in the state. The new three-year program in mortuary science will be the only such program in Iowa and will meet the requirements set forth in an act of the 55th general assembly requiring (after 1955) two years of college work for students desiring to study mortuary science. An enrollment of from 15 to 25 students is expected annually.

The remainder of the increase will be devoted to boosting the contingency account by \$108,184 annually to meet emergencies and unforeseen needs; \$12,850 annually for the operation of new buildings to come into use during the biennium; \$450,000 annually for salary and wage adjustments (on a merit basis) to meet heavy competition for faculty from other institutions, government and industry; \$275,000 annually for research and the graduate college; and \$243,300 annually for additional staff and general expense to meet the demands of an enrollment already increasing at a rate beyond expectations.

Included in the increases for additional staff and general expense is \$93,000 annually for the college of liberal arts, \$48,000 of which is to provide salaries for staff to teach expanding enrollment and \$15,000 for increases in general expense related to higher enrollment. An additional \$30,000 annually will provide staff primarily for graduate work. The graduate college does not have a salary budget, but graduate teaching is done by the faculties of the other colleges with the heaviest burden falling on the faculty of the college of liberal arts.

Commerce Increase Seen Other additions to staff and general expense will provide for increased enrollment in the college of commerce which is expected to be the university's fastest growing college; for the addition of a professor of higher education and a modest expansion of the elementary teaching program, both in the college of education; for the expansion of pharmaceutical chemistry and the strengthening of graduate work in pharmacy; for the maintenance of two programs in nursing formerly financed with outside funds, psychiatric nursing and nursing service administration, and to meet the costs of a class of approximately 100 students annually in public health nursing beginning with the 1955-56 school year; the addition of one professor to offset losses to the staff of the college of engineering from resignations and retirement; provision for additional staff in the college of medicine particularly in those areas which provide a teaching service for the entire university, and provision for additions to the salary account in the college of law.

\$25,000 of the increase for research.

(Continued on Page 2)

Sen. Pat McCarran Collapses at Rally

HAWTHORNE, Nev. (AP)—Sen. Pat McCarran (D-Nev.) collapsed and died Tuesday night while addressing a Democratic rally. McCarran, 78, had been in the senate 20 years.

BULLETIN

3-State Search Fails To Locate Sioux City Boy

SIoux CITY (AP)—An all-day search into parts of three midwest states for a trace of Jimmie Bremmer, 8, who vanished mysteriously from his Sioux City home a month ago, was concluded at sundown Tuesday.

The outcome of volunteer efforts of Boy Scouts, soldiers, businessmen and housewives was briefly summed up by Asst. Police Chief Russell White: "Nothing new."

Harry Gibbons, chief of detectives, said there is no plan to continue an organized search for the missing son of Mr. and Mrs. Joseph Bremmer.

White said more than 100 telephone calls were received from persons during the day giving information about the boy. He said each lad will be checked out today by police and national guardsmen.

Police called it the greatest hunt in Sioux City history. It encompassed portions of adjoining Nebraska and South Dakota. Boy It was about 8 p.m. on Aug. 31 that Jimmie, bare-waisted above his blue jeans, bid goodnight to his pal Steve Counterman and walked off in the gathering dusk toward the Bremmer home a few yards away.

Jimmie's distraught parents are convinced he was abducted but no ransom note nor any other clue has come to them.

Nationalists Receive More Ammunition

CHINESE NATIONALIST SOLDIERS unload big shells from supply ships from Formosa as the "vest pocket war" with the Chinese Communists on the nearby China mainland continues. Large supplies of U.S. arms have been sent to the tiny island guarding Formosa since warfare with the Reds was stepped up early this month.

### World News Briefs

A Condensation of Late Developments

Divers Recover Casualties in Ferry Disaster HAKODATE, Japan (Wednesday) (AP)—Japanese divers today brought up the first of possibly 40 American bodies from the murky interior of the capsized ferry Toya Maru as they continued their probe of the huge overturned hulk. Hundreds of bodies were entombed in the inner compartments of the ship. The death toll was figured at well over 1,000. The first American body recovered was tentatively identified as that of Cpl. Richard A. Heroff, St. Paul, Minn. Heroff's name was on papers found on the body. The U.S. army has listed Heroff as missing in the wreck.

Pro-Segregation School Boycott Continues MILFORD, Del. (AP)—Only a third of the 1,562 pupils enrolled at Milford's formerly all-white school showed up Tuesday on the second day of a boycott against the end of racial segregation. Meanwhile, there were signs that a boycott against enforcing the supreme court's integration ruling may be spreading to other southern Delaware communities.

Egyptian Gunboat Seizes Israeli Freighter CAIRO, Egypt (AP)—An Egyptian gunboat seized a small Israeli freighter Tuesday as it tried to run Egypt's blockade on Israeli shipping through the Suez canal. Egypt charged the vessel, using small automatic weapons, fired without provocation on a cluster of Egyptian fishing boats, killing three persons. Israeli government spokesmen in Jerusalem quickly denied the charges and said the vessel was unarmed. They accused Egypt of violating international agreements permitting free passage of all ships through the Suez.

Lawyer's Institute Set for Oct. 1, 2 Some 200 Iowa attorneys are expected to participate in the Legal Institute of SUI Friday and Saturday, according to Dean Mason Ladd of the Iowa college of law.

Their program includes study lessons on wills, trusts, and automobile accident cases, attendance at the Iowa-Montana football game, and the opportunity to meet and hear Joseph N. Welch, Iowa-born attorney who recently achieved national renown as special counsel in the Army-McCarthy hearings.

Welch will deliver the fourth John F. Murray Memorial lecture Friday at 8 p.m. on the topic "Senate Hearings." Under the provisions of the will of Mrs. Bessie Dutton Murray, Wheatland, the Murray lectures are jointly sponsored by the SUI colleges of law and commerce and the school of journalism.

### GOP Chief Says McCarthy Battle Won't Affect Voting

WASHINGTON (AP)—The chairman of the Republican national committee said Tuesday the battle raging around Sen. Joseph McCarthy (R-Wis.) will have no effect on the November elections and added: "The American people are sick and tired of the whole situation."

GOP chief Leonard W. Hall gave this estimate while answering questions after a National Press club luncheon.

One of McCarthy's friends, Sen. William F. Jenner (R-Ind.) said that when the senate considers a censure vote against the Wisconsin Republican it must remember that the Communists are out to discredit McCarthy and undermine congressional investigating committees.

Jenner said he would have more to say "on this important" subject when the senate begins debating a special committee's recommendation that McCarthy be rebuked publicly and officially for some of his actions. All signs point to a pitched battle on the senate floor over the censure question. The senate will convene Nov. 8, six days after the congressional elections, to begin the debate.

Sen. Thomas C. Hennings (D-Mo.) told newsmen Tuesday, in answer to a question, that he had heard talk before congress recessed last month that some censure resolutions against another senator or senators might be introduced to counter the one aimed at McCarthy.

Another senator, who declined use of his name, also told a reporter that he had heard that other censure resolutions might be introduced at the senate session starting Nov. 8.

### Iowa City Taxes Increase 2 Mills

A tax bill of \$1,356,671 will be presented to Iowa City property owners, the Johnson county auditor's office said Tuesday, in announcing the 1954 city tax rate at 67.96 mills—an increase of two mills over last year.

The city levy means that property owners will pay a levy of \$67.96 for each \$1,000 of assessed valuation.

Largest levy on Iowa City property owners will be in support of the Iowa City independent school district—\$757,772.

City government will skim \$552,893 off the tax bill and Johnson county is levying \$191,417 against Iowa City.

The city's share of county expense is \$191,417 out of \$809,383 sought from taxation.

The county assessor's office will get \$22,572 and the county board of education \$23,500. The remaining \$775,170, plus \$11,868 in taxes on money and credit, will go to county road and other funds.

Public safety will take the largest portion of the tax funds from the city government levy, while the school's general fund takes the largest part of public money of any fund supported by city taxpayers.

Public safety will take the largest portion of the tax funds from the city government levy, while the school's general fund takes the largest part of public money of any fund supported by city taxpayers.

# Budget Increase Asked for SUI —

(Continued from Page 1)

search will be devoted to the field of gerontology (the problems of an aging population); \$150,000 annually will be devoted to the increasingly important area of graduate study and research. The Graduate college is in a large part the medium for professional education in the newer specialties such as speech pathology and clinical psychology; and \$100,000 annually has been recommended by the board for support of medical research supplementing funds provided through the Medical compensation plan for the college's broad and important research program in human medicine.

The state board of education also recommended that appropriations be made for the university's funds for repairs, replacements, alterations and equipment totaling \$847,500 annually. Also filed with the state comptroller Thursday by the state board of education were the board's recommendations for appropriations for the Lakeside Laboratory and for the four health service organizations which are a part of the university's health center; University hospitals, Psychopathic hospital, State Bacteriological laboratory and the hospital-school for severely handicapped children.

**Increase Hospitals Funds**  
The board recommended an appropriation for University hospitals of \$3,958,500, an increase of \$323,300 (about 9 per cent) over the appropriation for the current year of \$3,635,200.

Cited as the most recent development in the operation of University hospitals by Board Secretary David A. Dancer is the increased demand for the admission of referred cases from Iowa doctors.

The board of education also recommended the appropriation of \$166,000 annually for repairs, replacements and alterations and \$184,000 annually for equipment for University hospitals. \$197,500 was appropriated annually for these purposes for the current biennium. In addition an unallocated balance in operations of about \$117,000 was transferred during the biennium for these purposes.

The important teaching, research and service work of the Psychopathic hospital will require an appropriation of \$421,586 annually according to the board's recommendation.

**Laboratory Increase**  
An annual appropriation increase for operation of the State Bacteriological laboratory was recommended by the state board of education in the amount of \$18,281 over the current appropriation required for continuing existing programs of \$188,300. The board is recommending an appropriation of \$206,581, and \$17,500 annually for repairs, replacements, alterations, and equipment for the laboratory.

Pointing out that the only source of support for the program of the hospital-school for severely handicapped children is appropriated funds, the board of education recommended the appropriation of \$415,550 annually as against \$298,900 annually for the current biennium, an increase of \$121,650; and the appropriation of \$20,000 annually for R. R. & E. — \$5,000 annually for repairs, replacements and alterations and \$15,000 annually for equipment.

An appropriation of \$3,500 for repairs, replacements, altera-

tions and equipment was requested by the board of education for the Lakeside laboratory at Lake Okoboji. No funds for operations were requested inasmuch as the laboratory is operated with funds provided jointly through the programs of the public and private institutions of the state. The laboratory is considered a highly valuable adjunct to the teaching program of the university and the participating institutions.

**List 10 Projects**  
Listing 10 specific projects in need of speedy accomplishment on campus, the board of education recommended that the 56th general assembly appropriate for capital improvements at the university the sum of \$4,340,000 for the biennium. Iowa State college requested \$4,343,500 for capital improvements.

The list of projects and estimated needs for their accomplishment is as follows:

1. Television, no amount estimated.
2. Music — to adapt and equip an existing building (Eastlawn), \$100,000.
3. Macbride auditorium — rehabilitation, 110,000.
4. Laundry (building and equipment), 150,000.
5. Law Annex (and equipment), 500,000.
6. Utilities, 950,000.
7. Pharmacy (building and equipment), 1,200,000.
8. Library (additions and equipment), 1,200,000.
9. Remodeling vacated space and land purchases with campus boundaries, 100,000.
10. Lakeside Laboratory Improvements, 30,000.

Total, \$4,340,000. In support of the recommendation the board mentioned that the university now has 65,360 square feet of floor space in 39 temporary structures in use for classrooms and offices. Other uses employ an additional 17,120 square feet in temporary buildings.

**No TV Figure**  
In listing the capital needs for television without recommending a figure the board pointed out that the legislature had not appropriated for this purpose before and that no specific figure was recommended in the absence of an affirmative policy on educational television. At the same time the belief in the importance of educational television on a network basis with special emphasis on its possible relation to impending teacher shortages in schools and colleges was reaffirmed by the board.

Listing the need for space for 500 additional practice hours daily, for six additional teaching studios, four additional classrooms, listening rooms for recorded music, space for books and music scores and space for choral materials, the board urged the conversion of Eastlawn dormitory (once the university nurses home) to music as the best interim solution for the pressing problems for music space.

The rehabilitation of Macbride auditorium was recommended as an urgent need in view of the fact that the university has no auditorium that will seat an audience of more than 500 in any degree of convenience or comfort. Macbride auditorium has a permanent seating capacity of 1,000 and can be developed into a good, though small, auditorium by air-conditioning

and providing floor alterations and new seating.

**Propose New Laundry**  
The proposed laundry building will replace an old laundry originally converted from the power plant of the old University hospitals on the extreme east edge of the campus. Inefficiencies in getting steam, water, and electricity to the laundry are costly. The proposed new laundry which services hospitals and dormitories as well as the general university will be located near the present university power plant.

A ten-year program for capital improvements proposed for the university in 1944 listed the need for a new law classroom and library building. This was not realized, and the board's recommendation for a law annex building is designed to relieve a crowded condition in the college of law. The annex would be constructed, according to the board, so that the building could be adapted to other educational purposes once the long-range plan for the college of law becomes a fact.

The board recommended the expenditure of \$950,000 annually for a water reservoir, piping and pumping equipment, to extend low pressure exhaust steam lines and thereby fully utilize steam for heating purposes and for a new electrical generator-turbine.

**Pharmacy Has Expanded**

The college of pharmacy, now located in the Chemistry-Pharmacy-Botany building has expanded in recent years into 6,750 square feet of temporary space in temporary structures. Its present space was designed for 85 students and it now is forced to accommodate 171 undergraduate students and 14 graduate students in pharmaceutical sciences. The pharmaceutical manufacturing laboratory which manufactures more than 100 tons of pharmaceuticals annually, 381 products in 41 classifications, for use by the hospitals and the general university is housed in temporary space constituting some hazard. The proposed new building would provide underground storage rooms for inflammable and dangerous chemicals involved. The new pharmacy structure, it is planned, will be located on the west campus as part of the long-range development of the Iowa health center.

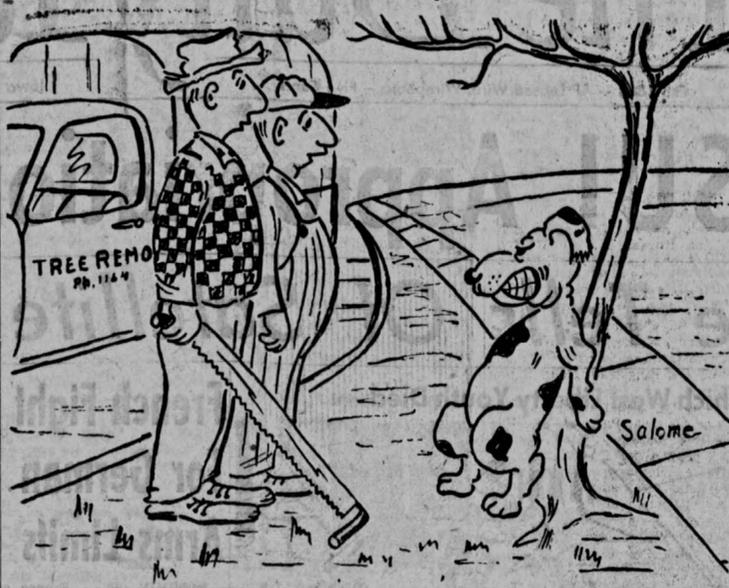

Legislative requests for Iowa State Teachers college have not yet been submitted to the legislature.

**Plan Library Addition**  
The university's unique and now much-copied library is built on a modular plan. The recommended appropriation would add 51 modules to the building which was reduced in plan when the first unit was constructed for lack of sufficient funds. The addition will bring the library to an educational efficiency not now possible and will provide for rapidly accumulating new materials and books necessary to the university's work. The addition would also make it possible to house in the library, near the source materials needed in their work, several departments and service units of the university now housed in temporary barracks. Examples would be portions of the English department, the bureau of business and economic research, and the school of social work. The funds requested would also provide for the air-conditioning of the Shambaugh lecture hall in the library. Original plans had called for the air-conditioning of the entire structure, but funds would not permit the accomplishment of this highly desirable feature.

The board's recommendation of \$100,000 for remodeling vacated space is in line with the university's policy of converting vacated space for the use of adjacent crowded areas.

The \$30,000 capital request for the Lakeside laboratory, the board explained, will be used to replace old, dilapidated cabins with three four-cottage units each under one roof, to construct a center for study, recreation, conferences and institutes at the laboratory for which the library must now be used thus depriving students of its use during conferences, and for enlarging the bathhouse and toilet facilities on the laboratory grounds.

## Around Campus

# Formosa Allows Dulles To Form Definite Policy With Communists

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The most dangerous stretch of water on earth today is the 100-mile-wide Formosa Strait. World War III could begin there at any time. The United States has decided to fight if the Chinese Reds try to carry out their threat and move across the strait to invade Formosa. This is one place where U.S. policy toward Red China is precise and definite and final. Significantly it is also one place where U.S. policy requires no cooperation from Britain, France or other allies.

No problem of relations with a foreign country has disrupted as many false starts in policy-making and has defied a conclusive solution. There still is no solution in sight today. Successive American administrations have been better able to define and spotlight the errors of the past than to foresee and avoid the perils of the future.

**U.S. Action**

Today Secretary of State John Foster Dulles, who has masterminded much of U.S. diplomacy in recent years, is following a middle of the road course which avoids either of the two extremes of offensive action or appeasement to the extent that is possible. But it also provides no assurance of a final acceptable solution of the China problem and this seems to be a source of difficulty for the U.S. in getting effective support and cooperation from its allies.

The present over-all policy of Washington toward the ambitious, aggressive and ruthless young regime in Peiping can be summed up as: hold the line and play for the breaks.

The Southeast Asian security pact, carried forward in the Manila conference, is an effort to build one more defensive position on the rim of Communist power in Asia. The U.S. already has defensive arrangements with Korea, Japan and the Philippines.

**Red China Warned**

It has warned Red China against the dangers of arousing American wrath by reckless adventuring at the cost of peace and security anywhere in Asia. That, at least was what Dulles was trying to accomplish by declaring early this year the threat of massive retaliation if the Reds in China go to war again.

The hold-the-line policy — which under the Truman administration would have been known as the containment policy — has its political and economic aspects. These are the aspects that currently are making most trouble between the U.S. and its allies. The problem of Red China's political relations seems likely to become acute in the session of

the UN general assembly opening a week from now.

Holding the line on the political side means denying recognition to the Chinese Communists and, as far as possible, isolating them from normal diplomatic contacts with other nations. This is becoming increasingly difficult.

**1950 Recognition**

Britain recognized Red China in 1950, a month after China's Nationalist government had fled to Formosa. Many other nations have followed suit. Britain so far has avoided the logical consequence of its recognition policy — backing Red China to succeed Nationalist China in the UN — by a series of stalls. These were made possible by the fact that until a year ago Red China was at war with the UN membership in Korea.

In the forthcoming assembly session, however, Russia will plead the case of Communist China, which — like the Soviet Union itself — has been making the motions of peace and dispensing good will on all sides — except toward the U.S. — for many months. It will be harder for Dulles to hold the line against Red Chinese membership than it was for Secretary of State Dean Acheson in former years.

On the economic side, the U.S. and its allies are as divided as they are over the political issue of recognition and UN membership. American officials say the major purpose of the U.S. in the economic field is to deny China access to raw materials or goods which would build up the Chinese economy and strengthen the power of the Communist government. To this end the U.S. wants to maintain its complete embargo on trade with Communist China.

**British Trade**

Britain, however, is loosening trade restrictions with the whole Communist bloc of nations. The pressures through Western Europe favor greater trade with the Reds everywhere. The American policy of economic isolation of Red China will be no more effective than the policy of diplomatic quarantine unless means can be found to get the Allied nations to cooperate.

Cooperation in the field of defense is less difficult but often comes reluctantly from friendly governments. Secretary Dulles, in an urgent effort to strengthen the French position in Indochina before last spring's Geneva peace conference, called for creation of

a collective defense in Southeast Asia.

But it took more than three months for Britain to agree to help form the united front. Meanwhile British Foreign Minister Mendès-France, succeeded in ending the Indochina war by a compromise which the U.S. deplored but accepted.

Britain's conduct in these maneuvers was reportedly motivated in large part by fear that the U.S. was moving toward a new involvement in war in Asia. Such fear appeared to be the specific expression of a deeper and broader British fear that the U.S. may do something that will set off World War III.

**Mendès-France Demands**

There was already suspicion that Mendès-France was inserting one new demand after another into French proposals for European defense with the idea of staving off German rearmament rather than getting an agreement.

The other nations have been

## Interpreting the News

By J. M. ROBERTS JR.  
Associated Press News Analyst

Displays of softness toward communism in both Britain and France are playing a hardly visible yet highly important role in the London conference on German rearmament.

As the conference opened, the British Labor party approved German rearmament by a very small majority and only after Clement Attlee had made it a test of his leadership.

This comes after a series of statements by Attlee and Aneurin Bevan, the party's left-wing leader, following a trip to Russia and Red China, criticizing Western policy and giving aid and comfort to the Reds.

**Foreign Ministers Wonder**

The foreign ministers cannot help but wonder what would happen to any agreement they may make if the Labor party should come into power in Britain, and there should be only a slight shift toward what is now the minority opinion led by Bevan. He proposed a complete ban on German rearmament, and got 2,910,000 of the 6,191,000 votes, very close to half.

In France, Premier Mendès-France has been charged with softness, and been vigorously defended. But a scandal involving national security, with revelation that the Communists have been informed of proceedings in the National Defense Council comprised of ministers and generals, does nothing to enhance his standing in London. If nothing else, the mere fact that a political storm will now rage around his government is enough to prove unsettling at the conference.

**Mendès-France Demands**

There was already suspicion that Mendès-France was inserting one new demand after another into French proposals for European defense with the idea of staving off German rearmament rather than getting an agreement.

The other nations have been

willing to discount this for the most part pending the proof of his pudding in London.

His latest step, however, in seeking to include the Saar problem in a package deal embracing German sovereignty and rearmament, was immediately estimated in London as an effort to establish a bargaining point rather than a matter of substance, and hence as another delay.

**Brussels Treaty**

Germany has agreed to "Europeanization" of the Saar under the Council of Europe. Mendès-France now is asking that it come under the Brussels treaty organization into which the ministers are considering incorporation of West Germany and Italy. All of these things are bound to play their parts in the extremely conservative American estimate of the prospects for success at London.

## Lie Detectors Begin To Replace 'Mom' Among Army Troops

WASHINGTON (AP)—All over the world, complicated machines today are making lie Mom—and the discipline she imposed—for the U.S. army.

They are lie detectors, and Maj. Gen. William H. Maglin, provost marshal general, says their job boils down to what Mom used to do much better.

"She was the original lie detector, and a good one," the general said, "Remember how she used to call you in and question you? And how she noticed when your face flushed and you began to sweat?"

"That's all a lie detector really does. It measures mechanically the responses Mom used to size up with her eye."

## GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in the Communications Center. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person.

**ALL UNIVERSITY MEN**  
students who wish to make use of the fieldhouse north gymnasium on Saturday afternoons must present their identification cards at the gymnasium entrance from the men's locker room.

**THE UNIVERSITY COOPERATIVE**  
baby-sitting league book will be in charge of Marilyn Madsen from Sept. 20 to Oct. 4. Telephone her at 6533 if information about joining the group is desired.

**RHODES SCHOLARSHIPS**  
for study at Oxford are open to unmarried men students in any field who have completed two or more years of college. Nominations for next year will be made in mid-October. Prospective candidates should confer at once with S. R. Dunlap, 101-J University hall, telephone 7600 or x2236.

**HOURS FOR THE MAIN LIBRARY**  
Monday through Friday, 8:30 a.m.-12 midnight  
Saturday, 8:30 a.m.-5 p.m.  
Sunday, 2 p.m.-12 midnight  
The main library will close at 12 noon on the following Saturdays: Sept. 25, Oct. 2, Oct. 30, Nov. 6, and Nov. 20. Departmental libraries will post their hours on the doors.

**PH.D. FRENCH READING**  
examination will be given Friday, Oct. 8, in room 221A, Schaeffer hall from 3 to 5 p.m. Only those who have signed the sheet posted outside 307 Schaeffer hall before Thursday, Oct. 7 will be admitted to the examination. The next examination will be given at the end of the current semester.

**THE CATHOLIC DISCUSSION**  
group will hold an organization meeting Thursday night, September 30, at 8 p.m. in the Catholic Student Center, 108 McLean st. Refreshments will be served after the meeting.

**WSUI WILL HOLD MEETINGS**  
Thursday, Sept. 30, for all students interested in radio work and joining the staff of WSUI. Interested students may attend either meeting to be held in Building E of the Engineering Building. The meetings will start at 7:30 p.m.

**THE WRA FALL OPEN-HOUSE**  
for new and old students will be held 3-5 p.m. Thursday, Sept. 30, in the social room of the women's gym.

**NEWMAN CLUB WILL INSTITUTE**  
new members at a formal ceremony Sunday, Oct. 3, in St. Thomas More chapel at 5:30 p.m. Supper will be served at the Student Center at 8 p.m. A social evening will follow. Those stu-

dents who have not been officially received into the club are asked to attend the initiation. Girls desiring transportation are asked to meet in the south lobby of Currier hall at 5 p.m.

**RALPH MARIETTES BAND**

will meet Wednesday, Oct. 6, in 105 Macbride hall, at 7:30 p.m. There will be a coffee hour and election of colloquium officers. All persons planning to participate in colloquium activities this year are urged to attend.

**THE ZOOLOGY SEMINAR**  
will meet Friday, Oct. 1, at 4:10 p.m. in room 201, Zoology building. The speaker will be Prof. Gordon Marsh of the SUI zoology department. His subject will be "The effect of transverse electrical fields on the polarity of regenerating *Dugesia tigrina*."

**THE IOWA MOUNTAINEERS**  
will have a one-day climbing and hiking outing at the Mississippi Palisades on Sunday, Oct. 3. Members are asked to meet at the clubhouse at 7 a.m., bringing a trail lunch and evening picnic lunch. The fee is \$2.50.

payable at Wilson Sporting Goods. The leader is Mickey Thomas, phone 2626 or 5753.

**A WEIGHT TRAINING CLUB**  
will be organized at a meeting in room 200 at the field house on Thursday, Sept. 30, at 4 p.m. Men interested in the organization are invited to attend.

**INTRAMURAL MANAGERS**  
of all organizations (Hillcrest, married students, professional fraternities, quadrate, social fraternities, small dormitories and town) will meet at 4:30 p.m. Wednesday, Sept. 29, in room 200 at the field house to organize the fall intramural sports program.

**THE REGULAR PLAY**  
nights for faculty, staff, students and their wives will be held at the field house each Tuesday and Friday night from 7:30 to 9:30, unless a home varsity contest is scheduled.

**THE FIRST FAMILY NIGHT**  
at the field house will be held Wednesday, Sept. 29, for students, staff, faculty, their wives and families from 7:15 to 9:15.

**THE D.S.F. WILL MEET SUNDAY**  
Oct. 3, at the Disciples Student center, 217 E. Iowa ave. for a freshman panel discussion on the topic "What Will College Do to Your Religion?" There will be a supper at 5 p.m., followed by a short worship service. Following the program there will be planned recreation until 7 p.m. Everyone is invited to attend.

**ALL BASIC ARMY AND AIR FORCE ROTC**  
students are invited to a smoker given by Bershing Rifles, national honorary military fraternity, Wednesday, Sept. 29, at 7:30 p.m. in the armory. Refreshments will be served.

**WESLEY FOUNDATION**  
will serve a pancake supper, Friday, Oct. 1, 5:30-7 p.m. The movie, "How Green Was My Valley," will be shown following the supper.

**Bus Driver Plays 'Good Samaritan'**

DAMASCUS, Syria (AP) — A bus had to travel at a donkey's pace to save a Syrian from wolves recently.

On the road from Damascus to Beirut, a pack on a donkey stopped the bus and asked for protection. The pack of wolves which had been on his trail. The driver offered to take the man aboard, but the bus couldn't accommodate the donkey.

To save them, the bus joggled along as slowly as the donkey trotted. After several miles, the man and his donkey reached home.

## Director of Religious Activity At SUI To Help Write Book

Robert S. Michaelsen, director of the campus religious activities at SUI, will be one of eight co-authors of a book "The Christian Ministry in History" to be published in 1956.

Designed to furnish background for discussion of problems of present day ministers, the forthcoming book is part of a study of American theological education financed by the Carnegie Corporation. H. Richard Niebuhr, Yale divinity school professor and director of the Carnegie survey, is in charge of arrangements for preparing the symposium volume.

Michaelsen's contribution to the book is to be a 15,000-word chapter tentatively entitled, "The

Development of the Protestant Ministry During the Period of the Industrial and Popular Revolutions (19th and 20th Centuries)."

Questions upon which the book is anticipated to throw some light, Michaelsen explains, include: How new types of ministries have developed in various periods to meet special challenges? How men have been prepared for the ministry at various times? What have been the relationships of ministers to members of other professions? How theological educators can become more aware of the significance of the problems they currently face?

The \$30,000 capital request for the Lakeside laboratory, the board explained, will be used to replace old, dilapidated cabins with three four-cottage units each under one roof, to construct a center for study, recreation, conferences and institutes at the laboratory for which the library must now be used thus depriving students of its use during conferences, and for enlarging the bathhouse and toilet facilities on the laboratory grounds.

 Peg Milota, A4, Davenport, Kappa Alpha Theta, to Dick Wells, L3, Davenport, Phi Delta Phi.

**Cosmetic Ideas Should Be Tried This Season**  
 Fall fashions this year call for cosmetics that are velvety soft. Light tones and shades should be in keeping with the new fall styles.  
 It is important that the skin have an appearance of freshness. A delicately tinted foundation can be used under a very light powder to obtain the best results.  
 Naturally shaped eyebrows can be acquired by very careful and clever application with an eyebrow pencil. Be sure to keep the trend toward naturalness in mind.  
 Eye mascara in two different shades of the same color is the latest makeup hint. Beautiful eyes with neatly brushed darkened eyelashes improve the appearance of every coed.  
 Eyelashes can be romantically sprinkled with "star-dust" as well as the eye lids and the brows. A bit of nap from velvet ribbon can be scraped from the ribbon and applied to the eye lashes along with mascara.  
 Put more water in the mascara than ordinarily and brush on the nap with the mascara until you get the desired results. This gives the appearance of longer, more velvety eyelashes for the most special occasions.  
 You're the glowing picture of health with a touch of rouge high on the cheekbones and exquisitely blended in. Winter causes rosy cheeks so a small amount will be all that is needed.  
 Whether your lipstick is a pastel pink, a ruby red, or a blue flame, the natural line that is followed very closely is by far the most attractive.  
 A hint of fragrance as you walk into a room is important to good grooming. For just the right amount try a few drops on the wrist, the neck and the temples. Keep it sweet and natural.

**New President**  
 Tom Hunn

Tom Hunn, A4, Iowa City, was recently elected president of Delta Upsilon social fraternity.  
 Bob Landess, A2, Des Moines, was elected corresponding secretary. Newly appointed officers include Ron Dowd, A2, Vinton, rushing chairman, and Tom Olfenburger, A3, Shenandoah, activities chairman.

**Alpha Chi Omega Pledges Choose New Officers**  
 Alyce Harrington, A2, Maquoketa, was elected president of the Alpha Chi Omega social sorority pledge class at a meeting held Monday evening.  
 Other officers include Bill Cass, A3, Waterloo, vice-president; Dick Whitney, P1, Benwick, social chairman; Frank Turner, A1, Davenport, secretary, and James Weiss, A1, Schaller, treasurer.

**DU Pledge Class Elects Officers**  
 Art Douglas, A1, Cresco, was elected president of the Delta Upsilon pledge class at an election held Monday evening.  
 Other officers include Bill Cass, A3, Waterloo, vice-president; Dick Whitney, P1, Benwick, social chairman; Frank Turner, A1, Davenport, secretary, and James Weiss, A1, Schaller, treasurer.

## These Stars Won't Get Hollywood Contract

PARIS (AP) — Thousands of new stars made their movie debut recently but they will never go to Hollywood.  
 The film was made at the Paris observatory through a powerful telescope beamed on the center of the milky way.  
 Andre Danjon, director of the observatory, said the stars had never been noticed before.

## NOW! Economical Home Linen Service

#### World Series Has Its 'Hall of Blame'

By SYD KRONISH  
AP Sports Writer

Big Hugh Casey leaned forward on the pitching mound. He nodded as he received his sign from catcher Mickey Owen. At the plate Tommy Henrich waited nervously. This could be the last pitch of the ball game.

It was the ninth inning, two were out, nobody on base. The Dodgers led the Yankees, 4-3, and were set to tie the 1941 Series at two games apiece.

Casey reared back and threw a wicked curve. Henrich swung and missed for strike three. But the ball got away from Owen and rolled all the way to the backstop. Henrich scampered to first base safely.

#### Yanks Blast Away

This glaring error was followed by a barrage of hits by DiMaggio, Keller, Gordon and Dickey. The Yanks scored four times and won the game, 7-4.

That was 1941. Now as another World Series is ready to hit the sports headlines, the stars and the goats of former post-season classics—like ghosts on Halloween night—seem to be flying overhead as if to warn the players of 1954.

Back in the 1907 Series, catcher Charley Schmidt of the Detroit Tigers also missed catching a third strike and this enabled the Chicago Cubs to tie the score. The Cubs went on to win the Series.

In 1909 the "horns" were accorded to first baseman Bill Abstein of the Pittsburgh Pirates. He struck out nine times and dropped five thrown balls for errors.

#### Giants Pull Boner

Centerfielder Fred Snodgrass of the New York Giants in 1910 dropped an easy fly in the 10th inning, thus allowing the tying and winning runs to score. It was the final game of the Series and provided victory for the Boston Red Sox.

In 1917 another Giant figured in a memorable play. Heinie Zimmerman chased Eddie Collins of the Philadelphia Athletics across home plate with the decisive run in the final game. Few people mention, however, that the hapless Zimmerman had no alternative. Home plate was left uncovered. But he won his horned wings and a place in the Hall of Blame.

Will there be one or more goats in the upcoming series or will this one be devoid of reverse heroes?

Only the goblins, genies and goat-tenders know.

#### WHITNEY MARTIN'S

### Sports Trail

NEW YORK (AP)—The past few years it has been easy to pick the winner of the World Series. All you had to do was to select the team the Yankees were playing, and you could be sure the Yankees would win.

This year the Yankees are off in a corner brooding over the fact they won 103 games and finished 8 games out of first place. Their absence from the series picture presents a problem.

Maybe it would be logical to pick against the Yankee stand-ins, the Cleveland Indians, to assure another American league victory, but somehow we have the hunch that system won't work this year. We're picking the Giants, all right, but we think they will go six or seven games to win.

#### Giants Do Unexpected

It's just that Leo Durocher's club has been doing the unexpected all year, pulling games out of the fire in the late innings, getting the long ball at the most opportune times, coming up with the defensive play that breaks the back of the opposition.

It doesn't seem reasonable they should abruptly cease to function in this manner, although it is admitted a World Series does strange things to ball players. There is so much at stake financially that every ball seems to be a dollar sign, and it's always hard to hang onto a dollar, or make it go far.

We are duly impressed with the fact the Indians won 111 games, and are aware their pitching staff is practically a bottomless pit, although in a series it isn't so much the depth that counts. It's the quality, and you can't deny the quality of Bob Lemon, and Early Wynn, and Mike Garcia, and Bob Feller.

But we do think the Giants have been toughened by stouter competition this year, as any club, down to the supposedly futile Pirates, packed the power to knock over any other team on occasion. The American league had a three-club first division, and the other five clubs just made the customary eight.

#### Mays May Star

All other things being equal, it often is one man who is the difference in a series, and we believe the Giants have that man. He's Willie Mays. This year he led the league with .345 and hit 41 home runs.

This is a peculiar series in that the rivals know each other like brothers. They staged series dress rehearsals in Arizona last spring and all the way back, and although the Giants had a 13-8 edge in these dry runs we don't consider that significant.

What is significant, though, is that the Giants know the Indian pitching, and vice versa, so neither team will come to the plate against some stranger who will confuse it.

Anyway, we're stringing along with the New Yorkers. They're opportunists, more daring, are a better defensive club, and they have Willie Mays. And, as mentioned, they won't be awed by the Cleveland mound stars. They've been introduced to them on numerous occasions before.

#### WORLD SERIES FACTS AND FIGURES

Contestants — Cleveland Indians, American league, vs. New York Giants, National league.  
Length of series — Best-of-seven games.

Schedule — Wednesday, Sept. 29 and Thursday, Sept. 30 at New York's Polo Grounds; Friday, Oct. 1, Saturday, Oct. 2 and Sunday, Oct. 3 if necessary — at Cleveland's Municipal stadium; Monday, Oct. 4 if necessary and Tuesday, Oct. 5 if necessary at New York's Polo Grounds.

Game time — Noon, central standard time.

Series odds — Cleveland favored 9 to 5.

First game odds — Cleveland favored, 6 to 5.

Probable first game pitchers—Cleveland, Bob Lemon (23-7) vs. New York, Sal Maglie (14-6).

Weather forecast — Partly cloudy with temperature in middle 70's.

Probable attendance first game — 55,000.

Managers — Al Lopez, Cleveland, and Leo Durocher, New York.

Series standings — American league 33, National league 17.

Previous series records — Cleveland 2-0; New York 4-9.

Radio — MBS.

Television — NBC.

#### Giants Limber Up; Durocher Attends Preliminary Talk

NEW YORK (AP)—Leo Durocher was downtown meeting with Commissioner Ford Frick, Cleveland Manager Al Lopez and the umpires Tuesday when his New York Giants held their final tuneup for Wednesday's World Series opener at the Polo Grounds.

George Spencer, ineligible for the series, threw batting practice to start the drill. Ruben Gomez, the Puerto Rican who is expected to start the third game, also pitched to the hitters.

Durocher didn't arrive at the Giants clubhouse until the players were finished and dressed. He spoke briefly with some of his men before announcing to the press that Sal Maglie would start the first game.

Durocher sat in the upper stands to watch the Cleveland club take its batting practice.

When Bobby Avila came down the steps from the Indians' clubhouse, the photographers mobbed him. They yelled to the Giants clubhouse for Willie Mays to come back on the field so they could get a shot of the two batting champions. Mays obliged.

#### KLOTZ ISSUES TENNIS CALL

Hawkeye varsity tennis coach Don Klotz issued a call Monday for all Iowa men who are interested in tennis to report to the tennis courts north of the field house any day this week from 3-5 p.m.

#### Antonelli, Wynn To Pitch Thursday; Rain Forecast

NEW YORK (AP)—The Cleveland Indians and New York Giants will meet in the first game of the 1954 World Series today at the Polo Grounds with Bob Lemon scheduled to pitch for the American league champions and Sal Maglie for the National league pennant winners.

The weather forecaster looks for increasing cloudiness today followed by rain in the evening.

That wouldn't affect the crowd of 55,000 expected for the cry "play ball" at noon (CST).

The weatherman said the afternoon temperature would be about 70-75.

The second game of the series also is scheduled for the Polo Grounds, with the teams going to Cleveland Municipal stadium for the third, fourth and fifth, if necessary, games Friday, Saturday and Sunday.

If the series goes the full seven games, the teams would be back in New York Monday and Tuesday.

Noon Starting Time

All games start at noon (CST) with television (NBC) and radio (Mutual) at 11:45 a.m.

Managers Al Lopez of Cleveland and Leo Durocher of New York did the expected in picking two righthanders for the opener. Lemon has a 23-7 season record and Maglie 14-6.

For the second game the Giants will use Johnny Antonelli (21-7) against Early Wynn (23-11).

This will be the third series for Cleveland, and the Indians are the 9-5 favorites to make it three world championships without defeat.

The Indians are the 6-5 choices in the opening game.

Cleveland defeated Brooklyn 5 games to 2 in 1920 and the Boston Braves 4 games to 2 in 1948.

14th Series For Giants

The Giants will be playing in their 14th World Series, but the Polo Grounders haven't won the fall classic since 1933 when they polished off the Washington Senators 4 games to 1.

This is the first time in six years that the Yankees are missing from the series scene.

Under Casey Stengel the Yanks won five straight world championships.

With the huge Cleveland stadium seating more than 80,000, a record player cut is expected.

The winning team may split up around \$10,000 per man and the losers about \$8,000.

Last year each Yankee got a record \$8,280.68 and the losing Brooklyn players received a record \$6,178.42.

The player pool comes only from the first four games.

TV, Radio Help Pension Plan

The TV rights were sold for one million dollars with radio adding another \$200,000. This goes into the Central Fund out of which the player pension program is supported.

Both teams had batting practice at the Polo Grounds Tuesday.

In case of dark skies during the series, the umpires will be permitted to turn on the lights whenever needed.

If it rains before game time, the commissioner has the final say on any postponement.

If it rains during a game, the umpires will make the decision. Presumably they would confer with Frick before calling off a game.

This is the first World Series meeting of the Indians and Giants, who have been spring training sparring mates since 1934.

Last spring the Giants won the series 13-8. Neither manager puts much faith in those figures.

Lady Fan Thinks Yanks in Series

AUBURN, N. Y. (AP)—The Auburn Citizen-Advertiser was gathering local opinion on who would be the winner of the World Series opening today.

One young lady replied, "The Yanks, of course."

Told the New York Yankees weren't playing this year, she commented:

"Why I thought the Yankees always played in the series."

Rongner's Cleaners

Pickup and Delivery

109 S. Clinton Dial 2717

CLEVELAND INDIANS MANAGER AL LOPEZ, left, lines up his charges on dugout step at the Polo Grounds here Tuesday during workout for the World Series opener today. Facing the New York Giants in the first game of the series will be (left to right starting with player next to Lopez): Al Smith, Bobby Avila, Larry Doby, Al Rosen, Vic Wertz, Dave Philley, George Strickland, Jim Heenan and hurler Bob Lemon.

#### Series Tickets Go On Sale; Patrolmen Keep Line in Order

NEW YORK (AP)—The law dispersed baseball fans forming lines at the Polo Grounds ticket windows Tuesday, and for a time it appeared one of the time honored World Series traditions was getting the old heave-ho.

But it was only temporary, a spokesman at police headquarters explained. The early birds were allowed to line up again late in the day after wooden barriers were erected to help patrolmen maintain order.

A Brooklyn Dodger fan, no less, George Schneider, was the first in line early Tuesday, waiting with others to buy bleacher seats for the first game of the series Wednesday between the New York Giants and Cleveland Indians. Schneider began the lineup at about 4 a.m.

Des Moines Vet in Line

Roy Paul, disabled veteran of World War II from Des Moines, was next to arrive, about an hour and a half later.

Police headquarters explained about the barriers and promised anybody who wants to can stand in line all night in order to buy some 3,600 bleacher seats going on sale at 9 a.m. Wednesday.

The weatherman promised a chilly night—in the low 50's by morning.

Series of 'Worst's'

Paul's predictions of the series were chillier than the weather report.

"Cleveland's got the worst infield in baseball and the Giants have a worse team," said the war veteran gloomily.

"I don't care who wins as long as it goes four straight. I want to get it over with."

Little League Champ To Toss First Ball

NEW YORK (AP)—Jimmy Barberi, 12-year-old captain and center fielder of the Little League champions from Schenectady, N. Y., will toss out the first ball at Wednesday's opening World Series game.

#### Lopez Feels Short Fences May Decide

NEW YORK (AP)—Senior Al Lopez, soft-spoken skipper of Cleveland's Indians, has a hunch the Polo Grounds' short foul line fences may be deciding factors in the first two games of the World Series.

"This is one ball park where 'pull' will get you someplace," Lopez cracked as the American League champs went through a two-hour batting and fielding drill Tuesday in the New York Giants' Harlem home.

Home run territory down the right field line is only a 257-foot shot. Along the left field line it's 279 feet.

Balls carom off the concrete in crazy ways, and Lopez said "it takes time to learn to play 'em off the walls. The best way is to pull your outfielders closer together, and let the left or right fielder play the carom, with the center fielder backing 'em up."

Lopez insisted the Indians would win the series—they've won both times they've gotten into the big show, in 1920 and 1948—but declined to say how many games would be necessary.

#### Cyclones Stress Offense in Drill For Big 7 Opener

AMES (AP)—Coach Vince DiFrancesca ordered a tough offensive workout Tuesday in an attempt to get Iowa State ready for its Big Seven football opener with Nebraska at Lincoln Saturday.

"We've got a lot of rough work to do, and we have to risk injuries to get it done," he said following the workout.

Four Cyclones were withheld from the 2½ hour workout. They are guard Weldon Thalacker, bruised ribs; halfback Gary Lutz, head injury; fullback Max Burkett, bad knee; and quarterback Jerry Finley, severely bruised jaw, which was previously thought to be broken.

Illini and Tech Tripped

Penn State, not even among the first 20 a week ago, jolted Illinois 14-12, while Florida shocked Georgia Tech 13-12. Tech was fifth and Illinois sixth last week.

Texas skidded from 4th to 12th, Michigan State from 7th to 13th, and Baylor from 10th to 11th. Iowa, 12th last week, beat Michigan State, 14-10, while Baylor had to work for a 25-19 verdict over Vanderbilt.

Two other newcomers to the first 10 are Duke and Southern California. Duke blasted Penn 52-0 and USC trimmed Pittsburgh 27-7. Southern California

#### Iowa Moves from 12th Place in Pre-Season Poll

NEW YORK (AP)—Iowa's Hawks soared from twelfth place to number three national ranking in Tuesday's weekly Associated Press poll. Coach Forest Evashevski's gridders received 11 first place votes and 832 points (10 for first, nine for second, etc.), following their 14-10 victory over Michigan State.

Notre Dame with 1,438 points and Oklahoma with 1,224 votes held a comfortable lead over Iowa which in turn led fourth-ranked UCLA by 86 votes. Wisconsin was the only other Big Ten team in the first ten teams nationally, landing fifth spot.

Coach Terry Brennan's Irish, who rocked Texas 21-0 in their opener, replaced Oklahoma in the No. 1 spot. Oklahoma, top team in the first regular poll last week, had its difficulties in defeating Texas Christian 21-16 and dropped to second place.

Only Maryland Familiar

But among the others in the honored group only the name Maryland has a familiar ring. The top 10 is completed with Iowa at No. 3, UCLA at No. 4 and Wisconsin at No. 5. Then come Maryland, Duke, Mississippi, Southern California and Penn State.

With 154 ballots in the nationwide poll of sports writers and sportscasters, Notre Dame received 94 first-place votes and 1,438 points based on 10 for first, 9 for second, etc. Oklahoma got 24 first-place votes and 1,224 points.

Five of the top 10 teams a week ago are missing this week, and two of them—Georgia Tech and Illinois—disappeared from the first 20.

INS Ranks Iowa 5th

Iowa occupied fifth place in the weekly International News Service football poll. Ahead of the Hawks were Oklahoma, Notre Dame, Maryland and Wisconsin in that order.

Behind Iowa are UCLA, Southern California, Duke, Texas and Penn State, which rose to the top 10 because of its 14-12 upset of Illinois Saturday.

#### UP Rankings Put Iowa in 3d, Too

The United Press college football poll for this week also ranked the Hawkeyes third behind the Irish and the Sooners. Iowa rated two first place votes.

The top seven teams in the poll were the same as in the Associated Press rankings.

1. Notre Dame (94) 1,438  
2. Oklahoma (24) 1,224  
3. Iowa (11) 832  
4. UCLA (3) 746  
5. Wisconsin (7) 662  
6. Maryland (3) 621  
7. Duke (7) 617  
8. Mississippi (3) 328  
9. Southern California 249  
10. Penn State 206  
11. Baylor 163  
12. Texas 141  
13. Michigan State 132  
14. Ohio State (1) 125  
15. South Carolina (1) 120  
16. Rice 102  
17. Texas Tech 93  
18. California 61  
19. Purdue 59  
20. Florida 49

### Grizzlies Feature 2 Senior Backs In Balanced Attack

With their ground game led by Dick Imer and a sharp passing attack headed by Dick Heath, Montana's Grizzlies of the Sky-line Eight conference take on Iowa's Hawkeyes, ranked third in Tuesday's Associated Press poll, here Saturday at 1:30 p.m. Both squads approach game-time unbeaten. Montana stopped Ft. Lewis, Wash. soldier team, 31-7, Sept. 18 but had an open date last week when Iowa was beating Michigan State.

Imer, an all-conference half-back, rushed 90 yards in 10 tries in the opener. Last year he picked up 703 yards in 86 carries. The 5-6, 170-pound driver's counterpart is Dick Heath, co-captain and quarterback, who has thrown a touchdown pass in almost every game of his college career. Both are seniors and ranked among the nation's top 20 players a year ago.

Coach Eddie Chinske's eleven scrimmaged in Missoula Monday under simulated game conditions with the "Whites" beating the "Reds," 19-0 through touchdowns by Heath from three yards out and two by Bob Dantic, 5-8, 160-pound fullback. He ran for five and 12 yards to tally.

Smallest line starter for the Montana club, also known as the Silvertips and 'tips or tri-colors (school colors are copper, silver and gold), is Doug Dasinger, 185-pound guard. The ends are Keith Peterson, 6-2, 190, and George Samuelson, 6-5, 210. The starting center is Marlyn Jensen, 193, a two-year veteran. All of the Silvertip starters are seniors except Dasinger and Paul Westkamp, 215, an ex-marine who are juniors. Dasinger pairs with Joe DeLuca, 202, a two-year veteran and strong All-Skyline conference candidate, at guard. Westkamp and Bob Miles, 220, an ex-paratrooper, are both expected to receive all-conference consideration at the tackles.

The other co-captain, Murdo Campbell, a three-year letterman, was converted from quarterback to halfback last season due to his running ability. He kicked the extra point in Monday's drill and might draw that assignment here. Dantic led the team in rushing in 1932 with a 5.2 average in 83 carries.

### American League To 'Sit Back, Wait' on Problem of Athletics

NEW YORK (AP)—The American league Tuesday night sat back and waited to see what will happen in the next two weeks or so before reaching a decision on what to do with the Philadelphia Athletics.

Representatives of the eight league clubs adjourned their day-long meeting, at which they heard two plans concerning the future of their slumping Philadelphia franchise, until "some-time" after Oct. 12. The club owners, who also were brought up to date on the A's financial situation, did not announce a definite site or time for resumption of the meeting.

Two plans were laid before the club owners, one calling for a shift of the franchise to Kansas City. The other would give a second group control and keep the A's in Philadelphia at least for the time being.

Arnold Johnson, the Chicago realtor who said he was ready to put up \$3½ million for the club and Connie Mack stadium and then move the A's to the Missouri city, seemed troubled by the delay, but remained confident of gaining the league's support for the time being.

After the adjournment, Johnson said "if we are delayed two weeks, I doubt that the stands in the Kansas City stadium would be ready for the 1935 season."

While the delay might set back Johnson's plans, it may work to the benefit of Thomas Richardson, a director of the Athletics and president of the Eastern Baseball league, who heads a group hopeful of keeping the A's in Philadelphia for the present.

Richardson told the club owners that he and a group of friends would match any price offered for the A's. His plan came to light for the first time Tuesday and he told the league representatives he had been working on it for only about a week. The league's delay probably would give Richardson time to solidify his offer with increased cash.

**BRUINS GET GOALIE**  
BOSTON (AP)—The Boston Bruins Tuesday acquired goalie John Henderson from the Toronto Maple Leafs in exchange for defenseman Ray Garipey.

**THE ATHLETICS' FATE** may rest in this handshake. Roy Mack of the Philadelphia Athletics, left, shakes hands with Arnold Johnson, Chicago real estate operator who has proposed buying the A's and moving the team to Kansas City at a meeting of American league owners. Mack has opposed sale of the club to Johnson.

### Honest Quarterback To Get Award

TULLAHOMA, Tenn. (AP)—A special award from the Christian Athletes foundation here will be given Johnny Crouch, captain of Texas Christian university's football team, for his refusal of a touchdown against the University of Oklahoma Saturday, it was reported Tuesday.

Foundation director the Rev. C. E. Jackson said Crouch refused to accept a touchdown on a pass completion. An official had signaled a touchdown when Crouch spoke up and said, "I didn't catch it; I trapped it."

Oklahoma defeated TCU, 21-16.

### Florida Girl Tilts State Schedules Favorite To Win 2d Deer Season

THOMASVILLE, Ga. (AP)—Vonnice Colby of Hollywood, Fla., won medalist honors Tuesday in the Women's Trans-Mississippi Golf tournament with a 77, one over women's par.

The Florida girl edged favorite Mary Lena Faulk of Thomasville, former national women's amateur champion, by a stroke. Tying Miss Faulk for runnerup were Minnie Lee Ashley of Gadsden, Ala., Joan Prentice of Birmingham and Marj Burns of Greensboro, N.C.

Iowa's second modern deer season has been set by the state conservation commission. The season will run from Dec. 1 through Dec. 12. The season will be split with hunting open for bow and arrow only from Dec. 1 to Dec. 12 in specified areas which include Cherokee, Black Hawk, Clinton, Polk and Wapello counties and that part of Potawatamie county lying east of county road V.

Deer of any age or sex may be taken with shotgun and bow and arrow from Dec. 10 through Dec. 12 in 52 specified counties. All other counties are closed to deer hunting.

### Kinnick Winners Head List— Iowa Gets Ace High School Athletes

By BOB HOOKER

Hawkeye coaches may well be proud of the outstanding freshman talent landed for the coming year.

Several who took freshman examinations are former prep stars and should help the Hawkeyes in all sports.

Heading the list of promising grid prospects are five Nile Kinnick scholarship winners and seven members of the Iowa Daily Press association's all-state team. They are tackle Frank Bloomquist and end Jim Young, also a state prep discus champ (Bloomquist and Young were teammates at East Waterloo); back Del Kloewer, Manila; back Gene Viet, Clinton (Lyons); and end Jerry Jenkins, Fairfield, younger brother of Harlan who is now on the Hawkeye grid and wrestling squads. Bloomquist is the lone Kinnick winner who was selected as all-state by IDPA.

**IDPA All-Staters**  
Other IDPA all-staters who have enrolled at Iowa are center Don Buck, also a baseball prospect and another East Waterloo standout; Gary Kurlmeier, Cresco guard and state heavyweight wrestling champ; and backs Bill Happel, Cedar Rapids McKinley; Bill Kendall, Newton; Don Natchman, Dubuque Loras, and Doug Whitehead, Washington.

Jim McConnell Played for Runners-Up

ton. Tackle Baron Bremner of Iowa Falls has also enrolled at Iowa. Bremner was mentioned on IDPA's second all-state team, as were Kloewer and Young.

A pair of 6 ft. 4 in. out-of-state gridgers are potentially valuable to the Hawkeye cause. Alex Karras of Gary, Ind., was an all-stater for three years running at three different positions — center, end and fullback. Like Kurlmeier, he is a heavyweight wrestler. Also Frank Rigney, 230-pound Illinois all-state end from East St. Louis, enrolled last February and is now eligible.

Other frosh gridgers who are now on campus include one of Rigney's teammates at East St. Louis, tackle Don Bowen; a pair of Illinois all-state backs — fullback Fred Harris from Highland Park and Bill McAdam, Spring Valley halfback; back Dave Kimmel, Ohio all-state second team from Youngstown, and Fred Nosek, who fullbacked Iowa City's Little Hawks to the 1933 mythical state title.

Head cage coach Frank (Bucky) O'Connor has greeted the following frosh cagers:  
**Six Rangy Hoopsters**  
Norma (Doc) Paul, 6 ft. 4 in., and twice all-stater from Clarence played forward in high school but O'Connor indicated he may be used anywhere.

Greg Schroeder, 6-2 all-state forward from Muscatine's state champion squad; Jim McConnell, 6-6½ center from Quincy and 6-5 Moines Roosevelt which lost to Muscatine in the state title game, and 6-6 center Perr Hagg of Rock Valley are also attending SUU.

Out-of-staters include two Illinois men: all-stater Tom Payne, 6-6½ center from Quincy and 6-5 Gene Pitts of Chicago's Marshall high.

**Several Hurlers On Hand**  
Half a dozen hurlers have reported to baseball coach Otto Vogel so far. Pete Goss of Blairstown and Jack Nora from Dubuque plus four from Illinois—Jim Canada, Rockford; Ron Drennan, Moline; Payne, Quincy's star and Bob Sandercock of Evanston. However, Vogel stressed all freshmen have not reported to him and he really doesn't know what freshmen are on campus.

Others who have reported to Vogel are Paul Eells from Mechanicsville; Don Hedges, Iowa City; Ray Leto, Des Moines, and three Jims — Irwin of DeWitt, Mead of Marshalltown and Moss of Mason City.

Among the trackmen besides Young who have reported to head Track Coach Francis Cretzmeyer is Len Sojka, Cedar Rapids Wilson hurdler who skipped to the state class AA indoor title last winter and then won the Drake Relays crown in the prep division.

Charles (Deacon) Jones from Boys Town, Neb., who was clocked at 4:17.6 for the mile last year at the national AAU meet despite his 10th place finish, will also be around. Because he is small, Jones, a gridiron star at Boys Town, does not plan to play football here.

**Other Top Trackmen Here**  
Cretzmeyer will also have on hand for future track and field teams these Iowans: Kenny Bales of Sigourney, mile champ of state class B schools; Joe Camamo from Ft. Dodge, Drake Relays broad jump king and Jerry Walker, Marion ace miler who took the class A blue-ribbon.

Other non-staters besides Jones who should help include Gastonia Finch and Don Raynor. Just getting out of the service after starring for Ft. Leonard Wood, Mo., Finch, from Woodbury, N. J., ran the 440 in :49.4. Raynor comes from Brooklyn, N. Y. and is another quarter-miler.

As far as minor sports go, the swimming, tennis and wrestling teams appear to be well-stocked with newcomers, while golf is extremely shallow. Since there have been no meetings of gymnastics and fencing men, those teams are still of unknown strength.

**Swimming Well-Stocked**  
Swimming — Dave Armbruster, head coach, and his assistant and freshman instructor, Bob Allen, have a flock of free styler in the Coles brothers, Bill and Jim, from Phoenix, Ariz., Cary Egan of Toronto, Ont., Rich Kilabroom, who doubles in the crawl stroke, from Des Moines, Clyde Logan from Rockford, Ill., and Bob Pratt, in the back stroke also, from Fargo, N. D. Bob Tanner of Muscatine will also lend assistance in the back stroke. Phillip Thomson of Sioux City is a sprinter. Middle distance man Pat (Porky) Rhodes comes from Gary, Ind., while Earl Ellis, 440 and 1,500 meters distance specialist, is from Mt. Pleasant, Wash. Clinton sends Ken Miner, diver, and Ed Brown, individual medley.

Tennis — Coach Don Klotz has greeted eight promising netmen: Marv Bernstein, No. 3 from Des

Greg Schroeder Frosh from Muscatine

Moines Roosevelt; Ray Caesar, a junior who transferred from Muskegon, Mich., junior college. Big Ten rules require that he stay out a year, being a transfer. Steve Ferguson, No. 1 frosh last year, who ran into scholastic difficulty, has just been discharged from the air force, but like Caesar, also must lay out one year; Fred Honsell from Cedar Rapids Franklin; Jim McCullough, a transfer from the University of Michigan who too must lay out; in high school, Jim was No. 1 at Clinton; Jim Murphy, No. 1 at Clinton high last year; Rog Robinson, No. 1 from West Waterloo high and in addition during the summer captured both Waterloo's junior men's and men's city championships; and Charles Williams, No. 1 from Newton.

**Wrestling** — Besides Karras and Kurlmeier, Coach Dave McCusker will have the use of one other newcomer for heavyweights, Lee Behrens from Oelwein. State champions in addition to Kurlmeier are Gary Klemsrude, 130 pounds, from Osage; Arnie Nelson, 165, of Audubon; and Simon Roberts, 137, from Davenport. Charley Bell, Clarion, and Joe Packey, Des Moines East, will fall in the 123-pound class. John Beake, Oelwein, will lend Klemsrude assistance in the 130-pound division. Four 147-pounders are: Larry Harmon of Sac City, Pat McGrath and Bob Wolf, both from Davenport, and Gary Meyer from Quincy, Ill. Dick Westwick of Springfield, Ill., will be an addition to the 177-pound class.

The only frosh golfer to arrive so far is Dale Hayes of Marshalltown. O'Connor is the links coach in addition to being head hoop mentor.

# U.S. 'Not Like Movies' Foreign Students Find

Foreign students studying at SUI report many of the false ideas they have when they arrive in the United States come from being exposed to Hollywood movies, and Communist and Nazi propaganda.

The students find the U.S. is quite different from what they expected, according to the research of Averno M. Rempel, who received the doctor of philosophy degree at SUI in August.

In surveying the foreign students, Rempel discovered that the average student from abroad found a higher standard of living in America than he had expected. The people are kinder, work harder and are more materialistic than the students had expected, Rempel said.

**More Crime Than Expected**  
The foreign students felt the amount of crime and violence is greater in the U.S. than they had expected, and that moral standards are lower and home and family ties are weaker. The survey found that the students felt there is more racial prejudice than they had anticipated.

There is a tendency for many students from abroad to come here either with notions about Americans which are too romantic, or else they think of the U.S. as being a nation of gangsters, lynchers, sensation seekers and dollar hunters," Rempel said.

Illustrating the "too-romantic" picture some of the students held of the U.S., Rempel quotes an Iranian student who said, "I used to think of Americans as angels, very honest and extremely friendly. But I found them just to be normal beings. Therefore, my disappointment does not mean that they are lacking anything. But they don't have anything to make them superior, except their wealth. anyhow, I like them all."

**Finds Life Normal**  
An Indian student had this to say about the U.S., "I find that life here is just as normal as in other parts of the world (not

## Iowa City Marine Awarded Wings, 2d Lt. Rating

Marine 2d Lt. James A. Dunlap, son of Hugh A. Dunlap, R.R. 5, Iowa City, was awarded "Wings of Gold" of a naval aviator and his commission, by Navy Capt. M. F. Tuttle, chief of staff to the chief of naval air basic training, during ceremonies held at Pensacola, Fla.

Dunlap attended SUI prior to entering the naval aviation cadet program through the U.S. naval air station, Glenview, Ill. He completed nearly 20 months of flight training to earn his wings. John E. Winslow, son of Mr. and Mrs. John C. Winslow, 532 N. Dodge st., is undergoing recruit training at the marine corps recruit depot, San Diego, Calif.

Upon completion of training, he will be assigned to Camp Pendleton, Calif., for further combat training, or to a marine corps school for instruction in a particular field of work.

## Authorities of 3 States In Search for Youths

FORT MADISON (AP)—Authorities in Iowa, Illinois and Missouri have been asked to help find five young persons missing since last Saturday night when they are believed to have left the city in a 1941 black Chevrolet four-door sedan.

The missing persons are Burnell Simpson, 17; Lorraine Simpson, 18; Bonnie Reed, 18; Dorothy Simpson, 17, and Raymond Salladay, 17.

## RAILROAD HEARING SET DES MOINES (AP)

—The Iowa State Commerce Commission has set for hearing at Mount Pleasant on Nov. 23 the Burlington railroad's request to substitute a custodian for agency service at the Salem station on its Fort Madison to Birmingham branch line.

## Security Official Arrives

JOSEF SWIATLO, HIGH RANKING security official in Communist Poland, left, arrives at the foreign operations administration headquarters Tuesday with Roger Williams, FOA public relations officer, for a news conference at which he is expected to tell of his flight from behind the Iron Curtain. He has been granted asylum in the United States. He was former deputy chief of department 10 of the Polish ministry of public security in Warsaw.

## Chest Goal Set at \$33,379; Drive To Begin Here Oct. 11

Community Chest board of directors announced Monday that the goal for its 1954 drive will be \$33,379, an increase of \$698 over last year's total.

Completing three months of budget hearings, the board decided to include eight agencies in the drive. Of these eight, total requests were granted to the Girl Scouts, the Boy Scouts, Traveler's Aid, the milk fund, and the Salvation Army.

Cuts were made in the other requests in view of the board's information on total community needs and resources. Three agencies applied for inclusion in the drive but were denied because the board felt their projects did not represent community needs.

The approved agencies include: Boy Scouts, \$8,700; Girl Scouts, \$8,550; Visiting Nurse association, \$8,500; Salvation Army, \$1,800; United Defense fund, USO and others, \$1,400; Iowa Children's Home society, \$1,000; Children's milk fund, \$500; and the Traveler's Aid association, \$29.00. For administration, \$3,100 was asked.

In making its decisions on agencies for the drive, the Chest board was advised by its new 151-citizen Campaign Review committee.

The campaign, under the chairmanship of Atty. William L. Meardon, will begin Oct. 11 and continue through Oct. 23. The first 10 days will be given over to the canvass of all business houses, stores, the university, professional offices and other places of business. The last four

## Local Polio Victim In Fair Condition

Mrs. Paul Scherrer, 35, 326 N. Johnson st., admitted to University hospital as a polio patient Monday, was reported in fair condition Tuesday evening.

She is Iowa City's fifth polio case this season. Four other cases were admitted Monday and one patient was discharged.

A total of 234 polio cases have been admitted to University hospitals this year. Last year there were 108 polio patients prior to September 28, and during 1952, there were 514.

There are 70 patients in the polio ward with 21 listed as active. Eight deaths have been reported this year as compared to 11 during 1953.

## Horner Announces Bids for Equipping New Union Addition

A bid of \$57,665 by the Jaeger Manufacturing Co. of Des Moines was the lowest among those opened Tuesday for cabinet work to be built in the Iowa Memorial Union addition now under construction, according to George Horner, SUI superintendent of planning and construction.

The Armstrong Furniture Co. of Martinsburg, W. Va., was low bidder for the furniture contract for the new building with a bid of \$26,880, while Smulekoff's Furniture Co., Cedar Rapids, was low for the carpet contract with a bid of \$14,822. Smulekoff's was also low bidder for the drapery contract with \$2,975.

Horner explains that the awarding of contracts awaits the approval of the state board of education and the Iowa legislature's budget and financial control committee.

Other bidders for cabinet work were the Behrens Store Equipment Co., Denver, Colo., \$57,770; Modern Store Fixture Co., Providence, R. I., \$62,500; and the Brooklyn Cabinetworks Corp., Brooklyn, N. Y., \$67,950.

Other bidders for the carpet contract were L. Jones and Company, Inc., New York, \$14,880; W. D. MacKenzie Co., Cedar Rapids, \$15,029; McLeod Bros., New York, \$17,350.

Other bidders for the furniture contract included Younkers, Des Moines, \$38,071; Smulekoff's, \$41,416; W. D. MacKenzie Co., \$44,431.

Also submitting bids for the drapery contract were Morris Fabric Mart, Brooklyn, N. Y., \$3,240; and W. D. MacKenzie Co., Cedar Rapids, \$3,717.

No state tax funds are used in building, outfitting or operating the Iowa Memorial Union, Horner notes. Like the dormitories, it is required by law to be self-supporting.

## Durkin Undergoes Brain Operation

WASHINGTON (AP)—Former Secretary of Labor Martin P. Durkin Tuesday underwent a brain tumor operation at Georgetown University hospital.

"Everything went along satisfactorily and his condition is good," Durkin's physician reported after the surgery.

Durkin, 60, president of the AFL Plumbers' Union, was President Eisenhower's first labor secretary, but resigned after eight months in office, charging the administration had gone back on an agreement to propose to congress 19 specific amendments to the Taft-Hartley law. He was succeeded by James P. Mitchell.

Phil Willis received a permit to build a \$13,000 residence at 318 Melrose court.

Other permits: John Russell, Strohm's addition, to build a garage, and B. E. Manville, to convert his duplex at 405 Ridge st. into a four-unit apartment.

## Woman Hangs Up Wash Decides To Cool Off

STAMFORD, Conn. (AP)—Excited office workers in a downtown building reported to police that a woman was about to jump from a nearby roof. Emergency vehicles screeched to the scene. Crowds gathered.

The woman watched calmly until breathless police grabbed her. Embarrassed, she explained: "I was just up here to hang out my wash and decided to stroll around the roof to cool off."

## Recreation Center To Open Saturday

The Iowa City recreation center will open its fall program Saturday, Oct. 2, by entertaining boys and girls in grades one through six.

Activities offered will range from quiet games and craft classes to roller skating, shuffleboard, trampoline and elementary tumbling.

Each phase of the program will be fully supervised by qualified instructors. Ray Palmer, director of athletics, is in charge of the program and will be assisted by Mrs. Holly Tracy, Mrs. Audrey Heller, Merton Peitersen, Fred Tillman, and James Hall.

At a special meeting of the local recreation commission, Phil Englert, 913 E. Jefferson, was elected chairman for the coming year. Other officers are Ed Breese, vice-president, 917 Bowery; William Welt, warrant officer, 1224 Pine; and Joseph Wayner, secretary, 1921 F. st.

Robert A. Lee, superintendent of recreation for Iowa City and recently appointed to serve on a national advisory committee on recreation administration, left

## 5th Local Break-In In 9 Days Listed

About 20 cartons of cigarettes were taken in a break-in at the Curt Yocum restaurant at Coralville, it was reported Tuesday to Johnson county sheriff's officials.

The break-in was the fifth in the Iowa City area in the past nine days.

Two Lone Tree businesses and a law office and driving range in Iowa City have been entered by burglars since September 18. The Yocum break-in was discovered Tuesday morning by manager Garth Camp of University Heights. Entry had been gained by cutting a screen and forcing open a rear window.

## FOOD COMPANY FINED

CRESTON (AP)—Federal Judge William F. Riley Monday fined Central Farm Products Co. of Allerton \$3,000 on the firm's plea of guilty to an indictment charging it with a second violation of the federal pure food and drugs act.

## Hospital Plan Open To SUI Employees

University employees who wish to join the Blue Cross-Blue Shield hospitalization plans will have an opportunity to do so from Oct. 1 to Oct. 13.

Representatives of the Blue Cross-Blue Shield will be in the university and hospital business offices Oct. 1. Staff members may join at either place on that date or in the university personnel service office, room 200, Old Dental building through Oct. 13.

Persons not already enrolled who do not join during this period will not have another opportunity to do so until Oct. 1955. New employees, however, are accepted for membership at any time during the first 30 days of employment.
