car Hoopla

LYWOOD (AP) — The film  
y was getting set Friday  
huge hoopla to celebrate  
ations for the 1954 Oscars.  
the past 26 years, the Mo-  
cture Academy has mere-  
ed out lists of the nomin-  
the press. This year it's  
nt.  
cademy has found an  
an auto firm which is  
ring a national telecast of  
inations Saturday night  
1 as the final awards  
30. Since the mere an-  
ment of the nominees  
make dull watching, NBC  
ned the affair into a big  
tion.  
telecast will be centered  
network's headquarters in  
k. Pickups will be made  
iro's, Romaroff's and the  
ut Grove, where parcels  
s will be herded. When  
Jack Webb announces  
minces, cameras will turn  
night spots and attempt  
ture reactions of surprise.

## Ohio State 13th Victim Of Hawkeyes

In an effort to keep the score down, Iowa basketball Coach Frank (Bucky) O'Connor cleared the bench against Ohio State Monday night and it almost backfired as the Hawks backed into a 79-68 victory over the ninth-place Buckeyes.

The victory was Iowa's 13th in 17 starts this season.

Minnesota kept up its torrid pace by whipping Big Ten defending champion Indiana, 80-70.

BIG TEN STANDINGS		
	W	L Pct.
Minnesota	8	2 .800
IOWA	7	2 .778
Illinois	6	3 .667
Northwestern	5	3 .590
Michigan State	5	3 .590
Michigan	4	4 .500
Wisconsin	3	6 .333
Indiana	3	6 .333
Purdue	3	7 .300
Ohio State	3	7 .300

Monday night, Iowa still is riding in second place with a 7-2 mark. Minnesota's record is 8-2.

Midway in the second half, the Hawkeyes held a 19-point advantage over the Buckeyes. O'Connor then started to substitute. Iowa's lead slowly began to dwindle and with a minute and nine seconds remaining, Ohio State needed only nine points to send the game into overtime, a not infrequent happenstance in the Big Ten this season. But a mostly sophomore lineup stalled enough for the Hawks to win going away.

**Hawks Start Slowly**  
As with all but one or two games this season, the Hawks started slowly and fell behind.

**HAWKEYES —**  
(Continued on Page 5)

## Both Parties Consider July Conventions

WASHINGTON (AP) — Democratic leaders announced Monday they have decided provisionally to open their national convention in Chicago July 23 next year, but Republicans are still debating a time and place for their session.

President Eisenhower met with his political lieutenants to discuss the question. Traditionally, the GOP nominates its presidential ticket before the Democrats and its last three conventions have been held in the same city as the Democrats.

**No Preference**  
Leonard Hall, Republican national chairman, reported after Monday's White House meeting that Eisenhower expressed no preference among three cities contending for the 1956 GOP convention but favored as late a date as possible.

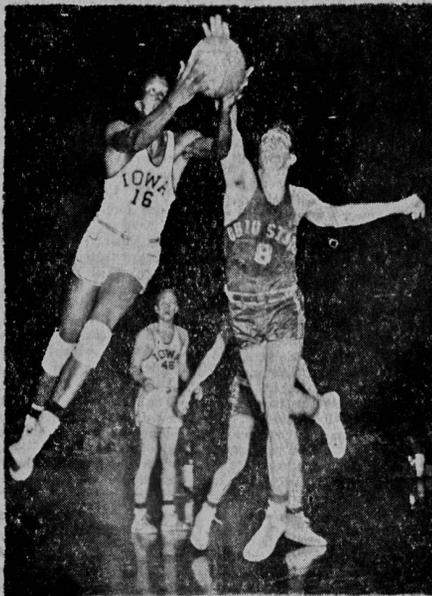

Democrats liked the idea of a late date and a short campaign, but they found it was impractical because some states require certification of presidential candidates 70 to 90 days before the election.

If the election laws are changed in time, Democratic Chairman Paul Butler announced, his party will delay its nominating session until Aug. 13. That was the date tentatively chosen earlier.

**Chicago**  
The Democrats will gather in Chicago's International amphitheater, scene of both party conventions in 1952.

A subcommittee headed by Hall will meet Wednesday to recommend a Republican convention site. The full National Committee will convene Thursday and probably make its selection then.

## Davis Drives for 2 Points

(Daily Iowan Photo by Jerry Mosey)

**McKINLEY (DEACON) DAVIS** splits the nets early in the first half of Monday night's cage thriller which saw the Hawkeyes roar past the Ohio Buckeyes by the score of 79 to 68. Cahres Ropes, center, makes a vain attempt to break up the play as Iowa's Mitt (Sharm) Scheuerman stands by to rebound.

## 1st TV Class To Start Today

Approximately 85 students taking the Comparative Foreign Governments course will meet in the SUI television center today to become the first class to undertake a full semester of learning by television.

Professors Hugh Kelso and Russell Whitesel, of the political science department, will teach the course.

They said Monday the class will be divided into three groups. Fourteen students will meet under the TV cameras where the professors will alternate teaching during the semester, while the other students will be divided into two groups meeting in rooms in the TV center away from the studio.

**Microphones Used**  
They will communicate with each other, Whitesel said, by microphones and loudspeakers located in each of the three locations.

Groups two and three will watch the stage via TV. Truman D. Wood, G. Delavan, Minn., and Robert J. Huckshorn, G. Willow Springs, Mo., will be proctors for these groups.

Whitesel said enough microphones have been placed at each location so that "all a student will have to do is raise his hand, and a proctor will place a microphone in front of him."

**Rotation System**  
Group one will be located on the stage. The three groups will be rotated from room to stage during the semester, Whitesel said.

Kelso noted that six or seven more students had registered for the course this semester than last. He said "a few stragglers" are expected. The class will meet Tuesday and Thursday, 8:30 to 9:45 a.m., throughout the semester.

The TV political science class is designed as an experiment to study the effectiveness of the medium as a teaching method. Dean Dewey B. Stuit of the college of liberal arts, and Prof. H. Clay Harshbarger of the TV center with other faculty members, began planning it a year ago.

**Evaluate Material**  
Finding out what materials are best suited for TV teaching and how students adapt to the new medium will be examined. Charts, graphs and blackboards will be used to evaluate their effectiveness.

Discussion techniques, and the use of camera and microphone will also be studied to determine their usefulness in the TV teaching process.

Stuit and Harshbarger feel TV can preserve the small group discussion method of teaching, while applying it to a large number of students.

**Hears Everything**  
Stuit has observed that the microphones will take the student out of the observer role, and allow him to participate as if he were a member of the small group on the stage. Each student will hear everything that is said over the microphone in each of the rooms and will be able to ask questions in turn.

Prof. Sam Becker of the TV center, and Harshbarger will direct the experiment. Clarence Phillips will be technical supervisor.

**Cheerleader Tryouts Set for Wednesday**  
Tryouts for positions as cheerleaders will be held Wednesday through Friday in Macbride auditorium from 3 to 5 p.m.

Three men and three women will be chosen as replacements for cheerleaders being graduated in June.

Those who can't attend tryouts should contact Alan Waxenberg, A3, Davenport, phone 4117.

# 1 Killed, And 6 Others Injured In Johnson County Auto Crash

A 14-year-old Parnell youth was killed and six others were injured, one seriously, late Monday afternoon in a head-on car collision near Williamstown, 15 miles southwest of here. The six are at Mercy hospital.

Killed was Robert King, son of Mr. and Mrs. Joe King, Parnell. He received a broken neck.

Injured was Kenneth King, 16, brother of the victim and driver of the car, who is reported in "fair" condition with possible chest injuries and face cuts.

Mary Kay Swartz, 16, Parnell, is in "critical" condition with severe head injuries. Her brother, Calvin, 17, is in "poor" condition with chest and possible skull injuries and a broken arm.

Shirley Ann Mamer, 14, also of Parnell, is in "fair" condition.

The King car collided with one driven by Darwin Schoville, 41, Coralville. Schoville is in "fair" condition with possible neck and upper chest injuries.

Alvin Christner, 30, Sharon Center, a passenger in the Schoville car, is in "fair" condition with a possible broken right knee, and elbow and multiple cuts and bruises.

The accident occurred near Hickory Grove school, three and one-half miles west of Frytown. The five youths riding in the King auto were returning home after attending the Iowa Menomonic school. The cars met head-on at the top of a hill.

King's body was taken to the Powell funeral home in Wellman.

## Half Search For Plane Down in Italy

ROME (AP) — A search by more than 1,000 persons for a missing Belgian airliner was halted temporarily at dusk Monday. The plane disappeared north of Rome Sunday night with 29 persons aboard, including 4 Americans and an Italian beauty contest winner.

The plane, a four-engine DC-6, vanished in a fog on a flight from Brussels to the Belgian Congo. It was in radio contact with Rome's Ciampino airport only 16 minutes before a scheduled landing there. Then the plane's radio cut off, and nothing definite has been heard since.

But a "checkboard search" of the hill area about 30 miles north of Rome, where farmworkers and monks in a Capuchin monastery thought they had seen a burning plane fall, was planned for today.

Some think the plane may have fallen into the sea. Marcela Mariani, 26, who was "Miss Italy of 1953," was one of the passengers.

## No One Injured In 3-Car Accident

A three-car accident at the Iowa ave. viaduct about 7 p.m. Monday delayed dozens of basketball enthusiasts but did not result in injury.

Mary M. Kerr, G. Campbellersville, Ky., a passenger in an auto driven by George J. Wine, North English, was released from SUI hospitals after examination.

An auto driven by Norma M. Hakek, 20 Evans st., stopping for traffic, was hit from behind by the Wine car which was in turn hit from behind by the car driven by Leland D. Anderson, 430 E. Davenport.

The Wine and Anderson autos received damages of over \$50, while the Hakek car sustained minor damage.

JOHNSON COUNTY CORONER, Dr. G. D. Callahan, Iowa City, examines the body of 14-year-old Robert King, Parnell. King was killed and six others injured in a two-car head-on collision on a hill-top near Hickory Grove school, 15 miles southwest of Iowa City.

## Mao Warns U.S. on 'Aggression'

TOKYO (Tuesday) (AP)—The ruler of Red China's millions asserted Monday that if "imperialists" wage war "we, together with the peoples of the whole world, will certainly wipe them out clean from the surface of the globe."

Mao Tse-tung rattled the sword at a Soviet reception at which Premier Chou En-lai accused the United States of "preparing an atomic war." Chou likewise predicted defeat for any attacker.

The occasion was the fifth anniversary of the signing of the treaty of friendship, alliance and mutual assistance between Communist China and the Soviet Union.

All the more important leaders of Red China turned out and listened to possibly the most beligerent statements made by Mao, who rules as chairman, and Chou since the Communists seized the mainland in 1949.

"We can all perceive," Mao said, "that with the great cooperation between China and the Soviet Union there are no aggressive plans of imperialism which cannot be smashed."

"Should the imperialists start a war of aggression, we, together with the people of the whole world, will certainly wipe them out clean from the surface of the globe."

## Sigma Nu Reports Loss of Trophies

Sigma Nu social fraternity members are carrying on a search for 30 to 40 intramural trophies taken from their house at 630 N. Dubuque st., Saturday between 8 and 9:30 p.m.

Dennis J. Thee, fraternity chaplain, said that no inventory has been taken, but that the trophies were worth little.

"While I know of no present feuds," Thee said, "such things have happened before. I think the trophies will return."

Most of the fraternity members, Thee said, were either in another room watching television or had gone to a basketball game when the trophies were taken.

Iowa City police were informed of the theft early Sunday morning.

## Lodge Approves Ike's China Stand

PHILADELPHIA (AP)—Henry Cabot Lodge, U.S. Ambassador to the United Nations, said Monday night President Eisenhower's "fight for Formosa" declaration, with congressional backing, "is the best insurance against a full-scale war in that area."

Lodge specifically referred to Formosa and the Pescadores in the speech prepared for delivery to a dinner sponsored by the Pennsylvania state Republican committee. Lodge's remarks came after the UN Security council adjourned its debate to permit outside negotiations.

He made no mention of the islands of Quemoy and Matsu. Nationalist Premier Chiang Kai-shek expressed determination Monday to defend those two islands rather than abandon them as in the case of the Tachen islands.

Lodge noted that the UN General assembly had voted to condemn Red China's imprisonment of 11 American fliers. He said this shows the United Nations "believes in the elemental decencies and seeks to look after its own."

"I believe that we will get our men back — and I believe that the General assembly's action will have been a big step in that direction," he added.

In a reference to the speculation on whether President Eisenhower will seek a second term, Lodge said:

"I predict that the people will not allow him to retire and will surely insist on his serving for another four years."

## Ball Tickets Available To Reservists

Tickets for the 53rd annual military ball, to be held Feb. 18, at the Iowa Memorial Union, are available to all air and army ROTC cadets, reserve officers, and National Guard personnel in this area.

The ball is sponsored by SUI's military department and military fraternities, Billy Mitchell Squadron, the Pontoniers and the Pershing Rifles.

The "cabaret" style arrangements in the main lounge for the ball, permit only a limited number of tickets to be sold to basic ROTC cadets.

A representative will call on each class of army and air force basic and advance cadets before Wednesday so that they may buy tickets. Basic students will be contacted in their drills, and the advanced cadets in class.

Representatives will also attend the meetings of the Iowa City reservists units. Persons who desire tickets and are not contacted may call x2212 and have them reserved.

Eddy Howard and his orchestra will play for the ball, following an engagement at Chicago, 60 days.

## New Zealand Plan Still On Agenda

UNITED NATIONS, N.Y. (AP)—Sharply rebuffed by Red China and Russia, the UN security council Monday suspended indefinitely its public efforts to achieve a cease-fire in the Formosa strait.

It left the next move to secret diplomatic maneuvers here and in the capitals of the major powers.

The council refused to consider now as an urgent matter a Moscow plan to end the hostilities by condemning alleged U.S. aggression against China and ordering the withdrawal of American forces from Formosa.

Henry Cabot Lodge Jr., chief U.S. delegate, said the council has not concluded its consideration of a proposal by Sir Leslie Knox Munro, New Zealand, for a cease-fire in the troubled area.

**Would Do 'Injustice'**  
"Indeed," Lodge said in a statement, "it has hardly begun to do so. In these circumstances, we would have done the council and the cause of peace an injustice if we were to allow discussion of the Soviet item to becloud the issues of the current matter at hand."

The council formally invited Red China on Jan. 31 to send a representative here for the discussion of the New Zealand proposal. Peiping quickly turned this down with a blunt demand for the council to discuss the Soviet item first and oust Nationalist China in favor of a Communist Chinese delegation.

Sir Pierson Dixon, Britain, whose government has taken the lead in consultations with Moscow for some arrangement to stop the fighting, said that the Red Chinese rejection was not helpful. He suggested the council adjourn while governments study the situation and consult.

**Council Adjourned**  
This the council did after a three-hour session and without a vote. The delegates left it up to the council president, Victor Belandier, Peru, to call a meeting whenever developments warrant.

In London, Foreign Secretary Anthony Eden said in the house of commons that Britain and Russia are still engaged in diplomatic exchanges looking toward an easing of the crisis. He said any conference would have to include Chinese Nationalists and Chinese Communists.

## American Defense Of Quemoy, Matsu Is Questionable

TAIPEI, Formosa (Tuesday) (AP)—Speculation arose Monday over whether the United States would help defend Matsu and Quemoy after President Chiang Kai-shek declared the islands never would be abandoned.

The U.S. 7th fleet, which covered the peaceful withdrawal from the Tachen islands north of Formosa, was returning to patrol stations around Formosa and to other Far East bases.

Vice Adm. Alfred Pride, 7th fleet commander, left aboard the heavy cruiser Helena for a secret destination, but he has said his warships would be ready to undertake any mission assigned them.

There was no confirmation here of Peiping radio's boast that the Communists Sunday "liberated" the Tachens, 200 miles north of Formosa.

It was considered likely that the "liberation" consisted of a small landing party from nearby Red islands. Nothing of value on the Tachens was left.

There were more reports of Communist boat concentrations near the Matsus, off the coast 100 miles northwest of Formosa, but there was no indication of any intent to invade. Such concentrations are usual.

Chiang predicted at a rare news conference, however, that he thinks the Communists will try to attack Formosa.

## Conversation—Lost Art—

There is some evidence to support belief that the art of conversation is fast becoming a thing of the past, locally. It may well be that the same is, or has, already taken place on a national scale. And we can't blame television this time.

For instance: Prior to paying a social call the other night the hostess called up and said: "Don't forget the Scrabble set." This remark instantly conjured up a vision of several people hunched over a word game, morose and deeply intent on matching wit and vocabulary. What a waste of time!

As it turned out a couple of the men had courage enough to refuse entrapment in the game and the hostess wisely declined to make an issue of it, even though some of the women were disappointed. But the final result was stimulating and rewarding.

Forced into conversation, the group soon found for itself a sparkling challenge in the varied expressions voiced by individuals. The talk jumped from politics to Parsifal, with a host of subjects sandwiched in and nobody seemed to suffer from lack of ideas. It was, indeed a pleasant evening after all, in which everyone shared a word or an opinion, expressed in an atmosphere of relaxation.

The lingering "goodfights" were proof enough to the hostess that her guests enjoyed themselves — even if they were forced to recapture, for a few brief hours, the lost art of conversation.

—Berling (N.H.) Reporter

## Mass Production in Education—

Mass production in industry has resulted in a better product and at a greater speed.

However, when this system is applied to education where the human factor is involved, mass production has many obvious disadvantages.

The idea of producing more college graduates by utilizing existing space and adding a "night shift" of classes is being considered by the Iowa General Assembly.

President Virgil M. Hancher has pointed out that obtaining an education is not gained solely by attending classes. Outside activities and attendance at lectures, dramatic presentations and other cultural activities provide the "total environment" for the student's education.

Without these other activities to enhance a person's attitudes and ideas, education would be a sterile product.

The question that will have to be answered is this: How will SU and other colleges and universities meet the demands placed upon them in increased enrollments. There are several alternatives:

1. "Mass produce" graduates in a manner similar to a factory, which puts on a night shift to meet a heavy load.
2. Obtain greater efficiency of present facilities. An experiment along this line is being tried this semester with TV classroom in a course in comparative foreign government.
3. Only in lecture courses is this feasible, so there are limitations to the TV plan. But this method can go a long way.

The ideal situation would be for the legislature to appropriate money for expansion of school plants and to pay for additional instructors.

Combinations of all three plans would seem to provide an answer.

If used in moderation, night, or possibly Saturday classes could be employed. If experiments in TV classrooms are successful, then stepped-up use of this idea would make existing facilities go farther.

The first two methods could be used to bridge the gap until the appropriations for building larger plants are allocated.

We think full utilization of night classes would be detrimental to education, but partial use of this plan might suffice until facilities are available.

## Old Capitol Remembers

### One Year Ago Today

Ohio State's oft-beaten Buckeyes belted Iowa out of a first-place tie with Indiana in the Big Ten basketball race with a stunning 77-69 victory.

The government announced an eight-cent-a-pound slash in federal price supports of butter to reduce cost to housewives, spur sales and head off an increase in the already heavy surplus of dairy products.

### Five Years Ago Today

Leonard Rappensperger, 48-year-old Hawkeye freshman football coach, was named head football coach at Iowa in a three-year contract at \$10,000 a year.

President Truman named Sumner T. Pike, a Republican, as acting chairman of the atomic energy commission, pending the appointment of a successor to David E. Lilienthal. Pike will direct the development of the hydrogen bomb.

### Ten Years Ago Today

Col. Oveta Culp Hobby, director of the women's army corps, arrived at Ft. Des Moines to attend a three-day meeting of the national civilian advisory committee for WAC and WAC staff directors for all major army commands.

The death sentence imposed on an army private for refusing to drill was cut down to five years at hard labor.

### Twenty Years Ago Today

Bruno Richard Hauptmann vigorously re-asserted his innocence, although a jury found him guilty of the murder of Col. Charles A. Lindbergh's son and the judge sentenced him to die in the electric chair.

Plans were completed for permanent organization of a local Townsend club, one of a nationwide group of societies dedicated to the promotion of the Townsend Old Age Pension act now before congress.

## Scientist Examines 'Snowman' Hair

Dr. Leon A. Hausman examines hairs in his laboratory.

## Zoologist May Help Solve Abominable Snowman Myth

NEW BRUNSWICK N. J. (CP) — The high-powered microscope of Dr. Leon A. Hausman, zoology professor at Rutgers university, may help solve the mystery of the Abominable Snowman, who for generations has been a fearful phantom of the Himalayan mountains.

A member of India's Bombay Natural History society recently made an expedition into the remote Himalayas where he became friendly with the monks of the Thyangboche monastery. They permitted him to inspect what they called a scalp from one of the "Abominable" creatures and to take a few hairs back with him to Bombay.

There, the historian was urged by a Yale university scientist, Dr. Dillon Ripley, to send the hairs to Dr. Hausman, one of the world's authorities on the subject.

And so the bit of scalp came halfway around the world to the Rutgers laboratory.

Dr. Hausman is still working on the problem, but he now believes that the specimen is not part of a scalp at all, but a kind of cap molded from the back or shoulder skin of some large mammal. He thinks it may date back several centuries, into the misty past of Asia.

One possibility, the professor says, is that the hairs may have originally come from a mammal which didn't roam the mountains of Nepal at all, but lived in a land many hundreds of miles distant.

When Dr. Hausman files his final report on the Abominable Snowman, it will be published by the Bombay Natural History society. He has already decided that the hairs do not come from either a bear or langur, the sacred monkey of India, both of which mammals have been suspected of being the Snowman.

The Snowman — called in Nepal the Yeti or Metohkangmi —

has been the subject of story and surmise for more than a hundred years. Natives of the mountain kingdom are said to tremble at its name, for legends say that it is a vicious creature which destroys men and carries young native women off to icy haunts.

An expedition trying to climb Mount Everest in 1921 first reported finding footprints of the monster. In recent years, the ascents of Mount Everest and Annapurna have brought the creature new notoriety.

Scattered reports about the Snowman trickled out and finally came photographs of footprints made by a creature about the size of a man, but dwelling at altitudes far above those where human beings would perish for lack of oxygen.

It is not altogether surprising that a New Jersey college professor should have the task of identifying this strange creature, for Dr. Hausman has an international reputation as an expert on hair — "human and otherwise."

At 910 Kilocycles

### PROGRAM NOTES

Tuesday, February 15  
Jo Stafford and Burl Ives sing American folk music on PASSPORT TO MUSIC at 12:45 p.m.  
Violinist Mischa Elman plays compositions by Tchaikovsky and Wieniawski on ARTIST OF THE WEEK at 2:10 p.m.  
BROADWAY TONIGHT features Ethel Merman with Gordon Jenkins and his orchestra and songs from "Call Me Madam" at 7:30 p.m.

## State Radio Net Sends Call a Minute

DES MOINES (AP) — The Iowa radio communications division is broadcasting police messages over its seven station network at the rate of nearly one a minute each 24 hours of the day, seven days a week.

This was shown Saturday in a report of the division to the State Safety department. The stations broadcast requests for arrests for Iowa and other states, send out highway condition reports, and make contact with state patrolmen and other peace officers who operate in radio equipped cars.

The report showed that in 1954 the station handled 417,259 messages. If they had handled messages at the rate of one a minute on an around-the-clock basis they would have transmitted 524,160. The volume of business in 1954 was about 45,000 messages greater than in 1953. Last year's total was up by about 66,000 compared with 1952.

Seventh Station The system operated stations throughout 1954 at Des Moines, Cedar Falls, Storm Lake, Fairfield, Atlantic, and Maquoketa. A seventh station was added last Nov. 1 at Belmond.

The stations operate with a total personnel of 33. The largest single classification of business in 1954 was contacts with radio equipped enforcement officers cars. There were 369,000 of these messages broadcast. There were 341,000 in 1953 and 310,000 in 1952.

Next largest classification was messages between stations. There were 25,326 of them in 1954 a total of 22,349 in 1953 and 21,053 in 1952.

From Other States The total number of messages relayed from other states was 15,615 in 1954, the total was 12,169 in 1953 and 14,020 in 1952.

Broadcasts for pickups of criminals or suspects amounted to 3,749 in 1954, the figure was 3,460 in 1953 and 3,307 in 1952.

Items cancelled by broadcasts, including the ending of searches for criminals, suspects, or merely missing persons amounted to 3,569 in 1954, as against 3,210 in 1953 and 3,157 in 1952.

## ELECTED CHAIRMAN

The Johnson county agricultural stabilization and conservation committee has elected Ben Dubishar of Amana as new chairman succeeding A. R. Bowers of Coralville who resigned.

The new vice-chairman is Merrill Douglas, West Branch. Bowers is now clerk in charge of the Coralville postal station.

## THE NATIONAL HONOR SOCIETY

of Pershing Rifles, company B-2, will hold its weekly meeting and drill session tonight at 7:30 in the field house. All basic army and air force ROTC students are invited to attend.

## DELTA PHI ALPHA, HONORARY GERMAN SOCIETY

will meet on Tuesday, Feb. 22, in room 122, Schaeffer hall. Prof. Fred L. Fehling will speak on Ernst von Salomon's novel, "Fragebogen" (The Questionnaire).

## SUI YOUNG REPUBLICANS

will hold their February meeting Thursday, Feb. 17, in the Memorial Union cafeteria at noon. Members are requested to meet in the north alcove of the cafeteria after securing their lunch. County Attorney William Tucker will address the group at 12:30.

## DELTA SIGMA PI, PROFESSIONAL COMMERCE FRATERNITY

will hold a smoker for all commerce and pre-commerce students at 7:30 in the Iowa Memorial Union Fountain room.

## FRESHMAN Y WILL MEET

today at 4:10 in conference room 1 in the Iowa Memorial Union. Miss Lenice Larkin, national regional secretary of YWCA and YOU, will speak on "University, YWCA and YOU," and plans for second semester will be discussed.

## DELTA SIGMA PI, PROFESSIONAL COMMERCE FRATERNITY

will hold a regular business meeting for actives only at 7:30 p.m., Thursday, Feb. 17, in the Iowa Memorial Union cafeteria alcove.

## A MEETING OF ORCHESIS

modern dance group, will be held today at 7:30 p.m. in the Mirror room of the Women's gymnasium. Attendance will be required of all members expecting to continue with the group. Members should come prepared to dance.

## PHYSICAL EDUCATION

colloquium will meet Thursday Feb. 17, at 4 p.m., room 332 field house. Prof. Edward M. Lonsdale, department of electrical engineering, will speak on "The Application of Electronic Devices to Research in Physical Education." Coffee will be served 4 to 4:15 p.m.

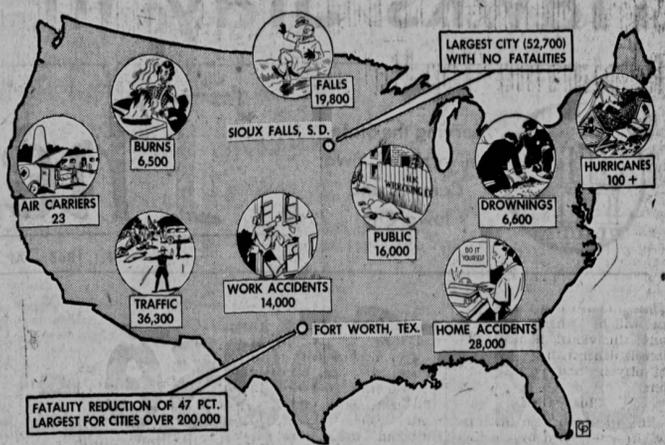

## UNIVERSITY CAMERA CLUB

## Here's How Accidents Killed 127,000 in 1954

THIS PICTURE-CHART shows how the 127,000 deaths by accident in the U.S. in 1954 were divided, according to National Safety Council figures. The total is lowest on record, and the first downward trend since World War II. Domestic air carrier deaths numbered .09 per 1 million passenger miles.

## Interpreting the News—

# Ike-Zhukov Meet Possible

By J. M. ROBERTS  
Associated Press News Analyst

The attention attracted abroad by the suggestion that President Eisenhower pursue his old friendship with Marshal Zhukov is in some ways a measure of the world's state of mind. Zhukov, you will recall, commanded the Russians at the capture of Berlin, became friendly with Eisenhower, and was instrumental in the American commander's visit to Moscow. They have repeatedly expressed regard for each other.

Now Zhukov, as new minister of defense, has become an important figure in the Red hierarchy with which the world is having so much trouble. The President indicated he would

consider renewing an invitation, issued long ago, for Zhukov to visit the United States.

Such foreign press comment as I have seen is all in favor of it, particularly in Britain. Having heard that there are bombs, a few of which might be capable of making the Russian unhabitable, and thinking of the target offered by their tight little isle, the British constantly grasp at any straw which gives the slightest promise of easing tensions.

The Russians have assumed the attitude that there would be nothing sensational about such a visit. "Why not?" asked their ambassador to Washington, Georgi

Zarubin, fresh from the sensational Supreme Soviet meeting last week, and after Zhukov had said he would like it, but perhaps not right now.

For Zhukov to go traipsing off on an errand of sweetness and light right now might undo the propaganda value which his superiors expect to get from his appointment.

From President Eisenhower's standpoint, however, there might be something to gain and little to lose. He would be giving a demonstration that he, too, is ready to grasp at any peaceful-looking straw. America is not skillful enough to walk the tight rope of balance of power politics without stumbling into a world war.

# GENERAL NOTICES

General Notices should be deposited with the editor of the editorial page of The Daily Iowan in the newsroom, room 210, Communications center. Notices must be submitted by 2 p.m. the day preceding first publication; THEY WILL NOT BE ACCEPTED BY PHONE, and must be typed or legibly written and signed by a responsible person. No General Notice will be published more than one week prior to the event. Notices of church or youth group meetings will not be published in the General Notices column unless an event takes place before Sunday morning. Church notices should be deposited with the Religious news editor of The Daily Iowan in the newsroom, room 210, Communications center not later than 2 p.m. Thursday for publication Saturday. The Daily Iowan reserves the right to edit all notices.

Chetser A. Morgan, commerce, will speak on the topic "Key NLRB Decisions—1953-1954."

PROF. HANS FRAUENFELDER, department of physics, University of Illinois, will speak on "Angular Correlation of Cascade Gamma Rays," in a colloquium in room 30, Physics building, at 4:10 p.m. today.

A PH.D. GERMAN READING examination will be given Wednesday, Feb. 23, from 3 to 5 p.m. in room 104, Schaeffer hall. Please register in room 101, SH, by noon, Feb. 23, if you intend to take the exam.

STUDENT COUNCIL BOOK exchange will be open Feb. 7-18 in room 21, Schaeffer hall. Books may be purchased Feb. 9-14. Books not used may be exchanged or refunded Feb. 14. Unsold books and money from sales of books may be obtained Feb. 15-18.

FRESHMAN Y WILL MEET today at 4:10 in conference room 1 in the Iowa Memorial Union. Miss Lenice Larkin, national regional secretary of YWCA and YOU, will speak on "University, YWCA and YOU," and plans for second semester will be discussed.

DELTA SIGMA PI, PROFESSIONAL COMMERCE FRATERNITY, will hold a regular business meeting for actives only at 7:30 p.m., Thursday, Feb. 17, in the Iowa Memorial Union cafeteria alcove.

A MEETING OF ORCHESIS, modern dance group, will be held today at 7:30 p.m. in the Mirror room of the Women's gymnasium. Attendance will be required of all members expecting to continue with the group. Members should come prepared to dance.

PHYSICAL EDUCATION colloquium will meet Thursday Feb. 17, at 4 p.m., room 332 field house. Prof. Edward M. Lonsdale, department of electrical engineering, will speak on "The Application of Electronic Devices to Research in Physical Education." Coffee will be served 4 to 4:15 p.m.

UNIVERSITY CAMERA CLUB will meet Thursday, Feb. 17 at 7:30 p.m. in room 408, Pharmacy-Botany building. Prof. Edward F. Mason will lead a discussion on "Exposure." Prospective members invited.

ALL MEDICAL STUDENTS' wives annual party and mixer will be held at the River room of the Iowa Memorial Union Feb. 15 at 7:30 p.m. All non-fraternity and fraternity medical wives are invited. Wives who have not been contacted call

6928 for reservations by Feb. 14. Hostesses are the Nu Sig wives.

BILLY MITCHELL SQUADRON of the Arnold Air society will have a regular business today at 7:30 p.m. All non-meeting, today at 7:30 p.m. in the chapter room. Speaker will be David Price, executive of the B.S.A. district.

Miss Janet Haberly  
Alpha Delta Pi

Miss Louise Savage  
Currier Hall

Miss Sally Rehberg  
Kappa Alpha Theta

Miss Jeanne Hotz  
Westlawn

Miss Honorary Cadet Colonel and her four staff members will be announced at the annual Military Ball Friday evening at the Iowa Memorial Union.

Other finalists who will be pictured in Wednesday's Daily Iowan are Vivian Hochstetler, A4, Kalona, Currier Hall; Mary Louise Schulze, E3, Ossian, Currier hall; Loah Luman, N4, Chariton, Westlawn, and Irene Livingston, A4, Iowa City, Delta Delta Delta.

The ten finalists were chosen from a field of 21 women who were sponsored by their housing units. The Honorary Cadet Colonel and her staff are selected on the basis of scholastic record, extra-curricular activities and beauty.

Military staff members chose the 10 finalists. Advanced ROTC students voted for the Honorary Cadet Colonel and her staff at a smoker held in November.

Eddy Howard and his band will play from 9 p.m. to 1 a.m. in the main lounge of the Iowa Memorial Union. The lounge will be set up in cabaret style. Intermission will begin at 10:40 p.m.

The theme of the dance will trace the activities of military forces from the time of George Washington up to the present date.

### ORCHESIS MEETING

Orchesis, modern dance club, will hold a meeting today at 7:30 p.m. in the mirror room of the Women's gymnasium. All members who expect to continue in the club are required to come dressed to dance.

## Tri Delts Hold Buffet Supper

Delta Delta Delta social sorority held a buffet supper Sunday evening at the chapter house for members and their dates. After the supper, there was dancing, television and cards.

The committee in charge of the pre-valentine party included Paula Bartunek, A4, Knoxville; Virginia Clinker, A2, Ottumwa; Ann Froming, A3, Des Moines; Jeanine Hilton, A2, Sioux City; Elizabeth Hunter, C3, Earlham; Mary Jordan, A2, Sioux Falls, S.D.

Janet Miltner, A2, Davenport; Joyce Needham, A3, Sioux City; Betty Neuman, A2, Davenport; Carol Neuman, A4, Sioux City; Barbara Phillips, A2, Montezuma; Susan Saie, N2, Storm Lake, and Suzanne Stevens, A4, Muscatine.

## Triangle Club Plans Mardi Gras Dance

Triangle club members will hold a "Mardi Gras" semi-formal dance Thursday from 9 p.m. to midnight at the club-rooms, Iowa Memorial Union.

The Varsity club orchestra will play. The committee includes Prof. Dale M. Bentz, associate director of University libraries, and Mrs. Bentz; George F. Stevens, assistant director of the Iowa Memorial Union, and Mrs. Stevens, and Dr. and Mrs. John H. Hogeland.

## Miss Goetzman Engaged to James Smith

Rosemary Goetzman

Mr. and Mrs. Goetzman, Muscatine, announce the engagement of their daughter, Rosemary, to Mr. James Smith, son of Mr. and Mrs. Willis J. Smith, Ottumwa.

Miss Goetzman graduated from SUI in June 1954. She was president of Chi Omega social sorority during her senior year. At present she is serving an internship in occupational therapy at Ohio State university.

Mr. Smith attended Iowa State college and received a B.A. degree from SUI in June, 1954. He is now a student in the college of law. He is affiliated with Sigma Epsilon social fraternity and Delta Theta Phi, professional law fraternity.

No date has been set for the wedding.

# Hawks Romp Over Indiana, 90-75

(Daily Iowan Photo by Loraine Ward)

IOWA'S DEACON DAVIS shakes, rattles and is prepared to roll despite the anguished opposition of Indiana forward Jim Barley here Saturday night in a contest won by Iowa, 90-75. Looking on are Carl Cain of Iowa, Don Schlundt (34) and Paul Poff (31) of Indiana.

## Don Schlundt Held to 17

Iowa kept close on the heels of Big Ten leader Minnesota here Saturday night, overpowering Indiana's Hoosiers, 90-75. The triumph gave the Hawkeyes a conference record of 8-2. They have won one less game than Minnesota. Don Schlundt, the Hoosiers' All-American center, took a back seat to little-heralded teammate Wally Choice for the visitors, but a balanced attack by the Hawkeyes proved far too much for the Indiana squad. Schlundt was bottled up by Iowa's Bill Logan, who stands four inches shorter, and the Hoosier hot-shot could score but 17 points — a most meager total for him. Logan bested Schlundt in the pointmaking, hitting 19. Choice was the game's tops in the scoring column, chucking in 29 points, and played a tremendous game under the backboards. He was the only man able to

operate effectively in Iowa's close defense. But the diversified attack of Iowa kept the locals in front all the way except for two moments in the first half. Other top Hawkeye scorers were Bill Seaberg with 20, Deacon Davis, who played a fine all-round game, with 19 and Carl Cain with 17. Marksmanship was the biggest difference in offense between the two teams. Both tried 83 shots but Iowa hit on 41 per cent of its attempts, while Indiana could connect on only 29 per cent. But Indiana was deadly at the free throw stripe in the first half, hitting its first 21 tries. The Hoosiers missed 7 of 13 afterwards, though. (Davis' faking and floor work had much to do with loosening up the Indians. Hoosier guard

Hallie Bryant, in the heat of the struggle, remarked to Davis, "Man, why don't you stop that faking and stay still so I can guard you.")

## Iowa Keeps 15th Place In Cage Poll

The defense-minded San Francisco Dons, who turned down a National Invitation Basketball tournament bid because they're confident of going into the NCAA tournament, Monday established themselves more firmly as the nation's No. 1 college basketball team. Iowa kept its 15th place ranking with a sound triumph over Indiana. The Dons, who ousted Kentucky from the lead last week, topped the 10th weekly Associated Press ranking poll of sports writers and broadcasters by a margin of nearly 300 points, although they received fewer first-place votes than they did a week ago. Ballots scattered

The Iowa gymnastic team, paced by Walt Patterson and Sam Bailie, finished their home schedule with a strong 65 1/2-27 1/2 victory over Wisconsin Saturday afternoon at the Iowa field house. Bailie continued his high-scoring pace by leading all the scorers with a total of 30 points.

While winning their fifth match as against one defeat the Iowa squad won every event on the agenda. Bailie won the side-horse, horizontal bar, parallel bars and flying rings. Patterson won the two remaining events, the trampoline and the tumbling match.

Coach Dean Mory of the Wisconsin squad ranked the Hawks as the No. 3 team in the Big Ten. He also believed that the Hawkeyes had two of the best men in the conference in Bailie and Patterson. He thought that Bailie was probably the best in the conference and, perhaps, one of the best in the nation.

"However," he stated, "Iowa would have to beat a well-balanced Illinois squad to rank as No. 1 in the Big Ten." Dick Holzapfel, coach of the Hawks, believed, "It would be awfully tough but we'll be trying all the time."

The Iowa team has two more matches, both on the road, before the annual Big Ten meet on Nov. 4 and 5. One is against Northwestern, the other against Western Illinois.

## Gymnasts Past Badgers

Results: Trampoline — 1. Walt Patterson (I); 2. Jerry Kottung (I); 3. Lee Geraldson (W); 4. Sam Bailie (I); 5. John Omerick (W). Side Horse — 1. Sam Bailie (I); 2. Don Dohrmann (I); 3. Jim Murphy (W); 4. Walt Patterson (I); 5. Ron Kostroski (W). Horizontal Bar — 1. Sam Bailie (I); 2. Walt Patterson (I); 3. Paul Freshette (W). Parallel Bars — 1. Sam Bailie (I); 2. Jim Murphy (W); 3. Dick Kuiper (I); 4. Jim Golley (W); 5. Les Klevay (W). Flying Rings — 1. Sam Bailie (I); 2. Walt Patterson (I) and John Omerick (W), tie; 4. Bill Brehm (W); 5. Stan Bebe (I). Tumbling — 1. Walt Patterson (I); 2. Sam Bailie (I); 3. Lee Geraldson (W); 4. Mike Stoltz (I); 5. Walt Koshler (W).

## U-High Defeated In Sectional Finals

Coach Chuck Wolbers' University high Bluehawks lost out in the state basketball tournament sectional finals Saturday night to Cedar Rapids Wilson, 30-27. U-High led the tense ball control thriller, 27-26, with two minutes to play, but Wilson surged to victory after U-High missed three successive easy layups. Halftime count favored the winners, 14-13.

# Hawkeye Grapplers Drub Michigan, 24-5

Although forced to revise their line-up, Iowa's wrestlers Saturday posted a convincing 24-5 victory over Big Ten co-favorite Michigan. Iowa took six of the eight matches, two by falls, and drew in another. In fact, Coach Dave McCuskey's matmen seem as strong, if not stronger, after the revamping. With 157-pound Eldon Hasley ineligible for the rest of the season, Harlan Jenkinson dropped down from the 167-pound class to take Hasley's spot.

Winder Wins More than offsetting Jenkinson's loss by decision were victories by John Winder at 167 pounds and newcomer Leroy Berryhill at 177 pounds. Winder has been wrestling at 177 pounds, and like Jenkinson, had been wrestling above his weight class. It was Berryhill who turned in the most sensational performance. He pinned John McMahon of Michigan in 53 seconds after telling his teammates he wasn't in condition to go the nine-minute route and had to get a quick fall.

It marked the first competition for the sophomore medical student, Berryhill. Never before had he wrestled, and on top of that fact he had four hours of class Saturday morning before the meet.

McCann at 130 In addition to changing his upper weights, Coach McCuskey reversed Terry McCann and Dick Govig, his two smallest men, for the first time this year. McCann, who has been going at 123 pounds, won his ninth straight match, but his first at 130 pounds. Govig dropped back to 123 pounds at which weight he won the NCAA crown in 1954 and won his seventh victory plus two draws in his nine starts.

Besides Berryhill, 147-pound Jerry Salmon posted a surprise victory over Andy Kaul, who had not been beaten in two years. The win was Salmon's sixth plus a draw in nine matches.

Another by Leuer As usual, heavyweight Ken Leuer turned in a good performance. He won his eighth match

against one defeat by pinning Paul Melgaard in 6:52. Perhaps Iowa will be in the favorite's role when the Big Ten conference meet takes place March 4-5 in Minneapolis. Next Saturday, the Hawks, winners of five straight Big Ten dual meets, face Michigan State there and then wrestle University of Colorado here on Feb. 21 and Purdue here Feb. 26.

Saturday's results: 123 pounds—Dick Govig (I) decisively Dan Terry, 8-2. 130 pounds—Terry McCann (I) decisively Frank Hirt, 5-1. 147 pounds—Bill (Monahan) (I) and Max Pearson drew, 4-4. 157 pounds—Jerry Salmon (I) decisively Andy Kaul, 8-2. 167 pounds—Don Haney decisively Harlan Jenkinson (I), 4-4. 177 pounds—John Winder (I) decisively Mike McMahon (I), 5-3. Heavyweight—Ken Leuer (I) pinned Paul Melgaard, Time, 6:52.

GROSSINGER, N.Y. (AP) — A worried Rocky Marciano will put his golden beak to the test today in a four-round workout with sparring partner Keene Simmons. If the million dollar nose, sliced badly down the left side in his September clash with Ezzard Charles, cuts open again, the heavyweight champion will have to take a long layoff or maybe quit the ring entirely.

Marciano said Monday he boxed four rounds over the weekend — two Saturday and two Sunday — with Simmons "but I didn't get hit square. "The big show will be tomorrow," said Rocky. "I'm going four rounds with Simmons."

There's a red line on the left side of Marciano's nose where the cut has healed. "I massage it every day like the doc told me to do," said Rocky. "It feels all right when I do that. That's not much of a test."

"To tell you the truth I got hit by the light bag about a month ago when I started training. I happened to look away and it caught me on the tip of the nose like a punch. It hurt but it didn't bleed. I had to quit that day."

Manager Al Weill reiterated that Rocky has not signed for fights. The belief is that if the nose is okay, Rocky will defend his crown against England's Don Cockell in San Francisco in late May or early June.

Cyclone Tankers Topple Records LINCOLN (AP) — Six pool records were eclipsed here Monday as Iowa State's highly-rated swim team outscored Nebraska, 58-25, in a dual meet.

Cyclone Capt. Bob Best turned in the best performance with a 2:30 in the 200-yard breaststroke — the season's top college mark in the nation for that event. Records also fell in the 300-yard medley relay, 200-yard freestyle, 150-yard individual medley, 200-yard backstroke, and 400-yard free relay.

Cleveland Schedules 2-Week Special School CLEVELAND (AP) — Cleveland's Indians invited 40 of their "more promising" minor league players Monday to attend two weeks of special schooling at Daytona Beach, Fla.

The school, to open March 8, is at the Tribe's minor league base. Those invited included three players from the Keokuk, Iowa, club of the Three-I league.

EVASHEVSKI SPEAKS Forest Evashevski, head football coach at Iowa, will deliver the key note speech at the ninth annual midwest sales conference to be held in Davenport, on Feb. 18.

His scheduled topic is "Be Alive in '55."

## Gophers Keep League Lead

BLOOMINGTON, Ind. (AP) — Minnesota's Golden Gophers kept in the Big Ten lead here Monday night, defeating Indiana, 80-70.

Minnesota, winning for the 8th time in 10 Big Ten games, hadn't beaten the Hoosiers at Bloomington since 1946. Indiana kept in the game until late and the score was tied four times in the first half. Unguardable jump shots by Garmaker and Charley Mencil gave the Gophers a 41-38 lead at the intermission.

Forward Wally Choice of Indiana, replacing All-American center Don Schlundt in the pivot, kept the Hoosiers alive by scoring 19 points in the first half. He committed four personal fouls trying to stop Garmaker and sat out 10 minutes of the second half.

Choice finished with 26 points, 12 on free throws. Schlundt was third-high for the game with 21 points, eight more than Minnesota's Bill Simonovich, who stands eye-to-eye with Schlundt at 6 feet 10.

Mencil collected 16 points and Gerald Lindsley 15 for Minnesota.

The Gophers' best lead was 13 points at 73-60 with three minutes to play.

## American Skaters Arrive in Moscow

MOSCOW (AP) — The first American athletes to visit the Soviet Union for competition since World War II arrived in Moscow Monday night to compete in the World Speed Skating championships starting this weekend.

The American team is composed of Ken Henry of Chicago, Don McDermott of Englewood Cliffs, N.J., John Werket of Minneapolis.

## Tom Brookshier Named Air Academy Assistant

DENVER (AP) — Lt. Tom Brookshier, former Colorado university and Philadelphia Eagles gridder, will be named defensive backfield coach at the air academy, it was reported Monday.

An official announcement is expected from Washington this week regarding the coaching appointments at the new service school, whose classes begin at Lowry air force base next July.

## Baseballers Swing Back Into Practice

Potential Iowa baseball players are back in full harness again after the final exam week layoff. Since last Thursday hitting practice has been held in the field house batting cage as Coach Otto Vogel drills the diamond prospects for the 1955 season.

Actually, potential battery candidates are farther along than others. The pitchers and catchers have been working regularly since the Christmas vacation under Vogel's guidance.

One of the main problems confronting Vogel is to find a capable replacement at first base for two-year letterman Bob Miller. Miller and John Englert, a sophomore pitching prospect, are now scholastically ineligible for spring semester sports.

"We'll probably try three or four boys at the bag (first base) later on when we get outside and have a chance to turn our attention to defense," Vogel said Monday night. "However, it is still too early to tell much about the club and what will develop," he added.

## Olson, Jones Set For TV Bout

CHICAGO (AP) — Middleweight champion Bobo Olson and Ralph "Tiger" Jones Monday ended heavy drills for their mid-fight 10 rounder in Chicago stadium Wednesday.

The bout will be televised nationally (CBS) starting at 9 p.m. CST. Jones won a shot at Olson by defeating Sugar Ray Robinson in Chicago stadium last month. He had lost five fights in a row previously and was an 8-1 underdog against Sugar Ray.

The latest odds favor Olson over Jones 3-1.

## Says Big Cage Men Getting Too Rough

NEW YORK (AP) — Nat Holman, coach at City College of New York, complained Monday "big men are getting away with murder" in college basketball.

"Officials are just standing aside and making the little guys take it," the veteran coach added in a talk before the Metropolitan Basketball Writers association.

Holman said the tall men were making a habit of stationing themselves under the basket and using their elbows and shoulders to ward off defenders.

"Any big man who has a decent shot can become a star," Holman said.

"I don't know what laws can be made to help the situation except the 12-foot lane. Mainly it's a job for the officials."

## Says Big Cage Men Getting Too Rough

NEW YORK (AP) — Nat Holman, coach at City College of New York, complained Monday "big men are getting away with murder" in college basketball.

"Officials are just standing aside and making the little guys take it," the veteran coach added in a talk before the Metropolitan Basketball Writers association.

Holman said the tall men were making a habit of stationing themselves under the basket and using their elbows and shoulders to ward off defenders.

"Any big man who has a decent shot can become a star," Holman said.

"I don't know what laws can be made to help the situation except the 12-foot lane. Mainly it's a job for the officials."

Lockheed representatives will be on campus Tuesday, February 22, 1955 to discuss how the company's diversified development program can advance your career

## ENGINEERING GRADUATES

Thirteen commercial and military models of aircraft are in production at Lockheed.

Development projects are even more diversified, include jet and turbo-prop transports, advanced versions of vertical rising aircraft, fighters and bombers far exceeding present-day planes in performance, radar search planes, nuclear applications to aircraft and a number of significant classified activities.

This capacity to develop and produce such a wide range of aircraft is important to career conscious engineers. It means more scope for your ability, more opportunity for promotion with so many projects in motion. It means more security—because your career is not restricted to one type of plane.

## Hawkeyes

(Continued from Page 4)

10-7, before Center Bill I and Forward McKinley (De Davis began to penetrate Ohio State defense.

With the Buckeyes leading 12-11, Davis tore through a line of Buckeye defenders, plopped a smooth layup, and from on, the Hawks never trailed. Guard Bill Seaberg was felled by two free throws, and led, 15-12. Davis followed up with a missed shot. This was in a five-minute interval that the Hawkeyes won, 15-2, to lead, 27-12.

## Substitutes Pour In

The starting five of Carl and Forward McKinley (De Davis and Milton (S) Scheuerman and Seaberg gave way to the late in the first half. In Scheuerman fouled out in the first half.

As the Hawks came off the floor to start the second half, Davis and Seaberg maintained from the original lineup. These two joined Schoof, Bob George and Johnson to keep a 15-point lead until O'Connor got to the end of the bench.

Ohio State hit 316 per cent of their floor shots but needed a Robin Freeman. Hawks played good control and shot at a 36.1 clip. O'Connor of Ohio State physics Freeman has been with from competition this season.

## Necessity, Not Convenience

O'Connor's first substitutions, which came way in the first half, were a case of necessity and not convenience. Scheuerman fouled out and Cain clearly was feeling effects of a shaking up received at the hands of Saturday night. However, Logan and Seaberg were tending at top capacity.

So O'Connor called upon Johnson to take over for tending Scheuerman and Schoof replaced Cain, giving Hawkeyes an even more of height advantage, which, beginning of the game was an average of two inches a row.

It was Davis the crowd-who constantly was in the of the Buckeyes. More than he drove through several of ers to make a hard two-look easy. Logan also was an underhand hook shot ease, something he ev worked on as an offense. Indiana's 6-11 Don Schlundt has now perfected.

The Hawkeyes now emb a two-game road trip. Michigan State Saturday night Monday. Then the home to engage Michigan 26.

## IRISH WIN

INDIANAPOLIS (AP) — Dame's basketball Irish night found Butler a little er at home than abroad. lickered the Bulldogs for t and time this season, 81-

## "Excellent" CATERING

● Lunch

**PINE**

# The Lead Badgers

4 and 5. One is against eastern, the other against Illinois.

Line — 1. Walt Patterson (D); Kottung (D); 3. Lee Geraldson (D); 5. John Omer. Substitutes — 1. Sam Balle (D); 2. Armann (D); 3. Jim Murphy (W); 4. Bill Behm (W); 5. Stan King (D).

# High Defeated Sectional Finals

Chuck Wolbers' Un-high Bluehawks lost out state basketball tournament finals Saturday to Cedar Rapids Wilson.

High led the tense ball con-triller, 27-26, with two is to play, but Wilson sur-victory after U-High three successive easy Halftime count favored ners, 14-13.

# Hawkeyes—

(Continued from Page 1) 10-7, before Center Bill Logan and Forward McKinley (Deacon) Davis began to penetrate the Ohio State defense.

With the Buckeyes leading, 12-11, Davis tore through a maze of Buckeye defenders, plopped in a smooth layup, and from then on, the Hawks never trailed.

Guard Bill Seaberg was fouled, sank both free throws, and Iowa led, 15-12. Davis followed by tipping in his own missed shot. This was in a five-minute period that the Hawks outscored Ohio State, 15-2, to lead, 26-14.

Substitutes Pour In The starting five of Carl Cain and Davis at forwards, Logan at center and Milton (Sharm) Scheuerman and Seaberg at guards gave way to the bench late in the first half. In fact, Scheuerman fouled out midway in the first half.

As the Hawks came on the floor to start the second half, only Davis and Seaberg remained from the original starting lineup. These two joined Bill Schoof, Bob George and Roy Johnson to keep a 15-point margin until O'Connor got nearer the end of the bench.

Ohio State hit a .316 per cent of their floor shots but clearly needed a Robin Freeman as the Hawks played good control ball and shot at a .361 clip. On the advice of Ohio State physicians, Freeman has been withdrawn from competition this season.

Necessity, Not Convenience O'Connor's first barrage of substitutions, which came midway in the first half, was because of necessity and not convenience. Scheuerman fouled out and Cain clearly was feeling the effects of a shaking up he received at the hands of Indiana Saturday night. However, Davis, Logan and Seaberg were functioning at top capacity.

So O'Connor called upon Roy Johnson to take over for the disgraced Scheuerman and Bill Schoof replaced Cain, giving the Hawkeyes an even more distinct height advantage, which, at the beginning of the game was an average of two inches a man.

It was Davis the crowd-pleaser who constantly was in the hair of the Buckeyes. More than once he drove through several defenders to make a hard two-pointer look easy. Logan also was hitting an underhand hook shot with ease, something he evidently worked on as an offense against Indiana's 6-11 Don Schlundt and has now perfected.

The Hawkeyes now embarking on a two-game road trip, playing Michigan State Saturday and Illinois Monday. Then they come home to engage Michigan Feb. 26.

IRISH WIN INDIANAPOLIS (AP) — Notre Dame's basketball Irish Monday night found Butler a little tougher at home than abroad but licked the Bulldogs for the second time this season, 81-71.

# Sharm's Ready for Him

GRABBING A REBOUND in Monday night's game here is Ohio State's Jim Miller (17) while Iowa's "Sharm" Scheuerman guards. In the background are Bill Seaberg (22) of Iowa and Charles Ellis (4) of Ohio. Iowa won, 78-69.

# Buck Cagers Praise Iowa

Ohio State representatives had nothing but praise for the Hawkeyes following the 79-68 Iowa victory Monday night, but Iowa Coach Bucky O'Connor was inclined to take the whole thing with a grain of salt.

"Iowa is the team to beat Minnesota, if they have a good night," predicted John Miller, Ohio State's big forward. "Those Hawkeyes are really tough."

Buckeye Coach Floyd Stahl also had only good words for the Hawks as he entered the Hawk dressing room to say, "They're a great bunch of boys."

O'Connor was pleased with the performance, saying, "Johnson and George did a good job," and adding that "Davis has really been hustling the last two games."

Looking to the future, however, he prophesied, "We've really got a tough week ahead."

# Illini Come Back To Tip Spartans

CHAMPAIGN, Ill. (AP) — Illinois came from an eight-point halftime deficit and scored 51 points in the last half to defeat Michigan State, 90-72, and remain in contention for the Big Ten basketball title Monday night.

Illinois' second-half outburst was sparked by a couple of reserve forwards, Jim Dutcher and Hills Stout. Dutcher scored all of his 18 points in the second half and Stout hit 11 of his 13 in the final period.

Illinois jumped out to a 16-12 lead, but Michigan State scored 11 points in the next 2 minutes and moved out to a 47-39 halftime lead.

Julius McCoy led the Spartans in the first half with 18 of his 20 points.

With five minutes of the second half gone, MSC stayed in front, 58-50, then 62-55 before the Illini perked up and went ahead, 73-64.

# Iowa's Hurring Tops National Record

Lincoln Hurring, Iowa's sensational swimming star, shaved a tenth of a second off the national intercollegiate record for the 200-yard backstroke Saturday at Madison, Wis.

Hurring, only a sophomore, had previously set a pool record here in the event and also broke the Wisconsin pool mark at the dual meet. His national record of 2:08.7 betters that of Stanford's

# Wolverines Edge by NU

ANN ARBOR, Mich. (AP) — Michigan evened its Big Ten basketball record at 4-4 Monday night with a 72-70 victory over Northwestern on a layup basket by football end Ron Kramer with three seconds remaining.

The burly sophomore's winning basket gave him 23 points as he equalled Michigan's individual scoring record for the second successive game. He also scored 23 in Michigan's 80-70 victory at Purdue Saturday night.

The game was tense throughout and built up to a climax in the final five minutes after Northwestern had taken a 68-67 lead on two successive baskets by Frank Ehmann.

Michigan then surged in front by three points on a field goal by Don Eaddy and a free throw by Tom Jorgensen. But the Wildcats struck back on a jump shot basket by Glenn Lose to knot the score with 1:22 remaining. Each team had following opportunities but failed to cash them, until Kramer dumped in his climactic basket.

The Wolverines operated through most of the game with a patchwork lineup. Capt. Paul Grofsky fouled out in the 16th minute of the first half. On the bench he joined center Harvey Williams, temporarily ineligible, and the injured Jim Barron, who is out of action for the season.

Northwestern also encountered foul trouble in the second half as Bud Grant and Walt Stoepelwerth each committed a fifth personal.

# Patty Berg Takes Title at St. Pete

ST. PETERSBURG, Fla. (AP) — Patty Berg shot a steady par 74 Monday for a 292 total to win the St. Petersburg Women's Open, golf tournament by one stroke and take home \$1,000.

Jackie Pung of Honolulu got a birdie 3 on the final hole to skip into second place ahead of defending titlist Beverly Hanson of Indio, Calif.

Mrs. Pung had 70 for Monday's low round, while Miss Hanson shot 76 — her worst round of the tournament. Mrs. Pung finished with 293 and Miss Hanson with 295.

Mrs. Pung won \$700 of the \$5,000 prize money and Miss Hanson got \$600.

Larry Heim, set last year. Iowa won the meet Saturday by a 48-45 score, but the Hawks took seven firsts in 10 events.

Double winners for the Iowans were Dick Pennington, who won the 60 and 100-yard free style races, and Ross Lucas, who took the 220 and 440-foot styles. Hurring also swam a leg of the winning medley relay, while Pennington was on the winning free style relay.

Hurring, who hails from Dunedin, New Zealand, is generally regarded as Iowa's top swimming prospect since Wally Ris, 1948 Olympic winner, who was a star on the campus in 1948 and 1949.

# Revamped Purdue Spanks Wisconsin

LAFAYETTE, Ind. (AP) — Last-place Purdue juggled its lineup Monday night and came up with the combination to beat Wisconsin, 75-63, in a second-division Big Ten basketball tilt. Badger Dick Miller paced the scoring with 23.

Lamar Lundy, 6-7 sophomore, started for the first time at center and reserve center Ron Jecha, 6-5, started at forward. They hauled down 22 rebounds between them.

Lundy scored only nine points but Jecha got 18, Denny Blind 21 and Don Beck 14.

Wisconsin's only scorers in double figures besides Miller were Dick Cable with 15 points and Curt Mueller with 10.

Purdue ran up a 10-2 lead at the start. Wisconsin cut the margin to 12-10 but never caught up. The Boilermakers had a 32-29 edge at the half.

# 3 MORE IN NIT

NEW YORK (AP) — Three more strong independent basketball teams, Louisville, Manhattan and Niagara, accepted invitations to play in the National Invitation Basketball tournament.

# Unbeaten Gene Fullmer Scores 28th

BROOKLYN, N.Y. (AP) — Unbeaten Gene Fullmer of West Jordan, Utah, racked up his 28th straight victory Monday night by soundly drubbing Boston's Paul Pender in a 10-round television fight at Eastern Parkway arena.

Pender weighed 159½, Fullmer 156. A 13-5 favorite, the strong boiler-maker's helper took the offensive from the start with a vicious body and head attack that seldom gave Pender a chance to get his own attack going.

## Business goes plumb local!

Media	Investment
Newspapers	\$2,670,900,000
TV	\$809,100,000
Magazines	\$674,100,000
Radio	\$608,100,000
Outdoor	\$185,500,000

love those newspapers!

Total advertising investment in five major media — 1954.

Preliminary estimates prepared by McCann-Erickson, Inc. and published by Printers' Ink. Includes production and talent costs.

Advertisers spend more money in newspapers than in television, radio, magazines and outdoor combined!

Nothing sells like newspapers — because just about everybody reads a newspaper every day.

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association, and published in the interests of fuller understanding of newspapers.

# The Daily Iowan

# Part of Student Health Rates Increased

Rate increases at University hospitals approved Friday by the State Board of Education will affect only one phase of benefits provided under the student health plan.

Dr. Chester I. Miller, head of student health, explained that student benefits will be reduced only in the area of "extra" services. These include X-rays, laboratory tests, operating room, and anesthesia.

Each student is entitled to \$25 worth of services under the student health program during the course of two semesters.

### Paid Out of Fund

The \$25 is paid out of the student health fund, supplied by tuition payments. If the student requires health services amounting to more than \$25, he must pay for them himself.

"The increased cost of extra services under the rate increase means that where a student might have been able to get three X-rays for his \$25, he will now cost him \$30. He will have to pay the extra \$5," explained Miller.

### Only Increase

Miller emphasized that the area of special laboratory tests, operating room, anesthesia, and X-rays is the only one in which student health rates will be increased. The increases will not affect hospitalization, plans, office consultation or care in the infirmary.

Miller said the number of students who require services on which rates will be increased is relatively small.

"Most students will be able to satisfy all their health needs without exceeding their allotted \$25 worth of care," he added.

## New Car Colors Cause Problems

DETROIT (AP) — Color combinations, both exterior and interior may have something to do with the upsurge in new car sales, but they also are causing retailers some embarrassment.

Many car dealers tell of heavy inventories and also inability to make immediate deliveries. They haven't been able to carry in stock exactly the car the customer wants.

The advent of what some commentators have called the "rainbow" era in cars has led many buyers to ask for unusual combinations.

Two to three weeks usually elapse before delivery can be made. And this situation develops in a period when the industry is rolling cars out at a rate of more than eight million units annually.

There never has been a time in industry history when so many color variations have been offered. The producers say they will continue to use them as long as the demand holds up. None will venture a guess as to how long that may be.

## Hears Attack Over Phone

CLOVIS, N.M. (AP) — A helpless police desk sergeant listened over the telephone Sunday night to a 14-year-old girl pleading for her life as an ax-wielding assailant beat down her bedroom door.

Sgt. Leroy Carson said Janice Wells, alone in her home, phoned for help after hearing the man at the door. She was able to give only her address before the door crashed in, but the phone remained off the hook.

Carson said he dispatched a squad car immediately. The car, only six blocks away, arrived just after the unknown assailant — who got away — had dragged Janice out the front door and around behind the house.

### Face, Throat Wound

Janice, daughter of Mrs. Eileen Sasser, was taken to a hospital in critical condition from wounds on the face and throat but was removed from the critical list Monday.

Deputy Sheriff Val Baumgart said her assailant struck her on the side of the head with the blunt edge of the ax and then with the sharp edge across the forehead and again across the throat. He then smashed her in the mouth with his fist, knocking out one of her teeth.

Police and sheriff's deputies pieced together these details after questioning Janice briefly.

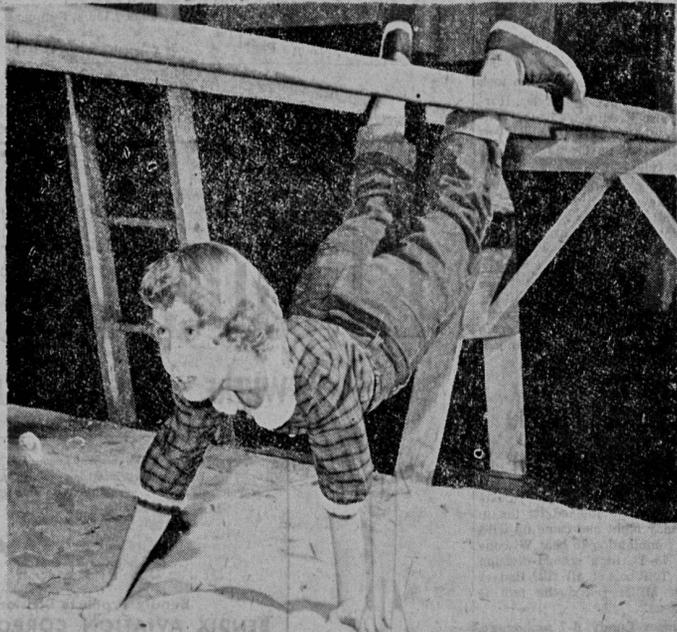

### Calls Police

The girl heard the man at the door after she had gone to bed and tried to call a neighbor from a phone in her bedroom. The neighbor did not answer. She then dialed the police station and gave the desk sergeant her address just before the axman broke down her door.

She said the intruder kept yelling at her not to call or scream or he would kill her. Police said the unknown bludgeoner apparently decided the room was not safe because of the phone and dragged the girl out the front door and around behind the house.

There was no indication Janice had been sexually assaulted.

## 'Walking' Improves Arm, Shoulder Muscles

ANDREA RUPPERT, 8, a student at St. Mary's school, "walks" on her hands while she uses low parallel bars. The bars, designed by Margaret Morris who received her Ph.D. from SUI Feb. 5, are used in a study of how to improve strength in arm and shoulder muscles.

## Missing Witness Delays Patterson Murder Trial

BIRMINGHAM, Ala. (AP) — The A. L. Fatterson murder trial was delayed Monday by the absence of a key state witness from Columbus, Ga., who was believed by the prosecution to be on his way to Mexico City.

Disappearance of the witness led to a delay on the decision as to whether Arch Ferrell, former chief prosecutor at formerly wide-open Phenix City, or Albert Fuller, ex-chief deputy sheriff, would be brought to trial first.

## 1st 1955 U.S. Atomic Blast Today

LAS VEGAS, Nev. (AP) — Despite lowering clouds, the atomic energy commission and the department of defense pushed ahead Monday with preparations for the opening shot of the 1955 atomic series today.

Nearly 1,100 military men were readied for participation in the first of three army maneuvers under the gaze of high-ranking brass, members of the joint congressional atomic energy committee and AEC Chairman Lewis L. Strauss.

The predawn shot, 32d at the Nevada testing site, is scheduled at 7:45 a.m., on Yucca Flat.

### Trigger

There has been speculation that the device, to be exploded from a 500-foot tower, may be an improved atomic trigger for the H-bomb. It has been classed as "a major effort" for the AEC's Livermore, Calif., laboratory, which specialized in hydrogen weapons planning.

One hundred military planes — 75 of them air force, the rest navy and marine corps craft — will take part in the test. Strategic air command B33 and B47 bombers will fly simulated bomb delivery patterns six miles up. Other planes will fly indoctrination cloud-tracking and radiation missions.

### 450 Men

GIs to maneuver in Exercise Desert Rock VI will be 450 men from Camp Desert Rock, who will be in 6-foot trenches 4,000 yards from ground zero. Troops have been closer in some previous tests.

After the detonation, they will move forward under the guidance of radiation monitors and observe blast effects on army vehicles, artillery pieces, small arms and dummies placed closer to the tower.

## 2 Faculty Members To Attend Meeting

Prof. John C. Gerber of the SUI English department and SUI Provost Harvey H. Davis will participate in the 10th national conference on higher education to be held in Chicago Feb. 22 through Mar. 2.

Gerber will serve as analyst for a meeting on "More Effective Ways of Meeting Student Needs in Communications Through Programs of General Education." Davis will be chairman for a meeting on "What are the Most Promising Programs for the Preparation of College Faculty?"

About 800 faculty members and administrators from all types of colleges will be brought together to discuss the topic, "The Meaning and Mission of Higher Education."

The conference is sponsored by the Association for Higher Education which is a department of the National Education association.

## Voters To Decide School Closing

Voters of Jefferson township school district will decide today whether the 17-pupil high school at Shueyville will be closed at the end of the current school year. Polls will be open at Jefferson township rural school No. 2 from noon until 8 p.m.

The special election was scheduled after a petition signed by 80 voters endorsed the township school officials proposal to close the school and transport the students to Cedar Rapids high school.

Under the plan the entire six room school building would be used to consolidate the 70 elementary school pupils of the district under their present three-teacher staff.

## Fine Solon Woman On Liquor Charge

Margaret Slusher, Solon, Monday was fined \$300 in Johnson county district court for illegal possession of liquor. Judge James P. Gaffney dismissed a grand jury indictment for illegally selling liquor, brought against her Thursday, after she pleaded guilty to the illegal possession charge in a county attorney's information.

The defendant said she had bought two bottles of wine and a bottle of whiskey for two 16-year-old Solon youths Dec. 31, 1954, after they had entered the Solon cafe where she is employed, asked her to buy it for them, and had given her money for that purpose.

They told her they wanted the liquor to take with them to a dance that night.

In another arraignment, John V. Beltz, North Liberty, pleaded innocent to a drunken driving charge. A grand jury indictment was brought against Beltz Thursday, after his arrest in Coralville Feb. 5. Beltz is free on \$500 bond.

## Church Honors Dierks' At Farewell Dinner

More than 180 members of the First Baptist church honored the Rev. and Mrs. Elmer E. Dierks at a farewell surprise party at the church Sunday night.

The Rev. Mr. Dierks is moving to Morgantown, W. Va., near the end of the month to take a position as university pastor there. He has served as pastor of the First Baptist church for 25 years.

Until a new pastor is chosen, the church will have guest pastors from the area.

## Can-Can?

THE CRADLE SET IS KEEPING pace, fashion wise, with new style trends. The little champ is wearing two new unmentionables for the coming summer. A soft, highly absorbent diaper snaps into the sheer nylon, plastic-lined cover of these three-cornered pants. The lady's outfit shows the can-can influence in three rows of nylon lace ruffles. A quilted dacron diaper snaps on.

## Heart Fund Drive Opens

Dr. L. E. January, professor of internal medicine at the University hospitals, will be guest speaker at the kickoff meeting of the 1955 Heart Fund campaign today at 8 p.m. in the Veterans Administration hospital.

January will speak on "The Challenge of Heart Disease." Chairman of the Johnson county Heart committee, he is past president of the Iowa Heart association and is an officer of the section of clinical cardiology of the American Heart association.

Sunday, Feb. 20, has been designated as Heart Sunday. Workers will conduct a door-to-door city campaign between 1 and 4 p.m. to collect donations.

It is being conducted under the sponsorship of the Johnson county Heart committee, an affiliate

of the American Heart association.

"All contributions we receive will be used by the Johnson county Heart committee to support a three-way attack on the causes of high blood pressure, rheumatic fever and hardening of the arteries," said L. E. Hunn, fund chairman.

"A major portion of the funds will remain in this community and the remainder will advance the work of the American Heart association.

"Throughout the nation, about one in every 16 persons is affected by heart disease. There is a need for community level programs which will protect the healthy and rehabilitate the heart sufferers," Hunn said.

# Schramm On To

By Betty Tucker

The argument that American best interests are served by tariffs protecting domestic industries is obsolete, says James S. Schramm, executive vice-chairman of the Committee for a National Trade Policy in an Iowa City audience Monday.

Speaking before an opening co-sponsored by the City League of Women and the Johnson county Bureau, the Burlington businessman reported on the progress of trade legislation backed by the administration during this session of Congress.

"I do not see how any resman can conscientiously pose the gradual relaxation of our high tariffs when a leaders of government have out so strongly for it," Schramm continued.

Urges Writing Congress

He urged, however, that senators write immediately to district representative Schwengel on behalf of trade policy. The house is to reach a vote on the matter Thursday or Friday.

"The opponents of free trade are well-organized and vocal," Schramm commented. "I predict that Mr. Schwengel will receive more adverse letters favorable ones unless we ourselves heard."

As representative of the committee for a National Trade Policy, Schramm was the public witness to testify the house ways and means committee in January on behalf a bill to extend the recent trade agreement act for years and to give President Eisenhower authority to make trade tariff reductions effective.

Outline Agriculture Program

The second speaker on today's program was Prof. S. P. Hays, of the SUI history department, who outlined the problems faced by American agriculture in expanding markets for farm products.

"Generally the farm program is a loss of foreign markets in recent years," Hays declared. "when actually it has played a minor role."

He blamed the shrink foreign demand on the reduction of "abnormally high" markets during and following World War II, and on the total expansion of agricultural production abroad which has been taking place over the years.

## City Records

# Schramm Asks Action On Tariff Reduction

By Betty Tucker

The argument that America's best interests are served by high tariffs protecting domestic industries is obsolete thinking, James S. Schramm, executive vice-chairman of the Committee for a National Trade Policy, told an Iowa City audience Monday noon.

Speaking before an open meeting co-sponsored by the Iowa City League of Women Voters and the Johnson county Farm Bureau, the Burlington businessman reported on the prospects of passage of trade legislation, backed by the administration, during this session of congress.

"I do not see how any congressman can conscientiously oppose the gradual relaxation of our high tariffs when all the leaders of government have come out so strongly for it," Schramm continued.

### Urges Writing Congressman

He urged, however, that citizens write immediately to first district representative Fred Schwengel on behalf of a fair trade policy. The house is slated to reach a vote on the measure Thursday or Friday.

"The opponents of freer trade are well-organized and very vocal," Schramm commented. "I predict that Mr. Schwengel will receive more adverse letters than favorable ones unless we make ourselves heard."

As representative of the Committee for a National Trade Policy, Schramm was the first public witness to testify before the house ways and means committee in January on behalf of a bill to extend the reciprocal trade agreement act for three years and to give President Eisenhower authority to make moderate tariff reductions each year.

### Outline Agriculture Problems

The second speaker on Monday's program was Prof. Samuel P. Hays, of the SUI history department, who outlined several problems faced by American agriculture in expanding world markets for farm products.

"Generally the farm price support program is blamed for the loss of foreign markets in recent years," Hays declared, "when actually it has played a minor role."

He blamed the shrinkage of foreign demand on the natural reduction of abnormally large markets during and following World War II, and on the gradual expansion of agriculture production abroad which has been taking place over the last 20 years.

## City Record

### BIRTHS

Mr. and Mrs. Claude Carrous, Riverside, a girl Friday at Mercy hospital.

Mr. and Mrs. Fred Slaughter, 5 Riverside et., a girl Saturday at Mercy hospital.

Mr. and Mrs. Paul G. Ipsen, Oxford, a girl Saturday at Mercy hospital.

Mr. and Mrs. Kenneth Mahoney, Cornell, a girl Monday at Mercy hospital.

Mr. and Mrs. Wayne Miller, R.R. 4, a girl Monday at Mercy hospital.

### DEATHS

Ruth Pickerell, 32 Des Moines, Sunday at University hospitals.

Louise Brown, 91, West Branch, Saturday at Mercy hospital.

Infant Randall, baby of Mr. and Mrs. Arnold Randall, Solon, Sunday at Mercy hospital.

Mary Rossler, Solon, Sunday at Mercy hospital.

Vernon G. Rossler, Solon, Sunday at Mercy hospital.

### POLICE COURT

Herbert Edward Trpkosh, 45, Solon, waived to the grand jury on a charge of drunken driving.

Trpkosh is free on \$500 bond.

Richard Vandenberg, R.R. 1 was found innocent on a charge of petty larceny.

A charge of intoxication was dismissed against Richard Yonda, 427 First ave. Yonda was arrested Sunday by Iowa City police.

## ROTC Students Hear Colonel

ROTC students in the Army Monday afternoon. Green spoke on the duties of ROTC graduates during their tour of duty following graduation. Green is the first of two senior army officers scheduled to speak to the ROTC group this month. Col. S. W. Fisk will speak to the group later in the month on their duties as reserve officers following their tour in the regular army.

## Writes Article In 'Nation' On McCarthy

A magazine article describing the Davenport Messenger's opposition to Sen. Joseph McCarthy appears in the February 5 issue of Nation. The article was written by Nick Thimmesch, free lance writer and SUI communications skills instructor.

The Messenger, official publication of the Davenport Catholic diocese, became an outspoken critic of Sen. McCarthy in June 1952, the article says, when Donald McDonald, Messenger editor, explained McCarthyism in terms of post war disillusionment.

The article quotes McDonald as saying at that time that McCarthy had "relieved us of the burden of thinking" and had provided "what seemed like... the ideal handle for the good, firm, grip on political reality. The name of the handle was Conspiracy."

"You can no more appeal to a McCarthyite's sense of fair play," the quotation continues, "than you can appeal to a communist's sense of theistic religion. Fair play and religion are precisely the victims... of McCarthyism and communism."

The article summarizes McDonald's view that McCarthy does not reflect the highest thinking of the Catholic church. In 1952 the Messenger was rated the "best Catholic paper of the year in the field of religious teaching and exhortation."

## Post Office Offers Advice To Dog-Troubled Carriers

WASHINGTON (AP)—All over the nation Monday postmen used psychology on dogs.

That is, if they followed official suggestions.

Post office officials figure a majority of their carriers have been dog-bitten at least once. They have consulted "experts" trained in the actions, psychology and temperament of dogs "to see what can be done about it."

### Results

Edward Landry, post office safety director, said results of this study were sent to regional directors to pass on to carriers in whatever form they chose.

Victor H. Anderson, safety director in Kansas City, Kan., summed them up neatly for carriers on a single typewritten page, a copy of which has been sent to us by a McAlester, Okla., postman.

The experts say a dog's eyesight is terrible. So when a postman, totting his pouch, comes blurred and indistinct into the dog's vision, it's no wonder he's suspicious.

### Be Friendly

Under the circumstances, the experts say, the best thing to do is to make friends with him, and here's the way it should be done:

1. "Do not pet dogs. Many dogs resent such familiarity... not by contact."

2. "Do not make quick, sudden movements... a dog may bite in nervousness or fear."

3. "Do not strike at a dog" since he then thinks it's okay to strike back.

4. "Do not run from dogs!"

5. "If a dog stops you in your path by snarling at you: Stand still and give him time to smell you. Talk to him and continue talking to him as you walk straight ahead toward your destination."

### Office-Seeking Curbs Asked for Justices

WASHINGTON (AP)—Sen. John M. Butler (R-Md.) introduced a constitutional amendment Friday to bar supreme court justices from serving as President or vice-president within five years after leaving the bench.

Butler, a member of the senate judiciary committee, said in a statement the proposed amendment would "discourage any politically ambitious justices who aspire to high political office from employing the exalted post they hold to advance their aspirations."

6. "Show respect for a dog," who only is doing his duty, "and nine times out of ten, he will, in turn, respect you."

But—

Some 'Ornerly' "It is true," Anderson concedes, "that a few dogs are actually just plain 'ornerly' and will not easily make friends with carriers."

What happens to the poor postman who tried to walk and talk his way past this animal, Anderson doesn't say. But he might well have repeated his opening sentence.

"The experience of postal carriers with dogs relating to patrons on their routes," he said, "has not been a pleasant one."

## 'Just Lucky, I Guess'

"OH WELL, IT'S ONLY THE THIRD TIME," yawns Fancy Bombardier, as he rests after being named the best of breed at an early judging of the Westminster Kennel club's 79th annual show in Madison Square Garden. The bloodhound, owned by Tom and Pearl Sheahan of Torrington, Conn., won the same honor in both 1953 and 1954.
