Cloudy, rain southeast half and rain changing to snow and turning colder in the northwest ha' today. High today 30 to 50 degrees. Snow flurries and much colder Saturday.

U.S., Britain Split On China Issue

Liquor In Private Clubs Passes Senate

DES MOINES (AP) — A bill which would permit private clubs to store and serve liquor belonging to members even though the club has a beer license now goes to the Iowa house of representatives.

It was passed 38-12 by the senate Thursday after warm debate.

The measure does not legalize the sale of liquor by the drink. The bill permits hotel guests to have liquor in their rooms without jeopardizing a hotel's beer permit but it does not permit liquor in public places of the hotel where beer or food are sold.

Permits Liquor Storing Additionally the measure permits liquor to be stored on coaches, club cars and pullmans of railroads which have Iowa beer permits but does not legalize the serving of such liquor in Iowa by the railroad companies.

Sen. Frank C. Byers (R-Marion) whose committee drew up the bill, opened debate by saying the measure was intended to clarify the law defining premises where liquor may be kept.

He said the confusion arose from a recent ruling by Attorney General Dayton Countryman holding that liquor could not be kept even in members' private lockers, in clubs holding class B beer permits.

Has Hoegh's Blessing Byers said he understood the bill has the blessing of Gov. Leo Hoegh and added that it is only designed to keep from putting private clubs and some hotels out of business.

Before the final roll call the lawmakers beat down an amendment proposed by Sen. Earl Elijah (R-Clarence) which in effect would have changed the measure to be prohibiting any person from having liquor in a place where beer is sold.

Under an amendment offered by Byers, after the bill had passed, the measure would become effective immediately upon publication after it is passed by both houses of the legislature and signed by the governor.

No Liquor Sold In County Bars, Tucker Declares

County Attorney William Tucker said Thursday that as far as he can discover, no liquor is being sold over the bar in Johnson county.

Tucker made the statement to the SUI Young Republicans at a luncheon in the Iowa Memorial Union.

Tucker said the liquor situation in the county "is the best that it has ever been."

He stated that he has not made spot checks on establishments holding federal liquor stamps because he has received no valid complaints.

He added that no federal liquor stamps have been turned in to him to date. More than 100 stamps have been turned in by Scott county tavern owners at Davenport.

"Inasmuch as neither Johnson county nor the state of Iowa has any control over federal stamps, I have made no request that stamps be turned in," he explained.

The bootlegging that has troubled Polk county (Des Moines) officials is not being done here, the county attorney said.

The Young Republicans agreed to hold another noon meeting at the Memorial Union in March.

Bill Seeks Joint Health Cooperation

Passage of a bill authorizing the Psychopathic hospital in Iowa City to cooperate with the federal government in a mental health program has been recommended by a committee of the Iowa house of representatives.

The house public health committee also urged a \$50,000 annual appropriation for support of the project.

TALKS TO CHURCHILL

LONDON (AP) — Helen Keller, 75-year-old blind and deaf American lecturer, was received by Prime Minister Sir Winston Churchill Thursday. He talked with Miss Keller for about a half hour.

Coeds Rehearse for 'Top Hat' Musical Revue

PRACTICING "A BEDTIME STORY" are Joyce Needham, A3, Sioux City, left, "Commercial Pig"; Susan Sallie, N2, Storm Lake, "Cool Pig"; Prudence Meder, A3, Elkader, "Square Pig"; Barbara Summers, A3, Audubon, "Wolf," and Suzanne Stevens, A4, Muscatine, "Narrator." The skit is one of a number which will be presented at the "Top Hat," musical revue, sponsored by the Mortar Board. The show will be presented in Macbride auditorium Friday, Feb. 25.

Open House Visitors To Get Advance Look at Parklawn

Visitors to a special "open house" this weekend at the Parklawn apartments will get an advance look at the new homes into which 23 student families will move next month.

SUI's first permanent structure built to house married students, Parklawn will be ready for occupancy Mar. 1, according to T. M. Rehder, director of dormitories.

The four-story brick structure contains 53 apartments. At the present time, 23 apartments located in the south portion of the building are being opened to married students. The north portion of Parklawn will house the Iowa Center for Continuation Study on a temporary basis.

So the public may see Parklawn before it is occupied, "open house" is planned for Saturday and Sunday from 1 p.m. to 8 p.m.

Two Types of Units The Parklawn units are of two types. Fourteen are 20- by 17-foot "efficiency" apartments, containing one large room, kitchen, bath and large closet. The remainder are 20- by 24-foot one-bedroom units, which also include a living room, kitchen, closet and bath.

The "efficiency" apartments will rent for \$65 per month, while the one-bedroom units will be \$75. Both types will be rented unfurnished, and occupants will pay for their own utilities.

Pageant Changes Asked by Council

Student Council Thursday night passed a recommendation to the Miss SUI Pageant committee that Miss SUI be chosen by a nationally known celebrity selected by the pageant committee.

The council further recommended that the field of candidates be narrowed to five by a vote of the male students. Women's housing units would nominate and sponsor candidates.

The recommendations, while not binding, also included the selection of a director in the spring and narrowing of the pageant program to the presentation of the candidates at the half-time of a basketball game and the final presentation of the queen and her court at the Winter Formal.

with the exception of water. One apartment of each type will be furnished this weekend for the benefit of "open house" visitors.

Cost \$500,000 Constructed at a cost of \$500,000, Parklawn is the first unit of a long-range building program approved by the state board of education for SUI married students. Like other units in the SUI dormitory system, Parklawn will be self-liquidating and no tax funds were used in its construction.

At the present time, nearly one out of four SUI students is married. Preliminary registration figures for the spring semester show 8,264 students enrolled. Of these, 1,731 men and 298 women — a total of 2,029 — are married.

With the addition of the 28 Parklawn apartments, SUI will have 728 married housing units.

2 Youths Released From Hospital

Kenneth King, 16, and Shirley Marner, 14, of Parnell, two of the six persons injured in an auto accident near Williamstown Monday, were released Thursday from Mercy hospital.

Robert King, 14, who was killed in the accident, was buried Thursday at the Mennonite church near Wellman.

Mary Swartzendruber, 16, Parnell, formerly listed as in poor condition with a fractured skull, was announced in fair condition Thursday. Her brother, Calvin, 17, is also in fair condition.

Dorvin Scholville, 41, Coralville, driver of the other car, and Alvin Christner, 30, Iowa City, his passenger, are reported in good condition at Mercy hospital.

Mrs. Mabel Morrissey, 403 Jefferson st., who received cuts and bruises when struck by a car Tuesday, was reported in good condition at Mercy hospital.

SUCCESSFUL REFUELING WASHINGTON (AP) — The Navy said Thursday it has successfully tested the feasibility of fueling a seaplane from a submarine. The experiment was performed off San Juan, Puerto Rico, some time this month, a Navy spokesman said.

However, 698 of these are temporary barracks apartments which were set up eight years ago for an estimated five years of use.

Large Waiting List

In addition to the nearly 700 married students now living in temporary barracks apartments, there are between 800 and 900 on the waiting list for university married housing, Rehder said.

Explaining some of the reasons for the present high percentage of married students, SUI Dean of Students L. Dale Faunce said, "The military draft, the tendency of many couples to marry at a younger age and the increased acceptance of the 'working wife' in our country are all major factors."

OK 'Frisco' As Convention Site for GOP

WASHINGTON (AP) — Republicans shouted approval Thursday for a 1956 presidential nominating convention in San Francisco starting Aug. 20 and heard President Eisenhower bid strongly for Democratic support of his foreign policies.

The Republican National Committee unanimously ratified a subcommittee's choice of San Francisco as the next convention site.

Then the committee heard Eisenhower declare that to keep a balance of values Republicans should not "build up a picture that the worst enemy anyone can have is a Democrat."

"Our great enemy is the Communists," he said. "Our great struggle today is a free world against a dictator world. Our greatest enemy is not the Democrats."

This cautionary note by the President appeared to be directed at party members who have assailed Democrats as being soft on communism.

Cheered roundly by committee members, Eisenhower said he has substituted the term "dynamic conservatism" for the "progressive moderate" label he previously had placed on his Republican administration.

British Want Islands Surrendered to Reds

WASHINGTON (AP)—The United States and Britain split publicly Thursday over Nationalist control of Chinese coastal islands like Quemoy and Matsu. Britain argued they should be surrendered to the Reds.

But diplomatic officials said this is the only rupture of importance in Washington-London cooperation and that it has not prevented close teamwork on the two major aims of British-American diplomacy just now.

These aims were behind Secretary of State John Foster Dulles' statements on Formosa in his New York speech Wednesday night.

Great Britain To Produce H-Bombs

LONDON (AP) — Britain announced Thursday she has solved the secret of the hydrogen bomb and is proceeding immediately to become the third nation producing H-bombs.

Prime Minister Churchill's government disclosed Britain has the H-bomb know-how along with the United States and presumably Russia. The disclosure came in an almost casual reference buried in a white paper on defense.

Britain also reported that less money would be appropriated for defense and armed forces manpower would be reduced slightly.

Defense Minister Harold Macmillan, in explaining the white paper, told a news conference, "We have now developed the power to produce a thermonuclear weapon and will now proceed."

"We have solved the research and we are now moving into the development stage. Production will follow."

Neither Macmillan nor the white paper said when Britain's first H-bomb would be completed.

The United States exploded an H-bomb in the Pacific last March and Russia claims her nuclear weapons can match America's.

The defense minister did not elaborate on how much help — if any — Britain got in finding the secret of the H-bomb.

He said, however, that "the United States has always been helpful in matters not covered by the McMahon Act" which controls the amount of information the U.S. government can give foreign countries on atomic research.

The main task of the Royal Air Force "now is to build up, the V-bomber force, with its nuclear potential, to the highest possible state of efficiency and preparedness," the white paper said.

Deadline Today To Claim Money

Today is the deadline for claiming money from sales and unsold books at the Student Council book exchange on the first floor of Schaeffer hall.

The exchange will be open from 9 a.m. to noon and from 1 to 4:45 p.m. Books and money not claimed within 30 days of the time books were submitted will become property of the Student Council.

Robert Eckert, A4, Sioux City, chairman of the book exchange committee, said about \$4,300 was brought in from sales. Ten per cent of the total will go to the Student Council to cover handling and administrative expenses. Eckert said nearly 2,000 books were sold in the six days the exchange was open.

Daniels Family Gets Waverly Apartment

WAVERLY (AP) — A Negro Air Force captain who had run into "racial pressures" in his attempts to find a home for his family was presented with keys to an apartment Thursday in a ceremony he described as "heartwarming."

City and Chamber of Commerce officials along with prospective neighbors of Capt. Virgil A. Daniels, 37, joined in welcoming him as a resident. The captain is a brother of jazz singer Billy Daniels.

"Waverly is a friendly town and we welcome anyone who would like to be a part of our community, especially one of our country's defenders," said Mayor Willard Osineup.

"Threatened To Move" Daniels, father of three, is the only Negro officer at an Air Force radar installation near Waverly. He earlier had taken back his \$20 deposit on the government financed apartment after the rental manager told him some tenants had "threatened to move."

Several residents of the apartment group presented Daniels with the keys Thursday afternoon and also gave him a "petition of neighborliness" signed by most of the housing area residents.

M. R. Laskore, secretary of the Waverly Chamber of Commerce,

Capt. Virgil Daniels Given Apartment Key

told Daniels, "We also have two other housing possibilities pending which are somewhat larger, so you will have a choice."

Daniels said he would decide soon whether to move into the apartment "which is just a little small" or wait for one of the larger places which may be available. The other two Daniels children are Joyce, 11, and Virgil, 9.

7 Red Ships Destroyed by Nationalists

TAIPEH, Formosa (AP) — The Defense Ministry said Nationalist warcraft sank seven Communist landing craft in a sea battle early Friday between Nanchishan and Matsu islands northwest of Formosa.

The ministry said a Nationalist warship shot up a Communist convoy.

Three Red gunboats were set on fire and "possibly sunk," the ministry added. It said the gunboats were between 200 and 300 tons each.

The landing craft weigh 300 to 400 tons, it added.

Planes Roared Off Nationalist warplanes roared off Formosa bases to join in the battle.

With the Tachens abandoned to the Reds, the Nationalists now consider Nanchishan their northern anchor.

It lies 22 miles off the Red China coast, about 12 miles north of Formosa.

Matsu is a Nationalist-held island blocking Foochow port, northwest of the northern tip of Formosa.

Followed Artillery Exchange The sea action followed on the heels of an artillery exchange to the south in the Quemoy area.

The ministry reported Red artillery poured in about 90 shells from Tateng, an island close to Quemoy, and from Lienho, on the mainland 10 miles northeast of Quemoy. It claimed the Red fire caused no damage.

Political quarters welcomed the statement by Secretary of State Dulles rejecting the idea of the Nationalists surrendering Quemoy, across Formosa Strait, and the Matsu, 100 miles northwest of Formosa.

Determined on Quemoy Defense Vice President Chen Cheng told a news conference the Nationalists were determined to defend Quemoy and the Matus even if they were denied air support.

Asked about Dulles' statement that the United States does not intend to defend the offshore islands "as such" but to watch for any Red attempt to use them for a Formosa invasion, Chen replied:

"If I were an American, I would help put the Nationalists in position to defend the islands by themselves and not get the 7th Fleet involved."

Nationalist sources said the entire civilian population of about 2,000 would be pulled out of Nanchishan Island, 120 miles north of Formosa, to simplify supply problems in its defense.

Swiss Assert Right To Try Romanians

BERN, Switzerland (AP) — The Swiss government declared Thursday the anticommunist resistance fighters who occupied the Romanian Legation here for two days would "under no circumstances" be extradited to Romania.

The Romanian government, in a bitter exchange of diplomatic notes, has demanded extradition of the men to stand trial for the killing of legation chauffeur Aurel Setu.

Such extradition, based on the contention the legation is Romanian territory, would mean almost certain death for the four Romanians held by Swiss police.

The Swiss statement asserted the legation was on Swiss soil, and despite its extraterritorial status the men would stand trial before the courts of this traditionally neutral nation.

The maximum penalty for murder in Switzerland is life imprisonment, with parole usually granted after 20 years.

In any case the statement added, Switzerland has never concluded an extradition agreement with Romania so there could "under no circumstances be any obligation for extradition in this case."

Furthermore, the statement said, Switzerland's extradition legislation specifically forbids extradition for any crime committed within Swiss territory.

French To Vote On Pineau Today

PARIS (AP) — Christian Pineau finished preliminary work Thursday on his effort to end France's 13-day cabinet crisis.

He faces his final test today — a vote of the National assembly.

Pineau, a Socialist, is the third man called to form a government since the fall of Pierre Mendes-France. The other two, Antoine Pinay and Pierre Pflimlin, failed.

There was much doubt Pineau could expect a stable majority in Friday's vote. He will need only a plurality voting in favor, but anything less than about 310 of the Assembly's 625 votes will leave him shaky.

editorials

Mouthful of Gobbledygook—

Secretary of State John Foster Dulles' foreign policy speech Wednesday was a well-planned mouthful of diplomatic gobbledygook.

In effect, he said we will, but we won't defend Quemoy and Matsu islands, perhaps, maybe.

Of course, he may not have wanted to give the United States' stand on the Formosa question for fear of letting the enemy know our plans. But then what was the purpose of giving the speech?

He turned down a plan that would have the Nationalists voluntarily surrender to the Reds all offshore islands.

This was expected.

He declared, if "Russians of stature" will put their nation's welfare first, instead of subordinating it to the Communist drive to win the world, "then indeed there could be a basis for worthwhile negotiations and practical agreements" with "the new Russia."

This has been said by many.

Pre-speech releases said it would be a "major" foreign policy speech in which he would define America's stand on Nationalist-held islands other than Formosa and the Pescadores. He didn't mention Quemoy or Matsu.

He said this country "has no commitments and no purpose to defend the coastal positions as such." It was reported that the words "as such" were underlined in his prepared speech.

He didn't explain this evident attempt of emphasis.

He said the U.S. "is firmly committed to the defense" of Formosa and the Pescadores, main Nationalist strongholds.

This, everyone has known for a week.

He said the Chinese Communists are threatening to use the coastal isles as a means to the end of conquering Formosa.

They're not threatening, they're doing it.

"Thus," he said, "the Chinese Communists have linked the coastal positions to the defense of Formosa . . . accordingly we shall be alert . . ."

We'd be nuts if we didn't keep alert.

He said the Eisenhower administration still hopes the United Nations, which ended discussion of the Formosa crisis Monday, will continue to try to arrange cease-fire in the Formosa area.

So does everyone.

He also hopes the Chinese Reds will reconsider their decision not to send representatives to the United Nations to participate in these talks.

So does everyone.

Looking at the reshuffle in the Moscow high command, Dulles said former Premier Malenkov's "resignation" is "an extraordinary demonstration of despotic disarray."

More gobbledygook. Many have said it.

He still holds the hope that the historic friendship between Russia and the U.S. might be "reactivated" if Russian patriots get the upper hand and refuse to subordinate their nation's welfare to the ambitions of international communism.

All the free world hopes this.

So, in effect, what the secretary of state told us was that the U.S. will keep alert to Formosa incidents — something we can be thankful for — and that if Russian leaders would have a change of heart, the world would be much better off.

We could have made the speech.

Fallout Creates New Danger—

The nation is learning more each day about the destructive forces unleashed by the hydrogen bomb.

Not only has the actual blast area increased, but also the fallout or atomic radiation extends 200 miles long and 50 miles wide, usually in the shape of a football.

Fallout has added a new dimension to warfare. A single superbomb exploded close to the ground can contaminate an area roughly the size of Maryland.

Atomic Energy commission chairman Lewis L. Strauss issued a warning in connection with the publication of previously secret data on the H-bomb explosion conducted in 1954 over the Pacific ocean.

The announcement came close on the heels of plans to explode another bomb in the desert near Las Vegas, although high winds have temporarily prevented its taking place.

The new area of killing power has increased the need for civil defense agencies to educate the public.

Let us consider the fate of one person, call him Mr. A, who panics and attempts to flee from the fallout area. Assume that Mr. A seeks no shelter and flees on foot (perhaps having been caught in a traffic jam.)

Assume that he walks or runs all day, spending nine hours in the "hot" area before finally reaching a decontaminated area or being forced by wiser heads to take shelter.

At the end of nine hours of exposure to the blast's radiation, he would absorb 930 roentgens — the lethal dose is 400 to 500 roentgens. His panic would have cost him his life.

On the other hand, a wise man, Mr. B, caught within the elliptically-shaped blast area would have sought shelter and stayed within an enclosed area for two days. After that time the radiation effects would have subsided considerably. Mr. B. then could walk all day in the contamination area and not be harmed.

Civil defense faces the huge task of educating the public about radioactivity, currently understood by only about .01 per cent of the population.

The danger of fallout makes it necessary for the public to be just as well-informed about self-protection from radiation as the infantry which will be closer to the blast.

Interpreting the News—

Chinese Island Policy Of U.S. Upsets Britain

By J. M. Roberts Jr.

Associated Press News Analyst The American decision not to urge the Chinese Nationalists to evacuate any more islands has upset Britain.

From her own standpoint, Britain has gone a good way in supporting Washington's firm attitude about the defense of Formosa. She recognizes the Peiping regime as the government of China, and remembers the Cairo agreement that the islands belong to China.

If it were not for Hong Kong, for which the Chinese, both Nationalist and Red, have long been presenting claims, it is doubtful if London would have gone even as far as she has.

When the latest crisis developed, Britain agreed to the defense of Formosa and government leaders firmly defended it against strong opposition in the house of commons. At the same time, however, they approached Russia for help in persuading Peiping to rely on political rather than military action, and devised the idea that Nationalist-held islands immediately off-

shore should be surrendered to establish a water moat between the contenders.

Now the United States, through Secretary of State John Foster Dulles' speech in New York Wednesday, has turned that down. In addition, Dulles expressed no hope for the Anglo-Russian negotiations.

Dulles expressed respect for United Nations negotiations, but America's real expectations obviously are based on belief in a stalemate enforced by the 7th Fleet.

The United States, in trying to enforce a stalemate is giving up one important deterrent to aggression elsewhere in Asia. That is the threat of Nationalist forces to the China coast if Communist defenses there are weakened by military concentrations elsewhere.

President Eisenhower asked congress for authority to lift an eight-year secrecy veil so that U.S. allies can be told how to use atomic weapons on the battlefield.

President Virgil M. Hancher announced the appointment of a student committee on student affairs to serve as "sounding board" to Dean of Students C. Woody Thompson.

In a 5-4 decision the supreme court declared that congress has the power to nullify promises to pay in gold contained in the bonds of private corporations and that a gold certificate is worth only its face value in present devalued currency.

The first Student League for the Promotion of War was organized on campus, with the election of an "II Duce" and a resolution asking Sen. Huey Long to become honorary leader.

Marjorie Campbell, A4, Jefferson, and Robert Grahl, A4, Des Moines, were named honorary cadet colonel and cadet colonel to reign over the 48th annual military ball. Grahl is the son of Brig. Gen. Charles H. Grahl, adjutant general of Iowa.

Census officials in Washington, D.C., announced that SUI students will be listed as residents of Iowa City rather than their home cities in the 1950 census.

Yank skytroopers returned the American flag to Corregidor where Lt. Gen. Jonathan Wainwright surrendered the Philippines to the Japanese in May, 1942.

Britain Plans Atom-Produced Electricity

(Special to The Daily Iowan) LONDON (BIS) — Great Britain recently announced a provisional plan for producing a substantial proportion of her electricity needs from nuclear power stations by 1965.

The program will cost about \$840 million and involves the building of 12 nuclear power stations with a capacity of 1 1/2 million kilowatts.

Electricity produced would be equal to that from 5-6 million tons of coal a year, a calculation based on the expectation that as much heat can be extracted from one ton of nuclear fuel as from 10,000 tons of coal.

Private industry will be given the task of building Britain's first A-power stations for the publicly-controlled electricity authorities, who will own and operate them.

Specialized training for builders and operators of the new plant has already started.

Many valuable lessons have been learned from Britain's first large-scale uranium atomic power station being completed at Calder Hall in the north of England and expected to operate soon.

Cost of A-power electricity will be comparable with that produced in coal-fired power stations — about half a cent per unit.

Moreover the first nuclear power plants, burning uranium, will produce not only heat, but valuable plutonium which can be used in more advanced stations as the program progresses.

This "plutonium credit" will help offset the cost of the scheme.

Building of the first commercial stations will start in 1957—the time lag being necessary for training atomic-age technicians. These early stations would be in operation 1960-61.

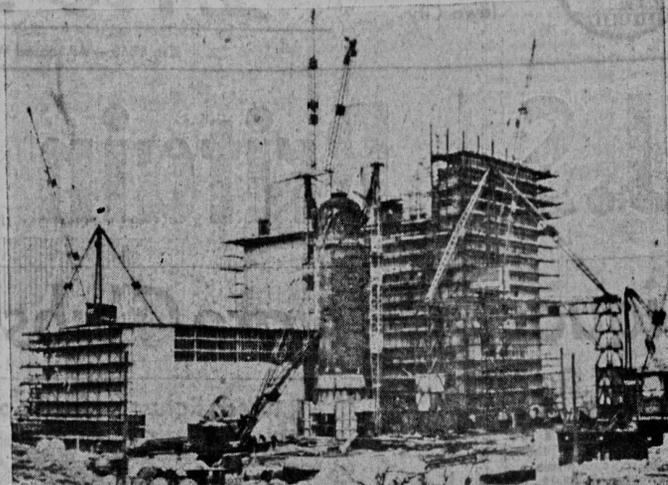

Phase two stations, of an improved type, would go under construction 1958-59 and begin operation in 1963.

Phase three would begin with construction of four still further improved plants in 1960 (coming into operation 1963-64), and four more using very highly rated liquid-cooled reactors, in 1961-62 (coming into operation in 1965).

The A-power plants will be absolutely safe, says the British announcement. There will be no need to place the stations away from built-up areas, though the early ones will not be built in densely populated localities. An "atomic explosion" in such plants is dismissed as "impossible."

The A-power stations are particularly urgent for Britain, since her demand for power is expanding rapidly and her coal production is not enough to carry the whole burden.

From 1965 on it is hoped that all new power stations will depend upon nuclear energy, and if all goes well the total nuclear power station capacity by 1975 could be 10-15 million kilowatts

THIS IS ONE OF TWO ATOMIC PILES at Calder Hall power station in England. It is the first step in Britain's 10-year atomic power program. The first of the 80-foot-high heat exchangers, or boilers, is shown being hoisted into position.

equivalent to the amount produced by 40 million tons of coal.

But the British government makes clear that, because of the rapidly growing need for power, the A-stations will supplement, not replace other forms of fuel and that coal-mining will remain one of the major industries of the country.

AGREEMENT APPROVED BONN, Germany (AP) — The Foreign Affairs committee of the West German Bundestag reluctantly approved the French-German Saar agreement Thursday night, 16 votes to 13. The treaties come before the Bundestag for final approval next week.

Score pads for bridge, nasta or other card games or a magnetized pencil which clips to the side of the pad when in use. Under \$2.

Paint by Number Pre-sketches of historical masterpieces to be painted number. Easy for children and adults. Each set includes 12 framed cardboard pictures, brushes, ready-mixed mastic paints in plastic cup jars, picture hangers for every frame. There are three available: American customs, American veterans and great presidents. Each set under \$3.

Rayon shopping bags, small, plaid cloth cases, shopping bags fold up and placed in the case so that it takes up a minimum amount space in a purse or bag. At \$1.

Iron Rests that can be used while ironing and hung on the wall when the iron is not in use. The iron slides easily on the rest which prevents the iron from slipping off the board or. When not in use the iron is out of the way and easy to hold at \$1.

Pie crimpers to decorate pies, cake or pastry. It crimps and seals. Under cents.

Automatic napkin dispensers with a tulip design. Press the tulip and the napkin pops up. In yellow or red per tic for about \$1.20.

Magnetic key holders which to hide keys, bills, coins in secret places in the home. The magnetic attachment to the back makes it possible to hide in many places. Holds the keys and will not jar loose. Under 70 cents.

General Notices should be deposited with the editor of the editorial page of The Daily Iowan in the newsroom, room 210, Communications center. Notices must be submitted by 2 p.m. the day preceding first publication: THEY WILL NOT BE ACCEPTED BY PHONE, and must be typed or legibly written and signed by a responsible person. No General Notice will be published more than one week prior to the event. Notices of church or youth group meetings will not be published in the General Notices column unless an event takes place before Sunday morning. Church notices should be deposited with the religious news editor of The Daily Iowan in the newsroom, room 210, Communications center not later than 2 p.m. Thursday for publication Saturday. The Daily Iowan reserves the right to edit all notices.

THE LUTHERAN STUDENT association will go roller skating today, instead of Saturday as was previously announced. The group will leave from the student house at 122 E. Church st., at 7:30 p.m. for the Rollerade skating rink in Corvallis.

A TEA DANCE WILL BE held from 2 to 4 p.m., Sunday in the River room, Iowa Memorial Union.

DUPLICATED BRIDGE WILL be played Sunday from 2 to 4:30 p.m. on the sunporch, Iowa Memorial Union.

THIS WEEK'S ACTIVITIES at Hiller Foundation, 122 E. Market st: Friday night service, 7:30 p.m. The topic will be "300 Years of Jewish Settlement in U.S.A." recorded dramatizations produced by SUI Hiller students. No Oneg Shabbat on Saturday. Sunday morning breakfast, 10:15 a.m. Register this week for new Hebrew classes, choir, and other activities. Sunday night supper at 6 p.m. There will be Tercentenary Hiller broadcasts every morning. Feb. 14 through Feb. 19, 8 to 8:15 a.m.

NEWMAN CLUB ACTIVITIES for the week include: Sunday, Mardi Gras party beginning at 7 p.m. with dancing by Leo Cortimiglia.

THE IOWA MOUNTAINEERS announce a local hike, which will start at 2 p.m., Sunday, Feb. 20. The hike will start at the Mountaineer clubhouse behind South Quad. It will end at about 5 p.m. Earl Carter is the leader. No reservations are required.

DELTA PHI ALPHA, HONORARY German society, will meet at 8 p.m. on Tuesday, Feb. 22, in room 122, Schaeffer hall. Prof. Fred L. Fehling will speak on Ernst von Salomon's novel, "Fragebogen" (The Questionnaire).

DAVE BRUBECK AND HIS quartet will play a jazz concert Thursday, Feb. 24, at 8 p.m. in the main lounge of the Iowa Memorial Union. Tickets go on sale Monday at the Union desk for \$1.50 per person.

"GAME NIGHT" WILL BE held at the Wesley foundation Friday, Feb. 18 at 8 p.m. Come join the fun in ping-pong tournaments, bridge and other games. Refreshments will be served.

SENIOR PRIVILEGE: THOSE undergraduate women who are eligible for the first time for senior privilege should attend a senior privilege meeting to be held Monday, Feb. 21 at 4:10 p.m. in room 221A Schaeffer hall. Please be prompt.

ZOOLOGY SEMINAR, WILL meet Friday, Feb. 18, at 4:10 p.m. in room 201, ZB. Prof. Everett Anderson, department of zoology, will speak on "The Electron Microscopy of Trichomonas Muris."

THE PSYCHOLOGY COLLOQUIUM will present Prof. Charles Spiker, Iowa Child research station, as guest speaker on Friday, Feb. 18, at 8 p.m. in E-105, East hall. He will speak on the topic, "Psychological Research with Children." All who are interested are invited to attend.

A PH.D. GERMAN READING examination will be given Wednesday, Feb. 23, from 3 to 5 p.m. in room 104, Schaeffer hall. Please register in room 101, SH, by noon, Feb. 23, if you intend to take the exam.

THE "TOOL" EXAMINATION in Business Statistics will be given in room 115 Schaeffer hall beginning at 1 p.m. Friday, Feb. 25. Students expecting to take this examination should notify the secretary, room 106 University hall, by Feb. 22.

THE "TOOL" EXAMINATION in Accounting will be given in room 115 Schaeffer hall beginning at 1 p.m. Monday, Feb. 28. Students expecting to take this examination should notify the secretary, room 213 University hall, by Feb. 22.

UNIVERSITY COOPERATIVE Baby sitting league book will be in charge of Mrs. Marjorie Oehlerich from Feb. 8-22. Telephone her at 8-2741 for a sitter or information about joining the group.

THE "TOOL" EXAMINATION in Economic Theory will be given in room 202 University hall beginning at 1 p.m. on Thursday, Feb. 24. Students expecting to take this examination should notify the secretary, room 220 University hall, by Feb. 22.

GRADUATE COLLEGE AND the Iowa Society, Archaeological Institute of America present Prof. Emmett L. Bennett Jr. of Yale university "Decipherment without a Rosetta Stone: Recent Work on the Mycenaean Script" (illustrated) at 8:15 p.m., Friday, Feb. 18 at Shambaugh lecture room of the University library.

ALL STUDENTS WHO HAVE submitted books to the Student Council book exchange should pick up their books and/or money before 4:45 today.

CATHOLIC GRADUATE students and faculty — Informal meeting today at 8 p.m. at the Catholic Student center. Discussion of semester's activities and social hour. Refreshments will be served. New students and faculty are encouraged to attend.

GRADUATING SENIORS: College of liberal arts. The Sanxay prize is a cash award of \$500 (no remission of fees) to the Liberal Arts senior, a native or resident of Iowa, who gives the highest promise of achievement in graduate work. The holder of this prize may pursue graduate work in the State University of Iowa or any other standard university during the coming year 1955-56 and the stipend will be paid for that year. Students who are interested in entering the competition should communicate at once with the heads of their major department and present supporting evidence, including written plans for graduate work. The departments will report their nominees to the Graduate office by May 1.

Old Capitol Remembers

One Year Ago Today

In an attempt to alleviate the dog problem in Iowa City, Peter F. Roan, city manager, announced the appointment of Cecil Peterson as animal control and humane officer.

President Eisenhower asked congress for authority to lift an eight-year secrecy veil so that U.S. allies can be told how to use atomic weapons on the battlefield.

Five Years Ago Today

Marjorie Campbell, A4, Jefferson, and Robert Grahl, A4, Des Moines, were named honorary cadet colonel and cadet colonel to reign over the 48th annual military ball. Grahl is the son of Brig. Gen. Charles H. Grahl, adjutant general of Iowa.

Census officials in Washington, D.C., announced that SUI students will be listed as residents of Iowa City rather than their home cities in the 1950 census.

Ten Years Ago Today

Yank skytroopers returned the American flag to Corregidor where Lt. Gen. Jonathan Wainwright surrendered the Philippines to the Japanese in May, 1942.

President Virgil M. Hancher announced the appointment of a student committee on student affairs to serve as "sounding board" to Dean of Students C. Woody Thompson.

Twenty Years Ago Today

In a 5-4 decision the supreme court declared that congress has the power to nullify promises to pay in gold contained in the bonds of private corporations and that a gold certificate is worth only its face value in present devalued currency.

The first Student League for the Promotion of War was organized on campus, with the election of an "II Duce" and a resolution asking Sen. Huey Long to become honorary leader.

YWCA Sets Centennial Tea for Monday

Costumes from past years will be the theme for the Young Women's Christian association centennial tea, which will be held Monday from 3 to 5 p.m. at the home of SUI President and Mrs. Virgil M. Hancher, 102 E. Church st.

The tea is planned to acquaint SUI students and Iowa City residents with the work done by YWCA.

Many of the costumes which will be used were donated by local residents. Prof. Lula Smith, of the home economics department, has donated many costumes from her collection.

First Activity

The tea is the first activity this month which will celebrate the national YWCA's founding. An all-campus book drive will be held from Monday through Saturday, Feb. 26, to gather books for foreign colleges, and the YMCA and YWCA will sponsor a cake sale the following week.

Kay Wing, A3, Des Moines, is chairman of the tea. She will be assisted by Marilyn Carlson, A2, Moline, centennial co-chairman; Jean Albach, A3, Spirit Lake, publicity; Dorothy Dow, A2, Ft. Madison, art chairman; Eleanor Staves, A4, Fairfield, and Miss

Dow, exhibit co-chairmen; Eleanor Fleming, A4, Whittemore, hostess chairman.

Nancy Chesterman, A1, Sioux City, and Madalyn Vanderlip, A3, Dows, centerpiece co-chairmen; Miss Fleming, music chairman; Katharine Korns, A2, Iowa City, invitations chairman, and Felicitas Sancierano, G, Philipines, birthday cake.

Receiving Line

In the receiving line will be

Mrs. Hancher, Mrs. R. H. Ojeman and Mrs. Mildred Jones. The YWCA advisory board will assist.

Hostesses will be Mrs. Harvey Davis, Miss Elizabeth Winbigler, Miss Estella Boot, Mrs. Eleanor Jessup, Mrs. Chester Miller, Miss Moretta Yearnd, Mrs. A. K. Fisher, Mrs. Allyn Lemme, Mrs. E. H. Newsome, Mrs. Dale Ballantyne, Mrs. Carroll Coleman, Mrs. John Craig, Mrs. R. C. La-

rew, Mrs. Joseph Hemphill, Miss Virginia Buckingham, head counselor at Currier hall.

Mrs. J. E. Herriott, Mrs. Hugh Kelso, Mrs. Lewis Negus, Mrs. J. A. Van Allen, Mrs. Robert Omondson and Mrs. John R. Winnie. YWCA members also will serve as hostesses.

Pouring will be Mrs. Dewey B. Stuit, Mrs. Maxine Delmore, Mrs. P. H. Pollack and Mrs. Elmer E. Dierks.

Holzäepfel Demonstrates Trampoline Methods

"JUST A FLIP is all that's needed," explained gymnastics coach, Norman R. Holzäepfel, when he talked to the Stunts and Tumbling group, Thursday afternoon in the Women's gym. Holzäepfel is shown demonstrating a "mechanic," a belt and rope device used to aid beginning students on the trampoline.

WRA Stunts Club Begins Activities

The second semester kick-off meeting of the Women's Recreation association stunts and tumbling club was held Thursday afternoon in the women's gymnasium.

Norman Holzäepfel, instructor in the men's physical education department; Robert Hazlett, A4, Canton, Ohio; Samuel Bailey, A2, St. Petersburg, Fla.; Walter Patterson, A2, Nashville, Tenn., and William King, A1, Wheeling, W. Va., gave demonstrations on the trampoline, the horse and tumbling. The group will meet every Tuesday and Thursday at 4 p.m. throughout the remainder of the semester to work out on the trampoline, flying rings, vaulting apparatus and to do tumbling stunts. Everyone interested is invited to the meetings.

Mrs. Helen Bladon, instructor in the women's physical education department, is advisor to the club. Betty Mayfield, A4, Charles City, is president and Miriam Forbes, A3, Iowa City, is vice-president and secretary.

Iron Rests
Iron rests that can be used while ironing and hung on the wall when the iron is not in use. The iron slides easily into the rest which prevents the iron from slipping off the board and protects the ironing board cover. When not in use the iron is out of the way and easy to find. Holder about \$1.

Pie Crimpers to decorate pies, cake or pastry. It crimps and seals. Under 40 cents.

Automatic napkin dispensers with a tulip design. Just press the tulip and the napkin pops up. In yellow or red plastic for about \$1.20.

Magnetic key holders in which to hide keys, bills, or coins in secret places in the car. The magnetic attachment on the back makes it possible to hide in many places. Holds three keys and will not jar loose. Under 70 cents.

In the Shops I Saw...

By Jan Papke

Combination pipe rack and ash tray for sportsmen. Realistic porcelain hand painted duck design and shape. About \$2 each.

Giant paper clips 7" x 2" for clipping together large quantities of important papers or to be used as a book mark. Twenty-four karat, gold-plated for about \$1.

Score pads for bridge, canasta or other card games with a magnetized pencil which clings to the side of the pad when not in use. Under \$2.

Pre-sketches historical masterpieces to be painted by number. Easy for children or adults. Each set includes four framed cardboard pictures, two brushes, ready-mixed museum paints in plastic cup jars and picture hangers for every frame. There are three available sets: American customs, American inventors and great presidents. Each set under \$3.

Rayon shopping bags in small plaid cloth cases. The shopping bags fold up and are placed in the case so that they take up a minimum amount of space in a purse or bag. About \$1.

Iron Rests
Iron rests that can be used while ironing and hung on the wall when the iron is not in use. The iron slides easily into the rest which prevents the iron from slipping off the board and protects the ironing board cover. When not in use the iron is out of the way and easy to find. Holder about \$1.

Pie Crimpers to decorate pies, cake or pastry. It crimps and seals. Under 40 cents.

Automatic napkin dispensers with a tulip design. Just press the tulip and the napkin pops up. In yellow or red plastic for about \$1.20.

David Brubeck Concert Set

Jazz pianist David Brubeck and his quartet will be presented at a Central Party committee concert Thursday at 8 p.m. in the main lounge of the Iowa Memorial Union.

Tickets will go on sale Monday at the Union desk for \$1.50 each. Appearing with Brubeck will be Paul Desmond, alto saxophonist; Joe Dodge, drummer, and Bob Bates, bass.

Brubeck, winner of last year's Down Beat magazine popularity and critic's poll, has been described by critics as "the most exciting new jazz artist at work today." He is very strict about how his audiences should act: he doesn't like them to eat, drink, table-hop or talk loudly.

He has played in Zardi's, Los Angeles, and Carnegie Hall. In five years his fans have grown from a small west coast group to a nationwide crowd made up of many college students.

He began to play the piano when he was four. Raised on a ranch, Brubeck studied to be a veterinarian at the College of the Pacific, Stockton, Calif. After one year he changed to music,

and began playing in night-clubs. He also participated in a weekly campus radio show.

The quartet was formed in 1951, and began to play in California, where his popularity grew steadily. One of his most famous recordings is "Jazz Goes to College." The quartet is now on tour of the midwest.

2 Social Groups To Give Show At Vet's Hospital

Alpha Chi Omega social sorority and Delta Tau Delta social fraternity, will entertain with a variety show at the Veterans Administration hospital at 1 p.m. Saturday. The show is one in a series sponsored by the University Women's association.

Two groups will sing. Delta Tau Delta members who will form a quartet are John Burket, A2, Minburn; Keith Casey, A2, Laporte City; John Dockendorf, E1, Dewitt and Mark Joy, A1, Ida Grove.

Alpha Chi Omega members who will form a trio are Nancy Gaston, A3, Mount Vernon; Carolyn Slager, A2, Iowa City, and Patricia Zimmerman, N2, Iowa City.

Carol Heeg, N1, Aurora, Ill.; Sally Jo Slepker, N1, Quincy, Ill., and Anne Larson, A1, Aurora, Ill., will give a pantomime. Also pantomiming will be Mary Jo Anderson, N2, Cedar Rapids and Sharon Holt, N2, Cedar Rapids.

Joann Slager, A3, Iowa City, will dance the Charleston; Ardis Jackson, A3, Brookings, S. D., will sing; Carol Pfaltzgraf, A1, Dumont, will play a cornet solo and Janet Schermer, N1, Spencer, will give a reading. The variety show will be given in two wards of the hospital.

G.E. To Conduct Lent Services This Week

LYNN, Mass. (AP) — General Electric company announced Monday Lenten services will be conducted at its Lynn plants each Wednesday and Thursday noon.

Sponsors described the idea of services in an industrial plant as pioneering. Auditoriums will be used in both plants.

TOWN WOMEN
Town Women will hold a short business meeting at 7 p.m. Monday in conference room 1 of the Iowa Memorial Union.

Miss Downs Engaged to Mr. Kaltenthaler

Miss Margaret Downs

Dr. and Mrs. Vernon Sawyers, Downs, Ottumwa, announce the engagement and forthcoming marriage of their daughter, Margaret Josephine, to Henry Jacob Kaltenthaler III, son of Mr. and Mrs. Henry Jacob Kaltenthaler, Jr., Paoli, Pa.

Miss Downs was graduated from SUI in 1952 and was affiliated with Chi Omega social sorority. Mr. Kaltenthaler is a graduate of Episcopal Academy of Philadelphia and National Agricultural college. He is a member of Theta Chi social fraternity.

Both Miss Downs and Mr. Kaltenthaler are instructors and graduate students in the Henry Shaw school of botany of Washington university, St. Louis, Mo.

The wedding is planned for June 11.

ATTENTION!

All students who have submitted books to the Student Book Exchange are urged to pick up their books and/or money before 4:45 TODAY (Friday) in Room 21, Schaeffer Hall.

Hawk Cagers To Fly To Michigan State Today

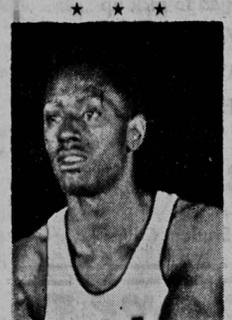

Cain, Schoof Ready; Tilts Vital to Club

By Bob Hooker

With the basketball schedule against them for the rest of the season, Iowa's Hawks fly today to East Lansing, Mich., where they meet Michigan State's Spartans in the first of four road games, two of which are this weekend.

Coach Bucky O'Connor and 14 players leave the field house at 8:30 a.m. by bus for Cedar Rapids where they will take a chartered plane. Sunday the team will fly to Champaign, Ill., where Monday they meet Illinois.

Carl Cain apparently is at top form again after suffering a leg cramp in the Ohio State game last Monday. Bill Schoof's

Carl Cain Ready To Go

bruised knee also seems better, and he will probably be ready for action. However, Doug Duncan, ailing with a bad ankle, will not make the trip. Jerry Reichow will take his place on the travel-

ing squad. **Same Starters**
At Thursday's final practice, Coach O'Connor indicated that the same team which has started since the Purdue game will again open for Iowa. This unit consists of Deacon Davis and Cain at the forwards; Bill Logan at center, and Bill Seaberg and Sharm Scheuerman at the guards.
"We're stronger now than we've been all season," Bucky

HAWK TRAVELING SQUAD
Forwards: Carl Cain, Deacon Davis, John Liston, Jerry Ridley, Bill Schoof, and Frank Seibel.
Centers: Bob George, Bill Logan.
Guards: Babe Hawthorne, Roy Johnson, Aggie Martel, Jerry Reichow, Sharm Scheuerman, and Bill Seaberg.
Coach Bucky O'Connor; trainer Doyle Allsup, and manager Bill Holman.

pointed out Thursday night.
"We have a rough pair this weekend, but we're still playing them one at a time and not looking ahead," he added. The latter fact was quite evident as the varsity scrimmaged against the frosh who ran Michigan State plays.

Not Over Confident
Iowa is not over confident despite a 94-81 win over MSC and 92-80 triumph over Illinois here. Losses now would almost abolish Hawk title hopes.

On the morning of each game, the visiting Hawks will take a light, limbering up shooting drill to accustom themselves to the strange floors.
Last year Iowa won at both Michigan State (60-48) and at Illinois (79-70), but this season has found the Spartans unbeaten at home and the Illini were home victims only once.

Meanwhile, Minnesota, the Big Ten leader with an 8-2 mark to Iowa's 7-2 and Illinois' 6-3, plays its last road games this season on a similar two-game trip. Saturday afternoon in the CBS-TV "Game of the Day" the Gophers meet Michigan (4-4) at Ann Arbor and Monday they play at Wisconsin (3-6).

Home Games
After that, Minnesota meets Iowa in Minneapolis Feb. 28 and Wisconsin again, in Min-

neapolis, March 5. Iowa's last home game, Feb. 26 in a TV game with Michigan, comes two days before the Minnesota battle. On March 7 Iowa ends the season at Michigan.

Thus, Iowa has only one home engagement in five games left to play, whereas Minnesota has two home appearances in four games. Also in Minnesota's favor are the facts: (1) that the game with Iowa is at Minneapolis; (2) that Iowa must play two tough "home" clubs, one this weekend; and (3) that Minnesota has two games with relatively weak Wisconsin.

Badgers Tough at Times
However, even Coach Bud Foster's Badgers have been unstopable on occasions. They beat Illinois at Champaign, 79-64, Indiana, 77-66, in Madison. No team recently has given Iowa any help in overhauling Minnesota. Iowa apparently will not be able to "back into" the Big Ten title.

Bill Schoof Knee Better

Nagurski's Son To Enter Minnesota

INTERNATIONAL FALLS, Minn. (AP) — Bronko Nagurski Jr., son of one of the greatest football players of all time, said Thursday he will enroll at Minnesota, where his father started an athletic career that spanned two decades.

The younger Nagurski, a 17-year-old, 6-foot, 215-pound tackle at International Falls high school, has been widely sought by colleges during the last year and had narrowed his final decision to Minnesota and Notre Dame.

Young Nagurski said he would take up a pre-medical course starting next fall.
"This year the boy led his high school team to an unbeaten season and was generally acclaimed the outstanding schoolboy lineman in Minnesota.

Bearing on his final decision was his interest in hockey and his father's own preference for Minnesota. Young Nagurski also stars in hockey and had indicated he would rather attend a school which carries hockey on its athletic program, as Minnesota does.

Nagurski Sr., operates a small farm here while he isn't wrestling.

Charles Favored To Defeat Norkus

NEW YORK (AP) — Despite beatings by Rocky Marciano in his last two starts, former heavyweight champion Ezzard Charles is a solid 3 to 1 favorite to polish off Charley Norkus tonight at Madison Square Garden.
The 10-round match, scheduled for 9 p.m. (CST), will be carried on network radio and TV (NBC).

33-27 Round Beats, Ties Golf Marks

SAN ANTONIO, Tex. (AP) — Tank-like Mike Souchak, an ex-football player who blasts a golf ball out of the country, kept his power in check in favor of accuracy Thursday and murdered Brackenridge Park course for a record-tying 60 and a two-stroke first round lead in the \$12,500 Texas Open.

Big Souchak did the back nine of the 6,400-yard course in 27, which is a new PGA record.

Minneapolis Eyes Mark in Iowa Tilt

MINNEAPOLIS (AP) — The Minnesota-Iowa basketball game here Feb. 28 will be the first non-Saturday sellout in Gopher history, school ticket officials said Thursday.

The attendance record at Williams Arena, largest college basketball plant in the country, is 18,872 set last year against Indiana. Heavy advance sales for the Minnesota-Iowa game indicate the record may be broken.

Minnesota (8-2) is leading the Big Ten in a bid for its first basketball title in 18 years. Iowa (7-2) is second.

RUSSIANS FAVORITES
MOSCOW (AP) — Speed skating stars from many countries, including the United States, agreed Thursday the Russians probably would capture the top three places in the world championships starting Saturday.

Iowa Hunters Kill Over 2,600 Deer in 1954

(Special to The Daily Iowan)

DES MOINES — From reports by approximately 84 per cent of Iowa's deer hunters, the conservation commission Thursday estimated the 1954 deer harvest at between 2,600 and 2,700 animals. Report cards received by the commission to date show a 1954 deer kill of 2,423, as compared to the 1953 total kill of about 4,000 deer. The 1954 "gun" season was three days, while the 1953 season was five days.

Game biologists reported that 591 of the deer were taken by farmers, and that 1,832 were killed by licensed hunters. The

kill by county ranged from none in Taylor and Wapello counties to 354 in Allamakee county.

Bow-hunters gave a good account of themselves in 1954, with 10 archers bagging deer. Only one bow-and-arrow kill was reported in 1953.

Information from deer checking stations indicated that the deer killed in 1954 were slightly heavier than those taken the previous year. The largest deer checked by commission biologists was a 281-pound buck, killed near Inwood in Lyon county. Other large, heavy animals were reported, but their

weights were not verified.

During the 1954 deer season, the second Iowa season in 70 years, about 7,248 hunters, both licensed hunters and farmers with hunting certificates, were in the field. Total deer hunters for 1953 are not known, since farmers were not then required to possess hunting certificates.

Little Hawks, St. Mary's In District Cage Meet Here

City High's Little Hawks and St. Mary's Ramblers of Iowa City, the latter with 17 straight wins, will play on Monday night's opening program of next week's district basketball tournament scheduled for the Iowa field house.

Tonight University high closes its season against Lone Tree in an 8:15 game at U-High.

All told, five teams will qualify from Iowa City, one of 29 district sites, for sub-state play which will be run off Mar. 7-12. Three Class AA teams, one A and one B team will win sub-state berths from the local warfare.

In a triple-header Monday, Lone Tree meets Kalona at 8:30 p.m.; City High tangles with Cedar Rapids Franklin at 8:00 p.m.; and St. Mary's goes against Parnell at 9:30 p.m.

The City high-Franklin winner qualifies automatically for sub-state tournament, and it will be joined by two other Class AA quintets in a Feb. 25 twin-bill. The Lone Tree-Kalona and St. Mary's-Parnell victors clash Thursday, Feb. 24 for the Class

B district title.

In the Feb. 25 Class AA double header powerful St. Ambrose of Davenport runs head on into the 1954 state champ, Muscatine in a 7 p.m. opener. In the second game Davenport squares off against Clinton.

Besides the Class AA and B bracket games, a promising field of four Class A teams play off. In Tuesday's opening round, Cedar Rapids Wilson meets Keota, Ke-Wash champ, at 7 p.m., and the strong South Iowa Cedar tittles, Belle Plaine, who beat City high in a December match, collides with powerful Marion, WaMac conference king, at 8:30 p.m.

The two Class A winners in Tuesday's action tangle in Thursday's second game for the district crown after the 7 p.m. Class B final.

The Iowa field house looms as a strong possibility to host one of Iowa's eight, sub-state tournaments. In each sub-state meet will be two Class AA, two A and four B clubs. The two state winners go on to the state finals at Des Moines, Mar. 17-19.

Ann Arbor Ancient Minnesota Cemetery—Gophers Face Michigan in Top TV Game

ANN ARBOR, Mich. (AP) — Seldom-powerful Minnesota, hot after its first Big Ten basketball title in 18 years, meets a thin Michigan team Saturday afternoon in a nationally televised game from ancient Yost field house. Starting time is 2 p.m. (CST).

The Gophers lead the Big Ten with an 8-2 record, but Iowa is a close second with a 7-2 mark.

Gopher Cemetery
Minnesota moves into Ann Arbor—a burial ground for many Gopher teams — boasting the leading active scorer in the Big Ten — forward Dick Garmaker, who is averaging 26.3 points per game.

Michigan, with a 4-4 record, is locked in a three-way tie with Northwestern and Michigan State for fourth place. The Wolverines, who have been hit by everything from scholastic ineligibility to injury, will use only four or five veteran players against Minnesota.

Helps Blood Flow
Michigan guard Tom Jorgenson will wear a long thigh-foot stocking to help keep blood circulating in his leg from an old high school injury.

But the Wolverines have uncovered a wealth of sophomore talent, including amazing Ron Kramer, the giant football end who last week jumped from 24th to 10th in Big Ten scoring on the basis of two 28-point games. While these ancient rivals battle for the nation's TV viewers, there are four other conference games on tap Saturday: Iowa at Michigan State, Illinois at Wisconsin, Purdue at Ohio State and Northwestern at Indiana.

BROOKLYN DODGER Coach Billy Herman hits the sawdust in a sliding demonstration for the benefit of three new rookies at the Dodgers' training camp in Vero Beach, Fla. Watching from left are infielder Ray Mitchell, outfielder Charlie Soraci and catcher Don Williams.

MSC To Host Iowa Matmen, Swimmers

Michigan State will be a popular site for Iowa teams this weekend. Not only does the Hawk basketball club play in East Lansing Saturday night, but also Iowa's swimming and wrestling teams perform there today and Saturday.

Today Coach Dave Armbruster's swimmers take on the Spartan swimmers before going to Ann Arbor for Saturday's meet with Michigan.

Their sixth straight Big Ten dual meet victory will be the aim of Coach Dave McCuskey's Iowa wrestlers when they face Michigan State's matmen Saturday. Monday the Hawks with a 7-1-1 overall record, tangle with Colorado's Buifs in the field house in a 1:30 p.m. meet.

Elsewhere, Coach Dick Holzapel takes his gymnastic team (5-1 record) to Western Illinois State at Macomb today and then to Northwestern Saturday.

Win by Girl Allows U.S. Skate Sweep

VIENNA (AP) — Tenley Albright, who overcame infantile paralysis as a child, recaptured the Women's World Figure Skating championship Thursday night, giving the United States a sweep of individual honors.

Led by Hayes Alan Jenkins of Colorado Springs, Colo., who scored his third straight triumph, the Americans had won the top three places in the men's competition Wednesday night.

A capacity crowd of 6,500, including eight Russian observers, cheered widely as Miss Albright, a 19-year-old pre-medical student from Newton, Mass., put on a scintillating exhibition of free skating.

MIGs In

(Editor's note: This is the end of a series of articles on Tachens evacuation.)

TAIPEH, Formosa (AP) — six days U.S. carrier-based swept the skies miles above Tachens waiting for Russian MIG's to attack.

No MIG's came.

For six days rugged, range, propeller-driven Skyers, wing racks packed bombs and rockets, circled shore on constant call to any Communist ships or jets that fired on the evacuation.

They never were called.

Planes Sound Waters

For six days radar sounded the churning water the Red China mainland Communist submarines or ships.

They found none.

In six days 11,000 National troops, 19,000 civilians and sands of tons of war mater were taken off the Ta without a flick of interference.

On the seventh day, the and Nationalist ships lashed back to Formosa, unmoored.

A partial reversal of an American adage had worked.

Speak Softly

A half century ago, The Roosevelt advised the U States to speak softly but a big stick.

At the Tachens, the U States chose to talk loud clear and often about one biggest sticks — the might Fleet — and in particular the fleet's six great aircraft carriers and their warplanes.

Throwing aside security boos, Washington announced that the carriers York Kearsarge, Essex, Wasp, Princeton were to guard the cuation and that the huge Midway would join them in the withdrawal.

Would Guard Lane

The navy announced the Princeton, specially equipped an anti-submarine c would guard the evacuation lane and warned:

"Any submarine encountered will surface and identify or we will see that it is permanently submerged."

By world press and radio na's Reds were warned ially but imply that U.S.

Ike's School Program Hits Opposition

WASHINGTON (AP) — dent Eisenhower's schooling program bumped into opposition Thursday from National Education association and some other professional educators.

Some Republicans on the state labor and public welfare committee, now holding hearings on the measure, indicated they may favor drastic modification of the program keyed primarily to a form of federal guarantee of long-term credit to easier to float school bonds.

There was a strong possibility that the Democratic controlled committee might the Eisenhower administration in favor of a direct grant-in-aid program with a cratic label.

Committee Democrats lining up solidly behind billion dollar, two-year program of direct federal grants proposed by Sen. Lester Hill (D committee chairman. He on that measure, which has general support of educationists, have already been completed.

The administration, although based primarily plan of loan guarantees school construction, would appropriate \$200 million three years as direct grant aid for school districts unqualified for loans.

William Carr, executive tary of the National Education association, pleaded in test before the committee for genuine... instead of federal aid so that every child can have a desk.

Group To Select Board Candidate

Iowa City's school committee will meet tonight 7:30 in the council chamber city hall to select candidate the March 14 board of education.

Two positions on the member school board filled by the March 14 election. Those elected will replace Oathout and Irving Weber are not seeking re-election.

David Stoehl, district treasurer, has also announced that he will not seek re-election.

The selection committee up of 10 Republicans and Democrats, in the past has elected more than one candidate each position.

Today

MIGs Inactive During Tachens Evacuation

(Editor's note: This is the second of a series of articles on the Tachens evacuation.)

TAIPEH, Formosa (AP) — For six days U.S. carrier-based jets swept the skies miles above the Tachens waiting for Russian-built MIG's to attack.

No MIG's came. For six days rugged, long-range, propeller-driven Skyraiders, wing racks packed with bombs and rockets, circled offshore on constant call to smash any Communist ships or artillery that fired on the Tachens evacuation.

They never were called. Planes sound waters. For six days radar planes sounded the churning waters of the Red China mainland for Communist submarines or attack ships.

They found none. In six days 11,000 Nationalist troops, 19,000 civilians and thousands of tons of war materials were taken off the Tachens without a flick of interference.

On the seventh day, the U.S. and Nationalist ships pulled back to Formosa, unmolested. A partial reversal of an old American adage had worked.

Speak Softly A half century ago, Theodore Roosevelt advised the United States to speak softly but carry a big stick.

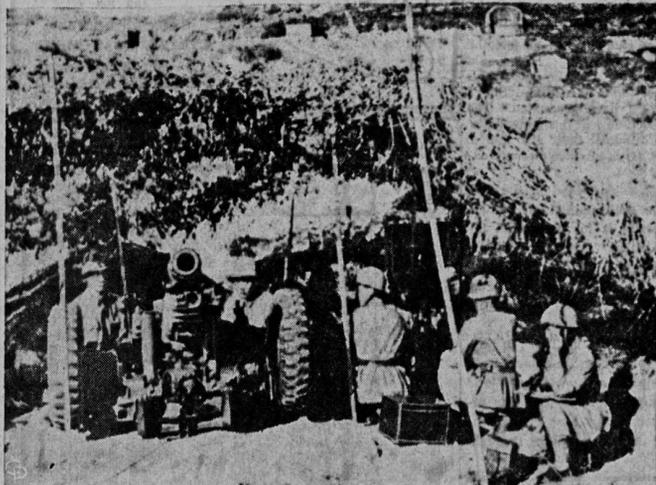

At the Tachens, the United States chose to talk loud and clear and often about one of its biggest sticks — the mighty 7th Fleet — and in particular about the fleet's six great aircraft carriers and their warplanes.

Throwing aside security taboos, Washington announced that the carriers Yorktown, Kearsarge, Essex, Wasp and Pintargo were to guard the evacuation and that the huge carrier Midway would join them in time for the withdrawal.

Would Guard Lane The navy announced that the Princeton, specially equipped as an anti-submarine carrier, would guard the evacuation sea lane and warned:

"Any submarine encountered will surface and identify itself or we will see that it remains permanently submerged."

By word press and radio, China's Reds were warned unofficially but amply that U.S. pilots

NATIONALIST CHINA SOLDIERS man an American-made howitzer on Chiang Kai-shek's new anchor island, Nanchi, south of the Tachens islands.

had orders to shoot down any plane, sink any ship, blow up any gun that tried to interfere.

The strategy worked. Red planes and ships shunned the Tachens waters.

Guns Fell Silent Red artillery which only a week earlier had shelled the Tachens fell silent.

Whether it would work again only time would tell.

In the six days, carrier warplanes flew nearly 2,000 combat air patrols over the Tachens area.

Only one plane, a Skyraider on anti-submarine patrol, was lost to Communist guns. Hit by Red anti-aircraft fire when it

curved within range of a Communist island, it went down near the Tachens. Nationalist warships rescued the crew.

Secondary Benefit A secondary benefit was the intensive training for ships and pilots in an area where they may see action again.

Many observers believe the Chinese Reds will move next toward Matsui and Quemoy and that U.S. ships and planes will aid in their defense.

"This week has been worth more, training-wise, than the other six months of this cruise put together," said one jet squadron commander.

25 Businessmen To Speak at 10th Careers Conference

Student leaders of the tenth Annual Careers conference at SUI expect at least 25 businessmen from seven states to take part in their sessions Tuesday and Wednesday, according to Ray Sommerfeld, C3, Woden, general chairman of the conference.

Heading the list of speakers will be Wendell R. Smith, director of research for the business analyst firm of Alderson and Sessions in Philadelphia, who will describe trends and opportunities in marketing research to college of commerce students. Smith is the former head of the SUI marketing department and a native of Shenandoah.

Nebraska Sends Two

John Jewett, of Omaha, divisional finance director for the U.S. atomic energy commission, will discuss governmental accounting. Another Nebraska speaker, M. E. Froeman, Omaha district manager for Procter and Gamble company, will describe selling careers.

C. B. Potter of Milwaukee, personnel manager of Ed Schuster and company, will describe opportunities in large scale retailing. R. J. Jouno, manager of the U.S. civil service commission in St. Paul, Minn., will give an account of careers in government service.

'52 Grad Returns

David Willis, associate director of economic research for John Deere and company, Moline, Ill., will discuss careers in business economics in a session in Old Capitol. Among recent alumni of the Iowa college of commerce who will return to the campus to share their experiences will be Richard F. Hubbard, a 1952 graduate from Muscatine and now employed by General Electric in Louisville, Ky.

The Careers conference is annually sponsored by the Collegiate Chamber of Commerce, student organization of the Iowa college of commerce.

POLICE COURT

John C. Long, 517 15th st. N.E., Cedar Rapids, pleaded guilty to a charge of intoxication in a public place and was fined \$27.50. Judge Roger Ivie suspended the fine on the condition that Long leave Iowa City and ordered that Long be committed to seven days in jail if found guilty of the same charge within one year.

Anthony To Discuss Red Policy in Germany

Prof. Carl Anthony of the SUI history department, will talk on "Soviet Policy in Germany" at a Wortley club meeting in the Wortley church at 8 p.m. today. Anthony, who teaches courses in Russian history, was formerly with the State department in Germany.

Farm Outlook Bright According to Benson

WASHINGTON (AP) — Times are getting better for the farmers, Secretary of Agriculture Ezra Taft Benson reported to congress Thursday.

Five signs, he told the House Agriculture committee, point to an improvement in the country's agricultural economy. He listed them as:

1. Stabilizing farm prices and farm income after a period of adjustment from abnormal wartime demands.

2. An advancing level of per capita farm income.

3. A slight increase in agricultural assets last year.

4. Continuation of high domestic demand for food.

5. Increasing exports, including the distribution abroad of price-depressing surpluses.

Asks Support

Benson appealed to the legislators to give the Eisenhower administration's new farm program a chance to operate before passing judgment on it. "This is not the time to rock the boat," he said.

Nevertheless, Chairman Harold D. Cooley (D-N.C.) has predicted the committee will approve new legislation to eliminate Benson's system of flexible price supports.

Hermann Field Greeted by Family After 5 Years

LONDON (AP)—Hermann Field, 44-year-old Cleveland architect who was freed last fall after five years in Polish prisons, arrived Thursday night with his British-born wife, Kate.

In a reunion packed with emotion he greeted his sons, Hugh, 11, and Alan, 9, at Victoria Station.

Field was released by the Communists last October after Polish security authorities said he had been framed by an American agent who had wormed his way into the Polish police service.

Field would not go into these matters Thursday night, but said he might have something more definite to say at a news conference today.

Nor would he talk about his brother, Noel, 51, who was arrested in Hungary and later asked for and was granted asylum in Hungary after he was released in November from a Communist prison. Noel's German-born wife, Herta, is with him behind the Iron Curtain.

Eisenhower's School Program Hits Opposition

WASHINGTON (AP) — President Eisenhower's school building program bumped into strong opposition Thursday from the National Education association and some other professional educators.

Some Republicans on the senate labor and public welfare committee, now holding hearings on the measure, indicated they may favor drastic modification of the program keyed primarily to a form of federal guarantees of long-term credit to make it easier to float school bond issues.

There was a strong possibility that the Democratic-controlled committee might during the Eisenhower administration bill in favor of a direct grants-in-aid program with a Democratic label.

Committee Democrats were being lined up solidly behind a one billion dollar, two-year program of direct federal grants proposed by Sen. Lester Hill (D-Ala.), committee chairman. Hearings on that measure, which has the general support of educators, have already been completed.

The administration bill, although based primarily on a plan of loan guarantees to aid school construction, would also appropriate \$200 million over three years as direct grants-in-aid for school districts unable to qualify for loans.

William Carr, executive secretary of the National Education association, pleaded in testimony before the committee for "some genuine... instead of token" federal aid so that every school child can have a desk.

Group To Select Board Candidates

Iowa City's school selection committee will meet tonight at 7:30 in the council chambers in city hall to select candidates for the March 14 board of education election.

Two positions on the five-member school board will be filled by the March 14 election. Those elected will replace Alva Outhout and Irving Weber, who are not seeking re-election.

David Stochl, district school treasurer, has also announced that he will not seek re-election. The selection committee, made up of 10 Republicans and 10 Democrats, in the past has nominated more than one candidate for each position.

Chatting Before Banquet

ENJOYING A CHAT shortly before the Gamma Alpha Chi, women's advertising fraternity, banquet in the Iowa Memorial Union sunporch, Thursday evening, are left to right, Max Wales, advertising instructor; Mrs. Bea Adams, featured speaker at the dinner, and Marjorie Hahn, A4, Cedar Rapids, president of Gamma Alpha Chi.

Advertising Students To'd Stress Creative Thought

Miss Bea Adams, executive vice-president of the Gardner Advertising co., of St. Louis, Mo., pointed out the need for more "creative thinking to really lift this world out of its rut," to the members of Gamma Alpha Chi, women's professional advertising fraternity Thursday night in the Iowa Memorial Union.

Miss Adams, who was the 1950 Advertising Woman of the year, was the principal speaker at the fraternity's banquet, held in conjunction with Advertising Recognition Week.

"It is not always a thrilling job," she said, pointing out that much of the work in advertising lacks glamour. But she went on to add that advertising has the responsibility many times of giving "an identity, a personality" to a product and to "tell its story" to millions of people from coast-to-coast.

She said that one can expect "only a few big moments" in the advertising field with most of the work being composed of "a lot of little things," but she left the impression that those "few big moments" are well worth it.

Miss Adams told of the valuable assistance "motivational research" is giving the advertising worker in reaching the customer more effectively.

"However," she cautioned, "research can't take the place of good creative thinking."

Sills To Receive Scout Award

Prof. Frank D. Sills, of the SUI physical education department, will be presented an award for 20 years of volunteer service to scouting at a recognition dinner to be held Monday night.

The dinner is held annually to pay tribute to adult leaders of the Hawkeye Boy Scout area.

Harry B. Dunlap Jr., F. W. Moore and L. E. Housel will be presented with 10-year awards.

TO PRESENT CONCERT

Helen Johnson, A3, Ottumwa, will be presented by the music department in a flute recital tonight at 7:30 in North Music hall.

Former History Professor Dies in Seattle; Was 83

Funeral services will be held Saturday in Seattle, Wash., for Miss Clara May Daley, 83, for many years an assistant professor of history at SUI.

Miss Daley died Tuesday night at the home of her niece, Mrs. Fred Ehrig, following a brief illness.

She joined the university faculty in 1909 and remained until 1949 when she retired. She went to Seattle to make her home the following year.

Graduated in 1907
Miss Daley received her B.A. degree from SUI in 1907. She had previously attended Iowa State Teachers college, Cedar Falls, where she was awarded a bachelor of didactics degree in 1900 and a master of didactics in 1905. A didactics degree signifies that the receiver is qualified to teach. She also studied at the University of Chicago.

Before joining the university staff, she taught history at Iowa City high school and at high schools in Ft. Dodge, Charles City and Greene.

The daughter of Michael H. and Mary Daley, she was born March 2, 1871 in Leland, Ill.

Active in Social Work
Miss Daley was a member of the University club, League of Women Voters, P.E.O., Foreign Policy association and League of Nation association.

She was affiliated with Pi Lambda Theta, honorary educational sorority and Alpha Delta Pi social sorority.

Miss Daley was a member of the American Association of University Professors, and served on the advisory board of the YWCA at the university.

After retiring from active teaching duties, Miss Daley did some special work for SUI before going to Seattle.

Local Couple Gets Notice of Eviction In Legal Quarrel
A three day notice to vacate their Iowa City home was served on Mr. and Mrs. C. G. Sample Wednesday, in the legal action for custody of Louis Jackson, 60, Iowa City.

A Muscatine attorney, Robert S. Jackson, filed the notice to force the Samples to leave their property at 649 South Governor street.

The Muscatine lawyer is seeking permanent guardianship of his brother Louis, allegedly mentally incompetent, who is now being cared for by the Samples. Jackson reportedly claims that the Samples have denied him custody or contact with his brother.

The Samples have reportedly cared for Louis Jackson since 1919 under an agreement with the late Judge Douglas V. Jackson, his father, that provided monthly payments and the residence for the Samples.

A previous notice to vacate the property in 30 days was served on the Sample couple January 2.

India University Life Explained

"The university graduate in India wants to be able to grow two blades of grass where one blade grew before," said Bhas-kara Rao, Bangalore, India, at the Thursday afternoon Information First meeting in the senate chamber of Old Capitol.

Speaking on "University Life in India," Rao said, "the Indian university graduate wants to be of use to his fellow man."

Only 1 per cent of his country's population are university students, said Rao, 40 per cent of whom are undergraduates.

"The universities in India are different from those in the U.S. in that they have a greater freedom," said Rao, "the classes are huge; so there is no supervision of lectures."

Social Life Missing
"The social life (American style) is missing in Indian universities. There are mixers and parties between the men's and women's dormitories ('hostels' in India, but dates are unheard of—except the kind you can eat. An interesting thing," said Rao, "is that the men's and women's dormitories in India are planned to be only one block apart."

"The Indian student who plans to study at the university does not live in one of the board-and- lodging 'hostels,'" Rao told the gathering, "as the traffic coming and going through the hostel is too large and too noisy."

A poor student's lunch, described by Rao is called the "one by two coffee—a cup of coffee divided into two glasses. Students with more money will have a full cup of coffee."

No Definite Length
"For graduate students," Rao said, "there is no definite length of graduate work, no tests, exams, or quizzes. After the gradu-

ate has studied until he feels he knows everything he should know in his area, he goes to his advisor and tells him, "Sir, I believe I have graduated." The adviser then will recommend him for a diploma. But," Rao added, "the undergraduates do have examinations."

As Rao described it, the goal of the students in this unique university is to understand the mind of the West, and to understand the mind of the East—with the hoped for goal of "East is East, and West is West, but East and West can meet!"

Rao received his Ph.D. in English from SUI in February. He is a representative of the World University service. For this organization, he has lectured on more than 55 campuses throughout the U.S.

Changes Proposed In Election Laws

DES MOINES (AP) — Secretary of State Melvin D. Synhorst said Thursday he plans to ask the legislature to change the deadline for filing candidates for the general election ballot.

He said he also plans to ask the legislature to set up a committee to study Iowa's election laws with a view to rewriting them in the 1957 General Assembly.

The request arises out of a decision of the Republican National Committee to hold the party's convention next year Aug. 20-24.

Synhorst said that if the convention were held this late it would be impossible to get the candidates on the ballot under present Iowa law, which requires names of candidates to be filed with the secretary of state 80 days before the election. Since the 1956 election was Nov. 6, that would be Aug. 17.

MORSE NOW DEMOCRAT
EUGENE, Ore. (AP) — Sen. Wayne Morse (Ind-Ore) switched his registration to Democrat here at his home city Thursday. Elected as a Republican in 1950, he left that party in 1952 and campaigned for the Democrats.
