The Weather

Continued warm and partly cloudy today and Sunday. Highs in the 60s. Lows in the 40s.

## Philippine Earthquakes Kill 164; Thousands Homeless

MANILA (Saturday) (AP) — Devastating earthquakes killed at least 164 persons in the southern Philippines Friday. Thousands more were homeless. Several cities were without light and water. Damage was estimated in the millions. For nearly eight hours the earth rocked and trembled intermittently. Fissures three to four feet wide split highways, halting traffic. Hundreds of homes were destroyed. Some on Lake Lanao, the center of the quakes, toppled into the water. After the first shock the water of the lake receded three to four feet, a Lanao provincial constabulary officer reported. Casualty reports compiled by the Philippine news service totaled 164 dead in five districts alone of Lanao Province. Philippine President Magsaysay, a presidential spokesman said, will make a special trip to Mindanao Island today to view the damage. Early reports at Iligan City indicated that most of the victims were killed in the collapse of buildings. Iligan has a population of 25,725. In Dansalan City, Lanao Province capital, some buildings were buried under rock slides but there were no known deaths there. The series of quakes began

early in the morning while most people were asleep. Men, women and children rushed from their homes snatching up clothes and cooking utensils as they ran. The Philippine National Red Cross said it had reports of 100 persons missing or dead in two districts of Lanao Province. It said it could not confirm the FNS count of 164 dead but added that its own reports were badly delayed. The first heavy shock hit Lanao Province, a corn-growing area, at 2:15 a.m. Successive aftershocks jarred Mindanao and other southern and central Philippine islands of Cebu, Panay, Negros, Samar, Bohol and Leyte.

## House OK's 34 Bills In 1 Day

DES MOINES (AP) — The Iowa house set a new record Friday for the number of bills passed in a single day this session. The total was 34, compared with previous record of 32 set last Friday. It was the second Friday of the session that the house met in the afternoon to pass long lists of non-controversial measures. The 31 bills approved in the afternoon Friday compared with 26 adopted in the afternoon a week ago. Pass Unanimously All the bills passed Friday afternoon got unanimous votes but 16. The highest vote any got was 59. Nearly half of the members left at noon as usual for the weekend. The house approved a long list of measures in a little less than three hours. Five of the 31 bills were sent to the governor and the rest went to the senate. Among the bills passed were those to: Increase from 50 cents to \$1 the fee for a copy of a birth, marriage, death, or other record from the state division of vital statistics. Require locks Require that locks and doors be removed before abandonment of refrigerators or iceboxes. Require the secretary of state to file federal census reports on populations in townships with the townships. Require sailboats to light up their sails when sailing at night. Require filling stations to post the octane contents of the gasoline they sell, and to require that the specifications of gasoline sold correspond to federal specifications. Authorize the state board of control to assign trusty prisoners from the penitentiary and men's reformatory to the maintenance and improvement of state parks. Sewage Disposal Prohibit throwing beer cans, trash and garbage along highways. Permit persons or firms outside city limits to contract with the city for sewage disposal and to permit a city to contract with a drainage district for use of a drainage ditch to carry sewage so long as it does not create a nuisance. Classify buckthorn as a noxious weed and require its destruction. Crop specialists have said buckthorn has caused 23 million dollars a year in damage from rust to Iowa crops, particularly oats.

## Rubber Production Halted by Strikers

NEW YORK (AP) — Production in 19 U.S. Rubber company plants throughout the nation was halted Friday as 35,000 CIO rubber workers struck to back demands for longer vacations and other benefits. Wages are not an issue in the strike. The walkout stopped production of automobile tires, footwear, chemicals and synthetics. It began Thursday midnight when the old contract expired. Company officials said no negotiations are scheduled for the near future. Union officials could not be reached for comment. The company said the main issue in the negotiations was a union demand for a four-week vacation for employees with 15 years of service. Such workers now get three weeks.

## Soldier's Tent 'His Castle,' Court Says

WASHINGTON (AP) — A soldier's tent is his castle, the United States court of military appeals ruled Friday in upsetting the manslaughter conviction of an army private. It said that consequently a soldier has the same right to stand firm against a trespasser as a civilian has in his home. The tribunal ordered a rehearing of the case of Pfc. Robert W. Adams, 21, of Drew, Miss., originally convicted of murder after the fatal shooting of two fellow soldiers in a row over a poker game in Korea. A board of review already had reduced the verdict to voluntary manslaughter and cut Adams' penalty from 25 to 15 years.

The testimony was that, after Adams was accused of cheating and denied it, a corporal came after Adams in Adams' own tent with two rocks in his hands. Adams had a rifle and in the scuffling, the corporal bent down and snatched another rifle from under a cot. "Adams fired twice," wrote Chief Judge Robert E. Quinn in Friday's opinion. "One shot killed the corporal. The other passed through the tent and lodged in the back of the skull of a sergeant. He, too, was killed."

The unanimous opinion said the court-martial and board of review failed to note that when Adams retired to his own tent "he retreated as far as the law demands."

## Non-Strikers' Homes Bombed in Alabama

BIRMINGHAM (AP) — Bombings directed against two Louisville and Nashville Railroad employees who continued working during a system-wide strike brought an offer of police protection Friday. Police said dynamite apparently was used to damage the home of T. F. Caldwell, 58-year-old lead inspector, and the residence of John L. Cook, 49-year-old car officer. ATOMIC EYE DAMAGE WASHINGTON (AP) — The defense department said Friday that four men have received eye injuries in atomic tests conducted at Yucca Flats, Nev., since 1952.

## McCormick, Publisher, Editor, Dies

CHICAGO (AP) — Col. Robert R. McCormick, editor and publisher of the Chicago Tribune who was world renowned as a world fighter for principles, died Friday. McCormick, who would have been 75 on July 30 of this year, died at 2:47 a.m. at his Catigny farm in suburban Wheaton from a complication of diseases. His health had been impaired since he suffered an attack of pneumonia after returning from a European trip in April 1953. He died peacefully in his sleep. His widow, Mrs. Maryland Mathison McCormick; his step-daughter, Mrs. Ann Hooper Warner; and Mrs. Horace Wetmore, a friend and neighbor, were at his bedside. McCormick had no children.

His death brought expressions of sympathy and regret from President Eisenhower, newspaper and news executives, members of congress and others. Private funeral services will be held Monday at his home on the Catigny farm. A memorial service was planned for Tuesday at the Fourth Presbyterian Church in Chicago.

Key Figure McCormick was the key figure in the organization that published two newspapers with a total circulation of more than three million daily and more than five million on Sunday — The Chicago Tribune and the New York Daily News. He became a colonel in the army during World War I. He distinguished himself in front-line combat and was awarded the Distinguished Service Medal after the war. McCormick's vigorous and oftentimes provocative policies earned him a global reputation as a colorful, fighting editor.

Fought for Press Freedom He waged an unceasing battle for freedom of the press. He fought federal prohibition, ferreted out medical quacks, argued against foreign involvement and opposed entry of the United States into World War II right up to Pearl Harbor. The Tribune was a constant critic of the administrations of Roosevelt and Harry S. Truman. Many Republicans, too, felt the Tribune's salvos.

## Flying Boxcar Crashes

SIX CREWMEN parachuted to safety before this air force C119 Flying Boxcar crashed and burned near Montgomery, Ala., Friday. The plane was on a navigation training mission from Seward air force base, Nashville, Tenn.

## Grunewald Gets 5 Years

NEW YORK (AP) — Henry (The Dutchman) Grunewald, Washington's fabulous peddler of influence, was sentenced to prison Friday. He got the maximum five years and \$10,000 fine for tax fixing. Although he threw himself on the mercy of his court, the 62-year-old Grunewald plans an appeal from the prison term. He was given freedom on bond to get it started.

In the same tax fix case, Max Halperin, 70-year-old New York lawyer, was sentenced to five years and fined \$8,000. Sentencing of a third defendant, Daniel A. Bolch, former assistant internal revenue commissioner, was postponed until April 14. The three men were convicted March 23 of teaming up in a \$160,000 tax fix bribery conspiracy in 1948 and 1949 to call off criminal prosecution of two New York concerns. Two former income tax agents, tried two them, were acquitted.

Sinner, Park Zoo Bear, Is Dead Sinner, a bear at the City park zoo, was found dead in his den Friday morning. He was 5 years old. Sinner died after a short illness believed caused by tainted meat. The body was sent to a rendering works. He was brought to the zoo when 1 year old. His mate, Daisy, survives.

## Senale Votes To Rearm W. Germany

WASHINGTON (AP) — The senate Friday approved United States ratification of the Paris treaties to rearm West Germany. The historic vote, designed to make the German Republic a sovereign member of the European defense chain against Communist aggression, was 76-2. It came after little more than three hours' debate. Sen. Walter George (D-Ga.), chairman of the foreign relations committee which approved the treaties 14-1 Thursday, said in opening the brief debate that ratification would "improve the chances for a Big Four or Big Five meeting that will produce something more constructive and helpful than stalemate and propaganda."

## Morse Says Matsus Not Concern of U.S.

WASHINGTON (AP) — Sen. Wayne Morse (D-Ore.) urged congress Friday to use its influence to prevent American forces from being employed in defense of Quemoy and the Matsus, Formosa's island outposts. He told the senate that if the United States fought for the islands it would be taking part in a Chinese civil war which is "none of its business."

Morse introduced a resolution to put congress on record against allowing the U.S. army, navy or air force to help the Chinese Nationalists hold the islands if they are attacked by the Chinese Reds. Quemoy and the Matsus lie close to the mainland. This country is pledged to aid in the defense of Formosa, the main Nationalist stronghold, but the Eisenhower administration has not said publicly whether it will resist a Communist assault on the smaller offshore islands. Sen. Joseph R. McCarthy (R-Wis.) opened a new debate on the question Friday with an assertion that President Eisenhower is adopting a "deadly dangerous" attitude in refusing to say whether the United States will defend Quemoy and the Matsus. McCarthy said the U.S. should serve notice on the Reds it will defend the islands. At a White House conference

## Doubts Inhumanity Of Gas Warfare

CINCINNATI (AP) — Poison gas — little, if ever, used by any country since World War I — offers a more humane weapon than flame throwers, incendiary bombs and even artillery shells, an army chemical warfare historian said Friday. Wyndham Miles of the army chemical center, Maryland, told the 127th national meeting of the American Chemical Society that "it's incomprehensible to me" that poison gas should be considered "inhumane" by anyone "when no one objects to using flame throwers, incendiary bombs and artillery shells that can burn and maim people."

Miles told a reporter later that "The general public and some military leaders in this and other countries still believe that poison gas is inhumane." But he added that anyone having anything to do with chemical warfare development feels just the opposite.

## City-Student Parking Meeting Set

Two SUI Student Council members will talk with City Manager Peter F. Roan Monday about the student parking situation. Council president Tom Choules, 13, Idaho Falls, Idaho, and Don Daughton, 12, Mt. Airy, will ask Roan to consider extending parking meter time limits near the SUI campus. Daughton, a member of the university parking committee, said Friday: "The one-hour limit is very inconvenient for students, with consecutive classes. We hope the city will re-consider student parking."

## Local Boy Scouts To Join Exposition

Boy Scouts and Cub Scouts from the Iowa City area will join with other scouts April 29 and 30 in celebrating the Hawkeye Area Council Exposition at Hawkeye Downs near Cedar Rapids. David V. Price, 1275 E. Burlington st., district scout executive in charge of the exposition, describes the forthcoming event as "a panoramic view of the entire scouting program." Scouts are selling tickets to the show. Admission is 50 cents for adults and 25 cents for children 8- to 15-years-old. Children under 8 admitted free. Each boy who sells ten tickets will receive a neckerchief slide. Proceeds from the event exceeding the cost of each unit's expenses in entering the exposition will be used in maintaining Camp Waubeek, scout camp on the Wapsipicon.

## Iowa Train Wreck Derails 16 Cars

SHEFFIELD (AP) — About 16 cars of a Minneapolis & St. Louis freight train were derailed north of here Friday afternoon, blocking the railroad's main north-south line. There were no injuries. A power line was knocked down by the derailment, cutting off power for 30 minutes to Rockwell, north of here. Cause of the derailment was not determined immediately. Sheriff's officers theorized a bridge over a small creek might have collapsed. Two gasoline tank cars were thrown into the creek.

## Spring Fever Epidemic Hits Campus

A spring fever epidemic hit Iowa City Friday as students moved outside for some classes, boating and sun-bathing. The weatherman Friday assured Iowa Citizens the warm weather would continue over the weekend. Temperatures in the 60s and partly cloudy skies were the forecast for today and Sunday. The high reading here Friday was 69. Forecasters said it would be close to that today. A soft southern breeze kept the Old Capitol flag pointing north most of the day. The temperature was the highest recorded here on an April 1 in 10 years. The record for the date is 80, set in 1903. April 1 last year was greeted by four inches of snow and a high temperature of 19 degrees.

KARLEN SUTTON, A2, Clinton, and Pat Meyers, A2, Solon, pause during their afternoon art class which was held outside.

# Says No City Parking Obligation

By JOE MORAN

Commenting on the recent flurry of opinions on parking facilities in Iowa City, City Engineer Fred Gartzke said Friday he knew of no obligation "the city has to provide a parking space for everyone who drives a car."

"There's plenty of parking space around town. The trouble is everyone wants to park in (a one-square block area in the center of the business district," he continued.

"If a man can't find a space to park there, let him drive up to the next block, or the one after that. A little walking won't hurt," Gartzke said.

### Move Buildings

He added, ironically, "If they want to just move the buildings in the downtown area somewhere else and turn the space into a parking lot, maybe then there'd be enough places to park."

Gartzke said "a five-story municipal lot," similar to that in Des Moines and other large cities, "just doesn't pay. It's not paying in Des Moines."

"The first year, they leased it to a private concern that practically went broke on the job. Cost per car is just too high. If you have to pay interest (on bonds to finance such a project), you just can't make it pay for itself," he said.

Police Chief Oliver A. White referred for data on parking facilities and numbers of cars in Iowa City to a "Street Traffic Plan for Iowa City," completed by Associated Consultants, Evanston, Ill., in November, 1954,

at the request of the Iowa City council.

**Recommendations Made**  
The recommendations made in the survey were founded partly on data gathered in surveys here in 1953 and 1947. White, and the consultant firm, said the data were still valid.

The firm found that there were 3,306 parking spaces in "an area roughly bounded by Market, Court, Van Buren and Front streets," called the "Central business district."

The break-down indicates:  
835 metered curb spaces  
1,360 unmetered curb spaces  
493 spaces in free municipal parking areas  
618 spaces in free commercial, SUI and private areas.

**Area Opened**  
Since then, a 36-space metered parking area has been opened on College street, between Dubuque and Linn streets.

The other five municipal parking areas are located and accommodate the following numbers of cars at:  
Dubuque street between Burlington and Court streets (72);  
College street between Linn and Gilbert streets (95);  
Northeast corner of the intersection of Burlington and Gilbert streets (70);  
Washington street at Van Buren street (175);  
Iowa avenue between Linn and Gilbert streets (85).

The firm made several recommendations to provide additional parking space here, including:  
**Accommodate Patrons**  
"240 additional highly convenient parking spaces . . . as soon as possible . . . to accommodate shopper and patron parker(s) during weekly and seasonal shopping peaks."

The survey noted "if the university provides additional parking space for its people and the proper turnover in curb parking is obtained, the existing parking facilities in Iowa City will be adequate at this time to take care of the non-peak parking demand."

"It is emphasized that these facilities must be . . . regulated so that they cannot be monopolized by the all-day parker."  
"New parking facilities should take the form of single level parking lots (since) land is available at a cost approximately

THE UNMETERED PARKING AREA on Washington street at Van Buren street, shown here, is designed to accommodate 175 automobiles. During peak hours cars are often parked along the streets into the lot as well as in the lot proper. According to a survey made last fall, with proper regulation existing parking facilities can be made adequate to Iowa City needs.

as possible . . . to accommodate shopper and patron parker(s) during weekly and seasonal shopping peaks."

The survey noted "if the university provides additional parking space for its people and the proper turnover in curb parking is obtained, the existing parking facilities in Iowa City will be adequate at this time to take care of the non-peak parking demand."

"It is emphasized that these facilities must be . . . regulated so that they cannot be monopolized by the all-day parker."

"New parking facilities should take the form of single level parking lots (since) land is available at a cost approximately

that of parking deck construction.

**Create Parking Space**  
"The objective should be to create parking space for shoppers and business patrons within one block of their destinations."

"There appears to be no justification for bond financing of parking facilities in Iowa City; it is believed that the city's needs can be met on a pay-as-you-go basis."

The firm also recommended that fees be made for parking

in municipal parking lots. The suggestion was that the College street lot be metered and the others employ the "honor" system.

### Fee Required

This system, which the survey indicates has been successful in other cities, requires the driver to put his fee in an envelope marked with his license number, the time for which he parked, and the amount enclosed.

The envelope was to be deposited in a theft-resistant container in a shelter containing pencils and envelopes.

Police were to check the lots and chalk the tires of "dishonorable" drivers, and issue arrest notices to them.

The survey listed trends in the number of cars in Iowa City based on population growth, "past and estimated future."

**Contrast in Figures**  
The firm's estimate of growth of student enrollment at SUI is in marked contrast with later SUI predictions. The survey states "university officials estimate a REDUCTION in student enrollment of 4.4 per cent from 1950 to 1960."

University officials more recently have indicated a steadily increasing student enrollment, expected to be doubled in the next 15 years.

The survey states the present ratio of non-students in Iowa City is 3.06 per car and 2.4 students per student-owned auto. By contrast, the survey indicates the ratio for the state is 3.2 persons per car and 3.6 nationally.

**Estimate Schedule**  
A schedule of estimates of annual city parking revenues shows:  
\$69,900 in fees from curb meters (after recommended changes)  
\$2,700 from the College street lot  
\$19,800 in fees from honor system in municipal lots  
Total: \$92,400

\$29,200 average annual cost of operating the parking system; enforcement, accounting, repairs and replacements  
Net annual income: \$63,200.

Gartzke recommended that the more vocal advocates of extensive municipal parking facilities "keep their cars in their own backyards."

## Interpreting the News— Nehru Blast 'In Poor Taste'

By J. M. ROBERTS  
Associated Press News Analyst

Prime Minister Pandit Nehru of India has made a most unstatesmanlike attack on the United States.

He accuses the existence of a United States policy which has not yet been determined, toward which the President is making a very cautious approach regarding Quemoy and Matsu, and then places India on the side of Peiping in the most direct fashion.

"It is said that if the Chinese People's government attacks Quemoy and Matsu then the whole force of the mighty power will be engaged in defending them because, it is said, they might involve the security of the great power," Nehru said.

**Odd Approach**  
"It is said," "It is said." That's the kind of speculation unofficial sources deal in, and is a type of approach usually abhorred by statesmen with a sense of responsibility for their leadership.

The one clear thing that has come out of the Washington hassle over this subject has been that no decision has been made. Nehru knows it well. For him to anticipate what the decision will be is not only extremely bad international taste, but extremely bad politics for himself.

He knows that if the die were cast, if the United States does fight for Quemoy and Matsu, that it will be only after deep soul-searching, and in an unwilling yielding to a sense of responsibility not merely for her own security, which is not really a prime factor, but for world liberty and freedom.

**Long Years**  
On the surface, his speech, made during a parliamentary

period supposed to be devoted to consideration of the Foreign office budget, might be attributed to a man who has long years of conflict with western domination drive him into hatred of everything western.

Nehru is too shrewd an operator for that. He is working on something.

Observers were quick to speculate that it is something connected with the impending 30-nation Asian-African conference at Bandung, Indonesia.

### Red China

He may be intending to line up more closely with the Communist bloc there. A better guess is that he is trying to steal some of the Communist thunder to prevent Red China from dominating the meeting and thereby challenging the leadership which Nehru seeks to establish in Asia.

His speech is a strange commentary from a country which received strong American sympathy in its fight for independence, and which now receives American economic support in its fight for self-dependence.

### Organ, Voice Recitals To Be Given Sunday

Margaret Snodgrass, instructor in piano and organ at Iowa State college, will present an organ recital in the First Methodist church here at 8 p.m. Sunday.

Other recitals to be given Sunday in the North Music hall will be by soprano Henrietta Folkens, A4, Rock Rapids, at 7 p.m., accompanied by Mary Rumeich, G, Mahanomen, Minn., and Phyllis Helmeke, A4, Garner, contraalto, at 4 p.m., accompanied by Roxie Beisner, A3, Tripoli.

## editorial

### End of Two Eras—

By a strange twist of that intangible element called fate, two prominent newspaper men have died within the space of two days.

Col. Robert McCormick, editor and publisher of the Chicago Tribune, and Joseph Pulitzer, editor and publisher of the St. Louis Post-Dispatch, headed several of the most powerful organs in American journalism.

The proximity of their passing was strangely apart from the beliefs they held.

McCormick was the staunch supporter of the conservative element of the Republican party. A Taft-supporter in 1952, McCormick was disappointed with the nomination of Eisenhower and advocated the formation of a new party.

McCormick stood for the isolationist, the protector of American sovereignty. It was natural that his newspaper gave whole-hearted support to Sen. Joseph McCarthy (R-Wis.) and his Communist hunt.

Pulitzer, on the other hand, was known more as a crusading editor, devoted to exposing fraud in city government. He was known and respected as a top news reporter.

Most of all, the name Pulitzer was associated with fair and accurate reporting, and for a newspaperman that is the highest honor.

Both McCormick and Pulitzer have left an indelible mark in the newspaper field.

Although their methods varied, and their philosophies were widely apart, McCormick and Pulitzer both share the distinction of having worked a tremendous influence on journalistic history.

## Old Capitol Remembers

### One Year Ago Today

The senate passed a bill to grant statehood to Hawaii and Alaska, 57 to 28.

George (Tom) Choules, LI, Idaho Falls, Idaho, was elected president of the 1954-55 SUI Student Council.

### Five Years Ago Today

Owen J. Lattimore, who served with the state department in 1945, blasted at Sen. Joseph R. McCarthy (R-Wis.) as a "madman" for asserting that Lattimore is a master Soviet spy.

Iowa Hawkeyes won their first baseball start of the season with a close 6-5 decision over Washington university.

### Ten Years Ago Today

Crack troops of the tenth army's 24th corps cut the vital island of Okinawa in two, reaching the east coast village of Tobara 10 days ahead of schedule.

In a meeting at the Jefferson hotel Iowa City merchants failed to decide whether to close Saturday nights and keep their business places open some other night during the week.

### Twenty Years Ago Today

Verne Marshall, Cedar Rapids newspaper editor, charged that "racketeering gangsters in Sioux City are collecting monthly graft in large amounts for providing protection and state liquor commission agents are in it up to the hilt."

Three members of the state highway commission appeared "favorably inclined" toward proposed paving of highway 218 between Iowa City and Anamosa, D. W. Crum, of the Good Roads association, said.

## Polio Vaccine Tested, Verdict in 2 Weeks

NEW YORK (AP) — The official verdict on the Salk polio vaccine — perhaps signalling the end of polio — will be announced April 12.

Just how good, the vaccine is will be disclosed by Dr. Thomas F. Francis Jr., University of Michigan, at a conference in Ann Arbor.

Dr. Francis has headed the team analyzing the results of vaccine trials involving nearly two million children.

### Time Announced

The date and place for the eagerly-awaited verdict were announced jointly by Basil O'Connor, president of the National Foundation for Infantile Paralysis, and Dr. Harlan Thatcher, University of Michigan president.

The foundation sponsored the vaccine research of Dr. Jonas E. Salk, University of Pittsburgh, and the difficult task of learning how effective it may be.

There was no hint in Tuesday night's announcement whether the vaccine protected children, or how well.

But unofficially there is optimism the vaccine was good, and that vaccinations can end the terror of polio.

If the report is favorable, and the vaccine is licensed by the National Institutes of Health, some 18 million persons, mostly children, are expected to be vaccinated this year.

### Provide Shots

The polio foundation will pay for and provide nine million vaccinations for all children in first and second grades of all public, private and parochial schools, and some in the third grades.

Vaccination consists of three shots, spaced about five weeks apart.

Some 440,000 children in the United States, Canada and Fin-

land have received the vaccine. Another 210,000 received harmless shots of useless material, to compare what happened to them during the polio season. Another 1,180,000 children had no injections of either kind, but were followed to see if they developed polio.

## Solon Man Jailed For Tax Evasion

DES MOINES (AP) — Frank Brosh, Solon, Friday was fined \$5,000 and sentenced to two years in prison by Federal Judge William F. Riley on a charge of income tax evasion.

Judge Riley refused probation. Brosh was convicted of four counts of tax evasion covering the years 1949, 1950, 1951 and 1952. He was fined \$1,250 on each count.

## Don Sherk Elected YMCA President

Don Sherk, A1, Ida Grove, recently was elected president of the SUI Young Men's Christian association.

Other officers are Keith Trembath, A3, Waterloo, vice-president; Lowell Mathes, A1, Iowa City, secretary; and George Van Houten, A2, Davenport, treasurer.

The new officers will be installed at an organizational meeting April 4 in the YMCA office, Iowa Memorial Union.

Plans for a state conference at Boone April 29 to May 1 and a regional conference at Lake Geneva, Wis., June 10 to 17 are being made.

SATURDAY, APRIL 2, 1955

# Rev. Hetzler to Speak At Sunrise Service

## To Present Program at Mennonite Church

THE MOTET SINGERS, an a cappella chorus consisting of 23 music majors from Goshen college, Goshen, Ind., will present a program of Easter music Sunday at 9:45 a.m. in the Mennonite church, 614 Clark st. The group, directed by Miss Mary Oyer, professor of music at Goshen college, is on an Easter holiday tour giving programs in Iowa, Nebraska and Kansas. This evening the group will present a program at the Iowa Mennonite school near Kalona.

## Set for 7 a.m. Sunday at First Baptist

The Rev. Donald F. Hetzler, pastor of Lutheran students at SUI, will deliver the sermon at the annual Palm Sunday sunrise service sponsored by the Student Christian council. The service begins at 7 a.m. Sunday at the First Baptist church.

The Rev. Mr. Hetzler's sermon will be "The Commitment of the Procession." Gordon Johnson, A3, Humboldt, chairman of the SCC Palm Sunday activities said that the offering taken at the morning service will go to buy hymnals for the Student Christian council. The books are the official hymnals of the World's Student Christian Federation.

### 35-Cent Breakfast

Following the morning service the SCC will hold a 35-cent breakfast in the church basement. Except for the sermon, the entire program and breakfast will be presented by students from the various church groups which are affiliated with the SCC.

Don Pollak, P2, Chicago, is in charge of the worship service. Other students participating in the devotional program are Shirley Smith, N1, Sibley; Minda Smith, N2, Des Moines; Jay Allen, A3, Mason City and Steve Hulme, A3, Iowa City. Jane Havenhill, A1, Burlington will be an organist and Shirley Strohm, A2, Clinton, celloist.

### Ushers

Ushers at the service will be Warren Walrath, A1, Cedar Rapids; Keith Trembath, A3, Waterloo; David Howard, P3, Lehigh and Dean Welch, P2, Macomb, Ill. Dave Sneller, A1, Davenport, is in charge of the breakfast. Others helping will be Terry Marsh, A2, Davenport; June McLaughlin, N1, Cherokee; Harriet Sharp, N2, Maquoketa, and Marilyn Ladd, A1, West Des Moines.

## Practice for Holy Week Pageant

STUDENTS OF THE United Student Fellowship practice for a Holy week pageant to be presented Sunday evening at the Congregational church. Upper level left to right are Dick Rogers, C3, Clear Lake; Don Pollak, P2, Chicago, Ill.; Shirley Smith, N1, Sibley, and Barbara Vendelboe, N1, Mt. Pleasant. On the lower level are Tom DeYarman, A1, Olds; Edward Pitcher, P1, Burlington; Dale Williams, G, Arlington Heights, Ill., and J. Sidney Phillips, A1, Rosendale, Wis. The two students in the foreground are not identified.

## Mass at 8 a.m., Breakfast At Retreat

The three-day retreat for Catholic students which began at SUI Friday continues today with a 8 a.m. mass at the St. Thomas More chapel and a breakfast at the student center.

The Rev. James Supple, chaplain and director of the Newman club at Iowa State college is the retreatmaster.

The stations of the cross will be said at 2 p.m. and conferences are scheduled at 3 and 4:30 p.m. today. Another conference and benediction will begin at 7:30 p.m.

Masses will be held Sunday at 8, 9, 10 and 11:30 a.m. Father Supple will speak at each of the masses. A breakfast will be held in the student center following the 9 a.m. mass.

The stations of the cross will be said at 2 p.m. Sunday and conferences are scheduled for 3 and 4:30 p.m. The regular Newman club meeting will be held at 5 p.m. and a supper is planned for 6 p.m.

## St. Thomas More Masses Scheduled For Holy Week

Celebration of masses during Holy Week at St. Thomas More chapel will be at 6:30, 7 and 7:30 p.m. Monday through Wednesday.

On Holy Thursday a Solemn High mass will be followed by a procession to the Altar of Repose. Adoration on Holy Thursday will be all day, lasting until 8 p.m.

On Good Friday the Mass of the Pre-Sanctified will be at 7 a.m. Stations and adoration of the cross are set for 3 p.m.

At 11 p.m. Holy Saturday, Easter vigil ceremonies will be held. No services are scheduled for Saturday morning.

Easter Sunday masses are scheduled for 5:45, 8, 9, 10, and 11:30 p.m.

### SUNDAY SUPPER

Sunday supper: golden-brown pork sausage links with apple rings, crisp waffles and maple syrup.

## Jewish Passover Begins Wednesday

Hillel Foundation will hold a Passover celebration Wednesday evening at the Jewish student center, 122 E. Market st. Prof. Frederick P. Bargebur, director, said Friday. Students will gather for the traditional supper which starts the eight-day Passover celebration.

The Jewish Passover begins at sunset on Wednesday and ends at sunset, April 14. It's the main family celebration on the Hebrew calendar, Bargebur said. He said that the first two nights of the festival are the most significant. The activities of these two evenings center around a specifically laid table which includes unleavened bread, bitter herbs and other symbolic food.

### Main Celebration

The Passover is the main Hebrew thanksgiving celebration for their liberation from Egypt, "the house of bondage." All ceremonies are symbolically related to this event. However, Passover is also the festival when the first new crops and lambs are consumed.

Bargebur said that the Passover was originally the new year celebration and was connected with a time of purification and sacrifices.

Elijah, the eternal bringer of good tidings, is expected to appear during the time when the exodus from Egypt is re-enacted. An empty chair and cup is kept in Hebrew homes during the festival in preparation for his coming. The door of the homes is left ajar to invite his entrance.

### Paschal Supper

An important part of the Passover festival is the family sup-

per called the paschal supper. The participants of the suppers read together from a booklet called "The Haggada of Passover."

The youngest child asks the head of the family four questions from the book. Bargebur explained that this is in fulfillment of the deuteronomic commandment "Thou shalt teach your children diligently . . ."

The Haggada contains answers about the passover asked by the youngest child. It contains historic passages referring to the exodus from Egypt and also psalms of thanksgiving.

## Newcomers To See Europe Art Slides

University-Newcomers club will meet Monday at 2 p.m. in the auditorium of the Art building. The program will be presented by Prof. L. D. Longman of the fine arts department.

Longman will show three-dimensional color slides of historic European art.

Following the program the group will adjourn to the University clubroom in Iowa Memorial Union for tea with Mrs. Frank O'Connor as hostess.

Committee members are Mrs. Gerald Ivancie, chairman, Mrs. R. J. Ruppe, Mrs. R. V. Brown, Mrs. F. Goodwin, Mrs. G. P. Arnott, and Mrs. Jean Taylor. Pouring at the tea table will be Mrs. Ellis Newsome and Mrs. F. M. Featherstone.

Rev. Donald F. Hetzler Sunrise Speaker

## Rev. Welch To Lead Next WSUI 'Chapel'

The Rev. R. J. Welch, of the school of religion, will conduct the WSUI chapel service Monday.

The topic for the week is, "Seven Last Words from the Cross."

The schedule for the remainder of the week is: Tuesday—The Rev. L. L. Dunnington, of the First Methodist church.

Wednesday—The Rev. Virgil J. Brenneman, of the Mennonite church.

Thursday—The Rev. George T. Jacobsen, of the First Lutheran church.

Friday—The Rev. P. H. Bartholomew, of the Veterans hospital, will read from the Bible and "music from the crucifixion" will be played.

Saturday—The Rev. P. H. Pollock, of the First Presbyterian church.

WSUI morning chapel services, sponsored by the school of religion, are under the direction of Luther Livingston, G. Vinton.

## University Women To Present Panel

The Iowa City chapter of the American Association of University Women will present a panel discussion on the social and economic aspects of the United Nations over radio station WSUI Monday at 3 p.m.

Mrs. Robert Cassel, moderator, and members of the panel, Mrs. Richard Wells, Mrs. John Ellery, and Mrs. D. H. Eggers, will discuss functions of UNTAP, UNESCO, UNICEF, and UNWFO. This is part of the organization's project for the year.

## Iowa City Council of Churches Schedules Holy Week Service

The Iowa City area Council of Churches will sponsor a series of Union Holy week services Monday, Tuesday and Wednesday at the Congregational church. The services will begin at 7:30 p.m.

The services will be directed by the Rev. Robert Worth Frank, president and professor of philosophy of religion and ethics at McCormick seminary, Chicago, Ill.

Three city groups will provide special music for the services.

On Monday night the Farm Bureau Woman's chorus will present the music. Mrs. W. W. Morris is director of the group.

Students from religious centers at SUI will present the music for the Tuesday services.

Wednesday evening a mass Iowa City children's choir directed by Robert Borg will furnish the music.

Churches participating in the services include the Congregational, Methodist, First English Lutheran, First Baptist, Church of the Nazarene, First Christian, First Presbyterian, Friends, and Sharon Evangelical and United Brethren.

## Koo To Conduct Services Monday At Danforth

Prof. T. Z. Koo, of the SUI school of religion, will lead the services at the Danforth chapel Monday at 4:10 p.m.

The Rev. J. Lekska of the First Presbyterian church will be in charge of the Tuesday service and the Rev. Robert Sanks of the First Methodist church will lead the Wednesday service.

There will be no Danforth chapel services on Thursday or Friday of next week. Joby Rankin, A3, Tracy, chairman of the services, said.

Danforth chapel services are sponsored by the Student Christian council and are held each school day at 4:10 p.m.

## ACHIO PLEDGE OFFICERS

Newly elected officers of the spring pledge class of Alpha Chi Omega social sorority are Virginia Bradley, A3, Bancroft, president; Connie Tyrrell, A1, Vinton, secretary-treasurer, and Jo Anne Walters, N1, Park Ridge, Ill., social chairman.

Rev. Robert W. Frank To Direct Services

## Good Friday Services Set

The Iowa City Ministerial association will conduct a traditional Good Friday service of music and meditation at the Congregational church starting at noon Friday.

The three-hour service will consist of a series of seven meditative periods of 25 minutes each. Worshipers may remain for one or several of the periods.

Those who will take part in the service are The Rev. L. L. Dunnington, the Rev. Virgil Brenneman, the Rev. George Jacobsen, the Rev. P. Hewison Pollock, the Rev. Albert Hofrichter, the Rev. Richard J. Tenklenberg and Mrs. Mildred Eicher.

## Iowa Newman Group Elects Gill Chairman

William Gill, G, Dallas, Tex., was elected chairman of the Iowa region of the Newman club at its annual spring meeting in Ames March 25. A secretary will be appointed by Gill.

Twenty-five members of the SUI Newman club attended this year's conference.

# Chooses Indians For American League Flag

**By JOE REICHLER**  
NEW YORK (AP)—The Cleveland Indians are this writer's pick to capture the American league pennant for the second straight year because they have more and better pitching and greater power than any of the other seven clubs.

The runnerup spot must go to the New York Yankees, whose wealth of talent everywhere but in the pitching department makes them far superior to any of their rivals with the exception of the Indians.

The hustling, aggressive Chicago White Sox, with abundant pitching, a well-knit defense but inadequate power, do not appear to be in a class with the Indians and Yankees but they are much too strong for the others.

**Rating**  
This is the way the finish is seen from here:

1. Cleveland, 2. New York, 3. Chicago, 4. Detroit, 5. Boston, 6. Washington, 7. Baltimore, and 8. Kansas City.

No club in baseball can boast such a mighty big three as Bob Lemon, Early Wynn and Mike Garcia, all potential 20-game winners. If Herb Score, the young rookie southpaw who struck out a total of 330 American association batters in 251 innings last year, lives up to his billing, this can be the greatest pitching staff ever put together.

Just look at Cleveland's second line pitching: Art Houtteman, Bob Feller, Don Mossi and Ray Narleski. This quartet won 37 games.

**Kiner Added**  
The addition of Ralph Kiner, the former home run king of the National league, is bound to add to the Indians' attack. A back-to-back batting order of Larry Doby, Al Rosen, Vic Wertz and Kiner, following the hit-and-run pair of Al Smith and Bobby Avila, can comprise a pretty fair "murderers' row" for Manager Al Lopez. The only surface weakness is lack of speed and questionable defense at first base (Wertz) and in right field (Kiner).

A team with as many good players as the Yankees have must be given a good chance. Sophomore Bill Skowron, who has the first base job all to himself, and third baseman Andy Carey, should develop into top grade stars this year. Steady Yogi Berra behind the plate and Mickey Mantle in center are the best at their positions.

**Strong Outfield**  
Mantle, Hank Bauer and Irv Noren, backed by Enos Slaughter, Bob Cerv and rookie Elston Howard, who also can catch, give the Yankees the strongest outfield in the league. Gil McDougald is a solid second baseman.

Shortstop, however, is Manager Casey Stengel's main problem once he gets his pitching straightened out. Newcomer Billy Hunter, 243 at Baltimore, has the edge at present but the vet-

## The Daily Iowan SPORTS

eran Phil Rizzuto, 195, now a bespectacled 36, may regain his old position. Then again, the job may go to Jerry Coleman, a fine glove man who batted .217 following his return from a second service hitch with the Marines.

Stengel is sure of three starters — Whitey Ford, Bob Grim, a 20-game winner in his freshman season, and Bob Turley, the fireballer obtained from Baltimore.

**Young Chucker**  
John Kucks, a 21-year-old righthander just back from the army after one year at Norfolk, has impressed everybody in camp and may win the fourth starting job. If the kid can't make it, the No. 4 job will go

to Tom Morgan. Manager Marty Marion is convinced his White Sox can take it without George Kell physically fit to play every day and Walter Dropo batting in at least 100 runs.

Whether Kell, a great third baseman before he injured his knees, and Dropo can do it remains questionable.

Marion has several top flight players in Minnie Mino, Nellie Fox, Chico Carrasquel, Jim Rivera and Sherm Lollar, an improved bench over last year and a solid pitching staff headed by Virgil Trucks, Billy Pierce, Sandy Consuegra, Bob Keegan and Jack Harshman but he needs another power hitter to ease Mino's load.

### 'Dem Bums Aint Bums Nohow'

**By HERB ALTSCHULL**  
WASHINGTON (AP)—Dem bums aint bums at all. Dey has got sumpin which aigheds call "dignity."

That was the word Friday from Rep. Francis E. Dorn, a Republican from—of all places—Brooklyn, N.Y. Mr. Dorn, of course, uses the king's English. The above translation is provided for the Ebbets field Bumblers.

The 44-year-old Dorn is a lawyer and a baseball enthusiast. His diamond career is limited to the role of substitute on the Republican congressional ball team, which shoves off for Florida today for "spring training."

Stirred by an editorial in a Brooklyn weekly, the Bulletin, Dorn went to bat for the Brooklyn Dodgers in a statement in the Congressional Record. He informed House Speaker Rayburn (D-Tex.) of "a most worthwhile campaign" started by the newspaper in an editorial headed: "Stop Calling the Dodgers the 'Bums.'"

It urges all and sundry to "cease and desist from using that uncomplimentary appellation for our favorite baseball team."

Quoting from the dictionary, the newspaper says "a bum is an inebriate, a mendicant, a tramp and a loafer." The Dodgers, the editorial says, are none of these "although sometimes our pitchers feel that way about their teammates."

Rising to the occasion, Dorn declared:

"Mr. Speaker, I endorse these statements. The Brooklyn baseball team will win the National league pennant this year, and go on to win the world championship.

"It is important that the dignity of champions be recognized."

## 25,000 To See Planes Kill Fish

ARDMORE, Okla. (AP)—Lake Murray will be the scene today of what the Oklahoma Game and Fish department describes as the biggest fish-killing project in history.

Some 25,000 persons are expected to watch the spectacle and take home thousands of pounds of free fish.

The aim is to improve fishing

at the lake which only a few years ago was considered the top attraction of Oklahoma anglers.

Undesirable rough fish, which prey on gamesters such as bass and eat their food supply, have since taken over the lake until they now constitute an estimated 95 per cent of the total fish population.

It is these rough fish, primarily shad, which biologists hope to kill with rotenone sprayed over the surface of the 6,000-acre lake from six airplanes.

Spraying will begin at daybreak and should be completed by 10 a.m. Then an army of fishermen will make a mad rush for the paralyzed fish which will not harm the fish and they will rise to the top the chemicals will be good to eat.

The treatment will draw national attention. The decline of fishing at Lake Murray is typical of the fate that has befallen other good fishing spots over the nation.

Dozens of smaller lakes have been treated with some success in recent years.

## Welter Title To DeMarco In 14th Round

**BOSTON (AP)**—Stiff-punching Tony DeMarco of Boston won the world's welterweight boxing championship Friday night by stopping Johnny Saxton at 2:20 of the 14th round in their scheduled 15-round bout at Boston Garden.

The 23-year-old Boston slugger, cheered on by a partisan crowd of more than 10,000, staggered Saxton with a wicked left hook at about the two minute mark of the 14th round and refused to let the champion get away.

DeMarco bombed away with brutal left hooks and right crosses as the beaten champion stood helpless in his own corner. Saxton finally went down from the tremendous blows for a count of nine.

Saxton braced himself in the corner again as DeMarco rushed in for the kill. The plucky New York battler took heavy punishment and was virtually out on his feet, but refused to go down. Referee Mel Manning finally stepped in and stopped it.

## Fewer Prep Hoop Games In Two Years

**BOONE, Ia. (AP)**—There will be fewer high school basketball games played in Iowa starting with the 1956-57 season as a result of action taken by the board of control of the Iowa High School Athletic association this week.

The board approved the recommendation of the representative council that basketball schedules be reduced.

The recommendations include:

1. There will be no limitation on a beginning date for basketball practice.

2. No games will be played prior to November 1 and all practice sessions shall be held on the home floor under the supervision of the regular coach.

3. The maximum number of games to be played in November will be six.

4. The maximum number of season games, exclusive of tournaments, shall be 18, except that if a team does not play in the county tournament it may play one extra game and if it does not play in the sectional tournament another extra game may be added.

5. The number of games to be played after November 30 shall continue to be 16 with the exceptions noted in item no. 4.

## Braves Top Bums, 9-5; Even Series

**MONTGOMERY, Ala. (AP)**—The Milwaukee Braves hit the outfields of Brooklyn's two outpaw hopefuls, Karl Spooner and Johnny Podres, to post a 9-5 exhibition baseball victory Friday and even their series at three victories apiece.

Milwaukee ... 300 000 000-9 5 3  
Brooklyn ... 010 000 000-5 0 3  
Johnson, Nichols (3), Paine (6) and Crandall, Parks (5); Spooner, Podres (4), Besant (4) and Howell, Campanella (6), W-Johnson, L-Spooner.  
Home run: Milwaukee — Adcock; Brooklyn — Hemic.

## Ottis Confers with Key Men

IOWA BASEBALL COACH OTTIS VOGEL (left) gives two of his top men pointers in the practice dugout during the Hawkeyes' last practice before leaving for Arizona today. In the center is senior Merle Jensen, the top Big Ten pitcher two years ago. Next to him is senior Ron Capps, second baseman and co-captain. The team will play six games with the University of Arizona next Monday through Friday.

## Maxim's Manager Wants No Judges for Bobo Olson Bout

**SAN FRANCISCO (AP)**—Veteran Manager Jack (Doc) Kearns said Friday he will ask that either Rocky Marciano or Archie Moore be named to referee the April 13 bout between Carl (Bobo) Olson and Joey Maxim, without any judges.

Kearns, Maxim's manager, said he will make a formal request to the California State Athletic commission that either one or the other of the champions be selected as the sole official for the nationally televised bout at the Cow Palace.

Both Marciano, the heavyweight titlist, and Moore, who holds the light-heavyweight crown, are in California.

Kearns' statement, made in an interview, followed a blast at

the officiating of the Willie Pep-Gil Cadilli featherweight bout Wednesday night at nearby Parks Air Force base. Cadilli won an unpopular split decision. Both judges who voted for him were disciplined by the commission.

Sid Flaherty, who manages both Olson, the midweight champion, and Cadilli, was criticized for being friendly with the two judges. Flaherty immediately announced he would prefer to have Kearns suggest the officials for the Olson-Maxim 10-rounder.

Kearns said he'd like to have just one official, the referee.

"It seems to me that either Marciano or Moor would make an ideal official," he said. "Both certainly are beyond reproach."

Willie Ritchie, chief inspector for the commission, said that as

far as he knew, one official could be authorized for a bout.

In the hassle surrounding the Pep-Cadilli fight, Joseph Phillips, a member of the commission, said he had removed Judge Eddie James' name from the list of officials, and had placed Tony Bosnich on probation. Both names and Bosnich gave Cadilli the nod.

## Indians Win, 15-3, Hit 4 Home Runs

**HOUSTON (AP)**—The Cleveland Indians clobbered the New York Giants 15-3 Friday in an exhibition game.

New York (N) ... 001 000 110-3 9 1  
Cleveland ... 323 002 298-15 12  
Hearn, Jansen and Westrum, Katt (7); Lemon, Wight (9) and Hegan, W-Lennon, L-Hearn.  
Home runs: Cleveland—Doby, Smith, Rosen, Lemon.

Rates for the 9-hole Finkbine course are: students, 40 cents; university staff, 50; general public, 75 week-days and one dollar on weekends and holidays.

Rates for the new course when it opens will be: students, 50 cents; university staff, one dollar; general public, \$1.50 week-days and two dollars on weekends and holidays.

## Louise Suggs Takes Lead In Women's Open Tourney

**OKLAHOMA CITY (AP)**—The weather produced dust, rain, cold north winds and just a smidgen of sunshine but Louise Suggs, two-time national champion, survived all of the elements to post a two-under-par 75 for the first-round lead in Oklahoma City's \$5,000 Women's

Open Golf tournament Friday. The straight shooting Georgian from Sea Island had her game under control most of the way over the Lincoln park public course which plays to 6,695 yards with a par of 38-39-77. Men's par is 74.

## Chisox Win; Rain Halts Tilt in Sixth

**NEW ORLEANS (AP)**—The Chicago White Sox battered St. Louis pitchers Harvey Haddix and Herb Moford Friday for a 9-0 decision in a game that was halted by rain after six innings. Walt Dropo hit a grand slam home run in the first inning while Chico Carrasquel and Nellie Fox each picked up a pair of hits to lead the 10-hit assault.

St. Louis ... 000 000-0 2 1  
Chicago (A) ... 010 112-9 10 0  
(Game called end sixth — rain)  
Haddix, Moford (3) and Sarni; Harshman, Consuegra (3) and Lollar, W-Harshman, L-Haddix.  
Home run: Chicago—Dropo.

# Road Tax Hike Hits West German Trucks

BERLIN (AP)—West German trucks Friday were destined to pay a stepped-up Communist road tax to keep the highway lifeline open to isolated Berlin.

East German border guards appeared confused by the readiness of the truckers to pay. The new tax with increases ranging from \$5 to \$50 for a round trip went into effect Thursday midnight.

West German officials called it "political blackmail," and said it was Communist retribution for West German ratification of the Paris agreements.

The East German government claimed that big trucks and trailers were damaging the roads and that the increased fee was necessary to keep them in repair.

**'Economic Blockade'**

West Berlin and West German officials termed the move an "economic blockade," bringing back memories of the one in 1948-49.

But no one seemed panicked by the newest Red offensive. One U.S. official said it was "completely premature" to think in terms of actual blockade.

Reports from the East German border Friday night bolstered this view. Truckers reported that the border guards seemed to be unsure in applying the new tax.

**Individual Basis**

"Looks like they're doing it on an individual basis," one disgruntled truck driver reported. "A milk truck was charged 90 marks (\$21.42). Another truck

with an identical load was charged only 20 marks (\$4.76). You figure it out. We can't," he said.

There was reason to think the Communist move was ill-conceived and poorly handled. One Western official said the lower echelons in the East may have been thrown off balance because truckers put up the money so readily.

Trucks were rumbling into Berlin at the normal rate. West Berlin is entirely surrounded by Russian-occupied Germany.

**Main Link**

The main highway link with West Germany is the 110-mile superhighway, or autobahn. Trucks using this route may carry about half the traffic in and out of West Berlin. This includes 40 per cent of the goods shipped in and 70 per cent of the items shipped out. The tax applies only to German vehicles.

The West Berlin city government was footing a share of the bill to keep the highways open. A quarter-million dollars was

made available to truckers to help pay the new taxes.

While sizeable, this was nowhere near the five to eight million dollars which would be needed to meet the annual bill.

### \$875,000 Addition Will Bring Capacity to 800 Men—

## Hillcrest Dormitory Expands With SUI

(This is another in the series about buildings on the SUI campus.)

Hillcrest men's boarding dormitory has grown steadily since the original building west of the Iowa river and east of the Quadrangle was constructed in 1938.

The \$875,000 addition now under construction is the third added by the university in an effort to keep pace with the ever increasing demand for housing facilities.

Student occupants moved into the building at the beginning of the fall term of 1938. The last brick was barely in place when plans were underway for an addition — the first of three additions built in the next 15 years. The first addition was completed in the fall of 1939, making room for another 170 students, and bringing the capacity of the dormitory to 411.

#### Navy Takes Over

At the outbreak of World War II male enrollment dwindled. In June, 1942, the navy pre-flight program came to SUI, and the navy men took over Hillcrest for the next three years.

The north lounge was used for the officers' mess hall and the present coffee shop and serving room, for cadet mess halls.

In September, 1945, the navy moved out and women moved in. To meet the women's housing shortage, Hillcrest was used as a women's residence for two semesters. Women lived there during the fall term of 1945, and the winter term of 1946.

#### Women Move Out

In June, 1946, the coeds moved out and the men reclaimed their dormitory. Hillcrest became a boarding dormitory for men — the first at SUI.

Four barracks were brought here from the Sioux City air base and remodeled into a temporary dining room which will serve until a new one is completed. The new dining hall will be included in the \$875,000 addition now under construction.

Seating capacity in the present dining hall is 424. Food is served cafeteria style to the 554 residents.

#### Addition in 1950

In September, 1950, the second addition was completed. Included in the 1950 annex were a lounge large enough for dancing when the furniture is removed, a music room and a library reading room.

The third addition, now under construction, will bring the housing capacity to 800.

T. M. Rehder, director of dormitory and dining services, said there is a possibility that all rooms will be made to accommodate three men instead of two. This "tripling" of rooms would be undertaken when SUI's enrollment increases in the next few years, Rehder said. The dormitory with the new addition could accommodate 1,110 men under this arrangement.

#### Recreation Rooms Added

A number of recreation rooms have been added since the building was constructed. A low-power radio station, HILC, which has a special wire hook-up with Currier hall, has its headquarters in Hillcrest. There is also a dark room for the use of the Hillcrest camera club and a ping pong room.

A laundry room is also available for residents. Miss May Herman is the manager of the Hillcrest dining service and Miss Martha Van Nostrand is dormitory manager.

### Media Needs Is Career Day Topic

Prof. William E. Porter, head of the magazine journalism sequence at the SUI school of journalism, will be among the guest speakers at the Career Day program for the Linn county high schools at Cornell college, Mt. Vernon, Wednesday, April 6.

Porter will speak on the requirements and opportunities for careers in mass communications.

Porter, who joined the journalism faculty in 1945, has contributed short stories to such national magazines as Saturday Evening Post, Country Gentleman, Collier's and American Magazine.

He is the author of a recently published novel, "The Lawbringers," a story of the frontier west in the 1870's.

HILLCREST MEN'S BOARDING DORMITORY, seen here from the northeast corner, has in the past been the home of navy personnel and women students as well as SUI men. An \$875,000 addition now under construction, the third addition to the original building will enlarge Hillcrest capacity to 800 men.

## Fairall Scholarship Plans Set

Plans for awarding the \$750 Fairall scholarship for an outstanding student in the field of advertising at SUI were announced this week.

L. R. Fairall, president of the Fairall and company advertising agency, Des Moines, makes the scholarship available each year for the encouragement of outstanding students in advertising. Fairall, an SUI alumnus, established the scholarship in 1947.

Candidates for the award must be seniors or graduate students in advertising who have demonstrated outstanding potentialities in the field and have maintained a high scholastic record. Applicants must also be natives and residents of Iowa.

In addition to filling a formal application, each applicant is to prepare a presentation of samples of his or her advertising work, emphasizing creative ability in copy, layout, design, and the development of ideas for campaign planning.

Selection of the candidate will be made by a faculty committee from the school of journalism and the college of commerce. Prof. Ellis H. Newsome of the school of journalism and the marketing department of the college of commerce faculty is in charge of applications. All applications must be filed no later than April 12, 1955, with Newsome, room 309, Communications center.

MUMMA APPOINTED WASHINGTON (AP)—President Eisenhower Friday appointed Rear Adm. Albert G. Mumma, former Iowa City resident, as head of the navy's Bureau of Ships. Admiral Mumma's father, the late Col. Morton C. Mumma, was head of the military science department at SUI in the 1920's. Mrs. Mumma's parents, Mr. and Mrs. H. J. Braey, live at 408 Grandview court.

Other grants accepted by the committee include \$1,000 from the Motion Picture association of America, Inc., through the Teaching Film Custodians, Inc., to establish a fund for an audiovisual study project to be planned by the SUI extension division. A grant of \$408 was received from Dimitri Mitropoulos, conductor of the New York Philharmonic orchestra, to provide two tuition scholarships, the Waldbauer Memorial Violin scholarships. They are to be awarded annually to SUI violin students selected by the department of music in memory of the late Hungarian-born violinist and SUI music professor, Imre Waldbauer.

SURPRISE OIL HOUSTON, Tex. (AP)—It's common to hit salt water drilling for oil. But the Texas Co. hit oil drilling for salt water. It wanted a salt water disposal well but at 1,418 feet the well started to flow oil—19 barrels a day.

## Gifts, Grants Of \$3,500 Given to SUI

Gifts and grants totaling nearly \$3,500 have been accepted by the finance committee of the state board of education for SUI, President Virgil M. Hancher announced Friday. Of this sum, \$2,000 was allocated for research and \$458 for scholarships.

A research grant of \$2,000 from the National Science foundation was the largest single grant accepted by the committee. The six-month grant will be used by Prof. James A. Van Allen, head of the SUI physics department, to support an engineering study of the comparative suitability of small rockets for the International Geophysical Year, to be observed in 1957-1958.

Other grants accepted by the committee include \$1,000 from the Motion Picture association of America, Inc., through the Teaching Film Custodians, Inc., to establish a fund for an audiovisual study project to be planned by the SUI extension division.

A grant of \$408 was received from Dimitri Mitropoulos, conductor of the New York Philharmonic orchestra, to provide two tuition scholarships, the Waldbauer Memorial Violin scholarships. They are to be awarded annually to SUI violin students selected by the department of music in memory of the late Hungarian-born violinist and SUI music professor, Imre Waldbauer.

## Busy Attorney Defends, Appears for Prosecution

PORTSMOUTH, N.H. (AP)—Attorney Robert Shaines did double duty in municipal court here recently.

Appearing as defense attorney in a disturbing the peace case, Shaines was called by City Solicitor Thomas E. Flynn to testify as a prosecution witness against his client.

The case was dismissed after Shaines argued successfully that the charge had not been proved.
