Strong winds today, di-
minishing tonight, and
thunderstorms. Clearing
and cooler tonight. High
today near 80. Partly
cloudy and mild Thurs-
day.

'The Beaux' Strategem' Opens Tonight

IN THIS SCENE from "The Beaux' Stratagem," which begins tonight at University theater, George Touliatos, G, Memphis, Tenn., as Aimwell, right, hears Carolyn Morgan, A4, Iowa City, as Dorinda, consent to marry him. Looking on is Aimwell's friend, Archer, played by William Smart, A4, Fairfield.

Southern Governors Move To End Strike

NASHVILLE (AP) — A conference of southern governors Tuesday urged striking railroad and telephone employees to return to work at once.

The group, meeting here, proposed that striking railroad workers and the Louisville & Nashville railroad submit their differences to arbitration.

Representatives of 12 states, including six governors, also asked that striking CIO communications workers of America and officials of Southern Bell Telephone company meet with a committee of governors in Atlanta, Ga., Saturday.

The two 37-day-old work stoppages have cost the south millions of dollars in undelivered freight and lost salaries.

The governors' conference urged the companies affected to agree that the decisions of the arbitrators shall be effective at least from the date the employees resume work.

Parties to the rail dispute were

Dag Opposes UN Talks On Formosa

UNITED NATIONS, N.Y. (AP) — UN Secretary General Dag Hammarskjold Tuesday opposed suggestions that the United Nations take up the Formosan crisis.

He told a news conference he preferred to leave Formosa no diplomatic talks.

He also noted a flaring up of interest in the case of 15 American fliers held by Red China. He said there were no indications that any of the fliers would be released in the next month or so.

He said new moves were in progress, but did not elaborate.

Several correspondents questioned Hammarskjold about Formosa, injecting suggestions made by Adlai Stevenson, leader of Democratic party, and former President Harry Truman that current world problems, including the Formosan crisis, should be brought to the UN by the United States.

"For this moment I do not see any useful purpose would be served by bringing the matter of Formosa up," Hammarskjold said.

Hammarskjold has been a believer in diplomatic talks whenever possible to achieve settlements before they reach the stage of public debate.

Zhukov Sends Ike 'Best Wishes' Note

NEW YORK (AP) — Soviet Defense Minister Georgi Zhukov has sent his best wishes to President Eisenhower and said he felt sure the President "will do his best to promote in practice the cause of peace."

The greetings were contained in a letter to the Overseas Press club of America on the occasion of the club's annual dinner Tuesday night.

At Mr. Eisenhower's vacation headquarters in Augusta, Ga., White House Press secretary James C. Hagerty said:

"The only comment I have is that Zhukov is saying nothing that we haven't said many times."

Semi-Truck Fire Halts Traffic for 15 Minutes

Traffic was held up for 15 minutes Tuesday night on the Burlington street bridge by a semi-truck with a smoking wheel.

Firemen were called at 8:08 p.m. to put out the small fire, which was caused by a burned-out ball-bearing.

The semi is owned by Merchants Motor Freight, Inc., of St. Paul, Minn. It was bound for Chicago from Omaha, Neb.

IKE COMPLETES MESSAGE

AUGUSTA, Ga. (AP) — President Eisenhower completed work Tuesday on a special message to Congress calling for \$3½ billion in foreign aid—two-thirds of it reportedly earmarked for non-Communist Asian nations.

Chou En-Lai Tells Conference Danger Of War Is Increasing

Says Heart Group Can't Join Fund

DR. LEWIS JANUARY, chairman of the heart committee of the Johnson County Tuberculosis and Health Association, told the community chest meeting Tuesday night that the national heart association cannot join the United Fund drive because of national rules.

Speaking before 49 persons attending the community chest's annual meeting in the Iowa City Press Citizen building, January, head of the SUI department of internal medicine, said that statistics show local boards are not sympathetic with national health agencies.

He pointed out examples of cities in which United Fund drives have cut the budgets of national associations, reducing proposed amounts to be collected for research and other budgeted items. He said that more than half a million dollars is given to SUI each year by national associations for research.

Comparing to Pre-Audit

January compared this to pre-auditing, a procedure which is conducted by the state, here at SUI and which President Virgil M. Hancher opposes.

He said that there is naturally opposition to one large drive when many drives have proved successful.

Earlier in the meeting, Robert C. Wells, executive secretary of Waterloo's United Fund, pointed out the principles of a federation of local and national agencies in a drive. He stated that Waterloo's drive netted 17 per cent more in funds than the total of community chest and Red Cross drives of a previous year.

Doctors Oppose Uniting

DR. ROBERT HARDIN, president of the Johnson County Medical Society, told the group that at a recent meeting of the society, five per cent of the 250 members voted for a United Fund, twenty per cent had no opinion on the matter, and seventy-five per cent voted against this type of drive.

Also speaking against the United Fund were Dr. Walter Kirkendall, president of the Johnson County Tuberculosis and Health Association, Dr. James Culbertson, president of the Iowa Heart Association, and Mrs. Walter Dewey, representing the cancer society.

At the close of the discussion, Chairman Marion Boyer said that the community chest committee studying a United Fund drive would like recommendations in the near future on what action the community chest should take.

Elect 5 Members

Five members were also elected to the board at the annual meeting. They are Mrs. Scott Swisher, 917 Bowery St.; Prof. Marion (Cliff) Boyer of the Department of Mechanical Engineering; Mrs. Ivan L. Hedges, 212 W. Park road; William Meardon, 422 Rocky Shore Drive; and Mrs. Michael Bonfiglio, Coralville.

This is the first year Coralville has been represented. Boyer was 1954-55 chairman of the board.

Representatives of the agencies of the community chest presented the annual reports of their organizations.

Settle London News Strike

LONDON (AP) — The strike that had silenced London's big newspapers for 25 days was settled Tuesday night, but the seeds of another dispute threatened hopes for an early return to publication.

Seven hundred striking maintenance men and electricians agreed to return to work on the promise of an immediate wage boost and negotiations toward another increase.

Fleet Street, heart of Britain's news industry, looked forward to getting papers back on the streets by Thursday.

CHINESE COMMUNIST PRIME MINISTER Chou En-Lai holds a huge bunch of flowers presented to him on his arrival at Bandung, Indonesia for the Afro-Asian conference. He was met by Indonesian Premier Ali Sastroamidjojo, left, who later was elected president of the conference.

Pass 2½% Sales Tax; Send Bill to House

DES MOINES (AP) — By a 25-24 vote, the Senate Tuesday changed the house-passed omnibus income tax bill to provide instead for a two-year increase in the sales tax to two and a half per cent.

The Senate passed the amended bill 26-22 and sent it back to the House.

SEN. J. G. Lucas (R-Madrid), chairman of the Senate ways and means committee, who sponsored the amendment, said it was designed to insure a Senate-House committee on tax matters which would formulate a new tax increase bill.

To Save Time

Lucas said he felt a conference committee would "provide a vehicle whereby we can close the session much sooner than otherwise."

Opponents of the measure labeled the procedure "tomfoolery" and expressed fears that the house might accept the bill as passed by the Senate.

Sen. Devere Watson (R-Council Bluffs) said if the measure became law it would place

Red Buildup May Not Be New: Dulles

WASHINGTON (AP) — Secretary of State John Foster Dulles was reported Tuesday to be uncertain as to whether a big buildup of Chinese Red airpower opposite Formosa is of recent origin.

Sen. Walter George (D-Ga.) reported that Dulles told the Senate Foreign Relations Committee it may be simply that the United States is getting better information on Communist activity along the China coast.

The committee questioned Dulles privately about a statement made last Sunday that he and President Eisenhower had discussed "the grave implications of an extensive buildup, now in progress" of offensive airpower on the China mainland.

A bill raising school bus aid by \$500,000 was passed 99-0. The figure was set at \$3.5 million. An amendment raising the amount to \$4 million was defeated, 63-34.

Passed by 101-1, was a bill to provide \$4 million a year in supplemental aid to poorer districts. It represented a million-dollar boost.

Two more school aid appropriation bills will come before the house today. One caused heated debate Tuesday before the house adjourned.

Rural legislators argued against a section of the general school aid appropriations that would limit the aid to districts with levies of 15 mills or more. The present requirement is 10 mills.

The higher requirement, the legislators claimed, was aimed at the rural districts.

LOAN APPROVED

WASHINGTON (AP) — The Rural Electrification Administration Tuesday approved a \$494,000 loan to Halstad Minn. Telephone Co.

Man Killed As Lightning Strikes Shed

MERLE DUANE VENZKE, 29, was killed Tuesday when he was struck by lightning on his farm near Wellman.

Venzke was struck while he was standing in a hog house, where he had taken refuge during a thunderstorm.

His father, Herman, was also in the hog house when the lightning struck. He was knocked unconscious, but did not require medical attention. The hog house did not catch fire.

The thunderstorm dumped nearly an inch of rain on the Iowa City area and caused slight property damage.

Rainfall in the area was measured at .97 of an inch. About .65 of an inch fell between 10 and 11 a.m.

Small streams near Wellman and Kalona overflowed following the storm, but soon returned to their banks. Water in the Wellman business district rose over the curb as the sewers were unable to handle the run-off.

A small creek that runs through Kalona went out of its banks near 12 noon, Tuesday, covering some of the low-lying areas of the town.

Hail fell in North Liberty, Kalona, Lone Tree and north of Iowa City. Slight damage was reported.

The Iowa weather bureau predicted more thunderstorms for Iowa City today.

Northwest Iowa Hit by Tornado

DES MOINES (AP) — An apparent tornado cut across northwest Iowa Tuesday night, damaging outbuildings on at least five farms. There were no reported injuries.

At Sioux City Tuesday afternoon, a tornado smashed 99-0, 40-foot by 121-foot dairy barn valued at \$10,000.

Winds of tornadic velocity damaged four farms in the Spencer area and the Moose Lodge in Spencer.

Other storm damage reported in the Spencer area included five outbuildings destroyed and two hog houses blown away.

Profitless Polio Campaign Urged

KANSAS CITY, Mo. (AP) — Nearly 20,000 family doctors are being urged to give the first two-shot Salk polio vaccine series "without personal profit."

The higher requirement, the legislators claimed, was aimed at the rural districts.

LOAN APPROVED

WASHINGTON (AP) — The Rural Electrification Administration Tuesday approved a \$494,000 loan to Halstad Minn. Telephone Co.

Blames U.S. For Tension In Far East

BANDUNG, Indonesia (AP) — Premier Chou En-lai of Red China told Asian and African leaders Tuesday that the danger of war is increasing. He accused the United States of continuing "to create tension in the Formosa area" and of trying to overthrow the Peiping regime.

Chou addressed the Asian-African conference, where tempers were rising in a growing split along East-West lines. He asserted that an "extremely few people are preparing for war, while Asians and Africans want only peace and national independence."

Peaceful Co-existence

He insisted that "peaceful co-existence of countries with different social systems can be realized." He declared Red China is not interested in subversive activities, but is being "subverted by the United States of America."

While specifically mentioning Formosa, Chou said he was not making a proposal to the conference regarding that trouble spot. He added that if Peiping had wanted to bring up such matters, it "could raise the question of the liberation of Formosa and the neighboring islands. We could have made criticism of the unfair treatment of China in the United Nations, but we are not going to do that."

Controversial Subjects

When the conference agenda was finally adopted Sunday, specific controversial subjects such as the Formosa crisis and the Arab-Israeli dispute were deliberately omitted. The agenda was designed to stress general problems among Asian-Arab countries, such as colonialism, poverty and economic development.

Chou's blast at the West Tuesday was not the only one fired in the war of words. Brig. Gen. Carlos P. Romulo, head of the Philippines' delegation and a staunch friend of the West, was knocked unconscious, but did not require medical attention. The hog house did not catch fire.

The thunderstorm dumped nearly an inch of rain on the Iowa City area and caused slight property damage.

Rainfall in the area was measured at .97 of an inch. About .65 of an inch fell between 10 and 11 a.m.

Small streams near Wellman and Kalona overflowed following the storm, but soon returned to their banks. Water in the Wellman business district rose over the curb as the sewers were unable to handle the run-off.

Montefiore hospital in New York city said the brain—which fashioned the theory of relativity and other mathematical equations beyond the comprehension of most men—would be delivered there today.

Princeton hospital here said the brain would not leave this quiet university town, where the gentle, wispy-haired professor died Monday.

Newsmen tried to question authorities at Montefiore where a spokesman had announced an afternoon arrival for the brain. But all queries were referred to Princeton.

At Princeton, Dr. Thomas S. Harvey of the hospital staff termed the matter a misunderstanding, but insisted the brain would remain here.

His version was this:

The brain was given to Princeton hospital in the autopsy authorization signed by one of Einstein's sons. He did not say which son.

editorials**An Adopted Son—**

Give me your tired, your poor,
Your huddled masses yearning to breathe free,
The wretched refuse of your teeming shore,
Send these, the homeless, tempest-tossed, to me:
I lift my lamp beside the golden door.

Emma Lazarus—Inscription on the Statue of Liberty in New York Harbor.

America's invitation to the peoples of the world has stirred many oppressed to accept the opportunity to adopt this land as their own. The nation is now honoring one of its adopted sons in its eulogy of Dr. Albert Einstein who has been described by his contemporaries as the greatest scientist of our time.

America could almost add a vote of thanks to Hitler and his Nazi gang who declared Einstein to be "an enemy of the state" when he voluntarily exiled himself from his native Germany in protest against Nazi tactics.

Ironically many of his theories were incorporated in the war effort that finally crushed the Nazi state.

Many parts of his life were ironic and contradictory.

Though Einstein was an ardent pacifist, it was the disclosure of one of his theories many years ago that helped lead to the development of atomic energy. But he looked on the bomb with misgivings. In 1945, shortly after the first A-bomb was dropped on Hiroshima, he commented, "At present, atomic energy is not a boon to mankind, but a menace."

He saw one hope that "it may intimidate the human race to bring order into its international affairs, which, without pressure of fear, it undoubtedly would not do."

In 1905 in his "Special Theory of Relativity" he gave the world a new concept of the relationship between absolute mass and absolute distance. It was not until same 40 years later that this theory, expressed in the terms of mathematical equations, was proved with the conversion of a bit of mass into energy over Hiroshima.

Einstein worked only with a fountain pen and a pad of paper. He attempted to reduce the physical laws of the universe to the terms of a series of equations. He left the proving of his theories to the work of physicists in their laboratories.

Though an anti-Communist, he urged President Eisenhower to commute the death sentences of Julius and Ethel Rosenberg who were executed as atom spies. He took this stand, he said, because of "my passionate sense of social justice and social responsibilities."

Einstein was cremated without religious ceremony. He often expressed atheistic beliefs. Yet, while attempting to formulate a mathematical concept of the universe, he commented, "I can not believe that God plays dice with the world."

He disdained personal glory and material gain. Yet, he received many of the highest honors that the world could heap upon a man of science. He was awarded the Nobel prize in 1921 for his work in theoretical physics and held honorary degrees from the universities of Geneva, Manchester, Rostock and Princeton.

America has lost one of its most famous adopted sons. Perhaps nowhere else in the world could he have lived and worked as he did in this country.

America gained a great deal when Einstein accepted its invitation to the homeless of the world.

States' Responsibility—

The Eisenhower administration has urged congress to raise the minimum wage from 75 to 90 cents an hour.

Secretary of Labor James P. Mitchell said that under the plan, the 90-cent minimum would be extended to multi-state retail establishments, such as chain grocery stores; to employees of chain hotels and motion picture theaters, and to some 150,000 employees engaged in wholly intrastate work but whose employers are principally in the interstate field.

Mitchell said the present 75 cent minimum applies to 24 million workers. He said the 15-cent boost would mean immediate higher pay checks for 1.3 million workers now making less than 90 cents an hour.

We agree with the administration that minimum wages are in many cases too low. But we feel that it would be more realistic to establish minimum wages on a regional basis by encouraging states to pass minimum wage laws.

Payouts vary greatly in different areas of the United States. Labor is much more expensive in the industrial northeast than it is in the agrarian South. But the increased wages are generally accompanied by higher prices in the northeast than in the South. It is true that the scale of living may be higher in the northeast, but not as much as the difference in wages would indicate.

Under such conditions a blanket minimum for the nation as a whole means little. It might prove to be too low for some areas, too high for others. We don't believe that a 90-cent minimum would be too high anywhere in this country. But it is definitely too low in many areas.

Insuring citizens of an adequate scale of living, and of adequate wages to meet that scale, should be the responsibility of each state. If state legislators fail to meet this responsibility, they should be informed of their shortcomings at the polls.

* * *

City Council Shows Good Sense—

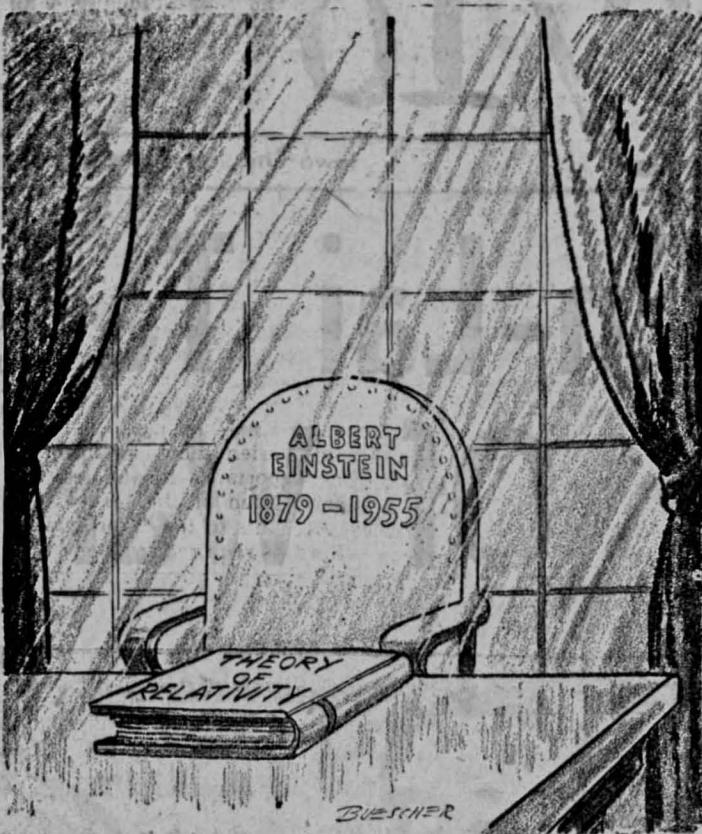

The city council is to be commended for its action in approving a comprehensive sidewalk program for the Mark Twain school area in southeast Iowa City.

Seventy blocks of an area bounded by Keokuk street, Kirkwood avenue, Lower Muscatine road and Highland avenue do not have sidewalks. Children walking to and from school each day must use the streets.

Although the teachers repeatedly caution the children to walk single file or by twos along the curbs, a child would not be a child if he didn't become too absorbed in his own world to notice—or too prone to cut up in a crowd of school friends.

Such failings of childhood—and adulthood, too—are the stuff of which accidents are made. Without the sidewalks, Iowa City is gambling every day that the children are more careful than they are and that the drivers are more alert than the statistics suggest.

It is gratifying to know that Iowa City has a council which, in face of considerable objections on the part of some property owners in the area, will place the safety of its streets above all other considerations.

He Cast Enduring Light**Council President's Report**

(EDITOR'S NOTE: This is the second in a series of reprints from the "Report of the President," compiled and presented by Tom Choules, president, 1954-55 Student Council. The entire report will be reprinted on succeeding days.)

5. The Class Hour committee: Due to conflict of classes being on a different hour basis in the morning and afternoon, a committee was set up to discuss the possibilities of putting these on the same basis as 1) longer lunch hour or 2) return to the system of the meals being served at the dormitories at two distinct times.

This committee met with the director of dormitories and with those in the Office of Student Affairs. Whether the results of this committee had any effect on the university is not known, but the university is planning on returning to a schedule in connection with those set up by this committee.

12 Chosen For New CPC

NEW CENTRAL PARTY COMMITTEE MEMBERS recently appointed for the 1955-56 school year are front row from left: Carol Crawford, A1, Iowa City; Cecelia Kirby, A3, Sioux Falls, S.D.; Ann Summerwill, A3, Iowa City; Sandra Levinson, A1, Mason City; Shirley Curtis, A3, Chariton, and Phyllis Haft, A2, Rock Island, Ill. Second row: Jerome Ryan, A2, Des Moines; Dick Runke, A1, Palos Heights, Ill.; Alan Hausman, A2, Des Moines; James DeKalb, A3, Davenport; Henry Kemp, A2, Cedar Rapids, and Al Waxenberg, A3, Davenport. This committee is responsible for all-university parties and concerts. The new members will serve temporarily on various committees for the spring party, April 29, a new party added to the regular schedule for Union dedication week. This is a way of enabling them to become familiar with the committee functions.

Currier Hall Holds Officer Installation

Barbara Oliver, A3, Des Moines, was installed as Currier hall president at a recognition breakfast held Sunday morning at the dormitory. Recognition also was given to outgoing officers and others who have shown outstanding service.

Other officers who were installed were Phyllis Fischer, A3, Elgin, Ill., vice-president; Sally Beisser, A2, Ft. Dodge, secretary; Linda Gamble, A1, Fairfield, treasurer; Lois Wilson, C3, Clarion, and Marcia Watson, A1, Clear Lake, Student Council representatives.

Board Chairman

Board chairmen include Gloria Haddy, A2, Cedar Rapids, social; Jobyna Rankin, A2, Tracy, activities; Beth Howard, A3, Imogene, judiciary; Donna O'Brien, A2, Muscatine, public relations, and Kay Truesdell, A2, Titonka, orientation.

Unit chairmen installed were Lavonne Nolte, A1, Knoxville; Gail Carson, A2, Sewickley, Pa.; Marie Moore, A2, Ottumwa; Joan Swanson, A3, Clear Lake; Joanne Berry, A1, Waukon; Jan Brockshirk, D1, Norway; Miss Cedar Rapids; Patricia Shaw, A1, Des Moines; Rosemary Hanson, A1, DeWitt; Lavonne Cline, N1, Omaha, Neb.; Nancy Stewart, A1, DeWitt; Lavonne Cline, N1, Omaha, Neb.; Nancy Stewart, A1, Fairfield, and Barbara Vendebroe, N1, Mt. Pleasant.

Recognition Pins

Recognition pins were given to Miss Dorothy Leslie, head of residence; Miss Virginia Buckinghahn, head counselor; Mrs. Gladys Johnson, assistant to head of Currier; Miss Helen Goodenow, dining service manager, and Mrs. Marie Brinigar, head housekeeper, for outstanding service to Currier.

The following girls also received recognition pins for work during the past year: Laurene Ifield, A2, Cedar Rapids; Beverly Baxta, A2, Cedar Rapids; Elvira Clousing, A3, Ottumwa; Peggy Robbins, A2, Ames; Roxie Beisner, A3, Tripoli; Jo Anne Linder, A3, Pomeroy; Maxy McClatchey, N2, Mapleton; Maxy Meiper, N2, Warsaw, Ill.; Jo Schafroth, A1, Corning, and Mary Alice Strassburg, A3, Zearing.

Engagement Announced

Miss Carol Pine

Mr. and Mrs. W. S. Pine, Chatham, N.J., announce the engagement of their daughter, Carol Ann, to Mr. Jack Thomas Hunn, son of Mr. and Mrs. Leonard E. Hunn, 303 Willis drive.

Miss Pine is a graduate of Chatham high school and attended St. Lukes Hospital School of Nursing, New York city. She is now employed as a laboratory technician at University hospitals.

Mr. Hunn is a senior in journalism at SUI. He was formerly president of Delta Upsilon social fraternity and is a member of Sigma Delta Chi, national professional journalism fraternity for men.

A late summer wedding is planned.

Y To Sell Corsages For Mothers' Day

The Young Women's Christian association will hold its annual Mothers' Day corsage sale from today through Tuesday.

Orders will be taken by Live-Wire members and Y representatives in men's and women's housing units on Monday and Tuesday. Orders also may be given at the Y office in the Iowa Memorial Union from today through Tuesday.

The corsages offered are: yellow, pink or red roses, \$2; two gardenias, \$2.50, and Orchids, \$3. Corsages will be delivered to housing units Sunday, May 8, early in the morning. If the corsages are desired earlier, they may be picked up at Curtis florists, on highway 218 south. Money must accompany the orders.

Training Set For Leaders

Twelve members have been chosen for the 1955-56 Central Party committee, and will be responsible for sponsoring the all-university parties and concerts next year.

New members are Shirley Curtis, A3, Chariton; James DeKalb, A3, Davenport; Phyllis Haft, A2, Rock Island, Ill.; Alan Hausman, A2, Des Moines; Cecelia Kirby, A3, Sioux Falls, S.D.; Sandra Levinson, A1, Mason City; Richard Runke, A1, Palos Heights, Ill.; Jerome Ryan, A2, Des Moines; Ann Summerwill, A3, Iowa City; Alan Waxenberg, A3, Davenport; Henry Kemp, A2, Cedar Rapids, and Al Waxenberg, A3, Davenport. This committee is responsible for all-university parties and concerts. The new members will serve temporarily on various committees for the spring party, April 29, a new party added to the regular schedule for Union dedication week. This is a way of enabling them to become familiar with the committee functions.

90 Applications

A board composed of the president of Central Party committee and the executive committees of Union Board and Student Council processed over 90 applications.

The new members will work with the present committee in sponsoring the Spring Party, a semi-formal dance scheduled for April 29 from 9 p.m. to 1 a.m. in connection with the Iowa Memorial Union dedication week. Charlie Spivak and his orchestra will play in the main lounge of the Union, and Leo Cortiglia and his band will provide music in the River room.

Plans Made

Plans are being made for an intermission presentation of 12 SUI beauty queens. Tickets are \$3 a couple and will be available Monday at the Union desk.

The decorations committee for the Spring Party includes David Adams, A3, Princeton, chairman; George Ojemann, A3, Iowa City; Margery Crabb, A3, Eagle Grove; Runke; Ryan; Miss Haft, and Miss Curtis.

Members of the publicity committee are Paul Hagenson, A3, Clinton, chairman; John Elman, A2, Des Moines; Dorothy Schwengel, A2, Davenport; Waxenberg; Hausman; Miss Crawford and Kemp.

The entertainment committee includes Donna McMahon, A4, Fort Dodge, chairman; Mary McLain, A4, Sheldon; Robert Groom, C4, Des Moines; Miss Kirby; DeKalb, and Miss Summerwill.

"Where Your Dollar Buys More"

Night"; Nancy Chesterman, A1, Sioux City, "Campus Tour and Information Booth"; Bob Batson, A2, Eldora, "Faculty Homes and New Student Meeting"; and Jim McKnight, C3, Ida Grove, "President's Open House."

Paul Bartlett, C4, Bedford, president of Union Board, will report on the Union open house and Loren Hickerson, alumnae secretary will speak on "The Importance of Friendliness on Campus." Mrs. Ellis Newsome, faculty advisor for the spring coffee hour, will give the workers an idea of "Orientation from a Faculty Point."

Margaret Rickett, N2, Mt. Pleasant, chairman of women's orientation, and James Kaster, E3, Washington, head of men's orientation, emphasize the importance of the training school. Each of the leaders and assistants of the 85 orientation groups is required to attend.

Nan Conger Installed GAX President

Initiation and installation of new officers were held recently by Gamma Alpha Chi, professional advertising fraternity for women.

Those initiated and installed by last year's president, Marjorie Hahn, A4, Cedar Rapids were: Nan Conger, A2, Chicago, president; Donna O'Brien, A2, Muscatine, secretary; Nan Morrison, A4, Sheldon, treasurer; Anne Datesman, A3, Council Bluffs, rush chairman; Katherine Korns, A2, Iowa City, publicity, and Joyce Olchoff, A3, Des Moines, historian.

What young people are doing at General Electric

Young manager handles finances for building of \$5,000,000 plant

In the next ten years, the demand for General Electric industrial heating equipment will double. To meet this demand, a giant new plant (model at right) is being built at Shelbyville, Indiana.

The plant will cost \$5,000,000, and the man responsible for handling finances for the entire job is 32-year-old R. E. Fetter.

Fetter's job is important, responsible

Dick Fetter's work as Financial Manager of the Department began long before General Electric started building the plant. He and his group first had to estimate probable operating costs and predict whether the plant would be profitable.

Now, during construction, Fetter's chief concern is keeping track of all the expenses on this multimillion-dollar project. When the plant is completed, he will set up a complete financial section and manage everything from tax, cost, and general accounting to payrolls, budgets and measurements, and internal auditing.

25,000 college graduates at General Electric

This is a big job. Fetter was ready for it in a careful step-by-step program of development. Like Fetter, each of the 25,000 college-graduate employees is given his chance to grow, to find the work he does best, and to realize his full potential. For General Electric has long believed this: When young, fresh minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

Progress Is Our Most Important Product

GENERAL ELECTRIC

Word's sure getting around campus:

WINSTON tastes good-like a cigarette should!

WINSTON brings flavor back to filter smoking!

College smokers are welcoming Winston like a long-lost friend! They found flavor in a filter cigarette — full, rich, tobacco flavor — when Winston came along!

Along with finer flavor, Winston also brings you a finer filter. The exclusive Winston filter works so effectively, yet lets the flavor come right through to you.

Smoke WINSTON the easy-drawing filter cigarette!

Evy Experiments With Two-Team Offense

Single Wing, Split-T Unit Being Used

Several long runs were made by the split-T unit Tuesday as Coach Forest Evashevski continued experimenting with two offensive units.

The experiment calls for two complete teams. One will run the split-T and the other the single wing.

Evashevski has toyed with the idea of two distinct offensive units for two years, but the split-T has been used mostly since Iowa switched to the split-T and upset Ohio State, 8-0, at the 1952 Homecoming.

Second Week

As the Hawkeyes move into their second week of spring drills, Evashevski indicated that the single wing will be used more next fall.

He said "First of all, using the split-T and the single wing will give us an opportunity to play more boys. Second, we have two distinct types of personnel, especially in the line, and this is the manner in which we think we can get the most from them."

"We have some big boys on the line, which develops a problem of speed and I am not quite sure we will have enough speed for the split-T."

Little Difference'

At the moment, there appears to be very little difference between what I would call our second and third teams. So, we thought we could play the third behind the first as another split-T unit.

"What it boils down to is this. We are not going to out-personnel anybody. I think we have no chance to win the title with one offense. So, we are going to try something better. It is just a case of either being contented with maybe a spot in the first division or striking for the championship."

The plan is in the experimentation stage, he cautioned, and it might be dropped any time.

3 Sophs Impressive

"We try a lot of things and if I see that it is not going well, I sure would not be too proud to drop it," he added.

Three sophomore backs have impressed Evashevski. They are Collins Hagler, Washington, D.C.; Bill Happel, Cedar Rapids and Delmar Kloewer, Manila.

Hagler is playing behind veteran Eddie Vincent at right half-back.

Vincent, who has been having scholastic difficulties, is working out daily. But that does not necessarily mean he will be eligible next fall.

Must Maintain Grades'

"He still has to keep up his grades. We are checking on him and he is doing all right so far, but he must continue to maintain his present grades," Evashevski said.

Kloewer was switched from fullback to left halfback during the Monday drill.

Evashevski said a further reason for trying the two-offense plan is that the substitution rule is being relaxed. This year any player who starts a quarter may leave the game and return once in that same quarter.

Aiming for Top'

"I feel that we have more average football players than the average Big Ten team. But we do not have as many blue chip players as some Big Ten teams. So, we are going to do what we feel will give us the best chance of going as far as we can with what we have. We are aiming for the top," said Evashevski.

The split-T linemen are Frank Gilliam, Alex Karras, Bill Van Buren, Captain Calvin Jones, George Kress, Rodger Swedberg, and Jim Freeman. Jones has seen limited action because of a wrist injury he sustained last year.

In the single-wing line are Jim Dick, Frank Bloomquist, Norman Six, Don Bowen, Dick Deasy, Bill Reichow and Frank Rigney. Bloomquist, Bowen, Rigney and Van Buren are sophomores.

Iowa Bowlers in Telegraphic Tourney

THESE ARE THE FIVE Iowa bowlers who scored 3,304 points Tuesday afternoon in the Memorial Union as part of the telegraphic National Collegiate bowling tournament. Bowlers from left to right and their scores for four games are Al Wagner (637), Jim Lloyd (752), Gale Volz (604), Jim Clewell (706) and Jim Palmer (605). The results will be sent to Seattle, Wash., and they are expected in a week said Robert Froehle, the team's staff adviser. The team will bowl in the Big Ten meet at Columbus, O., this weekend.

Braves Get 4 Hits; Beat Chicago, 3-2

Hamamura Wins Boston Marathon

BOSTON (AP) — Little Hideo Hamamura of Japan conquered the hills in a late rush Tuesday to establish a new record of 2:18:22 in the 59th Boston A. A. Marathon.

Hamamura, a government office worker, crossed the finish line 29 seconds under the previous mark established by another Japanese, Keizo Yamada, in 1953.

300 Yards Behind

Trailing by 300 yards going into the series of three hills which start 10 miles from the end of the 26-mile, 385-yard classic course, Hamamura raced up the grades, gaining ground steadily.

The 128-pound runner then hit the steady downgrade which covers most of the final six miles. He won by 250 yards over Finland's Eino Pulkkinen, who was clocked in 2:19:23.

The race started in misty rain at suburban Hopkinton and ended on water-soaked Exeter street in Boston's Back Bay.

Nick Costes, of Natick, Mass., was third in 2:19:37.

Previous Best Time

The previous best time for native runners was Joe Smith's 2:26:51 in 1942 — a record at that time.

Argentina's Reinaldo Gormo, the smooth-striding Buenos Aires sanitation department foreman, finished fifth in 2:20:28. He was 12 seconds behind the other entry from Finland, Paavo Kotila.

Rounding out the top 10 finishers were Gustaf Jansson of Sweden, sixth; Yoshitaka Uchikawa and Sadaaki Tanabe of Japan, seventh and eighth. Ezequiel Bustamante of Argentina, ninth and Rodolfo Mendez of Brooklyn, tenth. A field of 160 started the race.

DRAKE SETS MEET

DES MOINES (AP)—Drake university has invited the other colleges and universities of Iowa to a handicap golf meet here April 29. Handicaps for the tourney will be based on enrollments with a further handicap for the host school.

MILWAUKEE (AP) — Right-hander Bob Rush of the Chicago Cubs allowed only four hits, but one walk too many forced home the run that handed the Milwaukee Braves a 3-2 victory Tuesday.

During the eighth inning, in which the game was decided, Rush issued four bases on balls breaking a 2-2 tie. The game winning pass was given to Johnny Logan with the bases full.

Billy Bruton walked to open the frame. Hank Aaron sacrificed him to second. Eddie Matthews was walked intentionally. Both runners advanced when Bobby Thomson grounded out. Joe Adcock walked, then scored on Thomson's single to give Milwaukee a 2-0 lead.

The victory went to Gene Conley, who allowed eight hits.

The Braves packed their hitting power in the first inning, hitting power in the first inning. Bruton led off with a walk. Aaron tripled him in and then scored on Thomson's single to give Milwaukee a 2-0 lead.

The Cubs caught up with a run in the fifth and another in the eighth. Catcher Harry Chiti beat out a bunt in the fifth, went to second on Lloyd Merriman's ground ball and scored when Gene Baker singled to center. Merriman led off the eighth by laying down a good bunt in front of the plate and came home three batters later when Hank Sauer singled just out of shortstop Logan's reach.

Chicago 000 010 010—2 8 0
Milwaukee 200 000 01x—3 4 1

St. Louis at Cincinnati (night) — Arroyo (0-0) vs. Fowler (0-2).

Milwaukee at Chicago — Burdette (1-0) vs. Jones (1-0).

Athletics Tip Indians, 8-7, On Hit in 9th

KANSAS CITY (AP) — Bill Wilson's bases-loaded single in the ninth inning with two out capped a five-run rally to give the Kansas City Athletics an 8-7 victory over the Cleveland Indians Tuesday.

The rally drove Herb Score, rookie lefthander, off the mound.

Score was riding the crest of a nine-strikeout job and had a 7-3 lead. Before he was knocked out of the box Joe DeMaestri had singled and Wilmer Shantz had doubled to bring in one run and leave runners at second and third with none out.

Mike Garcia relieved Score and was clubbed for a triple by Vic Power, a double by Elmer Valo, and a single by Bill Renfro before Wilson's single pinned the defeat on Garcia.

Jim Finigan and Gus Zernial hit home runs off Score to count three runs.

Cleveland 200 100 022—7 13 9
Kansas City 210 020 065—8 13 6
Score, Garcia (0) and Folles, Hegan (8); Boyer, Bishop (0) and W. Shantz, W. Bishop, L. —Garcia.

Home runs: Cleveland—Rosen 2, Klein 1; Kansas City—Zernial, Finigan.

Cards Win in 11th On Pinch Single

ST. LOUIS (AP) — The Cincinnati Redlegs' defense collapsed in the 11th inning Tuesday night and after the St. Louis Cardinals used two errors and a safe bunt to fit the bases, pinch-hitter Bill Sarni singled across the winning run for a 6-5 Redbird victory.

In the second overtime frame, Rocky Bridges kicked Ken Boyer's grounder and catcher Ed Bailey fumbled Del Rice's bunt. Bob Stephenson bunted safely. Sarni then delivered as a pinch-hitter.

Cincinnati 000 004 001 000—4 8 3
St. Louis 011 000 000 000—1 0 0
Valentine (0) Hooper (10), Kluppstein (10); Haddix, Smith (9), Schultz (10), and Rice, W. Schultz, L. —Hooper.
Home runs: Cincinnati—Klusewski, Bell.

M

WSUI To Air Vaccine Show

Tape-recorded excerpts from last week's announcement at Ann Arbor, Mich., concerning the effectiveness of the Salk vaccine, will be broadcast over WSUI at 6 this evening.

The program, which is approximately one hour long, was recorded by WUOM, University of Michigan radio station, for the National Association of Educational Broadcasters.

The opening and concluding remarks of Dr. Thomas Francis Jr., head of the committee which evaluated the effectiveness of the vaccine, are included in the program, as are the opening and concluding remarks of the scientist who developed the vaccine—Dr. Jonas Salk.

A report on the possibilities of the vaccine, by Dr. Allen Gregg, vice-president of the Rockefeller institute, will also be included in the broadcast.

Belittles Reports Of 'Gray Market' In Vaccine Sales

DETROIT (AP) — A Detroit health commissioner said Tuesday he had heard of no gray market sales of Salk polio vaccine and it appeared "inconceivable" to him that "much could be going on."

The health official was commenting on reports that a gray market had developed in Detroit commercial sales of the vaccine.

A gray market is the obtaining of goods which are in short supply by means which could be considered ethically or morally wrong, although not illegal.

The Detroit commissioner said relatively little vaccine was available commercially and all or most of that initially hitting the market was "grabbed by doctors."

Parke, Davis and Co., Detroit manufacturer of the polio vaccine, said no doctor was shipped more than 20 vials of the vaccine via commercial channels. Physicians with their own refrigeration units were supplied directly and billed through drug stores, they said.

The company said 75 per cent of all vaccine sold commercially thus far has gone to doctors who were either pediatricians or general practitioners. The remaining 25 per cent went to hospitals, clinics and pharmacies.

City Record

DEATHS

Lawrence Gevock, 46, Monday at University hospitals.

Matthew Sweeney, 52, Creston, Monday at University hospitals.

Frank J. Seymour, 60, Davenport, Monday at Veterans hospital.

POLICE COURT
Phillip P. Crowley, 316 S. Linn st., was fined \$12.50 Tuesday on a charge of operating a motor vehicle in violation of a driver's license restriction.

Levi H. Kaufman, 616 S. Capitol st., was fined \$12.50 Tuesday on a charge of disobeying a traffic signal.

Elmer C. Anderson, Baton Rouge, La., was fined \$52.50 Tuesday on a charge of failing to have his motor vehicle under control resulting in an accident.

John J. Sheetz, 648 S. Lucas st., was fined \$12.50 Tuesday on a charge of improper parking.

Raymond S. Copus, Maquoketa, Tuesday received a \$27.50 suspended fine on a charge of intoxication.

James R. Alberhasky, 415 E. Washington st., was fined \$12.50 Tuesday on a charge of failure to stop for a stop sign.

Henry Kruse, 1212 Ginter st., received a \$7.50 suspended fine Tuesday on a charge of operating a motor vehicle in violation of a restricted driver's license.

Gifford H. Weldon, Waterloo, Tuesday received a \$27.50 suspended fine on a charge of intoxication.

Bruce S. Wright Jr., A1, Peoria, Ill., Tuesday received a \$7.50 suspended fine on a charge of operating a motor vehicle without valid registration.

Russell C. Garrett, Johnson City, Ill., was sentenced to 15 days in the county jail on a second offense charge of intoxication.

Leslie T. Chelt, 914 Second ave., received a \$52.50 suspended fine on a charge of passing two false checks totaling \$25.46.

Family of Doctors Gives Polio Shots

THREE SAN DIEGO, CALIF., DOCTORS, all members of the same family, administer Salk polio vaccine shots. Iowa state department of health officials said Tuesday that Iowa children will get their shots "no earlier than the week beginning May 2." (See story on page 1.) The children of Garfield school in San Diego are receiving vaccine shots from Dr. Virginia Gaspe (seated third from left), Dr. Lillian Raven (seated middle of table), and Dr. H. W. Wuerthele (right) father of both women doctors.

Says Iowa Vaccine Clinics Not Possible Before May 2

DES MOINES (AP) — The Iowa state health department Tuesday afternoon advised Iowa counties to plan their school children Salk polio vaccination clinics for "no earlier than the week beginning May 2."

The announcement was made by Dr. Edmund G. Zimmerer, state health commissioner, following a telephone talk with the head of the medical service of the National Foundation for Infantile Paralysis.

"Even arrangements for the week of May 2 should be on a tentative basis," Dr. Zimmerer said.

The state health department, in conjunction with the polio committee of the Iowa State Medical society, also is preparing a formal recommendation regarding use of any commercial vaccine which comes to Iowa.

Dr. Zimmerer said the recommendation will be that commercial vaccine be used only for:

1. Children on either side, by age groups, of the children receiving vaccine under the school program.

2. Pregnant women who expect to have their babies in the period between mid-June and the last of September.

The contest begins Friday and ends May 2. Prizes totaling \$1,650 are offered to those writing the best letters about how to solve a local problem. Grand prize in the contest is a \$500 savings bond, with other awards for winners in each of four categories.

Winners in the high school division, university students' division, city residents and rural residents will have a chance to win prizes in their section in addition to being eligible for the grand award. First, second and third prizes are to be given in each category.

To enter the contest, persons are asked to write a letter of 500 words or less in which they describe what should be done to solve a local civic problem or how Iowa City could be made a better place.

Ray added that letter writers are not to sign their letters. Instead, each entrant should enclose with his letter a separate sheet of paper on which he has written his name, address and the division he is entering.

The bill, passed by the senate in February, would set up 100 county agricultural extension councils. County boards of supervisors would levy a half mill tax or enough to raise a maximum of \$10,000 a year per council. This would finance the extension work separately from farm bureau units.

The farm bureau has been contributing about \$375,000 a year to extension office financing. The counties have been contributing \$5,000 to \$7,000 a year. Enough federal aid has been available to make the total annual expenditure to 2 million dollars a year.

Rep. Raymond O. Pim (R-Lucas) chief opponent of the "divorce" bill, said Tuesday he has been informed that Secretary of Agriculture Ezra Taft Benson has ruled definitely that Iowa will lose its federal aid for extension work unless it passes the bill.

Pim Monday argued that Iowa would not lose its federal aid, even if it didn't pass it.

The bill, passed by the senate in February, would set up 100 county agricultural extension councils. County boards of supervisors would levy a half mill tax or enough to raise a maximum of \$10,000 a year per council. This would finance the extension work separately from farm bureau units.

Humphrey Says Dulles Called Yalta Terms Beneficial to U.S.

WASHINGTON (AP) — Sen. Hubert H. Humphrey (D-Minn.) said Secretary of State John Foster Dulles Tuesday as testifying that the Yalta agreements were "advantageous" to the United States.

Asked whether Dulles used that precise word, in an appearance before the Senate Foreign Relations Committee behind closed doors, Humphrey said he used one of these three words: beneficial, advantageous or helpful.

In the 10 years since the agreements were reached at Yalta by Franklin D. Roosevelt, Joseph Stalin and Winston Churchill, many Republicans have hammered hard on the theme that Roosevelt knuckled under to Stalin. They have said that Yalta set off a train of events that lost Poland and China to communism.

Says McCordle Leaked News

Dulles was called before the committee Tuesday to say who in the department leaked the Yalta conference papers to the New York Times ahead of their general release. He named to no one's great surprise, Asst. Secretary of State Carl W. McCordle.

In a formal statement, Dulles said:

"This involved an exercise by

House Group Brings Out Three Bills

DES MOINES (AP) — The Iowa House Appropriations Committee spent about 3½ hours Tuesday afternoon working mostly on the big departmental appropriations measure but was unable to complete the job.

Rep. Russell Patrick (R-Hawarden), committee chairman, said the contents would not be disclosed until the committee completes action on the entire bill.

The departmental measure will include proposed appropriations for about 50 state departments and agencies for the next biennium. The committee also had planned to bring out a Board of Education institution capital improvements measure, but Patrick said the group did not have time to get to that bill.

Capital Improvements

The committee did bring out three bills, including one to appropriate \$2,500,000 for the next biennium for capital improvements at Board of Control institutions. Two years ago the board was given \$3,700,000 for capital improvements in the current two year period. The governor had recommended that the future biennial capital improvements appropriation be four million dollars.

One of the other bills would give the Legislative Interim Committee a two million dollar contingency fund from which to meet emergencies which might arise in the next biennium. The last interim committee was given a similar amount and will return to the state treasury at the end of this fiscal year, June 30, the unexpected amount which is about \$800,000.

License Appropriation

The other bill would appropriate \$362,500 for the next biennium to finance the license plate work of the motor vehicle registration division. Formerly this appropriation has been a part of the State Safety department appropriation. The present biennial appropriation for the division license plate work is \$230,000. The \$362,500 would be divided, giving the division \$235,000 for the first year of the next biennium and \$127,500 for the second year.

The reason for the difference in the annual figures is that the division will have to finance new motor vehicle license plates in the first year of the next biennium and will have only to supply validation tags in the second year.

Frankster Tale 'Best'

"Till Eulenspiegel," which concerns a prankster who, for his practical jokes, is sentenced to death, proved to be the best.

**Three Attending
Convention in LA**

Three members of the SUI Extension division staff are attending an audio-visual instruction convention in Los Angeles this week.

The convention is sponsored by the National Education Association's department of audio-visual instruction. Those attending are Dean Bruce E. Martin of the Extension division; Lee W. Cochran, director of the Bureau of audio-visual instruction, and John R. Hedges, associate director of the Bureau of audio-visual instruction.

The SUI bureau has an exhibit at the convention featuring motion pictures at SUI in the fields of reading, motion and time study, and audio-visual education.

McCarthy said he had talked

Dynamic Conductor Dorati Has Faith in Modern Music

By ART BERGER

One cannot help but be impressed by the charm and the graciousness of Antal Dorati, conductor of the Minneapolis Symphony Orchestra.

The personableness that he possesses as an individual is of the same nature as the dynamism that he shows on the podium.

Dorati, who describes himself as sort of "a disciple of Bartok," was one of the first conductors to play, and has been most successful in promoting the work of Bartok, a fellow Hungarian musician. He played Bartok's works before Bartok's reputation was established and at that time, as he says, "it was a brave thing to do."

Faith in Moderns

Though many contemporary and near-contemporary composers, or "moderns" as they are sometimes called, have been continually under attack, Dorati has great faith in the future of their work and the value of their contributions.

"Modern music," he said, "is being carried forward bravely and well."

When asked about a recent attack on modern music, in a book entitled "The Agony of Modern Music," Dorati commented that one of the fundamental errors in the criticism was in the miscalculation regarding present day audiences.

Larger Audiences

He noted that today we have much larger audiences, which respond to a broader range of works.

"At one time," he said, "audiences were quite limited, but today even the cab driver thinks about, and sometimes goes to the symphony. Why in Minneapolis, alone, I play music for over 50,000 children, and this represents a larger group than some symphonies used to play to during the whole season."

In deciding upon which particular selections to play, Dorati said, "I give a balanced program of the best music I can play." Of course, deciding what the best

music is often presents a problem, but time helps solve this problem, for as Dorati says, "the great music of any time is distilled somewhat later."

Dorati also said, in reference

to the programming problem, "I do not do any experimenting upon the back of my audience. All music played goes through the sieve of my own convictions."

to the programming problem, "I do not do any experimenting upon the back of my audience. All music played goes through the sieve of my own convictions."

Activities for the day will begin with a general assembly at 1 p.m. Tours of the schools in the system will be conducted during the afternoon, with the businessmen being offered an opportunity to participate in classroom sessions.

City schools will be dismissed this afternoon at 2:45 p.m. in order to permit faculty members to take part in the meetings.

**Engineers To Hold
Annual Open House**

The SUI college of engineering will hold its annual open house Friday and Saturday.

This is the first year that the open house will not be held in conjunction with the state high school basketball tournament, now held in Des Moines. Therefore, several thousand invitations have been sent to high school students.

Although it is primarily for high school students, everyone is invited. Tours will be conducted through the engineering buildings where 35 exhibits will be on display.

PLEADS INNOCENT

Paul T. Dvorsky, 37, R.R. 1, Solon, Tuesday pleaded innocent to a drunken driving charge filed by County Attorney William Tucker. The case will be brought to trial during the May session of Johnson county district court.
