The Weather

Local thunderstorms today and tonight with a high from 78 to 84. Occasional showers and thunderstorms with little change in temperature Friday.

Pilots Say Brain Wash Try Failed

Dallas Building Falls; 2 Dead, 13 Trapped

DALLAS (AP) — At least two persons and possibly more were killed when a building collapsed and crushed a second building Wednesday night, trapping an estimated 15 persons.

Shortly after 10:30 p.m. (CST) rescue workers had removed 10 victims, two of them dead.

The dead were identified as Luther Gonzales, 32, and Alvis Bailey Simmons, 40, both of Dallas.

Wall Crashed

A wall of a three-story building, which was being razed, crashed on top of a story-and-a-half-structure housing a music store and a beer tavern-quick lunch place.

The wall crushed the smaller structure, trapping patrons. Brick cascaded into the street.

Two firemen were carried out to rescue operations progressed.

George H. Bell, who owns a snack bar a couple doors away, said he was in his bar when the buildings collapsed.

"I thought a street car had run wild and crashed into a building."

Saw Walls Crash

He ran into the street in time to see part of the walls cascade with a terrible roar across the pavement, knocking down street car power lines, which cracked with blue flames as they snapped.

Air was being pumped into the rubble in an effort to get oxygen filtered down to the victims.

The collapsed building housed the Cline Music store and Harwich served such items as hot ry's Fine Foods, a narrow bar dogs, but catered mainly to the beer trade.

The building was on Elm street, Dallas' main theater thoroughfare, but was on the fringe of the theater district.

Being Torn Down

A part of the building was being torn down but the cafe-bar and the music store still were operating.

One young man was brought out alive and was able to talk to doctors. An older man also was brought out alive.

The cascade of brick buried a station wagon in front of the structure.

The second and third stories were not occupied.

Fireman C. E. Hunt was overcome and was carried out.

Ambulances lined up for a block or more.

The building was on Elm street, Dallas' main theater thoroughfare, but was on the fringe of the theater district.

The second and third stories were not occupied.

COMING HOME. Capt. Harold Fischer Jr., Swea City, and three other released American flyers receive gifts in Honolulu. Left to right, Lt. Col. Edwin Heller, Wynnewood, Pa.; Lt. Roland Parks, Omaha, Neb.; Lt. Lyle W. Cameron, Lincoln, Neb., and Fischer.

Augustine Still Under Examination

William Augustine, 30, Elgin, Ill., charged by Iowa City police with assault with intent to commit murder, Wednesday was still undergoing psychiatric examination at SUI hospitals.

Augustine is accused of firing three shots from a .38-caliber automatic pistol into the car of Dr. John S. Greenleaf, head of the department of urology at Mercy hospital, Monday night in the 500 block of West Park road. Greenleaf, who returned to work Wednesday, was hit twice in the fleshy part of his left shoulder.

Professional Colleges Plan Convocations

Special convocations honoring June graduates of the SUI colleges of dentistry and medicine will be held next week on the eve of the university's Commencement exercises.

Both will be held June 9 at 8 p.m. The dental convocation will be held in the Shambaugh lecture room of the SUI library, while the medical convocation will meet in the university theater.

Dean Deway B. Stuit of the SUI college of liberal arts will be the dental convocation's principal speaker. His subject will be "The Liberal Education of the Professional Person." SUI President Virgil M. Hancher will be the speaker at the medical convocation.

Fifteen members of the first graduating class of the two-year dental hygiene program at the university will be presented Certificates in Dental Hygiene during the dental convocation by SUI Provost Harvey H. Davis. Outstanding students will be presented awards by various members of the dental faculty.

The 1955 student awards in the college of medicine will be announced during the medical convocation by Prof. Woodrow W. Morris, assistant dean for medical student affairs. Dr. Walter L. Biering, former commissioner of health for Iowa and professor-emeritus of internal medicine at the university, will administer the Oath of Hippocrates to the new medical graduates.

Dean William J. Simon of the SUI college of dentistry will preside over the dental convocation and Dean Norman E. Nelson of the college of medicine will preside over the medical convocation. The invocation and benediction for the dental convocation will be offered by Prof. George W. Forrell of the SUI school of religion. Prof. Robert J. Welch of the school of religion will offer the invocation and benediction for the medical convocation.

Dean William J. Simon of the SUI college of dentistry will preside over the dental convocation and Dean Norman E. Nelson of the college of medicine will preside over the medical convocation. The invocation and benediction for the dental convocation will be offered by Prof. George W. Forrell of the SUI school of religion. Prof. Robert J. Welch of the school of religion will offer the invocation and benediction for the medical convocation.

NAACP Plans Suits In 2 Southern States

WASHINGTON (AP) — The segregation spotlight focused Wednesday on a pair of rural counties in South Carolina and Virginia as Negro leaders worked on strategy for winning an end to segregated schools in the south.

Thurgood Marshall, chief counsel for the National Association for the Advancement of Colored People, said he isn't going to tip his hand about those plans in advance of a conference of Negro leaders at Atlanta Saturday.

"We'll decide then just what steps will be taken," Marshall said. "We'll study the situation state-by-state but the immediate problem is concentrated in South Carolina and Virginia."

In declaring last year that segregated schools are unconstitutional, the Supreme Court acted on appeals by Negro parents from South Carolina, Virginia, Kansas, Delaware and the District of Columbia.

"There isn't any problem in the District of Kansas or Delaware," Marshall said Wednesday.

The court, in amplifying its original decision Tuesday, handed to U.S. district courts the task of bringing school segregation to an end "as quickly as practicable."

Marshall indicated it is likely the NAACP will institute suits in states practicing segregation in order for the issue to get into the courts quickly.

But the first action will be in the cases involving Clarendon county, in the east central part of South Carolina, and Prince Edward county, in central Virginia.

South Carolina, Virginia

In the year since the court's original decision, neither South Carolina nor Virginia has made any specific moves toward ending segregation. Kansas, Delaware and the District have.

Prince Edward county took a step in the other direction Wednesday night. The board of supervisors, which is responsible for appropriation of school funds, voted unanimously to cut off funds for operation of county schools in the fiscal year beginning July 1.

ATLANTA (AP)—Georgia Atty. Gen. Eugene Cook Wednesday asserted that the tribunal "neither gave a formula for integration nor established machinery for enforcement" of the U.S. supreme court school segregation ruling.

Cook asserted that Tuesday's edict has "opened the door for perhaps a century of litigation."

Georgia's Governor Marvin Griffin, who last year campaigned on a platform of maintaining segregation in the schools, said the supreme court's ruling was an effort to "sugarcoat its bitter pill of tyranny. The people of Georgia and the South will not swallow it."

Cook, in a prepared statement, accused the court of tossing a "hot potato" to federal district judges and local school boards.

Gov. Thomas B. Stanley of Virginia called for an early meeting of the state's segregation commission so it could give him "the benefit of its judgment."

Shortly before the ruling was announced, Gov. Leroy Collins of Florida signed into law a bill giving local school authorities power to assign students to schools.

Collins said that current state laws "permit us full advantage of the authority to relate enforcement to sound local requirements."

Alabama Gov. James E. Folsom said he is opposed to "turning our public schools over to private hands" in an attempt to circumvent the ruling.

'Fischer Day,' Gift of Plane Are Planned

SWEA CITY (AP) — If the friends and neighbors of double jet ace Capt. Harold Fischer jr. can swing the deal, he'll be presented with a new airplane when he returns home after two years as a prisoner of the Chinese Reds.

The've set up a special "Harold Fischer Fund," and the American Legion post in this tiny northern Iowa town is sponsoring the drive for \$7,000 to buy a light plane for the captain.

"It isn't easy for a community of 800 to swing a project of this size all by itself, so we're accepting contributions, if we can get 'em, from all over Iowa and the United States," Robert A. Schwartz, editor of the Swea City Herald, and a member of the "Harold Fischer Fund" committee said.

Nation's Gift

"That way the plane will be a gift, not only from the people of Swea City, but from a grateful state and nation, to one of its outstanding sons."

The captain is one of four Air Force officers taken prisoner in the Korean War and released Monday by the Chinese Reds.

The others are Lt. Col. Edwin Heller, Wynnewood, Pa.; 1st Lt. Roland Parks of Omaha and 1st Lt. Lyle Cameron, Lincoln, Neb.

Fischer's parents left Wednesday aboard an Air Force plane to meet their son in Honolulu. They were accompanied on the flight by relatives of the other three airmen.

Plan 'Fischer Day'

Schwartz, noting that Mrs. Fischer understood the party would stay four or five days in Honolulu, said "time is of the essence if we're going to be able to present him the keys to a new airplane at the "Harold Fischer Day" celebration we're planning here just as soon as he gets home.

"It's only 15 hours flying time from Honolulu, so that gives us about six days to raise the money."

He said contributions could be sent to Darrold Gabel, commander of American Legion Fischer Post No. 19 here.

Airmen At Hawaii

Capt. Fischer and the other fliers landed in Hawaii, after a flight from Hong Kong Monday night, about a half hour before the elder Fischers boarded the plane at Fort Dodge.

The families of the fliers met for the first time Tuesday. It was a gay meeting in the lounge of the officers' club at Offutt Air Force Base.

Mr. and Mrs. Rolland Cameron of Lincoln, parents of Lt. Cameron, Mr. and Mrs. Fischer, and Lt. Park's parents, Mr. and Mrs. William G. Parks of Omaha, were already there when the Air Force plane arrived bringing Mrs. Judith Heller, Col. Heller's wife from Philadelphia.

Mrs. Cameron summed up the expectations of the families saying, "I can hardly believe it. "Isn't it wonderful!" Mrs. Fischer exclaimed.

WASHINGTON (AP) — The State Department Wednesday raised from 52 to 63 the number of Americans it believes to be held by the Chinese Reds.

It disclosed it had asked the Reds for information leading toward the release of all 63.

The revised list added 11 men, six from the Navy and five from the Coast Guard, who were lost in separate planes off China Jan. 18, 1953.

Georgia U. Cow Tops Dairy Output

PHILADELPHIA (AP) — The Holstein-Friesian Association of America Wednesday announced that a cow in the University of Georgia herd at Athens, Ga., is the national champion junior three-year-old in both milk and butterfat production.

Official records processed at the association's home office in Brattleboro, Vt., showed the cow, Clemsby Homestead Rita, produced 23,439 pounds of milk and 1,072 pounds of butterfat in a 308-day lactation.

Iowa Citian Hurt In Ten-Foot Fall

Perry Murphy, 60, 620 S. Gilbert st., was described by Mercy hospital authorities as satisfactory Wednesday night after he fell from a 10-foot bridge about 11 a.m. on the Amara road west of the Curtis bridge.

Murphy reportedly fell while working with a county construction crew doing repair work on the bridge. He suffered chest and possible rib injuries in the accident.

Want Orientation Men's Addresses

All men who plan to participate in next fall's orientation program and who have not left their name and summer address with the office of student affairs, are urged to do so before leaving campus.

Jim Kaster, E3, Washington, general chairman of the Orientation council, said that it is important that this information be provided, because vital materials will be based on these facts.

Men who attended the leadership session earlier this spring and turned in the information then need not do so again, Kaster said.

Union Extends Ford Contract Five Days

DETROIT (AP)—The CIO United Auto Workers and Ford Motor company agreed Wednesday on a five day extension of their contract, just 12 hours before 140,000 Ford workers were scheduled to strike.

Ford workers across the nation had been poised to leave their jobs at 12:01 this morning on call from the union.

But the contract extension until "Monday morning"—no time was specified — eased the pressure that had been building up steadily in the bargaining room since negotiations started seven weeks ago.

Holcomb Hits 'Unintentional' Traffic Abuse

DES MOINES (AP)—"If a guy fails to see a red light because he's talking to a friend, the chances are he wouldn't see me either, out in the intersection," SUI Prof. Richard L. Holcomb told members of the Iowa lay committee on traffic safety Wednesday.

The committee was told that the so-called "unintentional" traffic violator is "more dangerous" than the driver who speeds or knowingly runs a stop light.

Another speaker, Edmund B. Smith, Kansas City, Mo., a retired municipal court judge there, said that most people appearing in traffic court are "unintentional" violators.

Smith said he does not favor dismissing traffic cases against first-offense violators but did declare "they should be treated more leniently."

Holcomb said "traffic law enforcement can bring down accidents" but insisted that the public must be educated to the fact "we enforce traffic laws to prevent accidents."

BEAMS APPOINTED

Prof. Harold W. Beams of the SUI zoology department has accepted a summer appointment in the biological and medical research division of the Argonne national laboratory in suburban Chicago.

Today's Examinations

The second semester examination schedule for today:
8 a.m. Classes which meet first on Tuesday at 2:10.
10 a.m. All sections of Commerce 6G:115, 187; core 11:24 and home economics 17.3.
1 p.m. Classes which meet first on Monday at 3:10 and all sections of German 13:1.2.
3 p.m. All sections of Commerce 6G:115; core 11:12 and ME 53:22.
7 p.m. All sections of Commerce 6G:1,3 and 6M:164; English 8:17,18; core 11:1 and PEM 27:21,22.

Keeper of the Bees

Army Band To Present Concert

The U.S. army field band, under the direction of Maj. Chester E. Whiting, will present a concert in the Iowa Memorial Union Friday at 8 p.m.

Composed of more than 100 of the finest musicians in the army, the band has traveled over 200,000 miles in the United States, Canada, Mexico, Great Britain and continental Europe.

More than seven million persons have heard the classical, popular and novelty music of which each concert consists.

Soldiers Chorus

The present band includes the internationally famous "Soldiers Chorus," formed and trained by, and under the direction of M/Sgt. Arthur V. Donofrio.

The 30-voice chorus, as well as the band, has performed in Carnegie hall, Hollywood bowl, the San Francisco opera house, London's Royal Festival hall, the Salzburg music festival in Austria, the Champs Elysees theater in Paris and the Edinburgh festival in Scotland.

Drum Novelty Act

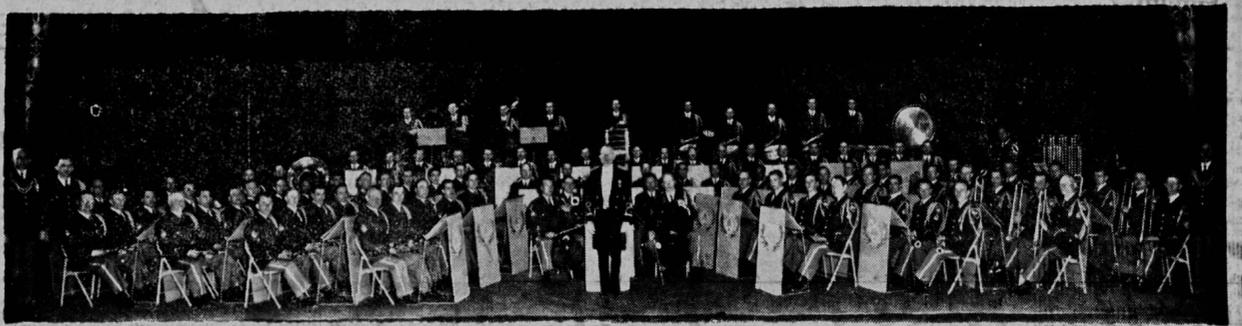

One of the chief features of the band is the drum novelty act. Six men of the percussion section manipulate their drumsticks in such a manner that professional jugglers admire and applaud their efforts.

Many of the musicians are former concert artists and bandmasters. Many of them have been with some of the best symphony bands and orchestras.

Varied Selections

Vocal and instrumental, classical and popular music are adeptly performed by the band, and, as befits a military band, martial music is interspersed. The band, traveling in a nine-vehicle convoy, carries all instruments, uniforms and stage settings for the program.

The concert, free to the public, is sponsored by the department of the army in conjunction with the SUI ROTC departments.

THIS IS THE U.S. ARMY FIELD BAND which will present a concert in the Iowa Memorial Union Friday at 8 p.m. It will be directed by Maj. Chester E. Whiting.

Prof. Mallo Retires; To Teach in Boston

Prof. Jeronimo Mallo's retirement and his receipt of the John Hayes Whitney foundation award was announced Wednesday by Prof. Edmund de Chasca, head of the SUI romance languages department.

De Chasca said that Mallo, as recipient of the award, will teach half-time at Wheaton college outside of Boston, Mass., during the fall semester of the coming year. He was one of six retiring professors in the United States to receive the award this year.

Mallo will return to SUI on an emeritus basis and teach half-time during the spring semester of 1956. While here Mallo has been an instructor in Spanish literature, Spanish pronunciation, Spanish drama, and the Portuguese language.

While in Spain, his native land, Mallo held several important government posts. He was magistrate of the Spanish Republic from 1936 to 1939, delegate to the conference on statistics of the League of Nations at Geneva in 1931, and chief of the department of census in the Central Bureau of Statistics from 1930 to 1933.

After leaving Spain, Mallo, a criminologist and lawyer, went to Mexico City where he attended the University of Mexico.

Prof. Jeronimo Mallo Retirement Announced

While in Mexico City he worked as an editorial writer for Novedades, a Mexico City newspaper. While teaching at Florida Southern college from 1941 to 1943 he continued to write editorials for that newspaper.

In 1943 Mallo came to SUI and since that time he has been a contributor to Spanish publications in the U.S. and Mexico.

Official Polio Report to Be Released Soon

BY ALTON L. BLAKESLEE AP Science Reporter

NEW YORK (AP)—Most or all your questions about the polio vaccine could be answered in an official report soon.

The U.S. Public Health service is preparing this report, and it may be ready this weekend, Surgeon General Leonard Scheele said Wednesday.

He said it will tell why release of vaccine was held up, and why some changes were made in testing regulations. It will also tell what "new knowledge" was learned during scientific discussions and studies recently.

'New Safeguards'

President Eisenhower says scientific work during the delay period in vaccinations produced "new things about the way viruses behave in large-scale manufacture" and brought "new safeguards."

But little of this has been spelled out. Dr. Scheele said the full report will do so. That could go a long way to-

ward answering the primary questions in parents' minds—should they have their children vaccinated? Equally important is their question, does vaccination reduce the risk of getting polio, and how much?

Express Confidence

Dr. Scheele and numerous other experts have repeatedly expressed confidence in the safety and effectiveness of the Salk vaccine. The coming report will presumably tell the public the facts and reasons for their confidence despite the on-again-off-again aspects of the inoculation program.

The report may include a significant time-table of when polio developed among children vaccinated with different makers' vaccines. Polio occurring less than a week after a shot could have come because the child already was incubating the virus from natural exposure, and the vaccine didn't have time to protect. If it developed later, it could mean the possibility

that the vaccine caused polio. If it developed a month after a shot, it could mean that the shot simply failed to protect.

Public Wonders

The report can tell what has been learned so far about suspected batches of vaccine from one manufacturer.

For a time, other vaccine was still being released, then all release was stopped. The public wonders why, and what this meant.

Dr. Scheele said the report will cover the history of the Public Health service's role in the vaccine from a year ago to the present.

EASY GOING

HOUSTON, Tex. (AP)—Insurance man Fred Armstrong said his company got an application for a policy and the answer was "no" to the question, "is your father living?" The next question was, "Cause of death?" and Armstrong said the answer was, "Nothing serious."

Letters to the Editor—

Student Says SUI Needs Improved Music Facilities

(Readers are invited to express opinions in letters to the Editor. All letters must include handwritten signatures and addresses—typewritten signatures are not acceptable. Letters become the property of The Daily Iowan. The Iowan reserves the right to shorten, select representative letters when many on the same subject are received, or withhold letters. Contributors are limited to not more than two letters in any 30-day period. Opinions expressed do not necessarily represent those of The Daily Iowan.)

TO THE EDITOR:

Let us pluck the wild rose of Iowa and weave the laurel crowns to deck the glory of those talented Iowa musicians who have honored this state and this institution by their splendid breathtaking and spellbinding performance of Beethoven's "Requiem."

Their sparkling achievement brings to focus the obvious necessity of improving the physical facilities for musical activity in this university. Two weeks ago Bob Hope stood in the Iowa field house and inquired, "Is this a garage?" The audience howled. But it wasn't funny.

Someone made the comment: "Mr. Mitropolous pilgrimages to our state to conduct our orchestra and chorus, and what do we have to project under the spotlight of the musical, indeed of the whole world?—An inflated barn!"

Falls Short
But the field house is not as bad as that. Yet, while it may be adequate for some activities, it falls sufficiently short of being an auditorium to jeopardize the prestige of this state in the field of music.

The department of music itself is, to say the least, poorly housed. Functionally its present quarters and the prospective addition of Westlawn are not only

dilapidated, but an architectural outrage.

This whole block should be erased and functionally rebuilt for the study and performance of as great an art as music.

It is also well-known that musicians in this state are poorly paid, with the result that many of them leave to greener pastures. Some of them, even with academic degrees, are literally starving. Therefore a special fund for their encouragement and growth is in order, at least for a consideration by the legislature.

Freedom to Starve
The freedom to starve is not to be permitted to become one of our basic freedoms.

But the issue is not just a question of this state's prestige, or that of recognition of the talents, toil and tears of great performers. There is a level of knowledge as yet mystic in which science and math and music may someday meet in the discovery of new truths, new secrets, about the universe—and therefore the issue is not only a question of art and beauty, but also of man's destiny.

Are we going to deny all that a million dollars could do to build a decent music hall, and decent music school facilities, when we allocate billions annually to causes which are perhaps less enduring?

Kamal A. Moneim, G 120 E. Fairchild st.

THE DAY WILL COME
POPLAR BLUFF, Mo. (AP)—Presumably looking to the future, thieves broke into a monument works here and stole two heavy tombstones.

3 Rock Island Men Sentenced In Police Court

Three Rock Island, Ill. men, arrested early Sunday by Iowa City police, have been sentenced to jail terms by police court Judge Roger Ivie.

Sought by highway patrol officers after their car went into the ditch about eight miles east of Iowa City about 2:30 a.m. Sunday, the three were arrested in town when they stopped at a police officer's home to ask directions.

James Spencer was sentenced to 12 days in jail in lieu of a \$52.50 fine on a charge of failure to have his vehicle under control and seven days in lieu of a \$27.50 fine on a charge of intoxication.

John Edward Golden was sentenced to 30 days in lieu of a \$102.50 fine on a charge of improper use of registration plates and eight days on a charge of intoxication.

Frank D. Edwards was sentenced to 15 days in lieu of a \$52.50 fine on a charge of disturbing the peace.

Hillel Foundation Offers \$1,000 Essay Prizes

A \$1,000 national contest open to all persons of college age is being conducted by Hillel foundation, national organization for Jewish college students. Entries are to be essays on any aspect of Jewish contribution to American civilization.

Awards will consist of a \$500 first prize, \$300 second prize, and \$200 third prize, in cash or a scholarship of those values to an accredited college or university.

Entry forms for the contest may be obtained at the local Hillel Foundation, 122 E. Market st.

CRAZY BUSINESS

HOUSTON, Tex. (AP)—Automobile dealer Elmer Jensen said he had to turn down two orders to deliver high price cars to the President of the United States. Both orders were on ruled paper, elaborately embellished with hand-drawn seals and were from Rusk, Tex., site of a state mental hospital.

Tax Figures Show Boom In New Car Sales in Iowa

DES MOINES (AP)—Just in case you didn't notice it, while driving on the highways or trying to find a place to park in a city, the sales of new cars in Iowa are booming.

In the first four months of this year, dealers in new motor vehicles and trailers did \$115,092,915 worth of business. That's an increase of \$24,681,492 over the same period last year.

The figures are based on collection of the 2 per cent use tax

on such transactions. The revenue goes to the State Tax commission. A commission representative says about 90 per cent of the sales represent automobiles.

New Record

"We're headed for a new record in this business, and that's for sure based on what's been going on so far this year," the representative declared.

The sales volume of 1954 set a record of \$294,211,596. And that compares with the \$115,092,915 for only the first four months of this year.

For example, if the average price paid was \$3,000, that means 38,364 cars were sold in the first four months of this year. Using the same base, it would mean the sales in the first four months of last year amounted to 30,197 cars.

Relatively few of the trade-ins go off the road. That's one reason, at least, why the highways are crowded and the city parking places full.

Four Months

From a tax revenue standpoint, the commission collected \$2,301,858 in the first four months of this year from this source. In the corresponding period last year the total was \$1,808,228. For all of 1954 the revenue totaled \$5,884,231.

There hasn't been a month so far this year that the collections haven't been at least \$100,000 more than for the same period last year. And almost without exception, the amount of month to month gain this year has been greater than last year.

Professors Earn Research Prize

Papers written by two scientists in the SUI college of medicine have been honored by the American Pharmaceutical association. The papers describe basic research involving the creation and study of two new classes of drug agents which act upon the nervous system.

F. W. Schueler, associate professor of pharmacology, received the 1955 Ebert prize for two papers which the association published in its official journal. Established in 1872 by Albert E. Ebert, a noted pharmacy educator and scientist, the prize is given annually by the association to the author of the best papers presented before its scientific section.

H. H. Keasling, assistant professor of pharmacology at SUI, received honorable mention as co-author of one paper with Schueler.

J. P. Long, a former instructor in the same department who is now with the Sterling-Winthrop Research institute in Rensselaer, N.Y., received honorable mention for co-authorship of the second paper.

SUI's Warner Gets \$1,850 Study Grant

Prof. Emory D. Warner, head of the pathology department of the SUI college of medicine, has been awarded a \$1,850 grant from the Research corporation for study in electrochemistry of polyhalogen complexes.

The Research corporation is a non-profit foundation established in 1912 by the late inventor and scientist, Frederick Gardner Cottrell.

Warner's grant is part of \$184,000 which the corporation has given in grants since March 31, 1951.

Oxford Businessman Files \$1,050 Suit Here

H. W. Zimmerman, Oxford implement dealer, has filed a \$1,050 suit in Johnson county district court for collection of alleged debts owed him by Russell Cotter, farmer near Oxford.

Zimmerman alleges that Cotter owes him \$900 as the remainder of costs on a cream separator and hay baler bought in July, 1953, and \$150 more on a conditional sales note dated Feb. 11, 1954.

DRY EDUCATION

DETROIT (AP)—Johnny isn't sent home for dry clothes when he shows up wet on rainy days at Monteth Elementary school. The Parent-Teacher association has installed an automatic clothes drier.

Four Months

From a tax revenue standpoint, the commission collected \$2,301,858 in the first four months of this year from this source. In the corresponding period last year the total was \$1,808,228. For all of 1954 the revenue totaled \$5,884,231.

There hasn't been a month so far this year that the collections haven't been at least \$100,000 more than for the same period last year. And almost without exception, the amount of month to month gain this year has been greater than last year.

PICK UP YOUR 1955 HAWKEYE

now in the Campus stores on Iowa avenue. Distribution hours are 8:30 a.m. to 4 p.m. Be sure to get your Hawkeye before leaving for home. All students must present ID cards to receive their books.

Interpreting the News—Russia Expected to Woo Japanese Support in Asia

BY J. M. ROBERTS

Associated Press News Analyst

Soviet Russia is expected to play much the same sort of game in the current Japanese peace treaty talks that she has been trying with regard to Germany.

It seems probable that she will give another good display of sweetness and light while trying all the time to create difficulties between Japan and the west, particularly the United States.

Offers To Japan

In some ways she is in a better position with regard to Japan than she is in Europe. She has some things she can offer without too much expense to herself, while the reunification of Germany involves important dangers.

She can give back the Kurile and other Japanese islands she occupied after the war, she can return Japanese war prisoners which she obviously has been holding as a bargaining factor, and she can offer a trade agreement which would be extremely important to Japan despite the latter's adherence to western embargo regulations. Better fishing rights would be an important part of the bait.

The rub comes in what Russia

wants in return. She has not said.

Russian Objectives

But there are two objectives which are at the bottom of general Russian policy these days. One is to stir up sentiment against American military bases on foreign soil and the other to stall the general rise in Allied military strength.

This business of military strength is already a matter of delicate relations between the United States and Japan. Under the peace treaty between Japan and the United States, Japan is supposed to rearm at least to the point where she can defend herself.

Internal Demands

Pressed by internal demands for increased government support of public welfare schemes, the Tokyo government is procrastinating on rearmament. It's not only a matter of money, but also a recognition of an important segment of public sentiment against any return of the militarism which cost the country so dearly 10 years ago.

It is the type of soft spot in the western position on which the Russians love to press.

GENERAL NOTICES

General Notices should be deposited with the editor of the editorial page of The Daily Iowan in the newsroom, room 201, Communications center. Notices must be submitted by 2 p.m. the day preceding first publication; THEY WILL NOT BE ACCEPTED BY PHONE, and must be typed or legibly written and signed by a responsible person. No General Notice will be published more than one week prior to the event. Notices of church or youth group meetings will not be published in the General Notices column unless an event takes place before Sunday morning. Church notices should be deposited with the Religious news editor of The Daily Iowan in the newsroom, room 210, Communications center not later than 2 p.m. Thursday for publication Saturday. The Daily Iowan reserves the right to edit all notices.

STUDENTS IN THE COLLEGE

of medicine may trade their 1955 Hawkeyes for copies containing Dean Nelson's picture at the Publications office in Close hall, Iowa avenue and Dubuque street, beginning Friday, June 3.

ALL LOCKERS AT THE WOMEN'S GYMNASIUM

should be emptied before Wednesday, June 8. Anything left after then will be confiscated.

ALL LOCKERS IN THE FIELD HOUSE

must be checked in by June 9. Lockers not checked in by this time will have locks removed and contents destroyed.

SELECTIVE SERVICE REMINDER

Prior to the close of the present session, students in liberal arts, commerce, engineering, law, nursing and the graduate college, who desire deferment for the next academic year, should secure a form in the registrar's office and file a request to have Selective Service form 109 sent to their local draft board as soon as grades for the present session are available.

APPLICATION FORMS FOR THE WEEK-END WASHINGTON TRIP

may be obtained at the office of Prof. Donald Johnson, room 310A, Schaeffer hall. Applications

Old Capitol Remembers

One Year Ago Today

The Iowa City zoning and planning commission expressed disapproval of the site proposed by the city council for a new city hall. A special security board voted 2-1 to bar J. Robert Oppenheimer from further access to the nation's atomic secrets.

Five Years Ago Today

President Harry S. Truman declared the world to be closer to peace than at any time since World War II. The SUI Student Council began collecting funds to establish a scholarship in honor of the late Dean of Students Walter R. Goetsch.

Ten Years Ago Today

The preamble of a world charter was put in draft form by a subcommittee of the United Nations conference. A hail storm with winds as high as 28 miles per hour and gusts up to 50 miles per hour lashed Iowa City, breaking windows, tearing ear tops and beating down garden crops.

Twenty Years Ago Today

Floods and storms swept seven midwestern states—not including Iowa—taking a known death toll of 65 and causing property damage estimated at \$12 million. Land brokers predicted good Iowa land would sell for \$150 per acre before 1936. Buyers were currently paying \$100 to \$130, \$20 to \$30 higher than the previous year.

Central Party Group Plans Activities

Six all-university dances have been tentatively planned by the Central Party committee for the 1955-1956 academic year. A Dad's day concert and three other concerts also have been planned by the group. These will be announced at a later date. The Dad's day concert has been scheduled for Oct. 7. Tentative dates for the dances are Homecoming party, Oct. 15; Fall party, Nov. 11; Winter formal,

Dec. 10; Club Cabaret, Feb. 24, 1956; Spinster's Spree, April 6, 1956, and Spring party, May 4, 1956.

Big Name Bands
A policy of scheduling big name bands for the dances has been unanimously adopted by the committee.

In order to insure the success of these affairs, the committee urges cooperation from members of the student body. An enormous amount of labor goes into the planning of each event and works are needed by the decorations and publicity committees.

The committee encourages all those who are willing to sign their name and committee preference to the list available at the main desk of the Iowa Memorial Union. All subcommittee members will be contacted by the end of this semester and at the start of school, in September.

Committee Officers
Officers of Central Party committee are Alan Waxenberg, A3, Moline, Ill., president; Jay Ryan, A2, Des Moines, vice-president, and Carol Crawford, A1, Iowa City, secretary-treasurer.

Richard Runke, A1, Palos Heights, Ill., is chairman of the decorations committee. He is assisted by Shirley Curtis, A3, Charlton, and Ryan.

Sandra Levenson, A1, Mason

City, is chairman of the intermission tea and program committee. Dance entertainment committee members are Cecilia Kirby, A3, Sioux Falls, S.D., chairman; Ann Summerwill, A3, Iowa City, and James DeKalb, A3, Davenport. Publicity campaigns will be planned by Alan Hausman, A2, Des Moines, chairman; Phyllis Haft, A2, Rock Island, Ill., and Henry Kemp, A2, Cedar Rapids.

To Sponsor All-City Music Program

An all-city music course for pupils in Iowa City area schools will be sponsored again this summer by the SUI music department.

The program will include band and orchestra, with three ensemble rehearsals and two private or class lessons to be offered each week. Instruction will begin June 15 and end Aug. 10. Registration will be June 13 at 9 a.m. in South Music hall.

The tentative schedule: advanced orchestra from 8-9 a.m., advanced band from 9-10 a.m., and junior band and strings from 1-2 p.m., all on Monday, Wednesday and Friday.

Tuition of \$5 for the eight-weeks session, payable at registration, will entitle the student to two class lessons per week and participation in one or more ensemble groups.

Private lessons may be taken for \$16 for voice, violin, viola, cello and piano, and \$8 for string bass, woodwind and brass instruments. These fees permit private pupils to participate in one or more of the ensemble rehearsals, too.

Students enrolled in the summer session of University Elementary school will be eligible to participate in the ensembles. Payment of a private-lesson fee will entitle the student to both ensemble and individual instruction.

Plans August Wedding

Miss Joanne Hamous

Mr. and Mrs. L. J. Hamous, Cedar Rapids, announce the engagement and approaching marriage of their daughter, Joanne Rose, to Mr. Howard Dale Walrath, son of Mr. and Mrs. Leonard T. Walrath, Cedar Rapids.

The wedding is planned for Aug. 21 in Cedar Rapids. Miss Hamous is employed by the Iowa National Mutual Insurance company, Cedar Rapids. Mr. Walrath is a sophomore in the college of engineering.

Kitchen Comment

Camera Is a Must On Day of Wedding

By IRVING DESFOR
AP Newsfeature
(EDITOR'S NOTE: This is the 12th in a series of articles to help brides with their wedding plans.)

A wedding is a once-in-a-lifetime occasion whose exciting moments can be preserved, and relived, through photography.

For couples who can afford it, good wedding pictures are assured if taken by professional photographers whose samples show consistent and high quality work in that field.

However, it is a field which more and more amateur photographers are trying. Many times they are friends or relatives of the bride or groom and this is a solution of the wedding gift problem—an album of pictures. For others, it is a method whereby the hobby helps pay for its own upkeep.

Don't Experiment
The event is too important to risk spoiling with poor pictures, however. It is no time to experiment with new equipment.

A camera equipped with a synchronized flash is the usual equipment if the ceremony or reception is held indoors or if color is being shot. Many photographers prefer an electronic speedlight unit because they can work faster with it.

However, the latest in fast black-and-white films and super-developers have revolutionized the art of shooting pictures by existing light indoors, especially with miniature type cameras with fast lenses. Experimentation is not permitted in some churches.

postures of 1/50 second at f3.5 have given good negatives and stopped the action.

Color Stereos
Another modern trend in wedding pictures is in taking color stereos. A greater variety of stereo cameras with flash attachments is now available and good color results are assured.

All stereo flash pictures are shot at 1/25 second. The lens opening is determined by the specific flashbulb and the distance from the subject. A set of stereo pictures and a hand viewer also makes an unusual wedding gift.

It is important, in making plans to shoot wedding pictures, to consult the officiating clergyman about shooting during the ceremony. It is not permitted in some churches.

Be Unobtrusive
"If you do get permission to shoot the ceremony, be as unobtrusive as possible," says Henry Lefebvre in a book of practical hints to photographers, "Candid Wedding Photography."

The bride arriving at church, escorted by her father, starts the church picture sequence.

Pictures of the wedding party are usually posed in the church vestibule or on the church steps. After the ceremony and after bride-and-groom poses, the rice-throwing pictures coming out of the church wind up the session here.

Reception Pictures
Pictures at the reception should include the couple examining their wedding gifts, being toasted, dancing together and with each other's parents, cutting and tasting the wedding cake, visiting their guests at the tables. When the bride tosses out her bouquet, ask her to use the hand furthest from camera so that she doesn't cover her face.

The final shot usually shows the couple leaving for their honeymoon. It can be taken as they look out of the rear window of their car or from the front seat at close-up range.

Miss Chandler Plans July 9 Wedding

Miss Nancy Chandler

Major and Mrs. Earl R. Chandler, Daytona Beach, Fla., announce the engagement and approaching marriage of their daughter, Nancy Ann, to Lt. JG James E. McCardell, son of Mr. and Mrs. S. Elthon McCardell, Daytona Beach.

Miss Chandler is employed as a staff nurse at University hospitals.

The wedding is planned for July 9 at St. Paul's Catholic church, Daytona Beach.

LEFT-HANDED WATCHES
Left-handed ladies who wear their watches on their right arm now can get a watch especially designed with the stem winding located at nine o'clock instead of three o'clock. That permits them to wind their watches with their left hands in a normal manner. The watches are made by Hamilton Watch Co. of Lancaster, Pa.

SMALL FRY TREAT
Small fry like this: toast spread with applesauce, sprinkled with a suspicion of cinnamon and topped with crumbled, crisply cooked bacon!

The uses of cottage cheese are many and varied, but few homemakers are aware that cottage cheese can be used to make delicious cookies. These cookies have a party look with their dressed-up topping of cherries and candied pineapple.

COTTAGE CHEESE COOKIES
1/2 cup margarine
1/2 cup cottage cheese
1/2 tsp. vanilla extract
1/4 tsp. lemon extract
1 cup sugar

1 egg
1 1/2 cups sifted flour
1/2 tsp. salt
1/2 tsp. soda
1/2 cup chopped candied pineapple
Cream margarine until fluffy. Blend in cottage cheese. Add sugar gradually, beating well. Beat in the egg and flavoring extracts. Sift together flour, soda and salt. Add to creamed mixture, about one-fourth at a time, mixing until smooth. Stir in candied pineapple, drop by teaspoonfuls, two inches apart, on greased baking sheet. Bake in 375 degree oven 10 to 12 minutes.

Frost the cooled cookies with confectioners' sugar icing, and garnish with bits of candied pineapple and candied cherries.

SUI Graduate Promoted to Colonel

Clarence J. Lang, a 1940 SUI graduate, was recently promoted to full colonel and named deputy chief of staff for the transportation training command, Fort Eustis, Va.

Lang enlisted in the Iowa National Guard while a commerce undergraduate at SUI, and was commissioned in the quartermaster corps upon graduation. He has been commended for his work as comptroller by former secretary of the Army Frank Pace, Jr., and by Major Gen. Frank S. Besson, Jr., former commanding general at Eustis.

Col. and Mrs. Lang now live at Fort Eustis with their three sons.

5 New Officers Elected By SUI Pontoniers

Five SUI students have been elected to offices in the Pontoniers, military engineering society for army ROTC cadets.

Those elected are James Luth, C4, Burlington, intelligence officer; Howard Judd, E2, Clinton, commander; Philip Leahy, E2, Clinton, drill master; James Phinney, E1, Danville, supply officer, and John J. Hill, E3, Denison, adjutant.

Snider Slams 3 Of 6 Dodger Homers

Roberts Wins 8th as Phillies Beat Cubs, 3-1

PHILADELPHIA (AP)—Sad Sam Jones held Philadelphia to two hits in the first seven innings, but a pair of errors helped the Phillies post a 3-1 win over the Chicago Cubs Wednesday night as Robin Roberts chalked up his eighth win on a six-hit performance.

The Cubs got their lone run on Ernie Banks' 12th homer into the upper left field stands in the fifth inning.

Roberts, who has lost three against his eight wins, fanned eight.

Jones gave way to a pinch-hitter in the eighth and John Andre took over on the mound for the Cubs.

The Phillies picked up their first two runs in the fourth. Glen Gorbous singled to right and Earl Torgeson walked. Del Ennis then slipped a bunt single off third base and the bases were loaded. Willie Jones grounded to Banks to force Ennis and Gorbous scored. On the same play, Gene Baker threw wild to first trying for a double play and Torgeson scored.

The Cubs threatened in the ninth, loading the bases with two singles and a walk, but Dee Fondy fouled out to end the rally.

Chicago.....000 010 000-1 2 3
Philadelphia.....000 210 003-3 2 0
S. Jones, Andre (8) and Chitt. McCullough (8); Roberts and Semnick. L.—S. Jones.
Home run: Chicago—Banks.

Redlegs Trip Giants, 5-2, as Kluszewski, McMillan Homer

NEW YORK (AP)—Ted Kluszewski hammered his 14th home run and Roy McMillan hit his first Wednesday as the Cincinnati Redlegs defeated the New York Giants 5-2 behind the five-hit pitching of Joe Nuxhall.

Nuxhall had a four-hit shutout until the ninth inning when Willie Mays followed a walk to Don Mueller with his 13th home run of the year off the left field scoreboard.

Successive walks to Hank Thompson and Ray Katt with two out in the ninth put Nuxhall in a jam but the lefthander retired southpaw pinch hitter Whitey Lockman on a soft fly to Gus Bell in short center to end the threat. It was Cincinnati's first victory over the Giants in four starts this season.

Jim Hearn gave up two runs on six hits, one of them being Kluszewski's sixth inning four-bagger over the right field roof. He lost his fifth game.

Cincinnati.....100 001 003-5 2 0
New York.....000 000 002-2 0 0
Nuxhall and Burgess; Hearn, McCall (9) and Katt. L.—Hearn.
Home runs: Cincinnati—Kluszewski, McMillan. New York—Mays.

Cards Top Pirates; Arroyo Wins 6th

PITTSBURGH (AP)—Unbeaten southpaw Luis Arroyo recorded his sixth victory Wednesday night as he gave up five hits in pitching the St. Louis Cardinals to a 6-2 victory over the cellar-dwelling Pittsburgh Pirates.

The Cardinals backed up Arroyo with a 12-hit attack. Ken Boyer and Bill Virdon led the hit parade, each getting three safeties.

A three-run third inning gave the Cards the victory and hung the fifth defeat on starter Bob Purkey. He has won two.

In the first inning Red Schoendienst singled, went to second on a passed ball and scored on Virdon's single.

The Cards scored again in the second as Boyer reached first on a fielder's choice, stole second and tallied on a single by Arroyo.

In the third, after two were out, Purkey gave up a walk to Rip Repulski, a single to Virdon, a two-run double to Bill Sarni and a run scoring single to Boyer.

The Pirates bunched three of their hits in the second inning for all their runs.

St. Louis.....113 000 001-6 12 2
Pittsburgh.....002 000 000-2 6 3

Vogel To Conduct Classes at Clinic

Otto Vogel, Iowa baseball coach, will conduct baseball classes at the fifth annual coaching school sponsored by Illinois State Normal university and Western Illinois State college at Normal, Ill., June 14 and 15.

Other Big Ten coaches on the staff are Murray Warmath, Minnesota, football; and Fordy Anderson, Michigan State, basketball.

Santee Adds California Expenses

(AP Wirephoto)

MILER WES SANTEE totals the expenses he has received for running in three California relays this year before working out Wednesday for his appearance in the mile run at the Compton Relays Friday night. Santee said, "To my knowledge that figure is entirely erroneous" in commenting about a story in the San Francisco Chronicle Wednesday that said he would receive about \$3,000 in expenses for five races in California.

Santee Gets Go-Ahead After Expense Charge

LOS ANGELES (AP)—Running star Wes Santee of Kansas was given the go-ahead signal to compete in the Compton Invitational Track and Field meet Friday night by the local AAU officials Wednesday.

The matter of expense money problems remains something for his own Missouri Valley AAU association to handle.

The controversy originated in San Francisco when a newspaper—the Chronicle—printed a story that said Santee would receive about \$3,000 "in expenses for

Hoelt Hurls 2-Hitter; Tigers Trip Nats, 9-0

DETROIT (AP)—Young Billy Hoelt pitched a two-hitter Wednesday as Detroit broke a four-game losing streak with a 9-0 triumph over Washington.

Hoelt struck out seven and yielded hits to Tom Umphlett in the first inning and Bob Kline in the seventh.

It was the 23-year-old Wisconsin pitcher's fifth victory against two defeats as he advanced toward his first winning season in four years.

Jack Phillips, substituting for the sore-kneed Ferris Fain at first base, drove in three Tiger runs with three of their 10 hits and a sacrifice fly.

Al Kaline hit a two-run double and single, and Ray Boone, back in the lineup for the first time since May 17, homered in the second for Detroit's first run off Dean Stone.

Washington.....000 000 000-0 2 2
Detroit.....011 001 153-9 10 1
Stone, Abernathy (7), Ramos (8) and Oldis; Hoelt and Wilson. L.—Stone.
Home runs: Detroit—Boone.

Leads Brooks In 11-8 Win Over Braves

BROOKLYN (AP)—Duke Snider smashed three home runs and a double as the Brooklyn Dodgers came up with six homers to beat Milwaukee Wednesday night in an 11-8 slugfest.

Snider took over the major league leadership with 15 homers, and his eighth inning double hit high on the right field screen. He was the first player in the National league to hit three homers in one game this year.

Three American league batsmen have smacked three in one game this spring.

It was the second time in Snider's career that he had three homers in one game, the other occasion coming against the Philadelphia Phillies May 30, 1950.

Carl Erskine, Brooklyn pitching mainstay, and Gene Conley, who had a 7-1 record going into the fracas, came out slightly scarred from opposing bats. Neither was around at the finish, as Milwaukee used five hurlers and Jim Hughes had to come to the relief of Erskine when the Braves rallied for five runs in the seventh inning.

Twice before this season Erskine and Conley hooked up in extra inning affairs, but there was no resemblance of this Wednesday night as 18,380 chilled fans looked at balls sailing far and wide.

Conley gave up three home runs, and leads the majors with 16. Brooklyn made 13 hits, one more than Milwaukee.

Milwaukee.....120 000 500-8 12 2
Brooklyn.....200 002 012-11 13 1
Conly, Vargas (4), Johnson (4), Bardette (7), Nichols (8) and Crandall; Erskine, Hughes (7) and Campanella.
Home runs: Snider (3), Reese, Robinson and Campanella. L.—Conley.

Iowa Prepares For 3 Meets

The Iowa track team is preparing for two more events and the Big Ten Pacific Coast dual meet.

First is the Central Collegiate meet at Milwaukee, Wis., Saturday. Coach Francis Cretzmeier said only five athletes will compete because of semester examinations.

Iowa has finished second in 1952 and 1953 and fourth in 1954 in the Central meet.

The four Hawkeyes who qualified for the Big Ten team also will compete in the National Collegiate championships at Los Angeles June 17 and 18.

They are Rich Ferguson, mile and two mile; Les Stevens and Jack Mathews, long hurdles; and Murray Keatinge, half mile.

The Big Ten-Pacific Coast dual meet is at Berkeley, Calif., June 21.

Herschel Smith, director of the Compton Invitational Meet coming up said, that Santee was being paid \$12.50 a day "for four days"—\$50—plus air transportation from Kansas.

Flint Hanner, director of the West Coast Relays at Fresno, said Santee was paid \$450 for his appearance there May 14.

Hanner later announced that he had written Santee asking for a refund of \$72.15 because that was money advance for plane fare for Mrs. Santee and Mrs. Santee did not make the trip.

Chisox Edge Boston, 4-3

CHICAGO (AP)—Sherman Lollar's three-run homer in the seventh to tie the score and Chico Carrasquel's run-producing single in the eighth Wednesday night gave the Chicago White Sox a 4-3 victory over the Boston Red Sox. Boston's Ted Williams went hitless in four trips.

Carrasquel's game-winning blow, his third hit of the game, came at the expense of Ellis Kinder.

Williams struck out once—his first whiff since returning to the game. But he provided the fielding gem of the night with a leaping catch against the wall of a drive by Lollar.

Boston.....000 021 000-3
Chicago.....000 000 21x-4
Brewer, Kinder (8) and White. Donovan, Consuegra (8) and Lollar.
Home run: Lollar. W.—Consuegra. L.—Brewer.

Yankees Beat A's, 3-1, 6-1

KANSAS CITY (AP)—The New York Yankees got a 2-hit pitching job from young Johnny Kucks Wednesday to defeat the Kansas City Athletics, 3-1, and Whitey Ford made it a sweep with 7-hit, 6-1 winning performance in the second game.

Andy Carey scored the winning run in the afternoon game on Irv Noren's single and broke up the nightcap with a 3-run homer in the fourth. A 2-run Yankee ninth inning was only window dressing as Ford coasted to his 7th victory.

(First Game)
New York.....000 000 012-3 5 0
Kansas City.....000 000 100-1 2 1
Kucks, Moran (9) and Berry; Herbert and W. Shantz. W.—Kucks.
Home runs: New York—Skowron. Kansas City—Zentral.

(Second Game)
New York.....010 300 002-6 7 0
Kansas City.....010 000 000-1 7 2
Ford and Silver; Kellner, Boyer (9) Dittmar (9) and Astroth. L.—Kellner.
Home run: New York—Carey.

WINSTON tastes good—like a cigarette should!

WINSTON'S GOT REAL FLAVOR!
AND IT'S SO EASY-DRAWING!

Now there's a filter cigarette college smokers will really enjoy! It's new Winston and it brings flavor back to filter smoking!
You'll really enjoy Winston's full, rich, tobacco flavor. And you will really appreciate Winston's finer filter. It's unique, it's different, it filters so effectively! Winstons are easy-drawing, too, for full flavor enjoyment.
Try a pack of Winstons! They taste good—like a cigarette should!

Smoke WINSTON the easy-drawing filter cigarette!

Sportsman's Day Set This Weekend

Greyhound races, retriever trials and trapshooting will be the main features of Sportsman's field day sponsored by the Johnson county Izaak Walton league Saturday and Sunday at the organization's clubhouse grounds.

The U.S. Soil Conservation service will show films and slides and live animals and fish will be displayed by the state conservation commission.

Archery demonstrations and children's races are also on the program.

Saturday will be Children's day. Children under 16 will be admitted free if they have a pet in their possession.

The clubhouse grounds are 1 1/2 miles south and 1/4 mile east of the Iowa City airport.

Gates will open at noon on Saturday and at 9 a.m. on Sunday.

The schedule:
Saturday: trapshooting, children's races.
Sunday: Greyhound races, retriever trials, archery demonstrations, children's races.

NIGHT ATTENDANCE
In 39 night games during the 1954 season, the Baltimore Orioles' attendance was 632,932.

British Union Officials Fail To Halt Snowballing Strikes

LONDON (AP) — Top British trade union officials failed Wednesday night to end a nationwide railway strike that is slowing the country's booming industrial machine and threatening millions with unemployment.

TUC Chairman Charles Geddes, who presided at the meeting, said: "We cannot possibly leave it on this basis. We must make other moves."

The TUC General Council, top union executive body, had directed its committee to "obtain by negotiation a satisfactory settlement" of the walkout now in its fourth day.

Freight deliveries by rail were running an estimated one-fifth of normal.

Stockpiles Dwindle
Factory stockpiles of raw materials slowly dwindled and threatened to shut down some key industries such as the steel mills by the week's end.

The government authorized independent bus companies to operate in and out of London to help move workers from the congested capital.

Scotland Yard appealed to motorists to stagger their journeys home after work in an effort to relieve traffic chaos.

Office and factory workers walked, waited patiently in long bus queues, packed the subway trains or thumbed lifts from motorists going their way.

Crippling Dock Strike
A dock strike of 20,000 stevedores in six ports further crippled Britain's export drive. More

labor trouble loomed with a Scottish coal miners' demand for more pay.

Baty, leader of the 67,000-member striking Associated Society of Locomotive Engineers and Firemen, challenged the government to "do something" through the Ministry of Labor about settling the crippling stoppage.

He told newsmen "The door is always open."

His engine crews are fighting for higher wages which the nationalized railways have refused for fear it will spark an inflationary pay demand spiral.

The strikers ask an increase of their base pay from the equivalent of \$27.30 weekly to \$28.42 to restore their differential over less skilled workers such as section hands.

SUI To Telecast Dental Operation

A closed-circuit telecast of a dental operation will highlight a postgraduate course in endodontics to be offered June 11 by the SUI college of dentistry.

Dr. John Wakely, instructor in operative dentistry in the SUI college of dentistry, will be in charge of the demonstration of apical curettage, which will be televised in color from the dental operating room directly to the dental building auditorium, where conference meetings will be held.

The operation will be received only on sets in the auditorium. Although closed-circuit TV has been used at the university for lectures and panel discussions, this will be the first operation to be televised at SUI by this system.

Egg Grading Law To Go Into Effect

DES MOINES (AP) — Iowa grocers who buy eggs direct from a producer for sale to their customers will have to be licensed both as a dealer and a retailer under the new egg grading law, it was announced Wednesday.

L. B. Liddy, head of the Iowa agriculture department's dairy and food division, told his 22 inspectors at a meeting that an official ruling on the issue will come later from the attorney general's office.

"But until the ruling is handed down," Liddy said, "that will be our interpretation."

The egg grading law, which goes into effect July 4, had been criticized in some circles because of the questionable definitions of "dealer" and "retailer."

She's Gunning

MARY ANN YOUNG of Columbus, O., "Miss Ohio Press Photographer of 1955" shows that she's really gunning for the title "Miss National Press Photographer" as the date for that contest draws near.

Five from SUI Get Fellowships

University fellowships of \$1,000 each have been awarded to five SUI Ph.D. candidates, Dean Walter F. Loehwing of the graduate college announced.

Named by faculty representatives on the University Graduate Council "in recognition of highest distinction of graduate study and research," the five fellows for 1955-56 are Wallace J. Cameron, Gladstone, Mich., romance languages; Brian F. Glenister, Australia, geology; Robert E. Morsberger, Baltimore, Md., English; Ernest C. Ray, St. Joseph, Mo., physics; and Harold B. Wohl, Brooklyn, N. Y., history.

Two of the five hold 1954-55 scholarships for study abroad. Glenister is a Fulbright scholar while Cameron is studying in Madrid, Spain, under a grant from the Institute of International Education.

Glenister left Iowa City this week as SUI's representative on a Canadian geological survey expedition this summer to the Canadian archipelago, nearly 1,000 miles within the Arctic Circle.

Counselors Workshop To Open Monday

A counseling workshop for guidance personnel will be held Monday through Wednesday at the SUI Continuation Study center in response to requests from school and college counselors, nursing school personnel, and church and social workers in the state.

Sponsored by the Iowa Association of Deans of Women and Advisers of Girls, and the SUI college of education, the workshop will open at 9:30 a.m. Monday with a welcome by Miss Helen Reich, president of the association and assistant director of the office of student affairs.

Prof. Kenneth Hoyt, of the SUI education department, will give the keynote talk of the workshop Monday morning, speaking on "Newer Trends in Counseling and Counselor Preparation."

Robert Baldauf, psychological consultant in the Cedar Rapids public schools, will speak on "Emotional Adjustment and Discipline" at the workshop banquet at 6:30 p.m. Tuesday in the Iowa Memorial Union. The Wednesday speaker will be Dr. W. W. Morris, assistant dean of student affairs in the college of medicine, whose topic will be "Mental Health of Personnel Workers."

Donald Rhoades, coordinator of the veterans and high school service at SUI, will moderate a panel discussion of "Problems in Transition from High School to College" Tuesday afternoon.

Discussion leaders of interest groups which will meet during the workshop will include Marjorie McBriar, associate dean of students at Iowa State Teachers college, Cedar Falls; Mildred Jones, YWCA secretary at SUI, and five SUI faculty members — Prof. John Chantiny, child welfare; Clayton Gerken, director of student counseling; M. L. Huit, counselor to men, and Prof. Leonard Goodstein and Prof. John Martire, of the psychology department.

Jean Baer, associate professor and administrative assistant in the SUI college of nursing, is chairman of the planning committee for the workshop.

Low Bid Submitted For Road Repairs

A low bid of \$112,265 to widen 6.5 miles of highway 6 west of Coralville was submitted Tuesday to the state highway commission, Ames, by the Green Construction company, Des Moines.

The highway from near the junction of highway 153 west to the newly located pavement west of Tiffin will be widened.

The present 18-foot pavement will be widened to 24 feet. Two three-foot strips will be paved on each side of the present slab. No new surfacing will be laid over the wider slab.

A total of \$5-million worth of work was in the bidding at Ames.

Iowa Conference Begins June 21

"The Challenge of the Early Years" will be the theme of the 28th Iowa Conference on Child Development and Parent Education June 21 and 22 at SUI.

Sponsored this year by the Iowa Child Welfare Research station in cooperation with the SUI college of nursing and the Iowa Council on Family Relations, the conference will give special attention to the problems of parents, considering influences affecting the child from the prenatal period into early school years.

The conference will be open to parents and teachers throughout the state and to all others interested in the welfare of children.

Doctors from 7 States To Honor SUI's Dr. Kerr

Physicians from Iowa and seven other states will attend a dinner here Friday night to honor Dr. H. Dabney Kerr, resigning head of radiology at the SUI college of medicine.

Doctors from Arkansas, California, Colorado, Illinois, Ohio and Texas who trained as resident physicians under Dr. Kerr will be among those in attendance.

The dinner will open an Iowa Radiological society meeting which will continue through Saturday at the university medical center.

Participants in the Saturday program will include Drs. C. L. Gillies, H. B. Elkins, N. A. Gremel and Eugene F. Van Epps from SUI; G. S. Lodwick and W. W. Sands from the Veterans Administration hospital; G. M. Wyatt from Mercy hospital; J. V. Prouty from Cedar Rapids; D. A. Losasso from Davenport; and P. J. Trier from the Veterans Administration hospital in Des Moines.

Student Nurse Awards

SPECIAL AWARDS FOR STUDENT NURSES at SUI were presented by Dean Myrtle E. Kitchell, far right, of the SUI college of nursing, at an Honors day tea this week. Left to right, Bonnie Lou Erickson, Sioux City; Aurzella Boewe, Iowa City, and Julia May Miller, Hawkeye, all juniors.

Playing Children Find Body Of Missing Michigan Girl

DOSTER, Mich. (AP) — The partially decomposed body of Jeannie Singleton, 8, was found hidden in a forest of stubby pine trees in wild back country about 15 miles north of Kalamazoo late Wednesday.

Clothes had been torn from her body and police said she apparently had been raped and then murdered, possibly the day she vanished, May 23.

The Kalamazoo school girl, lame from an attack of rheumatic fever, had been beaten on the head. Most of her teeth were missing. The body was found lying face down. No attempt had been made to cover it.

The find climaxed a ground and air search by more than 1,000 persons throughout Kalamazoo county in southwestern Michigan. When searchers failed to uncover a single clue, police gave up hope of finding the girl alive.

Jeannie's father, Stephen, is a truck driver and her mother works part time in a nursing home. They have five other children.

Kalona Youth Sails for Germany

KALONA — Jacob William Schrock, son of Mr. and Mrs. Dan W. Schrock, Kalona, is on his way to Germany where he will spend the next two years with other Mennonite young men constructing houses for refugees.

The SS Waterman carrying Schrock and five other youths to Europe was scheduled to sail from Montreal, Canada, May 30. The group will dock at Rotterdam, Holland, about 10 days later.

Schrock is going to Germany as a participant in the Mennonite central committee's Pax program. Pax, Latin for "peace," is the Mennonite overseas program for drafted conscientious objectors performing rehabilitation services in distressed and underdeveloped areas of the world.

At present, 100 Mennonite Pax men serve in 11 countries. They contribute their services without pay.

Somebody's Lion, Or Maybe Lyin'

LE MARS (AP) — A number of persons in northwest Iowa claim they have spotted one or more mountain lions in the past few weeks but those who have looked in vain need only to make a visit to Le Mars.

Planted conspicuously in front of Bud Ross' food store here is a real, live lion — in a steel cage, of course.

Grocer Ross, refusing to say where the animal came from, simply smiles and says: "You can't hardly find them no more."

Will Run, If Party Wants Him—

Willing To Give All in 1956: Stevenson

NEW YORK (AP)—Adlai Stevenson, a reluctant candidate for the presidency in 1952, is eager to make the race again next year.

He will be a candidate for the Democratic nomination provided he is convinced the party wants him to run.

This was learned Wednesday from a source in a position to know the plans of the former Illinois governor.

Stevenson was described as "willing to give it all he has" and confident the Democrats can

Adlai Asks Revised Immigration Law

NEW YORK (AP)—Adlai Stevenson Wednesday night called the nation's immigration law a "misguided policy" which requires quick revision.

The last Democratic candidate for President put himself behind President Eisenhower to the extent of saying he hopes a proposed revision of the Immigration act will succeed in liberalizing it.

Stevenson, a leader among potential Democratic presidential candidates in 1956, told a 300th anniversary celebration of Americans of Jewish faith in a prepared speech:

"When I hear people who sound as though they regretted the fact that they dared come to this country after 1776, I often wonder how different the history of the world might have been if the nearly 40 million people who did come to America between the Revolution and the last war had remained in Europe—how much greater Europe would have been in science, in art, in industry, in moral might and influence; and how feeble and undeveloped our own dear land would be.

"A misguided policy has of late not only prevented us from helping to heal the world's grievous wounds, but has strangled this flow of new talent and energy. We all know that our current immigration laws will soon undergo an urgently needed revision and that the steps recently and at long last announced will succeed."

win even though President Eisenhower should seek a second term.

Stevenson is not expected to make any announcement before November.

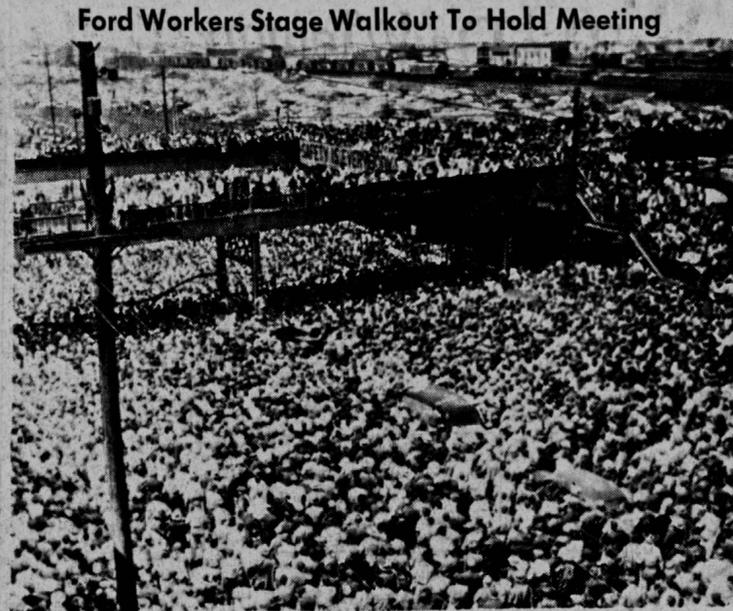

Friends say he privately dispenses criticism that he was "indecisive" concerning the 1956 race.

They say he genuinely was reluctant to run in 1952 because he felt he should have finished his term as governor—a situation that does not apply this time.

If he is not speaking yet concerning 1956, they add, it is because he believes it too early to do so; that the party should indicate a preference rather than

for an individual to push himself into the forefront.

They believe Gov. Averell Harriman of New York would be the most likely candidate if Stevenson were not in the race. But they point out that Stevenson and Harriman are friendly and that Harriman already has announced for Stevenson.

Ford Workers Stage Walkout To Hold Meeting

UAW-CIO MEMBERS employed by the Ford motor company, Detroit, Mich., massed outside gate 4 of the vast plant where they held a meeting to hear reports on contract negotiations between the company and the union. Walkout on jobs for the meeting was general throughout the Rouge plant. Story: Page 1.

Senate Probe Reopens Ward Battle

WASHINGTON (AP)—A replay of the recent proxy battle for control of Montgomery Ward began Wednesday before a senate banking subcommittee.

John A. Barr, chief executive of the big mail order house, was the leadoff witness. He hotly denied that the company had entered into a contract with the

AFL Teamsters Union in return for its 13,500 votes.

Barr succeeded the veteran Sewell Avery as Ward chairman after management turned back Louis E. Wolfson's bid for control. He negotiated the contract with the union during the proxy fight.

ELECT SUI PROFESSOR

Dr. Raymond G. Bunge, professor of urology in the SUI college of medicine, has been elected secretary of the American Urological Research foundation by the organization's board of trustees. The foundation promotes research in the field of urology with grants to scientists throughout the nation.

Pair Sought By Police

State police Wednesday were alerted to be on-the-lookout for a stoop-shouldered man and a red-haired woman who are said to have abandoned an auto belonging to Stuart W. Thoms, C3, Rock Island, Ill., in Cedar Rapids Tuesday.

The auto was taken from Thoms Monday night in a hold-up on the Taft speedway north of Iowa City. Thoms was struck on the head with a flashlight and robbed of from \$3 to \$5.

A Cedar Rapids resident who lives near where the car was found told Cedar Rapids police that a couple parked the car there about 10 a.m. Tuesday.

He described the occupants of the car as a man from 40 to 50 years old, five ft. eight in. tall, weighing from 145 to 150 pounds, and wearing dark clothing and a light shirt.

The woman was described only as being red-haired.

Thoms and Iowa City Police O. A. White returned the auto to Iowa City Wednesday morning.

Senate OK's Postal Raise

WASHINGTON (AP)—The senate voted 78-0 Wednesday to give 500,000 postal workers a pay raise averaging 8 per cent.

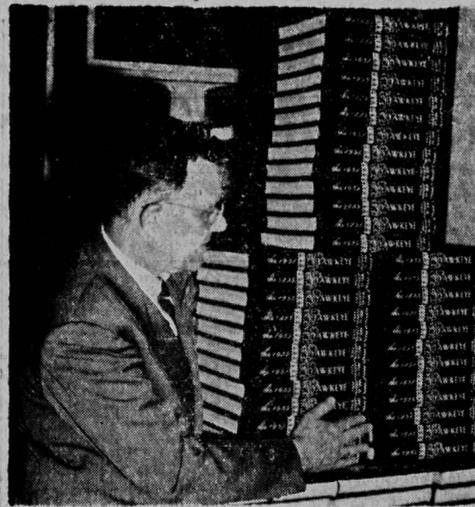

The raise, described by Sen. William Knowland (R-Calif.) as acceptable to President Eisenhower, would be retroactive to March 1. There is a chance the House will act next week, sending the bill to the White House.

Eisenhower on May 19 vetoed a bill to make the raise an average 8.8 per cent. He said the cost—about 179 millions—was higher than necessary and that the bill contained inequities in the post office department pay scales.

PROF. BACH TO SPEAK

Prof. Marcus Bach of the SUI school of religion will speak at a luncheon June 5 at the Lions club annual state convention to be held June 5-7 at Burlington.

900 Hawkeyes Not Distributed

PROF. WILBUR PETERSON, faculty adviser for Hawkeye, and circulation director of Student Publications Inc., is shown as he distributed 1955 Hawkeyes to students. The yearbooks are being distributed at Campus Stores on Iowa avenue.

More than 900 SUI students who have failed to call for their Hawkeye yearbooks, are urged to do so before they leave on summer vacation.

Approximately 2,950 books have been distributed so far, according to Hermann Koch, A4, Sioux City, 1955 Hawkeye business manager. Because of final exams, he explained, only 440 books were given out the second

City Record

BIRTHS

Mr. and Mrs. Jules Untiedt, 107 Templin park, a boy Tuesday at University hospitals.

Mr. and Mrs. William Seaton, R.R. 3, Iowa City, a boy Wednesday at Mercy hospital.

DEATHS

Russell Nelson, 17, Grand Mount, Wednesday at University hospitals.

Roy G. Arnel, 84, Des Moines, Wednesday at University hospitals.

Students who are unable to pick up their Hawkeyes before leaving for the summer should leave 50 cents for mailing and handling costs, and their summer addresses at the publications office at Close hall.

Hawkeyes may be picked up at Campus stores between 8:30 a.m. and 4 p.m. today. Friday the books can be obtained at the publications office.

All students must present identification cards to receive their books.

FRUIT-FREEZE

For use in preserving the fresh flavor and appearance of home frozen fruit, Merck & Co. of Rahway, N. J., has a new product called Fruit-Freeze containing Vitamin C and sucrose. It should be mixed with syrup and the fruit sliced into the solution before freezing or it can be sprinkled on like sugar. It is recommended for such fruits as peaches, apricots, cherries, apples, berries and pears.

Khrushchev Says Reds Would Use 'Good' U.S. Ideas

ZAGREB, Yugoslavia (AP)—Nikita S. Khrushchev, the Soviet Communist party boss, told Yugoslav workers Wednesday the Soviet Union is willing to adopt good American industrial methods.

Khrushchev visited the Rade Koncar electric motor factory here with Soviet Premier Nikolai Bulganin and First Deputy Premier A. I. Mikoyan.

They completed a tour of northern Yugoslavia's industrial centers, then headed back for Belgrade to issue a joint statement of principles with Marshal Tito.

At the factory, Khrushchev asked a workers' representative how the business operates, received an answer on price and trade details, and said he could not understand it.

"Never mind," the Soviet party boss said. "We've got an idea about how you work. It's different from our system, and I'm afraid we can't imitate yours, but don't be offended."

Then, inspecting some of the new plant's American machine tools, Khrushchev added:

"We're even prepared as you are to borrow ideas from the American methods, if we find them good."

The plant is one of the largest in Yugoslavia, employing about 3,600 persons.

Here's a NEW kind of water heater that WON'T RUST... LASTS LONGER because it's ALUMINUM!

The Sensational
RUUD
ALCOA ALLOY
Automatic Gas Water Heater

Aluminum Co. of America Patents Applied for
Costs only a few dollars more than comparable galvanized-tank models yet gives you four big advantages! Provides hot water free of red rust; longer tank life backed by RUUD'S special 10-year protection plan; increased hot water capacity without increased tank size; higher storage temperature for improved operation of automatic washers and dishwashers. Besides, you get all the other benefits of owning a genuine RUUD—product of the first and oldest manufacturer of automatic gas heat heaters. We're enthusiastic about this new water heater development. Come in and see it for yourself.

See the new RUUD-ALCOA-ALLOY before you invest in any other water heating system!

NO MONEY DOWN!!
3 YEARS TO PAY!!

IOWA-ILLINOIS GAS AND ELECTRIC CO.

WATER HEATER PRICES START AS LOW AS... \$77.95 not including installation
Choose from three Alcoa-Alloy models the famous Ruud galvanized line, the new Ruud Enamel line series, the Ruud Models, or the popular Fauchot
