Alabama U. To Appeal Negro Entry Ruling

BIRMINGHAM, Ala. (AP)—The University of Alabama announced Monday that the order opening the school to Negroes will be appealed to the U.S. Supreme Court.

The appeal will be from a Dec. 30 decision by the U.S. Circuit Court of Appeals at New Orleans which upheld the ruling of U.S. Dist. Judge Hobart Grooms at Birmingham.

Grooms held that the university cannot exclude Negroes as students because of their race.

Says Negro Group Aided Alabama Riot

BIRMINGHAM, Ala. (AP)—Alabama Gov. James E. Folsom said Monday that efforts to halt the university rioting had been hindered by the National Assn. for the Advancement of Colored People and "professional outside agitators."

In his strongest stand thus far on current racial unrest, the governor charged at Montgomery:

"If the professional agitators had been interested only in entering a student at the University of Alabama solely for the purpose of pursuing routine classroom work, then they would not have come with their own cameramen and newsmen."

Mrs. Ruby Hurley, regional secretary of the NAACP, said at Birmingham, "The governor has been misinformed. The NAACP did not have newsmen and cameramen on the University of Alabama campus."

'Gift' to Sen. McCarthy Linked to Case Giver

WASHINGTON (AP)—Sen. Joseph McCarthy (R-Wis.) is telling his constituents he voted for the controversial natural gas bill to save them from "higher and higher prices" and possibly a cutoff in the gas supply.

His explanation was made available to newsmen here Monday in the form of a "report to the people." It was understood McCarthy is having 50,000 copies printed for distribution in his home state.

Records in the Wisconsin secretary of state's office of Madison showed that on Nov. 3, 1952, the campaign supporting McCarthy's reelection received a \$2,000 contribution from "N. B. Keck."

Case Probe Jury Calls 2

WASHINGTON (AP)—Two oil company lawyers who figured in the offer a \$2,500 contribution to Sen. Francis Case (R-S.D.) during the Senate scrap over the natural gas bill were summoned Monday to testify before a federal grand jury.

The attorneys are Elmer Patman and John M. Neff. They represent the Superior Oil Co. of California. The grand jury is to hear them today.

Patman has told Senate investigators he turned over the money from personal funds of Harold B. Keck, Superior Oil Co. president, to Neff to be donated to Case's reelection campaign fund.

Neff has testified he passed the money on to E. J. Kahler, business manager of the Sioux Falls, S. D., Daily Argus-Leader, for relay to Case.

Both Patman and Neff swore no strings were attached. A special Senate investigating committee wound up its own hearings with Neff testifying today that the \$2,500 Case rejected was the only contribution he made to any senator.

Which One's My Valentine?

A BIT CONFUSED as he comes bearing a Valentine's gift is John Elman, A4, Des Moines. The pretty misses responsible for Elman's dilemma are Janyce and Joyce Schneider, N1, Lowden.

Three Killed In Gas Blast

TOLEDO, Ohio (AP)—A gas explosion killed three workers in a downtown wholesale meat house early Monday. A fourth, at the center of the blast, survived.

Stanley Damschroder, 55, said that when he flicked his cigarette lighter "the whole place went boom." His fellow workers, Paul Berchard, 54, Melvin Kegelman, 46, and James Libhart, 41, died as the 3-story brick building was demolished.

The 4 a.m. blast in the cooling room of Beagle meats division of Hygrade Food Products Co. also demolished three adjacent buildings, all deserted, and shattered windows for two blocks around.

Fire Chief Arnold Papenhagen, who estimated the damage at \$1 million, said gas exploded, but said he could not determine what kind.

Iowa City Kiwanis To Hear SUI Librarian

Clyde C. Walton, head of the SUI library reference department, will speak to members of the Kiwanis club of Iowa City today.

Walton's subject will be "The Civil War and Lincoln." He also will discuss "Civil War History," a journal printed at SUI of which he is editor.

Adlai Is Unhurt In 35-Foot Fall

TIMBERLINE LODGE, Ore. (AP)—A snow tractor broke through an overhanging snow cornice and rolled over, carrying Adlai Stevenson and five others into a snow canyon on Mt. Hood Monday. No one was hurt in the drop of about 35 feet.

Stevenson, campaigning for the Democratic presidential nomination, said he braced his hands on the metal sides and top of the vehicle as it started to go over. The driver, John Macone of the lodge staff, cut the ignition swiftly as the tractor started to roll.

Ralph Wiese, veteran district forest ranger, said Macone's action prevented a fire. The party, he said, was "very lucky."

Stevenson was in the front with Macone.

The metal top of the tractor was damaged as it rolled. The tractor came to a rest on its tracks and the party got out and scrambled up a grade out of the canyon. They walked the somewhat less than half mile to the lodge where Stevenson has been writing speeches.

"Politics," said Stevenson back at the lodge, "keeps me busy and interested. I have crashed in a helicopter in the Malayan jungle, been in an auto accident on the equator and now have turned over in a Snow-Cat in 50 feet of snow."

The accident happened at about the 7,000-foot level on the 11,245-foot peak.

The Weather

Cloudy & Cooler

It was a nice warm day Monday but the Weather Man said it wouldn't last and predicted cooler temperatures and many clouds.

The high today is expected to be in the mid 20's. The extended prediction is continued cold and partly cloudy.

The balmy temperatures of Monday ended when they were chased by a cold surge of air from northern Minnesota. The Weather Bureau said Monday night there was some possibility of the cold air being accompanied by snow flurries.

Fire 11 Shots at Fleeing Car—

Police Nab 4 Youths After Wild Chase Here

Two of the four youths arrested after a "cops and robbers" chase through downtown Iowa City early Sunday morning were charged by police Monday.

Gary Howard Smith, 16, 717 S. Capitol St., driver of the car which fled in the midst of 11 shots from pursuing police through the downtown area and out onto Highway 218 south of the city, was charged with reckless driving, driving without an operator's license, resisting arrest and having improper plates and registration.

The owner of the car, Jerald Hosier, 15, was charged with improper use of license plates on his car. The charge had been filed against him earlier in the week, but police had been unable to locate him.

To Consult Attorney Smith was given time in police court Monday to consult an attorney. Hearing on the charges was set for 8 a.m. Wednesday. He was released in custody of his mother without bond.

Hosier pleaded innocent of the charge against him, and was released without bond to his mother. Hearing on the charge was scheduled for 8 a.m. Friday.

Police also identified Smith as the youth who threatened two persons with a knife Friday night at the Elks club in Iowa City.

Two Others Charges are pending against the other two occupants of the car, Ray Hawkins, 16, and Keith Herman, 14. Both are from Iowa City.

The boys were driving through downtown Iowa City about 2 a.m. Sunday when Capt. George R. Hall and Patrolman Ronald R. Dreyer in a patrol car became suspicious and began to follow. The officers noticed that license plates on the front and back of the car did not match.

They said they attempted to stop the car to question the driver on ownership of the vehicle. However, when the youths noticed they were being followed, they increased their speed, raced through red lights and cut through alleys in an attempt to lose the patrol car, officers reported.

90 Miles an Hour Two more police cars joined in the chase, which led onto the open highway at speeds in excess of 90 miles an hour.

Several shots were fired during the chase, first in the air in an attempt to frighten the boys to a halt, then at the gas tank and tires on the fleeing car.

Police said the boys nearly hit three on-coming cars and almost sideswiped a truck. At one point, they reported, the youths' car spun around on ice and almost turned over.

The car was finally stopped after a bullet hit the right rear tire about a mile north of Indian look-out hill on Highway 218, or about two miles south of Iowa City.

Police found several tires in the trunk of the car which they said were believed to be stolen from a farm near here last Thursday.

THESE ARE THE HOLES left by police bullets in the trunk of a fleeing automobile early Sunday. The inset photo shows the bullet pierced tire which finally ended the chase.

Ike Gets Report On Heart Today

World's Reds Meet Today In Moscow

By RICHARD K. O'MALLEY

MOSCOW (AP)—Leaders of world communism assembled in Moscow Monday night to hear from Soviet party boss Nikita Khrushchev the line Communists will follow in the Soviet Union and abroad for the next four years.

Khrushchev will open the 20th Congress of the Communist party in St. George's Hall of the Grand Kremlin Palace today with a speech which is expected to be an important pronouncement.

But what he has to say will not be made public until the party decides to permit publication of the speech. The congress sessions will be in secret.

Expect Long Speech

The Communist party newspaper Pravda customarily prints the texts of such speeches, beginning the day after the opening session. Khrushchev's, however, may be so long that it will have to be released in installments over several days.

His review of Soviet and world affairs is the first item on the program. It is to be followed by a financial report by Soviet Premier Nikolai Bulganin describing the already published 5-year plan. Then will come elections to the Central Committee, the controlling board of the party.

Delegates from every part of the Soviet Union are crowded into the capital. Communist party members—seven million in the Soviet Union's population of 220 million—are the elite. They have the top jobs, the big cars, the best apartments and the country homes.

Reds from Abroad

From abroad have come party chiefs like Maurice Thorez and Jacques Duclos of France, Palmiro Togliatti of Italy and Harry Pollitt, George Matthews and Palme Dutt of Britain. There is a big delegation from China on hand, too.

The congress coincides with the sixth anniversary of the Soviet-Chinese alliance and there is speculation that a new and dramatic move in relations between the two biggest Red powers will be announced.

Conspicuously absent are delegates of the Yugoslav Communist party, despite the highly publicized reconciliation after Bulganin and Khrushchev journeyed to Belgrade last year.

WASHINGTON (AP)—President Eisenhower will get a Valentine Day medical report today on the condition of his heart. Wednesday he will leave for a vacation in Georgia, and he may reach a final decision there on whether to seek reelection.

A team of physicians including Dr. Paul Dudley White of Boston, will meet at the White House about noon today to start analyzing the results of a series of tests the President underwent Saturday at the Army's Walter Reed Hospital.

Tell of Strain

The doctors will tell Eisenhower how his heart is standing the strain of the presidency more than 4½ months after suffering a coronary thrombosis in Denver last Sept. 24.

His last full-scale examination was, in mid-December.

The physicians said then they should know by the middle of February just how complete Eisenhower's recovery was going to be.

The President plans to weigh the results of the new physical in deciding whether to run again, but he told a news conference last week he probably will rely more on how he feels than on the doctors' reports.

Enough Information

The President said last week he should have enough information by March 1 to make up his mind about bidding for a second term.

James C. Hagerty, White House press secretary, said Monday the President will leave by plane Wednesday morning for about a week's vacation at the 600-acre plantation of Secretary of the Treasury George Humphrey at Thomasville, Ga.

The doctors probably will permit him to do some quail hunting there, and he may get in a bit of practice golf.

To Announce Decision

The President said last Wednesday that he probably would announce his decision regarding a second term at a news conference, once he has made up his mind.

Hagerty said Eisenhower will hold no news conference this week because of his scheduled departure for Thomasville on the day he usually meets with newsmen.

He would not completely rule out the possibility of an Eisenhower news conference during his stay in Georgia, but he said he thought it unlikely.

Mother, 4 Children Clubbed to Death

SHERBROOKE, Que. (AP)—Four children and their pregnant mother were found clubbed to death Monday in their modest home here.

The husband and father, known to neighbors as a devoted family man, was taken into custody as a material witness on a tip from his brother, a parish priest at nearby Waterloo, Que.

Police said the victims—Mrs. Romeo Drapeau, 38, her three sons, Claude, 7, Pierre, 6, and Michel, 3, and a baby daughter, Manon—were beaten to death with an ax and a heavy stick.

Neighbors said Drapeau, an accountant, had complained recently of being tired and run down.

Indonesia Cuts Its Netherlands Ties

JAKARTA, Indonesia (Tuesday) (AP)—Indonesia Tuesday cut its last political ties with the Netherlands. The government said cancellation of all financial, economic and cultural treaties between the two nations will follow soon.

Monday's action abolishes the special Indonesian-Dutch diplomatic status, established under the 1949 treaty granting independence to Indonesia, a former Netherlands' colony. The step was decided on at a 3-hour emergency Cabinet meeting. Foreign Minister Sjamuddin Sutan Makmur said it is effective immediately.

Didn't Call Truman A Traitor: Nixon

NEW YORK (AP)—Vice President Richard M. Nixon said here Monday he never called Harry S. Truman a traitor, as the former Democratic President complained.

"In all my public speeches and private talks I have always said that the loyalty of Truman, Adlai E. Stevenson and all the leaders of the Democratic party should not be questioned—only their judgment."

Truman several times recently has accused Nixon of calling him a traitor during 1952 campaign talks "all over the West."

Earthquake Jars Tokyo

TOKYO (Tuesday) (AP)—An earthquake hit Tokyo with a crack and a long roll at 9:54 a.m. Tuesday but the city apparently escaped damaged.

The underground jolt rattled and shook big steel and concrete buildings for about 30 seconds.

The Central Meteorological Observatory said the quake hit 4 on a scale of 7 for maximum intensity.

The center of the quake was about 50 miles north of Tokyo and 30 miles underground. The earth apparently absorbed most of the shock and held damage to a minimum of shattered glassware and nerves.

Few residents could recall such a violent shake in the capital since the war. Two smaller quakes rocked Tokyo last Friday.

Residents of big office buildings in the world's third largest city burst into the streets.

Residents in flimsy wooden houses outside the downtown area reported their homes were buffeted so badly it was difficult to stand.

Europe Cold Toll At 390

LONDON (AP)—Avalanche disasters in Yugoslavia and new storms boosted the death toll to 390 Monday night in the third week of Europe's coldest wave of the twentieth century.

Belgrade radio said 50 Yugoslavs lost their lives and another 19 were gravely injured in slides that buried seven villages in the mountains of southern Yugoslav Macedonia. Many others were missing.

The crash of a mercy plane added to the toll.

Yugoslav troops joined mountaineers in rescue efforts but were handicapped by snowdrifts 12 feet deep in places. A relief train with doctors, equipment and food bucked its way through the snow to the stricken area.

In Austria, two women were believed killed in avalanches. More than 600 villages in Italy, France, Greece and Yugoslavia were isolated by the snow.

The wreckage of a Greek air force Dakota—on a mercy flight with 17 persons aboard was spotted on 5,800 foot Mt. Dyrphis, 50 miles north of Athens.

Rescue parties were not expected to reach the scene before Tuesday because of heavy snow. They held out little hope of any survivors.

The coldest spot in Europe was in Sweden's far north, where the mercury sank to 41 below zero.

Europe's ice-choked rivers and canals halted transport of heavy tonnages of fuel and other supplies. Some of Europe's biggest cities are beginning to feel the pinch of short supplies.

Ike Inspects New Cold War Weapon

WASHINGTON (AP)—The government Monday showed off its latest weapon in the war of ideas against the Communists. It's called "People's Capitalism in the USA."

President Eisenhower, making his first public appearance at such an event since his heart attack last September, was the first to inspect the exhibit and was "delighted."

The exhibit will be shipped to Europe and Asia for display.

It's a visual study of American life—industrial, cultural, religious, social. Its high spots are a cut-away version of a 1776 model house and a spanking new prefabricated home replete with electrical gadgetry.

CITY COUNCIL MEETING The regular meeting of the city council will be held at City Hall at 7 p.m. Tuesday. Only routine business is expected to be handled at the session.

The Daily Iowan

The Daily Iowan is an independent daily newspaper, written and edited by students. It is governed by a board of five student trustees elected by the student body and four faculty trustees appointed by the president of the university.

The Iowan editorial staff writes its editorials without censorship by administration or faculty. The Iowan's editorial policy, therefore, is not necessarily an expression of SUI administration policy or opinion.

The Iowan, in the terms of a policy statement adopted by trustees in 1946, "will try to act as a good citizen of the SUI community and the community of Iowa City. . . . The Daily Iowan conceives its owners to be the whole constituency of the University, past, present and future. It will endeavor to hold the good of the University in trust for these owners. . . ."

The Golf Lift Gab

"Let's forget about the facts of the issue and talk about the principle," a Congress man once said on the floor of the United States House of Representatives.

The Iowa State Board of Regents approved a \$16,000 golf lift for the Finkbine golf course last week with board member Roy Stevens of Ottumwa casting the only dissenting vote.

The lift will transport golfers up a hill between the 13th tee and green. It will cost \$16,000 and will be financed on a self-liquidating basis by the fees paid for its use. It should also encourage more golfers to play the last nine holes of Finkbine golf course and increase the course's revenue.

Stevens was joined in his opposition by State Sen. George O'Malley (D-Des Moines) who said that \$16,000 was too much to pay for such a device when SUI needed capital improvements and increased salaries for instructors.

The board members, nevertheless, are standing by their decision. This is where the matter rests.

It is true that there is much to be said against spending \$16,000 for a golf lift. It can be argued that anyone who wants to play golf should walk up a hill. Isn't exercise one of the main reasons for playing golf? Is the hill so steep that a healthy person (or one healthy enough to play golf) could not negotiate it?

These are good questions. But we won't waste the space arguing one side or the other. They are irrelevant to the issue because . . .

1. The taxpayers money is not being used.
2. The money comes from the athletic fund, which is made up of gate receipts from athletic events.
3. Money from the athletic fund cannot be used to pay the salaries of instructors or build new buildings.
4. Big Ten rules forbid the use of athletic money for any other purposes.

Stevens, in dissenting, made this observation:

"One day we are informed that we need a lot of money for faculty salaries and equipment at the university and we are told how the university soon may deteriorate. The next day we find we have so much money in the athletic fund we don't know what to do with it."

This sounds like good business sense. One might carry it further and ask why a Big Ten rule should prevent SUI from using surplus athletic money for new classrooms and instructors salaries.

The answer is that the Big Ten rule is a safeguard against a runaway athletic program.

Suppose this athletic money could be used for buildings and salaries. Top flight athletic teams would bring in a lot of money. A school would be tempted to recruit (and pamper through school work) a horde of athletes. Cut-throat recruiting and neglect of academic values could result. A university could make the matter right to itself by saying that the athletic money was paying for a better educational institution.

When athletic money cannot be used for non-athletic purposes these things are not possible.

This is election year. The increase in state taxes of last spring will be the main issue. Any candidate who can show a way in which too much money is being spent will get listeners and votes. A lot of money is spent at Iowa's three state college-level institutions. This makes them easy targets.

SUI has always welcomed fair comment and criticism on its operation. But no university can operate successfully when it becomes a political football.

SUI does not have so much money it is looking for ways in which to get rid of it. The possibility of limited enrollment this fall and our present over-crowded classrooms are tragic proof of this.

A Blow for Democracy

The poor old South has been given a black eye during the past few months by the Emmett Till murder, the actions of Georgia's Gov. Martin Griffin and the townspeople-led student riots against Autherine Lucy at Alabama University.

Those who dislike prejudice are often discouraged by these happenings and can see nothing but continued (and even increasing) intolerance in years to come in Dixie.

Then an item like this appears and makes them realize that a more tolerant generation is growing up in Dixie and rebelling against the bigotry of its fathers:

LIBERTY, Okla. (INS)—Members of the Liberty High school girl's basketball team have voted to disband because they were not permitted to play in a tournament in which Negro teams were to participate.

Six members of the boys' team turned in their uniforms for the same reasons but were later persuaded to finish out their regular season's schedule.

Mrs. N. S. Hildebrand, coach of the girls, said the school board ruled against letting either team play in the tournament. The area has a large Negro population, with schools still segregated.

Oklahoma is not the Deep South. It is a border state, where prejudice is not as deep-rooted. In Oklahoma, Texas, Arkansas, Kentucky and Maryland steps have been taken to end segregation.

In these border states, racial segregation is dying out. When it leaves these states and gives the Deep South a border of integrated areas, segregation will be on the crumble there, too.

CHRISTIAN SCIENCE MONITOR—The Soviet position in the eyes of the world is improving. It is gaining acceptance. It is more respectable than it was five years ago. The time has come when it can be dangerous to reject a hand of friendship even when we know that the gesture is intended for propaganda purposes.

SIoux CITY JOURNAL—Without going to extremes at all, it should be possible (for the State University of Iowa) to maintain a large student body of interested and willing students without either admitting everyone or creating a body of intellectual elite which no ordinary citizen is interested in doing, would permit.

Parking Plans Vary

Institutional attitudes affect solutions to campus transportation problems

(Editor's Note: This is the final article of a series on university parking by Wells Bennett, Mr. Bennett, dean of the College of Architecture and Design at the University of Michigan, is interested in city and university traffic problems. The article was taken from Traffic Quarterly.)

By WELLS BENNETT
The University of Minnesota has had paid parking in effect for some years. It was in effect this fall at Michigan.

Several ways to collect parking fees have been suggested. Probably the simplest is the cash purchase by the eligible employee of a parking permit each year. In one institution where the situation is less acute, a permanent permit good for the individual's tenure of employment is issued for a small charge. The following are variations:

1. A salary adjustment to compensate for whatever parking charge may be established; a device possibly difficult to administer.
2. A graduated charge for permits; top administrators and distinguished professors paying the highest fee, janitors the least, would have the merits and faults of an income tax.

IT WOULD SEEM workable only if prior claim to parking space accompanied rates in proportion to the amount assessed. There might be complaints by those with lower salaries who do not go to the campus every weekday.

3. A permit charge deducted monthly from the holder's pay check may be relatively painless in an age of installment buying and fringe benefits, but might trouble those who prefer to pay cash.

4. Campus parking meters encounter objections such as the finding of change for daily use, and the probable absence of change machines or the handy small store or filling station often found convenient by street parkers.

Some employees would feel that one is paying too much for a short stay, or too much for a long one. Some object to a machine in the campus scene.

AS AN EXAMPLE of thoroughly organized paid parking in practice the University of Minnesota, to the best of the writer's knowledge, is an outstanding example. Some details of its operation and some generalizations as to their significance will illustrate many of the points this report has attempted to make.

On the Minneapolis campus there are some 8,000 staff and for them, plus a limited proportion of some 20,000 students, over 4,900 spaces are provided. More than 3,600 spaces are in parking lots; over 1,200 in parking garages. The last of these structures, an above-grade ramp, recently completed, has 463 spaces. The others, largely underground, are integrated with buildings. There is little arranged street parking.

There is a remarkable range in the administration of the lots designed to accommodate a variety of needs. Some spaces are obtainable on contract for twenty-four hours storage at \$9 a week, others for a shorter daily period rent at \$4 a month. With contract lots, proportionate assignments for desirable spots such as the Auditorium is made in order to faculty, office staff, and students. Those with such contracts have the privilege of renewal and it is usually only when a faculty or other staff member retires that his or her place becomes available.

THE PROPORTION of students in these choice locations is small but it is maintained. Students on the waiting list have an opportunity to succeed graduating students. On the whole, there is little turnover other than under the conditions named.

Another remarkable feature of the Minnesota system is the manning of the lots almost wholly by students. These men, carefully trained, and scheduled for hours on the job, work out their timing each semester with their college curriculum program.

Classes change on the hour; these working hours begin and end on the half-hour. Students supervise usual contract lots and if desired, will park or bring out cars for a patron. Two or three men are on duty each shift in the Continuation Center garage for 215 cars.

In general, institutional attitudes are flexible as the institution balances the need for convenient spaces against questions of ways and means. Three approaches are of interest.

THE UNIVERSITY OF COLORADO at Boulder, with 8,700 students, stands in a beautiful and dramatic mountain setting.

Against the rugged natural background, the open waterways, green lawns, and handsome plantations of trees and shrubbery have great charm and integrity. The administration steadfastly refused to sacrifice these open green areas for badly needed parking lots.

It has not been possible to keep the campus streets clear of parking but probably this concession is the least of possible evils, if it continues to suffice.

Visually the University of Wisconsin has been at considerable pains to relate parking lots to buildings by inconspicuous drives and careful planting. The essential function is served, though not with enough spaces, and the character of belonging is achieved.

IN A RECENTLY DEVELOPED area for engineering in a level and open area a pleasant perspective is being created with raised, curbed islands between rows of angle parking. These are islands wide enough to permit the adequate planting of shrubs and trees providing an immediate greenness of effect with the promise of shade in summer as the planting develops. Parking here has been thought worth maintaining with some character.

At Michigan the inadequacy of blacktopped lots has been faced by a decision to consider the building of parking ramps. Studies are in process. As an interim step two forms of parking charges are in effect this fall, open to those eligible to permits last year. Two types of permits are to be issued for staff parking:

1. Staff permits: Any eligible member of the staff may elect to receive this type of permit. It will be available to the applicant at a fee of \$20 and will expire June 30, 1956.
2. Meter permits: Any eligible member of the staff may elect to receive this type of permit in lieu of the staff permit. It will be issued without cost to the applicant and its use is restricted to metered parking lots. The meter fee is two hours for five cents and the fee is required at all times between 6 a.m. and 6 p.m. daily, Saturdays, Sundays and holidays excepted.

Quick Quotes

PRESIDENT EISENHOWER—

"For decades, Connie Mack has typified to the American people sportsmanship of the highest order. He will long be remembered by us all for the inspiration he gave the American youth as a leader in the most loved of American sports."

HENRY WADSWORTH LONGFELLOW—"Man is unjust, but God is just, and finally justice triumphs."

REP. WALTER JUDD (R-Minn.)—"It is a historical irony that the Kremlin preaches only materialism, but wins through appeals to men's ideas and emotions—while we denounce materialism, yet practice it in our programs."

RUSSELL KIRK (Chicago Review)—"Americans must think less and less about doubling or tripling the standard of living and more about what makes life worth living."

BILLY GRAHAM—"I would suggest that the United States give Nehru one of our streamline trains—or a new Cadillac, pure white, as a token of his efforts toward world peace."

The Rev. Billy Graham

HARRY S. TRUMAN—"We are going to give the people a chance to vote for a President . . . and not a regency or a part-time chairman of the board."

CONSTITUTION OF UNESCO—". . . since wars begin in the minds of men, it is in the minds of men that the defenses of peace must be constructed."

DAN KIDNEY (Scraps-Howard Newspapers)—"Some oldtimers can remember when the farmer's daughter got more attention than the farmer's vote . . ."

GUY MOLLET—"There is only one rule beginners need to remember: it is impossible to guess the pronunciation of an English word by its spelling."

ADLAI STEVENSON—"True integration requires more than the mere presence of children of two races in the same classroom; it requires a change in the hearts and minds of men. No child can be properly educated in a hostile atmosphere."

General Notices

General Notices must be left at The Daily Iowan office, Room 201 Communications Center, by 5 a.m. Monday for publication in The Daily Iowan on Tuesday. Notices for other week days must be in by 5 p.m. two days prior to publication. They must be typed or legibly written and signed. They will not be accepted by phone. They will not be published more than one week prior to the event. The Daily Iowan reserves the right to edit notices.

WEIGHT TRAINING—The Weight Training Room, located above the swimming pool of the fieldhouse, will be open on Mondays, Wednesdays and Fridays between the hours of 3:30 p.m. and 5 p.m. It is available for use by all University students during these hours.

NORTH GYM—The North Gymnasium of the fieldhouse will be open each Saturday between the hours of 1:30 to 5 p.m. for the recreational use of all University students. To gain admittance students are required to present their identification cards at the North cage door.

COMMERCE WIVES—There will be a social meeting of the Commerce Wives on Wednesday, Feb. 15, at the Iowa Memorial Union in Conference room 2. Bowling at 7 p.m. for those interested and card playing at 8 p.m. All new commerce wives are cordially invited.

TV STUDY—The Student Organization for Television Study will hold a special meeting today at 7:30 p.m. in the television lab. A teleplay, "The Life Line" will be presented by the members. Anyone interested in the organization is invited.

SIGMA DELTA CHI—Sigma Delta Chi, journalism fraternity, will hold a luncheon meeting today at 12:30 in the cafeteria alcove of the Iowa Memorial Union. Prof. Jim Jordan, director of University Relations, will speak, making "some observations on public relations and the media."

ORDER OF ARTUS—The initiation banquet of the Order of Artus will be held today at 6:30 p.m. in the Iowa Memorial Union private dining room.

STUNTS AND TUMBLING—The WRA Stunts and Tumbling Club will resume its bi-weekly meetings on Tuesday and Thursday at 4 p.m. starting today.

PH. D. EXAMS—The "tool" examination in ACCOUNTING will be given in room 217 University Hall beginning at 1 p.m. Thursday, Feb. 23. Students expecting to take this examination should notify the secretary, room 213 University Hall, by Feb. 20.

The "tool" examination in ECONOMIC THEORY will be given in room 102 University Hall beginning at 1 p.m. on Friday, Feb. 24. Students expecting to take this examination should notify the secretary, room 106 University Hall, by Feb. 22.

The "tool" examination in BUSINESS STATISTICS will be given in room 102 University Hall beginning at 1 p.m. on Monday, Feb. 27. Students expecting to take this examination should notify the secretary, room 106 University Hall, by Feb. 22.

BAKED BEAN SUPPER—An old-fashioned baked bean supper, sponsored by the Home Economics Club, will be given Thursday, Feb. 16 at 6 p.m. in the dining room, Macbride Hall. Tickets may be purchased in room 117, Macbride Hall, for 75 cents.

BRIDGE TOURNAMENT—The National Intercollegiate Bridge Tournament will be held during the week of Feb. 20-27. All entries, due Feb. 20, should be turned in to the Information Desk where extra blanks may be obtained. An entrance fee of 50 cents will be charged to comply with the tourney ruling.

GRADUATE CLUB—There will be a meeting of the Graduate Club today at 7:30 p.m. in the river room of the Iowa Memorial Union. There is to be a brief election, cards, a movie and dancing.

DELTA SIGMA PI—Delta Sigma Pi, commerce fraternity, will have a smoker today at 7 p.m. on the sunporch of the Iowa Memorial Union. All commerce and pre-commerce students are invited to attend.

ZOOLOGY SEMINAR—The zoology seminar will meet Friday, Feb. 17, at 4:10 p.m., room 201 of the Zoology building. Dr. R. V. Bovbjerg will speak on "A Pacific Marine Research Program."

PHYSICS CLUB—A Physics Club meeting will be held Thursday, Feb. 16, at 8 p.m., room 311, Physics building. Prof. F. Rohrlich will give the first of two talks entitled "On the Special Theory of Relativity."

PENGUINS—The women's swimming club, Penguins, will meet today at 4:30 p.m. in the Women's Gym. All girls interested in learning synchronized swimming are invited to attend.

BETA ALPHA PSI—A meeting of the accounting fraternity, Beta Alpha Psi, will be held Wednesday, Feb. 15 at 7 p.m. in the Pentacrest room of the Iowa Memorial Union. Richard Clair, of Arthur Anderson and Company, will speak on "The Auditor's Position in the Business World."

SIGMA THETA EPSILON—A stag party for Sigma Theta Epsilon, the religious fraternity for Methodist men will be held Tuesday, Feb. 21 at 7:30 p.m. at Wesley House. All actives and others interested in becoming members are invited to attend.

CHINESE STUDENTS—The dinner party of the Chinese Student Club will be held at 7 p.m. Friday, Feb. 17 at the Fellowship Hall of the First Baptist Church, 500 N. Clinton.

YOUNG DEMOCRATS—The SUI Young Democrats will meet today, at 7:30 p.m. in the Pentacrest room of the Iowa Memorial Union. State Representative Scott Swisher, of Iowa City, will speak on "State Welfare."

HILLEL—Tickets for the Passover Sedar, Monday, March 26, are now on sale. A Purim party will be held Saturday, Feb. 18.

AFRICAN ART—The Graduate College and The Humanities Society will present William Fagg of the British Museum, speaking on "The Nature of African Art," Thursday, Feb. 16 at 8 p.m. in the Art Building auditorium.

PHI ETA SIGMA—Graduating seniors who plan to work for graduate degrees and who are members of Phi Eta Sigma, freshmen honor society should get in touch with Harry H. Crosby, faculty adviser, by phoning 8-2319. The National Phi Eta Sigma Fraternity offers two \$300 scholarships each year on the basis of the student's scholastic record, evidence of creative ability, evidence of financial need, promise of success in chosen field, and personality. Deadline for application is Feb. 15.

BOOK EXCHANGE—Persons interested in working at the Student Council Book Exchange during the weeks of Feb. 6-10 and 13-17 can contact Margaret Kimmel at the Alpha Xi Delta house, phone 2185.

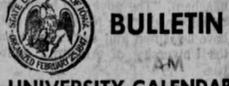

FLYING CLUB—The monthly meeting of the Iowa Flying Club has been postponed to Thursday, Feb. 16 at 7:30 p.m. in the recreation conference room of the Iowa Memorial Union. Anyone desiring more information about the club is invited to attend.

BILLY MITCHELL—The Billy Mitchell Squadron will meet at 7:30 p.m. today in the club rooms.

EDUCATION WIVES—Education Wives will meet at 8 p.m. today, Mr. Sarang Iyer, SUI student from Lucknow, India, will speak.

ART GUILD—Membership cards for admittance to the Art Guild spring film series may be purchased by mailing a check for \$2.50 to the Art Guild Film Committee, Department of Art, SUI. The film series will begin Feb. 24 with "The Affair Blum."

Finalists Announced For Honorary Title

Five finalists for the title of Honorary Cadet Colonel, which will be conferred at the annual Military Ball, March 2, have been selected by the Advanced Corps Cadets of the AFROTC and ROTC.

The names of the finalists, usually not announced until the night of the dance, were made public this year by Col. James A. Scott, professor of military science and tactics at SUI.

The girls are: Janet Hall, A4, Iowa City; Joby Rankin, A4, Tracy; Marilyn Ray, A4, Park Forest, Ill.; Janet Stanzel, A4, Sac City; and Barbara Work, A4, Homewood, Ill.

The original field of 27 candidates representing women's housing units was narrowed to 10 by a faculty board. The group was narrowed to five by the Advanced Corps Cadets who also picked the Honorary Cadet Colonel from the five. The winner will be announced at the dance.

To be eligible for the Honorary title, candidates must be seniors with a cumulative grade point average of 2.5.

The title holder becomes an honorary member of the SUI military fraternities. She and her four attendants will be special guests at several military reviews in the spring.

Miss Avery,
Dr. Culley
Wed Jan. 28

Named Queen of 'Cupid's Cotillion'

Miss Alyce Venzke

Alyce Venzke, A2, Iowa City, Friday was presented as queen of "Cupid's Cotillion," Independent Student's Dance held at the Mayflower.

Tom Robinson, A4, Iowa City, president of the Town Men, presented the queen and her court at 10:30 p.m. during dance intermission. Miss Venzke was voted queen from a field of four candidates by ticket buyers.

Attendants to Miss Venzke were Janet Sawyer, A1, Bettendorf; Carole Morton, A2, Perry; and Louise Welter, A2, Iowa City.

GIRL SCOUT COUNCIL
The board of the Cardinal Council for Girl Scouts will meet today at 8 p.m. in the Girl Scout Lodge Rooms, 119 1/2 E. College.

DON'T GET MARRIED . . .
Without seeing our Bridal Services . . . Invitations, Napkins, Matches, Wedding Books, etc.

HALL'S
127 South Dubuque

Miss Leola Marguerite Avery, daughter of Mr. and Mrs. Roy Avery, Newark Valley, N.Y., and Dr. Jack Frederick Culley, director of the SUI Bureau of Labor Management, were married Saturday, Jan. 28. Dr. Culley is the son of Mr. F. B. Culley of Long Beach, Michigan City, Ind., and the late Mrs. Culley.

The Crawford Chapel of the First Methodist Church, on the Cornell University campus at Ithaca, N.Y., was the scene of the wedding, which took place at 4 p.m. The Rev. Henry G. Budd performed the ceremony.

Mrs. Culley was graduated from Houghton College and was employed as a secretary at North American Aviation Co., Long Beach, Calif. Previously she was secretary to the dean of the School of Industrial and Labor Relations at Cornell University.

Dr. Culley was director of industrial relations for the A. L. Garber Co. in Ashland, O., before coming to SUI last fall. He has taught at Cornell University and Allegheny College and has served as a consultant for a number of industrial firms in New York, Pennsylvania and Illinois.

He received the B.A. degree from Grinnell College and the M.S. and Ph.D. degrees from Cornell University. Dr. Culley also has studied at the Universities of California, Cincinnati, and Mexico.

The couple is residing at 522 Grandview Court.

Student Reacts to Greek 'Chaining'

By ART BERGER

A great wit and wise soul once said, "Ah that we could fall into woman's arms without falling into her hands." He disappeared later into the wilds of the Brazilian jungles.

But hands are not enough for the engaging coeds here at SUI. They do not even consider pinning a man down as sufficient, and so resort to a curious custom called chaining.

Most people new to SUI, or not members of the fraternity-sorority world, do not know what chaining really is.

Chaining is a procedure used by captivating sorority girls to visibly demonstrate a new level of personal affection. Some cynics call getting chained "hooked" but this has not yet become popular with the Greek set.

Chaining got started because sorority girls wanted an intermediate step between getting pinned and getting engaged. So a chain reaction took place.

A society was organized, its motto being "It's time for a change." Its first president, in absentia, was Lon Chaney.

There is a story about one girl who got tired of her beau, so she gave him back his paraphernalia and ditched him saying she felt that she could make a change for the better. She left him humming the "Un-chained melody."

The fellow became so distraught that he became a chain smoker.

The chaining movement has been linked to many of the great internal socio-economic forces working in America, such as Woman's Suffrage and Prohibition. The logic of their position can be easily seen.

To paraphrase an old Marxian saying . . . "Frat men of the world, fear not the dames . . . you have nothing to lose but your chains."

Maltby Group Billed For Military Ball

Richard Maltby and his orchestra have been billed to play for the Military Ball in the Main Lounge of the Iowa Memorial Union, March 2. It has been announced by band committee chairman, Cadet Lt. Col. Robert E. Newton, A4, Muscatine.

Maltby has played extensively at the Cafe Rouge in the Statler Hotel in New York City. His arrangements have been said by critics to resemble those of the late Glenn Miller.

The Maltby instrumentation is along the standard lines and he leans toward standard tunes a little more than pop numbers.

His band includes five reeds, three trombones, four trumpets and four rhythms. His vocalist, Frankie Crockett, her real name, specializes in ballads.

The Maltby group has made a number of recordings, including an album of the Broadway musical, "Damn Yankee." It has also backed several vocalists. One of its best known records was with Gisele MacKenzie singing "Hard To Get."

Tickets for the dance are now on sale. Freshman and sophomore military students as well as advanced Corps Cadets may purchase the tickets at military classes and at Air Force and Army drills.

Hostesses will be Mrs. Don Hadwiger and Mrs. Ralph Runkle. Bridge will follow the program.

Those interested in attending should telephone Mrs. John Von-Berg, 6232, before Tuesday noon.

SUI'tems

FRESHMAN Y
A Freshman Y meeting will be held today from 4:30 to 5:15 p.m. in the River Room of the Iowa Memorial Union. A Valentine program is planned.

THETA XI
Theta Xi social fraternity recently held a dinner for members and alumni. Clinton Moyer, state public safety commissioner and chapter alumnus, was guest of honor.

PHI MU ALUMNAE
Phi Mu Alumnae Club will meet in the home of Mrs. Frank Kinney, 740 Kirkwood Ave., Wednesday at 6:15 p.m. for a Founder's Day Dinner.

The dinner will be in observance of the 104th anniversary of the national fraternity, which was founded March 4, 1852, at Wesleyan College, Macon, Ga.

Election of officers will follow a short business meeting. All Phi Mu members and alumnae are invited to attend.

Newcomers Plan Movies, Bridge

The Newcomers' Association will see movies of Mrs. Thomas Samson's trip through Europe at 7:30 p.m. Wednesday at the Iowa Memorial Union.

Hostesses will be Mrs. Don Hadwiger and Mrs. Ralph Runkle. Bridge will follow the program.

Those interested in attending should telephone Mrs. John Von-Berg, 6232, before Tuesday noon.

CHOCOLATE ZOO

Your small fry will love a "chocolate zoo." Make it by dipping animal crackers in two squares of unsweetened chocolate (two ounces) melted with a half teaspoon of shortening. Dry the chocolate-dipped animals on a wire rack.

Home Ec. Club Plans Bean Supper

MAKING PREPARATIONS for the baked bean supper Thursday beginning at 6 p.m. are, left to right, Sue McDermott, A3, Ottumwa; Janie McCoy, A3, Dubuque, and Jody Myers, A3, Waterloo, members of the Home Economics Club which is sponsoring the event.

The Home Economics Club will hold an old-fashioned baked bean and brown bread supper Thursday beginning at 6 p.m. in the dining room at Macbride Hall.

The traditional supper will also include salad and dessert. Tickets are available in the home economics office, Room 117, Macbride Hall, for 75 cents.

Joye Wardecker, A3, Lombard, Ill., is general chairman of the event. Other committee chairmen are: Yvonne Waskow, A4, Cedar Rapids, beans; Sue McDermott, A3, Ottumwa, bread; Kitty Holmes, A3, Waterloo, salad; Karen Greenwood, A2, Sidney, beverage; and Karlen Sutton, A3, Clinton, dessert.

Faculty advisers for the committee are Miss Ruth Baldwin, Mrs. Robert Caldwell, Miss Margaret Osborne, Miss Lula Smith and Miss Harriet Stevens.

On the publicity and ticket committee are Prof. F. Eugenia Whitehead, head of the Home Economics Department, and Karen Piper, A2, Decorah.

Miss Margaret Keyes and Prof. Merle Ramer, both of the Home Economics Department, and Kathryn Falb, A3, Postville, are in charge of decorations, clean-up and service.

Benefit Bridge Set By Alumnae Group

A Benefit Dessert Bridge will be held by the Alpha Chi Omega Alumnae Club today at 7:30 p.m. at the chapter house.

The Bridge is held annually with benefits given to the Hospital-School for Severely Handicapped Children.

Chairman of the Benefit this year is Mrs. D. D. Schulz. Mrs. Langdon Longstreth and Miss Carole Gath-out are committee members.

Chantiny To Speak at City High PTA Meeting

The City High School Parent-Teacher Association will meet Wednesday at 8 p.m. in the Little Theater of City High School.

Prof. John Chantiny, of the SUI Child Welfare Department, will speak on "What Parents Look Like to Teenagers." Group discussion will follow.

THE CARE AND FEEDING OF ROOM-MATES

Today we take up room-mates, a delightful phenomenon of American college life. Having a room-mate is not only heaps of fun; it is also very educational, for the proper study of mankind is man, and there is no better way to learn the dreams and drives of another human being than to share a room with him. This being the case, it is wise not to keep the same room-mate too long, because the more room-mates you have, the more you will know about the dreams and drives of human beings. And that's what we're all after, isn't it?

So try to change room-mates as often as you can. A recent study made by Signafors of Michigan State shows that the best interval for changing room-mates is every four hours.

Now let us discuss how to go about choosing a room-mate. Most counselors agree that the most important thing to look for in room-mates is that they be people of regular habits. This, I say, is arrant nonsense. What if one of their regular habits happens to be beating a great gong from midnight to three a.m.? Or growing cultures in the tooth glass? Or reciting the Articles of War? Or peanut brittle?

Regular habits indeed! I say that beyond quibble, far and away the most important quality in room-mates is that they be exactly your size. Otherwise you will have to have their clothes altered to fit you, which can be a considerable nuisance. In fact, it is sometimes flatly impossible. I recollect one time I roomed with a man named Tremblatt Osage who was just under seven feet tall and weighed nearly four hundred pounds. There wasn't a blessed thing I could use in his entire wardrobe—until one night when I was invited to a masquerade party. I cut one leg off a pair of Tremblatt's trousers, jumped into it, sewed up both ends and went to the party as a bolster. (Incidentally, I took second prize. First prize went to a girl named Antenna Wilkins who poured molasses over her head and went as a candied apple.)

But I digress. Let us get back to the qualities that make desirable room-mates. Not the least of these is the cigarettes they smoke. When we borrow cigarettes, do we want them to be harsh, shoddy, and disdainful of our palates? Certainly not! What, then, do we want them to be? Why, we want them to be gentle, delicately-reared, and designed to suit the tempo of today's broader, easier life! And what cigarette is gentle, delicately-reared, and designed to suit the tempo of today's broader, easier life? Why, Philip Morris, of course! (I'll bet you knew it all the time!)

To go on. In selecting a room-mate, take great pains to find someone who will wear well, whom you'd like to keep as a permanent friend. Many of history's great friendships first started in college. Are you aware, for example, of the remarkable fact that Johnson and Boswell were room-mates at Oxford in 1712? What makes this fact so remarkable is that in 1712 Johnson was only three years old and Boswell had not been born yet. But, of course, children matured much earlier in those days. Take Wolfgang Amadeus Mozart who wrote his first symphony at the age of four. Or Titian, who painted his first masterpiece at five. Or Hans Otto McGrath, who was in many ways the most remarkable of all; he was appointed chief of the Copenhagen police department at the age of six!

(It must be admitted, however, that the appointment was less than a success. Criminals roamed the city, robbing and looting at will. They knew young McGrath would never pursue them; he was not allowed to cross the street.)

The makers of Philip Morris, who sponsor this column, cordially invite you and your room-mate to try today's new, gentle Philip Morris. It's always welcome!

Iowa Defeats Purdue, 88-75, for 7th Win

Hawk Balance Counts in Win

Iowa used its two most potent weapons — balanced scoring and deft ball-handling — to jar Purdue Monday night, 88-75, and give the Hawkeyes a stronger hold on second place in the Big Ten basketball race.

Four of Iowa's starting five hit in double figures, 10 of the 13 men to see action managed to dent the scoring column.

Bill Seaberg led in point production with 21 markers as he scored five field goals in the early stages of the second half to help the Hawks break it wide open.

7-1 in Big Ten

The victory brings the Hawk's conference record to 7-1, second best to an undefeated Illinois team that beat Michigan Monday night, 89-66.

The final point spread is not indicative of the ease with which Iowa won this contest.

After pulling away to a comfortable 46-34 lead in the first half, the Hawks came out after intermission and completely killed any hopes Purdue may have had to pull the game out.

Leads the Way

With Seaberg leading the way, Iowa put on a dazzling exhibition of crisp ball-handling and marksmanship from the field to race to a 26-point advantage, 70-44.

Purdue was floundering badly under the Hawkeye onslaught and didn't even remotely resemble the effective team that held Iowa at bay through most of the first half.

With 12 minutes remaining in the game, Hawkeye Coach Bucky O'Connor relieved all his regulars except Carl Cain, and the subs did a creditable job of handling the Boilermakers the rest of the way.

Sweeps Bench

Before it was all over, Bucky had swept his bench clean.

The amazing thing about this contest was that Purdue, led by Lamar Lundy, out-shot Iowa from the field, and by a wide margin.

The Boilermakers hit a sizzling 52 per cent of their shots, compared to 40 per cent by the Hawks.

The difference was Iowa's ability to get more shots away. The Hawkeyes fired away 77 times and hit on 31. Purdue took only 50 chances and canned 28.

Lundy Scores 25

Lundy, the giant center who can play with the best of them, finished the evening with 25 points. He took only 14 shots and hit on 10 of them.

Joe Sexon, Purdue's leading scorer for the season with a 17.6 average, was held without a field goal until eight minutes had passed in the second half. He hit 11 of 14 free throws, however, to finish second to Lundy with 15.

Iowa looked as if it might be in for a tough time early in the first half. An 18-foot jump shot by Cain tied the score at 2-2, but nine minutes elapsed before the Hawks drew even again, 20-20.

Trail by Seven

At one point Iowa trailed by seven points, 20-13. Then the Hawks began finding the range to draw even and keep pace with the Purdue attack.

The score was tied three more

(Daily Iowan Photo by Chuck Allen)

NOT REALLY IN PAIN, but mighty surprised is Purdue's Joe Campbell as his fast break attempt is stopped by Iowa's Bill Seaberg and Carl Cain. Seaberg's arm moving directly toward Campbell's face seems to be a good reason for a foul call, but Seaberg was able to stop it in time, so, no charity toss for Purdue.

Retract Statement, Dayton Asks Stahl

DAYTON, Ohio (AP)—The University of Dayton threatened Monday to go to the NCAA unless Ohio State basketball Coach Floyd Stahl retracts his statement that Dayton Coach Tom Blackburn "tampered" with two Buckeye players.

Mike Allen, former Ohio State sophomore reserve center, transferred to Dayton last week a few days after Stahl had made his "tampering" accusation.

The Rev. Charles Collins, Dayton's director of admissions and Athletic Board chairman, said Monday he had sent a letter to Stahl asking him to "affirm, deny or modify the charge" against Blackburn.

"Mr. Richard Larkins, Ohio State's athletic director, replied to the letter mentioned," said the Rev. Mr. Collins, "and his reply is evasive and unsatisfactory.

"Unless forestalled by an adequately publicized retraction, this matter will be referred to the NCAA."

Stahl, who has coached at Dayton since 1948, said he had no knowledge of the alleged tampering.

Stahl said he had no knowledge of the alleged tampering.

Stahl said he had no knowledge of the alleged tampering.

Drake Upsets Oklahoma City, 70-66

OKLAHOMA CITY (AP)—Drake University turned in a major basketball upset by defeating Oklahoma City University 70-66 here Monday night.

The loss snapped an 8-game winning streak at home for OCU, rated 14th in the nation among college cage squads. It was OCU's fifth loss of the season against 16 wins.

Drake pulled ahead late in the second half, but never led by more than 6 points at any time. OCU made a last desperate attempt to win in the final two minutes as Hubert Reed and Leon Griffin scored a pair of field goals within 10 seconds.

The buckets pulled OCU from a 66-60 deficit to 66-64. But Drake's Merlin Peter sank one more field goal to ice the game in the last 10 seconds.

Forward Red Murrell led the scoring for the victors with 22 points. Leon Griffin, reserve forward for OCU, was high man for the losers with 17.

Lewis College Clips St. Ambrose, 111-99

DAVENPORT (AP)—Lewis College of Illinois outran St. Ambrose, 111-99, here Monday night in a free-wheeling basketball game.

Lewis led after midway in the first half but St. Ambrose was never far behind. Jim Olson, Ron Pearson, Roy Fedo and Jim Palka scored 22 points each for Lewis and Dick Brennan and Tom Gullon got 24 apiece for St. Ambrose.

St. Ambrose hit 50 per cent of its shots from the field and Lewis had a 48 per cent. Officials called 57 fouls in the game and a total of 62 of 93 free throw attempts were made.

Sports Briefs

Condensed from Associated Press Dispatches

COAST LEAGUE—Maurice Podoloff, president of the National Basketball Assn., said Monday he was certain the league would extend to the Pacific Coast within the "next few years." He added, however, that a statement by Forest Smith, a Los Angeles cafe man, that the California metropolis would have an NBA franchise not later than 1957 was a "bit premature."

MORE TO ARRIVE—Promoter Jack Solomons said Monday that Archie More would arrive Feb. 23 to defend his world heavyweight boxing title against Trinidad's Yolande Pompey March 13 in London.

UNDER CONTRACT—The Chicago White Sox Monday had all 42 players on their 1956 roster under contract with the signing of outfielder John Phillips. In 95 games with Detroit last season, Phillips hit .234. He is 25 and from Macon, Ga.

POSTPONE RUNS—Winds prevented the high ocean tides necessary to smooth out the beach at Daytona Beach, Fla., and Monday's practice runs by the National Assn. for Stock Car Auto Racing speed program were postponed.

The Big Ten—

Illini Down Michigan, 89-66

CHAMPAIGN, Ill. (AP)—Paced by George BonSalle and Bill Ridley, Illinois ramblled to its 14th straight basketball victory and eighth without defeat in the Big Ten by blasting Michigan, 89-66.

The triumph enabled Illinois to remain one game ahead of hard-pursuing Iowa which dumped Purdue, 88-75.

BonSalle and Ridley tallied 25 points each to lead the Illinois attack but Michigan's Ron Kramer garnered scoring honors with 26.

Illinois led all the way but was cold in the first half and maintained its lead by an excellent free throw average.

Illinois lunged to a 22-10 lead as Michigan came back with seven straight points to tighten the gap. The Illini spurred to a 38-25 lead but Michigan again closed in by scoring seven points, leaving Illinois ahead, 38-32, at halftime.

BonSalle, sitting out much of the first half, scored 12 points while playing 13 minutes of the first half. Ridley had 10 points by halftime and Kramer 9.

Michigan edged to within three points of the Illini in the second half, cutting the score to 40-37, but a pair of baskets by Paul Judson and two more by Bon Salle with a

free throw by Bruce Brothers put Illinois well ahead.

Minnesota 77 Michigan State 73

MINNEAPOLIS (AP)—Dave Tucker revitalized Minnesota's faltering basketball forces Monday night to steer a 77-73 victory over Michigan State after the Gophers blew a 14-point lead in the face of Julius McCoy's second half scoring spree.

Tucker, who brought Minnesota an uphill victory over Wisconsin two nights ago, pumped in 26 points against the favored Spartans and hit two decisive baskets with three minutes remaining to put the Gophers in front to stay.

Behind the combined 29-point output of Tucker and Jed Dommeier in the first half, Minnesota held a 43-36 margin at intermission after leading at one point, 41-27.

But McCoy, No. 2 scorer in the Big Ten with a 40-point average, snapped out of a first half lethargy with a splendid display of jump shots, hook shots and tip-ins down the stretch that almost pulled the game out of the fire for Michigan State.

Wisconsin 69 Indiana 67

BLOOMINGTON, Ind. (AP)—Wisconsin's oft-beaten Badgers scrambled back three times from 10-point deficits and upset Indiana University's basketball team Monday night, 69-67. Guard Dick Miller scored 22 points for the winners.

Miller, although outscored by Wally Choice's 27 points for Indiana, was the hero of a wild finish.

Indiana's last 10-point lead was 48-38, five minutes deep in the second half. Wisconsin pulled up to 55-54 and then made the next 15 points, with Miller getting 10 of them.

Ohio State 83 Northwestern 72

EVANSTON, Ill. (AP)—Ohio State handed Northwestern its ninth Big Ten basketball loss without victory, drubbing the Wildcats, 83-72, Monday night behind the sharp-shooting of Robin Freeman and Jim Laughlin.

Freeman, regaining his form after being held to 12 points Saturday at Illinois, hit for 28 in leading Ohio State to its fifth triumph in nine Big Ten games.

Indiana's Campbell Joins Navy

INDIANAPOLIS (AP)—Mill Campbell, Plainfield, N.J., national AAU high hurdles champion, was sworn in Monday for two years of Navy service.

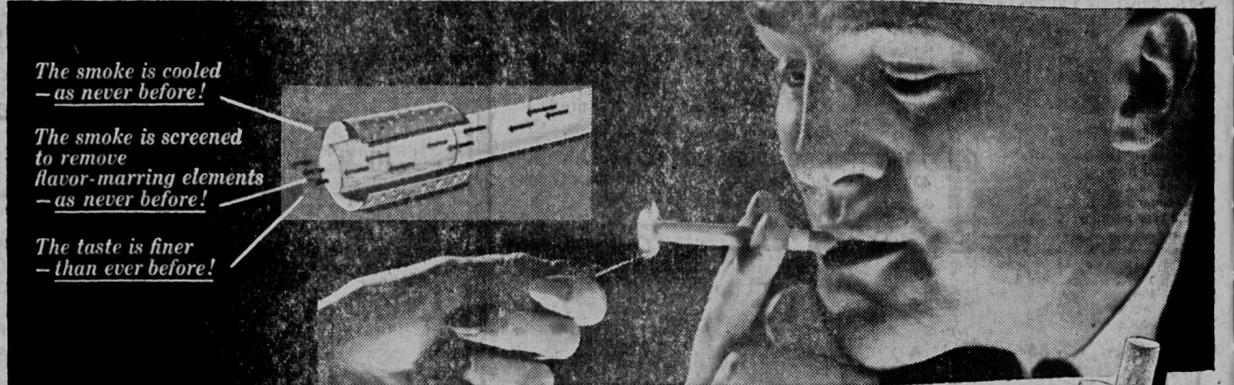

The Naval recruiting office said Campbell, who was declared scholastically ineligible for track competition at Indiana University this spring, will be flown Monday night to the San Diego, Calif. Naval Training Center.

After nine weeks' boot training, he will remain at San Diego for training with the other Navy Olympic prospects. Even though Campbell is ineligible for college competition, he will be able to participate in the 1956 Olympics in Melbourne.

Above Campbell is shown with Cmdr. J. H. Tuchman who found him shipshape by Navy standards at a physical examination Monday.

OLD GOLD FILTER KINGS

now proudly announce an amazing NEW IMPROVED SCIENTIFIC FILTER

1. Here's the new, improved filter that actually steps up flavor!
2. Here's the new, improved filter so free on the draw you have to look at the tip to realize the filter is there!
3. Here's the new, improved filter you've been waiting for!

Have you been denying yourself the extra benefits of filtered smoking because:

a... you didn't get that real tobacco flavor you wanted?

b... you had to "pull" on the cigarette like a bellows to get enough smoke to satisfy you?

Well, you got a big surprise coming!

Just try a pack of Old Gold Filter Kings with the amazing NEW IMPROVED SCIENTIFIC FILTER

See if you don't get the richest, smoothest smoke you've ever had with any cigarette—filtered or unfiltered!

LET ONE CALL DO BOTH

Dial 4177 313 South Dubuque

SINCE WE (the United States) got our clock cleaned in the winter Olympics by athletes from Russia and four other countries, Herky has heard increasingly that the games are becoming an international testing ground for prestige.

How come we never heard this kind of talk when Uncle Sam used to walk away with the Olympic titles. (We're thinking of the summer games in particular.)

Herky agrees that the games are supposed to feature the individual rather than the nation. Medals are awarded for the first three places of each event and no official team totals are compiled. But it seems that Russia's recent dominance on snow and ice has caused people in this country to look once again at the original aim of the Olympic games with the prestige of America in mind.

Dr. Roger Bannister, England's 4-minute miler, said "I don't think there is any one country responsible for this change" toward national point-getting. Herky thinks that the Americans have taken up the gauntlet so brazenly thrown by the Soviets.

Let's hope that some remnant of amateur ideals is still with us by 1960.

ONE WRITER has pointed out that not much time is left for the Northwestern Wildcats to mark up in the win column. Did you know that if they do not win a Big Ten game, they will be the first team in 10 years—since Chicago dropped from the league—

THE IOWA TRACK team's 65-49 opening victory over Missouri squad brings to mind something that appeared in the Chicago Daily News recently. Coach Don Canham of Michigan's Big Ten champions said: "It's Iowa all the way." (He is talking about the conference indoor championships March 2 and 3 at East Lansing, Mich.)

With Campbell (Indiana's star hurdler) out, Iowa will have everything its own way in the hurdles with Les Stevens and Jack Mathews and there are a lot of other outstanding kids on that Iowa team. Cretz is keeping mum.

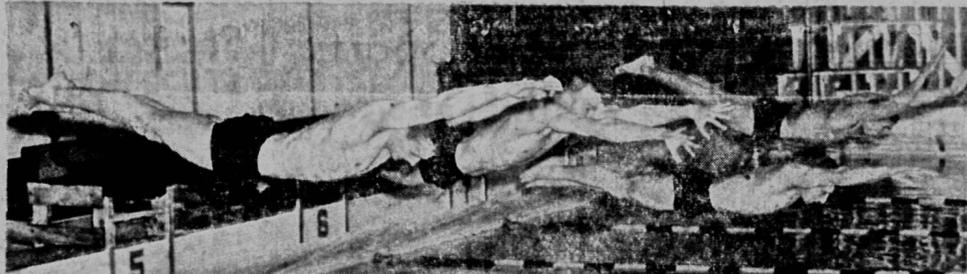

REMEMBER Julius McCoy, Michigan State's forward whose fantastic shot in the final seconds gave the Hawks their only conference loss? Here is what his coach, Fordy Anderson, has to say: "If there is such a thing as an all-American basketball player, Julius is it."

He has more different shots than any player I've ever seen,

THIS STORY is making rounds about Coach Anderson. It seems his seven-year-old daughter, Barbara, said to Mrs. Anderson at one of the Spartans' games, "Mommy, how come daddy's team made three touchdowns, but we got only six points on the scoreboard?" Fordy, such bringing up!

Herky Sez...

By DAVE STEVENS

A GUN SHOT SENDS three Hawkeyes and one Gopher off to a flying start in the 200-yard freestyle during Monday afternoon's Big Ten dual meet in the Iowa Fieldhouse. Starting, left to right, Dennis

Roberson (1), Earl Ellis (1), Tom Jacobson (1), and Jim Steivang (W). Jacobson won the event in 2:16 flat, as Iowa won its fifth straight swimming meet, 58-34.

Hawk Swimmers Sink Badgers, Gophers

By FRED MILLER

Iowa's swimming team rang up its fifth straight Big Ten victory of the season Monday afternoon by downing Minnesota, 58-34.

Hawkeye swimmers took eight out of 10 first places, yielding only in the 200-yard individual medley and the 200-yard breaststroke. Iowa has failed to win the breaststroke event this year to establish an Iowa record. The event has not been contested before this year in the Iowa pool.

Iowa's crack medley relay team of Captain Lincoln Hurring, Glenn Johnston and Jim Coles, broke the pool, Iowa, NCAA and American record for the 300-yard event. They swam 2:54.3.

The NCAA and American record of 2:54.7 is pending approval by the records committee. It was set by Northwestern here Jan. 21, 1956. The listed record of 2:58.5 was set by Michigan in the Hawkeye pool in 1948.

Hawkeye Harold Begel swam with the 100-yard freestylers as exhibition and beat the other four swimmers. His first place does not count, however. But teammate Bob Pratt won the event by edging Jim Gawboy of Minnesota in :56.3.

Jake Quick again proved his ability as a top-notch diver by winning the event with 256.4 points, 48 more than Iowa teammate Ken Miner, who placed second.

SUMMARY
300-YARD MEDLEY RELAY—1. Iowa (Hurring, Johnston, Coles). Time: 2:54.3 (NCAA and American record, 2:54.7, by Northwestern, 1956; and listed record, 2:58.5, Michigan, 1948; and Iowa record, 2:56.3, 1956).
200-YARD FREESTYLE—1. Tom Ja-

cobson (I). 2. Earl Ellis (I). 3. Jim Steivang (W). Time: 2:16 flat.
100-YARD FREESTYLE—1. Harold Begel (I). 2. Bob Pratt (I). 3. Jim Gawboy (M). Time: :56.3.
200-YARD INDIVIDUAL MEDLEY—1. Carl Allison (M). 2. Frank Hill (I). 3. Bill Warner (M). Time: 2:29.2.
HIGH BOARD DIVING—1. Jake Quick (I). 2. Ken Miner (I). 3. Richard Hansel (M). Points: 256.4.
100-YARD FREESTYLE—1. Pratt (I). 2. Gawboy (M). 3. Robert Reed (I). Time: :56.3.
200-YARD BACKSTROKE—1. Lincoln Hurring (I). 2. Bob Benson (M). 3. LeRoy Johnson (M). Time: 2:17.2.
400-YARD FREESTYLE—1. Ellis (I). 2. Steivang (M). 3. Warner (M). Time: 4:59.9.
500-YARD BREASTSTROKE—1. Jerry Fiedeland (M). 2. Mike Chopp (M). 3. Hill (I). Time: 2:40.8.
400-YARD SPEED RELAY—1. Iowa (Pratt, Jim McCullough, Reed, Coles). Time: 3:52 flat.

SUMMARY
Nine short course swimming records were broken or equaled Saturday afternoon as Iowa sank Wisconsin, 55-37, for its fourth straight

victory. Iowa took seven of ten first places.
Iowa's medley relay team equaled the NCAA and American record of 2:49.2 only to have Iowa State swimming against Nebraska top the record with its 2:46.4 clocking the same afternoon.

Hawkeye sophomore Earl Ellis set a pool and Iowa record of 4:45.1 in the 440-yard freestyle. The old pool record of 4:47 was set by Tom Haynie of Michigan in 1937. Wisconsin's Bob Miyabuchi established a pool and NCAA mark of 1:50.1 for the 100-yard individual medley, a new event over the short course.

SUMMARY
300-YARD MEDLEY RELAY—1. Iowa (Hurring, Johnston, Coles). Time: 2:54.3 (new pool and Iowa record; old pool mark, 2:51.1, by Michigan, 1943; old Iowa mark, 2:54.4, 1947).
200-YARD FREESTYLE—1. Jacobson

(I). 2. Ellis (I). 3. David Middleton (W). Time: 2:16.9 (new Iowa record; old mark, 2:12 by Welly His, 1947).
100-YARD FREESTYLE—1. Begel (I). 2. Reed (I). 3. Dauber (W). Time: :56.3.
200-YARD INDIVIDUAL MEDLEY—1. Miyabuchi (W). 2. Frank Hill (I). 3. no third place. Time: 2:29.2 (establishes pool and NCAA record; first time contested).
100-YARD BACKSTROKE—1. Jake Quick (I). 2. Jim McCullough (I). 3. Jarris Stelberg (W). Points: 262.8.
100-YARD FREESTYLE—1. John Lechner (W). 2. Reed (I). 3. John Middleton (W). Time: :55 flat.
200-YARD BACKSTROKE—1. Hurring (I). 2. Miyabuchi (W). 3. Tom Schultz (W). Time: 2:17.2 (establishes pool record; first time contested here).
400-YARD FREESTYLE—1. Ellis (I). 2. Middleton (W). 3. Ted Blumensack (W). Time: 4:55.1 (new pool and Iowa record; old pool record, 4:47 by Tom Haynie, Michigan, 1937; old Iowa mark, 4:54 flat by Adolf Jacobsmeyer, 1935).
500-YARD BREASTSTROKE—1. James Lougee (W). 2. Harold Engstke (W). 3. Hill (I). Time: 2:39.4 (establishes pool record; new event).
400-YARD SPEED RELAY—1. Iowa (Glenn Johnston, Dennis Roberson, Tom Jacobson, Jim Coles). Time: 3:51.2 (new Iowa mark; old record, 3:54.6, 1936).

NCAA Plans 1956 Grid TV At Meeting

CHICAGO (AP)—The 12-man television committee of the National Collegiate Athletic Assn., opened a 3-day meeting Monday to draw up a 1956 football TV plan.

"We are hopeful of getting the 1956 plan to the NCAA membership before March 1," said Walter Byers, NCAA executive director.

"The plan will not be announced until it is sent to the membership for a mail referendum."

"There also will be an announcement at our current meetings until we adjourn on Wednesday. We are in the process of studying all proposals put before us by advertising agencies, television networks, various athletic conferences and member institutions at hearings held in New York two weeks ago."

The TV committee is expected to formulate a plan along the lines of the regional-national 1955 program. However, Doug Mills, Illinois athletic director and a member of the NCAA committee, said recently that "there is actually talk about turning up the program again, rather than go on from what success we've achieved and experiment still further."

Mills is campaigning for more and better football television as he did a year ago when controls were relaxed to permit eight national and five regional telecasts over a 13-week period. The previous program called for a restricted national "game of the week" schedule.

Auburn U. Placed On Probation for Grid Violations

BIRMINGHAM, Ala. (AP)—The Southeastern Conference Monday placed Auburn on indefinite probation for football recruiting violations, and announced the school could not participate in bowl football games during the time of probation.

This action was announced by SEC Commissioner Bernie Moore as having been taken by the SEC Executive Committee at a meeting last week in Atlanta.

The recruiting violation involved the payment of \$500 each to Harry and Robert Beauboe of Gadsden, Ala., last Dec. 6.

On pre-season forecasts the 1956 Auburn team will be a contender for the SEC championship.

Engineers wanted today... for the WORLD OF TOMORROW

TURBO COMPOUND ENGINES — With the solid acceptance of 37 of the world's leading airlines as a foundation, Curtiss-Wright is working on still more power, still greater efficiency for this historic development in powerplants.

665 Jet Engine — Powering eight of the nation's leading military aircraft to new records of speed and endurance, the 665 provides ideal opportunities for design and development engineers.

Electric and Turboelectric Propellers — Propellers... the most efficient means of converting engine power to useful thrust... are an important aspect of Curtiss-Wright's development program. Still greater refinements in efficiency and control lie just ahead.

Turboprop Engine — The heavy-duty, operational powerplant of tomorrow. Engineers are needed for further design and development work on Curtiss-Wright Turboprop engines.

Rocket Powerplants — Fresh from development of the first rocket engine that can be throttled, Curtiss-Wright engineers are now at work on still more advanced rocket plants for the future. A fascinating field for you.

Flight Simulators — This complex electronic equipment simulates actual flying conditions and routes for specific aircraft. An exciting field for electronics and systems engineers, aerodynamicists, and many others.

TURBOELECTRIC PROPELLERS — Opportunities await mechanical and electrical engineers in Curtiss-Wright's Turboelectric Propeller program... a continuing program of research, refinement and development that calls for engineering skills in many fields.

Ram Jet Engines — Another category of airpower that calls for developmental engineers and for advanced research. Curtiss-Wright has a list of opportunities for basic and specialized engineering talents.

Turbojet Engines — An important area of airpower research — turbojet engine development challenges the ability of the best engineering minds... in the fields of stress analysis, airframe design, fuels, etc.

CURTISS-WRIGHT... LEADERSHIP NOW, AND TOMORROW

If your objective is to put your best into engineering, and get the most from engineering, you belong with an organization like Curtiss-Wright where engineering is the focal point of all activities.

Curtiss-Wright offers stability, born of its world leadership in aviation, and of its diversification today in the other major fields of engineering. Curtiss-Wright's program for the future is one of action... action in which you, as an engineer, can make the most of your abilities.

The scope of Curtiss-Wright's research and development program permits you to choose your spot in most cases—aircraft powerplants, fuel development and research, instrumentation, propeller design, or one of a score of electronics projects. If you are a mechanical, electrical, aeronautical engineer—or if you have specialized interests—it will pay you to discuss your objectives with the Curtiss-Wright interviewer when he comes to your campus.

YOUR FUTURE AT CURTISS-WRIGHT

Curtiss-Wright is first and foremost an engineering organization. Its leadership in aviation is solidly founded in engineering superiority. In commercial aviation as in military applications, Curtiss-Wright powerplants, propellers, and flight simulation equipment are the most advanced developments of their kind. And research goes on. At Curtiss-Wright engineers explore still more power and greater efficiency for aircraft engines of every kind... further developments in subsonic, transonic and supersonic propellers... greater refinements yet in electronic flight simulation.

And through its ever-expanding divisional activity, Curtiss-Wright is pacing today's progress in fields far removed from aviation... nucleonics, ultrasonics, plastics, metallurgy. Some 2200 engineers are at work in Curtiss-Wright's 15 divisions... and in Quehanna, Pennsylvania—a new 85-square-mile Research and Development Center offering ultra-modern resources and facilities for advanced experimentation, testing and development in every branch of engineering.

This work is building Curtiss-Wright's leadership tomorrow. It is work for engineers who want a real future, offering opportunity every bit as big as their desire to excel.

Sign up today for interview with the Curtiss-Wright representative on your campus.

Friday, Feb. 17, Wright Aeronautical Division

CURTISS-WRIGHT CORPORATION • WOOD-RIDGE, N. J.

Finkbine's 'Golf Lift' Starts Political Furor

The \$16,000 "golf lift" for the new SUI golf course is being tossed like a political football among members of the Iowa State Board of Regents and state legislators.

The Board of Regents last week approved the "lift." An automatic electrical device, it will transport golfers 75 feet vertically between the 13th green and the 14th tee on the Finkbine course.

Golfers who ride the "lift" will have to pay.

Four Points
Most board members emphasized four points about the proposed "lift."

(1) **Athletic funds and not tax money** are being used;

(2) **The "lift" will be self-liquidating;**

(3) **The university board in control of athletics made the decision to buy the "lift" in the first place; and**

(4) **Big Ten rules forbid using athletic funds for non-athletic purposes.**

State Senator George O'Malley (D-Des Moines) said last week that approval of the "lift" has caused people to question the board's judgment.

The only dissenting vote to the "lift" among the 15 members came from board member Roy Stevens of Ottumwa, also a Democrat. Stevens said he is "unimpressed" by the argument that the "lift" is self-liquidating. "It still will take \$16,000 to install this thing," he said.

Need Money?
"One day we are informed that we need a lot of money for faculty salaries and equipment at the university and we are told how the university may deteriorate," Stevens said. "The next day we find we have so much money in the athletic fund we don't want to do with it."

Mrs. Frank Brooks, board member from Mount Vernon, said she was "startled until we learned that the device will pay for itself."

Mrs. Brooks said the board of control of athletics took the action "and we approved it. As I understand it, the money allocated all will be back before too long."

Big Ten Rules
Another board member said that under Big Ten rules the athletic money must be spent for athletic purposes.

He pointed out that other university golf courses have such "lifts." The SUI golf course serves more players "than any other course in Iowa," he said.

The SUI Board in Control of Athletics first voted the "lift" project. Dwight Rider of Fort Dodge, board president, felt the criticisms were "unwarranted because this device is going to pay for itself."

"We are loath to override the considered judgment of the board of control of athletics," Rider said. "That board is made up of high-class individuals. That board knows what it is doing," he added.

Investigation Before Approval
Walter L. (Stub) Stewart, member of the board of control, said the "lift" was approved by the board "after a lot of investigation." He said the aid to golfers was "definitely needed" on the Finkbine course lake hole.

Stewart is one of two alumni members of the board. The other nine on the board are members of the SUI faculty.

Athletic funds have been contributed to the university band and to the Scottish Highlanders, all-girl bagpipe organization, in the form of uniforms and activities scholarships.

The music groups are considered part of the football spectacle.

Funds Help Research
SUI officials said athletic funds held the university's program in many ways. For example, the medical school obtains athletic money for important projects in

physiological research. Buildings and other facilities used in physical education and in intramural sports programs also are financed out of athletic funds.

Also, the officials added, it would not be possible to obtain highly skilled men to teach physical education courses if athletic funds were not available to hire those men as coaches.

Dinner Meetings Financed
Some athletic money was used in 1954 to help finance dinner meetings sponsored by the board of regents around the state. The meetings were used before the 1955 legislature convened to explain the financial needs of state educational institutions.

Athletic funds also are reported to have provided the money for gymnasium facilities specifically for SUI faculty members.

The golf course was third high in gross income last year with \$17,683 in fees from the public. Football receipts totaled \$613,042 and basketball was second with \$85,976.

VOICE RECITAL—Joseph Haruda, G. Superior, Neb., will be presented by the SUI Music Department in a voice recital at 8:30 p.m. Thursday in North Music Hall. Haruda is a bass-baritone.

JayCees Hear Plan for Asia
Ten Iowa City JayCees heard a plan for halting Communism in Asia when they attended a state JayCee convention in Ottumwa over the weekend.

Dr. Pak-Chue Chan, a Chinese educator and new faculty member at Iowa State College in Ames, said Promise, Inc., proposes to reach lands in Asia which are not yet overrun by Communism with teams of farmers, teachers, nurses and ministers.

Equal numbers of young Americans and corresponding workers of similar training from the area being served would team up, directing their efforts towards building up, on previously undeveloped land, a model rural community. The activities of the community would center around an agricultural station, a school, a church and a medical center.

Dr. Chan was born in China and was educated both in that country and in the United States. He was a medical missionary in Canton City, China, but was driven from that city by the communists in 1949.

He is now a physician on the staff of the Iowa State College hospital at Ames as well as being on the faculty.

Revolving Fund
Contributions, still being received from friends, might be used to provide a "revolving" fund, rather than outright scholarship grants. Prof. Orville A. Hitchcock of the department and a member of the fund committee said Monday.

He explained that in determining who may be helped by the fund, the committee will be guided by Mable's wide interests within the speech field.

"While most persons today may think of Mable primarily as the founder of University Theatre and director of a pioneering program of graduate study in drama, his other contributions in speech were fully as long-lasting and important," Hitchcock said Monday.

Founded Speech Clinic
For instance, he said, Mable was one of the founders of SUI's internationally-known speech clinic, established in 1927.

He also was responsible for an expanded program in forensics, for establishing some of the first university-level courses in radio speech and production.

Mable encouraged "grass roots" dramatic production through annual high school and community theater festivals and Iowa's current program of instruction in television writing and production.

In addition to Hitchcock, Mable Memorial Fund committee members are Prof. Arnold Gillette, Prof. James Curtis, Prof. H. Clay Harsbarger, Prof. A. Craig Baird, Prof. Wendell Johnson and Prof. Hugh Seabury.

SUI Graduate Dies in Houston, Texas
Dr. Ralph Bowen, 57, an SUI graduate and associate professor of medicine at the Baylor University College of Medicine died Jan. 31 at Houston, Texas, after a two day illness.

A native of Muscatine, Dr. Bowen was the chief of allergy at the Texas Children's Hospital and a lecturer in pediatrics at the University of Texas Medical School.

Dr. Bowen had practiced medicine in Houston since 1939 and was the founder of the American College of Allergists.

University Briefs

ECONOMICS — Prof. Clark C. Bloom of the SUI Economics Department spoke at the Cedar Rapids Real Estate Board Luncheon Monday at the Roosevelt Hotel. His subject was "An Economic Policy for a Time of Uncertainty."

NEUROLOGIST — Dr. Russell Meyers, SUI chairman of neurology, will speak to the Cedar Rapids section of the Institute of Radio Engineers at 7:30 p.m. Wednesday. Dr. Meyers will speak in the Collins Radio Engineering Building cafeteria in Cedar Rapids.

He will discuss "Ultrasonic Waves in Brain Surgery," dealing with new ultrasonic equipment used in treating neurological disorders.

VOICE RECITAL—Joseph Haruda, G. Superior, Neb., will be presented by the SUI Music Department in a voice recital at 8:30 p.m. Thursday in North Music Hall. Haruda is a bass-baritone.

JayCees Hear Plan for Asia

Ten Iowa City JayCees heard a plan for halting Communism in Asia when they attended a state JayCee convention in Ottumwa over the weekend.

Dr. Pak-Chue Chan, a Chinese educator and new faculty member at Iowa State College in Ames, said Promise, Inc., proposes to reach lands in Asia which are not yet overrun by Communism with teams of farmers, teachers, nurses and ministers.

Equal numbers of young Americans and corresponding workers of similar training from the area being served would team up, directing their efforts towards building up, on previously undeveloped land, a model rural community. The activities of the community would center around an agricultural station, a school, a church and a medical center.

Dr. Chan was born in China and was educated both in that country and in the United States. He was a medical missionary in Canton City, China, but was driven from that city by the communists in 1949.

He is now a physician on the staff of the Iowa State College hospital at Ames as well as being on the faculty.

Revolving Fund
Contributions, still being received from friends, might be used to provide a "revolving" fund, rather than outright scholarship grants. Prof. Orville A. Hitchcock of the department and a member of the fund committee said Monday.

He explained that in determining who may be helped by the fund, the committee will be guided by Mable's wide interests within the speech field.

"While most persons today may think of Mable primarily as the founder of University Theatre and director of a pioneering program of graduate study in drama, his other contributions in speech were fully as long-lasting and important," Hitchcock said Monday.

Founded Speech Clinic
For instance, he said, Mable was one of the founders of SUI's internationally-known speech clinic, established in 1927.

He also was responsible for an expanded program in forensics, for establishing some of the first university-level courses in radio speech and production.

Mable encouraged "grass roots" dramatic production through annual high school and community theater festivals and Iowa's current program of instruction in television writing and production.

In addition to Hitchcock, Mable Memorial Fund committee members are Prof. Arnold Gillette, Prof. James Curtis, Prof. H. Clay Harsbarger, Prof. A. Craig Baird, Prof. Wendell Johnson and Prof. Hugh Seabury.

SUI Graduate Dies in Houston, Texas

Name Cast For Panacea Production

The 1956 production of Panacea, entitled "Pick up the Pieces," is scheduled for presentation April 12, 13, 14, 16 and 17, Beth Howard, A4, Imogene, publicity director, said Monday.

The show, consisting of two acts, is a variety type of entertainment with about 20 skits, Miss Howard said.

Music for the show was composed by John Gardner, G, Iowa City, and his wife Joan, Larry Le Bron, G, Omaha, is director.

Co-authors are: Le Bron, Phil Kohlhas, A4, Algona, and Jo Fymbo, A3, Sergeant Bluffs.

Tickets go on sale April 3. Long playing records of the production are presently being cut. They also will go on sale April 3.

Members of the production staff are:

Jim Cooney, G, Washington, D. C.; Lyle Hart, A3, Riverdale, Neb.; John Ballard, A2, Marion; Charles Roman; Jay Ryan, C3, Des Moines; Karen Greenwood, A2, Sydney; Wylmarie Nicholson, A3, Davenport; Mary Baker, A4, Iowa City; Anne Larsen, A2, Osage, Ill.; Kay Taylor, N3, Tulsa, Okla.; and Joanne Moore, A1, Ottumwa.

Members of the cast are: Tom Fangman, A2, Boone; Mary Ann Richards, A2, Muscatine; Ron Chesmore, A2, New Tabor, Ill.; Gloria Cleaver, A1, Shenandoah; Stan Doerr, A2, Minneapolis; Mimi, A1, Jurgenson, A2, Round Lake, Ill.; Shirley Pratt, A2, Red Oak; Larry Leonard, A3, Davenport; Dora Martin, A1, Houston, Tex.; Beth Moore, A2, Dubuque.

Claudia Buffington, A1, Mount Pleasant; Karen Overton, A2, Clarinda; Flora Felberbaum, A1, University City, Mo.; Bob Blitt, A3, Chicago; Dick Fulton, A3, Leon; Dallas Kinney, A1, Baker; Marlene Smith, N1, Cleveland; Rochelle Loerts, A2, Sibley; John Duenow, A1, St. Anns.

Jim Sullivan, A2, New Hampton; Peg Nuckolls, A2, Philadelphia, Penn.; Eugene Spengler, A3, Marshalltown; Pat Pollock, A2, Sarasota, Fla.; Jean Anderson, A2, Iowa City; Joyce Garber, A3, Randolph; Bill Pinner, A1, Clinton; Barbara Boehmer, A1, Hampton; Cheryl Jenish, A1, Decatur; Sally Zesch, A1, Youngstown, Ohio; Tom Stowers, C3, Atkinson, Ill.; Pat Horstman, A1, Osceola; Janet Klindt, N1, Early; Kay Shultz, L1, Muscatine; Lawrence Davis, E1, Des Moines; Dorothy Dow, A4, Ft. Madison; Sara Shinn, A3, Cedar Rapids; Ray Hewitt, A2, Clear Lake; Connie Tyrell, A2, Vinton; Wes Mitchell, A1, Ft. Madison; Anne Berner, A1, Des Moines; Dick Blum, A2, Davenport; Donnetta Fries, A3, Iowa City; Cindy Allen, A1, Davenport; and Joe Mollison, A3, Ames.

Mother, 19, Gets Suspended Term For Check Passing

The 19-year-old mother charged here with passing false checks was sentenced in Cedar Rapids Monday to five months in the Linn County jail on a similar charge.

The sentence, passed in Linn County district court, was suspended under the condition that Mrs. Sharon Lee DuVall, Nichols, make a restitution on two checks she passed in Cedar Rapids.

Mrs. DuVall, whose husband, Martin Frank DuVall, 23, is unemployed, is free on her own recognizance on the Iowa City charge. She is charged with making eight bad checks here.

Police reported she also has admitted passing six false checks in Davenport.

Mrs. DuVall told authorities here the checks were written to obtain food and clothing for her two infant children.

Draft Takes Two In Johnson County

Two men were drafted into the Armed Forces Monday through the Johnson County selective service board.

Edwin Keith Klenk, 701 W. Benton St., a volunteer, filled the February draft quota from Johnson County. John Lewis Fish, a transfer from Decatur, Ill., also was inducted.

The Johnson County office reported that four men will be inducted in March.

MEN PAST40

Troubled with GETTING UP NIGHTS Pains in BACK, HIPS, LEGS Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. W-12, Excelsior Springs, Missouri.

Vicki Leaves Hospital

(AP Wirephotos)

VICKI DAVIS, 2, found Jan. 21 in a semi-frozen condition in her grandparents' home in Marshalltown, says goodbye to the Rev. H. C. Buchmueller, hospital superintendent. Vicki was discharged Saturday. Holding Vicki is Pat Warren whose parents will care for Vicki until she is able to return home.

Attack 'Ruthie' In Des Moines

Mrs. Ruth Shepler, former operator of "Ruthie's Tavern" in Des Moines, was found lying injured when a residential call was answered about 3:20 a.m. Sunday by Polk County officers.

Officers said Mrs. Shepler's injuries included a lump on her head and cuts and bruises on her face and hands. Deputy Sheriff Eldon Lewis said there was "considerable evidence she had been beaten." Locks on the front door and two bedroom doors had been torn loose, he said.

The deputy also said Mrs. Shepler identified her assailant but refused to file charges.

Appointed Chief

Wayne E. Ulm, 48, Des Moines city fire marshal since 1949, was appointed Monday as Des Moines fire chief. He fills a vacancy created by the recent retirement of Charles L. Slade.

Mardi Gras Royalty

William P. Knox, 50, and Miss Melinda Lee Morse, 19, were crowned king and queen of the 35th annual Mardi Gras Ball in Council Bluffs Monday.

Knox, a real estate and insurance man, has long been active in civic and community enterprises.

Miss Morse is a second year art student at the Kansas City Art Institute.

Admits Hoax

Sheriff Ed Scoville said in Newton Monday that George A. Zimmerman, 56, operator of a tavern

Asks Death For Karston

BLOOMFIELD (AP)—County Attorney Richard Wright Monday asked the death penalty for William G. Karston, 30, undergoing his second trial for the holdup slaying of Wendell Jones, Pulaski farmer, in July, 1954.

Wright, in his closing argument, described Jones' slaying as "wantonly brutal and wholly unjustified."

The county attorney said there was no evidence, only a "mere fragment" of testimony that Karston is insane.

Karston, in his second trial, has pleaded innocent by reason of insanity. Sentenced to death for first degree murder after his first trial he was granted a new trial by the Iowa Supreme Court.

Wright also argued that a second shot fired by Karston in the Jones farm home "was intended for Mrs. Laura Jones."

One bullet fired by Karston struck Jones, the other went into the wall of the home.

Defense Attorney George E. Flagg of Des Moines did not complete his final argument before court recessed for the day. He will complete his argument this morning with the case expected to go to the jury later in the day.

Flagg told the jury there is no question but that Jones was killed by a bullet from a gun held by Karston. The jury, he said, must consider whether there is insanity present or whether there was intention to kill sufficient to justify the extreme penalty.

Minnesota Chemistry Prof To Speak Here

Prof. William E. Parham of the University of Minnesota Chemistry Department will discuss "Heterocyclic Compounds of Sulfur" at a meeting of the Iowa Section of the American Chemical Society Thursday.

Parham is now divisional councilor of the Organic Division of the American Chemical Society. About 40 of his publications on reaction mechanisms have appeared in American Journals.

The meeting will be at 7:30 p.m. in room 314 of the Chemistry Building. Reservations for a dinner preceding the meeting at the Alpha Chi Sigma House must be made before 6 tonight.

Killed in Plane

Elwood Freeze, 38, Cedar Rapids, was killed Sunday when his light plane crashed in a cornfield south of Central City. Civil aeronautics authority officials said Freeze reportedly was flying low at the time of the crash, while spotting foxes for a hunting party.

Dies After Crash

John H. Briery, 26, of Marshalltown died at Skiff hospital there Monday of injuries received in an

Crane Pokes Hole In 'Frisco Bridge

SAN FRANCISCO (AP)—The long boom of a huge floating shipbuilding crane punched a hole in the edge of the lower deck of the San Francisco-Oakland Bay Bridge Monday while it was being towed to a new location. No one was injured and damage to the span was slight.

The 225-foot boom stabbed into the south side of the lower deck, within a few inches of the Key System train tracks. Train service was interrupted.

New TV Club Organized Here

A new club — "Student Organization for Television Study" otherwise referred to as "SOTS" was recognized here Monday by SU1.

The purpose of the club is to give members a chance to broaden their knowledge in the field of television. This is to be accomplished by allowing students to actively participate in the production of TV programs.

Any student is thus eligible to become a cameraman, set designer, lightman, make-up man, actor, producer, or any other of the jobs necessary in producing a TV show.

With an active membership of 100, the club has their fifth meeting scheduled for 7:30 today in the Television Center.

This meeting will introduce the club's first production — "Life Line", a play about four men marooned on a calm sea in a life raft.

The evenings activities include a dress rehearsal and a final performance, which will be kinescoped for release to other TV stations in Iowa.

During the dress rehearsal, members are allowed to go "on the floor" and in the "control room" to observe the production at close range.

The final performance will be observed from the viewing room. Producer-director of "Life Line", Allen E. Hall, G, Elkader, presents the first of four productions to be held this semester by the club. A new producer director will be chosen for each of the productions.

Other Shows Scheduled Tom Ecker, A3, Waverly, will produce a 15-minute dramatic show sometime in March.

Phillip Bidison is scheduled to produce a 15-minute educational show on music in April.

Robert Reed, C4, Iowa City, will produce a 30-minute musical in about the middle of May.

Producers for these shows were elected from 13 candidates in the organization earlier in the semester.

The club will not be run by the Television Center, but by the members and officers whom are elected once a semester. However, faculty aide, Dr. Sam Becker, head of the Television Center, is behind the club.

Officers for this semester are: Kent Braverman, A4, Iowa City, president; Bob Reed, C4, Iowa City, vice-president; Elaine Cohen, A3, Des Moines, secretary treasurer; Allen Hall, G, Elkader, Graduate representative; Bob Reed, C4, Iowa City, and Arnold Gore, A4, Kankakee, Ill., senior representative; Robert Blitt, A3, Chicago, and Stu Sutherland, A3, Cherokee, Junior representatives; Rick Mawson, A2, Iowa City, sophomore representative; and Gloria Silver, A1, Chicago, Ill., freshman representative.

The cast for "Life Line" include: Tony Cherubini, A3, Iowa City; Kent Braverman, A4, Iowa City; Steve Ellis, A3, Rockford, Ill.; James Wilke, A2, Morning Sun, and Associate Producer Robert Blitt, A3, Chicago.

2 Iowa City Clubs Get Liquor Permits

DES MOINES (AP)—Two Iowa City associations were issued federal retail liquor dealer licenses last week, it was announced Monday by the attorney general's office here.

The Veterans of Foreign Wars Post No. 2581, 22½ E. College St., and the Elks Home received permits.

Other licenses issued in Johnson County went to the Elks Country Club and the American Legion Club in Solon.

City School Board Plans Meeting Today

Iowa City's Board of Directors of the Independent School district will meet at 7:30 a.m. today in the Board of Education room at the Junior high school.

The agenda for this regular meeting includes the approval of bills and discussion of other matters.

ONE COMIC VALENTINE A Valentine's Day dance will be held between 8 and 11 p.m. today at the Mark Twain school. Sponsored by the Iowa City Recreation Commission, the dance is open to the public. Admission is one comic valentine.
