## Gina! How Could You?

(Daily Iowan Photo by Marty Reichenthal)

CATCHING A TENSE dramatic moment in Panacea's "Salute to Foreign Movies" bit is cameraman Larry Leonard. A3, Davenport. Director Stan Doerr, A2, Minneapolis, Minn., looks well pleased with the performance of Alice Jorgensen, A2, Round Lake, Ill., as she falls on her lover after shooting him. Jim Cooney, G, Washington, D.C., (lying on his back) is apparently too dead to appreciate his position.

ADDING A TOUCH of grace to the varied Panacea program is this interpretative dance quartet as they perform in the "Weary River" scene. The dancers, from left to right, are Ann Watkins, A3, Waterloo; Kay Taylor, N3, Tulsa, Okla.; Judi McLaren, N2, Des Moines, and Jo Barlow, A4, Clear Lake.

## White House Slaps Back At Truman

AUGUSTA, Ga. (AP) — A White House official slapped back at former President Harry Truman Thursday for calling President Eisenhower a "do-nothing" chief executive guilty of "political betrayal."

The official, Press Secretary James C. Hagerty, also announced that Mr. Eisenhower will launch his re-election campaign with a speech to 800 Republican leaders at a Washington dinner next Tuesday evening.

"It will be a political speech," Hagerty said. He added that he did not know whether it would be carried nationwide on television and radio.

Hagerty said: "I don't believe that Mr. Truman, by his own standards, can recognize accomplishment when he sees it."

The statement came as Mr. Eisenhower continued a vacation mixed with work at the Augusta National Golf Club.

Replying to questions, Hagerty said Mr. Eisenhower had read Truman's criticism in the newspapers. He declined to say how the President reacted.

## Adlai Endorses Truman In 'Do Nothing' Charge

KEY WEST, Fla. (AP) — Adlai Stevenson Thursday night endorsed former President Harry S. Truman's blistering attack upon President Eisenhower in which Truman referred to Eisenhower as a "do-nothing President."

"I could not quarrel with anything Mr. Truman said," Stevenson told a news conference when asked about Truman's remarks.

"When we look to the deterioration of our situation abroad and our failure to make progress at home, it seems that Mr. Truman's characterization is hitting very close to the mark."

## Professor To Lecture on Dead Sea Scrolls Today

The Dead Sea Scrolls, ancient papyrus and copper manuscripts found in the area of the Dead Sea, Jordan, from 1947 to 1952, will be discussed by Prof. Frank M. Cross, Jr., today.

Cross will speak at 8 p.m. in the Shambaugh Lecture Room of the SUI Library. He is a member of an 8-man international committee working to publish the scrolls, and is an instructor at McCormick Theological Seminary, Chicago.

The scrolls have caused some controversy recently. British Prof. John Marc Allegro, who has been helping decipher the scrolls, related the scrolls to the Bible.

His colleagues pointedly disagreed with him and said there is no evidence to support his claims. Some scientists and theologians believe the scrolls were written before the time of Christ, but some disagree.

The lecture, sponsored by the SUI Graduate College and the Iowa Society of the Archeological Institute of America, is free and open to the public.

Cross received his Ph.D. degree in Semitic study from Johns Hopkins, Baltimore, Md.

## \$850 Letter to Perry Como

Student Composer Rents 20x60 Ft. Billboard For Message to Get Singer's Attention

NEW YORK (AP) — To the blatant cluster of 5-story-tall Broadway theatrical district billboards was added Thursday Irwin Luck's modest little message — just 20 by 60 feet in size.

The 18-year-old University of Miami songwriter hopes his billboard appeal gets through to a man he feels atone with — singer Perry Como.

Luck claims Como is overlooking a good bet in not plugging some of Luck's tunes. But he hasn't been able to get Perry's attention. So Luck decided to do the same thing the big advertisers do when they seek the billboard attention of New Yorkers.

At the cost of \$850 a month, the youth rented billboard space at Eighth Ave. and 42nd St., a block from Times Square. On it Luck had inscribed:

"Dear Perry Como: I hope this billboard will bring my message across to you. I am 18 years old, a student at the University of Miami, and have been a fan of yours for a long time.

"It is through your unknowing inspiration that I started writing music and I feel that my songs might be just right for you.

"I pray that you will give me the chance to meet you and maybe hear you sing one of my numbers. Sincerely, Irwin Luck."

Luck gave no clue as to how he came by the funds to finance his publicity stunt. But Como indicated the investment may pay off. The singer said with a laugh when he heard about the billboard:

"If his songs are any good, of course he will be given every consideration."

Stoyles succeeds Clayton Ring-

## But UN Chief Says 'Truce' Arranged—

# Arab, Israeli Jets Clash

## Call Fight 'Isolated Incident' in Struggle

JERUSALEM (AP)—Israeli and Egyptian jet planes battled Thursday high over the Holy Land. Israel claimed one and possibly two enemy planes shot down. Egypt said one Israeli plane was blasted from the skies in this first aerial combat of 1956.

One Egyptian jet crashed 20 miles inside Israel, an Israeli military spokesman said. The pilot, Mohammed Latif, was quoted as saying his plane was on a patrol mission. He was taken to a hospital with head and leg injuries.

A search was organized in Israel's southern desert for a second Egyptian plane reported hit. Israelis close to the border said they saw four Egyptian planes fly north and only two return.

The dogfight raged over Israel's Negev Desert. Both nations had just promised to forego force except in self-defense. The pledges were made to U.N. Secretary General Dag Hammarskjold in Cairo on his mission for peace in the Middle East.

Hopes Rise  
Despite the air battle, reports from Cairo said hopes for Hammarskjold's mission brightened a bit.

The semi-official Egyptian News Agency reported Israel had agreed in principle to pull back forces from the frontier by 500 meters (slightly less than a third of a mile).

This was one prime point proposed by the UN Security Council last week when it asked Hammarskjold to undertake his mission.

U.S. Watches  
The United States, first to suggest that Hammarskjold come to the Middle East, was watching developments.

President Eisenhower has sent personal messages to Egyptian and Israeli leaders, presumably urging restraint. This was announced at his vacation headquarters at Augusta, Ga.

Mr. Eisenhower dealt particularly with his statement Monday firmly supporting Hammarskjold's mission.

That statement said the United States, "in accordance with its responsibilities under the charter of the United Nations, will observe its commitments within constitutional means to oppose any aggression."

Israel said two of its fighters intercepted four Egyptian planes and shot down a British-made Vampire jet. Israel said the captured pilot had been seriously wounded.

An Egyptian military spokesman said the Egyptians shot down a French-manufactured Ouragan jet.

Conflicting Reports  
Israel reported the four Egyptian planes, two jets and two piston-engine fighters, crossed the Israeli frontier at 12:17 p.m.

Egypt said its planes on patrol met two Israeli planes and chased them into Israel's territory.

An Egyptian military spokesman said the report the Israeli plane was shot down came from the commander of the patrol after he returned to base.

A foreign ministry spokesman in Jerusalem said Israel takes a grave view of the Egyptian intrusion. The fight was the first of its kind since two Egyptian Vampires were downed last Sept. 1 in an air battle over the Israeli settlement of Yad Mordechai, near the Egyptian-held Gaza Strip.

## Dag Reports Hopes Bright Despite Fight

CAIRO, Egypt (AP)—Hopes for the success of Dag Hammarskjold's peace mission brightened a bit Thursday despite an Israeli-Egyptian air battle.

The UN chief announced Egypt and Israel have agreed to refrain from warlike acts against each other.

Unofficial reports here said Arab commando squads are being withdrawn from Israel.

The semi-official Egyptian News Agency reported Israel has agreed in principle to withdraw its forces 500 meters—slightly less than a third of a mile—from the frontier.

This was one of the proposals presented by Hammarskjold for easing Arab-Israeli tension. It was part of a three-point plan approved by the Security Council in New York last week when it asked the UN chief to undertake his peace mission.

Isolated?  
The aerial battle over south Israel apparently heightened tension along the frontier between Egypt and Israel, but some officials here regarded it as an isolated incident. They believed it would not necessarily aggravate the situation.

Israeli Prime Minister David Ben-Gurion, however, protested in a letter to Hammarskjold here that Egypt was continuing hostile actions.

Both the Israelis and the Egyptians claimed to have shot down one enemy plane in the air battle. Maj. Gen. E.L.M. Burns, chief of the UN Palestine truce team, told newsmen Thursday night he felt the situation had improved despite the air battle.

He said he based his optimism on the reports here that the Arab suicide squads are turning back from their raids.

Hammarskjold plans to go to Beirut Saturday afternoon and on to Israel next Tuesday.

## Eeeek!

This is a true story. Dum-de-dum-dum! The time: 2:30 p.m. Thursday. The place: Iowa City police station.

The phone rings—it's a woman. "Help!" she says. "There's a mouse in my living room. He's just sitting there looking at me. I think he's sick."

A patrolman rushed to the scene. The mouse was killed in the ensuing struggle. The patrolman strolled back to the station. His job was well done. It was his duty. He's a cop.

All was quiet. Dum-de-dum-dum!

## The Weather

Cloudy

and

Warm

Partly cloudy skies but perfect picnic weather is predicted today for Iowa City. The expected highs will range from 50 to 60 degrees.

Southerly winds will blow through the state today bringing a warmer trend continuing through Saturday.

However, there is a chance that light showers in the southwest portion of the state and spreading to Iowa City will put the damper on any notion of outdoor fun.

## Slim House

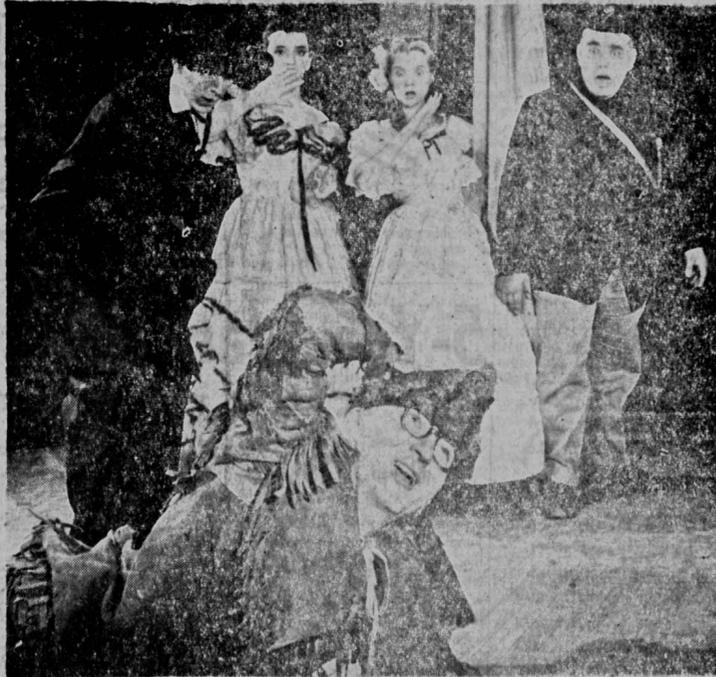

Small Audience Enjoys Panacea Revue

A small but appreciative audience applauded loudly as the first performance of "Pick Up the Pieces," the Panacea production, came to a close Thursday night.

The continuity of the show was interrupted briefly early in the second act when cords of the secondary curtain ran afoul. Stage hands tried in vain to fix the difficulty as the audience peeked at the continuing performance via a half-closed curtain.

Finally, the whole curtain fell to the stage. In "show-must-go-on" fashion, the company gathered it in and used the main curtain for the rest of the performance.

## Hey Thar! The Injuns Are A'Comin

(Daily Iowan Photo by Jerry Mosey)

DYING HAPPILY because the H.M.S. Indianfort has been warned of oncoming savages is Bob McComas, A1, Cedar Rapids. Receiving the startling news, from left to right, are Jim Cooney, G, Washington, D.C.; Joyce Garber, A3, Randolph; Kerin Okerlin, A2, Clarinda, and Stan Doerr, A2, Minneapolis, Minn. The scene is from the musical production of Panacea which opened Thursday. Other performances are scheduled for today, Saturday and Monday.

## Regents Approve 5 New Faculty Members—

# No Action on SUI Pay Raises

(Special to The Daily Iowan)

DES MOINES — The State Board of Regents Thursday approved five new appointments to the SUI faculty. Not considered by the board was a request to the state legislature for large salary increases next year for professors and instructors of Iowa's tax-supported colleges.

The board meets again today. During their regular monthly meeting the Regents also accepted two resignations and approved five leaves of absence for SUI faculty members.

New appointments included the naming of John Paul Long as assistant professor of pharmacology; Robert L. Stoyles Jr., as research specialist and assistant professor in the SUI Institute of Public Affairs; Steve Armentrout as instructor of mathematics and astronomy; Merlin A. Taber as instructor in the school of social work; and Harold A. Mulford as research associate in sociology and anthropology.

Resignations were accepted for Fred W. Schueler of pharmacology, who will accept a new position at Tulane University, and for Hunter H. Comley, assistant professor of psychiatry and pediatrics, who will take a position at the LaFayette Clinic in Detroit, Mich.

University Hospitals Superintendent Gerhard Hartman was granted a leave of absence to serve as a consultant this summer with the New South Wales University of Technology and other Australian professional groups. His work in Australia will be sponsored by the W. K. Kellogg Foundation.

Leaves of absence were also granted to Charles Gibson, history, to accept an appointment as visiting lecturer at Harvard; to Byron Cosby Jr., mathematics and astronomy, to work with the U.S. Defense Department; and to Dr. Warren O. Nelson, anatomy, to continue his service as medical director of the Population Council. Continuation of a current leave of absence was approved for Elizabeth Halsey, former head of physical education for women.

Three of the five new faculty appointments are native Iowans or hold degrees from Iowa institutions. Long, a native of Albia, holds B.S., M.A. and Ph.D. degrees from SUI and served in the Department of Pharmacology as a research assistant and instructor between 1952 and 1954. The past two years he has been associated with the Winthrop-Stearns Research Institute of Troy, N. Y.

Stoyles succeeds Clayton Ring-

enberg, recently named director of research for the Iowa Legislative Research Bureau. He graduated from SUI College of Law in 1954.

Presently a research mathematician in the Defense Research Laboratory at the University of Texas, Armentrout is a native Texan. He was physicist at the U.S. Air Missile Test Center from 1951 until 1952.

Born in Anamosa, Taber graduated from William Penn College at Oskaloosa and did graduate work in sociology at the University of Oklahoma. He received an M.A. degree from the SUI School of Social Work in 1953.

Mulford, a native of Sioux City, graduated from Morningside College. He earned M.S. and Ph.D. degrees from SUI in sociology.

Give Contract for Operating Rooms

In other action, the Regents awarded a contract to the Johnson Sheet Metal Co. of East Moline, Ill., for its low bid of \$39,246 to provide temperature and humidity controls in four otolaryngology operating rooms at University Hospitals.

The board also decided to refer

to the Brown Engineering Co. of Des Moines, for analysis and report, bids taken several weeks ago on a new turbo-generator for the university.

They had decided to award the contract to the low bidder, although engineers had advised them to give the job to the second-low bidder. The Iowa Legislative Interim committee held up approval of the board's action. As a result the analysis is being made.

## Project Aids ISC Married Students

DES MOINES (AP) — The State Board of Regents awarded contracts Thursday totaling \$637,514 for a married students housing project at Iowa State College. The entire project is expected to cost about \$700,000.

The plans call for construction of 96 separate one-story, 4-apartment buildings in courts of 32 each.

The housing quarters are expected to be ready for occupancy in the fall of 1957.

Construction cost per unit was figured at \$6,102. Each apartment will have two bedrooms. The units will be fenced and landscaped, along with other work.

## Establish Parker Death Time

LINCOLN (AP) — The Lincoln pathologist who performed an autopsy on the body of the slain Nancy Parker Thursday estimated the time of her death at 6 a.m. to 8 a.m., Dec. 14.

He attributed death to strangulation from cords around the neck and disclosed for the first time that a substance found on the dead woman's upper thigh had been identified as semen.

The witness, Dr. Frank H. Tanner, was called during the second day of testimony — taking in the first degree murder trial of Darrel F. Parker, 24, former Lincoln city forester charged in the death of his wife, Nancy, 22.

Under cross examination by defense attorney Max Towle of Lincoln, Dr. Tanner said he had not personally analyzed the substance noted on the thigh but said he had been advised that a laboratory report from Washington identified it

PARKER MRS. PARKER

as semen.

Also on cross examination, Dr. Tanner acknowledged that death could have been at 8 a.m. as probably as at 6 a.m.

He intimated in his statement to the jury that the defense would prove there had been a prowler in the Parker home the morning of the murder.

In an opening statement, Towle said earlier witnesses would testi-

fy they saw Parker as early as 7:20 a.m. that day and noted nothing unusual about his behavior.

Other trial highlights Thursday included:

1. Testimony by the parents of Mrs. Parker that apparent harmony prevailed in the Parker household.

2. Introduction in evidence of dozens of photographs taken in and around the isolated Parker home in Antelope Park, and including several pictures of Mrs. Parker's body.

3. Introduction as an exhibit of a rope, containing knots, which Sgt. Gerald Tesch of the State Safety Patrol testified was found in the attic of the Parker home.

Both Parker and his wife graduated from Iowa State College. Mrs. Parker was a Des Moines native.

# The Daily Iowan

The Daily Iowan is an independent daily newspaper, written and edited by students. It is governed by a board of five student trustees elected by the student body and four faculty trustees appointed by the president of the university.

The Iowan editorial staff writes its editorials without censorship by administration or faculty. The Iowan's editorial policy, therefore, is not necessarily an expression of SUI administration policy or opinion.

The Iowan, in the terms of a policy statement adopted by trustees in 1946, "will try to act as a good citizen of the SUI community and the community of Iowa City. . . . The Daily Iowan conceives its owners to be the whole constituency of the University, past, present and future. It will endeavor to hold the good of the University in trust for these owners. . . ."

## How Surpluses Could Help Us

Since 1952 the United States has spent \$130 billion (that's \$3,000 for each American family) for national security. Of that total, 97 per cent has been spent for equipping the armed forces of the United States or those of other nations. Only 3 per cent has been used for economic and social aid.

Despite this staggering outlay of American tax money, we have failed to make new friends. Instead we have made our friends dubious and have made many neutrals hostile. The Soviet Union, meanwhile, has moved in and made new friends.

Obviously we need a good public relations job done on the United States in foreign lands.

We might start by considering our huge agricultural surpluses. These surpluses have been piling up since World War II. They are ruining our farm economy by driving prices downward and are costing the American taxpayer millions of dollars every year.

Is some future Toynbee to write that Americans sat on a pile of food they could never consume while millions in the world starved?

Bulgaria and Khrushchev have proved to be good public relations men and good-will salesmen. What would they do if Soviet Russia had such surpluses of food? They would use them creatively and boldly for their expansionist purposes. We could put them to a better use. We could use them to make friends and help others toward enjoying the life we enjoy.

India gives us the best example of what could be done with American agricultural surpluses.

It is a good example for two reasons: (1) it is a democratic neutralist nation that has been influenced a great deal of late by Soviet Russia, and (2) it has 25 million unemployed men and a living standard that is the world's lowest (its small neighbor, Burma, excepted).

By desperate efforts the Nehru govern-

ment has brought its food and clothing supply up above the bare minimum.

If its 25 million unemployed could be put to work (and that is Nehru's prime objective), their first demand would be for more food and clothing for themselves and their families.

The rising demands for the available stocks would bring about inflation.

Suppose the United States were to supply grain and cotton to India from its surpluses. India could drive ahead with new employment, avoid inflation and be able to use its surplus income to buy industrial goods from highly-developed nations such as Great Britain, Germany and Japan, which desperately need new markets.

India is only one example of how American surpluses could be used as a sword for peace. Many other nations are in like positions.

The cry that this would be "dumping" surpluses on foreign markets to drive down the profits of other nations always arises. This does not have to be so. Such a surplus disposal, for instance, could be jointly administered by an exchange or barter association similar to the European Payments Union.

In one stroke we could get rid of our surpluses, strengthen the free world, turn back totalitarianism of all kinds, and start millions on the road to a better life.

Such a plan will need determination and careful planning. It will have to start in the administration or in the United States Congress.

Congress has lately spent much time on a bill designed to aid the American farmer, currently the victim of the surpluses. It has brought forth a bill that, if signed by President Eisenhower, may mean a higher surplus.

Yet no plan for reducing the surplus in a constructive way has been advocated or discussed in Congress. This lack of imagination may some day be recorded as one of the biggest American failures of our time.

## The Council President

Robert Young, L2, Waterloo, Wednesday night was elected president of the SUI Student Council. Young was not on council during the past year. We know little of his abilities or qualifications. Therefore, what we have to say about his selection is no reflection upon him.

Young as council president will represent the student body in conferences with the SUI administration. He will be the man who will present our case when situations such as student football seating troubles arise. He will be SUI's representative at various student conferences and meetings. He will be the spokesman this spring and for most of the 1956-57 school year for upwards of 9,500 SUI students.

How many of these students had a hand in the selection of Young? Only the 17 members of the Student Council did. Young, one of two representatives of the married students, was unopposed for election to the council.

Once more we would like to emphasize that this is not a criticism of Young. He may become the best president the SUI Student Council has ever had. This is a criticism of the system under which he was elected — a system we have criticized before.

The Daily Iowan recently proposed electing the Student Council president by a popular vote of the student body. We polled five student political leaders on the subject. All favored the present system. There were two main reasons for their attitude: (1) Council members have worked with the candidates and know qualifications better than do 9,500 students, and (2) such a large electorate would turn the

voting into a popularity contest where a well-known athlete could defeat a qualified but little-known candidate.

We dissent.

How much did council members know about Young, with whom they had not worked during the past year?

Are we to accept the conclusion that 9,500 students who will be tomorrow's leaders are incapable of making good choices in student government?

This is the sort of thinking that led the Founding Fathers to establish the electoral college. They didn't think the masses of American people were fit to exercise their judgment, either.

Would a well-known person, such as an athlete, always hold an advantage? We think not. Babe Ruth in his heyday couldn't have been elected president of the United States (even by the people who elected Warren G. Harding) because he clearly didn't have the qualifications.

If the council presidency were put to a campus-wide vote the candidates would run on platforms and discuss issues of the campus. We hold that the qualifications and platforms of the candidates would determine the final selection more than athletic accomplishments.

We would like to see the Student Council president become a true campus leader. He won't while most students don't even know his name. (A recent class poll showed that only 10 of 33 students knew the name of the president). And students won't take much interest in who is the council president while he is elected in a private club atmosphere by 17 persons.

"What this relay team needs is an anchor man with a little more speed and a little less comedy."

## 5-Year Plan Too Long--Mao

### Red China Boss Trying To Prove Quick Results Can Be Achieved Under His Leadership

By F. K. WU  
Central Press Association Correspondent

HONG KONG — Peiping's big jump to Socialism from "new democracy" has yielded an equivalent of about U.S. \$1.5 billion, which will be used for rearmament.

This rapid approach is an effort on the part of Chairman Mao Tse-tung to gain the confidence of the Kremlin rulers, according to a well informed source.

It was officially announced in Peiping that the five-year industrial plan put into operation early in 1953 is scheduled for completion this year instead of 1957 as a "race against time" and "quick leap to Socialism."

The Chinese masses were often told—but did not necessarily believe—that the goal of Socialism was prosperity and happiness.

Actually the Peiping regime is interested in netting large sums of money as war preparations to make amends for extravagance, bureaucracy, faulty planning and the general lack of a sense of proportion.

THE DRIVING force behind the program of acceleration is Mao Tse-tung, who planned the taking over of the farms, industrial plants, enterprises, etc., in the name of Socialism.

It is rumored that Soviet Russia counseled moderation in this "race against time" but Mao is trying to prove that quick results may be achieved under his leadership.

The Freedom Front Fortnightly said Mao rode roughshod in this Socialist transformation as a means to overwhelm internal opposition and obstruction believed to be led by Liu Shao-chi, chairman of the standing committee of the National People's Congress.

This independent English publication pointed out that Liu Shao-chi had been silent for a long time, while the Chinese representative at the recent Communist Party Congress in Moscow is Marshal Chu Teh and not Liu Shao-chi, reportedly known as the leader of the pro-Soviet clique in the Chinese Communist Party.

The Freedom Front believes

PARTY CHAIRMAN Mao Tse-tung (right) holds whip hand over Liu Shao-chi (left), leader of "Soviet clique" in Peiping.

that Mao Tse-tung wanted to discredit the pro-Soviet clique by showing the quick success of his projects. The pro-Soviet group did not want to press too hard for more producers' agricultural cooperatives as seen in the big stride of 650,000 in October, 1955, to more than 1.8 million in late February. Again these cooperatives are to be transformed into 600,000 collective farms.

This means that by summer all farms, farming tools, seeds, fertilizers and farm animals are transferred from private ownership to state possession and operation.

Mao persists in this process of collectivization in order to follow the footsteps of Soviet Russia.

Mao's quick leap to Socialism has embittered many of his colleagues and a large number of people, who recalled that he put forth his "new democracy" as a very mild form of Socialism in 1949.

To industrial owners and workers Mao coined the famous slogans of "mutual benefit to capital and labor," and "mutual regard for public and private interest."

NOW MAO has taken over all private industries and enterprises in the name of "state-private ownership and operation." By this time industrialists and other property owners have realized they

were deceived and that they can never accept Communist promises. Under the agrarian reform, poor peasants were given farms from property of the landlords and were assured of a means of livelihood. But collectivization means that all the farms and fixtures have gone to the state.

The Peiping regime anticipates widespread opposition. To prevent any further revolt at the source, the Communists are putting the three million intellectuals under regimentation, so that their dangerous thoughts may be stamped out.

On the other hand, the Communists want to reform the intellectuals and force them to play only Communist tunes. This is easier said than done, as the bulk of the educated people see through the Communist tricks and promises.

AT THE SAME time the Communists want to clamp tight the control over the minor political parties, whose members are asked to go to distant places on goodwill or comforting missions and to take part in competitive manual labor. These so-called "democratic personnel" are used as window dressing in the "united front" store but are not Communists and do not at heart, accept the precepts and tactics of the Peiping masters, much less to approve the quick leap to Socialism.

Reliable sources indicated that the quick leap to Socialism, despite initial gains, may bring about a fall midway and that the contemplated completion of the five-year plan some time this year will leave many projects still unfinished.

Cargill-Central Press

## General Notices

General Notices must be left at The Daily Iowan office, Room 201 Communications Center, by 8 a.m. Monday for publication in The Daily Iowan on Tuesday. Notices for other week days must be in by 5 p.m. two days prior to publication. They must be typed or legibly written and signed. They will not be accepted by phone. They will not be published more than one week prior to the event. The Daily Iowan reserves the right to edit notices.

FOLK DANCING — There will be a folk dance today at 7:30 p.m. in the Women's Gym. Beginning dancing will be taught until 9 p.m., followed by a general request program.

ORDER OF ARTUS — A business meeting of the Order of Artus will be held at noon on Tuesday, April 17, in the middle alcove of the Union cafeteria. Elections of officers and new members will be held.

MENONITE STUDENTS — The Mennonite Students Fellowship will meet at 7:30 p.m., Saturday, April 14 at the Mennonite Service Center, Dr. Laurence Burkholder, professor of philosophy at Goshen College, will be the speaker.

YOUNG DEMOCRATS — The SUI Young Democrats will meet Tuesday, April 17 at 7:30 p.m. in the Pentacrest Room of the Union. Max Grassfield and Sherwood Markman, contenders for the presidency of the club will state their platforms. The movie "Ticket to Freedom" will be shown.

DANFORTH CHAPEL — The regular 5 to 5:15 p.m. devotional services will be held daily this week. Wesley Foundation and the United Student Fellowship will be in charge.

ZOOLOGY SEMINAR — The Zoology Seminar will meet today at 4:30 p.m. in room 201, Zoology Building. Dr. R. T. Hill, chairman of the University of Miami Department of Anatomy, will speak on "Gonad Innervation."

TENNIS CLUB — The Tennis Club is meeting every Tuesday and Thursday at 4 p.m. at the Library Annex courts. Instruction and competition are offered.

EDUCATION WIVES — The Education Wives will meet Saturday, April 14 at 12:45 p.m. in the private dining room of the Union. Dr. Robert Kalina, Department of Psychiatry, will speak on "Therapeutic Use of Hypnosis."

CHRISTIAN SCIENCE LECTURE — There will be a free lecture on Christian Science, Sunday, April 15, at 3 p.m. at the Methodist Church. Elizabeth Carroll Scott, a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, will speak. A nursery for children will be provided.

JUNE DEGREE CANDIDATES — Orders for official commencement announcements are now being taken. Place your order at the Alumni House across from the Union before noon April 19.

BABY-SITTING — The University Cooperative Baby-Sitting League will be in the charge of Mrs. John Lockwood from April 12 until April 26. Telephone her at 6536 if a sitter or information is desired.

UNIVERSITY SCHOLARSHIPS — Students interested in university scholarships for 1956-57 are reminded that the application deadline is June 5, 1956. Information and application blanks for undergraduates are available in the Office of Student Affairs.

PANACEA TICKETS — Tickets for the Panacea production "Pick Up the Pieces," are on sale at Wheatstones and the Union Lobby. They will also be sold at the door. Tickets are 75 cents. Panacea will be presented at 8 p.m. today, and Saturday, April 14 and Monday, April 16, at Macbride Auditorium.

SECONDARY TEACHER EDUCATION STUDENTS — All senior and graduate students who plan to take Education 7:79, Observation and Laboratory Practice (Practice Teaching), during the first semester of the 1956-57 academic year should fill out a pre-registration card before the end of the current semester. Cards are available in the Office of the Director, room 308, University High School.

WATER SAFETY INSTRUCTORS COURSE — The Red Cross Water Safety Instructors Course for men will be held at the Fieldhouse pool starting Monday, April 16, at 4 p.m. All men interested in the course are requested to sign up at the Basic Skills office in the Fieldhouse prior to April 16.

PSYCHOLOGY COLLOQUIUM — The Psychology Colloquium presents Dr. G. Robert Grice, University of Illinois, today at 8 p.m., in E105, East Hall, speaking on "Studies of the Response Activation Drive" or "E equals H x D?"

MATRIX TABLE AWARDS — Nomination blanks for the 2d annual Matrix Table Awards must be mailed to Theta Sigma Phi, 205 Communications Center by April 14. If your Campus or town organization or housing unit has not received a nomination blank and would like to nominate someone, blanks can be obtained at 25c Communications Center, Campus

official daily BULLETIN UNIVERSITY CALENDAR FRIDAY, APRIL 13, 1956

UNIVERSITY calendar items are scheduled in the President's office, Old Capitol.

Friday, April 13 8 a.m. to 10 p.m. — Forensic League High School Play Festival — House and Senate Chambers, Old Capitol.

Group Show — Student Art Gallery. 8 p.m. — Archeological Lecture — University Library.

8 p.m. — Art Guild Spring Film Series. Feature: "The Strange Ones." Shorts: "Hen Hop" and "Adventures of Jimmy" — Chemistry Auditorium.

Saturday, April 14 8 a.m. to 10 p.m. — Forensic League High School Play Festival — House and Senate Chambers, Old Capitol.

Group Show — Student Art Gallery. Sunday, April 15 Group Show — Student Art Gallery.

1-5 p.m. — Showing and sale of prints and drawings by students and faculty of Art Department — Fine Arts Building.

# Mortar Board Makes Mothers' Day Plans

Mortar Board has announced a tentative program for its annual Mother's Day festivities, May 12 and 13.

Mothers will register at the Iowa Memorial Union upon their arrival, Saturday, May 12. Canoe Capers on the Iowa River, sponsored by Women's Recreation Association, will take place at 6:30 a.m. and may be viewed from University High School to the Union footbridge.

The family is invited to the Mother's Day luncheon Saturday at 12 noon in the River Room of the Iowa Memorial Union. Tickets may be purchased starting May 7 at the Information Desk of the Union. Price is \$1.50 per ticket. Only 300 tickets will be available.

### Tapping Ceremony

The Mortar Board Tapping of 1956-1957 members will be held on the west approach to Old Capitol at 2 p.m. In case of rain, the tapping ceremony will be held in the Main Lounge of the Union.

A photography exhibit of prints from the Photographic Society of America will be on display Saturday in the Union Lounge. The exhibit will be sponsored by the University Camera Club.

"Oriental Interlude," Seals Water Show, will be held Saturday in the Fieldhouse pool at 8 p.m. The annual show is sponsored by the Women's Recreation Association.

### Bowling Tournament

A Mother-Daughter Bowling Tournament is planned at the Union Saturday and Sunday. Daughters may register during the first week of May for the event. Price is \$1.50 per combination and trophies will be awarded to the winners.

A coffee hour will be held Saturday in the Union from 8:30 to 11 p.m.

Sunday's schedule of events includes: morning services in the Iowa City churches; Iowa City Craft Guild Exhibit in the Union from 1 to 5 p.m.; tours of the new addition of the Union from 2 to 3:30 p.m.; and exhibits of prints and drawings in the Union Lounge by William J. Mitchell of the SU1 Art Department.

The Mother's Day Tea will be held at President and Mrs. Virgil Hancher's home from 3:30 to 5:30 p.m. Sunday.

### University Tea

The annual University Sing will climax the weekend activities at 7 p.m. in the Union Lounge. SUI housing units will participate in the program which will be sponsored by the Associated Women Students.

Margie Rickett, N3, Mount Pleasant, is general chairman. Committee members are: Sue Reider, A4, Eagle Grove, program planning and printing; Mary Jane Baker, A4, Iowa City, program distribution and invitations; Whiff Kirby, D3, DeKalb, Ill., publicity.

Prudy Meder, A4, Elkader, luncheon and program; Beth Howard, A4, Imogene, selection of representative mother, son and daughter; Barbara Work, A4, Homewood, Ill., registration; Sandra Handford, A4, Des Moines, receptions; Barbara Oliver, A4, Des Moines, tapping program and initiation; and Bonnie Erickson, N4, Sioux City, junior vote.

### STEAMED VEGETABLES

Want steamed vegetables to taste their best? Douse them with a couple of tablespoons of butter when they have finished cooking.

## Wash and Wear Suits

WASH AND WEAR SUITS make practical the new, light colors for spring. Since the suits may be washed and worn again with little or no ironing, upkeep problems are greatly reduced. The suit, at left, is of a soft cream color in a basket weave fabric. A handsome corded fabric in hairline stripes of blue and white is used in the suit at right. Both suits are of a dacron-cotton blend.

## AWS Council Holds Installation Banquet

AWS General Council held an Installation Banquet Wednesday at the Iowa Memorial Union, honoring new and retiring officers and council members. An evaluation meeting preceded the dinner, at which the AWS activities for 1955-56 were discussed.

Miss Helen E. Focht, AWS director, and Mrs. Marvin Dickel, former AWS president, were guests at the banquet. Prudence Meder, A4, Elkader, was chairman of the event.

Newly installed officers are: Margaret Rickett, N3, Mt. Pleasant, president; Colleen Dolezal, A3, Ely, vice-president; Marian Freed, N1, Madison, Wis., secretary; Sandra Swengel, A2, Muscatine, treasurer; and Marcia Koch, A1, Wheaton, Ill., sophomore representative. Retiring officers are: Sue Reider, A4, Eagle Grove, president; Miss Meder, vice-president; Kay Taylor, N3, Tulsa, Okla., secretary; Marsha Brubaker, A2, Davenport, treasurer; and Linda Gamble, A2, Fairfield, sophomore representative.

### ASK FOR TEXTBOOK BIDS

Bids for approximately 4,800 textbooks for Johnson County rural schools will be received in the office of Frank J. Snider, county superintendent of schools at noon May 12. The books will cover kindergarten through eighth grade in arithmetic, health and reading.

## SUI Items

### CRAFT COURSES

Courses in weaving, enameling, craft design, jewelry, pottery, textile design, and related art will be offered, both for college credit and non-credit, June 11 to July 14 in Gatlinburg, Tenn., according to Roberta Edgecombe, president of Iowa Zeta chapter of Pi Beta Phi.

The craft courses will be given at the annual Craft Workshop in Gatlinburg, sponsored by Pi Beta Phi and the University of Tennessee. Further information on the Craft Workshop may be obtained by writing to Pi Beta Phi School, Gatlinburg, Tenn.

### TOWN WOMEN

Alyce Venzke, A2, Iowa City, and Jeannette Chadek, A2, Iowa City, represented the SUI Town Women's Association at the National Independent Student's Convention at Austin, Tex., April 9 through today.

### PI BETA PHI

Pi Beta Phi social sorority recently initiated 17 women. They are:

Sue Althoff, A1, Rock Island, Ill.; Doris Arptal, A1, Shenandoah; June Brandmill, A3, Elma; Janet Bryan, N1, Charles City; Deanna Doerr, A1, Riceville; Nancy Dunlop, A1, Des Moines; Diane Foster, A1, Fort Madison; Jane Hubly, A1, Cedar Rapids.

Margaret Kolker, A1, Waterloo; Sally Larson, A1, Conrad; Clara McMahon, N1, Tulsa, Okla.; Jean Niemeier, A1, Sioux City; Linda Pederson, A1, Des Moines; Mary Rate, A1, Iowa City; Sugar Schletter, A1, Ames; Maryanna Spies, A2, Gracettinger; and Joan TePaske, A1, Orange City.

### NEWCOMERS CLUB

The University Newcomers Club Bridge will meet Monday at 7:30 p.m. in the Iowa Memorial Union. Mrs. Paul Bear is hostess of the event. Committee members are: Mrs. Robert Fager, Mrs. Billy Barnes, Mrs. Donald Madsen, Mrs. Harold Orr, and Mrs. James Bush. Mrs. Ronald Gee recently was elected president of the University Newcomers Club. Other officers elected at the April Tea were: Mrs. William Suter, vice-president; Mrs. Billy Barnes, secretary; and Mrs. Ernest A. Sabs, treasurer.

### Women Voters' League Elects 2-Year Officers

Mrs. Raymond F. Sheets has been elected president of the League of Women Voters for a 2-year term.

Other officers elected are: Mrs. Bernard Lewis, vice-president; Mrs. John Kenney, secretary; and Mrs. Robert Thorne, treasurer. The officers all will serve for 2-year terms.

New nominating committee members are Mrs. Hew Roberts, and Mrs. Paul Huston.

League directors are: Mrs. William Hubbard, Miss Myrtle Kitchell and Mrs. John D. Whisenand.

## Tea Will Honor Engaged Coeds

Sorority girls who are engaged will be the guests of honor at a Pansy Tea held by Kappa Alpha Theta social sorority Sunday from 2:30 to 3:30 p.m.

The program includes a style show featuring bridesmaid dresses, bridal gowns, and trousseau clothing.

Special guests will be Miss Helen E. Focht, counselor to women, and Miss Helen Reich, assistant director of student affairs, and all sorority and fraternity housemothers. Chairman of the tea is Nan Acheson, A3, Des Moines. Committee members are: Jan Kohl, A3, Cedar Rapids, invitations; Noya Huber, A3, Iowa City, decorations; and Karen Engdahl, A3, McHenry, Ill., style show.

**ADDITION TO SAUSAGE**  
Some cooks like to add a little finely diced or grated onion to bulk sausage that is shaped into patties and fried.

## Local Chapter To Host Regional AEPi Parley

Twelve chapters of Alpha Epsilon Pi fraternity will be represented in Iowa City this weekend as the SUI chapter of AEPi serves as host to the 1956 AEPi Midwest Regional Conclave.

About 100 members of the national fraternity are expected to be in attendance. The program will be highlighted by a semi-formal dinner-dance at the Iowa Memorial Union, Saturday night.

Loren Hickerson, director of the SUI alumni service, will be the main speaker at the dinner-dance. He will discuss "The Fraternity's Role and Responsibility on the College Campus." Hickerson, a member of Pi Kappa Alpha fraternity, has been active in SUI fraternity affairs.

Registration for the conclave will be held at the chapter house, 707 N. Dubuque St., tonight. There will be an informal party at the chapter house from 8 to 12 this evening.

### Business Sessions

Business sessions will be held in the Union conference rooms beginning Saturday morning. A bowling tournament will be held Saturday afternoon.

Larry Barrett and his orchestra will entertain at the dance Saturday night. A brunch will be held at the chapter house Sunday morning, followed by a final business session at the Union, Sunday afternoon.

Arnold Hoffman, national AEPi president from Atlanta, Ga., and Mrs. Hoffman will attend the conclave. Other national AEPi officers expected to be here include: Louis Heller, national treasurer, Milwaukee, Wis., and Milton Schachtman, Chicago, Ill., and Dan Lewis, Milwaukee, Wis., both members of the Supreme Board of Governors.

### Chapters to Attend

Chapters to be represented at the conclave will be from the following schools: SUI, the University of Illinois, Marquette University, the University of Wisconsin, Drake University, Illinois Institute of Technology, the University of Michigan, Bradley University, the University of Washington at St. Louis, University of Missouri, University of Kansas, and the University of Minnesota.

Marty Galek, A3, Rock Island, Ill., is the 1956 Midwest regional president. Arnold Gore, A4, Kankakee, Ill., is the Iowa conclave chairman. Larry Sirinsky, A4, Chicago, Ill., served as editor of the souvenir book which will be presented at the dinner-dance.

### WALK OFF CALORIES

Weight watching? You can have your cake and eat it, too, if you'll counterbalance that piece of dessert with an hour's brisk walk.

## Nominations For Matrix Awards Due

Nominations for the Matrix Table Awards to be presented at the Matrix Table Banquet April 26 are due Saturday, according to Jean Brown, A4, Davenport, chairman of the nominations committee.

Any Iowa City club or SUI club or housing unit is eligible to nominate one of its members for an award. Two awards will be made, one to the outstanding campus woman and one to a town woman for achievement and service in public affairs.

Announcement was made Thursday of the panels of judges who will select the winners.

Mrs. Fred Pownall is chairman of the panel which will name the town winner. Her committee consists of Mrs. Paul Vermillion, president of the Iowa City League of Women Voters, and Mrs. I. A. Rankin, president of the Iowa City Woman's Club.

The campus selection committee will be under the chairmanship of Miss Helen Reich, assistant director of student affairs. Her committee includes Bob Bateson, C3, Eldora, Union Board chairman; Margie Rickett, N3, Mt. Pleasant, president of Associated Women Students; and Mark Putney, L2, Gladbrook, 1955-56 president of the Student Council.

The Matrix Table awards and banquet are sponsored by Theta Sigma Phi, honorary professional fraternity for women in journalism.

## Name Dan Hinson President of SDX

DAN HINSON, A3, Tenafly, N.J., recently was elected president of Sigma Delta Chi, professional journalistic fraternity. Other officers are Ivars Liepins, A4, Iowa City, vice-president; Thomas Mann, A3, Fredericksburg, Va., secretary, and Loy Brooks, A3, Des Moines, treasurer.

### In Baseball Action Today—

# Hawks Meet W. Illinois State

BOB SCHEYLLI, alternate regular in centerfield on Iowa's baseball team this spring, takes his cuts in the batting cage during a Hawk-eye workout. Scheylli will give up his starting position today to Sharm Scheurman as Iowa tangles with Western Illinois State at 3:30 p.m. here. The Hawks will be after their second win of the season against six losses.

## Summon Walcott In Boxing Probe

CHICAGO — Former heavyweight champion Jersey Joe Walcott Thursday was subpoenaed to testify before the Cook County grand jury Monday concerning his possible knowledge of alleged corruption in Illinois boxing.

Walcott, here to plug a boxing movie in which he appears, debated sharply over boxing with Illinois State Athletic Commissioner Lou Radzienda on television Tuesday night.

Walcott was served the summons in front of the Loop theater where the movie is showing. Jersey Joe portrays a trainer in the picture, which has as its theme crookedness in boxing.

Walcott, here to plug a boxing movie in which he appears, debated sharply over boxing with Illinois State Athletic Commissioner Lou Radzienda on television Tuesday night.

Walcott was served the summons in front of the Loop theater where the movie is showing. Jersey Joe portrays a trainer in the picture, which has as its theme crookedness in boxing.

Walcott also told Radzienda: "You're just like all the other boxing commissioners—a political appointee who knows nothing about the game. What boxing needs is men who understand it, who have devoted their lives to it like Gene Tunney, Jack Dempsey and Tommy Loughran, and you'd see how quick the racketeers and thugs would be cleaned out."

Walcott also told Radzienda: "You're just like all the other boxing commissioners—a political appointee who knows nothing about the game. What boxing needs is men who understand it, who have devoted their lives to it like Gene Tunney, Jack Dempsey and Tommy Loughran, and you'd see how quick the racketeers and thugs would be cleaned out."

The legal lead followed a promise last week by State Athletic Commission Chairman Livingston Osborne to formally track down accusations of criminality in boxing.

Today the commission will cross-examine Jack Begun, veteran Chicago fight manager, on his allegation that the recent Carmen Basilio-Johnny Saxton welterweight title fight was not "on the up and up." Begun made the charge in an amusement circular.

Saxton dethroned Basilio with a much-debated, although officially unanimous decision at the Chicago Stadium March 14.

Such were the betting odds posted here Thursday in this legal gambling resort.

Odds on the others: American — Cleveland, 2-1; Boston, 6-1; Chicago, 9-1; Detroit, 40-1; Kansas City, 80-1; Baltimore, 100-1; and Washington, 100-1.

National — Milwaukee, 2½-1; New York Giants, 10-1; St. Louis, 20-1; Philadelphia, 30-1; Cincinnati, 40-1; Chicago Cubs, 100-1, and Pittsburgh, 100-1.

PAR IS NO BIRDIE  
TUCSON, Ariz. — Manny Quiroz scored a par at the municipal golf course after his drive struck and killed a mourning dove on the wing.

Other schools will be: Illinois, Wisconsin, Michigan, Purdue, Indiana and Ohio State.

Hawk riflemen competing in the meet will be: Tom Carson, A3; Britt, Dick Maurer, E2, Iowa City; Dave Glidden, A2, Logan; John Wolford, A2, Newhall; James Herten, A2, Iowa City and James Bell, A3, Tipton.

Hawk riflemen competing in the meet will be: Tom Carson, A3; Britt, Dick Maurer, E2, Iowa City; Dave Glidden, A2, Logan; John Wolford, A2, Newhall; James Herten, A2, Iowa City and James Bell, A3, Tipton.

Hawk riflemen competing in the meet will be: Tom Carson, A3; Britt, Dick Maurer, E2, Iowa City; Dave Glidden, A2, Logan; John Wolford, A2, Newhall; James Herten, A2, Iowa City and James Bell, A3, Tipton.

Iowa's two top pitchers will split the mound chores when the Hawks entertain Western Illinois State at 3:30 this afternoon.

Coach Otto Vogel said Thursday Bill Schoof and Don Dobrino will each hurl about half the game as the Hawks go after their second win of the baseball season.

Dobrino is the only Iowa hurler to crack the winning edge of the ledger this season. He stopped Western Michigan on a 3-hitter last week, 6-4. He is charged with two losses.

Schoof has also dropped two games, as has Jack Nora, who Vogel indicated might see some mound duty today.

All six of the Hawk losses were incurred on the spring trip to Arizona.

Western Illinois has won three out of four games this season. The Macomb, Ill., club has beaten Barksdale (La.) Air Force base, Quincy (Ill.) College and got an even break in two games with Centenary College of Shreveport, La.

The Leathernecks will start Chuck Behrends or Angelos Koptas on the hill against Iowa.

Vogel will start the same lineup which beat Western Michigan last week, with two changes. Milt (Sharm) Scheurman will replace Bob Scheylli in center field and Ted Jensen will take over the third base post. Scheurman fielded down last week. Jensen was a regular at third during the Arizona trip.

Ralph (Bucky) Walters will be in left field today, with Les (Babe) Hawthorne in right, Tom Hays at shortstop, Ken Kurtz at second base, Don Bock catching, Jensen at third, Kirby Smith at first and Scheurman in center.

Iowa's team batting average is .208 going into today's game. Kurtz, last year's leading hitter, tops the individual batters with a .318 average. Smith at .292, Walters at .280 and Hawthorne at .273 are next in line.

Dobrino is hitting .300, but is only credited with 10 at-bats. He does have one of the two home runs hit by the Hawkeyes this year. Smith got the other last Friday against Western Michigan.

Kurtz, Smith and Walters all have seven hits to lead the team in that department. Smith and Tom Hays are the runs-batted-in leaders with five each. Kurtz has four RBIs to his credit and also leads the Hawks in extra-base hits with two doubles and two triples.

Hawthorne has scored five runs to grab the lead there and get a good start in retaining the scoring crown he won last year.

The top fielding average belongs to Walters, who is credited with 19 putouts, nine assists and only one error for a .966 average. Smith leads the infielders with a .952 mark — two errors in 40 chances.

The Hawkeyes as a team have compiled a .902 fielding average.

Dobrino, by virtue of last Friday's win, leads the mound staff with a 1-2 mark. The big football-baseball star has pitched 24 innings, including two complete games, giving up 22 hits, 21 runs (only nine of them earned, however), striking out 15 and giving up 11 walks.

Schoof, who led the pitchers last season, has worked only eight and two-thirds innings this year because of the extended basketball campaign. He has allowed 10 hits, eight runs, six earned runs, has struck out 5 men and issued 3 bases on balls. He has been charged with two losses.

Nora, the other two-time loser, has pitched 10½ frames, giving up 11 hits and 12 runs. He has walked 17 men and struck out 4.

The Hawkeyes are idle Saturday, but will play host to Luther in two games Monday and Tuesday. Both contests will start at 3:30 on Iowa's diamond.

The San Francisco amateur was quoted as saying among other things that he was "lonesome" and didn't have anyone to talk to on last Sunday's disastrous final round. A protege of Byron Nelson, Ventura had been paired with his friend, but a switch placed him with Sam Snead.

"I can't quite understand his 'lonesome' complaint," Middlecoff told Memphis Commercial Appeal sports columnist David Bloom. "It's really ideal to be quite alone and at the Masters the gallery is well controlled."

Middlecoff, who won the Masters last year, finished one stroke in back of Ventura and two behind Burke.

The former Memphis dentist, now one of golf's top pros, was referring complaints of a young Ken Venturi, who blew a 4-stroke lead in the Master Golf Tournament to lose out to Jackie Burke.

Middlecoff, who won the Masters last year, finished one stroke in back of Ventura and two behind Burke.

The former Memphis dentist, now one of golf's top pros, was referring complaints of a young Ken Venturi, who blew a 4-stroke lead in the Master Golf Tournament to lose out to Jackie Burke.

The San Francisco amateur was quoted as saying among other things that he was "lonesome" and didn't have anyone to talk to on last Sunday's disastrous final round. A protege of Byron Nelson, Ventura had been paired with his friend, but a switch placed him with Sam Snead.

"I can't quite understand his 'lonesome' complaint," Middlecoff told Memphis Commercial Appeal sports columnist David Bloom. "It's really ideal to be quite alone and at the Masters the gallery is well controlled."

# AAU Says Landy Will Run in U.S.

NEW YORK (AP)—Carl Hansen, president of the Amateur Athletic Union, said Thursday Australia's John Landy definitely will run on the Pacific Coast next month.

# Major Club Spring Play In Last Run

NEW YORK (AP)—New names like Don Buddin, Charley Neal and Ted Kazanski and familiar names like Hank Sauer, Larry Doby and Early Wynn were in the news Thursday as the ball clubs near home on their long spring training junks.

Washington played a home game Wednesday night. Over the weekend all major league parks will see action except in Boston, Detroit, Philadelphia, St. Louis and New York's Polo Grounds.

The managers anxiously await a chance to see how the new phenoms look against a background of double or triple decked stands and how they perform on big league infields.

**The Good Word**  
Buddin, one of the best of the new rookie crop, already has the good word from Mike Higgins, Boston manager, that he will open the season as regular shortstop for the Red Sox. The scrappy 21-year-old clinched the job by hitting .323 in the exhibition season.

Much has been written about Neal, Brooklyn's new second baseman. Now it becomes definite that he has chased Junior Gilliam out of the infield, at least temporarily.

If fans remember Kazanski at all, it would be as the bonus shortstop who didn't make it with the Phillies. He's back again, this time as a second baseman and a regular in the Phils' infield.

**Pleasant Surprise**  
The St. Louis Cardinals have been a pleasant surprise in spring training with the best win-loss record of any team in the majors. If Hank Sauer can provide the type of right-handed power hitting that he showed Wednesday against Chicago's White Sox in Denver, they can be tough. Big Hank followed Stan Musial's homer with one of his own.

The news on Doby wasn't good. The White Sox slugger was rushed home from Denver for treatment of a rash on his right hand. As Doby had driven in 21 runs during the spring and left Florida with a .400 batting average, his troubles had to be a vital concern of Sox officials.

**Wynn's Tuneup**  
Wynn was rapped for seven hits and four runs, including a homer, by the New York Giants in his tuneup for the regular season.

The Milwaukee Braves, already plagued by Gene Conley's chronic tendonitis, had to bench center-fielder Bill Bruton, who was hitting only .111. That gave Manager Charlie Grimm a chance to move rookie Woe Covington into left field while replacing Bruton with Bobby Thomson.

**3 Homers A Day**  
Unless the pitching tightens up, Ernie Banks will have to hit three homers every day to keep the Chicago Cubs in the ball game. Cub pitchers allowed 207 runs in the exhibitions, an average of more than seven per game.

Detroit's endless search for bullpen help may have ended with Pete Wojey, former Brooklyn pitcher, who impressed Manager Bucky Harris in Wednesday's 0-0 tie with Milwaukee. Wojey was an in-and-out in Florida.

**Snead Takes 1-Stroke Lead In Greensboro**  
GREENSBORO, N.C. (AP)—Sam Snead, wasting no time in his bid for a sixth Greater Greensboro Open Golf championship, took a one-stroke lead over the field Thursday with a five under par 33-36-66.

His late finish took the lead away from Frank Stranahan, the Toledo, Ohio, professional, whose 35-32-67 had stood up for several hours.

Two California pros, Jimmy Clark of Los Angeles, and Bill Casper Jr. of Chula Vista, shared third place with 68s.

Snead, the White Sulphur Springs, W.Va., veteran who won this tournament's first staging in 1938 and last spring took it for the fifth time, birdied three of the last five holes to forge into the lead.

He conceded that by starting in the early afternoon he escaped the tricky morning wind that hampered those in the field of 126 who had to tee off earlier in the day.

The 72-hole grind in this \$12,500 event is over the par 71 Starmount Forest Country Club, a 6,732-yarder.

Tied for fifth place at 70, four shots off the leader, were PGA champion Doug Ford of Mahopac, N.Y.; John Serafin, Fox Hills, Pa.; Al Besslink of Grossinger's, N.Y.; and Wayne Jackson, 21-year-old amateur from Warwick, Va.

# In Charge of Overall Operations— Board of Regents Governs SUI Policies

By KAY CROSS  
The State Board of Regents can stop you from smoking in classrooms, decide what courses will be offered and decide how much you pay to attend SUI.

The board is the governing body of the three state-owned colleges: SUI, Iowa State College and Iowa State Teachers College.

Iowa law states that the board shall "manage and control the property, both real and personal, belonging to said institutions."

Among the board's varied duties is approving every course in the University and any change in curriculum. All faculty members' appointments and salaries are determined by the group.

The setting of dormitory and tuition rates is also under the board's jurisdiction.

The increased enrollment at SUI is now being studied by the governing group. The board could limit enrollment as it is in charge of rules for admission.

Merit and University scholarships are set up by the board. Money donated for use in scholarship funds must be accepted by the Regents as are all grants to the University.

This policy-making group is concerned with the overall operation of institutions, rather than every day details. These routine activities are delegated to the administrative officers of the institutions.

A finance committee of three members is hired by the board to carry out its duties and business throughout the year.

The board meets once a month during the school year to consider any problems the schools might have.

Some former board members have served as long as 30 years. George T. Baker, Davenport, was appointed when the board was formed in 1909 and served until 1940. He was president of the group from 1925-1940.

The board's nine members are appointed by the governor for a term of six years. They receive no pay for their services. No more than one member may be a graduate of any one of the three schools. The law provides that not more than five members shall be of the same political party.

Before 1909, only ISTC, ISC and SUI were governed by the board. Added since have been the Iowa Braille and Sight-Saving School at Vinton, the State School for the Deaf at Council Bluffs, the State Sanatorium at Oakdale and the State Hospital-School for Handicapped Children in Iowa City which is administered under the University. The group was known as the State Board of Education until last year when its official title was changed.

The board also finds itself involved in campus issues as in 1948 when the SUI Young Republicans and Young Democrats wanted political candidates to speak here. Previously political figures could not appear at the University. The board reconsidered its policy and ruled that these candidates may visit the campus.

Pictures of the board's nine members are now on display in the first floor lobby of Old Capitol.

This year's Regents are: Mrs. Willard D. Archie, Shenandoah; Mrs. F. G. Brooks, Mt. Vernon; Carl T. Fredrickson, Sioux City; Harry Hagemann, Waverly; V. B. Hamilton, Hampton; Dwight G. Rider, Ft. Dodge; Richard H. Plock, Burlington; Roy E. Stevens, Ottumwa; Clifford M. Strawman, Anamosa.

**Re-trial Refused In Solon Land Case**  
Judge James P. Gaffney has overruled a motion for a new trial in the appeal of Leo and Ella Marshak from a land condemnation. The land will be used by the Solon Community School District for a new athletic field.

In filing the motion in Johnson County District Court, the school district said the \$9,172 jury award was a "verdict unsupported by the evidence," and the court erred in overruling objections of the defendants to testimony given by Marshak.

**U.S. Population At 167 Million Mark**  
WASHINGTON (AP)—The Census Bureau Thursday estimated the total population of the United States at approximately 167,181,000 on March 1. This includes armed forces serving overseas.

The bureau said the estimated total is an increase of 16,049,000 since April 1, 1950, the date of the last population count. It also is an increase of 2,814,000, or 1.7 per cent above the estimate for that corresponding the year ago.

**TO BLIND MEETING**  
DES MOINES (AP)—D. W. Overbeay, superintendent of the State Braille and Sight-Saving School at Vinton, will attend the International Conference of Educators of Blind Youth at Oslo, Norway, in 1957, the State Board of Regents said Thursday.

IOWA'S NINE REGENTS, who act as a governing body for the state-owned colleges, include: V. B. Hamilton, Hampton; Dwight G. Rider, Ft. Dodge; Richard H. Plock, Burlington; Roy E. Stevens, Ottumwa; Harry Hagemann, Waverly; Mrs. F. G. Brooks, Mt. Vernon; Clifford M. Strawman, Anamosa; Carl T. Fredrickson, Sioux City; Willard D. Archie, Shenandoah.

# Professor Predicts U.S. Labor Surplus in '56

Americans must spend \$408 billion to provide full-scale employment in 1956, Prof. Lewis Wagner of the SUI Bureau of Business and Economic Research said Thursday.

Surveys indicate that consumers won't spend that much, though, Wagner told the Iowa City Rotary Club. As a result, there may be less than full employment, he said.

"According to these surveys, consumers will spend only \$395 to \$405 billion in 1956," Wagner said.

He said the economy is in a delicate balance and could easily change.

**Keep Spending**  
"To maintain full employment, we must keep people spending—and spending more each year," Wagner said.

This need for increasing expenditure is due to two reasons, he said.

1. Each year the American labor force increases, which enables it to produce more goods and services.

2. There is a corresponding increase in the ability to turn out goods and services for each man-hour of work.

"If we want to look ahead, we have to prepare some estimate of the dollar value of the amount of goods and services that can be produced when there is full employment," Wagner said.

"We also have to have some idea of how much consumers, businessmen and government are likely to spend."

Experts compare these findings to reach an estimate of what will be needed to balance the economy, Wagner said.

**Balance Needed**  
"Income and expenditure must be equal for a balanced economy," he said. The money spent by one person is another person's income.

If the full employment rate of growth is maintained in 1956, it should be "more leisurely than the rate of growth in 1955," Wagner said. He explained that in 1955, in addition to normal growth, we had to pick up the slack from the previous recession.

"Evidence already shows a slowing down of the rate of growth of our economy," Wagner said. He mentioned the automobile inventory and decreasing housing market as examples.

**Tide Brings 4,000 Whisky Jugs**  
NORFOLK, Va. (AP)—Two residents of Great Bridge wish the bootlegger, or whoever it was, who lost about 4,000 brand new, empty unlabeled, corked brown pint bottles in Wednesday night's storm would come and get them.

George Muller and Clyde Williams live on the banks of the Elizabeth River. Thursday morning they looked out their windows and saw a column 300 feet long and 12 feet wide of the bottles lining their water fronts.

They theorized the bottles had been cached in the dismal swamp and floated down during the night's record high tides.

# IOWA ROAD DETOURS

Iowa Highway Commission report on detour, construction and repair work on Iowa roads.

**ROADS CLOSED**  
**Detour Necessary**  
Iowa 14 miles, from Washington to Kalona; for construction. Detour via Iowa 92, U.S. 218, and Iowa 22. 22 miles paved and 12 miles gravel.  
Iowa 14 miles, from Knoxville to Monroe; for pavement construction. Detour via Iowa 218, U.S. 218 to Denmark; for bituminous construction. Detour via U.S. 218, Iowa 53 to Ft. Madison, and Iowa 82 to Denmark. 15 miles paved and 15 miles bituminous.  
Iowa 22 miles, from Junction Iowa 38 to Blue Grass; for grading. Detour via U.S. 61, Muscatine to Davenport. 20 miles paved.  
Iowa 23 miles, from Junction Iowa 92 to Greenfield north to Junction U.S. 6; for bituminous construction. Detour via Iowa 92 east, county roads north, and U.S. 6 west. 2 miles paved and 18 miles gravel.  
Iowa 26 miles, from Junction Iowa 18 at Inwood north to Iowa 9; for construction. Detour 1 mile east of Inwood, then north to Iowa 9. 1 mile bituminous and 9 miles gravel.  
Iowa 31 miles, from Junction U.S. 20 at Correctionville; for construction. Detour via county roads east and north of A—on and U.S. Correctionville. 3 miles paved, 11 miles gravel.  
U.S. 30 miles, from Emer on to U.S. 6 for construction. Detour via U.S. 24 east to Red Oak, Iowa 48 north to U.S. 6, and U.S. 6 west to U.S. 59 at Oakland. 23 miles paved and 20 miles bituminous.  
U.S. 63 0.10 miles, at bridge 2.5 miles north of Traer for bridge construction. Graveled run-around.  
U.S. 63 Closed at bridge 14 miles south of Mason City for bridge construction. Bituminous surface run-around. 0.10 mile.  
U.S. 65 2.5 miles, from Sheffield north; for construction. Detour via county roads east of U.S. 65. 0.5 miles paved, 8 miles gravel.  
U.S. 65 10 miles, from Hampton to Sheffield; for bridges and pavement construction. Detour via county road 1 mile west of U.S. 65 mile pavement, 11 miles gravel.  
Iowa 100 41 miles, from Griswold to Junction Iowa 6, and local gravel roads for construction. Detour via Iowa 45 north to U.S. 6, U.S. 6 west to Council Bluffs, and Iowa 275 south to Iowa 100. 41 miles paved, 6 miles bituminous.  
Iowa 110 3 miles, from 4 miles north of Climbing Hill to 1 mile west of Climbing Hill; for construction. Detour via county road and local gravel roads. 6 miles hilly.  
Iowa 141 0.15 mile, at bridge 3 miles southeast of Mapleton; for bridge repair. Graveled run-around.  
Iowa 141 Closed for bridge construction. 1.5 miles east of U.S. 62 mile gravel run-around.  
U.S. 169 0.10 mile, from North limits of Adel; for bridge widening. 0.10 mile run-around.  
Iowa 175 15 miles, from Mapleton to Junction Iowa 27 near Turin; for construction. Through traffic routed over Iowa 141, Iowa 183, and Iowa 37. 17 miles paved and 10 miles bituminous.  
Iowa 183 7.5 miles, from Moorrees to Pleasant; for construction. Detour through traffic via Iowa 37, Iowa 175, and U.S. 75. 33 miles paved and 11 miles bituminous.  
Iowa 200 2.5 miles, from U.S. 30 to Keystone; for construction. Detour via local road 1 mile east of Iowa 200. 3 miles gravel.  
Iowa 210 8 miles, from Junction Iowa 211 to Maxwell for bituminous construction. Detour via county roads north of Iowa 210. 12 miles gravel.  
Iowa 211 1 mile, from Junction Iowa 210 into Cambridge; for construction. Use same detour as Iowa 210.  
U.S. 218 Closed at Junction with relocation 12 miles north of Iowa City; for construction. Detour bituminous surfaces run-around. 0.6 mile.  
Iowa 223 2 miles, from Junction Iowa 14 west 2 miles; for bridge construction. Detour via county roads. 5 miles gravel.  
Iowa 229 5 miles, from U.S. 63 to Garwin; for construction. Detour via county roads. 4 miles gravel. Caution: 5 one-lane bridges on detour route.  
Iowa 292 3 miles, from Linden to Iowa 64; for construction. Detour via local roads. 4 miles gravel.  
**ROADS OPEN**  
Under Construction or Repair  
Iowa 8 18 miles, from LeMar to Cherokee County line; for bridge and pavement widening.  
U.S. 8 Bridge widening, 2 miles east of Marengo.  
U.S. 6 Bridge widening, at east edge of West Liberty.  
U.S. 6 8 miles, from West Liberty northwest; for pavement widening.  
Iowa 14 9 miles, from Marshall-Grundy County line south; for pavement widening.  
U.S. 20 2.5 miles, from east junction U.S. 20 and 59 west; for pavement widening.  
U.S. 29 0.1 mile, at bridge 1 mile west of Iowa Falls; for bridge widening.

# Cannons Roar, Rockets Soar To Hail Arrival of Princess Grace to Monaco

MONTE CARLO — Cannons boomed, rockets soared, flowers showered from the sky and thousands cheered as Grace Kelly rejoined Prince Rainier III Thursday and made her gala entry into his domain.

The jubilant spectacle of the radiant film star's arrival for her marriage to the 32-year-old Prince next week was exactly as planned—under a sunny sky and on placid blue waters of the Mediterranean.

The S.S. Constitution, bringing 24-year-old Grace, her family and friends from New York, anchored at midmorning outside Monaco's harbor. As it stopped, Rainier sailed his trim yacht alongside and hurried from its bridge to welcome his bride-to-be.

Rainier a 'Darling' "Darling," she cried as she raced across the lighter joining the huge liner and the little yacht, the Deo Juvante II.

The Prince seized her hand, kissed it, then led Grace out of sight for a warmer greeting.

As the yacht cast off and headed for the tiny harbor under the towers of the centuries-old palace where they will live, the happy pair appeared on the bridge. Grace waved merrily at the small craft on either side of the yacht's path and put an arm around Rainier's shoulders while he clasped her waist.

Overhead Pictures Planes and helicopters circled, most carrying photographers. But from one, shipping magnate Aristotle Onassis, owner of a big share of Monte Carlo's famed gambling casino, tossed blossoms.

A 21-gun salute was fired from the thick walls of Monaco's ancient fortress, rockets were fired to release flags and balloons, and the sirens shrieked on boats in the harbor.

The Prince's subjects and a horde of tourists thronged the quay and the roads around the harbor.

At the quay, the yacht halted at the enclosure of the official welcoming party and the greeters were invited aboard. Stewards bustled about serving wine for toasts.

Car Waiting Forty minutes later, Grace stepped from the gangplank to the soil of Monaco. A young girl in local costume stepped forward with a bouquet for the Princess-to-be. Then Rainier helped Grace into a big green car and she was whisked through crowd-lined streets to the turret palace.

Grace's parents, Mr. and Mrs. John B. Kelly of Philadelphia, who also had been aboard the yacht, followed.

Friends reported later that in the palace Grace had succumbed to emotional excitement and wept briefly but quickly regained the high spirits she had shown in the morning.

Early in the evening, Rainier left the palace to go to his villa at nearby St. Jean-Cap-Ferrat where he will stay until after he and Grace are married next Thursday by the Bishop of Monaco. Custom requires that he should not spend the night under the same roof with his fiancée.

## Bank Lending Rates Hit 23-Year High

WASHINGTON — The Federal Reserve Board Thursday approved hikes in the lending rates of 11 of the 12 federal reserve banks, to the highest since April 5, 1933.

The board approved a jump in the discount rate at which reserve banks lend to member banks—in the Minneapolis and the San Francisco districts from 2½ to 3 per cent effective today.

In all other reserve districts, except Chicago, the board increased the lending rate from 2½ to 2¾ per cent.

The Chicago bank remained at 2½ per cent, which has been in effect nationally since Nov. 18.

The board acted after an upsurge in business borrowing which took \$1 billion in new credit, an increase of almost 5 per cent, during March and continued consumer credit increases.

## Hungary Accepts U.S. Offer of Food

WASHINGTON — The United States disclosed Thursday that Communist Hungary reconsidered and accepted a U.S. offer of food which it turned down last winter in a weather emergency.

A State Department announcement informed U.S. Minister Christian Ravnald at Budapest that it would accept the U.S. offer of food.

The announcement said in a survey is being made in Hungary, with the aid of the League of Red Cross Societies, to find out how a prompt aid program should be arranged.

At the time the aid offer was first made last Feb. 23 Europe was in the grip of the century's worst winter. Nearly 800 persons were reported dead as the result of freezing temperatures and snowfall.

BRIDE-TO-BE Grace Kelly smiles prettily as her prince charming, Prince Rainier III, chats as they stand on deck of the Prince's yacht, Deo Juvante II. Miss Kelly has her hand on the engine room telegraph, no doubt hoping everything is "full steam ahead" for next week's wedding.

A FIREWORKS DISPLAY is put on by Greek shipowner Aristofis Onassis honoring Grace Kelly's arrival in Monaco for her marriage next week to Prince Rainier III. Onassis' yacht is the larger craft illuminated at right center.

## Heart Plan Helps Farmers

(Special to The Daily Iowan) DES MOINES — Despite their heart conditions, most of the Washington County farmers involved in a pilot "cardiac-in-agriculture" program have continued, with some restrictions, in their farming occupation.

Dr. Lewis E. January, SUI professor of internal medicine and principal investigator in the program, said Thursday that of the 26 patients participating in the program, nearly half are able to continue farming if they avoid hard labor.

He cautioned, however, that the program has been under way for too short a time (seven and one-half months) and that too few patients have been involved for the findings to be considered conclusive at this date.

Dr. January participated in a panel with three other members of the cardiac-in-agriculture team: Tom Roberts, Washington County extension director; Warren Van Eschen, district counsellor, state division of vocational rehabilitation and Dr. Joseph P. Stoikovic, research fellow in medicine at SUI.

Supported by the American and Iowa Heart Associations, the program was set up as a pilot study for the entire nation last September.

Only two of the 26 persons were advised to quit farming, the panel reported. These patients were assisted by the vocational rehabilitation counsellor in finding jobs which require less strenuous activity than farming involves.

Any Washington County farmer with heart disease who may be helped by the service is enrolled in the program by his family physician. The SUI medical center then gives the patient a complete medical examination.

## \$2 Billion Military Bill Ok'd by House

WASHINGTON — The House Thursday passed a two-billion-dollar authorization for construction of military facilities in the United States and abroad.

The vote on the bill, which now goes to the Senate, was 377-3.

Of the Army's approximately \$300 million share of the authorization, \$136,900,000 is earmarked for Nike guided missile facilities and other defenses for the continental United States and key bases overseas.

The Navy was allotted \$400 million and the Air Force received the major share of the authorizations—more than \$1,137 million.

## Grand Jury Indicts Two

Two indictments, one sealed, were returned by the Johnson County grand jury in district court Thursday.

Christian F. See, 39, 411 Reno St., was indicted on charge of operating a motor vehicle while intoxicated, third offense.

See was arrested March 29 on Ely Road west of Solon by the Iowa Highway Patrol. His previous offenses were on April 13, 1948 and June 4, 1955. He is being held in county jail under \$1,500 bond.

The sealed indictment will not be released until the person named is taken into custody.

Following inspection of county facilities, the grand jury expressed the need for the installation of an elevator in the court house. The jury report recommended the Board of Supervisors consider such an installation for submission to the voters.

The county home and county jail received excellent reports from the jury. County home improvements suggested included possible acquisition of an automatic dishwasher, modernization of laundry room equipment and facilities and acquisition of new kitchen stove.

## LOGICAL!

UNITED NATIONS — The UN has issued a new report titled "Age and Sex Patterns of Morality — Model Life — Tables for Underdeveloped Countries." It begins, "Ideally, death should occur at the end of a more or less lengthy period of life."

## Turncoat Tenneson To Work in Iowa

ALDEN, Minn. — Richard Tenneson, the farm boy who once embraced, then rejected communism, has left Minnesota to work in Iowa. But he hopes to enroll at the University of Minnesota next winter.

The 21-year-old former Army private left a week ago to take a job on an Iowa farm, his mother, Mrs. Portia Howe, disclosed Thursday.

She declined to say, however, where in Iowa her son is working.

"Rick told us he is interested in taking an engineering course at the university," Mrs. Howe said.

"He entered the Army after completing his junior year of high school at Alden but I understand he can attend the university if he passes a pre-entrance examination."

Worked at Home Tenneson worked on the Howe poultry processing farm for more than two years of life with the Chinese Communists.

His mother, who once flew to the Far East to persuade him to come back, said Tenneson now has "reached the point in his rehabilitation where he understands what brainwashing is."

"He understands that he has been a victim of brainwashing," Mrs. Howe said.

## 'Rejected Beliefs'

The mother said she does not know yet whether her son's political thinking has crystallized. "But he had rejected the things he once believed about communism," she said.

Tenneson was captured by the Reds during the Korean War and refused repatriation. He has been dishonorably discharged by the Army, but a court ruling prohibits the military from prosecuting servicemen in this category. He came back in December.

## No Whitewash Of Sergeant, General Says

PARRIS ISLAND, S. C. — A high Marine Corps official promised Thursday there will be no "whitewashing" in connection with an inquiry into the death of six recruits who perished on a forced night march last Sunday.

Maj. Gen. Joseph C. Burger, Parris Island post commander, told reporters, "We are making a thorough investigation. There will be no whitewashing of anything this court of inquiry finds out or recommends."

Sgt. Matthew C. McKeon of Worcester, Mass., said he ordered 78 recruits to make the march into the murky nearby swamplands "to teach the platoon discipline." Burger said McKeon did not have authority to order the march.

The commandant said the inquiry into the tragedy would be one of the most thorough in Marine Corps history.

McKeon did not attend the memorial services for the recruits. He will remain in custody until the board of inquiry makes its report, probably next week.

In Washington, Gen. Randolph McCall Pate, Marine Corps commandant, said a psychiatrist, who examined McKeon described the drill instructor as "a perfectly sound, well motivated young man."

Gen. Pate told a reporter he talked to Lt. Charles E. Herlihy, a Marine psychiatrist, who examined McKeon Monday night, the day after the tragedy.

# Bowling Captures Teenagers' Imagination in Iowa City

By JOHN STEGMAN

Bowling as an indoor sport may leave some people with mixed emotions but it has certainly captured the imagination of Iowa City teenagers.

The Iowa City Recreation Commission organized teenage bowling leagues about a month ago, after the leagues were requested by the high schoolers.

The scene of the weekly teenage bowling action is Playmor Bowling, 225 E. Washington St.

**Show Enthusiasm**  
The youngsters go about their bowling with an enthusiasm rarely surpassed in any sport. It gives them a keen sense of competition, particularly when junior high boys square off against senior high rivals. And it's real competition, too; recreation officials have figured out handicaps for each team, so there are no real favorites.

The teenage atmosphere is evident when you look down the alleys and see the team names posted. Names like the Jivers, Rock N' Roll Five, Fireballs and Sockers give every indication that the younger set is taking over in a big way.

The commission had been considering teenage bowling as one of its activities for some time, but had not found adequate interest in the program. Recently, however, Iowa City High students asked the commission about the possibility of organizing the bowling leagues.

**Classroom Survey**  
Commission officials made a classroom survey at City High and presented a plan to the school's Dean of Boys, Dean O. Plumer.

Plumer then gave the plan to the City High student council for its approval.

Robert Lee and Raymond Palmer, of the Recreation Commission, and Robert Jeeters, manager of Playmor Bowling, met with the council. Jeeters offered the students reserved alley times and a reduced bowling rate of \$1 for three lines. Shoes are free.

The council voiced its immediate approval.

The bowling plan was then presented to University High and Junior High students and approved.

**Three Leagues Organized**  
As a result of these meetings, three leagues were organized. A combined league for junior high and senior high boys meets Saturdays at 10 a.m.; a junior high mixed league of boys and girls bowl at 4 p.m. Tuesdays and a senior high league is scheduled for 4 p.m. Thursdays.

Each league has six teams, with six bowlers on each team.

With the leagues and a timetable set up, organized teenage bowling got underway in Iowa City March 15.

Recreation officials hope to affiliate the leagues with the American Junior Bowling Congress, a national organization sponsoring and promoting bowling among teenagers.

**Not Year Around Function**  
Palmer, league director for the commission, says that although the bowling program will be a permanent activity of the commission, it will not be a year-round function because of the seasonal nature of interest in the sport.

Outstanding bowlers will be presented plaques and trophies at the end of the bowling season, under the joint sponsorship of the commission and Playmor Bowling.

Palmer did not know why teenagers seemed so enthused about bowling all of a sudden, but theorized that interest always existed and this was the first definite plan presented to them. "They must have decided to make the most of it, and that's just what they're doing," he said.

(Daily Iowan Photo)

IOWA CITY TEENAGERS have been participating for the past month in bowling leagues sponsored by city recreation commission. The youngsters pictured are competing in the City High Junior High bowling league. Pictured from left to right are Diane Demery, Bob Jeeters, Playmor manager, and Dick Murray.

## Russ Chemist Gets U.S. Citizenship

PITTSFIELD, Mass. (AP) — Pavlo D. Lysenko, 46, Russian chemist whose brother, Trofim, recently was deposed as a top Soviet geneticist, became an American citizen Thursday along with his wife.

Engaged as an odd jobs man since he came here more than four years ago, Lysenko broke with the Russian regime in 1942, was captured by the Germans and liberated at Munich in 1946. He and his wife came to America in 1949.

## Teenage 'Gorilla' Loose in Davenport

DAVENPORT (AP) — Police Thursday proved their theory that teenagers were responsible for recent reports of a "gorilla" running at large in Davenport.

By the simple expedient of calling costume shops they located the renter of such a masquerade costume — one of three 17-year-old youths who were taken into custody and turned over to juvenile authorities.

## Malenkov 'Drags' Wife, Causes Stir

MOSCOW (AP) — Georgi Malenkov picked up at least one Western custom during his recent tour of Britain: taking the wife to parties.

The former Soviet Premier turned up for luncheon at the British Embassy Wednesday as guest of Ambassador Sir William Hayter and Lady Hayter.

He was accompanied by his wife, Elena Malenkov, making her first appearance at a Western function.

It is the usual custom here for wives to stay home or be off about their own business.

## Smelly Bang

Perfume Bottle Causes Fire, 7 Deaths

PLASENCIA, Spain (AP) — A 10-gallon bottle of eau de cologne exploded here Thursday. Seven persons died in the resulting fire and collapse of a 3-story building.

Police said the bottle of cologne was in a closed storeroom. Evidently a short circuit generated enough heat to cause the inflammable liquid to explode. The blast set the building on fire. The victims were trapped inside.

## Marilyn in Hospital; Dress Too Thin

HOLLYWOOD (AP) — Actress Marilyn Monroe was hospitalized Thursday suffering from what her studio described as acute bronchitis.

Her illness developed after Marilyn worked in the snow wearing only a thin dress on the Sun Valley location of her picture "Bus Stop." Last week the actress developed a fever and was sent home from the set for two days of rest. The illness continued this week.

**This man from the past belongs in your future**

The Minuteman of 1775 started this country on its way towards freedom.

And as a symbol for U. S. Savings Bonds, he has started over 40 million Americans on their way towards financial security.

Here's what the Minuteman promises you:

- \$1.80 for every \$1.00 you invest in U. S. Series E Savings Bonds and hold for 19 years, 8 months.
- A 100% safe investment, backed by the U. S. Government.
- A sure investment, guaranteeing you an average 3% interest, when held to maturity (9 years and 8 months).

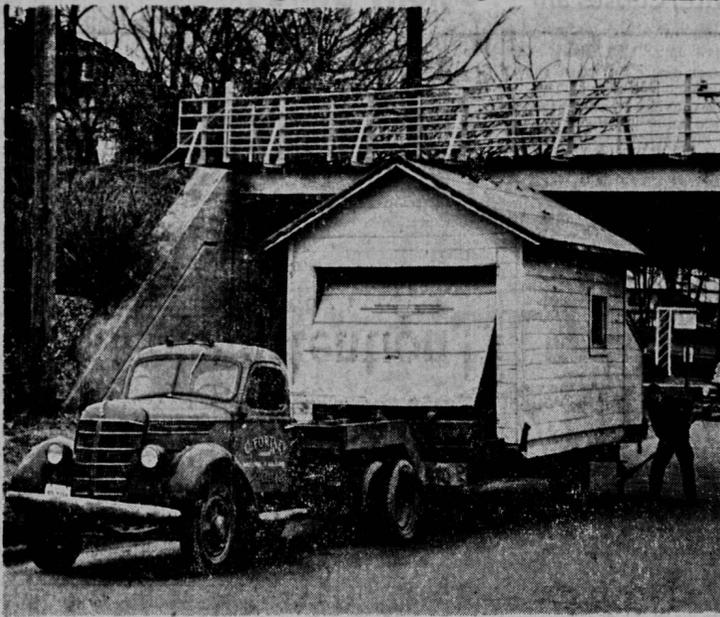

If you want a sure way to financial independence, start investing regularly in U. S. Savings Bonds, guarded and guaranteed by the historic symbol of the American Minuteman.

For the big things in your life — be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

### Garage Yiel Is to Bridge

(Daily Iowan Photo)

THIS GARAGE came out second best Thursday when it "tangled" with the CRANDIC bridge on Riverside Drive. As Max Yocum drove his truck through the underpass, the top of the garage was raked by a cross beam, tearing open part of the garage roof. Yocum solved the problem by deflating his tires, allowing clearance for the garage to pass through.

## Marines To Run Crete Landings

WASHINGTON (AP)—The United States disclosed Thursday that the 6th Fleet Marines will hold "routine" landing exercises in a few weeks at Crete, on the fringe of the troubled Middle East.

## Farm Groups Press Ike To Sign Bill

WASHINGTON (AP)—Democratic leaders and two of the three major farm organizations turned the pressure on President Eisenhower Thursday to sign a farm bill he doesn't like.

Praise for the legislation, which cleared both houses of Congress Wednesday, came from Adlai Stevenson and Sen. Estes Kefauver of Tennessee, the two leading candidates for the Democratic presidential nomination.

In the Senate, Lyndon Johnson of Texas, the Democratic majority leader, said, "I hope the President will ignore the pleas of those who are urging him to use the club in the White House closet."

But Secretary of Agriculture Ezra Benson has labeled the bill as "unacceptable," and many administration lieutenants in Congress predict Eisenhower will veto it rather than accept its return to high, rigid price supports for basic crops.

The National Farmers Union wired Eisenhower at Augusta, Ga. where he is playing golf between sessions at his desk, to sign the bill and "fire" Benson. The National Grange declared farmers would lose badly needed relief this year unless the bill became law.

The third big agricultural group, the American Farm Bureau Federation, disagreed. It said in a statement Wednesday night enactment of the measure would mean a "return to the discredited programs that contributed to much of the present glutted market situation."

James C. Hagerty, the President's press secretary, said Eisenhower will not reach a decision until his return to Washington next week.

## French Kill 100 Algerian Rebels

ALGIERS, Algeria (AP)—A violent 2-day battle between Nationalist Rebels and French troops in extreme western Algeria resulted in more than 100 rebel deaths, unofficial reports reaching here said Thursday.

The fight in western Algeria, near Nedromah, began Tuesday with an ambush of French troops. Twenty French soldiers were reported killed at the time.

## Field Day To Feature Greased Pig Races

Two greased-pig races, one for men and one for women, will be featured at the Inter-Dormitory Field Day April 28.

Other events planned are tire-rolling races, nail-driving, egg-throwing, balloon-breaking, picnicking and a tug-of-war.

Prizes will be donated by Iowa City merchants. The man and the woman who catch the greased pig will each receive \$10.

The event is sponsored by the Inter-Dormitory committee composed of members from Westlaw, Currier, Commons, Hillcrest, Quadrangle and South Quadrangle.

Members of the planning committee are: Gus Gerdes, A3, Clinton; Adele Abodeely, A3, Cedar Rapids; Vic Naxera, C3, Cedar Rapids; Jobi Rankin, A4, Tracy; Dick Lawrence, A2, Des Moines; Barbara Behrens, G, Oelwein; head counselor at Commons, and Nancy Dickens, Currier Hall head counselor. L. A. Willig is faculty adviser.

## Educational Film Service Sets Record— 28.5 Million See SUI Movies

By AUDREY ROORDA

An estimated 28½ million persons viewed films sent out by the SUI Bureau of Audio-Visual Instruction last year. This set a new record in the number of viewers. Prof. Lee W. Cochran, director of the bureau, said that each year since the bureau was established as part of the Extension Division in 1914, the number of viewers and the number of films shown has increased.

Of the 71,064 film bookings last year, 18,899 were for groups on campus, and 52,165 were for off-campus groups. Between 500 and 600 films are mailed out from the bureau each day.

### Less Damage

Two full-time employees and several part-time student workers are kept busy distributing films. Four full-time workers are employed solely to rewind, check and repair films that come back after use.

There is not as much damage done to films as there used to be.

Cochran reports, but it is still a big task to keep them in good condition.

"More people are becoming skilled in the handling of films and projectors, which has cut down on the damage," Cochran explained.

### Clubs Use Them

Since Iowa has more elementary schools than any other type, films for elementary-age students are most often sent out. The bureau sends out only films intended for educational purposes. No films intended purely for entertainment are in the bureau's library.

While schools make the most use of the services of the Bureau of Audio-Visual Instruction, church groups, adult education classes, service clubs, and industries also rent films. Films are lent for a fee which covers the cost of maintenance, repair, and replacement.

Several prints of key instructional films are kept so that requests

can be filled at once, avoiding long waiting lists.

### Produces Films

The film library is constantly being expanded, with about 300 new film subjects added each year. This is in addition to duplicates necessitated by increased demands and the replacement of worn-out reels.

In addition to films from other sources, from 40 to 60 sound educational films are produced each year by the bureau. Four new films were filmed in the University Elementary School.

All four films were made in actual classroom situations. Pupils were unaware that a lesson was being filmed, although they did know that picture and sound tests were being made.

### One of Oldest

Before a film becomes a part of the audio-visual library of films, it is carefully previewed by staff members and subject-matter experts who judge its worth.

From 75 to 80 per cent of the films in the library are one reel (10 to 15 minutes) long. Very few educational films run to more than 30 minutes of showing time.

SUI's is one of the four oldest film-lending libraries in the United States. Three others also were established in 1914 at Iowa State College, the University of Kansas, and the University of Wisconsin.

Until 1927 only silent 35 mm. films were produced for lending; from 1927 to 1935 16 mm. silent films were lent; and since 1935, 16 mm. sound films have been made.

## SUI Profs To Hear Political Candidates

Local candidates for Iowa political offices will speak on their attitudes toward SUI at a meeting of the SUI chapter of the American Association of University Professors Monday night.

The group will meet at 8 p.m. in the Senate Chamber of Old Capitol. The public has been invited to attend.

Candidates for state representatives who will speak are Scott Swisher (D), and John Wilson (R). Iowa senate candidates who will give their views are D. C. Nolan (R), Jack C. White (D), and John O'Connor (D).

William Bartley (D), a candidate for lieutenant-governor, will also be present.

## Coleman Printing Work On Display at Library

By ROY WALKER

Prof. Carroll Coleman of the SUI School of Journalism, in addition to being professor of typography and design, is owner and operator of a small publishing house, the Prairie Press.

Examples of the work he has done in his printing plant are now on display in the lobby of the SUI Library. Coleman is nationally recognized as a leading typographer.

In the display, which includes more than 15 books, 6 have been selected by the American Institute of Graphic Arts as among the 50 best designed books printed annually over the past several years.

Show Examples  
In addition to the complete books on display there are several separate leaflets from books that show examples of the kind of type and paper used.

Most of the work done by Prairie Press is hand-set by Coleman. His plant is a one-man operation.

Coleman began most of his printing and publishing in 1935 after ill health had forced him to quit newspaper work the year before.

Hand Set Books  
Up to 1945, Coleman published about 75 books. Most of these books were hand set.

In 1945 Coleman began working for the SUI School of Journalism. He set up the typography laboratory which he now heads. He also is advisor to the Department of Publications at SUI.

Since 1945 Coleman has published about 135 books. He has made it a practice to publish the works of obscure writers; many of them are poets. The motive behind this practice is his belief that small presses should encourage the young aspiring writer.

Helps Publishers  
In addition to doing work for his own publishing house, Coleman does work for other publishers such as Contemporary Poetry and Swallow Press.

Coleman, who served as a curator for the State Historical Society

Prof. Carroll Coleman Works on Display

from 1949 until 1955, has reprinted an early Iowa work, Galland's "Iowa Emigrant" for the society. Coleman has been a typographical consultant for several magazines and house organs. He has helped in the re-designing of newspapers to make them more readable, and is honorary regional vice-president of the American Institute of Graphic Arts.

## University Briefs

**SOCIAL WORK**—Three members of the SUI social work faculty will participate in the fourth annual Social Work Institute at the Knoxville Veterans Administration hospital today. They are: Prof. Frank Itzen, Prof. Eleanor Taylor, and Prof. James Decker.

**STUDY GRANT**—Dr. W. B. Bean, head of the Internal Medicine Department in the SUI College of Medicine, has received a grant for advanced study from the Nutrition Foundation, Inc.

**COSMIC RAY TALK**—Prof. James Van Allen, head of the SUI Physics Department, spoke at the University of Indiana Wednesday on "New Results in Primary Cosmic Radiation." The talk summarized the cosmic ray balloon and rocket flights SUI has participated in during the past two years.

**ROTARY**—Allin W. Dakin, SUI administrative dean, will give the banquet address Sunday at the annual Rotary International conference of the 193rd district in Davenport. He will also talk on the Rotary foundation and student exchange program at a conference session Monday. He is a member of the Iowa City Rotary Club and a director of Rotary International.

**NEWSPAPER MEETING**—The eighth annual SUI Newspaper-Mechanical Conference will be May 11 at the Hotel Pincon, Independence. The one-day conference is sponsored by the SUI School of Journalism and the Extension Division. The theme of this year's conference is "Maintenance Less Costly Than Repairs."

**STRING QUARTET**—The SUI String Quartet will present a concert at 8:15 p.m. Apr. 19 in the Chapel Building at Iowa Wesleyan College, Mt. Pleasant. Members of the quartet are Stuart Canin and John Ferrell, violins; Claude Carlson, viola; and Hans Koelbel, violoncello.

**WELFARE ASSOCIATION**—Promoting better community understanding of welfare programs will be one of the aims of the annual spring institute of the Iowa Welfare Association at SUI April 26-27.

**ART EDUCATION**—"The Way

to Artistic Creativity" will be the theme of the 28th annual Art Education Conference April 20 and 21 at SUI for teachers of art in Iowa high schools.

## City Theater Tryouts Set

Michael Kelly has been chosen director of the Iowa City Community Theater's first full-length play by the groups board of directors. The play is "The Happy Time" by Samuel Taylor. It will be given in the City High auditorium. Dates for the play have not been set. Tryouts for the play have been set for 2 p.m. to 4 p.m. Saturday and Sunday at the City Hall.

Seven men and three women and a boy and girl in their early teens are needed for the cast. Several technical production jobs are open. Anyone may try out.

The script is on reserve at the City Library.

## Teachers To Hold City Business Day

Teachers of Iowa City's public school system will sponsor their third annual Education-Business Day Tuesday at Iowa City High School.

The program has been designed to acquaint Iowa City business and professional men with the city's educational facilities and give them a first-hand view of educational proceedings.

Visits to all the city public schools, a luncheon, and a concert by the high school orchestra and chorus are on the program.
