ON STREETS WHERE parking spaces are usually at a premium, meters now stand unused. At 2:30 p.m. with classes and tests over, Washington Street approaching the general library was completely free of cars.

Slash Ike's Foreign Aid Bill

House Acts Despite Ike's Late Appeal

WASHINGTON (AP) — The House dealt a major jolt to President Eisenhower Thursday by approving a big slash in his $4.9 billion foreign aid bill despite his plea that the cut would "seriously impair" free world security.

With large numbers of his own party revolting against his leadership on this issue, the chamber voted 192-112 against a motion to restore $600 million of the $1,109,000,000 a House committee had cut from the bill.

Thus the House indirectly ratified the big cut, despite an eleventh-hour letter Eisenhower sent to the chamber Thursday, asking for more money "to maintain the pace of our battle to win a lasting peace throughout the world."

The crucial vote was taken without a roll call, with members passing up an aisle to be counted by tellers. Thus there is no record of the vote, but newsmen watching from the galleries figured that a majority of Republicans voted against the President and that the bulk of his support came from Democrats.

Some supporters of the cut said there would still be ample foreign aid funds; others expressed skepticism that foreign aid has been of any value in halting communism.

Thursday's action is subject to reconsideration on a possible roll-call vote before the bill is passed, but Speaker Rayburn (D-Tex.) and Rep. Martin of Massachusetts, Republican leader who led a bipartisan move to restore the 600 million, said they planned no further move. They pointed to the decisive margin of Thursday's vote.

House parliamentarians explained that there was no roll-call vote because the House was sitting, for the time being, as a "committee of the whole," and roll-calls could not be asked except on amendments approved in committee.

The leaders decided they could not finish with the bill Thursday, so they called a recess until today, with any roll-call votes to be held over until Monday. After the bill passes the House, it is subject to Senate action.

Shouted down early in the debate was an attempt to give Eisenhower practically the full $4.9 billion he asked to carry his mutual security program through the 12 months beginning July 1.

A third move to cut an additional $500 million from the bill was defeated 178-69 on a standing vote.

As the bill came from the Foreign Affairs Committee, it called for $3,791,000,000 in military and economic aid to strengthen friendly nations against aggressive communism.

Eisenhower, in a new move to save the program, had urged the House to restore "the large majority" of the funds cut out in committee.

Damage to Niagara Power Plant

(AP Wirephoto)

THE WRECKAGE of a section of the Niagara Mohawk Power Corporation's Schoellkopf Power Station lies under tons of debris Thursday at the base of the Niagara River gorge. The rock cliffs on which the station was built caved in. One man was missing. No injuries were reported.

Power Plant Slides Into Niagara Gorge

NIAGARA FALLS, N. Y. (AP) — A series of giant rockfalls Thursday tumbled two-thirds of a huge power station into the Niagara Gorge half a mile below Niagara Falls. One power company employe was reported missing.

Three earth-jarring slides left most of the giant Schoellkopf Station, largest hydroelectric power facility in the Niagara Mohawk Power Corp. system, in ruins.

The company said the damage would run into the millions of dollars.

The missing man, not immediately identified, was one of a 47-man crew at work sandbagging a leak discovered in the wall at the base of the station only hours earlier. The others made their way to safety after they heard cracking noises in the building.

One man was assisted to the top of the 220-foot-deep gorge by firemen. He and three others were treated in a hospital but none was believed injured seriously.

A company official said the apparent cause of the spectacular collapse was seepage of water into rock crevices between the lip of the gorge and the hydraulic canal feeding into the station from above the falls. He said there apparently had been an "earth movement" in the area.

All power was knocked out in this industrial city of 100,000 population.

The first roaring slide came just before 4:30 p.m. The others followed about five minutes apart.

Fire broke out in the wreckage, but it was extinguished quickly.

A pall of smoke and dust hung over the area for an hour.

Hundreds of tourists witnessed the spectacle, second major rock collapse into the yawning gorge in less than two years.

The slides could be seen from across the gorge in Canada and from the Rainbow Bridge, which spans the gorge between the power station and the falls.

The power station, which had a capacity of 360,000 kilowatts, was knocked out. The company couldn't say when the one section still standing could be put back in service.

The falls themselves were not affected by Thursday's collapse as they were in July 28, 1954, when a huge section of Prospect Point dropped into the gorge. That fall radically changed the appearance of the American Falls.

The Schoellkopf Station is half a mile downstream from Prospect Point. It can be seen only slightly from the falls area or from the Maid of the Mist, the tiny excursion boat that plies the deep pool below the falls.

It was possible that a weakness in the same stratum of rock as that at Prospect Point could have caused Thursday's collapse.

Ike Warns Neutrals Of Pacts With Reds

WASHINGTON (AP)—President Eisenhower, who reportedly alarmed some of his high advisers by remarks Wednesday on the advantages of neutrality, Thursday issued an unusual clarifying statement on the benefits of being allied with the United States.

He assured America's 42 allies that their military pacts with this country have strengthened, not weakened, them against Red aggression. At the same time the President cautioned other nations against alliances with Communist powers.

Officials said the statement, issued by the White House, was designed to clarify comments the President made at Wednesday's news conference, in defense of the neutrality of some nations. Some of his military and diplomatic advisers were said to fear that these remarks would upset allied countries.

The President said Wednesday that for 150 years the United States had asserted a policy of neutrality. Now, he said, some nations are saying they are neutral with respect to military alliances, and "I cannot see that this is always to the disadvantage of such a country as ours."

The alarm these remarks caused in administration quarters resulted in part from worry here over the difficulty Chancellor Konrad Adenauer is having in putting through his rearmament program in West Germany to fulfill German obligations under the North Atlantic Treaty Organization.

Apprehension was also felt that countries like Pakistan and the Philippines, which have lined up with the United States in defense systems—unlike such neutrals as India and Indonesia — would feel that the United States policy was shifting.

Thursday's White House statement, specifically authorized by Eisenhower, said "The President does not believe that association for mutual security with the United States will involve any country in added danger, but on the contrary, will provide added security on the basis of mutuality and scrupulous respect for the independence of each."

"As the President pointed out, the United States is not going to attack anybody," the statement continued, "but some great powers have shown an aggressive disposition, and military association with such a power could lead to difficulties."

That clearly was a reference to Soviet Russia and Red China and was interpreted to mean a warning by the President that countries which joined the Communist military bloc could find themselves in trouble, though the nature of the difficulties was not specified.

Again Deny Robeson Right To Quit U.S.

WASHINGTON (AP) — Paul Robeson, the Negro singer, lost another round Thursday in his court fight to regain the passport he lost in 1950.

ROBESON

The U.S. Circuit Court of Appeals unanimously upheld a District Court order dismissing Robeson's suit against Secretary of State Dulles.

Robeson's right to travel abroad was revoked six years ago, and the State Department has refused to renew it until he does something about its demand that he submit a non-Communist affidavit.

The singer, who has been identified with Communist causes over a period of years, has said he will never sign such an affidavit. He has called the requirement "an invasion of every constitutional liberty that I have."

Thursday's decision upheld the action of U.S. Dist. Judge Burnita S. Matthews in dismissing Robeson's suit to force issuance of a passport without the affidavit. Judge Matthews ruled last August she found nothing to indicate the State Department's stand was arbitrary.

In seeking renewal of his passport, Robeson said he wanted to fill singing engagements in Israel, England and possibly France and the Scandinavian countries. He also has expressed a wish to visit Russia.

Oil Works Seized By Iranian Troops

TEHRAN, Iran (AP) — Iranian troops Thursday took over Russian oil concession works in Khuryan, in northeastern Iran about 165 miles east of Tehran.

A Foreign Ministry spokesman said the government acted under the 1951 law nationalizing the oil industry. The Soviet Embassy complained to a Foreign Ministry undersecretary.

Foreign Ministry sources said, however, they did not believe Russia would protest much of a fuss because the Shah and Queen Soraya soon will visit the Soviet Union.

The Foreign Ministry spokesman said the troops "were ordered to take over installations which included six oil drilling machines, a radio transmitter and two electric power plants."

A contract authorizing the Russians to prospect for oil around Khuryan was signed 30 years ago between an Iranian bank and the Soviet government. The first oil well was sunk in 1947.

The government spokesman said since the contract was not signed by an authorized government agency, the Iranian government does not feel bound to pay compensation to the Russians.

Two Russians and 15 Iranians working for the Russian oil company in Khuryan arrived in Tehran Thursday. An army source said the Russians had been illegally using a radio transmitter to send secret reports to the Soviet Union.

Children's Books Shown at Library

A 116-book exhibit, "International Children's Books," is on display in the foyer of the SUI library through June 30.

It includes children's books judged outstanding in 20 foreign countries and is circulated under the sponsorship of the Smithsonian Institution's Traveling Exhibition Service.

The collection suggests that children the world over prefer stories of persons their own age, rather than abstract tales or those concerned with grown-ups. All published since 1947, the books tend to be lively in color and attractive in format.

The Weather

Fair and Warm

Fair and mild weather is expected for Iowa today with lows ranging from the upper 40's to the mild 50's and highs from the upper 70's to low 80's.

There is a possibility of scattered showers in the southwest Friday night.

Top rainfall resulting from Thursday's thundershowers throughout the state included Bayard, 2 inches; Woodward 1.25; What Cheer and Mount Ayr, 1.20 each, and Ames, 1.10.

Crashed To Avoid Car; Trucker Hurt

Perry J. Andrews, 31, East St. Louis, Ill., was in good condition in Mercy Hospital here Thursday after he crashed his truck into a ditch to avoid hitting a car early Thursday.

Andrews suffered cuts, bruises and a back injury in the accident which occurred about 10 miles north of Ainsworth on U.S. Highway 218.

Andrews said he attempted to pass a car and took the ditch to avoid hitting it when the car swerved into the same lane.

Man Charged In 3-Car Crash

Thomas N. Shannahan, 40, Williamsburg, was charged with failing to have his vehicle under control following a three-car collision at Oxford Junction Thursday night at 8:30.

He was fined $40 and $5 court costs in Judge J. Newman Toomey's court Thursday night.

The accident occurred at the junction of Highways 109 and 6 near Oxford.

Vernon E. Miller, 20, Kalona, stopped while making a left turn on Highway 109 into Oxford. Shannahan struck the Miller vehicle from the rear and side-swiped the vehicle driven by Ellen Clewell, 27, SUI staff dietician, who was driving east on Highway 6.

Miss Clewell's car swerved into the ditch east of the intersection. Miller's car came to a stop just west of the intersection. The Shannahan vehicle stopped approximately 75 feet west of the intersection.

All three cars were extensively damaged. The exact amount of damage has not been determined.

B & K TO SCANDINAVIA

OSLO, Norway (AP) — Soviet Premier Nikolai Bulganin and party chief Nikita S. Khrushchev Thursday accepted invitations to visit Norway, Sweden and Denmark. The date for their Scandinavian tour has not been announced. It is believed they plan to make the visit early in 1957.

Traffic-Stoppers

IONIA, Mich. (AP) — Two policemen, emptying parking meters Thursday, shifted the collection bag and coins spilled into the street.

As bystanders guffawed, Police Chief Jerry Krywanski and officer Vince Marion chased down the scattered money. They had to call a third officer to direct Main street traffic while they moved parked cars and dug nickels and pennies out of a sewer.

57 Cadets To Receive Commissions

Twenty-five SUI Air Force ROTC cadets will be commissioned second lieutenants today in a special ceremony at 8 a.m. in the north gymnasium of the field house.

Presentation of commissions and the oath of office will be administered by Col. Charles G. Kirk, head of the Department of Air Science. A designated relative or friend will pin the gold bar insignia of rank on the shoulders of the newly commissioned officers.

Twenty-four of the new officers will be called to three-years active duty with the Air Force in the near future. John R. Voogd, Nevada, one of the cadets, is a service veteran.

Graduates who will receive commissions include:

James I. Broshar, Waterloo; Charles W. Gerson, Sioux City; Thomas E. Giblin, Iowa City; Merle H. Jensen, Davenport; Frederick L. Jewett, Council Bluffs; and Don B. Kincaid, Arlington Heights, Ill.

Richard L. Kuiper, Sibley; Roland V. McPherson, Glidden; Kenneth R. Meek, Ladd, Ill.; John P. Mugge, Des Moines; Ben D. Neftzger, Des Moines; John D. Nelson, Des Moines; Socrates G. Pappajohn, Mason City; and Fredrick J. Pepping, McHenry, Ill.

Ronald G. Popelka, Cedar Rapids; Lafayette B. Prittchett, Chicago, Ill.; James D. Seitz, Freeport, Ill.; Raynard M. Sommerfeld, Woden; Wayne H. Stoppelmoor, Shell Rock; John R. Voogd, Nevada; and Ralph D. Walters, Dubuque.

James E. Weber, Fairfield; Jerry A. White, Iowa City; Roger H. Wiegmann, Waverly; and Robert K. Wolfe, Marshalltown.

Army

Thirty-two ROTC seniors will receive army commissions today in the North Gymnasium of the Fieldhouse.

All except Earl L. Lindanger, C4, Cresco, and Francis Haupert, A4, Dubuque, will be commissioned 2nd lieutenants in the Army Reserve. Lindanger and Haupert are entering the Regular Army.

All will be called for two years active duty except Robert E. Newton, A4, Muscatine, a veteran not required to enter active duty.

Receiving Infantry commissions will be:

Thomas L. Adams, A4, Des Moines; William D. Agnew, A4, Holstein; Henry C. Berry, A4, Chicago; Alan G. Easton, A4, Iowa City; Albert B. Fenton, A4, Centerville; Lester L. Hawthorne, C4, Saybrook, Ill.; Francis J. Haupert, A4, Dubuque; Ronald K. Hosford, C4, Rowley; James E. Houser, C4, Des Moines; Harlan H. Jenkinson, C4, Des Moines; Thomas M. Laughlin, A4, Des Moines; Kenneth C. Leuer, C4, Wayzota, Minn.; Earl L. Lindanger, C4, Cresco; Louis F. Matykiewicz, C4, Iowa City.

Wayne M. Morgan, C4, Cedar Rapids; Lorin J. Meade, A4, Cedar Rapids; Donald W. Morrison, C4, Oskaloosa; Robert E. Newton, A4, Muscatine; Robert E. Reed, C4, Iowa City; Dwight C. Reel, C4, Missouri Valley; Thomas J. Salkeld, A4, Cedar Rapids; Maxwell G. Tow, A4, Cedar Rapids; Donald H. Verhille, C4, Ottumwa; John C. White, A4, Iowa City; Ronald C. Zirbel, C4, Des Moines.

Engineering commissions go to:

John A. Brady, E4, Tipton; Ronald L. Capps, E4, Iowa City; Richard L. Dunlavy, E4, Salem; Laverne W. Flagel, E4, Maquoketa; George L. Hansel, E4, Manchester; David J. Iverson, E4, Belle Plaine; John O. Penhollow, E4, Tama.

Seniors Will Hear Adams On 'Security'

"How Secure Can We Be?" is the question Arthur S. Adams, president of the American Council on Education, will ask the 1,091 students receiving degrees at today's commencement exercises.

The program, to begin at 9:30 a.m. in the Fieldhouse, will include the traditional charge and conferring of degrees by SUI President Virgil M. Hancher. Seventy-two candidates will be graduated with special honors.

The 1956 class includes about 150 more than the 942 graduated in the spring of 1955. The record graduation figure was set in 1950 when World War II veterans swelled the class ranks to 1,950.

The commencement speaker was president of the University of New Hampshire before taking his present post in Washington, D. C., in 1951.

A U.S. Naval Academy graduate of 1918, Adams served as a captain during World War II in the navy department's Bureau of Naval Personnel.

He holds a master's degree from the University of California and a doctor's degree from the Colorado School of Mines.

See page 2 for a complete list of graduates.

Dr. William D. Coder, SUI coordinator of conferences, will be master of ceremonies during the commencement program, and Robert J. Michaelsen, director of the School of Religion, will serve as chaplain.

A short University Band concert, under the direction of Prof. Frederick C. Ebbs, will precede the exercises.

WSUI will broadcast the commencement program beginning at 9:15 a.m. with Orville Hitchcock, SUI speech professor, as narrator.

Preceding the commencement program, 57 Army and Air Force ROTC cadets will be commissioned second lieutenants in special ceremonies in the north gymnasium of the Fieldhouse.

The remaining commencement week schedule is planned for those of the 52,000 living SUI alumni returning to the campus. Alumni headquarters has been established in the east lobby of the Union with registration beginning today at 8 a.m. and closing Saturday at 3:30 p.m.

The annual SUI Emeritus Club dinner, given for graduates of the classes of 1905 and earlier, will be held today at 6:30 p.m. in the south dining room of Currier Hall. At the same time an all-alumni buffet supper will be given in Currier's north dining room.

A class reunion luncheon for the classes of 1931 and 1946 will be held Saturday at 12:30 p.m. in the Main Lounge of the Union. The class of 1931 will be holding its Silver Jubilee luncheon, while the class of 1946 will hold its 10th anniversary reunion.

Graduates of the class of 1906 will hold their Golden Jubilee Dinner Saturday at 6:30 p.m. in the River Room of the Union to conclude the Commencement week activities.

Recapture Sliter; Fled Prison Farm

BURLINGTON (AP) — One of two men who escaped from a prison farm near Fort Madison May 11 has been recaptured in Minneapolis, police here said they had been advised Thursday.

Police said Minneapolis police had advised them that Malcolm Sliter, 38, of Minneapolis, who fled from the prison farm along with Donald Braase, 27, of Mitchell, S.D., had been arrested in a stolen car in Minneapolis. He was accompanied by James Glasgow of Denmark, Iowa, the officers said.

Braase was believed still at large.

The car in which Sliter and Glasgow were apprehended was traced by the National Auto Theft Bureau in Chicago, in cooperation with Burlington police, it was reported.

Sliter had been serving a 25-year term for robbery and Braase was serving seven years on a check charge.

Senator Says Field Narrowed to 4 Others—

Says SUI Won't Get A-Smasher

WASHINGTON (AP) — Sen. Hubert Humphrey (D-Minn.) said Thursday that the field for choice of a site for the new Midwestern atom smasher has been narrowed to four universities.

HUMPHREY

SUI is not among them. SUI is attempting to obtain the project.

Humphrey said an Atomic Energy Commission (AEC) official told him the choice has been narrowed to the University of Minnesota, University of Wisconsin, Purdue University at Lafayette, Ind., and Argonne Laboratories at the University of Chicago.

SUI President Virgil M. Hancher said Thursday night after hearing of Humphrey's statement that he and others connected with the institutions which have applied cannot comment on the matter. Notification of all preliminary and final decisions must come from the AEC, Hancher said.

Hancher and Prof. James Jacobs of the Department of Physics are members of the board of directors of the Midwestern Universities Research Association (MURA), a nonprofit organization authorized by the AEC to oversee the building of the project. Jacobs was out of town Thursday.

A three-man MURA site committee has been studying the applications.

SUI made its bid for the site April 10 at a meeting of the board in Chicago. SUI offered a site of about 640 acres, bounded on the north by the Rock Island Railroad's main line (parallel to Highway 6), on the south by Johnson County road B, on the east by the golf course and by a county road one mile to the west.

The "atom-smasher" will be the world's most powerful according to the preliminary plans. Estimated cost is 100 million dollars and it will produce 50 billion electron volts of power.

Humphrey said the final decision is expected to be reached by Sept. 1.

Prof. Josef F. Jauch of the Department of Physics said Thursday that if Humphrey's information is true, the elimination of SUI from consideration "is not unexpected. Some of the other universities had better cases for placement than SUI."

Others which had applied and were not mentioned by Humphrey included Indiana University, University of Michigan, University of Illinois, Michigan State University, Ohio State University, Northwestern University and Notre Dame University.

Calls M.D.'s Role Similar To Pastor's

A doctor's role in society was likened in one respect to that of a pastor's Thursday at the Medical Convocation held by SUI's College of Medicine.

The Rev. Dr. Granger E. Westberg, associate professor of religion and health at the University of Chicago, told graduating medical students at SUI that they would often be at bedsides during moments of crisis in which people decide to move in "new and productive directions."

"What you say to people at moments when they are so vulnerable to direction carries so much weight that I really suggest that you ought to be a bit frightened by it," the Rev. Dr. Westberg told the group. "For years afterwards, patients will quote what you've said to them."

More than 600 persons, including families and friends of the students who were scheduled to receive their doctor of medicine degrees today, witnessed the convocation ceremonies.

The event is held annually to honor the graduating seniors in the college of medicine and to present special awards and scholarships.

Doctors and ministers today are spending "more and more of their time in personal conversation with individuals," the Rev. Dr. Westberg told the Convocation audience.

"Are these altogether different kinds of conversations — the minister's and the doctor's?" the speaker asked. "No, of course not. For when you talk with a person for a half-hour or an hour, you're bound to get involved in his philosophy of life, his outlook on the world, his attitude towards his friends and family."

And although the patient may begin by presenting a problem of a broken leg, the speaker said, "he may end up by presenting a problem of a broken heart."

The speaker asked, "We used to say that the doctor takes care of the physical problems, the clergyman takes care of the spiritual, but how can you divide a man up like that?"

The physical and the spiritual and the mental are so intertwined that you can't say where one ends and the other begins, he told the audience, so "there is in every doctor a bit of a pastor and there is in every pastor a bit of a doctor."

The Rev. Dr. Westberg told the graduating seniors that he would "like to hope that with some of your formal education over, you will begin to prepare for the pastoral side of your ministry."

1,000 To Attend Medical Luncheon After Graduation

More than 1,000 persons are expected to attend the lawn luncheon which the SUI's college of medicine will hold today following commencement.

The luncheons are held annually on the lawn in front of the Medical Laboratories building for new medical graduates and their families, and for medical alumni of SUI.

The scientific program of the reunion will begin at 2:30 p.m. today. Speakers on this first portion of the program will be Drs. J. E. McFarland of Ames, Herman J. Smith of Des Moines, James Cromwell of Independence, and C. B. Meffert of Cedar Rapids.

Speakers on the Saturday morning portion of the scientific program will be Drs. C. W. Gilfillan of Hollywood, Calif.; Harold Morgan of Mason City; A. L. Sahs, professor and head of neurology at SUI; and A. E. Braley, professor and head of ophthalmology at the University.

Forest Evashevski, SUI head football coach, will speak to medical alumni at a dinner this evening.

Gets $400 Fine As Drunk Driver

Ronald McNabb, 828 S. Dubuque St., who was convicted on a drunk driving charge May 9 after a 3-day jury trial, was fined $400 Thursday in Johnson County District Court.

Judge Harold D. Evans set appeal bond at $1,000, and also suspended McNabb's operator's license for 60 days beginning June 21 when the sentencing goes into effect.

McNabb was arrested Jan. 29 on a county road adjoining 1st Avenue at the east city limits following an accident. His car left the road, entered the ditch and rolled on its side.

During the trial, he claimed he was not intoxicated and that the accident was caused by the icy condition of the road.

Ike Receives Bulganin Letter

WASHINGTON (AP)—President Eisenhower received a thick new letter from Soviet Premier Nikolai Bulganin Thursday, reportedly making fresh proposals on disarmament.

The letter was delivered at 2 p.m. to Secretary of State John Foster Dulles by Ambassador Georgi N. Zarubin.

Zarubin declined to say anything about the nature of the message. He reminded reporters that there had been a series of exchanges between Eisenhower and Bulganin since they met at the Geneva summit conference last July.

At the White House, Press Secretary James Hagerty said the document would be released by the White House, probably in the next day or so. Zarubin reportedly left the timing up to Dulles and the President.

Dulles conferred with Eisenhower at 3:30 p.m. By this time it was understood that translators had finished a first reading of the letter so that Dulles was able to give Eisenhower a general summary of what Bulganin had written about. Dulles described it to reporters as "a letter and an enclosure, altogether about 15 pages."

The exchange of letters began last Sept. 19 when Bulganin sent a long message to Eisenhower stating a series of arguments against the President's proposal for an exchange of military blueprints and aerial inspection as a first, practical step toward permanent disarmament control.

In subsequent letters the two debated the "open skies" proposition and also a Soviet proposal for ground inspection teams to be established at key points to prevent preparations for surprise attack.

Into this exchange Bulganin introduced last January a proposal for a 20-year U.S.-Soviet friendship treaty. Eisenhower turned it down as likely to create the illusion but not the reality of security.

The last previous letter was sent by Eisenhower to Bulganin on March 1, proposing that Russia, the United States and other nations work out a plan to freeze the atomic weapons supply at present levels in each country and divert nuclear production to peaceful purposes.

There was speculation that the Bulganin letter talked about the possibilities of reducing arms burdens in the United States, Russia and other countries by individual action and without waiting for any general agreement on a joint arms cut program.

44 Students Of Dentistry Get Awards

Forty-four students received awards and certificates when the SUI college of dentistry held a special convocation for its June graduates Thursday evening in the University Theatre.

BOLENDER

Dean William J. Simon presided and SUI President Virgil M. Hancher offered "Some Comments to the Graduates."

The Alpha Omega award, a scroll and plaque given annually to the senior with the highest scholastic average in dentistry, was presented to Charles L. Bolender of Primghar.

David M. Wait, D4, Iowa City, received the American Academy of Dental Medicine award. The award, a certificate of merit and a 5-year subscription to the Journal of Dental Medicine, is given annually to a senior student for achievement, proficiency and promise.

American Society of Dentistry for Children certificates were presented to Kenneth D. Martin, D4, Iowa City and William E. McCoy, D4, Dubuque. The awards entitle the recipients to a year's membership in the society and a certificate of membership.

Norman J. Mesward, D3, Cedar Falls, was presented the Class of 1923 College of Dentistry award.

The Ralph Fenton Memorial Award, established in memory of the late Dr. Fenton of the SUI dental faculty, was awarded to Lawrence L. Schneider, D3, from Helena, Mont.

The Rudy Minger Memorial awards of $50, presented to the outstanding freshman and sophomore students in the college of dentistry, went to Elwood R. Harvey, D1, Marshalltown, and William H. Dahlberg, D2, Iowa City.

Mosby Book awards were presented to five dental freshmen: Arthur B. Calahan, Harpers Ferry; Richard L. Christiansen, Denison; Ronald C. Gunn, Madison; Larry L. Nash, Knoxville, and Jack E. Sturdivant, Iowa City. Each received a $20 gift certificate toward the purchase of publications printed by the C. V. Mosby Co., St. Louis. The Mosby Book awards are given annually to the five freshman students who have demonstrated high scholastic proficiency and who show vocational promise.

Six senior dental students were honored by Omicron Kappa Upsilon, honorary senior dental society. They were Bolender; Edward E. Anderson, Roland; William G. Lindquist, Orion, Ill.; Erwin R. Schumacher, Waterloo; Robert R. Sutherlin, Fairfield, and Andrew M. Houg, St. Ansgar.

Houg, former captain of the Iowa football team, also received the Iowa Society of Oral Surgeons award.

Nancy M. Norman, DH2, Denison was named recipient of the Alpha Kappa Gamma award. Alpha Kappa Gamma is a national honorary scholastic society for dental hygienists.

GONE FROM THE DOGS

LANSING, Mich. (AP) — Two veteran Lansing mailmen have solved the dog bite problem. They retired. Charles Ferley estimated he had been bitten "about 75 or 80 times" during his 36 years service. James Jennings said he had been bitten only once in 28 years — "I guess I just know how to handle dogs."

More Railroading

DETROIT (AP) — Three teenagers who stole a Chesapeake & Ohio diesel engine Sunday and safely engineered it on a 20-mile flight were ordered Thursday to spend three hours a week for the next five weeks observing the dangers of railroad operations at the Un-Depot Yards.

Then each of the three must turn in a five-page thesis on the hazards to Judge Nathan J. Kaufman in Juvenile Court July 12.

The 16-year-old "engineer," a model train enthusiast, and his two "firemen," operated the stolen switch engine more than two hours through a maze of West Side tracks before returning it safely. They even added nine box cars during the trip.

Night Bus Service Discontinued Here

Night bus service in Iowa City has been discontinued. This policy became effective Thursday.

The last bus on the Rundell and Kirkwood routes now leaves the business district at 6:10 p.m. The last University Hospital bus leaves at 6:10 p.m. and the last Manville Heights bus leaves at 5:40 p.m.

Other schedule changes will be effective Saturday. The East College bus will leave the Washington and Dubuque Streets intersection at 6:30, 7:30 and 8:30 a.m. on the morning run and at 30 minutes after each hour from 11:30 a.m. to, and including, 5:50 p.m.

The West Benton bus will leave the Washington and Dubuque Streets intersection at 6:50, 7:50 and 8:50 a.m. on the morning run and at 50 minutes after each hour from 11:50 a.m. to and including 5:50 p.m. University Heights bus will leave Washington and Dubuque Streets intersection at 7:10 and 8:10 a.m. on the morning run and at 10 minutes after each hour from 12:10 p.m. to and including 5:10 p.m.

Americans Read 2 Grades Higher

The average American adult is now reading at a level two grades higher than 30 years ago—but this knowledge is "no reason for complacency," an SUI reading methods specialist told the fifth annual Library Workshop, meeting this week at the University.

For this average adult is now reading only at the 10th-grade level, compared to his 8th-grade level in the 1920's, Prof. William Eller pointed out. He is director of the reading laboratory of the SUI College of Education.

Some 40 Iowa, Illinois and Nebraska librarians are attending the workshop in the Iowa Center for Continuation Study.

Speaking on the topic, "Librarians Can Help Johnny Read," Eller stressed that the informed person is almost invariably a great consumer of reading materials.

"The library habit is important because the degree to which a person becomes an active, independent reader determines the quantity of his education the rest of his life. One turns off the main source of his education if he drops his reading habit upon leaving school or college," Eller said.

He told the librarians that research indicates that the average grade school youngster must read about 200 hours a year to "hold his own with his group."

But many read much more and others much less, and they vary in their reading aptitudes. As a result, an estimated 30 per cent of the nation's sixth graders are above their grade level in reading while another 30 per cent is below the level, he continued.

Dr. Eller stressed the need for librarians to develop skill in estimating the grade levels of books and said they should "constantly hunt for books for poorer readers."

He explained that "too large a proportion of children's books are written for better-than-average readers, and books highly rated by adults do not always appeal to children." Some of the children's books which win annual prizes as "bests" of the year might more truthfully be called, "Best Children's Books for Adults," Eller suggested.

Mountaineers Sell Film 'Passports'

Iowa Mountaineer "passports" will be good for 19 travelogues in the 1956-57 lecture-film series sponsored by the SUI travel group.

A membership drive has been launched by the club. The "passports," Mountaineer membership cards, are used for admission to the programs. Single admissions are also sold.

The lecture-film series will begin Oct. 7 and end April 14, 1957.

Adenauer To Visit U.S.

BONN, Germany (AP) — West German Chancellor Konrad Adenauer smoothed the way for his fourth visit to the United States Thursday night by announcing settlement of the long dispute over German financial support for U.S. troops in Germany.

ADENAUER

West Germany has agreed to pay "quite a nice sum" to help maintain American troops here, Adenauer told a news conference on the eve of his departure for Washington. He hopes to discuss with President Eisenhower and Secretary of State Dulles the question of a "new Western initiative" to break the East-West deadlock on unification of Germany.

Although Adenauer did not give the terms of the troops support settlement, a communique later announced that West Germany would contribute $154,700,000. Presumably this is for the year. The German Cabinet was said to have approved.

This apparently was a sharp reduction from what the United States had asked.

Britain, France and the United States together had asked for 751 million dollars during the year. The United States was reported to want about half that sum.

Germany ended its 760-million-dollar a year contribution to support of American, British and French troops in Germany on May 5, the first anniversary of German sovereignty. The Western Powers insisted Germany reconsider this step in view of the fact it is not yet spending much on its own slowly growing forces for Western defense.

The West German leader will spend next Tuesday and Wednesday in Washington discussing international questions, and German unification in particular.

Russian Population Hits 200.2 Million

MOSCOW (AP) — The population of the Soviet Union totaled 200,200,000 persons in April this year, the Soviet government said Thursday. It was reported increasing at a rate of between 3,200,000 to 3,500,000 a year.

The figures were the first official vital statistics announced by the Soviet Union since before World War II. They were part of a statistical bulletin on "The National Economy of the U.S.S.R.," which was reviewed in the Communist party newspaper Pravda.

Without giving the present rate, the bulletin said the death rate in the Soviet Union "has been below that of the United States, Britain and France for a number of years."

The U.S. Census Bureau estimated the population of the United States on July 1, 1955 at 165,248,000. This was an increase of 14,115,000, or 9.3 per cent, over the 1950 census total. The U.S. death rate in 1954 was 9.2 per thousand of population.

PLANE LOSES WHEEL

PITTSBURGH (AP) — A twin-engine airliner with 31 passengers aboard landed short of a runway at Pittsburgh Airport Thursday, tore off its left wheel and skidded to a stop on its belly. Nine persons suffered minor injuries. No one was hospitalized.

Godfrey Loses Another Star

NEW YORK (AP) — Frank Parker, 53, singing star of the Arthur Godfrey shows, said Thursday he will not renew the network contract under which he was assigned to the programs but will make guest appearances hereafter as requested.

Parker is one of the last remaining veterans of the Godfrey troupe. His contract with the Columbia Broadcasting System ends June 30, after a tenure of seven years.

The singer reportedly has received $60,000 to $65,000 a year.

His announcement followed a newspaper report that he did not wish to be tied to an arrangement under which he would appear irregularly.

However, Parker said his decision was based on desire to devote more time to other show business activities.

He said CBS expected him to continue to make guest appearances, including some with Godfrey, and he added:

"It is most gratifying to me not losing Arthur's friendship, which goes back long before I started working for him. This means a great deal to me and it'll be wonderful to be a guest on Arthur's show."

Godfrey was apparently taken by surprise by the newspaper account saying "Frank Parker is firing Arthur Godfrey."

First June Since 1944 Finds Reds Atop National League

CINCINNATI (AP) — The Cincinnati Redlegs took first place in the National League the first time in 12 years this far in the season Thursday by defeating Philadelphia 8-5, while Chicago was walloping Pittsburgh.

It was a seesaw contest, with the Redlegs again coming from behind to cop their fourth straight victory over the Phils.

The loss, combined with Chicago's defeat of Pittsburgh, dropped the Phils into the National League cellar.

A home run by Smoky Burgess, to start off the eighth inning, put Cincinnati in front for the first time. A single by Roy McMillan, Johnny Temple's triple and a double by Gus Bell acounted for two more runs.

It looked bad when Hal Jeffcoat, making his first start of the year, was banged for three runs in the first inning.

Cincinnati tied it in the second, however, but Philadelphia went out in front again in the fifth, 5-2. Then Cincinnati tied it again in the seventh.

The Redlegs took over first place for the first time in 12 years, this far in the season.

Cubs 5, Pirates 2

CHICAGO (AP) — The Chicago Cubs, led by Eddie Miksis' homer, triple and two singles, knocked the Pittsburgh Pirates out of first place in the National League with a 5-2 victory in the rubber game of a three-game series Thursday.

Cincinnati's Redlegs took over the top spot with an 8-5 victory over Philadelphia and the Bucs dropped to third behind the Redlegs and the idle St. Louis Cardinals. Chicago's victory enabled the Cubs to climb out of the loop cellar as the Phils dropped into the No. 8 spot.

The Pirates couldn't master Bob Rush without National League homer, Dale Long, who missed starting his first game this season.

Walt Moryn also homered in the 11-hit attack on four Buc hurlers.

Long, who has 16 homers, hobbled to the plate on a sore left leg as a pinchhitter in the seventh but ended a Buc threat by lofting to leftfield. Long injured the leg in a slide at third Wednesday.

Rush limited the Pirates to six hits, struck out seven and walked two for his fifth decision against two losses.

MILWAUKEE (AP) — The Milwaukee Braves, held to a total of 10 hits in their last three games, collected 10 hits off three Brooklyn pitchers Thursday for a 4-1 victory over the Dodgers.

Righthander Bob Buhl limited the Dodgers to four hits. The loser was Carl Erskine — the third time he has lost to Buhl.

Brooklyn had taken three straight from the Braves, who had lost six out of their last seven games on the current home stand.

Erskine, who was knocked out of the box in the Braves' three-run sixth inning, hasn't won a game since he notched his no-hitter against the Giants May 12.

160 Little Leaguers To Sell Buttons for Finances Saturday

Some 160 young boys in baseball uniforms will rove throughout Iowa City Saturday, selling buttons to help finance the local Babe Ruth Baseball League's operation this summer.

The cost of the league has progressed upward from $1,200 in 1954 to an expected $3,000 this year.

The number of boys participating in the league has doubled, however. In 1954 there were 80 boys in the circuit, while this year there are 160 boys enrolled.

In 1955 the Iowa City league champion went to the National Little League tourney.

Cubs Sign 21-Year-Old Catcher for Burlington

Turley 4-Hits A's 9-1; Bauer, Berra Homer

NEW YORK (AP) — Bob Turley held the Kansas City A's to four hits Thursday while homers by Yogi Berra and Hank Bauer boosted the New York Yankees to a 9-1 victory.

Berra's homer off Alex Kellner in the second and Bauer's off reliefer Bobby Shantz were the big blows. Yogi also had two singles in the Yanks' 14-hit attack, while Mickey Mantle boosted his league-leading average to .403 with a double and single in four trips.

Kellner was chased in the fourth when the Yanks scored twice. They also had scored once in the third.

Bauer's homer came with two out in the fifth. A walk to Mantle and successive singles by Berra and Bill Skowron added another run.

BALTIMORE (AP) — Pitcher Bill Wight, with another capable relief job by George Zuverink, stopped the Cleveland Indians with five hits Thursday and the Baltimore Orioles took a 5-2 victory.

The defeat dropped the Indians 4½ games behind the American League leading New York Yankees as they go into a three-game series starting Friday night.

It was only the second time in eight games this season the Orioles have beaten Cleveland.

Wight parceled out the five hits, and after he walked the leadoff batter in the eighth Zuverink made his 23rd relief appearance in 47 games to finish unscathed.

Cal McLish made his first start for Cleveland and suffered the loss.

Bosox 6, Tigers 5

BOSTON (AP) — Ted Lepcio smashed a game-winning double with one out in the 10th inning Thursday to climax Boston's uphill struggle for a 6-5 victory over Detroit.

Lepcio's drive scored Mickey Vernon from second to settle the issue.

It was the third run batted in during the game for Lepcio. He homered in the second and knocked in another tally in the sixth on a grounder which Detroit shortstop Harvey Kuenn threw past first base.

The Sox slammed 18 safeties against three Tiger hurlers but stranded 17 runners—one short of the major league record—and saw three men thrown out at third and another at home.

Detroit not only lost the game but may have lost the hard-hitting Kuenn for a while. Harvey, batting .359 going into the game, hobbled off after straining a ligament in his right foot as he rounded first legging out a double in the seventh inning.

He had homered to lead off the first inning and sent home another on a sacrifice fly.

Catcher Sammy White hit a run scoring single in the eighth that pulled Boston even at 5-5.

Sox 7, Senators 5

WASHINGTON (AP) — Nellie Fox and Dave Philley slammed ninth inning triples and both scored on sacrifice flies to give the Chicago White Sox a 7-5 victory over Washington Thursday.

With the score tied at 5-5, Fox opened the ninth with a triple off reliefer Pedro Ramos and scored on Minnie Minoso's fly to right. Then Philley tripled and came across after Larry Doby also flied to right.

The White Sox clipped Dean Stone for five quick hits in the first inning to vault into a 3-0 lead as Fox, Philley, Doby, Walt Dropo and Luis Aparicio singled.

The Senators sliced their deficit to 4-2 in the sixth and grabbed a 5-4 lead with a 3-run splurge in the seventh. The White Sox tied it up in the eighth after Bob Chakales walked Sherm Lollar and Dropo. Aparicio sacrificed and Jim Rivera, batting for Jim Wilson, got pinch runner Bubba Phillips across with a sacrifice fly.

Williams: Shift May Hurt Mantle

BOSTON (AP) — Ted Williams, an authority on baseball shifts, said Thursday New York's Mickey Mantle may be hurt psychologically but not otherwise by Lou Boudreau's new defense.

"Frankly, I'm surprised it hasn't been done earlier," Ted added..

Williams — the Boston Red Sox slugger who first faced a shift in the summer of 1946 when Boudreau managed Cleveland — commented on Kansas City's recent maneuvers against the sensational Mantle.

Boudreau has had his club radically shifted against the switch-hitting Mantle when he is at bat as a lefthander. The defense is overshifted to the right with virtually no leftfielder and one man on the edge of the grass on the left side of the infield.

"It may hurt Mantle psychologically," Williams said, "but that's the only way. You can't stop a good hitter like him."

Williams was asked how he felt about the shift as it has worked against him over the past 11 years.

"Sure," Ted said, "the shift took a few hits away from me. That's certain. But don't forget this. After the shift was started, I twice won the league batting championship and twice more missed by a matter of a few percentage points."

NAIA To Open Athletic Meet Today

SAN DIEGO, Calif. (AP) — The National Assn. of Intercollegiate Athletics (NAIA), composed of approximately 400 member colleges and institutions, opens two days of competition Friday in track and field events and tennis and golf.

The track entry list reads like a Who's Who of collegiate circles.

But stars such as sprinter Bobby Morrow, Abilene, Tex., Christian College; hurdler Lee Calhoun, North Carolina College; middle-distance ace Bill Tidwell, Kansas State Teachers College; and high jumpers Robert Barksdale, Morgan State College of Baltimore, and Charles McCullough, North Carolina College, are expected to have their hands full.

Pipe Dream

Horse Players Decide to Buy Own Race Nag

NEW YORK (AP) — The Pipe Dream Stable, Inc., of Providence, R.I., was in business Thursday with its first race horse—but the corporation really had to dig down into the old sock.

Fortified with a bank book showing deposits of $3,000, two Providence newspapermen invaded the Fasig-Tipton auction tent at Belmont Park, and walked away leading Miss Linley, a 3-year-old bay.

Miss Linley may not make the boys rich, but it will keep the 30-odd members of the New England Horse Syndicate busy reading about her miserable past performances.

"We have no delusions about getting rich," declared Steve Cady, treasurer for the Pipe Dream Stable, as he wrote out a check for $1,800.

"This all started last Christmas," explained Harold Rich, president of the outfit. "The members are mostly people who have been playing the horses for years at Narragansett and Lincoln Downs. We decided it might be cheaper to own a horse."

Mantle Just 'Small Town' Boy at Heart

TULSA, Okla. (AP) — New York Yankee slugger Mickey Mantle is a "small-town boy" with a big appetite who likes best while at home to play with his two small sons.

And the Comerce, Okla. home run hitter, who's currently having his best major league season, never brings the game home with him.

So says his wife Merlyn, who went to New York Thursday with the two boys, Mickey Elvin, 3, and David, 5 months, to join her husband. She was accompanied by her grandmother, Mrs. L. T. Johnson. They will live for the summer in a house Mantle has rented at River's Edge, N. J.

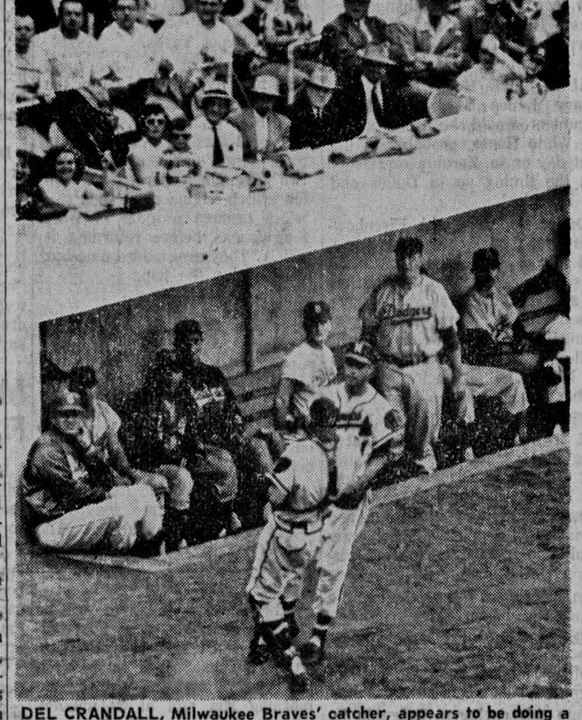
"Mickey likes fried chicken and strawberry shortcake.

"He eats a lot, but it doesn't have to be fancy. When we go out for dinner Mickey generally orders a steak, but at home he really goes for the chicken and shortcake."

Also:

"At home Mickey and I don't even talk baseball. We have plenty to discuss concerning the two boys. Mickey, you know, wants them to be ball players, and Mickey Jr. already has indicated an interest in the game."

Brave War Dance



DEL CRANDALL, Milwaukee Braves' catcher, appears to be doing a little war dance in front of the Brooklyn Dodger dugout in Thursday's game in Milwaukee. Teammate Eddie Mathews gets in close for any possible assistance. The Braves were out for blood after three straight losses to the Dodgers on their home hunting grounds and took a 4-1 decision.

These Optimists!

(Daily Iowan Photo by Larry Day)

AN OVERLY OPTIMISTIC member of the Optimist Braves of the Iowa City Babe Ruth League seemed to think he could score on this play in a recent game. Not so decided the Lions Cub catcher and he proceeded to prove his point. Result: the Optimist was wrong and was out at the plate. However, the Braves went on to a 6-2 victory.

Patterson 2-1 Favorite Over Jackson

NEW YORK (AP)—Floyd Patterson, 21-year-old former Olympic champion, is a 2-1 favorite to pass his most important test tonight by taming Tommy (Hurricane) Jackson in a 12-round heavyweight elimination bout at Madison Square Garden.

The winner of this match, to be beamed across the nation on radio and television (NBC), starting at 8 p.m. CST, probably will advance to a September match with Archie Moore.

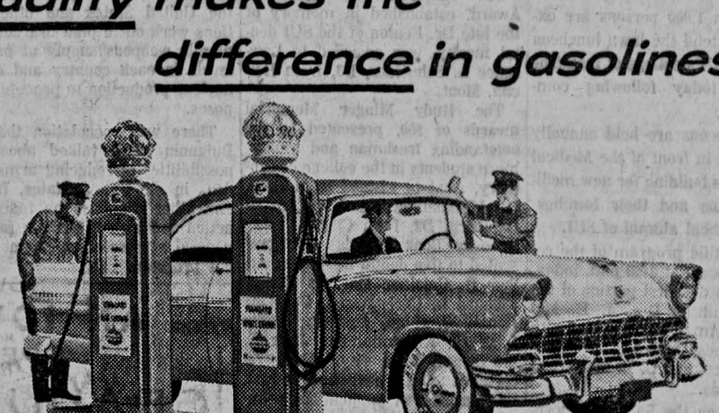
Quality makes the difference in gasolines!



That's why . . . in Mid-America

MORE FORD OWNERS USE STANDARD GASOLINES THAN ANY OTHER BRAND

. . . Lincolns, too!

We believe that leadership in sales is a reflection of the quality of products and services offered by Standard. Standard Gasolines, for example, are at higher octane levels than ever, and are seasonally balanced to prevent vapor lock. Clean burning, too. They're designed for all 'round smooth, efficient, economical performance.

That's why more Ford and Lincoln owners, and more owners of *all* these cars—Mercury, Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac, Plymouth, Dodge, De Soto, Chrysler, Imperial, Nash, Hudson, Studebaker and Packard—use Standard Gasolines than any other brand.

Parents Protest Plan For Slow Learners

Opposition to a possible conversion of fourth, fifth and sixth grade classrooms at Henry Sabin School to classrooms for the special educational program of the local school system is being voiced by some parents of the Sabin district.

Buford W. Garner, superintendent of schools, said that the Board of Education has considered such a move but no decision will be reached until July or August when the results of the current biennial school census are compiled.

The local school system has three special education groups planned for children who are considered "slow learners" and require additional attention.

Garner said that the Sabin school is the only one in which enrollment is going down and is not likely to increase in the future.

It might be possible to send the upper grades of Sabin to surrounding schools without adding any teachers in those schools, thus effecting a saving in salaries of approximately $20,000, Garner pointed out.

Consolidating the special educational classes in one school would make possible a better program for the youngsters, Garner added.

Petitions opposing the possible move state that though everyone is entitled to an education, this proposal is for a minority group and provisions for the education of this group should preferably be a small exclusive dwelling conducive for the education of this minority group.

Parents also object to sending their children to school outside the Sabin district and neighborhood.

Sought as Bandit

JAMES T. KEHLER, 35, a paroled Cicero, Ill., convict was being sought Thursday as the bandit who held up the Milo office of the People's Trust & Savings Bank of Indianola Tuesday afternoon. Bank employe John Gruebel identified a picture of Kehler as the man who pulled a sawed-off shotgun on him and escaped with an estimated $1,400. Illinois authorities said Kehler was paroled from a life term in February and has a long crime record. He had been seen in the area of Milo around the time of the crime and was driving a car with Illinois plates similar to the one witnesses said the bandit escaped in. The car believed to have been used in the robbery was found in some woods about 10 miles east and 2 miles south of Milo Thursday. It was registered to Kehler.

Borts Named Head Of Health Group

I. H. Borts, director of the State Hygienic Laboratory at SUI, has been elected president of the Association of State and Territorial Public Health Directors.

Each of the states and territories has laboratories similar to the one which serves Iowa from its location at the University Medical Center.

The association of directors of these labs was founded in 1952. Borts, elected to a two-year term, becomes the organization's third president. He already was a member of its executive council.

As the official laboratory of the Iowa state department of health, the lab at SUI assists physicians and other laboratories in Iowa in the control of communicable diseases and in the identification of bacteria, viruses, parasites and other organisms. It also works in cooperation with the United States public health service.

Borts is an associate professor in the department of hygiene and preventive medicine in the University's college of medicine.

P & G Happy In Iowa City

Procter and Gamble has found an adequate supply of employes in the Iowa City area and feels it has made the right decision in locating here, Robert G. Marsden, local plant manager, said Thursday.

Speaking to members of the Iowa City Rotary Club, Marsden said that so far local employes have been hired mostly for clerical work, while 24 company persons have been transferred from the company's Cincinnati, O. plant to hire and begin plant operations.

The company's goal of 200 to be employed by the plant is as far as two years away, he said. About half of that force would be women, he pointed out, working on a one-shift, 5-day week basis.

The local plant will start operations about Jan. 1, he said. First products will be Gleem and Crest toothpastes and eventually Drene and Prell shampoos.

A crew of more than 300 men is now working on the completion of the firm's building on Lower Muscatine Road.

DISTRICT COURT

TURNBULL, Miles W., G, was fined $300 and had his operator's license suspended for 60 days after pleading guilty to a county attorney's information charge of driving while intoxicated. He was arrested by Iowa City police on May 25 following an auto accident just west of the Veterans Hospital on Highway 6.

WESTCOTT, Ralph, doing business as Self-Service Grocery, was awarded judgments of $255.75 and $282.61 against Mr. and Mrs. Arnold RUNDELL and Mr. and Mrs. Maynard HILLS for amounts due on account.

SUSPEND SENTENCE

An Iowa City woman received a 10-day suspended jail sentence here Wednesday on a charge of disturbing the peace when she flaunted a knife in a tavern Tuesday.

Police Judge Roger H. Ivie ordered Dessel A. Stewart to not go in a tavern for 60 days as a condition of the suspended sentence.

Gold To Help Treatment of Ovary Cancer

Two SUI physicians have reported that radioactive gold, already important in the treatment of prostatic cancer, may also become useful in controlling the spread of ovarian cancers which are found in an early stage.

The report came in a paper authored by Dr. H. B. Elkins, associate professor of radiology at the SUI College of Medicine, and Dr. W. C. Keettel, SUI professor of obstetrics and gynecology. The scientists reported on the research at the Third National Cancer Conference this week in Detroit.

Dr. Elkins said studies which he and Dr. Keettel directed showed that malignant cells often can be found in the abdominal cavity even when the disease appears to be limited to the ovary at the time of surgery. The doctors believe this frequently may account for the recurrence of the disease in these cases.

Dr. Elkins said radioactive gold (rays from which kill cancer cells) has been used following surgery on 12 patients with early ovarian cancers, and that of seven treated more than three years ago, five are still alive with no symptoms of a recurrence. The five patients who have been treated less than three years also are still alive.

The doctors believe that rays from the gold probably kill "stray" cells which might be present in the abdominal cavity after the main part of the cancer has been removed by surgery—thus preventing spread of the disease by these "strays" to other parts of the body.

The medical educator said radioactive gold also will control the accumulation of abdominal fluid in 60 to 70 per cent of the patients with advanced cases of ovarian cancer. The fluid often tends to build up in the abdomen of persons in advanced stages of the disease.

Another SUI scientist, Dr. R. H. Flocks, professor and head of urology, was a pioneer in the use of radioactive gold for treatment of cancer of the prostate.

AFL INVESTIGATES

WASHINGTON (AP) — The AFL-CIO Thursday announced that its Ethical Practices Committee has been given blanket authority to investigate any and all charges of labor racketeering and recommend penalties, including union ousters.

4 Elude Long Arm of Law

Charges against four men who were never arraigned were dismissed in Johnson County District Court Thursday upon the application of County Attorney William M. Tucker because they have not been located.

Judge Harold D. Evans dismissed a charge of obtaining property by means of false pretenses against Jerry Bishop, a charge of embezzlement of mortgaged property against Francis E. Stinocher and charges of driving while intoxicated against Chester R. Bowlsky and Clarence Kelley.

Bishop was indicted by a Johnson County grand jury Feb. 15, 1952, in connection with the taking of an automobile from the Dean Jones Sales and Service on Dec. 22, 1951. The car was later recovered wrecked at Wyoming. Bishop escaped arrest.

The embezzlement charge against Stinocher resulted when he allegedly sold an auto mortgaged with the Iowa State Bank and Trust Co. without the bank's consent. He was indicted by a county grand jury Feb. 26, 1954, but he also escaped arrest.

See Hoover Tips Saving Iowa Citians $990,000

Iowa City taxpayers would save $990,000 annually in reduced taxes if Hoover Commission recommendations for reorganization of the executive branch of the federal government were enacted, Chamber of Commerce representatives from southeast Iowa were told here Thursday.

Theron J. Rice, manager of the U.S. Chamber national defense department, explained that the recommendations provide an excellent opportunity for tax reduction, increased governmental efficiency and federal debt reduction. A national tax savings of $5.5 billion would be possible, he said.

Rice suggested that a campaign through letters to congressmen and press and radio publicity be waged to bring pressure to obtain action on more of the recommendations.

Rice pointed out that only about 22 per cent of the recommendations have been acted upon as yet. Public apathy is partly responsible, he said. The fact that this is an election year has also slowed action, Rice added.

"Today's tax burden is caused mainly by too much government," Rice said. Too much waste and too much government competition with private enterprise have increased the taxpayer's burden, he charged.

Wellman Boy 'Fair' After Auto Mishap

A 7-year-old Wellman boy was in fair condition late Wednesday in Mercy Hospital where he is being treated for injuries suffered when he ran into the side of a moving car.

Burrell K. Brenneman, son of Mr. and Mrs. Len Brenneman, Route 2, Wellman, was struck by a passing car Tuesday noon as he ran from behind a parked car in front of his home. His mother reported he was going across the road for the family mail.

Impact of the collision with the car driven by Mrs. William Martin, Wellman, threw the boy approximately 15 feet. He suffered extensive cuts and abrasions.

SUI Prof Presiding At National Parley

Recently appointed chairman of the National Commission on Adult Education and Civil Defense, Prof. Hew Roberts of the SUI College of Education will preside at the Commission's first meeting this weekend in Chicago.

The meeting has been called to plan a pamphlet on the responsibilities of professional members of communities, especially adult educators, in bringing essential knowledge to people as preparation for civil defense emergencies.

The pamphlet is scheduled to be published next fall by the U.S. Department of Civil Defense, Battle Creek, Mich.

Roberts was named chairman of the NCAECD this spring by the Adult Education Association of the United States and by the Department of Civil Defense. The Commission numbers 26 university extension and U.S. Department of Agriculture extension officials and members of state departments of public instruction.

A specialist in adult education, Roberts also teaches SUI courses in educational philosophy and comparative education.

Medicine Prof. Martt Going to U. of Missouri

Dr. Jack M. Martt, assistant professor of internal medicine, will leave SUI to accept a position with the University of Missouri medical college July 1.

Martt's appointment is a part of the Missouri school's expansion program. At present, the school has a 2-year medical program; it is being expanded to a 4-year program.
