

Cold—But Wet

IT MAY BE COLD, but not cold enough for ice skating. Janet Newcomer, N2, Dixon, Ill., finds the ice formed on the Iowa River over the weekend is still too thin for her to use her skates.

Iraq Asks U.S. for Arms

Nearby Syria Reported Held By Pro-Reds

WASHINGTON (AP) — Iraq formally appealed Monday for American jet planes and anti-aircraft "defensive weapons." The request came amid reports that a group of pro-Soviet army officers has seized control of neighboring Syria.

Iraq's Ambassador Moussa Al-Shabandar asked for the arms during a call at the State Department. His government has a military aid agreement with the United States, signed in 1954.

"We just don't have enough arms, taking into account the actual situation in the world," he told a reporter afterward.

"We especially want to increase our area of defenses and we hope these weapons will be shipped as quickly as possible."

State Department officials, who had been seriously concerned over reports of new Soviet weapons reaching Syria, said they would give prompt consideration to Iraq's request.

An undisclosed quantity of American weapons including tanks, artillery and light arms have been delivered to Iraq under the 1954 aid agreement. These arms were sent in order to help Iraq, a member of the Western Baghdad Pact, strengthen its defense against possible aggression.

The Iraq envoy, in discussing the new arms request, sought to play down reports of mounting friction between his government and Syria. On Sunday, Syrian army officers and a member of the Syrian government charged Iraq with plotting against Syria's welfare.

"We don't know exactly what is going on in Syria," Shabandar said. "All those reports of friction with us—those are family troubles and we are going to solve them peacefully."

"We don't like it that Syria shifts from the West to the East but the main trouble is Israel and if you put Israel in its proper place then you solve 90 per cent of the headaches in this area." He did not say what Israel's "proper place" was.

Iraq and Syria are both Arab countries.

Any additional U.S. weapons for Iraq would have to be shipped with the understanding they were for strictly defensive purposes, not to be used for any attack against either Syria or Israel.

Turkey Raps Arms Buildup Near Lebanon

BEIRUT, Lebanon (AP) — Syria came under bitter Turkish attack Monday for accepting Soviet weapons, imposing martial law and allegedly concentrating troops along the border of Lebanon, a sister state in the Arab sphere.

Radio Ankara brought into the open charges — long circulated in the coffee houses and market places of the Middle East — that Egypt is instigating large-scale trouble in other Arab nations with Communist help.

The Turkish radio commentator said investigation showed Egyptian agents played a part in recent disturbances in Lebanon, a little half-Christian, half-Muslim republic where some French and British buildings have been the targets of bombing attacks.

He said arms and explosives had been smuggled into Lebanon on behalf of both Egypt and Syria.

A charge by a Syrian military spokesman Friday said that Iraq tried to furnish heavy arms for a coup aimed at overthrowing Syria's government. Iraq dismissed the charge as nonsense. Syria said it was a criminal affair. It accused Iraq of fostering "subversive activities in Syria."

Turkey's interest in these developments stems from both her membership in the Baghdad Pact — a 5-nation grouping between the Soviet sphere and the Middle East oil fields — and occasional friction on her frontier with Syria.

The Egyptian crisis has put Syria's economy in a bad way.

When, apparently with connivance of the army leadership, three Iraqi Petroleum Co. pipeline pumping stations were blown up, the Syrians dealt a blow at the British.

They also dealt a severe blow to themselves. Not only do they lose millions of dollars in revenue from the pipelines, but they shut off one of their own main sources of fuel.

Students, Faculty Get 1st State Bowl Tickets

Tickets for SUI students and faculty to the Rose Bowl game went on sale Monday at the SUI Athletic Department ticket office.

SUI students and faculty members have been given first choice on the 14,000 tickets allotted to Iowa fans.

Sale of these single tickets, for students and faculty only, will continue through this Friday. The ticket office will be open between 8 a.m. and 5 p.m.

The price of the ticket vouchers which the students receive is \$3, about half the price of the regular tickets.

Students going on the special SUI student trains must also purchase vouchers at the ticket office.

Each student must present his ID card at the ticket office to obtain the voucher. Both the ID and the voucher must be presented in Los Angeles in order to obtain the actual ticket. This system also applies to faculty members.

These vouchers may be exchanged for tickets Dec. 28 through 31 at the Southern California Edison Co., Building in Los Angeles between 10 a.m. and 4 p.m. The building is at Fifth and Grand avenues.

Only persons who purchase tickets

Reservations on the "Herky Special," the student train to Los Angeles, went on sale Monday and will continue through Thursday. The \$5 reservation deposit may be made at the North Lobby Conference Room of the Iowa Memorial Union between 2 and 8 p.m.

Students must present ID cards for each student passenger at the time of making reservations and final payment. Full refund will be made if cancellation is received at the reservation desk in the Union before 2 p.m. Dec. 10. After that date a \$5 service charge will be deducted.

Final payment of balance due must be made Dec. 10, 11, or 12. The total cost is \$160.

ket vouchers in Iowa City can pick up tickets in Los Angeles. If a voucher is lost it cannot be replaced.

Students with spouse tickets purchased for the regular SUI football season may purchase two half-price tickets if they are accompanied to the ticket office by their spouses. Spouses must also be present at Los Angeles when the tickets are picked up.

Faculty members will have an opportunity to purchase a second ticket at the regular price of \$5.50. Orders for the alumni and I-Club chartered trips will be filled at the close of student and faculty sales and before the general public sales begin. Therefore, persons applying for either the alumni association or I-Club trips this week will be assured of a game ticket.

General public ticket sales will start Dec. 3, and will be sold only by mail. No "over the counter" orders will be accepted for these tickets which will be sold at a cost of \$5.50 plus 50 cents for handling and mailing.

UN VOTE

UNITED NATIONS, N.Y. (AP) — The UN Assembly overrode Soviet objections Monday night and approved a grant of \$10 million to pay the initial costs of the emergency police force in Egypt. The vote was 52-9 with 13 countries abstaining. Only the Soviet bloc countries voted against it. The United States, Britain and France voted for it.

Tommy Dorsey Chokes, Dies in Sleep

GREENWICH, Conn. (AP) — Bandleader Tommy Dorsey choked to death accidentally on food particles while he slept during the night.

C. Stanley Knapp, Greenwich medical examiner, said he would file a finding of accidental death from "asphyxia from aspiration of food."

He explained at Greenwich Hospital shortly after examining the body of the 51-year-old bandleader that Dorsey had apparently become sick in his stomach while he slept, and was choked to death by food that lodged in his windpipe.

He said he didn't know whether Dorsey had taken any barbiturates as Knapp said he sometimes did to help him sleep.

He said that the state toxicological laboratory will examine Dorsey's internal organs to complete the autopsy.

Police Chief David Robbins said Dorsey had written a pencilled note to his wife which was found on a table. Robbins said it was of a personal nature and he declined to reveal the contents.

He emphasized, however, there was no indication in the note that he expected to die. Both Robbins and Knapp concurred in the belief that the death was accidental.

Dorsey recently had been sued for divorce by his wife, Janice Dorsey, clad in gray slacks and a sports shirt was found sprawled across the bed with a television set turned on nearby.

He was discovered by his business agent, Vincent Carbone, Jackson Heights, N.Y., who told police

he came here when Dorsey failed to answer his telephone.

According to Police Chief Robbins, Carbone said he talked with the bandleader Sunday night and Dor-

front ranks of America's makers of popular music ever since.

He had flicked his baton in ballrooms across the nation. Millions have danced to his music. And his name was practically synonymous with his favorite instrument—the trombone.

He kept on the airwaves while radio was growing up, and when television came along, there was Dorsey, still beating out his rhythms.

He made many a song, and many a singer into a hit.

He was known as the "sentimental gentleman of swing."

Dorsey was born in a coal mining area in Pennsylvania. He was two years older than his brother, James Francis—"Jimmy Dorsey"—also a prominent bandleader.

Their father earned \$10.20 a week in the mines, but he had ambitions for his sons.

A self-taught musician, the father instructed the boys in the cornet when they were five and seven.

The home music lessons mushroomed into fabulous careers for both on the bandstand.

It looked for a while, however, as if both Tommy and Jimmy would have to quit school to go to work. Jimmy actually quit and took a job as a blacksmith's helper. But then in 1922, both left town to try to make it—playing music.

In their first job in a Baltimore park, the whole band received \$285 a week. Divided 20 ways, it didn't go far. But then the pair moved on to New York. Their luck improved.

Dorsey for years had been one of the top bandleaders of the country. He got into the business 34 years ago, and had kept in the

The Weather

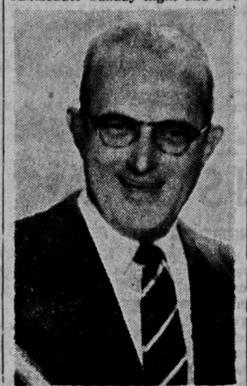

Cloudy and Warmer

The warming trend that started in Iowa City Sunday is expected to continue through Wednesday. The scattered clouds forecast for today show the faintest possibility of dropping snow flurries later on in the evening.

The temperature is expected to reach the low 40s this afternoon and dip toward the freezing zone tonight.

Tommy Dorsey

Tommy Dorsey

seym told him he intended sleeping late Monday.

The police chief quoted Carbone as saying that when he failed to gain entrance through the doors to the house, he climbed through a window and made his way to Dorsey's bedroom. There, he said, he found the door locked and had to force an entrance.

Dorsey for years had been one of the top bandleaders of the country. He got into the business 34 years ago, and had kept in the

Prof. Robert Johnson of the SUI Economics Department Monday was named executive assistant to governor-elect Herschel Loveless. Johnson is a Democrat, and was a member of the Iowa Tax Study Committee.

He was an economic analyst for the War Production Board and the Department of Commerce.

Johnson also was an assistant to the supervisor of merit system examinations for Iowa employment security in 1937 and a member of a Department of Public Instruction research committee on public school finance in 1949-50.

Johnson came to SUI in 1948 as a research economist and became an associate professor in 1950. He received a B.A. from Maryville College, Tenn., and M.A. and Ph.D. from SUI.

He was an executive assistant in charge of the gubernatorial office staff, arranges appointments, and occasionally makes public appearances or issues statements on behalf of the governor.

Johnson plans to spend about two days a week working with Loveless until the middle of January, and then take a leave of absence from SUI.

The executive assistant is in charge of the gubernatorial office staff, arranges appointments, and occasionally makes public appearances or issues statements on behalf of the governor.

Johnson was one of two Democrats on the 12-member state Tax Study Committee which recently proposed a complete overhaul of Iowa's tax structure in 49 recommendations.

editorials Freedom and Progress

Criticism of a "Daily Iowan" editorial (see letters to the editor) has raised questions that need consideration.

In the editorial in question, a major criticism centers around the "men tied to the soil cannot seek truth" statement contained in the editorial. The meaning intended was not that there is no contribution to truth by societies bound to the soil, but that for the society in question to be able to make these truths meaningful demands liberation from the soil. Furthermore, those men of poverty-stricken societies who do not achieve profound truths are not themselves bound to the soil, however poor their society may be.

The mere fact that their society can support only a few "truth-seekers" holds it down. The result of a lack of "unbound" men is that the society remains insulated from most of the potential transforming energy of profound discoveries.

The fruition of their work comes when the society has progressed to the point where it can be successfully utilized.

It is necessary to confine ourselves largely to what is commonly thought of as "material" betterment of humanity. This would include enjoyment of a higher standard of living and a maximum of personal liberty. The editors realize that to argue moral or ethical considerations is apt to raise an answerless question. What would be considered real progress by scientists might be viewed as "a deplorable loss of religiousness" by church leaders.

It is true that "truth" and "wisdom" may be independent of the standard of living, but it is also true that truth and wisdom must impinge on the existence of at least a portion of the group to be more than an exercise in semantics.

The editors argue not for truth and wisdom for its own sake, however commendable this might be, but for its potency in fashioning realistic attitudes for adjustment to an extremely complex and uncompromising world.

Like currency, wisdom and truth find their value in use.

Writer Shevelov has pointed out that the editorial loses much force through vagueness and the use of sweeping generalities. It must be remembered that an editorial is a device to stimulate thinking; it cannot manage detailed consideration of such an intricate and multifarious problem as danger to freedom. Once alerted to the danger, the reader then presumably will investigate further. Unnecessary curtness is a fault, and to the extent that the editorial is vague, it has failed of its purpose.

The list of freedoms and rights in danger is bounded only by the number we have. The following are a few of the more important of them, and are the ones perhaps the most in danger:

Freedom of speech. We agree that a "clear and present" danger justifies curtailment of some "liberties." It is the extension of this curtailment to other areas that signals the danger. The undermining of the right not to incriminate oneself is an example.

The right to know. The growing tendency of the government to regulate news at its source vitiates this right. It is difficult to participate in democratic government when you get a purposefully selected set of "facts."

Participation in government. By voting on personalities and parties, rather than on issues, the voter loses direct control over the government policies.

It must be remembered that rights and freedoms buttress and reinforce one another, and that the progressive curtailment of only a few can lead to eventual loss of all.

Our guilt lies in our apathy. We lend moral support and our indignant voices to causes that need direct participation. We wink at things we know are not right, but are too much trouble to correct. Unless things hit us directly, we ignore them. We "forget" that it may get around to us later.

What can be done? The editors do not claim omnipotence. They do feel that Americans must take time to discover what government policies are and the implications of these policies. Americans must vote more on issues, not "persons." Americans must examine important issues and be prepared to participate intelligently.

Most of all, Americans must shed their present complacent attitude toward their freedom. It is never secured permanently. It must always be guarded.

Land of Plenty

The United States is a land of plenty, and our advertisers seem to want us to have plenty. We are underprivileged when we do not have two cars, at least two telephones in the house, and a spare radio or portable television set in the bedroom or den.

Now comes a full page color ad in our national news weeklies showing The American Boy operating an electric train. The equipment pictured must have cost several hundred dollars. And the caption says that the "Transformer can operate four trains simultaneously." Pity all our poor underprivileged kids who must struggle along this Christmas with just one electric train!

President of Dental Group Charges Student Council Has Done Nothing To Change Seating Plan

TO THE EDITOR:

The outcome of last Wednesday's (Nov. 14) SUI Student Council meeting was very disappointing to me in two respects.

Point one: The Council continued to show its high and mighty attitude by refusing to seat any non-Council members on the new committee to study the football seating problem.

This same Council was warned last spring by this writer and several others in the form of a petition containing close to 2,000 signatures that the new seating plan was not in the student interest and would cause much disension on the campus. Even I did not anticipate how much disension would be caused.

This same do-nothing Council appointed a special committee of Council members and delegates-at-large to "study" the problem at which time the Council was again informed of the trouble which it would confront in the fall. Again nothing was done except to set aside recommendations. This was the Council some members of which even voiced at the meetings that they knew nothing of the football plan, and yet had an active vote in the tabling of the recommendations.

From the beginning of the football season this year the Council members, particularly its president, have been plagued by gripes from members of the University. The Daily Iowan has carried in its pages scores of articles and letters of student opinion against the seating plan. Finally, in the face of overwhelming opposition to the plan the Council very reluctantly announced a special committee to be formed for study of the plan.

The final slap at the student body by its "leaders," was the refusal to seat anyone outside of Council members on the committee. This action only proves how biased the Council is against the wishes of the students.

Point two: The Daily Iowan reporter in his column the following day stated I had "criticized" the plan and asked for special seats for dental and medical students. This is entirely untrue.

I made a verbal list of questions presenting them to the Council to pass on to the committee. This list comprised of such questions as:

1. Why were tickets in the student section being resold to the public when the students already had paid for those seats with their tuition?

2. Were there more students not able to get tickets for Homecoming than there were tickets sold to general public on Wednesday morning?

Also, to point out to the Council how interested I was in the problem, I informed them to what extent I had gone to obtain seats for those members of my college who have 7:30 classes and were unable to get seats until evening. That extent was the request to Buzz Graham for a block of seats of average selection for the College of Dentistry and the College of Medicine. Of course, as I expected, this request was refused.

Our do-nothing Council has given the problem to a committee. What will be the result? I predict that the result will still not be favorable and that the Council will maintain its do nothing attitude.

John G. Ellis, D3
President, Associated Students of Dentistry

Questions Editorial

TO THE EDITOR:

Your Thanksgiving editorial entitled, "Let Us Give Thanks," has good intentions behind it but in putting them across you made statements and implied things not always true or wise. The one most striking is:

"Men tied to the soil and manual labor cannot seek truth where it must be found."

Allow me to say that some of the most profound philosophies and social ideas come out of societies stricken with poverty whose "men are tied to the soil." Some freedoms that now bless this country were born of struggle and oppression whether here or abroad. Human truth and vision is found in many parts of the world very much independent of their standards of living.

I also wish to comment on another point. In this article you warn the reader that some freedoms, most precious to us all, may eventually be lost "through indifference and carelessness."

This danger is often pointed out to the public in a very general manner such as the one you have presented, but it seems to me that these warnings tend to defeat their own purpose by being so vague.

It becomes increasingly easy to brush them aside.

A most welcome editorial would be one which would tell, in plain and direct language, which freedoms are at stake, wherein lies our guilt, and what can be done.

Visiting Professor of Music

Missing Diapers

I guess you might call this an open letter. It is aimed at some unknown person or persons who got a little carried away with Iowa's victory over Ohio State.

In the course of their celebration and for some reason known only to themselves, they made a stop at Forest View Trailer Park and proceeded to "remove from a clothesline there the three dozen diapers which I had hung there to dry."

I have heard of "pantie raids" at various colleges, but really, isn't this going just a bit too far? Then again, maybe it just goes to show the mentality of these unknown "raiders."

Anyone who has a baby in dia-

pers will sympathize with me and understand what an underhanded trick it would be for someone to deliberately take a baby's diapers off the line just "for the fun of it."

At first it was my feeling that someone here in the court might possibly have gotten my five-month-old daughter's diapers mixed in with their clothes. I hung them on the line Saturday night and Sunday they were gone.

However, today one of my neighbors informed me that my baby's diapers — which were brand new when she was born — can now be seen decorating Highway 218 and various other places around Iowa City.

I hope that someday when these "raiders" grow up, marry and have children of their own that they'll appreciate fully just what they've done and how important a baby's diapers are.

In the meantime, may I say to them I hope you enjoyed your "pantie-raids."

Mrs. C. D. Furnald
Box 70,
Forest View Trailer Park

Loss in Manila

From The New York Times
The sudden death of Ambassador Albert F. Nuffer, so shortly after his arrival in the Philippines, has come as a great shock both here and here. In only a few weeks he had made many friends among the Filipinos, and they were looking forward confidently to a further strengthening of the ties that bind our peoples together.

This loss in Manila has another disturbing aspect. We will now be obliged to build up a new diplomatic team there at a time when some of our problems have run into a stalemate that is short of solution. This is especially true in the critical matter of the negotiation over American bases in the Philippines. After an auspicious start these talks seem to have reached something of a dead end. Further delay always affords the opportunity for the intrusion of extraneous issues and even petty politics both there and here.

This is one of the reasons that we needed, and now need again, a strong and wise Ambassador in Manila. We have lost the services of an experienced diplomat at precisely the time when men of those high qualities were badly needed.

The 12 Moslem nations that pooled the funds to build it are Egypt, Pakistan, Saudi Arabia, Iraq, Iran, Jordan, Syria, Afghanistan, Turkey, Indonesia, Yemen and Libya. Dr. Mohammed Bisar, of Cairo's Alajhar University, is director. The compass line of the mosque points to Mecca.

It will have the latest in illumination, and aluminum casement windows. But the Muezzin will have to own leather lungs if he wants to be heard above the roar of one of our most-traveled arteries.

2 Grundy Center Men Found Dead in Cabin

LANSING (AP) — Two Grundy Center men were found dead Monday in the converted school bus they used as a hunting cabin. Death apparently resulted from asphyxiation.

The men were Howard Kahl, 30, and Walter Sealman, 39.

A heater in the cabin was believed to have exhausted the oxygen but a formal coroner's report had not been made.

First Islamic Center in U.S. Opens Soon

By GEORGE DIXON
King Features Syndicate

WASHINGTON — When the first Islamic Center in the western hemisphere is formally opened in January, the Muezzin will arise two hours before daybreak and summon the faithful to prayer — but without mechanical voice amplification.

In the interest of international goodwill there will be no loudspeaker in the minaret.

The \$1,500,000 mosque will have a thousand modern conveniences, including air conditioning, and was designed to have a microphone for the Muezzin, as in the larger mosques in Cairo and other Mohammedan centers. But the ambassadors of 12 Moslem nations met the other day and decided to discard this appurtenance of progress out of consideration for the neighbors.

Within a few decibels of the mosque of Massachusetts Avenue dwell the ambassadors of Great Britain, Japan, Ireland, Denmark, Norway, Ecuador, Venezuela and half a dozen other countries that can scarcely be classed as Islamic. It was felt they might not care to be blasted out of bed every morning in the pre-dawn darkness.

The Moslem ambassadors, particularly Dr. Ahmed Hussein, of Egypt, wouldn't have minded shattering the repose of the British ambassador, Sir Harold Caccia, but they couldn't figure out a way to catch "catch ya" without catching Irish ambassador John Joseph Hearne, and Japanese ambassador Sadao Iguchi, neither of whom is making claims to the Suez this season.

As a consequence of the decision, this will be the biggest mosque in the world not wired for sound. One of the most incongruous sights to an American in an Islamic country for the first time is the Muezzin looking down upon scenes as old as civilization, calling the ancient summons to prayer over a high fidelity system. But the Muezzin and the microphone have become almost synonymous in Islam.

My bride and I were in Egypt last year. We had a lot of experiences, including an interview with President Nasser. It was fascinating, trying to guess what this friendly-talking man was really thinking, but even more bewildering to us were the anachronisms of Egypt — a sleek limousine trying to out-jockey a camel at a downtown intersection; veiled women encased in flowing black robes and women encased in nothing but halter and shorts; on the Nile, Farouk's sumptuous yacht, and the Feluccas, which were old hat to Cleopatra.

The thing my Duenna found most irreconcilable, however, was the Muezzin and the mike. She never ceased wondering aloud at it, although she could scarcely be heard. There are five calls to prayer daily, and the voice of the Muezzin ("pronounced "My-az-in") seemed to follow us in high amplification wherever we went.

The new Islamic center on Washington's embassy row will have many things to marvel at too. To avoid possible misconception, there are a number of mosques in North America already, and quite a few in South America. But this will be the first all-inclusive Moslem center in the western world. It will be a library, a school of theology and culture (with classes in Arabic), as well as a place of worship for the 500 or more followers of the prophet who live in the nation's capital.

It is built of Alabama stone, New Hampshire marble, with magnificent handicraft by the leading Moslem artists of the Middle East. It has a two-ton chandelier from Egypt that looks like something out of Arabian nights; a pulpit of inlaid hardwood, set with ivory and ebony, that took two years to fashion; the finest tile is the gift of the president of Turkey, and 11 magnificent prayer rugs from the Shah of Iran, who insured them for \$56,000.

The 12 Moslem nations that pooled the funds to build it are Egypt, Pakistan, Saudi Arabia, Iraq, Iran, Jordan, Syria, Afghanistan, Turkey, Indonesia, Yemen and Libya. Dr. Mohammed Bisar, of Cairo's Alajhar University, is director. The compass line of the mosque points to Mecca.

It will have the latest in illumination, and aluminum casement windows. But the Muezzin will have to own leather lungs if he wants to be heard above the roar of one of our most-traveled arteries.

2 Grundy Center Men Found Dead in Cabin

LANSING (AP) — Two Grundy Center men were found dead Monday in the converted school bus they used as a hunting cabin. Death apparently resulted from asphyxiation.

The men were Howard Kahl, 30, and Walter Sealman, 39.

A heater in the cabin was believed to have exhausted the oxygen but a formal coroner's report had not been made.

General Notices

General Notices must be received at The Daily Iowan office, Room 201, Communications Center, by 8 a.m. for publication the following morning. They must be typed or legibly written and signed; they will not be accepted by telephone. The Daily Iowan reserves the right to edit all General Notices.

DELTA PHI ALPHA—Honorary German Society will meet at 7:30 p.m. Tuesday, Nov. 27 in Room 121A Schaeffer Hall. Slides on Germany will be shown. Everyone welcome.

LAMBDA CHI ALPHA—All members interested in organization contact Roger Hughes, x4076.

NEW T.V. CLUB — A regular meeting of the newly organized ASTV (Associated Students of Television) will be held tonight in the TV studio of the Television Center. The newly drafted statement of purpose will be presented for discussion by the membership, as will be plans for the annual TV Christmas party. If you are interested in any phase of Television and in a Television Club designed to serve and benefit you, you are invited to attend this meeting tonight at 7:30 p.m. You do not have to be a TV major to belong.

BABY SITTING — The University Cooperative Baby Sitting League Book will be in the charge of Mrs. Florence Davidson to December 4th. Telephone her at 8-4563 if a sitter or information about joining the league is desired.

FOREIGN STUDIES PROGRAM — Students enrolled in this program who wish to take the professional Qualifications Test of the National Security Agency should see Professor E. Funke (106 SH) as soon as possible.

PRE-SCHOOL VACANCIES—The Parents' Cooperative Pre-School has several openings in the junior group for children 3 years old. Those interested contact Mrs. Charles Parker, registrar, by phoning 8-0037 or 8-0691.

WEIGHT TRAINING — The Weight Training Room will be opened for student use on Mondays, Wednesdays and Fridays between the hours of 3:30 p.m. and 5 p.m. The North Gymnasium will be opened for student recreational purposes each Friday afternoon from 1:30 p.m. to 4 p.m.

STAFF AND FACULTY PHYSICAL EDUCATION PROGRAM—From 4 to 6 p.m. daily there are facilities available for volleyball, badminton, and other games. Also, there is equipment for individual exercise and rehabilitation programs. Instruction and supervision is provided by members of the physical education department.

U.S.C.C. CONFERENCE — On Dec. 27-Jan. 1, U.S.C.C. will hold one of its national conferences at DeKalb, Ill. The theme is "Our United Witness on Campus" and the study book is Dennis Baly's "Our Chosen People." A study group will discuss this book each Tuesday, 4-5 p.m. at Westminster Foundation, 26 East Market St. All are welcome. Information and application blanks, due Dec. 1, may be obtained from any member group of S.C.C.

ZOOLOGY SEMINAR — Zoology Seminar will meet Friday, Nov. 30, 4:20 p.m., room 201 ZB. The speaker: Dr. Steven M. Horvath, Prof. Physiol. & Actg. Dir., Inst. Gerontology, SUL. His topic: "Characterization of the coronary vessels in the intact animal and some of its implications."

MUSIC RECITAL—Music recital (student series No. 7) will be held Friday, Nov. 30 at 7:30 p.m. in North Music Hall. Selections from Mozart, Dutilleul, Hogg and Stojowski will be presented by Charles Warren (trombone), and Shirley Warren (piano). They will be accompanied by Paul Anderson (horn), and J. Robert Hanson (trumpet).

PLAY-NITE — The facilities of the Fieldhouse will be available for mixed recreational activities each Tuesday and Friday night from 7:30 to 9:30, provided no home varsity contest is scheduled. Members of the faculty, staff, and student body and their spouses are invited to attend and take part in the activities in which they are interested. Admission will be by faculty, staff, or student I.D. card. Activities for November: badminton, handball, swimming, table tennis, tennis, smash, basketball and volleyball.

COMMERCE WIVES — The social meeting of the Commerce Wives Club will be held at the Iowa Memorial Union, Wednesday, Nov. 28, Bowling at 7 p.m. Card playing at 8 p.m. in the North River Room of the Iowa Memorial Union. Wives of Commerce students are invited.

PENQUIN CLUB — The first meeting of the Penquin Club will be held Tuesday, Nov. 27, at 4:15 p.m. at the swimming pool in the Women's Gymnasium. All women students interested in synchronized swimming are invited to join. No experience is necessary and no try-outs will be held.

UNIVERSITY CALENDAR

Tuesday, November 27

4 p.m. — Nation and World Commission of YWCA — Suez Crisis — Senate Chamber, Old Capitol.
7:30 p.m. — University Club Desert Bridge — University Club Rooms.

Wednesday, November 28

8 p.m. — Sigma Xi Open House — Basic Medical Sciences — College of Medicine.
8 p.m. — Flute Recital — Betty Bang — Macbride Hall Auditorium.

Thursday, November 29

4:5 p.m. — AWS Student-Faculty Coffee Hour — Library Lounge.
7:30 p.m. — Western Conference Debate — Senate Chamber.
8 p.m. — Archeological Society — Speaker, Olga Tuffell, "Dress and Ornament in Biblical Times" — Shambaugh Auditorium.

Friday, November 30

8 p.m. — Art Guild Film Series — "Ditte, Child of Man," "Great Ballerine," and "Pacific 231" — Shambaugh Auditorium.
9 a.m. to 9 p.m. — Intercollegiate Conference on World Affairs — House, Senate and Board rooms, Old Capitol.

Saturday, December 1

9 to 12 a.m. — Intercollegiate Conference on World Affairs — House, Senate and Board rooms, Old Capitol.
12:30 p.m. — A.A.U.W. luncheon — University Club rooms IMU.
8 p.m. — Civic Music Ass. — Paris Ballet — Macbride Auditorium.

Sunday, December 2

4 p.m. — Faculty Chamber Music Concert — Macbride Auditorium.
Betty Bang, flute; Robert Humiston, oboe; Thomas Ayres, clarinet; Paul Anderson, horn; Ronald Tyree, bassoon; John Simms, piano — a program of selections by Beethoven, Elter and Philip Bezanson.
8 p.m. — Iowa Mountaineers Film Lecture — "Germany Today" — Russell Wright — Macbride Auditorium.

Monday, December 3

2 p.m. — University Faculty Newcomers Club Tea — Home of Mrs. Sidney G. Winter, 517 Temple Road.
2 to 5 p.m. — Governor's Conference on Education — House, Senate and Board Rooms, Old Capitol.

Tuesday, December 4

10 to 12 a.m. — Governor's Conference on Education — House, Senate and Board Rooms, Old Capitol.
12:30 p.m. — University Club Luncheon — University Club rooms.

Wednesday, December 5

8 p.m. — Violin Recital — Ramy Shevelov — Macbride Auditorium.
4:30 p.m. — Information First — Senate Chamber, Old Capitol.
8 p.m. — Humanities Society Lecture and Vespers Service — James Mullenberg, Union Theological Seminary — "Significance of the Dead Sea Scrolls for Biblical Studies" — Shambaugh Auditorium.

Friday, December 7

8 a.m. to 5:30 p.m. — Discussion and Legislative Conference — Senate, House & Board Rooms, Old Capitol.
4:30 p.m. — Repeat Lecture, James Mullenberg — Shambaugh Auditorium.

4:10 p.m. — College of Medicine Lecture — Dr. Richard E. Shope, Rockefeller Institute of Medical Research — "Viruses and Cancer" — Medical Amphitheatre.
8 p.m. — Boy Scouts of America — "Citizens Now" Conference — Senate Chamber, Old Capitol.
8 p.m. — Winter Formal — Iowa Memorial Union.

SUI Couple Repeat Vows In Monticello

Mrs. Edward Dean Springer

The wedding of Miss Sarah Ann Vernon, daughter of Mr. and Mrs. Edgar D. Vernon, Monticello, and Mr. Edward Dean Springer, Peoria, Ill., took place in St. Luke's Methodist Church, Monticello Sunday, Nov. 18.

The double ring ceremony was performed by the Rev. Sterling Baldwin.

The bride wore a white taffeta gown with a junior length train. Her veil, gloves, and shoes were purchased in Europe when she was on tour with the SUI Scottish Highlanders this summer.

The veil and crown were purchased in Edinburgh, Scotland. The floor-length veil was of silk net heavily hand embroidered at the edges. Small glass flowers decorated the veil and matched those on the typical English and Scottish type crown.

The bride purchased her wrist-length white kid gloves in Paris and her shoes in England.

Mrs. Linda Abele, Iowa City served as matron of honor. Bridesmaids were Mrs. Julie Nosek, Iowa City and Miss Judy Podhaski. Serving the groom as best man was Mr. William Shadley, Des Moines. Mr. Fredrick Nosek, A2, Iowa City and Mr. Larry Abele, were groomsmen.

A reception for 200 in the church parlors followed the marriage ceremony.

Mrs. Springer is a graduate of Monticello High School and attended SUI for two years. Mr. Springer graduated from Davenport High School and is a junior in the SUI College of Liberal Arts. The couple will be at home in Coralville after Dec. 1.

Coed Named 'Miss Friendly'

Rosetta Earl, N1, Fenton, Ill., was announced Monday as "Miss Friendly," representing the Commons dormitory.

Her election last week was part of a monthly project known as "The Common Coed" sponsored by the Commons Public Relations Board.

Each month the four units of the dormitory choose a candidate for the Common Coed. Then the dormitory residents select the representative for the month. Miss Earl is the first "Common Coed" of the series.

Miss Earl, better known as Ozzie, lives on a farm with her parents and four younger brothers and sisters. Her favorite hobbies are horseback riding and music.

Ozzie's SUI activities include the concert varsity band, big sister work at the Hospital-School for Handicapped Children, the basketball club and being intramurals chairman of her housing unit.

Rosetta Earl
'Miss Friendly'

Theta Tau Elect Officers; Pledge 30

Thirty men were pledged to Theta Tau, professional engineering fraternity, recently. Election of officers was also held. New pledge officers are:

John Rump, E2, Burlington, president; Dick Maxwell, E2, Washington, and Carl Egger, E2, Monticello, co-vice-presidents; and Lee Ingwersen, E3, Davenport, secretary.

Freshmen Y to Hear Discussion on Dating

A panel of upperclass men and women will present a discussion on dating and courtship at the Freshman Y meeting at 4:30 p.m. today in the River Room of the Iowa Memorial Union.

Helping with the preparations are the new officers: Terry Utley, A1, Dixon, Ill., president; Linda Spielman, A1, Cedar Rapids, vice-president; Nan Norton, A1, Marshalltown, secretary; and Sarah Schindler, A1, Nevada, program chairman.

Hawks Get Symbolic Nickname—"Miracle Men"

"The Miracle Men" have now cut a swath of glory for Iowa as their predecessors, "The Klutch Kids" did during the past two winters in winning two straight basketball crowns.

One enthusiastic Iowa fan, after watching the football Hawks crush once mighty Notre Dame, 48-8, Saturday, said: "This team is unbelievable. They're miracle men, that's what they are."

Sports writers have been striving for the past month to tab our amazing Hawks with a suitable symbolic nickname such as the last great Iowa football team, "The Ironmen" had in 1939. The "miracle" tag seems to come as close as any in describing the qualities of the team of 1956.

They did an incredible job in coming home with the first Iowa clear-cut football championship since 1922 and the first Rose Bowl bid in the school's history. The team won the most games, eight, for Iowa since the squad of 1905.

All this from a team which was picked to finish seventh or eighth in the conference. How did they do it?

Well, most importantly, they were a group of young men who had an unquenchable desire to be champions. They were lightly regarded at the outset of the season by the other teams of the conference and they used their time to the utmost to develop into the best team in the league. Blessed with a favorable home schedule they took advantage of every break that came their way and then beat back the challenge of rugged opponents in the clutch to come out with the undisputed Big 10 championship.

In doing it, the Iowa gridders seem to have made use of the formula the basketball team used so successfully the past two seasons. This team had no real star. Every one of the eleven starters and several of the reserves did extremely fine jobs week after week, there was never a letdown in their efforts as they seemed to climb higher in performance with each succeeding tough team they met.

Ken Ploen could possibly be singled out as the most important man on the squad. He is a fine field general. One could not find a better leader, nor a smarter master of strategy. As Athletic Director "Moose" Krause of Notre Dame said: "He can always come up with the play that will get his team out of a hole."

The "Klutch Kids" had no outstanding scorer, and one found it difficult to name one member of the starting five who meant more to the team than any of the other four men. Still there was the fabulous "Kangaroo" Carl Cain who, with a check of the records always performed brilliantly when the team needed it. He could always go up a little higher in the air to pick off a vital rebound, or sink the shot that had to be made. It seems that he did it more often than the others. Maybe he had the job given to him more often.

The "Personality" of each of those great Iowa squads will long be remembered.

Each personified the word, "team."

Open With Nebraska Dec. 3—

Basketball Moves to Iowa Sports Front

The spotlight Monday swung — at least temporarily — to the field-house, where basketball coach Bucky O'Connor is drilling his cagers for the opener at Nebraska in a week.

The Hawkeyes, who lost their top seven men by graduation, are admittedly green, but this doesn't seem to bother O'Connor. He was not at all pessimistic Monday over his squad's chances in the coming campaign.

"We're progressing normally, I'd say," reported the Iowa mentor. "We need a lot of work on defense. Our offense is sharpening up, but we'll need to work on our ball-handling."

Iowa's big weakness will be its lack of experience. "We'll make mistakes in passing, ball-handling and other phases, mistakes which can be corrected only by experience," O'Connor said Monday.

"We will have good rebounding, though," O'Connor revealed.

The man who has led Iowa to two successive Big 10 titles and the runner-up spot in last year's NCAA tourney reported he was "pleasantly surprised" by the Hawkeyes' showing in the freshman-varsity contest, won by the varsity, 85-71, last Tuesday.

"We played much better than I thought we would," O'Connor said. "We looked much better than we had in practice."

The Hawks will work on "just about everything" this week, O'Connor said, as they ready for their season-opener. Much of Monday's session was devoted to offensive drills against a freshman defense.

There will be some scrimmaging later on in the week, O'Connor reported.

17 Football Teams Are Still Unbeaten

NEW YORK (AP) — The 1956 college football season will wind up with 17 perfect record teams if Oklahoma and Tennessee get by their final opponents next Saturday.

Fifteen unbeaten and untied teams already have completed their regular season. Oklahoma closes out its campaign against arch-rival Oklahoma A&M, while Tennessee plays Vanderbilt next weekend.

Lenoir Rhyne and Tennessee A&I completed perfect record seasons last Saturday. Other teams on the list who wound up unbeaten and untied were Wyoming, New Haven, Conn., Teachers, Montana State, Hillsdale, Mich., Central Michigan, Kearney, Neb., Redland, Sam Houston, Florida A&M, Westminster, Pa., St. Thomas, Minn., Alfred, N. Y., and Milton, Wis.

Gotcha!

IOWA RIGHT HALFBACK Bill Happel (dark jersey) was brought down by an unidentified Notre Dame player on play pictured above in Iowa's Saturday rout of the Irish here. Happel, however, dragged the Irish tackler several yards before he fell.

Richards: My Last Olympic Games

MELBOURNE (AP) — The Rev. Bob Richards, who has cleared 15 feet more times than any other pole vaulter, said Monday his victory in the Olympics signalled the end of his competitive career.

Richards, who won a gold medal with his Olympic record leap of 14 feet 11½ inches, called his latest success in his speciality "my finest triumph."

"I am getting old," said the 30-year-old minister, "and I have my church work to do. Also, I must get home and start playing papa to my wife and three children."

The former Illinois athlete from LaVerne, Calif., who became the first Olympic repeater in the pole vault, said a biting cross wind and a slow runway made conditions as bad as he has ever seen them.

"Actually I think my winning leap was equivalent to better than 15 feet," he said. "We were jumping out of a 1½ inch hole and the wind cut at an angle across us."

"I tried to study the wind from the direction of the flag, but the flag never changed and the track has no spring or speed. I don't think I ever had better form than today. I thought everybody was terrific."

Richards said the wind that bothered the vaulters throughout the day helped him on his winning jump.

"As I went across the bar, I nudged it and it shook slightly," he said. "When I looked up at it from the pit I could see it was hanging there by only an eighth of an inch. The wind, I am sure, kept it there."

Lead Second-Place Russia, 172-107—

U.S. Has 11 Olympic Firsts

MELBOURNE (AP) — United States track and field forces, displaying unprecedented domination of the 1956 Olympic games, figured to add two more gold medals Tuesday to America's growing collection.

The high-riding Yanks are winning medals and setting Olympic and world records at record rate, having already captured seven of nine events in men's track and four of seven weightlifting medals.

As a result, the U.S. is far in front in unofficial team point totals with 172 points to 107 for the second-place Russians. Germany is third with 52½, Sweden fourth with 42 and Italy fifth with 40.

In addition, the U.S. is almost certain to win the 200 meters run and discus throw Tuesday and should take a dominant position in the rowing and basketball events.

There also is a chance that U.S. rowers, who qualified in a record six of seven final events, might break through the championship monopoly hung up by the track and field and weightlifting acts.

The six U.S. crews, including the powerful varsity eight from Yale University, will be in the semifinals on Lake Wendouree at Ballarat. The basketball team, winner over the Philippines, 121-53, goes into the semi-final series with an impressive unbeaten mark, which stamps it as certain Olympic champions for the fifth straight time.

Uncle Sam also figures to pick up points with the opening of serious competition in boxing and hopes for placers, although not assured, in events which are not emphasized in America, such as fencing and yachting.

Three gold medals each were determined in track and weightlifting Monday and the U.S. picked up two in each, setting Olympic records in the process of boosting the Yank gold medal total to 11. Russia's gold medals total four. No other nation has managed to win more than three.

Tom Courtney, the former Fordham flash from Livingston, N. J., won the 800 meters as expected,

(AP Wirephoto)

ARNE SOWELL (54) of Pittsburgh leads the pack in Monday's Olympic running of the 800 meters in Melbourne, Australia. However, teammate Tom Courtney of Livingston, N.J. (153) finished the winner in record-breaking time of 1:47.7.

beating England's Drek Johnston to the wire in 1:47.7. That smashed Mal Whitfield's 1952 record of 1:49.2.

The Rev. Bob Richards of LaVerne, Calif., captured the pole vault title with a jump of 14 feet 11½ inches, thus becoming the first man to win the event two times running. Bob Gutowski of LaJolla, Calif., finished second to Richards with a leap of 14 feet 10½ inches. George Mattos, another American, from Santa Cruz, Calif., placed fourth with a jump of 14 feet 3¼ inches.

As expected, Paul Anderson, 303-pound behemoth from Toccoa, Ga., and Tommy Kono of Sacramento, captured first place in weightlifting, breaking Olympic records in the process. Anderson set an Olympic mark with a total lift of 1,102 pounds in the heavyweight division and Kono added a world record lifting 986¼ pounds in the light heavyweight class.

Russia's Arkadij Vorobiev won the middle heavyweight title with a lift of 1019.25 pounds to defeat Dave Sheppard of York, Pa., whose best was 975¼.

The third track and field event to be decided today doesn't figure as a U.S. specialty. It's the hop-step-and-jump, and the best America's No. 1 entry, Ira Davis of Philadelphia, can hope for is a fifth or sixth.

Also on today's schedule are the women's broad jump, women's 80-meter hurdles, the first round of

110-meter hurdles, featuring world record breaker Jack Davis of Glendale, Calif.; and continued eliminations in boxing.

Only two other final events were staged today but they produced one record and a record-equating performance.

Norway's Egil Danielson smashed the world and Olympic javelin records with a toss of 281 feet 2¼ inches. Australia's Betty Cuthbert equaled the Olympic record of 11.5 seconds in winning the women's 100 meters.

HAWK BACKS AVERAGE 4.5

Iowa backs this year rolled for 2,073 yards on the ground, an average of 4.5 per play. Passes netted 475 yards, with 41 completion in 103 attempts, 40%. Eight passes went for touchdowns and only six were intercepted.

Unheralded Texan Wins NCAA Crown

EAST LANSING, Mich. (AP)—Walter McNew, an overlooked entry from the University of Texas, put on a blazing finish Monday to win the 18th annual NCAA cross country run in the good time of 19:55.7.

McNew sprinted the last half mile despite 27-degree cold and three inches of snow that made treacherous footing over the four-mile course.

McNew overhauled favored Henry Kennedy of Michigan State, winner of the Big Ten and ICAA meets and previously unbeaten this season. The slender 5-8, 124-pound Texan finished going away, 80 yards ahead of second-place Jim Beatty of North Carolina.

Kennedy led at the mile, two mile and three mile marks but faded into third place at the finish.

Iowa Still Ranked 3d by AP; Oklahoma, Tennessee Are 1, 2

Oklahoma's slick Sooners have moved within sight of their second straight national football championship after receiving another vote of confidence from writers and broadcasts.

With the final balloting only a week away, Oklahoma held a 95-point bulge over runnerup Tennessee in the latest tabulations and 304 over third place Iowa.

Oklahoma ran up 1,440 points to unbeaten, untied Tennessee's 1,353 on the basis of 10 points for a first place ballot, nine for a second. The Volunteers from Knoxville drew 49 firsts. Iowa, which has completed its best season since 1922 with the Big Ten title and a Rose-Bowl trip, held third place for a repeat of last week's 12-2-3 finish. The Hawkeyes drew 12 firsts and 1,144 points after beating Notre Dame 48-8.

Georgia Tech, which swept past fast-moving and highly-rated Florida 28-0, moved up from fifth to fourth in a switch with unbeaten, one-tied Texas A&M. Tech amassed 1,028 points to 902 for the Aggies.

The remainder of the top 10 in order was Miami, Michigan, Syracuse, Michigan State and Minnesota. By belting Ohio State 19-0, Michigan advanced to seventh from ninth. Michigan State moved up to ninth from 10th on a 38-17 triumph over Kansas State while a 13-13 tie with Wisconsin dropped Minnesota from seventh to 10th.

Ramblers Top Burlington Easily, 80-50

By IVARS LIEPINS

St. Mary's Ramblers, showing the championship style which led them to the Class B high school championship last year, defeated Burlington Catholic with ease, 80-50, Monday night. This was the first non-conference victory for the Ramblers, and their second triumph of the young season.

The champs had been idle since November 14, when they trounced St. Wenceslaus of Cedar Rapids, 63-34.

The Bee-Cees were outclassed throughout the contest. Only in the opening minutes of the game and in the first half of the second quarter was the contest anywhere near even. The rest of the game was dominated with scoring outbursts by Dennis Walljasper, Don Lumsden and Dave Maher.

Walljasper showed his dominance of both boards and at the same time managed to throw in 26 points, good for high scoring honors. His opposing center Dan Boyle was not able to use his 6-6 frame to advantage and did not challenge Walljasper in the scoring column. His total for the night's work was 10 points.

The Ramblers kept up a fast and furious pace through the game and shot 42 per cent from the field. Midway through the third quarter St. Mary's reserves took over and played the rest of the game still outscoring the Burlington team 16-15 in the fourth quarter.

Irish Say Hawks As Good As Oklahoma

By LARRY DENNIS
Daily Iowan Sports Writer

Does Iowa have as good a football team as there is in the country?

Notre Dame, in effect, says yes. Both the Irish coaches and players said after their 48-8 trouncing Saturday that Iowa is as good as any team they've met this season.

Notre Dame has played, among others, top-ranked Oklahoma and Michigan State, undefeated and rated No. 2 in the nation when the Spartans tangled with Notre Dame.

Here are some of the Irish comments:

Head Coach Terry Brennan: "Iowa is as good a team as any we've played. It didn't throw anything against us we didn't expect. The most impressive things are its strength, its power. They didn't throw anything against us we did not expect, but when you've got a power attack like that, you don't have to."

Bronko Nagurski Jr., son of the former Minnesota great and now one of Notre Dame's top tackles: "Iowa has a fine, hard-hitting team. It's as good as any we've met, and that includes Oklahoma and Michigan State. I was going to say they didn't have as much depth as Oklahoma, but I can't say it because they did have."

Ed (Moose) Krause, Notre Dame athletic director, was even more lavish in his praise of the Hawkeyes. "This is the best Iowa team I've ever seen," Krause declared.

Forest Evashevski
"New Era for Iowa Football"

the Sooners by a 40-0 count. Michigan State was a 48-14 winner over Notre Dame.

Krause, a likeable fellow whose size easily earns him his "Moose" tag, lauded Iowa's Kenny Ploen and Don Dobrino.

"Ploen is a good runner and a great passer," he said, "and his strategy was wonderful. His play-calling was excellent. That's where he beat us. He kept coming up with one big one to get Iowa out of a hole."

"Ploen is the best quarterback we've seen this year."

Krause concluded his comments with: "Good luck to you fellows in the Rose Bowl. I'll bet on you."

Forest Evashevski, the fellow who has brought Iowa football from the doldrums to the heights, Sunday again termed himself a man of little faith because he didn't think through the season that the Hawks were capable of playing the way they did. "I want to apologize to the team," Evy said. "They're bigger men than any I've ever coached."

"They played to the utmost of their God-given endowment," Evy said. "All of them, right from Bill Krause, our student manager, all the way down, have to be given a vote of thanks."

"The boys on the 1956 football team have started a new era," Evy declared. "They've killed one and given birth to another. In the years to come they'll realize it more than they do now."

Hawkeyes, Oregon State Officially In Rose Bowl

LOS ANGELES (AP)—Oregon State and Iowa are Rose Bowl bound—officially. It will be a rematch, the first in Rose Bowl annals.

The Pacific Coast Conference voted unanimously Monday for Oregon State. The Big Ten chose

Iowa Saturday night.

Oregon State lost to Iowa 14-13 at Iowa City during the regular season and will certainly be out to avenge that disappointment. It was one of two Beaver defeats, the other being at the hands of Southern California, 21-13.

Coach Tommy Prothro, who took off Sunday with Mrs. Prothro for a vacation in Hawaii, left this word for his squad: "Stay in pretty good shape, don't get overweight and don't think about the Rose Bowl."

The team resumes practice in Corvallis Dec. 14.

Iowa will leave Dec. 16 from Cedar Rapids for Pasadena where it will take its allotted 16 practices before the New Year's Day game.

Location for Mobile Homes Now Available

Mr. and Mrs. Anton Heitshusen Are Happy To Announce the Opening of Pleasant View Mobile Home

A new business for the city of Williamsburg came to life a few days ago with the opening of the Pleasant View Mobile Home owned and operated by Mr. and Mrs. Anton Heitshusen. Heitshusen are catering to patrons who are interested in a good location for their mobile homes convenient to the local shopping center of Williamsburg.

The court is constructed with the latest modern facilities, with modern sewage system, deep well approved water, and utilities house. The utilities house has modern washing and drying facilities, showers for women and men and is ideally landscaped. Lawns are not complete as of this date but will be established as soon as weather permits.

For some time this community has had a shortage of facilities for mobile homes or living quarters for small families and newly married couples.

This modern mobile court with stalls for 15 modern mobile homes makes it possible for small families to have the facilities of a modern home at their disposal. Already two mobile homes have established their location and several more are planning to locate in this modern mobile home within the near future.

Williamsburg is located 25 miles west from Iowa City on IWV black top road.

Hornung 1st in Pro Draft

PHILADELPHIA (AP)—The Green Bay Packers selected Notre Dame quarterback Paul Hornung as their National Football League bonus choice Monday after head coach Lisle Blackbourn drew the lucky slip from the hat at the pro football draft meeting.

In the first round of the regular draft, Jon Arnett, Southern California halfback, selected by the Los Angeles Rams, was the number one choice.

Grabbed quickly in the first round were such college All-America prospects as Stanford's passing ace, John Brodie, second choice named by San Francisco; Ron Kramer, Michigan end, to Green Bay; Len Dawson, Purdue quarterback, Pittsburgh; Jim Brown, Syracuse halfback, Cleveland; and Clarence Peaks, Michigan State halfback, Philadelphia.

Statistics Prove Hawks Supremacy

Proof of the quality of the University of Iowa's 1956 football team, if any now is needed after eight wins in nine games, is contained in the official statistics of the regular season.

Hawkeyes piled up 187 points to foes' 65, 133 first downs to 111 and the yardage was 2,548 to 2,068. Four of the eight wins were by shutout scores: Indiana, 27-0; Hawaii, 34-0; Minnesota, 7-0; and Ohio State, 6-0.

JIM LEMON SEN. SURPRISE
WASHINGTON, D.C. (AP)—Until this season outfielder Jim Lemon, 28, had batted only .210 in 75 major league games over a period of four seasons. This season, in his first 87 games with Washington he showed a .289 batting average.

Battle-Worn Hungary Begins Partial Back-to-Work Move

BUDAPEST (AP) — There was a general trend toward resumption of work and a return to whatever normal living is possible in Russian-occupied Hungary Monday.

The Budapest Workers' Council promoted the back-to-work movement even while insisting the Communist government must meet popular demand for the return of former Premier Imre Nagy and the withdrawal of Russian troops.

"The workers have to live," a council spokesman said.

But many factories were still idle. This was due in some cases to unrepaired machinery and in others to passive worker resistance.

Informed sources here put little credence in reports abroad about Russian troop movements through Hungary toward the Yugoslav border. These sources said they had checked earlier rumors of a movement of 20 Russian divisions into Hungary and found nothing to substantiate them.

A number of young deportees were reported to have been returned from Uzhgorod, capital of the Carpatho-Ukraine. These young people told the Budapest Workers' Council there are about 1,500 Hungarians at Uzhgorod. The council is determined to demand their return in its talks with Premier Janos Kadar and with the Soviet military command here.

Hungarians interpreted a speech by Premier Kadar Sunday to the members of the Budapest Workers' Council as a return to the policy of the big stick, dictated by the Soviet military command.

But members of the council, interviewed at their headquarters here, defied Kadar and insisted on their original demands for the return of Nagy now officially reported "visiting in Romania," and the withdrawal of Russian troops.

Their spokesman said the decision to resume work was unanimous. "Only in this way can we serve the workers who have to live and make money and prove to the nation and to the government that the workers are united and follow the leadership of the council," he said.

Kadar's attack on leaders of the coalition parties in the Nagy government led to rumors the chairman of the Small Holders party, Zoltan Tildy, had been arrested. However, a Hungarian close to Tildy denied this.

The workers want armed worker guards for factories, workers participation in the new police force and in the distribution of Red Cross aid and authorization to publish a newspaper.

Among the workers most stubbornly challenging the government are the miners. The mines seem to lack full manpower, since many young miners have fled to the West.

Radio Budapest listed many factories opening. Broadcasts by the government-controlled station recorded in Vienna tried to give the brightest possible reports, but had to acknowledge that Hungary's economy remained crippled and chaotic.

War damage, lack of power and shortage of transportation were blamed in most cases. The same excuses were made for failure of many schools to reopen and the slow resumption of postal service.

Safety Lights Put At Accident Scene

SIoux RAPIDS (AP) — Installation of automatic flashing lights has been completed at a railroad crossing near here at which three Sioux Rapids mothers and one baby were killed in a car-train crash last Jan. 31.

The signals were set up where the Rock Island Railroad branch line tracks cross Highway 71 eight miles north of Sioux Rapids.

A group from Sioux Rapids circulated an informal petition in the area shortly after the four persons were killed.

Iowa Schoolmen Begin Conference Here Today

With "leadership" and "legislation" as its keys for bettering Iowa schools, the 41st annual School Administration and Supervision Conference will get under way today at SUI.

Nearly 400 Iowa school leaders are expected to take part, starting with a full morning of observations in the University High and Elementary schools.

At noon some 100 elementary school principals will separate from the larger group for a special luncheon in Iowa Memorial Union. They will hear a report on "Uses of SUI-Produced Films in Teaching." Principals Stanley Reeves, Clinton; Donald Diehn, Davenport; and George Bowman, Marshalltown, will share in presenting the report.

First feature of the afternoon will be an address in Macbride Auditorium at 2 p.m. by Charles W. Sanford, associate dean of the University of Illinois College of Education. His topic will be "Appraisal of Existing Programs — the First Step Toward the Improvement of Instruction."

Prof. Dora V. Smith of the University of Minnesota will follow at 3:30 p.m. with "Developing the Powers of Communication at the Elementary School Level."

Speaker of the evening session at 8 p.m. in Shambaugh Lecture Room of the University Library will be C. C. Trillingham, Los Angeles County superintendent of schools, on the topic, "The Superintendent's Responsibility of Instructional Leadership."

Starting at 9 a.m. Wednesday, again in Shambaugh Lecture Room, the Iowa schoolmen will hear a tenfold analysis of how legislation can improve education in Iowa. There will be four "presentations" and five "interrogations," with J. C. Wright, state superintendent of public instruction, summarizing the nine offerings.

The conference will close early Wednesday afternoon, following an address by Forrest E. Conner, St. Paul, Minn., superintendent of schools, who will speak on "Community Problems Encountered While Building Better Schools."

Actor Bogart Enters Hospital in California

SANTA MONICA, Calif. (AP) — Actor Humphrey Bogart was admitted to St. Johns Hospital Monday for treatment of a nerve pressure condition, his doctor said.

Bogart, 35, underwent surgery last March in which a cancerous growth on his esophagus was removed.

Newspaper Strike Ends In Cleveland

CLEVELAND (AP) — The photoengravers union ratified a two-year contract with Cleveland's three big daily newspapers Monday night. The newspapers, idle since Nov. 1, immediately began phoning their employes with instructions to report for work Tuesday.

The Cleveland Plain Dealer, a morning paper, said it would not attempt to publish until Wednesday morning. The Cleveland News and the Cleveland Press, both afternoon papers, said they hope to publish Tuesday.

The photoengravers were the last of eight unions to approve contracts with the three papers and thus were the key to resumption of publication. Publishers of the papers had said they would not begin production again until all eight came to terms.

A strike by the Cleveland Newspaper Guild against the Cleveland Press started the situation that left Clevelanders without their dailies for 25 days.

The Guild struck the Press Oct. 31 after contract negotiations deadlocked. Production at the other two papers stopped subsequently when truck drivers refused to haul copies of the Plain Dealer and News which included nameplate of the struck Press.

The guild ended its strike when it accepted a two-year contract Nov. 15. In the days that followed, six other unions also signed two-year contracts.

Last Friday, the photoengravers voted on a management proposal and rejected it 89-50.

Monday's vote was 141-39 for the agreement. J. J. O'Boyle, vice president of the union, said it accepted the same wage settlement of \$4.50 weekly the first year and \$3.50 the second accepted by other craft unions. He said that since Friday the management of the papers made what he called "minor concessions" involving working conditions. He did not elaborate.

The old base scale of the photoengravers was \$122.85 weekly.

Community Theatre Will Hold Tryouts For Sophocles Play

The Iowa City Community Theatre will hold tryouts for Sophocles' "Antigone" at 7:30 p.m. today and Wednesday at City Hall.

Men and women of all ages are needed for the play. Anyone interested in backstage crew work may sign up at this meeting. The general public and students are invited to participate.

Tentative production dates for "Antigone" are Feb. 27 and 28 at Macbride Hall Auditorium.

The director of the play will be Frank Morrison. Mrs. Hood Gardner will serve as production secretary; Rodney Stewart, technical director and stage manager; Mrs. Carolyn Morgan, choreographer; William Haney, head of the lighting crew and Mrs. George Zimmerman, ticket sales.

Executive Council OK's Korean Bonus

DES MOINES (AP) — The Iowa Executive Council, acting as the state canvassing board, made its first report Monday on the voting in the Nov. 6 general election—that the Korean War bonus proposal was approved.

The vote was 773,950 to 249,770, in favor of paying bonuses to an estimated 90,000 Iowans who served in the Korean War. However, the bonus proposal limited the interest rate on bonds to 2 1/2 per cent, and there has been some doubt whether the securities could be marketed at that rate. There also are prospects of a test suit on the constitutionality of the proposal.

5 Students Admit Bombing at School

DES MOINES (AP) — Sgt. Nick Kerpon, head of the Police Juvenile Bureau, Monday said five Roosevelt High School students admitted taking part in placing a home-made bomb in a school drinking fountain Nov. 17.

The explosion of the bomb shattered the china drinking fountain. No one was injured. Kerpon said the five, four 16 years old and one 17, were arrested after an investigation by Detective Joe Couch.

Kerpon said one of the boys admitted placing the powder from 11 firecrackers in a metal cylinder and fashioning a slow burning fuse. Kerpon said the boys were referred to juvenile court for further investigation.

After the incident, the Roosevelt Student Council passed a resolution condemning disturbances and vandalism by "a small group of Roosevelt students" in recent weeks.

CHAMBER MUSIC CONCERT

The SUI Department of Music will present its second chamber music concert in Macbride Auditorium at 4 p.m. Sunday. Members of the 6-piece ensemble will be Betty Bang, SUI music instructor, flute; Robert Humiston, G. Marshall, Mich., oboe; Thomas Ayres, assistant professor of music, horn; Ronald Tyree, G. Des Moines, bassoon and John Simms, associate professor of music, piano.

Remove Burned Men

CORONER'S AIDES lift into a truck the body of one of 11 men burned to death Sunday night while fighting fire in the Cleveland National Forest near San Diego, Calif. (See story on page 1.)

UN Police General Plans To Expand Canal Base

CAIRO, Egypt (AP) — Gen. E. L. M. Burns announced Monday plans for expanding the base for his growing UN police force in the Suez Canal zone.

At the same time dispatches from Port Said reported the first of 13 ships, trapped in the canal since the beginning of hostilities, had been freed by the removal of wrecks.

The British announced that the north end of the canal had been unplugged by the opening of a 160-foot wide channel, 25 feet deep through an arc of sunken ships in Port Said harbor. Shortly after, the 10,500-ton British-owned Liberty ship Harpagon steamed through the opening in the wake of the British minelayer Manxman.

The Port Said dispatches quoted British officials as saying six and possibly 10 more ships in the canal could now get out — if the Egyptians do not object. These include the Eugenia and the Mary, of Liberian registry, and the Briggitte and Dorado, of Panamanian registry.

Two others, including the 22,610-ton Liberian-registered Cities Service tanker, Statue of Liberty, were too large, however, to maneuver through the present opening. The Egyptians have opposed the canal-clearing operations before British and French forces withdrew from Egypt, and the Egyptian held southern stretch of the waterway remains tightly plugged. It will take months to open it.

General Burns, Canadian commander of the UN Emergency Force told a news conference he hopes to establish his headquarters near Quantara in the canal zone "within a relatively short time." Quantara is 35 miles south of Port Said and close to the cease-fire line at El Cap.

At the same time, he said, arrangements had been made to take over three camps between Quantara and Ismailia as an assembly area for the UN police force. Abu Suweir, air base near Ismailia, will continue to serve as a transit camp for the UN units arriving by airlift.

Burns said there were no immediate plans to move additional troops into Port Said. The British commander there, Lt. Gen. Sir Hugh Stockwell, promised Burns in a talk Sunday that 700 Yugoslav troops of the UN force would be allowed to land by sea at Port Said. The expansion of the UN base was announced as lack of accommodations at Abu Suweir forced a temporary slowdown in the transfer of troops from their staging area near Naples, Italy.

Comptroller: State 'Excellent' Fiscally

Iowa's fiscal position is "excellent" for the biennium ending June 30, 1957, State Comptroller Glenn Sarsfield points out in the new issue of the Iowa Business Digest.

He reports in the SUI publication that the annual rate of appropriate income is \$139,841,094.37 whereas the 56th General Assembly appropriated \$136,535,560.91 for each year of the 1955-57 biennium.

This annual difference will mean a sizable increase in the state's general operating fund at the start of the 1957-59 biennium, he says.

University Briefs

GEOCHEMISTRY LECTURE — Dr. J. Laurence Kulp of Lamont Geological Observatory, Columbia University, will deliver an illustrated lecture in the Geology Lecture Room at 7:30 p.m. Thursday. Title of the lecture is "Recent Advances in Geochemistry." It is open to the public.

MIDDLE EAST TALK — Prof. James Murray of the SUI Political Science Department will speak on the "Middle Eastern Crisis" in the Senate Chambers of Old Capitol at 4 p.m. today.

SIGMA XI MEETING — The SUI chapter of Sigma Xi, national honorary scientific society, will hold its first meeting of the current academic year at 8 p.m. Wednesday in lecture room one of the Medical Laboratories Building.

SUI ECONOMIST — Prof. Clark G. Bloom, economist of the SUI Bureau of Business and Economic Research, has been elected a trustee of the Joint Council on Economic Education. The Council is a national non-profit organization representing education, management, labor, agriculture and government.

Ike Arrives In Augusta For Vacation

AUGUSTA, Ga. (AP) — An eager President Eisenhower hustled off to the golf course on arrival Monday for up to two weeks of vacation combined with work.

"Hi, folks," he called cheerily to a crowd of about 200 persons who turned out to welcome him and Mrs. Eisenhower at Bush Airport.

The temperature was 31 degrees when they arrived at 1:03 p.m. after a two-hour flight from Washington in the President's private plane, Columbine III.

"It's not 80, but it's better than it was at home," Mrs. Eisenhower remarked as she greeted friends from the Augusta National Golf Club. She and the President will live at a plush cottage known as "Mamie's Cabin" during their stay at the exclusive club.

A little more than an hour after Mr. Eisenhower arrived at the golf club he was out on the practice tee.

NOTICE OF FILING OF PLAT AND SCHEDULE

Notice is hereby given that there is now on file for public inspection in the office of the City Clerk, plat and schedule marked "C-14" of the following named streets and parts of streets and alleys, to-wit:

DEFOREST AVENUE from the west line of Lot 10, Block 1, Highland Development Addition to the east line of Pine Street.

BRADLEY AVENUE from the pavement in place in Newton Road to the south line of U.S. Highway No. 6.

BRADLEY STREET from the north line of 7th Avenue Court to the south line of Muscatine Avenue.

all in the City of Iowa City, Iowa, wherein street improvements constructed under a contract with the Jackson Construction Company, dated the 23rd day of August, 1956, have been completed.

Said plat and schedule shows the separate lots or parcels of ground or ground or specified portion thereof, subject to assessment for such street improvements, the names of the owners as far as practicable, and the amount to be assessed against each lot or parcel of ground and against any railway or street railway.

Notice is further given that within twenty days after the first publication of this notice all objections to said plat and schedule or to prior proceedings on account of errors, irregularities or inequalities, must be made in writing and filed with the City Clerk; and the City Council after the expiration of said twenty days at the first regular meeting held thereafter or at a special meeting called for that purpose, having heard such objections and made the necessary corrections, will then make the special assessment as shown in said plat and schedule as corrected and approved. Dated this 13th day of November, 1956.

WALKER D. SHELLADY, City Clerk.

SUI Drive To Give Aid To Children

(Fourth in a series on the 1956 Campus Chest drive)

Save the Children Federation is one of three recipients of funds from the SUI Campus Chest Drive which begins today and ends Friday.

Save the Children Federation (SCF) assists needy children all over the world. By individualized aid to schools, children, and babies, SCF seeks to support the morale of families. It also assists education while helping to create international friendship.

Supported entirely by gifts, the Federation aids undernourished and poorly clad children throughout Europe.

It sets up school sponsorship programs which provide clothing and school essentials for children bombed out of village schools during the war.

Each month babies will have a better chance of survival with the assistance provided by a baby sponsorship which sends clothing, blankets, and food to thousands of babies.

America's 'Sense of Humor' Impresses Foreign Student

By TOM SLATTERY

(First in a series of articles on foreign students at SUI)

The most striking thing about America is her delightful sense of humor, said Bhaskara Rao, G. Bangalore, India and a graduate assistant in Oriental studies at SUI.

A man who can laugh at himself will never take anything too seriously, he said. And Rao promptly put himself in that category by "telling one on himself."

As Hindu, Rao was taught that the cow is sacred and thus to be feared. "After coming to America, I have become quite fond of hamburger," he said, "so you see, where I was once afraid of the cow, the cow is now afraid of me."

The only comment Rao made that might amount to criticism of America was that Americans do not communicate their concept of "giving the other fellow a break" to the rest of the world.

Citing his views as probably not typical of the foreign student, Rao said his impressions of America are shaped by experience.

From the very beginning, he said, "I found America warm and friendly." Other foreign students may have had less fortunate associations than I and so might be expected to have less favorable impressions.

Rao tells the story of a friend who was at a foreign student reception in a small mid-western college. When the announcement was made that orientation would begin promptly at 9 a.m., Rao's friend, an Indian student, immediately protested: "I have already

Bhaskara Rao Likes To Laugh

been Orientated, I now wish to be oxidized."

Rao writes numerous articles for various student and foreign papers, including the "Asian Student," a San Francisco publication, and says this is probably the reason he keeps his ears open for good anecdotes.

One of Rao's favorite stories concerns an Indonesian student whom he met on a train. When the conversation drifted around to America, the Indonesian said "These Americans are crazy! See how they make tea. First they boil it to make it hot, they use ice cubes to make

it cool. To make it sweet they put in sugar, and to make it bitter, they put in lemon. Then they say 'here's to you' and they drink it themselves."

Rao said, America is still pretty much as Oscar Wilde described her when he said that everyone is going to catch a train but he added, "This is good. India could use a little of that speed."

Language is one of the problems a foreign student must overcome, he said, telling of the experience of a Japanese student who claims that Americans can't speak their own language.

The Japanese student was standing in a window, talking to a friend on the ground when someone yelled, "Look out!" So the student looked out the window and got hit in the head with a hammer. "What he should have said," remarked the Japanese student, "is: 'look in.'"

The predicaments that a foreign student can get into through his imperfect knowledge of English was Rao's final comment. A Thailand student who was being sponsored in school by a little town in Pennsylvania was the guest of honor at a banquet commemorating their scholarship program.

Everything had gone well, and the student was asked to speak. Although shy, he mustered his courage, rose and said "I wish to thanking all of you wonderfully peoples for make this opportunity possible, but most of all, I wish to thank your fine mayor, who is a wise guy."

SUI Buildings Get New Steel Rubbish Boxes

By PAT PETERSON

The large, green steel boxes which appeared recently near all SUI campus buildings are rubbish disposal units, said Ray J. Phillips, superintendent of the SUI Maintenance and Operations division of the Physical Plant.

Forty-five of these new rubbish boxes were installed November 12. The boxes are either 6, 8, or 10-cubic yards. Some are emptied once a day and others need to be emptied only once a week.

Phillips said this is so because certain buildings have a much larger amount of rubbish than others.

Janitors of campus buildings dump garbage into the units and a physical plant truck takes the boxes to the dump to be emptied.

The warnings "No Parking" and "Three Feet Clearance" were lettered on the sides to prevent parked cars from hampering pickup operations by truck crews.

The disposal units were purchased so that paper can be removed from buildings before employees leave in the evening.

This should check the number of fires that could begin during the night, Phillips said.

The new units are also a more efficient method since not as much help is needed, Phillips said.

There is less scattering of rubbish on the grounds as a result of the boxes. Anyone can use these boxes to dispose of rubbish.

EMPTYING TRASH into one of SUI's new disposal units at the Iowa Memorial Union is David Waugh, A1, Redding. The green, steel boxes have been placed near all SUI buildings to decrease the danger of rubbish fires.

Living Costs Again Reach Record High

WASHINGTON (AP) — The government Monday chalked up another new record high in the nation's living costs and said they are still climbing.

An increase of half a per cent from September to October sent the Labor Department index to 117.7 per cent of the 1947-49 average. This is the fourth new record level reached this year.

The new living cost boost gives a pay increase to 1 1/4 million workers in the auto, aircraft, farm equipment, electrical and scattered other industries.

The October consumer price level is 2.4 per cent above the same month last year. Ewan Clague, labor statistics commissioner, said living costs still are trending upward but he saw no reason for fears the economy was "blowing its top" in an inflationary spiral.

"None of this is anything of a panicky type of thing," Clague said. "It's just firmness."

Clague reported that factory production worker earnings have also hit a new high.

Spensible earnings — gross pay less federal taxes — rose 10 cents a week from September to October to \$67.46 for the single factory worker and to \$74.87 for the worker with three dependents.

State Budget Hearings Attended by Loveless

DES MOINES (AP) — Gov.-elect Herschel Loveless had his first taste of budget hearings Monday when he sat with State Comptroller Glenn Sarsfield to hear more than a dozen state agencies explain their financial needs for the 1957-59 biennium.

Loveless will use the requests as basis for drawing up his own budget recommendations to the 1957 Legislature. For the most part, the governor-elect's role Monday was as a listener. He said he probably would visit with all state agencies before preparing his final recommendations.

Almost uniformly the state agencies heard Monday asked for increases.

The biggest request heard by Loveless and Sarsfield Monday was that of the Department of Public Safety which wants \$4,192,544 a year as compared with \$2,991,528 it receives annually now.

Safety Commissioner Clinton Moyer said the boost is needed chiefly in order to provide \$75 a month salary increases for the 225 state highway patrolmen.

'Finian's Rainbow' Opens Thursday for 8-Day Run

A modern musical satire, "Finian's Rainbow" will be presented by the SUI Department of Speech and Dramatic Art in cooperation with the SUI Music Department opening its 8-day run Thursday at the University Theatre. Performance Saturday and Dec. 4, 5, 6, 7 and 8.

A leprechaun pursues an Irishman who stole a valuable pot of gold to the mythical southern state of "Missitucky," where a combination of Irish whimsy, magic wishes and some politics by a conviving senator develops into fantastic and satirical situations.

"How Are Things in Glocca Morra?" and "O' Devil Moon" are among the musical numbers in "Finian's Rainbow." The music is by Burton Lane and the lyrics by E. Y. Harburg, who collaborated on the musical shows "Bloomer Girl" and "The Wizard of Oz" and wrote the lyrics for a number of popular songs, including "April in Paris" and "Only a Paper Moon." Fred Sady is the co-author of the book.

The SUI production of "Finian's Rainbow" is under the direction of Willard Welsh, instructor of dramatic arts, while the musical numbers are under the supervision of Prof. Herald Stark of the SUI Music Department, with James Horn, G. Ames, directing the choruses.

The theatre box office, 8A Schaeffer Hall, will be open from 9 a.m. until 4:30 p.m. Mondays through Fridays and from 9 a.m. until noon Saturdays. SUI students will be given reserved seat tickets upon presentation of their ID cards, with no additional charge. General admission is \$1.25.

Season tickets are still available at the Schaeffer Hall box office or at the Theatre on nights of performances, at \$5 each. The six coupons in the season ticket books are good for any production.

Requirements Cut For Some Employees In State Agencies

DES MOINES (AP) — What were described as "drastic cuts" in qualification requirements for certain employees in state agencies which come under the State Merit System Council were agreed upon Monday.

The changes will become effective immediately. Affected will be stenographers, clerks, accountants and statisticians.

Agencies concerned are the State Employment Security Commission, the State Health Department, the State Board of Social Welfare, the State Mental Health Authority, and the State Services for Crippled Children.

Frank Engel, vice chairman of the employment security commission, commented:

"Recognition of on-the-job experience with satisfactory performance is a more practical and realistic approach to the problem of state employees and their promotions."

Ellsworth Bunker May Go to India

Report Ike Names India Ambassador

WASHINGTON (AP) — President Eisenhower was reported Monday to have chosen Ellsworth Bunker to be ambassador to India.

This sets the stage for important talks Eisenhower will have with Prime Minister Nehru of India, who will come here Dec. 16 for a four-day series of conferences.

The State Department is understood to have asked the Indian government in New Delhi to approve the appointment of 62-year-old Bunker. He would replace John Sherman Cooper who has been elected Republican senator from Kentucky.

Bunker, a Democrat, is now serving as a member of the American delegation to the United Nations Assembly.

Bowl Plans Rolling; 810 Tickets Gone

By WAYNE AMMONS

(Daily Iowan Photo)

ROSE BOWL BOUND students line up at the Iowa Memorial Union to make the \$5 deposit for the Herky Special trains to Pasadena. Only 452 students had made a reservation-deposit by 5:15 p.m. Tuesday for the packaged-deal trip sponsored by the SUI Student Council.

Approximately 640 students and 170 faculty members have picked up vouchers for tickets to the Rose Bowl game, the SUI Athletic Department Ticket Office announced at 4 p.m. Tuesday.

At the Iowa Memorial Union 452 students had made a reservation-deposit by 5:15 p.m. Tuesday for the Herky Special trains to Pasadena.

The 115-member SUI Marching Band and the 75-member Scottish Highlanders will be at the Rose Bowl game also, it was announced late Tuesday night. The band and the Highlander trip will be sponsored by the Oldsmobile Division of General Motors, SUI music officials and Jack F. Wolfram, general manager of Oldsmobile and vice-president of General Motors, announced jointly.

At the Athletic Department Ticket Office, a spokesman said there was a line at the ticket window most of the time as students and faculty members queued up for Rose Bowl tickets. The spokesman reasoned that the lines were caused by the length of time required in filling out the vouchers.

The ticket office at the Fieldhouse will be open through Thursday between 8 a.m. and 5 p.m. for student and faculty sales.

Iowa fans have received an allotment of 14,000 tickets to this year's Rose Bowl game. The students and faculty have been given first priority on the tickets and may buy them for the half price of \$3.

Student reservation-deposits on the Herky Special trains are going much slower than was expected, Jack Winklejohn, of the Gibb's Travel Agency, said Tuesday.

The Gibb's Travel Agency is handling the arrangements for the SUI Student Council sponsored trip to Pasadena.

Winklejohn emphasized that students planning to take advantage of the package-deal trip to Pasadena must decide and make the reservation deposit of \$5 before 8 p.m. Thursday even though the final payments are not due until Dec. 10, 11, or 12.

The capacity on the trains is virtually unlimited, Winklejohn said.

Thus far proportionately more men than women have made the deposit for the trip, he commented. About an equal number of graduate and undergraduate students have signed up.

Winklejohn pointed out that the Herky Specials have arrangements other than the straight \$160-package deal.

Students planning to stay with relatives or friends in Los Angeles and who do not wish hotel accommodations will be charged only \$130.

Special arrangements for married couples can be made for \$145 each if they board and leave the train at Iowa City. Married couples may also be assigned to hotels other than those students will use — if they desire.

One way trips, either out or back, are available at a reduced rate with housing provided in Los Angeles at the student's option.

No arrangements for seating on the train or assignment to hotels will be made at the time of the reservation-deposit, Winklejohn stated. Students wanting to sit together on the train or stay in the same hotel rooms may make these arrangements at the time of final payment.

"Experience in the past has been that students providing for their own lodging in Los Angeles will be somewhat inconvenienced because of the lack of public transportation facilities in the city," Winklejohn commented.

Winklejohn outlined highlights of the student trip which will be provided as part of the package-deal on the Herky Special.

At an Indian pow-wow at La Junta, Colo., students will see an hour program of tribal dances by the Koshare Indians.

During the 3-hour stop at Las Vegas, students will have a chance to visit the gambling halls, the famed Vegas strip, and the plush hotels of the city.

At the hotels in Los Angeles, a 7-piece orchestra will play music for dancing during the free New Year's Eve party. Refreshments will be served. Winklejohn also pointed out that hotels are all located close to Pershing Square about two blocks

from the stadium. The long line-up of buses will be a problem Tuesday night, the lower 40° predicted.

The clouds are supposed to drizzle tonight, blizzard of some Iowa City.

Cloudy and Colder

Council to Receive Grid Petition Tonight

By JOHN BLEAKLY

Petitions containing over 1,600 student signatures favoring re-location of the student football seating section between the 25-yard lines will be presented to the SUI Student Council at its meeting tonight, Howard Walrath, E3, Iowa City said Tuesday.

Walrath is one of a group of SUI engineering students who have circulated the petitions during the past two weeks.

The petitions state "We believe that the students of this University should receive primary consideration in seating arrangements, on the principle that football at the University is, first of all, a student activity."

"We are trying to do something about student football seating now and not next year when it will be too late," Walrath said.

A date for the first meeting of the Council's special committee on football seating is scheduled to be set at tonight's meeting.

Steve Shadle, A3, Estherville, a member of the committee, said Tuesday that the committee's first meeting will probably be scheduled sometime after Dec. 12.

The special football seating committee was formed at a Council meeting two weeks ago. It will receive suggestions from students and student groups on possible modifications of the present seating plan, consider the recommendations and submit a modified seating plan to the Athletic Board of Control sometime in January.

The committee will be open to any and all student suggestions after tonight's Council meeting.

"Students with recommendations for the committee may leave them at the Student Council office in the Union," Shadle said.

Council President Bob Young, L3, Waterloo said Tuesday that the Council will discuss plans for operation of the "Herky Special," the special student train to Pasadena for the Rose Bowl.

The principal termed Tuesday's incidents "part of a pattern of intimidation and harassment against the Negro children that has been building up in the school during the past three weeks."

Bowing to federal court order, Clinton High admitted 12 Negroes along with 700 white students last August.

There followed a series of anti-integration disorders which reached a climax Labor Day weekend before Gov. Frank Clement sent state highway patrolmen and National Guardsmen to restore order.

Britain said he had warned the two white boys who threw eggs at the Negro girls that they would be subject to disciplinary action if they caused further trouble.

The principal said that after the egg incident a Negro boy reported that he had been intimidated constantly by a small group of white boys and that he was "tired of being molested."

The boy asked his advice, Britain added.

"I told him that he should do whatever he wanted to do; He and another Negro boy then left school," the principal declared.

The Negroes were not identified. Britain said most of the intimidation of the Negroes came from a small group of white pupils. He said the great majority of the whites accepted the Negroes.

"But a small group has been subjecting the Negroes to abusive and ugly language and doing other little things, such as spilling ink on books, to intimidate the Negroes," he related.

Eggs Thrown At Negroes In Tennessee

CLINTON, Tenn. (AP) — An undercurrent of opposition to racial integration of Clinton High School flared into the open Tuesday when eggs were thrown at three Negro girls by two white boys.

Simultaneously, two of six Negro boys attending the school left classes after informing Principal D. J. Brittain Jr. that they were tired of "being molested" by white students.

Britain said he had asked police to patrol the streets outside the school to halt further incidents. A U.S. District Court injunction prohibits activities aimed at preventing Negroes from attending the school.

The principal termed Tuesday's incidents "part of a pattern of intimidation and harassment against the Negro children that has been building up in the school during the past three weeks."

Hungarians Report 20 Refugees Shot

VIENNA, Austria (AP) — Hungarians fleeing their homeland reported they saw 20 refugees who had been shot dead and left where they lay in a wintry wooded area near the Austrian border.

The story was reported by the Austrian Press Agency Tuesday and it surmised the grim scene was kept intact by the Russians to frighten and discourage other refugees from coming on to freedom.

The agency quoted refugees who crossed to safety as saying the Russians refused to permit burial of the 20.

The area near Bozsok, is across the frontier from the Austrian town of Rechnitz. At Rechnitz Austrian customs guards killed one Russian soldier and captured another last week when they pursued refugees onto Austrian soil.

(See another story on Hungary and a picture on page 3).
