Grinnell Meeting Flu Studied by SUI Prof

Dearborn, Mich. — Brisk influenza business here Monday at SUI Medical Laboratories, has been reported throughout the state. At Grinnell there is widespread belief that the absence of cases has been a result of winter colds.

Up to the present time, the colds studied here have been associated with the influenza virus. The colds have been studied here in a number of the live patients from which assembly...

U.S. Proposes H-Bomb Test

WASHINGTON — The United States has completed preparations for a test of a hydrogen bomb, as announced Tuesday by the defense department.

The test, which was scheduled for mid-week, was expected to involve a bomb which would not be able to be detonated on the ground.

Bulwan testified that the test was carried out in a way that was designed to give the public an idea of the power of the weapon.

Wilson Hits Foreign Trials Ban Proposal

WASHINGTON — Secretary of State John Foster Dulles Tuesday called for a ban on all foreign trials of GIs. The proposal was introduced by Republican Senator William S. Greenback.

Dulles expressed concern with the use of foreign trials in the United States, stating that such trials could lead to serious problems.

Secretary of State Dulles said he would consider the proposal at once with the other nations, representing the United States has the goal of ending foreign trials in the United States.

The Washington Post and the New York Times reported that Dulles had expressed similar views on the same occasion.

Wilson, who has been a strong advocate of ending foreign trials, said he would consider the proposal at once with the other nations, representing the United States as the goal of ending foreign trials in the United States.

WSUI’s Part in IGY

Radio Station WSUI has embarked upon an historic project coinciding with the international Geophysical Year and designed to bring to its audience an understanding and appreciation of this once-in-a-lifetime event and its implications.

Implementing this ambitious undertaking will be WSUI-produced programs depicting the history of previous international years on-the-spot, tape-recorded interviews, and a steady flow of news stories, press releases and data from IGY sources.

Monday, the first day of the International Geophysical Year, WSUI commenced its observance of IGY with a broadcast, the principal of which was delivered by Dr. James Van Allen, head of the UW Physics Department, in which he detailed the annual program called "ICY" of the IU national program. First inquiry was made by Bellamy, host of the "ICY" series of programs called "CYC," at 1:30 p.m.

"ICY" has become a source of interest and excitement throughout the state of Indiana, and western Illinois, as well as the entire nation. It is not only a means of communicating scientific information, but also an opportunity for educational enrichment.

There are several reasons why WSUI is placing itself already with IGY. First of all, it is felt that listeners not only need to know, but will want to know about this intensive period of scientific investigation. Secondly, the University is being called upon to lend support in the effort. The sciences are of great contemporary importance to the future of our nation and of the world.

In 1957, the National Academy of Sciences and the National Research Council established the International Geophysical Year. This ambitious undertaking has been the result of over 50 years of scientific planning and will involve more than 150 countries.

The "ICY" program, which has been in existence for two years, is being carried out with the cooperation of the University of Wisconsin and the University of Illinois.

Throughout the course of the year, the major events will be announced by "ICY" tapes, and a number of special events will be broadcast live. All "ICY" programs will be open to debate. At any rate, here goes:

"ICY" will sponsor a dance Friday, July 12, at 8:30 p.m., in the Dining Hall of the University of Wisconsin, and there will be a reception preceding the dance at 8:00 p.m. All "ICY" programs will be open to debate.

The President of the World, Mr. Eisenhower, will be in charge of the occasion. He will announce the opening of the "ICY." The dance will be open to all, and will be "ICY" at the University of Wisconsin.

At the University of Wisconsin, "ICY" is being carried out by the "ICY" group, which is composed of students and faculty members from the University of Wisconsin and the University of Illinois.

A form of the "ICY" group will be available at the University of Illinois at 9:00 p.m., on Wednesday, July 10, at the University of Wisconsin, and at 9:00 p.m., on Thursday, July 11, at the University of Illinois.

The "ICY" group will be available at 9:00 p.m., on Thursday, July 11, at the University of Illinois, and at 9:00 p.m., on Thursday, July 11, at the University of Wisconsin.

The "ICY" group will be available at 9:00 p.m., on Thursday, July 11, at the University of Illinois, and at 9:00 p.m., on Thursday, July 11, at the University of Wisconsin.

The "ICY" group will be available at 9:00 p.m., on Thursday, July 11, at the University of Illinois, and at 9:00 p.m., on Thursday, July 11, at the University of Wisconsin.

The "ICY" group will be available at 9:00 p.m., on Thursday, July 11, at the University of Illinois, and at 9:00 p.m., on Thursday, July 11, at the University of Wisconsin.

Ship Carries 3 Passengers Due To Officer Strike

NEW YORK — The world’s first official round-the-world French Line’s Le Francia—complete with engines, staterooms, dining rooms, and passengers—passed through the Panama Canal for the second time Saturday, ending its voyage.

The 3-passenger ship, which was chartered by the Panama Canal Authority, had been in service since May 1964.

The voyage is expected to last about six months, according to Capt. Robert Mehlhorn, who is in charge of the ship's operations.

Man Responsible For Sins: Forell

By JAMES MAGMER

By performing their role as a savior in revolt against God and asserting their sins as personal, according to Dr. Forell, the Jews, Greeks, and Romans prevented God from establishing a pure and Holy People. The concept of the individual is said to be a result of the personal rejection of God's existence, and the Jewish God, in Dr. Forell's opinion, is thus a necessary product of this concept.

There is absolutely no sense of responsibility for man's actions, Dr. Forell contends, and all men are against the first commandment. Man wants to make his God either of himself, his own thinking, or the universe, in Dr. Forell's opinion, to be his own, and to create his own gods. Dr. Forell explains that the reason God's existence is thus necessary is due to man's revolt against God and the result of man's revolt against the universe.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.

The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence. The reason for man's existence is due to God's existence, and the reason for God's existence is due to man's existence.
Redlegs at Top of Heap

Take Cubs 8 to 6 in 10
Hot Innings

CHICAGO — The Cincinnati Redlegs took
their 8-game winning streak to 9 wins in a
close game against the Chicago Cubs on
Thursday afternoon. The Redlegs scored
8 runs in the bottom of the 11th inning to
win the game. The Cubs scored 6 runs in
the top of the 11th, but it was not enough.

McDougall Swats Double; Yanks Win

Baltimore Orioles’ Bill McDougall
swatted a double in the 13th inning to
lead the Orioles to victory over the New
York Yankees. The Orioles scored 2 runs
in the 13th, while the Yankees scored 1 run
in the top of the 13th. The game lasted
13 innings and was called due to darkness.

Chios 4, Tigers 2

Pittsburgh Pirates’ Bob Friend
pitched a no-hitter as the Pirates
beat the Detroit Tigers 4-2. Friend struck out 10
batters and walked 2. The Pirates scored 4 runs in
the 9th inning to win the game.

Boxx 2, Nats 1

The Boston Red Sox scored 2 runs in the
9th inning to beat the Washington Nationals 2-1.
The Sox scored a total of 6 runs in the game,
while the Nationals scored 1 run in the 9th.

WCUF Bulls Beat ‘Bears’

EVANSTON, Ill. — The Northwestern
Wildcats beat the Illinois State
Redbirds 5-2. The Wildcats scored 5 runs in
the 7th inning to win the game.
