

Jay Cees Sponsor Holiday Festival

Baseball games, boat races, and fireworks display are scheduled today in City park as part of the July 4th Independence Day celebration in Iowa City.

Under the sponsorship of the Iowa City Junior Chamber of Commerce (JayCees), the day will begin with a Little League Baseball game starting at 9 a.m. this morning.

Three more Little League games, with action starting at 11 a.m. and 2 and 4 p.m., will take place during the day.

In addition, regular City Park facilities will be open to the public.

These include swimming, picnic areas, kiddie rides for the children and the park zoo.

Kicking off the boat races, which will be held on the Iowa River during this afternoon, will be a boat parade, which starts at 1 p.m.

Leading the parade will be Fred Lewis, Grand Marshall of the Regatta and president of the Iowa City Boat Club; Ken Augerer, president of the JayCees; and Katy Ketelsen, Miss Iowa City.

More than 50 boat enthusiasts will participate in the eight races scheduled for the afternoon. The first race will begin at 2 p.m.

The first six races will be open to boat owners who have regular, stock motors. The last two will be for boat owners who have either specially designed or "hopped up" motors. The three top winners of each race will receive plaques, given under the auspices of the Iowa City Boat Club.

The last race is the "open" classification. With no limitation on horsepower, spectators may see boats race up and down the river 50 miles-per-hour or more, Bernie Heaton, co-chairman of the boat racing events said.

Between each race, water skiing, log-rolling, clown acts and surf board riding will take place. A special feature will be a demonstration of a remote controlled boat.

All water events will take place near the JayCee boat dock, which is in the northeast area of the park.

Evening events scheduled at City Park include an Independence Day pageant and a fireworks display. Theme for the pageant will be "Spirit of '76."

Immediately following the pageant, the fireworks display will be held. In the event it rains, the

fireworks will be held on the following night in City Park, weather permitting, Augerer said.

Throughout the park, more than 30 JayCees, wives of JayCee members, will be operating food stands. Also, marine displays by Iowa City merchants will be on display.

Admission will be charged at the entrance to City Park, with a charge of 25 cents for adults and 10 cents for children. Purpose of charging admission, according to Augerer, is to pay for the fireworks display.

'Clean' Bomb Story To Be Told Freely

WASHINGTON (AP)—President Eisenhower said Wednesday that if this country ever tests another big nuclear bomb he will invite "any country in the world" to be on hand and see for itself that radioactive fallout has been reduced toward the vanishing point.

Mr. Eisenhower also told a news conference his scientific advisers favor telling the Russians or anyone else exactly how to make a "clean" bomb once this country proves it knows how.

Turning to domestic affairs, the chief executive frowned on a proposal by Sen. Russell (D-Ga.) that the administration's civil rights bill be submitted to a nationwide popular vote.

Mr. Eisenhower said there's nothing in the Constitution providing for such a step—that it's up to elected Congress to decide on legislation.

The President said, too, he doesn't understand fears voiced by Southerners that his right-to-vote bill is, as Russell put it in a Senate speech Tuesday, a "cunning device" to force racial intermingling at the bayonet point.

WASHINGTON (AP)—In a sudden change of plans, President Eisenhower left by plane Wednesday night for a long holiday weekend at his Gettysburg, Pa., farm.

The White House announced earlier this week that the President had decided against spending the Fourth of July at the farm and said he would remain in Washington, going to Gettysburg on Friday.

On other matters, the chief executive said:

1. He agrees with Secretary of State Dulles that this country should offer to help both sides in trying to solve the French-Algerian dispute rather than back the Algerians. Thus both President Eisenhower and Dulles took issue with a proposal by Sen. Kennedy (D-Mass.) that the United States start working "toward political independence for Algeria."
2. He thinks the French are entitled to try U.S. Army Specialist 3rd Class Dwayne McOsker in the killing of an Algerian in Paris. Mr. Eisenhower said he understood the episode occurred in a cafe, while the soldier was off duty, and so McOsker is subject to trial in local courts just as an American tourist would be.

Wind, Hail, Lightning Strike Iowa

By THE ASSOCIATED PRESS

More violent weather was forecast for southwest Iowa late Wednesday in the wake of strong winds, heavy rain and hail which struck earlier in the central part of the state.

Locally damaging winds, hail and perhaps a tornado were possible southwest of a line from Woodbury to Wayne counties until 11 p.m., the Weather Bureau said.

At least four funnel clouds were sighted earlier — three at Boone and one at Newton—but apparently none touched the ground.

The weather claimed at least one life and caused thousands of dollars in damage.

Joseph Turner, 40, a farmer near Neola, was killed early Wednesday when struck by lightning while hoeing weeds on his farm.

Meanwhile, strong winds flattened the Sibley Country Club and buildings at the Osceola County Fairgrounds. Property damage was estimated at \$100,000 or more.

Another storm, accompanied by hail, struck at Oskaloosa, leaving about an inch of rain there in 15 minutes.

Heavy rainfall in Marshall County was expected to cause some minor flooding along the Iowa River, the Weather Bureau said. Melbourne received an unofficial 4 1/2 inches of rain before noon and State Center received an unofficial 3 1/2 inches.

The Iowa River had risen to 12.5 feet by 3 o'clock Wednesday afternoon. The river usually spills out into low lands south of Marshalltown at 13 feet and at 14 feet floods Highway 14 on the north edge of the city.

The Weather Bureau expected the river to crest at between 13 and 14 feet late Wednesday.

Strong winds near the small community of Clemons northwest of Marshalltown on the Dale Knoll farm tore the roof off a shed and uprooted trees.

WASHINGTON (AP)—President Eisenhower Wednesday allocated about a billion dollars worth of uranium for use in "atoms-for-peace" projects here and abroad.

The Government will sell or lease the uranium but won't give it away. The President said all distributions will be subject to "prudent safeguards" against diversion into weapons.

President Eisenhower added to the stock pile set aside for peaceful atomic uses about 131,560 pounds of uranium 235, which he termed "the basic atomic fuel."

This allocation will be distributed evenly between users in this country and abroad.

The total amount of uranium now earmarked for the atoms-for-peace program is about 220,000 pounds. Mr. Eisenhower estimated this to be worth about \$1.7-billion at current prices, fixed by the Atomic Energy Commission.

Treasury Reports National Debt As \$270 Billion

WASHINGTON (AP)—The Treasury reported Wednesday the national debt was \$270,527,171,896.43 at the end of June — windup of a fiscal year in which the government made net deposits of \$81,874,970,431.52 and had withdrawals of \$79,182,970,489.70.

The deposit-withdrawals figures do not mean, Treasury officials cautioned, that there was a surplus of about \$2,700,000,000 for the year. The figures contain payments and disbursements into and out of the Social Security and other trust funds which do not count as budget transactions, and in addition are subject to considerable adjustment.

The Treasury said that the amount of the budget surplus will be reported when accounting is completed about July 18 or 19. Secretary Humphrey has said the surplus will be roughly one billion dollars.

The debt of the fiscal year's end amounted to \$1,580.72 for each man, woman and child in the country.

This was \$41.56 less per person than a year ago, partly because the debt was \$2,223,641,752.89 smaller and partly because there were more of us to carry the load.

But the debt figure, shown in the daily Treasury statement issued Wednesday, is a bit deceptive. It represents the government's position as of June 28, the last business day of fiscal 1957.

And because of a new Treasury borrowing, effective Wednesday but not yet reflected in the book-keeping, the debt already is about three billion dollars higher.

Just for the record, the debt began in 1790 and then amounted to \$75 million. It reached its low point in 1834 at \$38,000.

Ike Allots Uranium For Peace Project

WASHINGTON (AP)—President Eisenhower Wednesday allocated about a billion dollars worth of uranium for use in "atoms-for-peace" projects here and abroad.

The Government will sell or lease the uranium but won't give it away. The President said all distributions will be subject to "prudent safeguards" against diversion into weapons.

Four Top Reds Expelled In Big Kremlin Job Shakeup

Official Death Toll in Iran Reaches 750

Rescue Teams Fear About 1,000 Killed, 3,000 Still Missing

TEHRAN, Iran (AP)—Rescue teams roving the still trembling area fear that Tuesday's quake killed more than 1,000 persons.

The known death toll soared to 750.

More than 3,000 persons were missing from ruined villages that marked the quake's horseshoe-shaped path around the south end of the Caspian Sea from Soviet Turkmen to Soviet Azerbaijan. However, many of these were presumed to have sought safety in the open fields and woods.

Official statistics pictured havoc and misery as mild after-shock tremors persisted: more than 100 villages wrecked; 1,500 persons seriously injured; property damage estimated at more than \$12 1/2 million.

Wire lines were down and avalanches blocked roads, leaving runners and horsemen as the only means of communication throughout much of the affected 50,000 square miles.

Shah Mohammed Reza Pahlavi, on vacation in Switzerland with Queen Soraya, cabled orders for measures.

The grimest note of the day's rescue efforts came from two villages unmentioned in early accounts of the quake. These were Tighband and Sangchal. Both were completely razed. In the ruins, rescue workers found 400 bodies.

The quake appeared the most deadly since a tremor killed 1,409 persons in north Algeria in September 1954.

The path of death and damage seemed to extend into the Soviet Union on both sides of the Caspian. But there was no word from the Russians on what happened north of the border.

Grant Nuclear Transfer

GERMANY AND ITALY WERE granted nuclear power agreements and the existing agreement with France was amended in a State Department ceremony yesterday in Washington. The agreements provide legal framework for transfer of special nuclear material to fuel demonstration and power reactors. At the signing were the following, seated left to right: Ambassadors Heinz Krekeler, Germany; Manlio Brosio, Italy; and Herve Alphand, France, and standing, left to right: Acting Secretary of State Christian Herter and Admiral Lewis Strauss, chairman of the Atomic Energy Commission for the United States.

Speed Law in Effect

DES MOINES (AP)—Iowa's new 60 miles per hour nighttime speed limit goes into effect at sundown today, and State Safety Commissioner Clinton Moyer said he hoped there wouldn't be a single speeding arrest on the first day the law is in effect, at least.

Moyer said Wednesday he hopes drivers will "voluntarily comply with the law" tonight.

He said respect for the speed limit, rather than fear of enforcement, is what will make the law most effective in saving lives.

"We have an opportunity for a statewide demonstration of good citizenship if we will all observe the nighttime speed limit from the moment it goes into effect," Moyer said.

He warned, however, that highway patrolmen will make arrests if they find any violators and urged drivers to obey the law as "both a safety and a civic duty."

Stalin's Men Condemned for Party Intrigue

(Analysis on page 2)

MOSCOW (Thursday) (AP)—The Kremlin has expelled Georgi Malenkov, V. M. Molotov, L. M. Kaganovich and Dmitri Shepilov from their high posts in the Soviet Communist party.

They were accused of collusion and intrigue against the party's leadership.

Apparently the Central Committee stopped short of the severe penalty of expelling them from the Communist party, as some committee members had urged. Instead, it expelled them from the Central Committee and the Presidium — Politburo.

The Central Committee elected a new Presidium including Marshal Georgi K. Zhukov, World War II hero of Moscow, and Mrs. Ekaterina Furtseva, the first woman on the ruling party body.

Tass said Mrs. Furtseva made the announcement of this far-reaching shakeup to a mass meeting of Communist party members, apparently convened in the Kremlin, explaining that the four accused had been decisively condemned for anti-party activities "directed" at breaking up the party.

Moscow's statement said the group worked against the decisions of the 20th Communist party Congress of February 1956, and tried "to impose wrong ideas." It accused Molotov specifically of having hindered the Soviet government's policy of "peace among peoples."

Malenkov, Molotov and Kaganovich were oldtime right-hand men

MALENKOV, MOLOTOV, KAGANOVICH, SHEPILOV

Building Collapses!

AT LEAST TWO, possibly three, men were killed and seven other persons injured Wednesday when a 78-year-old native stone building in this small eastern Kansas town suddenly collapsed. Two of the dead were tentatively identified as Charles Farrell, about 50, and George Stevenson, about 60. Some survivors reported a third man, Claude Reynolds of nearby Springdale, Kan., was seen sitting in the two-story building when its walls collapsed and he was presumed dead.

WSUI Safety Advice Heard and Heeded By Iowa Citizens

The WSUI highway safety series has been heard by many, and at least one man has paid attention to the advice offered to holiday motorists.

Larry Walcott, assistant program director of WSUI, said he knew of one Iowa City man who, after hearing one of the programs — had his car safety checked at a local garage in preparation for holiday driving.

"If these programs save one life," Walcott said, "they will be worth the effort and expense of producing them."

The series, produced at WSUI and distributed to 25 other radio stations in Iowa, are aimed at causing drivers to pause and take stock of their driving habits in the hope that lives may be spared on the highway.

Albert J. Murphy, sheriff of Johnson County, said "The program is very good. If people would just listen to the advice given . . ."

Sheriff Murphy's statement carries the same sentiments voiced by Chief Oliver White, Iowa City Police Department.

"They don't believe that it will ever happen to them . . ."

In addition to broadcasting five minute tape recordings on safety twice daily, through July 6, Walcott reports that an hour by hour tabulation of Iowa traffic fatalities on the 4th of July will be broadcast by WSUI.

WSUI also has a yearly schedule of public service announcements on auto safety.

"Listen . . . and live!"

HURRICANE DEAD

LAKE CHARLES, La. (AP)—When the waters of Hurricane Audrey seep back into the now calm Gulf of Mexico and her full ravages are revealed, the Louisiana coast may count about 700 dead.

The latest official estimate puts the figure that high, Sheriff Ham Reid of Calcasieu Parish told reporters Wednesday there are 296 known dead.

Dr. Harry Snaic, the parish coroner, quickly added: "I think at least 400 more persons are missing."

WSUI Safety Advice Heard and Heeded By Iowa Citizens

At the Memorial Union, the cafeteria is closed but the Gold Feather Room will remain open from 9:30 a.m. to 10:30 p.m. The recreation area at the Union is open from 9:30 a.m. to 10:30 p.m.

The University Library and University business offices are closed for the day and there will be no recreational swimming at the Women's Gymnasium.

Many Iowa City offices and businesses are also closed in observance of the holiday including city, county, state and federal government offices. Most stores will be closed all day.

The post office will be on its holiday schedule with no rural or city delivery of mail, except special delivery service. There will be no window service and mail will be dispatched on the holiday schedule.

SUI Swings into Holiday Schedule

Most Iowa City residents, university students and university business offices will enjoy a holiday from routine activities today in recognition of Independence Day. Some university facilities, however, are open on their regular schedule or a revised holiday schedule.

Hillcrest cafeteria is open from 8 a.m. till 4 p.m. The Quadrangle cafeteria and public dining hall are open with their regular scheduled hours. The Quad Grill is closed all day.

The Currier Hall dining room will serve breakfast and noon dinner, but will be closed for the evening meal. The Currier Coffee Shop will be open from 9-11 a.m. and 3:15-9:30 p.m.

At the Memorial Union, the cafeteria is closed but the Gold Feather Room will remain open from 9:30 a.m. to 10:30 p.m. The recreation area at the Union is open from 9:30 a.m. to 10:30 p.m.

The University Library and University business offices are closed for the day and there will be no recreational swimming at the Women's Gymnasium.

New Death Toll Predicted for 4th By Safety Council

By THE ASSOCIATED PRESS

The long Independence Day holiday period began Wednesday night with thousands of motorists on the roads.

The National Safety Council (NSC) estimated that 45 million motor vehicles—13 for each mile of the nation's road and street network—will be moving sometime or other during the four-day observance.

NSC predicted 535 Americans will be killed in traffic accidents during the extended weekend that began at 6 p.m. Wednesday and will end at midnight Sunday.

That many deaths would set a new record for the Fourth of July holiday period. The current high mark—491—was set during a four day celebration of Independence Day in 1950.

Up to midnight EDT the death toll stood at 5, including 2 traffic, 2 drownings and a miscellaneous.

Motor vehicle deaths so far this year have failed to match last year's high rate. Through the first five months of 1957 fatalities have averaged 95 per day.

There were 347 traffic deaths in the survey period — from 6 p.m. Wednesday, June 19 to midnight Sunday, June 23.

Returns to U.S.

ON EVE OF INDEPENDENCE DAY former U.S. Army Sgt. Andrew Fortuna, 31, one of the 21 American POWs who refused repatriation at the end of the Korean conflict and threw in his lot with the Chinese Communists, came back to the United States. He is the eighth of the 21 to come home. Fortuna is enroute to his home in Detroit, Mich.

The Weather

Hot and Humid

Occasional widely scattered showers may mar Iowa City's Fourth of July celebration today, but the Weather Bureau promises temperatures in the high 80s.

Tuesday was warm and humid with a temperature high of 78 degrees and a low of 66 degrees.

Friday holds promise of continued warm weather and occasional showers.

Michigan Economist To Lecture Friday

Prof. Boulding To Lecture Here

"The Grit and the Pearl," a lecture on the religious and moral implications in the social sciences, will be given by Kenneth E. Boulding, Professor of Economics at the University of Michigan, in the North River Room of the Iowa Memorial Union at 8 p.m. Friday.

The Rev. Robert S. Michaelsen, director of the seminar in Religious Perspectives in College Teaching which is sponsoring the lecture, said Prof. Boulding is a man of wide learning and varied backgrounds.

"He has written poetry and he is very competent in the field of social sciences," the Rev. Mr. Michaelsen said.

Prof. Boulding's latest book, "The Image," treats the problem of how men gain knowledge from the point of view of the social scientist.

"All of us have mental images with which we interpret the world around us," Prof. Boulding says in his book, "but these images are formed, not only from the data received by the senses, but are further modified by our family, religious, and educational backgrounds."

Prof. Boulding is a member of the Society of Friends, a religious group who are convinced that the Divine Spirit has a strong influence on the development and progress of society.

Born in England, Prof. Boulding was educated at Oxford and at the University of Chicago. He is also the author of "There Is a Spirit," "Economic Analysis," and "Economics of Peace."

23 Educators Sign Up Early In Workshop

Twenty-three educators have registered in advance for the second annual Workshop in Business Education which will open Monday at SUI.

Aim of the workshop is to acquaint high school teachers with new techniques in teaching business subjects and familiarize them with advances in office practices, according to William J. Masson, professor and head of the Department of Office and Business Management at SUI and director of the workshop, which will include field trips, lectures, demonstrations and panel discussions.

Staff members for the workshop will include Professor Masson and Cleo P. Casady and Norman F. Kallaus, both assistant professors of office management at SUI. Roy W. Poe, editor-in-chief of the Gregg Publishing Division of McGraw-Hill Book Co., Inc., will be a guest lecturer.

Local Man Admits Wrote False Check

Edmund W. Baker, 32, 11 West Burlington St., was charged Wednesday with false making and uttering of a bank check and committed to the Johnson county jail while he was unable to post a \$2,000 bond.

Baker cashed a \$20 check June 28 in an Iowa City supermarket. He waived preliminary hearing in Police Court Wednesday morning and was bound over to the district court grand jury.

Detective Lt. Harlan Sprinkle said Baker turned himself in when he heard police were looking for him.

3 Youths Fined

Three youths were fined \$25 and \$5 costs each in Police Court Wednesday after pleading guilty to charges of disorderly conduct.

The youths, who were arrested about 11 p.m. Tuesday are Lawrence D. Temple, 17, Forest View trailer camp, Edward F. Gass, 18, Lake City, and Robert J. Nair, 18, Dedham.

Police reported the youths were arrested in the 700 block of Giblin drive in connection with alleged attempts to remove hubcaps from cars.

READY FOR POWDER Puff Derby, Doris Choiniere and Lorraine Chandler (right) of Tucson, Ariz., are greeted by other derby entrants on arrival at San Carlos, Calif. This year the annual all-women transcontinental air race will follow a route of 2,567 miles, from San Mateo County, Calif., airport to North Philadelphia airport. Some 50 light airplanes will compete, most of them with a crew of two women.

Model Series Of Ordinances Now Available

A new series of model ordinances to help city and town councils in Iowa pass local laws dealing with various subjects have now been made available, Robert F. Ray, director of SUI's Institute of Public Affairs, said today.

The new model ordinances, the fourth such series since 1953, are prepared by the Institute of Public Affairs and the College of Law of the University and published in co-operation with the League of Iowa Municipalities.

The seven new model ordinances cover these subjects: police court; volunteer fire department; sewer and milk products; licensing and connections; water services; milk plumbing.

The model ordinances are designed as guides for city and town attorneys, Ray said.

Copies of the new series of model ordinances have been mailed to all municipalities in the state.

Married

Mrs. Richard DeGowin

Miss Janice Karen Piper of Decorah became the bride of Mr. Richard Louis DeGowin in the groom's home in Iowa City on Sunday, June 30. The bride is the daughter of Mrs. Ernest A. Siveind of Decorah and Dr. Mark Piper of Gary, Ind. DeGowin is the son of Dr. and Mrs. Elmer L. DeGowin, of 201 Black Springs Circle, Iowa City. The wedding ceremony was performed by the Rev. P. Hewison Pollock. Attending the couple were Miss Mary Ann Clark and Steven Hulme.

The bride is a graduate of Decorah High School and attended SUI for two years.

DeGowin graduated from University High School, attended the University of Michigan for three years and is now a junior in the Medical School of the University of Chicago.

30 in Iowa To Sell Ford's 'Edsel' Car

DES MOINES (AP) — About 30 Iowa dealers will handle the Ford Motor Co.'s new medium-priced car, the Edsel, when it goes on the market in September.

R. J. McGovern, assistant sales manager for the Edsel division, Dearborn, Mich., discussed the sales program in Iowa Tuesday with L. A. Wehde, Des Moines, district manager.

McGovern said the Edsel will meet the Ford company's need for a car in a price range between the Ford and Mercury. He said the Ed-

sel will be standard size and "distinctive" but not revolutionary in design.

Get Better Roads and Save Money with Concrete

Safety with Comfort

Next time you take a trip, treat yourself to a smooth, comfortable ride on the nearest modern concrete highway or toll road. No spring break-up. No washboard ripples. Skid resistant, wet or dry. Top visibility at night.

Low Cost

Concrete roads cost no more than others designed for the same traffic. Toll road commissions and highway departments have records to prove this.

Lowest Upkeep

Concrete roads last longer and require far less maintenance than flexible pavements. This big saving in maintenance is exceedingly important because the Federal Government pays 90% of the initial cost of the Interstate System but Iowa taxpayers must pay for all future maintenance.

These are the roads we're talking about: roads on the National System of Interstate and Defense Highways. And concrete is also best for all primary roads.

Ample cement is available for all highway needs

MARQUETTE Cement MANUFACTURING COMPANY

Iowa News Roundup

DAVENPORT (AP) — Work on the Scott County segment of the federal interstate highway apparently was stymied Wednesday because the Scott County Board of Supervisors has not issued a permit to the Iowa Highway Commission to enter properties of objecting farmers to obtain soil samples.

As a result, plans to call for bids on the Scott County program at the July 23 letting have been abandoned.

"Until we get the soil samples our engineering work for the Scott County section of the work is stymied," said L. M. Clauson, deputy chief engineer of the highway commission.

The commission had planned to let grading contracts for a 10.5-mile segment of the highway from the Cedar County line east to near Hahn's Corner on U.S. 61.

A group of farmers in Cleona and Hickory Grove townships, objecting to the route of the highway, refused to permit state engineers to enter their property to obtain soil samples.

DES MOINES (AP) — Three Fort Madison residents filed articles of incorporation with the Secretary of State Wednesday for a supermarket and realty corporation, both at Fort Madison.

The officers of each company are Rose E. Greenwald, president; Richard Greenwald, vice-president; and Leon A. Conrad, secretary and treasurer.

Greenwald's Supermarket, Inc., has capital of 500 shares of common no-par-value stock.

Greenwald's Realty Corp. is capitalized by 1,500 shares of common no-par-value stock.

DAVENPORT (AP) — Henry C. Bacher, whose wife was slain Nov. 29, 1955, in their drugstore in West Davenport, Wednesday renewed his \$1,000 reward offer for information leading to the arrest of the killer.

Bacher was severely beaten when he surprised his wife's slayer in the drugstore.

Police are seeking several possible suspects for questioning in the murder.

DES MOINES (AP) — The State Real Estate Commission gave its

Board of Education Sets July Hearing On Budget Increase

The county board of education Wednesday set a hearing for July 29 on two budget proposals—one an amendment to the current county schools budget and the second an increase for the board's 1958 budget estimate.

The proposed budget change will make it possible to spend funds received through state aid for an expanded special education program, County Supt. of Schools Frank J. Snider said. The funds have been provided to the county but can not be allocated to the proper account without the amendment.

The amendment would add \$4,350 for a special education program conducted by the county board at the state sanatorium in Oakdale and would raise the current budget to \$32,720, although taxes for the current year would not be affected.

The 1958 budget calls for an increase of \$8,280 from the current budget of \$36,650. Taxes for 1958 will go up \$2,407 (\$24,343 to \$26,750) with this increase.

Superintendent Snider said the budget increase is mainly due to these two items:

1. The planned addition to the staff in 1958 of a county speech correctionist if one is available at that time.

2. Additional funds for salaries of current employees.

Chemistry Head At Cornell Earns State Recognition

Prof. James B. Culbertson, head of the Department of Chemistry at Cornell College, has won the 1957 Iowa Medal of the American Chemical Society's Iowa Section, Dr. Stanley Wawzonek, SUI Professor of Chemistry and chairman of the award committee, announced today.

The medal will be presented to Prof. Culbertson at a banquet in the SUI Memorial Union on Oct. 25. Culbertson, who has carried out important studies on the chemistry of acetylene, will be cited for his "excellence in teaching with maintenance of interest in research."

The Iowa Award, an engraved medal, is presented annually to an Iowa chemist or chemical engineer for meritorious achievement in teaching, research or industry and is intended to stimulate the advancement of chemical science and technology in the state.

Previous winners of the medal include the late Dr. Henry A. Matill, who was head of the Biochemistry Department at SUI.

The Sports Trail

By WHITNEY MARTIN

NEW YORK (AP)—This vast bulk of a man came billowing in, hit tipped back from a wide expanse of deeply-tanned face, massive shoulders undulating with each ponderous stride. With his somber expression he looked like what he was: The loneliest man in town.

"I came up to watch the women golfers at Winged Foot," George Zaharias said. "Don't know why. Understand they're going to give some award to Babe."

"Wednesday was her birthday, you know, and she died nine months ago today."

"What have I been doing? Nothing, I lost my job when Babe died. I've been doing quite a bit of traveling, been out to Pueblo about three times to see my dad, who's been quite sick."

"Then I've been retracing our steps together, where we met in Griffith Stadium, in Los Angeles, where I first put my arm around her when we had our picture taken. I've walked over all the ground. Visited our first little house in Los Angeles."

"I'm going over to the British Open. It's being played at St. Andrews, and I always wanted to see that. Then I think I'll go up to Norway to see if I can find any of Babe's relations, and tell them about her."

"I'm going to have to sell our home at Tampa. It's too big, and lonely. You come home and hate to turn on the light. I'm thinking of coming to New York, maybe, and get into some kind of public relations and promotion."

"Babe and I had long talks in the hospital at Galveston. I was there every minute, and she asked me when I slept. I told her I slept when she did."

"The day before she died, when the doctors took out the feeding tubes and told her they were going to give her a rest, she told me to shut the door."

"Bye-bye, honey," she said. "I'm going to go now. I love you and thank you for everything."

Berra Pushes In 8 As Yankees Win

NEW YORK (AP)—Yogi Berra home run eight runs and Bob Turley struck out 11 batters as the league-leading New York Yankees thrashed the Boston Red Sox 10-0 Wednesday for their seventh successive triumph.

The squat catcher, back in his old slugging groove, smashed a

KANSAS CITY (AP)—The Chicago White Sox were shut out 5-0 Wednesday by the Kansas City Athletics and fell three games behind the New York Yankees in the American League pennant chase.

Orioles 8, Nats 3

BALTIMORE (AP)—The Baltimore Orioles clipped rookie Jim Heise for five runs in the second inning and coasted to an 8-3 victory over the Washington Senators Wednesday night in a loosely played game.

Redlegs 7, Braves 5

CINCINNATI (AP)—The Cincinnati Redlegs cracked the two-year-old Lew Burdette jinx Wednesday night as they knocked him out of the box in the sixth inning and went on for a 7-5 victory over the Milwaukee Braves.

Take Warranted Action

DES MOINES (AP)—The Iowa Legislature investigating committee recommended Wednesday that the attorney general "take such action as is warranted" against A. J. Mogilner and Virgil (Red) Smith of Indiana in connection with an alleged attempt to pad bids to the State Highway Commission.

Aussies Take Over At Wimbledon In Men's Singles Finals

WIMBLEDON, England (AP)—Tennis slugger Lew Hoad defeated Sweden's gallant Sven Davidson, and Ashley Cooper, ousted Neale Fraser Wednesday setting up an all-Australian men's singles final at Wimbledon for the second straight year.

Defending champion Hoad served, volleyed and drove Davidson to defeat in one semifinal, 6-4, 6-4, 7-5.

Cooper — tall, dark and handsome — knocked off fellow Aussie Fraser, 1-6, 14-12, 6-3, 8-6, in a match that seemed as long as a day in the dentist's chair.

Hoad and Cooper will meet Friday for the title that blond 23-year-old Hoad now holds — the crown — generally recognized as tops in the amateur tennis world.

America's Don Dudge was the last player to put Wimbledon semifinal for the first time in 30 years, his niece was preparing for an almost all-American show in the women's singles on the Fourth of July. Three of the four women's semifinals were Yanks.

Top-seeded Althea Gibson of New York plays the 6-foot, 16-year-old British amazon, Christine Truman, sensation of the tournament so far, while Mrs. Dorothy Head Knode of Forest Hills, N. Y., seeded fourth, meets Darlene Hard, the Montebello, Calif., waitress, seeded fifth.

The day's biggest upset occurred in the mixed doubles where the top-seeded team of Vic Seixas of Philadelphia and Louise Brough of Beverly Hills, Calif., was knocked out by the picked up team of Luis Ayala of Chile and Thelma Long of Australia 9-7, 1-6, 6-3.

Bauer Brings Suit Against Edwin Jones

NEW YORK (AP)—Hank Bauer Wednesday sued Edwin Jones for \$150,000 for false arrest and malicious prosecution in the famed New York Yankee night club mix-up.

The suit was filed in New York Supreme Court, and asked \$100,000 damages for false arrest and \$50,000 for malicious prosecution.

The Yankee outfielder bases his suit on the fact that the New York grand jury refused to indict him after a civil arrest brought by Jones, a delicatessen owner, June 24.

Bauer and a group of Yankee players were celebrating Billy Martin's birthday at the club May 16, when a disturbance erupted and Jones claimed Bauer hit him.

Bauer told reporters Wednesday that he never hit anyone.

British Open Golf Lead Is A Scotch Tie

ST. ANDREWS, Scotland (AP)—Eric Brown, one-time Scottish railway fireman who called St. Andrews hallowed Old Course a "dirt-track," scored 10 threes in a brilliant 67 Wednesday to tie Laurie Ayton for the lead in the British Open Golf Championship.

Ayton and Brown, fellow Scotsmen, finished the opening round in the rain shortly after Cary Middlecoff of Memphis, Tenn., came home in a lousy wind with a par 72 which left him in a strong challenging position.

Middlecoff's round, completed in 3 hours 18 minutes, blew up a controversy with four players who were behind him.

They shouted at the 1949 and 1946 American Open Champion, waved their clubs at him and trooped into the Royal and Ancient clubhouse to officially protest at the "slow play."

The R. and A. sided with Middlecoff and announced the American played in "reasonable time and no action was called off."

It was learned that the R. and A. unofficially suggested that Middlecoff please speed it up a bit. Several R. and A. championship committeemen later passed the word around that at least 14 other players in the 96-man field took more than 3 hours and 20 minutes for their golf, Frank Stranahan was second lowest among four Americans who qualified.

The hit and run driver damaged a parked car registered to Robert Goetz, 706 East Market St., at 12:55 a.m. Wednesday.

OLD RIVAL

Dartmouth's oldest football rivalry is with Harvard. The series began in 1882.

Shakeup—

(Continued from Page 1)

to Joseph Stalin. Malenkov was premier and party first secretary after the dictator's death. Khrushchev eased Malenkov out of the leading party position soon after Stalin's death and later was instrumental in causing Malenkov to step down as premier with a confession of inability to do the job.

The event, evidently the biggest shakeup since Stalin died in 1953, was foreshadowed by an angry editorial in Pravda Tuesday warning that no man was too big to be expelled from the party. Whether the four leading offenders keep their present jobs in the government, as differentiated from the party, remains to be seen.

The development confirmed a suspicion long held in the West—that a desperate struggle for power continued in the Kremlin even after the collective leadership appeared to have settled its major differences with the execution of police boss Lavrenti Beria in December 1953. It is apparent the struggle over world and internal policy has gone on unremittingly.

Malenkov and Molotov, both former premiers; Kaganovich, a first deputy premier and industrial expert, and Shepilov, a propaganda expert and former foreign minister, were dropped from the Presidium, the most powerful body in the U.S.S.R., and from the party Central Committee. Shepilov was fired as an alternate member of the Presidium and from his post as one of the party's secretaries.

The six holdovers in the Presidium are Premier Nikolai Bulganin, Ukraine party boss, A. I. Kirichenko, party first secretary Nikita S. Khrushchev, the trade expert and deputy premier, A. I. Mikoyan, the party theoretician, M. A. Suslov, and the old Soviet warhorse, Marshal Kliment Voroshilov, who is president of the U.S.S.R.

Art Andrews Gets Through Quarterfinals

CINCINNATI, Ohio (AP)—Iowa City's Art Andrews, student at the State University of Iowa, advanced through the quarterfinals of the Tri-State Tennis tournament Wednesday by knocking out seventh seeded Maxwell Brown of Louisville, Ky., 6-4, 6-2.

Jose Ochoa of Mexico City, a student at Rollins College, turned in a major upset as he defeated national intercollegiate champion Barry MacKay of Dayton, Ohio, 2-6, 7-5, 6-3.

MacKay, a university of Michigan student, was seeded fifth in the tournament while Ochoa was seeded second among foreign entrants.

David Harum of Coral Gables, Fla., another seeded player, had little trouble overcoming Joaquin Reyes of Mexico City, 6-1, 6-4, when he drove into a vicious network of bunkers called "the hardies." He excavated four times with a wedge before getting out.

Bracketed at 69 were Bobby Locke, South African who has won the British Open three times, and an English trio of Jimmy Hitchcock, K. A. Macdonald and Norman Sutton.
