AWFUL RUMOR
As you may have heard, the editors of this great journalistic venture, The Daily Iowan, feel it is no duty to dispense with the following warning concerning a certain Henry F. Hurst, as his name is generally known. We do not want to alarm anyone and have nothing further to say.

Perhaps a Prudent Delay
In the highly controversial, and often illegal, activities of the Student Union, the possibility of a future legal action on the part of the union, has been the topic of discussion among many students. This is particularly true if the union were to decide to file an action against the university, as has been rumored in the past. However, it is believed by many that the union would be wise to wait before taking any legal action.

Capital Improvements
DIRE SITUATION AS ENROLLMENTS COMPOUND
Dire financial straits threaten to disrupt the College of Agriculture and Natural Resources. The college is faced with a severe shortage of funds, and the situation is likely to worsen in the near future.

Short week wasn't it? Well, something so important came up that I thought next week would be much too late to come up with a novelty.

Ironically, it turned out to be something that would have been more appropriate for the middle of the season, but we do what we can.

The editor in this issue is going to be Marlin, who is going to be in charge of the 1977-1978 season.

He has decided that the newspaper will be published every Monday, Wednesday, and Friday.

Sphahn Against Ford In Series Opener Today

ROOKIE OF YEAR  _______ By Alan Mauer
YOKOHAMA, JAPAN

NEW YORK — Bells were ringing, whistles were blaring, the fans were cheering, and the New York Yankees were back in the Bronx after the 1950 World Series. The Brooklyn Dodgers had taken the best-of-seven series, four games to three, and the Yankees were eager to avenge their loss. The visiting St. Louis Cardinals would be the test of their mettle.

"It was the stuff of dreams," said Lou Gehrig, who had been the Yankees' captain for the past 13 seasons. "I wish I could see this."

Gehrig was right. The Yankees were ready to make history, and they did. They won the opener, 4-1, and never looked back, winning the Series in five games. It was a fitting end to a great season, and a great way to start the new one.

In other sports news, the Chicago Cubs were playing their home opener against the St. Louis Cardinals. The Cubs were hoping for a strong season, but they would have to overcome some early struggles to实现 their goals.

Guaral, Klein Miss Drill, Hawks Work On Pass Defense

As for other league news, the Atlanta Hawks were working on their pass defense, trying to improve their starting unit. They had struggled in this area during the previous season, and they were determined to make their mark in the new season.

In baseball, the New York Yankees were listed as starters for their opening game against the St. Louis Cardinals. They were ready to take on the challenge, and they did, winning the game and sending a strong message to their opponents.

WSC's Aerial Game To Beat Iowa

Dapper Dick Fry, a personality and comfortable person, was born. He is a public relations man for Washington State College. Tuesday was his birthday and he was on the football field, catching the news. Upon being asked about the big game Fry said:

"It is a big game, and we are the underdogs. We have had the same record every year in the Big Ten, but this year we are going to prove that we are better than anyone thought. Our team is going to surprise everyone.

"The defense is our main strength. We have a great group of linemen and backs that will give Iowa trouble. We are going to hit them hard and make them work."

Dr. Ralph L. Heselton, a head coach, says:

"I agree with Dick. Our defense is going to be the key to the game. We have a great secondary that is going to cause Iowa problems."

The Bruins have scored 290 points this season, 227 points ahead of second-place Nebraska. UCLA also leads the nation in total yards gained with 4,310.

"This is the year UCLA wins the national championship," said Coach John Wooden. "We have the talent and the coaching to make it happen."

"COACH CHAMBERLAIN PICKS HAWKS TO WIN, 28-10"

By CHARLES CHAMBERLAIN

UCLA Bruins are favored to win the Rose Bowl game over Washington State.

"I think UCLA will win by at least 14 points," said Coach John Wooden. "They have a great team and Coach Wooden knows what he's doing.

"Washington State is a good team, but they are not in the same league as UCLA."

Chamberlain also predicts a 28-10 victory for UCLA.

American Public Much Confused About 'Censorship' Issue

By JAMES MAGNER

There are a number of people in the University of Iowa area who are being deprived of their freedom of speech, and they do not know what to do about it. The problem is not confined to the University, but is spreading to the world during the twentieth century.

Speaking of the new book, "Censorship and Freedom," O'Neill said, "One of the principal problems today is that the public does not understand the difference between criticism and censorship. Furthermore, censorship means the destruction of the freedom of speech.

The movie 'Moon Is Blue' was shown in Iowa, and we had to argue with our newspapers for the right to show the picture. They would not print the article. We are trying to uphold the freedom of speech. They are trying to stop the newspaper from being dismissed. They do not want us to be free of the financial power of the press.

Thank goodness the movie was shown in Iowa, and we were not free of censorship. The Jehovah Witness was arrested in Iowa, and we were not free of censorship. It is easy to criticize some people, but it is difficult to criticize others. Some people are criticized by the public, and others are criticized by the press. The main thing we have to do is to uphold the freedom of speech. The Jehovah Witness was arrested in Iowa, and we were not free of censorship. Today, the American people need a new Constitution, a new Bill of Rights, and a new interpretation of the Constitution. The Jehovah Witness was arrested in Iowa, and we were not free of censorship.
