Funeral Services Wednesday For Professor Bartow

Funeral services will be held Wednesday at 4 p.m. in the First Congregational Church for Edward Bartow, 88, professor emeritus at SUI and an internationally known chemical engineer who died in his home at 304 Brown St.

Mr. Bartow was appointed professor emeritus for his 20 years as head of the SUI Chemistry Department. In 1920, when he became head of the department, one of his first jobs was to make plans for a new chemistry building. The building houses chemistry, botany and pharmacy.

Mr. Bartow founded at SUI the Alpha Theta chapter of Alpha Chi Sigma, a graduate chemical fraternity.

Mr. Bartow became internationally known as a chemical engineer through his work of water purification, sewage disposal and trade wastes.

Research on the water in Kansas while teaching at the university caught the attention of the University of Illinois. Mr. Bartow left Kansas and became director of the Illinois state water survey while a faculty member at Champaign.

Mr. Bartow received his Ph.D. diploma from the Georg-August University of Göttingen, Germany, 60 years after he had received the title. A tradition of the university is to present the diploma 50 years after the degree is conferred but WW II interfered with the 1945 presentation of the diploma.

Mr. Bartow was president of the American Chemical Society in 1936; president of the American Water Works Assoc. in 1922; president of the Kansas Academy of Science in 1904 and president of the Iowa Academy of Science in 1934.

He was a member of the Sigma Xi, honorary science society and Phi Beta Kappa, a scholastic honor group, and many others.

Mr. Bartow held the rank of Major and Lt. Col. in the U.S. Army in 1917-1919 as a member of the Sanitary Corps with duty in France.

Mr. Bartow was born at Glenham, N.Y., January 12, 1870. He received his bachelors degree from Williams College in 1892 and an honorary doctor of science in 1923.

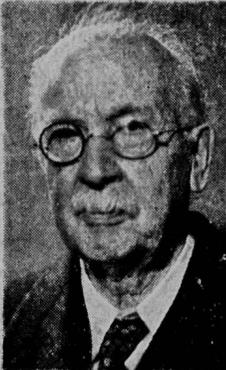

His wife, Alice Abbott Bartow, died in 1951. His daughter, Virginia, a professor of chemistry at the University of Illinois, survives him.

City, SUI Will Share Cost of Highway Lights

SUI and the city of Iowa City will jointly share the estimated \$22,000 cost of installing new street lighting on U.S. highway 6 from Newton Road to the new addition to Hillcrest Dormitory. SUI will pay about 45 per cent of the costs and the city the remaining portion.

The 45 new lights will be similar to the mercury vapor lights that were in use in front of the Veterans Hospital prior to the highway reconstruction.

City Manager Peter F. Roan said that the new lights would warn drivers of the important area they would be entering and they would also facilitate a smoother flow of traffic with increased safety.

SUI Plans Three New Parking Lots

Three new parking lots to provide parking space for a total of 270 additional cars will be built, it was announced Monday by M. L. Huit, dean of students and chairman of the University Parking Committee.

Work has now begun on the lots and it is expected that they will be completed by the opening of the fall term.

A 175-car lot for students and staff members with "restricted" parking permits will be developed in the present intramural sports area on the south half of the Old Iowa Field, Dean Huit said.

Sufficient space will be left on Old Iowa Field to provide practice space for the SUI Marching band, he added.

A "reserved" lot to provide space for 73 faculty and staff cars will be developed along the south edge of Jefferson Street extending between East Hall and Dubuque St., Dean Huit said.

Cars will be parked in two east-west rows, and the lot will be entered through a new driveway which will be built in the middle of the block.

Space for 22 cars will be provided in a special University visitors' lot, to be constructed at the corner of Market and Capitol streets, opposite the Chemistry Building. This lot, one of the University's smallest, will be reserved for the use of official visitors and service vehicles, who will be required to pay meter fees for their parking.

The new lots will bring to a total of 4,842 the off-street parking spaces provided on the campus, Dean Huit noted.

Development of the lots will be financed from student and faculty auto registration and parking privilege fees, Dean Huit said.

READY VANGUARD CAPE CANAVERAL, Fla.

A Vanguard rocket which will be used in an attempt to launch a basket-ball-size earth satellite was static tested Monday at the missile test center.

Development of the lots will be financed from student and faculty auto registration and parking privilege fees, Dean Huit said.

Development of the lots will be financed from student and faculty auto registration and parking privilege fees, Dean Huit said.

Loveless Agrees To Meet With MS Representatives

Recession Roundup—Cut Taxes, Spend More Says Truman

WASHINGTON (AP) — Harry S. Truman urged Congress Monday to spend more billions and to adjust taxes so as to give middle and low income families a \$5 billion cut.

The former president called for bold, vigorous action in these and many other fields against a recession he said is serious.

In his first appearance before a

★ ★ ★

AUTO WORKERS IDLED

DETROIT (AP) — An estimated 60,000 auto workers in 24 plants across the country were idle Monday as the industry's big three continued production cuts to reduce dealers' new car inventories.

General Motors, Ford and Chrysler reported plant closings in various divisions to cut back car stocks to meet curtailed market demands.

Spokesmen for the big three declined to give total figures on the number of workers idled by the closings, or to give comparable figures for employment at this time last year.

★ ★ ★

PRODUCTION INDEX DROPS

WASHINGTON (AP) — The Federal Reserve Board reported Monday that its index of industrial production declined two points in March to 128 — the lowest level since the 1954 recession.

The board said that the index was 12 per cent below the level for a year ago when the figure was 145. The March decline was the seventh successive monthly drop in the index.

The index, in which 100 is the 1947-49 average, is a key economic indicator. It is a measure of the volume of production of the nation's factories and mines.

The index hit its peak of 147 in December, 1956. Its low point during the 1954 recession was 123 in August of that year.

IKE ON ECONOMICS

WASHINGTON (AP) — President Eisenhower will address an economic mobilization conference in New York May 20, delivering a major address on the nation's economy.

The White House made the announcement without being specific. However, the speech is expected to deal with the business recession and Administration efforts to combat it.

The presidential speech will be at the windup dinner of the annual meeting of the American Management Assn. Conference on Economic Mobilization.

congressional committee since he left the White House in 1953. Truman took some sharp jabs at the Eisenhower administration.

He said it has abandoned a policy of maximum production, employment and purchasing power, and he figured this has cost \$97 billion in private and business incomes in the last five years.

"It is harder to measure," Truman said, "what it has cost us in lost ground in the struggle to maintain freedom in the world today, but surely that loss is tragic beyond words."

In return, Republicans on the House Banking Committee took the scrappy former president on in a sparring match, friendly enough on the surface, but with serious undertones.

Truman's proposals were denounced by Sen. Styles Bridges (R-N.H.), as all wrong and typical of the spending policies of the Roosevelt-Truman era.

Bridges told a MBS radio panel that after years of heavy spending under Franklin D. Roosevelt to combat the depression of the 1930s, the country still had 10 million unemployed until it became involved in World War II.

Doggone Flame

"WHERE, OH WHERE, has the little dog gone?" seems to be the question for which Barbara Roberge, A4, Iowa City, and Dave Crandall, A3, Des Moines, are seeking an answer. Sputnik II is believed to have broken and burned over Brazil on Sunday night. — Daily Iowan Photo by Bob Strawn.

Cremate Sputnik II

The world's most famous dog has fallen from the skies, still locked in the steel casket where she died, a bizarre and bewildering first citizen of space.

Both the satellite and its passenger were cremated in the heat of friction.

But, Laika, the little dog in the heart of the satellite rocket, long ago had finished the job she was trained to do. She died quietly of poison after one week in space.

From many points on her body, her living processes were measured by instruments, turned into radio signals and reported back to earth.

In this way she told the secrets of living in a space environment well beyond her ability to understand.

City Council O.K.'s SUI Addition

The Iowa City city council Monday evening passed a resolution permitting SUI to build an addition on its Sewage and Industrial Waste Research Laboratory.

The 40 by 48 addition will be attached to the south side of the present laboratory which is located at the Iowa City Sewage Treatment Plant on S. Clinton St.

In other action Monday the council methodically sped through various petitions and communications involving property annexation, street oiling, sewage hook-ups and rezoning of property.

The council also adopted a resolution granting Kessler's Restaurant and The Annex tavern class "B" beer permits.

Five new ordinances were also read with three of them passing after the final readings.

Those ordinances adopted dealt with applications for beer permits, restricted access on U.S. highway 6 and the rezoning of an alley in Cartwright Addition.

Second readings were heard for ordinances concerning with the littering of streets and off-street parking.

The ordinance dealing with off-street parking brought little comment from the council Monday but it was felt that changes would be introduced before final reading.

The ordinance dealing with off-street parking would require that it be provided for all buildings or structures erected or altered after passage of the ordinance.

POLL FLOPS

The SUI Student Council telephone opinion poll of married students living in non-University owned housing failed to produce any information, Rhys Miller, C4, Waterloo, chairman of the polling committee, announced Monday.

Married students living off campus were not well enough informed on the poll, Miller said. The poll was published in The Daily Iowan on Wednesday, April 9.

An effort was made to contact one out of five of the 2,300 married students who do not live in University owned housing.

Says Regents' Plan Avoids Main Issue

Gov. Herschel Loveless has agreed to meet Thursday in Des Moines with Richard Clark, G. 204 Finkbine Park, and David Jones, G. 208 Riverside Park, both members of the Married Student Protest Group executive committee, Jones said Monday.

104 Leases Signed As Of Friday Night

Renewals Apparently Slower Than Usual

T. M. Rehder, director of SUI dormitory and dining services, said Monday, 104 married students had signed lease renewals by Friday evening. He said 181 residents who had earlier indicated they in-

Lease signing has been suspended until arrangements for the new individual utilities service can be investigated by the Dormitory Housing Office.

tend to be in school next summer or next year, wanted to renew their leases and were scheduled to renew leases through April 11.

Twenty six had signed cancellations due to plans for graduation, transfer and other reasons, Rehder said.

Rehder said the figures were not particularly significant because many tenants normally wait until later in the lease-renewal period to sign their leases for a variety of personal reasons.

"Without having exact statistics available — because there is no reason to keep them — it is our impression lease renewals had been proceeding at a somewhat slower rate than usual through April 11," Rehder said.

As of Friday only Finkbine and Riverside Parks had been scheduled to sign. Stadium Park finishes today and Westlawn, Temple, North, Central, Quonset and South Parks still have time on the schedule to renew their leases.

An earlier story in The Daily Iowan reported 15 of the 281 protest form letters had signed new leases. These figures were the result of a telephone survey conducted by the married student committee. There are a total of 698 barracks units.

Poorman Charged With Larceny, Out on Bond

Gary G. Poorman, A2, Waverly, was charged with larceny in the nighttime in the Johnson County District Court Saturday and released on bond.

Poorman, 20, is accused of rifling cars in the parking lot behind the Acacia fraternity house March 6. With Poorman was John W. Creach, A3, Montebello, Calif. Creach, who lost his left leg after he was shot as he attempted to flee the scene, pleaded guilty to the same charge, and on April 9 was placed on parole for four months.

CHECK FINGERPRINT CLUE

ROCKWELL CITY (AP) — Fingerprints found at the scene were being checked Monday in an effort to find the key to the mysterious death of rural Lutheran minister Hillis Franklin Hall, 41, found dead Sunday morning in his garage.

The state-wide and SUI drives now total \$1,375.

"There is still interest in the fund," Burns said. "We were not able to contact all persons interested in contributing during our drive. It is still possible that the goal of \$1,000 may be realized."

Burns said a contribution of any amount may be made. "Just a dime from all of those who have not yet contributed would put us 'way over the goal,'" Burns said.

Tonight's the Night—Tax Due

The Federal law requires that income tax returns be mailed in time to reach the district directors offices by midnight tonight and state income tax forms are due April 30, an Iowa City tax attorney said today.

If a person fails to submit his federal return in time, the Internal Revenue Code of 1954, section 6651 states the delinquent returns are subject to a penalty of 5 percent of the amount of such tax providing the failure is not more than one month.

The Statute also allows an additional 5 percent per month up to 25 percent, the maximum penalty given for delinquent returns involving willful neglect.

Paul Gilbaugh, Internal Revenue agent who has been assisting people in Iowa City in filling out their returns, recommends that copies of the returns be kept at least three years and preferably longer.

Federal returns should be made to the Director of Internal Revenue, United States Courthouse bldg., Des Moines 8. Checks should be made payable to the Internal Revenue Service.

State returns are due on or before April 30 and should be sent to the State Income Tax Division, State Office Bldg., Des Moines 19. Checks should be made payable to the State Treasurer of Iowa.

Who Can Canoe, I Can, Can You?

AP DIGEST

CUBA REBELS — A yacht load of them from Mexico has landed on the southern coast of Pinar Del Province and, under army harassment, scattered into the nearby mountains, Havana sources said.

The landing obviously was aimed at opening a diversionary western front for rebel leader Fidel Castro.

Unofficial estimates put the number in the landing party at about 50 men.

The landing came while Castro's forces in easternmost Cuba carried their guerrilla warfare to within sight of the U.S. naval base at Guantanamo.

INDONESIAN REBELS in Padang girded Monday for an assault from a Government invasion fleet riding at anchor off that Sumatran port city.

A destroyer and four corvettes, the vanguard of the Jakarta fleet, were three miles off Padang. Rebel informants said a heavy barrage is expected in preparation.

Two Minn. Orchestra Concerts Here Today

The Minneapolis Symphony Orchestra conducted by Antal Dorati will present two concerts here today at 2 p.m. and 8 p.m.

Remaining tickets for the afternoon performance went on sale to the public Monday morning at \$1.50. All tickets for the evening performance were gone Friday, according to the ticket clerk at the East Lobby Desk in the Iowa Memorial Union.

Students may still get free tickets by showing their I. D.s at the Union ticket desk. Tickets may

Tickets Go on Sale Friday for—

Varsity Variety Show

By STAN HANSEN Staff Writer

Six-thousand tickets go on sale Friday for Varsity Varieties, a talent show put on by members of University housing units as a part of OLD GOLD DAYS. Tickets will sell for 50 cents.

Skits will be presented April 25 and 26 in the Fieldhouse where 4,200 can be seated at each performance.

THE OLD GOLD SINGERS will begin the program with a medley of songs arranged by Marvin Thonstenson, SUI assistant professor of Music.

Ten skits will be presented by groups selected in preliminary eliminations.

Skits have been divided into five large and five small group presentations. Judges will present trophies to the first and second place winners in each group and plaques to the others. The awards are valued at \$200.

THE FIRST SKIT will open with the Delta Gammas and Sigma Chis in a chorus line singing "Take the 'I' Train." Sample of the lyrics follows: "You're in med school now I see, you have no time for

CORRECTION

The Daily Iowan was in error in reporting April 12 that Varsity Varieties will be staged by the Greeks. The revue is an all-university event and groups were selected for participation on the basis of merit. The editorial staff wishes to apologize to those independents participating whose work was not given recognition.

me, it's your cadaver that you hold so true." Songs will be taken from Broadway shows and placed in a local context.

Alpha Delta Pi and Sigma Alpha Epsilon will present "The Colonel's Dilemma," a modern melodrama. The heroine, Pearl Pinkheart, is in dire peril vis-a-vis the villain, Grease-can Gary.

She is saved, however, as Elvis Preslip rock 'n' rolls to the rescue, paying off the mortgage on \$56 million worth of Preslip records.

"MICKEY MOUSE goes to SUI" will be presented by Hillcrest and Currier. The audience will be taken on an imaginary orientation tour of the SUI campus. One scene finds a girl from Currier chewing

her gum lasciviously, unaware of a fire drill. The reason: she is reading Peyton Place.

Delta Upsilon will offer a unique minstrel show complete with a dixie-land band, quartet, soft-shoe dancers; and, not so unique, the inevitable and incorrigible Mr. Bones.

The final skit of the large groups will be "Little Red, the Riding Hood" presented by Kappa Kappa Gamma and Phi Delta Theta. A loathsome wolf tries to make Little Red his "cool tool."

Little Red is not completely cool to his charms — upon seeing him pass in a car "Her toes turned in, her toes turned out."

SMALL GROUPS will present a short skit between each of the large group skits. There will be a dance duet by a couple in sailor's uniforms, a drum duet by the Rim Shots, and a monologue on "Mary had a Little Lamb."

Rounding out the program for the small groups will be a girl's trio, the Blue Notes; and the Mad Medics singing the Hawaiian war chant.

The Old Gold Singers will close the program with songs from Carousell.

The Daily Iowan is written and edited by students and is governed by a board of five student trustees elected by the student body and four faculty trustees appointed by the president of the University.

Anti-Recession Gesticulations

Anti-recession measure! That's the new wonder-working politically potent magical symbol that can be attached to all sorts of legislation, special-interest projects, and nonsense—as well as actions that might realistically be construed as helping to alleviate the recession.

A substitution of more governmental controls—preferably indirect—over such things as the private investment sector. This implies no more governmental "interference" than is suggested in the patchwork, sometimes-conflicting "anti-recession" measures the present Administration is spewing forth, and has the advantage of integrated over-all planning.

Slattery's Slants

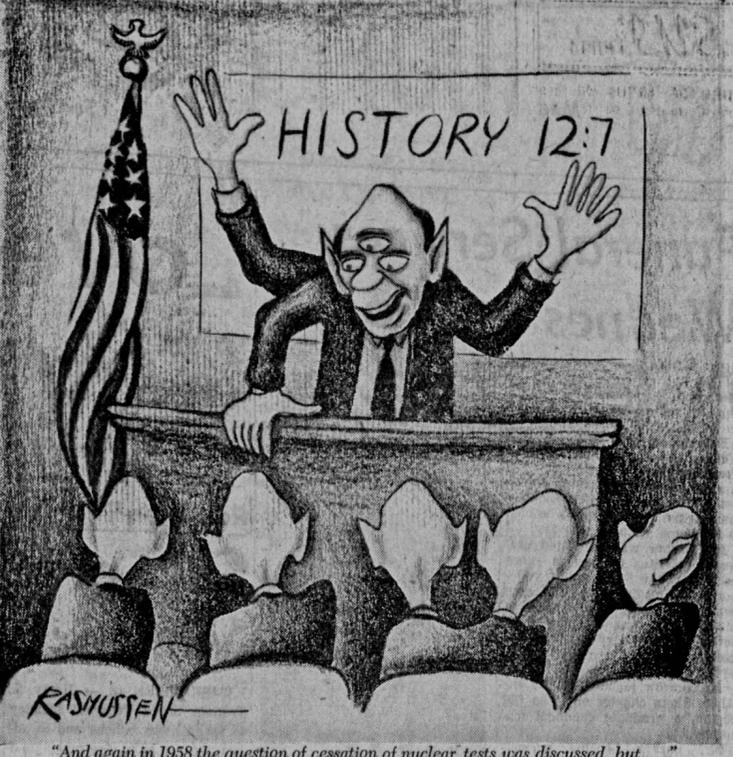

Banks are the salvation of America Here lies the future. Erected firmly on its broad foundation, the great traditions of Americana find sustenance and expression. Dreams ebb and flow in response to the activities and transactions that characterize this widespread institution.

The parachute club is still having a bit of trouble—haven't been able to get any parachutes—so if you have any old 'chutes lying around the attic, give us a call. Pretty tough when a fellow can't get up in the air about things.

Star-gazers and other reputable variants of the amateur astronomer, lend me your eyes! Dave Lund, A1, Holstein, is now in possession of a 3" refractor and hopes to interest other space-gazing students in working with him on an equatorial mounting for his scope.

It was three against a thousand! We fought all day—we fought all night, and in the end we persevered! Three of the toughest son-of-a-guns I ever saw.

Letter To The Editor—

Regarding Rent

TO THE EDITOR: Regarding the presently proposed rent increase on temporary housing and the University's reasons therefor, there are several questions for which I have not found satisfactory answers.

Any new structures in that area would cost nearly \$8 million to erect, similar facilities, a prospect obviously impossible under existing regulations. The Advisory Board has predicted that the barracks cannot last more than about six more years.

By ANDREW BYERLEY Staff Writer
Many SUI students approved of military training in 1961. In 1963 SUI opened a Military Department. Students changed their minds.

Certainly it appears that the laws of this state, and others, which strictly require self-liquidation of housing units are unreasonable and conflict seriously with our goal to raise our schools out of mediocrity. If the institutions are to get tough on the students this should be done in the class-room not on the level of basic subsistence.

LESSON FOR THE WEEK: Always hurry through busy intersections—and avoid the reckless drivers.

Unlimited Power
"Unlimited power is in itself a bad and dangerous thing; human beings are not competent to exercise it with discretion; and God alone can be omnipotent, because his wisdom and his justice are always equal to his power. But no power upon earth is so worthy of honor for itself, or of reverential obedience to the rights which it represents that I would consent to admit its uncontrolled and all-predominant authority..."

BEHIND THE Sports Desk

By Alan Hoskins
Top Rookie

Among the many preseason baseball predictions, the choice of first baseman Orlando Cepeda of the San Francisco Giants as the Rookie of the Year in the National League has almost been unanimous.

I now know why the baseball experts see such a bright future for the 20-year-old Puerto Rican. Cepeda appeared with the Giants in Des Moines Saturday in an exhibition game against the Cleveland Indians. The Giants won, 12-11, in ten innings.

In four trips to the plate, Cepeda had three sharp singles and a long home run that easily cleared the center field fence 380 feet from home plate. In addition to his heavy hitting, the Giant rookie looked good defensively at first base.

Cepeda loves baseball. He's been playing pro ball three years now, and hasn't let up. He spends his off-season time playing winter ball. Cepeda said before the game his longest vacation from baseball during the past three years has been only two weeks.

Cepeda won't have to play winter ball after this if he continues to hit the ball this season as he has in spring training.

THE QUESTION most writers were asking the Giants Saturday was: "How do you feel about Tuesday's opening day game with Los Angeles in San Francisco?"

And almost to a man, the Giants had the same answer: "It's no different than any other game." Today's game marks the Giants first appearance in their new home, since moving out of New York at the end of last season.

Giants pitching ace Johnny Antonelli summed up the player's feelings. "I think every player is a little nervous on opening day, but after that first pitch, it's just another game," said Antonelli.

San Francisco manager Bill Rigney feels the Giants are much stronger this year. Said Rigney, "My bench is much stronger than last year. Last year my best was Dusty Rhodes, Gail Harris and Eddie Bressoud. Bressoud is the only one of the three left on the squad."

"This year, I have Jim Finnigan, Bob Speake, Jim King, Ray Jablonski and Whitey Lockman on the bench," said Rigney.

Aside from Cepeda and Willie Mays, the Giants weren't too impressive Saturday. Although their training began the fall of 1957, in the bottom of the ninth.

The San Francisco fans may have a lot to do with the success of this year's Giants.

WILLIE MAYS, the Giants sensational center fielder, was the center of both the writers' and fans' attention Saturday. Willie had a single and home run during the game.

Willie seems to enjoy playing baseball as much as any player I've ever seen. He was continually joking with someone during batting practice, and was always trying to get into the batting cage to hit more.

Mays is planning on a long baseball career. Hank Sauer and Dizzy Dean, who had the announcing for the national telecast of the game, were talking about their golf game and Mays was asked if he played golf.

Mays said: "No golf for me. The swings are different, I'm saving my swings for baseball." Asked if he planned on playing golf after his baseball days, Willie said, "I doubt it, I'll be too old then."

Exhibition notes:

I'll bet there were a lot of unhappy fans after Saturday's game. About half of the overflow crowd of 7,165 left before the game was over with the Giants leading, 11-5. They missed the Indians 6-run ninth to send the game into extra innings.

Saturday's game had the usual dog on the field, but did you ever hear of a skunk coming on the field during a game? Bill Bryson of the Des Moines Register staff told of one coming out when Des Moines played at Pueblo a few years back. Needless to say, no one got to close in trying to get the skunk off the field.

West Coast Ready For Big Opener Today

Dodgers To Visit Frisco In 1st Game

SAN FRANCISCO (AP)—Big league baseball truly becomes a national game today when the transplanted San Francisco Giants and Los Angeles Dodgers open their first seasons at Seals Stadium, 3,000 miles from Broadway.

Sophisticated San Francisco kicked up her heels and even tossed her skirts in the air to welcome the Giants Monday, showering Willie Mays and his playmates with confetti, balloons and orchids. The athletes rode through the downtown streets en route to a civic luncheon where assorted dignitaries predicted a glowing future for all concerned.

Only 23,600 fans can be shoe-horned into the green-painted uncovered pitch that will be the Giants' temporary home until a \$10,000,000 new stadium seating 45,000 can be completed in a year or so.

The smallest park in the majors has been sold out for several days. In fact, President Horace Stoneham of the Giants said he could have sold 100,000 tickets if he had them.

Stoneham is so optimistic about the future that he has predicted San Francisco will outdraw Los Angeles over the long run — 10 years or more. This in fact of the word that over 90,000 are due to crack all baseball attendance marks Friday when the same clubs play at the converted Los Angeles Coliseum.

In sharp contrast to New York where every game was carried on television, there will be no red-eyed cameras blinking at Seals Stadium for a huge fee.

The Giants, from manager Billy Rigney on down the line, bulge with optimism.

"They're itching to get started," said Rigney. "They want to go. So do I. You can't help but feel the effect of this move. Every player feels it."

"We're going to shock some of those other clubs in the league who are expecting us to roll over for them."

Williams Out As Senators Triumph 5-3

WASHINGTON (AP)—Pedro Ramos, 22-year-old Cuban righthander, pitched his first opening day game, dazed President Eisenhower and a nearby packed house at Griffith Stadium Monday.

Ramos set Boston down with five hits and hurled Washington to a 5-2 surprise victory over the Red Sox.

The Senators made the most of shaky Boston fielding in the sixth inning to crack open the game with three runs.

Jackie Jensen lined a homer into the left field bleachers in the third to account for both Boston runs. Don Buddin, who had singled, trotted across ahead of Jensen.

Jim Lemon drove a solo homer into the same seats in the fourth for the Senators' first run.

A crowd of 26,675, including the customary dignitaries, watched the game—first of the year in either league.

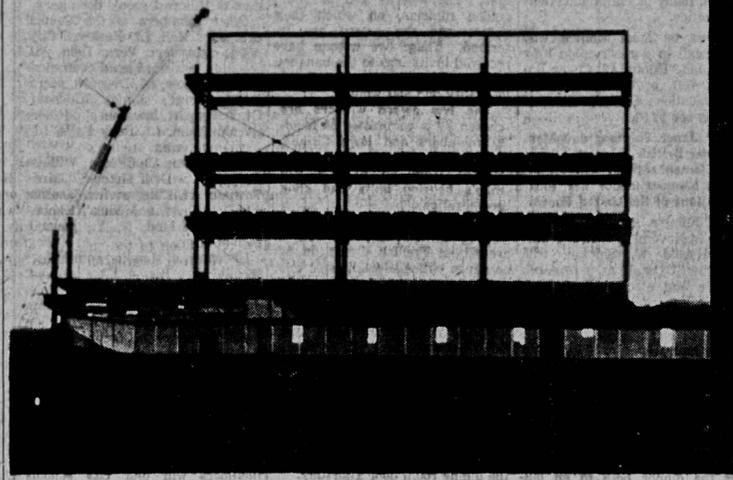

None was happier at the outcome than Eisenhower. He was rooting as usual, said White House Press Secretary James C. Hagerty, for the Senators.

Ramos' hurling, following Eisenhower's traditional opening pitch, evened Eisenhower's score as President. Washington has now won 3 and lost 3 with Eisenhower officiating.

Boston suffered the loss of Ted Williams, who came down overnight with a severe attack of food poisoning. Williams lay in misery on a clubhouse table before the game and never went out on the field. Gene Stephens took his place in left field.

Boston.....002 000 000—2 5 3
Washington.....000 113 000—5 8 2

Buffalo Changes Mind, To Open In Havana After All

MIAMI, Fla. (AP)—The Buffalo Bisons, in an about-face move, announced Monday they would open their International League baseball season in strife-ridden Havana Wednesday.

John C. Stiglmeier, the Bisons' president, advised Frank J. Shaughnessy, the league president, of the decision.

"The situation is cleared up," said Shaughnessy. "Every club in the league is ready to go."

Sunday, in a special meeting at Miami Stadium, league directors voted to open the season in Havana as scheduled and to penalize any club who did not abide by the schedule.

Stiglmeier said immediately that he would not send his club to Havana because of the frequent outbursts of violence between President Batista's troops and Fidel Castro's rebel army.

The sudden shift in Buffalo's feelings stemmed, in part, from a telephone call from U.S. Ambassador Earl T. Smith in Havana, who reported that quiet prevails in Havana.

Hawks Second In Big 10 Rifle Meet

Iowa's varsity rifle team defeated the three teams it lost to during the season, but finished second in the Big Ten rifle meet behind Ohio State.

The Hawkeyes placed two men on the All Big Ten team as they scored 2,773 points, 15 behind the first place Buckeyes. John Wolford and Dick Maurer were named to the all-conference team.

Michigan finished third in the meet with Illinois and Michigan State close behind in fourth and fifth. Minnesota and Northwestern did not compete in the finals held at East Lansing, Mich., Saturday.

Iowa concluded the season with 23 wins against only three losses. The Iowa shooters with scores were: Jim Herten, 543; Maurer, 558; Tom Carson, 564; Dave Bradbury, 552; and Wolford, 556. All but Bradbury competed in their last match.

Young, Hines To Head Track Team

Tim Hines, Burlington sprinter, and Jim Young, Waterloo weight man, were elected co-captains of Iowa's 1958 track team Saturday coach Francis Cretzmeier said.

Hines ranks as one of the leading 220-yard men in the conference with a mark of :21.2 made in the Arizona State meet April 5, and Young scores well in the shot put and discus throw.

Tickets on Sale For Alumni Football Game

Reserved seats at \$2 will be sold to the public for Iowa's football game between the varsity squad and the alumni group here May 3.

Francis Graham, business manager, announced Monday that reserved seat tickets would be sold in advance.

He said SUI staff members would be admitted for \$1 and students would pay 50 cents. High school and grade school students can see the game for 50 cents, with tickets sold at the gate similar to the Knoch club plan for Iowa's regular season games.

The game, first of its kind ever staged here, will bring together many members of the 1956 championship Rose Bowl team, as well as some famous Iowa players of earlier years. It will mark the close of the varsity squad's spring practice.

Northey Elected Fencing Captain

Harry Northey, A3, Waterloo, has been elected captain of the 1958-59 fencing team. A sabre man, Northey received a minor letter his sophomore year and a major letter the past year.

Iowa had its best fencing team in history, finishing third in the Big Ten and tenth in the NCAA.

Some of the teams Iowa will meet next season include NCAA champion Illinois, 1956-57 champion NYU, Wisconsin, Notre Dame, Michigan State and the Air Force Academy.

McCann Only One To Beat Russians

Former Iowa wrestler Terry McCann is the only U.S. wrestler having any success against the Russian wrestling team which is competing in the U.S. now.

In both meets between the U.S. team and the Russians, McCann was the only U.S. winner. He pinned his opponent, Vladimir Arsenyan, in both meets in the 125½-pound division.

McCann was NCAA and Big Ten champion at Iowa in 1955 and 1956. He won in the 123-pound class in 1955 and at 115 in 1956.

Gonzales Ups Lead 33-23 Over Hoad

HAMILTON, Bermuda (AP)—Pancho Gonzales, the towering world professional champion, won a tough 5-7, 8-6, 6-4 decision from Lew Hoad Monday to sweep their two-match tennis series here.

The triumph also sent Gonzales into a 33-23 lead in their 100-match series.

In a one-set exhibition, Pancho Segura of Ecuador defeated Tony Trabert of Cincinnati 9-7.

Buck Wins NCAA Gym Title

Iowa Places 4th in Meet

Iowa sophomore Bill Buck has become the third Hawkeye gymnast to win a National Collegiate championship since the sport was revived here in 1948.

Buck captured the NCAA side-horse event Saturday in the national meet at East Lansing, Mich. Iowa for the second straight year finished fourth in the National Collegiate meet.

The Hawkeyes had 46½ points. The meet saw Michigan State and favored Illinois tying for the title with 79 points, while defending champion Penn State was third with 72½.

Buck scored 93½ points to defeat defending champion John Davis of Illinois who had 90 points.

Staffen Carlsson was Iowa's leading scorer. Carlsson finished seventh in the All-Around competition, was fourth in parallel bars and free exercise, eighth in horizontal bars, and tenth in tumbling, for a total of 22 points.

Ted Segura was sixth in parallel bars and ninth in free exercise, while John McCurdy tied for fourth in the trampoline competition. Bob Justice tied for eighth in trampoline.

Previous Iowa National Collegiate champs were Bob Hazlett, trampoline, 1953; and Jim Norman, trampoline, 1954.

The Hawkeyes finished second in the Big Ten gymnastics meet, their highest finish in history. High scorer for the season was Carlsson, who scored 320 points. He was undefeated in free exercise until the NCAA meet.

Segura was second in scoring with 197½ points while Buck had 197 points.

Hawks Play Bradley Here This Weekend

Iowa's baseball team will go after its seventh, eighth and ninth straight wins of the season this weekend when the Hawkeyes entertain Bradley. Iowa will meet the Braves in a single game Friday at 3:30 p.m. and a double-header Saturday starting at 1:30 p.m.

Expected pitchers in the three games are captain Jack Nora, Ron Drennan and Roger Rudeen.

Nora hurled his best game of the season Saturday as he beat Western Illinois, 5-1, in the first game of a doubleheader. The second game of the twin-bill was called at the end of nine innings because of darkness with the score tied, 4-4.

Nora's win in the opener gave Iowa its sixth straight win after the Hawkeyes lost their first four games of the season to Arizona. Nora struck out 18 men while giving up six hits and walking three. Nora helped his own cause by singling in a run in the eighth.

A 2-run homer in the third inning by Les Zanotti provided the runs the Hawkeyes needed to win.

In the second game, the Hawkeyes went into the seventh with a 4-3 lead. But with two out, Gerald Giovanino stole second and came home with the tying run when catcher Dick Weatherly's throw went into center field.

Errors hurt the Hawkeyes in the nightcap as they made seven. Iowa could get only four hits in each game.

Bill Buck
Sidehorse Winner

Ike Delighted As Washington Wins

WASHINGTON (AP)—A peanut-munching President Eisenhower tossed out the traditional first pitch at the season's opening baseball game Monday and then helped cheer the Washington Senators to victory.

Eisenhower expressed delight as the Senators — who finished last in the American League in 1957 — defeated the Boston Red Sox 5-2 before a crowd of 26,675 fans at Griffith Stadium.

He pulled on a first baseman's mitt and lobbed the season's first pitch in the midst of the Boston and Washington players crowded in front of his box.

The scramble for the ball was won by Whitey Herzog, an outfielder for the Senators.

Montreal Favored To Capture Third Straight Title

BOSTON (AP)—The Montreal Canadiens were back in the role of heavy favorite to win their third straight Stanley Cup while marking time Monday before resuming the best-of-seven championship series with the Boston Bruins.

The odds soared upwards on the basis of the Canadiens 3-0 victory which gave them a 2-1 advantage in games Sunday night at the Garden. Originally 5-1 favorites, the odds dipped to 7-5 after the Bruins split two games in Montreal.

"Remember we have a game Tuesday and those Bruins will be just as tough as they have been," was coach Toe Blake's warning to his National Hockey League champions.

The players themselves figured they are over the hump in the series, but aren't taking lightly the Bruins, who finished fourth during the regular season.

100 SUI Men Invited To Finkbine Banquet

One hundred campus leaders among men students at SUI have been invited to attend the 41st annual Finkbine dinner Wednesday at 6:30 p.m. in the main lounge of Iowa Memorial Union, according to Allin W. Dakin, SUI administrative dean.

The dinner, a traditional event on the SUI campus, was inaugurated in 1917 by the late W. O. Finkbine, a former Des Moines businessman and an 1880 graduate of the SUI College of Law, and the late Carl Kuehnle, 1882 graduate of the College of Law from Denison. Finkbine died in 1930, Kuehnle in 1938.

Robert F. Ray, professor, director of the SUI Institute of Public Affairs, will be master of ceremonies for the dinner, the theme of which will be "The Importance of Leadership in the American Way of Life."

Iowa's Attorney General Norman A. Erbe, a 1947 graduate of the SUI College of Law, will represent SUI alumni at the dinner. Lloyd W. Courter, L2. Boone, will give the response for the students attending the dinner. President Virgil M. Hancher will deliver the traditional closing address.

Also attending the dinner will be students still on the campus who were guests at previous dinners, alumni who attended previous dinners while SUI students, and friends of Mr. Finkbine, who endowed the dinner for all students receiving initial invitations to attend. Group singing, a traditional part of the dinner, will be led by Clarend M. Updegraff, professor in the College of Law.

Six Law Juniors Chosen Editors Of Legal Review

Six junior law students were named new editors of the Iowa Law Review, legal periodical published by the SUI College of Law, at a special luncheon Monday at the Hotel Jefferson.

Taking over as editor-in-chief of the law review will be Heinrich C. Taylor, Bloomfield, Assisting Taylor as comments editors will be John Stuart Smith, Burlington; Thomas F. Daley Jr., Davenport; and Lore A. Hawe, Independence. Notes editors of the review will be Robert H. Baker, Humboldt, and John H. Beckstrom, Rockford, Ill.

More than 70 persons heard a speech by John Butler, a 1934 graduate of the SUI College of Law who is now a Chicago attorney. Butler spoke on the value of the Iowa Law Review to practicing attorneys and to the students as a means of training in legal research.

Butler, a former editor of the Iowa Law Review when he was a student, was given a bound volume of the reviews he edited. The volume was presented by the outgoing editorial staff of the review.

City Schools Are Scheduled—Play Festival Starts Today

Four Iowa City High schools will participate in the 1958 high school play production festival which will start at the University Theater today.

The community division of the festival was held last Friday and Saturday.

Fifty-eight Iowa high schools are entered in the festival, which will run through Saturday, April 19.

Students of St. Patrick's high school may be seen today in their presentation of "The Red Velvet Coat," directed by Stanley Jones. St. Patrick's, in class C competition, will be the second group in the series starting at 2 p.m.

Also in class C competition will be St. Mary's high school. Kay Schauland will direct "The Importance of Being Earnest" at 9:30 a.m. Wednesday, April 16.

University High School will also present their play, "Idols," on Wednesday. The play, directed by Douglas Larson, will be fourth in the series starting at 7:30 p.m.

"A Young Lady of Property" will represent Iowa City high school, a class A competitor. Mrs. Phyllis Karr is director of the play, which will be in the group beginning at 9:30 a.m. Saturday, April 19.

The Iowa City Community Theater received a superior rating in the community division of the festival last weekend. In their production of "Midsummer Night's Dream," several members of the group received ratings of superior actor. The superior rating is the highest given.

Among the other plays receiving superior ratings was "Blood Ties," written by Mrs. Vivian Zimmerman of Iowa City, and produced by the Spencer Drama Club. Mrs. Zimmerman is the wife of George R. Zimmerman, assistant professor of pathology in the Medical Laboratory.

The play, in addition to the superior rating, received awards for superior acting. Mrs. Zimmerman said that the unity and structure of the play also received praise from the judge of the community division, Edward L. Kamarch, assistant director of the Wisconsin Idea Theater at the University of Wisconsin.

Mrs. Zimmerman said that "Blood Ties," a one-act play, was written especially for production by amateur groups. The play, which employs only three actors and few properties, is a story of conflict between mother and daughter.

Mrs. Zimmerman said that "Blood Ties" was sent to the Spencer Drama Club by Ronald Gee, SUI drama instructor and festival executive secretary. She pointed out that in tackling a play never before produced the group undertook a doubly difficult assignment. In addition to the ordinary problems of play production, the director must also decide whether the play is worthy of production and how it can be most effectively produced.

Mrs. Zimmerman has written another one-act play, "Do Ye Not Labor," which was produced by the Iowa City Community Theater in a program in May, 1957.

Two other Iowa City groups entered in the community division received ratings of excellent. The Iowa City Woman's Club, which entered "Fog," received an excellent rating and superior acting awards. Several of the actors were judged superior in part of "Anastasia" presented by the Iowa City American Association of University Women.

Married Students Get Compromise

The resolution passed by the State Board of Regents would give the married students the option of signing new leases for \$62.50 per month including utilities or paying \$42.50 monthly and pay for the utilities separately, according to Elwin T. Jolliffe, SUI business manager. There was no provision for refund, he said.

The resolution was passed Friday.

Gordon Strayer, executive director of University relations, said married students had the option of signing either form of the plan until Friday April 11. He said the announcement of the resolution as it appeared Saturday in The Daily Iowan was received from the regents by his office by long-distance telephone. He said a copy had been received Monday by mail from the Board of Regents with the date included.

MARRIED STUDENTS no longer have the option and will apparently have to sign leases with the stipulation they pay their own utilities if they had not already signed leases by last Friday.

Jolliffe said Monday it was still too early to determine whether the students will be able to buy their utilities from SUI at bulk rates or buy directly from the suppliers at retail rates. He said both possibilities are being investigated.

SUI WOULD STAND the cost of meter installation (with dormitory funds) if it were to buy the utilities from the suppliers for resale to married students at bulk rates. The companies supplying the utilities would stand the cost of meter installation if the students buy directly from the suppliers, Jolliffe said.

T. M. Rehder, director of dormi-

tory and dining services, said many of the barracks units in Templin Park were wired for meter service in 1953. Married students in Templin Park were offered a \$24 rent reduction in 1953 if they would, in exchange, pay for their utilities. The proposal was voted down by the Templin group by a ten to seven vote according to Daily Iowan files.

HARRY HAGEMANN, Waverly, chairman of the Board of Regents, said the board discussed the need for lower rental married housing but have so far received no better proposal than the already approved Hawkeye Apartments. He was contacted by telephone.

He said the Board of Regents suggested SUI officials come up with a cheaper plan. Hagemann said the Hawkeye Apartments plan is apparently the cheapest long-range proposal available.

SUI had an opportunity in 1948 to build permanent married housing for an estimated \$5,500 per unit, Hagemann said. There was so much opposition because the costs were considered too high the plan was abandoned, he added.

THE UNIT COST of Hawkeye Apartments, which is \$13,500, is so much higher because the location of the site makes other costs higher, Hagemann said. The estimated cost for utilities is \$3,500 per unit because there are no utilities available at present at the site.

The Board of Regents' resolution was passed Friday at a meeting called to discuss the already regents-approved plan to build Hawkeye Apartments. The construction to be financed by a \$10 rent boost on the present married student temporary structures to become effective the beginning of the summer session.

Weekend Accidents

TWO SUI STUDENTS received minor injuries Sunday evening when their car left Highway 6 four miles west of Coralville and overturned three times. Robert L. Moore, A2, Iowa City was thrown 75 feet as the automobile rolled down a steep embankment on the south side of the highway. Moore received only minor abrasions. James A. Myers, A2, Iowa City, the driver of the automobile, was taken to University Hospital where he was treated for scalp lacerations. Both Myers and Moore were released after treatment. Myers was charged with failure to have his car under control. —Daily Iowan photo by Jerry Mosey.

TWO YOUNG PEOPLE are in serious condition at University hospital as a result of a head-on collision on Highway 149 north of Amana at 12:05 a.m. Sunday. They are: Gary Ahlberg, 20, driver of the car on the left, and Susan Marty, 18, a passenger in the other automobile. Ahlberg, a student at Cpe College, has a fractured palate and badly cut face. He was alone driving north at the time of the accident. Miss Marty, of Cedar Rapids, a passenger in the southbound auto, suffered multiple fractures of both arms and legs. Phillip Bayard, 17, also of Cedar Rapids, was the driver of the car in which Miss Marty was riding. He is in St. Luke's hospital at Cedar Rapids with facial cuts and bruises. The occupants of both cars were taken to Cedar Rapids for emergency first aid at the time of the accident. Ahlberg and Miss Marty were later transferred to University hospital. —Daily Iowan Photo by Jerry Mosey.

Statewide Forgeries Include City Checks

A recent rash of phony check-passing in Iowa is believed to be connected with the bad checks passed in Iowa City on April 3. Detective Lieutenant Harland Sprinkle, of the Iowa City Police Department, said Monday.

Both the Iowa City checks and those passed in the rest of the state were written with a mechanical check writing device.

APPROXIMATELY \$5,000 in bad checks in amounts of \$50-100 have been passed in Iowa and Northern Missouri since April 4. They have been drawn against the account of John Morrell & Co., meat packers in Ottumwa, Baxter R. Smith, assistant cashier of the Union Trust and Savings Bank, Ottumwa, said.

The checks were drawn on the Morrell account in the bank for which Smith work.

Smith said between 100-150 checks have been written on the Morrell account.

THE CHECK PASSERS used names similar to, but not identical with, Morrell officials, Smith said. The name Harry Brazier was used on most of the checks. The name was varied with at least six different initials, Smith said. The name Harry E. Mitchel was also used.

The persons who cashed the checks in Iowa City used the names William Brown and James Lawrence. They cashed checks for \$68.50 and \$65.30 at the two Benner stores, and tried to pass one for \$78.45 at the Mann Implement Co.

The bogus check passing attempt was discovered at the Mann Implement Co. when William H. McManus, president of the firm started

to call the Des Moines firm which the check was drawn against. The man, who called himself William Brown, fled when McManus picked up the phone.

Police Helped By Phi Delt

Forty-five members of the fraternity conducted a count of cars driving through the Iowa City business district looking for a parking place.

Results are not yet compiled but Don Prall, A2, Des Moines, house chairman for the project said, "It is hoped that he survey will justify the need for the proposed parking ramp on Iowa Avenue."

The car count as taken by the men at the corners where Clinton St., Linn St., and Gilbert St. intersect on Iowa Ave. and Washington St.

The survey was organized by City Manager Peter F. Roan and was conducted by his administrative assistant, S. W. McAllister. McAllister said yesterday that results may not be completely indicative since it was taken on a Saturday morning when students would not be in class.

The project was undertaken by the fraternity in conjunction with the national Phi Delta Theta "Community Service Day," a day in which chapters throughout the nation engage in community service projects.

Install Nybakken As Classics Head

Oscar E. Nybakken, associate professor and acting head of the SUI Classics Department was installed as the president of the Middle West and South for 1958-59. Two other members of the faculty gave papers.

The annual meeting of the association was held in Austin, Texas, on April 10, 11, and 12. A 30-state area and the province of Ontario, Canada, are represented in the organization.

Myra Uhlfelder, associate professor of Classics at SUI, read a paper titled "Thesus, the Athenian" and Roger Hornsby, instructor of Classics at SUI, read a paper titled "A Reading on An Horatian Ode."

The annual meeting in 1959 will be held in Milwaukee, Wis.

Economics Prof To Give Lectures In WSUI Series

A Harvard University professor and author will speak tonight and Saturday in the third of a series of five lectures on some aspects of economics in American life.

John K. Galbraith, professor in Economics at Harvard, will be heard over WSUI's Challenge program at 7 p.m. tonight and 9 a.m. Saturday on "The Nature of Social Nostalgia." Galbraith is also author of "Capitalism — The Concept of Countervailing Power" — his economic articles have appeared in Reporter and The Atlantic Monthly magazines.

tion for a landing of about 7,000 troops.

The revolutionary Government called on its forces to stand fast against the Jakarta troops and destroy them.

Padang is in west central Sumatra.

TWO PROMINENT SENATORS

Lyndon Johnson (D-Tex.) and Styles Bridges (R-N.H.) — served notice Monday that Congress will hold fast to its control over appropriations for defense spending.

Briefly the plan calls for concentration of control over military money and missions in the secretary of defense. The departments of the Army, Navy and Air Force would be shorn of much of their present authority.

REP. CARL DURHAM (D-N.C.)

said in Greensboro, N.C. Monday night that 184 Russian submarines — some as close as 7 miles — were sighted off our Atlantic Coast in 1957.

A NEGRO PRE-ELECTION

work protest aimed at the segregationist Government of South Africa flopped dismally Monday Johannesburg reports said. The non-white organizations which sponsored it called off similar stoppages planned for later.

Although no casualties were reported officially, the Johannesburg General Hospital said one Negro was killed and four others wounded by gun fire during a Sophia town flareup.

File Charges Against 11 Auto Drivers

Eleven people were charged with traffic violations over the week end by Iowa City Police.

John Richard Swanson, E2, Plainfield, Ill.; George L. Stanley, G, 411 Finkbine park; Ronald D. Garber, A3, Omaha, Neb., and Lyle J. Harrison, Hilltop Trailer Court were charged with driving on the wrong side of the street.

Richard B. Brownell, Wyoming, Iowa, and Robert E. Brown, Hartwell, Ga., were charged with being off the marked highway.

Frank Daskalos, Mason City, was charged with failure to obey a stop sign at Jefferson and Gilbert streets.

David Carpenter, Cleveland, O., was charged with operating a motor vehicle while intoxicated.

James Wallace McDonald, Arlington Heights, Ill., was charged with delinquent registration of his vehicle.

Carroll H. Winkler, Bismark, N.D., was charged with passing on a yellow line.

Terry O. Nelson, Cedar Rapids, was charged with operating a vehicle without a license. He later produced a license.

NAA Man of the Month Former SUI Student

Eugene R. Donat, Cedar Rapids, a former SUI student and recipient of a doctor of philosophy degree here, has been named "Man of the Month" by the Cedar Rapids Chapter of the National Association of Accountants.

He graduated from Iowa State Teachers College and received his M.A. and Ph.D. from SUI in labor and industrial management. He is now a manager at Collins Radio Co. in Cedar Rapids.

ANOTHER SPUTNIK?

VIENNA (AP)—A Hungarian newspaper says the Soviet Union soon will launch a giant satellite that will loop both the earth and the moon.

Haiti Official Kills Diplomat In Washington

WASHINGTON (AP)—Bullets fired by a disgruntled official of the Haitian Embassy killed a fellow diplomat Monday and touched off a complicated series of diplomatic immunity problems.

Samuel Devieux, 52, died from wounds in the chest and neck. Police said Andre Toussaint, 39, first secretary of the Embassy, admitted the shooting. He had come to Washington only a few weeks ago and last Saturday married an American woman.

An Embassy statement said orders for Toussaint's recall reached the Embassy Monday morning and Toussaint was notified by Haitian Ambassador Luc Fouché. The Embassy said Toussaint went to his home, talked with his wife and returned to the Embassy. The statement said Toussaint took a pistol from his desk, went into Devieux's chancery office and shot him.

Police said they were told Toussaint blamed Devieux, who was minister counselor, for the recall.

Veteran diplomats said it was the first time they could recall that the question of diplomatic immunity has arisen because of a slaying here. The immunity puts foreign diplomats outside the power of U.S. law.

Toussaint's bride is the former Vera Daniels Gray of Washington.

Journalism Professors To International Meet

Leslie G. Moeller, professor and director of the SUI School of Journalism, and William E. Porter, professor and head of the school's program in international communications will attend the seventh annual assembly of the International Press Institute, to be held in Washington, D. C., April 15 through 17.

The assembly, the first held by the International Press Institute in the United States, will bring together more than 80 newspaper editors and publishers from 22 countries outside the United States, as well as more than 50 newspaper representatives from the United States.

The International Press Institute, of which the School of Journalism has been an associate member since the Institute's founding, was established in 1951 in order to promote better understanding among the news executives of daily newspapers in all parts of the world.

Mr. and Mrs. James Jensen, 417 Upland Ave., girl, 6 lbs. and 10 oz., April 14.

Kuhn Compares Religion, Tolerance

People with strong religious affiliations are often less sensitive toward others than those whose affiliations are weak, says SUI sociologist Manfred H. Kuhn.

Prof. Kuhn spoke Monday night on "The Exploration of Attitudes Toward the Self" to a capacity audience in the Senate Chamber of Old Capitol.

Results of tests given to students, said Kuhn, showed that the most poorly adjusted and least religious categories often included the most socially sensitive people. He said there was an inverse relationship between tolerance and adherence to liberal ideas and religion. Tests have also shown that religious people have a greater tendency to be authoritarian.

Prof. Kuhn has conducted these tests in an effort to measure man's "self attitudes" because "the self is the key to the whole system of reciprocal relationships between men." The ability to understand others, says Kuhn, is a function of where a person stands in the social system, but it also depends largely on a person's attitudes toward himself.

In conducting his tests, Prof. Kuhn used a direct approach, as opposed to the indirect approach which never lets the individual know what the interviewer is up to. He sent out questionnaires which asked the simple question "Who am I?"

In response, he received a great variety of answers — ranging from the facetious to the pathetic:

"I am on a minor planet in an unlimited universe."

"I'm nice to people, dogs."

"I have no other ability besides football."

While this testing method had

disadvantages, Prof. Kuhn found some significant relationships, such as the correlation between certain kinds of self acting and religious affiliation, and distinct differentiation between students in medicine, nursing, social work, etc.

Prof. Kuhn also answered charges from humanists that behavioral scientists try to pin down man's spirit or soul to the results of their tests. He said this was pure "poppy cock."

"There is no quarrel between social sciences and humanities," he said. "Both art and science have their basis in man's imagination, in wild guesses how things might be. Sometimes this is grist for the poet's mill, and sometimes it is grist for the scientist's mill."

Convention Splits On Electing Union Distillery Officers

WASHINGTON (AP)—Distillery union officers who seized control of a cleanup convention last fall were formally re-elected to office Monday after another split in the union.

The two top officials, Joseph O'Neill, Chicago, president, and George Oneto, Union City, N.J., secretary-treasurer, were unopposed for election.

But a snarl developed with 13 nominees for 11 vice presidencies.

Disagreeing on the method of election of the vice-president, a dissident group headed by John McKiernan, Louisville, boycotted the voting. They had sought unsuccessfully to force selection of the vice-presidents on a basis of election of the 11 receiving the highest number of votes.

Their proposal was turned down and the election was based upon selection of 11 nominees receiving a majority of the votes cast. Counting ballots showed McKiernan's group mustered behind them 101 of the convention's 294 delegates representing locals throughout the United States and Canada.

Peter M. McGavin, AFL-CIO monitor of the union, said the delegates who refused to vote represented 7,232 union members. Those voting, he said, were representatives of 26,061 union men and women.

Group Suggests Plan To Pick Cheerleaders

A sub-committee of the Pep Council met Monday at the Delta Upsilon fraternity to discuss proposals for a change in the system of choosing cheer leaders. The proposals will be submitted to the Pep Council before they are sent to the Student Council for final approval.

The proposals are: a new point system with a stress on acrobatic ability. A board for choosing the cheer leader to be composed of the cheer leader co-captains, three Pep Council members, and two faculty advisers.

REVERSE CONVICTION

DES MOINES (AP)—The conviction of William M. Pegram, 42, of charges of burglarizing an Iowa bank has been reversed by the U.S. Circuit Court of Appeals at St. Louis.

SUMMER FIELD STUDIES

conducted by WHEATON COLLEGE at its BLACK HILLS SCIENCE STATION, Black Hills, S.D. Sessions: JUNE 20-JULY 10, JULY 18-AUG. 10

Fully Accredited Courses... Subjects include biology, zoology, botany, ornithology, forestry and geology. Courses are taught in the field, with emphasis on seeing and handling material.

Curriculum features "World About Us"—a course designed for elementary and secondary teachers.

Experienced Faculty... Each instructor has spent a number of years in the Black Hills area. Station is well equipped with scientific instruments. Laboratory available for detailed study of field material.

Costs Are Moderate... Well-equipped living facilities. Excellent food, well-planned meals. Planned Field Trips... Students see all parts of Black Hills area. Overnight trips taken each week. You'll enjoy the friendly Christian atmosphere.
