Serving The State University of Iowa and the People of Iowa City

Established in 1868 — Five Cents a Copy

Member of Associated Press — AP Used Wire and Photo Service

Iowa City, Iowa, Friday, May 2, 1953

TAKING TIME OUT from between classes Thursday to check on the tulips planted between University Hall and Macbride Hall was Dinah Wolfe, A1, Jacksonville, Ill. Thursday was the first day this week that Iowans could go without coats. More warm cloudy weather, with a possibility of showers later today, is in store for the Iowa City vicinity. Temperatures are expected to climb to the 70 mark. If the weatherman can be trusted, football fans may expect cloudy and slightly cooler for Saturday. —Daily Iowan Photo by Kathie Harris.

## Student IDs To Get 'New Look' for Fall

Student IDs will be given a new look next year and SU1 students will be relieved of a lot of writing when a charge-plate type identification card will replace the present one.

Purpose of the new card, Ted McCarrel, director of admissions and registrar, said yesterday, is to lower mistakes that are frequently made now by wrong listing of student numbers.

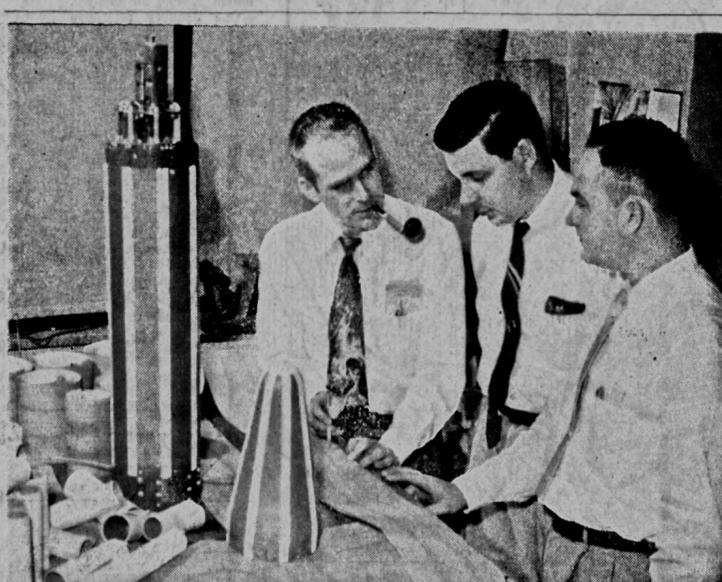

The new card, he said, will list the student name and number in raised type. When this information is given at registration and in other transactions then, the card will be inserted into a small hand register and information will be transferred directly to the paper.

In general appearance, the cards are much the same as the present ones. The SU1 name and symbols will be listed on the side with the student name while the student picture will be on the reverse side of the card.

The new cards will be permanent, McCarrel said, for the student's enrollment at SU1. For university functions, however, a registration card must be presented and these cards will be newly issued each semester.

New ID pictures will be taken May 5, 6, 7, 8, and 9 in the lower hall of University Hall, of present SU1 students who plan to return to school next fall.

## SUI Instruments Show Intense Space Radiation

SHOWN EXAMINING rolls of tape which tell the story of phenomenally high counting rates of unidentified radiation in the orbit of Explorer III, are three SUI physicists. From left to right are Ernest C. Ray, George Ludwig and Carl E. McIlwain. A "spare" of Explorer I is shown on the table. Ludwig designed the cosmic ray detecting apparatus which was carried by Explorers I and III. —SUI Photo.

## Lethal After Exposure of Only 5 Hours

Work Is Begun on New Satellite Instruments

By ROGER DAHMS Staff Writer

SUI physicists are working on a hurry-up program to develop instruments for earth satellites to study mysterious and deadly radiation in space, it was confirmed to The Daily Iowan exclusively Thursday night by an SUI physicist.

The space radiation, so intense that man could not survive longer than five hours at altitudes above 1,000 miles, was reported Thursday to International Geophysical Year scientists in Washington, D. C.

The findings of the U.S. earth satellite program were revealed by SUI physicist James A. Van Allen, head of U.S. satellite instrumentation.

The new instruments are needed to determine the type of space radiation. Present earth satellite equipment records the radiation counts but does not identify the type of rays.

George Ludwig, SUI research associate in physics who designed and built the miniature tape recorder aboard the satellites, confirmed the SUI physicists' work on the new instruments. He did not reveal how soon the new instruments must be completed.

"I am not at liberty to say anything other than we are working on space instruments to study the effect of the radiation," Ludwig told The Daily Iowan.

Ludwig did not elaborate on the proposed instruments. He said, however, that various devices would "eliminate step-by-step" many of the unsolved mysterious elements of outer space.

The instruments would not be similar to his tape recorder, Ludwig said, because the recorder only stored the number and not the type of cosmic rays hitting the satellite.

The radiation information gathered by the Explorers is considered the first major set-back to manned space travel proposals.

The unidentified radiation was so intense at times it "slugged" the radiation counting device into silence, Van Allen said.

The radiation beyond 1,000 miles in altitude is hundreds of times greater than was previously believed, he said.

Counts of radiation on the SUI-equipped Explorer III at times went beyond 35,000 a second. The instruments were geared to count only 128 a second.

About 70 were counted at an altitude of 900 miles and only 20 a second when the satellite was at its lowest altitude near the southern California observing station.

Ray said that if the mysterious radiation is x-radiation, the first space man would need to be shielded with lead or other materials with enough mass and density to block out the invisible radiation.

Should the radiation prove to be x-rays, Ray said, five hours of exposure in space would equal the total radiation intensity which the National Bureau of Standards considers a maximum weekly dosage for industrial workers.

This maximum of 3 roentgens a week is equalled in five hours of space. This amount is not crippling nor lethal, Ray said, but enough to cause further studies before a space venture by man is attempted.

Ray said the radiation picked up by Explorer III at its highest altitude of 1,700 miles became so intense that he geiger tube was jammed.

To determine the cause, a standby of Explorer I was irradiated by an x-ray machine to test the instrument response to the intense radiation.

From this test it was calculated that there was radiation exceeding 35,000 counts.

Ray believes that electrons from the sun reacted with the stainless steel shell of the satellite to produce x-rays within the space package. "But we have little concrete evidence concerning the nature of this radiation," Ray said. "These results from the Explorers have raised many questions in our minds."

## Ike Wins Victory on Relief Payments Bill

WASHINGTON — The tug of war over how to fight the recession Thursday produced an Eisenhower victory on jobless relief and a call from Secretary of Labor Mitchell for a decision about tax cuts within 30-60 days.

The House voted 370-17 for the Administration plan for temporary expansion of the state-handled unemployment compensation systems.

It did so after jinking 223-165 a rival proposal which would have set up outright relief grants from a \$1 1/2 billion federal fund.

Republicans and conservative Southern Democrats, who agreed with Mr. Eisenhower that grants would be a dole, handed him the victory.

The Eisenhower plan calls for a 50 per cent extension of the time in which insured workers could collect benefits, or an additional 13 weeks in most states. States would eventually pay the \$600-million cost by means of payroll taxes or otherwise.

The tax suggestion by Mitchell amounted to proposing a deadline that would be reached on later than June 30.

He told a news conference, devoted to the question of how to overcome the recession, that he sees no solid improvement ahead.

At the same time, Mitchell said he agrees with President Eisenhower that the recession seems to be flattening out.

While the House debated its way toward a vote on broadly expanding jobless pay benefits, another parade of witnesses gave a Senate House Economic subcommittee these views on what to do:

1. SPOKESMEN for the AFL-CIO, the National Grange, the National Farmers Union, and the Americans for Democratic Action all called for quick tax cuts.

2. THE AMERICAN Farm Bureau, largest and most conservative of farm organizations, reported it found no reason for major federal action.

3. THE NATIONAL Association of Manufacturers called for an effort to deal with the underlying causes of both inflation and recession.

4. THE COMMITTEE for Economic Development said that if the economic decline continues through May, it would wait no longer on calling for a big tax cut.

Secretary Mitchell suggested his deadline in these words: "If there is a bolstering of the economy necessary — and that determination has to be made reasonably soon — then, as opposed to any other form of government action, such as a large scale public works program, I would favor a tax cut."

"I think a decision should be made reasonably soon as to what needs to be done. I think within the next 30 to 60 days."

HUNT 6-YEAR-OLD ST. LOUIS — A citywide search was in progress Thursday night for a 6-year-old girl who vanished from her tenement district home at 7 p.m. Wednesday.

Police could find no trace of tiny, big-eyed Kathryn (Kathy) Hampton, daughter of Mr. and Mrs. James Hampton. "Somebody must have carried her off," her father said.

## Flights To Be Cut by U.S. If Reds Accept Arctic Plan

WASHINGTON — The U.S. offered Thursday to consider cutting down its H-bomb flights in the arctic if the Soviet Union accepts the U.S. North Pole inspection plan.

Secretary of State Dulles made the proposal at a news conference. He emphasized that Soviet acceptance or rejection will affect the question of whether President Eisenhower goes to a summit conference.

Dulles' olive branch mood matched that of Mr. Eisenhower at a news conference Wednesday. The President said then he felt more sadness than anger at Russia's derisive rejection of his arctic inspection plan and at Soviet outcries against U.S. nuclear alert flights in the area.

The Soviet Union Thursday was under mounting pressure — some coming from satellite nations — to avoid a flat turnout of President Eisenhower's arctic military inspection plan.

This was the situation in advance of Friday's meeting of the U.N. Security Council, where indications up to now had pointed to a Soviet veto of the U.S. proposal. It aims to eliminate any threat of massive air attack across the polar regions.

Dulles disclosed new secret approaches to the Soviets, in Washington and New York, in an effort to sell the Soviets on the polar proposal. If accepted, he said, the proposal could mark a turning point in the cold war and possibly bring further disarmament agreements.

While Dulles' news conference dealt mostly with this issue, he also said:

1. The United States hopes to have normal friendly relations with the United Arab Republic — that U.S. release \$26 million in foreign Egyptian assets was almost automatic when President Nasser reached agreement on compensating former owners of the Suez Canal.

2. President Eisenhower has not yet decided whether to suspend nuclear tests after this summer's series in the Pacific, but the question is being closely studied.

MAY HAVE PREMIER PARIS — Premier-designate Rene Pleven said Thursday he will know within 24 hours whether he can form a Government to succeed the Cabinet of Felix Gaillard. The outcome depends on the Socialist party answer to Pleven's request for Socialist participation in a broad coalition. The coalition would be based on a one-year emergency program to end the Algerian rebellion, bolster the franc and revamp the French overseas union.

NEHRU TO RETURN NEW DELHI — Prime Minister Nehru Thursday turned aside a Congress party request that he stay at India's helm, but promised to return after a vacation. Nehru caused consternation in his party when he announced Tuesday he wants to leave the prime ministry and his other offices and concentrate on the major problems facing India and the world.

RECESSION? JACKSONVILLE, Fla. — If there are hard times, the head of the FHA said Thursday he hasn't been able to find them. Norman P. Mason of Washington, FHA commissioner, said in Detroit, FHA applications last week were 50 per cent higher than the corresponding week of last year.

BERLIN — Steel-helmeted, goose-stepping soldiers led a march of several hundred thousand workers through East Berlin Marx-Engels Square.

In West Berlin, Socialist Lord Mayor Willy Brandt told 50,000 people at a trade union demonstration that they must not accept the advice of false friends — the Communists. But he criticized the plan to arm West German soldiers with nuclear weapons.

TOKYO — About 300,000 Japanese demonstrated peacefully, supporting the Socialist party's call for the defeat of the Conservative Government in forthcoming parliamentary elections.

NAZARETH — Communists battled Laborites here Thursday in riots that left 80 persons injured. Stones and broken glass littered many of Nazareth's cobbled lanes.

Twenty policemen were among the injured. The other casualties, including 10 sightseers from outside Nazareth, were about equally divided between Arabs and Jews.

VATICAN CITY — Pope Pius XII told workers that laborers should follow a Christian road to better working conditions.

BERLIN — Steel-helmeted, goose-stepping soldiers led a march of several hundred thousand workers through East Berlin Marx-Engels Square.

In West Berlin, Socialist Lord Mayor Willy Brandt told 50,000 people at a trade union demonstration that they must not accept the advice of false friends — the Communists. But he criticized the plan to arm West German soldiers with nuclear weapons.

TOKYO — About 300,000 Japanese demonstrated peacefully, supporting the Socialist party's call for the defeat of the Conservative Government in forthcoming parliamentary elections.

NAZARETH — Communists battled Laborites here Thursday in riots that left 80 persons injured. Stones and broken glass littered many of Nazareth's cobbled lanes.

## Semi-Truck Breaks 'Bridge Barrier' On Iowa Avenue

Truck driver John J. Short Thursday night accomplished what many before him have been unable to do. He managed to squeeze his 11'3" semi-trailer under the 10'9" Crandic railroad bridge over Iowa Avenue.

His truck, partially loaded with petroleum products, did not escape undamaged, however. The 34'1" roof of the trailer was sheared off and crumpled into a 5 foot wad on the pavement. The bridge, as usual, wasn't damaged.

Short, who drives for the Wanda Oil & Grease Co. of Oklahoma City, wasn't hurt. He was charged with driving off a marked highway by Iowa City police.

Other trucks have struck the bridge in the past, but all were jammed before getting through. Four trucks hit the bridge last year. The last was on Nov. 27, 1957.

Most truck drivers wander into the bridge by making a wrong left turn onto Iowa Ave. Instead of Burlington St. from Riverside Drive, Short, however, was off the beaten track because through trucks are being detoured around Iowa City while Highway No. 6 is being widened.

The arrest was based on a Federal court order restraining the Golden Rule and its crew from leaving Honolulu and forbidding it to enter Eniwetok atoll in protest of nuclear bomb tests there.

RECESSION? JACKSONVILLE, Fla. — If there are hard times, the head of the FHA said Thursday he hasn't been able to find them. Norman P. Mason of Washington, FHA commissioner, said in Detroit, FHA applications last week were 50 per cent higher than the corresponding week of last year.

## SUI Plans 'Honors Study' For Superior Students

A program of honors study for superior students will be started at SUI in September, Dewey B. Stuit, professor and dean of the College of Liberal Arts, announced Thursday.

Top-ranking freshmen will be eligible for consideration, as will upper classmen in departments that have by next fall worked out plans for the program.

The new honors system was approved Wednesday by the Liberal Arts faculty. It had been approved April 10 by the SUI Educational Policy Committee.

The purpose of the program is to identify and guide superior students and give them "optimum opportunities in both general studies and in areas of specialization," Dean Stuit said in the announcement.

Students successfully completing the program will be graduated with honors at commencement.

Here is how the program will work: The top 5 to 15 per cent of entering freshmen will form a "reservoir," from which honors students will be assigned a faculty sponsor, who will act as a general advisor during the freshman and sophomore years. Students who have a departmental preference will be assigned an advisor in that department.

Honors candidates will still have to take the core courses, although they will be expected to take special sections.

Honors candidates will have to complete at least six semester hours of special work. Each department will assign what this type of work will be.

Special work could include discussion-type courses, seminars, frequent short papers, individual readings or projects, a thesis, or some combination of these.

Each department will set a minimum grade-point for eligibility, and candidates will have to take special examinations over their outside work. These tests will be given when the candidates are second-semester seniors.

Dean Stuit will appoint a "Director of Honors" to administrate the program. In addition, each participating department, each participating core course and faculty advisors will form an Honors Council to operate the program.

## Tickets Available For Seals Show

Tickets at 75 cents per person are still on sale for the 1958 Seals Show to be held at 8 p.m. today and Saturday in the Fieldhouse swimming pool.

"Rhythm in Aqua" is the theme of the show, which will have nearly 20 spectacular water acts. Diving solos and several novelty numbers will also be given.

Tickets may be obtained from Whetstone's Drug Store, Seals members, a special booth in front of Old Capitol or at the door before the performance. No reserved seats are available.

## Russia Stages Peaceful May Day; Riots Elsewhere

MOSCOW — A million Soviets bearing peace banners marched through Red Square Thursday behind Moscow's smallest and least bellicose May Day military display in years.

Unlike the lengthy demonstrations of weapons shown in the past, the military phase of the parade lasted only 15 minutes and apparently included no new arms. Nor was there the usual air force fly-past.

The big guns and rockets of nuclear capability unveiled in last year's parade were missing. The military sampling consisted of paratroopers, antiaircraft guns, conventional rocket launchers on trucks and tracked carriers, field pieces and personnel carriers.

Premier Nikita Khrushchev and other top Soviet leaders shared their place of honor atop the Leninist mausoleum with President Nasser of the United Arab Republic, visiting there.

Elsewhere, May Day celebrations took various turns:

## School Study Council Elects New Officers

New officers for the executive board of the Iowa City School Study Council were elected at the Council's reorganization meeting Tuesday night.

Members elected include: president, Ray Thiele; vice president, Mrs. Thomas Ayres; secretary, R. E. Froeschle, recreation manager of the Iowa Memorial Union; treasurer, Richard Gerlack, manager of the SUI Campus Stores; and members at large, B. F. Patrick, Robert Alderman and Jack Layton, SUI associate professor of pathology.

Finishing the business of the preceding year, the Council voted to approve two amendments to the constitution.

Amending the constitutional article which concerned the duration of the council's life span, members voted to make the council a continuing organization with no official ties to the Iowa City School Board.

The constitution had formerly stated the council would exist for one year and at the end of that time would be continued by a decision of the executive board and the approval of the school board.

The other amendment concerned council membership. The approved amendment states that any resident of Iowa City of voting age can become a member of the council by paying membership dues.

RECESSION? JACKSONVILLE, Fla. — If there are hard times, the head of the FHA said Thursday he hasn't been able to find them. Norman P. Mason of Washington, FHA commissioner, said in Detroit, FHA applications last week were 50 per cent higher than the corresponding week of last year.

BERLIN — Steel-helmeted, goose-stepping soldiers led a march of several hundred thousand workers through East Berlin Marx-Engels Square.

In West Berlin, Socialist Lord Mayor Willy Brandt told 50,000 people at a trade union demonstration that they must not accept the advice of false friends — the Communists. But he criticized the plan to arm West German soldiers with nuclear weapons.

TOKYO — About 300,000 Japanese demonstrated peacefully, supporting the Socialist party's call for the defeat of the Conservative Government in forthcoming parliamentary elections.

NAZARETH — Communists battled Laborites here Thursday in riots that left 80 persons injured. Stones and broken glass littered many of Nazareth's cobbled lanes.

# The Daily Iowan

The Daily Iowan is written and edited by students and is governed by a board of five student trustees elected by the student body and four faculty trustees appointed by the president of the University. The Daily Iowan's editorial policy, therefore, is not an expression of SUI administration policy or opinion in any particular.

Page 2 FRIDAY, MAY 2, 1958 Iowa City, Iowa

## 'You Auto Buy Now—or Else!'

By ANDREW BYERLEY

Iowans had confidence in the State Board of Regents in 1898. People were confident the Regents were dimwits. In 1898 the Regents began searching for a new SUI president. Iowans laughed.

"THIS WILL BE worth watching," people chuckled.

The Regents advertised for a president to replace Charles Schaeffer who had died in September, 1898. Men from around the nation applied for the job.

One January afternoon Board members sat around a table piled with letters of application. The Regents read the letters.

"THESE applications all look alike," one Board member grumbled. The Regents decided they had better interview the candidates.

The Regents listened to interviews. The candidates were all qualified for the job. The Regents frowned.

"THESE INTERVIEWS all sound alike," Regents told one another.

The Regents interviewed presidential candidates all winter. Newspapers and magazines around the nation began praising the Iowa Board of Regents for selecting a president carefully.

Harper's Weekly magazine said, "the discussion going on in Iowa, as to the vacancy in the presidency of its University, illustrates a breadth of view which is really remarkable."

IOWANS PROUDLY read stories about the Regents and stopped calling Board members dimwits.

By June the Regents still could

not decide which candidate to hire. Board members listened sullenly to interviews. A few Regents dozed.

Iowans boasted the Board of Regents was being careful and wise.

On June 7, 1899, Iowa Governor Leslie Shaw attended a Board meeting. The Regents interviewed George MacLean, a professor from Nebraska.

MacLEAN STARTED to tell the Regents his qualifications. Governor Shaw interrupted.

"What college did you attend?" the Governor asked. MacLean said he had attended Williams College in Massachusetts.

"That settles it for me!" the Governor told the Regents, and he advised the Board that anyone who attended Williams College would make a fine president.

On the afternoon of September 28, 1899, Governor Shaw stood on the east steps of Old Capitol. The Governor turned to a man beside him.

"I do declare you, George MacLean, elected president of this University of Iowa," Governor Shaw said. A crowd of 3,500 cheered, and people called for a speech from the Regents.

A MEMBER of the Board of Regents stepped forward and said that anyone who graduated from Williams University would make a fine president. Iowans cheered and the Regents proudly stood up and bowed.

Governor Shaw laughed quietly.

(Based on information found in SUI records.)

## General Notices

General Notices must be received at The Daily Iowan office, Room 201, Communications Center, by 8 a.m. for publication the following morning. They must be typed or legibly written and signed; they will not be accepted by telephone. The Daily Iowan reserves the right to edit all General Notices.

**THE P.H.D. FRENCH EXAMINATION** will be given on Monday, May 12 from 7-9 p.m. in Room 309 Schaeffer Hall. No registration is necessary. Students with questions who plan to take this examination in the summer or the fall please see Prof. Christofides at that time.

**VETERANS** — Each P. L. 550 veteran must sign a VA Form VB 7-1996a to certify his attendance April 1-30. A form will be available at the window outside the Veterans Service in University Hall beginning Thursday, May 1. Regular sign-up will continue May 2 and May 5. Office open hours are 8:30 a.m.-12:00 noon and 1:00 p.m.-4:30 p.m.

**PARKING** — The University parking committee reminds student motorists that the 12-hour parking limit applies to all University lots except the storage lot south of the Hydraulics Laboratory.

**1958 ACTIVITIES OPEN HOUSE** — All SUI organizations wishing to arouse interest in their activities and boost their membership, may do so by taking part in this fall's Activities Open House during 1958 orientation. Address requests for information regarding participation in this function to Activities Open House; Office of Student Affairs; Room 111, University Hall; Iowa City, Iowa.

**CANDIDATES** in the recent all-campus elections may pick up their application photographs any afternoon this week in the Student Council office in the Iowa Memorial Union.

**FAMILY NITES** at the Fieldhouse for students, staff, faculty, their spouses and their families on the second and fourth Wednesdays of each month. Recreational swimming and family-type activities will be available from 7:15 to 9:15 p.m.

**WOMEN'S GYM** — There will be recreational swimming at the Women's Gymnasium on Monday, Tuesday, Thursday and Friday from 4:15 to 5:15. All women students, staff, and faculty members are invited.

**YWCA BABY SITTING** — A baby-sitting service to the residents of Iowa City is being offered by the Personal Service committee of the Y.W.C.A. Call x2240 to make arrangements for transportation and price.

**PENGUIN SWIMMING CLUE** for University women will meet on Wednesdays from 4:15 to 5:15 until the end of the school year.

**PLAYNITES** for students, staff and faculty and their spouses at the Fieldhouse each Tuesday and Friday night from 7:30 to 9:30 p.m. Admission will be by faculty, staff or student I.D. Card. The Weight Training Room will be at the following times: Mondays, 4 to 6 p.m.; Wednesdays, 4 to 6 p.m.; and Fridays, 4 to 6 p.m.

**SCHOLARSHIP APPLICATIONS** — Undergraduate students interested in obtaining information about scholarships for the 1958-59 school year are advised to check with the Office of Student Affairs. Requests for scholarships from students now in school must be made before June 5, 1958.

**UNIVERSITY COOPERATIVE BABY-SITTING LEAGUE** — The book will be in charge of Mrs. John Baldrige from April 29 to May 13. Telephone her at 8-3821 if a sitter or information about the group is desired.

**OFFICIAL DAILY BULLETIN**  
University Calendar  
FRIDAY, MAY 2, 1958

All day — Annual Labor Short Course — Continuation Study Center.

9:30 p.m. — Baseball game, SUI vs. Wisconsin.

8 p.m. — A lecture by Dr. Clarence P. Berg, Department of Biochemistry celebrating the 50th anniversary meeting of the National Council of Gamma Alpha. "Men, Food and Chemistry." — Room 321, Chemistry Building.

Saturday, May 3  
1:30 p.m. — Doubleheader, SUI vs. Northwestern.

Saturday, May 3, and Sunday, May 4  
Mother's Day Weekend.

Sunday, May 4  
12:30-9:30 p.m. — Circulation Short Course, House Chamber, Old Capitol.

Monday, May 5  
8:30 a.m. to noon — Circulation Short Course, House Chamber, Old Capitol.

2:00 p.m. — University Newcomers Club Tea — Home of Mrs. J. W. Deegan, 250 North Street.

8 p.m. — Humanities Society — Shambaugh Auditorium.

Wednesday, May 7  
8 p.m. — SUI Symphony Band Concert — Iowa Memorial Union.

Friday, May 9  
Supreme Court Day — Old Capitol.

## GM Denies Better Offer Rumors

DETROIT (AP) — General Motors Corp. Thursday firmly denied reports it might come up with a better offer to the United Auto Workers before the deadline of contract expiration May 29.

Such reports have been circulating in the industry for the past two days.

Vice-President Louis G. Seaton, GM's chief negotiator, told a news conference the company is standing firm on its offer to renew wage increases and fringe benefits provided in the present contract.

"That's where we stand and that's where we are going to stay," Seaton said. "We do not have any other offer under development."

Seaton said the company feels it has a broad responsibility to its shareholders, employees and the nation as a whole to stand firm.

But he said this did not mean keeping the status quo. He said GM's offer meant workers would get a minimum of \$7 million a year more. He estimated union demands would mean a cost increase of at least \$511 million.

Seaton had no comment on the reports that GM, Ford and Chrysler were getting together behind the scenes on bargaining policy. Along with these reports came the rumors that a juicier plan would be offered the union by the Big Three.

So far the companies have made identical responses to union demands.

UAW Vice-President Leonard Woodcock described GM's stand as a tactical maneuver. He said the union had considered and rejected the company's offer which provides an annual wage increase of at least six cents an hour, plus cost of living allowances.

## Pioneering Traditions Keep U.S., Israel Friendly: Una

By TED RASMUSSEN  
Staff Writer

Isaac C. Una, Israeli Counsel for Cultural Affairs in the Mid-Western United States, told Iowa City Rotarians Thursday that the friendly relations between the United States and Israel during Israel's first ten years as an independent state are in part due to the pioneering traditions of the two nations.

Friday was the tenth anniversary of the independence of Israel. Una said that both the United States and Israel were founded by people fleeing from persecution

## SUI To Host Science Frat Convention

The 1958 national convention of Gamma Alpha, graduate scientific fraternity, opens today on the SUI campus.

More than 20 delegates are expected to attend the event from Johns Hopkins, Ohio State, Harvard and Cornell Universities and from the Universities of Iowa, Minnesota, Illinois, California and Missouri. The convention will end Saturday.

Friday sessions of the meeting will consider national policy and include election of national officers, according to Gene F. Lata, assistant professor of Biochemistry at SUI and a member of the organization's national council.

C. P. Berg, SUI professor of Biochemistry, will be principal speaker at 8 a.m. today at an open meeting of the group in Room 321 of the Chemistry Building.

Berg's topic will be "Man, Food and Chemistry." The public is welcome to attend.

Arthur Popham, president of the national group and professor of Botany at Ohio State University, and Albert Carlson, Iowa chapter president and research assistant in Zoology at SUI, also will speak briefly.

The open meeting will be preceded by a dinner at Iowa Memorial Union, which will be attended by local members and by delegates from the other institutions. More than 70 students and 20 faculty members at SUI are members of the organization.

The national group was founded in 1898. The Iowa chapter was established in 1916. The local group sponsored a Science Day in 1957 for high school pupils in Iowa City, and staged another scientific exhibition for visitors to the recent Old Gold Days at SUI.

Roy Cleeland, G. Glenside, Penn., is vice-president of the local group, and Lou Barnett, G. Lexington, Ky., is secretary-treasurer. Robert Thorne, associate professor of Botany at SUI, is national treasurer for the organization.

## Five Industries Locate in Iowa

DES MOINES (AP) — The Iowa Development Commission reported Thursday that the state's industrial growth last month included five new industries and expansion of two others.

These new industries were added, the commission said: Major Brands, Inc., Chicago, establishment of a branch plant at Corning for production of dairy products. About 50 persons will be employed.

A Guthrie Center firm, opening the Carroll Egg Co., at Carroll for processing and packaging of eggs. About 30 persons to be employed.

Lund Products, Inc., Maynard, Mass., establishment of a branch plant at Ottumwa for manufacture of agricultural knives. Approximately 50 persons will be employed.

Eiber Glass Products, Inc., newly organized in Manson for production of fiber glass boats. Ultimately 15 persons to be hired.

Nebraska Food Packing Co., transfer of its entire operation to Britt for packaging of skim milk dry powder. Ultimate employment is set at 45.

Ocoma Foods Co., Carroll, and Bourns Laboratories, Ames, announced expansion programs, the commission said.

## Smithsonian Institution Seeks Hope Diamond

WASHINGTON (AP) — The Smithsonian Institution is negotiating to acquire the Hope diamond, fabulous 44 1/2-carat stone once owned by the late Mrs. Evelyn Walsh McLean of Washington.

Leonard Carmichael, secretary of the institution, said Thursday discussions are under way with Harry Winston, a New York jeweler and the present owner.

Legend has it that the stone was fished from a Hindu temple, was once the property of French royalty and was given to Marie Antoinette by Louis XVI.

The late Edward B. McLean, then publisher of the Washington Post, bought it from a dealer shortly after the turn of the century for Mrs. McLean. He was re-

whose dream was to establish a new and better society.

Una told the Rotarians that during Israel's ten years of independence, her population has swelled from 650,000 to over 2,000,000 today.

Una said that during Israel's next ten years, many more immigrants are expected to flow into the new nation. A problem, he said, lies in finding pioneers who are willing to reclaim the thousands of acres of desert land which lie within Israel's restricted borders.

Una said that Israel was grateful for the help she has received from the United States. He said that many people imagine Israel as a sort of "cross breed between a cow and a giraffe — feeding in the United States while being milked in Israel." This concept of Israel is false, said Una. Israel is doing its part to repay the debt that it owes the United States by helping other nations.

Una said that through United States help, many competent technicians have been trained. He said that in turn, Israel is helping to train and to advise people in many countries in need of similar assistance.

Una attributed many of the problems in the Near East to the fact that the area has been virtually unaffected by the revolutionary events of the past two centuries until very recently. The Near East he said, is undergoing in the space of a few years, the industrial and social revolutions that came about very gradually in the West.

Una said he believes that much of the "hate Israel" feeling in the Arab nations is perpetuated through a desire on behalf of the Arab leaders to conform to the general concept of "Arab unity." Whenever the leader of one of the Arab states seems to be losing some of his hostility toward Israel, said Una, pressure from other states forces him to regress to an unmitigated anti-Israel attitude.

The congenial career diplomat said that the Near Eastern area is emerging from years of economic underdevelopment, with suspicion. "The controversies between Israel and the Arab nations," said Una, "are perpetuated largely through emotional problems rather than through problems of a political nature."

The general Near Eastern problem, said Una, has been complicated recently as the struggle between Communism and the West has been superimposed over the problems of a regional nature.

Una said that he believes that Near East political problems must be approached with conservatism and caution in the hope that they can be gradually resolved through the years.

## New Site for U.S. Building In Ft. Dodge

WASHINGTON (AP) — Selection of a new site on Eighth st. between Second and Third aves., South, for a proposed new federal building in Ft. Dodge, Iowa, was announced Thursday.

Franklin Floete, General Services administrator, said the new site will provide better public access than a proposed site announced Feb. 12. The earlier selection was on Third ave., South, between Eighth and Ninth sts.

Floete said acquisition of the first site was deferred to give consideration to alternative proposals by interested individuals and groups.

The new site comprises about 42,000 square feet. Floete said it consists of a tract and dwelling belonging to the YMCA and about one-half of the city-owned parking area extending from Eighth to Ninth sts. on Second Ave.

The proposed combination post office and courthouse has been approved for construction under the lease-purchase program. Maximum cost has been set at \$1,980,000.

## Will Establishes Church Education Scholarship Fund

DES MOINES (AP) — A Des Moines woman's will directs that a trust fund be set up to provide financial aid for college educations for young men "entering a life of service to the church."

The will of Mrs. Ida Preston was on file in Polk County probate court Thursday. Her estate is estimated to be worth several hundred thousand dollars.

Mrs. Preston, 78, died here March 25. She was the widow of Elmer O. Preston, secretary of the former Chamberlain Laboratories here.

The will provides a \$5,000 bequest to Mrs. Preston's niece and directs that the remainder be placed in "The Elmer O. and Ida Preston Educational Trust."

Trustees of the trust are to use the income to make either loans or outright gifts for education of "worthy, talented, industrious and needy Christian young men of Protestant faith residing in Iowa."

The will also directed that the state be turned over to Simpson College at Indianola if the courts

## A Tax Cut Is Necessary

Adlai Stevenson Wednesday joined the growing number of public figures who have spoken in favor of a tax cut as an anti-recession measure.

From an analytical viewpoint — that of the economist — a tax cut for individuals would undoubtedly strengthen the demand for goods — consumer goods demand initially, and as demand exceeded productive capacity, producer's goods.

It would help speed the recovery from the recession, both by directly increasing demand for consumer goods, and by increasing the prospects for profit, leading to investment and more money in circulation; all pressures for recovery.

But this would only be true if Government spending continued at the same or greater levels (or private investment recommenced). If Government spending were reduced to compensate for the loss in revenue, the tax cut would not only be of no help — the reduction in Government spending it would occasion might depress the economy more than if nothing were done.

As far as most economists who have gone on record so far are concerned, it is not a question of whether or not there should be a tax cut, but of what magnitude?

Ideally, the Government should also increase its level of spending (this has been offered as an alternative to a tax cut) and some action has been proposed in Congress (river

buildings, highway construction, post office improvements, etc.). Both approaches would help to get the economy back to health. The drawback to public project alone is that they cannot be turned on and off as conditions change.

And of course, at the present time spending means a greater deficit, and a tough political row to hoe. Unfortunately, most people in position to influence legislation — and the majority of economically naive voters — look at Government spending in the same way they look at spending by the individual. And they are far from the same. Total spending by the individual (i.e., the decision to save, to hold reserves, or to invest) does not affect his level of economic activity very much — but it makes a tremendous amount of difference to an economy.

The impact of debt, its implications, and handling are completely different in the two instances — yet too many people see only the very superficial similarities. This is not to recommend reckless, ill-considered spending; spending must be intelligently done.

Because of these political considerations, increased spending at a level that will appreciably help (and increased defense spending seems to have already been a boost) will probably not be made.

But whether or not more Government spending can be evoked, a tax cut should be made, and the sooner the better.

## Engel's Bridge Angles

Michael Engel

The first in what we hope to be an annual series of team-of-four matches between SUI and Iowa State College will take place tomorrow, under the sponsorship of the Union Board. The contest is a two-session event, starting at 2:30 and 7:30, and will be held in room 200, Communications Center. All kibitzers are welcome.

Our friends from Ames have a fine team, consisting of Mr. and Mrs. Joe Kivel, Cliff Colvin, and George Lutz. SUI will field Lewis Barnett, Theodore Shedroff, Jon Weinberg, and myself. The consensus seems to indicate a close but interesting battle.

Let me return now to the topic of opening leads, which I began discussing last week. We'll start with the problem of leading against a slam.

The principal dilemma arises when you hold an ace: should you lead it? The answer depends on various factors, the primary ones being your holding otherwise and the bidding.

If you hold a possible or sure trump trick, like Qxx or QJx, it is generally wise to lead the ace and sit back to collect the setting trick. Similarly, holding the king in a side suit bid by declarer, you have a good chance to make the king, since the ace is probably to your right. Hence, cash your ace and wait for the set.

There is one more situation where it may be advisable to lead an ace. That is when the oppon-

fashion: 1S, 3S, 6S. There is a possibility that partner holds the king and two quick tricks are in the bag.

In other cases or in No Trump, it is much more difficult to state whether the ace should be led or not. With an ace in dummy's suit, it may be disastrous to lead it; declarer may be void and the whole suit sets up. There are numerous instances in which the lead of the ace hands declarer the contract, either by setting up some side suit or by giving him valuable timing.

Of course, if you hold a potential outside trick, you lead that suit first. For example, with the KQ in a suit you lead the king. Presumably you will get in with your ace to lead the established queen, hoping declarer has at least a doubleton.

With the exceptions noted above, then, I tend not to lead aces, especially in No Trump slams.

A much more frequent situation is in leading against a 3NT contract, partner having passed throughout. I will not bother to mention the obvious leads from sequences, such as KQJ or QJ10, which make ideal openings. I turn instead to less-trivial positions.

The chief point to recognize is that there is no longer of declarer's trumping your long suit. Therefore you usually lead your longest suit to enable you to run it. Here the old bromide about not leading

With a five or six-card suit and some entries, lead that suit.

Your longest suit, unfortunately, is often a 4-carder. Again you must frequently lead from a king. The person suffering from a king complex is not going to set his proper share of contracts. Actually, I dislike leading from queens far more than from kings, for it solves declarer's two-way finesse problem. Furthermore, if partner holds the jack, declarer picks it up and then proceeds to finesse you out of the queen, obtaining three tricks. This occurs when dummy holds K9x and declarer has A10x.

If you hold an assortment of high cards, however, it may be preferable to make a passive lead to avoid sacrificing any tricks. Suppose you hold

S-9xx  
H-KJx  
D-AQ10  
C-Qxxx

The best, or at least safest lead, is probably the 9 of spades, with the object of letting declarer attack the other three suits.

Another common situation occurs when the adversaries have bid three suits, winding up in 3NT. Frequently a winning lead is the unbid suit; you have a good chance to hit partner's strength.

But even with all these rules and advices, there is still a large element of guessing. The good player is the one who guesses better than others. Here's hoping that our guesses tomorrow will be successful and produce the proverbial kill-

## Plan Red Carpet Weekend For Mothers of SUlowans

By DONNA BLAUFUSS  
Staff Writer

Mothers will receive a red carpet welcome this weekend as SUI sons and daughters prepare special programs for them during the University Mother's Day activities.

Kicking off the plans at the Alpha Chi Omega sorority house Saturday afternoon, the girls will have a buffet luncheon for their parents. Afterwards, the mothers and daughters will attend a tea at the home of Mrs. Andrew Garvy, an alumna. During the tea, the fathers will be entertained with a coffee hour at the house. Mothers have been invited to stay at the house for the night and will be guests at a cozy at 12:30 a.m. in their honor.

Parents also will be invited to Sunday dinner at the house.

**FORMAL PLANS** at the Delta Gamma house include moms and dads, as they will accompany the coeds and their dates to the dinner-dance in their best bib and tucker. Sunday morning breakfast at the Airport for the girls and their mothers will follow an evening's stay in the house for the mothers.

An introduction tea Saturday afternoon for the pledges, new initiates and their mothers is planned at the Chi Omega sorority house. Mothers will be entertained at a cozy Saturday night after closing hours and will stay with the girls for the night.

Formal breakfast Sunday morning at the Delta Zeta house will be served to the mothers who are staying there this weekend. The girls will take their mothers out for Sunday dinner and will return for a tea from 3 p.m. to 4:30 p.m. Each mother will receive a mother's pin and a rose, the sorority flower. A meeting of the Mother's Club will follow the tea.

**TURNABOUT** is fair play, and the members of Sigma Delta Tau sorority will watch a skit presented by their mothers, after which they will put on a skit at their cozy Saturday night.

Other sororities, including Kappa Kappa Gamma, Delta Delta Delta, Gamma Phi Beta, Pi Beta Phi, Kappa Alpha Theta, Alpha Delta Pi, Alpha Xi Delta, and Zeta Tau Alpha, will have cozies for their

mothers Saturday night, and have invited their parents for dinner Sunday.

Currier, women's dormitory, plans a skit by the Currier Student Council that will be presented at an open house at 2:00 Sunday afternoon. A Currier Mother will also be announced at this time.

Commons, women's dormitory, will hold an open house Sunday from 1:30 to 2:30 p.m. with a tea in the lounge, while Westlawn, women's nursing dormitory, will hold an open house in the late afternoon Sunday.

Men's housing units have also jumped on the bandwagon. Delta Upsilon fraternity members will take their mothers as their dates to dinner in Amana Saturday evening. The house will turn into a hotel for the night, as the men move out and give it to their mothers. The DU's will present a cozy at 12:30 p.m. and will serenade their moms afterwards.

Mother's Club meetings and teas will be held by Sigma Alpha Epsilon, Beta Theta Pi, Phi Gamma Delta, Delta Chi, Sigma Phi Epsilon, and Phi Epsilon Phi.

Hosts to buffet dinners, open houses, and teams for the families will be members of Alpha Tau Omega, Sigma Chi, Sigma Nu, Alpha Epsilon Pi, Phi Kappa Sigma, and Delta Tau Delta.

Hillcrest men's dormitory has scheduled a tea for Sunday afternoon.

## Britain Claims Air Supremacy

LONDON (AP)—The manufacturer of Britain's new turbojet NA39 attack bomber said Thursday its first air trial shows British aviation is "ahead of anybody in the world" — including the other side of the Iron Curtain.

Eric Turner, chairman and director of the Blackburn Aircraft Co., said the new plane demonstrates "clearly we are ahead of anybody else by a very long chalk. We have opened up a gap of at least three years, whatever America might do."

The NA39, which made its first test stop at Bedford Wednesday, could go into service in 1961.

Powered by two De Havilland turbojet engines, it was recently described by Britain's first sea lord, Earl Mountbatten, as the world's first specially designed low-level, high speed attack aircraft.

Under the mutual weapons development program, the United States is helping finance the plane.

### JINX ARTIST

DURBAN (AP)—Over the years artist F. Seymour Haydem has painted four ships — the British warships Hood and Repulse, the South African frigate Tiviot and Cunard liner Caronia.

Now he's giving up that phase of his art. For every ship he has ever painted has met with some kind of mishap.

Haydem came to the decision after the Caronia's bow was damaged in hitting at breakwater at Yokohama April 14.

The Tiviot had hit a rock off Colombo. Both the Hood and Repulse were sunk in World War II.

### TWO SENTENCED

ELKADER (AP)—Two young men from Prairie du Chien, Wis., held in connection with a series of burglaries in this area, were sentenced in District Court here Thursday to 10 years each in the Anamosa Reformatory.

Sheriff Forrest Fischer said Elsie Wayne and Robert LaBonne, both 20, stole a car here March 7, then committed burglaries at Strawberry Point and Independence. They were arrested the following day in Waterloo.

## 15 Miss IC Finalists Announced

Fifteen girls, fourteen of them SUI coeds, have advanced to the finals of the Miss Iowa City pageant.

Pageant co-chairmen Vic Burnett and Dean Fricen released the list of finalists Thursday. The contest is sponsored by the Iowa City Jaycees.

Miss Iowa City will be chosen Saturday, May 10, in the City High auditorium. She will be entered in the Miss Iowa contest during the summer. Miss Iowa advances to the Miss America contest.

Each entry was interviewed Wednesday night by the judges. They were rated on the basis of poise, personality, beauty and talent.

The finalists are: Sharon Vogel, a senior at City High; Mary Ada Johnson, A1, Iowa Falls; Sharidon Evans, A2, Glenwood; Jean Thoma, A2, Des Moines; Patricia Ann Dvorak, A1, Charleston, Ill.

Linda Sweet, A3, Central City; Sharon Reemtsma, N3, Davenport; Jean Niemeier, A3, Sioux City; Sharon Clarkson, A1, Des Moines; Rosemary Schatz, A2, Lake Mills; Judith Wiemken, A1, Sterling, Ill.; Karen Ellingson, A1, Cedar Rapids; Dorothy Meek, A3, Shellsburg; Elissa Isaacson, N3, Joliet, Ill.; and Sharon McIntosh, A1, Cedar Rapids.

F. M. "Spank" Broeders will be master of ceremonies for the pageant.

Judges for the contest are: Mrs. Roberta Sheets, 228 S. Summit St.; Miss Gladys M. Scott, 428 Ferson St.; Dr. Robert L. Gregg, 127 Grand Ave. Court; Dr. Ronald Gee, 1211 E. Burlington St. and Mrs. Richard A. Aplan, 35 E. Park Rd.

Each girl will give a three minute talent routine, of her own choosing, at final pageant. Admission will be 75 cents.

Tickets are on sale from Jaycee members or at the door the night of the pageant.

## Americans Pay Debts At Fast Rate in March

WASHINGTON (AP)—The Federal Reserve Board reported Thursday that Americans again in March paid off installment debts at a faster rate than they incurred new debts.

Outstanding installment credit declined \$180 million last month after seasonal factors were taken into account. The decline was due almost entirely to slump in new credit for automobile purchases.

### IRAQ MANEUVERS

BAGHDAD (AP)—Iraq's army is maneuvering this week on the western sector. A defense spokesman said the troops are training in how to overcome transport difficulties if they should have to help defend Jordan against attack from Israel.

## SUI Organizations Plan Big Weekend of Parties

By JANE HUBLY  
Society Editor

"There'll be a BIG time in the 'ol town' this weekend. Besides entertaining the hundreds of SUI Moms that will descend on the campus today and Saturday, students are going to be mighty busy entertaining themselves.

Most of the functions will be fancy ones, complete with white dinner jackets and low cut cocktail dresses. However, there are always those wild outdoors affairs too.

The AEPi's are having their formal Saturday, but to get everybody in the mood, they've scheduled big doings for today too. A picnic will be on hand, followed by "Hollywood" movies at the chapter house. After the movies, which are rumored to be extremely humorous, the couples will dance to records.

The formal will take place Saturday, beginning at 6:30 p.m. at the Jefferson Hotel with dinner. The Progressives will provide the dancing music until 1 a.m. and sometime during the evening, the "Sweetheart of AEPi" will be crowned.

The "White Star" formal will be held by the SIGMA NU's today, from 6:30 p.m. to 12:30 a.m. at the Sheraton-Montrose Hotel in Cedar Rapids. Larry Barrett and his band will play after dinner.

The SIG EPS are giving their annual "Queen of Hearts" formal today in the Mayflower. Dinner will begin at 7 p.m. and when everybody is adequately stuffed, Joe Glatly and his band will play until 1 a.m. The high point of the dance will be the announcement of the fraternity's "Queen of Hearts," and her three attendants. A big heart, made ever so carefully by some of the members, will be the main decoration.

The season for sorority spring formals is here too, and the ADPI's are having theirs today to prove it. Joe Laugenberg's band will play until 1 a.m. at the Little Ranch and the function will begin with a 6:30

## Plan Bowling Tourney For Mothers, Daughters

The SUI Union Board and Associated Women Students (AWS) will sponsor a mother-daughter bowling tournament today and Saturday in the Iowa Memorial Union.

Both mother and daughter will be able to bowl one line and their scores will be tallied. Trophies will be given to the two winners.

The tournament will be held all day and the charge will be the normal cost for one line of bowling. Any interested coed may enter the contest.

## UNIVERSITY NEWCOMERS CLUB

will have their last tea of the school year at 2 p.m. Monday in the home of Mrs. Wayne Deegan, 250 North Street. Mrs. James Van Allen, wife of the SUI physicist, will discuss her attendance at the State Dinner at the White House in Washington, D.C.

TRIANGLE CLUB, men's faculty club at SUI, will have a semi-formal dance May 8 in the club-rooms of the Iowa Memorial Union. Reservations for dinner at 7 p.m. must be made by Monday to either Mrs. Kenneth Hoyt, 3898, or Mrs. John Lach, 8-4050. Tickets for the dinner are \$2.50. Dancing will be to the orchestra of the Variety Club of Cedar Rapids.

HILLEL FOUNDATION and the local congregation will have a joint service at Agudas Achim congregation, 602 E. Washington today at 7:30 p.m. This will be part of the celebration of Israel's 10th Anniversary as a nation.

## SUI Items

**CAVE EXPLORERS** will meet at 7:30 p.m. today in Room 200 of the Old Armory. Anyone may attend.

**ENGINEERING WIVES** will entertain their husbands at a May Dance from 9 to 12 p.m. today at the Moose Lodge. The Shirley Porter orchestra will provide music. Tickets are \$1.50 per couple for wives with a paid membership and \$2.25 for guests. The non-member tickets will be \$2.25 also, and will include a 75-cent Engineering Wives membership.

**OCCUPATIONAL THERAPY CLUB** will have a tea at 10:30 a.m. Saturday for the old tea club member's mothers at the Occupational Therapy Clinic in the Children's Hospital.

**YOUNG WOMEN'S CHRISTIAN ASSOCIATION** will have a Mother's Day tea from 3 to 4 p.m. Saturday at the YWCA rooms in the Iowa Memorial Union. All University women and their mothers may attend and YWCA members will act as hostesses.

**UNIVERSITY NEWCOMERS CLUB** will have their last tea of the school year at 2 p.m. Monday in the home of Mrs. Wayne Deegan, 250 North Street. Mrs. James Van Allen, wife of the SUI physicist, will discuss her attendance at the State Dinner at the White House in Washington, D.C.

**TRIANGLE CLUB**, men's faculty club at SUI, will have a semi-formal dance May 8 in the club-rooms of the Iowa Memorial Union. Reservations for dinner at 7 p.m. must be made by Monday to either Mrs. Kenneth Hoyt, 3898, or Mrs. John Lach, 8-4050. Tickets for the dinner are \$2.50. Dancing will be to the orchestra of the Variety Club of Cedar Rapids.

**HILLEL FOUNDATION** and the local congregation will have a joint service at Agudas Achim congregation, 602 E. Washington today at 7:30 p.m. This will be part of the celebration of Israel's 10th Anniversary as a nation.

Porch of the Iowa Memorial Union. The party is informal and free to all members... with a dark pair of socks. All single, independent men not living in University housing are considered members of Town Men and may attend. Dancing will be done to records. Looks like a pretty well-rounded weekend and the mothers will certainly get to see every part of a student's life at SUI!

## 2 From SUI Will Attend Genetics Meet

Dr. Titus Evans, professor and head of the radiation research laboratory at SUI and Dr. E. F. Van Epps, professor and head of radiology at SUI, will participate today in the Mid-Western Conference on Genetics and Radiobiology in St. Louis.

The morning session of the meeting will deal with "Fundamentals of Radiation Genetics." Dr. Evans as co-chairman of the event, will preside over the session. He also will present a paper on the "Site and Mechanism of Radiation Action."

The afternoon session will be built around the topic: "The Problem of Reducing Radiation Genetic Effects in the Medical Use of X-Rays." Dr. Van Epps will participate in this portion of the meeting.

The conference is one of three supported by the National Academy of Science's committee on biologic effects of atomic radiation.

The purpose of the three meetings is to enable groups of geneticists and radiologists to discuss and exchange views concerning the genetic effects of using X-rays in medical diagnosis and therapy.

## NOW BETTER THAN EVER! IMPROVED

# Sticklers!

IF SILENCE WERE REALLY GOLDEN, fishermen would be up to their hip boots in cash. They're so noiseless, they won't even wear loud shirts. But when they (Groan!) run out of Luckies, they almost lose control. They rant, rave and blow their stacks—all in sign language, of course! Result? The unusual phenomenon called a *Quiet Riot!* Lucky's popularity, after all, is no fluke. A Lucky is the best-tasting cigarette you can buy—and for good reason. It's made of naturally light, good-tasting tobacco, *toasted* to taste even better. So why flounder around? Get Luckies yourself!

Stuck for dough? START STICKLING! MAKE \$25

We'll pay \$25 for every Stickler we print—and for hundreds more that never get used! So start Stickling—they're so easy you can think of dozens in seconds! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

# Tim Tam Favored in Derby

### Cardinals, Phillies Are Far From Deal Says Hamey

SAN FRANCISCO (AP)—Roy Hamey, general manager of the Philadelphia Phillies, said Thursday his club and the St. Louis Cardinals were further from a trade than they have been since last winter.

Hamey told newsmen he had not talked with Cardinals' general manager Bing Devine since last Monday.

The rumors had Phillies' outfielders Richie Ashburn and Wally Post and infielder Granny Hamner going to St. Louis for outfielder-infielder Ken Boyer, catcher Hobie Landrith and first baseman Joe Cunningham.

"Ashburn is a lot more valuable now than he was in the middle of the winter," Hamey commented. "I don't see anything with St. Louis at all involving Ashburn."

"I offered Harvey Haddix and Ashburn for Ken Boyer last November but was turned down. I wouldn't offer the deal again, even if I could."

Haddix subsequently went to Cincinnati.

Asked about a reported deal with the Los Angeles Dodgers, Hamey said, "There is nothing to that at all."

The Cardinals desperately need a catcher and center fielder. Reports were they had made offers for either Ed Bailey or Smoky Burgess of Cincinnati as well as the Phillies' Ashburn.

### Silky Sullivan Should Lead Challengers

LOUISVILLE, Ky. (AP)—Tim Tam is the slight favorite to win the classic Kentucky Derby Saturday, but the Calumet Farm colt must reckon with Silky Sullivan, Jewel's Reward and 13 others who were entered Thursday for America's most colorful horse race.

There were a few surprises when the entry box slammed shut this morning at the Churchill Downs secretary's office and the original "big four" in the \$125,000-added gallop was trimmed to the "big three" for the mile-and-a-quarter romp which has a 3:30 p.m. (CST) post time.

**THE TRIMMING** came about when Nadir, the big Claiborne Farm colt of Arthur B. Hancock, was withdrawn. Nadir was fourth in Tuesday's Derby Trial won by Tim Tam, and suffered a couple of minor leg cuts.

If the weather man cooperates, this 84th Derby could draw more than 100,000 for the biggest crowd in its history due to the presence of Silky Sullivan. Slick Silky, who trails far behind them gives with the old college try in the final half-mile, is one of the most talked about colts ever to start in the derby.

The weather probably will make Kentucky Derby fans here a little unhappy Saturday.

Meteorologist O. K. Anderson said scattered showers tonight are expected to become more frequent Derby Day, with temperatures in the upper 60s.

Silky's name was the first into the entry box Thursday, seven minutes after it opened at 7 a.m. Willie Shoemaker will ride the big chestnut.

As the morning wore on, Jewel's Reward, owned by the Maine Chance farm of Mrs. Elizabeth N. Graham, was entered along with two stablemates, Jet's Alibi and Ebony Pearl. Tim Tam was the seventh official entry. He is listed as the early 2-1 choice to give Calumet Farm its seventh derby.

**ODDS ON SILKY SULLIVAN**, who copped the Santa Anita Derby but hasn't tangled with such colts as Tim Tam and Jewel's Reward, were 5-2.

Jewel's Reward, who generally was recognized as the 2-year-old champ of 1957, was third choice at 7-2, heading the Maine Chance entry.

There was another surprise withdrawal, Belleau Chief, whom trainer E. B. Carpenter said had a nearly popped splint bone in winning a race here Saturday.

**COMPLETING THE FIELD** were W. G. Reynolds' Warren G., the Llangollen Farm's Gone Fishin', George Lewis' Martins Rullah, C. V. Whitney's Flamingo, the Sunny Blue Farm's Lincoln Road, Mrs. Sam Wilson Jr.'s Red Hot Pistol, S. Helene Sadacca's A Dragon Killer, Mrs. Anthony Cannuli's Chance It—Tony, Dr. Peter Graffagnino's Nouredin, the Hasty House Farm's Can Trust, and Mrs. A. B. Bellardi and T. L. Harkins' Benedicto. All carry 126 pounds.

Top riding assignments were completed with Eddie Arcaro in quest of his sixth derby winner aboard Jewel's Reward, Ismael Valenzuela piloting Tim Tam, Conn McCreary on Martins Rullah and Dave Erb as Ebony Pearl's rider.

### 'Hardluck' Score Injures Elbow

WASHINGTON (AP)—Herb Score, Cleveland's ace southpaw, may be out of action for some time because of an elbow injury.

Score hurt the elbow while pitching Wednesday night against the Washington Senators. He had to withdraw with two on and one out, in the ninth inning when his arm went lame.

A doctor examined the elbow Thursday and it was reported that Score is suffering from an inflamed tendon. He appears certain to miss his next regular turn on the mound and, if the injury does not heal, could be out for a matter of weeks.

Much will depend on how the elbow reacts when Score tries to throw again, and he probably won't test it for another few days.

### Campanella To Start Rehabilitation Program

GLEN COVE, N. Y. (AP)—Two physicians agreed Thursday that Roy Campanella, paralyzed from the waist down, is about ready to undergo a rehabilitation program.

The director of the Glen Cove Hospital, where the Dodger catcher has been treated since his near fatal automobile accident Jan. 28, said tests are being made to determine when Campanella should be moved to the New York University-Bellevue Medical Center.

### Last Alumni Arrive for Spring Game

The arrival of the last three alumni football players, Eddie Vincent, Mike Hagler, and Alex Karras, and the report of a brisk ticket sale, increased interest Thursday in Saturday's Varsity-Alumni football game.

Tickets are on sale now at the Athletic Ticket Office and will be until noon on Saturday. After that, tickets can be obtained at the Stadium. Admission to the game is \$2.00 for general public, \$1.00 for staff and faculty, and 50 cents for students with ID cards.

The game will be played under regular college rules, although the Alumni will be allowed unlimited substitution. The game will be the first chance for fans to see the new extra point rule in effect.

Tentative starting lineups for the alumni were announced Thursday by Coaches Jerry Reichow and Harold Bradley.

**OFFENSE**  
Ends—Jim Gibbons and Frank Gilham.  
Tackles—Hube Johnson and Dick Theer.  
Guards—Bradley and Bob Cummings.  
Center—Don Suchy.  
Quarterback—Reichow or Ken Ploen.  
Halfbacks—Vincent or Hagler and Del Kloeser or Mel Knotts.  
Fullback—Blinkey Broeder or Bill Reichardt.

**DEFENSE**  
Ends—Jim Freeman and Bill Fenton.  
Tackles—Karras and Cam Cummings.  
Guards—Frank Bloomquist and Lou Gimborg.  
Center—Dick Woodard.  
Backs—Em Tunnel, Bob Smith, Bill Happel and Reichow or Ploen.

### Hawks Seek First Big Ten Triumph Today

Iowa's baseball team goes after its first win of the Big Ten season today as the Hawkeyes entertain Wisconsin on the Iowa Diamond starting at 3:30 p.m. Saturday, the Hawkeyes will be host to Northwestern for a doubleheader starting at 1:30 p.m.

Iowa is in last place in the conference standings with an 0-3 record, while Wisconsin is tied for seventh with a 1-2 mark.

Sophomore Roger Rudeen is expected to start today against the Badgers. Hawkeye coach Otto Vogel said he had considered starting Glen Van Fossen, but Van Fossen will not be able to play because of ROTC drills.

Rudeen has a 2-3 mark, allowing only 28 hits in 41 2/3 innings. If Rudeen does not start, either Jack Nora or Ron Drennan will get the call. Nora has a 2-1 record while Drennan is 1-3.

Weak hitting has plagued the Hawkeyes all season. The team's batting average for three conference games is a meager .188 and .207 for the season. Iowa is ninth in hitting in the conference.

Fielding has also hurt the Hawkeyes. Iowa is ninth in the conference, having committed nine errors in three games.

Third baseman Don Peden is the conference's fifth leading hitter with a .400 batting average. Catcher Dick Weatherly leads for the season with a .350 mark.

### Rickey Concerned Over Los Angeles

PITTSBURGH (AP)—Branch Rickey, the 76-year-old former general manager of the Pittsburgh Pirates who is recovering from a mild heart attack, said Thursday he's "mighty happy and proud" about the Pirates and a "little concerned" over the Los Angeles Dodgers.

Rickey helped organize the Dodger team which won two pennants while he was in Brooklyn from 1942 until 1950 when he came to Pittsburgh to head the Pirate organization. He stepped out as general manager of the Pirates in 1955, bitterly disappointed by the team which always finished in the depths of the National League.

"Of course, my loyalty is with the Pirates but I can't help being surprised by Brooklyn — I mean Los Angeles," Rickey said at his suburban home where he is convalescing from the Feb. 20 heart attack. "I was with the Dodgers quite awhile, and you might say I helped build the team. There's no question the Dodgers miss the inspiration of Roy Campanella, an outstanding catcher."

Rickey missed spring training and hasn't seen a game this season but he said he has been following the Pirates by radio.

"I stayed awake until 1 a.m. this morning to hear the Pirates beat the Dodgers 3-1 at Los Angeles," Rickey grinned.

"You asked what I think of the Pirates and their chances this year? Well, sir, I'm mighty happy and proud of them. They're an improved ball team."

"You ask if they might finish

in the first division. Well, sir, I haven't seen the other teams play and can't evaluate them. But the Pirates definitely are improved. They could go all the way. But we'll have to wait awhile longer to say."

Rickey is board chairman of the Pirates and is acting as a consultant under a contract extending through 1959.

# Cubs in League Lead

CHICAGO (AP) — Johnny Goryl's solo homer in the ninth broke up a 2-2 tie and gave the Chicago Cubs a 3-2 victory over the Milwaukee Braves Thursday.

The triumph went to the fourth Cub pitcher, Moe Drabowsky, making his first appearance since a military hitch.

In the sixth, the Cubs took a 2-0 lead on Lee Walls' No. 9 homer of the season with none on. Walls thus swelled his homer lead and also his RBI advantage, at 17, in the National League. Walls also belted two singles for a perfect day in three official at bats.

## Major Scoreboard

NATIONAL LEAGUE				AMERICAN LEAGUE			
W.	L.	Pct.	G.B.	W.	L.	Pct.	G.B.
Chicago	9	5	.643	New York	9	4	.692
San Francisco	9	6	.600	Kansas City	8	5	.615
Pittsburgh	7	5	.583	Washington	7	5	.583
Milwaukee	6	6	.500	Cleveland	6	7	.462
Cincinnati	6	5	.545	Detroit	6	7	.462
Philadelphia	6	7	.462	Baltimore	5	7	.417
Los Angeles	5	9	.357	Boston	3	10	.231
St. Louis	3	10	.231	Chicago	4	9	.308

**WEDNESDAY NIGHT'S RESULTS**  
 Pittsburgh 3, Los Angeles 1  
**THURSDAY'S RESULTS**  
 Chicago 3, Milwaukee 2  
 Philadelphia 7, San Francisco 0  
**TODAY'S PITCHERS**  
 Chicago at Los Angeles (night) — Danielis (6-0) vs Padres (3-0)  
 Philadelphia at San Francisco (N) — Sanford (2-1) vs McCormick (0-0)

### Added Feature — Total Homers To Be Listed

The total number of home runs hit by individual players will now be listed in the line scores of major league games, thus:

Home runs — Chicago, Walls (9) Banks 2, (5), etc.

Please note that this is the total hit by the individual this season — not the inning in which the homer was hit.

The loser was the third Milwaukee pitcher, Bob Trowbridge, who entered the game in the ninth.

Low Burdette started for the Braves and hurled six innings. Cub strater Glen Hobbie left in the seventh.

Burdette held the Cubs to one hit until the fourth when Walls' single, a single by Walt Moryn and an infield out gave the Cubs a 1-0 lead.

Milwaukee 000 000 200 — 2 9 0  
 Chicago 000 101 001 — 3 7 3

Burdette, McMahon (7), Trowbridge (8) and Crandall; Hobbie, Mayer (7), Elton (7), Drabowsky (9) and S. Taylor, W — Drabowsky, L — Trowbridge.

Home runs — Chicago, Walls (9), Goryl (3).

### Philadelphia 7, Giants 0

SAN FRANCISCO (AP) — Philadelphia right-hander Ray Semproch scored his first victory as a starting major league pitcher Thursday, blanking San Francisco 7-0 and knocking the Giants out of first place in the National League.

The 27-year-old hurler, up from Miami in the International League, quieted the Giants with seven hits after they had collected a dozen in each of the first two games of this series.

A crowd of 6,728, smallest of the season, saw the two teams wage a scoreless battle through six innings until the Phillies erupted with four in the seventh off San Francisco starter Ruben Gomez, charged with his first loss after two victories. Those seventh inning hits included second baseman Ted Kazanski's first home run of the season, a drive of 365 feet over the left field fence.

Semproch, who spent six years in the minors, notched his first major league victory on opening day with a relief stint against Cincinnati, but Thursday's was his first triumph in three starts.

Philadelphia 000 000 430 — 7 9 0  
 San Francisco 000 000 000 — 0 7 1

Semproch and Lopata; Gomez, Worthington (8), Constable (9) and Thomas, Schmidt (9), L — Gomez.

Home runs — Philadelphia, Kazanski (1).

### Red Sox Win in 9th

BOSTON (AP) — The Boston Red Sox, frustrated throughout most of the game because of weak hitting in the clutch, came up with a pair of runs in the ninth inning Thursday for a 7-6 decision over the Kansas City Athletics.

A leadoff double into the right field corner by Gene Stephens, a single to right by pinchhitter Marty Keough and a double off the wall in left center by Jimmy Piersall provided Boston a split in the two-game series.

Prior to that outburst, the Red Sox had left 11 runners stranded. They left the bases loaded in the first, fourth and seventh innings.

Homers by Hal Smith and Bob

Cerv accounted for five of the Kansas City runs. Smith belted a three-run homer in the second and Cerv connected for his seventh of the season with one on in the sixth.

Kansas City 000 002 105 — 6 8 0  
 Boston 010 300 102 — 7 14 0

### Indians Down Senators

WASHINGTON (AP) — Ray Narleski stopped Washington with five hits Thursday night as Cleveland defeated the Senators, 9-1. Mickey Vernon contributed a home run and a triple and Chico Carrasquel supplied a home run and a double to pace the Indians' 11-hit attack.

Narleski balked across the Senators' only run with the bases loaded and one out in the first inning. He pulled out of that early

jam when Julio Becquer fouled to third baseman Bobby Avila. Jim Lemon was purposely passed and Rocky Bridges fled out.

Cleveland 103 013 010 — 9 11 3  
 Washington 100 000 000 — 1 5 2

Narleski and Brown; Laurenti, Wiesler (3), Kemmerer (6), Stobbs (8) and Courtney, L — Lument.

Home runs — Cleveland, Vernon (2), Carrasquel (2).

### White Sox Win 4-3

BALTIMORE (AP) — The Chicago White Sox made a little go a long way Thursday night, beating the Baltimore Orioles 4-3 on five singles and a double.

Meantime, the Orioles pounded starter Jim Wilson and Billy Pierce, who came on in the eighth, for 10 hits including a homer, 4 doubles and 5 singles.

Chicago 200 200 000 — 4 6 1  
 Baltimore 010 100 010 — 3 10 1

Wilson, Pierce (8) and Lollar; Johnson, Portocarrero (4), Beamon (8) and Triandos, W — Wilson, L — Johnson.

Home run — Baltimore, Marshall (1).

# \$23,778 in SUI Grants Set For Outer Space Research

With \$23,778 earmarked for space and other high-altitude research under the leadership of Iowa's satellite scientist James Van Allen, professor and head of Physics, \$54,564 in gifts and grants has been accepted for SUI by the finance committee of the State Board of Regents.

The National Science Foundation (NSF) grant to the SUI Physics Department designated \$21,265 for cosmic ray research by Van Allen and \$2,513 for experiments with small balloons by research associate Kinsey Anderson. The new grants bring to approximately \$585,000 the total of NSF support for International Geophysical Year projects of Van Allen and his associates.

A total of \$16,925 in grants will be used for several different projects in the Department of Chemistry. Three chemistry faculty mem-

bers will divide \$9,665 from the Research Corporation, a non-profit organization devoted to research. Each of the three received a Frederick Gardner Cottrell grant from the corporation, which was founded by Cottrell.

**WILLIS PERSON**, assistant professor of Chemistry, will use \$4,885 to buy an infra-red spectrometer to extend the range and accuracy of research measurements of molecular structure.

Ronald T. Pflaum, assistant professor of Chemistry, will use his grant of \$2,500 from the Research Corporation for an investigation of some organic compounds as analytical reagents. George A. Pearce, G. Melrose, Mass., is working with Pflaum on the chemistry project, which is now in its second year.

J. K. Stille, instructor in Chemistry, will supervise a study by Raymond A. Newsom, G. Douglas, Ariz., on some synthesis and rearrangement reactions in organic chemistry with a \$2,280 grant from the Research Corporation.

An investigation of the color producing constituents of plants will be made by William C. Baird, Jr., research assistant in Chemistry, with a \$3,860 postgraduate fellowship from the E. I. DuPont de Nemours Co. The fellowship, which will run through the 1958-59 school year, will aid Baird to complete his work for a doctor's degree in chemistry.

The Union Carbide Corporation renewed its fellowship in chemistry for 1958-59. This fellowship goes to an outstanding graduate student in chemistry and provides \$1,500 for a single student or \$2,100 if the student is married, plus tuition in both cases. An additional \$1,000 goes to the Department of Chemistry to defray costs of the student's research project.

**ANOTHER DUPONT** grant of \$1,500 will be used by Richard D. Campbell, assistant professor of Chemistry, for a summer research project on the chemistry of some nitro compounds.

The finance committee accepted a \$5,184 grant from the National Academy of Sciences' National Research Council for research by Harry W. Fischer, associate professor of Radiology. Fischer will use the grant in studies aimed at finding a new method of detecting the early spread of cancer in the lymph nodes of the body.

Emil Witschi, professor of Zoology, was awarded a \$3,220 grant from the U.S. Department of Health Education and Welfare (DHEW) for a study of sex differentiation in humans. Prof. Witschi will do part of his work here and part at the Carnegie Laboratory of Embryology in Baltimore, Md.

Another DHEW grant of \$1,150 to Dr. James H. Wick, professor and head of Operative Dentistry, is a renewal award for a continuing study of the effectiveness of cavity liners used in operative dentistry.

The Atomic Energy Commission provided \$1,670 for the purchase of geiger counter equipment to be used in the Radiation Research Laboratory. The new equipment will enable the laboratory to expand their radioisotope training

## Honor Group Elects Hodge

Phyllis Hodge, A3, Jessup, Maryland, has been elected the first president of the Alpha Chi Chapter of Sigma Alpha Eta, professional speech pathology fraternity.

Other officers elected are: Ann Hickerson, A4, Scarsdale, New York, vice president; Barbara Moore, A4, New Hartford, secretary; and Karen Chaffee, A2, Sioux City, treasurer.

The election was held Wednesday evening following the first official initiation of members into Sigma Alpha Eta. Sixteen persons were initiated.

The SUI chapter, Alpha Chi, received its charter last November.

## Treasury Hurries Tax Refunds

WASHINGTON (AP) — The Treasury Department, putting on extra speed to get refunds back to taxpayers, reported Thursday it had mailed \$2,452,000,000 in income tax overpayments by April 24.

This was 35 per cent more than a year ago at the same date. Secretary of the Treasury Anderson predicted that substantially all refund checks will have been issued by mid-May, two weeks ahead of the normal target date.

Anderson had disclosed earlier that, because of the business recession, the Internal Revenue Service was under orders to hustle refunds back to persons who might need them because of layoffs or shortened work hours.

## Court Arguments Highlight Pre-Law Week on Campus

Next week, Monday through Friday, has been designated as Pre-Law Week for students interested in becoming familiar with the nature and content of legal education.

The week will be highlighted by Supreme Court Day arguments to be held Friday, May 9, at Shambaugh Lecture Room, SUI Library. The Iowa Supreme Court will hear four selected senior law students argue a simulated case.

The four senior law students who will argue a case involving a will are: Max Pock, Iowa City, and Dick Witt, What Cheer, appellees; Kent Forney, Carroll, and Harold Victor, Ackley, appellants.

R. G. Whitesel, professor of Political Science and pre-law advisor, said "A better, more interesting, introduction to law would be hard to find."

He said students interested in an education in law may attend any of the following sessions to be held in the Law Building:

Monday 1:30 p.m. Room 5, Orientation and Coffee Hour; Tuesday 8:30 a.m. Room 5, Criminal Law; Samuel M. Fahr, professor of Law; 10:30 a.m. Room 5, Evidence; Mason Ladd, dean of Law; 1:30 p.m. Room 106, Public Utilities; Clarence M. Uppgraff, professor of Law; 2:30 p.m. Room 106, Torts; John C. O'Byrne, professor of Law; Wednesday 10:30 a.m. Room 106, Property; Charles W. Davidson, associate professor of Law; 2:30 p.m. Room 5, Creditor's Rights; Frank R. Kennedy,

professor of Law; Thursday 9:30 a.m. Room 106, Family Law; Paul Sayre, professor of Law; 1:30 p.m. Room 5, Constitutional Law; Kennedy; 2:30 Court Room, Practice Court; Arthur O. ## Patrolmen in School For Refresher Course

Thirty-one highway patrolmen from districts 11, 12, and 13 in southeastern Iowa are continuing a refresher course here today, the patrol reported. The course began Thursday.

Capt. Leonard Sims, 1000 Melrose Ave., is in charge of the school. He said sessions are covering all phases of the patrolman's work.

A similar course was held a week ago for patrolmen from the other districts in southeast Iowa. About 30 patrolmen attended that course.

## ANTI-TEST PETITION

LONDON (AP) — A group of 618 British scientists petitioned Prime Minister Macmillan Thursday night to stop current British nuclear tests in the Pacific.

## Christ Scientist Lecture Planned

James Watt, member of the Christian Science Board of Lectureship, will speak on "Christian Science: The Healing Science of Christ" at Macbride Auditorium, Sunday, at 3 p.m.

The lecture, free to the public, is sponsored by the First Church of Christ Scientist, Iowa City.

Watt was formerly manager of the Washington, D.C., office of the Christian Science Committee on Publication.

During World War II, Watt served as a chaplain in the U.S. Army. After graduating from the Illinois Institute of Technology, he was associated with various engineering companies in the United States and overseas.

Watt has devoted his full time to the practice of Christian Science healing and to the service of the organization since 1942.

## Orpheus Ends Descent Soon

The Iowa City Community Theatre's presentation of Tennessee Williams' play "Orpheus Descending" will continue to run nightly until May 3.

The play, set in a small Southern town, is being presented on a unique stage with the audience seated in a semi-circle around the triangular acting area.

Robert Spanabel, G. Youngstown, O., is directing the play as part of his M.A. requirements. Settings are by Joe Zender and lighting is by Eugene Weiner.

Members of the cast are: Beulah Binnings — Patti Moore; Dolly Hamma — Stephanie Wood; Dog Hamma — James E. Larson; Pee Wee Binnings — John Tracy; Carol Cutrere — Jo Zender; Eva Temple — Martha Kelly; Sister Temple — Beverly Fisher; Uncle Pleasant — LeRoy Hester; Val Xavier — Dennis Hayes; Vee Talbot — Bea Gardner; Lady Torrance — Lauretta Stribling; Jabe Torrance — Obra Quave; Sheriff Talbot — James Burkhead; Mr. Dubinsky — Raymond Booth; Woman — Lela DeBord; David Cutrere — Joseph Mauck; Nurse Porter — Mae Miltag; First man — James E. Larson; Second man — Raymond Booth.

Reserved seat tickets for the play, which is being given at the Old Eagles Lodge on East Washington Street, are available at Towner's Beauty Salon, Jackson Electric, from members of the organization, or by telephoning 4350.

**Rewards Offered For 'Race Bombers'**  
JACKSONVILLE, Fla. (AP) — Rewards of \$11,000 have been offered for apprehension of persons involved in racial dynamiting here and in Birmingham, Ala.

A Negro high school and Jewish synagogue were damaged at Jacksonville Monday. Rewards of \$2,700 have been posted.

At Birmingham, rewards of \$8,310 have been offered for apprehension of whoever put 54 sticks of dynamite beside Temple Beth-El. The fuse burned out a minute from the bag.

The Jewish Beth-El Temple at Miami was bombed in March — the same day a synagogue was dynamited in Nashville. In 1951 Miami had a series of bombings, damaging several synagogues and a housing center.

**Iowa Man Killed in One Car Accident**

CALEDONIA, Minn. (AP)—Harold Sylvester Ryan, 58, of near New Albin, Iowa, was killed in a one-car accident Thursday on Minnesota 76 about 6½ miles south of here. Authorities said that Ryan, who was alone at the time, apparently lost control of the car which ran off the road and overturned in a ditch. Caledonia is about 7 miles from the Iowa border.

**Three SUI Women Initiated Into Home Economics Society**

Three SUI coeds were initiated into the local chapter of Omicron Nu, national home economics honor society, preceding the group's spring initiation dinner in Iowa Memorial Union Thursday. Seventeen won a place on the home economics faculty's honor list. F. Eugenia Whitehead, chairman

of the home economics department, introduced students honored. Dean Dewey B. Stuit, of the College of Liberal Arts, was the main speaker.

The new members of Omicron Nu are Evelyn Erickson, A3, Coralville; Patricia Rhode, A3, and Margaret Brasher, G, Huntington, Utah.

Coeds winning faculty recognition were guests of the department. Each student on the honor list has a grade-point average of "B" or better. The honor list includes Sandra Allen, A1, Des Moines; Sharon Brady, A2, Grand Junction; Shari Evans, A2, Glenwood; Esther Murata, G, Tokyo, Japan; Janelle Ramsey, G, Calamus; Mary J. Jenseigh, G, Mabel Parsons, G, Iowa City; Elsie Standing, A3, Earlham; Maryada Johnson, A1, Iowa Falls; Sally Long, A1, Clinton; Sarah Dunkerton, A2, Marshalltown; Marilyn Klingler, A2, Donnelson; Barbara Leonard, G, Cherokee; Barbara Camello, G, Manila, Philippines; Miss Rhode; Miss Erickson, and Myrtle Hamilton, G, Kalona.

**Geologist Will Speak At Lecture**

Tjeerd H. van Andel, a research geologist at the Scripps Institute of Oceanography, LaJolla, Calif., will speak on the "Application of Recent Sediment Studies to the Interpretation of Ancient Deposits" in a lecture at 7:30 p.m. Friday in the Geology Lecture Room.

The lecture is being sponsored by the Graduate College of SUI and the Distinguished Lecture Committee of the American Association of Petroleum Geologists.

Van Andel's entire professional career has been involved in the study and comparison of recent and ancient deposits of sedimentary rocks. Such studies are of economic importance to the petroleum industry.

Geologists learn more about the nature and character of the reservoir rocks in which oil and gas are found through the study of recent sediments and the application of such studies to ancient deposits.

Petroleum deposits are generally found in ancient sedimentary basins, and their location is often controlled by the character and mode of deposition of the sediments with which the basin was filled. New concepts in the search for oil and gas have resulted from discoveries that many important oil fields occur in traps resulting from changes in the character of the rocks which may have occurred at the time of deposition or resulted from later processes.

Van Andel was born in Rotterdam, The Netherlands, and spent most of his youth in Indonesia. He received his geological education at universities in The Netherlands and taught Geology at the University of Wageningen.

In 1950, van Andel joined the Royal Dutch Shell company as a sedimentologist and for three years was in charge of their central sedimentological laboratory in Amsterdam. During this period he had opportunities to study sediments of the Rhone River delta in the Mediterranean and the Gulf of Paria, Trinidad, South America.

Van Andel was sent to Venezuela in 1953 to study the Maracaibo Basin as a sedimentologist-paleogeographer. Early in 1957 he was appointed a research geologist at the Scripps Institute of Oceanography.

Currently he is one of the persons in charge of the American Petroleum Institute's Project 51 for the study of Recent sediments of the Gulf of Mexico.

**New Argentina President Attacks U.S. Trade Policy During Inaugural**

BUENOS AIRES, Argentina (AP)—Arturo Frondizi took the oath as Argentina's president Thursday, warned the armed forces to keep out of politics, and pledged to govern by law. For 12 years this nation had been under dictatorship or military rule.

Vice President Nixon flew down as President Eisenhower's envoy at the swearing-in ceremony, but missed it. His car was held up in traffic, he was late, and a small crowd hooted as he hurried into the Congressional Hall in time to hear the tall, 49-year-old lawyer launch an attack on U.S. trade policy in his inaugural address.

Without mentioning the United States by name, Frondizi called on Latin American nations to unite and "fight against discriminations against our countries and combat dumping." That was a reference to U.S. sales of farm surpluses abroad, a sore point in agricultural Argentina.

The left-of-center Radical party leader invited foreign capital to

help develop petroleum resources. He drew the loudest applause from the joint session of Congress when

he declared Argentina would call the shots in the oil industry. He said he himself would take personal charge of Argentina's oil monopoly. Frondizi called for a program of austerity and sacrifice to meet the economic crisis, reflected by inflation and dwindling foreign exchange. He announced that foreign policy will be based on "Latin American brotherhood" and placed himself on the side of the West.

**Ball Bounces High After Navy Drop**

LAKEHURST, N. J. (AP)—A Navy blimp armed with a dozen basketballs made a bombing run over the Naval Air Station here Wednesday.

Its mission: to determine how high a basketball would bounce if dropped from the Empire State Building.

The answer: 22 feet, 9 inches. The Navy performed the mission as a courtesy for a basketball manufacturer who wanted to know how high the balls would bounce. New York City officials forbade a 1,472-foot hook shot from the top of the world's tallest building. So the Navy volunteered.

## British Novelist to Address Humanities Society Monday

Rosamond Lehmann, noted British novelist, will speak on "The Techniques and Source Material of My Own Work" in Shambaugh Auditorium at 8 p.m. Monday. The lecture is being sponsored by the Humanities Society, the Graduate College and the Writers' Workshop.

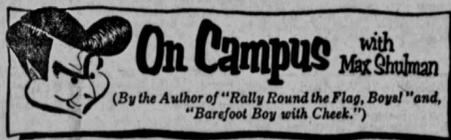

Miss Lehmann is touring the U.S. this spring as a visiting professor of Literature sponsored by the Washington Institute of Contemporary Arts. She will lecture at some eight American universities during her tour.

As a child Miss Lehmann was educated privately in England. She read "voraciously and quite indiscriminately," as she puts it, among the great English writers, particularly the Victorians.

She attended Girton College, Cambridge, and just after graduation published her first novel, "Dusty Answer." It won immediate success and was one of the early choices of the Book of the Month Club in America. It was followed three years later by "A Note in Music," in 1932 by "Invitation to the Waltz," and in 1936 by "The Weather in the Streets."

During World War II she wrote short stories, later published as "The Gypsy's Baby," "The Ballad and the Source" appeared in 1948 and her most recent book, "The Echoing Grove," came out in 1953.

In reviewing "The Echoing Grove," the Saturday Review described Miss Lehmann's stream of consciousness style as "delicate, precise and poetic," while Newsweek said that she is both "generous and often penetrating in observing the real depths of human nature."

### SWEENEY IN THE TREES

Spring is here—the season of tree-sitting contests. This I applaud. Tree-sitting is healthful and jolly and as American as apple pie. Also it keeps you off the streets.

Tree-sitting is not, however, without its hazards. Take, for example, the dread and chilling case of Manuel Sigafoos and Ed Sweeney, both sophomores at the Nashville College of Folk Music and Woodworking, and both madly in love with a beautiful alto named Ursula Thing, who won their hearts singing that fine old folk song, *I Strangled My True Love with Her Own Yellow Braids, and I'll Never Eat Her Sorghum Any More.*

Both Manuel and Ed pressed Ursula to go steady, but she could not choose between them, and finally it was decided that the boys would have a tree-sitting contest, and Ursula would belong to the victor. So Manuel and Ed clambered up adjoining aspens, taking with them the following necessities: food, clothing, bedding, reading matter, and—most essential of all—plenty of Marlboro Cigarettes.

We who live on the ground know how much you get to like with a Marlboro. Think how much more important they must be to the lonely tree-dweller—how much more welcome their fine, mild tobacco; how much more gratifying their free-drawing filters; how much more comforting their sturdy, crushproof flip-top box. Climb a tree and see for yourselves.

Well supplied with Marlboros, our heroes began their tree-sitting contest—Manuel with good heart, Ed with evil cunning. The shocking fact is that crafty Ed, all unbeknownst to Manuel, was one of three identical triplets. Each night while Manuel dozed on his bough, one of Ed's brothers—Fred or Jed—would sneak up the tree and replace him. "How can I lose?" said Ed with a fenshish giggle to his brother Fred or Jed.

But Ed had a big surprise coming. For Manuel, though he did not know it himself, was a druid! He had been abandoned as an infant at the hut of a poor and humble woodcutter named Cornelius Whitney Sigafoos III, who had raised the child as his own. So when Manuel got into the tree, he found much to his surprise that he had never in all his life felt so at home and happy. He had absolutely no intention of ever leaving.

After seven or eight years Ed and his brothers wearied of the contest and conceded. Ursula Thing came to Manuel's tree and cried, "I am yours! Come down and pin me."

But Manuel declined. Instead he asked Ursula to join him in the tree. This she could not do, being subject to moperly (a morbid allergy to woodpeckers), so she ended up with Ed after all.

Only she made a mistake—a very natural mistake. It was Jed, not Ed, with whom she ended up.

Ed, heartbroken at being tricked by his own brother, took up metallurgy to forget.

Crime does not pay.

This column is brought to you by the makers of Marlboro Cigarettes who suggest that if you are ever up a tree when trying to find a gift, give Marlboros. You can't miss!

## Aid Fund Set Up By Heart Council

A scholarship program designed to stimulate student interest in biological sciences will be established this month by the Johnson County committee of the Iowa Heart Association's Cedar Valley Council.

Steven M. Horvath, professor of Physiology at SUI, is chairman of the scholarship committee. Serving with him on the committee are four Iowa City science teachers: Harry A. Mauseth, City High School; William H. Mullins and Robert E. Yager, University High

School; and Harold B. Parker, Iowa City Junior High School.

Dr. John W. Eckstein, assistant professor of Internal Medicine at SUI and chairman of the Johnson County group, said Thursday that two scholarships will be awarded, one to a Johnson County High School senior, another to an eighth grade student.

Winners of the scholarship awards will be selected by the scholarship committee. Candidates in each category will be selected by their schools.

Among requirements for consideration by the committee will be a one-page essay in which the candidate should describe his interest in biology and his thoughts regarding a possible career in some biological field.

The winning senior will receive a \$500 college scholarship, which is to be awarded on the basis of a demonstrated interest and ability in biology.

The second award will enable the winning eighth grade student to spend the summer between the eighth and ninth grades in a biology laboratory at SUI. This opportunity will be accompanied by a \$200 scholarship which may be used by the student to further his education.

### Police Court Action Taken Against 3 Men

Two Iowa City men forfeited bonds and a Davenport man received a suspended sentence in police court Thursday.

Forfeiting bonds of \$15 were Stephen A. Maurer, who gave his address as 816 N. Dubuque street, and Jerome Ersland, who gave his address as 828 N. Dubuque street. Both men were charged with intoxication.

Jack J. Walker of Davenport received a 10 day suspended sentence for intoxication on a public highway.

**STOCKS SQUEEZED TO A HIGH** NEW YORK — The stock market squeezed out a small advance Thursday to reach new high ground for the year.

Some leading issues rose fractions to more than a point. Losses were mostly in fractions.

The market followed Wednesday's strong rally by moving higher throughout the session until moderate profit taking developed in the final 30 minutes.

**QUEEN IS HOSTESS** WINDSOR, England — Queen Elizabeth II, recovered from a cold, played hostess Thursday at a Windsor Castle dinner party. Her guests included Canadian Foreign Secretary Sydney Smith, New Zealand Dep. Premier Clarence Skinner and Peruvian Ambassador Don Rocardio Rivera Schreiber.

## Photography Short Course Begins Here

Lectures and discussions on photographic techniques and the selection of "Miss Iowa Press Photographer of 1958" will be features of the 11th annual News Photography Short Course and annual convention of the Iowa Press Photographers' Association (IPPA) to be held in the State University of Iowa Communications Center this afternoon through Sunday.

The short course will feature Iowa photographers, some of whom have achieved national distinction in photography, and members of the SUI Journalism faculty.

Edward F. Mason, professor emeritus of Journalism at SUI and originator of the short course, will speak on the history of the IPPA.

Other talks will be given by Robert Hale, night-news picture editor of the Associated Press in Detroit; Walter A. Steigleman, associate professor of Journalism at SUI; James Robbins, photo-journalism director, Graflex Division, General Precision Corporation; and Jay Hytone, TV news photographer for WHO-TV in Des Moines.

Registration for the short course will begin at 4 p.m. today. The course will close with a showing of experimental documentary films by Film Images, Inc., Sunday afternoon.

A highlight of the course will be a dinner Saturday at 6:30 p.m., where Prof. Mason will speak and Miss Iowa Press Photographer of 1958 will be crowned.

**CUBA WANTS TOURISTS** HAVANA — A committee of Cuban businessmen has announced a million-dollar giveaway program aimed at reviving the rebellion-stunted tourist trade. Tickets will be issued to all tourists on arrival. Billed among the prizes are ranches, automobiles and a lifetime supply of Cuban products.
