## 1250 Students Receive SUI Degrees

A NEAR CAPACITY CROWD of SUI students and faculty members, parents and alumni attended commencement exercises Friday morning at the Fieldhouse. The 1,250 SUI graduates heard Francis Wilcox, assistant U.S. secretary of state, say that a new age — with man well along toward the conquest of outer space — brings the need to change our attitude toward learning and knowledge. —Daily Iowan Photo.

### Wilcox Stresses Importance of Ideas

By JEAN DAVIES  
City Editor

Noting the increasing threat of Soviet imperialism, the U.S. Assistant Secretary of State challenged SUI graduates Friday to use their education to develop American attitudes toward learning and knowledge.

"Ideas are becoming just as important as nuclear weapons, and university classrooms as important as military installations," Francis O. Wilcox, commencement speaker, said.

"The role of our colleges and universities will become more important as the threat of Soviet imperialism becomes more long-range in nature."

"Up to the present we have maintained our position in the world with the help of regional alliances like NATO, nuclear weapons and foreign aid. But the emphasis is gradually shifting."

In his charge to the candidates following the commencement address, SUI President Virgil M. Hancher presented the University as the appropriate scene for men to take the initiative to meet Wilcox's challenges.

A 1930 graduate of SUI, Wilcox has served as assistant secretary of state since 1955.

**Compulsory Soviet Education**  
Explaining that education in the Soviet Union is as carefully regimented as the industries, Wilcox said "The enhanced power of the USSR — particularly in the scientific and technological fields — is to a large degree the product of Soviet education."

Wilcox cited statistics to show that last year there were 1,227,400 students in Russian institutions of higher learning. Furthermore, he said, 10 million Soviet students are studying English, whereas only 8,000 American students are studying Russian.

Calling the Soviet education system a "potent force to reckon with," Wilcox said there is a basic need for a new emphasis in American educational programs.

**Improve Quality**  
"The revelation of Soviet scientific capabilities has produced widespread demands that something be done soon to improve the quality of our scientific training and the quantity of our scientists and engineers."

"Necessary as this is, I do not believe that it is the complete answer to our educational needs."

"If we should make the mistake of overemphasizing science at the expense of the humanities and the social sciences, we will run the grave danger of throwing our educational system out of balance and

Francis Wilcox  
"—reach the leaders"

turning out students who are intellectually unprepared to face the complex problems of the modern world."

Wilcox emphasized that our needs are far deeper and cannot be met by a single reflex action of this kind.

**Reach Future Leaders**  
"Above all I should like to see the colleges and universities make a concerted effort to reach the leaders of tomorrow — especially students in medicine, dentistry, engineering, the humanities, the physical sciences and education — with broad-gauged courses in world affairs."

"No student should be permitted to escape from his tour of duty in the classroom without a sound grasp of the nation-state system and the forces that make for war and peace in the world."

"If we are to prevent Soviet imperialism from dominating the world, the dogged persistence of the Russians must be matched with equal persistence and determination on our part."

"If we do this, the Soviet Union may eventually come to realize that it is in its own interest to make some accommodation to the free world position."

### Summer Registration On Tuesday

Registration for the 8-week summer session will begin Tuesday at 9 a.m. in the University Fieldhouse.

Students in the Colleges of Liberal Arts, Education, Commerce, Engineering, and the Graduate College who plan to attend the summer session may pick up registration materials at the Registrar's office in University Hall.

Before reporting to the Fieldhouse Tuesday, engineering students must report to Room 3 of the Main Engineering Building between 9-12 a.m. and 1-2 p.m., where they will complete preliminary registration.

Students in Liberal Arts, Education, Commerce, and the Graduate College will be admitted to registration in the Fieldhouse according to an alphabetical schedule issued with registration materials.

Students in the Colleges of Law, Nursing, Pharmacy, Medicine and Dentistry must obtain registration materials and instructions in their respective deans' offices Tuesday before reporting to the Fieldhouse.

Individuals entering the College of Liberal Arts or the College of Engineering for the first time must report to Macbride Auditorium at 8 a.m. on Monday for orientation.

### Senate Okays Pay Hike For Federal Employees

WASHINGTON (AP) — A bill carrying a 10 per cent pay raise for more than a million Government workers won final Senate approval Friday but must wait until next week for House action.

The House was in weekend recess when the measure passed the Senate by voice vote. The House is expected to act on it Monday.

The bill is a compromise version of different measures previously passed by the two chambers. It provides a 10 per cent pay boost for 1,021,000 Civil Service and other employees retroactive to last Jan. 1.

### Pomp and Circumstance

In less than twenty minutes, 1,250 SUI graduates and 65 faculty members marched, in two double column lines, to their respective seats at commencement exercises.

Leading the procession, the faculty members marched slowly to the traditional music of Pomp and Circumstance, but the tempo was quickened for the SUI students who culminated many years of book cramming and note taking as they received their diplomas Friday morning.

As the graduates took their places on the chair-covered basketball court they were handed copies of the forty page commencement program, and there was a flurry of pages as the lists of names were checked to make certain there were no mistakes.

The Fieldhouse was draped in the traditional black and gold trappings. At intervals on the floor there were gold standards with black "I" letters and American flags.

The black caps and gowns of the graduates were a vivid contrast with the flower decked stage. Eight large vases of glads decorated the stage floor and masses of pink and red geraniums and palms lined the edges of the stage.

University custodians spent the entire week setting up chairs and decorating the Fieldhouse for the commencement exercises.

A near capacity audience of parents, alumni and friends of the SUI graduates filled the bleachers and balconies of the Fieldhouse.

Among other noted commencement guests were Roy Stevens, Ottumwa, and Arthur Barlow, Cedar Rapids, representing the Iowa Board of Regents.

By 8:30 a.m., one hour before the exercises began, several hundred spectators had already selected the choice seats and camera lights flashed constantly as pictures were taken of the colorful decor and elated graduates.

Despite the efforts of the highway patrol and city police, heavy traffic before and after commencement caused bottlenecks and traffic lines two and three blocks long.

A silver cup, which passes from class to class, will be awarded at the fifty-year dinner to the 1908 class which has the largest number of registrants by 3 p.m. Saturday.

Phillip Macbride, son of Thomas Macbride, who was president of SUI from 1914 to 1916, will attend the 1908 class dinner.

### Hancher Asks Graduates To Uphold Ideals

President Virgil M. Hancher asked that SUI graduates consecrate the ideal of truth and beauty and goodness and thus justify the degrees they received Friday morning.

The University is "dedicated to the life of the mind. If you have not caught that vision and acquired a respect for intellectual growth and attainment, you have missed the great purpose of an education," he said in his charge to the candidates.

"The mind of man not only can adapt the human organism to its environment; it can adapt the environment to the human organism. It possesses quite literally the unique and formidable power to create upon this earth either a new heaven or a new hell."

"This life of the mind is the concern of universities. It has been the concern of universities since the founding of the University of Salerno nearly a thousand years ago. It has always been the concern of your University."

President Hancher told the graduates that although they had known the University as a place where existing knowledge is taught and learned, it includes much more than that.

"From Harvard to California, universities define their functions to include not only teaching, but the advancement of knowledge through research and the diffusion of knowledge through service to the State and nation," he said.

# De Gaulle Steers Bold Course For France

## Iowa River Rising Rapidly

The Mehaffey Bridge road between North Liberty and Solon was expected to be under water by mid-night Friday.

George Roehr resident engineer of the Coralville reservoir project, said late Friday that the bridge would probably be covered by mid-night and that increased rises in the Iowa River at the Coralville Dam could be expected for at least the next three days.

RESIDENTS in the Mehaffey Bridge area were able to drive their boats right up to the edge of the road by late Friday (see picture below).

"The river is full from Iowa City to Marshalltown — four days away — and even without any in-

creased rainfall, we can expect to see a continual rise.

"THE CREST is expected at Marshalltown Saturday (today) but more rain may also change that," he said.

The weather bureau Friday night predicted a few thundershowers in the extreme southeast late Friday night and a chance of showers in the Iowa City area late today.

Continued heavy rainfall in Iowa City the past few days plus heavy rains north and west of Iowa City are bringing the level of the Iowa River higher by the hour, Roehr reported.

The river at the reservoir dam has risen a foot and one-half in the past 24 hours.

LATE FRIDAY the river was still rising at the rate of more than one-tenth of a foot per hour. Without further rain the river is expected to rise another 1.5 feet in the next 24 hours.

Roehr estimated a 670-foot level of water by this morning. The highest point reached since the dam was built was 670.3 on June 5, 1957.

COUNTY ROAD "O" in north Johnson County, and several roads near the Mehaffey Bridge, were under water by late Friday night.

The official rainfall in Iowa City to date for June is a total of three inches, slightly more than the total for the entire month of May.

### Federal Index Up For First Time In Eight Months

WASHINGTON (AP) — The first upturn in the nation's industrial Production Index in almost a year was reported Friday by the Federal Reserve Board.

The board said the index of mine, mill and factory output inched up one point from April to May. At 127 per cent of the 1947-49 average, the May figure was still

### Ike To Retain Aide Adams

WASHINGTON (UPI) — The White House Friday firmly rejected a Congressional demand that President Eisenhower fire Sherman Adams for accepting favors from a Boston textile tycoon who had troubles with the Government.

Press Secretary James C. Hagerty reaffirmed the President's confidence in his 59-year-old chief aide when a reporter noted that Rep. Peter F. Mack (D-Ill.), had said Mr. Eisenhower should demand Adams' resignation.

LATER IN THE DAY, Hagerty refused to confirm or deny a report by the New York Post that Adams received a \$2,400 oriental rug from his industrialist friend, Bernard Goldfine.

The Post said Adams and Goldfine selected the rug together at Macy's Department Store about two years ago. It said the rug was paid for by a check drawn on Strathmore Woolen Mills, one of Goldfine's firms, and signed by the industrialist.

Hagerty also refused to comment on reports that Adams had accepted a \$700 Vacuna coat from Goldfine.

SUCH GIFTS, he said, had "nothing to do with the operation of Federal agencies." He said the issue in question was whether Goldfine had received preferred treatment from a Government agency. He noted that Adams denied any

wrongdoing in a letter to Rep. Oren Harris (D-Ark.), chairman of the House subcommittee investigating regulatory agencies which aired influence charges against Goldfine and the Presidential aide.

Hagerty said Adams' letter "completely and fully" answered the charges and "put on the record all of the facts."

ADLAI STEVENSON, nominal head of the Democratic party, accused Adams of pious preaching and hypocrisy. Stevenson said he was not sufficiently informed to pass judgement but "I remember a number of statements about how the Eisenhower Administration would be 'cleaner than a hound's tooth.'"

"I don't like a holier than thou attitude," said the former Democratic Presidential nominee. "This is not the only example of hypocrisy in the Administration."

IN HIS LETTER, Adams conceded that the Russian-born Goldfine, who started his career as a shoe shine boy, picked up a \$2,000 tab for Adams and his family at the swank Sheraton-Plaza Hotel in Boston.

Adams also said he made or directed others to make phone calls to get information for Goldfine or to arrange appointments for him with Government agencies. But he flatly denied seeking preferred treatment for the industrialist.

## To Maintain Ties, But Act Independently

### Algerian Group Pledges 'Devotion' to Premier

PARIS (UPI)—Gen. Charles de Gaulle served indirect notice on the United States and Britain Friday night that France henceforth will pursue an independent course even though preserving its Western ties.

De Gaulle also told Frenchmen in a nationwide broadcast that rebellious Algeria must be pacified so it will be "body and soul" with France. He said he favored setting up "Federal links between France and the people of Africa."

De Gaulle spoke in a radio-TV "fireside chat" — his first since he took power June 1 — amid indications that defiant insurgent leaders in Algeria were bowing to his authority.

**New Financial Program**  
The new French leader also announced a bold new financial program designed to put France back on its feet. It included the floating of a new national loan and a special "amnesty" to crisis-worried Frenchmen who had been hoarding gold and hard currency in banks outside France.

Just before De Gaulle spoke, the insurrectionist Algerian Public Safety Committee, which had been slapped down hard by De Gaulle for its defiance, approved a message pledging its "devotion" to the French soldier-premier.

Algeria's insurgent leaders pledged their "devotion" to Gen. Charles de Gaulle exactly one month after their insurrection that swept him into power.

In an anniversary message, the May 13th Public Safety Committee that forms the inner junta of the insurrectional movement, asked its president, paratrooper Gen. Jacques Massu, to let Army commander Gen. Raoul Salan that he had their "confidence and sincere desire for cooperation."

The message added that the committee members wished to "affirm their devotion to Gen. de Gaulle."

**A Complete Reversal**  
It was a complete climbdown from the committee's last message, to De Gaulle on Tuesday which demanded the "disappearance" of all political parties and the formation of a "real Public Safety Government in France."

Committee spokesman Lucien Neuwirth said Friday night's message had been approved by a unanimous vote.

In his dramatic broadcast, De Gaulle declared that France must be strengthened so it can "take the place which is ours in the Western world."

But he added that he aimed "in the Western world to which we belong, without having to confine ourselves to it, to take the place which is ours, to carry out the acts which are our acts, with a view to serving both peace and security."

This was interpreted as a notice that the France of De Gaulle, while preserving its Western alliances, would maintain freedom of action in its international relations.

### Pate Asks Marine Strength Kept Up

WASHINGTON (AP) — Gen. Randolph Pate said Friday 175,000 Marines are not enough.

If Congress accepts the Administration's recommendation and cuts the Marines back to that strength next year, he told a Senate Appropriations subcommittee, the striking power of the corps would only be about 75 per cent effective.

Pate is the Marine Commandant. Sen. Dennis N. Chavez (D-N.M.), subcommittee chairman, asked the general if he was recommending that the Senate approve an extra \$45-million the House has voted to keep the Marines at a 200,000 level for the fiscal year beginning July 1.

"We would be very happy if the committee could do it, sir," Pate replied with a broad smile.

## Indiana Rivers On Rampage

INDIANAPOLIS, Ind. (UPI) — Indiana rivers, whipped by fresh downpours and tornado storms, went on a new rampage Friday night and the mayor of Wabash, Ind., declared a state of emergency.

Wabash Mayor J. Robert Mitten called on the National Guard to help get families out of their homes before the swollen waters of the Wabash River take over.

Heavy rains had pelted the city all day and the Wabash, with a normal flood stage of 12 feet, jumped from 21.89 feet at noon to 22.50 feet by nightfall. At least

64 families fled their homes.

A tornado carved a path through Illinois farm country close to the village of Macon, ripping up barns but causing no deaths or injuries.

Heavy rains washed Springfield, Ill., and Chicago, causing one traffic death in the Chicago area and two more across the state line in the Gary vicinity. The fatalities, coupled with the death of an Indianapolis boy swept from a raft on the White River, brought Indiana's total of storm-blamed deaths this week to 16 and the area's total to 18.

## Drowning Near Lone Tree

Sheriffs from three counties and highway patrolmen began dragging the Iowa River near Lone Tree about midnight Friday after receiving a report that a man had drowned.

Although the name of the man was reported, no names were released until all information could be checked.

Johnson County Deputy Don White said the spot where the man reportedly drowned is two miles east of the McGool Bridge.

Boats and grappling equipment from the Iowa City Police and Fire Departments were taken to the scene as well as equipment from the other two counties. The spot is on the Johnson-Louisa County line.

White said it was doubtful if they would be able to find the body before morning for two reasons: Heavy rains have raised the water level and current of the river. Also it is hard to use the equipment effectively in the dark.

### Lakeside Cottages?

FLOODING OF CEDAR RAPIDS STREETS early Friday made a scenic view, but residents along a residential section of northwest Cedar Rapids thought the high water was anything but scenic. Sewers in the area were unable to carry away the heavy rain that had been falling intermittently since Thursday morning and there was reportedly a foot of water on the street in some places. Official rainfall total in 24 hours before 7 a.m. Friday was 2.37 inches. —AP Wirephoto.

# SUI Dental Men To Research in Alaska

The northernmost point in Alaska will be the destination of an SUI dental professor and two dental students when they leave SUI at 7 a.m. Sunday to do research for three months at Point Barrow.

Dr. Alton K. Fisher, professor of oral pathology, and Edwin Joe Hancock, Oelwein, and Larry Lee Nash, Knoxville, who have completed their junior year in dentistry, will do the research while on active duty with the U.S. Navy, working at the Navy's Arctic Research Laboratory. Dr. Fisher is a captain in the

## Miss Davis Gets Plumbing Ass'n Nursing Grant

Francis Davis, N3, Knoxville, has been awarded a \$100 scholarship for the 1958-59 school year by the Women's Auxiliary to the Iowa Association of Plumbing Contractors.

Miss Davis is specializing in public health in the SUI College of Nursing. This is the fourth year the Auxiliary has awarded a scholarship to an SUI coed.

MISS DAVIS

## Owens Elected Officer Of Tall Corn Network

Jennie Owens, of Iowa City Radio Station KKIC, was elected secretary of the Tall Corn Network of Iowa at the organization's annual meeting in West Okoboji Friday.

The 13-station organization adopted a resolution "again urging passing in the Iowa Legislature of such laws as will admit the microphones and cameras of radio and TV broadcasters of this state to all public gatherings, meetings, boards and courts so the public may be fully informed as to the business and operations and all functions of our government."

Other officers elected were Glen Stanley, Oskaloosa, president; E. M. Horning, Creston, and Robert Erickson, Keokuk, vice presidents; and Leo Mary, Carroll, secretary.

### PLANE CRASHES

**KATMANDU, Nepal (UPI)** — An Indian airliner carrying 31 persons overshot a runway and crashed Friday at the Nepalese city of Pokhara. The plane was damaged but all aboard escaped injury.

The C-47 aircraft of the Indian Airline Associates was carrying 27 passengers and a crew of four on the flight from Bhairwa, Nepal, to Pokhara.

# Medical Class Of '33 Tells Experiences

Members of the SUI "25-year report" in medicine heard a report Friday afternoon on what their classmates have done since graduation in 1933.

Dr. Lee E. Rosebrook of Ames, told colleagues gathered at SUI's medical reunion that of their class:

Six members became teachers and researchers; eight became administrators in public health and government service, with such organizations as the Veterans Administration and the Armed Forces; some 30 became specialists in various fields, and some 40 are in general practice.

Dr. Carroll B. Larson, professor and head of orthopedics at SUI, outlined changes which have occurred in the teaching, research and service facilities of the University Medical Center since 1933.

Dr. Everett B. Getty of Pringhar, another speaker from the 1933 medical class, spoke on rural obstetrics.

The physician said delivering babies within the home is "practically a thing of the past" in the Pringhar area. The occasional hemorrhage and other complications "make good home obstetrics almost impossible," he told the group.

Dr. Getty said his community has a so-called "walking blood bank," with the blood type of many persons on record at the local hospital.

Dr. Geraldine Light, '33 graduate, now professor of obstetrics at the University of Chicago, presented a movie on microscopic studies of certain aspects of the circulation. The professional sessions in which the talks were given will continue today.

Yes, Sir... Sir  
FORTY-NINE ARMY AND twenty Air Force Reserve Officers Training Corps cadets at SUI were commissioned second lieutenants Friday just an hour before they graduated. The commissioning ceremony was held at 8 a.m. in the north gymnasium of the University Fieldhouse. Col. Charles G. Kirk, professor and head of the SUI Air Science Department, commissioned the new officers. —Daily Iowan Photo.

# Counselors Will Discuss Problems at SUI Workshop

Some forty Iowa high school and college counselors will discuss guidance problems during the fourth annual Workshop for School and College Counselors to be held at SUI next week.

Theme of the 5-day workshop will be "The Challenge of Guidance in Education." Sponsors are the SUI College of Education in cooperation with the Iowa State Association of Women Deans and Counselors.

Guidance topics to be discussed include: "How Confidential can school counseling interviews be?"; "What is a reasonable counseling load for the school counselor?"; "How can counselors work most

effectively in the face of selective admission requirements by colleges and universities?"; and "Should there be a salary differential for counselors?"

Visiting consultant for the workshop will be Edward Roeder, professor of education at the University of Michigan. In addition to his other duties at Michigan, he is director of the counseling laboratory, Dr. Roeder is currently president of the National Vocational Guidance Association.

Kenneth B. Hoyt, assistant professor of education at SUI, will direct the workshop. Other SUI faculty speakers will include Leonard Goodstein, director of the University Counseling Service; De Norton, assistant professor of education and psychology; Peter Rempel, SUI senior counselor; L. A. Van Dyke, professor of education; S. J. Knezevich, associate professor of education, and J. B. Stroud, professor of education and psychology.

# New YWCA Head Named

Bette Smith, February, 1958, graduate of SUI from Clinton, has been named executive director of the SUI Young Women's Christian Association, effective Sept. 15.

Miss Smith will succeed Margaret Huffman, who has held the post for the last two years. Miss Huffman will continue work for a master's degree in the SUI School of Social Work.

The new YWCA director was selected by the personnel committee of the SUI YWCA, of which Mrs. Robert Marsden is chairman. In addition to holding the YWCA position, Miss Smith will work quarter time on an advanced degree.

A sociology major at SUI, Miss Smith attended Iowa State Teachers College, Cedar Falls, as a freshman. She has held positions in the personnel departments of Clinton Foods, Inc., Clinton, and Grand Central Aircraft Co., Tucson, Ariz. Beginning Sunday, she will be a counselor for eight weeks of established camp at Camp Cardinal, Girl Scout camp west of Iowa City.

Members of YWCA committees for 1958-59 have been appointed by Mrs. M. L. Mosher, president of the organization's advisory board.

New committee members include: Finance—Mrs. W. J. Simon, chairman; Mrs. Sherwood Tuttle, and Mrs. Simon Strauss. Special finance committee for long-range planning—Mrs. Emil Trout, chairman; Mrs. Dewey B. Stuit; Mrs. Ralph Ojemann, and Helen Reich.

Special projects chairman—Mrs. Richard Northup, chairman; book sale, Mrs. Northup, chairman; Mrs. Alva Oathout and Mrs. Thrs. Tsiming Li; cheer leader dolls, Mrs. Simon and Mrs. Peter Roan; children's entertainment series, Mrs. Albert Luper, Mrs. James Jordan, Mrs. Roan and Mrs. Thrs. Tsiming Li.

House committee—Mrs. Luper, Mrs. Simon and Mrs. Chester I. Miller. Publicity—Mrs. Sherwood Tuttle, chairman; Mrs. Jordan, and Miss Edna Pixley.

Social committee—Mrs. Oathout, chairman; Mrs. Philip Hubbard, and Mrs. Dave McCuskey. Personnel committee—Mrs. Robert Marsden, chairman; Mrs. Northup, and Mrs. Robert Sorenson.

Advisors — community service, Mrs. Sorenson and Mrs. Strauss; hospital service, Mrs. Miller, Mrs. Hubbard and Mrs. Jordan; Christian heritage, Mrs. McCuskey; nation and the world, Miss Pixley and Mrs. Luper; and personal and campus life, Mrs. Marsden.

# Nutrition Department Gives 3 Certificates

Three women have been awarded internship certificates by the Department of Nutrition at SUI Hospitals.

Recipients are Mrs. Helen Wicks Flynn, Iowa City, Margaret Elaine Brasher, Huntington, Utah, and Marian Raids, Chicago.

The certificates are awarded at the successful completion of 1-year nutrition internships, which are training periods beyond the work for a bachelor's degree.

Mrs. Flynn took her undergraduate work at SUI, Miss Brasher at Brigham Young University, and Miss Raids at Marycrest College in Davenport.

# Conference Will Discuss Flow of Liquids, Gases

Every three years scientists and engineers conduct and apply research on the flow of liquids and gases exchange findings for three days at SUI.

This year they will gather Monday through Wednesday in a rented plane with Mississippi in a rented plane was traced Friday to east Texas. But there the day-old trail ended and there was fear he had crashed.

"Please come home, Don," pleaded his childhood sweetheart, Doris Lynn Bowling of Dallas. And meager clues indicated Keeton, 19, had that in mind when he made a hurried stop near Longview Thursday.

Civil Air Patrol craft went aloft to search for the yellow plane with black trim. Maj. Donald Davidson, commander of the Northern Rescue Coordination Center in Dallas, said the State Highway Patrol was making a ground search.

Keeton landed the Cessna 120 at about 1:30 p.m. Thursday at the Premier Oil Co. private airport at Greggton, a Longview suburb. He asked Earl Cleveland, superintendent, for gas.

Cleveland, who didn't realize it was Keeton until he saw an Associated Press Wirephoto of the youth in Friday's Longview News-Journal, said: "He acted funny. He told me he had flown from the Gulf Coast but wouldn't tell me where he was going. . . . He was very nervous."

Cleveland directed Keeton to the Gregg County Airport eight miles away for fuel. But Keeton, his engine sputtering and the light plane gaining altitude slowly, took off in a different direction — toward Tyler, but also in the general direction of Dallas.

Keeton left a suicide note before going aloft in the rented plane at 8:15 p.m. Thursday from the Gulfport, Miss., Airport.

**NEW FREIGHT CARS**  
CHICAGO (AP) — The Burlington Railroad said Thursday it will build 100 new freight cars in its Havelock, Neb., shop early next year and place orders soon with independent builders for 150 other cars.

# Expect 100 Law Officers At Short Course Monday

# Keeton, Plane Still Missing

LONGVIEW, Tex. (AP) — Airman Donald Keeton's "suicide" flight from Mississippi in a rented plane was traced Friday to east Texas. But there the day-old trail ended and there was fear he had crashed.

"Please come home, Don," pleaded his childhood sweetheart, Doris Lynn Bowling of Dallas. And meager clues indicated Keeton, 19, had that in mind when he made a hurried stop near Longview Thursday.

Civil Air Patrol craft went aloft to search for the yellow plane with black trim. Maj. Donald Davidson, commander of the Northern Rescue Coordination Center in Dallas, said the State Highway Patrol was making a ground search.

Keeton landed the Cessna 120 at about 1:30 p.m. Thursday at the Premier Oil Co. private airport at Greggton, a Longview suburb. He asked Earl Cleveland, superintendent, for gas.

Cleveland, who didn't realize it was Keeton until he saw an Associated Press Wirephoto of the youth in Friday's Longview News-Journal, said: "He acted funny. He told me he had flown from the Gulf Coast but wouldn't tell me where he was going. . . . He was very nervous."

Cleveland directed Keeton to the Gregg County Airport eight miles away for fuel. But Keeton, his engine sputtering and the light plane gaining altitude slowly, took off in a different direction — toward Tyler, but also in the general direction of Dallas.

Keeton left a suicide note before going aloft in the rented plane at 8:15 p.m. Thursday from the Gulfport, Miss., Airport.

Short Course to begin Monday at SUI.

One hundred Iowa law enforcement officers are expected for the course, which is sponsored by the Bureau of Police Science of the University's Institute of Public Affairs and the SUI College of Law.

According to Richard L. Holcomb, chief of the bureau of police science, various aspects of investigation procedures will be featured, including the requirements of an investigation, crime scene sketches, and statements and confessions.

The officers may select one of three specialized courses in investigation, fingerprint classification or general police methods. General police courses will be on such topics as police weapons, legal problems and the collection and preservation of evidence.

# Demand Soviets Release 9 Men

BERLIN (UPI) — The United States has sent a new note to Soviet military authorities demanding they release nine American soldiers held captive in Communist East Germany.

State Department spokesman Lincoln White made the announcement in Washington after disclosure that the Russians, after marking time for four days, finally submitted a formal rejection of earlier U.S. requests.

The Soviet rejection was delivered in a note by the chief of the Soviet liaison mission in the U.S. zone of Berlin, a Maj. Gen. Surovov, to Gen. H. I. Hodges, U.S. Army Commander in Europe.

It said the Soviets disclaimed all responsibility for the eight U.S. Army officers and one sergeant who strayed 35 miles into Soviet East Germany in a helicopter last Saturday.

The Soviet rejection was delivered in a note by the chief of the Soviet liaison mission in the U.S. zone of Berlin, a Maj. Gen. Surovov, to Gen. H. I. Hodges, U.S. Army Commander in Europe.

# CITY TRAFFIC AGREEMENTS

WASHINGTON (UPI) — The House commerce committee Friday approved a joint Congressional resolution that would permit states to enter mutual agreements to promote traffic safety programs.

The resolution said the programs should include enactment of uniform traffic laws, driver education and training and traffic safety research.

# General Notices

General Notices must be received at The Daily Iowan office, Room 201, Communications Center, by 8 a.m. for publication the following morning. They must be typed or legibly written and signed; they will not be accepted by telephone. The Daily Iowan reserves the right to edit all General Notices.

**MAIN LIBRARY INTERIM HOURS**  
June 11-14 (Wed.-Sat.), 7:30 a.m. to 5 p.m.; Reserve Desk closed Saturday.  
June 15 (Sunday), Closed.  
June 16-17 (Mon.-Tues.), 7:30 a.m. to 5 p.m.  
Service desks open 8 a.m. to 4:50 p.m.

**P.H.D. TOOL EXAMINATIONS** — IN ACCOUNTING, will be given in Room 204 University Hall beginning at 1 p.m. Monday, June 23. Students expecting to take this examination should notify the secretary, Room 213 University Hall, by June 19.

**ECONOMICS**, will be given in Room 204 University Hall beginning at 1 p.m. on Tuesday, June 24. Students expecting to take this examination should notify the secretary, Room 201 University Hall, by June 20.

**STATISTICS**, will be given in Room 204 University Hall beginning at 1 p.m. Wednesday, June 25. Students expecting to take this examination should notify the secretary, Room 301 University Hall, by June 23.

**FAMILY NITES** at the Fieldhouse for students, staff, faculty,

their spouses and their families on the second and fourth Wednesdays of each month. Recreation of swimming and family-type activities will be available from 7:15 to 9:15 p.m.

**YWCA BABY SITTING** — A baby-sitting service to the residents of Iowa City is being offered by the Personal Service committee of the Y.W.C.A. Call x2240 to make arrangements for transportation and price.

**EDUCATIONAL PLACEMENT** — Those registered in the Educational Placement Office who are still seeking positions, send change of address to the office before leaving the campus. This may be done by postcard or by leaving a memorandum at the Placement Office.

**THE UNIVERSITY COOPERATIVE BABY SITTING LEAGUE** is in charge of Mrs. James Cogley from June 10 to June 24. Telephone her at 8-4760 if a sitter or information about joining the group is desired.

**PLAYNITES** for students, staff and faculty and their spouses at the Fieldhouse each Tuesday and Friday night from 7:30 to 9:30 p.m. Admission will be by faculty, staff or student I.D. Card. The Weight Training Room will be at the following times: Mondays, 4 to 6 p.m.; Wednesdays, 4 to 6 p.m.; and Fridays, 4 to 6 p.m.

**PARKING** — The University parking committee reminds student motorists that the 12-hour parking limit applies to all University lots except the storage lot south of the Hydraulics Laboratory.

**VETERANS**: The VA Finance Office has indicated that the May-June benefits may arrive on or shortly after June 20 in a single check. However, if the check which arrives in June is for one month, the veteran is asked to withhold his inquiry until July 23 and to anticipate arrival of another check. A P.L. 550 student should visit the University Veterans Service for advice if ALL of the following apply to him:

1. He attended under P.L. 550 during the current semester.  
2. He plans further pursuit under P.L. 550, but not at any time during the 1958 Summer Session or the 1958-59 school year.  
3. He was separated from active duty on or before June 16, 1958.

# Try and Stop Me

By BENNETT CERF

HARRY HERSHFELD—a most worthy Mr. New York—had a disillusioning visit with a pompous old publisher. The latter interrupted "Hash" in the middle of one of his favorite anecdotes to upbraid his butler.

"How many times," he yelled, "have I told you how to take one of my books out of my bookcase? Always blow the dust off first."

Herb Shriner boasts that a fireman in his home town has saved at least a dozen girls but never got a single medal or promotion for his bravery. He rescued them from the fire chief.

An act bobbed up in Las Vegas recently called "Ish Kabibble and His Twenty Piece Band, Featuring the Shy Guys." Leader Ish Kabibble explained later, "I'm shy about a dozen guys."

"Of course we name hurricanes after women," explains a weather forecaster. "They're hurricanes, not himacanes."

# News Digest

(From Daily Iowan Leased Wires)

## Senate Committee Unanimously Approves \$1.5 Billion Rivers and Harbors Bill

WASHINGTON (UPI) — The Senate Public Works Committee Friday unanimously approved a compromise rivers and harbors bill to replace the "pork barrel" measure vetoed by President Eisenhower last April.

## Salesman Discloses Bribery Scheme in Indiana Highway Department

INDIANAPOLIS, Ind. (UPI) — Salesman Arthur J. Mogilner put the finger on two former Indiana State officials Friday in what the prosecution said was a colossal bribery scheme involving more than \$1,600,000 worth of equipment contracts.

SMITH

Mogilner, 46, after abruptly changing his plea to guilty, unfolded a story from the witness stand of rigged specifications and several thousand dollars in kickbacks to former State Highway Chairman Virgil (Red) Smith.

The salesman produced several kickback checks made out to Smith in the name of "V. Wilson."

## Close Associate of President Batista Seriously Wounded in Gun Attack

HAVANA (AP) — Sen. Santiago Rey Pernas, a close associate of President Fulgencio Batista, was seriously wounded Friday in a gun attack.

Police said three youths fired on Rey as he entered his physician's office, hitting him on the right side of the face.

## Jet Tanker Sets Cross-Country Speed Record Averaging 670 Miles an Hour

WESTOVER AIR FORCE BASE, Mass. (UPI) — A KC-135 jet tanker, riding jet streams all the way from Los Angeles to the East Coast, has set an unofficial, coast-to-coast record for transport-type aircraft.

The tanker flew from Los Angeles to New York in three hours 42 minutes 45 seconds, besting the previous record, set in 1955 by an F-84 jet fighter, by one minute 15 seconds.

The Boeing-built KC-135 travelled at an average ground speed of 670 miles an hour, slightly faster than the speed of sound, during its flight, the Air Force said.

## Number of Jobless Workers Falls for Seventh Straight Week

WASHINGTON (UPI) — The Labor Department reported Friday that the nation's jobless benefits rolls have fallen for the seventh straight week while initial claims by newly laid-off workers have hit a 1958 low.

The report came as President Eisenhower signed into law an emergency \$665.7 million money bill to provide loans to states to extend their unemployment compensation programs up to 50 percent as an anti-recession move.

# Senate Slaps Administration in Rejecting Labor Proposals

WASHINGTON (UPI) — The Senate Friday night slapped down the Eisenhower Administration on two important amendments to the Labor Reform Bill as it rounded

out its second 12-hour day of debate with no decision in sight. Just before adjourning until 8 a.m. today, the Senate voted 47 to 42 against a proposal by Sen. H. Alexander Smith (R-N.J.), to place an additional safeguard around union funds.

## NLRB To Handle Labor Disputes

WASHINGTON (AP) — The Senate, in a swift about face, Friday night amended its Labor Bill to require the National Labor Relations Board (NLRB) to take jurisdiction in all interstate labor disputes.

Both proposals were included in a 10-point list of changes laid down by Labor Secretary James P. Mitchell as essential to make the bill satisfactory to the Administration.

## Air Force Fires Thor at Canaveral

CAPE CANAVERAL, Fla. (UPI) — An Air Force Thor missile, which will provide the main thrust in moon-bound rockets later this year, streaked off its launching pad Friday in a routine test flight.

## Two Fined, Three Charged in Court

Two persons were fined in Iowa City Police Court and three were charged by police Friday.

## Thor at Canaveral

CAPE CANAVERAL, Fla. (UPI) — An Air Force Thor missile, which will provide the main thrust in moon-bound rockets later this year, streaked off its launching pad Friday in a routine test flight.

## Thor at Canaveral

CAPE CANAVERAL, Fla. (UPI) — An Air Force Thor missile, which will provide the main thrust in moon-bound rockets later this year, streaked off its launching pad Friday in a routine test flight.

# New Farm Bill to House

WASHINGTON (UPI) — The House Agriculture Committee Friday approved a catch-all farm bill which would impose rigid controls on production of major crops in an effort to raise prices.

The bill, laid before the House by a committee vote of 21 to 10, called for the most sweeping changes in federal farm programs since the New Deal came to power in 1933.

There was little likelihood it would win Congressional approval in its present form, however.

Rep. W. R. Poage, (D-Tex.), a key committee member, said the bill had a good chance of passage "but I don't think there's any assurance."

Even if the measure passed, it almost certainly would draw a Presidential veto. The Administration favors several of its provisions but is unalterably opposed to others.

# Ike Asks New Air Agency

WASHINGTON (AP) — Spurred by recent aircraft collisions, President Eisenhower Friday asked Congress for speedy establishment of a single all-powerful Federal aviation agency.

"Recent mid-air collisions of aircraft, occasioning tragic losses of human life, have emphasized the need for a system of air traffic management which will prevent, within the limits of human ingenuity, a recurrence of such accidents," the President said.

Mr. Eisenhower, who does most of his own traveling by air, outlined his proposals in a 2,000-word message to Congress.

He proposed that the new agency take over all the functions of the present Civil Aeronautics Administration and the Airways Modernization Board, plus the safety regulation functions of the CAB.

# Troops Enroute; Curfew, Barbed Wire Calm Cyprus

NICOSIA, Cyprus (UPI) — Britain cleared the streets of Cyprus cities with an island-wide curfew Friday and erected barbed wire barricades between rival Greek and Turkish in Nicosia to prevent communal strife until some 700 paratroop reinforcements arrive from Britain today.

The 24-hour curfew was the most severe imposed to date on the strife-torn island and followed bitter clashes between Greek and Turkish Cypriots which have cost the lives of 12 Greeks since Saturday.

Six Greeks were killed Thursday night in a battle with Turkish villagers at Geunyeli, a cluster of plaster houses straddling the main road between Nicosia and Kyrenia.

# Soviets Push For Summit Conference

WASHINGTON (AP) — Secretary of State Dulles said Friday a new letter from Soviet Premier Khrushchev "appears to be an effort to push us rapidly and more certainly toward a summit conference."

Moscow agreed Friday night that a meeting of experts to study means of detecting nuclear explosions should begin at Geneva July 1.

Moscow radio announced that a note agreeing to President Eisenhower's proposals for such a meeting was handed to U.S. Ambassador Llewellyn Thompson by Soviet Foreign Minister Andrei Gromyko.

The Soviet note was in reply to a letter from President Eisenhower to Premier Khrushchev Tuesday.

The broadcast Tass dispatch said both the letter and the answer are being published in Moscow Saturday morning papers.

## DR. JULES TO HOSPITAL

Dr. Judith Jules, 624 N. Linn St., was listed as serious at University Hospital Friday evening.

Dr. Jules, 28, was rushed unconscious to the hospital in a police ambulance at 2:57 p.m. Friday after she became suddenly ill in her home. The nature of her illness was not disclosed.

# 4 Hawkeyes in NCAA Net Meet Monday

Four Iowa tennis players — three of them Big Ten champions — will be among the national collegiate favorites at the '58 NCAA week-long tournament at Annapolis, Md., starting Monday.

Representing the Hawkeyes will be Art Andrews, Bob Potthast and Joe Martin. Big Ten singles champions, Andrews and Potthast are also conference doubles champs. Also making the trip will be Don Middlebrook, loop runnerup and

undefeated in dual competition this year.

Three of the Hawkeyes, with coach Don Klotz, left Iowa City Friday for the long auto trip to the United States Naval Academy. Play begins Monday and will continue until Saturday's finals.

Potthast will travel from St. Louis to Annapolis. The No. 2 singles champion in the Big Ten has been playing in an open tennis tournament in that city.

"We could be in there awfully tough," Klotz said. "Art is capable of beating anybody there. Bob Potthast, if his game is steady, could also beat anybody they put up against him."

Klotz said he expected approximately 30 colleges and universities over the United States to be entered. This is six higher than the 24 teams entered last year at Salt Lake City.

Iowa can face its most serious

competition from Tulane University of Georgia.

A two-man powerhouse of Crawford Henry and Ron Holmberg will be the most serious challenge to the Hawks' possibilities.

Tulane finished second last year one point behind the winning Michigan team.

Holmberg is a Davis Cup player and is still a junior in college. He and Henry defeated Andrews and Potthast in the NCAA doubles quar-

terfinals last year 6-3, 6-2, 6-4. They later went on to win the doubles competition.

Andrews defeated Henry in the singles quarterfinals last year. Art was later eliminated by Barry McKay of Michigan who defeated Holmberg in the finals.

According to Klotz, Andrews has beaten Holmberg on several occasions when they were both playing as juniors in national competition.

Also expected to give Iowa considerable singles competition is John Douglas, Stanford's ex-football quarterback who piloted the West team to a victory in this year's East-West football game.

Don Dell, Yale's class star who has defeated Australia's Davis Cup player Ashley Cooper, will also be on hand.

The only man to ever defeat Andrews in collegiate dual meet competition, Maxwell Brown of Notre

Dame also will be there.

In NCAA competition the top collegiate players in the country are needed in both singles and doubles so that they will not be paired in the draw. Therefore, the expected "hot" matches are preserved until last. Andrews has been ranked nationally among the top three collegiate players by tennis critics since he has been in college. He was seeded third last year.

## Set Tuesday For Operation On Tim Tam

PHILADELPHIA (AP) — Calumet Farm's 3-year-old, Tim Tam, will be operated on here Tuesday morning to repair an injured right ankle.

Dr. Jacques Jenny will head a team of three or four veterinary surgeons operating on the Kentucky Derby and Preakness winner.

Dr. Jenny has compared the operation to be performed on the horse with the removal of bone chips from a human. The horse is expected to recuperate here for two weeks.

The decision to perform surgery on Tim Tam, injured in the Belmont Stakes last Saturday, was made by trainer Jimmy Jones in consultation with Dr. William Reed, a veterinarian, and Mrs. Gene Markey, owner of Calumet Farm.

Jones said, in announcing the decision, "he's ruined and about all we can do is save him for stud."

Dr. Jenny said he has treated a number of good horses with similar conditions.

"Some have raced, some have not. Some have raced and won," he said.

"The operation will make it possible for Tim Tam to race again," Dr. Jenny said.

## Tama Catcher Signs Kansas City Contract

TAMA (AP) — The Kansas City Athletics have signed a contract with Tom Videtich, 18, catcher on the Tama High School Baseball team. He will report Tuesday to the Grand Island team in the Nebraska State League.

Videtich was given a bonus for signing, but the amount was not disclosed. He plans to attend college next fall. Scouts from several major league clubs were interested in signing Videtich.

W & L QUIT CONFERENCE LEXINGTON, Va. (AP) — Washington and Lee University Friday resigned from the Southern Conference, effective July 1. The announcement followed notification to conference officials.

# John Peterson in Golf Finale After Victory over Meerdink

By DICK LYNES  
Sports Editor

The state-wide Iowa Junior Golf championship took on a definite local atmosphere Friday afternoon as a hard hitting youngster named John Peterson eliminated the tournament medalist and advanced himself into the finals of the tournament this morning at 8 o'clock.

Peterson, playing in a field of Iowa golfers aptly described by tournament manager and Iowa golf coach Chuck Zweiner as "the best we've ever had," came from four holes back at the end of nine to defeat Barry Meerdink of Muscatine 1 up in 22 holes. Meerdink won medalist honors last Tuesday with a 71.

John Peterson  
42 Holes Friday

Sixteen-year-old Peterson, who will be a City High senior, caught Meerdink on the 15th hole after the Muscatine golfer sliced a fairway shot into a bunch of trees and picked up a bogie on the hole. Peterson carded a par.

At the end of 18, the two were all even and the match went into extra holes. They halved the first three but on the fourth, John took a par three with a six foot putt while Meerdink bogied after missing a putt of about the same distance.

The turning point in the match came about the 10th hole when Peterson sank a 40-foot putt for a birdie and then went on to par the next seven. Meerdink recorded bogies on 12, 13 and 15. Meerdink missed a chance to

win the match on the 18th hole when his third shot, about 65 feet from the pin, hit the cup, hesitated and rolled away. The two golfers halved the 18th. Meerdink and Peterson both had 73's at the end of 18 holes.

In the morning 18 holes of elimination match play, Peterson eliminated defending champion Dave Nelson 1 up in 20 holes to advance to the semi-finals.

Peterson's opponent in this morning's finals will be formidable Steve Spray of Indianola, the golfer who tied the course record Wednesday with a 67. Spray easily eliminated Bob Ihrke of Clinton 6 and 5 and Ron Long of Monticello 2 and 1 Friday.

When asked if he had anything special planned for Spray, Peterson said: "I'll just try to shoot straight par and make him get bogies if he can. I think par is good enough to win."

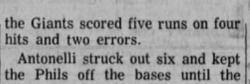

Meerdink and Long will meet in the consolation finals of the championship flight this morning also.

Winners of the various flights were determined in Friday's play.

Frosty Evashevski, son of Iowa football coach Forrest Evashevski, won the first flight 1 up. Other winners include: Pat Trowbridge, Marshalltown, second flight; Dick Morrie, Creston, third flight; Bill Robinson, Hampton, fourth flight; and Steve Jensen, Ames, fifth flight.

Friday's results.  
**MORNING ROUND**  
Barry Meerdink defeated Don Finney, 1 up.  
John Peterson defeated Dave Nelson, 1 up in 20 holes.  
Ron Long defeated Bill Iverson, 1 up in 19 holes.  
Steve Spray defeated Bob Ihrke, 6 and 5.

**AFTERNOON ROUND**  
Peterson defeated Meerdink, 1 up in 22 holes.  
Spray defeated Long, 2 and 1.

Steve Spray  
A Tough Opponent

# ChiSox, Orioles Duel to 14-Inning Tie, 5-5

BALTIMORE (AP) — Chicago and Baltimore duelled to a 5-5 tie game which was halted at the end of the 14th inning Friday night because of a Baltimore curfew which prohibits any inning starting after 11:59 p.m. (EDT).

A crowd of 15,418 sat through 4 hours and 8 minutes of contrasting baseball only to see the game end in a deadlock. It must be played over.

It had been a tense scoreless deadlock between Baltimore starter Jack Harshman and Chicago's Billy Pierce for six-and-a-half innings until Baltimore came to bat in the seventh. Pierce had allowed only one hit.

Chicago ... 000 000 005 000 00 — 5 10 1  
Baltimore ... 000 000 000 000 — 5 7 0  
Pierce, Staley (8), Fischer (9), Moore (10) and Lollar, Batters (9), Harshman, Brown (9), Zvernick (9), Moeller (9), O'Dell (10), Pappas (14) and Triandos, Ginsberg (14).

**Boston 9, Athletics 3**  
BOSTON (AP) — Dick Gernert crashed a run-producing double and his 12th homer during a pair of three-run innings Friday night in sparking the Boston Red Sox to a 9-3 victory over the Kansas City Athletics.

Supported by the hitting of Gernert, Ted Williams and Frank Mayzone, right-hander Tommy Brewer maintained an old hex by hurling his 15th triumph in 18 lifetime decisions against the A's. Kansas City ... 100 000 200 — 3 7 3  
Boston ... 100 330 028 — 9 13 1  
Garver, Burnette (5), Craddock (7), Trucks (8) and Chitt; Brewer and White, L-Gernert.  
Home runs—Kansas City, Held (4), Boston, Gernert (12).

**Indians 10, Senators 1**  
WASHINGTON (AP) — With Billy Moran, J. W. Porter and Minnie Mino blasting across eight runs on homers, Ray Narleski and the Cleveland Indians coasted to a 10-1 victory over Washington Friday night.

Cleveland ... 200 003 302 — 10 15 0  
Washington ... 000 010 000 — 1 4 3  
Narleski and Brown; Stobbs, Cleeton (8) and Courtney, L-Stobbs.  
Home runs—Cleveland, Moran (1), Porter (2), Mino (9), Washington, Lemon (8).

**Tigers 4, Yanks 2**  
NEW YORK (AP) — Johnny Groth belted a pair of triples and Al

Kaline, who made a game-saving catch in the ninth inning, drove in two runs Friday night as the Detroit Tigers beat southpaw Bobby Shantz for the first time since 1950 with a 4-2 victory over the New York Yankees.

Shantz was shooting for his 13th in a row over Detroit on Friday the 13th.

The American League-leading Yankees, scoreless since Mickey Mantle parked his 12th homer in the left field stands for a 1-1 tie in the fourth inning scored in a frantic ninth before relievers Herb Motford and Hank Aguirre finally saved Billy Hoelt's fifth victory in 10 decisions.

Shantz was shooting for his 13th in a row over Detroit on Friday the 13th.

**Stars 2, Cards 0**  
ST. LOUIS (AP) — Milwaukee's bonus rookie Joe May baffled the St. Louis Cardinals on four hits for a 2-0 shutout victory in his first major league start Friday night in a game shortened to six innings by rain.

The contest, delayed once 84 minutes, actually was halted in the Milwaukee seventh with the Braves' lead increased to 4-0, two out and two Milwaukee runners on base. But the game reverted to even innings when the umpires called a halt after a half-hour wait.

Milwaukee ... 110 000 — 2 7 0  
St. Louis ... 000 000 — 0 4 1  
Jay and Crandall; Brosnan and Smith.

**Giants 6, Phillies 1**  
SAN FRANCISCO (AP) — Johnny Antonelli's five-hit pitching plus a five-run eighth inning gave the San Francisco Giants a 6-1 victory Friday night over the Philadelphia Phils and snapped a five-game losing streak.

Antonelli was locked in a duel with Robin Roberts for seven innings. The Philly defense fell apart in the eighth, however, and

the Giants scored five runs on four hits and two errors.

Antonelli struck out six and kept the Phils off the bases until the fourth inning, when Chico Fernandez walked. He gave up his first hit, a single by Wally Post, in the fifth. The victory was No. 6 for Johnny against four losses.

Philadelphia ... 002 020 000 — 4 7 1  
San Francisco ... 001 000 053 — 6 7 0  
Roberts, Hearn (8), Morehead (8), Miller (8) and Lonnett; Antonelli and Schmidt, L-Roberts.

**Dodgers 5, Pirates 4**  
LOS ANGELES (AP) — Pee Wee Reese doubled with two out and scored two runs in the ninth inning as the Los Angeles Dodgers de-

feated the Pittsburgh Pirates 5-4 Friday night.

Reese's dramatic wallop with the count 2-0 scored Charley Neal from third and Jim Gilliam from second to wreck what appeared to be a certain victory for the Pirates.

Outfielder Jim King of the San Francisco Giants was with three different teams in 1957 — Chicago Cubs, St. Louis Cardinals and Omaha.

**NCAA Track Preliminaries Get Underway in California**

BERKELEY, Calif. (AP) — San Jose State's fleet Ray Norton ran the 100-yard dash in 9.4 seconds Friday, just one-tenth of the world mark, in his preliminary heat at the 37th annual NCAA track and field championships.

Sunny weather with little wind prevailed. Norton sped ahead at the start and beat Ira Davis of LaSalle by two yards at the University of California's Edwards Stadium.

Villanova's Ron Delany won his heat in the 880 easily in 1:50.2, and beating Michigan State's Willie Atterberry. Don Bowden of California, who set an NCAA record

of 1:47.2 in the 880 last year, and Delany will clash in the mile Saturday.

Ace quarter-milers Eddie Southern of Texas and Glenn Davis of Ohio State won their heats handily. Southern ran 47.1, Davis, Olympic 400-meter hurdle champion who equalled the 440 world record of 45.8 in the Big Ten meet this spring, did 47 flat.

In the 120-yard high hurdles the heat winners were Willy May of Indiana and Chuck Cobb of Stanford, both in 14 seconds flat, and Elias Gilbert of Winston-Salem, N.C., Teachers College in 14.2.

The finals are today.

**British Women Lead 2-1 In Wightman Cup Net Play**

WIMBLETON, England (AP) — teamed with the revived Miss Bloomer for an easy doubles victory over Mrs. Knode and glamor girl Karol Fageros of Miami, 6-2, 6-3.

**WHOOPI!**  
The only thing to enliven the dull doubles was Miss Bloomer's misfortune with a half slip she wore under her skirt. At one stage of the second set, the slip slipped—plunging down around her shoelaces.

Except for Miss Gibson, the first day's program showed glaring weaknesses in the American team which has won 21 consecutive Wightman series since England last won in 1930.

The United States will be clearly the underdog in Saturday's closing matches, in which Miss Gibson plays Miss Truman, Mrs. Knode meets Miss Bloomer, and Mimi Arnold of Redwood City plays Ann Maydon in singles, and Miss Gibson and Janet Hopps of Seattle face Ann Sidlock and Pat Ward in doubles.

Only Althea Gibson, gangling Wimbledon and U.S. champion from New York's Harlem, was able to salvage American prestige in the opening day of the series, which ends with three singles and a doubles match Saturday.

**Britain Nears Cup**  
Miss Gibson whipped Shirley Bloomer 6-3, 6-4 in the opening singles match.

Then Miss Truman, a 6-footer who quickly is becoming England's top ace, took over to put Britain close to its first cup triumph in 28 years and only its fifth in 30 attempts since the competition began in 1923.

She whipped Mrs. Dorothy Head Knode of Forest Hills, N.Y., 6-4, 6-4 in the No. 2 singles match, then
