Goldfine Admits Giving Gifts to Federal Employees

WASHINGTON (AP) — Bernard Goldfine testified Thursday he gave gifts of money to White House and Congressional employees, Republican and Democratic.

Boston millionaire Goldfine said these were only \$25 to \$50 Christmas presents "to some of the poor workers who work in different offices." But a House subcommittee investigator, Francis X. McLaughlin, said he believes the biggest gift came to about \$150.

The House subcommittee investigating Goldfine's affairs listed 33 persons as recipients.

One was identified, despite variance in spelling, as Eugene T. Kinnally, administrative assistant to the House Democratic leader, Rep. John McCormack (Mass.). Kinnally promptly said he got no cash, but some fancy foods and the like.

Charges Confirmed The White House acknowledged that two names on the list are of secretaries who work there — one of them assigned to Goldfine's close friend Sherman Adams, President Eisenhower's top assistant.

Adams himself has received 4-figure hospitality and gifts from Goldfine.

White House press secretary James C. Hagerty said both the women acknowledged receiving from Goldfine Christmas checks ranging from \$35 to \$75.

Hagerty said Miss Laura G. Sherman, No. 2 secretary to Adams, got \$75 from Goldfine last Christmas as her only check from him. The other one named was Mrs. Helen Colle, assigned to Thomas E. Stephens, President Eisenhower's appointments secretary. Hagerty said she has been receiving checks from Goldfine every year since 1950.

Another on the list of Goldfine remembered was identified as a stenographer, Mary Ryan, working for the House Commerce Committee of which the investigating group itself is a branch.

Mysterious Phone Calls The subcommittee chairman, Rep. Oren Harris (D-Ark.), told newsmen meanwhile that mysterious phone callers have been inquiring about him of residents in his district. He said he has heard rumors that lawyers and public relations men were trying to intimidate his committee.

"I've not considered it as yet an attempt to intimidate me," Harris said. "There must be some purpose, but I have no information as to what the intention is behind such calls."

The disclosure of the gifts came as the subcommittee probed into this bigger-scale puzzle:

Why did various Goldfine companies put out an estimated total of \$776,879 worth of bank treasurer's and certified checks, some of which remained uncashed for as much as 16 years?

One question suggested the possibility that a public official unwilling to cash such a check might use it as collateral to borrow on.

But questions about these big checks brought refusal to answer from the red-checked, hitherto genial Goldfine, who said their use was routine and none of the committee's official business.

In another connection, Goldfine once again denied seeking any string-pulling by Adams on his behalf.

The subcommittee is assigned to investigate the conduct of Government regulatory agencies, such as the Federal Trade Commission and Securities and Exchange Commission, which have handled cases involving Goldfine firms.

Oil Tanker Catches Fire In Tampa Harbor

TAMPA, Fla. (AP) — A raging blaze aboard a huge oil tanker threatened another vessel and a large area of port Tampa city docks Thursday night before being extinguished by firemen after a 3-hour battle.

At least five persons were hospitalized with burns from the explosion which set off the fire.

The Gulf Deer, a Gulf Oil Co. supertanker, caught fire shortly before 7:30 p.m. The ship, largest ever to dock at the port, carried a cargo of 160,000 barrels of high test and regular gasoline and some oil.

Capt. Virgil Trahan, skipper of the Gulf Deer, and members of his crew attributed the fire to a spark from a high tension wire.

Hoses had been connected for unloading the cargo when the explosion occurred.

Hoffa Makes 1st Step Of Huge Pact

WASHINGTON (AP) — Teamsters boss James R. Hoffa Thursday linked half the nation's transport workers in a giant mutual aid pact. Moreover, he said he'll complete a land-sea-air labor combine before the summer is over.

Hoffa, riding high after a second recent acquittal on criminal charges, denied a suggestion he was erecting a big transport monopoly. He said it was merely a union alliance to deal with common transportation industry problems.

Far from being daunted by the Teamsters' ouster from the AFL-CIO on corruption charges, Hoffa wooed two key AFL-CIO unions into his new "Permanent Conference on Transportation Unity" and in effect thumbed his nose at the AFL-CIO.

One of the those signing the deal with Hoffa was Joseph Curran, president of the National Maritime Union, representing East Coast sailors. Curran, an AFL-CIO Vice President, has been at odds with President George Meany.

Hoodlum Haunted The law other immediate signer was Capt. William V. Bradley, president of the International Longshoremen's Association, a union — like the Teamsters — exiled from the main body of organized labor on grounds it is riddled with hoodlums.

Hoffa said President Paul Hall of the AFL-CIO Seafarer's International Union, long considered an archrival of Curran's, knew all about the pact and "viewed it with great favor" as a probable partner.

A Modern Huck Finn Caught At Horse Race

BURLINGTON (AP) — Jim Danielson, 14-year-old farm boy near here, was back at home Thursday night after an unscheduled solo boat trip down the Mississippi River.

The boy, son of Mr. and Mrs. Clarence Danielson, was picked up by authorities 100 miles downstream at Rushville, Ill., where he stopped to see a horse race.

Authorities said a boat he had appropriated here was abandoned at Hannibal, Mo., and he had joined an adult companion in a larger boat.

Music Queen

DURING THE GRAND finale of the 2-week All State High School Music Camp Friday night, Gretchen Wildman (seated), Ames, was crowned music queen. Her attendants were (seated, from left) Suzanne Smith, Columbus Junction, and Nancy Hetherington, Oskaloosa; (standing, from left) Pat Kaster, Ventura, and Abby Benton, Iowa City.—University Photo.

National— At Midnight Thursday— Holiday Death Log:

CAMPAIGN EXPENSES

DES MOINES (AP) — Secretary of State, Melvin Synhorst said Thursday that delinquent campaign expense accounts will be reported to the attorney general's office for possible action.

Synhorst said the period for filing expense accounts for the state primary election campaign closed Wednesday. Some candidates have not reported as yet, he said.

4 Still Missing, 15 Dead, From Tragic Iowa Flood

AUDUBON (AP) — New rains added Thursday to the misery in the southwestern Iowa area Wednesday swept by floods which took a toll of 19 lives.

Four additional bodies were recovered, bringing to 15 the total found. Four other persons were still missing and presumed dead. Red Cross workers were aiding the homeless and giving typhoid shots.

Sightseers were warned to stay out of the area. Motorists without

RED OAK (AP) — Flood waters which edged into several blocks of Red Oak Thursday afternoon gave an unexpected emphasis to the title of a movie playing at a drive-in theatre here. The title: "Don't Go Near the Water."

emergency business in the flood-swept communities were being turned back.

In Washington, four Iowa counties — Audubon, Cass, Shelby and Montgomery — were designated as disaster areas eligible for federal rehabilitation aid.

One of four bodies recovered Thursday was that of Russell Smith of Exira whose wife miraculously survived a 5-hour, 50-mile buffeting in the swollen Nishnabotna after their home was swept away. His body was wedged in a tree which he apparently reached alive, only to be crushed when his own home floated into it.

Others whose bodies have been recovered are:

Mads Marcussen, Mrs. John Parsons, Harry Wiges and Charles Wilkins, all of Exira.

Franklin Wiges, Donald Byriel, Donald Kiuntzweiler, Donald Eaton, and Mrs. Dalton Hansen, all of Audubon.

Mr. and Mrs. Clyde Carrick and Max Cornish, all of Bagley, and Cornish's fiancée, Camille Buckner of Scranton.

Ray Keeran of Guthrie Center. Still missing and listed as presumed dead were John Parsons, his daughter Lenora Parsons, Mrs. Mads Marcussen and Mrs. Charles Wilkins, all of Exira.

U.S. Pledges To Share Nuclear Data

WASHINGTON (AP) — The United States pledged Thursday to help Britain build atomic submarines under a sweeping agreement restoring their sharing of nuclear weapons secrets.

At the same time, Secretary of State Dulles promised immediate help to France in obtaining atomic submarines which Premier de Gaulle wants to modernize the French navy.

French Situation Dulles talked over the French situation with President Eisenhower for two hours before flying to Paris for a round of talks with Gen. de Gaulle on a variety of problems—the Middle East, Russia and atomic.

His most pressing discussion appeared to be aimed at learning whether France is determined to push ahead alone to develop its own atomic bombs as some diplomatic reports have hinted.

The French would be expected to oppose any end to atomic testing, even with ironclad inspection guarantees, until De Gaulle decided how to move in this field.

The British-American atomic partnership agreement, signed at the White House by Dulles, gave Britain a preferred position in obtaining U.S. atomic secrets. The two countries shared secrets during the World War II bomb development.

Britain Unique The law setting the groundwork for this renewed collaboration was signed by President Eisenhower Wednesday. Under it, some highly confidential data may be given only to friendly countries which have already successfully exploded their own nuclear bombs. Britain is the only one to date.

France, in order to qualify for added U.S. data and help, would have to achieve substantial progress in weapons manufacture, including successful testing of its own bomb.

Mr. Eisenhower notified Congress that under the agreement with Britain a complete nuclear propulsion plant for a submarine would be turned over, as well as necessary nuclear fuel to operate the craft for 10 years.

The President also sent along a letter from Secretary of Defense McElroy. The Secretary said the British want to develop a nuclear submarine fleet at the earliest possible time without in any way delaying the U.S. program of replacing conventional subs with atomic undersea craft.

If You're In Iowa City Today, Enjoy Yourself

With the SUI library closed for the holiday, many students who couldn't go home for a vacation will have to find another place to spend their time.

City Park offers a full schedule of events that begins with the opening of the swimming pool at 10 a.m. and ends with fireworks in the evening.

The day includes Little League baseball games, boat races and a variety of water events.

In addition to the Library, all SUI offices, the Iowa Memorial Union Cafeteria, city, county and Federal offices will be closed for the Fourth of July.

The Union Cafeteria will re-open on Sunday and all University offices will return to regular hours Saturday. County offices will re-open Monday.

De Gaulle Pledges More Algerian Aid

ALGIERS (AP) — Premier de Gaulle wound up a 3-day military survey of this rebellion-torn area Thursday and in a radio broadcast promised increased aid for Algerians.

De Gaulle said France will pour more money into factories, farms, housing and schools in Algeria. All women will be given the right to vote, he said.

The Premier arrived back in Paris Thursday night.

De Gaulle said his helicopter trip to far-flung military posts showed him security is returning to Algeria after more than 3½ years of rebellion.

2,851 4th of July Victims Over Last 5 Years

By LOU YOUNKIN Staff Writer

Don't be a statistic! The National Safety Council has estimated 410 Americans may be killed this weekend in traffic accidents.

In the last five years, 2,851 persons have been killed over the Fourth of July holidays — traffic accidents have claimed over 1,579.

In connection with the prevention of holiday accidents, radio station WSUI today will broadcast two 7-minute tapes, made by students who traveled with police in patrol and radar equipped cars.

The tapes may be heard between programs from 10 a.m. to noon and 1:30 to 4 p.m.

Listen! Fred Lewis, head of Iowa City's traffic department, said these tapes should aid in the prevention of accidents because many people will be listening to their radios as they travel.

Too much speed is involved in seven out of ten fatal traffic accidents on holidays, National Safety Council figures show.

An analysis of holiday traffic fatalities by the Council shows about half of the drivers had been drinking. The Council also pointed out social drinkers are a greater menace than commonly believed.

Even two cocktails are dangerous, if the person drives within three hours after drinking, the Council reports.

Risks Multiplied With 45 million vehicles and drivers jamming the nation's highways during the 3-day weekend, normal accident risks will be multiplied many times, the Council said.

To help offset the extra traffic hazards, the Council lists five rules:

- 1) Don't drive after drinking — even two cocktails. 2) Cut your usual cruising speed 10 miles an hour, especially at night. 3) Double checks before passing or changing lanes. 4) Don't follow the car ahead too closely. 5) Don't compete in traffic. Let the other driver go first.

The council also said there could be 12,000 disabling injuries during the 78-hour period from 6 p.m. Thursday to midnight Sunday. In Iowa City Drowning is the second highest cause of death in Fourth of July accidents. Iowa City officials have taken the precaution to have a police ambulance, fire department respirator and crashboats ready today during the boat races on the Iowa River.

The Iowa City Police Department also will have extra men on

shifts today at City Park. One man will patrol the park on a motorcycle, two will patrol on foot and another will be on duty in a boat on the river.

Other causes of Fourth of July accidents are fireworks, and firearms, sunstroke and heat exhaustion, food poisoning and falls. Don't YOU become a statistic; don't YOU cause anyone else to become a statistic.

Plans for the holiday may be disrupted today by cloudy skies and scattered thundershowers. The weatherman also forecasts temperatures in the high 70s and mid 80s. The outlook for Saturday calls for continued thundershowers and little change in temperature.

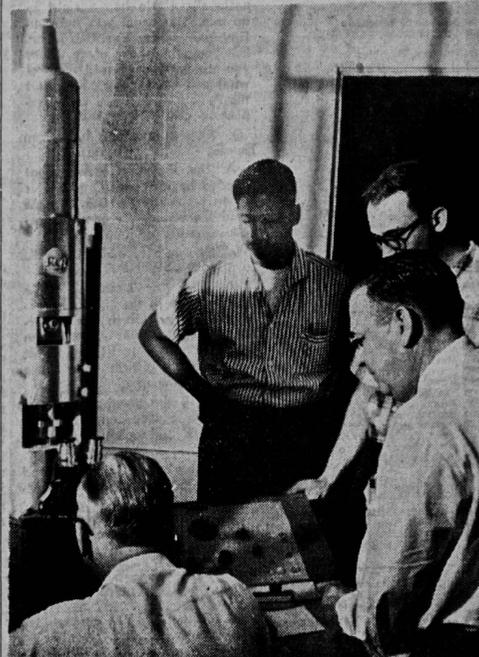

IOWA WEATHER

The Associated Press said heavy rain fell again Thursday in the Audubon County flood belt and in areas surrounding it.

Viola Center in hard hit Audubon County reported an unofficial four inches of rain and the same amount was recorded at Bayard in Guthrie County.

Further south in and around the Nishnabotna River watershed Willska had 3.75 inches, Clarinda 2.82, Bedford 2 inches, Elkhorn 1.90, Oakland nearly 2 inches, Corning 1.23 and Shenandoah 1.10. The Weather Bureau said the rains were not expected to add materially to the flood threat unless they were very heavy.

More showers and thundershowers were predicted for central Iowa and more than an inch of rain was reported over the headwaters of the Raccoon River already swollen with flood water.

Big Ones from Little Ones

A \$27,000 ELECTRON MICROSCOPE, to be used by the SUI Zoology Department for cell research, was installed this past week in the Zoology Annex. The huge 'scope was constructed by RCA and stands about 8-feet high with a control panel about 3-feet wide on each side. It has the power to magnify an object about 200,000 times and is one of three such microscopes in Iowa. The others are located at Iowa State College and at University Hospitals. Watching C. C. Nagel, (seated) Cedar Rapids, RCA representative supervising installation, are (left to right) James Prestage, G. Alexandria, La., Richard Kessel, G. Fairfield and H. W. Beams, professor of zoology.—Daily Iowan Photo.

Soviets Seek Talks To Prevent Attacks

WASHINGTON (AP) — The Soviet Union called Thursday for a conference of experts to work out ways of preventing surprise attacks in the nuclear missile age. The United States, with some reservations, tentatively endorsed the proposal.

Britain Likely To Accept Peace Talks

LONDON (AP) — Britain Thursday night was reported likely to accept Soviet Premier Khrushchev's idea for early talks by experts to devise an East-West system against surprise attack.

British officials recalled that Foreign Secretary Selwyn Lloyd a year ago put forward a similar suggestion at a disarmament conference held here under U.N. auspices.

The foreign office, however, declined to comment officially on Khrushchev's proposal, which was sent to President Eisenhower Wednesday in an evident bid to revive prospects of a summit conference.

Army Blames Detonator Cap For Nike Blast

WASHINGTON (AP) — The Army Thursday blamed a smashed detonator cap for the Nike missile explosion that killed 10 and injured two at Middletown, N.J., on May 22.

The Army said that an exhaustive investigation of the accident which destroyed, or badly damaged eight of the big missiles revealed "no evidence of gross carelessness, smoking, inattention to operations or any other cause such as sabotage."

The Army said its investigation narrowed the origin of the accident to the operation of a group of ordnance civilians and enlisted men in removing an old triggering device and replacing it with a new type.

The report did not attempt to say what happened but noted that "corrective actions have been taken to prevent a recurrence."

Four SUI Staffers To Attend Meeting

Four staff members from the SUI Extension Division will attend the annual meeting of the National University Extension Association (NUEA) Sunday through Wednesday in Salt Lake City, Utah.

Representatives from SUI will include Bruce E. Mahan, dean of the Extension Division; John L. Davies, associate professor of education and director of the Bureau of Correspondence Study; John R. Hedges, associate director of audiovisual instruction; and Carol W. Beals, assistant to the dean and manager of the division's speech, drama, music and art services.

Mrs. Beals also will attend a workshop in the Arts at Brighton, Utah, today through Sunday.

Educators from 78 of the nation's colleges and universities will attend the NUEA meeting. Hosts for the convention will be Utah State University, Brigham Young University and the University of Utah.

Lebanon Forces Attack Rebels

BEIRUT, Lebanon (AP) — Pro-government forces counter-attacked with an accompaniment of martial music in the hills above Beirut Thursday and recaptured Ainad village.

The forces claimed they captured rebel machine guns that were made in Czechoslovakia. Leaders said they would be presented to the U.N. as evidence supporting government claims that the rebels have received massive aid from the United Arab Republic — a recipient of Iron Curtain arms.

Rebels Delaying Release Of Kidnaped Americans

HAVANA, Cuba (AP) — A diplomatic snag was reported Thursday to be blocking the release of 45 kidnaped North Americans still held by Cuban guerrillas in the hills of eastern Cuba. Informants here hinted rebel leader Fidel Castro was hedging on orders to his men to free the captives.

The orders were broadcast Wednesday by Castro's headquarters in the mountains of Oriente province. The broadcast said because of poor communications the rebel leader had known nothing of the kidnaping of 47 Americans and 3 Canadians by guerrilla bands headed by his brother Raul.

"If that is the case their liberty is hereby ordered," the broadcast said.

Four Americans and one Canadian were flown out of the rebel country in a U.S. Navy helicopter after U.S. Consul Park Wollam spent several days talking with the rebels.

A helicopter was readied to take off from the U.S. Navy base at Guantanamo. But Associated Press correspondent Bob Clark reported from there that none had left for a jungle rendezvous to pick up more captives.

Usually informed sources here said Fidel Castro would not permit the second helicopter flight. They said a snag had developed in the U.S. consular negotiations with the rebels and that Castro had decided now to hold out for further negotiations. There was no report on what the snag was or what Castro wants to talk about.

These reports could not be confirmed at the U.S. Embassy here. Wollam conferred there with U.S. Ambassador Earl E. T. Smith.

One of the five released prisoners, Howard A. Roach of Watertown, N.Y., said Raul Castro was preparing a personal apology and explanation for the kidnapings. Roach said the apology was being revised and typed when he left the rebel hideout Wednesday.

The rebel broadcast, giving a statement by Fidel Castro, said the North Americans probably were not hostages but observers.

Castro's statement said: "It is possible that this kidnaping campaign was a reaction after the recent delivery of 300 rockets by the U.S. government to President Fulgencio Batista's forces. These rockets were used against civilians living in the territory where the rebels are operating. I found rocket remnants with serial numbers. Despite all this I ordered these citizens to be freed since they are not responsible for their government's action in sending arms to Batista."

It was possible that Castro has decided to release the North Americans in small batches in order to avoid detection by Cuban army forces based in the foothills of the Sierra Maestra, Castro's rebellion headquarters.

The Cuban government, however, has ordered a halt to its military operations in the area so the release of the prisoners could come off unhampered.

Other Campuses May Use SUI Counseling Course

A course of supplementary training for employment service counselors, which may be used as a model for training programs on other University campuses, will be open Monday at the SUI Center for Continuation Study.

Sponsored by the U.S. Employment Service with the cooperation of the University, the intensive five-week course is designed to give the counselors additional professional training to supplement their "in-service" training.

Fourteen counselors from the Iowa Employment Service will attend the course and 6 others will come from North and South Dakota. The special workshop will be the first residence course offered at the University for employment counselors, although three-day workshops have been held many times on the campus.

Each trainee will spend four hours each day in class and eight hours studying Monday through Friday.

Curriculum for the course was prepared by Kenneth B. Hoyt, associate professor of education, and John E. Muthard, assistant professor and rehabilitation counseling psychologist in the College of Education. John W. Loughary, former counselor at University High School, is coordinator of the program.

Sixteen faculty members of the College of Education and the Departments of Psychology, Sociology and Anthropology, Speech Pathology, Business Management and the Bureau of Labor and Management will lecture during the five weeks.

'Free Yanks' U.S. Demands

WASHINGTON (AP) — The United States demanded anew Thursday that Russia intervene to free nine American soldiers imprisoned in East Germany for the past 26 days.

A Soviet Embassy spokesman indicated, however, that Russia would refuse to get involved in the matter.

The new American protest, the second in 24 hours, was handed to Soviet Charge d'Affairs Sergei Striganov by Undersecretary of State Christian Herter Jr.

The note demanded that Russia act under postwar agreements with the Big Three Western Powers to obtain the release of the soldiers who crossed the East German frontier in a helicopter last June 7.

News Digest

Hoover Visits World Fair; Is Worst U.S. Vote-Getter

BRUSSELS (AP) — Ex-President Herbert Hoover arrived Thursday to visit the World Fair as President Eisenhower's special envoy. There was some quick action by fair officials to prevent him from seeing what a poor vote-getter he is here.

Visitors to the American pavilion here are invited to vote for the man they regard as the greatest American statesman. The tally is kept on a huge scorecard panel. The latest total showed the 83-year-old Hoover at the bottom of the list of eight, with only 979 votes of 46,155 cast.

The scorecard was torn down Thursday. Officials said it had nothing to do with Hoover's visit.

"We're having another and better panel made," said one, "but it's not ready yet."

Ambassador Urges Soviets To Remove Censorship

MOSCOW (AP) — U.S. Ambassador Llewellyn Thompson called for removal of censorship Thursday in an unprecedented TV address to the Soviet people. He also called for a free flow of people between East and West.

Thompson is the first American ambassador to speak to a Soviet television audience. His reference to censorship was one of the first public mentions of that forbidden subject here.

Thompson spoke on the invitation of the Soviet Government on the eve of American Independence Day.

His 15-minute address, delivered in Russian, was heard by television viewers estimated to number three million in Moscow. It is expected to be rebroadcast later over a nationwide radio hookup to the far corners of the Soviet Union.

Unemployment Claims Low; Initial Claims Rise, However

WASHINGTON (AP) — Unemployment among workers insured for jobless benefits dropped by 93,700 to a new 1958 low of 2,610,900 during the week ended June 21.

The Labor Department reported, however, that initial claims for jobless benefits rose seasonally by 47,800 to 366,400 during the week ended June 23.

This apparent increase in layoffs was attributed to new auto industry unemployment, partly due to the beginning of the period of changeover to 1959 model production, and to plant shutdowns for summer vacations.

The decline in insured unemployment during the June 21 week was the 10th weekly drop of this jobless measurement. The total of 2,610,900 is still more than double the 1,268,700 reported for the same week last year.

President, Grandchildren Fly To Gettysburg For Fourth

GETTYSBURG, Pa. (AP) — President Eisenhower and three of his grandchildren flew in a helicopter from Washington Thursday to spend the Fourth of July at the Eisenhower's farm.

A light rain began to fall as they landed.

A green Marine helicopter had lifted the President and the youngsters from the White House lawn late in the afternoon.

The youngsters making the trip were David, 10, Barbara Anne, 9, and Susan, 6.

The President's wife remained at the White House. She is making preparations for a three-day visit to Ottawa, Canada, with the President next week. They will leave Washington on Tuesday.

'Arrogant Challenge' to U.S. By Mobsters, Says Senator

Sam Magin "I respectfully decline..."

U.S. Rocket Fired To 180 Mile Height With 195 lb. Load

CHURCHILL, Manitoba (AP) — An American rocket blasted to an altitude of 180 miles Thursday in the first firing of the summer series in International Geophysical Year experiments.

The Aerobee-Hi rocket was fired from the 22-million-dollar U.S. base 12 miles east of this community on the shore of Hudson Bay.

The rocket carried 195 pounds of instruments.

WASHINGTON (AP) — A Senate crime probe declared Thursday the Mafia and its mobsters represent an arrogant challenge to the Government.

Sen. John L. McClellan (D-Ark.), concluding four days of inquiry into activities of the secret criminal syndicate, proposed that a national crime commission be created to deal with the situation.

Contempt For Government

"The contempt with which the leaders of the underworld regard both their government and the citizens of this country has been demonstrated repeatedly during the past week by their refusal to cooperate, even in the slightest degree, with this committee," the Senator said.

McClellan is chairman of the special Senate Rackets Committee. The committee is engaged in a nationwide investigation of racketeers who are using labor unions and legitimate businesses to mask their illicit operations.

Mobsters Refuse To Talk: Thirteen alleged mobsters were called before the committee this week and all refused to talk on the ground that they might incriminate themselves. Pleading the Fifth Amendment, they refused to answer hundreds of questions about the Mafia, their criminal records and the sources of their income.

Next Tuesday the committee will take a look at the restaurant industry in Chicago. McClellan predicted it would discover that gangsters have fastened an almost unbreakable grip on the industry. He said witnesses will include racketeer Tony Accardo. The hearings will be held here.

Next Tuesday the committee will take a look at the restaurant industry in Chicago. McClellan predicted it would discover that gangsters have fastened an almost unbreakable grip on the industry. He said witnesses will include racketeer Tony Accardo. The hearings will be held here.

Althea Gibson in Wimbledon Finale

WIMBLEDON, England (AP) — Defending champion Althea Gibson of New York and Angela Mortimer, her old British rival, surged Thursday to the Wimbledon women's singles final with relentless displays of near-perfect tennis.

Red To Watch Decathlon Championship

PALMYRA, N.J. (AP) — The national decathlon championship will be held here Friday and Saturday and the most interested observer in the world will be watching from 5,000-odd miles away in Moscow.

This fellow's name is Vassili Kuznetsov. A tall, lean 26-year-old student, he bettered Rafer Johnson's listed world record with 8,016 points less than two months ago.

It hasn't been acted upon yet, and if Johnson, who is the overwhelming favorite to win this 10-event test of all-around track and field strength, is in top form, it never will get in the books.

Johnson's record stands at 7,985 points, so Kuznetsov eclipsed it by just 31 points — a mighty slim margin in the decathlon. Johnson's potential, incidentally, is 9,722 points. This figure is arrived at by listing the best of his lifetime marks in each event.

Johnson's stiffest competition in the 28-man field probably will come from 19-year-old Dave Edstrom of the University of Oregon, who was runner-up to Charlie Pratt last year; Phil Mulkey of Memphis State, seventh last year; Ken Lydic of Villanova; Al Clark of the Bainbridge (Md.) Naval Station and Barney Belinger Jr., of Penn.

Women Athletes Ready For Track, Field Meet

MORRISTOWN, N.J. (AP) — The girl athletes get a chance to show their wares Friday and Saturday in the national track and field championships at Memorial Field.

At stake, in addition to national titles, were 20 places on the team which will meet Russia's lady luminaries in the international dual meet in Moscow, July 27-28. The male members of the squad have been chosen and many already are tuning up in Europe.

Friday's program will be turned over to the younger set. Some 132 teen-agers under 17 will compete for the girls' championships. This half of the two-day nationals serves as a development meet to provide a showcase for coming stars.

On Saturday, some of the youngsters and older girls — a total of 237 — will vie for the 12 championships and the right to cross the Atlantic for free. As usual, Tennessee State is expected to dominate the show.

2 Suspended From Ring on Bribe Charge

NEW YORK (AP) — Boxing Judge Bert Grant and fight manager Hymie Wallman were suspended indefinitely by the New York State Athletic Commission Thursday. The action was the result of Grant's indictment Wednesday by a New York grand jury on charges of accepting bribes in five bouts involving Wallman's boxers. Grant has denied the charges and is free on bail.

Julius Helfand, commission chairman, announced the double action after a special meeting. He also said the commission was preparing charges against Wallman as soon as possible to revoke his license as a second and manager. Wallman, a furrier and fight manager, has been called by Hogan's office as the front man for Frankie Carbo, a shadowy figure who allegedly has great influence in boxing circles.

Grant, who pleaded innocent and was released on bail Wednesday, was indicted on one count of conspiracy and 10 of bribery on charges he accepted a total of \$400 from Wallman to influence his voting in five fights from 1954 to early 1955.

Major Scoreboard

Sarazen Just Qualifies for British Open

ST. ANNE'S-ON-SEA, England (AP) — Leg weary, 56-year-old Gene Sarazen earned the right to play in the final 36 holes of the British Open Golf Championship Thursday with a second round of 73.

Eleven strokes behind the leader, Christy O'Connor of Ireland, with a 146 that barely qualified for the last two rounds, the stocky golfing squire of Germantown, N.Y., had little or no chance of doing more than just play Friday.

"I'm too tired to be playing golf, but I'll finish it out, anyway," he said as he walked wearily off the 18th green after taking a one-over-par five on the last hole.

O'Connor, a member of the 1957 Ryder Cup team and British match play champion, fired a 68 after Wednesday's 67 for a 135 that gave him the lead at the halfway point of the tournament.

The scoring was so good that all players with 148 or more were dropped from the final 36 holes. The second American who qualified for the championship, Army Sgt. Monte Bradley of Hillsboro, Texas, who is on leave from his post in Germany, didn't qualify for the final 36.

SUGAR RAY MAY FIGHT

NEW YORK (AP) — Sugar Ray Robinson may decide to fight again this year after all. The middleweight champion has asked Truman Gibson, International Boxing Club president, for a Tuesday meeting to discuss future bouts.

Roberts Hands Braves 3-1 Setback

MILWAUKEE (AP) — With Ed Bouchee contributing a home run in his first National League appearance of the season, the Philadelphia Phils defeated the Milwaukee Braves 3-1 Thursday at County Stadium, delivering to Robin Roberts the 195th victory of his great career.

Bouchee, making his first start after pleading guilty on a morals charge last March, was greeted by a momentary silence, then a polite spatter of applause when he came to the bat in the first. He was called out on strikes.

But in the eighth, with the score tied 1-1 and Braves rookie Carl Willey, after his third major league decision without a defeat, Solly Hemus led off with a home run and Bouchee followed with another.

Philadelphia . . . 010 000 020 — 3 9 0 Milwaukee . . . 000 010 000 — 1 6 1

Roberts and Sawatski; Willey, Trowbridge (9) and Crandall. L — Willey. Home runs — Philadelphia, Hemus (4), Bouchee (1).

Orioles 7, Red Sox 5

BOSTON (AP) — Hobbling Joe Ginsberg stroked a long pinch single to left field for the deciding run Thursday as Baltimore defeated the Boston Red Sox 7-5 in 15 innings. The rain-interrupted contest which went four hours, 23 minutes was the longest of the American League season.

Billy Loes, third Oriole pitcher, worked the final 5½ innings for his second triumph against seven

setbacks. In the bottom of the 15th he struck out Frank Malzone, Jackie Jensen and Dick Gernert to nail down the verdict.

Baltimore . . . 000 000 110 300 002 — 7 21 0 Boston . . . 200 000 000 300 000 — 5 12 2

Beamon, Zuvierink (7), Loes (10) and Triandos; D. Wilson, Kieby (7), Smith (10), Wall (11) and White. W — Loes. L — Wall.

Yanks 11, Senators 3

WASHINGTON (AP) — Four Yankee home runs — two of them mighty belted by Mickey Mantle — helped Whitey Ford beat Washington's Senators for the 12th straight time over a five year span Thursday. The score was 11-3.

Ford, who has the best percentage among veteran major league pitchers, this was victory No. 101 in a career which has seen him lose only 36.

New York . . . 000 040 304 — 11 36 0 Washington . . . 200 000 100 — 3 5 1

Ford and Berra; Kemmerer, Spring (9) and Fitz Gerald. L — Kemmerer. Home runs — New York, Mantle (2), 16, Sieburn (6), Berra (16), Washington, Lemon (14), Bueche (5).

ChiSox 7, A's 2

CHICAGO (AP) — Jim Landis, who has hit safely in 30 of his last 32 games, smashed a two-run double and two-run single Thursday to groove the Chicago White Sox to a 7-2 victory over the Kansas City A's.

Kansas City . . . 010 200 010 — 4 7 2 Chicago . . . 200 001 000 — 3 10 2

Phillips, Hobbie (7), Henry (9), Eiston (9) and S. Taylor, Giel, Grisson (9) and Schmidt. W — Hobbie. L — Giel. Home runs — Chicago, Long (9), Banks (21).

Pirates 2, Redlegs 0

CINCINNATI (AP) — Tall George Witt and stubby Roy Face doled out seven hits pitching Pittsburgh's Pirates to a 2-0 shutout of Cincinnati's Redlegs Thursday night. It was the second whitewash loss for the Reds in three days.

Redleg starter Joe Nuxhall had held the Pirates under tight check for the first four innings. But Pittsburgh finally got to him for the two runs in the sixth.

Pittsburgh . . . 000 002 000 — 2 5 0 Cincinnati . . . 000 000 000 — 0 7 0

Witt, Face (7) and Follis; Nuxhall, Jarfoot (7), Schmidt (9) and Burgess. W — Witt. L — Nuxhall.

Home runs — Chicago, Battey (3).

Cubs 4, Giants 3

SAN FRANCISCO (AP) — Shortstop Ernie Banks crashed a 380-foot home run over the left field fence in the eighth inning Thursday to give the Chicago Cubs a 4-3 victory over the San Francisco Giants in their series opener.

Glen Hobbie, needing relief in the ninth, gained credit for the victory, making him 6-6 for the

Cards Split

LOS ANGELES (AP) — Reliever Larry Jackson frustrated an eighth-inning Los Angeles rally Thursday night and St. Louis downed the Dodgers, 4-2 before a crowd of about 65,000 in the Coliseum. It was the first game of a two-night doubleheader.

The Dodgers won the second game 3-2.

ST. LOUIS . . . 101 000 200 — 4 7 4 Los Angeles . . . 000 100 010 — 2 8 1

Jones, Jackson (8) and Landrith; Williams, Drysdale (9) and Roseboro. W — Jones. L — Williams. Home run — Los Angeles, Larker (9).

PRIMER FOR AMERICANS

You live in the United States of America. You are an American.

Real Americans like their country. They are proud of it. They think it is a good place to live. And they want to keep it good—to keep it getting better all the time.

Why is America the way it is? What makes it a good place to live? The answer is simply this:

Throughout our history most Americans have believed that every person has certain rights and duties and responsibilities.

Americans have believed that there are certain things people should do, and things they should not do.

They have also believed in certain things that people are, and are not.

These things that people believe are called principles. This book is an attempt to state the Principles of America in simple, primer fashion so that you can understand them, learn them, and remember them.

This is important. It was because earlier Americans believed in these principles and guided their lives by them, that America has grown to be the good place it is.

If all of us learn and remember these principles—if we also guide our lives by them—then we can help to keep America growing better, and better, and better.

And if we follow these Principles of America, we can help make the world a better place to live in, too.

The Principles of America are these . . .

1. Each Person is of Importance and Value as an Individual.

This is the cornerstone . . . the foundation of all our other beliefs in a person's right to live his own life, to speak for himself, to choose and change his leaders.

From it comes our hatred of those "isms" under which the individual has no value or importance as a person, but is only one of many unimportant people who have to live the way their leaders tell them to.

Coming directly from that first principle are two others that are also part of the foundation of Americanism.

2. We Believe that All Men should Enjoy Personal Freedom.

It is worth noting that the Declaration of Independence expressed the belief that "all men are created equal." It did not state, or imply a belief that men develop equality or have equal ability, or that they should ever be forced to an exact equality of thought, speech or material possessions.

That would be equality without freedom. Americans have always believed the two should go together.

In our Constitution, and in other laws of our land, there are set down principles to protect the rights and freedoms and equality of individuals.

4. The Right to Freedom of Speech.

This includes freedom of the press, of radio, of motion pictures, of every means by which man may express his thoughts.

5. The Right to Freedom of Assembly.

As we believe in the right of individual action, so we believe that individuals should be free to act together.

6. The Right to Freedom of Worship.

Not only is the individual free to worship as he will, but religions themselves are free and equal.

7. The Right to Security of Person and Property.

Not just one, but three Amendments to the Constitution (4th, 5th and 14th) protect against illegal search and seizure, or loss of life, liberty, or property, without "due process of law."

8. The Right to Equal Protection before the Law.

As individuals are equally important, so laws must apply equally to all, without special privileges for any group.

9. The Right to Freedom from Slavery.

This includes "the right to quit," for no individual may be forced to work for another.

10. The Right to Petition the Government.

The right of the individual to "petition the government for redress of grievances" is evidence of the American belief that government is the servant, not the master, of the people.

11. The Right to Vote for people of your choice.

This is the individual's most potent weapon in the protection of his rights and freedoms . . . a weapon that to be effective must be constantly and wisely used.

Other Principles hold that every man has . . .

- 12. The Right to a Good Education.
- 13. The Right to Live where he pleases.
- 14. The Right to Work where he wants to.
- 15. The Right to Belong to an Organization.
- 16. The Right to Own Property.
- 17. The Right to Start his Own Business.

18. The Right to Manage his Own Affairs.

19. The Right to Make a Profit or to Fail, depending on his Own Ability.

There are other, similar rights of individual action which are Principles of America, but all of these individual rights may be combined in these two broad principles . . .

20. Every Man is entitled to Freedom and Equality of Opportunity.

21. Every Man may Earn his Living When, Where, and How he wants to.

There are also Limiting Principles . . .

Principles of individual freedom sometimes clash with those of individual equality. Therefore our rights as individuals must be limited, and those limitations are themselves principles.

22. The Rights of any Individual shall not Interfere with those of Other Individuals.

Your right to swing your arms stops where the other fellow's nose starts.

23. The Rights of any Individual shall not Interfere with the Welfare of the People.

Freedom of speech does not give the individual the right to shout "fire" in a crowded theatre.

24. Every Individual owes Obedience to the Laws under which he Lives.

The individual has the right to talk against a law, to work and vote to change that law, but NOT to disobey that law.

Principles that are Patterns of Behavior . . .

Many of our principles of individual freedom and equality are guaranteed to us by law. But we have other beliefs, other general rules of action and conduct that have grown to the status of principles. And these too, are foundations of Americanism.

25. A Man shall be Judged by his Own Record.

A man's family background, his race or his religion, is not as important as what that man himself can do, for Americans believe a man must stand on his own feet.

26. A Man is Free to Achieve as much as he can.

We believe that where any boy may become President, where any man may achieve greatness, there is the greatest incentive for every man to do his best.

27. To Achieve anything, a Man should be Willing to Work.

Americans have always known that "you don't get something for nothing," that to get anything takes a willingness to work.

28. Achievement also Depends upon the Ability to do a Good Job.

Add to "willingness to work" the ability to produce results and the combination is the basis for most individual achievement in our country.

29. Every Man has the Right to a Fair Share of the Results of his Work and his Ability.

Because of this belief, America has not only produced more goods, but they have been more fairly and more widely shared by more people than in any other country.

30. Security is the Ability of a Man to Provide for himself.

The only true security for any individual is the opportunity, the ability, and the determination to work and plan and save for his own present and future. Self-reliance is vital to individual independence and personal freedom. No man can be "proud and free" who depends on others for his security.

31. When an Individual cannot Provide his own Security, the Responsibility should be Assumed by Others.

We believe that no one should starve, or be without adequate clothing and shelter, so those who have more than their basic needs share the responsibility of providing the essentials of security for those who need help.

32. Each Individual must Deal Fairly with others.

Honesty, fairness, and personal integrity are virtues that help free and independent individuals get along with each other without losing their independence.

33. Fair and Free Competition is a Good Thing.

Americans have always believed that competition among individuals or groups encourages greater effort which in turn brings greater benefits to all.

34. Cooperation among Individuals is Vital.

PRESIDENT EISENHOWER has said: "The freedom to compete vigorously accompanied by a readiness to cooperate wholeheartedly for the performance of community and national functions, together make our system the most productive on earth."

Principles of Individual Responsibility . . .

Freedom for individuals carries with it an equal responsibility to use that freedom wisely. If we wish to remain free, we must faithfully fulfill this responsibility.

35. The Individual is Responsible for himself and his Family.

He must protect them and provide for their present and future well-being.

36. The Individual has Responsibilities to the Groups of which he is a Part.

He must give of his best to his community, his church, his employer, his union, and to every group in which individuals cooperate for their mutual benefit.

37. The Individual has Responsibilities to his Country.

He must be an active citizen, interesting himself in local, state, and national government, voting wisely, thinking and speaking and acting to preserve and strengthen freedom, equality and opportunity for every individual.

38. The Individual has Responsibilities to the World.

Man's horizons have expanded. What happens in the world affects him, and his actions can affect the world. Today, therefore, each man has a responsibility to act—and to encourage his country to act—so that freedom and cooperation will be encouraged among the people and the nations of the world.

For America's Future

Most of us have faith in our country's ability to move forward, to improve, to grow, to provide more and more individuals with more and more of everything they want and need in life . . .

If we, the people of the United States, want to have more material benefits, we must believe in and follow these two principles:

39. The only way we can Have More is to Produce More; and

40. As we Produce More, we must make it possible for More and More People to Enjoy that which we Produce.

If we, the people of the United States, want to have a better life, spiritually as well as materially . . .

41. We must stand firmly for our Beliefs, our Rights, our Principles.

There are those who would chip away our confidence so that their special brand of tyranny might creep into America. They must not succeed. So, let us ask of every plan, or act, or idea . . .

Is it With or Against the Principles of America?
