

Alaskans Snap Up Statehood, 5-1

Many Polling Places Run Out of Ballots

JUNEAU, Alaska (AP) — Enthusiastic Alaskans have snapped up the offer of statehood by a more than 5-1 vote, giving the Union its largest state and the first addition in 46 years.

They swamped the scenic northland's polling places in record numbers Tuesday, saying yes to statehood even more emphatically than expected.

With about half the 297 precincts reporting, the unofficial count for statehood was 22,214 to 4,921. The incomplete returns almost equaled the total of 28,903 votes cast in the 1956 general election, Alaska's previous high count.

Many polling places ran out of ballots and had to use samples or have fresh supplies flown in.

Opposition to statehood, during more than a generation of argument, came largely from residents who feared higher taxes under state status.

Most of Alaska's 215,000 residents were looking forward to a rich and healthy future for the huge land of the midnight sun — twice as big as Texas. But the transition to statehood will present Alaskans with a major challenge as they strive for solid economic development.

Only Proclamation Needed

Now only the formality of a presidential proclamation — probably in late December — is needed to add Alaska's star to the American flag. It will be the first new one since Arizona and New Mexico were admitted in 1912.

At the same time Alaskans welcomed statehood, they also picked nominees to state and congressional offices for a Nov. 25, general election.

In the primary, many of the candidates were unopposed. Those who got a free ride into the fall election included Democrat E. L. Bartlett, nonvoting delegate in Congress for the last 14 years.

Bartlett now is after one of the two U.S. Senate seats.

Also unopposed was Republican R. E. Robertson, 72-year-old Juneau attorney, who will run against Bartlett in November.

The other Democratic senatorial candidate, 71-year-old Ernest Gruening, also was unopposed for the second U.S. Senate race. He served as appointed territorial governor for 13 years under the Roosevelt-Truman Administrations.

Gruening's GOP opponent in the general election will be Mike Stepanovich, 39, Fairbanks, who resigned as the last territorial governor earlier this month to bid for the Senate.

Close Primary Race

The closest primary race — one that may not be decided for days as the ballot count slowly mounts — was for the Democratic U.S. House nomination. Raymond E. Plummer, 45, Anchorage lawyer, and Ralph J. Rivers, 55, Fairbanks attorney, were running neck and neck.

The GOP hopeful for the congressional post is Henry Benson, 48, present Alaska commissioner of labor.

William Egan, 49, Valdez, seemed assured of the Democratic nomination for governor in a 3-way contest. He was opposed by Victor Rivers, 53, Anchorage, and J. Gerald Williams, 51, Juneau.

The unopposed Republican nominee for governor is John Butrovich Jr., Fairbanks.

First Polio Death At SUI for 1958

The first polio death of 1958 at University Hospitals was reported Wednesday morning.

Seven-year-old Danny J. Swanson died at 6:35 a.m. of bulbar spinal polio after being admitted to University Hospitals Aug. 15. Danny had never received a polio vaccination shot.

Danny, the son of the LeRoy Swanson's of Viola, Ill., had been partially paralyzed since he was admitted to the hospital a week and a half ago, hospital officials said. Danny was one of only four polio

victims treated during 1958 at SUI. One of the four has already been released; two still receive treatment there.

This small number of patients illustrates the marked decrease since the Salk Vaccine has been available. There were no polio deaths at SUI Hospitals in 1956.

Only one person died of polio last year at University Hospitals — and he had been a patient there since 1953.

Funeral arrangements are being made at Viola.

Heart Attack Ends Barney's Testimony

WASHINGTON (AP) — A sudden heart attack cut off a new Senate Rackets Committee appearance Wednesday by Robert (Barney) Baker, a 300-pound Teamsters Union muscleman, but an employer then told of giving Baker a payoff.

Lew Farrell of Des Moines, an alleged associate of Capone hoodlums, produced a stack of financial records but refused to turn them over to the committee. This was an apparent effort to avoid possible contempt growing out of Farrell's appearance Tuesday with a briefcase which he refused to open.

Senate investigators have said Farrell is a close crony of Baker's and is a reputed labor payoff man for employers. Farrell continued Wednesday to refuse to answer any questions, invoking the 5th Amendment. One such question by Sen. Carl T. Curtis (R-Neb.), was whether Farrell ever "gave anything" to Democratic Gov. Herschel Loveless of Iowa.

George F. Callahan Jr., president of Esco Motors Co., McKees Rocks, Pa., told Senate investigators he gave Baker \$1,125 in cash personally and set \$3,000 more in Baker's direction last year to buy influence in settling a strike.

Dr. S. J. Randall said Baker, 47, was critically ill after what he had diagnosed preliminarily as a coronary attack. He said Baker was a very sick man and there could be no suggestion he was trying to dodge testimony.

In riotous hearings last week, Baker denied allegations by a former wife and girl friend that he was a close friend of New York Gov. Averell Harriman and knew something about the \$600,000 ransom money in the 1953 Bobby Greenlease kidnaping in Kansas City.

Callahan, who said previous Teamsters labor troubles had cost his firm over a million dollars, apparently felt the payment to Baker was worth the money. He said it got him in touch several times direct with Hoffa.

Operators of a Des Moines motor court had testified Edward Weinheimer, Esco's labor consultant, and Baker were guests at their place last year, that Weinheimer received three white envelopes by express, and that soon thereafter Baker drew a \$100 bill from a currency-filled envelope that looked like one of those Weinheimer received.

One of the motel operators, Everett Scott, swore in his affidavit that he had insisted on searching Weinheimer's luggage and recouped 26 towels and two rolls of toilet tissue belonging to the motel.

Curtice Hits UAW's Stand On Contracts

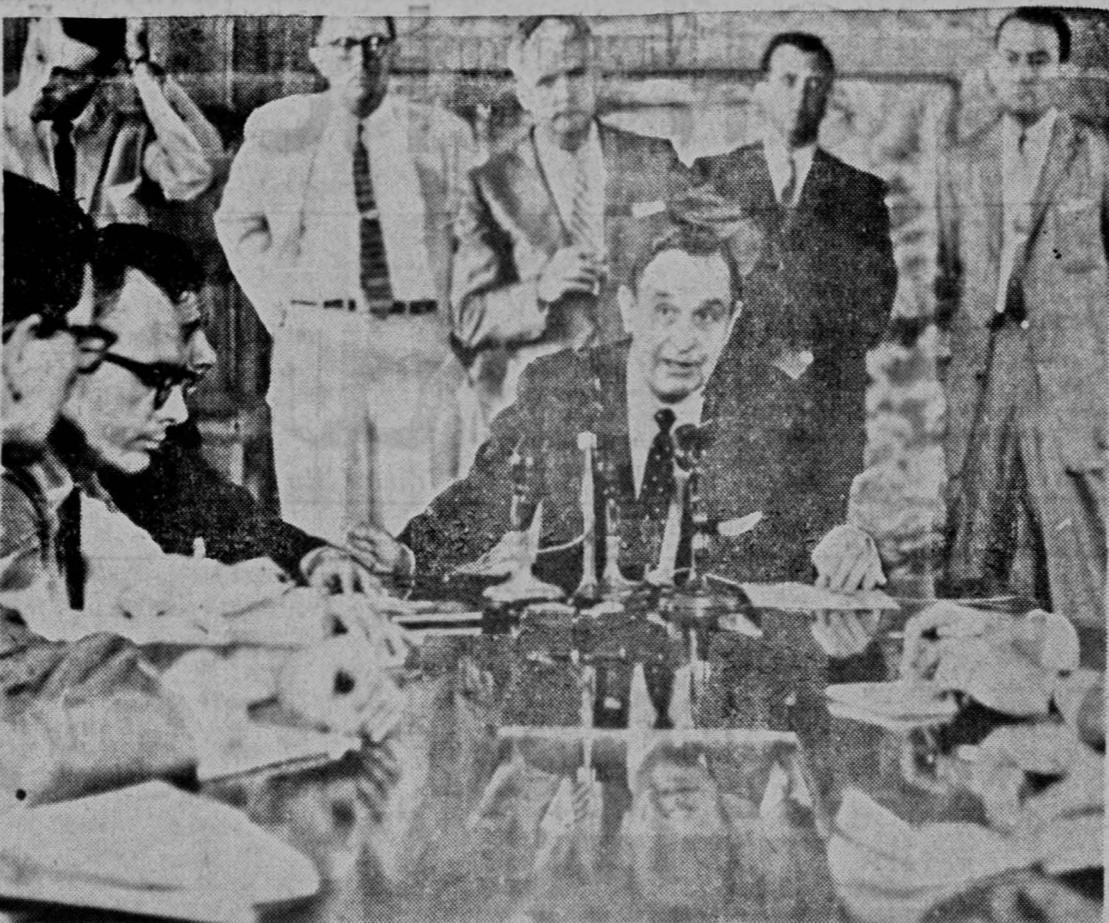

DETROIT (AP) — Harlow Curtice, who retires Sunday as president of General Motors Corp., assailed the United Auto Workers Wednesday for what he termed the union's rigid position in deadlocked contract talks.

Curtice's statement came as scattered strikes idled more than 11,000 workers. UAW spokesman said workers are dissatisfied over the contract stalemate and management practice in putting some employees on overtime while others remain idled.

Curtice said he spoke on behalf of GM's new management heads, Frederick G. Donner, board chairman, and President John F. Gordon. Both, he said, have closely followed current contract negotiations.

No settlement has been reached so far, Curtice said, "because of the union's continued insistence upon economic package demands that would cost General Motors 48 cents per hour per employee."

After sessions today, contract talks will be recessed for a long Labor Day weekend. Little or no progress has been reported toward reaching new pacts to replace those which expired at the end of May.

Faubus Views Special Session

GOV. ORVAL FAUBUS tells press conference the quick action of the Arkansas Legislature in approving segregation bills should convince people everywhere how the state feels about integration. With but one dissenting vote the legislature, in special session, gave the Governor power to close the schools against forced integration. Gov. Faubus is expected to sign the bills into law tomorrow. Daisy's Winds 115 m.p.h.; Atlantic Seaboard Warned

MIAMI, Fla. (AP) — Daisy became a "severe" hurricane Wednesday night with peak winds estimated at 115 miles an hour.

The expanding hurricane continued to move slowly northward but forecasters at the Miami U.S. Weather Bureau warned that Atlantic Ocean current conditions could turn the storm to a more northerly course. They warned Carolinas coastal interests to keep close tabs on successive advisories.

Chief Forecaster Gordon Dunn said in a 5 p.m. advisory that "during the next 24 to 36 hours gales will come close to the coast of North Carolina with rough seas near the shore." He warned small craft to stay near protected places from the Virginia Capes to Jacksonville, Fla."

'Flashily-Dressed, Deeply-Tanned' Bandits Rob Moline Market

MOLINE, Ill. (AP) — Four bandits escaped with \$1,140 in a holdup at the Eagle-United food market Wednesday afternoon.

While three of the men kept two cashiers occupied, the fourth entered the cashier's office and took the money from the desk drawer. They made their getaway in a 1958 Pontiac.

Mrs. Alberta Engels of Rock Island, cashier at the checkout counter at the front of the store, said the men were "flashily dressed and deeply tanned." They appeared to be in their mid 20s.

Member of Indian Parliament Begins Sixth Day of Fasting

NEW DELHI, India (AP) — A member of India's Parliament entered the sixth day of fasting Wednesday vowing to continue until death or the government takes drastic action to end a food scarcity in northeast India.

Shibban Lal Saxena, independent member of Parliament from the famine area, is growing weak. Drought hit northeast India last fall. Saxena claimed the government is indifferent. The government says it is sending food and grains to the area.

Two Secondary Bills Killed By President by Pocket Veto

WASHINGTON (AP) — President Eisenhower Wednesday killed two secondary bills by pocket veto.

With Congress already adjourned, Mr. Eisenhower made public memorandums of disapproval which have the effect of killing the measures.

One of the bills would have authorized payment of \$3,116.40 to the Chamberlain Water Co. of Chamberlain, S.D.

Mr. Eisenhower said legislation he approved last July makes provision for payment of such items. The Chamberlain claim now is being processed under the law, he added.

The sum would compensate the company for relocation costs resulting from the Government's acquisition of the firm's former location for use in connection with the Fort Randall Dam and Reservoir project.

Syrian Princess Faces Threat of Marriage Taboo

CHICAGO (AP) — A lovely Syrian princess said Wednesday she faces threat of violent death for breaking a centuries-old taboo of her fierce Druse clansmen.

Dr. Julia el Attrache, 26, broke the taboo of marriage to a non-Druse by wedding a German-born American doctor in April. There would be little danger if she and her husband, Dr. Lothar H. Hussman, 36, did not want to go to Djebel Druse, the mountain home of the Druses in Syria, to establish a hospital.

Dr. el Attrache said believers in the secret religion still employ violent death to enforce the marriage taboo.

Ike Wants Team To Stay in Capitol

WASHINGTON — President Eisenhower to the contrary, the Washington Senators may move to Minneapolis.

Club President Calvin Griffith repeated Wednesday that "we have reached no conclusion." But he said there was a good possibility his team would quit the capitol

Mr. Eisenhower

"A Little Better Club"

if Minneapolis came up with the right kind of proposition.

President Eisenhower told his news conference that the Senators ought to stay. That opinion was offered when a reporter said the last-place club was "threatening or promising" to leave town and asked what Eisenhower thought about it.

If the Senators had a fighting chance to get into the first division, Eisenhower replied, "I am

Lary's Record Against Yanks Is Now 15-5

NEW YORK — No pitcher during the last 20 years has had as much success against the New York Yankees as Frank Lary, Detroit's stocky righthander.

The 27-year-old Yankee tamer, counting his 6-1 mark against them this season, owns a 4-year lifetime record of 15 victories and 5 defeats against the perennial American League champions. This is only his fourth season with the Tigers.

Only 5 Over .500

Lary is only one of five active pitchers who have beaten the Yankees more times than they've lost to them. The others are Boston's Dick Sisler (7-4), Detroit's Jim Bunning (5-4) and George Susec (3-0), Cleveland's Herb Score (3-1), Boston's Willard Nixon (12-12), Chicago's Dick Donovan (8-8) and Cleveland's Ray Narleski (5-5) are even with the Yankees.

Only three pitchers have won more games from the Yankees than Lary. Chicago's Early Wynn has 29, Billy Pierce 19 and Virgil Trucks, now with the Yankees, 18. Wynn, however, has dropped 48 decisions to Casey Stengel's crew, Pierce 30 and Trucks 23.

Only 10 in 20 Years

During the past 20 years, only 10 pitchers have been able to get the upper hand against the Yankees. Schoolboy Rowe, Detroit's great righthander, had the most success next to Lary. He had a 20-12 mark. Still another member of the Tigers, Steve Gromek, ranks third with 19-14. Ellis Kinder, St. Louis and Boston righthander, was 14-9.

Lefty Grove, the majors' last 300-game winner, is fifth with a 34-26 mark. Hal Newhouser, the superb Tiger southpaw, was 33-31. Denny Galehouse who pitched for four American League clubs, compiled a 20-18 record against New York.

practically certain this city would demand that they stay here, and I think they should."

He added: "I think they should have a little better club."

Since entering the White House, Eisenhower has seldom attended games except on opening day. But said if the Senators were knocking on the first division, he'd go out nights to see them.

Eisenhower commented amid laughter that since he doesn't have to pay to get in, he couldn't help the club financially.

Finances, tightened by poor attendance, are primarily behind the club's reawakened interest in Minneapolis. Griffith and his directors rejected an offer from that city last year but are now awaiting a new bid.

The Minneapolis City Council meets Friday to vote on a bond issue to double the capacity of its municipal stadium to 41,000. A formal proposition presumably will follow.

Griffith said he didn't want to get into any controversy with the likes of President Eisenhower but made it clear the directors would seriously consider an offer—and probably accept it if the terms are pleasing.

An original guarantee of one million admissions for each of the first three years was satisfactory, Griffith said in an interview. He insisted on changes in contract provisions on such matters as rent and concessions.

The Washington directors will discuss the situation and may take action at a meeting on Friday. Three of the four are members of the Griffith family.

Jeff Langston On Grid Squad

Jeff Langston, No. 2 left end behind Jim Gibbons on the 1956 Big Ten championship Iowa team has been given the green light by doctors and has been added to the Hawkeye squad for the coming season.

Langston, from Iowa City, was injured in an automobile accident in California prior to the Rose Bowl game and sat out the 1957 campaign. The 6' 1", 185-pounder saw action in eight of the nine 1956 games and snagged 6 passes for 47 yards. He also played well on defense.

With the addition of Langston, the Iowa practice session will open with 60 men, 18 lettermen instead of 17 and four letter winners at the end positions.

Filly Sets Mile Record

DU QUOIN, Ill. — Emily's Pride, a big bay filly, trotted a Hambletonian mile record of 1:59 4/5 in the decisive third heat Wednesday in swishing to victory in the \$106,719 stake.

Trained by 78-year-old Fred Egan and driven by his sidekick Flick Nipe, Emily's Pride showed 22,500 fans at Du Quoin's clay mile oval why she was the solid favorite in the field of 14 3-year-olds from the word go.

She won the opening heat in 2:00 1/5, fastest time ever for a filly, then was tucked well toward the front in the second mile when she suddenly broke stride and finished 12th.

Then Emily's Pride came back with her sensational third mile record trot which shattered the mark of 2:00 set by Hoot Mon in 1947.

Little Rocky, an unofficial 12-1 shot in this betless Hambletonian where pari-mutuels are prohibited, shot from the outside in the stretch and clattered to victory in the second heat 2:02. Driving him was Joe O'Brien, who won with Scott Frost in 1955.

Take a Shower, Red

DETROIT CATCHER RED WILSON is thumbed out of game by umpire Larry Napp for disputing his call in sixth inning of afternoon game in Boston. Beecham Decisions Boyd In Welterweight Scrap

MIAMI BEACH, Fla. — Jim Beecham of Miami punched his way to a unanimous decision over Bobby Boyd of Chicago in a bristling 10-round fight at Miami Beach Auditorium Wednesday night.

Boyd, ranked No. 10 among the welterweights, was inches taller and had the longer reach but Beecham scored repeatedly to the head and frequently bored in to punch Boyd's midsection.

Beecham, unranked among the top 10, started slow but opened up in the second round of the nationally televised fight and Boyd was busy jabbing with his left most of the way after that.

Beecham, who weighed 158 1/2 to Boyd's 161 pounds, weaved and bobbed, presenting an elusive target for Boyd's jabbing left. The Miamian tallied repeatedly to the head and frequently bored in to punch Boyd's midsection.

There were no official knockdowns but in the seventh Boyd took a left and slipped to the canvas. Referee Billy Regan helped him regain his feet without an official count.

Boyd began to slow down in the fifth round and from then on relied almost exclusively on a left jab to Beecham's face. The Miamian took them all and ducked in to land telling lefts again and again.

Angelo Dundee, manager of Beecham, said afterward he wanted the winner of the Gene Fullmer-Spider Webb fight next time out.

He said a support had been ordered from Baltimore which Harden will wear the remainder of the season. Until the support arrives, Harden's activities will be limited.

Harden's injury left Stapleton with only two other fullbacks, Ron Pohl, Davenport senior, and Chuck Lamson, Ames sophomore.

The Cyclones' undermanned line was strengthened Wednesday with the return of guard Jerry Donahue of Des Moines, a letterman two years ago. Donahue was in Marine Corps training during the summer and was not expected back until a couple more weeks.

A calcium deposit on an elbow kept him out of football last season. An operation was believed to have corrected the condition.

Mike Fitzgerald of Detroit, outstanding sophomore wingback, who was expected to miss the coming season because of a knee injury, said Wednesday the knee was pretty good but it feels weak.

He was taking exercises to strengthen the knee but Stapleton was holding him from practice to see how the injury healed.

Campy Takes Another Step Toward Recovery

NEW YORK — Roy Campanella celebrated Wednesday.

The former catcher for the Brooklyn Dodgers picked up a slice of bread Tuesday with his hands. It marked another step toward recovery for the baseball star who was almost completely paralyzed after a January traffic accident in which he suffered a broken neck.

"Picking up a slice of bread doesn't sound like much to the general public but to me it sounds real good," he said. Much of the paralysis has left Campanella's upper body although he has no control of his hands. He told of his accomplishments on a national (NBC's Today) program.

JUST A GROWING BOY AMES — Bill Strannigan, Iowa State basketball coach, said Wednesday his outstanding sophomore Terry Roberts of Webster City grew two inches during the summer and now is seven feet tall.

Pirates Smash Cards, 14-1 As Redlegs Down Dodgers

Banks Hits 42nd Homer As Cubs Win

ST. LOUIS — The Pittsburgh Pirates clubbed 18 hits, including three home runs, in a 14-1 blasting of the St. Louis Cardinals Wednesday night and Vern Law breezed in with a one-hitter relief job.

Law relieved Bob Porterfield, who hurt his knee in the fourth, and retired 14 men in a row before Stan Musial ripped a double with one out in the ninth inning.

Every Pirate starter got at least one hit except catcher Hank Foiles and he scored twice.

Rookie Dick Stuart, Bob Skinner and Porterfield slammed home runs off the Cardinal pitching.

The victory was the 67th of the year for the Pirates and made this their best year since the 1949 team won 71.

Redlegs 8, Dodgers 7

LOS ANGELES — Five home runs—one of them a grand slam by Pete Whisenant—flew into the Coliseum's left field seats Wednesday as Cincinnati dumped Los Angeles for the third time in four days 8-7.

A crowd of 8,744, one of the smallest of the year here, watched Whisenant thrust the Redlegs into a 5-run lead in the fifth with the first bases-loaded homer he ever hit in the majors.

Roy McMillan also homered for Cincinnati and Carl Furillo, Steve Bilko and Don Demeter connected for the Dodgers.

Joe Nuxhall was knocked out by the Dodgers but lasted long enough to pick up his 11th victory of the season. He has lost nine.

Carl Erskine, who relieved Dodger starter Stan Williams in the first and pitched 3 2/3 innings, took the loss, his fourth against as many victories.

A's 11, Yanks 7

NEW YORK — Kansas City belted the New York Yankees 11-7 Wednesday, ramming seven unearned runs across the plate with two out in the first inning after an error by second baseman Bobby Richardson.

It was the only miscue of the free hitting and scoring game, final appearance of the season for the Athletics at Yankee Stadium.

Both teams used four pitchers. Yankee starter Johnny Kucks was the victim of the first inning uprising when the A's got six of the 18 hits. It was Kucks' seventh defeat against eight victories.

Tom Gorman, who relieved Ralph Terry in the third inning after Yogi Berra tapped his 20th homer, got credit for his fourth victory against four losses.

Home runs — New York, Berra (20), Mantle (37).

ChiSox 2, Senators 1

WASHINGTON — Billy Pierce, pitching 4-hit ball, registered his 15th victory of the season Wednesday as the Chicago White Sox defeated Washington 2-1 before 1,487 fans. Norm Zauchin spoiled Pierce's shutout bid with his 12th homer in the seventh inning.

Harris, who hit a 2-run homer and a 2-run double bounded a single to center following two singles and a walk to drive in the only scores against Brewer.

In the nightcap, Maxwell, a former Sox player, connected for his

55 minute pitching duel was Camilo Pascual, who yielded seven hits. The White Sox bunched three of their hits in the fourth inning when they scored both of their runs.

Nellie Fox, hitting in his 11th straight game, beat out a bunt and singled in five trips on top of a 3-for-4 afternoon that hiked his average to .328. Boston's Pete Runnels remained steady at .327 and Kansas City's Bob Cervi moved up to .326 in an ever-tightening scramble for the A.L. crown.

Indians 8, Orioles 5

BALTIMORE — The Cleveland Indians parade through their batting order for a 4-run uprising in the fourth inning that beat the Baltimore Orioles 8-5 Wednesday night.

Don Mossi, ace Cleveland relief hurler, put down a last-inning threat by the Orioles who had the three tying runs on base and none out.

The score was tied 2-2 when the Indians broke out their war clubs in earnest in the fourth. They drummed out singles by Billy Moreno, Mickey Vernon and Vic Power and a double by Ransom Jackson to leave the Orioles in the dust.

The outburst chased Oriole pitcher Connie Johnson to his eighth defeat with six victories.
