Court Orders Immediate Integration

Ike Appeals For Peaceful Compliance

WASHINGTON (AP) — The Supreme Court decreed in a unanimous milestone Friday that integration must proceed immediately at Little Rock's Central High School.

President Eisenhower said anarchy would result from defiance of the court's integration stand and appealed to the people to avoid it.

In a statement from his vacation headquarters at Newport, R.I., Mr. Eisenhower said: "I appeal to the sense of civic responsibility that animates the vast majority of our citizenry to avoid defiance of the court's orders in this matter."

3-Minute Session

The ruling that came out of a 3-minute session at noon contained no specific indication of the reasoning behind the high tribunal's decision. Chief Justice Earl Warren merely read off the brief order, which said it shall be effective immediately. The court said:

"The expression of the views supporting our judgment will be prepared and announced in due course."

This might be a matter of weeks. The justices went back to vacations, which they interrupted for an unusual, special term to consider and rule on the Little Rock case. The court members are not scheduled to return to the bench until Oct. 6, when the next regular term begins.

Friday's ruling went in the face of warnings from a U.S. district judge and the Little Rock School Board that the result will be "bedlam, chaos and turmoil" and destruction of the Little Rock school system.

In effect, the Supreme Court was telling Little Rock — and the rest of the South — that whatever the consequences along these lines, it is more important that the Constitution and law of the land prevail over violence and lawlessness.

Rioting erupted, and Federal troops were sent in, when Central High opened on an integrated basis just a year ago.

Time Needed

The school board told the Supreme Court that more of this type of reaction could be expected, that it could not operate an educational system under such circumstances, and that time was needed desperately to permit tempers to subside and bring about a process of "evolution rather than revolution."

But the Supreme Court obviously was more impressed with opposing arguments that to interrupt the integration process in Little Rock would be to yield to lawlessness and violence. That was the position of the Federal Government and of the National Association for the Advancement of Colored People.

What the high tribunal did was to affirm an Aug. 18 opinion of the 8th U.S. Circuit Court in St. Louis. That opinion reversed an earlier one of U.S. Dist. Judge Harry J. Lemley of Hope, Ark., who ruled last June that Little Rock could suspend integration for 2½ years in order to avoid new turmoil and chaos now.

While the tribunal merely affirmed the ruling of the circuit court, without adopting the specific language or reasoning of that court, it still had strong reinforcement to the views voiced in a 6-1 opinion. The circuit court said in a key paragraph:

"The issue plainly comes down to the question of whether overt public resistance, including mob protest, constitutes sufficient cause to nullify an order of the Federal court directing the school board to proceed with its integration plan. We say the time has not yet come in these United States when an order of a Federal court must be whittled away, watered down, or shamefully withdrawn in the face of violent and unlawful acts of individual citizens in opposition thereto."

SUI's Fall Rush Week Starts Sunday

Sorority, Fraternity Rushees Number 800

Rush Week for both sororities and fraternities opens Sunday, and new students are moving into the dorms today in anticipation of a busy week.

The sorority rushees, now totaling close to 500, will attend a required mass meeting in Macbride Auditorium Sunday at 1 p.m. and then will begin a tour of the houses under a Merry-Go-Round Party plan.

Through this system, each girl gets a chance to meet sorority members by following a schedule arranged alphabetically. It also enables each sorority to extend future invitations after meeting the rushees. These parties continue through Sunday and Monday.

Fraternity rush will begin with registration in South Quadrangle Lobby Sunday, from 8 a.m. until noon. Approximately 300 rushees will then meet in Macbride Auditorium at 1 p.m. for an orientation meeting.

Following this introductory meeting, the rushees will attend open houses at the fraternities. All men will be assigned a group during registration and must remain with the group during the open house period which lasts through Sunday and Monday.

The sorority rush program for the remainder of the week includes parties at each sorority house that are attended by invitation. Tuesday and Wednesday the number of parties each rushee may attend is lowered. In this way, each house can determine which rushees are most interested in their respective houses.

Thursday morning each house has two parties scheduled. Again the rushees are required to narrow their choice of houses. These parties and the ones on Wednesday include skits and refreshments.

Thursday evening is preference night and each rushee is allowed to attend 1-hour parties at two houses. After these parties, the girls meet in the Iowa Memorial Union where they sign their final bids.

Invitations to pledge will be delivered to the rushee's residence by 4:30 p.m. Friday. These rushees who have decided to pledge then go to the chapter house for the formal pledging ceremony at 5 p.m. followed by dinner.

After the open house program of fraternity rush, the rushees will make rushing dates with the fraternities of their choice.

Shamrock Tavern Robbed of \$900

DAVENPORT — A part-time bartender at the Shamrock Tavern was slugged and robbed of \$900 early Friday by two men, police reported.

Decker Ploehn, 32, told police he was closing the tavern when two men entered, stating, "This is a stickup."

Ploehn said one of the men had his hands in his pockets indicating he was carrying a gun.

"I was told to come from behind the bar, which I did, and one of the men scooped up the canvas money bag," Ploehn said.

MURRAY ABSENCE OK'd — The Iowa Board of Regents Friday granted Dr. William G. Murray, Republican candidate for governor, an extension from Sept. 1 to Nov. 15 of his leave of absence from Iowa State College.

U.S. Ready To Fight — If Necessary

NEWPORT, R.I. — The United States will tell the Soviet Union formally today that this country is ready to fight if necessary against new Communist encroachments in the Far East.

President Eisenhower will reply to a demand by Soviet Premier Khrushchev that the United States pull its fighting forces out of the Formosa Strait area. Khrushchev also warned in his most recent letter that the Soviet Union would regard any attack on Red Chinese territory as an attack on the Soviet Union itself.

White House press secretary James C. Hagerty declined to give any details about the U.S. reply which already is in the process of transmission to the Kremlin.

But President Eisenhower set forth the U.S. stand in a TV-radio address Thursday night, saying this country cannot be "either lured or frightened into appeasement." He said, too, that Americans are determined "to defend the principle that armed force shall not be used for aggressive purposes."

Hagerty departed from his usual practice and talked about public response to the President's speech.

He said telegrams to the White House have been running about 2-1 in favor of Mr. Eisenhower's stand — compared with a 50-50 reaction to Far Eastern intervention before the speech.

Chiang-U.S. Military Confer

TAIPEI, Formosa — President Chiang Kai-shek and his chief strategists conferred with U.S. military officials Friday on measures to break the Communist artillery blockade of Quemoy. No new attempt was made to supply the 100,000-man garrison five miles off the mainland. A massive barrage Thursday turned back a convoy and showed no ship could hope to survive long on Quemoy's unloading beaches.

An Associated Press correspondent aboard a supply ship forced to retreat from Quemoy, said: "The Communist blockade is highly effective and critically serious. The Chinese Communists can make the landing areas completely untenable whenever they desire."

Chiang's strategy meeting took place at Makung in the Pescadore Straits. This island in Formosa Strait is the assembly point for convoys to Quemoy.

He conferred with Rear Adm. Roland Smoot, head of the U.S. Formosa command; Rear Adm. Paul Blackburn, the U.S. Formosa Strait patrol commander; and the Nationalist joint staff chairman, Gen. Wang Shu-ming. Other top Chinese military leaders also were there.

The meeting took place as some American commanders privately acknowledged that Quemoy eventually must strangle unless a way is found to get more than the present trickle of supplies through the Red artillery curtain.

Nationalist pressure was growing for American approval to bomb the mainland gun positions in an effort to silence them. There also are demands for the U.S. 7th Fleet to escort the Nationalist supply ships closer to Quemoy.

When the Roll Is Called

A CINCINNATI MINISTER who for years has refused to pay income taxes because part of them go for national defense, was carried from a U.S. Marshal's office in Cincinnati Friday following his arrest on contempt charges. Carrying the Rev. Maurice F. McCracken were Elmer Reckers, left, and Vincent Brennan, right, income tax agents, and Deputy Marshal Robert Sack. The reverend was seated in his automobile when arrested and officers had to carry him to their car and then into the federal building. — AP Wirephoto.

Decision On Hoffa Ouster May Be Near

Court-Named Monitors Studying Teamsters

WASHINGTON — Court-named monitors said Friday they plan to decide soon whether to recommend that the scandal-scattered Teamsters Union bring ouster charges against its president, James R. Hoffa.

F. Joseph Donohue, a member of the separate, Hoffa-named Teamsters cleanup squad paralleling the monitors, said meanwhile his group may have to disband unless it gets more clear-cut authority and can win cooperation from the Senate Rackets Committee.

Early Showdown

An early showdown seems to be shaping up — probably before U.S. Dist. Judge F. Dickinson Letts, under whom the monitors function — over the role of the rival cleanup groups and over Hoffa's plan to call a special union convention to ditch the monitors.

The monitors scheduled a long list of matters for decision in a week-long session next week. The agenda includes a demand made by a group of New York rank-and-file Teamsters members that Hoffa be stripped of the union presidency pending trial on a list of 260 charges of misconduct.

Hoffa, already accused in Senate rackets hearings of misusing union funds and consorting with hoodlums, faces new questioning before the Senate group beginning Monday.

Meeting Tuesday

On Tuesday, Hoffa has scheduled a meeting of the union's International Executive Board with the monitors to talk over the status of the union's own anti-racketeering commission and Hoffa's convention plans.

Under the court rules setting up the monitors, they will bow out of the picture once the Teamsters hold a new convention and Hoffa, now serving provisionally as union president, stands up to a new union election.

Radiation May Not Be Blight On Heredity

By ALTON BLAKESLEE Associated Press Science Writer

GENEVA — Hopeful new signs indicate radiation is not so harmful to human heredity and tomorrow's children as has been thought, Britain's Sir John Cockcroft said Friday night.

Present predictions about genetic dangers of radiation will probably be reconsidered, the famous nuclear scientist declared. New reports on radiation give a basis for optimism, Sir John said in a speech summing up results of the second U.N. atoms-for-peace conference, which ends Saturday.

The general "law" has been that exposure to radiation has a cumulative or building-up effect in risks of damaging genes, the carriers of all hereditary traits.

This has been thought to hold true for even the lowest doses of radiation. For that reason, some geneticists have warned that years of exposure to atomic fallout could produce deformities or weaknesses in future generations, or cause widespread miscarriages.

But Sir John cited a report by Drs. William and Lillian Russell of Oak Ridge, Tenn., in which they find fewer genetic changes from a dose of radiation spaced out over a period of time than from an equal dose given all at once.

These experiments, made in mice, indicate genes may be able to recover from smaller doses and that the effects are not strictly cumulative. Similar results have just been reported by a Briton, Dr. T. C. Carter of Harwell.

Virginia Governor Orders County High School Closed

RICHMOND, Va. — Gov. J. Lindsay Almond Friday night took over "all power and control" of the Warren County High School which was closed Friday in the wake of a Federal court desegregation order. The governor, in a letter to the school board and school superintendent of Warren County notified them of his action and requested they inform teachers and parents.

Almond said he was taking over under provisions of state law. "All authority, power and control over such schools, its principal, teachers, other employees and all pupils now enrolled or ordered to be enrolled will thereupon be vested in the Commonwealth of Virginia to be exercised by the governor," he said, quoting provisions of the law.

Almond called on "all local officials and all citizens to cooperate with the department of state police and local law enforcement officers in the protection of public property and the security of public peace and order."

Copies of the letter were handed to newsmen at a special news conference.

This major development in the Almond administration's program for meeting the segregation crisis in Virginia followed conferences Friday with members of the Norfolk School Board and the Warren County School Board. The meetings lasted about two hours each and were attended by top legal, education and police officials of the state.

The move would appear to put the segregation issue squarely on the basis of a constitutional contest between the federal government and the sovereignty of the State of Virginia in the person of the governor.

Weather Forecast

Today: Fair, warmer.
Sunday: Partly cloudy, warm.
Monday: Partly cloudy, warm.

Friday: Partly cloudy, warm.
Saturday: Partly cloudy, warm.

Sheriff Serves Faubus With Court Order

Law Suit Challenges School-Closing Law

By RELMAN MORIN

LITTLE ROCK, Ark. (AP)

Gov. Orval Faubus, asserting that "violence and disorder would occur," Friday ordered the Little Rock high schools not to open on schedule next Monday in spite of the decree of the U.S. Supreme Court.

Faubus signed a recently passed law authorizing him to close the schools, and then issued a proclamation applying it to the senior high schools.

Shortly after this act, a sheriff served Faubus with a summons to appear in court in a suit challenging the school-closing law. He has 20 days in which to appear.

Developments came thick and fast within five hours after the U.S. Supreme Court announced its decision Friday.

Faubus signed a sheaf of anti-integration bills and issued the proclamation which prevents the Little Rock high schools from opening next Monday.

He then called a news conference and issued a statement about his actions.

He looked extremely solemn as he walked into a conference room at the state capitol. Facing a battery of cameras and a crowd of reporters, he said:

"I have a statement which I will read and there will be no questions."

He read in a rapid monotone. The statement said:

"I have signed into law the acts passed by the recent special session of the legislature. Acting under the powers and responsibilities imposed upon me by these laws, I have ordered closed the senior high schools of Little Rock, in order to avoid the impending violence and disorder which would occur, and to preserve the peace of the community."

Calls for Election

"And also because under conditions that would prevail, a general, suitable and efficient education system cannot be maintained in the senior high schools of the Little Rock School District."

"The proclamation calls for an election on the question of integration to be held under the supervision of the regularly chosen and qualified election commissioners."

In his proclamation, Faubus set Oct. 7 as the date for the special election on the question of integrating the schools.

The election is provided for in one of the 14 anti-integration bills the governor signed Friday.

In an unexplained move, Faubus also called an undisclosed number of state troopers to his office. They began arriving immediately.

The legal action challenging Faubus' right to close the schools was a surprise move in that the attorney who brought it said he was acting on behalf of an avowed segregationist.

Little Rock, said the suit is based on Article 9 of the Arkansas Constitution which provides for free public education.

Coffelt said, "Although my client is a strong segregationist she simply does not believe the schools should be closed down and is trying to prevent this by legal means by asking for injunctive relief and by attacking the constitutionality of the legislative act. We will try to push the litigation for as early an order as possible."

He identified his client as Mrs. Gertie Garrett.

Segregated Classes Included in the anti-integration bills were measures providing that

NAACP Applauds High Court Decision

NEW YORK — Roy Wilkins, executive secretary of the NAACP, said Friday the Supreme Court's decision on the Little Rock school situation "pleases us, and all believers in constitutional government."

The top official of the National Association for the Advancement of Colored People said in his statement:

"Naturally, the Supreme Court's decision greatly pleases us, and all believers in constitutional government, since it makes clear that the basic human rights of individual citizens cannot be abridged or denied because of threats or violent acts of those who uphold racial discrimination and segregation."

The programs for aid to dependent children and the blind expanded to include medical benefits.

Loveless proposed state assistance to totally disabled persons which Iowa does not now have. He said this would call for average monthly benefits of about \$75 of which federal grants would absorb about 60 per cent.

News Digest

Youth, After Suicide Try, Gets Indeterminate Sentence

BELOIT, Kan. (AP) — A 19-year-old Tennessee youth who tried to hang himself in a South Dakota jail after the suicide of his 15-year-old girl friend was sentenced Friday to the Kansas Reformatory for an indeterminate term.

Gary Roger Carter, Greenville, Tenn., pleaded guilty to a charge of taking a girl under the age of 18 from home without her parents' consent for the purpose of concubinage.

The girl was found dead in her cell at Selby, S.D., Sept. 3. She had used a vacuum cleaner cord to hang herself, a coroner's jury said. Donna had told South Dakota authorities she and Gary had planned to marry.

Elvis Going To Germany To Be Army Truck Driver

FT. HOOD, Tex. (AP) — Singer Elvis Presley is going to Germany as an Army truck driver. The young soldier got his orders Friday to go overseas about Sept. 22 with slightly more than 1,300 other trainees. Although Presley has trained for duty with a tank division, a Ft. Hood spokesman said it was normal for him to draw assignment as a light truck driver. "Mobility is essential to tanks, and this is not at all unusual," an officer said.

40 Million Civil Defense Pamphlets To Be Delivered

DES MOINES (AP) — Forty million homes next month will get pamphlets from the Office of Civilian and Defense Mobilization advising them to build basement bomb shelters, an OCM official said here Friday. Clyde H. Hendrix of Clinton, special consultant to Mobilization Director Leo Hoegh, showed copies of the booklet at a meeting of the Iowa Interprofessional Assn.

The association, started by the Iowa State Medical Society, has organized hospitals, doctors, dentists and other professional people for a state disaster preparedness program.

Cardinal Stritch Leaves \$33,000 Estate to Church

CHICAGO (AP) — The will of Samuel Cardinal Stritch, leaving most of his \$33,000 estate to the Roman Catholic Church, was admitted to probate Friday. One thousand dollars was set aside as offerings for masses for his soul. The remainder was left to the Catholic Bishop of Chicago, the title of the office administering the archdiocese. The will was drawn Feb. 8, 1946. The cardinal, who was 70, died May 26 in Rome where he had gone to accept appointment to a high post in the government of the church.

Britain Moves To Reject Red China's Waters Extension

LONDON (AP) — Britain moved Friday night to reject Red China's extension of her territorial waters to 12 miles. A note to be delivered shortly in Peking will serve notice this country cannot recognize the unilateral Red Chinese declaration of Sept. 5, informed diplomats reported. Britain has refused to recognize similar extensions of from 3 or 4 to 12 miles by the Soviet Union and Iceland.

FAUBUS— (Continued from page 1)

the state shall furnish payments to private or segregated public schools for tuition for students whose schools are closed. Another authorizes segregated classes in a school building where integration has taken place.

In an earlier development, the school board announced that it would open the schools as scheduled. This was a formality after the Supreme Court decision.

Shortly after, Henry Rath, a member of the school board, tendered his resignation.

Faubus showed no surprise, nor any feeling of any kind, when a reporter handed him the Associated Press bulletin with news of the Supreme Court's decision.

Faubus was presiding over a meeting of the State Election Commission at the time. He went right on with the proceedings after reading the bulletin.

But high emotion flared again throughout the city when the news came through.

Mrs. Margaret Jackson, president of the Mothers League of Central High School, was sobbing uncontrollably as she told a reporter, "We will keep fighting as long as there is breath in our bodies."

Negro officials were quietly jubilant.

"It Can Work"

"It—the Supreme Court decision—can and will work if the state and local authorities will respect the courts of this country without prejudice and hate," said I. S. McClinton, president of the Arkansas Democratic Voters Association, a Negro political organization.

A segregationist member of the Little Rock School Board, Dr. Dale Alfred, called the Supreme Court ruling "a radical approach to an age-old social problem and it completely ignores the will of our people."

Mrs. L. C. Bates, Arkansas director of the National Association for the Advancement of Colored People, expressed the hope that "this decision will make it crystal clear to the Little Rock School Board that it can no longer deny children the right to a decent education because of race or color."

\$600 in Quarters Taken

DES MOINES (AP) — Des Moines police were investigating Friday the theft of \$600 in quarters from an unlocked safe at a residential district drug store. Jay Dillman, store manager, told authorities the two sacks of quarters disappeared sometime between Wednesday afternoon and noon Thursday.

Detective Lt. Edward J. McCarthy said arrangements were being made to give lie detector tests to store employees who have access to the safe.

U.S. Plane Crashes In Russia

WASHINGTON (AP) — Russia notified the United States Friday an American Air Force C130 transport plane had crashed in Soviet Armenia killing 6 of a 17-man crew.

The plane disappeared along the Turkish-Soviet frontier 10 days ago.

The State Department said in an announcement Friday night that Soviet fighter planes intercepted it in the area of the Turkish-Soviet border near Kars, a point some 35 miles inside Turkey.

The Soviet Foreign Office claimed in discussing the plane with the American embassy that the aircraft "penetrated for a significant distance into Soviet airspace and had fallen" within Soviet territory.

The Soviets protested that the plane "intentionally violated the Soviet border" during its flight.

The State Department said that the aircraft was on a normal flight within Turkey, flying from Adana on the Mediterranean to Trabzon on the Black Sea and from there to Lake Van, 50 miles from the Soviet frontier.

The American embassy in Moscow has pressed for further information about the 11 crew members unaccounted for.

U.S. Charge d'Affaires Richard H. Davis also has requested that an embassy officer be allowed to visit the scene of the crash. The Soviets reported the plane was destroyed and burned and that the wreckage was found at a point 35 miles inside Russia, 55 kilometers northwest of the capital of Soviet Armenia.

The State Department in its announcement did not accuse the Soviets of shooting down the plane even though it reported Soviet fighters intercepted it.

Wedding Anniversary for Kennedy's

MR. AND MRS. JOHN F. KENNEDY observed their fifth wedding anniversary in Omaha Friday. The Massachusetts senator was in town to speak at the Midwest Democratic conference. —AP Wirephoto.

Industry Moving Out Of Slump

WASHINGTON (AP) — The Federal Reserve Board Friday issued its cheeriest report yet on the recession: Industrial production has climbed more than half way out of its slump.

The board published a seasonally adjusted index showing that the output of mines and factories rose 2 per cent in August to a level that was 137 per cent of the 1947-49 base period.

The highest this index ever reached was 145 in August 1957. The recession low was 126 last April. July's figure was 134 and the revised figure for June was 132.

The board said: "In August, output of both durable and nondurable manufactures and of minerals rose further, and utility output of electricity advanced to a new high.

"Steel ingot capacity, at 61 per cent of capacity, showed more than the usual seasonal rise from July, and in the second week of September operations were scheduled at a 65 per cent rate."

The board found rapid recovery continuing in August, with gains in industrial and construction activity, nonfarm employment and consumer buying power. It said prices of industrial commodities changed a little.

A cut in auto production was ascribed to model changes.

While some slow advance was noted in employment, with payrolls up in manufacturing, retail trade and government, the rate of unemployment was little changed since April when most economic indicators hit bottom.

Ford May Offer New Labor Pact Before UAW Strike

DETROIT (AP) — Ford Motor Co. Friday indicated it is building toward a new contract offer before the United Auto Workers Union's Wednesday strike deadline.

John S. Bugas, Ford vice president, said after an abbreviated session with UAW negotiators that he anticipated putting a company offer on the table in the next few days.

Ford, singled out as the union's strike target, and the UAW team headed by President Walter Reuther, scheduled another contract talk for Saturday. They said they also may meet Sunday.

At General Motors and Chrysler, the negotiators plodded through another day with no reports of progress. Chrysler and the UAW will resume negotiations Saturday. GM and the union recessed until Monday.

PARKING — The University parking committee reminds students, motorists that the 12-hour parking limit applies to all University lots, except the storage lot south of the Hydraulics Laboratory.

Debbie Will Seek Divorce

HOLLYWOOD (AP) — Debbie Reynolds is going to seek a divorce from Eddie Fisher.

As her marriage crumbled, Debbie made this poignant statement: "It seems unbelievable to say that you can live happily with a man and not know he doesn't love you. "But that — as God is my witness — is the truth."

Her attorney said she would seek a divorce next week.

Eddie said earlier Friday that the marriage was over and declared it would have ended "even if I had never known Elizabeth Taylor." It was his dates with her in New York which touched off an argument with Debbie on her return here. Eddie moved out and a separation was announced.

Debbie's lawyer, Frank Belcher, said Fisher's "attempt to relieve Miss Taylor from any responsibility falls on completely deaf ears."

"I'm not going to spare anyone," said Belcher, "if it is necessary to protect Debbie's and the children's rights."

Fisher approved release of Debbie's handwritten statement, which declared: "I now realize that when you are deeply in love, how blind one can be. Obviously I was. I will endeavor to use all my strength to survive and understand, for the benefit of my two children."

Debbie said that she thought she and Eddie had found happiness. "I know I had," she said. Her attorney said that Fisher's statement, issue clearer, left no choice for Debbie but to proceed toward a divorce.

Fisher's statement — issued through his publicity agent — said: "In answer to many questions I feel I should say this: "Debbie and I tried very hard to make our marriage work. We've been having problems for a long time. Debbie especially has done everything possible to make our marriage succeed."

"Our marriage would have come to an end even if I had never known Elizabeth Taylor. The breakup was inevitable."

Army To Get Super Rocket For Missiles

WASHINGTON (AP) — The Army Friday contracted for a super-rocket for a satellite launching. It is to have a thrust of 1 1/2 million pounds, about eight times greater than this country's largest existing propulsion unit.

There was no word as to the type of satellite it is proposed to launch. But the Defense Department announcement spoke of a system for placing very large payloads into orbit.

This left open the question of whether a manned satellite might be contemplated.

In the rocketeer's parlance, the booster is the first stage of a multistage rocket.

The \$2-million contract for the superbooster was awarded North American Aviation's Rocketdyne Division.

The Defense Department's Advanced Research Projects Agency assigned the high priority project to the Army's ballistic missile agency for supervision.

The announcement said the superbooster will consist of a cluster of already tested rocket motors, packaged into a single unit. The main element of the cluster will be a motor similar to that used in the intermediate and intercontinental range ballistic missiles, the Army Jupiter, the Air Force Thor and the Air Force Atlas.

Last July, the Defense Department disclosed the award of a contract to the rocketry division to develop for the Air Force a liquid propellant rocket engine capable of producing over one million pounds of thrust from a single combustion chamber.

At that time, the department said an engine of this size "could be used to put up a manned satellite weighing approximately 20,000 pounds or an interplanetary vehicle weighing 5,000 pounds."

Friday's announcement on the Army project referred only to a satellite, making no mention of interplanetary space use for the multi-rocket unit.

Little Rock Court Case Pleadings Step-by-Step

Here is a step-by-step account of the path the Little Rock case took on its way to the Supreme Court: 1957

Aug. 30—U.S. Dist. Judge Ronald N. Davies orders integration to proceed at Little Rock's Central High School.

Sept. 2—Gov. Orval E. Faubus orders out National Guards. Says it's needed to preserve law and order.

Sept. 3—2,000 white pupils enter Central. School Board asks Judge Davies what should be done. Judge says integration should proceed "forthwith."

Sept. 4—Nine Negro pupils try to enter Central, are turned away by troops on Faubus' orders.

Sept. 5—Board asks court for a delay in integration.

Sept. 7—Davies denies board's petition.

Sept. 10—Federal injunctions are sought to stop Faubus.

Sept. 14—President Eisenhower and Faubus meet at Newport, R.I.; both report Faubus will obey "valid" Federal court orders.

Sept. 20—Federal court orders Faubus to quit interfering with school's integration plan. He takes the Guard away from school.

Sept. 23—Despite threatening mob, Negroes enter Central. Officials fear mob will get out of control, so Negroes are removed at noon. At 6:23 p.m., Mr. Eisen-

hower signs proclamation for use of Federal troops to enforce court's integration order.

Sept. 24—Mr. Eisenhower orders Arkansas National Guard federalized, thereby taking it from control by Faubus.

Sept. 25—Escorted by troops, Negro pupils put in their first full day of school. 1958

May 8—Mr. Eisenhower orders all Federal troops out of Little Rock.

June 21—U.S. Dist. Judge Harry J. Lemley grants Little Rock School Board petition to suspend integration until January 1961. Board argued turmoil is too great to risk another year's try at integration.

Aug. 18—The 8th U.S. Circuit Court of Appeals sets aside Judge Lemley's order.

Aug. 21—Circuit Court grants a 30-day stay so board can have time to carry its argument to Supreme Court.

Aug. 28—Supreme Court meets in unusual emergency session, hears arguments, then puts off decision for two weeks.

Sept. 11—Court hears Little Rock's renewed plea for a time extension, plus plea by National Association for the Advancement of Colored People that the Circuit Court's order should be upheld.

Sept. 12—Supreme Court denies Little Rock plea, orders integration to proceed forthwith.

Knife Slaying Probe Goes On As Second Youth Questioned

NEW YORK (AP) — A youth in Virginia was questioned Friday about the knife slaying of a Staten Island doctor and his wife. The far-flung, continuing police probe of the case underlined official skepticism that the victims' 8-year-old son was the killer.

The son, Melvin Nimer, Jr., was sent to Bellevue Hospital Thursday for mental examination, after he confessed he killed his mother and father in their Staten Island home Sept. 2.

The boy's story, coming after he originally had claimed a masked prowler had stabbed his parents, left many questions unanswered.

Missile Fired; Believed To Be Decoy Weapon

CAPE CANAVERAL, Fla. (AP) — An unidentified missile, believed to be the Air Force's highly classified guided decoy weapon Goose, streaked across the Atlantic from the test center Friday.

The missile — tiny in comparison with the giant ballistic rockets that usually roar off from the cape — sped aloft with two jet chase planes in hot pursuit.

The Goose, reportedly capable of amazing speed at a range of about 2,000 miles, has a primary mission of confusing enemy radar to pave the way for attacking bombers or other missiles with nuclear warheads to sweep in on targets un molested.

Strategy calls for the Goose to lure the enemy into revealing some of its defensive tactics before the actual attack.

Ike's Policy Similar To Truman's

By J. M. ROBERTS

Associated Press News Analyst

President Eisenhower's latest outline of policy regarding Quemoy represents, in effect, an expansion of the 10-year-old Truman Doctrine.

When a Communist rebellion threatened to take over Greece, and the Soviet Union was threatening territorial aggression against Turkey, President Truman proclaimed a policy of aid which later became a worldwide line of defense against Red expansion.

The United States would aid free countries who wish to help themselves against the threat, Truman informed the world with the approval of Congress.

Explaining the American position with regard to the Chinese offshore islands, President Eisenhower laid down a thesis which to be complete must apply everywhere, and not just to this specific case.

Ready to Fight

The United States must be ready to fight, he said, to prevent territorial expansion by force.

He cited the fundamental lesson of World War II, that Allied appeasement of the European dictators over a period of years encouraged, instead of preventing, that war.

To let the Communists take over Western Pacific positions one by one would only make another war certain, he said. The struggle over Quemoy thus becomes a principle instead of a real estate deal.

The speech extended and reinforced the position taken by Secretary Dulles at the recent Baghdad Pact conference, that the United States would oppose with its full strength any aggression against the countries along the Soviet Union's southwestern borders.

He and the President have now extended this policy to the entire perimeter of the Communist sphere, and added a readiness for military resistance to the economic resistance of the cold war.

When Truman and Secretary Acheson were building up their line of resistance against Communism there was constant care lest the United States become over-committed. They were maneuvering within the limitations imposed on a nation which was only beginning to realize the mistake it made, in its fatuous belief in peace, by disarming after World War II.

Accepted Challenge

Rearmament was begun, and the United States set the pace for what has become its current policy by unhesitatingly launching the world's first war for collective security when it accepted the Communist gauntlet in Korea.

President Eisenhower now proposes to accept on a full-time and worldwide basis the responsibility accepted by President Truman in a single emergency in 1950.

Whether that proposal will be supported by public opinion remains to be seen.

Support for the President's action in dispatching troops to Lebanon recently rather surprised many observers. But Americans held back from supporting the Chinese Nationalists before their collapse in mainland China in 1948, and the Korean War never appealed to patriotic feeling.

The Korean War was, however, the accomplished fact before the public had time to debate it. In the present case, there has been a wide division of opinion over the importance of the offshore islands even to a policy based on the principle of no appeasement.

The returns from the President's latest effort are yet to come in.

Miss Barnes Honored By National Ass'n

A bronze plaque was presented to Helen M. Barnes, coordinator of placement services at SUI, by the College Placement Council, Inc., last week.

The plaque was given in appreciation for her "notable contributions to the professional development of college placement and recruitment" and for her "distinguished service as the Council's fifth president in 1954-55."

The presentation was made at the ninth annual conference of the Midwest College Placement Association at French Lick Springs, Ind., which is one of eight regional associations holding membership in the College Placement Council.

Each regional group is represented on the Council by four members, two of these being associated with college or university placement offices and two with business or industrial organizations recruiting employees from college graduates.

The council serves as a sounding board for interests, problems and ideas having a bearing on placement and is regarded as a center for distribution of information related to placement and recruitment.

Miss Barnes served on the executive board of the College Placement Council for three years preceding her service as president and for one year following that period.

The returns from the President's latest effort are yet to come in.

Refusal To Insure Negro Coralville Couple 'Mistake'

A Coralville Negro couple, who said they had been refused auto insurance because of their race learned Friday that it was an error on the part of the company and that there was no racial discrimination intended.

John R. Doyle, general manager of the Motor Club of Iowa, said the club has many Negro members who hold insurance with the organization.

Doyle said an error had been made in declining to accept the application of the Coralville couple, Mr. and Mrs. Marion Harvey, of 806 Sixth Ave., Coralville.

Doyle said that the organization will apologize to the Harveys and invite them to submit another application, which would be processed in the usual manner.

County attorney William H. Tucker was notified of the incident by the Harveys earlier this week and started an investigation. He said that he felt a refusal of this sort on the grounds of their race would have been violation of both the Iowa Constitution and the states civil rights statutes.

No British Election Expected This Winter

BROMLEY, England (AP)—Prime Minister Harold Macmillan said Friday night that barring exceptional circumstances there will be no British general election this winter.

He said the statement, made during a political meeting in the Prime Minister's constituency, was intended to squelch increased rumors of a forthcoming general election. Macmillan said that in foreign affairs Britain must "be calm and constructive."

8th Post-Grad Dental Course Opens Monday

Advance registrants for the eighth annual postgraduate course in children's dentistry which will open Monday at SUI include dentists from Kansas, Missouri, Utah, Minnesota, Florida, Illinois and Wisconsin, as well as Iowa.

Sponsored by the SUI college of dentistry in cooperation with the Iowa State Department of Health, the course is designed to bring dentists in general practice up to date on the latest developments in dentistry for the child. Dr. Kenneth E. Wessels, head of the Department of Preventive Dentistry and Pedodontia in the college, is director of the course.

Speakers for sessions at the Iowa Center for Continuation Study Monday will include Dean W. J. Simon of the College of Dentistry, who will welcome the group; Boyd R. McCandless, professor of the Iowa Child Welfare Research Station, who will discuss "The Problem Child"; Dr. W. G. Goodale, assistant professor of pedodontics, whose topic will be "Chrome Alloy Crowns in Pedodontics," and Dr. James McIver, associate professor of pedodontics, who will talk on "Preventive Orthodontic Appliances."

Other SUI speakers scheduled during the weeklong course are Ralph Ojemann, professor, Child Welfare Research Station; Dr. George Barnes, resident, radiology; Dr. Wessels; Dr. E. H. Hixon, head of the Department of Orthodontics; Genevieve Stearns, professor, orthopedics; Dr. Daniel Waite, head of the Department of Oral Surgery; and Dr. William Olin, otolaryngology.

Speakers from off the campus will include Dr. Charles Henshaw, Des Moines, director, Division of Dental Health, Iowa State Department of Health; and Dr. Glenn C. Miller, Waterloo, who is in private practice of pedodontics.

The course will include demonstrations of technical procedures in the SUI children's dental clinic.

'Challenge' Quiz Loses Its Sponsor

NEW YORK (AP)—P. Lorillard Co. announced Friday it has cancelled sponsorship of the television quiz show, "The \$64,000 Challenge."

A former contestant said last week he was given answers in advance, a charge denied by program officials.

The show's producer said, "the cancellation does not concern any accusation made against the show."

It was the second quiz show to be cancelled recently. The popular show, "Dotto," was dropped with a minimum of explanation by the Colgate-Palmolive Co. and by two networks carrying it, CBS and NBC. Later, disclosure of communications to the Federal Communications Commission and to the Manhattan district attorney's office that "Dotto" was rigged touched off an investigation of number of programs.

Dist. Atty. Frank S. Hogan said Friday he is laying all the evidence he has gathered before a grand jury but cautioned against any implication he had found wrongdoing.

The "64,000 Challenge" has been appearing Sunday nights on CBS. It was due to leave that network after this Sunday's performance and be broadcast in the future over NBC Thursday nights.

2-Day Pediatrics Course To Begin Here Wednesday

Respiratory viral infections in children, dermatological problems and rheumatic fever in Iowa are among the many items to be discussed by specialists in pediatrics and general physicians at a 2-day Postgraduate Course in Pediatrics, which will open Wednesday at SUI.

Some 60 physicians are expected to attend the course, according to Dr. W. C. Keettel, professor of obstetrics and gynecology and director of postgraduate medical studies at the SUI College of Medicine.

Guest lecturers for the course will include Drs. Janet M. McArthur, instructor in gynecology at Harvard University; Aims C. McGuiness, special assistant to the secretary of the U.S. Department of Health, Education and Welfare; and James L. Wilson, professor of pediatrics at the University of Michigan.

Faculty members from the SUI College of Medicine's Department of Pediatrics who will participate will include Drs. William B. Anderson, Henry G. Cramblett and Robert B. Kugel, all assistant professors; Dr. Charles H. Read, Jr., associate professor; John C. MacCrory, professor and head of pediatrics. Dr. Kugel is serving as program director.

Dr. C. E. Radcliffe, associate professor of dermatology, and Dr. E. F. Van Epps, professor and head of radiology, will also take part in the course lectures.

William E. Porter, associate professor of journalism at SUI, will speak at the group's dinner meeting to be sponsored by the Iowa Pediatric Society Wednesday evening.

The pediatrics course will be the first of nine postgraduate courses on various aspects of medicine to be held at the University Medical Center during the 1958-59 academic year. Last year more than 700 physicians from Iowa and other states attended one or more of the courses.

4 Per Cent in Year

Iowa State has lost 14 per cent during the past year, J. W. Maucker

persons have left the past year. Nine were "due to our satisfactory performance with other organizations."

Regents OK ISC Married Housing Bids

DES MOINES (AP)—Contracts for construction of a 100-unit addition to Hawthorne Apartments, married student housing development at Iowa State College, was approved by the State Board of Regents Friday.

The board awarded the general construction contract to Gethman Construction Co. of Gladbrook on its low bid of \$606,273. The figure includes electrical work.

Installation of sewer and water mains was awarded to Clark and Fitz Co., Bagley, on a bid of \$38,900. Contracts for curbing, paving and sodding will be let next summer, the board said.

On the basis of the bids received, the board revised its estimate of the project's cost downward from \$840,000 to \$780,000.

Construction of the 100 2-bedroom apartments will leave the college with 1,005 married student housing units, the same as at present. This is because 100 temporary units will be removed after the new apartments are built. The new units are to be completed by Aug. 1, 1959.

Turley Blanks Chicago on 4 Hits for 21st Win

5-0 Win Puts Yanks' Magic Number at 3

CHICAGO (AP)—Bob Turley became the first New York Yankee pitcher to win 21 games since 1951 when he blanked the Chicago White Sox 5-0 Friday night on a yield of four hits before a crowd of 24,892.

The victory reduced the Yankee magic number to three. Any combination of three Yankee triumphs and three White Sox losses would assure the perennial champions of their ninth flag in the last 10 years. A triumph over Chicago today would clinch a tie for the Bombers.

Turley was never in serious difficulty as he gained his sixth shut-out of the season and became the first Yankee to win 21 since Eddie Lopat and Vic Raschi shared similar honors seven years ago.

He gave up a double to Jim Landis on his first pitch of the game and then didn't allow a hit until the sixth. Meanwhile, the Yankees had staked the big right-hander to a five-run lead.

New York.....000 311 000—5 6 0
Chicago.....000 000 000—0 4 2
Turley and Berra; Moore, Latman (6), Shaw (8) and Lollar. L.—Moore.

Indians 5, BoSox 4

CLEVELAND (AP)—Rocky Colavito's grand-slam home run broke a tie in the seventh inning Friday night and the Cleveland Indians defeated the Boston Red Sox, 5-4. Sammy White's homer in the same inning for Boston was the first hit off the Indians' Gary Bell.

Ted Williams and Pete Runnels, who are tied for the American League's batting leadership at .320, got a hit apiece.

After his strong start, Bell was chased from the mound in the eighth when he gave up two runs. An error by Randy Jackson led in the third Boston run in that inning. Jim (Mudcat) Grant relieved and snuffed out the Red Sox rally to protect Bell's 10th victory of the year.

Colavito's grand-slam homer came home with the score tied 1-1. It was his 35th homer and his second grand slam of the season.

Boston.....000 000 130—4 6 0
Cleveland.....000 001 40x—5 11 1
Bowsfield, Wall (7) and White; Bell, Grant (8) and Brown. W.—Bell. L.—Bowsfield.
Home runs — Boston, White (5), Cleveland, Colavito (3).

Tigers 3, Orioles 1

DETROIT (AP)—Al Kaline, still nursing a slim chance in the American League batting race, Friday night hammered a 2-out, eighth-inning home run that enabled Detroit's Frank Lary to whip the Baltimore Orioles for the first time this season. The score was 3-1.

Lary, who had singled earlier, hit a triple to the centerfield fence to lead off the eighth inning. He stayed at third while Harvey Kuenn popped out and Coot Veal struck out. Kaline then hit his 15th home run in the lower left field stands and sent knuckle-baller Hoyt Wilhelm down to his ninth defeat against two victories.

Wilhelm had allowed only four hits until the eighth, and while his mates collected eight safeties off Lary, the Tiger pitcher was tough in the pinches and finished strong.

Baltimore.....001 000 000—1 8 0
Detroit.....001 000 02x—3 6 0
Wilhelm and Triandos; Lary and Wilson.
Home run — Detroit, Kaline (15).

A's 4, Senators 3

KANSAS CITY (AP)—A home run by Hector Lopez in the fifth inning was the margin for the Kansas City Athletics sixth straight victory as they downed Washington 4-3 Friday night.

Bob Cerv also hit his 34th homer to lead off the second inning and Roy Sievers clouted his 37th with the bases empty in the eighth.

Washington.....000 200 010—3 11 0
Kansas City.....010 210 000—4 8 0
Ramos, Clevenger (7) and Courtney; Herbert, Tomaneck (7) and Chitt. W.—Herbert. L.—Ramos.
Home runs — Washington, Sievers (37), Kansas City, Cerv (34), Lopez (16).

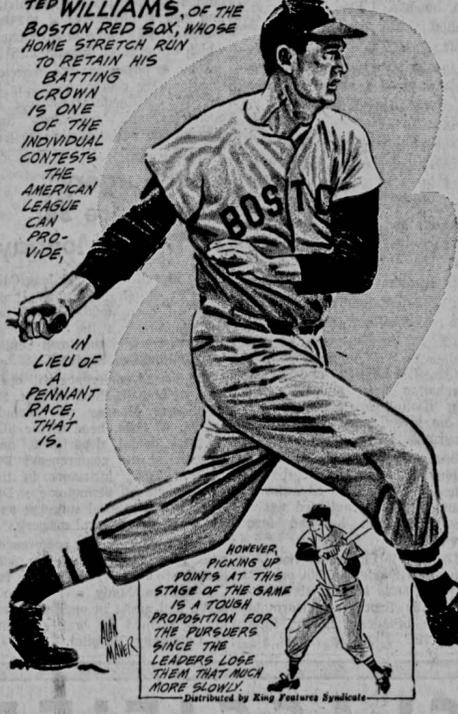

Matthews Beats Tibbs

PHILADELPHIA (AP)—Unbeaten Len Matthews, the young Philadelphia knockout artist, proved he could box as well as punch Friday night as he out-pointed tough little Tommy Tibbs of Boston in a 10-round nationally televised bout at the arena.

Matthews, who won 12 of his previous 13 fights by knockouts, earned the unanimous vote of the two judges and referee after a rugged give-and-take battle with the durable Boston newsboy.

Under the 5-point per round must Pennsylvania scoring system, Referee Pete Tomasco scored Matthews the winner 49-42, while Judges Bill Hall and Jimmy Weston awarded the Philadelphiaan the verdict 50-37 and 49-43 respectively. The Associated Press carried the 19-year-old local lightweight a 50-35 winner.

STRETCH DRIVE - - - - - By Alan Maver

Giants Win Two

PHILADELPHIA (AP)—Jim Davenport led San Francisco on a hitting spree Friday night in a doubleheader against Philadelphia in which the Giants set a new season's high scoring record and Richie Ashburn took over the National League batting lead.

The Giants took the first game 5-2, then wallowed the hapless Phils, 19-2, in the nightcap.

Ashburn got three hits in the opener and two more in the nightcap, which gave him a .339 average, one point ahead of ailing Stan Musial.

FIRST GAME
San Francisco.....220 055 103—5 11 0
Philadelphia.....100 000 010—2 7 0
Gomez, Worthington (9) and Schmidt; Cardwell, Meyer (9) and Hegan, Lopata (8). W.—Gomez. L.—Cardwell.
Home runs — San Francisco, Davenport (11).

Braves 6, Cards 0

MILWAUKEE (AP)—After failing twice in the quest for his 17th victory, Milwaukee's Lew Burdette grabbed it Friday night by stopping the St. Louis Cardinals on three hits while Hank Aaron's 3-run homer led the National League-leading Braves to a 6-0 victory.

The Braves boosted their hold on first to 7½ games and reduced their magic number to six when the second place Pirates were defeated.

The Cardinals were never able to initiate even a mild threat against the Milwaukee righthander as he fanned five and didn't give up a walk in keeping alive hopes for a 20-victory season. He has 10 defeats.

All three of the Cardinal hits were singles by Ken Boyer, Bobby Gene Smith and Irv Noren leading off in the fifth, sixth and seventh innings respectively. A double play removed Boyer and Noren was out stealing.

Boyer didn't get the first St. Louis hit until after Burdette had retired in order the first 12 Cardinals he faced, striking out three of the first six going to the plate.

St. Louis.....000 000 000—0 3 1
Milwaukee.....013 001 01x—6 10 1
Mabe, L. McDaniel (6) and Green; Burdette and Rice. L.—Mabe.
Home run — Milwaukee, Aaron (28).

Cubs 7, Redlegs 5

CINCINNATI (AP)—Walt Moryn and Dale Long each banged a home run Friday night helping Chicago's Cubs strew 11 hits around Crosley Field in a 7-5 victory over Cincinnati's Redlegs.

The loss weakened the Reds' hold on the National League No. 4 spot.

Bill Henry, last of three Cub hurlers to try their stuff, had little trouble quelling the Redlegs in the last three innings.

It was the fourth straight loss for the Redlegs, who had earlier climbed from last place into the first division under temporary manager Jimmy Dykes.

A sparse crowd of 4,349 in the cold evening air watched the Reds net 10 hits but leave men on base in every inning but the seventh and ninth.

Long's sixth inning homer and Moryn's big blast in the eighth — his 25th this season — provided the Cub edge.

Chicago.....001 041 010—7 11 1
Cincinnati.....020 021 000—5 10 0
Drott, Hobbie (5), Henry (6) and Neuman; Nuxhall, Schmidt (5), Lawrence (9) and Bailey. W.—Henry. L.—Nuxhall.
Home runs — Chicago, Long (18), Moryn (25), Cincinnati, Lynch (13).

Phillies 4, Braves 3

PHILADELPHIA (AP)—The Philadelphia Phillies' 4-3 victory over the Atlanta Braves Friday night was the first since the Braves' 10-0 triumph in the first game of the doubleheader.

The Phillies' lead was built on a home run by Dick Groat in the fifth inning and a double by Dick Allen in the sixth.

Atlanta's lead was built on a home run by Hank Aaron in the seventh inning and a double by Tommie Agee in the eighth.

Philadelphia.....000 000 000—4 8 0

Iowa's 3-Deep Lineup Shows First Team Still Intact

Going into today's scrimmage the Iowa Hawkeyes 3-deep line up looks like this:

Randy Duncan, record breaking passer, is first team quarterback and directs halfbacks Ray Jauch and Bob Jeter — both junior lettermen. Captain John Nocera is at full.

The first string line is Curt Merz and Don Norton at the ends, John Burroughs and Mac Lewis at tackles, Gary Grouwinkel and Hugh Drake at guards and Bill Lapham at center. All seven are lettermen with Merz, Norton and Lapham juniors and the other four seniors. Burroughs received his two major letters in 1955 and 1956.

The second team is run by sophomore quarterback Mitch Ogiego. Halfbacks are Kevin Furlong and Willie Fleming with Don Horn the fullback. Furlong is a senior letterman, Horn a junior letterman and Fleming, a sophomore.

The ends are Bob Prescott and Jeff Langston, tackles John Sawin

7 Hawks Out With Minor Leg Injuries

Seven Iowa gridders were held out of Friday afternoon's workouts because of minor leg injuries. None of the injuries were considered serious and they are expected back in action soon.

They were: Quarterback Mitchell Ogiego, halfback Willie Fleming, guard Al Sonnenberg, halfback Dick Gajda, halfback Don Tucker, quarterback Mike Lewis and halfback Bernie Wyatt. Ogiego, Fleming and Sonnenberg have been working with the second team.

First string guard Hugh Drake practiced with a heavily bandaged hand as the result of an injury received when his hand was stepped on, but this injury was also slight.

Coach Forest Evashevski had his squad working out in sweat clothes in the morning session as the Hawkeyes went through the all-phase drills.

Defense was the order of the day in the afternoon with the team back in full football equipment. The last thirty minutes of the practice was devoted to the aerial attack with Randy Duncan and Olen Treadway doing the tossing. Duncan and Treadway were the only two players listed as quarterbacks available with Ogiego and Mike Lewis hobbled.

A full "game" scrimmage is on tap for today as the Hawks work for their opening game against Texas Christian here Sept. 27 — only two weeks from today.

U-High Wins, 20-7 At Kalona; City High Bows, 26-0

University High got off to a winning start in their opening 1958 football game at Kalona Friday night when the Bluehaws rolled to a 20-7, last quarter victory.

City High took it on the chin at East Moline when the Illinois gridders captured a 26-0 decision. It was also the first game of the year for the Little Hawks.

Kalona Takes Lead

In the University High game, Kalona got the jump on the second play from scrimmage of the game on a 50-yard pass play to the Blue Hawk 10-yard-line and Tom Yoder carried it over from there to give the home team the lead. Yoder ran for the extra point to make it 7-0.

U-High got into the scoring column in the second period on a 49-yard touchdown pass from Pete Hunt to Ned Glenn and George Alt ran the conversion to make the halftime score, 7-7.

The third quarter was scoreless as neither team was able to launch a sustained drive.

Alt Runs 45 Yards

With only about seven minutes left in the game, U-High took the lead for good when Alt broke through the middle and rambled 45 yards to paydirt. Alt was stopped short of the goal line on the extra point attempt, however, and the Blue Hawks led, 13-7.

Kalona tried to launch a passing attack, but fumbled with U-High recovering and Glenn's 5-yard sweep of left end gave the Blue Hawks another touchdown and wrapped up the contest. Gary Ritter's run for the extra point completed the scoring.

Suppose YOUR business was located in another city of 20,000 population . . .

WOULD YOU ADVERTISE?

Of course you would, to get your fair share of what those 20,000 spend!

Washington at Kansas City — Constable (6-2) vs Urban (8-10).

Coe Faces Aaron in Finals Of National Amateur Golf

SAN FRANCISCO (AP)—Bonyard Charlie Coe, the Oklahoma oil broker with a bumpy physique, earned a shot at his second National Amateur Golf Championship Friday by defeating Roger McManus, a Cincinnati salesman, 3 and 2 in the 36-hole semifinal.

In the final round today he will meet Tommy Aaron, a husky former high school football player from Gainesville, Ga., who crushed Dick Foote of Santa Ana, Calif., 10 and 9.

Coe, a 34-year-old, 150-pound thin man who has had to battle fatigue as well as his opponents throughout the tournament over the exhausting hills of the Olympic Country Club's lake course, took a 3-up lead over his virtually unknown opponent on the morning round, then held on grimly during the warm, sunny afternoon.

After 27 holes, McManus, never a winner of a major tournament, had trimmed the margin to two holes. Coe got one back at the 28th but lost the 29th, and that's how it stood until the 34th, a long, double-dogleg 603-yard hole. There Coe canned a 4-foot putt for a winning par and ended the match as McManus missed one of about equal length.

Aaron, a big, curly-haired 21-year-old University of Florida senior who was all-state high school quarterback in Georgia, played flawless golf to gain his decisive victory over Foote, a 20-year-old UCLA student.

The margin was the biggest in a 36-hole match in the amateur since Billy Maxwell defeated J. C. Benson by 10 and 9 in the 1951 semifinals. But it didn't match Coe's 11 and 10 victory over Rufus King in the 1949 final.

While McManus hung on doggedly against Coe, there was no doubt that Aaron would win his match against his UCLA opponent.

On the 24th and 25th holes, Foote missed putts of less than three feet, losing the 24th and blowing

TOMMY AARON DROPPED IN A 2½ FOOT putt on the 18th green in the morning round of his National Amateur Golf Championships match with Dick Foote for a birdie 3 to take an 8-up lead. Aaron won the match convincingly, 10-9, to enter the finals today. —AP Wirephoto.

a chance to win the next after Aaron also had missed a short one. The 26th Foote muffed a 4-footer that would have prolonged the match and on the last hole he knocked his approach into a trap trying too hard to win a hole.

There Aaron pushed his drive into some trees, nearly over to the next fairway, and had to make a remarkable shot to get back. Then he stuck an iron up close to the pin and earned a half on the hole to end the match.
