UAW Ends Strike Against Ford

Agreement Reached On 3-Year Pact

Settlement Will Affect Chrysler, GM Contracts

By CHARLES C. CAIN
DETROIT (AP) — The United Auto Workers (UAW) and the Ford Motor Co. agreed Wednesday on a new 3-year contract several hours after some 98,000 workers walked off their jobs in plants across the nation.

In announcing the settlement, the bargainers said in a joint statement that the contract was "fair to the workers, the company and the American public."

UAW President Walter Reuther said the union would get "atop the strike situation as quickly as we can" but explained that local

problems would have to be settled in certain plants before the walk-out is ended completely.

The new Ford contract called for pay boosts, increased pensions, severance pay, cost-of-living and improvement factor allowances, compensation for those on short work weeks and extended supplemental unemployment pay.

As with Ford, Reuther said "We will not hesitate to set a strike deadline with the other members of the big three auto companies if it becomes necessary."

In an atmosphere of cordiality marked by hand-shaking, Reuther and John S. Bugas, Ford vice president and head of its bargaining team, agreed that the new contract was "nonexplosive." Asked if it was also noninflammatory, Reuther replied that it was and Bugas said "practically."

The settlement brought a similar reaction from Chrysler. John D. Leary, vice president and manager of personnel, said the agreement "naturally will have a bearing" on its talks with the UAW.

What affect the cost of improved worker benefits might have on the price of Ford's 1959 models was a matter Bugas said would be settled by the company's board of directors.

"The contract package certainly will be reflected in our manufacturing costs," he said, "but whether prices will be affected will be determined later."

The nationwide strike hit Ford only two days after its assembly lines began turning out 1959 models. Bugas said the settlement would provide a "period of stability" for the company, which, like most auto makers had a poor sales year in 1958.

Under the contract terms, a worker with 30 years severance pay could get as high as \$3,000 if his job were terminated either because of plant shutdowns or through the transfer of operations to another location.

Neither appeared particularly pleased with this provision, terming it a "very historic step."

Other provisions of the pact include:

In the field of supplemental unemployment benefits a system whereby workers get 65 per cent of their take-home pay for a flat 39 weeks. Under the expired contract idle workers got 60 to 65 per cent of take-home pay for a 26-week maximum.

In annual wage improvements, a boost of 2 1/2 per cent of the base hourly rate or six cents an hour, whichever is greater each year for the contract duration, retroactive to last July 1.

For night-shift workers, a 10 per cent differential in pay.

Jury duty pay, time and a half for Saturday work, increased group insurance benefits and better hospitalization and surgical benefits also was included.

Corporation Formed To Run Little Rock Schools

Citizens Try To Thwart Integration

The Associated Press
Six citizens of Little Rock formed a corporation Wednesday to operate private schools—an apparent follow-up to Gov. Orval E. Faubus' plans to make private institutions of the city's four high schools.

Three more schools in Virginia faced apparent closing on orders of federal judges favoring integration. One school already has been closed because of a state law against integration.

Faubus: No Comment
The "Little Rock Private School Corp." became a business when a circuit judge signed corporation papers. Faubus, who ordered the schools closed to prevent forced integration, had no comment on the action.

It could not be learned whether the group will move immediately to open private classrooms in Little Rock's high schools. However, observers expect the corporation to wait until after a special referendum Sept. 27 before taking any action. Faubus called the election for the Little Rock School District to let voters decide whether they want integrated or segregated classrooms.

Administration View
The Justice Department in Washington had no immediate comment on the private school plan. However, Government legal experts believe such a shift from public schools to private institutions can be challenged successfully in the courts if continued use of public tax money is involved and if it can be shown the change is simply a device to avoid obeying the Supreme Court.

At Little Rock, in another development, the school board reinstated football and other extracurricular activities at the high schools.

As these developments took place, Atty. Gen. William Rogers said in Washington that public officials who are sworn to support the U. S. Constitution have no right to defy decisions of the Supreme Court which interpret the Constitution.

"Individuals may not determine for themselves when they will obey the decrees of the courts and when they will ignore them," said Rogers in a speech prepared for the National Conference on Citizenship. The speech obviously was an official statement of the Eisenhower administration on the school integration issue.

Bulletin

Moscow May Resume Nuclear Weapons Tests

LONDON (AP) — Radio Moscow said Thursday the Russians probably will be forced to resume nuclear weapon tests. It declared, "The Western Powers are simply forcing the Soviet Union to take back-its word."

"Leaders of the Soviet Union showed definite courage in halting experiments and we hoped the United States and Britain would follow the Soviet example."

"But there is a limit to our patience."

Preparation of the study is expected to take about 18 months. During this time a resident planner, Donald Reynolds, will be directly responsible for the work of preparing the plan.

A graduate of SUI, Reynolds has been with the St. Louis firm since June, 1957.

The "Comprehensive Plan" will include the following subjects: population and economic studies; and parking; schools and parks; land use and zoning; major streets housing and public buildings; public works and administration.

Each of the subjects will be presented to the Planning Commission in the form of a preliminary report for consideration by the official public agencies and groups of citizens.

As the work progresses, the Planning Commission and their advisors will work with the planners so that general agreement can be reached on each phase of the plan.

Report to be Published
After all the preliminary reports have been submitted, studied and revised, when necessary, they will be condensed and summarized in a final comprehensive report.

The report will then be adopted as the official plan of Iowa City and, if found advisable, will be published for general circulation.

Currently, negotiations are underway for the preparation of a zoning plan for Johnson County. The County Zoning Plan would be prepared currently with the "Comprehensive Plan" for Iowa City.

The objective of the planning program will be to produce a long-range comprehensive plan which can be used as a guide in directing the future growth of the city.

Firm Begins Survey Of Iowa City

Representatives of Harland Bartholomew and Associates of St. Louis recently engaged by Iowa City to prepare the "Comprehensive City Plan," arrived in Iowa City Wednesday.

Work on the plan, which is sponsored by the city, SUI and the Iowa City School Board, will be under the auspices of the St. Louis office with direct supervision by Eldridge Lovelace, a partner of the firm.

Lovelace will make periodic trips to Iowa City to present reports, to meet with the Planning Commission and to give general supervision to the work.

To Take 18 Months

Preparation of the study is expected to take about 18 months. During this time a resident planner, Donald Reynolds, will be directly responsible for the work of preparing the plan.

A graduate of SUI, Reynolds has been with the St. Louis firm since June, 1957.

The "Comprehensive Plan" will include the following subjects: population and economic studies; and parking; schools and parks; land use and zoning; major streets housing and public buildings; public works and administration.

Each of the subjects will be presented to the Planning Commission in the form of a preliminary report for consideration by the official public agencies and groups of citizens.

The objective of the planning program will be to produce a long-range comprehensive plan which can be used as a guide in directing the future growth of the city.

It's Done—After 98-Thousand Strike

THE TRADITIONAL HANDSHAKE over the bargaining table was made Wednesday in Detroit by John S. Bugas (left), vice-president of Ford Motor Co.'s industrial relations division, and Walter P. Reuther, president of the United Auto Workers. A new contract

agreement was reached late Wednesday afternoon which climaxed hours of bargaining but failed to avert a strike. The settlement will send some 98-thousand workers back to work. They had quietly walked off their jobs at 10 a.m. Wednesday.

Charter Meet Set For Iowa Drama Group

Five Iowa community theatre groups have selected nominees for positions on the first board of directors of the proposed Iowa Community Theatre Association.

Ronald C. Gee, assistant professor of dramatic arts at SUI, said the nominations received so far make up only a partial list and emphasized that all groups would have an opportunity to make nominations at the organization's charter meeting at the Des Moines Playhouse Sunday.

Those who have been nominated include Mrs. Marianne Ahrold, Grant Marshall and Byron Oldham, of the Burlington Players Workshop; William H. Bennett, Mrs. Maribelle Read and John R. Sawyer, of the Southwest Iowa Theatre, Shenandoah; Mrs. Vicki Bickford, Robert Gotsch and Arthur McGiverin, Ottumwa Community Players; Mrs. Bea Gardner, Thomas Koehler, Jr., and Joseph Mauck, of the Iowa City Community Theatre, and Howard Orms, Des Moines Playhouse.

Some 100 representatives expected from theatre groups in Iowa and others interested in establishing theatres in their home towns will vote on nominees for the board of directors at the Des Moines meeting, Gee said.

In addition to providing means or improving work of community theatres already existing, the new association will offer help in establishing new theatre groups to individuals in any Iowa community wishing to promote such a project.

Gee, who has headed the steering committee which drafted articles of incorporation and bylaws which will be considered Sunday, said that he hopes the meeting will draw persons from all parts of the state so that the new association will be representative of all Iowa living theatre.

Recognition of a need for such an organization in Iowa developed out of the community division of the Iowa Play Production Festival, held annually at SUI.

Registration Begins Monday

The first of an entire semester of problems and decisions will begin Monday and Tuesday for SUI students as registration begins.

Students in the College of Commerce, the Graduate College and former students in the College of Liberal Arts and Engineering will register from 9:30 a.m. to 4:30 p.m. Tuesday and from 8 a.m. to 11:30 a.m. Wednesday.

Freshmen and new transfer students in Liberal Arts, Engineering, Nursing, Dental Hygiene and

other professional colleges will register on Monday from 1 p.m. to 5 p.m.

Permits to register are now available in Room 1, University Hall.

Registration materials will be issued only to students who have permits to register and who have paid the advanced fee deposit of \$50.

Students in the College of Commerce, Graduate and former students in Liberal Arts and Engineering will register on the following schedule:

Tuesday		Wednesday	
Time	Last Name Begins With	Time	Last Name Begins With
9:30 a.m.	M—Mel	3:30 p.m.	An—Bel
10 a.m.	Men—Mz	4 p.m.	Bem—Buc
10:30 a.m.	N—Par	4:30 p.m.	Bud—Clos
11 a.m.	Pas—Rag		
11:30 a.m.	Rah—Ros		
12 noon	Rot—Sch		
12:30 p.m.	Sci—Sm		
1 p.m.	Sn—Steo		
1:30 p.m.	Step—Sz		
2 p.m.	T—Vim		
2:30 p.m.	Vin—Wils		
3 p.m.	Will—Am		

Weather Forecast

Today:
Warmer, highs in 70s.
Friday:
Scattered showers, cooler.

Forty-One Subjects Offered In SUI's Saturday Classes

Persons who wish to study at SUI but cannot attend regular sessions may register for Saturday classes on the campus during the 1958-59 school year.

Forty-one subjects will be taught in classes which have been scheduled on twelve Saturdays from Oct. 4 to March 21, according to Dean Bruce E. Mahan of the SUI extension division.

Each student may enroll for one or two courses for two or four semester-hours of credit. Work completed may apply as residence credit toward an undergraduate degree. Candidates for advanced degrees may count a maximum of eight semester-hours of graduate work completed in

Saturday classes. Last year 347 persons from many parts of Iowa and bordering towns in Illinois and Missouri drove to the campus two Saturdays each month to continue their education. Fees for Saturday classes are \$8 per semester-hour.

Students will register and pay fees at the first class meeting on Saturday, Oct. 4. Classes will be held from 9 to 10:40 a. m. and from 10:50 to 12:30 p. m. Courses will be offered in art, botany, education, English, geography, geology, history, home economics, labor and management, library education, physical education, political science, social work, sociology and speech.

A Pretty SUI Graduate— Leaves For France Saturday

A June SUI graduate, Beth Moore, sails for France Saturday under a Fulbright Grant.

Miss Moore will board the SS Flandre from New York — her destination is Macon, France, where she will teach conversation-

al English for one year at a school for girls.

Her job was made possible through an assistantship program of the French government and application was made with the Institute of International Education.

After graduating in June, Miss Moore began obtaining information on travel arrangements, tourist attractions and lists of books to read.

"Not only will I be teaching," she said, "but I also plan to continue studies in the French language and in education. My students will be between the ages of 15 and 18 and I'll teach approximately 12 hours per week."

"My first stop will be Paris, where I'll receive instructions on how to teach English as a foreign language."

"I will also be informed as to the customs of the people, living conditions and a brief history of my new home."

Macon has a population of approximately 20,000 and is located just 90 miles west of Geneva, Switzerland.

"I have been advised to take few clothes and personal belongings," Miss Moore said.

"Too many American tourists go to France trying to impress the people with the greatness of the United States. I hope to present a different picture for after all, we're a much younger country," she explained.

Miss Moore plans to enjoy the artistic splendors in Florence, Rome and Venice and wants to tour Spain, Germany, England and Austria.

"Although I'm going to be teaching in France, my primary interest is in learning from these fascinating people and their country," she said.

Beth Moore

My primary interest is in learning.

Communists Attack Nationalist Troops

TAIPEI, Formosa (AP)—The Chinese Communists opened up on Quemoy with heavy artillery and deep-penetration shells Wednesday in what appeared to be a new attempt to smash Nationalist gun positions.

Reds Reject Cease-Fire In Formosa

TOKYO (AP)—Red China's official mouthpiece Thursday rejected the idea of a cease-fire in Formosa Strait while American and Red Chinese ambassadors confer in Warsaw on the crisis.

The rejection came in an article in the Peiping People's Daily, signed by "Observer," frequently a pen name in Communist countries of a Red bigwig. The article was broadcast by the Peiping radio.

Referring to President Eisenhower's "no appeasement" speech in which he urged that arrangements be found to stop gunfire and pave the way to a peaceful solution, the article said:

"There is no question of a cease-fire since China and the United States are not at war. The Chinese people have waged a struggle to liberate the whole of their territory for the past 11 years. The present military action of the Chinese people against the Chiang Kai-shek troops entrenched in Quemoy is a continuation of that struggle and has nothing whatsoever to do with world tension."

The article blamed the United States for the "revival of tension" in Formosa Strait.

Roberts Wins R.I. Primary

PROVIDENCE, R.I. (AP)—Gov. Dennis J. Roberts won renomination Wednesday night in a bitter Democratic primary in which he trounced Lt. Gov. Armand H. Cote. He will be seeking his fifth term.

Cote conceded defeat late Wednesday night.

With only a few of 222 voting districts missing, Roberts led Cote 52,085 to 40,225.

All the endorsed candidates who faced contests also were victorious. Cote said he would support the ticket in the election campaign.

Roberts in a victory statement said he would conduct a "sound and responsible campaign" against a Republican ticket already nominated.

U.S. Sen. John O. Pastore, U.S. Rep. Aime J. Forand, and 1st District, U.S. Rep. John E. Fogarty, 2nd District had no opposition.

Roberts took the lead with the first town to report, Bock Island, where the governor once worked as a bellhop as a youth, gave him 44 votes to 8 for Cote.

Steady rain most of the day cut heavily into the primary voting, although in some places it was reported brisk and even unexpectedly heavy.

The successful Democratic candidates will face in November a Republican slate already nominated.

State Files Suit Against Dentist

DES MOINES (AP)—State Health Commissioner Dr. Edmund G. Zimmerer started court action Wednesday against a Waterloo man, contending he has been practicing dentistry without a license.

Zimmerer filed suit in Black Hawk Court District Court for an injunction against C. E. Shook. The complaint said Shook had made dental plates for several women since March, 1955.

In some cases, the complaint said, Shook told the persons he treated that the plates were necessary to correct some abnormality or deformity of the mouth.

The complaint said Shook does not now and never has had an Iowa license to practice dentistry.

White House Again Denies Firing Adams

NEWPORT, R.I. (AP)—The White House denied anew Wednesday that Sherman Adams has resigned, and press secretary James C. Hagerty said he knows of no plans for the top presidential aide either to quit or be fired.

These new denials came amid a growing Adams-must-go clamor from many Republicans along with published reports that a resignation is imminent.

Adams has been under fire for accepting costly favors from Boston industrialist Bernard Goldfine. He has denied doing any improper favors for Goldfine in return, but a number of GOP candidates say they fear their chances in the November election will be hurt if he stays in the White House.

Hagerty said later in answer to questions that Adams talked with the President by phone from Washington Wednesday for the first time since a week ago last Saturday.

The press secretary attached no significance to this, however, noting that Adams returned to the White House only two days ago from a Canadian vacation.

Mr. Eisenhower did lose another member of his official family. He accepted "with great personal regret" the resignation of Walter Williams, undersecretary of commerce, who wants to return to a banking business in Seattle.

Williams has held the post since the start of the administration. Before that he was national chairman of the Citizens-for-Eisenhower organization.

Associated Press correspondent Gene Kramer reported from the Nationalist convoy staging base in the Pescadore Islands that more landing craft are being loaded to run the Red blockade of Quemoy.

Kramer also reported that some 20 U. S. military advisors on Quemoy were being running short of supplies.

At last report, most of the Nationalist guns were reported still in operating condition. As usual, the Nationalists did not say how many rounds they pumped into the mainland. But they claimed three gun positions on the mainland were destroyed Wednesday.

The guns now being used by the Reds were described by Nationalist ordnance experts as 204mm. and 212mm. weapons, as compared to the 152mm. artillery previously aimed at Quemoy.

Montgomery, one of Britain's foremost World War II heroes, also received France's highest military award to a foreigner in the Invalides courtyard ceremonies.—AP Wirephoto.

News Digest

Advise Booster Polio Shots If Originals Two Years Old

DES MOINES (AP)—A "booster" shot of polio vaccine is advisable for persons who had their original three-shot series two years ago or more, according to Dr. Edmund G. Zimmerer, state health commissioner.

Booster shots are necessary to restore the protection of polio vaccine just as boosters are needed to renew the effects of vaccines like that for typhoid, he said.

Third Member of Family Dies After Missouri Accident

BETHANY, Mo. (AP)—Homer E. Mull, 40, Martelle, Iowa, died Wednesday, the third member of his family to die as the result of a traffic accident south of here on U. S. 69 Tuesday.

His wife, Mrs. Lucille Mae Mull, 39, and an infant daughter, Kathy Joan, were killed in the car-truck collision. Another daughter, Karen Sue, 3, suffered a skull fracture and was reported in critical condition. One son, Jerry Lynn, 11, suffered facial cuts, and another Larry, 8, suffered chest injuries and concussion.

United Steelworkers Give Prexy Vote of Confidence

ATLANTIC CITY, N. J. (AP)—Delegates to the United Steelworkers convention Wednesday shouted down a move to limit the appointive powers of their president, David J. McDonald.

The action of the 3,500 delegates was in effect the second vote of confidence given the 55-year-old labor leader since the union's ninth constitutional convention opened on Monday.

An opposition faction had proposed that the 800 international union representatives—business agents and organizers—be elected by the rank and file instead of appointed by the president.

Strike at Bettendorf Co. Union Officials Arrive Today

BETTENDORF (AP)—Operations at the Bettendorf Works of J. I. Case Co. were hampered Wednesday as a result of what company officials called a wildcat strike.

H. E. Munch, plant manager, said "the major part of the work force of about 1,400 has stayed away."

The walkout reportedly began when eight workers in the fabricating department left their jobs Monday of a dispute involving piece work.

Russell Simpson, president of United Auto Workers Local 58, which he said represents about 95 per cent of the workers—maintenance and production employee—said international union representatives in Chicago were to arrive here today to meet with union officials.

Another Redstone Missile Completes Space Test

CAPE CANAVERAL, Fla. (AP)—A powerful Redstone, the free world's only combat-ready ballistic missile and reportedly the first to explode a nuclear warhead, blasted away Wednesday on another successful space test.

The Army announced it was the 33rd bulls-eye scored by the 250-mile war weapon in two years. Only three Redstones have gone away in that time.

The shoot was part of the close-out phase of tests for the Army's workhorse medium-range ballistic missile.

General Notices must be received at The Daily Iowan office, Room 201, Communications Center, by 8 a.m. for publication the following morning. They must be typed or legibly written and signed; they will not be accepted by telephone. The Daily Iowan reserves the right to edit all General Notices.

THE UNIVERSITY Cooperative Baby-sitting League book will be in the charge of Mrs. B. Conklin from September 16, 1958, to September 30, 1958. Telephone her at 5839 if a sitter or information about joining the group is desired.

PARKING — The University parking committee reminds student motorists that the 12-hour parking limit applies to all University lots except the storage lot south of the Hydraulics Laboratory.

HIGHLANDERS — Tryouts — 4 p.m. Sunday, Sept. 21, Fieldhouse. Rehearsal Schedule — Week of Sept. 22 — Active Members — Monday, 3:30 p.m., Tuesday, 3 p.m.; Wednesday, Thursday, and Friday,

U.S. Opposes UN Action In Formosa

UNITED NATIONS, N.Y. (AP)—Secretary of States Dulles will tell the United Nations Thursday the United States is opposed to U.N. consideration of the Formosa crisis as long as there is any chance of reaching agreement with Communist China in the Warsaw talks.

Informed sources disclosed this late Wednesday as the U.N.'s powerful Steering Committee postponed for 24 hours debate on whether it should recommend Assembly consideration of admission of Communist China.

Big List

The committee approved a big list of issues, including Algeria, Cyprus, disarmament and control of outer space.

Dulles will deliver the general policy address of the United States to the 81-nation Assembly Thursday morning. Soviet Foreign Minister Andrei Gromyko will speak in the afternoon.

Informed sources said Dulles will touch on five key subjects—the Far East crisis, the situation in the Middle East, peaceful use of outer space, Hungary, and the question of indirect aggression.

More Details

The informants gave these added details as to what Dulles has in mind regarding Formosa:

The United States regards the situation arising from the bombardment of the Chinese Nationalist-controlled offshore islands as most serious. But it won't bring the situation into the U.N. unless the U.S.-Red China diplomatic talks in Warsaw show there is no intention of the Peiping regime to work out a cease-fire.

If the case is presented to the U.N., the United States will agree to permitting a representative of the Chinese Communists to state his country's position.

Halt Shooting

The question has been raised as to whether the Chinese Nationalists will agree to any cease-fire. The United States will consult with the Nationalists, and feels they will be reasonable. The first consideration is to halt the shooting.

On Middle East issues, Dulles will refer in his speech to the proposals made by President Eisenhower last month.

Standby Force

These include the creation of a U.N. standby force, the halting of inflammatory radio broadcasts in the area, and means for economic development. Details will be provided by the U.S. delegation during the assembly.

Dulles will call attention to the withdrawal of some of its forces from Lebanon as easing tension in the area.

Local Merchants Attempt to Halt Heavy Shoplifting

IOWA CITY retail merchants and the city police are currently co-operating on a problem to reduce the amount of shoplifting in Iowa City.

A meeting of Iowa City merchants this week disclosed that more than \$100,000 worth of goods are lost in one year through shoplifting and employee pilferage.

During a program sponsored by the retail trade division of the Chamber of Commerce, one local store disclosed that \$12,000 worth of merchandise in a recent 2-week period was lost.

Estimates on local losses showed that another store suffered shoplifting and employee pilferage totaling some \$20,000 in 1957.

Charles A. Baker, assistant county attorney, told the group that law enforcement officials would cooperate with businessmen in taking action against the heavy losses from shoplifting.

Detective Harlan Sprinkle said that shoplifting increases in times when the people do not have money to spend.

The true magnitude of the problem may never be known because store owners and managers are likely to attribute shoplifting losses to errors of bookkeeping, poor merchandise handling and other factors.

Sprinkle suggested that merchants encase small, high value items and wait on customers as soon as possible.

Early this summer local merchants reported that shoplifting had almost doubled in Iowa City during the past six months.

Merchants indicated that plans were under way to prosecute shoplifters on the first offense. Previously, shoplifters have been only warned the first time they were caught.

BAN JET AIRLINES

ROME (AP)—Pan American World Airways has asked Italy to reverse a decision banning its new Boeing 707 jet airliners from Rome's Ciampino Airport.

SUI Writers Workshop Produces Many Authors Of Poetry, Stories, Novels

The special creative "climate" provided by SUI's Writers Workshop has produced a "bumper crop" of poetry, short stories and novels during the past year.

"The Violated," a long novel by Vance Bourjaily of the workshop's fiction staff, was published in August and received excellent reviews. A number of television scripts written by Bourjaily have also been accepted for network production.

First Novel

Published in January, the novel "A Glass Rose" by Richard Bankowsky, was described by the New York Times as "important not only as an extraordinary first novel of a gifted new author, but as an articulate literary voice of the Polish peasant in America."

Bankowsky is a graduate assistant in communication skills at SUI. A novel by a student from Miami, Fla., Konrad Hopkins, has been accepted for publication by the Macmillan Co. "Warlock," a novel by Oakley Hall, formerly a staff member of the workshop, was published this year and the motion picture rights were sold for \$75,000, according to Paul Engle, professor and director of the SUI workshop.

Quantity of Poetry

The poetry section of the workshop, which is under the direct supervision of Engle, turned out a large quantity of poetry, with SUI writers' poems appearing or to be published in several volumes of poetry and in many magazines.

In the volume "The New Poets of England and America," one-third of all contributors in the American section were poets now in the SUI Writers Workshop or previous students. The number of poets from SUI alone was approximately equal to all of those from England.

Paperback Edition

A number of poems and a short story by workshop writers appear in "New Campus Writing No. 2," published in hard cover by Putnam and in a paperback edition by Bantam.

Engle said contributions for the volume from SUI are greater than from any other college in the country.

Poems by Theodore Holmes, Maywood, N.J., were published in the latest edition of Scribner's "Poets of Today," and another student, Donald Finkel, Olla, Fla., has had a book of poems accepted for the next edition. Poems from students in the workshop are in the current edition of "New World Writing," and Knute Skinner, Denver, Colo., has had poems accepted for the next edition.

Top Magazines

Short stories by the young workshop writers have appeared in such top magazines as the New Yorker, Mademoiselle, Esquire and Botteghe Oscure, an international literary publication published in Rome which appears twice annually.

Also published this year was a volume of short stories "Fifteen by Three" by James B. Hall and Verlin Cassill, both of whom studied and taught at SUI, and Herbert Gold, who also taught in the fiction section of the workshop.

NEW PURCHASING AGENT

DES MOINES (AP)—Leslie H. Spry, 57, of Des Moines, has been named state purchasing agent for the Iowa Executive Council, Council Secretary Grant Cunningham said Wednesday.

Spry, a brother of Iowa Secretary of Agriculture Clyde Spry, retired last December from the sales department of Standard Oil Co. He had been with Standard Oil in Iowa for 32 years.

Spry succeeds the late Harold Cooper as purchasing agent. His salary will be \$5,000 per year.

OFFICIAL DAILY BULLETIN

University Calendar

THURSDAY, SEPT. 18, 1958

Friday, September 19

8 p.m. — Interfraternity Panhellenic Pledge Dance — Main Lounge, Iowa Memorial Union.

Sunday, September 21

7:30 p.m. — Orientation Meeting for all new undergraduates—Fieldhouse.

Monday, September 22

1 to 5 p.m. — Registration for new students — Fieldhouse.

7 p.m. — Meeting of all new students followed by informal evening in faculty homes — Fieldhouse.

Tuesday, September 23

8 a.m. to 4:30 p.m. — Registration — Fieldhouse.

7 to 10 p.m. — Play night for all new students — Fieldhouse.

Wednesday, September 24

8 to 11:30 a.m. — Registration—Fieldhouse.

1:30 to 4:30 p.m. — Activities Open House — Iowa Memorial Union.

7 to 10 p.m. — Open House for new students — President's home.

7 to 10 p.m. — Church night for new students — Student Fellowship Centers.

Thursday, September 25

Beginning of classes.

9:25 a.m. — University Induction Ceremony — West Approach to Old Capitol.

7 to 10 p.m. — Open House — President's Home.

OMAHA (AP)—The Teamsters Union, several of its locals and 13 transportation companies have been named in a \$605,454 damage suit filed in Federal District Court.

U.S. Feels Red Bid for UN Talks on A-Ban Propaganda

By J. M. ROBERTS Associated Press News Analyst

American diplomats are assuming that the Soviet Union proposal for a United Nations debate on suspension of nuclear testing is just a propaganda side issue not intended to substitute for the international conference already set for Oct. 31 in Geneva.

Andrei Gromyko

The United States considers the Geneva meeting not as something under negotiation, but as fully scheduled, and is making preparations to be represented.

There was considerable surprise, therefore, when Foreign Minister Gromyko of the Soviet Union accused the United States and Britain of surrounding their agreement to meet with unacceptable conditions and called for U. N. action.

The Geneva conference was expected to follow up politically the agreement among nuclear experts recently that it is possible to set up a workable system of inspection to see that nobody violates a testing ban.

The United States had made a considerable concession on this point by agreeing to a tentative ban for purposes of negotiations, and by agreeing that it is possible to separate the testing issue from the whole package of disarmament proposals presented at London last year.

The Gromyko statement therefore caused immediate speculation whether the Reds, having marched up the hill to the point where a testing ban seemed a possibility, were marching back down again as they did some weeks ago on the proposed Middle Eastern summit conference.

Some people at the United Nations asked whether the Communists really wanted to shelve, by an agreement, an issue which had afforded them a fertile field for propaganda.

There was no unanimity of opinion as to whether the proposed United Nations debate was merely an effort to squeeze out one last drop of propaganda value, or whether they were getting ready to cancel, or disagree with, the Geneva conference.

Few observers have felt that the Soviet Union would ever agree to a system of checks by foreigners on her soil, the only type of check upon which the other nations are willing to stake their security.

But most have felt the failure would come at Geneva, not in the United Nations. And some have even felt that world opinion was so afraid of radiation that a suspension of tests would have to be accepted regardless.

Sheriff To Quiz Members of Slain Woman's Family

DES MOINES (AP)—Sheriff Wilber Hildreth said Wednesday he will question the husband and brother-in-law of Mrs. Bernard J. Grandanette, 33 who was wounded fatally Sunday night at her home.

The questioning will take place after her funeral today.

The sheriff said he hopes to get more details of the shooting from Grandanette, 36, and his brother Ross, partners in a Des Moines grocery, after the shock of the slaying has subsided somewhat.

Mrs. Grandanette, mother of three children, was shot by one of three masked men. She died Monday night in a hospital. Her husband has said the three men accosted him as he drove into the driveway of his home, after closing the store. After his wife was shot, the gunman slugged him, Grandanette said.

LOSING GAME INDIANAPOLIS (AP)—A burglar saw a group of women playing cards in a home here Tuesday night, set fire to one of their cars, then took \$181 from their purses after they ran out to watch firemen put out the blaze.

Senate Out Talks House

By ARTHUR EDSON WASHINGTON (AP)—As every devoted follower of Congress knows, it takes a heap of talking to make a bill a law.

The latest Congressional Record confirms this logiciousness, for it includes a final report on the 85th Congress.

Sure enough, this was one of the most talkative in years.

It generally isn't realized that long after the statesmen have departed, their echos linger on in new issues of the Record. Like an ardent lover, who can't bear to seal the envelope without one p. s., a congressman yearns to jot down one more parting thought.

Like an ardent lover, too, a congressman tends to overstate his case.

A careful reader will note a message that seems to run through the pleas.

"Now, are you lucky voters going to return me to Washington — or are you going to allow this country to go to the dogs?"

But these self-love pats aren't what attract us devoted followers of Congress.

No, it's a single page of statistics, "A resume of congressional activity," that draws our attention.

Here are such droll facts as how long the senators talked, to the minute, without a worry as to what they said and who, if anyone, listened. How many bills were tossed into the hopper, counted in partially from the most important to the silliest. How many bills became laws, with no fretting over whether they were good or bad.

Senators Win It is well known now that 96 senators, who have few rules limiting debate, invariably out-talk 435 representatives, whose time is severely rationed.

But even by gabby senatorial standards, this last Senate stood out.

It began by talking away for 860 hours and 44 minutes in its first session last year, and then returned in 1958 to talk 1,014 hours and 45 minutes in the session that wound up Aug. 24.

Credit Union Leaders Here For Meeting

Some 40 chapter leaders of the Iowa Credit Union League will meet for an intensive 3-day conference this weekend at the SUI Center for Continuing Study.

to participate in the conference, which is a part of the University's Continuing Education Program, are directors and board chairmen of the cooperative programs.

The Iowa Credit Unions are co-operative organizations, embracing employees of representative companies, banded together to pool their funds and to make consumer loans.

Among those speaking to the group will be Orville A. Hitchcock, professor of speech at SUI. Also conducting sessions will be four members of the league staff: L. H. Davis, A. W. Jordan, W. F. Martin, and R. W. Meeker.

The league is also planning a management conference to be held at SUI October 6-11, according to William D. Coder, coordinator of SUI conferences and institutes.

A-Sub Out 44 Days

WASHINGTON (AP)—The atomic submarine Seawolf which put to sea 44 days ago is still out in the Atlantic—and probably beneath the surface.

The navy said Wednesday it doesn't know whether the Seawolf has been submerged all that time—that it won't know until "routine reports are submitted upon her return."

But when the Seawolf put out from New London, Conn., there was speculation the sub was aiming at a new endurance record for submergence. The record is 31 days, by the nuclear submarine Skate.

For comparison, the House met for only 562 hours and 12 minutes during the last session.

Let's be fair about this, though. Considerable work was done.

More than 20,000 bills and resolutions were introduced. Mostly in committees, whose long hours of work don't show up on any chart, these were either cultivated or plowed under. Around 1,700 finally became laws.

DRINK ANTIFREEZE CLEVELAND (AP)—Two East Side women died Wednesday after drinking antifreeze which they mistook for peach brandy, police reported.

They were identified as Mrs. Janie Alexander, 47, and Mrs. Ida Burt, 48.

AF Officers Enrolled in SUI Course

Ten Air Force reserve officers from Iowa City and one from West Branch are currently enrolled in an advanced Air Force Management course being given by the Bureau of Labor and Management at SUI.

This will be the second year the bureau has taught the course on contract with the U.S. Air Force. A similar course was offered in basic management practices last year, according to Jack Flagler, program director of the bureau.

Objectives of the course are to further understanding of the principles of management, to improve skill in analyzing and solving administrative problems, to provide sources of information for problem solving and to develop appreciation of the problems involved in the effective utilization of group effort.

Now enrolled in the course are Franklin J. Eicher, George H. Clark, III, Larry I. Ashlock, Donald F. Kessler, Gene B. Vincent, Thomas F. Daley, Jr., Donald V. Walz, Lowell A. Koch, Paul K. Maxwell, and L. A. Howe all of Iowa City, and Lawrence L. Foraker of West Branch.

All of the men are members of the 2552nd Air Reserve Center, Des Moines.

Go back to school this year with a Parker T-Ball Jotter* Pen

Register it against loss!

Here's all you do to own a fine Parker Pen and to be protected against loss: Choose your \$1.95 T-Ball Jotter Pen at your Parker dealer's display and get a special 2-year Registration form. Send form to The Parker Pen Company, Janesville, Wisconsin. Send no money—no charge for registration. Parker will process your form and return it. If at any time within 2 years the pen you bought is lost, fill out reverse side of form and send to Parker with 50¢. You will receive a replacement of the pen that was lost.

Limited. Pens must be registered by October 31, 1958. Limited to Continental United States

only \$1.95

Representatives To Meet With Schwengel on Lake

Representatives of organizations interested in the development of recreation facilities on the Coralville Reservoir lake will meet with Representative Fred Schwengel (R-Davenport) tonight to discuss planning needs for the lake area.

The purpose of the meeting is to demonstrate to Schwengel the nature and extent of interest in the proposed Coralville Reservoir lake and to consider the advisability of forming a permanent Coralville Lake Recreation Committee to assist with the planning and development of recreation facilities.

Approximately 25 representatives of Isaac Walton Leagues, the Junior and Senior Chamber of Commerce, Boat Club, Coast Guard

Auxiliary, the Redmen, sporting goods dealers, public officials, recreation directors and cottage site interests from Iowa City, Cedar Rapids and surrounding towns in the area have been invited to attend the meeting to be held at Cou Falls.

Items to be considered at the meeting include: the need for zoning and careful planning for use of land bordering the lake area; development of beach and swimming facilities, access roads, picnic and camp sites; marking of obstructions and other safety measures needed to insure maximum use of the available water for all types of water sports; and the possible need for mosquito control in the game refuge area of the upper reservoir.

Olan Mills of Dallas America's Favorite Family Photographer Serving 38 States

Solve your portrait needs during the coming year with the famous low cost, Olan Mills Club plan service. This plan consists of three 8 1/2 x 11 portraits taken at three-to-four month intervals and may all three be taken of the same person or it may be of three different persons.

Sittings to be taken in October, January or February and May. We notify you of specific date each time. This is our fifth year of continuous service in Iowa City. Meet our new cameraman Ralph Goettel of Dallas, Texas, especially trained to serve you better.

This is a regular \$18.00 value for the low cost of ONLY \$3.00. We take from 4 to 6 poses each sitting and you have your choice. All finishing done at our large plant in Dallas, Texas.

St. Louis Puts Down 9th-Inning Rally To Beat Braves

Foil Spahn's Bid For 21st Victory, 5-3

ST. LOUIS (AP)—The St. Louis Cardinals lost a manager Wednesday but behind the hitting of Gene Green were able to stall a headlong Milwaukee Brave dash for the National League pennant with a 5-3 victory over the Braves Wednesday night.

Green contributed two runs and two RBIs. He hit his 12th homer of the season and drove in a run with a triple.

Cardinal starter Larry Jackson got credit for the win but he had to be bailed out in the ninth by Jim Brosnan after the Braves started a rally. Jackson now is 13-12.

Green put the Redbirds in the lead with his homer in the fourth.

The loss spoiled Warren Spahn's bid for his 21st victory.

Former Coach Stan Hack acted as manager for the Redbirds in place of Fred Hutchinson, fired earlier in the day.

Cubs 6, Phils 2

PHILADELPHIA (AP)—Rookie Bob Anderson pitched a 5-hitter as Chicago beat Philadelphia 6-2, Wednesday night in a rain-abbreviated seven-inning contest at Connie Mack Stadium. Chicago scored a run in the top of the eighth but it was cancelled when rain halted the game at the half inning.

Richie Ashburn, leading the National League batting race, went hitless in two official trips for the Phils which trimmed his average one point to .342.

Ernie Banks, leading both leagues in homers and runs batted in, hit his 47th round-tripper of the season in the fourth inning scoring Alvin Dark, who had singled, and giving the Cub slugger 126 RBIs. He also drove in the run in the eighth but this will not go into the books.

Anderson had two on and one out in the fifth and again in the seventh when timely double plays got him out of trouble.

Chicago . . . 210 200 1-6 9 0
Philadelphia . . . 000 000 2-2 5 1

R. Anderson and Neuman; Semproch, Meyer (4), Sanford (7) and Lopatin. L.—Semproch. Banks (47).
Home run — Chicago, Banks (47).

Tigers 5, Yanks 2

DETROIT (AP)—Mickey Mantle hit a tremendous home run all the way out of Briggs Stadium but Detroit's Jim Bunning survived the blast and defeated the New York Yankees 5-2 Wednesday as Reno Bertola smashed a pair of home runs.

Mantle became the second player in history to hit a fair ball out of the stadium on the fly. Ted Williams did it in 1939, hitting one over the right field roof in almost the same spot where Mantle's flew over Wednesday.

The right field fence at Briggs Stadium is 325 feet from home plate and the stadium is about 110 feet high. Mantle's homer, his 41st of the season, carried all the way across Trumbull avenue and hit about 30 feet high on a building across the street.

Bob Turley, who lost his seventh decision against 21 victories, was on base when Mantle connected.

New York . . . 002 000 000—2 7 2
Detroit . . . 020 000 12x—5 6 0

Turley, Ditmar (4) and Howard; Bunning and Wilson. L.—Turley.
Home runs — New York, Mantle (41), Detroit, Bertola 2 (6).

A's, BoSox Split

KANSAS CITY (AP)—While the American League's three leading hitters fought it out in the batters box, Kansas City's Harry Chiti stole the spotlight with a grand slam home run Wednesday as the Boston Red Sox and the Athletics split a double header.

Chiti's blast won the first game 6-3. The Red Sox took the second 4-2 as Bill Renna, Frank Malzone and Don Buddin all hit for the circuit. The Sox victory ended their 8-game losing streak.

Pete Runnels of Boston, who went into the game leading the league's hitters with a .319 average, smacked four hits, including a home run, in eight times at bat to boost his mark to .322.

Ted Williams of the Sox, tied with Bob Cerv of the A's for second at .316, got two for four in the first game to raise his average to .320. One of his hits also was a homer. He did not play in the second game.

Cerv went hitless in four tries in the first game, had two hits in four times at bat in the second and sank to .315 and a tie with Vic Power of Cleveland and Harvey Kuenn of Detroit.

FIRST GAME
Boston . . . 000 003 000—3 3 2
Kansas City . . . 000 860 10x—6 10 0

Delock, Siler (6), Wall (4) and Daley; Herbert and Chiti. L.—Delock.
Home runs — Boston, Williams (22), Runnels (7). Kansas City, Chiti (6).

SECOND GAME
Boston . . . 000 210 010—4 6 0
Kansas City . . . 000 100 001—2 6 1

Memouquette and Berberet; Garver, Gorman (9) and House. L.—Garver.
Home runs — Boston, Reina (3), Buddin (12), Malzone (13).

Hutchinson Out as Cardinal Manager, Hack To Finish Year

ST. LOUIS (AP)—Fred Hutchinson got the word officially — he was fired as manager of the sagging St. Louis Cardinals.

His dismissal confirmed reports rampant for two weeks that he was through. No successor was announced immediately — but it was understood that Solly Hemus, Philadelphia infielder, was the personal choice of Cardinal President August A. Busch Jr. for the job.

Hutchinson's dismissal was announced by General Manager Bing Devine after a conference with Hutch and his coaching staff.

A grim-faced Devine read a brief statement that Hutch was through as manager and third base coach Stan Hack would serve as interim manager in the last 10 games of the season. Hack and the other two coaches, Terry Moore and Al Hollingsworth, also were fired but they will serve out the season.

Good Spirits

Hutch appeared in good spirits and wore one of his rare grins. Asked if he had a fair shake from the club, he said:

"No, I didn't get a raw deal. This is just baseball."

It was learned that Hutchinson has definitely decided to return to Seattle as manager of the Pacific Coast League club and that Eddie Stanky, 41-year-old former Card manager, will return to the club as a traveling front-office trouble shooter.

The Cardinals, it was learned, have offered a large amount of cash for Hemus, a .289 hitter at the age of 34, but the Phillies are asking two players for him. A fiery Texan, Hemus is famous for getting his over-sized shirt torn in the way of pitched balls to get on base.

Appointment in Seattle

Hutch has a weekend appointment in Seattle with his long-time friend, Dewey Soriano, general manager at Seattle.

Rumors that the 39-year-old former Detroit pitcher was on shaky ground thickened two weeks ago and The Associated Press reported Sept. 10 Busch had decided Hutch would not be rehired for a fourth season and that Hemus was Busch's choice. The club had intended to announce his dismissal at the end of the season.

Lane Man

But weighing almost as heavily against the tight-lipped Seattle native was his tag as "a Lane man." Hutch was hired by Frank Lane almost immediately after Lane took over as Card general manager.

Lane incurred Busch's antagonism by some of his trades and by switching to Cleveland without consulting Busch.

Hutch's dismissal is part of an extensive shakeup of the Cardinals field and front office leadership reportedly dictated by Busch.

Knee Injury May Sideline Sessi Entire 1958 Season

Geno Sessi, Iowa's sophomore sensation last year, may miss the entire 1958 campaign due to a recurring knee injury—it was learned Wednesday.

Sessi, who scored a touchdown the first three times he carried the ball last year, had his knee checked Wednesday and an operation is believed to be performed sometime this week. Sessi injured the knee last season and has been unable to go at full speed since. Coach Forrest Evashevski had listed him as one of the fastest men on the squad.

Sessi is co-owner of the Iowa record for most touchdowns in a game. He scored three against Utah State in last year's opener the only three times he had the pigskin. The 5' 8" 170-pounder is in illustrious company—Nile Kinnick scored three TD's in one game in 1939, Em Tunnell did it in 1947 and Dusty Rice twice in 1953.

Geno Sessi
May Miss '58 Season

In Wednesday's workout, the Hawkeyes went through a full scrimmage session which pitted the first and second teams against the reserves.

The first and second team "Blacks" scored six times while the reserve "Whites" were held to one score—a 22-yard jaunt around end by senior halfback Jim Spaan.

The Hawkeyes' overhead attack was brilliant with Randy Duncan and Olen Treadway hitting 18 of 23 pass attempts for three touchdowns. Duncan hit 13 of 15 for a pair of scores and Treadway was 5 for 8 and one TD. The scoring passes were to Bob Prescott, Don Norton and Captain John Nocera. Ray Jauch, Bob Jeter and Willie Fleming scored the other touchdowns on running plays with Fleming's coming from 45 yards out.

Jordan Over Ortega On Split Decision

PORTLAND, Ore. (AP)—Don Jordan of Los Angeles, countering deftly, won an upset split decision over Gaspar Ortega in a 10-round welterweight fight here Wednesday night. Jordan weighed 141½ Ortega, Tiajuana, Mexico, weighed 145½.

Ortega clearly was the aggressor for the last nine rounds of the televised fight, carried by the ABC network. But Jordan knocked most of Ortega's punches.

The pattern of the fight was most clearly evident in the eighth round. Ortega drove Jordan into the ropes and threw a rapid series of punches to the head and body. But Jordan successfully blocked every one and threw two short, jolting jabs.

This was the way Jordan fought through most of the bout. His reflexes seemed much sharper, and he stung Ortega time and time again.

Iowa 7th Big Ten Contest for TCU

Texas Christian, opening opponent of Iowa here Sept. 27, has a record of four wins and two losses in football games with Big Ten opponents. The Horned Frogs beat Indiana three times and last season upset Big Ten champion Ohio State, 18-14, at Columbus.

Michigan State and Ohio State hold victories over TCU. All of the games occurred since 1937. TCU is Iowa's second Southwest conference foe at Iowa City, the other being Arkansas back in 1925 when the Hawkeyes won, 25-0.

Scotland Yard Called In On Ticket Forging Case

LONDON (AP)—Scotland Yard was told Wednesday forged tickets are being peddled for the Sept. 30 fight at Harringway Arena between Willie Pastrano of Miami Beach, Fla., and British Heavyweight Champion Brian London. The fight has been a sell-out for some time.

The yard launched an immediate investigation after receiving information from boxing promoter Jack Solomons.

In Pennant Celebration—Yanks Deny Fight in Midst

DETROIT (AP)—The New York Yankees Wednesday brushed aside what was termed a bloody battle between Coach Ralph Houk and relief specialist Ryne Duren. "It was no fight," said Houk. "I didn't consider it that and I'm certain Duren didn't, either."

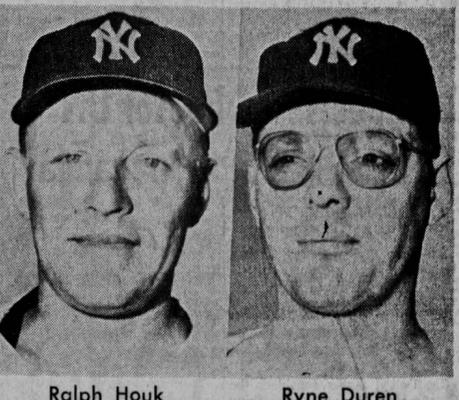

The fight allegedly took place Sunday night during the Yankees' victory celebration on a train from Kansas City to Detroit. The New York Post said Wednesday Houk won the fight and added that this was not the first time the two had clashed.

Former Yankee Catcher
Houk, a Yankee catcher for several seasons, was manager of the Denver club last season and Duren was his star pitcher. The Post said that on at least one occasion last year, Houk "had to tame Duren with his fists."

Interviewed Wednesday after the Yankee-Detroit game, Houk said he and Duren never have exchanged punches.

"Flicked My Hand"
"This thing Sunday night is silly," he said. "I had an unlighted cigar in my mouth. . . a lot of the guys had cigars. A lot of guys were having a good time, joking around and Duren pushed the cigar into my face. I was sitting down in the train. I just reached up and flicked my hand to shove him away. I wasn't mad. My ring caught him around the eye. There were no punches and it was no fight."

Writers traveling with the Yankees said Duren has a small capacity for drinking, and said he probably went a little past his capacity as the Yankees celebrated the clinching of another pennant. They denied, too, that there was any fist-swinging.

Ralph Houk Ryne Duren

1958 Pirates No Fluke Says Brown

PITTSBURG (AP)—Joe L. Brown, the 40-year-old Pittsburgh Pirate general manager, said Wednesday the Pirates "are going to kick up a fuss in the National League for years to come."

"It is no fluke that we are in second place despite finishing in a last place tie last season," Brown said. "We're coming of age. Our organizational set-up is beginning to pay dividends."

The Pirates have only a slim mathematical chance to catch the first place Milwaukee Braves, but are certain to nail down second place.

"I don't want to put field manager Danny Murtaugh on the spot by claiming we'll win the pennant next year or any year," Brown declared. "However we have developed some mighty fine ball players who have learned what it is to win. They have the will to win and our teams won't be door mats of the National League in the future."

ONCE MORE UNTO THE BREACH

Today begins my fifth year of writing this column, and what an eventful five years it has been! What things have these old eyes not seen! What great discoveries have rocked the world—the anti-proton, for instance, and the anti-neutron, and high-low split, and Brigitte Bardot!

In these five years it has also been discovered that American smokers like two kinds of cigarettes—filter and non-filter. The Philip Morris Company makes both kinds. I mention the Philip Morris Company because they pay me to mention the Philip Morris Company. They sponsor this column. I write it and then they give me money. Then I take the money and pay my grocer, my butcher, my gardener, and my four madrigal singers. In this way full employment is maintained and we avoid a repetition of the Panic of 1873 when bread riots killed over 98 million people in Muncie, Indiana, and millions of others were reduced to ghost-writing Ph. D. theses to keep body and soul together.

But enough of gloom. Let us get back to cheerful subjects, like the products of the Philip Morris Company. For those of you who wish filter cigarettes there is Marlboro, which now, more than ever, gives you a lot to like—a brand new improved filter and a wonderful flavor that comes breezing right through. For those of you who wish non-filter cigarettes, there is Philip Morris, a mild natural blend, flavorful, fresh, and thoroughly agreeable. For those of you who can't decide between filters or non-filters but have an affinity for packages, I should like to point out that both Marlboro and Philip Morris come in both the crushproof Flip-Top Box and the good old-fashioned Soft Pack, and you will surely want several of each for your collection.

Speaking for myself, I smoke both Marlboro and Philip Morris in both packs. What I do is make kind of a fun thing out of it. In my bedroom I have four signs, one on each wall, which say in turn: "PHILIP MORRIS—SOFT PACK", "PHILIP MORRIS—FLIP-TOP", "MARLBORO—SOFT PACK" and "MARLBORO—FLIP-TOP". When I get up in the morning I put on a blindfold and then my faithful cat Rover spins me around six times and then, with many a laugh and cheer, I walk forward with my finger outstretched and the first sign I touch is the cigarette I smoke that day!

BREMERS

AUTHENTIC FLANNEL BLAZERS

\$29⁹⁵

Here's a terrific item that should be in every college man's wardrobe — an authentic, classic natural shoulder, flak pockets, hock vent, fine all wool Haversham flannel blazer in navy, black, cambridge grey and burnt olive shades. Expert tailored and quality at its best, at an unbelievable low cost.

USE OUR CHARGE ACCOUNTS
You can charge it on our 30 or 60 day accounts, or if you like, use our new revolving charge account — with no down payment necessary and pay it in 10 monthly payments plus a small service charge.

This little game has been a great source of merriment . . .

As you can imagine, this little game has been a great source of merriment to Rover and me, except for one untoward incident one morning. I was stumbling around in my blindfold and fell out the window right on top of a man named Fred R. Timken, a census taker, and broke all his lead pencils. He was cross as a bear, and though I offered him both Philip Morris and Marlboro in both the Flip-Top Box and Soft Pack, he refused to be mollified. In fact, he refused to put my name down in the census, so when you read population figures of the United States, will you please add one?

But I digress. We were speaking of Philip Morris and Marlboro who will bring you this column throughout the school year. In this space I will take up vital aspects of undergraduate life, like high-low split and Brigitte Bardot, and it is my fondest hope that the column will be half as much fun for you as it is for me.
