Possible Split In Russian Hierarchy

WASHINGTON (UPI) — American officials said Wednesday there were signs indicating a split in the Russian hierarchy over Premier Nikita S. Khrushchev's tough Berlin policy and his handling of some other foreign policy issues.

Intelligence reports reaching Washington suggest that some members of the Politburo are challenging the wisdom of Khrushchev's action in forcing the Berlin crisis. This includes his ultimatum to the Western allies to quit the city in six months.

The U.S. authorities reported some evidence that the two Russian delegations discussing disarmament with the West at Geneva were not receiving clear-cut directions from the Kremlin now.

A power struggle within the Kremlin could explain the sudden removal of Gen. Ivan A. Serov as chairman of Russia's State Security committee, the top Soviet police job.

There are indications some of Khrushchev's colleagues fear he is courting the possibility of war if he goes through with his threat to turn East Berlin over to the German Communists.

Orchesis To Dance Christmas Carols

A special Christmas program in the form of a workshop will be presented by three modern dance groups at 8:15 p.m., Dec. 16, in Macbride Auditorium.

During the Christmas season we hear Christmas carols played and sung but very seldom do we get to see them presented in dance. In the "Christmas Through Dance" workshop, Orchesis SUI's modern dance group, and two beginning dance groups will interpret four of the most loved carols. "Joy to the World," "O Holy Night," "Away In the Manger" and "Jesu Bambino."

The Fred Waring record of "Twas the Night Before Christmas" will set the scene for the Junior Orchesis section of the workshop.

"The Mummies" will also be a part of the Christmas program. "The Mummies" were members of an ancient celebration of the Christmas season. Each year, villagers in England would don festive costumes, and carry stringed instruments to serenade and perform for the village and the surrounding countryside. The dance techniques class will present "The Mummies" in five parts: "The

Entrance," "Rejoice Ye Shepherds," "A Bullfight," "A Round" and "The Exit."

Orchesis and the composition class will conclude the program with their choreography of the Christmas colors and why they are used. Orchesis will use pre-classic music to show the excitement and traditional use of red. The colors red, green, and white will be used by the composition class to symbolize the communal atmosphere of Christmas in a folk theme based on the square dance.

The students, working with the help of Mrs. Doyle Bladen, sponsor of Orchesis and Mrs. John Borchardt, sponsor of Junior Orchesis, have done their choreography and designed and made costumes for the program.

No admission will be charged for the hour-long program.

IKK DOCTRINE OUT-DATED

BEIRUT, Lebanon (UPI) — Premier Rashid Karami said Wednesday Lebanon no longer considered itself bound to the terms of the Eisenhower doctrine on the Middle East. He called it out-dated.

"FOLKSY" MOVEMENTS abstracted from the American square dance characterizes the mood of Red, White, and Green, the Orchesis' Christmas program to be presented Tuesday night at Macbride Auditorium. The theme of the presentation is based on the excitement created by the Christmas colors. Practicing their dashing movements are Phyllis Franklin, A3, Iowa City; Marcia Thayer, G, Coralville; Joann Schmidt, A1, Waterloo; Eleanor Merrifield, G, Syracuse, N.Y.; Mary Groshong, A2, Chicago, Ill. Each girl created her own costume for the production.—Daily Iowan Photo.

Regents Request Capital Appropriations For —

Pharmacy, Commerce, Physics-Mathematics Buildings

By ANN HARRINGTON
Staff Writer

(Editor's Note: This is the second in a series of three articles concerned with capital appropriations. The third article will explain the proposed new Law Center, the addition to the SUI Library, and appropriations requested for utilities, the Lakeside Laboratory, and land purchases.)

Three new SUI buildings have been requested by the Iowa State Board of Regents in their request to the 86th Iowa General Assembly: A Pharmacy Building, a Commerce Building, and a Physics-Mathematics Building.

The largest appropriation, \$1,638,000, was requested for the construction and equipping of a 4-story Pharmacy Building. Since 1924, this department has been housed in the present Pharmacy-Botany-Chemistry Building, and at the present time is spread out on three floors there, two temporary barracks, and an old house near the building.

Air Conditioning Request
\$22,000 of the Pharmacy Building total has been requested for air conditioning, the only such request for the three new buildings.

Preliminary plans and suggestions for the proposed 4-story building were suggested by the faculty of the College of Pharmacy. Room for future expansion would be left near the building, and a medical auditorium is also contemplated as a future addition to the building. Tentative plans call for construction of the building near University Hospitals.

Included in the ground floor plan of the building is a drug service office, three faculty offices, a formula file and conference room, dressing and scrub rooms, a display workshop, a clean container room, and a sterile parenteral bottling and capping room.

Reds Ask Self-Check A-Ban Plan

GENEVA (UPI) — Russia has proposed that nuclear test control posts be manned by representatives from the countries in which they are placed with only token international representation, informed sources said Wednesday night.

The Soviet stand was in direct conflict with the Western view that the posts should be manned by teams composed of a variety of nationalities, the sources said.

The Russian proposal was contained in the latest Soviet blueprint for the projected control organization which is to supervise a nuclear test ban agreement. U.S., British and Soviet officials opened their first full-dress discussion of the organizational structure of a policing system at a session of the nuclear conference Wednesday.

This would mean that control posts in the vast expanse of Russia would have virtually all Russian personnel, with only one or two Americans, Britons or other foreigners serving in an office capacity.

There will also be included on the first floor an inspection and sterilizing room, a parenteral quarantine room, a tablet and capsule room, a topical preparation room, a bulk processing room, a quality control lab and a product development lab.

In addition, there will be a large apparatus storage room, a bulk chemical storage room, acid and alkali storage rooms, a utility and mechanical equipment room, a controlled temperature and humidity storage room, an equipment lab and shop, a vault and record room, and an inflammable preparation room.

The first floor will house the prescriptions lab, research and conference rooms, two large lecture rooms seating 150 students each, a large student lounge and museum, a staff lounge, one class room accommodating 50 students, and the dean's office and reception room. Also included on the first floor will be staff offices, Rx supplies, and a record and general office supply storage room.

Research Facilities
The second floor will be used mostly for research and lab rooms and one 45-student class room, while the third floor will be completely devoted to research facilities.

Present enrollment in the College of Pharmacy is 227 students, in addition to those liberal arts students who are fulfilling core requirements in this department.

Enrollment in the College of Pharmacy has been limited, Dean Louis P. Zopf said, because of the shortage of adequate laboratory facilities. Fifty-five students in one lab, he said, is the maximum that can be taken care of in the rotational scheme that must be used.

Space vacated in the Pharmacy-Botany-Chemistry Building will be used by the other departments in the building.

\$95,000 has been asked to provide storage space for an underground volatile solvent storage chamber to be built near the proposed new Pharmacy Building.

This, Dean Zopf said, would be for storage of such inflammable chemicals as acetone, ether, xylol

and benzene which are used for solvents and research.

Dean Zopf terms the present storage of these chemicals in a building adjacent to student experimental laboratories in the Chemistry-Pharmacy-Botany building the most dangerous thing on campus.

Commerce Building
The second largest request is \$1,522,000 for a 5-story, 175-by-52 foot Commerce Building.

This building, Dean Sidney G. Winter of the College of Commerce said, will be completely devoted to commerce classrooms and office space as needed, but other departments will have maximum advantage of the rooms if they are available.

450 students are now enrolled in the College of Commerce, Dean Winter said, in addition to the 700 or 800 other students who are tak-

ing commerce courses.

The College of Commerce is presently located in University Hall, along with the English Department, the service offices of the University such as the Registrar's office, Dormitory Assignment office, and the Central Business office.

It is expected, Dean Winter said, that if the new Commerce Building is built, that the service offices in University Hall will expand and offices such as the Bureau of Business and Economic Research and the Bureau of Labor and Management will be moved to University Hall from their separate quarters in other buildings.

Classroom space will also be available in University Hall if the Commerce College is moved, and this will be used by liberal arts departments as needed. It is hoped that some temporary bar-

racks may then be closed.

Physics-Mathematics Building
Second and third floor crosswalks will connect the proposed new \$1,250,000 Physics-Mathematics Building with the present Physics Building and Schaeffer Hall.

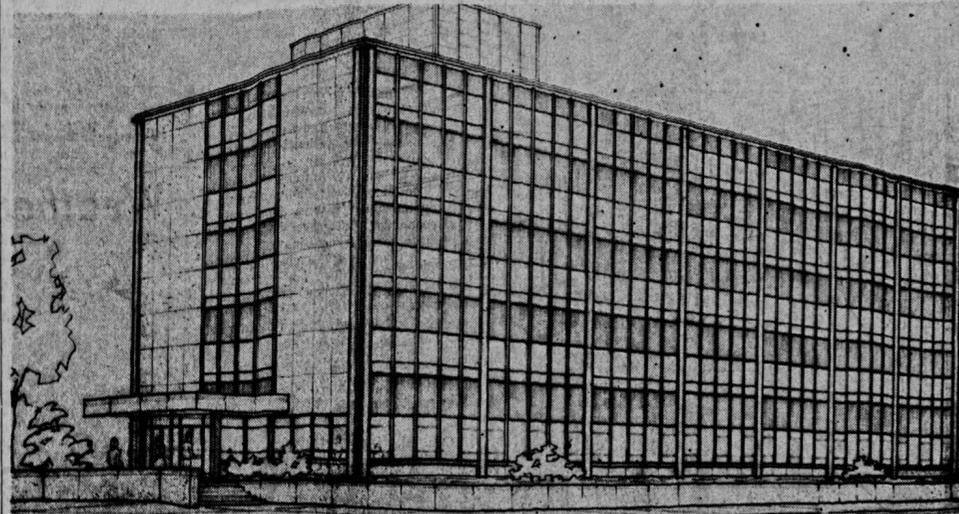

Plans for this building are to move mathematics classrooms and offices, in addition to the mathematics and physics offices and the library into the new building.

Space left in the present Physics Building will then be converted to laboratory and research space, which will be less expensive than building a new building equipped especially for Physics.

James Van Allen, head of the Physics Department, said students at the present time in his department were working at a distinct disadvantage for lack of laboratory space.

Proposed Physics-Mathematics Building Would Be Between Physics Building and Schaeffer Hall

Proposed Commerce Building Would Be On Corner Of Clinton Street and Iowa Avenue

Communists Defeated In S. America

Voters Turn Thumbs Down In 4 Countries

Chile, Brazil, Venezuela, Uruguay Squelch Reds

RIO DE JANEIRO (AP) — The Communist Party and its friends have suffered a series of resounding election defeats in four South American countries.

Within three months Chile, Brazil, Uruguay and Venezuela have elected right-wing officials or turned thumbs down on candidates with direct Communist support.

These dealt international communism its worst setback in Latin America since the Red-tinged Government of Col. Jacobo Arbenz was run out of Guatemala in 1954.

Unwarranted Alarm

Chile, Brazil, Uruguay and Venezuela are generally supposed to harbor large and influential Communist parties. The Communist weakness comes as a relief to those in the Western world who have viewed with alarm and suspicion the campaign of the Soviet Union and its satellites to increase trade with South America.

The power of communism is a long way from being squelched, but happenings in these four countries show that Moscow's drive to grab Latin America or overcome Western and U.S. influence south of the border has a long way to go.

Soviet Trading

Uruguay is selling wool behind the Iron Curtain. A trickle of coffee from Brazil is on the way to the satellites. Argentina is getting some financial credits from the Soviets.

But most of the Soviet deals are still on paper. Except for their propaganda value, none has helped the local Communists.

Not all the election defeats for the Communists came about directly on the issue of pro or anti-Communist sentiment. A side factor in some of the campaigns was local issues. But the anti-Communist trend is there.

The trend started in Chile where the Communist party won legality after 10 years underground. A conservative, banker-economist Jorge Alessandri, was one of four candidates for president in September and won. This moved Chile's national Government farther to the right than it had been in a generation.

Surprise In Brazil

Brazil then pulled an even bigger surprise. In the campaign for governor of the industrial state of Sao Paulo — prized as a stepping stone to the presidency — veteran politician Ademar de Barros openly accepted Communist support.

De Barros was badly beaten — by Carvalho Pinto, a conservative economist, professor and former state secretary of finance.

In Uruguay, the right-wing Blanco party regained power from the moderate Colorado party, which had controlled the Government for 93 years. The winning Blancos opposed wool sales to the Soviet Union.

Only three days ago in Venezuela the voters dealt a blow to the Communists in a clear-cut issue. Popular Adm. Wolfgang Larrazabal, who helped overthrow dictator Marcos Perez Jimenez, was favored for the presidency. He accepted Communist support — though he did not openly solicit it — and was beaten by a militant anti-Communist, Romulo Betancourt, though a leftist himself, attacked Larrazabal's Communist support.

Mrs. Loveless Catches Cold Shopping In Paris

PARIS (UPI) — Gov. and Mrs. Herschel Loveless went shopping and sightseeing in the rain Wednesday and Mrs. Loveless came down with a head cold.

"It is not serious but it is rather nasty," the governor said. "However, we hope it will be better when we catch the plane to London tomorrow."

Wednesday morning the Lovelesses went shopping in the opera district.

"We bought Christmas presents—bracelets, toys for the children and so forth," Loveless said.

"This afternoon we took a tour in one of those glass-domed buses—saw Notre Dame Cathedral, the Sainte Chapelle, the Bastille, Place Des Vosges and Montmartre.

"It was very impressive to realize that some of these places are a thousand years old.

"Unfortunately, it was raining. I wish the weather would clear up so I could take some color pictures," Loveless said.

Deadline To Drop Courses Dec. 19

Students who think it's going to be necessary to drop a course must do so by Dec. 19. After that any course dropped will receive the grade of "F."

Liberal Arts students must now have a passing grade in the course if they expect to drop it and get a grade of "W." Students in other colleges may drop any course with the consent of their advisor and the instructor of the course dropped.

Failure to drop a course before Dec. 19 will also mean a grade of "F" unless the entire registration is cancelled.

Hi Fi Holiday Presentation By SUI Band At Rose Bowl

By KAY KRESS
Staff Writer

When the SUI Marching Band steps onto the field at half time on New Year's Day, they will be "running their plays" with all the precision and teamwork required of the Hawkeye football team.

The band, conducted by Frederick Ebbs, associate professor of music, will present its version of "Hi Fi Holiday" for Rose Bowl viewers.

The band will play "Atchison, Topeka, and Santa Fe" while forming a train on the field. The Santa Fe Railroad is sponsoring the band and the Highlanders on the Rose Bowl trip.

Tchaikovsky's "Piano Concerto" will be presented with the band forming a grand piano featuring a lid which can be raised or lowered.

The band will also play Meredith Willson's "Lida Rose" and will dance to their presentation of "Mississippi Mud."

Behind each performance by the marching band lies many months of planning and hours of practice. The band's programs for football games are always built around a theme — sometimes a specific object or idea and sometimes a general idea such as the "Hi Fi Holiday" theme chosen for the Rose Bowl.

Director Ebbs then chooses the songs to fit the theme, decides how many measures of the song to play and what formations should be used with the song. Each song includes a marching or a dance routine or both.

Arranged in Des Moines
The music is then sent to the

Weather

Despite Wednesday night's snow flurries, warmer temperatures are promised for Iowa City today. The mercury should reach the mid-thirties today, spelling an end, for at least for a time, of the cold snap which saw the temperature dip to -17 degrees in Iowa City early Tuesday morning. Friday's outlook is for partly cloudy skies and moderate temperatures.

SETS OWN SENTENCE

PORTLAND, Maine (AP) — A vagrant set his own sentence in municipal court Wednesday.

When Charles I. Coffin, 56, pleaded guilty to being an idle and disorderly person, Judge Sidney W. Wernick commented:

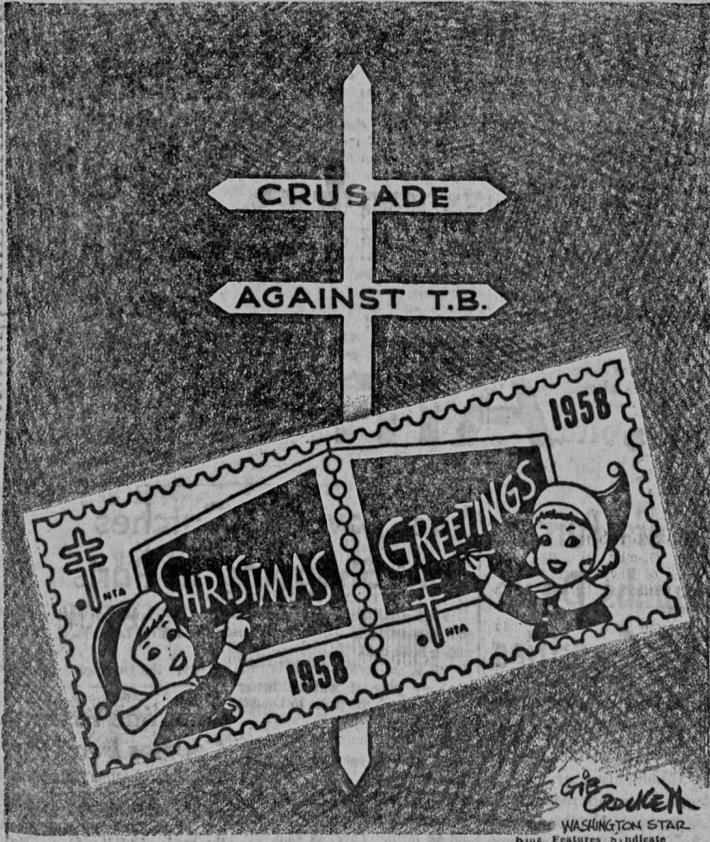

"I understand you'd like to go to jail for the winter. How long do you need, 90 days?" the judge asked.

"Sixty days will be all right," Coffin suggested. And 60 days it was.

Page 2 THURSDAY DEC. 11, 1958 Iowa City, Iowa

The Daily Iowan is written and edited by students and is governed by a board of five student trustees elected by the student body and four faculty trustees appointed by the president of the University.

Buy Them - Use Them

It Had To Happen Someday

Well, Mac, go get that wedding ring. And you, buddy, fix up that spare room for your mother-in-law.

Michigan, was covered with 6 inches of snow. And just so no one escapes unscathed because of a technicality such as waiting for a cold day, the weather bureau reports the temperature was down to 10 degrees.

Soviet Strategy

The situation in Berlin has eased for the moment, but it has served a purpose, just as the Red-inspired tensions in Quemoy and the Middle East served a purpose.

It seems evident that even the Russians do not want a global conflict at this time, and we may assume it is because they do not feel it would be profitable for them.

This is a primary reason for the Red tactic of keeping a crisis going at all times in some part of the world, but backtracking just short of actual war.

search, its high standard of living, and at the same time provide huge amounts of economic assistance to other nations.

Even though the United States is aware of the Red strategy, and aware of the possibility that it could succeed, there is little it can do that it is not already doing.

For the moment, the United States has but one course. It must stand ready and firm in all parts of the world, make judicious use of its economic assistance program, keep one step ahead of its potential enemies in weapons development and basic research of all kinds, and hope.

Letter To The Editor

Band Will Play The Corn Song

To the editor: Last week the Iowa Band was informed that they would play the

Iowa Corn song in the Rose Bowl parade. We are certain the students of SUI will receive this news with something less than frenzied enthusiasm.

We have great respect for Mr. Frederick Ebbs and for the splendid marching band under his direction. We are aware that the decision to play the corn song was not made by Mr. Ebbs.

Personally, we feel it would be

more appropriate if the Iowa State College Band would do the honors. But we're stuck with it, so we may as well treat it as the farce that it is.

John Sanftner, A4 703 N. Dubuque Frank Davis, A4 703 N. Dubuque

THE DAILY IOWAN will issue a special Rose Bowl Edition of 20 pages or more on Dec. 17. For students and faculty desiring to send copies of this edition to parents and friends, The Daily Iowan is making a special offer of three copies for 50 cents, mailed anywhere.

ALL STUDENTS living in off-campus housing who plan to remain in Iowa City during the holidays may continue to have The Daily Iowan delivered by notifying the Circulation Department, Room 201, Communications Center, no later than Monday, Dec. 15.

*BOWLING-WOMEN'S LEAGUE All women faculty, staff and faculty wives are invited to participate. Bowling is on Mondays at 7 p.m.

PLAY NITES at the Fieldhouse will be each Tuesday and Friday from 7:30 to 9:30 p.m., provided that no home varsity contest is scheduled. Available for members of the faculty, staff, and student body and their spouses are the following: Tuesday nights—badminton, handball, paddleball, swimming, table tennis and tennis.

PARKING - The University parking committee reminds student motorists that the 12-hour parking limit applies to all University lots except the storage lot south of the Hydraulics Laboratory.

UNIVERSITY COOPERATIVE BABY-SITTING League book will be in the charge of Mrs. Ronald White from Dec. 10 to Dec. 23. Telephone her at 8-2818 if a sitter or information about joining the group is desired.

CANDIDATES FOR FEBRUARY DEGREES—Orders for official graduation announcements of the February 1959 Commencement are now being taken. Place your orders before noon Tuesday, Jan. 13, at the Alumni House, 130 N. Madison St., across from the Union.

RECREATIONAL SWIMMING on Monday, Wednesday, Thursday and Friday, 8 a.m. to 10 p.m.

OFFICIAL DAILY BULLETIN University Calendar THURSDAY DEC. 11, 1958

Friday, December 12 8 a.m. to 10 p.m. - High School Forensics Conference - House and Senate Chambers, Old Capitol.

8 p.m. to 10 p.m. - Boy Scouts Citizens Now Conference - Old Capitol.

8 p.m. - University Theatre Presentation - "L'Histoire du Soldat" and "The Chairs" - University Theatre.

Saturday, December 13 8 a.m. to 5 p.m. - High School Forensics Conference - House and Senate Chambers, Old Capitol.

7:30 p.m. - Basketball, Texas Tech vs. Iowa - Fieldhouse. 8 p.m. - University Theatre Presentation - "L'Histoire du Soldat" and "The Chairs" - University Theatre.

Friday from 4:15 to 5:15 p.m. at the Women's Gym.

THE NORTH GYMNASIUM of the Fieldhouse will be opened for student recreational use on all Saturdays on which there are no home football games. Hours are from 1:30 p.m. to 5 p.m.

TOWN MEN-TOWN WOMEN will hold their annual winter semi-formal dance Friday, Dec. 12, at 8:30 p.m. in the Cloud Room of the Iowa City Airport.

LAST CHANCE to get a 1959 Hawkeye is from now until Dec. 18. The 1959 Hawkeye will contain an extra 8-page Rose Bowl section, as well as an attractive record of the whole year at SUI.

STUDENT COUNCIL Committee on Student Responsibility is studying the problem of cheating at SUI. Any students interested in working on the committee, notify the Student Council Office.

STUDENT COUNCIL Committee on Faculty Forum is a new group which will sponsor SUI faculty panel discussions on current national and international problems.

A Book Review

The General's Opinions Are Stirring Up A Storm

WEDEMEYER REPORTS: By Albert C. Wedemeyer. Holt, \$6. For those who enjoy a good argument, this book should—and did—kick up quite a storm.

Maj. Gen. Wedemeyer As He Appeared In 1951

This book is not really history or autobiography so much as a statement of personal beliefs. Here are some of them:

1. The United States should have remained out of the European war, at least until Hitler and Stalin had chewed up each other.

2. Roosevelt "deliberately" provoked the Japanese into attacking the United States so he could get us into the war, against the will of Congress and the people.

3. Churchill and Roosevelt, by plotting to get the United States into the war against Hitler, caused the Allies to lose a war they appeared to have won.

Gen. Wedemeyer also dissects the strategy of the war as it was actually fought. Here, too, he finds little to his liking.

The last half of the book, when Wedemeyer was plunged into that murky realm of Chiang Kai-shek, "Vinegar Joe" Stilwell and the Chinese Communists, becomes strangely verbose and unconvincing.

It is clear that Wedemeyer was firmly on the side of Chiang and the Nationalists, but one does not see very clearly how the result could have been changed as the tragedy of China was played out.

Perhaps, as the general says, he is saying this for another book, but one could have wished for a clearer picture here of Chiang and the men around him.

Gen. Marshall, Pat Hurley, Eisenhower and Churchill—all are in this book, and it will be a long time before the arguments raised by Wedemeyer's statements die down.

Why doesn't the University build a 2-story parking garage on the west slope of Old Capitol. Be realistic; this is the functional age and to heck with so-called campus beauty.

THE AMERICAN STYLE OF BALLET is based on the classical ballet of Europe but developed through contact with the modern dance of Marjorie Graham and Hanya Holm.

Ballroom dancing is based on the classical ballet of Europe but developed through contact with the modern dance of Marjorie Graham and Hanya Holm. The dance above, "Study in Conflict," was part of an Orchestral performance here at SUI and depicts a person trying to flee from her conscience.

Good Listening - Today On WSUI

"THE KING AND THE MERMAID," an Irish fantasy written for radio by L. A. G. Strong, will be presented on WSUI at 8 p.m.

MUSIC THIS AFTERNOON: at 1 p.m., Petrouchka by Stravinsky and Funf Stucke Im Volkston, Op. 102 by Schumann; at 2:30 p.m., Music From Sweden and at 3:30 p.m., Concerto for Viola and Orchestra by Walton.

UP-COMING EVENTS scheduled for WSUI receive advance attention in Program Previews, every day at 5:45 p.m. Tomorrow, for example, the opera at 7:30 p.m. is Mozart's "The Magic Flute."

SAMUEL LANGHORNE CLEMENS, "Mark Twain," continues as the primary lecture subject in John C. Gerber's classroom broadcast, "American Humor and Satire," heard at 8:30 a.m.

CHABRIER, BERLIOZ and Latin-American madrigals are the sources of music this morning; at 9:15 a.m., "Cinq Morceaux," short piano pieces by Chabrier; at 10:05 a.m., selections for the birthday of Hector Berlioz; and at 11:15 a.m., the madrigals will be heard as sung by Coro de Madrigalistas de Mexico.

"BENNY AT BRUSSELS" Benny Goodman and his Orchestra at the Brussel's World's Fair will be previewed on Rhythm Rumbles at high noon today. Tom Koehler is "your host who hangs you most!"

FIFTY MILLION FRENCHMEN, "Don't Quote Me" By JERRY KIRKPATRICK

The average American eats 17 pounds of lettuce a year. Hillcrest dining service is doing all it can to up the average.

If you're finding it hard to adapt to the -17 degree temperature, cheer up. It's only 16 days till the California migration.

Christmas gift suggestion No. 11: An alarm clock, a bucket of sand, and a shovel for the city and University maintenance departments.

SUI Young Democrats hear a speech "The recent election and the Democratic party in the future." They're assuming the Democrats have a future.

Why doesn't the University build a 2-story parking garage on the west slope of Old Capitol. Be realistic; this is the functional age and to heck with so-called campus beauty.

Cartoon titled 'Laff-a-Day' showing a man talking to a dog named Markow.

A HAPPY NEW YEAR greeting, left, is one of the many contributions of Burge Dormitory in the Christmas door decorating contest. Currier Hall featured many dimensional door decorations as shown above, right.—Daily Iowan Photo.

Dorm Girls Compete In Decorating Doors; Open House At Currier Sunday

Girls living in dormitories are busy decorating doors and rooms for Christmas. In Westlawn, Currier and Burge, the doors will be judged and prizes given to the girls with the best decorated door.

The New Student Council at Currier will judge the doors on Friday. Prizes will be given on the basis of originality, beauty, and humor. There will also be a prize for the dorm unit showing the doors with the best decorations. Guests will be able to see Currier's decorations Sunday, Dec. 14, at an open house from 4 to 6 p.m. Coffee will be served in the lounge.

Special invitations have been extended to faculty members and friends of the dormitory residents, but anyone is welcome to come to the dormitory for coffee and to see the decorations.

The doors in Burge Hall will be judged next week, but no open house will be held. Judging in Ruth Wardell house is set for Monday, December 15, while doors in Beth Wellman house will be judged the following Tuesday. Maude McBroom house will also judge their doors the first of next week. Judging in Westlawn will be done

German Reds Reject Berlin 'Corridor'

BERLIN (UPI) — The East German Communists tonight rejected a suggestion by Mayor Willy Brandt that free West Berlin be linked to West Germany by a guaranteed international land corridor.

They also made it clear that all traffic to and from a "free city" of West Berlin would be at the mercy of the Reds.

At the same time, West Germany hailed President Eisenhower's statement on the Berlin crisis at a press conference in Washington. Mr. Eisenhower said the United States would stand firm behind its responsibility and duty to remain in West Berlin as a means of maintaining the freedom of West Germans until the Berlin situation was composed by all the interested powers.

Official West German sources said the statement dispelled all doubts of the government of Chancellor Konrad Adenauer on the American attitude.

The official East German news agency ad. derided Brandt's suggestion that a land corridor carved through 110 miles of East German territory would serve to shield East Germany against infiltrating "western agents." One of the major complaints by the Communists against West Berlin is that it is an alleged base for Anti-Communist agents.

Atlanta Trial Delayed By Hung Jury

ATLANTA (UPI) — The trial of the first of five men indicted for the Oct. 12 dynamiting of Atlanta's Jewish temple ended Wednesday with a hung jury.

A second trial was ordered to start immediately, but defense attorneys won a continuance until after Jan. 1 on the plea they were physically unable to try the case.

The all-male jury deliberated 22 hours and 52 minutes before Judge Durwood Pye ordered a mistrial in the case against George Bright. The group had been "hopelessly deadlocked" three days.

Foreman Ralph Castleberry said that nine members of the panel, including a former member of the Ku Klux Klan, voted to convict Bright with a recommendation of mercy, bringing mandatory life imprisonment.

The other three jurors, Castleberry said, voted for acquittal. "The consensus was that the bombing was at a time and manner that whoever did it had no intention of taking any lives," Castleberry said. "Most of the men could not vote for the death penalty."

Bright, 33, was the first to stand trial of five men indicted for the pre-dawn dynamiting that caused \$100,000 damage. A sixth man arrested during the investigation was released. Maximum penalty is death in the electric chair.

The state tried to show at Bright's first trial that he was a rapid racist whose extreme anti-Semitism was culminated in the dynamiting.

Dental Research Meeting Tonight

Progress reports on current research being conducted in the SUI college of dentistry will be given at a meeting of the Iowa section of the International Association of Dental Research tonight at 7:30 p.m. in Room 109 of the SUI Dentistry Building.

Reports will be presented by Christian Schwabe, D3, Iowa City; James Stickle, D3, Iowa City; H.F. Sawyer, Presque Isle, Maine, graduate student; Prof. Virginia Knott, and Dr. William Bowker, Cedar Rapids, graduate student.

Speakers from the department of operative dentistry will be Dr. Wallace W. Johnson and Dr. Ernest Sahn.

New Zealander Will Lecture On Play And Sports

A leading New Zealand figure in the field of physical education will speak Monday at SUI on play and sports in various cultures.

Philip A. Smithells, director of the school of physical education at the University of Otago, Dunedin, New Zealand, will speak at 8 p.m. Monday in the Senate Chamber of Old Capitol.

His lecture will be sponsored by the SUI division of physical education and the graduate college.

This will be Prof. Smithells' second visit to SUI. His first was in January, 1956.

News Digest

American 2-Party System Endangered, Sen. Goldwater Tells Farm Bureau

BOSTON (UPI) — Sen. Barry Goldwater (R-Ariz.) Wednesday predicted the collapse of America's two party system unless individual citizens begin measuring their candidates and requiring statements of principle from them.

Goldwater addressed the 40th annual meeting of the American Farm Bureau Federation here and told his audience that America was headed for moral decay and possible conquest by communism unless a current trend was halted that would eventually pit "big labor" against "big business."

Hoffa's Union Will Try To Organize Police And Other State, County And City Employees

MIAMI BEACH (UPI) — Teamsters President Jimmy Hoffa Wednesday announced a 1959 campaign to bring 10 million state, county and municipal government employees—including policemen—into his union. Another Teamsters official said the union will touch off a "guinea pig" case next week in a drive to organize the New York City Police Department.

Hoffa said Teamster groups will meet, probably in Washington, in January or February to lay plans for the nationwide drive. He said the necessary money is available and will be spent, but he did not pinpoint a figure. He said the drive will be aimed at hospital workers, policemen, firemen, sanitation men, and others.

New Era In Global Warfare Near As Navy Successfully Fires Guided Missile From Ship

POINT MUGU, Calif. (UPI) — The Navy fired a Regulus II guided missile from a ship in the Pacific Missile Range Wednesday—bringing closer a new era in global warfare.

The ship, for all practical purposes, was a surfaced submarine. The Regulus II, a 1,000-mile, 57-foot missile, was fired about a mile off Point Mugu, headquarters of the Pacific Missile Range. Twenty-nine minutes later it was over its target at Tonopha, Nev., after a 250-mile trip under the guidance of Navy chase jets and ground stations. It landed 15 minutes later.

Bridges Marries Nisei Secretary; Gets Judgement Against Nevada Law

RENO, Nev. (UPI) — Harry Bridges, colorful and controversial West Coast labor leader, won another battle Wednesday when he married a pretty Nisei secretary here despite Nevada laws against interracial marriages.

The marriage license was issued by the County Clerk after a court hearing at which Elko District Judge Taylor H. Wines made a writ of mandate permanent. He ordered the license issued.

Bridges and Miss Noriko (Nikki) Sawada, 35, then went to the County Clerk's office and were given the license. They were married 15 minutes later by Justice of the Peace William R. Beemer.

Arson Not Ruled Out By Police In Disastrous Chicago School Fire

CHICAGO (UPI) — Sgt. Drew Brown, head of the police arson squad said at an inquest Wednesday there was evidence of inflammable material in a stairwell at Our Lady of the Angels School, which burned nine days ago at a cost of \$2 lives.

Brown told Coroner Walter McCarron there was no evidence of arson. But when McCarron asked "You have ruled out arson?" Brown replied: "We have not ruled out arson, definitely not. We never rule out arson until we are through with an investigation."

Brown testified he talked to two boys, Joseph Brocoto and Ronald Eddington, both sixth graders, who said they smelled "something unusual, unlike coal" while they were emptying wastebaskets into the furnace on the day of the fire.

Quad Men Select 7 Candidates For Quadrangle Queen

Quadrangle Dormitory men Wednesday selected seven finalists, one of whom will be crowned Quadrangle Queen Friday night.

Quadrangle's Christmas dance, "Holiday Hotel" will be held Friday evening at 8 in the Quad dining room.

Chosen from 13 candidates nominated by the various Quadrangle sections were: Marge Dandl, A2, Monticello; Charlene Riehm, A1, Britt; Judy Starr, A3, Council Bluffs; Sharon Fleming, A1, Council Bluffs; Judy Webber, A2, Dayton, Ohio; Kay Weinkauf, D2, Cresco; and Sandi Loveless, A1, Des Moines.

Final voting for the queen will take place Friday afternoon.

U.S. FORCES REDUCED
TAIPEI, Formosa (UPI) — U.S. air and naval forces in the Formosa area are being reduced as the Communist threat lessens.

MEDIATORS MEET
CHICAGO (UPI) — Federal mediators met privately Wednesday with union and company bargaining teams negotiating a new contract between the International Harvester Co. and the striking United Auto Workers.

THE GIFT HORSE

I know how busy you are—studying, going to class, catching night crawlers—but let me interrupt your multifarious activities—studying, going to class, helping old grads find their dentures after Homecoming—to remind you that busy as you are—studying, going to class, searching for meat in the dormitory stew—time and tide wait for no man, and the Yuletide will soon be upon us. Busy or not, we must turn our thoughts to Christmas shopping. Let us, therefore, pause for a moment in our busy schedules—studying, going to class, rolling drunks—to examine a number of interesting gift suggestions.

We will start with the hardest gift problem of all: What do you give to the person who has everything? Well sir, there follows a list of a half dozen gifts which I will flatly guarantee the person who has everything does not have:

- 1. A dentist's chair.
- 2. A low hurdle.
- 3. A street map of Perth.
- 4. Fifty pounds of chicken fat.
- 5. A carton of filter-tip Marlboros.
- 6. A carton of non-filter Philip Morris.

"What?" you exclaim, your young eyebrows rising in wild incredulity. "The person who has everything does not have cartons of filter Marlboros and non-filter Philip Morris?" you shriek, your young lips curling mockingly. "What arrant nonsense!" you rasp, making a coarse gesture.

And I reply with an emphatic *no!* The person who has everything does not have filter Marlboros and non-filter Philip Morris—not for long anyhow—because if he has Marlboros and Philip Morris and if he is a person who likes a mild, mellow, fresh, flavorful cigarette—and who does not? eh? who does not?—why, then he doesn't have Marlboros and Philip Morris; he smokes them. He might possibly have a large collection of Marlboro and Philip Morris butts, but whole Marlboros and Philip Morris? No. An emphatic *no!*

Now we take up another thorny gift problem: What do you buy your girl if you are broke? Quite a challenge, you will agree, but there is an answer—an ingenious, exciting answer! Surprise your girl with a beautiful bronze head of herself!

Oh, I know you're not a sculptor, but that doesn't matter. All you have to do is endear yourself to your girl's roommate, so she will be willing to do you a favor. Then some night when your girl is fast asleep, have the roommate butter your girl's face—quietly, so as not to wake her—and then quietly pour plaster of Paris on top of the butter and then quietly wait till it hardens and quietly lift it off—the butter will keep it from sticking—and then bring you the mold, and you will pour bronze in it and make a beautiful bust to surprise your girl with!

Remember, it is important—very important—to endear yourself to the roommate, because if anything should go wrong, you don't want to be without a girl for the holiday season.

Women's Orientation Committee Named For 5

Becky Carnes, A2, Clinton, general chairman of women's orientation, has announced her committee for the 1959 spring and fall orientation program.

The members are: Lynn Wight, A3, Winterset, secretary and publicity; Janet Taylor, A2, Clinton, faculty visits; Nancy Nelson, A2, Clinton, play night; Karen Godwin, N2, Elmhurst, Ill., activities open house; Carol Trope, A2, Peoria, Ill., training schools; and Bobbe Hvidston, A2, Clinton, president's open house.

FOX GETS TAX BREAK

WASHINGTON (UPI) — The U.S. Tax Court handed former Boston Publisher John Fox a major legal victory today which will result in a sharp reduction in the Government's one million dollar tax claim against him.

The court cleared Fox of civil charges that he was negligent in preparing several income tax returns and that he intentionally disregarded Internal Revenue Service (IRS) rules.

Moore KOs Durelle In 11th To Keep Title

Both Fighters Down 4 Times In Wild Bout

MONTREAL (AP) — Floored four times, three times in the first round, Light Heavyweight Champion Archie Moore smashed his way from the brink of defeat Wednesday night to knock out rugged Yvon Durelle of Canada in 49 seconds of the 11th round of a sensational title fight.

It looked like curtains for the 41-year-old champion when the muscular Durelle nailed him with a left and right to the jaw to drop him for a nine count in the first round and then decked him twice more in the round.

5 Count In 5th

Archie was down for counts of nine, two, and seven in that round and was floored again for five in the fifth. He was in real trouble until the fifth was over.

But in the seventh the champion turned the tide. He felled Durelle for a two count in the seventh, for eight at the bell in the 10th and then finished him off with a terrific series of barrages in the 11th.

Moore, who set an all-time knockout record of 127, seemed to sense he was going to get Durelle in the 11th. He stormed across the ring and smashed the bleeding challenger to the canvas with a left and right to the jaw. Yvon, blood streaming from his nose, tottered to his feet at nine.

Lightning Combination

Archie let loose with both barrels. He belted away and then finished off the reeling Durelle with a lightning fast left and right to the jaw.

As Referee Jack Sharkey, the former world heavyweight champion, started to toll it seemed everyone in the Forum knew it was all over. Durelle slumped on his side then tried to pull himself up as the count reached 10.

Archie's amazing comeback from disaster was so complete that the three judges had him leading on points at the end of 10 rounds.

Judge Rene Quimet had it 46-45, Lucien Germain 44-42 and Harry Shulman 44-42. The five points "must" system was used, with the winner getting five points a round and the loser four or less. The Associated Press had Moore in front 44-41.

5th Straight KO

It was the seventh title defense for Moore and his fifth straight knockout victory in a title defense.

Moore weighed 173½, his lightest in more than four years, and for a time it looked like that might have been the reason for his bad start. Durelle weighed 172, his lightest in 20 months.

Preparing For Hawkeyes

TEXAS TECH COACH Polk Robison, center, went over plans Wednesday for Iowa game with his senior guards, Gerald Myers, left, and Charlie Lynch. The Red Raiders, winners of their first three games, face the Hawkeyes (1-2) at Iowa Fieldhouse Saturday at 3:30 p.m. in a regionally televised contest.—AP Wirephoto.

Sharm Undecided On Starting Five For Texas Tech Contest

Iowa basketball coach Sharm Scheurman said Wednesday he is still undecided on his starting five when the Hawkeyes take the floor Saturday afternoon against the Red Raiders of Texas Tech.

"The starting guard positions are open," Scheurman said, "and there are about four players who are possibilities." The Hawks, losers of their last two games for a season's mark of 1-2, started Bobby Washington and Clarence Wordlaw in the first three games.

"Wordlaw is going to be playing at forward more now than at guard," Sharm said. "We have several good guards who could start." The Iowa coach indicated that junior Mike Heitman and sophomore Ron Zagar are starting possibilities on the basis of their performances in game competition so far this year and their work in practice sessions.

Other possible starters in the back court are Washington and junior Earl Nau. Sharm was also pleased with the work of reserve forward Dick Harring and said, "he has earned his chance to play more, he has played hard and done a good job when he is in there."

The status of George Seaberg is doubtful for the Tech contest. The senior forward injured his thumb during the 2-game trip to Southern Methodist and Oklahoma and the injury may sideline him Saturday.

Big Ten May Not Renew Its Bowl Contract

CHICAGO (AP) — There was indication Wednesday that the Big Ten may be hard pressed in renewing any Rose Bowl football contract beyond the New Year's game of 1960.

The agreement with the Pacific Coast Conference extends through 1960 and contracts for the Rose Bowl game then will be honored. But the PCC officially folds next July 1, with a new conference emerging made up of California, UCLA, Southern California, Washington and possibly later, Stanford.

New Contracts

Some officials of the Big Ten, which opened its annual winter meetings Wednesday, were hoping the future Rose Bowl contracts with the new league and Tournament of Roses could continue virtually on the same basis as with the PCC and thus avoid re-negotiation.

However, Dean Robert Browne of Illinois, new chairman of the Big Ten faculty representatives, threw another light on the matter Wednesday.

In regard to future Rose Bowl plans beyond the 1960 game, Browne said that under Big Ten policy "there shall be a motion by faculty representatives."

Come Before Faculty

This means that even if future Rose Bowl agreements are made based on the ones of the past with the PCC, they still would have to come before the faculty men. They would come under the so-called White Resolution, requiring an official conference vote during a "cooling off" period before being adopted. A majority vote is needed. In the past, the Rose Bowl matter barely made it.

One highly placed Big Ten official said he was pessimistic that if such a vote again arose it would carry. At best a 5-5 tie would result, automatically killing it, he guessed.

"I wouldn't want to bet on what the vote would be on renewal of a Rose Bowl series," said Browne. "I don't even know what my own (University Senate) would do. But there is a feeling among some—I think it is many, but I'll say some—faculties in the Big Ten this way: whenever a Big Ten team goes to the Rose Bowl, 1,500 or 2,000 students start out for Pasadena in jalopies and so forth and don't get back for the start of January classes. When Northwestern went (for the 1949 game) its train was snowbound returning and many students didn't get back in time for classes. I think all this outweighs consideration for continuing post season football games as far as the faculties are concerned."

Wait And See

After the 1960 Rose Bowl game, the Big Ten attitude seems to be "to wait and see."

Assistant Commissioner Bill Reed was asked why this attitude exists, why the Big Ten in the face of what may come doesn't start crystallizing its plans.

He said: "We have been playing a waiting game because we didn't know how the PCC would shake down — how extensive the new conference will be and how closely knit. Also, we always have been the invitees to the Rose Bowl and traditionally it remains that way."

A graduate of Doane College, Crete, Neb., where he spent 10 years as athletic director and coach, Dutcher came to Cornell from the University of South Dakota, which he served as football line coach.

His Cornell football teams won 72 games, lost 54 and played 10 ties. Dutcher's track teams won the Midwest Conference indoor championship the past three years and the outdoor title the last two.

Cornell President Russell D. Cole expressed regrets at Dutcher's leaving but said "he has been a fine leader . . . we wish him well in his new work which is a real opportunity for him."

Evy Far Back In 2nd Place —

Dietzel Named Coach Of Year

Forest Evashevski First On 58 Ballots

NEW YORK (AP) — Paul Dietzel, who in four years as head coach, built Louisiana State's first all-winning football team in 50 years, was named Coach of the Year by his fellow members of the American Football Coach's Association.

Iowa's Forest Evashevski was second in the voting.

The 34-year-old Dietzel scored the greatest sweep in the 24-year history of the award, made by the Scripps-Howard newspapers.

Of 618 members of the association who voted in the annual poll, 495 named Dietzel first, second or third. Evashevski, of the Big Ten champion Hawkeyes, received only 58 votes for first place compared with 312 for Dietzel.

Dietzel came to LSU in 1955 after serving as assistant to Army's Earl (Red) Blaik, a former Coach of the Year; Sid Gillman of the Los Angeles Rams, then at the University of Cincinnati; and Paul (Bear) Bryant at Kentucky. He undertook a rebuilding program that paid off this year with 10 straight victories and a national championship.

A total of 74 coaches figured in the Coach of the Year balloting. The award will be made during the football coaches convention in Cincinnati early in January.

Dietzel, born in Fremont, O., Sept. 5, 1924, played junior high and high school football at Mansfield, O. He entered Duke University in 1942 and played on the

freshman team there, then enlisted in the Air Force. After leaving the service, he entered Miami (Ohio) University, where Gillman was coach.

2 Losses Dim U.S. Cup Hope

MELBOURNE (AP) — The elimination of Barry MacKay and Alex Olmedo from the Victorian Tennis Championship has darkened the U.S. Davis Cup picture and posed a king-sized problem for non-playing Captain Perry Jones.

"I am no farther along in the selection of players to face the Italians next week than I was when I first came to Australia," Jones said today. "We will have a series of head to head matches when we get to Perth and then decide which men are most ready."

The Americans meet Italy's European champions Dec. 19-21 for the right to challenge Australia again for the international trophy.

Hopes of taking back the silver mug again look grim. MacKay, from Dayton, Ohio, lost his quarter-final match to Andres Gimeno, fast-rising son of a Barcelona professional, 6-3, 6-4, 10-12, 13-15, 6-1.

Olmedo, classy Peruvian from the University of Southern California, dropped a heart breaker to Mal Anderson, one of Australia's top Davis Cuppers, 6-3, 6-4, 10-12, 6-3.

America's lone remaining hopes rested with a patched up doubles team of Olmedo and MacKay, who started a semifinal match with Ashley Cooper and Neale Fraser Wednesday before being halted by a downpour. The Australians won the first set 6-4 but U.S. cuppers were leading 2-1 in the second with Fraser serving.

Baylor Coach Reverses Field, Resigns Post

WACO, Tex. (AP) — Sam Boyd, the embattled football coach at Baylor University, Wednesday resigned his post.

Boyd thus reversed himself. Earlier he refused to quit, saying the school would have to fire him.

His resignation was announced by Dr. W. R. White, Baylor president, at a press conference following a meeting of the board of trustees.

Iowa Hunters Get 1100 Birds For Hospitalized Vets

The Sportsman of Iowa motto, "Shoot a few pheasants for those who shot for you," netted over 1100 pheasants for veterans hospitals in Iowa.

Patients in the Iowa City VA Hospital, as well as those in Des Moines and Knoxville Hospitals, will enjoy a pheasant dinner with all the trimmings today.

In 1946, Reis Tuttle, Outdoor editor of the Des Moines Sunday Register and Tribune, encouraged Iowa's hunters to give some of their birds to the hospitals.

Each year since 1946, the Sportsman of Iowa have responded, dressing the birds and delivering them to the VA hospitals so the patients could enjoy eating the birds even though they couldn't enjoy hunting them.

Programs similar to that in Iowa are held annually for other VA hospitals, including Minneapolis, Minn., Lincoln, Neb., and Sioux Falls, S.D.

SNIDER TO TALK

Chinese Reds Crush Revolt In Sight Of Portuguese Macao

HONG KONG (UPI) — Reports reaching here from Portuguese Macao said Wednesday that residents of the Chinese Communist offshore island of Lappa rose yesterday in a revolt that was crushed by Red troops in bloody reprisals.

A press dispatch from Macao reported that Chinese Red troops opened fire to put down the uprising that broke out before dawn yesterday in the Wanchai Commune on Lappa Island, a key port and commercial area just west of Macao.

It reported that Communist troops were rushed over a causeway to the island in the South China Sea and crushed the uprising after a two-hour battle.

The dispatch said casualties were heavy. It said Macao residents crowding the waterfront of that western enclave could see public executions taking place on Lappa Island after the rebellion.

There was no immediate official confirmation of the report.

Recent reports, however, have told of bitter opposition of Peiping chairman Mao Tse-Tung's campaign to collectivize Chinese into beehive-like "communes."

Under the plan, workers and peasants were being herded into communes which turn entire cities into "collective farms" far beyond the original Soviet pattern. Families are separated with all

men and women organized into para-military units charged with pushing the completion of Red China's agricultural and industrial development.

Back To Normal

The report said the situation on Lappa appeared back to normal today — except that three Communist gunboats were stationed on Pearl River.

At dawn Tuesday, it said, Macao residents observed strong contingents of Red troops rushing across the nearly-completed causeway linking Lappa with the South China mainland about 45 miles west of Hong Kong.

In the darkness of the early morning, it said little could be seen on the island "but gunfire could be heard and cries of desperation carried as far as the local waterfront."

The dispatch said Macao residents crowded the waterfront when full daylight arrived and watched the drama with the aid of telescopes and binoculars.

Large group entries will be narrowed down in the afternoon as follows: 1:30, Alpha Delta Pi and Phi Delta Theta; 1:45, Alpha Xi Delta; 2:00, Burge and Hillcrest; 2:15, Currier Chorus; 2:30, Delta Gamma and Phi Epsilon Pi; 2:45, Kappa Alpha Theta and Delta Tau Delta; 3:00, Sigma Delta Tau and Sigma Phi Epsilon; 3:15, West-lawn; 3:30, Zeta Tau Alpha.

Judges for the small group eliminations are Donn Moulton, G. Ravenna; Arlen Snyder, G. M. Pleasants and Harry Morrison, G. Douds. Faculty judges of the large groups are Mrs. Margaret Pendleton, professor of music; Paul Heineberg, professor of speech and dramatic art, and Neil Glenn, professor of music education.

Sybil Norton, A3, Spencer, is chairman of the Varsity Varieties Committee and a member of the Old Gold Days Board. Members of her committee are: Jo Gitcheil, A3, Cresco, judges and awards; Deanna Dodds, P2, Sioux City, publicity; Judy Sayre, A3, Sioux City, small groups and Jeanne Hughes, A2, Lenox, large groups.

Applications for general chairman and committee of (AWS) Profile Preview style show are due at 5 p.m. Friday in the Office of Student Affairs.

The deadline was extended from Dec. 10.

The positions are open to all undergraduate women interested in working on the annual fall style show for new coeds on the SUU campus. AWS executive council and general council will select the chairman.

Arlene Hunt, A4, Des Moines, was chairman of the 1958 show.

DISCOVER NEW PLOT
AMMAN, Jordan — The Government has claimed the discovery of a new plot to smuggle Egyptian arms into Jordan.

Semi-Finals For Varieties Show Dec. 13

Semi-final eliminations for Varsity Varieties, the Old Gold Days all-university talent show, will be held Dec. 13 in Macbride Auditorium. Five finalists from both large and small group categories will be selected to appear in the four performances Friday and Saturday evenings, Jan. 16-17.

Saturday morning eliminations in the small group category are scheduled as follows: 9:30, Diane Cherry; 9:40, Frances Pundt; 9:50, Judy Whitebook and Carol Samberg; 10:00, Sonny Davis, Carol Reed and Rosalyn King; 10:10, Joan Hummel; 10:20, Diane Jones; 10:30, Nancy Henderson and Gloria Cleaver; 10:40, Wilda Allen and Tom Smith.

Large group entries will be narrowed down in the afternoon as follows: 1:30, Alpha Delta Pi and Phi Delta Theta; 1:45, Alpha Xi Delta; 2:00, Burge and Hillcrest; 2:15, Currier Chorus; 2:30, Delta Gamma and Phi Epsilon Pi; 2:45, Kappa Alpha Theta and Delta Tau Delta; 3:00, Sigma Delta Tau and Sigma Phi Epsilon; 3:15, West-lawn; 3:30, Zeta Tau Alpha.

Judges for the small group eliminations are Donn Moulton, G. Ravenna; Arlen Snyder, G. M. Pleasants and Harry Morrison, G. Douds. Faculty judges of the large groups are Mrs. Margaret Pendleton, professor of music; Paul Heineberg, professor of speech and dramatic art, and Neil Glenn, professor of music education.

SUI Items

TABLE TENNIS Club will meet at 7:30 p.m. in the Table Tennis Room of the Iowa Memorial Union. All interested students have been invited.

COIN CLUB will meet tonight at 7:30 p.m. in Conference Room One of the Iowa Memorial Union. There will be a discussion of United States half cent coins and a coin auction.

CHESS CLUB advanced group A will meet at 7 p.m. in the North Sun Porch of the Iowa Memorial Union.

PEP CLUB will return money for card section badges from 2:30 to 5 p.m. today at the Old Information Desk of the Iowa Memorial Union. Students are required to bring both badges to receive the \$2 refund.

UNION BOARD will feature a Spotlight Series Discussion on "Sex Education in High School" from 3:30 to 5:30 p.m. Friday in the Private Dining Room of the Iowa Memorial Union. Mrs. Eleanor Luckey, assistant professor of child welfare will lead the group.

USE 4-CENT STAMP
WASHINGTON (UPI) — The Post Office Department reminded Christmas mailers yesterday that a 4-cent stamp was required for unsealed Christmas cards mailed overseas and to Canada and Mexico.

Unsealed cards going to destinations within the United States require a 3-cent stamp.

Ozark Airlines Takes Over From United Feb. 16

Under provisions of Civil Aeronautics Board (CAB) order this week in Washington, United Air Lines service in Iowa City will be discontinued and air service in the city will be provided by Ozark Airlines.

The order will be effective Feb. 16.

Ozark received a temporary 5-year route authorization by the CAB. It will serve Iowa City by providing service between Des Moines and Chicago with a stop at Clinton with two flights daily each way.

A meeting for sometime in January is planned to make final arrangements for the changeover.

NEW AIR FORCE TRANSPORT

WASHINGTON (UPI) — The Air Force announced yesterday that its new long-range C-130-B Hercules transport plane had been test-flown for the first time.

The piston-engine craft, built by Lockheed Aircraft Corp., at Marietta, Ga., is designed to fly a thousand miles farther and carry five tons more than the old C-130-A.

The Air Force said the new planes would be delivered to the Tactical Air Command early next year.

The new Hercules, with a speed of 360 miles an hour, is being built under a \$100-million contract assuring production into late 1960.

Prep Students To Discuss Education

Some 320 Iowa high school students will closely scrutinize the American system of education Friday and Saturday in the seventh annual High School Forensic Conference to be held at SUU.

All of the students will take part in discussion sessions on the topic "What System of Education Would Best Serve the Interests of the People of the United States?" They will also participate in legislative assemblies in which answers suggested by the discussion groups will be debated.

In addition to participating in four rounds of discussion and two legislative sessions, many of the students will take part in individual speaking events.

Robert L. Gregg, assistant professor of speech at SUU, is serving as director of the conference for the fifth year. The event is sponsored by the Iowa High School Forensic League, of which Hugh F. Seabury, professor of speech at SUU, is executive chairman.

SUU speech professors, graduate students in speech and Iowa high school teachers will judge the events.

Applications Due Friday For Coed Style Show

Applications for general chairman and committee of (AWS) Profile Preview style show are due at 5 p.m. Friday in the Office of Student Affairs.

The deadline was extended from Dec. 10.

The positions are open to all undergraduate women interested in working on the annual fall style show for new coeds on the SUU campus. AWS executive council and general council will select the chairman.

Arlene Hunt, A4, Des Moines, was chairman of the 1958 show.

Iowa Roundup

Cherokee Council Name Peterson As New Mayor
CHEROKEE (P) — The City Council Wednesday named E. A. Peterson to fill the unexpired term of George Rapson as mayor. Rapson is resigning to serve as Cherokee County representative in the Legislature. Peterson was a council member for 10 years.

Widow Pleads Guilty To Embezzlement Charge
KEOKUK (P) — Mrs. Mary Kull, chief clerk of the City Water Department for 20 years, pleaded guilty through her attorney in Lee County District Court Wednesday to charges that she embezzled \$4,713 from department funds over a three-month period this year.

The 50-year-old widow, a diabetic, has been seriously ill in a hospital here for about a month.

Due to Mrs. Kull's illness, Judge Leary postponed the date of sentencing to Jan. 12.

Officials said the shortage was discovered by a check of department funds after Mrs. Kull entered the hospital.

Man Dies Of Burns From Highway Accident
IOWA CITY (P) — Ralph Byam, 33, of Vinton, died in University Hospitals Wednesday of burns suffered in a traffic accident north of Vinton Nov. 21.

Authorities said Byam's car struck the rear of a pickup truck and then veered into the path of an oncoming car. Fire broke out in Byam's car and his clothing was in flames before he could leave the vehicle.

Drake Art Instructor Awarded Purchase Prize
DES MOINES (P) — An oil painting by Elizabeth S. Miller, instructor in art at Drake University, has been awarded a purchase prize in the 12th annual Mulsart Valley exhibition at the Mulvane Art Museum in Topeka, Kan.

The exhibition of 48 paintings by artists from six states closes in Topeka Dec. 19. It will be shown from Jan. 4 to Feb at the University of Nebraska Galleries in Lincoln.

12-Year-Old Sets Brooklyn School Fire To Be Funny
NEW YORK (UPI) — Fire broke out in the basement of a Parochial school in Brooklyn Wednesday. It was extinguished quickly after the 900 students were marched to safety.

A 12-year-old seventh-grader admitted later he set the fire "to be funny."

A minor fire also broke out at a public school in Brooklyn but was put out by a teacher using an extinguisher. Fire Department officials said it and two others that occurred Wednesday also might have been set deliberately.

The blaze at the Holy Rosary Elementary School was confined to a basement storeroom and caused only minor damage. Students, who were whisked outside into sub-freezing temperatures so quickly that they had no time to don coats and hats, were permitted to return to their classes shortly afterward.

The other fire occurred at Public School 138. The blaze was extinguished before the 1,042 kindergarten through sixth grade students could be led from the building.

Officials said someone apparently started the fire deliberately by igniting papers on a bulletin board.

Strike Cripples New York Dailies
NEW YORK (P) — A renewed strike of delivery men swept New York newsstands clear of newspapers Wednesday and forced the Daily News to suspend publication of its first Thursday morning edition.

Picket lines of strikers posed a threat to continued operation of all nine of the city's big dailies. They employ more than 20,000 persons and have a combined payroll of over two million dollars a week.

Eisenhower Regrets Defiance Of Law

WASHINGTON (P) — President Eisenhower has termed it a sad, reprehensible thing for Alabama officials to defy the federal government over voting registration records of Negroes.

"What I am pleading for, and pleading for throughout the country, is respect for law," Eisenhower told a news conference Wednesday.

Eisenhower opened the news conference on that note. He closed it with word that he has no new policy on reunification of Germany to propose at next week's meeting in Paris of representatives of the North Atlantic Treaty Organization.

The refusal of Alabama authorities to comply with a subpoena of the Federal Civil Rights Commission and hand over voting registration records of Negroes came up in question form. The commission, which is investigating charges of denial of voting rights to Negroes has asked the Justice Department to take the issue to court.

"A Sad Thing"
Asked how he feels about this situation, the chief executive replied: "Well, I don't feel very well about it. I think this is a rather sad sort of thing, because all the way around we are running into this refusal of complying with the basic laws of the land, laws that have been upheld by our courts as legal and proper."

This apparently was a reference to the closing of schools in Arkansas and Virginia in preference to complying with court orders for racial integration under a Supreme Court decision.

"Now, I am not trying to get to the basic question," Eisenhower went on. "I am talking about the procedures and the habits that make this kind of thing so reprehensible, because it means, as I see it, showing the American public that and any member of it, at his or her pleasure they can defy the laws of the land when popular opinion in the particular section or locality may support these people."

Convict Says He Murdered Vice-Fighter

MONTGOMERY, Ala. (UPI) — A former Ft. Benning, Ga., soldier confessed to a prison chaplain that he killed Alabama's crusading Atty. Gen.-elect Albert Patterson during a robbery that started his career in crime, it was disclosed Wednesday.

Authorities, who have been skeptical of several false "confessions" to the mysterious Patterson slaying in 1954, began further investigation. Gov. James E. Folsom, who will be succeeded by Patterson's son, John, said the confession of the convict rings of truth and suggested that it be checked carefully.

The handwritten, three-page confession came from Calvin Pruitt, 28, of Haleyville, Ala., now serving sentences in Virginia for murder and robbery. Virginia penitentiary officials said Pruitt went to the prison chaplain to confess "because he did not want another man to serve prison time for a crime he did not commit."

Three Alabama officials were accused of the Patterson murder and one of them, former Deputy Sheriff Albert Fuller, is serving a life sentence for the slaying.

Pruitt, his wife and another soldier stationed at Ft. Belvoir, Va., were arrested last March for the pistol slaying of a Lorton, Va., grocer during a robbery. Pruitt confessed to a series of holdups in Virginia and Maryland, and was known as a two-gun bandit who wielded twin Belgian-made pistols and wore a kerchief mask on his face. He was convicted of murder, but his wife was acquitted.

Alabama authorities questioned Pruitt in Richmond from Nov. 30 through Dec. 2, but the confession was not disclosed until Wednesday. Virginia officials said any request for extradition to Alabama would be honored.

Folsom notified Patterson's son, the state's present attorney general of the confession, in this statement.

Cult Bombing Attributed To 2 Former Members

CHATSWORTH, Calif. (P) — Two disgruntled former members of a curious religious cult Wednesday night were identified by detectives as the men who dynamited the sect's headquarters, killing 9 and possibly 10 persons.

The dynamiters are believed to have died in the blast.

They were identified as Ralph Muller, 33, of Joshua Tree Park, Calif., and Peter Dumas Keameno-off, 42.

Victims of the blast early Wednesday included two children and the cult's bearded barefoot leader, a self-styled mystic who called himself Krishna Venta. He had a long record of arrests.

Detectives said Muller and Keameno-off left tape recordings of their plans. A tape recorder, two tapes and dynamite caps were found in a truck belonging to Muller.

Wanted Justice
Undersheriff B. B. Cummins of Ventura County said the men "wanted to bring Krishna Venta to what they termed justice, whether it meant religious or otherwise, I wouldn't attempt to say."

He said the tape recordings were an hour long and each man had voiced his thoughts on the cult.

"They said they were going to take care of their problems in their own way," Cummins said.

COMMERCIAL JET AGE
NEW YORK (UPI) — A swept-wing jetliner whizzed from New York to Miami between breakfast and lunch time Wednesday and returned to New York in time for dinner to inaugurate the commercial jet age in the United States.

Reds' Serov Appointed To New Post

MOSCOW (UPI) — Diplomatic sources reported Wednesday that Gen. Ivan Serov, relieved from his post as Head of Soviet Security, would receive an important military assignment in the regular army.

The report was not confirmed officially. Observers, however, said such an appointment would not be surprising in view of Serov's military training and experience.

Serov's release from his security duties "in connection with his taking up another work" was announced by Moscow radio Monday night and published in a brief dispatch in newspapers here yesterday.

The 53-year-old Serov succeeded Lavrenti P. Beria as security chief in 1954. Beria was tried and executed in 1953 for crimes against the State involving the growing power of his ministry.

Observers said Serov's reassignment obviously was not shake-ups in Soviet organs since he never tried or could succeed in setting up his own "state within a state" or developing a personal following outside the party.

Serov's committee on state security, established after Beria was removed as Secret Police Chief, did not have autonomous power. It was subservient to the Council of Ministers and the Central Committee of the Communist Party.

Nobel Prizes Awarded; Swedes Honor Pasternak

STOCKHOLM (P) — Soviet poet-novelist Boris Pasternak, an absent winner, was honored along with seven attending in person at the 1958 Nobel awards ceremony Wednesday in Stockholm's Concert hall.

Three Soviet physicists, three American scientists and a British chemist were handed checks totaling \$124,260 by Sweden's King Gustav VI on this 125th anniversary of the birth of Alfred Nobel.

The laureate thus appointed has, as is known, informed us that he does not want to receive the prize," the secretary said.

"This refusal naturally does not change the validity of the award. For the academy there remains but to state with regret that the prize cannot be delivered."

Pasternak's \$41,420, his heavy gold medal and leather-bound scroll are being held in trust for him.

REBELS HIJACK SCHOONERS
HAVANA (UPI) — Two schooners carrying 300 tons of foodstuff for army garrisons in rebel-ridden Oriente Province were hijacked by rebels and taken to an unidentified seaport, the rebel radio said Wednesday. It identified the ships as La Rafaelita and El Carnero.

Belgian Priest Wins Nobel Prize

OSLO (UPI) — The Rev. Georges Pire, a Belgian priest, formally received the 1958 Nobel Peace Prize Wednesday for his work in resettling World War II refugees.

He immediately bequeathed the prize money to two refugee camps.

The 48-year-old Dominican Monk, dressed in the white robe of his Roman Catholic Order, was awarded the Peace Prize diploma and medal at a formal ceremony in the University of Oslo. He had received a check for the \$41,270 cash award yesterday at an informal gathering in the Nobel Institute.

Presentation of the diploma and medal took place at about the same time the Nobel prize-winners in physics, chemistry and medicine were receiving their awards in Stockholm.
