

SUI Professor's Opera To Be Given In New York

"The Scarf," an opera with libretto by Harry Duncan, associate professor of journalism, will be presented in New York, Sunday evening, April 5, by the New York City Opera company.

Music for the opera was composed by Lee Hoiby, Hoiby and Duncan have collaborated on another opera, "The Witch," which was presented at the international music festival in Spoleto, Italy, in June of 1953.

Duncan is also the author of the libretto for "La Grande Breteche," with music composed by Stanley Hollingsworth. It was presented on a national television network in February of 1957. The libretto for a third opera, "The Last Puppet," has been written for composer Anthony Silko.

Annual Luncheon For GOP Women To Be At Union

The Iowa Council of Republican Women for Johnson County will hold their annual luncheon on Monday at 12:15 in the Fountain Room of the Union.

Mrs. Stella Barker, state chairman of Public Relations of the Republican Women Council, will be the speaker and will talk on the role of women in politics, with particular emphasis on how Republican women in Iowa can strengthen their party in the next two years.

Mrs. Phil Weldin, Washington, Iowa, first district president of the Council of Republican Women, will install new members to the Johnson County Council. They are: Dr. Olive Pearl Ritter, vice-president, Mrs. Edwin D. Kutz, president, Mrs. Louis Lord, second vice-president, Miss Grace Cochran, secretary, and Mrs. Richard J. Jones, treasurer.

Prep Students To Attend Teachers Day

An inside look at careers in teaching will be provided Wednesday for more than 200 Iowa high school students who are expected to attend "Prospective Teacher Day" at the SUI.

The University program will be part of a statewide plan in which 12 colleges and universities will hold "Prospective Teacher Days" designed to interest capable high school students in entering a program of teacher education at the institution of their choice.

Registration for SUI's Prospective Teacher Day will begin at 9 a.m. in the lobby of Iowa Memorial Union and will be followed by a welcoming address by Dean E.T. Peterson of the SUI College of Education.

Lloyd L. Smith, assistant professor of education at SUI and chairman of the program, says the group will then be divided into two sections, one for students with an interest in secondary teaching and one for those interested in elementary teaching.

SUI students speaking about preparational fields to the group will include William Lillibridge, 24, New Hampton; Glenn Sterling, 23, and Majorie Wagner, A4, both of Iowa City; and Lee Williams, A2, and Dan Eimer, both of Ottumwa.

Following this meeting, the group interested in secondary education will meet for discussion sessions with students at SUI and faculty representatives in the various areas.

Students interested in elementary education will observe four SUI student teachers in their classes at the University Elementary School: Gretchen Green, A4, and Arlene Hunt, A4, both of Des Moines; and Dorothy Howe, A4, and Sharon Schmidt, A4, both of Muscatine. Discussions on the observations and preparation for elementary teaching will follow.

Afternoon sessions will consist of a program of musical selections by SUI's Old Gold Singers, a film on preparing for teaching careers, and an address by Donald Rhoades, associate director of admissions at SUI. His topic will be "Practical Considerations in Going to College."

Prospective Teacher Day is sponsored by the University in cooperation with the Iowa Commission on Teacher Education and Professional Standards.

Journalism Fraternity To Initiate 11 Persons

Six Iowa journalists — including two publishers — and five SUI students will be initiated into the Iowa chapter of Sigma Delta Chi, professional journalism fraternity, Sunday afternoon at the Hotel Jefferson.

Victor Bluedorn, national executive director of Sigma Delta Chi, will be the principal speaker at a dinner following the initiation.

The six new professional members will be G. Wiley Beveridge, publisher, Williamsburg Journal-Tribune; Carl C. Caswell, publisher, Clarinda Herald-Journal; Dan Perkes, of the Associated Press, Des Moines; Everett Streit, editor, Clinton Herald; George Volger, manager, Muscatine Broadcasting Co. and president of the Iowa Broadcasters Association, and Lee White, news director, radio station KROS, Clinton.

New SUI student initiates will include Fred Hawker, A4, Tipton; Alan, Easton, G, Iowa City; Ben Blackstock, A3, Kankakee, Ill.; Donald Forsythe, A3, Plover; and Charles L. Day, A4, Grimes.

WAC Officer Will Visit SUI Campus

Capt. Martha J. Thompson, of the Women's Army Corps Officer Branch of Headquarters, Fifth U.S. Army, will visit SUI, April 7, to interview women interested in the Army commission program offered to women college graduates.

During her stay in Iowa City Miss Thompson will be available at the office of Colonel Max V. Kirkbride, Professor of Military Science and Tactics.

Miss Thompson is the daughter of C. Woody Thompson, Route 1, Iowa City, director of the Bureau of Economic and Business Research at SUI. She attended Carlton College, Northfield, Minn., and took graduate work here.

Good Listening— Today On WSUI

SATURDAY SUPPLEMENT expects to keep you laughing for three hours this afternoon. The hours: one to four o'clock; the theme: Comedy Through the Ages — from the ancient Greek farce, Aristophanes' "The Birds," to Rosalind Russell's "One Hundred Years to Lose a Man."

Other laughs are forthcoming from W. C. Fields, Ben Turpin, S. J. Perelman and Bob and Ray. The comic spirit will further be invoked by Dame Edith Evans, John Gielgud and others in scenes from eighteenth century comedy, and a riverboat troupe will revive America's most mirthful melodrama, "The Drunkard." Even Anna Russell will try to get in the act with her own Italian opera, "Hamletto."

A more straight-faced treatment of drama will pervade S.S. and Lee Strasberg talks about The Method, assisted by Rod Steiger and Julie Harris, members of Strasberg's Actors Studio.

In additional recognition of seventeenth century comedy Larry Barrett and Margaret Cutler will read English and French excerpts from Jovet's "Moliere," this in recognition of the current University Theatre hit, "The Imaginary Invalid."

Keep laughing, from one to four, on S.S.

TEN TO ONE IT'S CUE: an interview with Minneapolis Symphony conductor, Antal Dorati; a BBC presentation of the record industry from the Edison cylinder to today's hi-fi; more comedy from Stan Freberg; songs by Julie Vernon with Bill Bell at the piano; and those old "regulars" Sports Roundtable, anti-rock 'n' roll, news, weather and palm readings.

EVENING CONCERT'S program for tonight was inadvertently listed in yesterday's Daily Iowan. Before anyone goes through the trash for the list of selections, here it is again: Mozart's "Haffner" Symphony, Symphonic Etudes by Schumann, Prokofiev's First Violin Concerto, and Holst's "The Planets."

TEA TIME SPECIAL, from 4:00 p.m. to 5:30, will feature the suite, "Cuban Fire," by Johnny Richards. Performing artists are under the baton of Stan Kenton.

4 Recitals Planned This Weekend

Four recitals will be presented by SUI music students this weekend.

Clarinetist Eugene Martin, A4, Eldora, bassoonist Marjorie Mason, A4, Mason City, and pianist Janet Jamison, A4, Story City, will be performers on this week's "Recital Hall" program, Saturday at 9:30 a.m. on WSUI.

Heard on Saturday's broadcast will be Homer Keller's "Five Pieces For Clarinet and Bassoon," with soloists Eugene Martin and Marjorie Mason, and Janet Jamison as accompanist. Also heard will be Brahms' "Sonata in F Minor, Op. 120, No. 1," Eugene Martin soloist, Janet Jamison accompanist.

Program coordinator for the "Recital Hall" concerts is Marvin Thostenson, associate professor of music.

Two student recitals will be presented Sunday in the North Music Hall.

At 2 p.m. an instrumental program will be given by Donna Dubbert, A4, Rochester, Minn., French horn, and Janice Jacobs, A3, Maragon, trumpet. Miss Dubbert will play "Villanelle," by Dukas; Rossini's "Prelude Theme et Variations pur Cor;" and "Trio, Op. 87 (Adagio)," by Beethoven-Gumbert. In the Beethoven-Gumbert arrangement she will be assisted on the French horn by Karole Kindler, A3, Muscatine, and Wesley Flala, A1, Mason City.

Miss Jacobi will play Haydn's "Concerto for Trumpet;" and "Suite for Trumpet and Piano," by William P. Latham. Both will be accompanied by pianist Linda Eggert, A2, Marengo.

At 7:30 p.m., Willard J. Shinn, G, Franklin, La., will be heard in a recital consisting of "Sonatine," by Gordon Jacob; "Honegger's "Sonatine;" "Eight Pieces, Op.

83," by Max Bruch; and Debussy's "Premiere Rhapsodie." Piano accompanist will be Helen Irelan, G, Ottumwa.

In the Bruch work, Shinn will be assisted on the viola by Fred Slavick, asst. professor and research director of the SUI Bureau of Labor and Management.

Harvey Solberger, A3, Marion, will present a flute recital Tuesday at 4 p.m. at the North Music Hall. Included in the program will be "La Cheminee du Roi Rene," by Darius Milhaud, "Sonata in A minor," by Bach, "Quartet in D major, K. 285," by Mozart, and "Sonatine," by Hans Werner Henze.

Piano accompanist will be James Taggart, G, Milford, Neb., assisted in the Milhaud selection by Charles Ireland, A2, Ottumwa, oboe; Jon Pierson, A2, Ames, clarinet; George Strombeck, A2, Moline, Ill., bassoon, and Wesley Flala, A1, Mason City, French horn.

Assisting in the Mozart number will be Linda Wilmet, A1, Iowa City, violin; Richard Voots, viola; and Peggy Munro, A4, Bett, cello.

Academic Officers Meeting At SUI

Principal academic officers of the Big Ten universities and the University of Chicago are meeting Saturday at SUI to pursue a cooperative research program which will extend over the next four years.

Financed by a \$254,000 grant from the Carnegie Foundation of New York, the research will undertake to identify the contributions which the 11 universities make to the Midwest and their importance to the total picture of American life.

4 Navy Frogmen Stay Under Water 48 Hours

NORFOLK, Va. (AP) — Four waterlogged and slightly dazed Navy frogmen popped to the surface of a swimming pool Friday, proud possessors of a record — 48 hours under water.

"Of course I'm tired and weary, but otherwise I feel just fine," said 29-year-old Eugene S. Timin of Houston, Tex., at the side of the heated pool. "Sure, I'd like to do it again, if it was for the same reason." To prove "that we could do it," said one of the frogmen as they groped up the pool's ladder.

News Digest

Elizabeth Duncan Condemned To Die In Prison Gas Chamber

VENTURA, Calif. (AP) — Doting mother Elizabeth Duncan was sentenced Friday to die for the weird hired murder of her son's wife.

Her lined face showed not a flicker of emotion as she heard the words condemning her to the San Quentin Prison gas chamber.

Standing beside her was her attorney son Frank, 30. Witnesses at her trial said her jealous love for him drove her to arrange the murder of the woman who had taken him away.

Olga Kupczyk Duncan, 30-year-old Canadian nurse who married Frank June 20, was kidnaped from her Santa Barbara apartment Nov. 17 and strangled. Her body was buried in a shallow roadside grave.

Airman Still Claims He Was Bumped Because Of Colonel

TOKYO (AP) — An enlisted man disgraced Friday with an Air Force report clearing a lieutenant colonel of a charge of bumping six GIs from a plane taking them home on emergency furloughs.

The Air Force blamed the whole mixup at Tachikawa March 26 on an administrative error. But the investigating board said the officer, Lt. Col. Charles Platt Jr., of Brooklyn "by his actions contributed to the confusion."

Air Force Fires Third Successful Titan ICBM

CAPE CANAVERAL, Fla. (AP) — The Titan ICBM, the Air Force's powerful new "second generation" rocket, shot over the Atlantic Friday on the third highly successful test flight in a row.

A bright ball of fire shortly after noon signaled the blast-off for what turned out to be the third Titan triumph in the short space of two months.

The 90-foot rocket, shaped like a giant bullet, was fired at a limited range close to 300 miles. Later it was announced that "preliminary data showed the Titan achieved all of its test objectives."

Several hours later a Bold Orion ballistic test rocket, capable of traveling 1,000 miles, was blasted toward a target some 700 miles out over the Atlantic from beneath the wing of a B47 jet bomber.

Crippled Turbo-prop Plane Makes Safe Whirl-up Landing

DETROIT (AP) — A crippled turbo-prop airplane "came down like a feather" with eight passengers and three crewmen Friday in a safe whirl-up landing at Willow Run Airport. No one was hurt.

The four-engine Capital Airlines Viscount skidded in on a cushion of foam spread 2,000 feet along a runway to lower friction and reduce the hazard of fire. It couldn't get one landing wheel down, so it landed without any.

Passengers and crew had more than two hours of anxious waiting in the air before Capt. Earl D. Nygren brought down the 21-ton airplane. Nygren said: "It was just a routine belly-landing. It came down like a feather."

Bergman Arrives In Hollywood For Academy Awards Ceremony

HOLLYWOOD (AP) — Ingrid Bergman, chic and smiling gracefully, Friday ended a 10-year self-imposed exile from Hollywood.

She left for a tempestuous romance with Italian director Roberto Rossellini. She returned on the arm of a new husband, to participate in Monday night's Academy Awards ceremony.

106 Dental Students Finish Exams

Students in the SUI College of Dentistry spent Thursday and Friday taking examinations which will qualify them for recognition as dentists in government agencies and 36 states.

The examinations, given by the National Board of Dental Examiners of the American Dental Association, were taken by 106 SUI dental students.

Dr. George Easton, assistant dean in the College of Dentistry, said the examinations are given in two parts. The first part is given to sophomore students and is concerned with the basic sciences. Junior and senior students take the second part which involves application of dental techniques. Fifty-three students here took each part of the exams.

Dr. Easton explained that the certificate given after the exams have been passed can be used in place of each state's own written examinations.

About 6000 candidates across the country took the examinations this week, Dr. Easton said.

300-Year-Old Indian Relics Sent To Archeology Lab

Indian artifacts thought to be 300 years old have been sent to the Archeology Laboratory for study. R. J. Ruppe, assistant professor of sociology and anthropology said Friday.

The artifacts are from an Indian burial found by Charles J. Ryan, a private collector, in Allamakee county Iowa near Decorah, Ruppe said.

A four inch long knife blade, a copper finger ring, copper tubular beads and venetian beads were found by Ryan at the site last fall.

Six other burials were also found by Ruppe and archeology students at the same site last fall, Ruppe said.

The site was located when a highway construction crew uncovered part of the hill on which the burials were found, Ruppe said.

A complete skeleton was found associated with the burial artifacts sent here, Ruppe said.

To Knock Off Cancers Only One At Time

By JOHN BARBOUR
Associated Press Science Writer
EXCELSIOR SPRINGS, Mo. (UP)—“We are going to knock off cancers one by one — not all in one shot,” a cancer researcher says.

“We didn’t get all of bacterial disease in one shot and we’re not going to get cancer that way either,” Dr. George Moore of Buffalo, N.Y., told this week’s American Cancer Society seminar.

He told of one patient who had spreading cancer through her body. There were two tumors in her head. She was given a drug, and it cleared up one tumor — but another, just a few inches away continued to grow.

This was just a different type of cancer and had to be treated with a different drug, said Dr. Moore, a researcher at the Roswell Park Memorial Institute in Buffalo.

Some hints have been given by the body of a natural cancer-fighting ability.

A halo of the body’s disease fighting white blood cells is found all around a cancer in the body, said Dr. Moore.

This shows the body is trying to fight the tumor — even vainly — and this fighting ability may be a hopeful sign.

A study of Ohio prison volunteers, injected with cancer cells, showed that the young and healthy had the best natural resistance to cancer as well as other diseases.

Generally, a panel of experts agreed, medicine will find a protective agent — perhaps a vaccine — against cancer before it finds out what causes cancer.

Morton Discusses Possible Job As GOP Head

WASHINGTON (UPI) — Sen. Thruston B. Morton (R-Ky.), took a close look Friday at the GOP leadership post he is expected to inherit next week from retiring Republican National Chairman Meade Alcorn.

Morton and Alcorn held a Washington breakfast conference which was described at GOP headquarters as a “general talk about Sen. Morton’s availability” for the chairmanship.

Morton, who flew into Washington Thursday night to see Alcorn, flew back to Louisville, Ky. Friday without making any formal statement. He already had said he was available for the job if the party asked him to serve.

In Kentucky, Sen. John S. Cooper (R) forecast Morton’s election and said he “will make a great chairman.” Cooper said support for Morton in Kentucky “is unanimous and enthusiastic.”

Rioters Turn Buenos Aires Into Chaos

BUENOS AIRES, (UPI)—Serious rioting broke out in downtown Buenos Aires late Friday as thousands of Peronist and Communist workers demonstrated against the government’s austerity and labor control policies.

Massed mounted and foot police fired heavy barrages of tear gas bombs against the demonstrators who gathered before the congressional building in violation of a police ban.

The demonstrators burned three private cars and overturned several others. They also overturned a police truck six blocks from the congress plaza.

Police ordered out nearly 2,000 men around the plaza to keep order along with 25 assault cars, two armored cars and firefighting units.

A neptune tank spraying colored water was also active. The water was used to facilitate the identification of rioters engaging in criminal activity. At least two persons were hurt by bursting tear gas bombs.

The downtown area was in chaos in the early evening as Peronist and Communist gangs mingled with homegoing shoppers and office workers, overturning and burning cars in Mitre, Diagonal Norte, Rivadavia and other arterial thoroughfares.

Ike Orders Study On Atomic Fallout

WASHINGTON (AP)—A government study is under way to determine the roles to be played by various federal agencies in checking the health effects of radioactive fallout.

The study is being made by the Atomic Energy Commission, the Welfare Department and the Budget Bureau on orders from President Eisenhower.

White House press secretary James C. Hagerly, announcing this Friday, said Mr. Eisenhower expects a report in a few weeks.

A statement released at the same time said the study is being conducted “in view of the considerable public attention which has been focused recently on the radiological health studies of the federal government.”

Word of the Eisenhower-ordered study came in the wake of proposals in and out of Congress that the Public Health Service, an arm of the Welfare Department, take over chief responsibility for protecting the nation from radiation hazards. The AEC now has that primary responsibility.

Nuclear Tests

Worldwide concern has been expressed about fallout from nuclear tests conducted by the United States, Britain and the Soviet Union — the world’s three atomic powers.

A dangerous element in this fall-

out is Strontium 90, which — if taken into the body in sufficient amounts — could cause blood or bone cancer.

Radioactivity Rising

Recent reports from the AEC and other sources of a sharp upturn in radioactivity in U.S. soil have spurred the Senate-House Atomic Energy Committee to order a hearing May 4 to look into the matter.

Atomic Commissioner Willard F. Libby said Friday he hopes AEC investigators will produce significant findings in time for that hearing.

But Libby said nothing significantly new has turned up since he reported in a Seattle speech March 13, that Soviet nuclear tests in the arctic last fall were followed by a virtual doubling of the radioactive content of the stratosphere.

Latin American Problem Talks

WASHINGTON (UPI) — Assistant Secretary of State Roy R. Rubottom Jr. will confer with U.S. ambassadors to Caribbean and Central American nations next week on the area’s turbulent political and economic affairs.

The meeting, it was learned, will be held at San Salvador and will include ambassadors or top U.S. diplomats.

Word of the meeting came as Sen. Hubert H. Humphrey (D-Minn.), declared that inter-American relations were “in a more critical stage today than they have been at any time in the past three decades.”

Humphrey, a member of the senate foreign relations committee, said in a speech at the University of Florida, “the nations to the south are in the midst of an epic social revolution.”

He said the United States should look into a Marshall Plan type of program for the Americas.

Women Spring Into Action Against Excess Poundage

By KATIE HARRIS
Staff Writer

“Exercise five, waist . . . stand erect . . .”

It’s spring again and about one-third of the campus, known as the weaker set, has taken to exercising.

At one sorority, Alpha Delta Pi, almost the whole house takes part in the activity, including the housemother. Every night at 10:30 the group assembles in the second floor hallway to begin their contortions.

A woman with a beautifully sweet voice directs the girls through the exercise record. Their faces, twisted from the strain of exercising show their determination as they keep time to the musical strains of “Yellow Rose of Texas,” and “Pop Goes the Weasel.”

The effect of the exercises seems to be questionable. Some girls have gained weight where they don’t want to, and lost where they wanted to gain. The most common effect to all has been sore aching muscles and stiff limbs.

Younkin—On A Limb

Major League Outlook The Chicago Cubs

By LOU YOUNKIN
Sports Editor

My sixth place choice in the coming National League race, the Chicago Cubs, finished in a tie for the No. 5 position last year with St. Louis. This year's Cubs will be about the same as the 1958 edition.

That means the Chicago entry has Ernie Banks, Walt Moryn, Ernie Banks, Al Dark, Ernie Banks, Lee Walls, Ernie Banks, Dale Long, Ernie Banks, Don Elston, Ernie Banks, Bobby Thomson and Ernie Banks.

If manager Bob Scheffing had this many Banks in the lineup he would have no trouble winning games. However, there is only one Ernie Banks — 1958's most valuable player. The slim shortstop blasted 47 homers last year, drove in 129 runs and hit .313 besides fielding his position adequately.

The fact that Elston was the only pitcher named is noteworthy—and he is a relief hurler. The Cubs have a weakness on the mound as evidenced by the fact that the starting pitcher was around at the finish only 27 times in 154 games last season. Elston and his lefthanded cohort, Bill Henry, saw plenty of relief action last year and should do more of the same in 1959.

Banks Had Help, Plus

Banks had great support at the plate last year. Left fielder Moryn hit .264 with 26 homers and 77 runs batted in, center fielder Thomson hit .283 with 21 home runs and 82 RBIs, right fielder Walls hit .304 with 24 round-trippers and 72 RBIs and home runs and 75 runs batted in. Add first baseman Long hit .271 with 20 to this third baseman Dark's .295 average and the identical .259 marks by catchers Sammy Taylor and Cal Neeman and you can see the Cubs were certainly a formidable offensive crew.

The catch is the Cubs had little bench strength, negative pitching and a poor season by second base rookie Tony Taylor. A Cuban, Taylor played winter ball in his native land this year and led the league in hitting. In fact Taylor was the only man in the league, which was well sprinkled with major leaguers, to hit over .300. His Cub average in '58 was only .235 and his fielding spotty.

So it appears that Scheffing is going with the same team this year and keeping his fingers crossed on his young pitching staff. Chicago led both leagues in home runs last year with 182, but its pitching staff was second only to Los Angeles in ineffectiveness.

The two rookie pitching sensations of 1957, Dick Drott and Moe Drabowsky, did a complete about face in 1958. Drott went from a 15-11 season to 7-11 and was plagued by his constant inability to get the ball over the plate. Drabowsky, who was 13-15 in '57, slumped to 9-11 and as is the case with most of the Cub pitchers, had more than a little control trouble.

Earned Run Averages Soar

Drabowsky's ERA shot from 3.53 to 4.50 in one year, Drott's earned run average went from 3.58 to a horrible 5.44.

Glen Hobbie, a rookie last year, was Scheffing's most reliable starter. He finished with a 10-4 record and a respectable ERA of 3.75. Dave Hillman was the only other dependable starting pitcher Scheffing had although his record of 4-8 doesn't show it.

Lefthander Taylor Phillips was 7-10 after coming to Wrigley Field from Milwaukee. He got right in the swing of things with the rest of the Chicago starters and finished with the high ERA of 4.76.

Cub hopes are high on two rookies who came up last September and looked good. Jack Buzhardt, only 9-11 at AAA Portland, won three without a loss. Bob Anderson, the first pitcher in the majors this spring to go the nine inning distance, split six decisions for the Cubs.

Sox in exchange to rereserve outfielder Chuck Tanner, could give the Lefthander Bob (Riverboat) Smith, acquired from the Boston Red Sox in exchange for reserve outfielder Chuck Tanner. Could give the staff a boost from the port side.

The Also-Rans

Scheffing also has high hopes, or at least he says he does, for Dolan Nichols, Harry Perkowski and Elmer Singleton. Nichols was around for awhile last year and couldn't get anybody out. Singleton, 38-year-old righthander, doesn't figure to help. Perkowski, 36, was 12-4 at AA Fort Worth last year but the fact that he was found expendable by pitching-shy Cincinnati does not speak well for his talents.

Elston and Henry form an excellent bullpen, but will need help. With the quality of his starters, Scheffing may even need more relievers than men to start games. Nichols, Singleton or Perkowski may be filling in this capacity.

The strong point in the weak pitching staff is youth. Aside from Perkowski and Singleton, Henry is the oldest at 31. Hillman and Elston are 30, Nichols 28, Phillips 25, Drabowsky and Buzhardt 23, and Drott, Anderson and Hobbie 22. Maybe last season's rough treatment will have taught them something.

The infield is set with Long, Tony Taylor, Banks and Dark from first to third. Jim Marshall, a .272 hitter last year, will probably be the first base alternate. Other infield reserves will come from Johnny Gorly, former Minnesota star Jerry Kindall and Bobby Adams. Adams is the best of the three, but is 37 years old.

Averill New Addition

Temperamental Earl Averill, Jr., was picked up from Cleveland in exchange for pitcher John Briggs and outfielder Jim Bolger. An infielder, Averill can also don the mask and mit and has an excellent of sticking with the Cubs.

From left to right in the outfield will be Moryn, Thomson and Walls. Chicago will need defensive and second line starters in the outfield and this is expected to come from Chick King, Bob Will and/or George Altman. King and Will hit .281 and .361 at Fort Worth last year, respectively, while Altman was named the outstanding rookie at the team's spring camp at Mesa, Ariz., this spring.

Righthanded swinging Neeman and lefty Sammy Taylor will alternate behind the plate. Morris Thacker, a .293 hitter at Fort Worth, is the likely No. 3 catcher.

Dark, at 34, and Thomson, 35, will need occasional rest, but age is no problem for the rest of the starters. Long is 33, Tony Taylor 22, Banks 28, Moryn 32, Walls 26, Neeman 30 and Sammy Taylor 26.

If the pitching comes around the Cubs could be a real surprise this year. However, sixth place seems the most logical final resting place for the Chicago National League representatives.

Leabo's 2-Out Pinch Single Gives Hawkeyes 5-4 Victory

Sophomore Jack Leabo drilled a solid pinch hit single to left center field with two out and the bases loaded in the seventh inning here Friday afternoon to give the Iowa Hawkeyes a 5-4 baseball victory over Western Illinois.

Iowa coach Otto Vogel and WI mentor Guy Ricci had agreed to play a 7-inning contest instead of the usual nine because of the cold weather and high winds. The end of the game was met with mixed emotions by the frozen fans — happy over the victory, but wondering why everybody was quitting two innings early. It was not announced that the game would be shortened.

Leabo's big hit took teammate Al Klinger off the hook. With the score tied 3-3 in the top of the sixth, center fielder Klinger misjudged a drive off the bat of the Leathernecks' Fred Titsworth with the result that the ball rolled to the fence for an inside the park home run and a 4-3 lead. In Klinger's defense it must be said that anyone who caught a fly ball Friday deserved a pat on the back. The winds played havoc with the ball once it was launched skyward.

Co-captain Roger Rudeen went the routine for Iowa to gain his first win of the season against two losses. The Hawks squared their season mark at 3-3-1, the first six games being played under more favorable conditions against Arizona at Tucson.

It was the first outing for Western Illinois and it came close to being a successful one.

The Leatherneck starting pitcher, southpaw Dick Helmericks, left the fray at the end of five innings with the score tied at 3-3. Helmericks did not allow an earned run, but that is only technically speaking. Two of Iowa's three counters can be traced directly to the hefty slow-baller's inability to neither find the plate or his catcher.

The Hawks scored in the first inning when Don Peden singled, moved to second on a wild pitch, to third on an infield out and scored on another wild pitch. Iowa's tally in the fifth came when Dick Weatherly singled, went to second on a passed ball by catcher Doug Paulson, to third on a wild pitch by Paul Bonstead that was hauled down by Titsworth for a sacrifice fly.

The longest drive of the day belonged to WI first baseman Tilly Baldwin. Baldwin drove a Rudeen pitch off the top of the screen fence on Melrose Avenue for a

home run in the fourth inning. Titsworth's homer and third baseman Bob Churchill's 2-run single in the second inning were the only damaging blows off Rudeen who walked none, struck out four and allowed only seven hits.

Peden got the seventh inning rally under way for Iowa by working relief hurler Micky Madison for a base on balls. After Weatherly had fled out, Bonstead ripped another long drive to right field — this one falling in for a double, Peden stopping at third. Mike Bougdanos was given an intentional walk and Klinger forced Peden at the plate on a chop to Churchill at third. That set the stage for Leabo's winning drive.

The other Hawkeye run was a gift in the second inning. After Klinger and Al Bousquet had singled, Rudeen bounced one back to Helmericks on the mound. The throw to second base forced Besquet, but shortstop Larry Vogel, in his haste to complete the double play, dropped the ball and Klinger came all the way from second base to score.

Iowa, which had played .882 defensive ball in its first six games, went the distance without a bobble and looked especially sharp for this time of season. Bougdanos' grab of a looping liner in short center field in the first inning resulted in a double play when Titsworth was caught straying too far from second base and was one of the fielding highlights of the day.

Western Illinois second baseman Frank Belline robbed Jerry Mauren of a hit with a fine backhand stab of a ground ball in the fourth and Baldwin made a diving catch of Klinger's wind blown foul ball in the third for outstanding Leatherneck defensive plays.

The same teams meet in a doubleheader today beginning at 1:30 p.m. Righthander Bob Pearl and southpaw Al Bachman are expected to pitch for the Hawks.

Palmer Takes Masters Lead In Bid For 2d Title In Row

AUGUSTA, Ga. (AP) — Arnold Palmer, a golfer with little regard for golf's traditions, made his bid Friday to become the first player ever to win two Masters tournaments in a row.

Palmer took the lead at the halfway point with rounds of 71-70-141 on the wind-toughened, 6,980-yard Augusta National Course. Then he calmly said he wasn't concerned about tradition that a Masters winner doesn't repeat.

"I'm just concerned about winning the tournament," he said. When he won last year with a solid 284, he was the youngest

Nats Seek To Nix Billy Loes Swap

ORLANDO, Fla. (AP) — President Cal Griffith of the Washington Senators Friday said he will ask baseball's Commissioner Ford Frick to void a deal in which the Baltimore Orioles sent south-armed Billy Loes to the Nats.

Griffith said the Senators' team physician had found Loes has an incomplete rupture of the right arm near the shoulder. The physician recommended surgery, but said there is only a 50-50 chance of recovery from the ailment.

Griffith added that Lee MacPhail, Orioles' general manager, had told him Loes' arm was sound before the Tuesday swap which gave Baltimore righthander Vito Valentini.

Maglie Gets Card Offer For Coaching

ST. PETERSBURG, Fla. (AP) — Sal Maglie, who helped pitch the New York Giants, Brooklyn Dodgers and New York Yankees to four pennants, is considering an offer to serve as a pitching coach in the St. Louis Cardinals farm system.

Maglie said Friday the offer was made by Cardinal General Manager Bing Devine Thursday after announcement that the Redbirds were giving the 42-year-old right-hander his unconditional release.

"I promised Bing I'd think it over and let him know in two-three days," Maglie said.

Maglie, apparently at the end of the line, owns one of the best lifetime won-lost records in the majors with 119 victories and 62 defeats. Last season his record was only 3-7.

Maglie said he knew nothing about reports the Giants were interested in re-acquiring him.

Government Backs Detroit For Olympics

WASHINGTON (AP) — An invitation to hold the 1964 Olympic Games at Detroit got official government backing Friday.

President Eisenhower signed a resolution passed by both houses of Congress declaring the U.S. Government would welcome the holding of the games in this country.

The International Olympic Committee will pick the site next month.
