## Authorities Hold Five For Robbery

By RAY BURDICK  
Staff Writer

Iowa City police arrested five Chicagoans here Friday in connection with the daring daylight robbery of the Me Too grocery store, 26 S. Van Buren St.

Police said Anna Wade, Chicago, is being held to face a charge of robbery. Store employees said Miss Wade grabbed a handful of bills from a cash register and ran. She was caught by store manager Rex Beardshear after a two-block chase north on Van Buren St.

Being held to face charges as accessories to the robbery were Mr. and Mrs. Alton E. Wheeler, Emma Burgins, and James Brown, all of Chicago. They accompanied Miss Wade to the store and left in a Michigan-licensed car after the robbery, police said.

Beardshear said the robbery took place about 11 a.m. when three women and one man entered the store and approached Miss Melba Martin, North Liberty, a clerk at one of the check-out counters.

Miss Martin said they sent her brother, Larry, who was sacking groceries at her counter, to the back of the store after soap, then they asked her for a sack.

When she bent over to get the sack, Miss Martin said, the clerk at the next counter, Mrs. Harold Werderman, 715 S. Riverside Dr., saw Miss Wade take the money from the register.

As the four fled from the store, Beardshear said he ran after them and finally caught Miss Wade. "I've never seen a woman in high-heeled shoes run so fast," he said. A salesman, who was in the

store at the time, Bob Wedger, Cedar Rapids, assisted Beardshear in bringing struggling Miss Wade back to the store.

Meanwhile, the three who accompanied Miss Wade into the store joined another man waiting in a car outside and drove away. Store employees got the license number and description of the car and the four were stopped by highway patrolman Joe L. Smith at Homestead, about 12:30 p.m., and returned to Iowa City.

Beardshear said he recovered \$100 from Miss Wade after he overtook her on the street. He said, however, that after a careful check of his records, \$140 was still missing.

When the four alleged accomplices were arrested at Homestead, one of them was found to have more than \$145 in his possession. The others had smaller amounts.

## Matrix Banquet Replies Due

Monday is the deadline for replies to invitations for the annual Theta Sigma Phi Matrix Table banquet April 29. June Hubby, A4, Cedar Rapids, president of Theta Sig, said the 500 SUI women invited may reply at the main office, Communications Center.

The campus leaders and women active in civic organizations will hear Harlan Miller, Des Moines Register columnist, at the banquet in the Iowa Memorial Union.

The program will also present awards to a senior woman active in campus affairs and an Iowa City woman who has contributed to community affairs.

The student nominees were selected by honorary, social and professional organizations and housing units. Each group elected one nominee. Iowa City women candidates for the award were nominated by their respective groups.

## Air And Rail Time Changes Announced

The shift to Daylight Savings Time in Illinois will necessitate a change in schedule starting April 26 for the Chicago Rock Island and Pacific Railroads and Ozark Airlines, it was announced Friday.

Robert J. Libby, station agent for the Rock Island said the change would affect two westbound passenger trains. Train No. 1, now leaving Iowa City at 6:05 a.m., for Des Moines, will leave at approximately 4 a.m. and Train No. 9, departing Iowa City 2:45 a.m., will leave at 3:50 a.m.

Libby said the change in schedule would definitely go into effect April 26, but the train departure times are approximate at this time.

Jimmy L. Williams, station manager of Ozark Airlines, said six flights would be affected by the new time.

Flight 120 will not leave Iowa City at 7:56 a.m. and arrive in Chicago at 10:20 a.m. Flight 122 will leave Iowa City at 5:28 p.m. and arrive in Chicago at 5:28 p.m.

Returning Flight 121 will depart from Chicago at 11 a.m., Daylight Savings Time, and arrive in Iowa City at 11:41 a.m. (CST). Returning Flight 123 will leave Chicago at 5 p.m. (DST) and arrive here at 5:41 p.m. (EST).

Flight 121 will leave Iowa City at 11:46 a.m. and arrive in Des Moines at 12:34 a.m., and Flight 123 will leave Iowa City at 5:46 p.m. for Des Moines and Sioux City.

Williams said the switch to Daylight Time will alter each flight an hour and allow more ground time in Clinton and Iowa City.

# Rioting Continues In Montana Prison

## GOP Senator Says Herter Is Choice

AUGUSTA, Ga. (UPI) — President Eisenhower conferred with resigning Secretary of State John Foster Dulles by telephone again Friday, presumably on the matter of a successor, but there was no indication when the choice will be announced.

Administration and Congressional sources predicted flatly that the job will go to acting Secretary Christian A. Herter, but the White House steadfastly refused to discuss Herter or other possible candidates.

In Washington, Senate Republican Leader Everett M. Dirksen told reporters he had been assured that Herter would be nominated as Dulles' successor, and that the announcement may be made today.

White House Press Secretary James C. Hagerty reacted to the statement by Dirksen and said "I know of no one in the White House who has given anyone any assurance on anything."

As for announcement of a successor to Dulles, Hagerty said the White House did not feel there had been a delay as claimed in some Washington quarters.

Acting Secretary Herter was at a 2,000-acre low country plantation near Green Pond, S.C., for the week-end, arriving there early Friday. Green Pond is about 100 miles from Augusta but there was no indication that Herter might be

summoned to the vacation White House.

Neither would the White House comment on reports that Herter, at the President's request, had a physical checkup in Washington Wednesday.

White House Press Secretary James Hagerty disclaimed knowledge about reports that Vice President Richard M. Nixon would accompany the President to a Summit Conference should such a meeting be arranged. "I have no knowledge of that at all," Hagerty said.

Hagerty added that, in his opinion, stories about a Summit Conference are "a bit previous" since

the U.S. position is that "some progress" must be made at a Foreign Ministers Conference before a Summit Conference is planned.

## Castro Favors Free Press, Democracy

WASHINGTON (UPI) — Fidel Castro spoke out strongly Friday against dictators and in favor of a free press.

Cuba's strongman and prime minister also said he doesn't want any handouts from the United States — just better trade relations and U.S. tourists seeking "a good time."

He also said his major goal is to ward off communism by wiping out poverty and hunger.

The heavy-bearded revolutionist spoke to the American Society of Newspaper Editors, while friends and foes of his regime demonstrated, in an atmosphere of some tension, outside the hotel.

Castro spoke at considerable length, and in emotional tones, to the editors. He gave a strong pitch for the American tourist trade, saying visitors can either rest in comfort or whoop it up among people he called the happiest in the world.

The 32-year-old Castro stuck gamely to English — frequently consulting an interpreter at his side — as he lectured his hosts on Cuban economic problems and said his country needs a "just treaty of commerce" with the United States to get money for building factories and reforming agriculture.

There wasn't much talk about two controversial aspects of the Castro regime — widespread executions which followed his taking power on New Year's Day and allegations that he is under Communist influence.

## Iraqi Leftists Parade Strength

BAGHDAD, Iraq (UPI) — Iraqi leftists put on their greatest show of strength with a parade through Baghdad Friday.

Half a million or more men, women and children danced, sang and clapped hands as they marched under waving banners and replicas of peace doves to the throbs of drums.

It was the windup of the national congress of peace partisans, which Premier Abdel Karim Kassem opened here last Tuesday.

Demonstrators carried pictures of Kassem, who has won economic support from Moscow since crushing the nationalist revolt at Mosul last month. Many of Baghdad's million people watched from sidewalks and rooftops.

## Symphony To Play Music By SUI Professor Hervig

The first performance of "Music for a Concert," composed by Richard B. Hervig, associate professor of music at SUI, will be given at the University Symphony Orchestra concert Wednesday.

Hervig has dedicated the concert to SUI music instructor James A. Dixon, who will conduct the orchestra.

The concert will be held in Iowa Memorial Union Wednesday, at 8 p.m.

The orchestra will also play "Concerto for Violoncello" and "Orchestra in D Major" by Joseph Haydn with cello soloist Hans Koelbel, and "Symphony No. 4 in F Minor, Op. 36" by Peter Tchaikovsky.

Tickets for the concert will be available at the Information Desk of the Iowa Memorial Union starting Saturday.

Hervig, a native of Iowa, completed "Music for a Concert" during the Easter recess. His "Sonata for Violin and Piano" was performed earlier this year by the orchestra. Other compositions written by Hervig include "A String Quartet," "Sextet for Piano and Winds," and "Trio-Concertino." Haydn's "Concerto for Violoncello and Orchestra" was written in 1783, and for a long time the

authorship of the work was in dispute. It was first attributed to a pupil of Haydn's, cellist Anton Kraft.

The work has been proved the authentic composition of Haydn, and the autographed score, which was lost for almost a hundred years, is in the Vienna National Library.

Cello soloist Koelbel has lived most of his life in Germany. He has been a soloist with the Leipzig Philharmonic Orchestra and has played with the Budapest String Quartet.

Koelbel studied with August Benhart in Saxony, August Bielar in Hanover, and Julius Klengel at the Royal Conservatory of Music in Leipzig. He has been a member of the SUI faculty since 1937.

Tchaikovsky's Fourth Symphony is dedicated to his patroness Mme. Nadejda von Meck. Although the two never met, Tchaikovsky and Mme. von Meck carried on a prolific correspondence.

In one of the composer's letters to Mme. von Meck he promised the third movement of his fourth symphony would have a new sound effect. This movement features the entire string choir playing pizzicato, or plucking the strings with the fingers of the right hand.

## Release 2 of 23 Hostages; Threaten To Kill The Rest

DEER LODGE, Mont. (UPI) — Mutinous convicts at the Montana State Prison released two of 23 hostages late Friday but pressed new demands under threat of death for their captives.

The prisoners killed the deputy warden and stabbed another guard when they began their rebellion late Thursday.

After threatening to burn alive their captives, the rioters released guard Chris Pletan, 49, and later allowed prison sociologist Walter Jones, 24, to go free.

Jones had served once earlier as a go-between for the convicts and Warden Floyd Powell. That time he was ordered by the rebellious convicts to return to them or face the possibility of their killing the other captives.

This time, Jones said, "they did not make any threats." He indicated he would not return inside the cellblocks where the armed and nervous convicts held full control.

Pletan, the guard, said he apparently was released only because he is a diabetic and was on the verge of a coma.

"They mean business," he said after walking through the corridors to freedom. "They're not fooling."

Warden Powell said another of the 16 guards still hostage also is a diabetic. The warden identified him as Charles Brown. He said he learned Brown is being cared for by one of the inmates, a male nurse.

Six convicts, all described as older men, also are being treated in the prison hospital by the rioters, said Powell.

The warden conferred by telephone for 15 minutes late Friday with Gov. J. Hugo Aronson in Helena. Their remarks could not be heard by reporters, but Powell was heard to say, "We're praying for these fellows in there, governor."

Still among the hostages are the 16 guards and 5 convicts said by prison officials to be regarded by the rioters as "stool pigeons" — convicts who have informed on their fellow inmates. Their identity was not learned.

The mutineers have protested about what they term inhuman living conditions inside the 90-year-old turreted institution.

Warden Powell said the convicts had about a three-day supply of food when they took charge of the prison late Thursday.

The prisoners are armed with bottles of napha — a highly explosive cleaning fluid. These weapons, known as Molotov cocktails, have been waved threateningly at the hostages. Convict leaders early shouted they would burn the hostages alive if an attempt was made by National Guardsmen to storm the prison gates.

Jones marched out briskly to the warden's office, across the street from the prison cellblocks, after his release.

Except for a small cluster of National Guardsmen at the prison gates, the streets around the prison have been cleared of all persons and vehicles.

Gov. J. Hugo Aronson remained in Helena and said he was standing firm on my original statement that I have no time to go to Deer Lodge or to talk with any of the rebellious convicts un-

til order has been restored, all hostages released unharmed, and the convicts back in their cells."

Dep. Warden Theodore Rothe, 38, was shot to death, and guard William Cox, 41, was stabbed at the start of the uprising Thursday afternoon.

Warden Floyd Powell, 46, captured at knife point, escaped with help from a meat cleaver-armed burglar.

Convict leaders told Keith Fuller of The Associated Press and two other newsmen they were holding 23 hostages, including some "stool pigeons."

Prison officials earlier had placed the number of hostages at 18 — presumably all guards except for the prison psychologist, Walter Jones, 24.

The other hostages apparently are fellow convicts whom the rioters feel have been reporting their prison activities to officials.

Convict spokesman Jerry Myles, a Butte burglar, said on the prison loudspeaker system — controlled by the rioters — that they rejected a state offer to release the hostages in return for publicity about prison conditions.

Myles said the cellblocks "are terrible." He has complained of what he termed poor medical care and filthy sanitation.

Myles said "I was one of the guys over there when Rothe (the deputy warden) was killed. It was an unfortunate accident, for which I might be hanged. If I get life, I want to be treated as a decent man with medical care and like a human being."

Warden Powell said there would be no publicity regarding conditions which the rebels say touched off the riot until all hostages are released.

Warden Powell directed the haggling with convict leaders over terms of an agreement that would end the rebellion.

After the meeting with newsmen, the prisoners said they wanted "to take a rest" for a while before resuming talks with prison officials.

Jones, seized at the start of the riot, was released earlier in the day for an eight-minute talk with newsmen on his promise to return under penalty of harm to the hostages.

"The hostages 'are all set up to be killed, some will be hanged," Jones said. "I am going back in. I don't know for how long. The inmates are touchy. Any little thing will set it off."

The only other serious riot in the 90-year history of the prison occurred in July 1957. There was no bloodshed. The prisoners at that time prepared a long list of grievances. As a result, the prison administration was changed, with Powell being hired as warden from the Wisconsin State Prison where he had worked eight years.

## Four Dietitians Manage Million Dollar Dining Services—

# 3000 Hungry Students Satisfy Appetites At Dorm Meals

By MARLENE JORGENSEN  
Staff Writer

Four women manage a more than \$1 million yearly business — dining services in the boarding dormitories on campus.

The four are responsible for feeding about 3,000 students living in Quadrangle, Hillcrest, Currier, and Burge. They are in charge of preparing and serving the 185 gallons of soup or hundreds of T-bone steaks it takes to feed the four dorms for a meal.

Twelve supervisors help the head dietitians direct the activities of about 330 student employees and 185 other employees. Some of these employees only work part-time.

The four women in charge of

these operations are Helen Goodenow, Currier Hall; Margaret Stokely, Burge Hall; May Herrman, Hillcrest; and Mable Walther, Quadrangle.

Miss Goodenow came to SUI in 1942 as manager of Currier. A graduate of Iowa State, she spent two years as assistant director and head dietitian at the University of Oregon.

Miss Goodenow believes the table service in Currier is unusual in college dormitories. She said most of them changed to cafeteria-style service during the war. At one lunch meal and dinner, all of the girls are seated and served at once. Miss Goodenow says this furnishes

an opportunity for girls to learn proper serving methods and gives them a chance to have birthday parties in Currier's small side dining rooms.

Currier's kitchen was built in 1939, but many things have been added since then. The dormitory has plenty of freezer space, new stoves, dish equipment, steaming pieces, garbage disposals, and coffee urns. Ice is also made in the dorm.

Mrs. Stokely is also a graduate of Iowa State. She worked in Quadrangle and Currier, before being named manager of Burge Hall in July, 1958.

Two of the four dining rooms in

Burge are open, and Mrs. Stokely said the others will be open next September. She said that some table service may be tried in Burge, but at the present time there would not be enough space to seat everyone at once.

Mrs. Stokely said two different supervisors plan menus so that more variety may be obtained. She checks them to be sure that the same foods will not be served on the same days of the following weeks. Menus are planned three weeks in advance.

Variety is also obtained by trying different taste combinations starting from standardized menus, she said. A smaller portion is tried first and served to employees, Mrs. Stokely

added.

Miss Herrman started at Hillcrest in 1943 when the dormitory housed the Navy Pre-Flight School. She graduated in home economics from Racine, Wis., and worked in Minnesota, Florida, and Wisconsin.

A new dining room and kitchen is being built in the Hillcrest addition which is scheduled for completion next fall. Miss Herrman said the present kitchen and dining facilities have not been increased since the war, and there is no room to seat the number of men the dormitory could hold. Hillcrest was not originally built to be a boarding dorm. At present about 800 are served, but 1000 to 1200 men will be served when the addition is completed.

Miss Herrman said the new facilities

will enable her staff to present more choices of food, and will furnish more room for displaying food. She said the dietitians have been experimenting with new dishes for variety, but usually the men prefer the dishes which have been served in the past.

Miss Walther also came to SUI during the war and was named head of dining services at Quadrangle a few months after she arrived. She graduated from the University of Nebraska and took graduate work in foods at Iowa State College. She worked in government cafeterias in Washington, D.C., before coming to Iowa City.

Besides feeding the men in the dorm, Miss Walther manages the public cafeteria and Quad grill.

Quad dining room and kitchen were remodeled three years ago when the public cafeteria opened.

Miss Walther said many of the men are as conscious of weight as women. Although steak and potatoes are favorites, she said many still count their calories.

About 275 people eat in the public cafeteria for lunch and dinner. Miss Walther said that records are kept for each day, meal by meal, so that the quantity planned varies from meal to meal.

The dietitians agreed that abstinence makes possible the quality of meals which are served. The money which is saved when residents do not eat in their dormitories can be used to improve food quality.

Although Miss Herrman reported that Hillcrest residents do not miss many of their meals, Miss Walther said that about half of the Quad residents are planned for at breakfast. Miss Goodenow said that the percentage of Currier residents who eat breakfast on weekends drops to about 25 per cent.

The four women reported that many factors affect meal attendance, including the weather and weekend dances. Mrs. Stokely said when it is raining or snowing, the dietitians can plan on a fewer number for lunch. In severe weather such as the snow storms last month, attendance will be high because many do not go to classes, she added.

# U.K. Press Attacks State Department

WASHINGTON (UPI) — The State Department expressed dismay Friday over what it called the attitude of "timidity" by the British Press over high-level American Air Force flights to Berlin.

Press Officer Lincoln White also flatly denied what he said were British newspaper reports of a "split within the United States Government" over the flights.

Russia has protested the high-altitude flights by C-130 turbo-prop aircraft in the corridors linking Communist-encircled Berlin with West Germany. It contends such flights must be below 10,000 feet and several U.S. planes have been buzzed or harassed by Soviet jets.

The State Department's action criticizing the Press of a friendly ally was highly unusual.

White said, however, that "there is approval of the use of C-130s into and out of Berlin." He repeated that this country does not accept any limitation whatsoever on its right to fly at any altitude it wants in the corridors.

Other officials said President Eisenhower personally had approved the policy.

White's statement emphatically rejected British Press assertions that the continued American flights were "provocative" and jeopardized East-West negotiations with

# Operation Alert Shows Weak Spots

WASHINGTON (UPI) — Mock hydrogen bombs smashed down on the United States Friday in a massive, initiation attack.

Hundreds of communities and millions of people tested their ability to survive. No national estimate of supposed casualties and damage was available and there will be none.

A nationwide warning system flashed word of impending attack. The shriek of sirens at 11:30 a.m. (EST) warned that "enemy" bombers were no more than two hours away — less for some targets.

Regular broadcasts of all radio and television stations were blacked out for 30 minutes. But 1,200 of the radio stations were back on the air immediately, on frequencies 640 and 1240 kilocycles, as part of an emergency system called Conelrad.

This was the beginning of Operation Alert 1959, the annual Civil Defense drill organized by the Federal Office of Civil and Defense Mobilization. Other phases will take place later in the year.

Most of San Diego, Calif., an aviation center and naval base, theoretically was wiped out by a mock nuclear weapon launched from a submarine. Of half a million residents, 40,000 presumably failed to heed instructions to move out — and 39,700 presumably died.

Ten thousand reserve officers and men of the Air Force were summoned from their civilian posts in 18 Midwestern states. Without any tipoff, the 10th Air Force headquarters at Mount Clemens, Mich., called a practice alert to test the speed and efficiency with which it can mobilize reserves.

Conelrad, which is supposed to confuse an attacking enemy, confused some people, too. Radio station WRO at Marlboro, Mass., reported, for example, that so many stations in New England were broadcasting simultaneously on the Conelrad frequencies that the warnings were a jumble.

Finding such weak spots is one goal of Operation Alert.

Conelrad broadcasts switch quickly from one station to another, without identifying any of them, so an enemy can't follow a radio beam to a target.

Conelrad also is designed to relay to the people information that might save many lives in event of actual attack.

# Guards Called In Coal Strike

FRANKFORT, Ky. (UPI) — Gov. A. B. Chandler Friday mobilized 1,000 Kentucky National Guardsmen for possible police action as new violence flared in the southeastern Kentucky coal strike.

Guard officers and their staffs left immediately to conduct a "reconnaissance in force" of the strike area.

The Governor acted, as a non-union coal truck driver was killed in a gun battle with United Mine Workers International pickets and a dynamite blast damaged another mine tippie and conveyor.

Maj. Gen. J. B. Williams, state adjutant general, mobilized the 41st Field Artillery Battalion at Richmond, and the 241st Tank Battalion at Barbourville, Ky.

"I pled with them (mine operators and UMW officials), beseeched them every way in the world. I've tried desperately to get my people to respect each other's rights. I feel a sense of guilt that I haven't been able to stop this senseless killing."

Two persons have been slain since the strike began last March 9 in Harlan County when UMW contracts expired. Mine operators say they are unable to pay the \$2 per day wage increases called for in the new contracts.

# Bergman Returns To Paris

PARIS (UPI) — Actress Ingrid Bergman said Friday she was "very moved" by the welcome given her when she returned to Hollywood after a 10-year self-imposed exile.

But she added that "Hollywood is an ideal place to work, but I wouldn't want to live there for anything."

Miss Bergman returned with her husband, Swedish theatrical producer Lars Schmidt, from Hollywood and New York. In the movie capital she was presented the Best Picture of the Year prize at the annual Academy Awards Ceremony.

She said she wanted to continue to live in Paris, because she felt as though she were a "true Parisian." Miss Bergman told newsmen at Orly Airport she had no immediate plans but hoped to do another film by next winter.

Miss Bergman and Schmidt live with their three children by her former husband, Roberto Rossellini, in a villa southwest of Paris.

# 26 Killed In Mexican Plane Crash

MEXICALI, Mexico (UPI) — A Mexican airliner carrying 26 persons exploded and crashed Friday near the fishing resort of Guaymas on the Gulf of California. All were killed.

Wreckage was scattered in the gulf and along the shore 40 miles north of the fishing resort. 275 miles below the U.S. border.

The airline said all aboard were Mexican citizens.

The twin-engine C-46 had taken off before dawn from this border city adjoining Calexico, Calif. Two and a half hours later it exploded in air.

A farm worker, Eriderto Valazquez, said the plane appeared to be attempting an emergency landing when one engine exploded. He said the wings began to blaze, there was a second explosion and the craft fell to the ground.

The plane's first scheduled stop was Guaymas. Its ultimate destination was Mexico City.

Among the dead was Jose Lopes Enrique, general manager of the Tigres Voladores, one of Mexico's six largest airlines. He was at the controls, the airline said.

Kildo Martinez, a popular Mexican bantam weight prize fighter, was among the 21 passengers.

# Crowds Wait To See Dalai Lama

TEZPUR, India (UPI) — Buddhists swarmed out of the mountains by foot, muleback and cart Friday to greet the Dalai Lama, god-king of Tibet.

The Dalai Lama is due today in Tezpur from Bomdila, where he fled for five days in his long flight to refuge in India from revolted Tibet.

Few Buddhists live in this north-east Indian town, but the streets are filling with his followers from the countryside who believe that merely to look upon the Dalai Lama is to be blessed.

The same is true farther down the railroad that will carry the 23-year-old spiritual leader from Tezpur to his home-in-exile at Mussoorie, Indian hill town north of New Delhi.

The Dalai Lama will have his first chance in Tezpur to make a public statement since he fled from the Tibetan capital of Lhasa March 17 at the outbreak of the Tibetan revolt against Chinese Communist rule.

# Good Listening — Today On WSUI

NATIONAL LIBRARY WEEK will be the object and subject of Saturday Supplement today from 1:00 p.m. to 4:00. Specifically under examination is the role of the book in American life. Appropriately, certain books will play their part in such a presentation: the controversial "Memoirs" of Field Marshall Viscount Montgomery form the basis of a sort of biography-in-sound involving Montgomery and CBS-man Charles Collingwood; and "The Roots of Heaven", Roman Gary's Goncourt prize novel, is discussed by the proprietors of the TV (sorry) series "The Author Meets the Critic". Another appropriate touch is the visit of the head of SUI Libraries, Professor Leslie Dunlap, who, using the decaying state of the Library of Congress for a springboard, dives into the ponderous matter of the country's libraries. A discussion of Boris Pasternak, some music associated with Mark Twain and assorted bits related to today's theme will complete Saturday Supplement.

JAZZ FEATURE on Tea Time Special, presided over by Jim Wilke every Saturday afternoon from 4:00 to 5:30, will be "The World of Alcina," a jazz ballet suite for large jazz orchestra composed and conducted by Bill Russo.

SERIOUS WORKS on Evening Concert include The Red Pony by Aaron Copland, Quintet in E Flat by Robert Schumann, ballet music from Coppelia by Leo Delibes, and the Dvorak Third Symphony. EC begins at 6:00 p.m.

INTERNATIONAL ASPECTS to CUE today, from 10:00 a.m. to 1:00 p.m., include interviews with

# Narcotics Chief Gets 15 Years

NEW YORK (UPI)—Vito Genovese, reputed American chief of the Mafia and wartime friend of Italian Dictator Benito Mussolini, was sentenced to 15 years in prison Friday for operating a multi-million-dollar international narcotics ring.

It was the first jail term for the Sicilian-born Genovese, reputed successor to gambler Frank Costello as king of the nation's rackets. He also was fined \$20,000. His \$150,000 haul was revoked.

An underworld power for more than 30 years, the 61-year-old Genovese had managed to escape imprisonment previously although his arrest record included charges ranging from blackmarketing to murder.

Fourteen co-defendants, also convicted two weeks ago of narcotics conspiracy, received sentences in Federal Court ranging from 5 to 20 years in prison.

They were convicted of being members of a narcotics ring, headed by Genovese, which the Government claimed had smuggled millions of dollars worth of narcotics into this country from Europe and Latin America.

Genovese, who took the fifth amendment 150 times before the Senate Rackets Committee, is believed to have amassed a fortune

of \$30 million. "I'm innocent," he told Judge Alexander Bicks when asked if he had anything to say before sentence was imposed.

Genovese, of Atlantic Highlands, N.J., was a delegate to the gangland convention at Apalachin, N.Y., in 1957. Naturalized in 1936, he was recently stripped of his citizenship. He is subject to deportation under the Narcotics act.

Although described by authorities as head of the Mafia, a secret International criminal society with roots in Sicily, Genovese has insisted that he was a legitimate businessman.

# 5 Iowa Schools Awarded Superior Play Ratings

Five Iowa high schools earned "superior" ratings in the Class B Division of the 31st Annual High School Play Production Festival held at the SUI Theatre this week.

Class B plays, coming from schools with enrollments of 150 to 450, performed Wednesday and Thursday, with the exception of the cast from Aquinas High School, Fort Madison, who presented their play Friday morning. A rating of this production was not available late Friday.

The Iowa City University High School play "All My Sons" was given a superior rating and three actors, Johanna Bunge, Phil Penningroth and Dennis Sidwell, were named outstanding players. The play was directed by Thomas Turner.

Judge Frank Brant, director of the Iowa State College Theatre, Ames, also awarded the "superior" ratings to Mount St. Clare Academy, Clinton, for a scene from "The Imaginary Invalid," directed by Sister Mary Hilary Mullany; Central High School, Elkader, "Slave with Two Faces," directed by

LoRene L. Lenth; Iowa Falls High School, "Love in Livery," directed by John H. Duffin; and Humboldt High School, "The Losing of a Day," an original play written by the director, Burton Russell.

Ratings of "excellent" went to five casts: Riceville High School, for a scene from "Londonderry Air," directed by Mrs. Harriet Johnston; Red Oak High School, for "Box and Cox," directed by Lynn Adams; Tama High School, for "The Valiant," directed by Albert L. French; LaPorte City High School, for "Spreading the News," directed by Eugene S. Johnson; and Rock Rapids High School, for a scene from "The Glass Menagerie," directed by James A. Waage.

# Senate Furor Erupts Again Over C. B. Luce Appointment

WASHINGTON (UPI)—The furor over Claire Boothe Luce erupted anew in the Senate yesterday with Sen. J. William Fulbright (D-Ark.), rapping a GOP lawmaker for comparing his tactics with those of the late Sen. Joseph R. McCarthy (R-Wis.).

Fulbright, chairman of the Senate Foreign Relations Committee, said that Sen. Barry Goldwater (R-Ariz.) "went beyond proper bounds" in making the comparison during a Senate speech Wednesday.

Mrs. Luce's latest nomination, as ambassador to Brazil, now is pending before Fulbright's committee. While he and other senators were discussing it on the Senate Floor, she was testifying before the Senate Government Operations Committee in favor of a bill to create a new Federal Department of Science.

Goldwater's defense of Mrs. Luce was prompted by the action of Fulbright and Morse in questioning her about some of her past statements, including one that the late President Roosevelt "lied us" into World War II.

# Indians Stay On Top On 4-3 Win Over Athletics

## Errors Pave Way To Run In 9th Inning

### Braves, Pirates Tie In Rain Shortened Game

CLEVELAND (AP) — Two errors by Kansas City third baseman Hal Smith on one play allowed the Cleveland Indians to score a ninth inning run that gave them a 4-3 victory over the Athletics Friday night.

With two out, Smith fumbled Minnie Mino's grounder and then threw wildly to first base, allowing Carroll Hardy to score from second. Hardy had led off with a single and moved to second on a sacrifice by pitcher Dick Brodowski.

The victory, the fifth for the unbeaten Indians, went to Brodowski, who relieved starter Gary Bell in the eighth and retired the six men he faced.

The Athletics got all their runs on homers by Whitey Herzog, Roger Maris and Smith off Bell, who beat the A's in the season's opener at Kansas City last Friday.

Home runs — Kansas City, Herzog (1), Maris (1), Smith (1), Cleveland, Power (1).

### Orioles 4, Senators 3

BALTIMORE (AP) — Gene Woodling's pinch-hit sacrifice fly with the bases loaded in the eighth inning scored the tie-breaking run Friday night as the Baltimore Orioles took a 4-3 victory over the Washington Senators.

Woodling's deep fly to center field enabled Willie Tasby to romp home from third and gave Milt Pappas, Baltimore's promising young righthanded pitcher, a triumph in his first 1959 start.

Tasby had drawn a walk from Washington reliever Dick Hyde, who came on in the seventh after starter Bill Fischer was lifted. Willie moved around on a walk to Bob Nieman and Gus Triandos' sacrifice, and Woodling batted for Jim Fingman after Al Pilarcik was intentionally walked to fill the bases.

The Senators dropped their third game in five starts as Hyde was charged with the defeat.

### Phils 5, Reds 1

CINCINNATI (AP) — Philadelphia unlimbered a free-hitting attack Friday night and with three-hit pitching, trounced Cincinnati's Reds 5-1.

SHORTSTOP JOHNNY LOGAN of Milwaukee hurdled over the sliding Bill Virdon of Pittsburgh and fired to first base to complete a double play in the third inning of Friday's action at Milwaukee. The play started when the Pirates' Roberto Clemente grounded to Brave second baseman Chuck Cottier. The game was called at the end of nine innings due to rain with the score tied, 2-2.—AP Wirephoto.

### Braves 2, Pirates 2

MILWAUKEE (AP) — The Milwaukee Braves and the Pittsburgh Pirates played to a 2-2 tie in the rain Friday. The decision of the umpires in the top of the 10th left the undefeated Braves alone at the head of the National League with four victories.

The rain, which threatened all day and held the crowd to 8,562, finally came down in the sixth, when the defending National League champions had a 2-1 lead.

### Lane Beats Busso On TKO In Sixth

HOLLYWOOD (AP) — Lightweight title contender Kenny Lane of Muskegon, Mich., dealt solid misery for five rounds and scored a technical knockout in the sixth over Johnny Busso of New York at Hollywood Legion Stadium Friday night.

Lane weighed 139½ and his 24-year-old rival 141.

Referee Mervyn Callahan stopped the nationally televised fight, scheduled for 10 rounds, because Busso's left eye was completely shut. The New Yorker's corner offered no objection.

The bell had sounded for the sixth round and it goes into the books as a sixth-round technical knockout.

## Kentucky Derby Hopefuls In Three Major Races Today

By THE ASSOCIATED PRESS  
Kentucky Derby flavor was injected into three major races today, and when the returns are in there should be a better evaluation of the line-up for the run for the roses at Louisville May 2.

Nine 3-year-olds headed by C.T. Chenery's First Landing were entered for the \$75,000-added Wood Memorial at Jamaica. This is the day's television event (CBS) and will be aired from 3:00-3:30 p.m.

### Montreal 1 Win Away From Fourth Cup Title in Row

MONTREAL (AP) — Bernie (Boom Boom) Geoffrin and his Montreal teammates return to home ice tonight, needing only one more victory over Toronto to clinch an unprecedented fourth straight Stanley Cup title.

Geoffrin, 28-year-old right winger, has emerged as the individual star of the current National Hockey League playoff. He scored the winning goal and set up two others in the Canadiens' 3-2 victory over the Maple Leafs Thursday night in Toronto.

This impressive one-man performance gave Montreal a 3-1 lead in the best-of-seven series and made Geoffrin the second highest individual scorer in Stanley Cup history.

The right winger's three points boosted his playoff total to 93, topped only by the 122 held by his sidelined teammate, Maurice (Rocket) Richard. Geoffrin also is second in Stanley Cup goals — 49 to Richard's 81.

The game must be replayed from the start, at a date to be set. Harvey Haddix went six innings for Pittsburgh, giving way to Elroy Face. The Braves were on their third pitcher in the 10th.

### ChiSox 6, Tigers 5

CHICAGO (AP) — Jim Rivera's pop double scored two runs in the eighth for a 6-5 Chicago victory which stretched winless Detroit's losing streak to six games Friday.

Rivera's winning blow settled a see-saw contest in which the White Sox took a 3-1 lead on rookie Norm Cash's 3-run homer and the Tigers came back with a 2-run homer by Eddie Yost in the fifth and a non-home run by Al Kaline in the sixth.

Chicago's second pitcher, Rudolf Arias, gave up Detroit's fifth run in the ninth on singles by Harvey Kuenn and pinch hitter Johnny Groth and an infield out, but he was credited with the victory. Dick Donovan started, but quit in the sixth.

The loser was reliever Ray Narleski, who took over at the start of the eighth. It was his third setback against no victories. Frank Lary started and was replaced by Tom Morgan in the sixth.

Home runs — Detroit, Yost (2), Kaline (2), Chicago, Cash (2).

### BoSox 4, Yankees 0

BOSTON (AP) — Boston right-hander Tommy Brewer, recuperating from a bout with the virus, spun a stylish 2-hit shutout Friday for a 4-0 triumph over his long-time nemesis, the New York Yankees.

Brewer looked anything but sick as he gained vengeance for his 3-2 loss to the Yankees in their season's opener.

Bob Turley, who beat Brewer on a 2-hitter that earlier meeting, was the loser as Boston center fielder Gene Stephens accounted for two runs with a double and a single.

Throwing sinkers and sharp breaking curves off the fists, Brewer gained his fourth victory in 17 lifetime decisions against the Yankees.

Fine fielding support by Jackie Jensen and Stephens helped the tiring Brewer set down the last 15 men to face him.

### London Drills Two Hours At Title Fight Date Nears

INDIANAPOLIS (AP) — Brian London whizzed through a brisk 2-hour workout Friday in preparation for a heavyweight championship bout with Floyd Patterson May 1.

Newsmen were not allowed to watch the former British champion in action at his Municipal Gardens training headquarters. Photographers, however, got permission to pose London for a few pictures.

"We want him to get the feel of the place first," said Nick Baffi, London's American representative.

Baffi said the challenger's workout will be opened to the public without charge starting Sunday.

### The Man Meets Rifleman

LEXINGTON, Ky. (AP) — Tommy Lee, unhampered by a 2-month layoff, set a new Keeneland track record for seven furlongs Friday in the \$6,000 Stepping Stone Purse and easily beat eight other Kentucky Derby nominees.

Fred Turner Jr.'s Bay Colt raced the 3/8-mile in 1:21 3/5. The old record of 1:22 1/5 was set by Tim Tam last year.

Tomy Lee, carrying 122 pounds including jockey Willie Shoemaker, beat Darby Dan Farm's Benecula by 3 1/2 lengths with W. M. Ingram's Scotland third and Jacnot Stable's Die Hard fourth — all derby nominees.

For two straight years the Stepping Stone winner has gone on to win the derby. Tim Tam last year and Iron Liege in 1957.

## Iowa Golfers In Dual Meet Here Monday

Iowa's golf team will meet Northern Illinois here Monday in the first of their two home appearances of the year. The meet is scheduled to start at 8:30 a.m.

The Hawkeyes have a 1-1 season record, losing to Missouri 23-13 and defeating Washington University of St. Louis 11-7 last weekend.

Iowa has nine road contests scheduled before returning to the Finkbine course May 16 to meet Bradley and Western Illinois in dual meets.

Coach Chuck Zwienen has announced that John Liechey, Frank James, Jim Frazier and Russ Schrage will be four of six men competing Monday. The other two places will go to the low shooters in qualifying rounds today.

### Haas, Palmer Tie For Top At Houston

HOUSTON, Tex. (AP) — Slender Freddie Haas Jr., playing with a new-type putter, slipped in with a late 66 Friday to tie Arnold Palmer at 134 for the lead at the half-way mark of the \$30,000 Houston Classic Golf Tournament.

Haas, playing in a light rain practically all the way, got his 66 with a pair of 33s after a first round 68. Palmer missed most of the rain but also missed birdie putts on the last three holes while adding a 32-36-68 to his first-round 66.

A stroke off the pace with a 69-66-135 was Jack Burke Jr., the idol of his hometown Houston, fans.

Jay Hebert overshot the 18th green and dropped to a 67-70-137.

The field of 126 cut to the low 70 pros, plus five amateurs, for today's third round. A 3-over-par 147 for the 7,133-yard par 72 Memorial Park course was needed to qualify.

Among those failing to make the cut were such veterans as Ed Furgol, Johnny Palmer, Dick Mayer and George Bayer.

Justice Reserves Decision On Sugar Ray  
NEW YORK (AP) — Supreme Court Justice Saul Street Friday reserved decision in Ray Robinson's suit to restrain the New York State Athletic Commission from vacating his title of middleweight boxing title.

Street intimated he would make an early decision. He told attorneys for both sides to submit any additional information Saturday or Monday.

The point at issue is the commission's rule that requires a champion to fight a suitable challenger every six months.

Robinson recaptured the title from Carmon Basilio March 25, 1958 and has not fought since.

## Weatherman Halts Hawks

Friday's rain washed out the scheduled Iowa-Quincy College baseball game on the Iowa Diamond, thus forcing cancellation of the Hawk vs Hawk contest. Quincy's nickname, like Iowa's, is the Hawks and Friday's weather definitely was for the birds.

It was the second cancellation of the home season for Iowa — the April 9 engagement with Luther being called off due to snow.

Iowa, with a 5-9 non-conference record, opens Big Ten play Friday against Indiana here at 3:30 and then the Buckeyes of Ohio State come to town next Saturday for a doubleheader beginning at 1:30 p.m.
