## Officers Catch Arms Smugglers—

### Cuban Plot Fails

MIAMI (UPI) — Customs officers Friday pounced on a band of smugglers, including a shapely woman co-pilot, loading a big transport plane with arms to supply a counter-revolutionary attempt against Cuba.

Eleven persons were arrested on the spot at International Airport. And officers waited outside the Dominican Republic Consulate in Miami for the Dominican Consul General to surrender. They said he attempted to bribe two U.S. customs agents to let the arm go through.

Authorities said the consul, Augusto Ferrando, took refuge in the Consulate where he could not be reached because of diplomatic immunity. A conspiracy warrant was issued.

The other 11 accused were hauled off to the U.S. Marshal's office to await arraignment.

Also seized was an old surplus U.S. Air Force C-74 Globemaster and a cache of arms valued at \$28,000 by customs officials.

The arms included 200,000 rounds of ammunition, 17 machineguns, 38 Garand rifles, and parts for 20 carbines, said Chief Customs Agent Joseph A. Fortier.

It was learned that the arms were to have been flown to the Dominican Republic and turned over to backers of former Cuban President Fulgencio Batista.

Batista has been living in exile in Ciudad Trujillo where he fled in January to escape the revolution forces led by Fidel Castro in Cuba.

The plot was uncovered by customs agents William Lankford and Wallace D. Shanley, who said the received \$400 from the Dominican. Agents said they received an additional \$1,000 May 19.

Officers kept a hidden watch over the airplane for several days. They swooped in to make the arrests as it was being loaded under a bright noon sun near an air maintenance shop.

Charges of conspiring to bribe a federal officer and conspiring to ship arms illegally were placed against Ferrando and Leonard Trento, identified as a Newark, N.J., businessman and Miami policeman Joseph Liquori.

Liquori once took leave of absence to serve as a personal bodyguard to Ramfis Trujillo, while the playboy son of Dominican strongman Rafael Trujillo visited the United States. Since his return to Miami, Liquori has been assigned to the Dominican Consulate as a security officer.

## 9 Governors To See Russia This Summer

NEW YORK (AP) — Nine state governors are going to learn at first hand what goes on inside the Soviet Union.

Five Republican and four Democratic governors are scheduled to leave here June 23 for a three-week tour of the Soviet Union to study how regional government is handled.

They will visit Moscow, Leningrad, Kiev, Tiflis and Tashkent. The nine governors are: Leroy Collins of Florida, Democrat, chairman of the National Governor's Conference and head of the mission; George D. Clyde, Republican, Utah; John E. Davis, Republican, North Dakota; Luther H. Hodges, Democrat, North Carolina; Robert B. Meyner, Democrat, New Jersey; Stephen L. R. McNichols, Democrat, Colorado; Robert E. Smylie, Republican, Idaho; William G. Stratton, Republican, Illinois; and Cecil H. Underwood, Republican, West Virginia.

The Institute of International Education in New York and New York University invited the Executive Committee of the National Governors Conference to make the survey, a spokesman for the institute said.

Judge Richard Robinson of Omaha, presiding federal judge in the state, gave the Starkweathers until June 4 to perfect an appeal to the federal courts.

He said the principal question was: Did Starkweather have a full opportunity to make his appeal to the federal courts?

The judge said: "I conclude he should have an opportunity to process the appeal.

That appeal will be started on its way Monday, Guy Starkweather said.

While the Starkweathers prepared for their appeal, Carl Ann Fugate, 15, Charles' schoolgirl sweetheart, made another move to prove her innocence in the slaying spree.

Carl Ann, whose step-father, mother and half-sister were among 19 persons killed in a four-day period in January 1958, was convicted in the same slaying for which Charles was sentenced.

She has maintained she was a hostage of the bow-legged killer.

## Taxes On Upswing; Living Costs Too

WASHINGTON (AP) — Rising state and local taxes helped shove living costs back up to record levels last month. The Labor Department reported Friday that recent boosts in sales and excise taxes on such items as gasoline, tobacco, telephones and liquors are having an impact.

It said taxes already enacted and contemplated — as states and cities seek more revenue — could boost living costs to still higher peaks this summer.

The April rise was only two-tenths of one per cent but it put the government's living cost index back up to the highest-ever rate of last July and November at 123.9 per cent of the 1947-49 base.

April costs were three-tenths of one per cent higher than in April last year. But over-all living cost changes have been moderate for nearly a year now.

Despite the rise, both the spendable earnings of factory workers and the purchasing power of their pay dollars scored new highs. Because prices have remained fairly stable while earnings have increased, the average factory worker now has about 10 per cent more purchasing power than a year ago.

The record for spendable earnings — the amount received in pay envelopes after tax deductions — is an average \$80.68 a week for the factory worker with three dependents, and \$73.14 for the single worker. The Labor Department attributed the 50-cent weekly increase over March to both higher wages and overtime hours.

Most of the one and one-half million workers due for a quarterly pay adjustment based on the April living cost index failed to get any wage increase. This is due to insufficient change from the January index.

Among those whose pay remains unaffected are about a million auto workers.

**NO SWEARING CLUB**  
JACKSON, Tenn. (UPI) — Businessmen here have organized a "non-profanity" club dedicated to cleaning up their vocabulary — at the cost of a penny for every "cuss word."

Members wear a lapel emblem resembling a penny, with the head turned down if they have the "cussing" habit bad. As their language improves, they raise the head. If they slip and use profanity, they are honor-bound to give a penny to the person nearest them — even a stranger. They explain why they are paying the penny.

The club includes a bank president, an assistant president of a railroad and the city's mayor-elect. No clergymen signed up.

## Starkweather Gets Reprieve To Appeal To Federal Court

LINCOLN, Neb. (AP) — Charles Starkweather, 20, confessed slayer of 11 persons, remains alive in his prison cell through a dramatic last ditch effort by his father.

Charles was to have died at 6 a.m. Friday morning in the electric chair for the murder of a Bennet, Neb., school boy.

But 98 minutes before he was to begin his walk to the death cell he was told his execution has been stayed by a federal court order.

A broad smile spread across Charles' face as he received the word. Before that, he had been calm awaiting death.

Judge Richard Robinson of Omaha, presiding federal judge in the state, gave the Starkweathers until June 4 to perfect an appeal to the federal courts.

He said the principal question was: Did Starkweather have a full opportunity to make his appeal to the federal courts?

The judge said: "I conclude he should have an opportunity to process the appeal.

That appeal will be started on its way Monday, Guy Starkweather said.

# Herter Makes New Bid For Disarmament Talks

## Senate Votes Ceiling On Wheat Loans

WASHINGTON (AP) — The Senate voted Friday to put a \$35,000 yearly ceiling on price support loans to any one farm or farmer. Then it passed a compromise new wheat program containing the provision.

The limit on price support loans — which amount to subsidies if the farmer cannot sell his crop at more than the support level — was attached to the bill 57-20 at the urging of Sen. John J. Williams (R-Del.).

The compromise wheat program now goes to an uncertain fate in the House. Senate passage came on a standing vote after more than eight hours of debate, some of it heated.

The bill would allow wheat growers several choices, offering higher price supports to those who agreed to curtail their production. The idea is to reduce the surpluses which have been piling up in Government hands in recent years.

As sent to the House the bill would retain the present national wheat allotment of 55 million acres.

Wheat farmers would have these three choices:

1. They could retain their present share of the national allotment and receive price supports at 65 per cent of parity, or about \$1.53 a bushel. (Parity is a computed price said by law to be fair to farmers in relation to their costs).

2. They could reduce plantings 10 per cent below their allotments and receive supports at 75 per cent, or about \$1.78 a bushel. This is the support rate under existing law.

3. Or they could reduce plantings 20 per cent below allotments and receive 80 per cent of parity support.

**LIFT FOR OLD CARS**  
TALLAHASSEE, Fla. (UPI) — If your car is getting some age on it, you may be in line for a cheaper license tag pretty soon in Florida.

Legislation was introduced Friday to allow a special \$7.50 tag for automobiles at least 35 years old.

Like Colbert and Ford, Donner withheld details of the small car his company plans to produce.

"Without going into details, which must, of course, be withheld until announcement time as is the case with any new model, I can say that this distinctive, smaller and lighter car embodies certain features which are new to the American automotive industry and represent a new concept in automotive transportation."

The latter part of Donner's statement apparently refers to a horizontally-opposed aluminum engine which GM plans to place in the rear of its small car, according to reports from the auto industry.

"The Corvair is designed primarily to conform to the standards of automotive transportation that exist on this continent," said Donner.

**Construction Bids Opened At SUI**  
Bids for the construction of heating services for the dining addition to Hillcrest have been opened.

Low bidder for the project was Ryan Plumbing and Heating, Davenport, for \$64,000. Other bids were from two Cedar Rapids firms, Darragh and Associates, Inc., \$73,000, and Kehrer-Wheatland, Inc., \$80,000. The contract will be awarded next month at the State Board of Regents meeting in Iowa City.

The project involves a 400-foot steam main and return from the heating tunnel on Grand Avenue, to the service room on the east side of the Hillcrest addition, according to George L. Horner, superintendent of the Division of planning and Construction. About half of the distance will require tunneling through solid rock, which represents a major factor in the construction cost, Horner said.

The cost of the Hillcrest addition will be met from earnings of SUI's self-liquidating dormitory system, since no tax funds can be used in such construction, according to Iowa law.

## SUI Investigates Coed Incident

Johnson County Attorney Ralph L. Neuzil told University officials in a meeting here Friday afternoon that no criminal charges would be filed against four SUI football players who were accused of criminal assault by a SUI coed.

Neuzil told an assembly including M.L. Huit, dean of students, and other SUI officials, that an investigation by county authorities and a State Bureau of Investigation agent disclosed "insufficient evidence to warrant the filing of criminal charges."

Neuzil's statement came after it was revealed that the 18-year old girl withdrew her earlier accusation of criminal assault.

Dean Huit was not available for comment after the conference. Earlier Dean Huit had said: "No action will be taken by the University until the investigation by state agents is completed. The University is conducting its own investigation and cooperating with state and county officials."

Neuzil said he first learned of the incident last Monday night, when the girl and her father came to him and signed a statement accusing the four men of criminal assault.

The County Attorney said he called in Johnson County Sheriff Pat Murphy and State Agent Gifford Strand to investigate the incident "because the University is a state institution, and students were involved, and because of the serious nature of the accusations."

The girl was reported as being one of three coeds at a party Saturday in a cabin on the Iowa river about five miles northeast of Iowa City. It is claimed the party was attended by the four men, other SUI football players, former football players and their friends. Neuzil said he did not know how many people had been present at the party.

**Suspended Sentence Given To 'Poor Man's Baruch'**

NEW YORK (UPI) — A 75-year-old man, described by his lawyer as "a poor man's Bernard Baruch," received a suspended sentence Friday for using part of his \$71-a-month relief checks to amass \$21,000 worth of stocks.

The defendant, Harry Schweitzer, who said he had speculated in stocks as "a way of life," said he planned to continue his frugal existence but promised to stay out of the market in the future.

Schweitzer had pleaded guilty to pretty larceny and violation of social welfare laws in playing the market with money left over from his monthly relief checks.

A Welfare Department attorney told the court that Schweitzer had received nearly \$17,000 in relief payments since 1935, but with his market profits had repaid all of the money plus \$2,149 to cover administrative costs of the case.

General Sessions Judge Mitchell D. Schweitzer (no relation) earlier had expressed admiration for the elderly man's enterprise.

In letting the defendant off, the judge said simply, "sentence suspended. No probation." He did not say what the sentence would have been.

The elderly man told newsmen later he had made a tidy paper profit in the market once before but had lost it during the depression.

He said he was not bitter because the Welfare Department forced him to repay the money he had received.

"The Welfare Department has been very kind to me," he said. "They have saved my last days from being bitter ones. If I had a million dollars I would give it to the Welfare Department."

Schweitzer's attorney, Jack M. Perlman, said the elderly man had been ill and had promised not to use any of the \$1,500 he still had in the bank to take a new flyer in the market.

**Revolution Plotted For Nicaragua**  
LOS ANGELES (AP) — Seventy-five exiles from Nicaragua met here Thursday night with the avowed goal of plotting a revolution against the government of the Central American nation.

The group, called the Nicaraguan Democratic Committee, planned a mass meeting for Saturday across the California border in Tijuana, Mexico.

The 71-year-old former secretary of state is gravely ill in Walter Reed Army Medical Center where he is being treated for cancer complicated by pneumonia.

## Suppression Of News?

The Daily Iowan did not run the story Friday of four football players accused of criminal assault by a SUI coed, a statement she later retracted. Similarly, the first mention of the story carried by radio station WSUI was on the 3:55 newscast Friday.

Why the story was not used by the SUI news media earlier than it was is basic to the question of just how much pressure is exerted on the university news media in order to influence the content of the news which reaches our public.

It is not our customary practice to explain why certain stories are, or are not, published on a given day. But we are not insensitive to the pin pricks of rumor and misinformation. Therefore, let's set the record straight. Neither *The Daily Iowan* nor radio station WSUI was contacted by the Athletic Department or the University administration about the incident described on today's front page. We alone decided on whether the story would or would not be published. Had it been used Friday, the decision on wording and content of the story would have been ours — no one else's.

Why, then, was the story not used earlier? The elementary fact is that *The Daily Iowan* simply did not possess enough publishable information at press time Thursday evening to warrant printing the complete story. No charges had been filed. We did not feel that we were justified to publish such a serious indictment of possibly innocent individuals until more facts were known. To create a news story on the basis of our incomplete information at the time would not have been, as far as we are concerned, responsible conduct.

We now feel that our facts are sufficiently complete in order to justify printing the story. It is being printed today as we wrote it.

## News Digest

### Investigators Of Parker Case Breaking Camp Attorney Says

POPULARVILLE, Miss. (AP) — Dist. Atty. Vernon Broome said the FBI agents investigating the Mack Charles Parker lynch-kidnaping appeared to be breaking camp Friday amid reports they found no evidence of any federal law violation.

Parker, a 23-year-old Negro from nearby Lumberton, was snatched from the Pearl River County Jail here April 25 and

shot to death before his body was dumped into the Pearl River on the Mississippi side of the stream, the boundary between this state and Louisiana.

Broome told newsmen he had no official word that the Justice Department is bowing out of the case, but said there are indications the agents are returning to their home offices.

### AFL-CIO Asks States Take Over Plans For Radiation Protection

WASHINGTON (AP) — The AFL-CIO urged the federal government today to take on more responsibility for protection of the population from radiation hazards and not turn over the job to the states.

The U.S. Chamber of Commerce took an opposite stand recommending that major responsibility go to the states.

The conflicting views were presented to the Senate-Housing Atomic Energy Committee on the final day of hearings on federal-state relations.

### Frisco Seeks Summit Conference; Herter Acknowledges, Says 'Wait'

WASHINGTON (UPI) — Secretary of State Christian A. Herter Friday acknowledged San Francisco's bid for a Summit Conference. However, he told the city nothing could be scheduled, pending results of the current Geneva Foreign Minister's Conference.

The State Department published a telegram from Herter to Mayor George Christopher of San Francisco, thanking the local official for inviting the United States, Britain, France and Rus-

sia to hold a top-level meeting in the California city.

But Herter added: "You realize, of course that decisions with respect to the locale of any meeting must be taken by the several governments concerned at such time as definite agreement is reached on holding such a conference."

Such agreement, he said, depended upon whether developments at Geneva "justify such a conference."

## Crowd Fired Upon During Brazilian Riot

RIO DE JANEIRO, Brazil (AP) — Brazilian marines opened fire with submachine guns and pistols Friday on an angry crowd that rioted for three hours after a ferryboat strike stranded thousands of commuters.

The mob burned the ferry dock, offices and a restaurant in downtown Niteroi, a town of 200,000 across the bay from Rio. Stores were looted and a dockside warehouse destroyed.

Government sources said Marine gunfire killed one person and wounded between 30 and 50. Newspaper reports said up to 12 were killed and 64 wounded. The Niteroi hospital said it had 84 patients injured either by gunfire or the rioting.

The trouble broke out during the morning rush hour after ferry workers staged a sudden strike at midnight demanding pay increases promised them May 1.

The navy provided a launch to transport commuters across the bay to Rio, normally a 20-minute trip. Eyewitnesses said commuters surged out of control attempting to board the launch. They said the navy commander then ordered the Marines to fire and bar the crowd from taking over the vessel.

President Juscelino Kubitschek ordered the government to seize the Carretera Ferry Co. on the ground it had been receiving government subsidies but not passing them on to its employees. He also ordered the disputed back wages paid.

## Aid For Basic Research Urged In National Budget

LOS ANGELES (UPI) — Dr. James R. Killian, Jr., special assistant to President Eisenhower for science and technology, said the average American was contributing less than \$2 a year to basic research vital to the nation "in a divided world and nuclear age."

Killian, addressing the second Annual Science and Industry Awards Banquet of the California Museum of Science and Industry, said "We have a national need to give higher priority to basic research."

"The unremitting—and legitimate—military pressure to obtain new weapons tends inevitably to un-

balance the national research and development program by over-emphasis on development and technology," he told an audience of 1100 scientists and educators.

He said of the Government's total research and development budget, only about six per cent was earmarked for basic research. "Happily, in the past year and a half, basic research has been gaining . . . today, the average American's contribution to basic research, in the Federal budget, is less than two dollars a year. A relatively small increase in this figure, by reallocation of funds, could have a tremendous impact

on the progress of our science." Killian pointed to the fact the President had approved a request to Congress to authorize "a great new national facility for basic research" at Stanford.

"The need for additional basic and supporting research is nowhere more evident than in those technological developments which require new material or materials with new and unique properties, as for example, in the design of advanced nuclear reactors. Some of our technology has been achieved because we have not yet limited the necessary mastery over materials. . . . For want of improved materials some projects have been unable to meet specifications.

## Studio Theatre Tickets Available Starting Monday

Tickets go on sale Monday for "Good Woman of Setzuan," the final Studio Theatre production this school year. There are no reserved seats. Tickets will be available at the Reservation Desk, East Lobby, Iowa Memorial Union Monday through Friday from 9 a.m. to 4:30 p.m., and on Saturday from 9 a.m. until noon. SUI students will receive tickets upon presentation of their I.D. cards. Admission for non-students is 75 cents.

"The Good Woman of Setzuan" is the story of a girl animated by Christian love and her struggles to be good and yet survive in a "dog eat dog" society. The author, Bertolt Brecht, gives the play a definite Marxist slant. From Brecht's point of view one cannot love one's neighbor and oneself at the same time when there is not enough food for both.

The production is under the direction of James Clancy, professor of dramatic art at SUI. Assistant directors are Andrew Doe, G. Iowa City; and Kent Cathcart, G. Nashville, Tenn. The setting is designed by Joe Markham, G. Oakland, Calif., and costumes are by Lynn Hauber, A2, Iowa City. In charge of lighting are Kenneth K. Brown, G. Phoenix, Ariz.; Roger Alliman, A3, Denver, Colo.; and Kenneth Harris, G. Kindon, N.J. Instrumental music will be provided by Robert Bonard, A4, New York. The vocal director is Dick Maniott, A3, Davenport.

## Faculty, Students Excel; Named To Order Of Artus

Eleven SUI faculty members and seven students have been selected as members of the Order

of Artus for high scholarship in economics.

## To Hear Talk By Legislator

Iowa's only woman legislator, Mrs. Katherine Mullen Falvey (D-Monroe County) will speak to members of Phi Beta Kappa Monday on "Politics as a Rewarding Career."

Mrs. Falvey, whose home is in Albia, will give the address at a banquet to follow initiation of 41 new members of the national scholastic honorary society.

During the recent session of the Iowa General Assembly, Mrs. Falvey used the desk occupied before her by her husband, the late Lawrence A. Falvey, and her father-in-law, M. C. (Mike) Falvey. Mrs. Falvey succeeded her husband as representative from Monroe County. He had served three terms in the legislature before his death in 1957.

Mrs. Falvey is a managing partner in the Falvey Lumber Co. in Albia, a manager of a farm near Melrose and a director of the First Iowa State Bank in Albia. She received a B.A. from SUI in history and education and was a member of Phi Beta Kappa.

The faculty members are; Walter Krause, professor, and William C. Reher, assistant professor of economics; Charles H. Gordon, assistant professor, John S. Harlow, assistant professor, and Edgar P. Hickman, visiting assistant professor of general business; Edith E. Ennis and Ethel Vatter, instructors in the Bureau of Business and Economic Research; Fred Slavick, assistant professor, and John J. Flagler, research associate of the Bureau of Labor and Management; Robert L. Bonington, instructor of accounting; and Edwin Thomas assistant professor of geography.

Students named to membership are Vernon McFadden, G. Cedar Rapids; George Taylor, G. Anamosa; Charles Kaufman, G. New York; Charles Goelmer, G. Earlham; Jules LaRocque, G. Berlin, N.H.; Lester Taylor, C3, Toledo; and William Whitney, A4, Aurelia.

## New Grandchild Of Harry Truman Gets Kin's Name

NEW YORK (UPI) — Former President Truman's newest grandchild has been named William Wallace Daniel, the child's father said Friday.

Newsman Clifton Daniel said the name William was for his grandfather, Daniel Wallace was for the maiden name of the child's maternal grandmother, Mrs. Bess Truman.

The boy was born by caesarean section to the former Margaret Truman Tuesday. The family's first child, also a boy, was named Clifton Truman Daniel.

## Scholarship Aid Available For Far East Course

Dr. Y. P. Mei, professor of oriental studies, is now processing applications for scholarship aid for the University's summer program of the Far East.

Five tuition and living expense scholarships of \$147 each are being offered. One Hundred dollars of this will cover one half of room and board expenses, and \$47 will be applied on tuition.

Ten tuition scholarships of \$47 each are also being offered. Teachers and prospective teachers will receive first consideration in the distribution of the scholarships, Mei said, because the purpose of the summer program is to promote better teaching in the schools.

However, other students interested in the study of the Far East may also for the scholarships, he said.

## The JAZZ scene

By GREG MORRIS

If you weren't there, you really missed a great session. Where? Studio "E", Engineering Building. When? Sunday afternoon at 2 p.m. And what? The open rehearsal of the London-Barrett Big Band.

I'm sure that those who were there will readily agree that musicians in this group are accomplished. This is no conglomeration getting together to see just how much noise they can make.

To those who have never watched and listened to a band rehearse, undoubtedly the most enlightening aspect of this session was the realization that there is more to playing competently than just sitting down and blowing. In approximately one hour the fellas played five short numbers. For a one hour rehearsal, this was quite a bit. They went over and over their selections, working on rough spots—first the band as a whole, and then each section—saxes, trumpets, etc.

One of the highlights of the afternoon came when the band played the Count Basie composition, "It's Sand, Man". After going through it a couple of times, the leader, Ed London, told the members to branch out and improvise at a certain spot in the piece. The effect was tremendous. It was fascinating to hear each

group "invent" as the others followed the score. And it was done with unity and rhythm — this was no helter-skelter affair. A prime example of fine musicianship.

To single out one or two individuals would be grossly unfair—they all do a superb job.

## GIANTS OF JAZZ

An admirer of Al Cohn, and the late messrs. Charlie Parker and Lester Young, Stan Getz is a fine musician and technician. Stan was born in 1927, in New York City. In his earlier years he played with such name organizations as the bands of Jimmy Dorsey, Benny Goodman, and Stan Kenton.

He rose to prominence, however, as a member of the Woody Herman Band in 1947-1950. It was with this band that he combined with Zoot Sims, Herbie Steward (later Al Cohn), and Serge Chaloff, to compose the celebrated "Four Brothers". It was this quartet that gave the band its distinctive sound. Since the early 50's Stan has been recognized as a sound stylist and one of the foremost tenor sax men in modern jazz. He has habitually been a poll winner of near-poll winner.

Two recordings which exemplify his individual style with the style of another jazz giant is the LP, "Getz Meets Mulligan in Hi-Fi."

## Good Listening— Today On WSUI

RADIO DAY, not Rodeo Day, will be celebrated in a relatively conservative fashion today at WSUI. As usual, the station will sign on the air at 8 a.m. and sign off at 10 p.m.; nothing out of the ordinary there, to be sure, but it is reassuring. At 10 a.m. CUE will take cognizance of the day with a variety of CUE-like bits and pieces. High point of the program may very well be the appearance of an ancient radio staple: the big studio band. That will be at about 12:30 p.m.; but earlier in the program you may hear an interview with Colonel Stapp, the jet-propelled officer whose principal concern these days is the man in space. Then there will be a devilishly funny Sports Roundtable program in which the members discuss matters not quite uppermost in their minds; and as a special tribute to Radio Day, the anti-rock-and-roll segment will be heard.

THE BLUES, no longer the private sanctuary of the American Negro, "Is Everybody's Business". Or so we may believe from reading the cover of the recorded Jazz Suite in Four Movements, written by Manny Albam, which will be featured on Tea Time Special this afternoon at 4 p.m.

THE REDS have a dandy bunch of composers, but none of them will be heard tonight on Evening Concert. A symphony by Mozart, some Strauss, Bliss, Corelli, and the Brahms Violin Concerto are offered instead.

SATURDAY SUPPLEMENT, from 1 p.m. to 4, will be even more thoroughly integrated with the day's observance. Vintage and contemporary radio personalities will be heard in recordings, and the WSUI production of Norman Corwin's "Anatomy of Sound" will form a sizeable segment of Saturday Supplement. Of exceptional interest, both for its humor and the technical excellence of its achievement, is the Trans-Atlantic Debate between Cambridge and Harvard on the subject, Resolved: The Atlantic Ocean Should Be Drained. Native American critics of the contemporary domestic scene may be astonished at the acuteness of observation and intuition of each team in regard to the other's culture. An assist goes to the BBC for their conquest of the elements.

## Biology-Medicine Group To Meet

The Iowa section of the Society for Experimental Biology and Medicine will meet at 7:30 p.m. Tuesday in room 179 of the Medical Laboratories Building.

Research papers will be presented by four members of the Iowa State College faculty at Ames. ISC speakers will be Wil-

lard F. Hollander, Department of Genetics; Leodis Davis, Department of Chemistry; Lotte Arrich, Department of Food and Nutrition; and Roger C. Burgess and Walter R. Hearn, Department of Chemistry.

## Five Mob Delegates Missing; May Have Fled The Country

NEW YORK (AP) — Five of the 27 Apalachin mob convention delegates indicted Thursday still were missing Friday.

Police said it was possible they had fled the country. Some have not been seen at their homes or usual haunts for months.

They are Joseph Ida, Highland Park, N.J.; James V. Laduca, Lewistown, N.Y.; Antonio Nagadino, Niagara Falls, N.Y.; Salvatore Falcone, Utica, N.Y., and John T. Scialish, Cleveland, Ohio.

Frank Cucchiara, 64, of Watertown, Mass., was reported ready to surrender in Boston.

Federal agents and police rounded up the other 21 in short order.

All 27 were indicted by a federal grand jury on charges of obstructing justice by conspiring to conceal from the government why the underworld conclave was called Nov. 14, 1957, in the upstate village and what was done there.

# Move Made To Permit Radio, Camera In Courtroom Trials

WASHINGTON (UPI) — The American Bar Association and representatives of the press, radio and television took the first step Friday toward a move that might permit the photographing and broadcasting of courtroom trials.

They agreed to try to arrange for an objective study designed to determine what effect the presence of photographic and broadcasting apparatus would have on the fairness of trials.

The agreement was reached at a meeting of representatives of eight national organizations of the newspaper, radio and television industries and a special Bar Association committee which is studying the matter.

some organization engaged in collecting and analyzing facts "the possibility of making an objective survey and the steps which would be necessary to determine how such a survey could be made."

The two groups would seek financing for the preliminary study from a foundation.

If financing was obtained, the groups would consult with the survey organization to determine "whether and how an objective study can be made."

# Senator Raps Ezra Benson's REA Proposal

WASHINGTON (UPI) — Sen. George D. Aiken (R-Vt.) angrily accused Secretary of Agriculture Ezra Taft Benson Friday of trying to put farmers "under the thumbs of giant corporate interests."

Aiken, who has supported most of the Benson-Eisenhower farm proposals for six years, took the Senate floor to denounce a Benson proposal for financing the vast Rural Electrification Agency's power and telephone program through a new bank system.

Aiken said such a proposal could more properly have come "from the corporate utilities interests."

# Army Assails Air Force, Senate Group Proposal

WASHINGTON (UPI) — The Army accused the Senate Armed Services Committee Friday of imperiling the Nation's security by proposing a drastic cut in the Nike-Hercules Anti-Aircraft Missile program.

The Army also assailed the Air Force's Bomarc Missile, which apparently had Armed Services Committee favor, as a Johnny-come-lately weapon with a marginal effectiveness.

The Army aimed its attack at the powerful Senate group and the Air Force through a Pentagon spokesman.

# Southern Baptists Consider Meeting With Negro Groups

LOUISVILLE (UPI) — Members of the Southern Baptist Convention voted Friday to consider a "summit meeting" between leaders of white and Negro branches of the Baptist faith to discuss "mutual problems of the day."

The action came on the final day of the 102nd annual meeting of the convention, but only after 45 minutes of unusually heated debate which resulted in moderation of the original resolutions sent to the floor by the Resolutions Committee.

The original motion would have put the convention on record as favoring a conference between leaders of the Southern Baptist convention, and leaders of two major Negro Baptist organizations.

# Medical Society Meets At SUI

The Iowa State Medical Society will hold its fifth annual conference for senior medical students at SUI today.

The conferences are designed to provide senior students with "practical information on starting and maintaining a successful career."

A banquet for the students and their wives or fiancées will be held following the afternoon talks.

# Big 10 Permits Further Rose Bowl Competition

## Surprise Move Puts Decision Up To Schools

### 5 Team Field May Be Result

ANN ARBOR, Mich. (AP) — The Big Ten athletic leaders, while failing to break a 5-5 deadlock on renewal of the Rose Bowl contract, in a surprise move Friday authorized Rose Bowl play in the future by conference members on an individual basis.

The action salvaged Rose Bowl play for the Big Ten just when it appeared that all was lost for keeping alive the series with West Coast rivals which had been scheduled to end with the 1960 game.

In effect, a "joker" which Rose Bowl proponents found in the conference books regarding post-season competition will enable at least five Big Ten schools, Michigan, Michigan State, Indiana, Iowa and Purdue to accept future invitations to the Rose Bowl game.

The schools which voted against renewal of the Bowl contract were Ohio State, Minnesota, Wisconsin, Northwestern and Illinois. This issue resulted in a formal 5-5 stand-off, and the same split was voted on a motion to strike from the conference handbook a provision which excluded Rose Bowl play from the Big Ten's long-standing ban on post-season competition.

This clause had been written into the book in 1946 when the Rose Bowl agreement first was assigned Bill Reed, assistant Big Ten commissioner, read a statement concerning the seemingly contradictory action. He said:

"The effect of these actions is that the conference as such will not negotiate a contract for Rose Bowl participation as has been true in the past. However, any conference school which receives an invitation to participate in the Rose Bowl game may accept or reject the invitation at the election of that institution."

While the new Rose Bowl policy apparently lets the field open for any Big Ten team to play in the Rose Bowl, it appeared unlikely that the schools which have rejected renewal of the policy would permit their teams to go to Pasadena.

## Ohio State Takes Big 10 Track Lead

ANN ARBOR, Mich. (AP) — Although Ohio State took a momentary lead, indoor champion Michigan made an impressive qualifying start in the 59th Big Ten outdoor ferry track meet on rain-sodden Friday.

Ohio State captured three places in the discus throw, one of two finals Friday. Buckeye husky Larry Schmalenberger sailed the platter 159-ft. 1/2-in. to win the event. Teammates George Mirka and Bill Fields finished second and tied for fifth respectively.

In the broad jump finals, the title went to Michigan's Lou Williams with a best leap of 24-ft. 6 1/4-in., just a shade better than his favored Wolverine teammate, sophomore Les Bird, who finished second with 24-ft. 5 3/4-in.

After completion of two events, Ohio State led with 9 1/2 points, followed by Michigan 9; Illinois 8; Minnesota, 2 1/2; and Michigan State, 1.

Michigan qualified 10 men in the six preliminaries held Friday, two better than defending champion Illinois.

The rest of the field was strung out far behind Michigan and Illinois in the qualifying column. Wisconsin, Indiana, and Minnesota each qualified five. Iowa advanced four men, followed by Purdue with three; Ohio State, Northwestern and Michigan State with two apiece.

University of Iowa qualifiers were Tom Hyde, 100-yard dash; Harry Olson, 800-yard run; Tom Burrows, 220-yard dash; John Brown, 440-yard dash.

Friday's results:  
Broad jump — 1. Lou Williams, Michigan; 2. Les Bird, Michigan; 3. Paul Foreman, Illinois; 4. Stan Mornow, Minnesota; 5. George Ward, Michigan State; 24-ft. 6 1/4-in.

Discus — 1. Larry Schmalenberger, Ohio State; 2. George Mirka, Ohio State; 3. Ed Schmidt, Illinois; 4. Norm Ehlers, Illinois; tie for 5 between Bill Fields, Ohio State, and Chuck Colby, Minnesota; 159-ft. 1 1/2-in.

## Wilhelm's One-Hit Shutout Keeps Yankees In Basement

BALTIMORE (AP) — Hoyt Wilhelm, Baltimore Orioles knuckler-baller who tames the New York Yankees when they're riding high or low, blanked the cellar-dwelling world champions 5-0 Friday night on one hit.

A leadoff single in the eighth inning by Jerry Lumpe ruined Wilhelm's chances of duplicating his no-hitter over the Yanks last Sept. 20 when New York was winging along to its ninth American League pennant in 10 years.

The Yanks, who dropped to the American League basement Wednesday for the first time since 1940, swung futilely at Wilhelm's dancing knuckler as the unbeaten 35-year-old right-hander waltzed to his sixth consecutive victory of the season.

Wilhelm walked six and struck out two and was helped by fine fielding plays by his teammate.

The Orioles knocked Bob Turley from the mound in the first inning with a 4-run rally featuring Gus Triandos' 2-run homer. It was the ninth homer of the year for the big catcher.

**Indians 1, Tigers 0**  
CLEVELAND (AP) — Seventh inning doubles by Vic Power and Minnie Minofo broke up a scoreless pitching duel between Cleveland's Gary Bell and Detroit's Paul Foytack Friday night and gave the first place Indians a 1-0 triumph.

Foytack had held the Indians hitless for 6 1/2 innings. Power broke the spell with a two-bagger to right center. After Rocky Colavito fled to left for the second out, Minofo drilled the clutch double to left center, scoring Power.

Those were the only two hits Cleveland got off Foytack and reliever Ray Narleski who hurled the eighth frame.

Bell held the Tigers to four singles — by Gail Harris in the second inning, Charley Maxwell in the fourth, Lou Berberet in the eighth and Al Kaline in the ninth. It was Bell's first major league shutout.

**Cards 3, Cubs 1**  
CHICAGO (AP) — The St. Louis Cardinals pushed across two runs in the 14th inning and defeated the Chicago Cubs 3-1 Friday for their fifth victory in six games.

Gino Cimoli's 16th double of the year powered the first run in the 14th. Losing pitcher Bill Henry bailed in the second.

Jim Brosnan, the winning pitcher, set the stage for the winning spurt in the fifth overtime inning by opening with a bunt single.

Brosnan was forced by Don Blasingame, who scored when Cimoli's double sailed over Bobby Thomson's head. Cimoli took third when B. G. Smith fled out, and scored on the balk.

Ken Boyer followed with St. Louis' third hit of the inning, and stole second base before Ernie Banks threw out Chick King for the third out.

St. Louis took a 1-0 lead in the fourth. Rain delayed play for 36 minutes after the sixth inning and the Cubs scored the tying run in the ninth.

**BoSox 4, Senators 3**  
BOSTON (AP) — Frank Malzone doubled home Ted Williams in the seventh inning Friday night for a 4-3 Boston decision that sent faltering Washington to its fifth straight defeat.

The Red Sox third baseman's drive to left field got away from Jim Lemon and Williams, who had hit a high fly two-bagger to the base of the barrier in left, was across the plate before the ball was retrieved.

Williams had tied the score 3-3 in the fifth on a sacrifice fly after losing pitcher Camilo Pascual set up the score by committing his third balk of the contest.

PHILADELPHIA (AP) — Hank Aaron, boosting his league-leading average to .468 with a homer, a double and a pair of singles, led the Milwaukee Braves on a 16-hit spree which smothered the Philadelphia Phillies 10-5 here Friday night.

Aaron showed the Phils he meant business in the first inning by slamming his 13th homer of the season into the upper left field stands, scoring Bill Bruton ahead of him. He saluted starter Robin Roberts' wounds in the second with a double which scored Eddie Mathews, and sent Roberts from the mound with his third loss against two wins for the season.

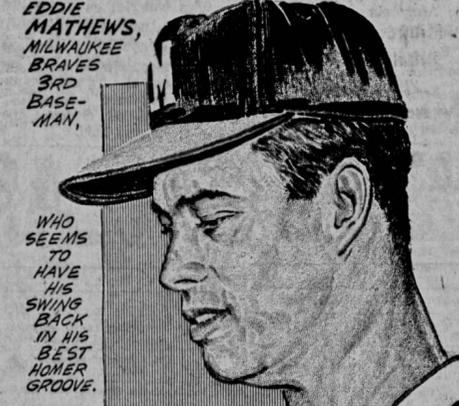

Law Burdette, who gave up 12 hits, including a 2-run homer to pinch hitter Gene Freese, notched his seventh win of the season against two losses. He's the first pitcher in the majors to win that many this season. Burdette held the Phils to three hits until the sixth inning, when he yielded a brace of singles to Richie Ashburn and Chico Fernandez. Ashburn scoring on a fly by Ed Bouchee.

## Pirates 4, Reds 3

PITTSBURGH (AP) — Dick Schofield's first home run this season broke up a 3-3 ball game in the ninth inning Friday night and gave the Pittsburgh Pirates a 4-3 victory over the Cincinnati Redlegs.

The Redlegs protested the homer. They claimed a fan had reached out of the stands and tried to touch the ball. But Umpire Edward Sudol ruled in favor of the Pirates.

Schofield broke into the starting lineup Thursday night when Pirate Manager Danny Murtaugh benched shortstop Dick Groat. It was Schofield's first hit of the night.

Vern Law, who pitched out of a tough ninth inning after the Redlegs loaded the bases, picked up his fourth victory against one defeat. Law went the distance for the Pirates.

Bob Purkey was lifted in the top of the ninth for a pinch hitter. His relief, Hal Jeffcoat, was charged with the loss.

## Wolverines Take Big Lead In Net Meet

EAST LANSING, Mich. (AP) — High-flying Michigan stretched its lead to a commanding 14 points Friday in the Big Ten tennis tournament by sweeping three doubles victories here.

Coach Bill Murphy's Wolverines brought their point total to 51. Runner-up Illinois, with 37 points, was the only rival still in contention.

**Bryan's Race Car Damaged, May Miss "500"**

INDIANAPOLIS (AP) — A race car that has earned a quarter-million dollars in the last two years — Jimmy Bryan's Belong Special — may miss the 500-mile race it has won on two straight Memorial Days.

The engine locked up Friday while the Phoenix, Ariz., veteran was on a practice run.

George Sali of Whittier, Calif., owner and builder of the horizontal-engine car, said, "It's serious." The damage included a burned-out rod bearing.

With final qualifications Saturday and Sunday, it looked as if there might not be time to get the low, yellow speedster back in running condition.

The car, with Sam Hanks driving, set the 500-mile record of 135.601 miles an hour in 1957. Bryan won last year in 133.791, in a race slowed by wrecks, then took second in the 500-miler at Monza, Italy.

With 14 cars qualified last weekend, 19 spots are open in the starting lineup. There are 45 unqualified cars on the grounds.

Rain stopped practice Friday afternoon and forecasts indicated more rain over the weekend might postpone the time trials and give a break to mechanics of ailing cars.

**Northwestern Wins, Evens Big 10 Record**

EVANSTON, Ill. (AP) — Northwestern won its fifth straight Big Ten baseball game Friday, taking advantage of Wisconsin errors for a 5-4 victory.

Wisconsin now is 7-6 in conference play; Northwestern 6-6-1.

## Set 1961 As Target Date For Third Major League

NEW YORK (AP) — The man who has done the leg work in efforts to organize baseball's third major league Friday set 1961 as a target date for its debut.

William Shea, Chairman of New York Mayor Robert Wagner's Baseball Committee also said: It had not yet been decided

whether the new league should consist of 8 or 10 clubs.

That he has met individually with representatives of prospective cities and that he and those representatives have "been meeting regularly as a group."

That while he would not identify the cities involved, "they represent every part of the nation which does not now have major league baseball, and that includes some Canadian cities."

In addition to New York, Houston, Dallas-Fort Worth, Toronto, Montreal, Minneapolis-St. Paul, New Orleans, Seattle, and Denver have been mentioned in previous discussions of major league expansion.

With the exception of New York, all of those cities now are represented in the minor leagues.

The existing major leagues, in a special meeting of the 16 clubs and Commissioner Ford Frick Thursday in Columbus, Ohio, decided to welcome an application for a third league which they previously scorned.

Shea, a New York attorney, said "it will take some time to get our house in order, but we ought to be ready to present a plan within five or six weeks."

That date, presumably about the first week in July, would miss the deadline for next season. The lack of stadiums also precludes a third league debut in 1960, even if the new clubs were to acquire the necessary player personnel in that time.

## Miteff Wins Slow Bout

NEW YORK (AP) — Argentina's Alex Miteff closed Wayne Bethea's left eye to narrow slit Friday night on the way to a unanimous decision in a 10-round bout at Madison Square Garden. Miteff weighed 204 1/2, Bethea 208 1/2.

There were no knockdowns in this televised heavyweight match marred by much tugging and shoving in the middle stages. Referee Ruby Goldstein warned both men for holding.

Both Goldstein and Judge Frank Forbes scored it 7-3 and Judge Artie Aidala 5-4-1 all for Miteff. Bethea was a plodding 3 1/2 to 1 underdog.

There were boos and cat-calls during the middle rounds of the first boxing match at the Garden since March 30.

**Minnesota Loses, Fails To Clinch Title**

EAST LANSING, Mich. (AP) — Michigan State caused a little trouble to title-happy Minnesota Friday with a 6-4 Big Ten baseball win.

MSU put in three runs in the third inning and Minnesota matched with three more in the fourth. Michigan State put the game away with another three-run outburst in the sixth inning.
