## Leaders To U.S. For Dulles Rites

### Soviet Regrets Included With Many Tributes

#### Big-Four Meet Recesses To Attend Funeral

WASHINGTON (UPI) — The Stars and Stripes flew at half staff around the world Monday in honor of John Foster Dulles.

And tributes from his own country and abroad continued to flow in for the former Secretary of State, who died of cancer Sunday at the age of 71.

Pope John XXIII voiced sorrow at Dulles' passing. So did Queen Elizabeth II of England.

These tributes followed hundreds of others from all parts of the world—many from diplomats and politicians who had their differences with Dulles but came to respect him as a dauntless champion of freedom.

Even the Soviets, who Dulles firmly distrusted and who branded him a warmonger, joined in what undoubtedly is the most widespread tribute ever paid to an American secretary of state.

Soviet Foreign Minister Andrei Gromyko is flying here from Switzerland to attend the rites for a man he almost always disagreed with and frequently denounced.

The Western foreign ministers are coming, too—not in the same plane with Gromyko, however.

Until the Monday announcement of Gromyko's flight, the Soviet bloc had taken either a noncommittal or hostile attitude toward the late U.S. foreign policy chief.

Tass, the Soviet news agency, dismissed Dulles' passing with 32 words. ADN, the East Germany news agency, said Dulles was "linked inseparably with the creation of a new war danger in Europe."

But Moscow radio, in an English-language broadcast Monday night to Southeast Asia, gave a 250-word biography on Dulles, calling him an outstanding government leader of the United States. And both Gromyko and East German Foreign Minister Lothar Bolz were reported to have expressed their regret over Dulles' death.

Gromyko previously had helped work out arrangements for recessing the conference so that Western foreign ministers can attend Dulles' funeral here Wednesday.

There will be an official funeral—something just a little less ceremonial than state funerals, which are usually reserved for presidents and vice presidents.

Dulles' body will lie in repose at Washington National Cathedral for 24 hours before the service at 12 p.m. (CST) Wednesday. Burial will follow in Arlington National Cemetery, with President Eisenhower among the mourners.

Eisenhower has ordered the flag flown at half staff at military installations, embassies and other U.S. posts around the world, as well as on government properties in this country.

The Cathedral which will be the scene of Dulles' funeral service is administered by an Episcopal foundation. Dulles was a Presbyterian. The Cathedral will be turned over to the Presbyterian clergy for the service.

Many foreign dignitaries are flying here for the funeral—among them West German Chancellor Konrad Adenauer, Britain's Foreign Secretary Selwyn Lloyd, the French Foreign Minister Maurice Couve de Murville and Japan's Foreign Minister Akihiro Fujiyama.

## Gross Blocks White House Bill; Seeks More Economy

WASHINGTON (UPI) — An Iowa Republican, demanding that Government economy be practiced as well as preached at the White House, Monday blocked House action on a \$10.3 million bill to operate the President's office.

Rep. H. R. Gross halted final action on the White House appropriation, which also included \$3.1 million for several agencies related to the President's office, after the House gave the bill preliminary approval.

But he failed in several efforts to get the House to cut a separate \$49.9 million appropriation measure for the departments of State, Justice and related activities such as the U.S. Information Service.

State Funeral Wednesday

## Coed, Four Men Expelled Following Picnic Incident

An SUI coed and four SUI football players, involved in an incident at a picnic site near Iowa City May 16, have been dismissed from the University with no chance to re-enroll.

M. L. Huit, dean of students, announced the dismissal of the five in a written statement issued Sunday. The names of the students involved were not released by the University.

The coed and the four men reportedly attended a party May 16, in a cabin on the Iowa River about five miles northeast of Iowa City.

It is alleged the party was also attended by two other coeds, other SUI football players, former football players and their friends.

Huit said there was no evidence at this time that anyone else attending the picnic was implicated in the incident.

The coed's statement to County Attorney Ralph L. Neuzil that she was assaulted by the four men set off an investigation of the incident by county authorities and an agent from the State Bureau of Investigation.

The critical report, which referred also to "the eagerness of key government officials of President Eisenhower's Administration to advocate AT&T's position," came out of a sharply divided House Antitrust subcommittee.

Chairman Emanuel Cellier of New York and three other Democrats signed it. All three Republican members signed a minority report saying the 306-page majority report shows no clear purpose "except to smear the Department of Justice by innuendo." Two Democrats signed neither report.

At Brownell's New York law office, the former attorney general was reported not available for comment.

The majority report called an Justice Department to reopen the case and seek revision of the consent decree that settled it in 1956. It also demanded the Federal Communications Commission formally investigate telephone rates.

# Integrationists Claim Victory In Little Rock

## Miss SUI To 'Replace' Dolphin Queen

Next fall, for the first time, Miss SUI will reign over Homecoming festivities. The 1959 Miss SUI will be presented at the annual Dolphin Fraternity water show October 8.

Larry Fruhling, A3, Burlington, president of the Dolphin Fraternity, approved the new arrangements which will substitute Miss SUI for the Dolphin Queen who has formerly reigned over Homecoming week-end.

The new plans, voted by the Homecoming Committee Monday, include arrangements for the Miss SUI election the week before Homecoming. Edwin Beman, C3, Des Moines, student co-chairman for the Homecoming new activities committee, said that the Miss SUI election will be similar to the program in past years but the campaigning will probably be on a reduced scale.

The Homecoming Committee also voted to dispense with the Saturday display of Homecoming floats at the Fieldhouse parade grounds. The decision was based on difficulties with vandalism and fire hazards resulting from the float exhibition in past years.

Plans will be presented Wednesday night at a meeting or organization float chairman regarding the dismantling of floats on the same evening as the parade.

Other plans for the 1959 Homecoming Weekend include an open house for alumni and students in the Fieldhouse Armory following the football game Saturday. Captain Scott Clark, who presented the open house plans at the Homecoming Committee meeting, explained that this would help reduce post-game traffic problems.

## Western Ministers Studying—

## East German Berlin Plan

GENEVA (UPI) — Communist East Germany's delegation at the Geneva conference is dangling before the Western foreign ministers a complicated plan to end the Berlin crisis.

A Western official said Monday the plan calls for:

1. Acceptance by the West of the theory of East German instead of Soviet control of the land and air arteries linking isolated West Berlin with West Germany.

To meet the Western powers' objections to a compact that might imply diplomatic recognition of the Red regime, this would not be spelled out in a written agreement.

2. A certain number of daily flights by Western military aircraft to supply U.S., British and French Garrisons in West Berlin. The Allies now have the right to fly unlimited numbers of planes into Berlin.

3. Some form of U.N. representation in Berlin, but no U.N. intervention in East German affairs. This is taken by Western officials to imply that U.N. representatives would not be stationed on the East German rail and road lines that carry the bulk of sup-

pplies to West Berlin.

4. A reduction in the strength of the Western garrisons in West Berlin, which now total about 10,000 men.

5. Reduction if not elimination of anti-Communist propaganda and intelligence activities in West Berlin and a reduction of similar anti-Western activities in East Berlin.

The East German plan clings to the idea, however, that West Berlin must become a "free city." This was the demand of Soviet Premier Nikita Khrushchev last November when he said the three Western powers must get out by May 27. This deadline later was indefinitely postponed when the U.S., Britain and France agreed to the Geneva foreign ministers parley on the future of Germany and Berlin.

The East Germans have not formally presented their plan to the Western Big Three or to the West Germans.

The Western officials said they have publicized it through neutral sources with the apparent expectation that it would thus come to the attention of the Western ministers.

Western officials said privately that some aspects of the East German plan might be worth studying. But they stressed that the Western Big Three powers and the West Germans strongly oppose any suggestion of converting West Berlin into a "free city."

The Western foreign ministers are pressing the Soviets here to accept a stopgap solution of the Berlin crisis based on the first phase of the massive Allied plan for a German peace settlement.

## FBI Drops Parker Case

WASHINGTON (UPI) — The Justice Department Monday pulled out of the Mack Charles Parker lynching case, saying a month-long FBI investigation turned up no evidence that federal law had been violated.

Atty. Gen. William P. Rogers announced that material gathered by FBI agents would be turned over to Mississippi authorities. Further FBI help was offered if state officials need it in any prosecution they may undertake.

The campaign manager for the Committee to Stop This Outrageous Purge (STOP), W.S. Mitchell, issued the following statement:

"Duly authorized representatives of the FBI have today delivered to me a comprehensive report on the investigation at Poplarville. The Western officials said they have publicized it through neutral sources with the apparent expectation that it would thus come to the attention of the Western ministers.

The Western officials said they have publicized it through neutral sources with the apparent expectation that it would thus come to the attention of the Western ministers.

The proper procedure is that I shall make this information available to the next regular session of the Pearl River grand jury, in November.

"As Governor of Mississippi, I want to thank the FBI for a thorough investigation and for making the results available for state action at the local level."

The names of the moderates went on the ballot when the Segregationist Mothers League of Central High filed petitions the same day as STOP.

The results of the election were delayed by the fact ballots were "double-counted." That was ordered by the Pulaski County election commission to forestall another court suit similar to one filed after the regular school board election last December.

In that suit, Mrs. Charles W. Stephens, a moderate on the integration question, lost to staunch segregationist Robert W. Laster. She sued, claiming some of his votes were improperly counted.

A heavy turnout also delayed the count. At one precinct, about 400 voters were still in line when the polls closed.

Gov. Orval Faubus before the election predicted if the three segregationists were recalled, the city experienced two years ago when federal troops integrated Central High School could return.

The voters could recall all or part of the city's six-man school board, divided equally between staunch segregationists and moderates.

Faubus, not eligible to vote in the special election, made two statewide radio and television appeals for votes for the segregationist board members. He described the moderates as "integrationists."

Faubus said if the integrationists won the election, he did not want to be "blamed for the trouble that might occur."

## Early Returns Opposed To Segregationists

### Plea By Gov. Faubus Apparently Fails

LITTLE ROCK, Ark. (UPI) — An organization of Little Rock business which forced a recall election of the city's school board claimed victory Monday night in its drive to remove the three segregationist board members.

Unofficial returns from 27 of the 31 precincts in the recall election showed the voters favoring the removal of the segregationists by roughly an 11 to nine margin. The vote against removal of the moderates on the board was about the same.

One of the segregationists, Robert W. Laster, admitted the victory statement might be right. "I would say apparently they have won," he said.

But, Laster added, he was not conceding defeat just yet. He said he would wait until returns were final before he would make a definite statement.

The campaign manager for the Committee to Stop This Outrageous Purge (STOP), W.S. Mitchell, issued the following statement:

"It is obvious now that the people have expressed their true belief," he said.

Asked if this meant he claimed victory, Mitchell said, "of course. What else?"

About 500 people were in a downtown hotel to celebrate the victory. Many of them were school teachers and leading businessmen.

Stop was organized when the three segregationists, "fired" 44 school teachers and employees. It petitioned for the recall of the three segregationists.

The names of the moderates went on the ballot when the Segregationist Mothers League of Central High filed petitions the same day as STOP.

The results of the election were delayed by the fact ballots were "double-counted." That was ordered by the Pulaski County election commission to forestall another court suit similar to one filed after the regular school board election last December.

In that suit, Mrs. Charles W. Stephens, a moderate on the integration question, lost to staunch segregationist Robert W. Laster. She sued, claiming some of his votes were improperly counted.

A heavy turnout also delayed the count. At one precinct, about 400 voters were still in line when the polls closed.

Gov. Orval Faubus before the election predicted if the three segregationists were recalled, the city experienced two years ago when federal troops integrated Central High School could return.

The voters could recall all or part of the city's six-man school board, divided equally between staunch segregationists and moderates.

Faubus, not eligible to vote in the special election, made two statewide radio and television appeals for votes for the segregationist board members. He described the moderates as "integrationists."

Faubus said if the integrationists won the election, he did not want to be "blamed for the trouble that might occur."

## Tornadoes Strike St. Petersburg, Texas Village

Tornadoes struck widely separated areas of the southland Monday night, including the winter vacation playground city of St. Petersburg, Fla.

Another twister roared through the tiny community of Heald in the eastern portion of the Texas panhandle. No injuries or deaths were reported in either tornado.

Heald, however, apparently suffered the worst damage from the funnel that battered the town, destroying a church and a vacant store building.

The St. Petersburg twister whipped in off Tampa Bay and cut across a five-block area.

HOUSE PET?—Dave Killinger, A4, St. Petersburg, Florida, holds Ralph, a new member of the Sigma Phi Epsilon fraternity. Ralph, an alligator, was shipped from Florida to Killinger as a fraternity mascot.

## City Forester Asks Owners To Trim Trees

City Forester Raymond R. Bruns reminded local residents today that any trees on their property having branches overhanging the street or sidewalk must be trimmed to a height of 15 feet above the ground.

Bruns called attention to chapter 74 of the 1951 Municipal Code of Iowa City which makes care, maintenance and removal of trees the responsibility of the property owner or resident.

Bruns said he hopes that residents will make the necessary changes so their trees will comply with the tree ordinance. Reminders shortly will be sent out to those who do not immediately trim their trees, Bruns said.

He also pointed out that the city has the authority to proceed with the necessary work and assess the cost against the property owner if the necessary corrections are not made.

Bruns, who took over his forester's duties on May 4, said his plans include a tree census which will begin in the near future. This census would determine where the trees are located, the species of the tree, the condition, and the desirability of the tree regarding its location and condition.

"This census will be the basis for any plans to be made regarding a program of tree maintenance for Iowa City," Bruns said. He said he estimates that it would take at least a year before the census would be completed.

Bruns also said that as yet, the creeping Dutch Elm disease has not hit Iowa City. He said he believes that some southern Iowa towns are troubled by it now, but estimates that it will be two years before it strikes Iowa City.

## Andrews Gets Law Scholarship

Arthur Andrews, A4, son of Mrs. Eta B. Andrews, 2 Melrose Circle, has received an Elihu Root-Samuel J. Tilden Scholarship for three years of study at the New York University School of Law Russell D. Niles, Dean of the NYU Law School announced.

Andrews will graduate from SUI this June and will begin his law studies at NYU in September.

Root-Tilden Scholarships, valued at \$7,470 each, are awarded annually to two outstanding college men from each of the ten federal judicial districts. Root (class of 1867) and Tilden (class of 1841) were both NYU alumni. Root served in the cabinets of William McKinley and Theodore Roosevelt. Tilden was governor of New York and an unsuccessful candidate for the presidency against Rutherford Hayes.

Andrews is an alumnus of Iowa City High School. He is probably best-known for his tennis record at SUI, where he is ranked as one of the top collegiate players. Last year he was Big Ten No. 1 singles champion, and was runnerup in this year's meet. He is also a member of Phi Eta Sigma Scholastic honorary fraternity.

## 28 Registrants In Labor Course

Twenty-eight students registered for the 1959 Labor Short Course this week on the SUI campus. It is sponsored by the Iowa Bureau of Labor and Management and the Iowa Federation of Labor, AFL-CIO.

John Cogswell, assistant director of AFL-CIO Department of Education, Washington, D.C., is speaking on the topics of Union Education Programs and Better Union Meetings.

John Flagler and Fred Slavick of the Bureau of Labor and Management will also speak.

## Miss SUI Committee Applications Available

Application blanks for the Miss SUI Pageant Committee may be obtained at the Information Desk of the Iowa Memorial Union starting at noon today. They will be due at the desk by 5 p.m. Friday.

The committee will be in charge of all arrangements for the 1959 Miss SUI campaign, and will be responsible for the judging and voting in the contest. About five committee members will be chosen.

**PANTIE RAID FOILED**  
BRIGHTON, England (AP) — A midnight pantie raid on Britain's fashionable Roedean College for women was foiled without the loss of a single unmentionable early Monday. A group of male students weekending in this seaside resort, spent most of Sunday planning. Zero hour was set for midnight, but somebody squealed. When the raiders showed up the cops were already there. So the raiders retreated.

## Badges Available For Card Section

Students wishing to sit in the card section at next year's foot-ball games can obtain badges Thursday from 10 a.m. to 4 p.m. in the East Lobby of the Iowa Memorial Union.

Badges will cost 50 cents and each person must purchase two badges. The money will not be refunded, as was done this year.

Six hundred badges will go on sale. Three hundred badges are being reserved for incoming freshmen. There will also be a final resale of badges which have not been turned in from last fall.

The rules for next fall's card section are as follows: All badge numbers will be checked from 11:30-12:30 on game day at the gate specified for the card section. A second number check will be taken by row captains at 12:30

## More Iowans Employed Says SUI Economist

There were 11,600 more Iowans employed in manufacturing in March this year than during the average month in 1958, according to figures compiled by an SUI economist.

Ethel Vatter, research associate with the Bureau of Business and Economic Research, said 170,800 Iowans were employed in manufacturing in March, compared to an average of 159,200 for the year 1958, and the all-time high of 172,500 in 1953.

Although manufacturing employment has been decreasing during the past two years, personal income growth has been increasing, she said. Income grew 12 per cent in 1957, 8 per cent in 1958, and 10 per cent in February of this year compared to February of last year. The U.S. average in personal income growth in February this year was 7 per cent above February, 1958.

Part of this year's growth may be attributed to the steady increase in average weekly earnings in manufacture, Mrs. Vatter noted. The March average of Iowa manufacturing workers' earnings was \$93.58 for a 41-hour week, she reported, compared to \$84 a year ago. This year, the January figure was \$90.81 for 40.1 hours, and in February, \$91.18 for 40.4 hours.

"For two years there has been a growth in total Iowa incomes accompanied by declines in employment," Mrs. Vatter said. "The March employment figures and February income figures indicate growth in both areas. But it is too soon to tell whether this trend will continue."

## Health Service Urges Getting Polio Shots

Next month is "polio month," that is, the month during which you are most likely to contract polio.

In recognition of this fact the Student Health Service is encouraging all students who have not yet had their first polio inoculations to program their series of three shots with the Health Service now. If you have begun your program but not completed it, you are advised to do so now, said Dr. Chester Miller, head of Student Health Service.

The Health Service is also promoting the idea of a fourth inoculation for those who have completed their series of three, said Miller.

Students can obtain their shots at Student Health for a nominal fee. The offices will be open from 9 a.m. to 12 p.m. and from 1 to 5 p.m. on weekdays.

Polio inoculations are also being emphasized by Johnson County Health Services this month, according to the county nurse. School children and parents are being urged to see their doctors about receiving inoculations as soon as possible.

### ELDERLY HITCH-HIKER

CHISLEHURST, England (AP) — Mrs. Harriet Skillen, 84, has been missing for eight days from the Kent County Old People's Home, but nobody is worrying much.

"She leaves every once in a while," Matron Josephine Wilson explained, "to go hitch-hiking. She is not at all timid. She's a real Cockney and knows all the answers."

## Gratitude For Lack Of Strikes Means Money For Employees

CAMBRIDGE, Mass. (UPI) — An elderly businessman has decided to divide \$1,450,333 among his employees so as "to have fun giving while I'm living."

Harmon P. Elliott, 72, left for Florida Monday after making the grant to employees of the Elliott

Addressing Machine Co., which he headed for 52 years.

He sold the firm last Friday for \$3,700,000 to Bessemer Securities Corp. of New York City, with an agreement that all employees would be retained and that the company would continue operations "as usual."

## Jim Lang . . .

Another part-time student staff member at Iowa Book & Supply Company is Jim Lang, a third year chemistry major from Des Moines. Jim has worked in the engineering department for the past two years. Besides helping you with all your engineering, zoology, and geology needs, Jim also designs in-store and window displays. For the quality you will want in all your equipment choose from among the following famous name brands.

KEUFFEL & ESSER • DIETZGEN  
POST • PICKETT & ECKEL

A popular buy in the engineering department this year has been from the complete line of LeRoy lettering sets. These easy-to-operate sets give your work that extra professional appearance. Another very fine item is the new Rapidograph India ink fountain pen selling for only \$4.50, with extra interchangeable points at \$2.00. For engineers and geologists students Iowa Book & Supply Company has a wide selection of tracing papers, tracing cloth, and graph papers.

The complete line of architectural supplies includes the following: drawing boards, with straight-edge attached (\$7.20 - \$24.90), scales, both 12" flat and triangular and 6" pocket size (\$8.50 - \$7.25), complete drawing instrument sets (\$16.50 - \$28.25). Jim says that a very good item for engineers has been the drafting lead holders selling from \$1.00 to \$1.95 with leads available in hardnesses from 6H to 4B and the individual leads priced at 2 for 25c. Slide rules in this department range in price from \$2.15 to \$26.25. As an added service to you Jim can replace any broken part of your present slide rule from his complete parts service. For geology students two handy items are the field book and a choice from the various magnifiers available. Dissecting sets, individual dissecting instruments, microscope slides and box, cover glasses, and zoo paper are all available for the zoology student.

## The Iowa Book and Supply Co.

8 So. Clinton

For any of your engineering or related fields needs visit Jim Lang in the engineering department — he is one of over 400 students who have worked at Iowa Book & Supply Company during the past 10 years.

## Iowa Wins 2 To Avoid Last Place

Iowa baseball coach Otto Vogel's Hawkeyes averted a second straight cellar finish in the Big Ten by taking both ends of a twin bill from Michigan State Saturday at East Lansing, 4-1 and 3-0.

Bob Pearl was the winner in the lidlifter, allowing only five hits. The Spartans' Dean Look hit a solo homer in the sixth inning for the only MSU run of the day.

Iowa's big hit was a three-run triple by Fred Long who continued to be the Hawkeyes' No. 1 run producer.

Roger Rudeen fired a three-hit gem in the nightcap to annex his third win of the season. He lost seven. Pearl ended the season with a 4-6 record.

Ohio State earned the dubious distinction of being the league's bottom team, but finished only ½ game behind the Hawks who in turn ended only ½ game behind eighth place Purdue and one game in back of Northwestern and Michigan who tied for sixth.

For the season Iowa won 10, lost 18 and tied one.

Final Big Ten standings:

Minnesota	10	2	.833
Illinois	9	6	.600
Wisconsin	9	6	.600
Michigan State	8	7	.533
Indiana	8	7	.533
Northwestern	6	8	.429
Michigan	5	7	.417
Purdue	5	8	.385
Iowa	5	9	.357
Ohio State	5	10	.333

★ ★ ★

Iowa catcher Dick Weatherly, who led the Hawkeyes in hitting with a .317 average, was named to the National Collegiate District Four All-Star baseball team.

Weatherly, a senior from Des Moines, was Iowa's top hitter last season also. This year he caught every inning of every game and had a fielding average of .975.

## Radio Rights Sold For Title Match

NEW YORK (AP)—American radio rights to the Floyd Patterson-Ingemar Johansson heavyweight title fight have been sold to two movie companies for \$100,000. It is one of the largest sums ever paid for radio rights to a fight.

The deal was announced Monday by Teleprompter and Floyd Patterson Enterprises, Inc., the sellers, and the buyers, Mirisch Co. and United Artists. United Artists will distribute a movie by the Mirisch company.

Teleprompter had acquired the radio rights as part of a \$300,000 television, movie and radio package of the fight, being held at Yankee Stadium, June 25. Teleprompter is staging the closed circuit television of the fight.

## Bob Olson Cancels June Fight With Ray

SAN FRANCISCO (AP)—An income tax claim which threatened to take all of Bob Olson's end of the purse has caused the former middleweight champ to cancel his June 8 fight with Sonny Ray of Chicago.

Cancellation of the fight was announced Monday by Benny Ford, matchmaker.

Ford said Olson was in no frame of mind to go through with the fight.

## Aaron At .461; Andrews Upset As Michigan Rolls To Big 10 Net Title

By JOHN HANRAHAN

Michigan won the 50th Big Ten tennis meet at East Lansing, Mich., over the weekend, racking up 87 points to runnerup Illinois' 43. Defending champion Iowa was third with 28½ points.

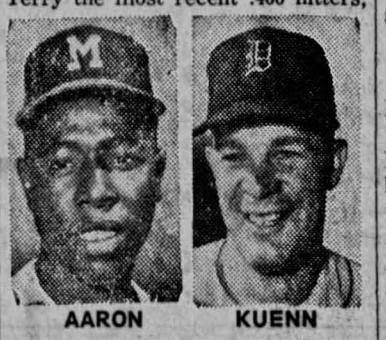

The biggest upset of the meet came in the No. 1 singles final where Iowa's Art Andrews, last year's champion, fell before Michigan's Jon Erickson in straight sets, 7-5, 6-4.

Erickson "Hot"

Iowa Coach Don Klotz said that Erickson was extremely hot, and "never played that well before." Klotz continued, "Art (Andrews) has not been playing as well this year as last, but it still took Erickson's best effort to beat him." Klotz attributed Andrews' play to a "lack of competition which he needs to keep his game sharp."

Commenting on the meet as a whole, Klotz said: "It's just like I said before the meet—there are some teams in here who could really upset the applecart. And they did. Trouble is, we were the ones that were upset."

Klotz said that Michigan was

AARON

KUENN

and Rogers Hornsby when he established the all-time high average of .424 in 1924.

Although only one-fourth of the season has been completed, Aaron shows little letup in his bombardment of National League pitchers. Even if he went hitless in his next 23 times at bat, Hank still would be over the .400 mark.

Here's the way Aaron compares with Williams, Terry and Hornsby at the same stage of the season:

Player	AB	H	AVG.
Williams	123	53	.431
Terry	151	58	.384
Hornsby	146	60	.411
Aaron	154	71	.461

Hornsby also hit over .400 in two other seasons, finishing with .401 in 1922 and .403 in 1925. Ty Cobb also wound up over .400 in three campaigns with .426 in 1911, .410 in 1912 and .401 in 1922.

The records through Sunday's games show Aaron with a 93 point lead over runner-up Smoky Burgess of Pittsburgh in the National League batting race. Burgess tallied off 19 points to .364 in last week's action with six hits in 21 tries.

Johnny Temple of Cincinnati moved up one notch to third place with a five point increase to .344. Billy Bruton of Milwaukee climbed from ninth to fourth on a 13 point gain to .336.

Harvey Kuenn of Detroit paces the American League with an even .400 average. Although he cracked out six hits in Sunday's double-header against Cleveland, Kuenn dropped four points last week with 10 hits in 26 at bats.

Nellie Fox of the Chicago White Sox remained in second place despite a three point loss to .363.

Eddie Mathews of the Braves returned to lead the National League in homers with 14. However, the slugging third baseman failed to connect last week while Aaron collected a pair of home runs to boost his total to 13. Harmon Killebrew of Washington walloped one and retained his three-homer margin over Cleveland's Rock Colavito. Killebrew has 15 and Colavito 12.

# Podres Blanks Giants On Two Hits

**Hodges Belts Pair In 8-0 Dodger Romp**

3 Homers Help Cubs Halt Losses At 4

SAN FRANCISCO (AP) — Los Angeles southpaw Johnny Podres lost a bid for a no-hitter in the eighth inning Monday but went on to shut out the San Francisco Giants 8-0, allowing just two singles.

It was the first time San Francisco had been blanked this season.

Dodger first baseman Gil Hodges provided all the power needed with a pair of home runs, his fourth and fifth of the year, into the left field pavilion with a man on base each time. Both came at the expense of losing lefthander Mike McCormick.

Dick Gray, Los Angeles third

Johnny Podres  
Loses No-Hitter In 8th

baseman, hit a solo homer in the ninth off reliever Joe Shipley.

Podres, the hero of the 1955 World Series, didn't give up a hit, although walking three, until the eighth. Then, with one out, Daryl Spencer singled to left and McCormick followed with a one-

base hit in the same direction.

Prior to his no-hit ruining blow, Spencer had collected just three hits against Podres in 32 times at bat during their careers.

The 190-pound left-hander from Witherbee, N.Y., won his fifth victory against two defeats. McCormick is 2-3.

A crowd of 7,173 saw Orlando Cepeda become the first Giant to reach base as he walked in the second. Andre Rodgers drew a pass in the fourth. Both were retired on double plays. Podres walked Spencer in the fifth and he became the first Giant left on base.

In addition to his great pitching effort the 26-year-old Podres collected one of the ninth Los Angeles hits, a single in the sixth.

### Phil's 7, Braves 3

PHILADELPHIA (AP) — The Philadelphia Phillies laid in wait for Milwaukee's Bob Buhl until the seventh inning, then blasted him from the mound in a five-run uprising for a 7-3 victory over the league-leading Braves Monday night.

Buhl had given up only four hits going into the seventh, one of them Carl Sawatski's second homer of the season and was coasting along on a 3-1 lead.

Harry Anderson, Willie Jones and Ed Bouchee hit successive singles to open the big inning. Anderson scoring on Bouchee's. Joe Koppe, who ran for Jones, was forced on Sawatski's bunt, and Richie Ashburn drew an intentional pass to load the bases.

Then pinchhitter Gene Freese doubled Sawatski and Bouchee home, and Don McMahon came on in relief. Dave Philley got another free ride, and Wally Post singled Ashburn and Freese home with the final run of the inning.

The Phils added another run in the eighth on a walk to Koppe, a

### Tigers 4, A's 3

KANSAS CITY (AP) — A three-run seventh inning provided the necessary margin Monday night as the Detroit Tigers survived a ninth-inning rally to defeat the Kansas City Athletics 4-3 and climb into sixth place in the American League.

In the seventh Al Kaline led off with a walk, advanced as shortstop Joe DeMaestri threw out Bob Wilson at first, and scored on Rocky Bridges' single to right. Then Gail Harris hit a home run, scoring Bridges ahead of him.

With the Tigers leading 4-2 in the bottom of the ninth, Dick Williams led off with a single and scampered home, after one out, on a triple by pinch hitter Harry Chiti.

Senior John Liechty, Hawkeye captain who last year was runnerup to Konsek, had Iowa's second best score — a 312. This was good for a 10th place finish.

Iowa's other scores were Frank James, 313; Tom Holcomb, 317; Russ Schrage, 342; and Mike Phenian, 359.

Next on the agenda for the Hawkeye golfers is the NCAA meet to be held at Eugene, Ore., June 21-27.

### All-Star Baseball Game Tickets Go On Sale June 15

PITTSBURGH (AP) — Baseball Commissioner Ford Frick announced Monday the public sale of available tickets for the 1959 All-Star game will begin June 15.

Ticket orders will be limited to two for any application and must be accompanied by a check or money order.

They must be postmarked on or after 5 p.m. Monday, June 15.

They must be mailed to the Pittsburgh Pirates, Forbes Field.

Only a limited number of tickets, perhaps 10,000, will be available for public sale before the game is played July 7 at Forbes Field, home of the Pirates.

The park has a normal seating capacity of 35,000 but first priority on seats will go to holders of Pittsburgh season tickets. Seats also will be allocated to the commissioner's office, the 16 major league clubs and to players.

### Iowa Golfers Take 5th In Big 10 Meet

By THE ASSOCIATED PRESS

The American League's front running Cleveland Indians obtained righthanded hitting catcher Ed FitzGerald from the Washington Senators Monday in a three-player swap between the two teams.

In exchange for FitzGerald, Washington received southpaw pitcher Hal Woodeshick and lefty hitting receiver Hal Naragon.

The Hawkeyes had a 1,593 point total, 38 points behind Purdue which easily swept to its fourth team title in five years. Purdue's John Konsek repeated as medalist with a 72-hole total of 301.

Bob Davis, an Iowa sophomore, tied for the runnerup spot with Mike Podolski of Ohio State. They had scores of 307.

Senior John Liechty, Hawkeye captain who last year was runnerup to Konsek, had Iowa's second best score — a 312. This was good for a 10th place finish.

Iowa's other scores were Frank James, 313; Tom Holcomb, 317; Russ Schrage, 342; and Mike Phenian, 359.

Next on the agenda for the Hawkeye golfers is the NCAA meet to be held at Eugene, Ore., June 21-27.

## Khrushchev On Albanian 'Peace' Tour

VIENNA, (UPI) — Soviet Premier Nikita S. Khrushchev flew to Albania Monday on a mystery mission which stirred speculation in the West of a possible shift in the Communist "cold war" from Germany to the strategic Mediterranean.

Khrushchev began his 13-day visit to the tiny Soviet Satellite on the Adriatic with a call for "world peace." But he gave no real clue to the motive for his visit in a brief speech at the Tirana Airport.

Western diplomatic sources viewed the timing of the Khrushchev visit — in the midst of the Big Four Foreign Ministers Conference on Berlin, Germany and European security — as significant.

Nothing was said in Moscow about the purpose of Khrushchev's trip — his first to Albania. And Soviet officials at the Geneva Conference professed to have no knowledge whatever of his intent.

Western diplomatic sources saw a possible major shift in Communist strategy behind Khrushchev's mission to Albania.

It was noted that the Soviet Premier was accompanied from Moscow by Defense Minister Marshal Rodion Malinovsky and N. A. Mukhitdinov, a member of the Communist Party Presidium, and head of the Kremlin's Arab Affairs Department.

## ICC Recommends Railroad Help

WASHINGTON (UPI) — The Interstate Commerce Commission (ICC) Monday recommended a nine-point plan of action to keep railroad passenger service from dying out in this country.

It called for a shot in the arm for the railroad industry by the Federal, state and local governments to keep passenger trains — "essential for the nation's well being and defense" — on the tracks.

It also recommended that the railroads themselves take imaginative steps to improve service, cut prices where possible and jack up promotion of train travel.

## Campus Quips

A Comment Column for Coeds

While visiting composer Wallingford Riegger and 75 music students listened to one of Riegger's recorded symphonies in North Music Hall Wednesday, the Rock Island Railroad supplied resounding tones at appropriate pauses with some percussion sounds of its own. As the orchestra paused and rested, the Rock Island raced on and tooted.

Most SUIowans have already picked their dormitory rooms for next year, and choices were made for different reasons.

For instance, Jo Moore, A4, Ottumwa, chose the room in which she has lived the past three years by first trying all the showers in Currier. She then moved into the unit with the best shower.

SUIowans are fortunate to have dormitories which are "just like home." Offered are all of the modern conveniences; such as, TV sets, irons, and automatic washers and dryers.

Burge Hall, the newest of the lot, offers even more of these things, as well as beautiful lounges and dining facilities. The dormitory provides irons (one per 60 girls), dryers (one per 200 girls), washing machines (one per 67 girls), and one TV set for the 800 dorm residents.

Of course, the situation will be different next year. There will be more girls.

This witticism or fact was recently seen on the blackboard of a classroom in Schaeffer Hall — "Did you know that janitors sweep up an average of 7,000 cigarette butts per minute on the campus?"

Who had time to count them?

Last week an item in this column reported that Anne Stearns, A2, Osage, had been "bothered" by a gentleman caller since she had been pinned.

After the item appeared, Anne received four phone calls from four men — all threatening to never call again. Unfortunately, none of the four was the right one.

The latest comment on bermuda shorts for men: "If I wanted to look at hairy legs, I'd go to a zoo."

## Says Church Ruins Family

INDIANAPOLIS (UPI) — The head of the Presbyterian Church's Board of Christian Education charged Monday the church was "splintering the family" with structured programs and rigidly scheduled events.

The official, Dr. William A. Morrison, said it was time the church realized the family as an institution was "in desperate need of salvation and support" and did not exist primarily "for the purpose of saving the church as an organization."

Morrison told the United Presbyterian Church's 171st General Assembly that religious leaders must realize the American family needs help from the church more than the church needs help from the family.

"One of the striking discoveries is that the church has been holding some erroneous and unwarranted assumptions about the family," he said. "It emphasizes togetherness but it is one of the strongest forces in the splintering of the family."

He said the modern family is even further confused by the sudden stature of sensuality "as a standard of supreme value."

"Pre-marital and extra-marital sex relations have become frequent and widespread for both men and women," he charged.

In other actions the Supreme Court:

1. Ruled unanimously that Illinois may not require contour and

## Segregated Sports Events Unconstitutional: Court

WASHINGTON (UPI) — The Supreme Court ruled unconstitutional Monday a Louisiana law barring racially mixed sports contests.

The high court affirmed a decision given last November by a three-judge federal court in New Orleans.

The immediate effect of the action is to bring boxing within the area in which a state may not discriminate on racial grounds.

However, the lower court said the 1956 Louisiana law covering athletic contests generally was unconstitutional in that separation of Negroes and whites solely because of race violated the Constitution's equal protection clause.

In other actions the Supreme Court:

1. Ruled unanimously that Illinois may not require contour and

2. Declined without comment to pass on a case involving the state of Washington's manufacturing privilege tax. A pulp and paper firm had challenged a law which required it to pay taxes for products partly manufactured in other states.

3. Refused, also without explanation, to intervene in the case of Vender Lee Duncan, who is scheduled to die Friday for the rape slayings of two San Francisco women.

The national ministry reported that the Communist guns fired 44 rounds at Quemoy this morning and that sporadic shelling continued in the afternoon.

## QUEMOY SHELLING

TAIPEI, Formosa (UPI) — The defense ministry said Chinese Communist artillery shelled the Quemoy off-shore islands today.

The nationalist ministry reported that the Communist guns fired 44 rounds at Quemoy this morning and that sporadic shelling continued in the afternoon.

ALL NIGHT HOSTAGES of killer Frank Windsor, Mr. and Mrs. Lester Darter, are being helped away by police from the house where they were kept prisoner. They escaped through a small window while handcuffed. —AP Wirephoto.

## Beserk Texan Kills 1, Imprisons 4 Overnight

Dallas, Tex. (UPI) — A drunken brick contractor killed one person Monday and held four hostages, two in chains, in a fantastic plot to kill a former Texas governor. Frank Windsor, 35, was killed by police gunfire inside a small barricaded house after his hostages tumbled, screaming and retching from tear gas, from the windows.

Held at gunpoint all night were Mrs. Irene Dickinson, 68-year-old grandmother and owner of the house, and her neighbors, Mr. and Mrs. Leslie Darter.

Alfred Webb, 44, was forced into the house as the fourth hostage when he arrived at 6 a.m. to accompany Darter to work.

M. G. Hassell, a painter scheduled to paint one of Mrs. Dickinson's rented houses, was shot to death when he came to her door to pick up the keys. Windsor leveled the gun over the elderly landlady's shoulder and shot Hassell in the face.

Windsor had a bitter grudge against former U.S. Sen. and former Gov. W. Lee O'Daniel and Mrs. O'Daniel because he was evicted in early 1958 from one of their apartment houses.

Mrs. Dickinson said he hoped, by holding hostages, to force officers to bring the O'Daniels to the Dickinson house so he could shoot the O'Daniels.

Windsor, described by a neighbor as "crazy drunk since last Friday," consented during the night to allow his hostages to go next door to the Darter home. Mrs. Darter wanted to care for her children, aged 7, 5, and 4.

But when Windsor decided to hold the children hostage, too.

"Now you're going too far," the gray-haired Mrs. Dickinson told the berserk man. "No you're not going to do that." And Windsor relented.

But he marched the older people back to the Dickinson house and there handcuffed the Darters and bound them with a chain.

Mrs. Dickinson said Windsor hoped to get 10 hostages in all in the belief he could then force Dallas County Sheriff Bill Decker to bring the O'Daniels to the house.

## Ask Midwest Federal Prison

**WASHINGTON** (UPI) — Rep. Kenneth J. Gray (D-Ill.) Monday began a fight for House approval of two million dollars to start construction of a new federal prison in the Midwest.

The House adjourned for the day immediately after Gray made his appeal for the funds, which the House Appropriations Committee has refused to allow.

The prison item will be the first order of business when the House resumes debate on a State and Justice Department appropriations bill Tuesday.

Gray had said earlier he would ask the House to approve the full \$9,875,000 prison appropriation asked by the White House, but lowered his sights Monday to the two million dollar figure.

## Cuban Newspaper Gets Army Guard After Threats

**HAVANA** (UPI) — Revolutionary army troops in campaign uniform threw up a special guard Monday around the plant of the Communist newspaper Hoy as a result of anti-Communist threats to burn down the building.

Army troops substituted a police guard sent earlier to protect the newspaper plant in the wake of street rioting between Communists and anti-Communists.

Fist fights broke out Sunday in front of the newspaper's building when anti-Communists threatened to attack it after a sugar worker's meeting held in the nearby "Workers' Palace."

The tenth National Sugar Workers Congress, by a vote of 885 to 13, passed a resolution of censure against Hoy for "distorted, unfounded, and calumnious counter-

revolutionary reporting" on the work of the congress.

Hoy appealed for police protection after receiving new threats of violence as a result of the open break between Prime Minister Fidel Castro's July 26 revolutionary movement and the Communist Party.

The break became evident when the Government marshaled Cuban labor into a "workers' front" to combat Communist infiltration of unions.

Formation of the new group was announced Sunday shortly after Hoy claimed that 4,000 new members had joined the popular Socialist Party — local name for the Communist Party — since the triumph of Castro's revolution Jan. 1.

Since the total Communist Party membership was estimated recently at 12,000, it appeared that Hoy was claiming a 33 per cent increase since Castro overthrew Dictator Fulgencio Batista.

Formation of the new Government Labor Front was announced in an unsigned press statement. It said that 26th of July units in 28 of the 33 federations affiliated with the Cuban Confederation of Labor had organized into the "Cuban Humanist Workers' Front."

The Civil Aeronautics Board and the Airline Pilots Association were not represented on the group, an omission almost certain to draw a protest from the pilot's union.

The group will be headed by Robert M. Buck of FAA's Bureau of Research and Development.

Government and industry experts have spent more than three years trying in vain to come up with a device that would warn pilots of collision dangers. They are searching for these two devices:

A proximity warning indicator (PWI) which alerts a pilot to the presence of another aircraft. Electronics specialists have been seeking a PWI which would have a detecting range of two miles.

A "collision avoidance system" which would not only detect nearby planes, but would tell whether a collision course is involved. It would even advise the pilot of the correct avoidance maneuver.

## Seek Devices To Avert Air Collisions

**WASHINGTON** (UPI) — The Federal Aviation Agency (FAA) launched an all-out drive Monday to develop a successful collision warning device for civil and military aircraft.

FAA announced formation of a special "collision prevention advisory group" drawn from six major civil and military aviation fields.

Perfection of a practical, simple and inexpensive collision warning system for cockpits has been one of aviation's major unsolved goals.

The special "task force" will include representatives from one Army, Navy and Air Force, and the Air Transportation Association (representing the scheduled airlines), Aircraft Owners and Pilots Association (representing private pilots) and National Business Aircraft Association.

The Civil Aeronautics Board and the Airline Pilots Association were not represented on the group, an omission almost certain to draw a protest from the pilot's union.

The group will be headed by Robert M. Buck of FAA's Bureau of Research and Development.

die of the night to make the tea for his wife. He returned to bed unaware that when he hurried on the lights he frightened a gang of thieves who left an untouched safe containing \$84,000. They took \$3,290 in silver, however.

## News Digest

### Gov. Faubus Disclaims Relationship To Escaped Detention Home

**SAN DIEGO**, Calif. (UPI) — Seven teenagers were captured here Monday as they tried to flee across the border into Mexico after escaping from a juvenile detention home in San Luis Obispo, Calif.

A 14-year-old girl member of the group, Margaret Faubus, was identified by her mother as not related to the girl.

### Rioting Breaks Out In London On New Wave Of Racial Hatred

**LONDON** (UPI) — A wave of racial hatred has brought fears of rioting in the areas of West London. Wherever London's 15,000 Negroes live side by side with whites, walls are splashed with slogans like "don't let niggers into this country, and 'go home, Jim Crow.'

A Fascist political movement led by Sir Oswald Mosley, a Hitler admirer of World War II days, wants to solve the color problem by sending all Negroes back to their homelands and prohibiting any further immigration into Britain.

In the grimy Notting Hill District recently a Negro was knifed to death by six white youths—for no reason, according to a witness of his own race, except the color of his skin.

### ISC Tutor Loses Assistantship For Conducting 'Help' Session

**AMES** (UPI) — Albert Robinson, 23, psychology tutor for some Iowa State College athletes, Monday lost his graduate assistantship, effective June 1.

Dr. William A. Owens, head of the psychology department, said "This action, however, does not indicate that the staff in psychology has lost faith in Mr. Robinson. What he did in this case is incongruous with all his previous behavior."

### Opposition To Commune System Causes Red Shootings Of Farmers

Taipei, Formosa (UPI) — Communist Chinese troops shot and killed 210 farmers in one of a series of riots in two coastal provinces sparked by opposition to Peiping's commune system, the Nationalist Chinese News Agency said Monday.

The agency, quoting unidentified sources on the mainland, said hungry farmers and low ranking Communist members of the cadres battled Red soldiers in uprisings recently in Kiangsu and Kukien provinces.

The biggest riot erupted at Yangchow near Shanghai on March 27, the agency reported.

### Hoffa: Reuther Has No Brains Or Guts; Reuther: Hoffa Doesn't Deserve Reply

**BOSTON** (UPI) — Teamster boss James R. Hoffa was quoted by a Boston newspaper Monday as accusing Walter Reuther of having "no brains, no guts" and of hiding in an office during a 1930 picket line battle.

Hoffa made the charges in an interview with Boston Traveler labor editor Dick Lamere. He said Reuther dodged serving in a picket line in Detroit in the '30s

and "then he capitalized on the sweat and blood of the pickets who did the job in setting up the CIO union."

In Detroit, Reuther, president of the United Auto Workers, refused to comment on Hoffa's statement. A spokesman for Reuther said he felt the Hoffa charge "doesn't deserve the dignity of a reply."

### Social Notes

**GAMMA ALPHA CHI** and Alpha Delta Sigma advertising fraternities will meet Tuesday at 5 p.m. in the Communications Center Lounge. A picnic is planned and the members are asked to bring 50 cents each.

**RESIDENTS AND INTERNS** Wives Club will meet Wednesday, 8 p.m., in the University Club Rooms of the Iowa Memorial Union. The club will be working on next year's programs.

## Will Accept Bids For Two SUI Construction Projects

Bids for two construction projects at SUI will be accepted up to 2 p.m. June 11, according to George L. Horner, superintendent of the SUI division of planning and construction.

Bids will be accepted for a 17-by-40 foot, one-story Biology Research Building to be built adjacent to the SUI Zoology Building. The State Board of Regents approved a budget of \$19,894 for constructing and equipping the laboratory.

A second construction project planned is concrete bleachers seating 2,000 spectators at the SUI track. The bleachers, to be located on the natural slope south of the track, are to be paid for entirely from athletic earnings. The Regents approved the project, estimated to cost \$16,000, on May 8.

Copies of the plans and specifications for both projects may be obtained at Horner's office in the

Old Dental Building. The bids for both will be publicly opened and read at 2:30 p.m. June 11.

Half the cost of the Biology Research Building will be met from a U.S. Public Health Service grant of \$9,949. Other funds will be provided from the University's repair, replacement and alterations fund, and the urology trust fund in the SUI college of medicine.

Among the equipment in the concrete block building will be 11 concrete tanks for research projects on armadillos, 12 permanent bird cages, and facilities for housing various other animals, all to be used by the department of zoology.

Although most of the research studies will be carried out by zoologists, one of the major studies will be conducted by Rubin H. Flocks, professor and head of urology, in conjunction with Emil Witschi, professor emeritus of zoology. Dr. Witschi, an internationally-known embryologist, is currently in France as a visiting professor at the Sorbonne in Paris.

The Witschi-Flocks research will use rabbits, guinea pigs, rats, and other animals, most of which will be housed in the new building addition. Dr. Flocks said the investigation will be on the antigenic properties of prostatic tissue.

Donald C. Johnson, research assistant professor of zoology, and assistant to Dr. Witschi, said the bird cages, which will house chickens, turkeys and other birds, will adjoin the present open-air cages south of the Zoology Building. The armadillo tanks are believed to be a better way for keeping the animals, which are difficult to keep alive for long periods of time, he said. Cages were used previously with little success.

### 3 SUI Commerce Seniors Awarded \$250 Scholarships

Three SUI seniors who financed a large part of their own university educations have been awarded Chester A. Phillips Scholarships, which are granted to outstanding seniors in the College of Commerce.

A Phi Beta Kappa graduate of SUI, Mrs. Falvey succeeded her husband, the late Lawrence A. Falvey, representative from Monroe County. He had served three terms in the legislature before his death in 1957.

### Godfrey Swims, Shoots, During Virginia Weekend

NEW YORK (UPI) — Arthur Godfrey, who underwent a chest cancer operation at the age of 55 less than a month ago, piloted his plane to Virginia last weekend, took a swim, went pistol shooting, and flew back Monday.

Godfrey's condition has improved so much since the April 30 operation that his doctors approved his rigorous weekend, a spokesman for the TV star said.

Godfrey flew his twin-engine light plane to Leesburg, Va., where he has a farm, on Friday, the spokesman said. He spent the weekend swimming, pistol shooting and resting.

He returned Monday and drove from the Teterboro, N.J., airport to the hospital for an X-ray of his chest, and then returned to his New York apartment.

Godfrey's spokesman said that although the star's pain had lessened he still was not permitted to work or have visitors.

### One Fake Name In '59 Hawkeye

Ever hear of Otis Bondudo? Otis, with all the quiet rebellion of the little man, may someday be well-known among the many, many pictures and many, many names reproduced in the Hawkeye yearbook.

Mr. Bondudo presents one problem, however: he is non-existent.

It all started when an innocent SUI student somehow found himself in front of the big lens of a Hawkeye photographer—when he wasn't supposed to be there. Since the shutter was already clicking, and the young man wasn't legally part of the organization being photographed, he decided to use a nom-de-plume when they passed around the name sheet.

And so Otis was born, leaving one gem of wisdom for next year's Hawkeye staff: Beware of suspicious looking names (and those not so suspicious). They may just be a small, imaginary cog in this large university machine.

### This Is A Telephone?

A WALKY-TALKY that can be handled easily with one hand is one of the features of "Design '59." Examining the radio-telephone, which was designed by Robert H. Larson, A3, Iowa City, is Betsy Burhans, A2, Peoria, Ill. The show is open to the public through May from 8 a.m. to 10 p.m. on weekdays and on Saturday and Sunday from 2 to 5 p.m.

### Free Country Newsmen To Meet In West Berlin

BERLIN (UPI) — More than 130 editors and publishers from 30 countries in the free world will meet in Communist-threatened West Berlin today for the eighth national assembly of the International Press Institute (IPI).

West Berlin Lord Mayor Willy Brandt, who returned recently from a round-the-world trip designed to call attention to his city's role as an outpost of western democracy and freedom, will deliver the opening speech. He is expected to appeal to the world press for help in keeping West Berlin linked firmly with the West.

The annual scholarships of \$250 have been awarded to Willard Galliard, Dubuque; Karen Schmede, Durant, and Louis Schnur, Iowa City. The award is provided by income from a fund established by alumni and friends of Deanemus Chester A. Phillips, first dean of the SUI College of Commerce.

Galliard, an honor student in accounting and economics, financed three-fourths of his college expenses by summer work and scholarships.

Miss Schmede is an honor student in office management and business education, and financed most of her university education through work and scholarships.

Schnur, also an honor student in accounting, financed his University education by working at the SUI Hospital and through scholarships and savings from high school jobs.

Letters were mailed Monday to all seniors in the College of Commerce soliciting donations to this scholarship fund. Robert W. Story, C4, Iowa City, chairman of the fund drive, said that the drive is to be conducted each year during the spring semester and the collegiate Chamber of Commerce will be responsible for its continuity.

### LADY 'MR. MAYOR'

ST. ALBANS, England (UPI) — Mrs. Stella Dunham, 68, said today she insisted on being called "Mister Mayor" just like her male predecessors in the office because "I'm doing a man's job and I'm entitled to it."

### Court Justice Orders Arrest Of Union Head

NEW YORK, (UPI) — A state supreme court justice Monday ordered the arrest and imprisonment of the president of a union that has been on strike against six New York hospitals for 18 days.

Justice Charles J. Beckinella found Leon J. Davis, president of the Retail Drug Employees Union, guilty of contempt of court for defying an injunction that ordered a halt to the strike at Brooklyn Jewish Hospital.

He sentenced Davis to 15 days in jail and fined him \$250. George Goodman, business representative of the union, received a similar sentence.

Davis was not in court. Beckinella first must sign a mandate of commitment and give it to a sheriff before the union leaders can be arrested and jailed.

The union ordered the strike on May 8 in an attempt to gain bargaining recognition for about 3,700 non-medical employees at the voluntary, non-profit hospitals. The unskilled workers, most of them Negroes and Puerto Ricans, earn from \$32 to \$40 a week.

Davis and Goodman were accused specifically of violating the injunction affecting Brooklyn Jewish Hospital.

Baudouin flew here in a private plane shortly after he landed in Santa Fe from a 3-hour and 39-minute flight from California. He paid tribute to the late Secretary of State John Foster Dulles during a brief talk with newsmen at the Santa Fe Airport.

He referred to Dulles, who died yesterday, as a "gallant defender of everything that means so much to us."

"I should like to take this opportunity to pay special tribute to a great statesman," he said. "One of his goals was to strengthen the solidarity of the western world in order to maintain peace."

Baudouin said Dulles "to that

### IKE TALKS POLITICS

WASHINGTON (UPI) — Sen. Thruston B. Morton (Ky.), chairman of the Republican National Committee, discussed politics at the White House today with President Eisenhower. Morton told a reporter he reported to the President on his first month's activities as GOP chairman.

The other five hospitals, located in Manhattan and the Bronx, also obtained an injunction banning strike activity by the union, but no contempt action has been taken in Manhattan Supreme Court.

Beckinella said that union leaders had been guilty of "flagrant contempt of court."

The other five hospitals, located in Manhattan and the Bronx, also obtained an injunction banning strike activity by the union, but no contempt action has been taken in Manhattan Supreme Court.
