Gov. Long Under Protective Custody

GALVESTON, Tex. (AP) — A judge Tuesday ordered Louisiana's stormy Gov. Earl K. Long held in protective custody at a hospital. He granted a petition by the governor's wife and Dr. Arthur Long, Baton Rouge, La., a physician and the governor's cousin. They told the court the governor "is exhausted, overworked and ill both mentally and physically" and that he required observation and treatment in a mental hospital for 90 days "for his own welfare and for the protection of himself and others."

Dr. Titus Harris, internationally known psychiatrist, said in papers filed with the petition that

Earl Long
Louisiana Governor

11 Killed In Gas Truck Explosion

SCHUYLKILL HAVEN, Pa. (AP) — Flames from an exploding propane gas truck blasted jet-like on a busy highway Tuesday, killing 11 persons and injuring at least 15 others.

Ten of the victims were among some 30 spectators standing as far away as 300 feet watching firemen fight the flames such as a youngster views a fireworks display. The other fatality was a fireman.

State Trooper Earl Klingler described the terrific blast.

"The flames shot up the highway with the speed of a jet, carrying debris and parts of the truck, striking spectators and cutting them down like shrapnel would," he said.

Sgt. Melvin Clouser said that when the gas tank let loose, the flames swept along the road like a ball of fire.

The tragedy occurred on heavily traveled Route 122, about 100 miles northwest of Philadelphia in the anthracite coal country. Several school bus loads of children narrowly missed, being involved. Quick-thinking drivers moved the buses out of danger.

Police said that a tractor trailer, driven by Walter Williams 54, of Reading, Pa., rammed the rear of the halted gas truck, setting it afire.

Missile Program Changed—

Defense Bill Debate Opens

WASHINGTON (UPI) — The House opened debate on the big \$38,848,339,000 (B) defense appropriations bill Tuesday amid indications that President Eisenhower has no objection to Democratic changes shifting emphasis on missile programs.

Chairman George H. Mahon (D-Tex.) and ranking Republican Rep. Gerald R. Ford Jr. (Mich.) of the House Defense Appropriations Subcommittee joined in appealing to their colleagues to approve the revamped bill.

The House is expected to start voting on amendments today and perhaps take final action Thursday.

A few hours before debate started Republican leaders came away from the White House with the impression that Eisenhower was not unhappy with the measure, even though it carried \$399,861,000 (M) less than he requested and would reshuffle various military programs.

House GOP Leader Charles A. Halleck said after the regular weekly White House legislative conference that Eisenhower was told there would be efforts to amend the measure but that it would be passed in substantially its present form.

the governor is mentally ill and likely to cause injury to himself or to others.

Probate Judge Hugh Gibson ordered Long held in protective custody at John Sealy Hospital pending further orders of the court.

Under Texas law the judge's order will be in effect until a formal hearing is held to determine if Long is ill and should be committed to a hospital. Such a hearing must be held in 14 days.

Gov. Long may be present at the hearing. He can have his own attorneys and may ask for a hearing before a six-man jury.

Dr. Harris said the governor is being treated with sedatives, tranquilizing drugs, antibiotics and rest.

A mid-afternoon medical bulletin said Long "is suffering from an acute illness that well may be the outgrowth of some underlying physical condition that has brought about secondary changes in the central nervous system and that with adequate care and treatment the outlook for recovery is an excellent one."

The 88-year-old governor was flown here Saturday for treatment.

Ike Expected To Ask Removal Of Bond Limit

WASHINGTON (AP) — Senate GOP Leader Everett M. Dirksen said Tuesday he expects President Eisenhower to ask Congress to remove the legal interest ceiling on Government bonds and to authorize a new educational savings bond.

The Illinois Republican said Treasury Secretary Robert B. Anderson told a hush-hush White House meeting Monday night that the need for action on the fiscal front was "urgent." He said Anderson, as expected, also would seek an increase in the federal debt limit.

Dirksen said the proposed new bond would be designed to help parents meet the cost of educating their children. The action to raise the limit on interest rates would affect the familiar savings bonds as well as bigger issues purchased mainly by business.

The President and congressional leaders from both parties attended the White House meeting which was held in secret to avoid upsetting the financial markets. But word leaked out anyway and Dirksen finally confirmed the session had been held.

He said the Administration may submit its new fiscal package to Congress as early as this week, adding that "once this is in the press I don't think you can delay."

Dirksen said the new educational assurance bonds would not have an overly long maturity period and would be designed to help cover "family educational costs." He did not know how large an issue would be involved or what interest the bonds would bear.

As for the present interest ceiling on government bonds, he said "the suggestion was one of going away with ceiling." Dirksen said this would enable the treasury to market its bonds in competition

with "cities, schools and states."

According to one report, savings bonds purchased for future educational use would pay a higher interest rate than others.

Unconfirmed reports at the Louisiana capital said the governor was under the influence of medicine when the plane took off and did not know his destination.

Once in the hospital, physicians reported, he rebelled at questioning by psychiatrists. Long is known for his spicy language.

The portly governor's trip here followed, vitriolic tantrums on the floor of Louisiana's Legislature last week. His personal physician ordered him to bed. The flight to Galveston followed.

Mrs. Long apparently took action to prevent the governor from walking out of the hospital. Should he reach the Louisiana line, he would be, under Louisiana law, above any committal.

Should he reach Louisiana, "the people would be right back with him," ill or not, one well-informed political observer predicted.

Under Texas law, Long could walk out of the hospital without interference, probably some time Wednesday, had papers not been filed.

Texas law permits a doctor to hold a patient 96 hours — four days — after the patient demands release.

Students planning to attend the SUI summer session will be required to make a \$35 advance payment on their accounts before receiving registration materials, according to University Secretary Leonard R. Brcka.

The balance of the fees and tuition, room and board charges and other expenses will be billed to students or their parents about July 1 and will be payable by July 20.

Students will pay the initial \$35 installment at the same time they pick up registration materials, Brcka said. Registration materials for the eight-week session will be available in Macbride Hall June 10 through registration day on June 16.

A penalty of \$5 will be charged on all student accounts not paid by July 20 and registrations will be cancelled for students who have unpaid accounts on July 25. Any charges incurred after July 20 will be billed to the student or his parents about Aug. 1, Brcka said.

son must remain at work on a new job in order to avoid disqualification for voluntarily quitting a prior job.

It also declares a voluntary quit does not disqualify a worker if it occurs 90 days or more before he files a claim for benefits, and relaxes the present disqualification provisions for workers who leave a job because of illness or compelling personal reasons.

Loveless said about 10 per cent of persons now covered by unemployment compensation law will not be covered under the new one, and for about half the labor force there will be no increase in benefits.

Exam Schedule

The Daily Iowan will publish a daily schedule of final examinations for the benefit of students readers.

Final exams scheduled for today are:

8 a.m. All sections of Comm. 6A:144; Core 11:32:31; M&H 59:40; and Educ. 7:82.

10 a.m. Classes which meet first on Tuesday at 11:30; all sections of Core 11:7.

1 p.m. Classes which meet first on Monday at 11:30; all sections of Core 11:5; Journ. 19:97; and Speech 36:97.

3 p.m. Classes which meet first on Tuesday at 9:30:

7 p.m. All sections of Comm. 6E:2; Skills 10:11, 12; and M.E. 58:21.

The final examination for Home Economics 17:19, which was scheduled for 10 a.m. today will be given at 8 a.m. this Friday.

I.C. Girl Survives Aspirin Overdose

A 16-year-old Iowa City high school girl was described as being in good condition in University Hospital following what may have been an attempted suicide. It was reported that the girl took 100 aspirins. Police did not identify the girl.

Authorities said the girl left school with her boy friend, an SUI student, about 9:15 a.m. Tuesday. Before leaving she told an acquaintance she took the aspirins.

She was taken to the hospital by an unidentified person about 11:30, violently sick from the overdose. By Tuesday afternoon she was described by hospital officials as being out of danger.

HAWKEYE PHOTO MEETING

All SUI photographer-students are invited to attend a photo staff meeting to be held at the Hawkeye Office, 210 Communications Center, Thursday at 7:30 p.m.

Plans will be discussed for the 1960 Hawkeye and a tour of the Hawkeye darkroom facilities will be conducted. Coffee and doughnuts will be served.

East German Leader Rebuked By Herter

\$35 Advance Required For Summer Revolutionary Violence Spreading In Latin America

Violence is again dotting the map of Latin America. And there are threats of more trouble to come.

Political unrest, economic troubles and local grievances lie behind the widespread disturbances.

In Nicaragua, government troops and planes are battling rebels flown in from neighboring Costa Rica. President Luis Somoza has promised that the "traitors and mercenaries" will be annihilated.

But in Costa Rica, Nicaraguan exiles assert fighting has broken out on several fronts within Nicaragua. Insurgent leader Dr. Enrique Lacayo Farfan predicts the Somoza regime will be overthrown.

Elsewhere in Central America,

law again after student demonstrations protesting increasing bus fares.

In Peru, the government Monday night arrested five leaders of the opposition Popular Action party to head off a demonstration in Arequipa protesting the arrest of party leader Fernando Belaunde.

Protest demonstrations in Lima Saturday resulted in street battles between police and party members. Belaunde was arrested last week when he tried to defy a government ban against holding a political rally.

In Ecuador, Guayaquil High School and university students fought saber-swinging mounted police Tuesday. The students were protesting the death of two students killed in a mutiny at the Porto Viejo garrison last week. Draftees at the garrison gave arms to civilians who joined the recruits in an eight-hour gun battle against army regulars. Seven persons were killed in the fight.

In Colombia, bandit gangs swooped down on a bus traveling through the Tolima Province and killed 14 passengers. Eleven others were killed Sunday in isolated bandit raids in the province. Extremist opposition elements and Communist agitators have been blamed for the increasing banditry in the Tolima area.

Soviet Foreign Minister Andrei A. Gromyko, faced with stiff Western opposition, said he did not intend to "talk" the West into recognition of East Germany as a sovereign state.

He also admitted that presence of U.S., British and French troops in Berlin has not been "illegal." But he said conditions now have "changed" in Berlin. He suggested Western troops might be replaced by neutral forces.

U.S. spokesman Andrew Berding said at the end of the three-hour semi-public plenary session that the question of a Berlin settlement had not "appreciably advanced."

A Russian spokesman, more optimistic, said the ministers "have achieved some results."

An East German spokesman, asked about Herter's rebuke to Bolz, dodged by saying "it is possibly quite useful" for all concerned to study up on the four-power agreements on Germany.

Herter, at the semi-public plenary session, advised Bolz to read up on history before "proposing to instruct the Western powers regarding their rights in Berlin."

It was the first blunt Western attack on the East German delegation, and Bolz turned beet red.

Herter did it diplomatically — addressing his remarks to Gromyko who sat as chairman. He did not speak directly to Bolz — a representative of a government the West does not recognize. He suggested in a steely voice that Gromyko help Bolz "familiarize himself" with the four-power agreements granting the West rights in West Berlin.

Neither Gromyko nor Bolz replied.

Speeches by Gromyko and the Western ministers only confirmed the depth of the stalemate. Gromyko again insisted that the West's proposal for an interim settlement on Berlin was unacceptable.

The plenary session dragged on for so long into the evening that a secret session of the Big Four, scheduled for Herter's villa, was called off.

West Blasts 'Mud-Slinging' Of Communists

Berlin Stalemate For Big 4 Ministers

GENEVA (UPI) — Secretary of State Christian A. Herter Tuesday publicly rebuked the Foreign Minister of Communist East Germany to his face at a formal session of the East-West foreign ministers conference that left both sides stalemated on Berlin.

Herter was joined by West German Adviser, Ambassador Wilhelm Grewe, who accused the East Germans of "mud-slinging." The West threatened to introduce tape recordings of East German intrigues unless the denunciations stopped.

Russia was told by British Foreign Secretary Selwyn Lloyd of the bed-rock Western stand on Berlin. He said the West would go to a summit meeting if "some definite progress" is made at Geneva.

East German Foreign Minister Lothar Bolz, who accused the East Germans of "mud-slinging." The West threatened to introduce tape recordings of East German intrigues unless the denunciations stopped.

Russia was told by British Foreign Secretary Selwyn Lloyd of the bed-rock Western stand on Berlin. He said the West would go to a summit meeting if "some definite progress" is made at Geneva.

Monkey Dies Monday In Operation

WASHINGTON (AP) — Able, one of the little space pioneering monkeys, is dead.

Her death came Monday night during an operation for removal of part of a recording instrument used in her historic rocket journey.

The Army, announcing this Tuesday, said death was not due to any effects of her space flight. It said that during administration of an anaesthetic Able's heart muscles began quivering. Even what the Army called "heroic measures" failed to save her. She died at 10:45 p.m. at the Army Medical Research Laboratory at Ft. Knox, Ky.

Able, with her female companion monkey, Baker, rode a Jupiter missile 300 miles above the earth at 10,000 miles an hour on a 1,500-mile flight last Thursday. They were the first living creatures the United States has hurled to such heights and brought back alive.

Baker, the smaller of the two, a one-pound squirrel monkey, is at the School of Aviation Medicine at Pensacola, Fla., Naval Air Station, reportedly in good condition.

Red China Atomic Threat Seen By Sen. Humphrey

WASHINGTON (UPI) — Chairman Hubert H. Humphrey (D-Minn.) of the Senate Disarmament subcommittee said Tuesday he had information from a high scientific source that Red China could explode an atom bomb this year.

However Sen. Henry M. Jackson (D-Wash.), chairman of the House-Senate Atomic Energy Military Applications subcommittee, said he did not believe the Chinese Communists could scrape together enough atomic explosives to make a bomb.

Other atomic sources said Russia might be trying to panic the West into a test ban agreement at Geneva by raising the specter of a Communist China armed with nuclear weapons.

These were the conflicting reactions here to reports circulating in Geneva that Red China has accumulated enough fissionable material to touch off a nuclear blast, possibly this fall.

The reports said this possibility spurred the efforts by United States, Britain and Russia to reach accord on a test ban. Some officials believe Russia fears a nuclear-armed China as much as the West.

Although the Chinese would not be a party to the test ban agreement, it was suggested that they would be morally bound by it.

Representatives of the United States, Britain and Russia have been discussing a test ban in Geneva since last fall. They have foundered on Russia's insistence on at least a partial veto of inspections needed to police a test ban.

Jackson viewed the Geneva rumors as a "propaganda pressure deal" to persuade the West to accept a test ban that was "not properly conceived."

SUI Professor Wins Fellowship

DES MOINES (AP) — Two Iowans, one an SUI faculty member, were named Tuesday among 181 winners of fellowships awarded by the Ford Foundation for training as part of the foundation's program to improve American understanding and competence in international affairs.

Chu-Tsing Li, Iowa City, assistant professor of art history at SUI, was given a one-year fellowship for study of oriental arts at Harvard and Princeton Universities.

Franklin E. Gill, Jr., Sioux City, graduate student in government at Columbia University, was given a fellowship for completion of a doctoral dissertation on comparison of French and Soviet law at Columbia.

Duration of Gill's grant is 11 months in addition to a present fellowship.

SUI Custodian Injured In Fall

Robert Peacock, 48, an SUI custodian, was taken to Mercy Hospital shortly after 10 p.m. Tuesday after a fall on the steps of the Geology Building where he works.

Hospital authorities reported no apparent broken bones, but held him overnight for observation. Peacock, whose address was given as 209 N Van Buren, was taken to the hospital by police ambulance.

Lily Pond Paddler

The extra lily in the pond north of the Iowa Memorial Union one hot day recently was Paul Meyer, 6, son of Dr. and Mrs. R. W. Meyer, 612 Dearborn. Paul said he enjoyed his swim, but it was interrupted frequently by envious SUI students passing by who were too big to join him in the shallow pool.—Daily Iowan Photo by Gretchen Brogan.

Weather Forecast

Cloudy
Warmer
High 70's

The Daily Iowan is written and edited by students and is governed by a board of five student trustees elected by the student body and four faculty trustees appointed by the president of the University.

Limits On Presidential Tenure Unwise?

The length of time that a President of the United States may serve is limited by the 22nd Amendment to the Constitution. It provides that no person may be elected to more than two four-year terms, and anyone who enters the office through a vacancy may not be re-elected if the part-term is more than two years.

Efforts to limit the amendment after its being in effect only eight years are being considered now in a Senate committee. The amendment, ratified by the 36th state, Nevada, in February, 1951, is not the first time limits on the presidential tenure have been considered.

The amendment was approved by Congress early in 1947. Franklin D. Roosevelt had been dead only two years, and unquestionably his four successful tries for the office had some effect on the thinking of the Republican controlled 80th Congress. The Senate passed

the proposed amendment by a 59-23 vote; the House, 289-121.

It is apparent that the amendment makes a "lame duck" of any President elected to a second term. President Eisenhower has not lost most of his immense personal popularity. Future Presidents may not have this highly useful asset to fall back on.

It could be to the benefit of our nation in a time of crisis for the same man to continue in office. The amendment makes no allowance for such an event; therefore, it might be necessary to take up valuable time initiating a man to the office.

Not only does the amendment hamper the President, it curtails the choice of the voters. In fairness to both the office holder and his electors, the Constitution's 22nd Amendment should be repealed.

Surely, the voters of this country can be relied upon to reject or accept candidates, particularly those with two-term records of performance in office. The Columbia Missourian.

University Bulletin Board

University Bulletin Board notices must be received at The Daily Iowan office, Room 201 Communications Center, by noon of the day before publication. They must be typed and signed by an advisor or officer of the organization being published. Purely social functions are not eligible for this section.

PHOTOGRAPHERS interested in working on 1960 Hawkeye will meet Thursday at 7:30 p.m. in the Hawkeye Office, Communications Center.

THOSE REGISTERED in the Educational Placement Office who are still seeking positions, send change of address to the office before leaving the campus. This may be done by postcard or by leaving a memorandum at the Placement Office.

VETERANS: Each Public Law 550 veteran must sign a VA Form 1099a to cover his attendance from May 1 through June 10. This form should be signed on or after the day of the veteran's last attendance.

CANDIDATES FOR DEGREES in June: Commencement announcements have arrived. Orders may be picked up at the Alumni House, across from the Union.

PROGRAM OF FOREIGN STUDIES certificates will be issued to students who have completed the requirements of the program. Students expecting the certificates should report immediately to Professor Erich Funke, 106 Schaeffer Hall.

Funke will also inform students about careers in the United States Foreign Service and about the Foreign Service Examination for 1959.

ALL FRATERNITIES AND SOCIETIES are requested to return rental reproduction to the Hostess Desk of the Iowa Memorial Union from June 1 through June 3.

UNIVERSITY CO-OPERATIVE BABY-SITTING LEAGUE BOOK will be in the charge of Mrs. Buffington from May 19 through June 2. Telephone her at 4521 if a sitter or information about joining the group is desired.

STUDENTS that do not plan to be in Iowa City this summer may have The Daily Iowan mailed to any address in the U.S. during the vacation period. June 12 through September 18. The special reduced subscription rate for students is \$3.00 for the 14 week period.

ALL LOCKERS in the Fieldhouse must be checked in before June 11th. Following this date all locks will be removed and contents destroyed.

THE NORTH GYMNASIUM of the Fieldhouse will be opened for the recreational use of SUI students each Friday from 1:30 to 4 p.m. and each Saturday from 1:30 to 5 p.m. in order to gain admittance into the North Gymnasium on Saturdays, students must present their I.D. cards to the person-in-charge who will be located near the North cage door.

PLAY NITES at the Fieldhouse will be each Tuesday and Friday from 7:30 to 9:30 p.m., provided that no home varsity contest is scheduled. Available for members of the faculty, staff, and student body and their spouses are the following: Tuesday nights—badminton, handball, paddleball, swimming, table tennis and tennis. Friday nights—all Tuesday activities, basketball and volleyball.

SCHOLARSHIP APPLICATIONS. Undergraduate students interested in obtaining information about scholarships for the 1959-60 school year are advised to check with the Office of Student Affairs. Requests for scholarships from students now in school must be made before June 6, 1959.

LIBRARY HOURS: Monday-Friday: 7:30-2 a.m.; Saturday 7:30-3 p.m.; Sunday 1:30 p.m.-2 a.m. Reserve Desk: Monday-Thursday, 8 a.m.-9:50 p.m.; Friday-Saturday, 8 a.m.-4:50 p.m.; 7-9:50 p.m.; Sunday: 2-4:50 p.m.; 7-9:50 p.m.

'It's a New Standard Of Measure-You Know, In Case Strauss Should Be Confirmed'

Eleven Faculty Members Retiring This Year

'Undergrads Deserve A Great Big Hand'

"Undergraduate students deserve a great big hand," Kirk H. Porter, retiring professor and head of the SUI Political Science Department, said as he thought back over his forty years of teaching at SUI.

"Today's students are ever so much better than they were forty years ago," he said. "They take harder courses, know more, and in addition to taking heavier academic loads, they even have

Captain Of 1917 SUI Football Team To Retire

The captain of the 1917 SUI football team who won fame by drop kicking a 43 yard field goal on the old Iowa Field, will retire from full-time teaching service in June.

John "Waddy" Davis, assistant track coach and instructor in the Physical Education Department for 24 years, was a half-back on the Hawkeye football teams of 1915-16-17, and was elected captain of the 1917 football team.

"When I came to SUI in 1915, we didn't have a big stadium to play football in," Davis said. "In fact the westside of the river was undeveloped at the time and it was used as a farming area. The gymnasium was on the East side of the river in what is now the Old Army building.

Davis graduated from SUI in 1918. He was the baseball and track coach at Washington University in St. Louis, Mo., from 1920 until 1935, when he returned to SUI as an instructor in the Physical Education Department.

"When I started teaching in SUI's Physical Education Department, we taught sit-up exercises and used dumb-bells for practice," Davis reminisced. "Now we use special exercises in class room technique beneficial to prospective coaches and physical education majors."

The students of today are taught skills from participation and textbooks. In the past students in the Physical Education Department were taught by experience only, he said.

"We didn't have coaching classes in those days, the prospective coach had to learn from experience and participating in sports and nothing more."

"Waddy", as he's known by his friends, is still active in SUI's Physical Education Department and manages to play a round of golf or two whenever the occasion arises.

Professor Will Continue Research

Orvis C. Irwin, professor at the Child Welfare Research Station, is retiring after 30 years of service on the SUI faculty.

His "retirement" plans include work as a teaching and research professor of speech at the Institute of Wichita and the Institute of Logopedics in Wichita, Kan.

Essentially, he will be doing the same sort of work he has done at SUI—research into the speech problems of cerebral palsied children.

Prof. Irwin graduated from Baldwin-Wallace College, Berea, Ohio, in 1914, and received his M.S. degree from Columbia University in 1924 and his Ph.D. degree from Ohio State University in 1929.

Uses Scientific Methods In Physical Education

The techniques and methods used in the SUI Physical Education Department are among the finest in the country according to George T. Breshnahan, associate

'Extinguished Author' Will Rekindle Flame

An "extinguished author", self-styled, is about to rekindle the flame. He is Bruce E. Mahan, dean of the SUI Extension Division, whose approaching retirement will leave him free, he says, "to have fun again, doing some writing."

In comparing SUI's Physical Education Department to years past, he said, "Now we use the newest methods obtainable, and the methods are scientific."

"The intercollegiate athletic teams of today have to be better than they were twenty or twenty-five years ago," he said. "If you have more students trying to make an athletic team, you are bound to produce better teams. The reason we have more athletes trying to make the varsity team is because the athlete is offered more opportunities, better equipment and the system employed to train the athlete for a varsity spot are better," he said.

Breshnahan graduated from Wisconsin in 1915 and came to SUI as track coach in 1921. He retired as SUI's track coach in 1948, but continued his classroom instruction in the Physical Education Department and plans to be around SUI for many years.

Retiring Professor Will Teach Part-Time

Ray V. Smith, retiring professor and head of the department of crown and bridge in the College of Dentistry, has been a member of the SUI faculty since 1916. He is the author of several articles appearing in dental journals and is a member of many professional and honorary organizations.

Dr. Smith is a member of the American Association of Dental Schools, and is consultant to the council on Dental Education in the field of aptitude testing. Upon his retirement, Dr. Smith plans to continue his work with the group, and will teach part time in the College of Dentistry.

Co-Author Of Several Books On Physiology

W. W. Tuttle, professor of physiology in the College of Medicine, has written more than 150 scholarly articles and has been co-author of several books since joining the SUI faculty in 1926.

In recent years, Dr. Tuttle's major research has included studies of the role of breakfast in the diet, investigation of thiamine and studies in the physiology of exercise. Dr. Tuttle's plans after retirement are indefinite.

Retiring Professor Was Opera Singer

Thomas Muir, associate professor of music, who is retiring this year, has taught at SUI for 22 years. He will teach part time next year. Muir was graduated from Wyoming Seminary in Kingston, Pa., and sang in operas in Italy during the 1920's. He has also worked for the National Broadcasting Company.

Authority On Infant Diseases Will Retire

Mark L. Floyd, associate professor of pediatrics, was graduated from the SUI College of Medicine in 1918 and began his service as an intern in pediatrics. A native of Center Point, Dr. Floyd typed blood and gave the first blood transfusion in the department of pediatrics in 1918. He is a past president of both the Johnson County and Iowa Pediatric Medical Societies. An authority on infant diseases, Dr. Floyd plans to remain teaching on a part-time basis.

Sister Of Dean Burge Leaving Music Faculty

Katherine LaSheck, instructor in music, will retire from the Music Department faculty this year. She will live in Iowa City where she was born and brought up with her sister, the late Dean of Women, Adelaide LaSheck Burge.

A contralto, Miss LaSheck was educated in private music studios in the east and toured the United States in concert companies singing opera, light opera, and oratorio. She came to SUI in 1944.

'New Look' Planned At Dorm For 1959-60

Currier Hall may have the "new look" when coeds return for the 1959-60 school year. The oldest section of Currier which was built in 1912 is scheduled to have some new vinyl asbestos flooring installed and to be redecorated.

The main floor will probably be finished in time for the fall session, said Theodore M. Rehder, director of SUI dormitories and dining services. He said that possibly some work will be started on the other three floors. We hope to have them finished within the next two years," he said.

The work will also include replacing radiators and some electrical wiring and renovation of some toilet and shower rooms.

A new approach to the South Currier Lobby entrance may be made and landscaping redone. There will be the usual wall washing in rooms and public areas, repainting, and some replacement of draperies and bedspreads, Rehder said.

Other SUI dormitories also will undergo the usual wall washing and repainting, as well as the normal replacement of draperies and bedspreads, he said.

'METER MAIDS WORK'

DES MOINES (UPI) — A jury Tuesday found school teacher Velma Reiter guilty of interfering with a "Meter Maid" in the performance of her duties.

Miss Reiter was accused of grabbing the sleeve and ticket book of Meter Maid Beverly Borlin April 28. The teacher became loud and abusive as Miss Borlin wrote out three tickets "against her," it was charged.

Mexican Travel For Home Economist

Lula E. Smith, who has been a member of the Home Economics faculty for 30 years, is retiring this June. She will continue to teach part time.

Miss Smith will teach during the summer session. She will be attending the University of Mexico, Mexico City, next fall. There she will study textile design. While in Mexico she will travel as much as possible.

Spring semester, 1960, Miss Smith will return to SUI to teach. Miss Smith received her bachelor's and master's degrees from Teachers College, Columbia University.

She has co-authored a book on handweaving entitled "Contemporary Handweaving" which was published in 1955 and is now in its second printing.

Take Ten

by carol collins

HERE ARE a few questions from the Daily Kansas that students might encounter on their finals:

- 1. Explain the troubles of the world. Be specific, but brief. 2. At a barometric pressure of 760 mm, how high can a 2 1/2 pound chicken fly, if his specific gravity is 1.067? a. 17.2 in.; b. 17.5 in.; c. 17.9 in.; 3. Who said, "A horse, a horse. My kingdom for a horse"? a. King Farouk; b. Tom Mix; c. Hopalong Cassidy; d. Dizzy Gillespie. 4. If colored lights of red, blue and green are projected simultaneously, the result is a. pretty dark; b. pink; c. purple-orange; d. television; e. messy.

FROM THE classified ads of the Michigan Daily: "Only in Michigan can a teacher hold class without students."

THE MINNESOTA Daily tells of a freshman Physics student who turned in a lab final concerned mostly with the cloud chamber. He had computed the "half-life" of a radio-active substance as 1.03 seconds, using a given formula. The instructor returned the paper with this comment, "Actually, you were close; the half life is 1,620 years."

STUDENTS OF LOGIC, take note. Four years ago at Kansas State University, the two-hour final examination in a logic class consisted of one short question — "Why?" One of the students thought about it and watched the others writing ponderous answers. After about 10 minutes, he gave up and wrote, "Because," on his paper, handed it in, and left. He got an "A" on his final.

Yankee String Snapped At 4 By Detroit, 2-0

Eighth Win In Last 9 Games For Bengals

Mossi Twirls 4-Hitter; 5th Straight Over NY

DETROIT (AP) — Don Mossi stopped New York on four hits Tuesday night as the Tigers eked out a 2-0 triumph.

Beating the Yankees for the fifth straight time, three times this year, the veteran former reliever checked New York's winning streak at four with the Tigers' first shutout of the campaign.

Three Yankee pitchers yielded only three singles, but fielding blunders by Bill Skowron and wildness on the part of starter Duke Maas contributed to the defeat. Maas walked his way into trouble in the second inning when the Tigers scored their first run, and an error by first baseman Skowron opened the way for the other Tiger run in the third.

The victory was Detroit's eighth in nine games.

Orioles 3, ChiSox 2

CHICAGO (AP) — Neither an attack by a swarm of gnats nor the Chicago White Sox bats fazed pitcher Hoyt Wilhelm too much Tuesday night.

He notched his eighth victory without defeat, holding the Sox to seven hits for a 3-2 Baltimore triumph that put the Orioles into second place.

The veteran knuckleballer was chased from the mound only by a cloud of bugs in the first inning.

After walking Nellie Fox, the second man he faced, Wilhelm began as if warding off an unseen enemy. Gnats had descended on him.

Wilhelm was covered with insecticide ointment and his uniform dusted with bug spray by Umpire Hank Soar.

Finally, Sox President Bill Veeck had a fireworks bomb set off on the mound. A loud bang, a puff of white smoke—and the attack was over. The game had been delayed 16 minutes.

Home run — Baltimore, Klaus (1).

Reds 5, Dodgers 4

CINCINNATI (AP) — The Cincinnati Reds survived shaky pitching and faulty base-running Tuesday night by outitting Los Angeles for a 5-4 victory.

The triumph broke a three-game Cincinnati losing streak.

An unearned run in the eighth inning was the decisive marker.

Bob Mabe, second of three Cincinnati hurlers, collected the victory.

The Dodgers had tied it up in the eighth when Johnny Roseboro

A's 5, BoSox 3

KANSAS CITY (AP) — Seven and one-third innings of tight relief pitching by newly acquired Tom Sturdivant boosted the Kansas City Athletics to a 5-3 victory over the Boston Red Sox Tuesday night.

Sturdivant, former Yankee ace, went in relief of Ray Herbert after the Red Sox scored three runs in the first inning on doubles by Don Buddin and Ted Williams, and singles by Pete Runnels and Frank Malzone.

Williams' double in the first inning was the 2,500th hit for his major league career, and his only safety Tuesday night.

Braves 3, Giants 0

MILWAUKEE (AP) — Milwaukee's veteran Bob Rush, stopped San Francisco with a masterful five-hit shutout Tuesday night as the first-place Braves posted a 3-0 victory to move back into a 2½-game lead over the Giants.

Rush, 23-year-old righthander in his 11th National League season, struck out eight men in his first complete game of the year. He didn't walk a man and didn't allow a San Francisco player to reach second base.

Eddie Mathews hit a first inning pitch for his 17th homer, tops in the National League.

Hank Aaron, the National League batting leader, had two doubles and a single, plus an intentional walk to boost his average nine points to .424.

Cards, Pirates Split

PITTSBURGH (AP) — Little Harvey Haddix, who last week pitched 12 innings of perfect ball against the Milwaukee Braves only to lose the game 1-0 in the 13th, Tuesday night hurled an eight-hit shutout as Pittsburgh downed the St. Louis Cardinals 3-0.

The Pirates lost 3-1 to the Car-

Pinch Hitters Doing Well In '59 Season

Freese Nears Record; Burgess Batting .370

NEW YORK (AP) — It's the last of the ninth and the home team is trailing by a run. The bases are loaded and the pitcher is the next scheduled batter.

The situation calls for a pinch hitter. If guys like Gene Freese or Smoky Burgess are available it's time for the opposing pitcher to start worrying.

Freese, the Philadelphia Phillies' secret weapon, has slammed five pinch hit homers to move to within one of the major league record set by Johnny Frederick of Brooklyn in 1932. Freese also has had a double and a single and drove in 13 runs in 17 times at bat as a pinch hitter, for a .412 average.

Burgess has collected six hits, including three doubles and two homers, in seven pinch hit tries for an .857 mark. Smoky's overall mark for Pittsburgh is .370 and he trails only batting leader Hank Aaron of Milwaukee.

Rookie John Romano of the Chicago White Sox has four hits in as many attempts as a substitute batter. He has one homer, one double and two singles. Johnny Groth of Detroit has three-for-four including a homer. Al Pilarcik of Baltimore has five-for-seven and a .714 pinch hitting average. Gene Woodling has four safeties in five tries.

Dave Philley of Philadelphia, who holds the big league record of nine consecutive pinch hits, has 4-for-11 and a .364 average. Bob Bowman of the Phillies has turned in the same pinch hitting performance.

Completion of May 3 Game

Senators 3, Indians 2

CLEVELAND (AP) — Ronnie Samford hit a 10th inning home run for Washington to give the Senators a 3-2 victory over the Cleveland Indians Tuesday night. Pedro Ramos went the route with a seven-hitter.

The loss, the Indians' fourth straight, marked their longest losing spell of the season.

Bob Allison homered for Washington and Vic Power for Cleveland, both with none aboard. For eight innings, Ramos and Jim (Mudcat) Grant dueled in the speedy game, which took only two hours. Grant was lifted for a pinch-hitter when Cleveland tied the score 2-2 in the eighth on a walk, a double and sacrifice fly by Power.

N.L. Prexy Says 2d All-Star Game Is Being Planned

CINCINNATI (AP) — National League President Warren C. Giles said Tuesday night a second All-Star baseball game this year is in the works.

He plans to meet sometime next week in New York with Commissioner Ford Frick and American League President Joe Cronin to iron out details.

Giles said, "It's still in the formative stages and nothing has been definitely set."

"It has been talked about and voted on by the players. That was two weeks ago or more."

"It was handled through the commissioner Frick's office."

Brown 3-1 Favorite Over Rosi In Title Bout Tonight

WASHINGTON (AP) — Joe Brown, one of the slickest ring workmen in years, was a 3-1 favorite Tuesday to whip Paolo Rosi in his seventh lightweight title defense.

Brown puts his championship at stake tonight when he takes on Rosi, in a nationally televised 15-rounder at Uline Arena at 8 p.m. Iowa time.

A crowd of 6,000 or so is expected to witness the capital's first championship bout in 18 years.

Win or lose, the 33-year-old Brown will get 40 per cent of the gate and the same share of a \$40,000 TV fee. Rosi signed for 20 per cent.

Both are expected to weigh within ounces of the 135-pound limit.

Rosi, 31, currently ranks third, behind Kenny Lane and Carlos Ortiz, among lightweight contenders.

Paolo throws a savage left hook and has kayoed 13 of his 31 victims in 36 fights. He has lost four and had one draw.

Brown enters his 100th scrap with a 72-16-9 record plus 2 ruled no contest. He has kayoed 32 and been stopped 3 times.

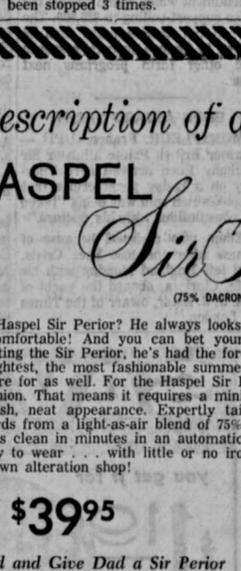

500-Mile Victory Gives Ward Lead

INDIANAPOLIS (AP) — Roger Ward's 500-mile victory Saturday gave him a 200-point lead toward the 1959 national racing championship, the U.S. Auto Club announced Tuesday.

Ward had been tied with Jim Rathmann of Miami, who won a 100-mile race at Daytona Beach, Fla., in April. Ward now has 1,320 points. Rathmann, who finished second here, has 1,120.

Sanitary FARM DAIRY

Senate Votes 'No' To Ike's Soil Cut

WASHINGTON (UPI) — The Senate, in its first major test on a big new farm spending bill Tuesday voted down an Administration-backed move to slash \$150 million from 1960 soil conservation payments.

The senators then agreed on a timetable designed to permit a showdown vote today on another section of the measure which would clamp a \$50,000 ceiling on price

support benefits to any one farmer.

A sharp fight was expected. Sen. John C. Stennis (D-Miss.), who is seeking to soften the limitation, said it would "wreck the farm program" and pile up two to four million bales of surplus cotton, glutting the market. He said the damage also would be spread to other crops. Sen. Richard B. Russell (D-Ga.)

agreed the provision had been adopted by an agriculture appropriations subcommittee in an atmosphere of "shotgun confusion." But he noted that the subcommittee rejected the Stennis plan by a tie vote and said the Senate must face up to the fact that the House approved the support limitation by a commanding majority.

Chairman Allen J. Ellender (D-La.) of the Senate Agriculture Committee said the ceilings were written into the money bill as the result of "misrepresentation" and "misleading statements from the press."

He referred to news accounts telling how some big industrial type farm operators had received price support benefits ranging as high as a million dollars a year.

On the other hand, Sen. John J. Williams (R-Del.) is pushing a rival amendment which would reduce the price support ceiling to \$35,000. The overall bill carries more than \$4 billion to finance supports, research and other farm programs next year.

Academy Men Graduate, Join Air Force

AIR FORCE ACADEMY, Colo. (UPI) — The first class of specially trained officers from the Air Force Academy joins the Air Force today.

Graduation and commissioning ceremonies for the 207-man class of 1959 will begin at 8 a.m. Air Force Secretary James H. Douglas will deliver the commencement address and grant the Bachelor of Science degrees.

Monday the 207 survivors of the Academy's first class of 306 men received their navigator wings in a ceremony which marked the mid-point of the school's first June Week. The graduation parade of the entire 1100-man corps was held Tuesday afternoon in a splash of sunlit color. The cadets marched in their gold-sashed, white dress uniforms.

Just prior to the graduation parade, Cadet Wing Commander Herbert A. Adamson of Brigham City, Utah, relinquished his command and the "Dooleys" — as Air Force plebes are known — were relieved of their status as the lowest-ranking class.

June Week was also marked by the dedication of numerous buildings on the nearly 18,000-acre Academy set alongside the eastern edge of the Rocky Mountains. The buildings were given noted names in the history of air power.

All but two of the graduates will be commissioned as second lieutenants in the regular Air Force. Cadet R. E. Lowe of Auburn, Mass., will go to the Marine Corps and one unnamed cadet will return to civilian life because of his physical condition.

Belgium, Not Rome, For Royal Wedding

BRUSSELS (AP) — The coming wedding of Prince Albert to an Italian princess was dramatically switched Tuesday from the Vatican to Belgium.

The government said Pope John XXIII himself had suggested the change. This brought demands from Socialists in Parliament that the government resign for clumsy handling of the wedding plans.

"This is the first time in the history of this country that a government, to justify itself, hides behind the decision of a foreign chief of state," declared Socialist Victor Larock. He was referring to the Pope.

Prince Albert, 24, brother of King Baudouin, is heir to the throne. The original plan was for him to marry Italian Princess

Paola Ruffo di Calabria in St. Peter's with Pope John performing the ceremony. This split Belgium, with the Socialists demanding at least a civil ceremony in Albert's homeland.

Normally, under Belgian law, a civil wedding must precede a religious wedding. Weddings performed abroad and conforming to foreign laws are fully valid in Belgium, however.

King Baudouin returned Monday to a warm welcome from his people after a three-week visit to the United States. He found his royal court and Premier Gaston Eyskens' coalition Liberal-Social Democratic government in a tough spot.

As soon as Baudouin reached here, behind-the-scenes talks on

Symington Says He Favors Summit If U.S. Has Realistic Outlook

LOS ANGELES (UPI) — Presidential hopeful Sen. Stuart Symington (D-Mo.) wound up his week-long speaking tour of California Tuesday night by stating that he favored a summit conference with the Russians with the full realization that the Reds would use it for propaganda.

Symington told a town hall meeting that such a summit meeting must be gone into realistically from our point. He said we should know that Khrushchev would use it in attempting to sway world opinion. He said he felt the American way would win out over such tactics.

District Judge Throws Out Suit For Congress Payroll Disclosure

WASHINGTON (AP) — U.S. District Judge Alexander Holtzoff Tuesday threw out a suit aimed at forcing disclosure of staff payrolls of all Congress members.

In doing so, he commented that a newsman has no legal right to insist upon seeing congressional records not open to the public generally.

The suit was brought April 1 by Vance H. Trimble, Washington news editor of the Scripps-Howard Newspaper Alliance.

Trimble sought the right to inspect all congressional payroll vouchers, congressional staff salaries, and other material not voluntarily made available to him.

Actor Barry Sullivan Sued For Divorce By 10-Month Bride

SANTA MONICA, Calif. (UPI) — Actor Barry Sullivan, 46, Tuesday was sued for divorce by his bride of 10 months.

Mrs. Birgitta Sullivan charged in a suit filed in Superior Court here that her husband had inflicted "grievous mental suffering" upon her. She said that because of this she suffered a "severe shock to her system."

Mrs. Sullivan was represented in her suit by Attorney Simon Taub.

Mrs. Sullivan made no demand for alimony. The suit said the parties intend to reach a property settlement out of court. They were married in Tijuana, Mexico, July 25, 1958 and separated May 28 of this year.

Teamster President Hoffa Admits Union Has Lost 65,000 Members

WASHINGTON (UPI) — Teamster President James R. Hoffa admitted Tuesday that his big transport union has lost 65,000 members since last fall.

But Hoffa, in conceding that Teamster membership has dropped to 1.5 million from the all-time high of 1.6 million last No-

vember, said the Union still has had a membership increase in the past 12 months.

He claimed a net increase of 131,589 members in the last year and emphatically denied a charge by Sen. John L. McClellan (D-Ark.) that the Union had been juggling membership statistics.

Iron Curtain Children Participate In Live Polio Vaccine Experiment

CINCINNATI, Ohio (UPI) — Almost three and a half million children behind the Iron Curtain participated in an experiment to see whether Dr. Albert Sabin's oral polio vaccine was effective.

The children, 3,250,000 Russians and 143,000 Czechoslovakian, were given candy containing the live polio virus. Dr. Sabin said the tests proved his vaccine was both "effective and safe."

Sabin, the developer of the vaccine, and other scientists will report on their work June 22-26 at a meeting in Washington sponsored by the World Health Organization.

The Sabin Vaccine employs weakened polio virus while the well-known Salk Vaccine uses dead polio virus.

Indians And West June Exhibit At Main Library

The Indians of North America and the westward movement are being featured in the June exhibit at the Main Library.

The exhibit, located in the lobby of the library, contains sketches of Indian costumes from 1560 to 1950, and selected volumes from the Ingham Collection.

The sketches were done by a distinguished Sioux artist, Oscar Howe. Howe's Indian name is Nazuha Hokshina.

Howe's sketches have been widely exhibited since he won first prize in the 1947 American Indian Artists exhibit in Tulsa, Oklahoma.

The books in the exhibit are from a collection of 516 volumes presented to the library by Harvey Ingham, a former editor of the Des Moines Register.

The books cover everything from cattle trading to the life of General George Custer.

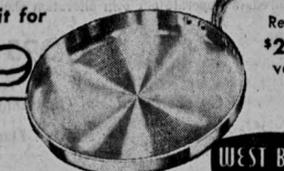

All materials shown are from the Special Collections Department of the library.

PAPAL AUDIENCE ANNOUNCED
VATICAN CITY (AP) — Pope John XXIII will receive Turkey's President Celal Bayar in an official audience June 11, the Vatican press office has announced.

SEVENTH IN A SERIES

Larry Dunscombe . . .

During the past few weeks you have been introduced to some of the key staff members of Iowa Book & Supply Company. You've met Bob Griffith, Gerald Mann, Bob Essman, Harrold Ankeney, Greta Ray, and Jim Lang. All these part-time student employees work in particular departments. Of course there are many other important students working at Iowa Book & Supply Company to whom you have not been formally introduced.

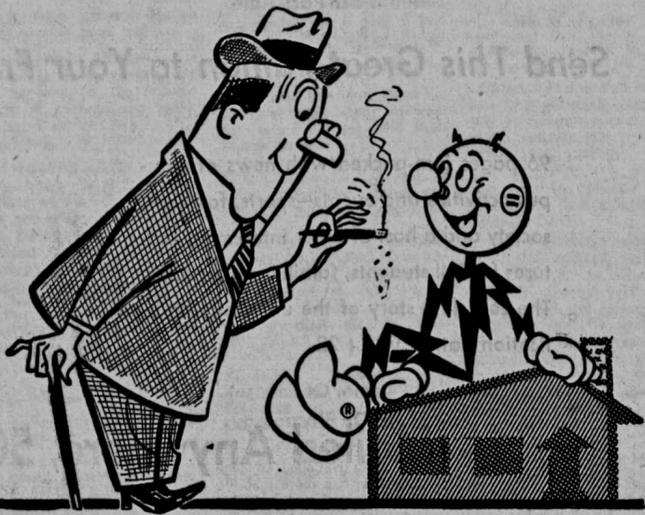

The final student-employee to be discussed this semester is Larry Dunscombe, a sophomore in Liberal Arts. Larry is from Fort Dodge, has worked at Iowa Book & Supply Company for the past three years, and plans to enter Dental School. He is not associated with any particular department, but is a true jack-of-all-trades. One of his main jobs during the first of each semester is that of pricing all books bought by the book department from students and faculty. He also runs a register at one of the modern check-out lanes. Besides marking books, stocking shelves, and making deliveries, Larry's main job is that of helping you find your desired book.

At Iowa Book & Supply Company you will be given half price for all your books, depending upon need, future use, and condition. However, before you decide to sell all your books consider their value for your future library. Your books have served you well!

The Iowa Book and Supply Co.

8 So. Clinton

Next time you need help in finding anything ask for Larry Dunscombe — he is one of approximately 400 students who have worked at Iowa Book & Supply Company during the past 10 years.

Middleweight Library Lassos Books Title Fight In Annual Round-Up Still Blurred

NEW YORK (AP) — Sugar Ray Robinson still is the middleweight champion in New York, but it is unlikely he will defend his title against Carmen Basilio.

In fact, there is every indication that Basilio and Gene Fullmer, each a former champion, will meet soon for the National Boxing Association version of the title which the NBA took from Robinson for idleness.

Both Robinson and Basilio heard Gen. Melvin Krulwich, New York Athletic Commission chairman, say Tuesday that the commission felt the champion should not be stripped of his crown on a technicality.

Robinson was elated. Basilio was deeply disappointed, and in a

Ray Robinson Title Fight In Doubt

prepared statement said if Robinson won't put his title on the line in New York State and refuses to sign any fair contract to fight any place else he would accept the offer to fight for the NBA championship outside the state.

The decision climaxes weeks of confusion. The champion has not fought since winning the title from Basilio March 25, 1958. The NBA stripped Robinson of his title last month for failure to defend it.

Contracts signed by Robinson for a fight in Philadelphia had a major bearing on the New York case.

The commission finally decided to recognize a Philadelphia contract between Robinson and a Philadelphia promoter, Sam Rose. Krulwich asked Basilio if he was ready, willing and free to fight Robinson. Basilio said he was. Robinson also replied in the affirmative.

Under terms of the Philadelphia contract Basilio would receive a minimum of \$250,000, or 20 per cent of the proceeds. Robinson would receive 45 per cent of all revenues.

Basilio was not consulted and he wants to have something to say about terms.

Later in the day he sent telegrams to NBA officials saying he was ready to sign contracts to box Gene Fullmer for the world middleweight championship as decreed by the NBA Executive Committee.

Library Lassos Books In Annual Round-Up

The annual round-up is underway.

But this time the round-up concerns books, not cattle, and is being conducted by the SUI library system, not cowboys.

Faculty and students are being requested by the library to return books for renewal or discharge so the library can complete its annual inventory.

The round-up idea began in 1952 when it was decided the old method of sending out lists of over-due books to faculty members was not very successful, said Miss Clara Hinton, head of circulation services.

In most cases the lists would be returned with "OK, renew them all," written across the top, she said. The library was without an accurate check on lost books.

The faculty is now requested to bring books to the library. The majority of the books checked out have been returned since the round-up went into effect, said Miss Hinton.

"With the open-stack system," Miss Hinton said, "it is important to have the books on the shelf. If the books are not where they belong, most people won't look any further for them." With a closed

Housing Plans For Summer Now Completed

Plans are now complete for housing students in SUI dormitories during the summer session.

Burge Hall will be open to women students on both a boarding and non-boarding basis.

During the regular academic year, the dormitory operates only on a boarding basis, but this summer two Burge units—Clara Daley House and Ruth Wardall House—will serve boarding students. Maude McBroom House will be open to non-boarding residents.

Virgil S. Copeland, manager of dormitory operations, said that only Daley and McBroom House will have sections for graduate students. All houses will continue the usual counseling service for residents.

Single, double, and triple rooms—if specified—are available to both boarding and non-boarding women.

Currier Hall and Beth Wellman House in Burge will serve conferences held at SUI during the summer.

Men's housing facilities will be the same as those last summer. Boarding students will live at Hillcrest, and non-boarding men may contract for rooms at Quadrangle and South Quadrangle, Copeland said.

FARM TRUCK CRASHES

LIMA, Peru (UPI)—Eleven persons were killed and nine injured seriously Tuesday when the brakes failed on a heavily-laden farm truck, sending it careening down a mountain highway and into the Rimac River. The accident occurred near Chicla on the central highway, about 70 miles east of here.

stack system the librarian would automatically check the card file to see where a book was if it wasn't on the shelf.

Although the round-up is aimed at faculty members who can check books out for unlimited periods, students are also encouraged to participate said Leslie W. Dunlap, director of the University Libraries.

He said any student finding a library book in his dorm, house, or classrooms, is requested to return it.

Students who do not return books checked out to them or do not pay fines are reminded that they will be unable to register for the next session or obtain transcripts.

Iowa Cities Honored By Safety Group

The State of Iowa and seven cities in Iowa, among them Iowa City, have been awarded Certificates of Achievement by the National Safety Council. The certificates are awarded for outstanding performance in one or more phases of traffic accident prevention.

Cities in Iowa receiving certificates besides Iowa City are Boone, Cedar Falls, Dubuque, Keokuk, Marshalltown, and Ottumwa.

The Council's highest award, the Award of Honor, was granted to Detroit, Mich. It was not given to any state because none attained an adequate performance level, the Council said.

The Council's second highest award, the Award of Merit, went to 3 states—Connecticut, Michigan and Virginia—and six cities—Amarillo, Tex.; Chicago; East Cleveland, Ohio; Flint, Mich.; Glendale, Calif.; and Saginaw, Mich.

Certificates of Achievement were awarded to 18 states and 256 cities.

AVOIDS FOREST, BIRTH

NEW YORK (UPI)—Metropolitan Opera Star Patrice Munsel, 33, who is expecting her fourth child, arrived from Europe Tuesday one month ahead of schedule to make sure the baby would not be born in Germany's Black Forest.

"My family and I had intended to stay in Europe, going to Baden Baden, Germany, to look at a haunted castle in the Black Forest we thought of buying," Miss Munsel said. "But I had a premature baby—a beautiful two pound boy, thank heavens—on the Spanish Island of Mallorca last summer, and I didn't look forward to having another one in the Black Forest."

Girl In Good Condition; Leg Amputated

A three-year-old rural Iowa City girl was listed in satisfactory condition in Mercy Hospital Tuesday following the amputation of her right leg below the knee. The leg was torn and mangled when the little girl slipped into a grain auger on her father's farm; about eight miles southeast of Iowa City.

Gwen Forbes, daughter of Mr. and Mrs. Keith Forbes was rushed to the hospital by her parents following the accident about 6 p.m. Monday.

The mishap occurred when the auger, driven by tractor power, slipped into gear as Forbes left the machine to open a gate.

Gwen and her brother Paul, 4, had been riding on a support bar of the wagon containing the auger, with their feet braced against the sloping bottom of the wagon.

Mrs. Forbes said it took 10 to 15 minutes to free her daughter's leg. A neighbor, Raymond Bothell assisted Forbes in trying to stop the flow of blood and turn the geared mechanism back by hand. At first it was thought that the metal would have to be cut to free the leg, and an Iowa City welder, Calvin Smith was called to bring an acetylene torch. The torch was not used however.

The child also suffered a compound fracture in her left leg.

Summer School Required For Some New Freshmen

High school seniors graduating in the lower one-half of their class can be required to start school this summer instead of next fall because of a new University registration policy.

A high school senior who is not in the upper one-half of his graduating class may be required to take special examinations and may after a review of his entire record and at the discretion of the admissions officers:

1. be admitted unconditionally,
2. be admitted on probation,
3. be required to enroll for a tryout period during a preceding summer session, or
4. be denied admission.

The new admissions policy is a follow-up of a former University regulation, whereby seniors graduating in the lower one-fourth of their class were advised to start summer school before fall registration, but the policy was not mandatory.

A graduate of an accredited high school in another state must meet at least the same standards as a graduate of an Iowa high school. The options for admission by probation or tryout enrollment may not be open to these students, according to the new information booklet put out by the Registrar's Office. Each college reserves the right to demand higher standards from graduates of out-of-state high schools. The new ruling applies only to

liberal arts students. Other SUI colleges have previously had certain requirements for entrance. The students will be enrolled in the regular summer program, and will probably take a limited schedule consisting of Communication Skills, Math Skills and core courses.

Courses Offered For Credit—

3 Music Workshops Planned

Three music workshops for classroom teachers, music teachers, music consultants and music supervisors will be held this summer at SUI.

The workshops, which will be held in separate sessions, include

60 Days To Pay For Hotel Stay

A Lansing, Mich., man was sentenced Tuesday to 60 days in Johnson County jail after pleading guilty before District Judge Harold D. Evans to charge of lascivious acts with a child.

Arthur Pappas, 32, has been in jail since his arrest May 14. He was found staying in a local hotel with a 15-year-old girl from DeWitt, Mich., who had run away from her home May 5. Pappas told authorities they were on their way to Nevada to get married. The girl has been returned to the care of an aunt in Michigan.

Judges Evans gave Pappas 17 days credit for the time he has already spent in jail.

Anti-Semitism Issue Rages In Cabinet Post Nomination

WASHINGTON (UPI) — The question of whether anti-Semitism is behind some of the strong opposition to Lewis L. Strauss as Commerce Secretary flared openly in Congress Tuesday. Strauss critics heatedly denied it.

The issue of religious prejudice was raised as President Eisenhower let it be known that he has absolutely no intention of backing down on his choice of Strauss for the cabinet post.

He authorized Senate GOP Leader Everett M. Dirksen (Ill.) to make the announcement following his weekly White House meeting with Republican congressional leaders.

not be withdrawn," Dirksen said. "The struggle will go on."

As if to bear out his words, the fight erupted anew in both chambers of Congress.

In the House, Rep. Steven B. Drounion (R-N.Y.) brought out into the open the question of whether some of the opposition to Strauss, a Jew, stemmed from anti-Semitism.

He said this possibility "is being impressed on me constantly" but that he refused to believe it.

"If that is true, it revolts me as an American citizen," he said.

their offices "had received a great many calls making the allegation, which they said they knew was false . . . that much opposition to Strauss was anti-semitic."

There is "not the slightest trace of truth" to this "vicious propaganda," Morse told the Senate. He said he was opposing Strauss because he had reservations about the nominee's character on grounds of conflict of interest.

Morse's statement brought other senators to their feet to denounce the injection of anti-semitism into what has become the most heated battle over a presidential nomination in years.

He said two prominent Jewish leaders had told him Tuesday that

Women Told To Stamp Out Indecent Mail

LOS ANGELES (AP) — Unscrupulous racketeers are doing a half-billion-dollar-a-year business mailing indecent literature and films to youth, U.S. clubwomen were told Tuesday.

"These merchants of filth will double the scope of their already extensive operations over the next four years unless parents and the decent-minded public join in a determined campaign to stamp out this illicit business," said Miss Chloe Gifford.

President of the General Federation of Women's Clubs, Miss Gifford, of Lexington, Ky., and Washington, D.C., told 1,000 delegates at the opening of the federation's 68th annual convention.

"Something must be done and

now is the time. Because teenagers and even grade-school youngsters are becoming the principal target of these racketeers. I am hopeful that every federated clubwoman will try to see that these pornographic mailings are eliminated."
