Jury Of 12 Whites To Try Assault Case

TALLAHASSEE, Fla. (UPI) — An all-white jury was picked Wednesday night to try four white youths for the rape of a 19-year-old Negro coed.

The jury was finally approved at 4:07 p.m. CST after a long first day's session marked by a tense moment in the morning when an overflow crowd of Negro spectators was cleared from the building.

Forty-one prospective jurors were dismissed before the 12-man panel was finally approved by both the state and the defense.

Sitting on the jury are: H. R. Brown, a salesman; Elwood L. Koch, a student at Florida State University; C. A. Puckett Jr., a salesman; James W. Griffith Jr., a plumber; Roy Underwood, a grocer; Aubrey C. Willis, druggist; L. D. Singleton, a builder; Howard R. McLendon, a tire company owner; Rufus Graddy, a gas station owner; J. P. Rowe, a well driller; Nathaniel Ward Jr., a hotel employee; and A. H. King, a farmer.

The young Negro victim waited in an anteroom throughout the day but did not appear in court.

The state charges that the four white youths, ranging in age from 16 to 24, dragged her from a car where she was parked with a Negro student at Florida A&M University and another Negro couple and raped her.

Many of the prospective jurors Wednesday were asked whether the racial issue would affect their judgment on the guilt or innocence of the white boys.

Without exception they said it would not.

Thirteen of those dismissed said they were opposed to capital punishment, and several added they were opposed to the death sentence in a rape case, anyway.

Tonight, in a surprise move, the defense subpoenaed as a witness the Rev. C. K. Steele, local head of the NAACP. Steele said he did not know why he was being called.

The jury was ordered locked up in a nearby hotel at night for the remainder of the trial and admonished by Judge W. May Walker not to communicate with anyone. They were permitted to send messages to their families through the sheriff.

Shortly after the jury retired, witnesses who are to testify were called into the courtroom and sworn in masse. There were more than 40 of them.

The white witnesses had been waiting throughout the day in one anteroom and the Negroes in another. They filed into the room in two groups, and the whites lined up behind one railing and the Negroes behind the other.

Each was called by name, and the first name called was that of the rape victim — whose identity cannot be published under Florida law. She answered "here" in a low voice as she stood in the line. She is a small girl and looks younger than 19.

She will take the witness stand before noon today.

Chicago Gambler Silent During Rackets Probe

WASHINGTON (UPI) — Senate investigators threatened a "frivolous" Chicago gambler with contempt prosecution Wednesday after he refused to tell them how he bought business ranging from a pizza restaurant to a \$200,000 motel in the heart of Hollywood.

Tony Pinelli, described as an associate of some of the country's most notorious hoodlums, refused on grounds of possible self-incrimination to give the Senate Rackets Committee any information except his name. However, committee investigators gave an account of his activities.

They said Pinelli operated three bookmaking clubs in Chicago, realizing \$92,580 from them from 1948 to 1951. In the meantime, he moved himself and his family to Sierra Madre, Calif., on the outskirts of Los Angeles.

Iowa Lawyers Elect Officers

DES MOINES (UPI) — Carl F. Conway of Osage, was elected president, and Hearst R. Duncan of Des Moines, will be elected vice president of the Iowa State Bar Association today.

The association elects its officers by mail vote of the members, which was canvassed Wednesday afternoon by the board of governors. The formal announcement will be made today when the association's 86th annual meeting opens.

Conway, now vice president, will succeed L. L. Corcoran of Sibley, Duncan will succeed Conway.

Grant Wood Painting Shown In Iowa Memorial Union

One of the last pictures painted by Grant Wood, famed for his portrayal of rural mid-western life, is being exhibited in the East Lobby of the Iowa Memorial Union.

"Parson Weems' Fable," valued at \$25,000, was painted by Grant Wood while he was on the staff of the SUI art department in 1939. The painting has been loaned to the University for exhibition by Mrs. J. P. Marquand, wife of the novelist.

Earl E. Harper, director of the Union, said that Mrs. Marquand indicated this will be the last public showing of the painting in the U.S. She plans to send it to Russia for exhibition after the Union showing, and then intends to restrict it to her private collection, Harper said.

The painting has been described as a humorous and imaginative version of the story of George Washington and the cherry tree. It pictures young George as he shows his father the fallen tree.

Wood was born in Anamosa in 1892, attended Cedar Rapids schools, and later taught art in Cedar Rapids from 1919 to 1925. He came to SUI in 1934 and in 1935 was made associate professor in the graphic and plastic arts department.

He was later granted a full professorship in Fine Arts, which made him one of the first top-ranking American artists to be given a professorship on the faculty of a major university.

A dissatisfaction with impressionistic style of painting which he

Weather Plane Checks Storm

MIAMI (UPI) — The U.S. Weather Bureau put a Navy hurricane hunter plane on alert Wednesday to check a "suspicious" low pressure weather trough in the Bahamas.

The Miami Weather Bureau here said the final decision on whether to dispatch the plane would be made Wednesday night.

"In all likelihood we will send it," a spokesman said. "There's no use taking chances."

The Weather Bureau said the trough of low pressure is the remains of a weather front which formerly extended from the eastern Gulf of Mexico through the Florida Keys and northeastward through the Bahamas. The spokesman said the front has dissipated but that the trough remained.

MARTIN IN HOSPITAL

WASHINGTON (UPI) — Sen. Thomas E. Martin (R-Iowa) Wednesday was admitted to the Bethesda, Md., Naval Hospital, with a mild case of influenza.

An aide said Dr. George Calvert, congressional physician, ordered Martin to the hospital after making the diagnosis. He is expected to be in the hospital for a few days.

Martin had been scheduled to leave late Wednesday for Des Moines to speak at a meeting of the Iowa State Bar Assn., Friday.

encountered in his European visits during the 20's resulted in the adoption of his famous hard, meticulous, balanced style. He found the medium of his expression in the mid-western people and things around him.

Some of his more famous paintings include "Stone City," "American Gothic," "Daughters of the Revolution," and "Dinner for Treshers." "Spring in Town" and "Spring in the Country" were his last paintings before his death in 1942.

Air Crash Kills Two Army Men

VENICE, Calif. (UPI) — A twin-engine army helicopter engaged in training exercises along the Southern California coast plunged into the Pacific Wednesday killing two persons and injuring five others.

One of the dead was killed instantly in the crash and the other died later at Daniel Freeman Memorial Hospital.

Names of the dead were withheld by authorities. The five who received minor injuries were identified by police as Lt. Harold Marvin, pilot; Lt. Harry Christopher, Capt. Carl D. Jones, Capt. John MacFarland and Specialist 5th Class Vercyle Sherbino.

Witnesses said the banana-shaped helicopter, apparently developed engine trouble just before it dropped into the ocean 50 yards offshore. Venice lifeguards rushed to the scene and removed the survivors and the dead man.

The plane was attached to the 41st artillery brigade at nearby Ft. MacArthur.

McDonald called the industry's proposed contract changes a "blackmail program" designed to "force surrender of hard earned protections for workers as a price for future, unspecified economic considerations."

McDonald charged that eight specific industry-proposed changes in the contract would render the steel union "ineffectual".

McDonald told reporters that even if the industry fails to show up at the separate bargaining sessions, the union's four man bargaining team stood ready to meet "any place any time" with the industry team.

He warned that failure to bargain with the union would prompt the union to study the filing of formal charges against the industry.

Reds Say 'Get Out'; U.S. Refuses Again

Steel Union Would Modify Wage Stand

NEW YORK (UPI) — The steel industry offered Wednesday to modify its wage-freeze stand in negotiations with the United Steelworkers if the union would accept company proposals for eliminating "waste and inefficiency" in the plants.

David J. McDonald, president of the union, immediately rejected the proposal.

In another development the industry announced its refusal to bargain separately with the union. The steelworkers Tuesday announced plans for opening bargaining sessions next week with each of 12 companies. The negotiators are trying to reach an agreement and head off a strike before the current contract expires June 30.

The industry disclosure that it would be willing to thaw its wage-freeze demands in return for concessions from the union was made by R. Conrad Cooper, chief industry negotiator in the contract talks in New York. Cooper said acceptance by the union of the industry's proposed contract revisions would "enable us . . . to generate new economic progress which could be shared by employees, the stockholders, and the public."

Cooper declined to discuss the statement further with reporters. McDonald called the industry's proposed contract changes a "blackmail program" designed to "force surrender of hard earned protections for workers as a price for future, unspecified economic considerations."

McDonald charged that eight specific industry-proposed changes in the contract would render the steel union "ineffectual".

He warned that failure to bargain with the union would prompt the union to study the filing of formal charges against the industry.

Adenauer Offers Apology To Minister Of Economics

BONN, Germany (UPI) — Chancellor Konrad Adenauer and the Christian Democratic Party apologized tonight to Economics Minister Ludwig Erhard for statements that were "apt to damage his esteem" in the struggle over West German leadership.

Will Rasner, party spokesman, said the Chancellor and Christian Democratic members of parliament in the party "fraction," had approved a statement designed to clear up serious complaints made

by Erhard yesterday on his return from the United States. Adenauer's unusual apology apparently placed Erhard on the road to the chancellorship at some future date, perhaps even before 1961, the time for the next general elections. The statement was issued by the party following reports that were interpreted in some quarters as disqualifying Erhard's as a future chancellor.

The chancellor told newsmen that peace had been declared after Erhard's public challenge of the 83-year-old Adenauer's decision to remain chancellor.

Erhard, asked whether he was now reconciled to playing a subordinate role to Adenauer, replied, "in any case, the question has been cleared up."

The statement approved at a special party meeting said: "The fraction welcomes the statement by the chancellor that he never intended any disqualification of Federal Economics Minister Erhard. The fraction expresses its special confidence in the economics minister. It regrets statements which were apt to damage his esteem."

Erhard, 62, who had threatened to resign in the party's worst crisis in a decade, told Christian Democratic leaders that "events of recent days and weeks insulted me deeply."

He repeated that he had never claimed the chancellorship as a favorite to succeed Adenauer if the chancellor had stuck to his original plan to step down and run for the presidency of West Germany, a figurehead post.

Instead, while Erhard was visiting the U.S. recently, Adenauer announced his decision to carry on as chancellor. Adenauer gave the current international situation as the reason for his change of mind.

Erhard returned home yesterday with a pledge to "fight" to clear up what he described as a "historic lie" about his policy and aims.

Lab In Orbit In Few Years, Aeronautics Official Says

SAN DIEGO, Calif. (UPI) — Project Outpost, a program for putting a laboratory in orbit where man can learn to work in the strange new world of space, will be undertaken within the next few years, a top Convair executive predicted Wednesday.

"There is increasing support in official circles for the project," said J. R. Dempsey, vice president of Convair Division of General Dynamics Corp.

He stopped short of predicting when a program to orbit a laboratory might be started but he said it should be launched before 1965 if the United States is to be ready to make the most effective use of super rockets under development.

Orbiting laboratories, he said, are needed so man can investigate "scores of basic questions on human needs and equipment in space."

From a permanent station in space, Dempsey stated, spacemen could learn to live and work in an environment where a 175 pound man weighs but 70½ pounds.

Dempsey told a luncheon meeting of the American Rocket Society he thought it would require at least 500 hours of orbital training to qualify a space crewman for simple lunar flight.

He said it would take "perhaps 4,000 hours of mixed orbital and lunar training before a man can safely embark on a planetary mission."

Comparing these figures with the 550 hours it takes to qualify a B-58 pilot, the executive said, gives you an idea of the training needed.

Before scientists can put men in a space laboratory, they must be able to ferry men and equipment back and forth between the space laboratory and the earth, he said.

That's the reason Project Mercury — the program of developing a manned satellite — must come first.

McElroy To Show New Defense Plan To Senate Friday

WASHINGTON (UPI) — Defense Secretary Neil H. McElroy notified Congress Wednesday that he will be ready to unveil the Defense Department's new master plan for continental air defense against enemy attack.

Arrangements were made for McElroy to disclose the Department's defense blueprint at a closed door meeting of the Senate Armed Services Committee. The committee had been annoyed at the delay in ending the Army-Air Force feud over rival anti-aircraft defense systems.

McElroy originally was scheduled to reveal the new plan to the committee Wednesday. But his department obtained a two-day delay to permit defense officials to put the finishing touches on their program.

The delegates to the three-power for only 35 minutes Wednesday, talks on a nuclear test ban met but both sides indicated progress toward the convening of the experts here on June 22.

Western sources said the three delegations hoped to resolve remaining differences today.

Soviet Chief Delegate Semyon Tsarapkin told newsmen after the brief session: "We are trying to find a formula and we are on the way to success."

The Soviets "now see the necessity" of broadening the role of the scientists, Western conference sources said.

West Agrees To Study Of Nuclear Tests

GENEVA (UPI) — The United States, Britain and Russia Wednesday were reported near agreement on the scope of a East-West conference of experts to study new information on high altitude nuclear explosions.

The delegates to the three-power for only 35 minutes Wednesday, talks on a nuclear test ban met but both sides indicated progress toward the convening of the experts here on June 22.

Western sources said the three delegations hoped to resolve remaining differences today.

Soviet Chief Delegate Semyon Tsarapkin told newsmen after the brief session: "We are trying to find a formula and we are on the way to success."

The Soviets "now see the necessity" of broadening the role of the scientists, Western conference sources said.

Says Thoughts Produce Chemical Change In Body

ATLANTIC CITY, N.J. (UPI) — A mere thought causes human body chemistry to produce a powerful, defensive chemical, a research scientist told the annual meeting of the American Medical Association Wednesday.

The notion is not new but Dr. Harold G. Wolff elevated it to the stature of fact for the first time by producing the chemical which had been isolated from arm of a man at the moment he was convinced that the arm was about to be hurt.

This thought-produced chemical has been proved highly potent in more ways than one. It can enlarge blood vessels and lower blood pressure. It also can flood local tissue with watery fluid, increase local sensitivity to pain, and set the skin to itching.

Wolff took all this to mean that people could use the "highest" levels of their brain to increase the susceptibility of any body part to injury and to heighten the local inflammation resulting from that injury.

All this is extremely useful in body defense against injury from the outside, Wolff pointed out. "Enhanced inflammation has been shown to be effective in combatting invasion by micro-organisms and in the rapid elimination of the tissue breakdown products of injury," he said.

He reasoned that the purpose of the thought-produced chemical was the protection of the whole organism at the cost of the integrity of a part such adaptive reactions at times might be essential to survival, but if evoked inappropriately or excessively, it could contribute to disease.

There is no point in going on with the conference on the basis of these proposals," Berding declared.

Moscow's new Berlin time-bomb, stripped of diplomatic niceties, gave the West two choices:

—Accept a 12 month time limit for negotiating a German peace treaty on Soviet terms, during which time the U.S., Britain and France could keep only sharply-reduced "symbolic" forces in West Berlin.

—Face unilateral "termination" of Western occupation rights in the isolated outpost city at once, along with a Communist East German take-over of the access routes to West Berlin.

"The Soviet delegation," Gromyko told Wednesday's conference session, "must say that if the Western powers do not agree to introduce for his transitional period of one year (Russia's) minimum measures with regard to West Berlin, the Soviet Union will not be willing to confirm its consent to the continuation of the occupation regime in West Berlin."

Allies Given Two Choices By Gromyko

GENEVA (UPI) — The Soviet Union Wednesday gave the Western Allies a new ultimatum to get out of Berlin in a year. U.S. Secretary of State Christian Herter immediately rejected the demand.

Soviet Foreign Minister Andrei Gromyko formally issued the ultimatum in the form of a Moscow "Interim" Berlin Peace Package introduced to the Big Four Conference plenary session.

Gromyko said that unless the West agrees to sign a German Peace Treaty within a year Russia will sign a pact at once with East Germany, terminating western rights in Berlin.

Herter rejected the "extraordinary" Soviet proposal as "wholly unacceptable" after he had engaged in a series of emergency consultations with top Western leaders.

"The U.S.S.R.," Herter told Gromyko, "should know by now that the United States will never negotiate under deadlines, threats or duress."

The U.S. Secretary of State indicated that Russia had written off the chances for a summit Conference unless it withdraws the new ultimatum.

But Herter personally moved to keep the conference going by requesting at least one more plenary session in the hope that Gromyko would come back "free from any hint of duress." The conference called a one-day recess and fixed its next plenary session for Friday morning.

During the recess, Herter will meet with Gromyko today to discuss the future of the conference. The private meeting was arranged at Herter's request, Western officials said.

The American rejection of the ultimatum was solidly supported by British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville.

Berling, an assistant secretary of state said after the three-hour conference session that the next move — "with regard to suspension, recess or breakdown" — was up to the Russians.

Asked whether the West might have to "pack up" if Gromyko had nothing to say at Friday's plenary session, Berling replied: "We might have to do just that."

Deputy Soviet Foreign Minister Valerian Zorin, personally handling the Russian press briefing, said the West will have to face "all the consequences" if it did not accept the Red proposals. Asked what the consequences would be, he replied: "It is difficult to foresee."

Gromyko first broached the Russian threat at a secret session of the Big Four Foreign Ministers Monday. After Communist sources leaked the plan this morning, U.S. spokesman Andrew Berding summoned newsmen and denounced the Russian threat as designed to cause the "breakdown" of the Geneva Conference.

There is no point in going on with the conference on the basis of these proposals," Berding declared.

Moscow's new Berlin time-bomb, stripped of diplomatic niceties, gave the West two choices:

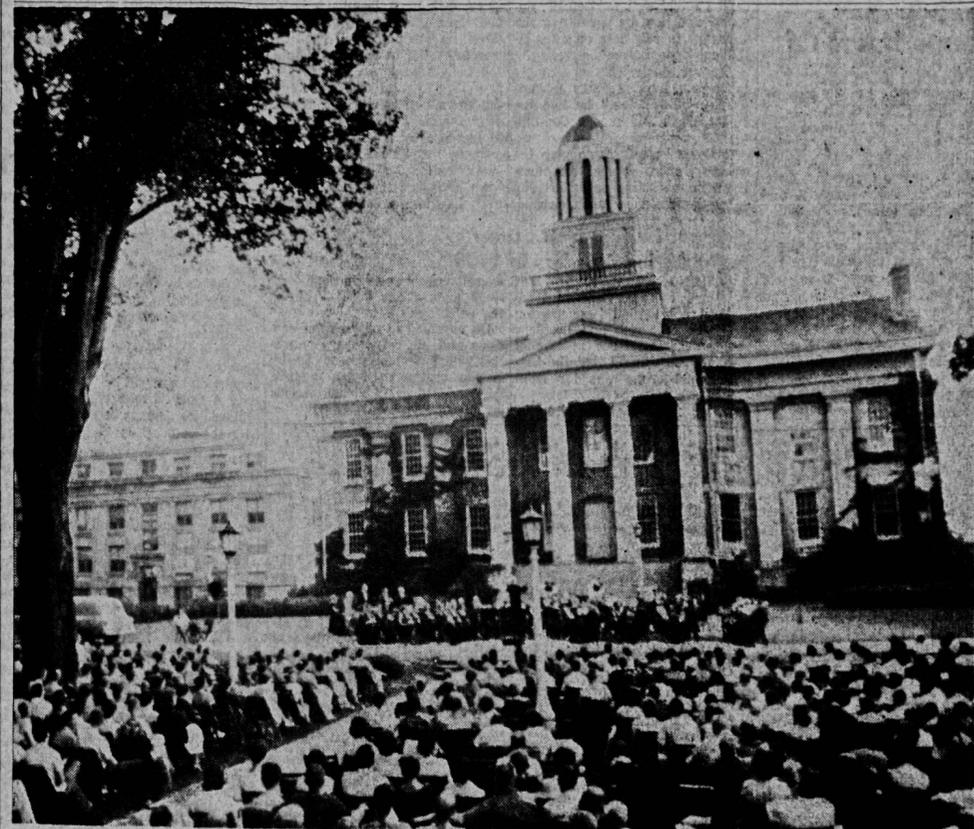

—Accept a 12 month time limit for negotiating a German peace treaty on Soviet terms, during which time the U.S., Britain and France could keep only sharply-reduced "symbolic" forces in West Berlin.

—Face unilateral "termination" of Western occupation rights in the isolated outpost city at once, along with a Communist East German take-over of the access routes to West Berlin.

"The Soviet delegation," Gromyko told Wednesday's conference session, "must say that if the Western powers do not agree to introduce for his transitional period of one year (Russia's) minimum measures with regard to West Berlin, the Soviet Union will not be willing to confirm its consent to the continuation of the occupation regime in West Berlin."

SUI Band Gives Commencement Concert

SUI COMMENCEMENT CONCERT — Despite a threat of rain, almost a thousand people turned out to hear the 69 piece SUI band in commencement concert on the Old Capitol lawn Wednesday evening.

Guest conductor Karl King was featured with regular director Frederick Ebbs in the commencement week feature. Graduation is Friday. —Daily Iowan Photo by Jerry Mossey.

Baltimore Searchers Kill Wild Black Bear Downtown

BALTIMORE, Md. (UPI) — A hefty black bear which may have visited nearby Washington last week was shot to death in metropolitan Baltimore Wednesday after a nightlong chase by gun-wielding police and startled citizens wearing night clothes.

The bear, no fugitive from a zoo but one that visited the city from its natural habitat, was first spotted Tuesday night in a city cemetery.

Some 100 policemen, 30 to 40 squad cars, dogs from the police K-9 corps and crime lab officers armed with high-power rifles took part in the six-hour chase that followed.

The wily bruin scampered through back alleys, bobbed in and out of traffic, scaled a six-foot fence and even gave his pursuers the slip temporarily at one point. But the unwelcome visitor, which showed unusual speed and endurance throughout the chase, was no match for pursuing squad cars which finally hemmed it in, knocked it to the street several times and set it up for the kill; a shot in the head from one officer's .38 calibre revolver.

Actually, the bear was hit by several bullets and police estimated they expended 100 rounds in the chase.

"We had everybody in the entire neighborhood up," Police Lt. John Barron said. "Quite frankly, I was very much afraid someone was going to be killed with all those shots.

"One of our biggest jobs was keeping people in night clothes out of the line of fire."

Barron said that when he summoned reinforcements and called for a high-powered rifle, police services could not believe that he wanted to kill a bear.

Hunted Negro Found Dead From Suicide

EATONTON, Ga. (UPI) — A posse found the shotgun torn body of a young negro floating for killing a white farmer floating in a lake Wednesday. Authorities said the fugitive committed suicide.

The body of Ernest K. Smith, 23, was found face-down in the water of Lake Sinclair, about 30 feet from the point on the bank where bloodhounds lost his trail Tuesday.

The young Negro had removed his shoes and apparently entered the water there.

He had been shot in the forehead with a blast from a shotgun, apparently the same weapon he used to kill Farmer J. L. Napier, 33, in Napier's dairy barn early Tuesday. A witness said he saw Smith shoot Napier in the back.

Smith, who had quarrelled with Napier the day before, left a note hanging in the barn saying he had killed Napier and would have also killed Napier's brother. Witnesses said the Negro vowed not to be taken alive.

It was not learned, pending further investigation, whether Smith died from the shotgun wound or from drowning.

A posse of nearly 100 heavily-armed men, including a local National Guard unit, used bloodhounds and helicopters in a manhunt for Smith.

A ground party which sighted an object in the water summoned a helicopter which hovered over the "copter's" rotor blade's air pressure and spotted the corpse. Then sure was used to push the Negro's body to shore.

Navigation Expense Set At \$1 Billion

DOUGLAS, Wyo. (UPI) — It would cost about a billion dollars to construct a series of locks and dams to provide slack-water navigation from the mouth of the Missouri River to Sioux City, Iowa, a U.S. Army Engineer said Wednesday.

Maj. Gen. Keith R. Barney, river division engineer from Omaha, told the Missouri Basin Inter-Agency Committee that no cost estimates are available for the project. However, he said a 1932 study indicated that the cost of the 112 locks and dams would be \$343 million.

Since then, Barney said, construction costs have risen 2 and one-half to 3 times. In addition, he explained that many railroads, towns, highways, pipelines, levees and other facilities constructed along the river since 1932 would have to be relocated.

Barney said it would cost \$200,000 to \$300,000 for Army Engineers to conduct a survey to determine the cost of the proposed system. And he said it would take three to four years to complete.

Congress has not appropriated any fund for a study.

Navigation on the Missouri River is growing rapidly each year and work is under way to deepen the channel between Sioux City and Omaha, he said. A series of revetments and banks to provide a 9-foot deep channel is under consideration.

suers the slip temporarily at one point. New Threat Increases Cuba Caution

HAVANA, (UPI) — Security precautions around the Cuban "White House" were tightened Wednesday as a result of recent attacks on Cuban diplomats in Haiti and the Dominican Republic.

Parking was forbidden on the streets surrounding the presidential palace, and buses were forbidden to stop at any corner in the palace block.

Premier Fidel Castro said in a television broadcast Wednesday that the "international conspirators" his government blamed for the attacks on the diplomats were "capable of any villainy against Cuba."

At the same time, it was announced that 17 "counter-revolutionaries" had been arrested here and in the eastern provincial capital of Santiago, increasing to 43 the number of foes of the government jailed this week.

The persons most recently arrested included a dozen men who had been meeting secretly in a shoe shop in Havana and five Santiago residents whose precise offense was not specified.

In his TV appearance, Castro renewed charges that U.S. interests at least were partly to blame for opposition to his land reform plans and for various other Cuban problems.

He displayed what he said was a letter from a Havana law firm to unidentified clients in the United States suggesting the creation of a \$500,000 fund to influence newspapers against land reform.

Wheat Crop Up 19 Per Cent, Says Agriculture Department

WASHINGTON (UPI) — The Agriculture Department estimated today that farmers would produce 1.18 billion bushels of wheat this year, about 19 per cent below 1958's whopping record crop, but still well above the average.

The department's estimate, based on June 1 crop conditions, included 941 million bushels of winter wheat and 240 million bushels of spring wheat. This compared with a 1958 winter crop of 1.17 billion bushels and a spring yield of 282 million bushels.

The 1959 winter wheat crop was expected to be the fifth largest on record, with yields per acre second only to last year's phenomenal record.

The department issued its monthly report as the House opened debate on rival Democratic and Republican plans for cutting wheat production. It was possible that both plans would be killed.

President Eisenhower has warned Congress that unless Congress passes legislation to curb wheat production, the whole wheat price support program will collapse.

The taxpayers already have three billion dollars invested in wheat surpluses.

The Administration-opposed Democratic plan would boost price supports but cut back planting allowances for commercial farmers but allow farmers with small plantings to vote on whether to accept the program.

The Department's June winter wheat estimate was nearly 2 per cent below the May estimate. The Department attributed the drop to lower expected yields in Kansas and Nebraska which offset the improved outlook in other areas.

The spring wheat estimate was the first this year. It was based on prospective planted acreage reported in March. The Department said the condition of spring wheat on June 1 was 85 per cent of normal.

The spring wheat was expected to be about 15 per cent of the 1958 harvest but about equal to the 1957 crop.

The spring wheat was expected to be about 15 per cent of the 1958 harvest but about equal to the 1957 crop.

Visit Industrial Plants—

Communists Tour Latvia

MOSCOW, (UPI) — Soviet Premier Nikita S. Khrushchev and a visiting East German delegation Wednesday took time out from talks on Berlin and Germany to tour industrial plants in Riga, Latvia.

Khrushchev and the German delegation headed by Communist Party Leader Walter Ulbricht and Premier Otto Grotewohl flew to Riga Tuesday after a single formal meeting in the Kremlin.

A Moscow radio broadcast said that the exchange of opinions confirmed that both sides held identical views on the international situation.

Among subjects under consideration, according to a communique, were: "A broad range of problems — the international situation, European security, the situation in Germany and West Berlin, particularly in connection with the Geneva Conference of foreign ministers."

Western observers speculated that the Russians and East Germans had agreed on steps to be taken if the foreign ministers failed to resolve the issues.

Officially the two delegations were on a tour of industrial centers. But unofficially they were believed to be continuing discussions on the developments at Geneva.

The Tass News Agency reported that Khrushchev and the East Germans visited the "V.E.F. electro-technical factory, which is the largest enterprise in Latvia" as well as other plants in Riga Wednesday.

Khrushchev made a brief speech on the factory grounds in reply to welcoming statements by Latvian Communist officials, Tass said. His remarks were not immediately available here.

A Radio Moscow broadcast heard in London said Khrushchev insisted that the Soviet proposal for a peace treaty with Germany and ouster of Allied forces from West Berlin were the "correct road" to peace.

Georgia Governor Declares: 'No Integration Of Schools'

ATLANTA (UPI) — Gov. Ernest Vandiver restated flatly Wednesday that "We don't plan to accept any integration in Georgia."

Vandiver, who began a four-year term last January, commented at a news conference on the plea of Virginia Gov. J. Lindsay Almond Jr. that his state not

accept its public schools. Prince Edward County, Va., has shut off funds to operate public schools because of court-directed integration of classrooms.

"Georgia is a different state," Vandiver said. "We don't plan to accept any integration in Georgia."

Vandiver's forces in the legislature strengthened Georgia's anti-integration laws in the session this year. Georgia law provides for immediate closing of schools which are faced with integration orders.

A two-judge federal court last week held that segregation in Atlanta's public school system is unconstitutional and told the city school board to draw up plans for desegregation within a reasonable time.

House Committee Passes Anti-Inflation Measure

WASHINGTON (UPI) — The House Government Operations Committee Wednesday approved a bill designed to help President Eisenhower fight inflation and at the same time encourage the nation's economic growth.

The measure, sponsored by Rep. Henry Reuss (D-Wis.), would require the President to hold public hearings on proposed price increases by key industries if they threatened economic stability. The Administration has said the legislation goes too far.

The committee acted as Treasury Secretary Robert B. Anderson told Congress that failure to grant the President's request for higher interest rates on government bonds could lead to more inflation and steeper living costs.

Anderson also disputed charges by some Democrats that big bankers would benefit most from the President's controversial proposal. He said borrowers, not bankers or the government, set interest rates in free credit markets.

Anderson testified before the House Ways & Means Committee as it opened hearings on Eisenhower's request for authority to raise the 4 1/2 per cent ceiling on interest the government pays on big long-term bonds bought by large investors.

Under the Reuss bill the President could investigate wage increases, as part of proposed price hikes, if an industry claimed pay boosts were a major factor in its plans to raise prices.

After public hearings, the President could issue a statement on whether a price increase was justified by the facts. There would be nothing to force officials to testify but Reuss said few would refuse. If refusals became common, he said, Congress could grant the President subpoena powers.

Reuss' bill also would amend the 1946 full employment act to require the President to make more information available on employment, production and purchasing power in his annual economic report to Congress.

The chief executive would be expected to detail estimates of the maximum goals which should be sought in each, plus current and foreseeable trends.

The bill also would authorize the President to make recommendations to Congress whenever urgent economic problems arise.

Reuss said his legislation would mobilize public opinion against unjustified price increases "and thereby, it is hoped, help prevent or reduce them."

U.S. Will Deliver Polio Vaccine To Red Poland

WASHINGTON (UPI) — The United States today announced the third in a series of agreements providing for the shipments of polio vaccine and U.S. farm surpluses to Communist Poland.

The State Department said the arrangement was designed to help the Polish government meet that country's immediate agricultural needs. Delivery of the vaccine will be made this fall.

Under the agreement Poland will purchase \$44 million worth of U.S. farm surpluses, paying for them in Polish currency, or Zlotys. This country is extending \$6 million credit to the Polish government for polio vaccine purchases.

Similar agreements were made in 1957 and 1958 when Polish Premier Wladyslaw Gomulka showed signs of moving away from the Kremlin.

Negotiations for additional American aid still are underway although the talks were disrupted late last year after Gomulka aimed bitter criticism at this country following a Moscow visit.

Poland will buy \$14.1 million

worth of wheat, \$11 million worth of barley, \$600,000 worth of grain sorghums, \$8.8 million worth of cotton; \$4.7 million worth of soy bean or cotton seed oil and \$800,000 worth of nonfat dry milk solid.

The Polish currency derived from the sales will be used to try to develop new overseas markets for this country's farm products and to carry out some phases of the U.S. economic aid program abroad.

The State Department said Poland is not self-sufficient agriculturally and the goods provided under the agreement will last only three to four months. No farm machinery was included in the agreement although Poland has been dickering for some.

The deal was made under a law which permits the government to give or barter U.S. farm surpluses to Iron Curtain nations provided the State Department rules that they are friendly to the United States.

Must Oust Some Close Friends—Hoffa Ordered To Obey Court Reform-Cleanup

WASHINGTON (UPI) — A federal appeals court ruled Wednesday that Teamsters Union President James R. Hoffa and his scandal-ridden union must obey reforms recommended by court-appointed monitors.

The far-reaching unanimous decision solidly saddled on Hoffa, who has denied any Teamsters wrongdoing, a responsibility for a broad union cleanup including ouster proceedings against some of his close cronies.

Disobedience could bring Hoffa face to face with stiff court contempt penalties, possibly including his removal as Teamsters president, since he is serving in that position only provisionally under the court orders.

Hoffa declined any immediate comment but it was indicated his attorneys were considering an appeal to the U.S. Supreme Court.

Martin F. O'Donoghue, chairman

of the three-man Teamsters monitor board, said the ruling clears the way for a court-enforced cleansing of corruption from the Teamsters.

The decision of the U.S. Court of Appeals is a landmark for union dissidents. It points the way for aggrieved union members to go to the federal courts for relief of alleged abuses by union bosses.

The Teamsters case started in mid-1957 when a group of rank-and-file New York City members sought an injunction against holding of a Teamsters convention. They contended that Hoffa and the then union president, Dave Beck, were conspiring to rig the convention to elect Hoffa top man.

The courts refused to delay the convention and Hoffa was elected. But then U.S. Dist. Judge F. Dickinson Letts enjoined Hoffa from taking office on grounds the convention had been rigged.

Showdown Asked On Strauss Vote

WASHINGTON (UPI) — Senate Democratic Leader Lyndon B. Johnson moved Wednesday to speed debate on the nomination of Lewis L. Strauss to be Commerce Secretary. He announced that he will try later this week for agreement on a time for a showdown vote.

This Texas Democrat said he will confer today, or "not later than Friday," with GOP Leader Everett M. Dirksen (Ill.), and other interested Senators in an effort to find a mutually agreeable time.

Opponents and supporters of Strauss have been maneuvering frantically behind the scenes to line up maximum strength. Both sides admit the vote on the controversial nomination will be close.

When Johnson made his announcement about 5 p.m., the Senate had technically been debating the Strauss nomination all day Wednesday. But a 37-minute speech by Sen. Clair Engle (D-Calif.), was just about the extent of Wednesday's discussion.

Speech Specialists To Meet At SUI

Speech and hearing specialists from all parts of the nation will attend a workshop and a conference on cleft lips and palates here June 22 to 27.

D.C. Spriestersbach, professor of speech pathology and audiology and director of the two meetings, said the workshop, scheduled for June 22 through the morning of June 25, will be designed especially for practicing speech pathologists. Most of the sessions will be held at the University's Hospital School for Severely Handicapped Children. The conference will be held from

2 p.m., June 25, through noon, June 27, with the first day's sessions in the medical amphitheater of University Hospitals. Later sessions will be held in the Senate Chamber of Old Capitol.

The two events will be conducted by the Department of Speech Pathology and Audiology, and the Department of Otolaryngology and Maxillofacial Surgery, in conjunction with the U.S. Office of Vocational Rehabilitation. Workshop enrollment will be limited to 30. The conference will open to all interested persons.

U.S., Canada Included In NATO Plan

London, (UPI) — Delegates from 14 NATO nations, winding up a six-day congress here, drafted a plan Wednesday to link the United States and Canada economically to a stronger Atlantic community.

This would be done by transforming the Organization of European Economic Cooperation (OEEC) into the organization of Atlantic Economic Cooperation (OAECE). The United States and Canada are now associate members of OEEC.

The citizen-delegates to the semi-official meeting, including members of parliament, editors, industrialists and educators, were expected to start translating the Atlantic community blueprint into action on their return home.

Iceland was the only member of the 15-nation North Atlantic Treaty organization that did not send delegates to the congress.

The cold war, Communism and aid to under-developed countries were among the subjects discussed. Former Belgian Prime Minister Paul Van Zeeland, summing up the work of the congress at the closing session, said: "We want to build an Atlantic community which will no longer be exclusively military, but will be extended to the political, economic and cultural fields."

The new blueprint proposed creation of these additional agencies: —A NATO court of justice to supplement the international court at the Hague.

—An international development association, similar to that proposed in a bill now before the U.S. Congress, designed to seize the initiative from the Communists in extending aid to under-developed areas in Asia and Africa.

Long's Sanity May Be Tested Soon

GALVESTON, Tex. (UPI) — Attorneys conferred most of the day Wednesday on whether Louisiana Gov. Earl K. Long will undergo a sanity hearing here June 16.

The governor's wife flew here from Baton Rouge, La., for the conferences.

Under Texas law, Long can agree to undergo treatment and the scheduled sanity hearing thus would be called off.

But if he insists on leaving the hospital, the hearing must be held to determine whether he can be restrained.

Nicaragua Rebel Surrender Offer Refused By Ruler

MANAGUA, Nicaragua (UPI) — Forty-five rebels sent their priest out of the jungle Wednesday with an offer to surrender if they are given safe conduct out of Nicaragua.

The government promptly turned them down.

Included in the rebel group are Pedro Joaquin Chamorro, prominent Nicaraguan and son of the publisher of La Prensa, and Freddy Fernandez, of the Dominican Republic.

The Rev. Federico Arguello, a priest of about 30, who had joined the rebels as spiritual leader, emerged at Santo Domingo headquarters at noon with the surrender offer.

The army area commander got in touch with Gen. Anastasio Somoza, commander in chief, and his brother, Nicaragua's President Luis Somoza.

Starkweather Gets Stay Of Execution Until June 17

LINCOLN, Neb. (UPI) — Charles Starkweather won his fourth stay of execution Wednesday and he "didn't even change his expression when he heard the news."

Acting Penitentiary Warden John Greenholtz said the 20-year-old extra-struder, awaiting execution early Friday for one of the 11 slayings he has admitted, displayed no emotion when Greenholtz told him his latest appointment with Nebraska's electric chair has been postponed.

Greenholtz said the youth merely asked again the date of his latest reprieve — June 17 — and then commented: "That doesn't give us much time, does it."

4 Colavito Homers Lead Indians Past Orioles 11-8

Rocky Ties Major Record, Now Has 18 Indians Snap Long Loss String

BALTIMORE (AP) — Rocky Colavito battered Baltimore pitchers for four consecutive home runs Wednesday night, tying a major league record as Cleveland defeated the Orioles 11-8.

The big Indian outfielder walked in the first inning and smashed circuit clouts out of spacious Memorial Stadium in the third, fifth, sixth and ninth, batting in six runs. The defeat dropped Baltimore out of a first-place tie with Chicago and moved the Indians within a half game of the Orioles in the American League race.

Minnie Minsos and Billy Martin joined Colavito in the home run parade as three Indians rapped out 13 hits that also included three doubles.

Gary Bell started for Cleveland and stayed around long enough to win and even his record at 5-5. He gave way to Mike Garcia in the seventh.

Jerry Walker, seeking his fifth win, suffered his third setback instead.

Cleveland 312 013 001—11 13 0
Baltimore 120 000 401—8 12 0
Bell, Garcia (7) and Brown; Walker, Portocarrero (6), Zaverink (6), Johnson (9) and Triandos; Ginsberg (7), W. Bell (5-5), L—Walker (4-3).
Home runs — Cleveland, Minsos (7), Martin (7), Colavito (4).

WYNN-INGEST! - - - - By Alan Maver

EARLY WYNN, OF THE CHICAGO WHITE SOX, WHO'S THE WINNINGEST ACTIVE PITCHER IN THE GAME.

CURRENTLY EARLY STANDS 21ST IN THE ALL-TIME VICTORY PARADE. WHEN AND IF HE REGISTERS 11 WINS THIS YEAR HE'LL MOVE UP A NOTCH TO TIE FOR 20TH WITH 260 WINS.

Distributed by King Features Syndicate

ChiSox 4, Senators 1

WASHINGTON (AP) — Chicago's Early Wynn mowed down the Washington Senators with a five-hitter Wednesday night as the White Sox went back into first place in the American League with a 4-1 victory.

The Sox got to Hal Woodeshick for two runs in the first, giving Wynn more of a cushion than he needed. The burly right-hander struck out seven and allowed the Senators to get past first base in only two innings.

Woodeshick was charged with the defeat although pitching to only four men.

He hit Luis Aparicio, who stole second and after Nellie Fox grounded out Al Smith smashed a triple. Aparicio scored and so did Smith when catcher Hal Naragon dropped the relay as Smith bid for an inside-the-park homer.

Chicago 201 000 100—4 10 0
Washington 000 100 000—1 5 1
Wynn and Batten; Woodeshick, Romonovsky (1), Griggs (9) and Naragon. L—Woodeshick (6-1).

Yanks 6, A's 4

NEW YORK (AP) — Elston Howard doubled home two runs in a four-run seventh inning that broke a 2-2 tie and gave the New York Yankees a 6-4 victory over the Kansas City Athletics Wednesday.

Art Ditmar pitched eight-hit ball until the ninth when he tired and Jim Bronstad took over to preserve Ditmar's fourth triumph against four defeats.

Victim of the Yankees' winning rally was Bud Daley, who dropped his fourth decision against five victories. He quit under fire in the seventh when the Yankees rapped four of their 11 hits.

Gil McDougald opened the deciding seventh with a single and moved up a base on Mickey Mantle's one-bagger. After Hector Lopez' long fly advanced the runners a base, Bill Skowron walked to load the bases. McDougald scored the tie-breaking run when catcher Frank House failed to hold a knuckler for a passed ball. Howard then doubled and Norm

Tigers 10, BoSox 9

BOSTON (AP) — Detroit stormed from behind with a five-run burst in the seventh inning Wednesday, then sweated out a Boston rally and went on to whip the Red Sox 10-9.

The big inning, in which Detroit sent 11 men to the plate, climaxed an uphill fight for the Tigers who trailed by as much as 6-1 at one point.

Detroit added two more in the eighth to take a 10-6 lead. But Gary Geiger hit a two-run homer for the Red Sox in the bottom of the inning. Boston got another run in the ninth before Dave Sisler choked off the threat.

Tom Morgan, second of four Detroit pitchers, got the victory. Mike Fournles, second of five Boston hurlers, was tagged with the loss. It was the first decision of the year for each.

Detroit 010 002 520—10 12 1
Boston 211 020 021—9 13 3
Foytack, Morgan (6), Schultz (7), Sisler (6) and Berberet; Delock, Fornelles (7), Kieley (7), Wall (8), Monbouquette (9) and Daley, White (8), W—Morgan (1-0), L—Fornelles (0-1).

Reds 6, Cubs 4

CHICAGO (AP) — Late inning homers by Roy McMillan and Frank Robinson steered the Cincinnati Reds to a series-squaring 6-4 triumph over the Chicago Cubs Wednesday.

McMillan got his homer, his eighth of the season, off Dick Drott, third Chicago pitcher, with one out in the eighth.

Robinson hit his No. 15, in the ninth, rounding out a perfect 4-for-4 day.

Dave Hillman was the victim of Robinson's long drive. Earlier Robinson used singles to high spot the Reds' two-run spree in the third and fourth innings and tagged starter Glen Hobbie with his sixth loss.

Cincinnati 002 200 011—6 11 0
Chicago 000 020 002—4 6 1
Purkey, Pena (8) and Bailey; Hobbie, Singleton (4), Drott (6) and S. Taylor. W—Purkey (6-7), L—Hobbie (6-6).
Home runs — Cincinnati, McMillan (8), Robinson (15), Chicago, S. Taylor (4), Banks (15).

Cards 5, Braves 2

ST. LOUIS (AP) — Lindy McDaniel pitched four scoreless relief innings and the St. Louis Cardinals benefited from three unearned runs as they defeated the Milwaukee Braves Wednesday night 5-2.

The loss whittled the Braves' National League lead to one game over San Francisco.

After Milwaukee staked Bob Rush to a 2-0 lead on home runs by Hank Aaron in the first inning and Del Crandall in the second, shortstop Felix Mantilla's boot of Alex Grammas' grounder opened the gates for the Cardinals in the fifth.

With one out, Manager Solly Hemus sent Grammas to third with a pinch double. Grammas scored on Don Blasingame's infield out and Gino Cimoli and Bill White followed with doubles to right to put St. Louis ahead 3-2.

Milwaukee 110 000 000—2 8 1
St. Louis 000 030 20x—5 9 0
Rush, Jay (5), McMahon (8) and Crandall; Kellner, McDaniel (6) and H. Smith. W—Kellner (2-1), L—Rush (4-2).
Home runs — Milwaukee, Aaron (16), Crandall (8).

Giants 11, Pirates 7

PITTSBURGH (AP) — The San Francisco Giants hammered out 19 hits, including home runs by Willie Kirkland and Orlando Cepeda, as they whipped the Pittsburgh Pirates 11-7 Wednesday night.

The Giants scored in every inning except the fifth, seventh and ninth.

Kirkland's third-inning homer into the right field stands was his eighth of the year and drove in two runs. Cepeda's solo blast, his 14th, dropped into the right field stands in the eighth.

Credit for the victory went to Sam Jones, now 7-5, although he needed relief in the seventh when the Pirates rallied for five runs on four hits and two walks. Stu Miller came on and held the Pirates scoreless for the rest of the game. Jones had effectively scattered five hits over the first six innings.

San Francisco 124 201 010—11 19 0
Pittsburgh 100 010 500—7 10 1
S. Jones, Miller (7) and Landrith, Schmidt (6), Witt, Daniels (3), Blackburn (4), Smith (8), Face (9) and Kravitz. W—S. Jones (7-5), L—Witt (6-5).
Home runs — San Francisco, Kirkland (8), Cepeda (14).

Phils 2, Dodgers 1

PHILADELPHIA (AP) — Right-hander Gene Conley allowed the Los Angeles Dodgers only four hits Wednesday night to hoist the Philadelphia Phillies to a 2-1 victory. Two hits Conley gave up were infield shots and a third came on the hit runner ruling.

The Phillies scored both their runs in the fifth inning on three singles, a sacrifice and an error.

Conley (3-3) retired the first nine men in order before giving up a lead-off infield single to Junior Gilliam in the fourth. This led to the Dodgers' run.

Wally Moon followed with a single, sending Gilliam to third. Gilliam scored as Norm Larker grounded into a double play.

Los Angeles 000 100 000—1 4 1
Philadelphia 000 020 00x—2 7 1
McDevitt, Labine (8) and Roseboro; Conley and Thomas. L—McDevitt (3-6).

Cards 5, Braves 2

ST. LOUIS (AP) — Lindy McDaniel pitched four scoreless relief innings and the St. Louis Cardinals benefited from three unearned runs as they defeated the Milwaukee Braves Wednesday night 5-2.

The loss whittled the Braves' National League lead to one game over San Francisco.

After Milwaukee staked Bob Rush to a 2-0 lead on home runs by Hank Aaron in the first inning and Del Crandall in the second, shortstop Felix Mantilla's boot of Alex Grammas' grounder opened the gates for the Cardinals in the fifth.

Rush, Jay (5), McMahon (8) and Crandall; Kellner, McDaniel (6) and H. Smith. W—Kellner (2-1), L—Rush (4-2).
Home runs — Milwaukee, Aaron (16), Crandall (8).

Challenger Hart Whips Logart In 10

CHICAGO (AP) — Sugar Hart, No. 1 world welterweight contender, battered Cuba's Isaac Logart into a bleeding mess for a unanimous decision in the Chicago Stadium Wednesday night.

Hart, from Philadelphia, used his wicked left hook like a surgeon's scalpel to pound his game foe into submission.

Although bleeding profusely from a gash over his right eye from the fourth round and a slash on his lip in the seventh round, Logart was scrapping furiously as the televised bout ended.

Hart, a 2-1 favorite, never was in trouble but had the fourth round taken away from his because of a low blow.

Referee Wally Brightmore voted for Hart 48-44. Judge Harold Marovitz saw it for Hart 48-41 and Judge Frank C. Clark gave it to the lanky Philadelphia scrapper 46-45. The Associated Press card had Hart winning, 48-42.

In the fourth, Logart twice bowed low, as if in pain, from Hart's underling punching.

Although Dr. J. H. Pribble twice entered the ring to look at Logart's bleeding eye cut, the Cuban fighter showed courage all the way.

For most of the last four rounds, Hart, who now has a 28-3-2 record, seemed on verge of throwing a knockout punch, but Logart kept fighting back with a two-fisted attack.

Logart, who had been ranked 10th now has a 55-13-7 record.

Hart weighed 147, Logart 149.

Swift Trial Run By Black Hills Hikes Race Hopes

NEW YORK (AP) — Black Hills, the King Ranch's Belmont Stakes candidate, had the clockers looking twice at their watches Wednesday when he worked a mile and one-half in 2:35.2 at Belmont Park.

That's the distance of the \$125,000-added race to be run for the 91st time Saturday, at Belmont Park. The time is within two seconds of many Belmont winners.

Black Hills won the Peter Pan Handicap last week and upset Royal Orbit, Preakness winner. Since 1951, Counterpoint, High Gun, Gallant Man and Cavan have gone on from Peter Pan victories to take the Belmont.

The race picked up another candidate Wednesday when trainer Kenneth Noe Sr. reported he would work out W. M. Ingram's Scotland at Monmouth Park Thursday and ship him to Belmont on Friday.

This left the probable field at seven, and possibly eight if trainer Moody Jolley decides to start the Claiborne Farm's Dunce.

In addition to Black Hills, the ones to beat appear to be Mrs. Halina Braunstein's Royal Orbit, the Brookmeade Stable's Sword Dancer, and Howard B. Keck's Bagdad.

With seven starters in the race to be televised and broadcast (CBS) they will be shooting for a record gross purse with the winner netting \$93,225.

British Board Suspends London

LONDON (AP) — Brian London was suspended for six months and fined \$2,800 Wednesday for going to America to box heavyweight champion Floyd Patterson. The British boxer said he would appeal although he did not intend to fight in England again.

The British Boxing Board of Control, ruling body for pro boxing in the British Isles, took the action after London defied its ruling. The board had refused to give London permission to go to the United States for his title match with the world champion. He was stopped in the 11th round, May 1.

Open Begins; Snead Looms As Favorite

MAMARONECK, N.Y. (AP) — The Sam Snead bandwagon picked up momentum Wednesday — with a nudge from Sam himself — as goldom's tournament blue bloods tapered off for today's opening of the 59th U.S. Open championship.

"This course is tailor-made for Snead," said Art Wall Jr., the Masters champion and leading money winner on the pro circuit.

While informal bookmakers have made Snead a cofavorite with Arnold Palmer at 6-1, the hard-luck capitalist from White Sulphur Springs, W. Va., is the overwhelming choice of his pro contemporaries. Defending champion Tommy Bolt is an overlooked 10-1.

"I'm hitting the ball awfully good," said Snead, who has been runner-up four times but never won the Open. "And I'm not worried about that hex stuff."

In six practice rounds, Snead, 47, never has been over Winged Foot's par 70. He has had successive rounds of 69, 68, 66, 67, 68, 68. That is 12 under par for 108 holes.

Snead's mastery of Winged Foot's west course has brought speculation that the new 72-hole record may be set in current tournament. Ben Hogan's 276 at Riviera in Los Angeles in 1948 is the lowest.

Hot, humid weather is forecast for today with possible showers Friday and Saturday. Single rounds are slated today and Friday with two rounds Saturday.

Red Entry In Olympics Scorned By Brundage

LAUSANNE, Switzerland (UPD) — Avery Brundage of Chicago, President of the International Olympic Committee, indirectly sided with the Chinese Nationalists today in their running battle with Communist China for I.O.C. recognition.

Brundage promised "a solution will be found so the Nationalist Chinese will be among the countries sending athletes to Squaw Valley, Cal. for the 1960 winter Olympics.

At the same time, the I.O.C. prexy said that Red China will "definitely not" be allowed to compete at Squaw Valley because it withdrew from the I.O.C. last year and any application for re-admission would not be reviewed until the next I.O.C. congress, which meets at San Francisco next February, just before the start of the 1960 winter games.

The I.O.C. met at Munich, Germany, two weeks ago and ordered the Chinese Nationalist Olympic committee at Formosa to modify its name because it ruled the Nationalists did not represent sports on the Chinese mainland.

"Nationalist China was neither ousted nor expelled from the I.O.C.," said Brundage, who returned to Lausanne today after a brief vacation in France.

"We simply withdrew recognition because we could not accept the name of the Nationalist Olympic Committee any longer," he added. "As soon as they propose a new name acceptable to us, they will be reinstated."

"But even if they refuse to do so, this does not mean that Nationalist Chinese athletes are barred from the (winter) games."

Brundage said one of the possible solutions would be to admit the Chinese Nationalists on the ground they have been invited to participate and accepted the invitations.

Discussing the Chinese Reds, Brundage said they are definitely out of the next winter games because they have resigned from the I.O.C.
