Fidel Castro Steps Down As Premier

HAVANA (AP) — Fidel Castro resigned as Prime Minister of Cuba Friday night, according to President Manuel Urrutia of an attitude bordering on treason.

He also accused the President, a former judge he personally put in office earlier this year, of immobility and of failing to discharge his duties.

This in turn, Castro told a television audience, has created "discrepancies of moral order."

He did not immediately elaborate.

This is the second time within past two weeks that the bearded rebel leader had accused close associates of treason or near treason. The other was the case of former Cuban Air Force Chief, Maj. Pedro Luis Diaz Lanz, who accused Castro of being a Communist.

Urrutia, who has also strongly criticized communism in Cuba, was not available for comment. At the presidential palace he refused to receive newsmen.

Castro said he reached his decision to resign "very bitterly."

He said he had "almost worked myself to death over the agrarian reform program," and at the same time President Urrutia had asked for a leave of absence.

Western Bid Rejected By Gromyko

GENEVA (AP) — Soviet Foreign Minister Andrei Gromyko rejected Friday a vigorous Western bid to get him to cut his asking price for a stopgap Berlin settlement.

The Western powers were reported steeped in pessimism. For the first time since the foreign ministers conference resumed Monday the Big Four met privately at luncheon in what some called "tea party" diplomacy.

The ministers talked for nearly three hours and the West reported: "No progress." The West was seeking to get Gromyko to talk about a Berlin settlement without insisting on a companion agreement that delegates of the two Germanys sit down at the same table and negotiate with each other.

Informants reported Gromyko said again and again the Soviet Union would not separate Berlin from such a Pan-German move.

So, after seven weeks of talks the conference is at an impasse. Western officials said it was too early to talk of a breakthrough but added that if Gromyko continues to stick to this same line, the conference may end in failure.

This was in sharp contrast to the air of optimism which prevailed Monday at the start of the resumed sessions. The Western powers at that time seemed convinced the Russians would agree to a Berlin truce without strings. The question of talks between the two Germanys is the big string.

'Lady Day' To Be Buried On Tuesday

NEW YORK (AP) — Billie Holiday, 44, child of sordidness and slums, who rose through the smoky night clubs of Harlem to fame as a magnificent singer of the blues, died Friday on a low, sad note.

Liquor and dope and high living ruined her body and stole the vibrance from her tremendous voice. She died in Metropolitan Hospital, a city institution. In her bank account she had 70 cents.

Miss Holiday was known to the entertainment world as Lady Day, because she always tried to stand above her environment.

For years, Miss Holiday fought to escape the confines of Harlem, with its crowded, noisome tenements. Friday, at last, she made her escape eternal.

For the lady who sang the blues — the blues that are the anthem of Harlem, the musical symbol of its despair — there will be no return to Harlem. Miss Holiday will repose at a midtown funeral chapel until Tuesday morning. Then, after a funeral Mass at St. Paul the Apostle Roman Catholic church on W. 59th St., she will be buried in Brooklyn — about as far away from Harlem as it is possible to get in New York City.

"My differences with the President go back perhaps 40 or 50 days," Castro said. "One day we were all surprised by a request from the President for a leave of 30 days at a time when we had decided to reshuffle our Cabinet, and when we had been living as the target of an intense foreign campaign."

"Did I agree to a leave for the president at a time when we did not even have a substitute? We had to go see him and try and dissuade him. We had to tell him that to take a leave of absence

Strike Loss Soars With More Layoffs

PITTSBURGH (AP) — The effects of the 3-day steel strike cut deeper into the nation's economy Friday with more layoffs, walkouts and soaring production losses.

In Washington, President Eisenhower conferred on the steel situation with Secretary of Labor James P. Mitchell. The White House declined to provide any details.

Elsewhere public officials got ready for an avalanche of relief requests; defense plans were snarled in at least one installation; and 200 million dollars worth of construction work in steel plants was halted.

The strike of half a million United Steelworkers of America already has brought idleness to 30,000 workers in railroads, coal mines, Great Lakes ore carriers. Each day the strike continues the production loss amounts to 300,000 ingot tons of steel with wage losses running 70 million dollars a week.

So far there's no sign of settlement. Federal mediation talks in the dispute will be resumed Monday in New York. Neither industry nor the union has shown any signs of retreating from their last bargaining positions.

An estimated 5,000 building tradesmen in the Chicago-Gary-East Chicago, Ind., area refused to cross Steelworkers picket lines Friday, halting work on some 200 million dollars of construction work in steel plants.

This included 100 million dollars of work at U.S. Steel's Chicago and Gary works and about 85 million dollars worth of construction in Inland Steel's Indiana Harbor plant. Also affected were Youngstown Sheet & Tube in East Chicago and the Acme Steel Co., Riverdale, Ill., with about 20 million dollars in projects halted.

The strike also spread to the core of the nation's defense with plans snarled for the completion of three Atlas missile-launching sites near Cheyenne, Wyo.

at that time would leave a big vacuum in our government."

Then he continued, "The President became openly hostile. No decree came out as law. Everything accumulated. Everything was paralyzed."

"Well, such things can be tolerated only for a time."

Castro suggested that difficulties with Urrutia had forced him to take the prime minister's office originally. It was made clear at that time, he said, the Urrutia should not preside over the Cabinet.

Foreign Aid Bill Cut In Committee

WASHINGTON (AP) — A bill putting a \$3.2 billion ceiling on foreign aid this year — \$3.2 million less than President Eisenhower asked — won approval Friday from a Senate-House conference committee.

The conferees, fitting together the versions passed by the Senate and House, also called on the President to come up with specific plans next year on how to start cutting off foreign grants.

The biggest cut in the adjusted version was \$200 million from Eisenhower's request for \$1.6 billion in military aid. This was achieved by those who argue that the Administration is relying too much on arms aid, rather than economic.

GROMYKO AWARD

LONDON (AP) — The Soviet Union Friday night announced the award of its highest honor to Foreign Minister Andrei Gromyko, debating the Berlin crisis with his Western opposite numbers in Geneva. Moscow radio said the Supreme Soviet parliament gave Gromyko the Order of Lenin "for highly meritorious services to the Soviet state and in connection with his 50th birthday." Gromyko was born July 6, 1909.

1 Killed In Flaming Auto Crash Near Tiffin

TIFFIN FIREMEN pour water on the flaming wreckage of one of the two cars involved in a fatal mishap west of Tiffin late Friday afternoon. The occupants of the automobile were thrown clear of the flames, but George C. Van Dam Jr., of Moline died some three hours after the accident here.—Daily Iowan Photo by Jerry Mosey.

Second Victim In Critical Condition Here

8th Johnson County Fatality In 1959

A flaming two car crash west of Tiffin late Friday afternoon claimed the life of a Moline man and critically injured his father. The accident occurred one mile west of Tiffin on highway 6 shortly after 5 p.m.

The victim was George C. Van Dam Jr., 52, who died in University Hospitals some three hours after the accident. Van Dam Sr. was listed in critical condition, suffering a shoulder fracture and possible neck injury.

Kenneth N. Sippy, 37, of Oxford, driver of the second auto, is being held at Mercy Hospital for observation of head abrasions and bruises.

According to highway patrolman Howard Shapcott the mishap occurred on a hill as the elder Van Dam apparently lost control of his vehicle on wet pavement after passing another car.

The eastbound car reportedly spun on the highway. Sippy's westbound car struck the rear of Van Dam's spinning car sending it into the north ditch where it burst into flames. Both occupants were apparently thrown from the vehicle. Passing motorists dragged them safely away from the flames according to authorities.

Although the fire was rapidly extinguished by Tiffin firemen, traffic on the highway was blocked for more than an hour.

Van Dam's death was the 8th on Johnson County highways this year.

The condition of another Johnson County motorist, hurt when her car plunged off an embankment Monday, was reported unchanged Friday night. Mrs. Evelyn Draker of Coralville remains in serious condition at University Hospitals.

Nikita Warns Scandinavia Of Retaliation

SZCZECIN, Poland (AP) — Nikita S. Khrushchev charged Friday that aggressive circles want to establish rocket bases in Scandinavia to draw Soviet nuclear retaliation there instead of on themselves.

The Soviet Premier did not specify whom he meant by aggressive circles but the United States seemed an obvious target.

In a vigorous speech before about 10,000 Poles in this former German port city of Stettin, he also pledged armed Soviet defense of the border between East and West Germany.

Khrushchev also proclaimed his country's determination to fight against any attempt to take away from Communist Poland the territory it gained from Germany after World War II.

To dramatize this stand, Khrushchev was made an honorary citizen of Szczecin in a ceremony in the town hall.

Two weeks before he is to leave on a good-will tour through Scandinavian nations, Khrushchev took this occasion to warn those nations of possible destruction if rocket bases are established on their soil.

Arizona Police Capture Gunmen

PHOENIX, Ariz. (AP) — City police using submachine guns and shotguns Friday captured three men who escaped South Sioux City, Neb., officers in a gun battle July 10.

Arizona FBI Chief Edward L. Boyle identified the trio as Gordon Hopkins, 30, Plattsmouth, Neb.; Joseph James Bogiorno, 28, Council Bluffs, Iowa, and Robert Engler, 20, Beatrice, Neb.

Boyle said Engler and Bogiorno were taken at a motel and Hopkins was captured later at a west-side home where he was staying with a friend. None resisted.

The FBI chief said the two who registered at a motel erred in registering under their real names. The South Sioux City gun fight, Boyle said, came after the trio was surprised in a burglary.

House Committee Revamps Senate Labor Bill

WASHINGTON (AP) — The House Labor Committee completed a labor controls bill Friday which takes some of the force out of the Senate-passed antiracketeering measure.

More than 100 Committee amendments represented a virtual rewriting of the Senate's "bill of rights" for union members, its election safeguards, Taft-Hartley Act revision and other provisions. As its final action winding up five weeks of closed-door sessions, the committee eliminated Senate-approved suggestions for adoption of voluntary codes of ethics by unions and business.

Republicans called the bill much weaker than the Senate measure.

Democrats had varying opinions. Rep. Roy W. Wier (D-Minn.) summed up: "It has something in it for everybody."

The bill may be ready to send to the House next week. It is certain to touch off a free-for-all battle to rewrite it on the floor.

The House version follows only the framework of the Senate bill.

Told Of Ike's Confidence—New Post For C. Bohlen

WASHINGTON (AP) — Ambassador Charles E. (Chip) Bohlen got an expression of confidence from President Eisenhower Friday.

It remained to be seen whether he would get a top State Department job, but President Eisenhower's attitude seemed to indicate he would.

White House secretary James C. Hagerty relayed Eisenhower's feelings about Bohlen after another day of discussion and speculation over how the Administration feels about naming Bohlen a special adviser on the Soviet Union.

Philippine Ambassador Carlos P. Romulo told reporters he had been told by Undersecretary of State C. Douglas Dillon that Eisenhower was upset by newspaper stories quoting him on the Bohlen matter.

Romulo said Dillon told him Eisenhower had ordered a telegram to be sent to Bohlen to be followed

Heavy Rains Hit Iowa City

Heavy rains which entered the area early last evening caused little damage, but plenty of headaches for the Iowa City Police Department.

Minor flooding occurred at several intersections. At Madison and College Streets motorists were forced to drive through hubcap-deep water.

More rain is predicted for the Iowa City area today.

RIOTS IN IRAQ

DAMASCUS, Syria (AP) — The Syrian press said Friday 27 persons were killed and 250 wounded in a series of clashes between police and demonstrators in the oil-rich Iraqi districts of Kirkuk and Zubeir Wednesday.

All Damascus newspapers, quoting special reports from Baghdad, said these clashes were sparked by "Communist provocative slogans" which angered other groups in Kirkuk and Zubeir.

Van Allen Finds Reds Seek Science Lead

Besides an armload of technical and semi-technical literature for his Department and some "nicely illustrated" animal books for his children, Iowa physicist Dr. James A. Van Allen brought back several distinct impressions from a brief visit to Moscow, from which he returned earlier this week.

Most important of these, perhaps, are that Russia has set out to become the scientific center of the world, that she is sparing no expense and putting every resource into achieving this goal.

Russian scientists are fiercely competitive, Professor Van Allen found, and were "reluctant to admit that anyone else is doing anything bigger or better than they are."

The head of the SUI Physics Department delivered a paper on recent radiation research during a six-day meeting of the International Union of Pure and Applied Physics, an association of independent scientific organizations. Held on the skyscraper campus of Moscow University, the meeting was attended by approximately 150 Russian and some 80 delegates from other countries throughout the world. Twenty-two of those attending were from the U.S.

Russia's respect for higher education was another point impressed upon the visitors, Van Allen says, especially when they saw Moscow University's laboratory facilities "which we would have a hard time matching." Some 28,000 students attend Moscow University, half of them "majoring" in one or another field of science.

The visiting scientists found Russia concentrating also on a tremendous residential building program, with block after block of new apartment houses being built and occupied even before they were completely finished.

Much pride in their successful launching of the world's first satellite was evidenced by numerous Russians, Van Allen found, reporting that he and some other Americans underwent a certain amount of polite "needling" on the subject. A national monument to "Sputnik I" will tower 100 feet high in front of Moscow University, and a Sputnik appears on a series of Russian stamps.

Although the visitors were put off with various excuses from seeing the laboratories where Russia's satellites are made, they were taken through Moscow University's cosmic ray laboratory — which Van

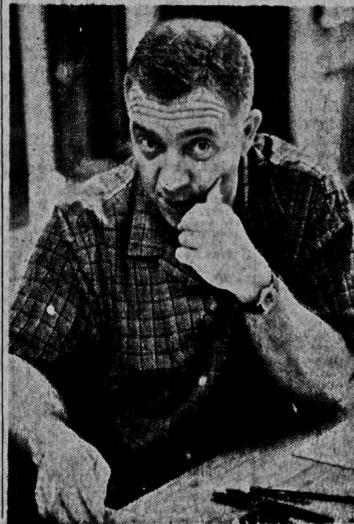

Allen found to be "bigger than our whole SUI Physics Building"—and were free to roam around the city during their free time in the evenings.

Van Allen and his fellow scientists gained several other impressions of Moscow, which they recognized as being pretty much the "showplace" of modern Russia and which they saw during relatively limited sightseeing expeditions.

The city was less primitive than they had expected, with people on the streets looking like shoppers anywhere else, except that their clothes were less colorful.

On the basis of such things as toys (games rather than guns), magazines (science rather than cowboys and crime), men in uniform (just a few) and military vehicles (not a single one in sight), Moscow offers much less evidence — superficially at least — of military thinking than does the average U.S. city, Van Allen said. This might be attributable to the fact that "since it's state-controlled, it can be made to look any way the State wants it to look," he observed.

Reds Assail Italian Baby Adoptions

ROME (AP) — Italian Communists are trying to raise a public storm over the adoption of Italian children by American couples.

The Communist press used bold headlines to describe what it called "baby slave traffic." Leftist deputies in Parliament submitted formal inquiries to the government.

Italian officials insisted all is in order in efforts by hundreds of childless couples to adopt Italian children.

Non-Communist newspapers suggested that the adoptions, rather than being sordid, were noble in giving poverty-stricken Italian youngsters a chance at a new life.

Behind the agitation were two incidents in the past week at Rome's Ciampino Airport.

Last Saturday, an American attorney handling the adoption cases was boarding a plane for the United States with five Italian children headed for new homes in America.

The mother of two of the children watched from a distance as they prepared to leave. The emotion was too much for her. She rushed up and told the attorney she had decided to keep her children in Italy. The attorney departed with the other three children.

Several Italian newspapers said the matter looked illegal. Communist papers said speculators in babies were taking advantage of poor Italians to buy their children.

Italian officials replied briefly that all was legal. Otherwise, they said, the attorney would not have been permitted to leave with the other three children.

On Wednesday there was a second incident. A 10-year-old girl began to cry as she boarded a plane for the United States. She sobbed hysterically, asking to remain at home in Italy. Officials did not force her to leave, and she was taken back to her Naples home.

U.S. Embassy and Italian Government officials said adoptions here are tightly regulated. Italian authorities said about 1,000 children have gone to the United States in recent months.

Radar Warnings By Citizen Irk LeGrand Officials

LE GRAND (AP) — A bitter feud is being stirred up here over service station operator Glenn (Red) May's habit of warning truckers when LeGrand puts its speed timer in use.

The controversy flared again Thursday night when town officials set up the speed timer along Highway 30, which runs through town.

Minutes later May, who operates a station at the edge of town, had his sign up warning truckers of the radar.

The sign, lighted at night by fares, reads "Trucks—Radar" in large letters.

Mayor Ray Weitzell, Town Councilman James Smouse and Town Marshal Max Duncan checked the sign Thursday night and found it was only three feet from the curb of the highway, in violation of an ordinance which requires signs to be 10 feet from the highway.

They moved the sign to the required distance, and left it standing.

"I'll keep putting the sign up every time they get that radar out," May said Friday. "I may lose eastbound business but when the truckers come back through LeGrand they stop and tell me they appreciated the warning."

"I don't like some of these stories about LeGrand," Mayor Weitzell said. "We're just trying to protect our kids, the same as any other town does."

Marshal Duncan said only eight or nine of between 8,000 and 9,000 vehicles going through LeGrand daily are stopped during the hours-long radar checks.

"We gave them a 15-mile leeway over the posted 45 and 25 mile an hour limits. If the town was really after money it could get rich on these speeders," Duncan said.

New Role For Stewart

Film star Jimmy Stewart, now on "The Mountain Road" location near Nogales, Ariz., gets the star of a Brigadier General in the U.S. Air Force Reserve. His promotion was announced in Washington Thursday. Pinned on the star is Brig. Gen. Frank Dorn (Ret.) who is technical advisor for the movie. Daniel Mann, director of the William Goetz production, looks on. Stewart said, "I am very proud of the star. My responsibility is clear. I am going to do my best to be useful as a general." — AP Wirephoto.

Bruce Stiles, City Officials From Iowa Conservation Head, Dies

DES MOINES (AP) — Bruce F. Stiles, 62, former director of the Iowa Conservation Commission and one of Iowa's best known conservationists, died here Friday following an operation for lung cancer.

Funeral services will be held here at 2 p.m. Monday. The body will be cremated.

He had been in the hospital since June 26 and underwent surgery Wednesday. His condition since had been listed as poor.

The Conservation Commission relieved Stiles of his duties as director only last week because of his health. A successor has not been named. He was to have remained with the commission in an advisory capacity.

Gov. Hershel Loveless, who is vacationing in Canada, was told by telephone of Stiles' death. He commented:

"All Iowa is saddened by the loss of this well known public servant. Mr. Stiles' devotion to the cause of conservation is recognized throughout this state and in national conservation circles.

"Our profound sympathy goes out to his family in this hour of sorrow."

Stiles was nationally known as a conservationist, game and fish expert and ornithologist.

He was chairman of the Mississippi Migratory Waterfowl Flyway Council and a member of the national council at the time of his death. He also was an advisor to the U.S. Department of the Interior on migratory waterfowl.

White Neighbors Apologize

DES MOINES (AP) — Two boxes of groceries — gifts of a white neighborhood — Friday helped make a Negro couple forget someone had painted "Coons Unwelcome Neger" on their house.

Mr. and Mrs. James McDaniel moved into their new house Friday morning. The groceries were on the back porch.

"We're sorry someone among us acted like a fool. Maybe this will help make your moving days easier. We're glad to have you here and hope we can be good neighbors."

The note was signed "The Neighbors."

BABIES IN BAR
TAIPEI, Formosa (AP) — Typhoon Billie forced evacuation of the U.S. military hospital here Wednesday. The maternity ward is now situated in the men's bar of the officers club.

City Officials From Iowa To Meet Here Aug. 7

Current problems and procedures of law enforcement in northwestern Iowa communities will be discussed at a conference of mayors, city council members and peace officers from that area in Arnolds Park Aug. 7.

The conference is sponsored by the Institute of Public Affairs of SUI, in cooperation with the League of Iowa Municipalities and the Northwest Iowa Mayors' Association.

The conference will open with the law enforcement officers and the mayors and other officials meeting as two separate groups.

The peace officers will consider technical law enforcement problems, with the discussion led by Richard L. Holcomb, chief of the Iowa State Police.

Ed Storey, director of the Iowa Development Commission, will speak at the luncheon session.

Attorney Emil G. Trott of Iowa City, former Iowa City police judge, will lead a discussion of jurisdiction and procedures in the mayor's court in the afternoon session of the conference.

Paul R. Johnson of Spirit Lake, secretary of the Northwest Iowa Mayors' Association, is in charge of local arrangements for the conference.

Washington Post Owner Succumbs

WASHINGTON (AP) — Eugene Meyer, 83, who made newspaper publishing his third distinguished career, died Friday.

Meyer, chairman of the Board of the Washington Post and Times Herald, died at George Washington University Hospital where he had been under treatment for a heart ailment and cancer.

He began as a banker, then devoted 16 years to government service, and at the age of 57 he embarked on a career as a newspaper publisher.

President Eisenhower was among those paying tribute to Meyer. "In the passing of Eugene Meyer, the nation and the news profession have lost an outstanding newspaper executive," Eisenhower said in a statement. "As a publisher and later as chairman of the Board of the Washington Post and Times Herald, and before that as a government official in a number of major posts, Meyer was known as a distinguished citizen."

"Mrs. Eisenhower and I extend our deep sympathies to Mrs. Meyer and her family in the personal loss they have sustained."

Meyer was thinking of retirement when he resigned as governor of the Federal Reserve Board in the spring of 1933. He decided, however, that the newspaper field offered an opportunity for further public service and on June 1, 1933, he bought the Washington Post at public auction.

The Post, which had been a great name in American journalism, had fallen into receivership during the depression with a circulation of just over 50,000.

OTTUMWA FIRM CITED FOR WAGE-HOUR VIOLATIONS
DES MOINES (AP) — A five-count criminal information citing the Combs Sand Company of Ottumwa and George L. Combs, its president, for alleged violations of the federal wage-hour law is on file in the Federal District Court here.

U.S. Dist. Atty. Roy Stephenson, who filed the information, said it charges that the firm and Combs falsely reported to the administrator of the wage-hour division that \$936 in back wages had been paid to an employe.

Miss Omaha Gives Up Beauty Title

OMAHA (AP) — Blue-eyed, blonde Miss Omaha gave up her beauty title Friday rather than jeopardize her Catholic college education.

Mary Jean Belitz, 18, said she had been told that if she kept the title and participated in the Miss Nebraska contest, she would be barred from re-entering Duquesne College where she'll be a sophomore in the fall.

Mary Jean said she was also told by the Very Rev. Carl M. Reimert, S.J., president of Creighton University, she could not transfer to that Catholic university. Neither the Creighton nor Duquesne presidents were available for comment.

The chief obstacle to taking part in the beauty contests, Mary Jean said she was told, is bathing suit competition.

Earlier this month Sue Ingersoll, 20, New Mexico's Miss Universe hopeful, said she would remain in that contest despite a Catholic church announcement that it would deny her and her family the sacraments if she participated.

What will happen when the numbers reach 99,999? According to Donald E. Rhoades, associate director of the Registrar's Office, equipment is now set up to handle six-digit numbers for the system.

Before switching to the present

\$35,000 Blaze Set In Home Of Teamster Agent

DETROIT (AP) — Fire, which state police said was set deliberately, destroyed the interior of the home of Teamster Union Business Agent Charles O'Brien Thursday night in suburban Bloomfield Township. Damage was estimated at \$35,000.

The family was not at home. O'Brien was reported out of the state with his wife and two children. He is business agent for Teamsters Local 299, which is the Detroit home local of Teamster's President James R. Hoffa.

Police said the living room of the eight-room house and two second floor bedrooms had been soaked with fuel oil. Four empty five gallon cans were found inside the house.

Sergeant Oramel O'Farrell, head of the arson squad at the Redford State Police post, said, "We don't know why the fire was set, but we know it was no accident."

O'Brien's mother, Mrs. Sylvia Paris of Detroit, blamed her son's union activities. She told police, "He got many threats. He laughed them off but they scared me."

Ottumwa Firm Cited For Wage-Hour Violations

DES MOINES (AP) — A five-count criminal information citing the Combs Sand Company of Ottumwa and George L. Combs, its president, for alleged violations of the federal wage-hour law is on file in the Federal District Court here.

U.S. Dist. Atty. Roy Stephenson, who filed the information, said it charges that the firm and Combs falsely reported to the administrator of the wage-hour division that \$936 in back wages had been paid to an employe.

18 Year Student Tally Now ID 95030 Issued

BY RUTH ANN SPONBERG
Staff Writer

Friday at 3:25 p.m., number 95030 was issued to Judith Marsh, Kellogg. This was not a social security number, army serial number, or prison number.

It was only one of the series of numbers used in the permanent university numbering system.

These numbers are assigned in order of approval of applications for admission and are recorded in the Registrar's Office in serial number order.

Numbers were first assigned to SUI students in 1940-1941. Number 1 went to Fred Arnold Ekstrand in June, 1941.

At the time a student is admitted for the first time to any college of the University, he is assigned a permanent university number to appear on his university identification card, which is prepared and mailed to the student with his admission letter, medical examination packet, and general information booklet.

Students are issued a new identification card upon admission to a different college of the university, but their student number remains the same.

About 6511 new numbers were issued during the calendar year from September, 1957, to September, 1958. This year's compilation of numbers has not yet been made.

Both graduates and undergraduates are issued numbers from the same system. Every attempt is made to keep the university number file correct. Numbers assigned to students who are admitted to SUI, but who do not register, are not reclaimed and used for other students.

Rarely do two students find they are assigned the same number or that one student has two numbers.

The university number is used in all registration procedures and appears on all admission statements, student statements of accounts, advance payment forms, request for refund forms, mid-semester delinquency reports, grade reports, class lists, permanent records, identification cards, student registration forms, student health records, and permanent file folders.

Student Health, the Office of Student Affairs, School of Religion, President's Office, and The Daily Iowan also find the system helpful.

In addition to regular SUI students, medical residents who are eligible for married student housing may receive a number.

What will happen when the numbers reach 99,999? According to Donald E. Rhoades, associate director of the Registrar's Office, equipment is now set up to handle six-digit numbers for the system.

Before switching to the present

alphabetical system of filing student records. And, instead of the present identification card which includes the student number and a picture of the student, an index-cardboard card was used.

Advantages to the system in use include the ease of finding a particular student's record when he writes for credentials or other information after he has left school. Numbers make it quite easy to locate student records when names are identical or almost identical. There is no doubt about getting the right records when using numbers, said Rhoades.

A disadvantage to the system might be the difficulty and confusion which might arise from transferring similar numbers from one paper to the next.

The present ID card, which is designed for hand register use, has offset this difficulty, according to Rhoades. Hand registers are found in many places on campus where an ID card is necessary, such as the Fieldhouse and business office.

An alphabetic list of students is also maintained on a lined index in the Registrar's office. Each lined strip carries the full name and number of the student, his birth date and college. The lined index makes it possible to check a student's name and number rapidly and is used generally as a control system. If there is any doubt about the students identity, the birthdate is a valuable aid in differentiating between students who have the same or similar number.

Miss Omaha Gives Up Beauty Title

Chamber Music Program To Be Given By Quartet

As another feature in the SUI Fine Arts Festival, the University String Quartet will present a program of chamber music Wednesday at 8 p.m. in the Main Lounge of Iowa Memorial Union.

Heard on the program will be Schubert's "Quartet in E Major, Op. 125, No. 2"; Beethoven's "Grosse Fuge, Op. 133," and the Mozart "Quintet in G Minor, K. 516."

Members of the University ensemble are Stuart Canin and John Ferrell, violin; William Preucil, viola, and Hans Koebel, violoncello. All are members of the SUI music faculty. Assisting artist in the Mozart work will be Doris Preucil on viola.

Doris Preucil, wife of violist William Preucil, who joined the University's music faculty last fall, is a graduate of the Eastman School of Music, and has played in the first violin sections of several major orchestras, including the Rochester Philharmonic, the Eastman-Rochester Orchestra and the National Symphony of Washington, D.C. She has also participated in summer festivals conducted by Thor Johnson in North Carolina, Pennsylvania and Wisconsin.

All of the quartet members are in the SUI Symphony Orchestra. William Preucil is also a member of the Tri City Orchestra, with which he has appeared a number of times in Davenport. Stuart Canin, head of violin instruction at SUI, has appeared as soloist with the Tri City Orchestra.

The Mozart "G minor," to be performed by the SUI musicians, is somber in nature, with almost tragic overtones. During the period from April, 1787, to April, 1791, Mozart wrote four string quintets, probably intending to dedicate them to the King as soon as he had completed a set of six. However, by April, 1788, poverty forced him to offer on a subscription basis the three quintets then completed: the C major, the C minor, and the G minor.

The Wednesday recital will be open to the public free of charge. Tickets will not be required for admission.

Pickets Form At Meredith Publishing Co.
DES MOINES (AP) — Pickets were posted at the Meredith Publishing Company here Friday noon by Local No. 84, International Stereotypers and Electrotypers Union.

Kurt Schaffer, Meredith director of industrial relations, termed the walkout a violation of the union's contract with the company which became effective last May 15.

Meredith began preparing Friday afternoon to file a court action for damage and an injunction against any contract violation by the union.

Company officials said the dispute arose between the electrotypers union and Local 86, International Printing Pressman and Assistants Union, over which is to have jurisdiction over two machines in a work process.

University Bulletin Board notices must be received at The Daily Iowan office, Room 201 Communications Center, by noon of the day before publication. They must be typed and signed by an advisor or officer of the organization being published. Purely social functions are not eligible for this section.

be in the charge of Mrs. Proffitt from July 7 to July 21. Telephone her at 8-3801 if a sitter or information about joining the group is desired.

There will be recreational swimming at the Women's Gym from 4:10 to 5 p.m. daily.

LABOR BOOKS: Monday-Friday: 7:30-2 a.m.; Saturday 7:30-5 p.m.; Sunday 1:30 p.m.-2 a.m. Reserve Desk: Monday-Thursday, 8 a.m.-9:30 p.m.; Friday-Saturday, 8 a.m.-4:50 p.m.; 7-9:30 p.m.; Sunday: 2-4:50 p.m.; 7-9:30 p.m.

Good Listening— Today On WSUI

BRITISH HUMOR ON CUE, intermittently from 10:00 a.m. to 1 p.m., will include Noel Coward, Sir John Gielgud, Anna Russell and Alec Guinness. American humor (?) will be represented by Nichols and May. In addition, and in a humorous vein, Sports Roundtable will examine a woman's view (Emma Sue Phelps) on sports; and the rock and roll segment will try to do in 15 minutes what commercial radio is doing 24 hours a day.

A TRIBUTE TO BILLIE will be included in Teatime Special this afternoon at 4 p.m. The death of Miss Holliday this week adds to the growing list of jazz greats whose loss is not being (perhaps it cannot be) compensated. Greg Morris will search the station files for the most representative of Lady Day's earliest, and best, recordings.

THE LATE CONSTANT LAMBERT composed music for the ballet, Horoscope, which will be included in tonight's Evening Concert along with Gaspard de la Nuit by Ravel, the Bartok Violin Concerto, one of several Bachianas Brasileiras by Villa-Lobos and Piano Concerto No. 2 by Beethoven.

THE LEPRECHAUN CHARM OF "FINIAN'S RAINBOW" has never failed since opening night, 1947. Listeners may sample its musical pleasures this morning from 9 to 10 on WSUI's series, The Musical.

PICKING UP WHERE BENJAMIN FINE LEFT OFF is Saturday Supplement's man-sized job this afternoon from one to four. Separating the men from the boys, describing what American education is and what it ought to be will be the thesis of erudite (but angry) educators including A. Whitney Griswold, Robert Hutchins and Archibald MacLachlan. Between main rounds, felicitous airs by Respighi, Vivaldi and Bassani will be provided. Anna Russell and/or Shelley Berman may drop in, too. On the other hand they may not either.

which adds a certain amount of suspense to today's program.

\$100,000 Fund For Drake University Challenged

DES MOINES — The late S. Donald Butters, former owner of a general insurance agency here, placed all of his property in a trust mainly for the eventual benefit of Drake University, an inventory on file Friday in Polk County Probate Court indicated.

Butters died April 15, 1958. He was 68. He formerly operated the Butters Realty Co. and the S. D. Butters Co. insurance agency for 30 years.

The trust is reported to be worth about \$100 thousand.

The validity of the will and trust is being challenged by his daughter, Mrs. Jo Ann Segall of Washington, D.C.

In his will Butters bequeathed the household furnishings to his daughter. He directed that the rest of the property be placed in trust.

The trust agreement executed July 17, 1957, provides payment upon Butters' death of \$1,500 to Mrs. Segall; \$1,000 each to cousins Edith Keyster and Harriet Keyster of Chicago; \$500 to a niece, Margaret Pray of Wells, Minn., and \$200 to an employee, Ruby Willis of Des Moines.

The agreement also specifies that Mrs. Segall is to receive \$9,000 a year for the rest of her life if her husband dies before she does.

Upon Mrs. Segall's death, the agreement states, the trust property will be given to Drake University for building of a memorial to be designated as the Aileen B. Butters Memorial to perpetuate the memory of Butters' wife.

The property in the trust includes the home which has since been sold, 10 shares of stock in the Butters insurance firm, three shares of stock in the realty company and other corporate stock.

Mrs. Segall in one of two lawsuits in Polk County District Court contends that the trust investment should be invalidated on the grounds Butters "was not possessed of the mental capacity to execute such an instrument." In the other lawsuit Mrs. Segall argues that the will should be invalidated because Butters was "of unsound mind" at the time it was executed and because it was "procured through undue influence."

Courage To Spare

Eight-year-old Donna Stapel hugs a couple of toys in her hospital bed at Sedalia after undergoing surgery. She was brought to the hospital after her right leg had been amputated by a motorboat propeller while she was wading at a Lake of the Ozarks resort Wednesday. "I'm glad this happened to me instead of some other little girl or boy," she told her mother, Mrs. Elmer Stapel, of Calumet Park, Ill. The boat struck Donna as it backed away from a dock.— AP Wirephoto.

Federal Power Commission Studies Gas Service Plans

WASHINGTON — The Federal Power Commission Friday took under advisement a series of proposals designed to provide additional natural gas service to six midwestern states.

Chairman Jerome Kuykendahl said after a day-long session devoted to the presentation of argument that a decision in the case might be reached in a matter of days or weeks. The Commission will decide the case directly without the filing of the usual intermediate examiner's decision.

Involved are three applications by Northern Natural Gas Company, Omaha, for authority to build \$102,451,400 worth of facilities to serve for the first time 342 communities in Iowa, Minnesota, South Dakota, Nebraska, Wisconsin and Illinois.

Also included is a proposal by Iron Ranges Natural Gas Company, St. Paul, to build a natural gas pipeline system in Minnesota at an estimated cost of \$7,614,702, to receive gas from Northern and serve 28 communities and several industrial customers.

Opposition to the Northern proposals come from the Metropolitan Utilities District of Omaha, Council Bluffs Iowa Gas Company, Minneapolis Gas Company, and National Coal Association. The three gas firms are present customers of Northern.

Raymond A. Smith, speaking for the Council Bluffs firm, said it is not contented that towns involved in the pending applications should not have gas.

"We only say," Smith said, "that we shouldn't be compelled to pay higher rates so these people can have gas."

George Pardee, representing the Omaha utility, said Northern has filed applications for eight rate increases since 1950. He added:

"We oppose these hearings as being incubators for rate increases."

John A. McGrath, attorney for the coal interests, said Northern

Midwest Loan Volumes Rise

OMAHA — President Thomas A. Maxwell Jr. said Friday the Omaha Federal Land Bank made a greater dollar volume of farm mortgage loans both in June and in the first six months of 1959 than in any similar periods since the early 1930s.

Maxwell said that at the same time, delinquencies on loan repayments were at or near record lows in Iowa, Nebraska, South Dakota and Wyoming — the state in which the bank operates.

The January-June volume in the four states exceeded \$33 million Maxwell said. That was 89 per cent higher than in the same period of 1958. Loan volume in both Iowa and Wyoming was more than double that of a year ago.

Pin A Rose On Khrushchev's Nose — Soon You May Be Able To Wire Posies To Reds

LONDON — The time may be approaching when an American — or just about anybody else — will be able to telegraph a dozen roses to Nikita Khrushchev in the Kremlin.

"Actually," said Thomas Simpson, "we're going to grapple with this thorny problem next week."

Simpson is an officer of Interflora, a 50-year-old organization that telegraphically flutters flowers all over the world.

"You can now telegraph flowers to Communist Czechoslovakia and Yugoslavia," he said, "but the Soviet Union won't allow its florists to belong to our organization."

Nine men representing 25,000 florists operating in 120 countries will meet in London Sunday.

The nine — three Americans, three Britons, and three from continental Europe — are members of Interflora's world council which dictates the organization's policy.

The Americans are Victor Stein, San Francisco; Eugene Daudelin, Chicago; and Harold Kayton, San Antonio.

Stein, now vice president of Interflora, will become president at the London meeting.

As for operating Interflora service in the U.S.S.R., "a direct appeal to the Kremlin is considered likely," Simpson said.

Has Interflora ever had customers who want to send flowers to Russia?

"We've had many," Stein replied. "And I'd like to say — without revealing how we've done it — that we've gotten our flowers through the Iron Curtain."

KASHMIR FLOODS — SRINAGAR, Kashmir — Receding flood waters have left 104 dead in the famed Vale of Kashmir, a Government spokesman said Friday. The floods were described as the worst in living memory.

150 REDS DEAD — TAIPEI, Formosa — About 3000 anti-communist guerrillas most of them Mongolians, have killed about 150 Red soldiers in recent raids a few hundred miles northwest of Peiping, Tanea News Agency reported Friday. The agency, operated by the Nationalist Chinese Justice Ministry here, said its information came from underground contacts on the mainland.

150 REDS DEAD — TAIPEI, Formosa — About 3000 anti-communist guerrillas most of them Mongolians, have killed about 150 Red soldiers in recent raids a few hundred miles northwest of Peiping, Tanea News Agency reported Friday. Sex Booklets To Be Destroyed

EDINBURGH, Scotland — British doctors have decided to destroy 50,000 copies of a sex-instruction booklet that is fetching 10 times its original price in black market dealings.

The British Medical Assn. withdrew "Getting Married," a one-shilling — 14-cent — paperback booklet from newstands last March after a storm of protest from church leaders.

Among questions "Getting Married" posed: "Is chastity outmoded, outdated, out?"

"So you're getting married? And are you pregnant too?"

During the four days the booklet was available it sold 200,000 copies. Another 50,000 were withdrawn.

Doctors meeting Thursday voted 175-144 to keep their remaining copies out of circulation. Now they will be destroyed. The vote represented a narrow victory for Dr. Wolomon Wand, BMA Council chairman who originally ordered the book's withdrawal.

7 Year Sentence Given Check Artist

CARROLL — Donald W. Brenizer, 26, of Lancaster, Mo., Friday pleaded guilty to a charge of falsifying and uttering a check, and was sentenced to seven years in the Iowa State Penitentiary in Fort Madison by District Court Judge F. M. Cooney.

Brenizer was arrested in Carroll in July after he had purchased a diamond engagement ring from a local jewelry store and paid for it with a bad check.

Brenizer had been in Carroll only two days when he bought the ring and gave it to a girl he had met the same day.

Police here said Brenizer was also wanted on bad check charges by Centerville authorities.

White Sox Edge Yankees In 9th, 2-0

No-Hitter For Yank's Terry For 8 Innings

Score On Jim Landis' Bases-Full Single

NEW YORK (AP)—The first-place Chicago White Sox, blanked without a hit for eight innings, beat young Ralph Terry and the New York Yankees 2-0 Friday night on Jim Landis' bases-loaded single in the ninth. Early Wynn allowed the Yankees only two hits for his 261st career victory.

Wynn had allowed only one hit—Terry's disputed infield single in the sixth inning—before the ninth. Norm Siebern opened the ninth for the Yankees with a single, but Mickey Mantle then grounded into a first-to-short-to-first double play. Wynn retired Yogi Berra on a pop up to end it for his 12th victory against six defeats.

Rookie Jim McAnany singled through the box leading off the ninth for the White Sox' first hit. Wynn then laid down a bunt, and Terry's throw to second was too late to nail McAnany. Luis Aparicio sacrificed the runners to third and second, and Fox received an intentional walk to load the bases. Landis then broke it up—after Berra was unable to catch his foul tip on a 1-2 pitch—knifing a single to right that scored McAnany and Wynn.

The White Sox, retaining their one-game American League lead over Cleveland, backed Wynn with superb fielding throughout.

Chicago . . . 000 000 002—2 2 1
New York . . . 000 000 000—0 0 0
Wynn and Loliar; Terry and Berra.
W—Wynn (12-6). L—Terry (3-7).

Tigers 3, Orioles 2

BALTIMORE (AP)—A two-run error by shortstop Rocky Bridges of the Detroit Tigers presented the Baltimore Orioles with a 3-2 victory Friday night.

It was the fifth straight defeat for the Tigers and their 12th in the last 14 games.

Bridges' error on Willie Tasby's grounder with the bases loaded led in two runs after Brooks Robinson had smacked his first homer since being recalled by the Orioles July 8.

Don Mossi held the Orioles to a total of three hits only to drop his fourth decision in 11 games.

Harold (Skinny) Brown gave up a homer to Frank Bolling, his sixth, in the third inning and when the Tigers scored again in the eighth Milt Pappas came on to preserve his sixth triumph in 11 games of record.

After Robinson homered with two outs in the second inning, Billy Gardner walked and Willie Miranda and Brown walked. Bridges then let Tasby's grounder skim through his legs while Gardner and Miranda scored.

Detroit . . . 001 000 010—2 5 1
Baltimore . . . 030 000 000—3 3 0
Mossi, Morgan (8) and Berberet; Brown, Pappas (8) and Triandos. W—Brown (6-5). L—Mossi (7-4).
Home runs—Detroit, Bolling (6); Baltimore, Robinson (1).

A's 7, Senators 4

WASHINGTON (AP)—Dick Williams and Harry Chiti triggered a four-run Kansas City rally in the seventh that clinched a 7-4 victory Friday night over Washington.

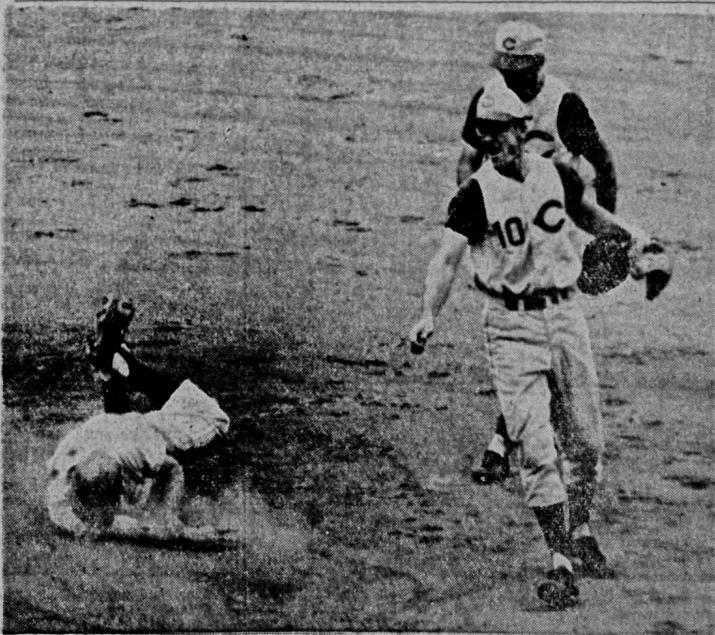

Ned Garver, with some help in the final two and one-third innings from Murry Dickson and Bob Grim, marked up his seventh victory against nine losses.

Russ Kemmerer who won four of his first five games, now has lost nine out of the last 10 times he started.

The Athletics combined three hits and two walks in the seventh for the winning rally. Williams socked a two-run single and Chiti hammered a double that drove in the other two runs.

Roy Sievers blasted his 12th homer in the second with none on, boosting Washington's team home run total to 112, tops in the major leagues.

Kansas City . . . 012 000 400—7 10 0
Washington . . . 010 011 100—4 10 0
Garver, Dickson (7), Grim (9) and Chiti; Kemmerer, Clevenger (7), and Courtney. W—Garver (7-8). L—Kemmerer (5-10).
Home run—Washington, Sievers (12).

Stop Kicking, You're Out, Jim

Cincinnati players cast a glance at Chicago Cubs runner, Jim Marshall, after double play left him in this position in the third innings of the Cubs-Reds game Friday. Shortstop Ed Kasko (10) and second baseman Johnny Temple have just finished the double play.

Indians 8, Red Sox 7

BOSTON (AP)—Cleveland held on desperately against a ninth inning Boston Red Sox onslaught Friday night to salvage an 8-7 victory that kept the Indians on Chicago's heels.

Gary Bell fanned pinch hitter Bobby Avila with the tying run on second base to end the contest.

The Indians, by winning, remained a game behind the White Sox who replaced them atop the American League standings.

Leading 8-1 after 6½ innings, the Indians saw rookie Bobby Locke, the eventual winner, chased by three runs, two of them on a Marty Keough homer.

The Red Sox came up with three runs in the ninth. Jackie Jensen doubled across one and Gene Stephens singled for the others.

Bell was summoned to relieve Jim Perry and was greeted by the Stephens drive to right.

Frank Malzone singled Stephens to second but Avila batted for Sammy White and looked at a third strike.

Cleveland . . . 221 003 000—8 14 0
Boston . . . 010 000 303—7 10 3
Locke, Perry (8), Bell (9), and Fitzgerald; Delock, Hashman (2), Wall (6), Kieley (8), Fornieles (9) and White. W—Locke (1-1). L—Delock (6-5).
Home runs—Cleveland, Colavito (29); Boston, Keough (6).

Cubs 1, Reds 0

CHICAGO (AP)—Southpaw Art Ceccarelli turned his second National League start into his second victory as he blanked Cincinnati on six hits and scored the only run of the Chicago Cubs' 1-0 triumph here Friday.

Ceccarelli, recalled from Fort Worth of the American Association 10 days ago, walked six and fanned one to give the Cubs their fourth straight victory and sixth triumph in the past seven games to move over the .500 mark at 45-44.

Bob Purkey was the loser, suffering his 10th—third to Chicago—while winning eight. Purkey yielded seven hits as he watched the Cubs score in the fifth.

Catcher Sammy Taylor opened the gates with a single, but was forced at second on Ceccarelli's sacrifice attempt. Tony Taylor bunted for a single as the pitcher stopped at second.

Alvin Dark walked on a full count, and Ceccarelli scored when Lee Walls forced Dark for the second out. The threat ended when Frank Thomas took Ernie Banks' short fly.

The Reds, dropping their sixth of 11 games to Chicago, left 12 runners stranded in Cincinnati's first showing here since Freddie Hutchinson replaced Mayo Smith as manager.

Cincinnati . . . 000 000 000—0 0 0
Chicago . . . 000 010 000—1 7 0
Purkey and Dotterer; Ceccarelli and S. Taylor. W—Ceccarelli (2-0). L—Purkey (8-10).

Giants 4, Pirates 1

PITTSBURGH (AP)—The San Francisco Giants socked four doubles and capitalized on an error Friday night as they whipped the Pittsburgh Pirates 4-1 behind the effective pitching of Sam Jones.

Jones gave up seven hits, struck out seven and walked one in picking up his 13th victory compared with nine defeats.

The San Francisco victory, coupled with Los Angeles' 3-2 loss to Philadelphia, increased the Giants hold on first place to two full games ahead of the Dodgers.

A near capacity crowd of 33,220 turned out for the opener of a four-game series and saw Pirate starter Ronnie Kline give up a run in the first inning on back-to-back doubles by Willie Mays and Orlando Cepeda after the first two batters had been retired.

The Pirates tied the score in the second but the Giants got another run off Kline in the seventh when Ed Bressoud doubled and came home on another double by Willie Kirkland.

Kline was lifted for a pinchhitter in the bottom half of the seventh and was replaced on the mound by Elroy Face, who gave put two runs in the eighth.

San Francisco . . . 100 000 120—4 10 0
Pittsburgh . . . 010 000 000—1 7 1
S. Jones and Landrith; Kline, Face (8) and Kravitz. W—S. Jones (13-9). L—Kline (7-8).

Phils 3, Dodgers 2

PHILADELPHIA (AP)—Harry Anderson hit his 11th home run of the season Friday night to give the Philadelphia Phillies a 3-2 victory over the second-place Los Angeles Dodgers.

Anderson sent a pitch by righthander Roger Craig over the right-field wall in the seventh inning to break a 2-2 tie.

The Dodgers threatened to tie in the top of the eighth when right fielder Norm Larker tripled with nobody out. But Phillies' pitcher Jim Owens, who earned his fifth win, retired the next three Dodgers in order.

Craig and Art Fowler, who came in to pitch for the Dodgers in the eighth, scattered four hits, including three singles and Anderson's home run. Owens gave up 10 hits but left 10 Dodgers on base. It was Craig's first loss of the year. He's won four.

Big hitters for the Dodgers were Larker, who had a single, double and triple, and second baseman Charlie Neal, who collected a double and a triple.

Los Angeles . . . 106 010 000—2 10 1
Philadelphia . . . 010 001 100—3 4 1
Craig, Fowler (8) and Roseboro; Owens and Lonnett. W—Owens (5-8). L—Craig (4-1).
Home run—Philadelphia, H. Anderson (11).

Cards 4, Braves 3

ST. LOUIS (AP)—The St. Louis Cardinals stunned their old nemesis, Warren Spahn, with a two-run rally in the eighth capped by rookie Gene Oliver's game-winning single for a 4-3 victory over the staggering Milwaukee Braves Friday night.

Spahn was rolling along in unstoppable fashion against his favorite victims when the Red Birds struck with two out and none on. Ken Boyer singled, Joe Cunningham scored him with a long double to left center and Oliver stroked a single to hand the Braves their fourth loss in a row and make Spahn's record 11-10.

The 38-year-old Brave ace was seeking his 54th victory over St. Louis. Instead his lifetime record now is 53-31 against the Cards.

Lindy McDaniel struck out four in the last two innings to get the victory, his 8th against 10 defeats. It was the 68th defeat in eight games for the Braves since the All-Star game interlude and left them three games from the top.

St. Louis . . . 012 000 000—3 10 1
St. Louis . . . 101 000 020—4 7 2
Spahn, McMahon (8) and Crandall; Jackson, McDaniel (6) and Smith. W—McDaniel (8-10). L—Spahn (11-10).

Jones Seeks 2nd Masters Title Today

AMES (AP)—Waterloo's Jack Jones will be shooting for his second straight title today when a small but select field tees off in the Iowa Masters Invitational golf tournament.

If the Byrnes Park pros win it will mark only the second time a Masters champion has been able to repeat. The only one to turn the trick so far is Joe Brown, Des Moines professional, who won the title in 1955 and 1956.

There are plenty of golfers in the field capable of preventing Jones from repeating.

Among the best are amateur Bob Leahy of Denison, who has won the Masters twice; former state amateur champs Rod Bliss of Des Moines and Jack Webb of Atlantic and several of the state's top professionals.

All entries will play an 18-hole qualifying round Saturday, with the low 32, all ties and all professionals, whether in the low 32 or not, making up the Masters flight. They will play 36 holes on Sunday.

All other entries will be bracketed in three flights for one 18-hole round on Sunday.

The tournament field this year was trimmed to the state's top golfers, with about 100 entries expected.

U.S., Russia Clash Today In Dual Meet

PHILADELPHIA (AP)—The United States and Russia clash today in a dual meet that brings together most of the world's best men and women in track and field.

America is favored to win in the men's events and Russia in the women's in the two-day competition which, with good weather, should draw 40,000 both days to Franklin Field. The forecast for the weekend is good.

The powerful Russian team includes such stars as Igor Kaskarev, who has high jumped 7 and ½ inch; Vasily Kuznetsov, who has bettered the world record in the decathlon; and Igor Ter-Ovanesyan, a 26-foot broad jumper.

The United States is counting on veteran ace Harold Connolly in the hammer, Al Oerter in the discus; Greg Bell in the broad jump, and Parry O'Brien in the shot—all Olympic champions—along with such sensational youngsters as Ray Norton in the sprints, Tom Murphy in the 800, and Al Cantello, who recently threw the javelin 283-3½ to better the world record.

In the women's events the United States is looking to Earlene Brown in the weights, Isabelle Daniels in the 200, and Wilma Rudolph in the 100 for points.

One of the blue ribbon events should be the pole vault. Russia has a 15-foot pole vaulter in Vladimir Bulatov, but the USA's Don Dragg, who set a world indoor record at 15-9½, should stop him.

The high jump brings together two of the men who have bettered the magic 7-foot mark—Kashkarov and Charles Dumas of the United States.

Split Decision For Calhoun Over Tiger

SYRACUSE, N.Y. (AP)—Middleweights Rory Calhoun and Dick Tiger dawdled through 10 rounds Friday night with Calhoun taking a split and disputed decision.

Each weighed 162 pounds. The fight bore little resemblance to the exciting draw the two fought five weeks ago in New York's Madison Square Garden.

Laughs and boos greeted the announcers' word that Judges Dick Fazio and Harold McGrath had given Calhoun six rounds to four for Tiger. Referee Joe Palmer saw the fight 5-3-2 for Tiger, the same as the AP.

The slim crowd booed and clapped for action at the end of the 6th, 8th and ninth rounds of the nationally televised fight.

A hurry enlivened the seventh, Calhoun slipping after taking a right to the face and dragging Tiger to the mat atop him. Both sprawled under the ropes. There was no knockdowns.

Reed Enters Clay Court Finals; Defeats Nagler

CHICAGO (AP)—Whitney Reed, blond NCAA champion, ended the upstart antics of young fellow Californian Larry Nagler Friday to enter the finals of the National Clay Court Tennis Tournament.

Reed huffed and puffed and finally blew down the steady-stroking game of his slightly built opponent 6-4, 7-5, 1-6, 9-7 in a semifinals marathon at suburban River Forest Tennis Club.

Reed, 26, of San Jose State College and a resident of Alameda, earned the questionable privilege of meeting the winner of Saturday's semifinals match between defending champion Bernard (Tut) Barten of Dallas and 28-year-old Abe Segal of South Africa. Seg-

al upset top-seeded Alex Olmedo Thursday.

No matter who wins that second semifinals battle, the primarily defensive tactics of both participants guarantees a long afternoon's work for the slugging Reed in Sunday's championship final.

Nagler, 19-year-old UCLA student, worked his relentless game of finely delivered placements for upset victories over second-seeded Barry MacKay of Dayton, Ohio, and veteran Grant Golden of Evanston, Ill., earlier in the tournament.

CHICAGO (AP)—A regretful Alex Olmedo Friday declined to apologize in person for his humiliating showing Thursday in the National Clay Courts Tennis Tournament.

"I did not feel too welcome there from the beginning, because I was late," Olmedo told the Associated Press in his hotel room.

Meanwhile, Perry Jones, captain of the United States Davis Cup team, leveled criticisms at tournament officials for not allowing Olmedo to play doubles after his listless performance in losing to Abe Segal from South Africa, 6-2, 6-1, 6-0.

Officials defaulted him and his innocent doubles partner, Earl Buchholz Jr. of St. Louis, in the "interests of better tennis for the spectators and the players."

Olmedo, of Los Angeles and Peru, accused officials of "treating me cruelly when I missed the first two days of the tournament."

He added: "I was late arriving from European competition, and I was tired from traveling and everything. Then I played four matches the first day Wednesday, and I did not realize that I was so tired yesterday."

"I am very sorry that everything happened. I hope that it won't happen again in the future. I know it was a very bad thing."

Sulowans Enter Iowa Amateur Golf Final Round

DAVENPORT (AP)—Two SUU students Friday battled their way into the finals of the Iowa Amateur Golf Tournament.

They are 20-year-old Jack Rife of Waterloo and 19-year-old Bill Hird of Fort Dodge.

Neither had much trouble winning quarterfinal and semifinal matches Friday.

Rule, the defending champion, ousted 1953 winner Herb Klontz of Iowa City 4 and 3 in the morning, and came back in the afternoon to beat three-time winner Bob Leahy of Denison 3 and 2.

Hird cruised to the finals with a 6 and 4 victory over Joe Meyer of Dubuque in the morning and a 6 and 5 triumph over Bob Powers of Davenport in the afternoon action.

The youngsters will tee off at 10:30 a.m. Saturday for the 36-hole championship match.

Friday's best battle was staged by Leahy and co-medalist Dave Nelson of Clinton in the quarterfinals. Nelson, 19, was three holes down with four to go when he rallied in a tremendous comeback by winning the 15th, 16th and 17th holes to throw the match into a deadlock.

They halved the 18th, and then Leahy eliminated Nelson by running in a 35-foot putt on the 19th hole.

KEEP COOL with a Carrier Weathermaker!

We invite you to come in and see our fine selection of Carrier air conditioners. We have many models to choose from... home cooling units, window models, and the new portable for room-to-room comfort. The series ranges from superbly efficient ½, 1, and 1½ ton models to the new powerful 2 ton Room Weathermakers that have a cooling capacity of 20,800 B.T.U.s.

Now you can get famous Carrier quality in an air conditioner at a reasonable price. Only \$169.95 & up. Come in and see us today! FREE estimates.

One of 7 Big Bests Chevy gives you over any car in its field

BEST ECONOMY No doubt about this! a pair of Chevy sixes with Powerglide came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car, 22.38 miles per gallon.

BEST BRAKES Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR-conducted test of repeated stops from highway speeds.

BEST-RIDE A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

BEST TRADE-IN Check the figures in any N.A.D.A.* Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ROOM Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

BEST STYLE It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

CHEVROLET

Open invitation to excitement, the Impala Convertible... and America's only authentic sports car, the Corvette.
